APPROVAL OF MINUTES

1. Approval of Minutes from November 1st

Motion made by Draine to accept the minutes from November 1st as written, seconded by Shultz.

Voting Yea: Michet, Draine, Pollard, Shultz

OLD BUSINESS

Hoodland rent update

Library Board representatives Lynne Pollard and Kathleen Draine, City Manager Tyler Deems, Mayor Stan Pulliam, and Library Director Sarah McIntyre met with the County Administrator

Item # 2.

Gary Schmidt, Board of County Commissioners Paul Savas and Mark Shull, as well as County Counsel and the Director of Transportation and Development on November 28.

At this meeting, Commissioner Shull suggested that he take a close look at the County Budget with Administrator Schmidt to see if they could come up with approximately \$25,000/year for 5 years. This would give the County time to get past its current building projects and look towards the future of Hoodland Library.

3. Library District Advisory Committee update

The Board of County Commissioners has an issues session scheduled for November 29th where they will discuss the questions brought forward by LDAC months ago, including use of library funds for capital expenditures.

STAFF UPDATES

NEW BUSINESS

4. View the light in Meinig Park

An Outreach Vehicle for Sandy and Hoodland Libraries

A presentation by Library Staff for the Library Advisory Board

Why an outreach vehicle?

- Sandy and Hoodland have a larger service area population than a number of LINCC Libraries, but have a lower % of library users and checkouts because of our significant square mileage.
- Libraries are once again getting bookmobiles on the road
 - Lake Oswego, Molalla, and Estacada all have bookmobiles
- Bring Library Services to where people are
 - Retirement homes and Senior Centers
 - Daycares, preschools, schools and parks
 - Community stops
 - Boring, Orient, Sandy, Rhododendron, Government Camp

How an outreach vehicle will be utilized

Digital Equity

- Teach computer classes
 - Started basic computer and basic Internet classes in April 2022, Microsoft Word in February 2023 and Google Drive on October 2023.
 - 122 people have signed up
- Make computers, printing services, and Internet available
 - FY2023 6,531 computer sessions and 780 library users utilized our mobile printing service, over 29,000 pages printed

Youth Services

- Storytime
 - Go to Daycares and Preschools
- STEM and literacy activities
 - Schools
 - Vista Apartments and Pioneer Mobile Home Court

Did we mention checking out library materials?

Impacts of outreach vehicle in our community

- Increase # of library cardholders and regular library users
- Increase # of computer sessions/computer class participation
- Increase kids early literacy activities
 - Storytimes
 - 1,000 Books Before Kindergarten
- Increase kids and teens STEM learning activities
 - Vista Apartments & Pioneer Mobile Home Park
 - Schools

What you can do to help

Write a letter of support from your organization

- Consider where/when would be good to park the vehicle
 - Fill out our survey when it is available (soon!)

Talk about opportunities with your friends and neighbors

Assist with Fundraising efforts

DRAFT 1/2/2024 Letter addressed to Library Boards to sign petition to BCC

Re: Recent Decision by the BCC regarding possibly changing the Library District from just a Service District to one permitting capital expenditures

We ask your Board, collectively, or especially those members who represent the unincorporated residents within your Service Area to consider signing the following petition to the County Commissioners, sitting as the Library District Board. If the majority of your library board is in favor, please send us a note with the date of the vote approving the motion in support of the petition. If only individual members would like to sign the petition, they may contact us at: [email]

The undersigned [members of] individual library advisory boards in the Clackamas County Library District, ask the District Library Board to reconsider its decision on November 29, 2023, to consult only cities on the possible transformation of the Library District from a service district, as originally formed, into one permitting capital expenditures. That question should be put to the voters.

Referring that critical question to just city politicians immediately disenfranchises over 44% of the District's population, who provide over 45% of the District's revenue. Those 187,400+ residents do not and cannot vote for city politicians and have no leverage over their decisions. Your referral also ignores the outsized importance of the money those unincorporated residents contribute to City libraries: at 8 of the 13 libraries, *more than half* of the distributed District tax revenue comes from the unincorporated residents. Again, the use of that money is controlled only by city politicians and administrators, with no voter leverage available to the unincorporated contributors.

The Board should be asking ALL the taxpayers in the County whether any money collected from the Library District could now be used for capital purposes. County Counsel has confirmed to the Board that the District at its formation was a service district that could NOT use collected funds for capital purposes. You should not reconfigure the District in this fundamental way by just asking cities.

Put the question to the voters: Do voters want to allow cities to funnel District Revenue to improve, renovate or build city owned buildings, at the expense of the library services promised to the voters in 2008?

If you are not willing to ask County voters, then limit your action to clarifying that District Revenue cannot be used for capital purposes, consistent with the founding premise approved by the voters in 2008.
