Terms and Conditions:

County Admin:

San Juan County Aging Services is in the process of developing a memory care section in both of our libraries and the 4 Senior Centers with Caregiver kits. I am requesting that we utilize Meternally for this purchase. The Caregiver kits come already made and packaged ready for use. There are no other readymade kits that I am aware of. If we were to purchase the items and the packaging for the kit it would take more time and money to assemble the kits.

The funding for this purchase is 100% Dementia and Caregiver Funding through the State of Utah. There is no County funding required for this purchase.

# Terms of Business Dentons Durham Jones Pinegar P.C.

#### November 2020

### Welcome to Dentons.

# Thank you for choosing Dentons to represent you. These Terms of Business and the Engagement Letter form our Engagement Agreement.

#### **Dentons and You**

- The Letter sets out the scope of our representation and identifies you as our sole client. We do not represent any other persons or entities, including your parent, subsidiaries, and affiliates, unless named in the Letter. Our advice and work is provided solely for your benefit and relates only to the matters set out in the Letter. The Terms apply as soon as we start acting on your instructions, regardless of whether or not you have signed the Letter.
- The shareholders of Dentons Durham
  Jones Pinegar P.C. also are partners of
  Dentons United States LLP, which is the
  US Region member of Dentons Group (a
  Swiss Verein), whose members and their
  respective subsidiaries, affiliates and
  related entities provide legal services in
  different locations, each of which is its own
  Legal Practice. For a list of each Legal
  Practice by location, see
  dentons.com/legalnotices.
- This Engagement Agreement is between you and Dentons Durham Jones Pinegar P.C. only and not any other Dentons Legal Practice within or outside the US Region, or any entity or individual. We will conduct ourselves in accordance with the professional responsibility rules applicable in the jurisdictions in which we render services.
- Other Dentons Legal Practices outside the US Region represent many clients in different geographies, including entities and individuals that may enter into transactions

- or have disputes with you. Unless such other Dentons Legal Practice is specifically engaged by you or on your behalf outside the US Region, you agree that those representations by other Dentons Legal Practices do not conflict with our representation of you, and that you will not assert that other Dentons Legal Practices outside the US Region are precluded from representing those entities and individuals.
- 5. While Dentons Durham Jones Pinegar P.C. remains solely responsible to you for this engagement, we may involve other lawyers and professionals from other Dentons Legal Practices, within or outside the US Region, to provide services. Unless we state otherwise, we will do so by subcontract. You agree that we may pay or apportion part of our fees and costs for the work in a manner that may be considered a referral fee in some jurisdictions.

#### **Our Working Relationship**

- Effective representation requires open and honest communication. We need you to provide us with clear and timely instructions, relevant information and documents, and make yourself available for consultation.
- 7. You should carefully check for any insurance policies that might relate to the work we do for you and notify your insurers promptly to protect your rights. Unless you disclose these policies and we agree to advise on them in the Letter, we are not responsible for advising you on the

- existence or applicability of any insurance coverage.
- We may communicate with you using any reasonable method, including electronic communications, like email, which may not be absolutely secure and present risk of interception or copying.
- Generally, communications between a lawyer and client regarding legal advice are privileged and confidential. You may jeopardize these protections by disclosing communications to others. You agree we are under no duty to disclose to you any information that is confidential to another client or any other person.

#### **Advance Clearance of Conflicts of Interest**

10. Each Dentons Legal Practice represents a wide variety of entities and individuals, some of whom may be, for instance, your borrowers, investors, shareholders, creditors, or other parties with conflicting interests in a litigation, arbitration, bankruptcy, insolvency or other matter. As a condition of our representation of you, you agree that, without further notice, we may represent other clients in matters, even if they are directly adverse to you, as long as: (1) those matters are not substantially related to our representation of you; or (2) we screen our lawyers and professionals who have such information from any involvement in the adverse representation. Of course, we will not use any confidential information received from you in any way

inconsistent with our professional responsibilities.

#### **Fees and Costs**

- Our fees are set out in the Letter. Hourly rates may be adjusted from time to time.
- 12. We may charge and you agree to pay for costs including travel, delivery services, imaging, printing, court fees, auditing and assurance services, and other expenses. For items we purchase in bulk or through fixed fee arrangements, such as computerized legal research, technology, and support services, we will charge you a rate reasonably apportioned to you. You agree to pay for third-party costs, such as experts, consultants, local counsel, retained by us on your behalf. In some circumstances, we may advance costs on your behalf and you agree to reimburse us promptly.
- 13. Unless expressly stated otherwise, estimates we provide are solely for planning purposes, subject to change, and reflect an assessment of fees or costs if a matter proceeds in accordance with our assumptions. This is neither a floor nor a ceiling on your obligation to pay, as actual fees and costs may deviate significantly from the estimate, either favorably or adversely. We will be happy to periodically update an estimate if requested. However, in the absence of such a request, we undertake no obligation to update or revise any estimate as a matter progresses or as actual fees and costs are realized.
- 14. All fees and costs of any Dentons Legal Practice, experts or third parties that we state or estimate exclude any sales, use, excise, transfer, value-added or similar taxes; any such taxes will be included in our invoices to you and are payable by you. If you or another payer of those fees, costs and taxes is required, on account of any taxes, to make any deduction when paying our invoices, you must increase the overall payment so that we receive a net sum equal to our full invoiced amount.
- 15. Our policy is to bill monthly, except that we reserve the right to issue an interim bill and to change the frequency of billing and the time for payment. If you disagree with any invoice, please contact us immediately, otherwise we will understand that the invoice is agreeable to you. Our invoices are payable when delivered on the terms set forth therein, and you remain responsible for paying them even if you have an arrangement with a third party payor for payment. If full payment is not received when due, we reserve the right to suspend services, terminate and/or seek withdrawal, charge reasonable interest, and hold you

- responsible for any collection costs, including reasonable attorneys' fees.
- 16. In adversarial proceedings, you agree that as of 90 days before any scheduled trial or arbitration date (or a later time that we may make such request), all fees and costs incurred up to that point will be paid and you will either provide us with a deposit (or augment any existing deposit) or make another satisfactory arrangement to ensure payment of all fees and costs estimated to be incurred from that point through the end of trial or arbitration.

## Privacy, Data Protection and Other Regulation

- 17. We are often asked for information about our experience. You consent to our public disclosure that you are a client and a general description of our work for you.
- 18. Anti-money laundering, anti-bribery, anti-terrorist and similar laws require compliance with client identification, verification, and other rules. We may not be able to represent you until we have all the information we need for these purposes.
- 19. Dentons is committed to ensuring the privacy and confidentiality of personal data disclosed to us in the course of our work for you. We will handle personal data you send to us about you, your employees, agents, contractors or other individuals in accordance with data protection and privacy standards equivalent to or higher than those required by law. We may transfer such data between locations in order to provide legal services to you.
- 20. Where we process personal data as provided above we do so as a data controller and we ultimately take responsibility for carrying out the data in compliance with applicable data protection and privacy laws. An overview of the categories of personal data we collect and how we use it is provided in the Privacy Policy that you may find at www.dentons.com. You confirm to us that, to the extent reasonable, you will communicate this Privacy Policy to any individuals whose personal data you provide to us. Any personal data supplied by us to you about our employees and/or any other individuals may only be used for the expressed purposes for which that information is provided to you.
- 21. We do not tolerate bribery or corruption.

#### Your File and Our Records Retention

22. Absent professional obligations or written direction from you to the contrary, we may dispose of all records relating to the representation seven years after we last performed work on the matter, without further notice to you. We need not keep documents containing our lawyer work product, mental impressions, notes, drafts, and emails and those documents will not be considered to be part of your client file.

#### **Termination**

23. You may terminate the engagement at any time for any reason. We may terminate the engagement at any time, consistent with our ethical obligations. We expressly reserve the right to stop acting for you, and you expressly consent to our right to terminate, if you fail to pay for amounts invoiced or requested. You remain responsible for paying fees and costs related to work performed before the end of the engagement, and we will not be liable for any resulting loss.

#### **Completion of Engagement**

24. Our representation of you will end when we have completed the services described in the Letter, send our final invoice, or, unless otherwise agreed, after six months of furnishing no billable services to you, whichever occurs sooner, without the need for further written confirmation. Any new relationship will require a new Engagement Letter, notwithstanding any communications or administrative action after that period.

#### **Translations**

25. If we use or prepare a translation, you should be aware that words and legal concepts used in one language may not have equivalents in another. You should not assume that any translation exactly replicates the original text.

#### **Entire Agreement**

26. The Engagement Agreement cannot be modified by any policies, procedures, guidelines, correspondence, or other document from you unless agreed to in writing by a shareholder of Dentons Durham Jones Pinegar P.C. If there is a conflict between the Terms and the Letter, the provisions of the Letter control. If any part of the Engagement Agreement is held to be illegal, invalid or unenforceable, it shall not form part of the agreement and the balance shall remain enforceable and shall not be affected.

Mack McDonald Chief Administrative Officer San Juan County P.O. Box 9 Monticello, Utah 84535 mmcdonald@sanjuancounty.org

Re: Engagement Letter

#### Dear Mack:

Thank you for selecting Snow Christensen & Martineau to provide legal services to you. This letter will describe the basis on which our firm will provide those services.

*Client*. Our client in this matter will be the San Juan County Commission, Kenneth Maryboy and Willie Grayeyes (the "Client" or "You").

Scope of Engagement. We have been engaged to represent the Client solely in connection with *Craig C. Hall, et al. v. San Juan County Commission, et al.*, Case No. 220700004, Seventh Judicial District Court, San Juan County, State of Utah. We have agreed that our engagement is limited to performance of services related to that action.

*Fees.* The principal basis for computing our fees will be the amount of time spent on the matter by various lawyers and legal assistants multiplied by their individual hourly billing rates. Although staffing decisions sometimes change, we presently plan to staff your case with the following professionals:

| Name        | Hourly Rate |
|-------------|-------------|
| Scott Young | \$250       |
| Associate   | \$220       |
| Paralegal   | \$175       |

Our billing rates are subject to change from time to time. Other factors also may be taken into consideration in determining our fees, including the novelty and difficulty of the questions involved; the skill requisite to perform the services

Michael R. Carlston Samuel Alba Shawn E. Draney Rodney R. Parker Richard A. Van Wagoner Andrew M. Morse Robert C. Keller E. Scott Awerkamp Korey D. Rasmussen David L. Pinkston Ruth A. OF COUNSEL

properly; the experience, reputation, and ability of those performing the services; the time limitations imposed by you or the circumstances; the amount involved; and the results obtained. You agree to compensate us at these rates for services we render on your behalf.

Expenses. We will include on our statements separate charges for performing services, such as photocopying, messenger and delivery service, computerized research, travel, and search and filing fees. Such expenses may also include filing fees, deposition costs, process servers, court reporters, and witness fees. You also agree to pay the charges for copying documents for retention in our files. You authorize us to retain any investigators, consultants, or experts necessary in our judgment to represent your interests in the litigation. Their fees and expenses generally will not be paid by us, but will be billed directly to you. You agree to pay those expenses within 30 days of receipt.

Estimates. As we have discussed, the fees and costs relating to this litigation are not predictable. Accordingly, we have made no commitment to you concerning the maximum fees and costs that will be necessary to resolve or complete this matter. Any estimate of fees and costs that we may have discussed represents only an estimate of such fees and costs. It is also expressly understood that the Client's obligation to pay the firm's fees and costs is in no way contingent on the ultimate outcome of the matter.

Payment of Statements. Our billing statements are due and payable upon receipt because there is generally a time lag between the rendering of our services and the submission of our statement. We ask for and expect payment of our statements on a current basis, as delayed payment adds to our overall costs of doing business. All past due amounts bear interest at the rate of 16% per annum if more than 60 days past due, retroactive to the date of invoice. If any statement remains unpaid for more than 90 days, we may suspend performing services for you until arrangements satisfactory to us have been made for payment of outstanding statements and the payment of future fees and expenses.

*Trial Advance.* Once a trial or hearing date is set, we will require you to pay all amounts then owing to us and to deposit with us the fees we estimate will be incurred in preparing for and completing the trial or arbitration, as well as jury fees and arbitration fees likely to be assessed. If you fail to timely pay any additional deposit requested, we will have the right to withdraw from the representation and to cease performing further work. If permission of the court or arbitration panel is required, you agree not to oppose any motion to withdraw.

