"We are proud to recognize Jon Hepworth as our April 2025 Employee of the Month! Jon is a dedicated member of our Community Development Department, serving as a Combination Building Inspector—a role that requires him to conduct inspections for both residential and commercial construction. Licensed through the Division of Professional Licensing with the State of Utah, Jon plays a crucial part in ensuring that our community's buildings meet the highest safety standards.

Jon began working with the city in 2019 when he joined the Public Works Department. After a year, he transitioned to Community Development, where he has continued to make a meaningful impact.

A resident of Santaquin, Jon shares his life with his incredible wife of 15 years, Angie, and their four children, ages 12, 9, 6, and 3. Originally from Southern Utah, he attended Panguitch and Cedar City High Schools, where he built the foundation for his hardworking and community-focused mindset.

When asked what he enjoys most about his job, Jon shared:

"I enjoy helping our residents by making sure the construction going into their homes follows safety protocols."

Jason Bond, Assistant City Manager, had this to say about Jon:

"Jon has worked hard to finish obtaining all of the essential residential and commercial certifications needed for building inspection. More importantly, he cares about those he works with and this characteristic, along with his humor and personality, help create a good culture and working environment in the Community Development Department. We are glad to have Jon at Santaquin City."

Outside of work, Jon is an avid outdoorsman who loves hunting, camping, fishing, and exploring nature. He also enjoys lending a hand at his in-laws' commercial tree farm, further demonstrating his strong work ethic and commitment to family.

Funds for this project were approved in the current budget for \$72,000. Quotes were received from both Powder River and Priefert dealers for the necessary equipment. After reviewing the proposals, Public Works Director Jason Callaway recommended selecting Powder River, as they provided the best pricing and appear to be the best fit for our needs.

14. Discussion & Possible Action - Possible Implementation of Fast Cast Voting

Manager Beagley introduced the proposed Fast Cast Voting system as presented by Utah County Clerk Aaron Davidson for the 2025 Municipal Elections. During the municipal elections this year, Utah County Elections Division would like to expand Early Voting opportunities by incorporating the Fast Cast Voting method at each municipality that would like to participate. To accomplish this, Utah County would like to give each municipality the option to accept Fast Cast ballots Monday through Thursday the week before election day in their city centers during normal operating hours.

After review, city staff and legal counsel had concerns regarding the substantial increase of cost to the City, in addition to the already increased cost of the election itself, for the city to implement the fast cast voting. Increased staff time, responsibility, and training both in processing ballots and maintaining chains of custody and extra security measures would be a strain on employees all for unknown outcomes. Finally, re-inserting City staff into the elections process in this manner might counter some benefits of using the County as a neutral third party, especially if there are actual or perceived problems with the election administration. Staff recommended that the city not participate in the fast cast voting program, until such a time that Utah County can verify that the results are favorable for municipal elections.

Councilor Adcock reiterated the conversation that took place in the work session regarding the fast cast voting and asked if there would be consequences of not implementing the program. Manager Beagley indicated that the agreement with Utah County to administer the elections will cover the administration of the elections as in previous years. He added that the city will allow for a voting location at the city on election day(s) as we have previously done.
