#### All applications must include:

- 1) Application forms, signed and dated, which are available at the Building Inspection Department Office and online.
- 2) The non-refundable filing fee \$250.00.
- 3) Photographs of the property.
- 4) Samples of materials being used roofing, siding, decking, etc.
- 5) A site sketch (see example), drawn to scale indicating location of all existing structures and proposed construction. Also indicate lot lines, size of lot, streets and other public ways, driveways, off-street parking, loading areas, and existing and proposed front, side and rear yards. *Please consult with Building Inspection staff for more information*.

#### Notes:

- a) The applicant can present any additional information to inform the Board of the facts.
- b) Applicants should be aware staff may require a survey as part of the application information in order to clarify specific variance(s) requested.
- c) Applicants should be aware the Board of Appeals may require a survey as part of the application review and/or as a condition of approval prior to issuance of a building permit if a variance is granted.
- d) Building permits must be acquired within 6 months of the granted approval or the approval will be voided.
- e) Any information submitted on the application will become public record and is not subject to confidentiality.

#### FAILURE TO SUPPLY ADEQUATE AND / OR ACCURATE INFORMATION AS REQUESTED ABOVE CAN BE GROUNDS FOR DISMISSAL OF THE APPEAL REQUEST.

Applicants should be prepared to answer the following questions:

- What hardship is created by the application of the Zoning Ordinance to this property? Is reasonable use of the property denied by the zoning regulations? In other words, is there an alternative plan that would comply with the ordinance?
- Is there a unique physical characteristic of the property which prevents development of the property in compliance with the Zoning Ordinance?
- Would granting the variance harm the public interest in any way? For example, would public safety be compromised? (Note: Lack of neighborhood opposition does not necessarily mean a variance would not harm the public interest.)

A notice of the date and time of the hearing will be mailed to all property owners within 100 feet and municipal property within 1,000 feet of your property. Notice of hearing will also be sent to the City of Sheboygan Planning Department. It is important you discuss your proposal with the Building Inspection and Planning Departments.

The property owner or a representative shall be present at the public hearing to present his or her request to the Board and answer any questions the Board members may have. Should an appearance not be made, or insufficient information presented, the appeal will not be considered and may be either placed on the agenda for the next meeting or denied. The appellant will be required to pay the additional expense incurred because of postponement of the hearing. Appellants are reminded the filing fee for a variance request is non-refundable.

#### THE THREE "TESTS" FOR A VARIANCE

The CITY OF SHEBOYGAN adheres to a set of Zoning Ordinances to make certain your proposed construction is consistent with neighboring developments, a development does not infringe on the enjoyment of property belonging to neighboring owners, it does not detract from surrounding buildings or lots and is not out of character with the neighborhood, and a project meets necessary public health and safety standards. If your proposed construction cannot meet the requirements of the zoning or sign code, a VARIANCE is needed.

To obtain a variance, you must establish, due to some peculiarity of the property's size, shape, topography, etc., it would be a hardship or practical difficulty to meet zoning code requirements. *These circumstances must not be self- imposed or self-created.* In short, your proposed construction must meet and pass the three "tests" for a variance listed below.

IT IS RECOMMENDED YOU MEET WITH THE STAFF IN THE CITY'S PLANNING DEPARTMENT AND BUILDING INSPECTION DEPARTMENT BEFORE SUBMITTING YOUR APPLICATION FOR A VARIANCE. BUILDING INSPECTION STAFF WILL REVIEW THE STANDARDS FOR A VARIANCE (BELOW) PRIOR TO YOUR FILLING OUT THE APPLICATION AND PAYING THE NON-REFUNDABLE FILING FEE.

#### **TEST #1: UNNECESSARY HARDSHIP**

The Wisconsin Supreme Court has ruled that unnecessary hardship only exists when the zoning ordinance denies *all reasonable use* of the property. *If there is an alternative plan that is within the bounds of the zoning ordinance, a variance is not warranted.* 

The hardship experienced *must not be self-imposed;* los s of profit, expense already incurred and additional expense incurred to comply with zoning ordinances *are not* unnecessary hardships.

#### **TEST #2: UNIQUE PROPERTY LIMITATIONS**

Unique physical characteristics of your property must prevent you from completing your proposed construction in compliance with the ordinance. The **property** must qualify for the variance, **not your particular situation**.

Additionally, existing violations on other properties or improper variances previously granted are not grounds for a variance.

#### **TEST #3: NO HARM TO PUBLIC INTEREST**

The Board members will be taking into account the reason for the existence of the zoning ordinance in applying this test. Lack of opposition *does not* necessarily mean the proposed construction would not harm the public interest.

The Board, in granting a variance, may impose conditions on the proposed construction to assure the public's interests are protected. Board members may only grant the *minimum relief* necessary for the reasonable use of the property.

Your proposed construction must meet all three "tests" to qualify for a variance. Variances are meant to be an *infrequent remedy* where an ordinance imposes a unique and substantial burden. *They are not intended as an accommodation for a property owner's convenience.* A variance decision may be appealed within 30 days of the filing of the decision in the office of the board.

Please contact the staff at the City's Planning Department and/or Building Inspection Department if you have any further questions.