Client Responsibilities. You agree to pay our statements for services and expenses as provided below. In addition, you agree to be candid and cooperative with us and to keep us informed with complete and accurate factual information, documents, and other communications relevant to the subject matter of our representation or otherwise reasonably requested by us. In particular, you agree to make officers and employees available to attend trial, hearings, depositions and discovery

conferences, and other proceedings, and to commit the appropriate personnel and sufficient resources to meet the Client's discovery obligations.

Because it is important that we be able to contact you at all times to consult with you regarding your representation, you agree to inform us, in writing, of any changes in the name, address, telephone number, contact person, e-mail address, or other relevant changes. Whenever we need your instructions or authorization in order to proceed with legal work on your behalf, we will contact you at the latest business address we have received from you.

Designation of Client Representative. We understand that from time to time You may like us to speak with Mack McDonald, Chief Administrative Officer, as necessary to facilitate our rendition of legal services to you. You therefore agree that we are specifically authorized to communicate with your designated representative, Mack McDonald.

Advice about Possible Outcomes. Either at the commencement or during the course of our representation, we may express opinions or beliefs concerning the litigation or various courses of action and the results that might be anticipated. Any such statement made by any lawyer of our firm is intended to be an expression of opinion only, based on information available to us at the time, and should not be construed by you as a promise or guarantee.

*Termination of Engagement*. The Client may at any time terminate our services and representation upon written notice to us. Such termination shall not, however, relieve the Client of the obligation to pay for all services already rendered, including work in progress and remaining incomplete at the time of termination, and to pay for all expenses incurred on behalf of the Client through the date of termination.

We reserve the right to withdraw from our representation as required or permitted by the applicable rules of professional conduct upon written notice to you. In the event that we terminate the engagement, we will take such steps as are reasonably practicable to protect your interests in the above litigation, and you agree to take all steps necessary to free us of any obligation to perform further, including the execution of any documents necessary to perfect our withdrawal. We will be entitled to be paid for all services rendered and costs or expenses incurred on your behalf through the date of withdrawal. If permission for withdrawal is required by a court or arbitration panel, we will promptly request such permission, and you agree not to oppose our request.

Conclusion of Representation; Retention and Disposition of Documents. Unless previously terminated, our representation of the Client in this matter will terminate upon our sending you our final statement for services rendered in the matter. At your request, your papers and property will be returned to you. Our own files pertaining to the matter will be retained by the firm. These firm files include, for example, firm administrative records, time and expense reports, personnel and staffing materials, and credit and accounting records; and internal lawyers' work product such as drafts, notes, internal memoranda, and legal and factual research, including investigative reports, prepared by or for the internal use of lawyers. All such documents retained by the firm will be transferred to the person responsible for administering our records retention program. For various

reasons, including the minimization of unnecessary storage expenses, we reserve the right to destroy or otherwise dispose of any such documents or other materials retained by us within a reasonable time after the termination of the engagement without further notice to you.

Post-Engagement Matters. You are engaging the firm to provide legal services in connection with specific litigation. After the litigation concludes, changes may occur in the applicable laws or regulations that could have an impact upon your future rights and liabilities. Unless you engage us after completion of the litigation to provide additional advice on issues arising from the litigation, the firm has no continuing obligation to advise you with respect to future legal developments.

In-Firm Privilege Consent. From time to time, issues arise relating to legal ethics or our duties under the professional conduct rules that apply to lawyers. These might include, for example, conflict of interest issues, and could even include issues raised because of a dispute between us and a client over the handling of a matter. Normally, when such issues arise, we seek the advice of our Firm counsel, who is an expert in such matters. We consider such consultations to be attorney-client privileged communications between Firm personnel and the counsel for the Firm. A few courts, however, have held that under some circumstances such communications involve a conflict of interest between the client and the Firm and that our consultation with Firm counsel may not be privileged, unless we either withdraw from the representation of the client or obtain the client's consent to consult with Firm counsel. We believe that it is in our clients' interest, as well as our own interest, that when legal ethics or related issues arise during a representation, we obtain expert analysis of our obligations. Accordingly, you agree that if we determine in our own discretion during the course of the representation that it is either necessary or appropriate to consult with our internal or outside counsel, we have your consent to do so and that our representation of you shall not thereby waive any attorney-client privilege that the Firm may have to protect the confidentiality of our communications with counsel.

Electronic File Storage and Communication. The Firm uses cloud-based services for document and file storage and email for communication. You consent to our use of cloud-based services and storage of our documents and files and email for communications, including confidential communications.

*Entire Agreement*. This agreement contains the entire agreement of the parties with respect to its subject matter and no modification or waiver of any provision hereof shall be valid unless it be in writing and signed by both parties. The agreement shall be construed in accordance with the laws of the State of Utah.

The attorney-client relationship works best when there is a mutual understanding about fees and payment terms. Please review this letter carefully. Because we want you to feel this agreement was made at arm's length, we advise and recommend that you obtain independent legal counsel to review and advise you on the terms of this agreement. If it meets with your approval, sign the

enclosed copy of the letter in the space provided below and return it to me with retainer or fee advance so that we may begin work.

Our goal is to provide outstanding legal services on the most cost-efficient basis possible. If at any time you wish to discuss either our billing policies and procedures generally or a specific billing statement, we encourage you to contact us.

Very truly yours,

WHEREAS, the Utah Division of Water Rights, hereinafter referred to as DWRi, and San Juan County have the expressed interest in the installation, maintenance and operation of a stream gage on Pack Creek above Spanish Valley near Moab, Utah.

WHEREAS, the DWRi, has contracted with the United States Geological Survey to install, maintain, collect and publish the flow data at the on Pack Creek above Spanish Valley near Moab, Utah Stream Gage.

THEREFORE, San Juan County has agreed to commit financial resources maintenance and operation of the gage. The gage maintenance and operation rate may be adjusted annually by the USGS. The maintenance and operation cost of the gage for the first year of operation from July 1, 2022 through June 30, 2023 is \$9,624.00. For the first year of operation San Juan County agrees to pay \$3,208.00 of the maintenance and operation cost of the gage. San Juan County further agrees to pay 1/3 of the maintenance and operation rate each subsequent year. San Juan County reserves the right to terminate its participation and funding at any time by providing notice to the USGS and the DWRi.

# Proposal for USGS streamgage on Pack Creek near Moab, UT

## U.S. Geological Survey Utah Water Science Center

## Objective

A streamflow gaging station located above Spanish Valley on Pack Creek near Moab, Utah, would serve two main hydrologic purposes: 1) to monitor long-term base flow conditions for water resources assessment and 2) as a flood warning station for San Juan County, Grand County, and the City of Moab.

Losses from Pack Creek or groundwater movement through the Pack Creek drainage are believed to be a significant source of recharge to the Valley Fill Aquifer in Spanish Valley (Masbruch and others, 2019). Long-term monitoring of baseflow conditions in Pack Creek below the mountain recharge area, but above the Valley Fill Aquifer, can be used to help estimate recharge to the Valley Fill Aquifer and the potential response of recharge to changes in climate and landscape.

The Pack Creek fire of June 2021 burned 8,952 acres in the La Sal Mountains, particularly in the Pack Creek drainage. This has created a large burn scar that is susceptible to extreme post-fire runoff events. The lack of live vegetation in the drainage and hydrophobic soils created by the burn conditions mean that most of the rainfall that occurs in the drainage will not infiltrate the subsurface and will rather come down the mountain as surface water that can carry a large amount of debris. Summer monsoon rains in July and August 2021 have already created significant flood events along Pack Creek. The U.S. Geological Survey (USGS) streamgage at Mill Creek below Pack Creek near Moab, UT, which is located at the bottom end of the Mill-Pack Creek drainage, was used to measure a flow of 1,300 cfs on Aug 2, 2021, the majority of which came from Pack Creek. This flow was verified by a slope-area survey and computation. For comparison, normal flow at this time of year is around 1-2 cfs. Pack Creek flows through populated areas of Moab and Spanish Valley and poses a significant flood risk to residents and their property. A temporary USGS streamflow gage was installed at the Pack Creek Road bridge above Spanish Valley and Moab City on Aug 17, 2021 to serve as a warning site for flood forecasters and local residents. The gage equipment was provided on a temporary basis by the USGS Hydrologic Instrumentation Facility and is part of a shared fleet of rapid deployment gages that was returned once the initial danger has passed (November 2021).

A permanent streamgage on Pack Creek at the Pack Creek Road Bridge near Moab would serve both of the above-described objectives by monitoring potential flooding threat and by monitoring baseflow conditions for evaluating recharge to the Valley Fill Aquifer.

#### Methods

Time-series streamflow data (discharge in cubic feet per second) across the full range of flow will be collected and publicly displayed on the internet. Gage height from the station will be recorded at 5-minute intervals and transmitted via GOES satellite telemetry every 15 minutes. Data collection will follow established USGS protocols that includes a gage height measurement accuracy of +/- 0.01 ft suitable for monitoring low flow conditions. The stage sensor will be a non-contact radar sensor that can be mounted out of the flow and potentially avoid flood damage. Discharge will be measured using

established USGS methods which may include, volumetric measurements, mid-section current meter measurements, or indirect methods (slope-area or culvert computations) which survey high water marks from flood events that cannot be directly measured. Discrete flow measurements along with measured gage height will be used to construct a standard USGS stage-discharge rating used to compute flow. A tipping-bucket style rain gage will also be installed at the site to aid in flood forecasting.

#### Deliverables

Gage height and precipitation data will be recorded at 5-minute intervals and will be transmitted via GOES satellite telemetry every 15 minutes. The increased frequency of data collection and telemetry is necessary to aid in flood warning. Gage height and discharge data will be available to the public via the USGS National Water Information System (NWISWeb). Telemetry data can also be directly pulled by National Weather Service forecast offices to aid in issuing flood warnings. Gage height and discharge data served by USGS on NWISWeb is provisional until marked approved after it has been corrected and reviewed by USGS hydrographers. Published discharge will encompass the full range of flow at the site for the entire period of record that the gage is operational, from very low base flow to the largest flood. Precipitation data is mainly to be used for flood warning and will be considered 'temporary data'. This means that only the last 150 days of data will be served on NWISweb.

#### Pack Creek gage description

The USGS Utah Water Science Center, Moab Field Office will install and maintain a streamflow gaging station on Pack Creek near Moab, UT. The gage will be located downstream of the confluence with Brumley Creek which has also suffered from burn damage. It will be located approximately 15 mi upstream from the City of Moab and about 6 mi upstream from the more heavily populated area of Grand and San Juan County. The gage will be located along the San Juan County right-of-way at the Pack Creek Road bridge in San Juan County at the following location:

Latitude 38°26'44.9", Longitude 109°23'06.9" NAD83

Figure 1. Map of the station in relation to the Mill Creek and Pack Creek drainage basin.

Figure 2. Map of the station in relation to Brumley Creek and local roads.

The gage will consist of an approximate 3 ft x 3 ft by 3ft aluminum gage house mounted on a steel post near the riverbank. The gage house will be powered by a 12v battery and solar panel. A GOES satellite

radio antenna will also be mounted on the gage house. The stage sensor will be a radar sensor mounted to the bridge and wired to the gage recording equipment. The gage will be equipped with a staff plate mounted to the culvert opening that will serve as a reference gage. A crest stage gage or equivalent will also be mounted in the culvert opening to record flood peaks that may be missed by the electronic sensor.

### Budget

Federal fiscal year 2023 (Oct 1, 2022, to Sep 30, 2023) equipment, installation, and annual operation and maintenance costs for the gage are summarized in the table below. Equipment and installation costs are one time only. Note that USGS contribution to annual operation and maintenance beyond fiscal year 2023 is subject to availability of matching funds. Total gage costs are also subject to price increases based on year-to-year inflationary trends.

#### Westwater Water Project Memorandum of Understanding

This Westwater Water Project Memorandum of Understanding ("MOU") is made by and between the State of Utah (the "State"), the Navajo Nation (the "Nation"), the Navajo Tribal Utility Authority ("NTUA"), San Juan County (the "County"), and the city of Blanding, Utah (the "City"). The entities will hereinafter be referred to jointly as "Parties."

#### I. The Westwater Water Project

The Westwater Water Project (the "Project") is a cooperative water project supported jointly by the Parties. The Project involves the funding and construction of new public drinking water facilities that will provide safe and reliable potable water to the city of Blanding and homes in the Westwater community. A new public supply ground water well will provide the City with an additional water source. In addition, a new master meter connection to the City's public supply water system and water supply lines will deliver water to the Westwater community. The Parties agree that achieving the goals and objectives set forth in this MOU is in the mutual best interest of residents of the City, the Westwater community, and the citizens of the State of Utah.

