BY:

Stephanie Christensen, City Recorder

CITY COUNCIL WORK SESSION MEETING

Tuesday, January 6th, 2026, at 5:30 p.m.

Council Chambers at City Hall and Online

MINUTES

Mayor Olson called the meeting to order at 5:30 p.m.

ROLL CALL

Councilors present included Art Adcock, Travis Keel, Lynn Mecham, and Jeff Siddoway.

Absent Brian Del Rosario

Others present included City Manager Norm Beagley, Assistant City Manager Jason Bond, City Recorder Stephanie Christensen and Legal Counsel Brett Rich

PLEDGE OF ALLEGIANCE

Mayor Olson led the Pledge of Allegiance.

INVOCATION/INSPIRATIONAL THOUGHT

Councilor Jeff Siddoway offered an invocation.

DISCUSSION ITEMS

1. Discussion on Central Business District Zoning Discussion

Assistant City Manager Jason Bond discussed with the council the Central Business District Zone. The question we are asking, is does the Main street Commercial Zone cover the needs of the City? A proposed development that was looking at building in Santaquin but was not able to meet the CBD requirements was brought to our attention. The Main Street Business District zone consists of 3 districts, Main Street Commercial, Main Street Residential and Central Business District. The Central Business District zone is not a whole lot different from the Main Street Commercial, just more stringent requirements such as a minimum height requirement, different setbacks and land uses. We have recently rezoned the library and the medical clinic within that Central Business District. Several businesses throughout the district will likely not be going anywhere. With the recent main street updates to 5 lanes, it really has changed the area into more of an auto centric zone and getting further away from a small town look and feel that is walkable. This potential change could/would be in harmony with the Main Street Commercial zone which is on either side of the Central Business District. Some of the desired private property developments for our City have not been able to meet the stringent code. We thought we would bring this discussion to the council and see your thoughts.

The code states, *"The objective of the Main Street Business District Zone is to create a mixed use shopping and financial center for the City and surrounding territory which is often characterized as "the center of town". The intensity of uses within this area should increase with proximity to the intersection of Center Street and Main Street. Though this district is applied to areas which have developed as "strip*

commercial”, it shall not be used to promote or establish areas in which such development can be promulgated or encouraged.”

Mayor Olson feels with all of the changes that we have had presently on main street is there any reason we should keep those difficult codes which might stop somebody from building. We are a business-friendly city and want to keep that outlook, but not diminish it so much that we don't get good quality businesses. The AutoZone had to change in order to fit into the zone.

Assistant City Manager Bond said the visions and desire to have Main Street look and feel a certain way needs to be thought about as that it is also US Highway 6, which adds a different element. Mayor Olson stated any vision we had in the past is going to need to change and adapt to our City view as of today.

Councilor Mecham feels that if it is holding back businesses from coming in, I don't think it's a good idea. If the CBD is costing businesses extra money for coming in, we should eliminate that part of the code.

City Manager Beagley stated it is more restrictive and more costly so if it is less costly and less restrictive maybe more businesses would be willing to come in. There are not a lot of potential development in the area, but there are some. How do we act and be more business friendly with having such restrictive codes. There will still be certain requirements and certain things they will need to meet, but maybe some local companies would be able to come in with less stringent requirements.

Council Adcock stated this only involves two blocks of main street. The zoning was initiated for the purpose at the time, but doesn't meet our needs now. As long as we are not losing restriction or control of the vision of what we want it to look like for today, I feel it's a sensible change.

City Manager Beagley said there is also a possibility to have the front side of Main Street change to Main Street Commercial and change the back side, 100 South, Main Street Residential.

Assistance City Manager Bond said the next step would be preparing a draft for Planning Commission and a public hearing. Mayor Olson feels it would he would like to see a study by the staff done to compare before we make a change and prohibit something we don't want.

