CONSENT AGENDA (Routine Matters) Mack McDonald, San Juan County Administrator

The Consent Agenda is a means of expediting the consideration of routine matters. If a Commissioner requests that items be removed from the consent agenda, those items are placed at the beginning of the regular agenda as a new business action item. Other than requests to remove items, a motion to approve the items on the consent agenda is not debatable.

Time Stamp 0:12:31 (audio) & 0:13:01 (video)

Michelle Kerns, Glen Canyon National Recreation and Rainbow Bridge Monument Superintendent, and Michelle Grigg (Deputy Superintendent), presented an update on economic development opportunities for Hite and Halls Crossing. She stated the ferry will operate again this summer, May - October. The Hite Marina will see a new road and loading ramp place south of the marina. With Covid-19 and low water flow, the marina has been unable to generate a profit, hence, most of the employees left the area. She asked the county to try and improve the signage for the Glen Canyon National Recreation Area and not just for Lake Powell. She felt that most people think Lake Powell is the entire park, but it only covers 14% of the GCNRA. Aramark Holdings is the new concessionaire and is currently hiring to meet the demand for the upcoming summer.

Commissioner Maughan asked about the gas pumps for the Halls Crossing side of the lake. Aramark had removed them to Bull Frog, leaving the San Juan County side of the lake without access to gas and electricity and the related tax revenue.

Commissioner Vice Chair Stubbs spoke about placing a sign between Moab and Monticello, which might direct tourists to the lake and the surrounding area.

Mack asked about the concessionaire for the San Juan county-side and wondered if the independent concessionaires might have a chance to open local shops. Michelle thought it would be highly unlikely due to the federal budget cuts.