#### II. Purposes of this MOU

The Parties share the goal of providing a lasting, safe and reliable source of drinking water to the City and community of Westwater. Achieving these goals will require the coordinated efforts of the Parties. The purpose of this MOU is to memorialize the Parties' agreement and intentions to support the Project. The Parties also intend to enter into a formal Interlocal Agreement under the Interlocal Cooperation Act, Utah Code Section 11-13-101 *et seq.* at a later date. One purpose of this MOU is to establish the general framework for the future Interlocal Agreement.

#### III. The State's Commitments

The State of Utah will support the completion of the Project by providing the following funding sources. Upon receipt of grants, no repayment by the receiving entity will be required regardless of whether or not the project is completed:

- \$497K to the County and \$381K to the City for design from the Drinking Water State Revolving Fund ("DWSRF") in the form of principal forgiveness [in the amount of \$\_\_\_\_\_ on DATE].
- \$3.5M from a grant from American Rescue Plan Act ("ARPA") funding, to be allocated as follows:

- \$1.85M for the Westwater community for a master meter, a water distribution system from the master meter to the lots within the Westwater community, and to connect the Westwater community to the City; and
- o \$1.65M for the City, for a new water well.

The State of Utah also commits to assist the Navajo Nation in locating and securing additional water rights or shares if needed to meet the needs of the City and the Westwater community for 29 homes or equivalent residential units ("ERUs").

#### IV. The Nation's Commitments

The Nation will support the completion of the Project and will commit the funding necessary for Project construction by December 31, 2022 and Project completion by December 31, 2024. The Nation's commitment includes time and professional staff resources to support the timely and successful completion of the Project. The Nation also commits to provide to the City water rights or shares equivalent to 29 ERUs in accordance with the Blanding City Resolution dated September 14, 2021. The Nation in coordination with the County will be responsible for ensuring that water shares or water rights can be immediately accessed by the City for the 29 ERUs before the commencement of water services to the Westwater community.

#### V. The NTUA's Commitments

NTUA will pursue the design, construction and completion of the water distribution system for the Westwater community as soon as practicable but no later than December 31, 2022. NTUA will also serve as the ongoing, registered water system operator, owner, and administrative contact for the Westwater community distribution system.

#### VI. The County's Commitments

The County will act as the fiscal sponsor for the Westwater community for grant funding from the State. The County will also commit to leasing water shares equivalent to 29 ERUs to either the Nation, or on their behalf, to the City.

The County shall also waive associated fees related to the project.

#### VII. The City's Commitments

The City provides the following commitments for the Project:

 To pursue the design, construction and completion of a new public supply well for the city and master meter connection adequately sized for the Westwater community.

- o If after the design of the system the City determines that it requires additional funding for the construction and completion of the well, then the State agrees to assist in identifying other sources of funding. The City agrees to make a final decision about whether to accept and utilize the ARPA funding for the well by December 31, 2022 in order to ensure that the ARPA funding is obligated by December 31, 2024.
- To stipulate that the \$1.65M in ARPA funding the State is providing to the City meets all the requirements for connection fees, impact fees, or other fees necessary to connect and begin supplying water to support the 29 ERUs as part of the Project, under paragraph 4 of the Blanding City resolution dated September 14, 2021. This does not limit the ability of the City to charge water supply fees nor to negotiate impact fees, water supply fees, and other fees for growth in Westwater beyond the 29 ERUs in a later agreement, that will be sufficient to cover the costs of maintaining and expanding, as needed, the portion of the project operated by the City.
- To begin providing water service to the Westwater community as soon as the Westwater portion of the Project is completed, up to a maximum amount of 29 ERUs. Additional ERUs may be serviced upon consent of the City. The City commits to make reasonable efforts to prevent delays in providing water services for the Project.

#### VIII. Mutual Commitments

- The Parties agree to sign this MOU no later than May 30, 2022 in order to continue to make progress on the Project and associated funding.
- The Parties agree to use their best reasonable efforts to enter into a definitive Interlocal Agreement relating to the Project by DATE.
- This Agreement does not affect or modify existing laws, rules, regulations or responsibilities and authorities of the Parties.
- This MOU is not intended to and does not create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or equity, by any party against the State of Utah, the Navajo Nation, the NTUA, San Juan County, or the City of Blanding, their respective agencies, officers, or any affiliated person.
- The parties' actions under this MOU shall be without discrimination as to race, color, creed, sex, or national origin.

#### Instructions:

In the cells below, please provide an answer/description for each question. PLEASE CHANGE THE COLOR TO BLUE, OF SUBSTANTIVE NEW LANGUAGE INCLUDED IN YOUR PLAN THIS YEAR!

#### 1) Access & Eligibility for Mental Health and/or Substance Abuse Clients

Who is eligible to receive mental health services within your catchment area? What services (are there different services available depending on funding)?

Residents of San Juan County are eligible for all services based upon medical need, not the ability to pay.

Who is eligible to receive substance abuse services within your catchment area? What services (are there different services available depending on funding)? Identify how you manage wait lists. How do you ensure priority populations get served?

Residents of San Juan County are eligible for all services based upon medical need, not the ability to pay. Waitlists are managed by the severity of needs. Currently, only non-medicaid Mental Health clients with low needs are on a waitlist. Our waitlist is very small. Waitlist is monitored by the front desk and clinical director regularly to ensure priority is given to those that need it most. The front desk and clinical staff are trained regularly to ensure that the priority populations are getting served.

#### What are the criteria used to determine who is eligible for a public subsidy?

Income and medical necessity are the determining factors for use of public subsidies. Services are provided based upon need. When no other funding is available, public subsidies are used.

#### How is this amount of public subsidy determined?

The use of public subsidy is based upon need and income. The sliding fee scale determines the amount expected of the client. Exceptions that benefit the client are made on a case by case basis.

#### How is information about eligibility and fees communicated to prospective clients?

Eligibility and fees are explained during the intake process. A notice is posted at San Juan Counseling's main office that states:

San Juan Counseling Center does not deny access to services to anyone due to their inability to pay. San Juan Counseling has a discounted fee schedule that is based on the current Federal Poverty Guidelines available for clients to utilize. In order to participate on the sliding fee schedule, you will need to provide us with updated income verification. This information must be updated annually to continue to utilize the sliding fee.

If you have questions, please ask at the front desk or call 435-678-2992. We are happy to assist you. This information is also posted to www.sanjuancc.org under Services.

Are you a National Health Service Corps (NHSC) provider? YES/NO In areas designated as Health Professional Shortage Areas (HPSA) describe programmatic implications, participation in National Health Services Corp (NHSC) and processes to maintain eligibility.

Yes.

The process to maintain eligibility is outlined on the NHSC website.

#### 2) Subcontractor Monitoring

The DHS Contract with Mental Health/Substance Abuse Local Authority states: When the Local Authority subcontracts, the Local Authority shall at a minimum:

(1) Conduct at least one annual monitoring review of each subcontractor. The Local Authority shall specify in its Area Plan how it will monitor their subcontracts.

Describe how monitoring will be conducted, what items will be monitored and how required documentation will be kept up-to-date for active subcontractors.

An annual review is completed with each subcontract. A document checklist is included in each subcontractor file indicating documents located in the file. Checklist is renewed each year. Work performed by subcontractors is reviewed with the subcontractor at least annually for the contracted work.

# FORM C - SUBSTANCE USE PREVENTION NARRATIVE

Local Authority: San Juan

With the intention of helping every community in Utah to establish sustainable <u>Community</u> <u>Centered Evidence Based Prevention</u> efforts, fill in the following table per the instructions below.

Not every community will be at optimal readiness nor hold highest priority. This chart is designed to help you articulate current prevention activities and successes as well as current barriers and challenges. Please work with your Regional Director if you have questions about how to best report on your communities. For instructions on how to complete this table, please see the Community Coalition Status Tool <a href="here">here</a>.

List every community in your area defined by one of the following:

- 1. serving one of the 99 Small Areas within Utah
- 2. serving the communities that feed into a common high school
- 3. any other definition of community with OSUMH approval.

\*All "zero" or "no priority" communities may be listed in one row

#### **Area Narrative**

Monticello is part of the San Juan Prevention Action Collaboration (SJCPAC) Coalition. We have a school counselor and several youth that are very involved in our San Juan County Youth Coalition (SJCYC) and are helping build our youth coalition in their community, which is planting seeds for a larger prevention coalition in the future. We are strengthening and building up the youth coalition at MHS through training and recruitment efforts. We have planned various youth campaigns for the coming year, which tie directly to risk factors identified from the SHARP Survey and Community Assessment. We also plan to have a Prevention Week sponsored by MHS, SJCPAC Coalition and the SJCYC to help raise prevention awareness and capacity within this community. We are working in all communities to launch a new campaign - "Let's Do This" / "Stoodis" - based on Parents Empowered messaging - but delivered in a more culturally relevant package that resonates with San Juan County families.

**Blanding** is the center for SJCPAC Coalition monthly meetings. We have various key leaders involved in coalition work groups and prevention efforts.

We are strengthening and building up the youth coalition at **SJHS** through training and recruitment efforts. We have planned various youth campaigns for the coming year, which tie directly to risk factors identified from the SHARP Survey and Community Assessment. We are working in all communities to launch a new campaign - "Let's Do This" / "Stoodis" based on Parents Empowered messaging - but delivered in a more culturally relevant package that resonates with San Juan County families.

White Mesa (Ute Mountain Ute Reservation) has one semi-active leader in our SJCPAC Coalition. White Mesa has shown interest in Parents Empowered messaging in their community center after seeing it in area high school gyms. Working with R&R we were able to install the requested messaging and will continue to work from that energy and excitement to generate prevention awareness in a community that has been challenging to engage with in the past. We will also work with our FASD work group to hold another educational night for women and girls in the area to discuss the importance of understanding the impact of alcohol on the developing fetus and brain. We are working in all communities to launch a new campaign - "Let's Do This" / "Stoodis" based on Parents Empowered messaging - but delivered in a more culturally relevant package that resonates with San Juan County families.

Bluff would justify geographically as its own community, however there is not a high school there and at this time it makes sense to combine Bluff with the Blanding or Montezuma Creek communities. We are working in all communities to launch a new campaign - "Let's Do This" / "Stoodis" based on Parents Empowered messaging - but delivered in a more culturally relevant package that resonates with San Juan County families.

Montezuma Creek / Aneth (Navajo Nation) Area has several community members on our SJCPAC Coalition. Our plan is to establish a new coalition here within a few years. We are currently looking for a champion. We are strengthening and building up the youth coalition at WHS through training and recruitment efforts, and working in tandem with the United National Indian Tribal Youth (UNITY) Club. We have planned various youth campaigns for the coming year, which tie directly to risk factors identified from the SHARP Survey and Community Assessment. We also plan to have a Prevention Week sponsored by WHS, SJCPAC Coalition and the SJCYC to help raise prevention awareness and capacity within this community. Monument Valley / Oljato / Mexican Hat (Navajo Nation) Area has several community members on our SJCPAC Coalition. Our plan is to establish a new coalition here within a few years. We are hopeful that with the recent hiring of a part-time prevention staff, we will continue to build and support prevention strategies in the community and build up to establishing a new coalition within a couple of years. We are currently looking for a champion. We are strengthening and building up the youth coalition at MVHS through training and recruitment efforts, and working in tandem with the United National Indian Tribal Youth (UNITY) Club. We have planned various youth campaigns for the coming year, which tie directly to risk factors identified from the SHARP Survey and Community Assessment. Navajo Mountain (Navajo Nation) is a very small and remote community in the corner of San Juan County. Monument Valley coalition members try very hard to support that community in it's prevention efforts. With the recent hiring of a part-time prevention specialist in Monument Valley, we hope to add to the support of coalition strategies and youth involvement efforts. We are currently looking for a champion. We are strengthening and building up the youth coalition at NMHS through training and recruitment efforts, and working in tandem with the United National Indian Tribal Youth (UNITY) Club. We have planned various youth campaigns for the coming

year, which tie directly to risk factors identified from the SHARP Survey and Community Assessment. We also plan to have a Prevention Week sponsored by NMHS, SJCPAC Coalition and the SJCYC to help raise prevention awareness and capacity within this community. We are working in all communities to launch a new campaign - "Let's Do This" / "Stoodis" - based on Parents Empowered messaging - but delivered in a more culturally relevant package that resonates with San Juan County families.