2. Upcoming Agenda Items

City Manager Beagley informed the council that there will be 2 sets of minutes to approve in the upcoming meeting. We will also be recognizing Willy Marvin for all the good he has done for the City. City Manager Beagley said there will also be 2 items on the agenda from the America/Utah 250 anniversary celebration. This will allow the City to have a little bit of funding to help with the celebration. The City may have a small celebration with the help from My Hometown. City Manager reported there will be 2 items on the Community Development Agency. It will be 2 potential agreements from Mahogany Land Development and Precision Millwork both in the industrial park. They will still be meeting their requirements for the area. Their biggest visual change is a tilt up building instead of a pitch roof building. The tilt up building is more economical and they can build it quicker. They will still be very attractive buildings.

3. Other Business

There will be a closed session at the end of City Council meeting.

ADJOURNMENT

Councilor Mecham made a motion to adjourn the City Council Work Session. Councilor Siddoway seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

The City Council Work Session Meeting adjourned at 6:11 p.m.

ATTEST:

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

PUBLIC FORUM, BID OPENINGS, AWARDS, AND APPOINTMENTS

Recognitions

4. Employee of the Month - Willy Marvin

Jason Callaway, Public Works Director, introduced his employee Willy Marvin and his family. Mr. Callaway said Willy is a great employee and we are blessed to have him working for us.

Willy has worked for Santaquin City for four years as a journeyman electrician and wastewater operator. His expertise with electric motors, VFDs, SCADA controls has saved the city significant costs. Like all our public works employees, Willy wears many hats. He has fully embraced learning and operating our state-of-the-art Water Reclamation Facility and is working toward his Grade IV treatment certification, which he will receive this coming year. He also oversees streetlight installations in new subdivisions, ensuring proper conduit placement and functionality.

Willy has lived in Santaquin with his wife, Lacy, and their four boys for the past 21 years. He was born in Santaquin, graduated from High School in Spanish Fork and finished his education at MATC. He's an active volunteer coach for multiple sports through Santaquin Recreation and enjoys hunting, camping, and supporting his kids' activities.

We truly appreciate Willy's dedication and look forward to his continued growth with Santaquin City.

PUBLIC FORUM

Jim Rowland with the Payson/Santaquin Chamber of Commerce updated the council that they had a great 2025 and helped many businesses. In 2026 the Chamber is tying together the theme from last year, Garage to Great, with the American/Utah 250 celebration. They are hosting the gala on February 5, 2026. Mr. Rowland introduced the Business of the Month, Stringham's True Value. They started their business in 1983 and have been in business for 43 years. They have helped many people in our community. They are very helpful and always friendly.

Brendan Bowen addressed the council with his concerns about the new data center being built. There is a lot of information online about neighborhoods not wanting them in their communities. He thinks it is important to have the issues in question addressed.

Jon Jensen, the developer of the data center, addressed the council and the public with answers to the questions the community has been asking. Mr. Jensen thinks it would be wonderful to have an evening where we could invite the public to come in and ask questions. Some of the concerns Mr. Jensen has heard about are the environmental concerns, resources and sound. Mr. Jensen informed the group that this data center in the Santaquin community is called an island power data center, which means it is not connected to the (electrical) grid. They will produce their own electricity on site. They don't impact the grid at all. They will buy their gas directly from the wells in Colorado and Wyoming. They are not on the Enbridge system. Regarding the water issue, They are happy to continue with their original plan when

they presented it, they use a closed loop system. This system does not necessarily evaporate the water. The closed loop system is similar to a car radiator type system; they have a closed loop system. This system allows them to fill with water once. It's also a metered resource so they can prove that we are not using large amounts of water. In regard to the sound, if you were standing at the curb of the facility, it would be about 65 decibels. The 65 decibels are about as loud as a regular conversation. Mr. Jensen informed the group that the outside of the building will be a tilt up building similar to the new buildings going in at the Santaquin Peaks Industrial Park. Mr. Jensen reported that they have to get and maintain an air quality permit for the emissions. The data center is regulated by the EPA in Utah County. Utah County is a non-attainment zone, which means the bar is set really high and they have to be very clean. The data center is a non-attainment company; their emissions have to be extremely clean. They can't change the current air quality that is presently here in Santaquin. It is a multi stage and is a hard process to go through. As far as the economic impact, they would remind the council that they are not going to beat up City roads, take a lot of City water, or consume your electricity or gas, but ultimately we do create municipal energy tax and it would be quite substantial. They will add a few jobs, but not a ton. Likely around 100 jobs.

