William Steppe, Denver Buchanan, Jeff and Megan Seals, Amanda Guy all are present.

Jeff Seals referenced minutes referring to Kuduz on the trail inquiring as to who did that work. He shared frustration with the "eyesore" leaving the neighborhood and how he threw his back out in June weed eating that area. He questions the priority of trail safety over communal safety. David asks the location he's referring to, he and Denver respond Young's Drive and HWY 64. He states you can not see to exit on to 64 safely. Jeff mentions the Stop Signs still in disrepair. He references David was to have surveyed the signs over a year ago and has not done so. He continues, items on the agenda being tabled remaining unaddressed. Jeff shares exasperation over "deaf ears" nothing being done.

APPROVAL OF LAST MEETING'S MINUTES

No additions deletions or correction to last meeting minutes, they stand as presented.

1. Minutes are attached for review

OLD BUSINESS

2. Jenny and David will update the board on any progress for the Food Truck Palooza.

   David updated the Food Truck Palooza event- He shared several of the vendors he and Jenny were hoping to have participate were already committed and they have decided to move the event to the Spring. Jenny is looking at April 15th with the trucks and have a time to come together with family and community.

3. Amy will update the board and all in attendance on the bidding progress for road upkeep.

   Amy updated the board of her efforts- She began by saying she hoped her updates will address some of the concerns shared by citizens during community forum. She shared the board approved last month

for our landscapers to begin right of way maintenance in the next few weeks. This will include ditches, culverts, stop sign vegetation, any maintenance that falls within our easement/right of way, which is 50 feet on either side from the center of the roadway. They will begin in the Northview Park development specifically beginning on Youngs Drive. The board did approve this action and it is on the schedule.

Street Bidding-Amy communicated the requirement to have our street maintenance project bidded. Amy has contacted Terry Cantrell, Tri-City Paving, Caldwell Construction and Leslie Horton. To date the only response has been from Terry Cantrell. All have communicated the work will not commence until warmer weather, with most saying they cannot quote until first of the year. Amy shared during budgeting she communicated to the board her pet project this year will be the roads and right of ways. She recommended to the board to reallocate funds from capital and Christmas in order to address these concerns. The board was in full agreement and voted to adopt the budget with these pointed projects in mind. Amy suggested we review the statues and place a classified ad with a definitive window for bidding. If not bidded within that window they will not be considered. Terry Cantrell has submitted a bid already. Amy will also call BRWA regarding "sinkholes" for addressment. Amy shared she knows it looks like, seems like, feels like nothing is being done but that is not the case. There are things in motion; granted it's not happening as quickly as we would all like but it is underway. Jenny spoke up and said there was allocation for Stop Signs. Amy communicated she had not been given that feedback yet.

4. Amy will update board on latest developments regarding Youngs Drive challenges.

   Amy wanted the board to be aware of the activities happening on Youngs Drive as it relates to Duke Power. Barbara Shelton contacted the Town requesting we get a light repaired and the tree Duke cut a deep V in several years ago removed. Amy worked with Duke to get the light replaced but Duke refuses to cut the tree. Duke told Barbara it would be the Town's responsibility. This tree is outside of the right of way and is the property owner's responsibility. This property is in an estate situation with many heirs. An arborist said the base of the tree is healthy and stable, the branches above with the extreme V cut out are a different story. Amy took the opportunity whilst discussing Duke to reassure the citizens that leases and flags have not been pursued and is tabled. David shared more Duke news as it relates to Church Street being off limits while service line repairs are performed. David said Duke would communicate via mailers and texts ahead of the closure.

5. Financial Reports will be reviewed and are attached.