## <u>Create a Logic Model for each program or strategy funded by Block Grant Dollars, PFS, SOR, SPF Rx or State General Funds.</u>

NOTE: Baseline data is from 2019 SHARPS. Data taken in 2021 was not credible enough to be a good baseline, due to COVID restrictions and complete shutdown of several of our schools, causing very low engagement rates for the survey in all Abajo Mountain area schools, and was non-existent in our River Region (tribal land) schools.

Describe local authority efforts to provide for individuals convicted of driving under the influence, a screening; an assessment; an educational series; and substance abuse treatment as required in Utah Code § 17-43-201(5)(m).

San Juan Counseling provides the Prime For Life 16-hour class on an as needed basis. This class is provided to individuals 18 and older. All PRI participants must complete Substance Use Assessment before participating in the class. Those meeting the criteria for treatment after an assessment will be referred to a therapist for outpatient treatment.

Identify evidenced-based strategies designed to intervene with youth and adults who are misusing alcohol and other drugs.

San Juan Counseling substance use clinicians are trained in multiple substance use screeners and in Motivational Interviewing, an evidenced-based intervention designed for use with youth and adults struggling with substance use.

Describe work with community partners to implement brief motivational interventions and/or supportive monitoring in healthcare, schools and other settings.

SJC regularly meets with local school social workers and principals to identify needs and referrals to services.

Describe any outreach and engagement efforts designed to reach individuals who are actively using alcohol and other drugs.

SJC participates in community wellness fairs to educate the community and individuals of our services. SJC routinely reaches out to local medical providers to discuss resources. SJC has continual conversations with judges and law enforcement agencies for easy referral processes.

Describe effort to assist individuals with enrollment in public or private health insurance directly or through collaboration with community partners (healthcare navigators or the Department of Workforce Services) to increase the number of people who have public or private health insurance.

Front desk staff and case managers have all been trained on how to apply for Medicaid. During the intake process front desk staff are noting those whose income is under Medicaid eligibility guidelines. Clients are offered help from front desk staff and/or case managers to apply for Medicaid. Additionally, the front desk checks with unfunded clients periodically to encourage them to pursue various funding sources.

#### Describe activities to reduce overdose.

- 1. educate staff to identify overdose and to administer Naloxone;
- 2. maintain Naloxone in facilities,
- Provide Naloxone kits, education and training about overdose risk factors to individuals
  with opioid use disorders and when possible to their families, friends, and significant
  others.

SJC provides Naloxone and training on administration to clients and families. Naloxone is also located in all San Juan Counseling's facilities. All staff are trained yearly on administering Naloxone and emergency procedures.

For each service, identify whether you will provide services directly or through a contracted provider. Please list all contracted providers.

There are no hospitals in San Juan County specializing in inpatient detoxification. Local hospitals only provide acute care to stabilize a chemically intoxicated patient needing hospitalization. Once stabilized, a detox client is referred to out of county facilities licensed to work with detox clients. In some selective low risk scenarios San Juan Counseling will coordinate with local medical providers to provide outpatient detoxification, negating the need for hospitalization. Transportation for inpatient services is

usually the responsibility of the family unless the client is a threat to himself or to others. In these cases the San Juan County Sheriff's Department provides transportation. Unless the client has a funding source, which is rare, available funds are used to help clients access care as soon as possible and then other sources of income must be accessed to sustain their care. When the client has completed treatment, San Juan Counseling coordinates their aftercare. The majority of clients referred by San Juan Counseling for inpatient services return to the county for follow-up care. The bulk of our clients needing detoxification services have been sent to Provo Canyon Behavioral in Orem, UT. This facility has worked well for us and it is anticipated that they will continue to be a resource in the future. Mountain View Hospital also provides inpatient detoxification services. They have expressed a desire to receive referrals and will be used as needed.

Justify any expected increase or decrease in funding and/or any expected increase or decrease in the number of individuals served (15% or greater change).

If this service is not provided by the Local Authority, where are individuals accessing this level of care when needed? Who in your community provides this service? How is the service paid for?

There are no hospitals in San Juan County that specialize in inpatient detoxification. In a small percentage of cases, Provo Canyon Behavioral Hospital has provided detoxification services for dual diagnosis clients. In most of these cases, the client is unfunded and the service is provided at no charge, based on our business relationship with Provo Canyon. We anticipate Medicaid expansion will lead to more substance use clients being funded. Because the nearest in-stated detoxification unit is 5 hours away, transportation is often a significant barrier, particularly if the client is not acutely suicidal which then precludes transportation by civil commitment by the San Juan County Sheriff.

There are no residential facilities in San Juan County. San Juan Counseling refers clients needing this level of care to facilities outside of the county. SJC utilizes several facilities in the 4 Corners Region that provide residential services and maintains collaborative working relationships with a number of such

facilities. We have sent people to NCI in Gallup, an organization that has funds available for Navajos, Salvation Army Residential Treatment in Grand Junction, and Denver, Colorado, and Phoenix, Arizona. Odyssey House and House of Hope is also a possibility for those needing residential services. Native American clients are eligible for other programs such as Red Pines Residential Treatment in Fort Duchesne, Utah. Youth are most often referred to Odyssey House. Navajo and Ute youth have an additional option of two IHS funded facilities in the region: Nevada Skies Youth Wellness Center in Reno, NV (males only) and Desert Visions Youth Wellness Center in Sacaton, AZ (males and females.) San Juan Counseling currently has a contract with Odyssey House for residential services. Other contracts are provided on a case-by-case basis.

The client's progress is monitored and after-care services are offered by San Juan Counseling at the time of discharge.

Most residential programs utilized by San Juan Counseling clients are at least 2 months in duration, with some needing residential care for up to 6 months. With no such facilities available in San Juan County, efforts are made to find a facility that best suits the needs of each client.

Justify any expected increase or decrease in funding and/or any expected increase or decrease in the number of individuals served (15% or greater change).

Clients requiring methadone treatment are referred to a facility certified to provide outpatient Methadone treatment. Methadone maintenance clients are rare in San Juan County and the majority of the Opioid maintenance/replacement clients we see are being treated by the APRN employed by the agency. Some of these clients are referred by local medical practitioners.

An APRN employed by the agency will continue to provide these medications as needed to clients needing and interested in medication assisted treatment. All clients receiving a substance use evaluation receive written material describing MAT that includes an encouragement to inquire about this option if they believe such treatment would benefit them. In addition, SJCC reviews our client database periodically in search of clients with a diagnosis that could potentially be treated with MAT to ensure all clients who might benefit are given a chance to discuss this option with their therapist. Because the number of outpatient substance use clients who attend fluctuates, the majority of outpatient substance use counseling takes the form of individual therapy sessions. If however a client is assessed to be high risk / high need, he/she may be considered for inclusion in the ongoing group therapy provided for drug court clients. Current drug court programming includes Moral Reconation Therapy (MRT), Seeking Safety, parenting skills, relationships skills and the Helping Men / Women Recover programs.

SJCC has two practitioners whose primary responsibility is to provide outpatient substance use treatment. Two are licensed clinicians (one male, the other female).

Newly referred substance use clients first meet with our recovery support coordinator to complete the Risk and Needs Triage (RANT) and begin the Daily Living Assessment (DLA-20). This contact is intended to help establish rapport between the client and the RSC who is available to provide case management services and skills development services for court involved clients.

The American Society of Addiction Medicine criteria (ASAM) is completed for all clients who present with a primary substance use diagnosis to assist with a treatment recommendation (e.g residential, outpatient, etc.).

General outpatient substance use programs are for both individuals who are voluntary and court ordered. The programs provide a less restrictive environment with the possibility of three to four hours of programming hour per week. These individuals are functioning at a level that allows them to continue to work and function within their homes without a large amount of supervision or hours of treatment. San Juan Counseling refers to this type of programming as general outpatient as compared to intensive outpatient programming that is more intense in nature. All San Juan County residents are eligible for services either as a voluntary client or court-ordered.

Therapeutic interventions for children in custody of women in treatment to address their developmental needs and issues of sexual and physical use. Neglect is also addressed in individual therapy. Generally these issues are staffed and seen by the therapist best qualified to deal with the problem. As needed, case management and transportation services are provided to ensure that women and children have access to appropriate medical and mental health support services. Case management and be provided by the Peer Support Specialist.

SJC encourages substance use clients to attend 12-step meetings on a regular basis. Several such groups are available at various locations throughout the county.

#### 10) Quality & Access Improvements

Shanel Long

Describe how you will increase access to treatment services. Is there a waiting list for certain levels of care? What services are available to individuals who may be on a wait list?

SJC has an outpatient substance use treatment group during the lunch hour on Wednesdays. SJC has incorporated a journaling class given to the day treatment population led by a case manager. SJC offers services after 5:00 to increase access to working individuals.

SJCC does not currently have any clients on a waiting list for any level of care. If a waiting list was implemented we would work to get clients into meet with a case manager who would work with linking clients to Recovery Supports and other resources as appropriate.

Describe efforts to respond to community feedback or needs. Describe your participation with key community partners (e.g.: Multi-Agency Coordinating Committees, Regional Advisory Councils, High Fidelity Wraparound teams, Local Interagency Councils, Local Recovery Community, Local Homeless Coordinating Committees, Peer Advocacy Groups, County Attorney, Law Enforcement, Local Education Agencies, Courts, Regional Healthcare Coalitions, and other partnership groups relevant in individual communities) shall occur consistently.

SJC has a website at <a href="www.sanjuancc.org">www.sanjuancc.org</a> that provides a description of the services provided at the center. The admin team meets regularly to discuss community feedback and/or needs. With open communication between all workers and supervisors we work to meet needs. Administration meets regularly with law enforcement, city leaders, county leaders, agency partners to work through issues as they arise.

We are actively involved in coalitions and inter-agency collaborations that lead to our community partners knowing about our services and referring their clients as needed. Our prevention coordinator is very involved in the community. We are routinely coordinating with the behavioral health department at Utah Navajo Health Systems (a Federally Qualified Health Center on the Navajo Reservation) with services that are available.

What evidence-based practices do you provide? Describe the process you use to ensure fidelity?

SJCC provides the following EBP's relative to substance use treatment: Motivational Interviewing, Mind Body Bridging, Seeking Safety and Moral Reconation Therapy. SJC continues to provide therapists with an annual training budget and paid days to access training related to substance use disorders, trauma, etc. Trainings are screened for content and approved by the Clinical Director.

SJC is committed to taking a reasonable approach to evidence based implementation and fidelity. This includes being committed to three major agency practices that can be sustained and that will benefit a higher number of individuals. SJC is funding training and where possible required consultation.

Minimal fidelity checks will be provided as resources allow. Quality and fidelity are important. However, the reality is that a realistic balance is needed unless we are prepared to sacrifice more access. SJC appreciates the efforts of the Division of Substance Abuse and Mental Health in the area of evidence based practices. This is a system issue and will require financial and additional clinical resources and funding to mitigate the impact on access and other community service demands. SJC supports realistic implementation and fidelity efforts within the current resources available.

Describe your plan and priorities to improve the quality of care.

SJCC has two therapists, both licensed as LCSWs, who provide the bulk of the substance use treatment services for adult clients. Both receive weekly clinical supervision. Therapists providing school based services will also receive weekly supervision that will include discussion of clients with substance use disorders.

Additionally, the substance use disorder team meets biweekly with the medical director to staff, coordinate, and train in substance use related topics.

Identify the metrics used by your agency to evaluate substance use disorder client outcomes and quality.

Client outcomes are currently measured primarily through an evaluation of each client's specific treatment plan goals and objectives. SJC's substance use treatment team meets bi-weekly to review client cases regarding progress and continued needs.

When available SJC will implement the SURE questionnaire to help evaluate outcomes.

Describe your agency plan in utilizing telehealth services. How will you measure the quality of services provided by telehealth?

SJC is utilizing telehealth based services through Zoom, Skype for Business, or our 3CX platform. SJC provides individual therapy, drug court groups, other groups, respite, medication management, and case management through telehealth.

SJC hopes to measure the quality of services provided in the same manner as in person services. This includes OQ/YOQ mobile administration when possible and survey participation.

#### 11) Services to Persons Incarcerated in a County Jail or Correctional Facility Thomas Dunford

Describe the activities you propose and identify where services will be provided. For each service, identify whether you will provide services directly or through a contracted provider, and how you will coordinate with the jail to ensure service delivery is adequate.