Brendan asked a couple of additional questions. How often and where do you discharge the coolant? They cannot and will not discharge coolant. It is illegal to discharge coolant into the sewer system. They don't necessarily discharge coolant, they do clean it though. The fluid can get foul and build up sediment. They have a filtering system where they clean it. If they do dispose of it, they have to truck it to an appropriate disposal facility. Mr. Jensen addressed an additional question about EMF (Electrical Magnetic Force). Mr. Jensen informed the group that he will do some research, but he's anticipating if there was an EMF, he would imagine it would be impossible to allow EMFs to exist in a fashion/level that could interrupt their equipment. Mr. Jensen will do homework on it and have the answer at the open house on January 29th.

Mayor Olson reported the Mr. Jensen has been here several times and has always been open to answering all our questions. One question that the Mayor had heard asked is if it will destroy bandwidth at homes in Santaquin. Mr. Jensen replied that anything digital the public does will go through a data center. Mr. Jensen informed the group that their center requires a lot of internet connection, and we have "dark" fiber on dedicated lines. They are technically not on the residents' internet. They go from Santaquin all the way to the exchange in Salt Lake. They have multiply dedicated fiber lines allowing them to stay away from potentially interacting with this area. An additional question about the gas was asked. Mr. Jensen reported that all the gas comes from existing high pressure gas lines that are already in the community.

City Manager Beagley informed the group about the municipal energy tax and the ability to remit those taxes directly to Santaquin. The data center MET is about 1.6 to 1.7 million dollars to Santaquin per year. The whole of it is around 3.2 to 3.4 million dollars directly to benefit Santaquin. Mr. Jensen also stated they have a Nexus in Santaquin City for all the purchase of materials and equipment to be bought in Santaquin. Therefore sales taxes for those purchases comes to Santaquin City.

Mayor Olson stated as elected officials we follow the law to the letter, and we have an attorney always sitting with us. We have not hidden any information; it is all on our website.

BUILDING PERMIT & BUSINESS LICENSE REPORT

Assistant City Manager Bond presented the Building Permit Report. 0 residential units have been issued building permits in the current calendar year. In comparison, 72 single and multi-family residential units have been issued building permits in the current fiscal year (July 1, 2025 – June 30, 2026). We had 4 new business licenses issued in the last month.

RESOLUTIONS, ORDINANCES & DISCUSSION & POSSIBLE ACTION ITEMS

Resolution 01-01-2026 – America/Utah 250 Memorandum of Understanding

City Manager Norm Beagley informed the Council that this Memorandum is between Santaquin City and the State allowing us to have a little bit of funding to help with the celebration. We are not going to have our own America/Utah 250 celebration but will support the County and the State with the \$1,500.00 they provide for our City.

Councilor Mecham made a motion to approve Resolution 01-01-2026 - Approve America/Utah 250 Memorandum of Understanding. Councilor Keel seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

Resolution 01-02-2026 – America/Utah 250 Licensing Agreement

City Manager informed the group that this resolution allows us to use the State's America/Utah250 logo, within their parameters, to help and support the County and the State efforts for the celebration. Allowing all the logos throughout the state to be uniform.

Councilor Keel made a motion to approve Resolution 01-02-2026 America/Utah Licensing Agreement. Councilor Mecham seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

CONVENE OF THE SANTAQUIN COMMUNITY DEVELOPMENT AND RENEWAL AGENCY

Mayor Olson stated we needed to convene into the Santaquin Community Development and Renewal Agency. Councilor Mecham made a motion to enter into the Santaquin Community Development and Renewal Agency (CDRA) Board Meeting. Councilor Adcock seconded the motion.

Councilor Adcock	Yes
------------------	-----

Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

The CDRA Board meeting began at 7:57 p.m.

Resolution 01-01-2026 CDA – Purchase Agreement Amendment Mahogany Land Development

City Manager Beagley reported that this resolution is for Silver Creek Design. They are the cabinet company in the Industrial Park. They are requesting to change from their original pitch roof to a more cost effective tilt up building with a flat roof. They will still have their primary materials with wood, brick and block design look. They will also be adding perforated panels.

