Consideration of the Agenda

Old Business

1. VPSO MOU with Tlingit and Haida

Background: The current MOU is expired and needs to get re-signed. The City attorney has reviewed the document.

2. EMS and Fire Fees

Background: The EMS contract will expire in the next 12 months. Currently the City subsidizes the EMS contract fee of \$30,000.00. The South Tongass Service Area has made it clear that they will be looking for an increase in the amount the City of Saxman pays for the EMS and fire service. The Council needs to consider how it will fund this increase.

3. Land Swap

Background: Asking Council to approve giving the school house to the Tribe and sub divide that lot and taking back the land by totem park.