San Juan Counseling staff visit incarcerated potential drug court clients to conduct the RANT and ASAM measure in order to assess general appropriateness for Drug Court group. SJC provides additional services to the county jail and to Canyonlands Juvenile Justice Center as requested.

In high acuity cases, SJC provides individual therapy and medication management in the jail.

Describe current and planned activities to assist individuals who may be experiencing withdrawal (including distribution of Naloxone) while incarcerated or any efforts to use Medication-assisted treatment within a county jail or Prison. Identify all FDA approved medications currently provided within the jail(s).

Stephen Hiatt, APRN provides emergency psychiatric evaluations, typically over video conferencing, for inmates experiencing acute withdrawal from opioids while incarcerated.

The SAPT block grant regulations limit SAPT expenditures for the purpose of providing treatment services in penal or correctional institutions of the State. Please identify whether your County plans to expand SAPT block grant dollars in penal or correctional institutions of the State.

Our County does not use SAPT block grant dollars to provide treatment in penal or correctional institutions.

#### 12) Integrated Care

Shanel Long

Describe your partnerships with local Health Departments, accountable care organizations (ACOs), federally qualified health centers (FQHCs) and other physical health providers. Please include a list of community agencies you partner with to provide integrated services.

San Juan Counseling has positive, professional relationships with all primary care organizations in the county, including the four FQHC clinics. Services and referrals are coordinated between agencies and therapists. SJC also works closely with the Health Department on many aspects including distribution of Naloxone kits. In December 2017, San Juan Counseling relocated its main office to one shared with the San Juan Health Clinic and San Juan County Health Department. This has resulted in a moderate increase in client referrals from both agencies compared to when we were housed separately.

Describe your efforts to integrate care and ensure that children, youth and adults have both their physical and behavioral health needs met, including screening and treatment and recovery support. Identify what you see are the primary barriers to implementing integrated care at your agency and your efforts to overcome those barriers. Please also describe how you will provide education and referrals to individuals regarding physical health concerns (i.e., HIV, TB, Hep-C, Diabetes, Pregnancy).

In the fall of 2017, we relocated our main office to a newly constructed building that we share with the San Juan Health District medical clinic and the San Juan County Health Department. We believe this creates increased integration as clients/patients visiting any of the three agencies will be placed in proximity to all. Providers at each agency have easy access to one another when acute client needs arise as well as in more routine instances.

At intake, all clients at San Juan Counseling are asked to complete a medical history to identify possible health concerns, including tobacco use history. This is then reviewed by the clinician with a referral made to a medical provider as needed.

With the increased use of MAT by local physicians, we have received several referrals for clients being

treated with Suboxone. These clients have in every case been willing to allow communication between their therapist and physician. We will continue to invite these clients to sign a release of information to allow this communication.

Our prescriber, Stephen Hiatt, APRN has 25 years of experience at San Juan Counseling and provides a robust evaluation and follow up care for all his patients. He and his full-time LPN assistant, routinely check client vital signs and other health indicators which are included in the E/M notation. We believe Mr. Hiatt's work is as good as any being provided by LMHA's statewide.

Our LPN that meets with patients provides education to individuals regarding their physical health concerns. If needed the nurse will assist patients with physical appointments and will walk the patient to the appropriate agency to get needs met. San Juan Public Health and San Juan Clinic are located just outside our lobby and coordination/referral is a simple process now.

Describe your efforts to incorporate wellness and wellness education into treatment plans for children, youth and adults. Please consider social determinants of health in your response.

Client medical and dental needs are regularly and routinely monitored for all SMI clients involved with our adult day treatment program. Our current policy and practice is for a case manager to attend medical appointments with clients the majority of the time to help ensure any needed coordination and communication occurs with the medical provider.

Our adult day treatment program also invites nurses from the health department and providers from other agencies to present health and wellness information to our SMI clients as part of the psychosocial rehabilitative services provided there. Topics include safe sex practices, disease prevention, health diet practices and the like.

All mental health and substance use clients, including youth-in-transition, youth and children, who complete an intake packet for mental health services also complete a medical history form that asks them to indicate their HIV, TB, Hep-C, diabetes, and pregnancy status. This is then followed-up on as part of intake and early treatment. We have routinely referred clients for follow-up with their medical provider when concerns in these areas are indicated or suspected.

Describe your plan to reduce tobacco and nicotine use in SFY 2023, and how you will maintain a nicotine free environment at direct service agencies and subcontracting agencies. For ongoing engagement, it is recommended to use an evidence-based nicotine dependence tool such as the Fagerstrom scale. SUD Target= reduce nicotine use to 4.8 in 2021 in TEDs.

During the intake process each client is asked to report their smoking history and to indicate whether they are interested in tobacco cessation programming and resources. Their answers are recorded in their EHR. When indicated, smoking cessation becomes part of the therapeutic process. SMI clients who smoke are encouraged to attend smoking cessation classes. Clients are informed of our smoke-free policy during the intake process and by prominently posted signs.

All agency clients have access to medicated assisted therapies for tobacco use through SJC's on-site medical provider.

SJC currently has a committee that meets monthly to discuss tobacco cessation efforts. The committee consists of the medical director, clinical director, RN, day treatment supervisor and two

#### MSW-level clinicians.

In FY2021 SJC trained four employees to provide the "Dimensions" group. The group has been offered to all San Juan County residents, free of charge. It is offered in person or through video conference. SJC will continue to run this group regularly through FY2023.

Quality Improvement: What education does your staff receive regarding health and wellness for client care including children, youth and adults?

We conduct and complete several trainings in house as well as from outside entities regarding the latest research and direction in the field regarding the continuity of care for our clientele. These trainings are conducted regardless of the capacity in which the individual is employed.

Describe the evidence-based services provided for women including gender-specific substance use disorder treatment and other therapeutic interventions that address issues of trauma, relationships, sexual and physical abuse, vocational skills, networking, and parenting.

SJC has instituted a Seeking Safety group that is specific to women with Substance Use Disorders. The seeking safety group addresses the relationship between trauma and substance use. This group meets weekly. We are in the process of introducing the Seeking Safety curriculum as a group at our day treatment program for SMI adults. Additionally, many of our providers have received training in trauma informed care. San Juan Counseling staff has met with victim advocates from Seekhaven and Utah Navajo Health Systems (UNHS) and coordinate services as needed for women in domestic violence related crises. Women in need of residential substance use treatment are referred to House of Hope and Odyssey House. SJCC has a contract with Odyssey House and contracts on a case-by-case basis with House of Hope. SJCC has also facilitated placement at Red Pine Treatment Center in Fort Duchesne, UT for Ute and Navajo clients.

SJC has recently forged a relationship with Gentle IronHawk shelter as a local resource.

Describe the therapeutic interventions for children of clients in treatment that addresses their developmental needs, their potential for substance use disorders, and their issues of sexual and physical abuse and neglect. Describe collaborative efforts with DCFS for women with children at risk of, or in state custody.

SJC has a trauma certified therapist that can work with all forms of trauma and is in the process of training more clinicians in EB trauma protocols. We also help facilitate a CRAFT group through

collaboration with USARA and meet monthly with DCFS to treatment plan, and staff cases under their jurisdiction. SJC is in the process of putting together a curriculum and gauging interest in a women's specific trauma group and works closely with the Gentle IronHawk shelter.

Describe services provided for adolescents and families. Please identify the ASAM levels of care available for youth.

SJC provides .5 and 1 levels of care for youth with a substance use disorder. Motivational interviewing, drug testing (when appropriate), and CBT-informed therapy is available to youth in need of therapeutic intervention. Youth requiring high levels of care, such as residential treatment, are referred to Odyssey House or Navajo Regional Behavioral Health Center in Shiprock, NM.

Most of the youth we see are referred by the school. Those that do not require treatment are typically referred to their school counselor.

Describe efforts to engage, educate, screen, recruit, and refer youth. Identify gaps in the youth treatment referral system within your community and how you plan to address the gaps.

SJC receives the majority of our youth referrals from the San Juan School District (SJSD) and by self-referral, typically by the parents / guardians. Juvenile Justice Services also refer youth to services. SJC works closely with the school district in an effort to inform school counselors about the availability of SJC counselors in the school. SJC has made a point of having therapists in the schools on a predictable schedule so the referral process is clear and relatively easy to accomplish. In FY23, SJC and the SJSD will continue to work together to identify youth who are likely Medicaid eligible and help their parents / guardians navigate the application process.

Describe the Drug Court eligibility criteria for each type of specialty court (Adult, Family, Juvenile Drug Courts, etc). Please provide an estimate of how many individuals will be served in each certified drug court in your area.

San Juan Counseling only has a Felony Drug Court. To be eligible an individual has to have drug related charges and they need to agree to enter the drug court program (take a plea in abeyance). Approval from all the drug court team is required before an individual will be admitted into the program. We estimate that we will serve 15 clients in the drug court program.

Describe Specialty Court treatment services. Identify the services you will provide directly or through a contracted provider for each type of court (Adult, Family, Juvenile Specialty Courts, DUI). How will you engage and assist individuals with Medicaid enrollment throughout their episode of care.

San Juan County Drug Court participants are given individual and group therapy according to their needs. Our Drug Court Coordinator provides some case management, but the primary responsibility falls upon the tracker/case manager who is a sheriff's office employee. The front desk at SJC routinely monitors clients' income levels and they will provide assistance to help individuals enroll in Medicaid.

Describe the MAT services available to Specialty Court participants. Please describe policies or procedures regarding use of MAT while in specialty court or for the completion of specialty court. Will services be provided directly or by a contracted provider (list contracted providers).

Drug court participants are eligible for all MAT services that SJC provides. This is determined by individual participant needs. MAT services will be provided directly by SJC.

Describe your drug testing services for each type of court including testing on weekends and holidays for each court. Identify whether these services will be provided directly or through a contracted provider. (Adult, Family, Juvenile Specialty Courts, etc).

Drug testing is done on a random basis for participants. Weekends and holidays are included on a random basis. Drug tests are administered in Blanding by SJC and in Monticello by the San Juan County Sheriff's Office.

List all drug court fees assessed to the client in addition to treatment sliding scale fees for each type of court (Adult, Family, Juvenile Specialty Courts, etc).

SJCC uses the Risk and Needs Triage (RANT) for all adult clients referred for a substance use evaluation.

SJC has recently been trained and will also start to administer the LS-RNR as a screening measure.

Identify the continuum of services for individuals involved in the justice system. Identify strategies used with low risk offenders. Identify strategies used with high risk offenders.

Because the number of outpatient substance use clients who attend fluctuates, the majority of outpatient substance use counseling takes the form of individual therapy sessions. If however a client is assessed to be high risk / high need, he/she may be considered for inclusion in the ongoing group therapy provided for drug court clients. Current drug court programming includes Moral Reconation Therapy (MRT), Seeking Safety, parenting skills, relationships skills and the Helping Men / Women Recover programs.

SJCC has two practitioners whose primary responsibility is to provide outpatient substance use treatment. Two are licensed clinicians (one male, the other female).

Newly referred substance use clients first meet with our recovery support coordinator to complete the Risk and Needs Triage (RANT) and begin the Daily Living Assessment (DLA-20). This contact is intended to help establish rapport between the client and the RSC who is available to provide case management services and skills development services for court involved clients.

The American Society of Addiction Medicine criteria (ASAM) is completed for all clients who present with a primary substance use diagnosis to assist with a treatment recommendation (e.g residential, outpatient, etc.).

The Prime for Life psychoeducation course whose ASAM indicates this to be an appropriate level of care.

Identify a quality improvement goal to better serve individuals involved in the criminal justice system. Your goal may be based on the recommendations provided by the University of Utah Criminal Justice Center in SFY 2020.

The Utah Criminal Justice Center, following their evaluation of San Juan Counseling, made the recommendation that single-sex Drug Court groups should be created given that women's pathways to crime and substance use can vary from men's. Since this recommendation was made, San Juan Counseling has, for six months out of the yearlong group, separated the larger group into two single-sex groups. This allows for both the benefits to women of sex-specific programming, as outlined in research (Claus et all, 2007), as well as the benefits of combined-sex groupwork (increased empathy and understanding by male group members of the impact of substance use on the developing fetus and the pregnant woman, etc.). Additionally, the Center recommended tracking of program completion among substance use clients, with an aim of a success rate of 65%-85%. San Juan Counseling's Drug Court Program has a 70% completion rate and an 80% completion rate for group programming outside of drug court, with a plan to track client completion more formally.