Councilor Mecham made a motion to approve Resolution 01-01-2026 CDA Purchase Agreement Amendment Mahogany Land Development. Councilor Siddoway seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

Resolution 01-02-2026 CDA – Purchase Agreement Amendment Precision Millwork

City Manager Beagley informed the councilors that this resolution is for Precision Millwork. The amendment is similar to the previous one in regard to moving from a pitch roof to a tilt up building with a flat roof building. They also will be adding some woodwork to the outside of the building for their primary materials.

Councilor Keel made a motion to approve Resolution 01-02-2026 CDA – Purchase Agreement Amendment Precision Millwork. Councilor Siddoway seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

Councilor Mecham made a motion to end the Santaquin Community Development and Renewal Agency (CDRA) Board Meeting and enter back into the Regular City Council Meeting. Councilor Keel seconded the motion.

The CDRA Board meeting ended and the Regular City Council meeting reconvened at 8:03 p.m.

REPORTS BY STAFF, COUNCIL MEMBERS, AND MAYOR OLSON

Assistant City Manager Bond informed the council that the Planning Commission will be reviewing the Central Business District discussion and will also have nomination for chair and vice chair.

City Manager Beagley informed the council about the great inauguration ceremony that was held yesterday and is thankful the council members and Mayor are willing to run and help the City once again.

Councilor Keel reported that YCC is signed up for Elected Official Day. They have a full fun bus going up to the State House. They will meet with our State Senators and our State Representatives and will also get a tour of the State Capitol building.

Councilor Mecham has nothing to report.

Councilor Siddoway spoke how grateful he was for the support and vote last November. Councilor Siddoway stated he is getting ready for the LPC and legislative session coming up.

Council Adcock spoke of his appreciation of working with each councilor and for the citizens and their goodness they share with their neighbors.

Mayor Olson reported we have been running 24/7 with our fire department, and we are really doing well with it. It's been a little difficult, but we are doing great. Mayor Olson stated on Christmas Eve or Christmas morning he heard about what an incredible job our EMS did and they were able to respond to a medical situation within 2 minutes. Mayor Olson has worked for several years with the fire department and knows how critical it is when someone passes out to give CPR within 4 minutes. Mayor Olson states we are making amazing changes in our City and is grateful to the support. We are working within our budget restraints and are doing really well. There is a lot of growth coming to our city and we are ready to support the growth. Mayor Olson will be sending out new job assignments for the year to all the councilors.

CLOSED SESSION

Councilor Mecham made a motion to enter into the closed session to discuss pending or reasonably imminent litigation; collective bargaining; and/or the purchase, exchange, or lease of real property, a proposed development agreement or a project proposal or a financing proposal related to the development of land owned by the State. Councilor Keel seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

The closed session began at 8:13 p.m.

Present at the closed session included City Manager Norm Beagley, Legal Counsel Brett Rich, Mayor Dan Olson, Assistant City Manager Jason Bond, Councilor Travis Keel, Councilor Lynn Mecham, Councilor Jeff Siddoway and Councilor Art Adcock.

Councilor Mecham made a motion to end the closed session and enter back into the Regular City Council Meeting. Councilor Siddoway seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

The closed session ended, and the Regular City Council Meeting reconvened at 8:50 p.m.

ADJOURNMENT

Councilor Mecham made a motion to adjourn the meeting. Councilor Keel seconded the motion.

Councilor Adcock	Yes
Councilor Del Rosario	Absent
Councilor Keel	Yes
Councilor Mecham	Yes
Councilor Siddoway	Yes

The motion passed.

The meeting was adjourned at 8:55 p.m.

Santaquin City Resolution 01-03-2026

A RESOLUTION DECLARING SURPLUS PROPERTY OF SANTAQUIN CITY

WHEREAS, the City of Santaquin has an inventory of assets primarily used or purchased for use by all employees, and

WHEREAS, this property is of no use to any department of Santaquin City, and

WHEREAS, the storage of this property could become a nuisance,

NOW, THEREFORE, BE IT RESOLVED, the following items will be disposed of as deemed appropriate and in compliance with Utah State and Santaquin City's laws and Ordinances.

Approved and adopted by the Santaquin City Council this 20th day of January, 2026.

