REQUEST FOR TRANSIT COMMISSION CONSIDERATION

ITEM DESCRIPTION: 3.1 Transit & Parking Third and Fourth Quarter Reports for 2022

REPORT PREPARED BY: Derek Muench, Director of Transit & Parking

REPORT DATE: 3/14/23

MEETING DATE: 3/21/23

FISCAL SUMMARY:

STATUTORY REFERENCE:

| Budget Line Item: | N/A | Wisconsin | N/A |
|-----------------------|-----|-----------------|-----|
| Budget Summary: | N/A | Statutes: | |
| Budgeted Expenditure: | N/A | Municipal Code: | N/A |
| Budgeted Revenue: | N/A | | |

BACKGROUND / ANALYSIS:

The reports for the third and fourth quarters of 2022 are presented for Shoreline Metro, Metro Connection and the Parking Utility for review and approval.

STAFF COMMENTS:

The Director of Transit & Parking has reviewed the reports as submitted. There is a noticeable change to the report per the last meeting (discussion on better metrics/reporting). The attached report presents all the same data as previous reports but also includes operating metrics used within the industry to evaluate the effectiveness of the transit system.

NOTE

When reading this report for transit operations, please do not put much emphasis on individual quarterly metrics. Many factors influence ridership (winter during first quarter as an example) and expenses (annual purchases such as insurance paid during first and second quarter).

Here is a summary of the Third and Fourth Quarter reports:

- Shoreline Metro ridership is up 4.8 percent and down 0.1 percent respectively for the third and fourth quarters (up 15.9 percent for the year).
- Metro Connection ridership is up nearly 13.5 percent and 4.8 percent respectively for the third and fourth quarters (up 17.5 percent for the year).
- Transit Revenue was up 20.1 percent and 25.3 percent respectively for the third and fourth quarters (up 20.7 percent for the year).
- Transit Expenses was down 3.2 percent and 15.6 percent respectively for the third and fourth quarters (down 0.1 percent for the year).

- CARES Act funds will be used to offset the loss of revenues and potential increase in expenses due to the pandemic (applies to loss of revenue with Metro Connection as well).
- Parking Utility stall revenue and meter revenue significantly increased for the third and fourth quarters of 2022:
 - Meter revenue is down \$1,900 and up \$8,000 respectively for the third and fourth quarters (up \$113,406 for 2022).
 - Stall Rental revenue is up \$19,000 and \$8,400 respectively for the third and fourth quarters (up \$4,000 for 2022).
 - Revenue and parking use seem to be rebounding very well and appears to be in "post-COVID" mode.

ACTION REQUESTED:

Staff recommends approval of the Transit and Parking Utility 2021 Fourth Quarter and Year End Reports and placing on file.

Definitions Cost-Efficiency examines the amount of service produced in relation to the amount of resources expended. The lower the ratio, the more cost efficient the service Cost-Effectiveness metrics addresses transit use in relation to the level of resources expended. The lower the cost per passenger, the more cost effective the service Service-Effectiveness is a measure of the consumption of public transportation service in relation to the amount of service available. The lower the ratio, the more effective the service Passenger Revenue-Effectiveness, or average fare per passenger trip, measures the amount each passenger is paying to use the service. The higher the average, the more cost is being borne by the passenge

BACKGROUND / ANALYSIS:

Shoreline Metro and the Parking Utility have released annual reports the past several years highlighting and reviewing the year in review. The 2022 annual reports are attached for the Transit Commission's review.

STAFF COMMENTS:

Shoreline Metro and the Parking Utility had a bounce-back year from the coronavirus pandemic which impacted operations and budgets significantly in 2020 and 2021. Shoreline Metro ridership and Parking Utility revenue have not returned to pre-COVID levels, but made another nice rebound in 2022.

The following are additional highlights of the reports:

- Transit ridership grew again in 2022 to over 512,000 trips combined both services (around 442,000 combined in 2021);
- Transit revenue increased over 2021 (greater than expected);
- Transit fixed route trips per revenue mile also increased in 2022 from 11.72 to 13.26;
- Parking Utility assessments decreased in all districts slightly from 2021 to 2022;
- Parking revenue increased over 2021 (greater than expected).

ACTION REQUESTED:

Staff recommends acceptance and approval of the Transit and Parking Utility 2021 Annual Reports and placing on file.

Year-in-Review

- A fresh new design of the 8th Street Island including bright and vibrant perennials, grasses and shrubs tying in the Downtown with the Lakefront (Spring 2022).
- Partnered with HotSpot Parking to implement mobile payments allowing customers to purchase permits digitally and pay at meters using their smartphone (December 2022).
- Added a new parking lot (Lot 6) at the corner of North 9th Street and Center Avenue for additional post office and City Hall parking (and includes a dog run) (Fall 2022).
- Started the beautification of Riverfront by removing dead or overgrown trees and bushes. The project will continue into 2023 with new flower beds, trees and welcoming signage (Fall 2022).
- Created a safe non-motorized alley on South 8th Street connecting the street and area businesses with additional parking in Lot 9 (in conjunction with City Planning, Public Works and the BID (Summer 2022).