Identify coalitions, planning groups or councils (or other efforts) at the county level working to improve coordination and outcomes for adults involved in the justice system.

SJC meets regularly with the San Juan County Drug Court Team which includes the County Attorney, Judge, Defense Attorney, AP&P, Case Manager, and SJC treatment staff. SJC is always willing to participate with AP&L or other probation services to coordinate care, improve services and supervision based on risk level. SJC's MCOT team regularly meets and coordinates with the San Juan County Sheriff's office to improve coordination.

Identify efforts as a community stakeholder for children and youth involved with the juvenile justice system, local DCFS, DJJS, Juvenile Courts, and other agencies.

SJC administration attends all Regional Advisory Councils. SJC's clinical director meets monthly with the local DCFS office to coordinate services. SJC administration meets regularly with San Juan School District officials to coordinate services and school needs. SJC is a part of SJC-PAC which brings many community partners together for coordination. SJC is also a key player in the Zero Suicide Coalition that brings partners together to discuss suicide prevention efforts in the community. SJC's clinical director meets quarterly with the Children's Justice Center. SJC administration attends all tables of six meetings that occur quarterly, which includes DCFS, Juvenile Court, JJS, etc.

#### Provide data and outcomes used to evaluate Justice Services.

SJC uses current collected TEDS data including drug and alcohol use, arrests, successful completion of treatment, etc. Additional outcome measures may include the SURE and DLA-20.

There are no inpatient psychiatric facilities in San Juan County. This necessitates referring clients needing inpatient care to facilities outside the county. When inpatient needs arise, patients undergo a physical health evaluation at one of two county hospitals and receive medical clearance. After medical clearance has been obtained, arrangements are made for patients to be transported to a licensed acute inpatient facility within the state of Utah. San Juan County Sheriff's Office provides transportation for clients who are involuntarily committed. The sheriff's office has been extremely cooperative and helpful. They are a great partner. Such patients are often admitted to the Provo Canyon Hospital or Mountain View Hospital.

Every effort is made to maintain residents in their own homes when possible. With strong family support, increased case management and other intensive outpatient services, individuals who otherwise might have been hospitalized can at times be maintained successfully in the community.

San Juan Counseling's professional staff maintains active certification as Designated Examiners for authority to enact involuntary commitments with the above scenarios.

Describe your efforts to support the transition from this level of care back to the community.

We have identified and work with acute hospital/inpatient liaisons to ensure that sessions are set up with a primary therapist prior to discharge. We have also established and are explicit on the importance of aftercare services at intake and are collaborating with these entities to ensure an AC plan is in place prior to discharge. Our MCOT team also conducts F/U with any individuals transitioning back into the community per their mandates.

Justify any expected increase or decrease in funding and/or any expected increase or decrease in the number of individuals served (15% or greater change).

Since there are no children/youth inpatient facilities within San Juan County, the same procedures that apply for adult inpatient care and services apply to youth. For children and youth needing intensive services, every effort is made to meet those needs through some type of diversion plan within the county. Children and youth whose needs cannot be met locally and who require inpatient care are referred to appropriate facilities outside of the county. As inpatient needs arise, patients can undergo a physical health evaluation at either local hospital for medical clearance. Arrangements are then made for patients to be placed in an acute inpatient facility within the state of Utah. These placements are sometimes arranged through relationships with other mental health centers in the state. If the situation warrants, placement at the Utah State Hospital is utilized. Youth are also admitted to private hospitals.

As with the adult population, intensive wraparound services can sometimes alleviate the need for hospitalization. Safety of the individual, family, and community remains paramount when less restrictive (non-hospitalization) measures are pursued.

San Juan Counseling's professional staff maintain active certification as Designated Examiners for authority to enact associated involuntary commitments with the above scenarios.

SJC and Canyonlands Youth Home have an agreement to use the youth home as a diversionary placement when appropriate. We have used this resource when appropriate and will continue to do so.

# Describe your efforts to support the transition from this level of care back to the community.

SJC works to support all inpatient discharges. Our MCOT staff is dedicated to work with individuals as they are transitioning back into the community. The MCOT team reaches out to follow up on needs of the individual. The MCOT team helps to facilitate therapy appointments and other resources as

needed. SJC will also offer respite when appropriate.

With SJC's relationship with local SOC's, if needed, referrals will be made and facilitated for those services

Justify any expected increase or decrease in funding and/or any expected increase or decrease in the number of individuals served (15% or greater change).

SJC anticipates increases in the number of inpatient bed days for the youth that the Center is responsible for funding.

Describe the activities you propose to undertake and identify where services are provided. For each service, identify whether you will provide services directly or through a contracted provider.

No mental health residential facilities are located within San Juan County. As a result, San Juan Counseling refers San Juan County residents who meet criteria for this level of care to facilities outside of the county. SJC has a cooperative relationship with other Utah Behavioral Health Committee (UBHC) agencies that have residential care facilities. By "cooperative relationship," it is the relationship that we as a center, have with each of the other LMHCs throughout the state. When we are in need of services not available in San Juan County, we often call other centers and ask for advice, suggestions and assistance. They are very cooperative and are often able to suggest facilities and resources that may or may not be affiliated with their particular center. This cooperative relationship has proven invaluable in many instances in which we needed knowledge of, and/or access to, facilities and resources outside our county. However, such facilities have been difficult to access for our residents based on funding constraints and availability. Private facilities have been utilized as needed and will continue to be used. SJC has been able to provide several modified services to minimize the need of residential treatment such as aggressive case managed services, services similar to an ACT team and services similar to a Clozaril Clinic. Due to the creative efforts of the clinical team at SJC, clients that might have required residential treatment have been maintained in a less restrictive setting while at the same time addressing their unique needs.

If a San Juan County resident is in need of therapeutic foster care, a therapeutic foster care provider is used within the county when available. Four Corners Care Center located in Blanding provides

residential care for aged clients needing long-term care.

In addition to utilizing out-of-county facilities when necessary, SJC provides residential-type services in our day treatment facilities. Day treatment clients are allowed to utilize washers and dryers in the day treatment facilities to do laundry. Clients are also given the opportunity to shower in day treatment facilities. Wrap-around and other in-home services are provided to SMI clients in an effort to maintain them in their own homes in the local community.

How is access to this level of care determined? How is the effectiveness and accessibility of residential care evaluated?

SJC utilizes functional assessments such as the DLA-20 when available in combinations with clinical information related to safety and the need for additional support. The primary goals include the individual being in the least restrictive environment possible. Effectiveness of care is determined by several factors including functioning levels, inpatient admissions, legal involvement, safety, etc.

Describe the activities you propose to undertake and identify where services are provided. For each service, identify whether you will provide services directly or through a contracted provider. Please identify any significant service gaps related to residential services for youth you may be experiencing.

Procedures for children and youth residential care are similar to the residential care for adults with the exception that they are placed in satisfactory children's facilities. Due to our close personal and working relationships with other LMHCs and their employees, they are willing to assist when asked for recommendations and help in finding residential placements for San Juan County children and youth. Relationships developed through UBHC sponsored meetings of directors, clinical directors and children's coordinators have facilitated such relationships and cooperative attitudes among various centers and their employees.

SJC uses clinical information related to safety and the need for additional support. The primary goals include the individual being in the least restrictive environment possible. Describe the activities you propose to undertake and identify where services are provided. For each service, identify whether you will provide services directly or through a contracted provider.

Outpatient services are provided by San Juan Counseling. Services include: Intake and evaluation, psychiatric assessment and evaluation, individual, marriage, family and group psychotherapy, and behavior management. Major goals of outpatient services are: 1) screen for appropriateness of treatment through the completion of an intake and evaluation, 2) evaluate and diagnose individuals with potential mental illness in order to determine what illnesses are present, 3) prescribe appropriate treatment secondary to initial diagnosis or diagnostic impressions and subsequently, 4) provide psychotherapy, group or family therapy and medication management as indicated in order to treat the

diagnosed illness of the client or individual.

Other services include: 1) indicate and/or prescribe residential or inpatient treatment as needed and, 2) referral to appropriate treatment agency.

All clinical staff practice under the Department of Professional Licensing Guidelines as Licensed Mental Health Professionals. Certified Case Managers are certified under DSAMH.

Describe the approach to serving individuals with complex behavioral health presentations or who need multiple supports to remain in the community, including the programmatic approach to serving individuals in the least restrictive level of care. Identify your proposed fidelity monitoring and outcome measures.

San Juan Counseling does not currently have an interdisciplinary ACT team or practice ACOT for high acuity clients. However, efforts continue to coordinate with community partners to identify and outreach to clients with chronic and persistent mental illness. For instance, SJC administration and staff have met with medical staff and behavioral health leadership of Utah Navajo Health Systems (UNHS) to promote our adult day treatment programs in Blanding, Montezuma Creek and Mexican Hat. In addition, SJC staff has presented to four Navajo Nation chapters located in Utah and will continue contact with these organizations. The outcome measures sought for are keeping individuals in the community and out of inpatient units, out of jails, and to prevent homelessness. SJC utilizes the DLA-20 to track improvement and individual needs.

All numbers used in the FY 2023 Area Plan are projections based upon an analysis of services rendered during the most current calendar year. All projections are based upon these trends. Due to critical staffing shortages, we anticipate a drop in clients served. If we can overcome this challenge in FY23 we anticipate serving more clients than estimated.

Describe the programmatic approach for serving individuals in the least restrictive level of care who are civilly committed or court-ordered to Assisted Outpatient Treatment. Include the process to track the individuals, including progress in treatment.

San Juan Counseling strives to serve civilly committed clients using the least restrictive level of care possible. Civilly committed clients living in the community are consistently re-evaluated prior to their civil commitment hearing to determine whether he/she still meets criteria. If not, this is clearly articulated to the court. Every individual civilly committed are assigned to different clinicians and meet with the clinicians at least monthly - usually weekly. Monthly during the case manager meetings the individuals are discussed. The re-evaluation process is ongoing.

For clients seen in acute settings, such as an ER department, SJC clinicians conduct an emergency mental health evaluation that includes a suicide-specific risk assessment, information from collateral sources, such as medical records, family members and friends. An effort is made to engage the client in safety planning and restricting his/her access to lethal means prior to determining whether civil commitment is recommended.

Describe access to crisis services during daytime work hours, afterhours, weekends and holidays. Describe how crisis services are utilized as a diversion from higher levels of care (inpatient, residential, etc.) and the criminal justice system. Identify what crisis services are provided and where services are provided and what gaps need to still be addressed to offer a full continuum of care to include access to a crisis line, mobile crisis outreach teams, and facility-based stabilization/receiving centers. Identify plans for meeting any statutory or administrative rule governing

crisis services. For each service, identify whether you will provide services directly or through a contracted provider. Describe how you coordinate with state and local partners for services to include the Utah Crisis Line, JJS and other DHS systems of care, for the provision of crisis services.

In November 2020 SJC implemented MCOT services in San Juan County. During daytime work hours the crisis services are covered by 2 Bachelor's level Certified Crisis Workers. There is a licensed therapist available during the daytime hours to assist Crisis Workers as needed. After office hours and on the weekends, there is one Crisis Worker and one therapist on call from 8 am to 10 pm. A licensed therapist covers the on call from 10 pm to 8 am. The on-call line is covered 24 hours a day, 7 days a week. The local crisis phone number for the on-call worker is provided to the local hospitals, medical clinics, sheriff's office, police stations, DCFS, nursing home, schools, and other key facilities within the county. The Utah Crisis Line is advertised to the local community as the crisis number. The MCOT team will be deployed through handoffs from the Utah Crisis Line, calls from local partners including law enforcement, schools, and emergency rooms, calls or walk in crisis' initiated by consumers, and local dispatch.

All crisis services are provided without any compensation from the local hospitals, jails, or other institutions. All individuals are served regardless of funding status.

Crisis services are utilized as a diversion from higher level of care through MCOT outreaches. The MCOT team will deploy to where the crisis is happening (as far as it meets safety standards). The MCOT crisis workers will utilize local resources to meet client's needs. The MCOT team continues to reach out and monitor progress of the individual's needs, including linking to further appropriate services.

SJC has lost 50% of our professional staff since July 2021 and has been unable to replace those positions due to lack of qualified applications. The professional staffing shortage that is happening statewide is influencing our ability to fully staff the crisis team. SJC realizes that crisis services are essential. SJC also recognizes that providing these services and requiring after hours shifts is one the largest barriers to job satisfaction among the majority of providers. After hours and weekend work can be viewed as more challenging for some providers. With more competition for providers that are not required to work after hours and weekends, hiring has become a bigger challenge. The public system needs to develop and have access to additional resources and ideas to attract and keep providers willing and able to provide 24/7 crisis services. SJC has and will continue to explore a myriad of options to alleviate some of the challenges associated with crisis services.