Attest:

Daniel M. Olson, Santaquin City Mayor

Stephanie Christensen, City Recorder

MEMORANDUM

January 16, 2026

To: Santaquin City Mayor and City Council
From: Jon Lundell, P.E., City Engineer
RE: Recreation and Cemetery Building Tenant Finish CM/GC proposal.

Mayor and Council Members,

Last summer Santaquin Staff worked with WPA and Roper Buildings to construct two post frame buildings. A 7,500 square foot building was constructed directly south of the existing Recreation Building. This building provides 6,000 square feet of programable area and 1,500 square feet for restrooms, storage, and reception space for Community Services. The work completed by Roper Buildings included a completed building shell, such as framing, exterior materials, and interior concrete floor.

A 3,600 square foot building was constructed at 269 South 100 East. This building provides additional future office space, maintenance workspace, equipment, and tool storage for the public works parks and cemetery maintenance crews. The work completed by Roper Buildings included a completed building shell.

Prior to these two buildings being used for their intended purposes, the buildings will need to be finished. As done with other projects, city staff released a Request for Proposals (RFP) for a Construction Manager/General Contractor (CM/GC) to provide final design services, such as constructability review, value engineering, and determining a Guaranteed Maximum Price (GMP) and followed by a construction phase to complete the construction of the two buildings.

6 proposals were received from the RFP. The companies that submitted proposals included, in no particular order, VanCon Inc., Warner and Associates, Hall Engineering and Construction, Ellsworth Paulsen Construction, Hogan Construction, and North Point Homes.

Attached is the evaluation scoring completed by the review committee for the received proposals. Based on these evaluations, Ellsworth Paulsen Construction scored the highest with the most relevant experience and methodology. Ellsworth Paulsen Construction ranked second with the proposed costs for their CM/GC services. There was only a \$14,133.00 difference in cost between the two lowest cost proposals. Because the CM/GC process includes a qualification based evaluation, the city is not required to take the lowest cost proposal.

The proposed cost by Ellsworth Paulsen Construction includes \$1,500 for the final design services as described. The remaining proposed costs (\$137,000 for Construction Management, plus project markup and contingency) are related to the actual construction costs of the project once we consider their future proposed GMP. The contingency and project markup actual amounts will be calculated based on Ellsworth Paulsen Construction's proposed GMP that will come to you at a future date, once the final design review is completed. There is a sufficient funding within the currently budgeted funds to cover these costs.

Staff recommends that the Council award the contract for CM/GC services to Ellsworth Paulsen Construction.

If you have any questions, I would be happy to answer them.

Recommendation: I/we recommend that the City Council approve a contract for CM-GC Services to Ellsworth Paulsen Construction for the Recreation and Cemetery Building Tenant Finish.

MEMORANDUM

January 16, 2026

To: Santaquin City Mayor and City Council
From: Jon Lundell, P.E., City Engineer
RE: Change Order #4 for Time Only Extension

Mayor and Council Members,

The Santaquin Main Street is in the final stages of completing the Widening Project. Landmark is currently working on fixing/finishing items that were identified during various walkthroughs on the project and will need additional time to complete the items on the punch list. One item that was identified as needing to be completed was the replacement and repair of the landscaping and irrigation for the adjoining private property owners.

It is proposed to extend the contract time to May 31, 2026, to allow for the punch list items to be completed and to allow Landmark and their subcontractor to appropriately test the new and repaired landscaping after the City's pressurized irrigation system is available to irrigate the newly installed landscaping.

If you have any questions, I would be happy to answer them.

Recommendation: I recommend that the City Council approve a Change Order #4 for a time only extension to May 31, 2026.

Change Order No. 4

Date of Issuance: 1-20-2026	Effective Date: 1-21-2026
Owner: Santaquin City Corporation	Owner's Contract No.:
Contractor: Landmark Excavating, LLC	Contractor's Project No.:
Engineer: J-U-B Engineers, Inc.	Engineer's Project No.: 50-20-017
Project: Main Street Improvements – 300 E. to 600 W.	Contract Name:

The Contract is modified as follows upon execution of this Change Order:

Description: Extension of time to complete required punch list items and landscaping restoration.
