PUBLIC FORUM, BID OPENINGS, AWARDS, AND APPOINTMENTS

Public Forum

Representative Doug Welton (Utah State House of Representatives District 67) shared a legislative report. The state housing crisis is a big issue that is crippling our economy. The Santaquin Canyon repairs are moving forward, and funding was appropriated to rebuild Tinny Flat campground. The Utah Lake Authority bill will require \$2/month per sewer user in the drainage basin, but Santaquin was carved out of the requirement because we don't send effluent to the lake. There are other bills being considered that are trying to maintain waters in the Salt Lake and Utah Lake. There is a bill that could affect a city's ability to restrict housing in commercial areas. Mayor Olson expressed appreciation for Representative Welton's time and condolences for the loss of a mutual friend of theirs.

The Planning Commission reviewed this agreement amendment at their last meeting. These addendum items would enable the retention of a local business, Murdock Ford. Councilmember Siddoway asked about the Planning Commission's fencing concern.