As part of our efforts to promote MCOT, our MCOT crisis workers have presented to local law enforcement agencies, DCFS, JJS, medical providers, schools, and other community partners. Our MCOT team reaches out to partners quarterly with brochures and information to help with the coordination efforts. Describe access to crisis services during daytime work hours, afterhours, weekends and holidays. Describe how crisis services are utilized as a diversion from higher levels of care (inpatient, residential, etc.) and the criminal justice system. Identify what crisis services are

provided, where services are provided, and what gaps need to still be addressed to offer a full continuum of care (including access to a Crisis Line, Mobile Outreach, Receiving Center and In-Home Stabilization Services). Include if you provide SMR services, if you are not an SMR provider, how do you plan to coordinate with SMR providers in your region? For each service, identify whether you will provide services directly or through a contracted provider. Describe how you coordinate with state and local partners, to include JJS and other DHS systems of care, for the provision of services to at risk youth, children, and their families.

In November 2020 SJC implemented MCOT services in San Juan County. During daytime work hours the crisis services are covered by 2 Bachelor's level Certified Crisis Workers. There is a licensed therapist available during the daytime hours to assist Crisis Workers as needed. After office hours and on the weekends, there is one Crisis Worker and one therapist on call from 8 am to 10 pm. A licensed therapist covers the on call from 10 pm to 8 am. The on-call line is covered 24 hours a day, 7 days a week. The local crisis phone number for the on-call worker is provided to the local hospitals, medical clinics, sheriff's office, police stations, DCFS, nursing home, schools, and other key facilities within the county. The Utah Crisis Line is advertised to the local community as the crisis number. The MCOT team will be deployed through handoffs from the Utah Crisis Line, calls from local partners including law enforcement, schools, and emergency rooms, calls or walk in crisis' initiated by consumers, and local dispatch.

All crisis services are provided without any compensation from the local hospitals, jails, or other institutions. All individuals are served regardless of funding status.

Crisis services are utilized as a diversion from higher level of care through MCOT outreaches. The MCOT team will deploy to where the crisis is happening (as far as it meets safety standards). The MCOT crisis workers will utilize local resources to meet client's needs. The MCOT team continues to reach out and monitor progress of the individual's needs, including linking to further appropriate services.

SJC has lost 50% of our professional staff since July 2021 and has been unable to replace those positions due to lack of qualified applications. The professional staffing shortage that is happening statewide is influencing our ability to fully staff the crisis team. SJC realizes that crisis services are essential. SJC also recognizes that providing these services and requiring after hours shifts is one the largest barriers to job satisfaction among the majority of providers. After hours and weekend work can be viewed as more challenging for some providers. With more competition for providers that are not required to work after hours and weekends, hiring has become a bigger challenge. The public system needs to develop and have access to additional resources and ideas to attract and keep providers willing and able to provide 24/7 crisis services. SJC has and will continue to explore a myriad of options to alleviate some of the challenges associated with crisis services.

As part of our efforts to promote MCOT, our MCOT crisis workers have presented to local law enforcement agencies, DCFS, JJS, medical providers, schools, and other community partners. Our MCOT team reaches out to partners quarterly with brochures and information to help with the coordination efforts. During the daytime when our MCOT team is not responding to calls they are following up with recent cases, concerning no shows, community partner outreach, etc.

Describe the activities you propose to undertake and identify where services are provided. For each service, identify whether you will provide services directly or through a contracted provider. Please include how you ensure each case management provider is certified to provide these services.

Case management services are provided by SJC. Case management services are centered on the client's individual needs for behavioral training, community living skills, work activity, work adjustment, recreation, self-feeding, self-care, social appropriateness, interpersonal adjustment, self-sufficiency, etc., as prescribed in the Treatment Plan. Medication management, financial management and other vital skills are taught to insure adequate and effective skills development for each client who receives case management services from San Juan Counseling. The focus for case management is to screen for appropriateness of case management services through the completion of an intake and evaluation, evaluate and diagnose individuals with potential mental illness in order to determine what illnesses are present, prescribe appropriate case management treatment secondary to initial diagnosis or diagnostic impressions and then subsequently, provide direct services to empower the client to learn how to provide Activities of Daily Living (ADL) for themselves or to empower them to care for themselves and for their general ADL as indicated in order to reach maximum resiliency or to reach a state of recovery from the diagnosed illness of the client.

SJC ensures case managers are certified by tracking training, having staff submit CM tests to SJC leadership, and supervise 80 hours of experience required.

San Juan Counseling is continuing to look at ways to meet the housing needs of the community. SJC provides transitional housing occasionally through local motels and apartments. SJC has secured a trailer that is used for transitional housing to be used as needs arise.

SMI clients, especially those who attend Day Treatment receive extensive in-home, housing, and other case management services. SJC's case managers work with local low-income housing providers to meet housing needs in the community. Case managers also work with housing authorities and owners to help clients be compliant with housing standards, so their housing is not at risk.

San Juan Counseling has 1 part time Peer Support Worker. Working with SOC, the Peer works closely with families in crisis to educate families about available services and provide carefully crafted wrap-around services for families in need. Family team meetings are held to personalize the service of each family. The services are coordinated in both the family team meetings and the System of Care.

San Juan Counseling's clinical professional staff is available 24-7 to medical professionals, school personnel, parents, law enforcement, etc. as needed for consultation for mental health crises situations.

San Juan Counseling therapists provide wellness-oriented presentations at various community seminars and gatherings.

The San Juan System of Care committee, of which SJC is a major player, sponsors an annual Family Support conference that has been attended by hundreds of people. It is a very successful event where residents are able to learn of services available in the county.

SJC is also a part of a San Juan County Health Fair held each year.

This assistance has come in the form of helping find suitable housing, employment, day treatment services, therapy, family support and other efforts to help patients successfully transition back into the community.

Our Children and Youth Outplacement services are similar to that provided to adults. On those occasions when this service becomes necessary the placement is secured and upon discharge efforts are made to return children to their own homes. Families are supported, therapy is provided, and every effort is made to work closely with schools and other community resources to help the children transition back to the community. DCFS is a partner in children and youth outplacement efforts. Outplacement funding has contributed to the success of these services.

#### 28) Client Employment

Sharon Cook

Increasing evidence exists to support the claim that competitive, integrated and meaningful employment is an essential part of the recovery process and is a key factor in supporting mental wellness.

In the following spaces, please describe your efforts to increase client employment in accordance with Employment First 62A-15-105.2

Competitive, integrated and meaningful employment in the community (including both adults and transition-aged youth).

Meaningful employment contributes to the recovery process and is a key factor in supporting mental wellness. Employment promotes time structure, social contact and affiliation, collective effort and purpose, social and personal identity, regular activity.

SMI clients receiving services at San Juan Counseling have had increasing success finding employment in competitive settings, both in private business and government institutions. Presently, approximately 59% of SJC SMI clients who actively attend day treatment services are employed part-time.

The referral process for employment services and how clients who are referred to receive employment services are identified.

Clients are identified through a formal evaluation and referred by a licensed therapist.

## Collaborative employment efforts involving other community partners.

Much of our collaborative efforts revolve around San Juan System of Care Committee. SJC has been the driving force behind the local System of Care efforts. Systems of Care Meetings are held each month. Many of the families who have asked for services from the SOC committee struggle with employment. The SOC effort focuses some energy on attempting to find solutions to unemployment. This effort is supported by DWS, DCFS, VOC REHAB, DJJS, Family Resource, churches, schools, etc. SJC is currently in talks with Vocational Rehabilitation to explore the possibility of SJC becoming a community rehabilitation partner (CRP).

Employment of people with lived experience as staff through the Local Authority or subcontractors.

SJC has currently hired 3 people with lived experience as custodians.

## **Evidence-Based Supported Employment.**

There has been some success helping clients find meaningful employment such as janitorial work at our main office. The employees are coached and trained to maintain their employment. Jobs are difficult to find in San Juan County under the best of circumstances. The results have been satisfying for center personnel, and even more so for clients. This effort sometimes includes training that qualifies clients for the desired job.

The employment specialist at San Juan Counseling has completed the Individualized Placement and Support (IPS) training and has visited dozens of area employers over the past six months using the IPS model. This has resulted in at least four SMI clients being offered part-time employment in fully competitive workplaces. The SJC employment specialist has been ACRE certified (Association of

Community Rehabilitation Educators.) Clients are encouraged to identify work they are interested in at which point the employment specialist assists in connecting the client to that type job. Through the IPS model, the SJC employment specialist is assisting clients with resume building, interviewing skills, job development, and job placement.

# 29) Quality & Access Improvements Identify process improvement activities:

Evidence Based Practices: In this section please describe the process you use to ensure fidelity to EBPs. Attach a list of EBPs in the attachment section.

San Juan Counseling ensures that clinical staff stay up to date on their skills by providing financial support to obtain necessary continuing education units (CEU's) needed for maintaining licensure. Additional CEU's or training in EBP are encouraged and part of the clinical departments annual goals and within the agency to have a competent, well rounded, and an eclectic clinical team. If a training/CEU opportunity/or certification in an EBP is desired, the clinician will submit a request to the clinical director with costs, rationales, and how this will positively impact them professionally, SJC, and the community and clientele we serve. Additionally, San Juan Counseling strives to maintain clinical practices according to state and national standards that are consistent with evidence-based practices. San Juan Counseling utilizes Clinical Preferred Practice Guidelines as mandated by the Utah State Division of Mental Health and Substance Abuse. Evidence based practices are utilized in all outpatient services provided at San Juan Counseling. We have come to understand the necessity of becoming proficient in and utilizing EBP at SJC and audits and supervision are conducted regularly to ensure fidelity. We continue to prioritize our goal of continued development through learning and implementing EBP in our work with clients. In FY22, specific agency therapists were trained on MBB, ACT, and EMDR. Supervision and fidelity measures, when appropriate, have been outsourced to the trainers to ensure fidelity. In FY23, plans are in place to send clinicians to training related to EBP that provide demonstration of a skill, opportunity to practice the skill, and continued development. Follow-up supervision after the training is also conducted. These opportunities include but are not limited to DBT, Seeking Safety, EMDR, MBB, TF-CBT, MI, and ACT. Ongoing monitoring and supervision will be provided through weekly supervision, joint sessions, and recorded therapy sessions (with informed consent) when appropriate, and outsourcing, as necessary. SJC therapists are encouraged and held accountable to find EBP's that they find of value and can practice to fidelity.

Outcome Based Practices: Identify the metrics used by your agency to evaluate client outcomes and quality of care.

San Juan Counseling utilizes the OQ and YOQ as outcome measures for services provided. Treatment plans (recovery plans) are outcome based driven with collaboration of the client. Part of our ongoing effort is to increase the use of the OQ and YOQ.

Service Capacity: Systemic approaches to increase access in programs for clients, workforce recruitment and retention, Medicaid and Non-Medicaid funded individuals, client flow through programming

SJC, and its governing Board, are aware of the possible need to increase service capacity. The situation is constantly monitored and reviewed to assure that the Center has the capacity to meet the demand. SJC will continue to monitor outlying areas that are in need of services.

Covid-19 put a slow down on our plans to provide services in the Mexican Hat area. SJC has opened the building on a part-time basis now. SJC continues to provide services to clients in the community

and through telemedicine when available. Due to the frontier nature of our county, there are many areas that are without internet and basic phone services. Covid-19 shut down has had a great impact on our ability to reach clients that live in the extreme remote areas of our catchment area. SJC will continue to look for ways to provide services in those areas.

SJC is currently going through a critical staffing shortage. We have lost 50% of our professional staff since July 2021. We have increased the sign on bonus, along with increasing pay without any success in attracting qualified staff. We are set to be the internship site for the current USU MSW cohort, which will help with our staffing issues. 2 of the interns are current SJC employees so retention is probable.

Efforts to respond to community input/need. Describe your participation with key community partners (e.g.: Multi-Agency Coordinating Committees, Regional Advisory Councils, High Fidelity Wraparound teams, Local Interagency Councils, Local Recovery Community, Peer Advocacy Groups, County Attorney, Law Enforcement, Local Education Agencies, Courts, Regional Healthcare Coalitions, Local Homeless Councils, and other partnership groups relevant in individual communities).

