Public Comment

Consideration of the Agenda

New Business

1. DOT Ferry Terminal

Background: DOT reached out through the Governors Special Assistant asking if Saxman would consider the terminal at Seaport if DOT leased the land instead of purchased.

Staff Recommended Action:

Agree: "I move that we ask the Mayor to direct staff to continue with the fact finding and return the topic to committee when there is more information"

Against: "I move that we recommend to the Council that Saxman has no more action on the DOT Ferry Terminal"