SJC responds to community needs as addressed. SJC continues to keep communication open with DCFS, JJS, hospitals and clinics, schools, law enforcement, courts, etc. to address needs and quality of service. SJC administration attends all Regional Advisory Councils. SJC's clinical director meets monthly with the local DCFS office to coordinated services. SJC administration meets regularly with San Juan School District officials to coordinate services and school needs. SJC is a part of SJC-PAC which brings many community partners together for coordination. SJC is also a key player in the Zero Suicide Coalition that brings partners together to discuss suicide prevention efforts in the community. SJC's clinical director meets quarterly with the Children's Justice Center. SJC administration attends all table of six meetings that occur quarterly, which includes DCFS, Juvenile Court, JJS, etc. SJC administration is on the local homeless council that San Juan County oversees.

# Describe how mental health needs for people in Nursing Facilities are being met in your area

Currently there is one nursing facility in San Juan County. San Juan Counseling coordinates care with the nursing facility and they refer clients for treatment when needed. SJC will also send staff to the facility if circumstances are warranted. SJC can provide routine visits, however it has been limited. SJC is working with the SNF to increase these services.

Telehealth: How do you measure the quality of services provided by telehealth? Describe what programming telehealth is used in.

SJC is utilizing telehealth-based services through Zoom, Skype for Business, or our 3CX platform. SJC provides individual therapy, drug court groups, other groups, respite, medication management, and case management through telehealth.

SJC hopes to measure the quality of services provided in the same manner as in person services. This includes OQ/YOQ mobile administration when possible and survey participation.

Describe how you are addressing maternal mental health in your community. Describe how you are addressing early childhood (0-5 years) mental health needs within your community. Describe how you are coordinating between maternal and early childhood mental health services. Technical assistance is available through Codie Thurgood: cthurgood@utah.gov

SJC will continue working closely with the San Juan Public Health Department in the Mother's Mental Health Matters program. Clients referred for postpartum depression needing specialized care, will have the option of being referred to Erin Shepard, LCSW who has worked with SJC as a contracted provider

in the past. For young children child centered play therapy can be provided.

SJC provides parenting classes locally and is able to refer parents to services as needed.

## 30) Integrated Care

Pete Caldwell

Describe your partnerships with local Health Departments, accountable care organizations (ACOs), federally qualified health centers (FQHCs) and other physical health providers.

Utah Navajo Health System is located in San Juan county and operates Federally Qualified Health Centers. We regularly coordinate services and have worked together on various initiatives. Our working relationship is strong and is expected to strengthen as time goes by.

SJC is currently working together to implement Zero Suicide in our communities. Representative from both UNHS and SJC have been meeting monthly since February 2016.

SJC's current facility is a part of a multi-agency facility with San Juan Clinic (part of San Juan Hospital) and San Juan Public Health. With the close proximity to the other entities this has increased access to physical health for our clients.

Describe your efforts to integrate care and ensure that children, youth and adults have both their physical and behavioral health needs met, including screening and treatment and recovery support. Identify what you see as the primary barriers to implementing integrated care at your agency and your efforts to overcome those barriers. Please also describe how you will provide education and referrals to individuals regarding physical health concerns (i.e., HIV, TB, Hep-C, Diabetes, Pregnancy).

In the fall of 2017, we relocated our main office to a newly constructed building that we share with the San Juan Health District medical clinic and the San Juan County Health Department. We believe this creates increased integration as clients/patients visiting any of the three agencies will be placed in proximity to all. Providers at each agency have easy access to one another when acute client needs arise as well as in more routine instances.

At intake, all clients at San Juan Counseling are asked to complete a medical history to identify possible health concerns, including tobacco use history. This is then reviewed by the clinician with a referral made to a medical provider as needed.

With the increased use of MAT by local physicians, we have received several referrals for clients being treated with Suboxone. These clients have in every case been willing to allow communication between their therapist and physician. We will continue to invite these clients to sign a release of information to allow this communication.

Our prescriber, Stephen Hiatt, APRN has 25 years of experience at San Juan Counseling and provides a robust evaluation and follow up care for all his patients. He and his full-time LPN assistant, routinely check client vital signs and other health indicators which are included in the E/M notation. We believe Mr. Hiatt's work is as good as any being provided by LMHA's statewide.

Our LPN that meets with patients provides education to individuals regarding their physical health concerns. If needed the nurse will assist patients with physical appointments and will walk the patient to the appropriate agency to get needs met. San Juan Public Health and San Juan Clinic are located just outside our lobby and coordination/referral is a simple process now.

Describe your efforts to incorporate wellness and wellness education into treatment plans for children, youth and adults. Please consider social determinants of health in your response.

SJC strives to assess for basic wellness as services are accessed from therapists, prescribers, nurses, case managers, and peer support. When warranted wellness issues are incorporated into plans. If a physical health issue is connected to a mental health symptom, then an objective will be written into the treatment plan.

Our day treatment programs have started wellness programs centered around eating well and active living. We provide wellness center passes to employees so they can accompany clients to teach them those skills. When needed we have provided wellness center passes to clients to promote wellness.

Quality Improvement: What education does your staff receive regarding health and wellness for client care including children, youth and adults?

Client medical and dental needs are regularly and routinely monitored for all SMI clients involved with our adult day treatment program. Our current policy and practice is for a case manager to attend medical appointments with clients the majority of the time to help ensure any needed coordination and communication occurs with the medical provider.

Our adult day treatment program also invites nurses from the health department and providers from other agencies to present health and wellness information to our SMI clients as part of the psychosocial rehabilitative services provided there. Topics include safe sex practices, disease prevention, health diet practices and the like.

All mental health and substance use clients, including youth-in-transition, youth and children, who complete an intake packet for mental health services also complete a medical history form that asks them to indicate their HIV, TB, Hep-C, diabetes, and pregnancy status. This is then followed-up on as part of intake and early treatment. We have routinely referred clients for follow-up with their medical provider when concerns in these areas are indicated or suspected.

Describe your plan to reduce tobacco and nicotine use in SFY 2023, and how you will maintain a nicotine free environment as a direct service or subcontracting agency. For ongoing engagement, it is recommended to use an evidence-based nicotine dependence tool such as the Fagerstrom scale. SUD Target= reduce tobacco and nicotine use by 4.8%.

During the intake process each client is asked to report their smoking history and to indicate whether they are interested in tobacco cessation programming and resources. Their answers are recorded in their EHR. When indicated, smoking cessation becomes part of the therapeutic process. SMI clients who smoke are encouraged to attend smoking cessation classes. Clients are informed of our smoke-free policy during the intake process and by prominently posted signs.

All agency clients have access to medicated assisted therapies for tobacco use through SJC's on-site medical provider.

SJC currently has a committee that meets monthly to discuss tobacco cessation efforts. The committee consists of the medical director, clinical director, RN, day treatment supervisor and two

MSW-level clinicians.

In FY2021 SJC trained four employees to provide the "Dimensions" group. The group has been offered to all San Juan County residents, free of charge. It is offered in person or through video conference. SJC will continue to run this group regularly through FY2023.

Describe your efforts to provide mental health services for individuals with co-occurring mental health and autism and other intellectual/developmental disorders. Please identify an agency liaison for OSUMH to contact for IDD/MH program work.

SJC employs a full-time APRN who services as our Medical Director. He sees all SMI clients for psychotropic medication, as needed, and conducts a general medical assessment that includes blood pressure and other basic vital signs. He is able to provide MAT for dually diagnosed SMI clients as well as NRT to assist with tobacco cessation. SJC employs part-time nurses to deliver medications to client's homes on weekends. SJC also refers to local home health providers for SMI clients with medical needs. SJC connects with UDOH Children with Special Health Care Needs to coordinate and assess for clients with Autism and other ID/DD. SJC will work with families on any of the behavioral health components of the co-occurring disorders. SJC provides a therapist for all individuals with co-occurring disorders, autism, intellectual/developmental disorders who in conjunction with our case managers, other community partners, collaborate to ensure integrated/informed, and appropriate treatment plans are created and care is provided. Our clinical director will be the liaison for SJC.

For intervention/treatment, describe your policies and procedures for suicide screening, risk assessment, and safety planning as well as suicide specific treatment and follow up/care transition services. Describe how clients are identified for suicide specific services. How is the effectiveness of the services measured? Include the evaluation of the activities and their effectiveness on a program and community level. If available, please attach the localized agency suicide prevention plan or link to plan.

SJC is a key player in the Zero Suicide coalition. Through this coalition we have supported the school district Hope weeks and other community efforts. SJC promotes the effort with the SafeUT app and the Utah Crisis Line.

Internally, SJC has created a way to identify those clients who might be at a higher risk of suicidal ideation. If clients miss an appointment a MCOT team member reaches out as a friendly check in. SJC identifies clients that may have needs based of OQ answers and therapist recommendation. Additionally, SJC has access to gun safes that are free of charge to any presenting with the need.

SJC staff are ASIST trained and utilize the Columbia Suicide Assessment measure as a screening tool. Staff have also been trained in the administration of CAMS. We also hold a semi-annual suicide related training through our legal counsel to ensure we are documenting properly (legal standpoint) who trains on the SAVRY related to youth and suicide. Our therapists look at the monthly OQ and conduct additional screenings when necessary and add clients to the warning list in our EHR. As part of session protocol, they also explicitly inquire on suicide related thoughts/behaviors and use EBP when present. They also create a safety plan as does our MCOT team whenever anything related to suicide and/or safety is present.

Identify at least one staff member with suicide prevention responsibilities trained in the following OSUMH Suicide Prevention programs. If a staff member has not yet been identified, describe the plan to ensure a staff member is trained in the following:

- 1. Suicide Prevention 101 Training
- 2. Safe & Effective Messaging for Suicide Prevention
- Suicide Prevention Gatekeeper training, such as Question-Persuade-Refer (QPR), Mental Health First Aid (MHFA), Talk Saves Lives or Applied Suicide Intervention Skills Training (ASIST)

Our MCOT supervisor and Clinical Director oversee and ensure compliance is met for those they supervise related to the responsibilities.

Describe all current strategies in place in suicide <u>postvention</u> including any grief supports.

Describe your plan to coordinate with Local Health Departments and local school districts to develop a plan that identifies roles and responsibilities for a community postvention plan aligned with the Utah Suicide Coalition for Suicide Prevention Community Postvention Toolkit. Identify existing partners and intended partners for postvention planning. If available, please

attach a localized suicide postvention plan for the agency and/or broader local community or link to plan.

SJC has been involved with postvention services with individual families as requested by families or community partners. SJC's MCOT team has worked closely with local law enforcement agencies to provide warm handoffs. The Zero Suicide Coalition has created postvention kits to offer to those in need. SJC will offer grief support groups and individual sessions as needed.

MCOT is reconnecting with all identified community partners to re-educate, connect, and collaborate. We also meet monthly with the school district in a standalone meeting as well as through SOC/SJCPAC to ensure collaboration. SJC has a therapist in the school weekly.

#### 35) Justice Treatment Services (Justice Involved)

Thom Dunford

What is the continuum of services you offer for justice involved clients and how do you address

## reducing criminal risk factors?

Justice involved clients have access to the full continuum of services provide by SJC when individuals are living in a community setting. SJC utilizes BDT to address criminogenic risk factors. The majority of justice referred individuals are referred for substance use that may also have a co-occurring disorder requiring mental health services.

### Describe how clients are identified as justice involved clients

Mental health assessments ask individuals if they have been compelled e.g., court ordered for mental health treatment.

## How do you measure effectiveness and outcomes for justice involved clients?

SJC utilizes current SAMHIS data that is submitted to the Division by SJC. Decreasing criminal and legal system involvement is a key outcome.

Identify training and/or technical assistance needs.

Training on the LS-RNR for Agency's staff.

Identify a quality improvement goal to better serve justice-involved clients.

SJC is implementing the LS-RNR to better serve justice involved clients.

Identify the efforts that are being taken to work as a community stakeholder partner with local jails, AP&P offices, Justice Certified agencies, and others that were identified in your original implementation committee plan.

SJC has a good working relationship with jails, AP&P offices, and law enforcement agencies. SJC will continue to work with community stakeholders on an ongoing basis.

Identify efforts being taken to work as a community stakeholder for children and youth who are justice involved with local DCFS, DJJS, Juvenile Courts, and other agencies.

SJC works with the local SOC to coordinate staffings. SJC regularly meets with DCFS, Children Justice Centers, and JJS