Thank You to Our Partners

Otter Creek Landscaping for providing annual flowers in the

South Pier as well as maintaining alley and island lighting.

throughout the Downtown, Riverfront and South Pier.

Brilliant Lightscapes for holiday lighting in Downtown, Riverfront and

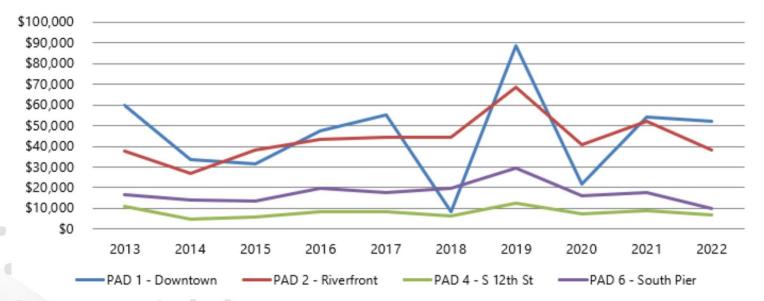

The Town & Country Garden Club for assisting with planting flowers

Looking Ahead

- Continue Riverfront beautification project with new flower beds, trees, signage and lighting.
- Fresh new landscaping in Lot 9 replacing dead plants and overgrown bushes to create a more welcoming atmosphere and safer parking experience.
- Implement digital permits (January and February, 2023) through HotSpot Parking including new signage, website information and marketing on social media and with area businesses.
- Implement digital meter payments (May and June, 2023) through HotSpot Parking including new signage, website information and marketing on social media and with area businesses.

Budget Highlights

• The 2023 budget incorporates a projected increase in revenue (meter rate increase and new permits) and associated fees (cost of operating and maintaining).

REQUEST FOR TRANSIT COMMISSION CONSIDERATION

ITEM DESCRIPTION: 3.3 Request for Service for P1 Powerboat Races

REPORT PREPARED BY: Derek Muench, Director of Transit & Parking

REPORT DATE: 3/14/22

MEETING DATE: 3/21/23

FISCAL SUMMARY:

BACKGROUND / ANALYSIS:

The Sheboygan Transit Commission authorizes and approves all published and public transit services operated by Shoreline Metro and Metro Connection. The Sheboygan Transit Commission must also approve special requests for services outside normal operating hours, especially as they relate to events.

STAFF COMMENTS:

The Director of Transit & Parking has been working with City staff for the upcoming P1 Powerboat Races to be held on Sheboygan's lakefront, August 11-13, 2023. Two items of concern were identified in conjunction with this event: parking and shuttles to and from the events.

The Parking Utility will make available parking lots in downtown Sheboygan for visitor parking (Saturday and Sunday are free parking). However, this requires shuttle service to and from the event.

Shoreline Metro would provide trolley service (shuttles) to and from the event connecting the downtown parking lots with the marina, South Pier and King Park (the viewing locations). Trolley service is already provided on Friday, August 11, 2023 per the published and scheduled route. Hours of service and route will be normal. However, for Saturday and Sunday, August 12 and 13, 2023, the following hours of service are being proposed and requested for approval:

- August 12 Service would run from 9:00 a.m. to 7:00 p.m. and route would be modified to service parking lots and viewing locations.
 - Normal service ends at 3:45 p.m. on Saturdays so this would require approval of additional hours above and beyond service.
- August 13 Service would run from 9:00 a.m. to 8:00 p.m. and route would be modified to service parking lots and viewing locations.

1

• There is no public transit service on Sundays so this is above and beyond service.

In addition to the request for service, the request also includes providing the Trolley service on Saturday and Sunday at "no cost". This would be more of a "city-sponsored" service as part of the event to encourage attendees and bring people to Sheboygan for the event.

Expenses to provide service would be funded through the Shoreline Metro budget. No sponsorship revenue from other City departments or organizations is being requested.

Route map and additional operational specifics will be finalized by City staff and authorized by the Director of Transit & Parking.

ACTION REQUESTED:

Staff recommends acceptance and approval of the request to provide service for the P1 Powerboat Races on August 11-13, 2023 as presented by the Director of Transit & Parking.

BACKGROUND / ANALYSIS:

The Director of Transit & Parking presents to the Transit Commission a report of operations for the Transit and Parking Utilities.

STAFF COMMENTS:

The Director of Transit & Parking presents the following items as advisory and information only:

 Staffing & Personnel Update – Shoreline Metro is currently recruiting for aTransit Coordinator (currently vacant). This position will be a stepping stone to fill an expected Operations Supervisor vacancy within the next two years.

Additionally, we continue to hire drivers for fixed route and paratransit services. We hope to add an additional 3-4 drivers over the next several months to help with planned upcoming retirements.

2) HotSpot for Parking – Permits have been implemented starting March 1, 2023. We continue to address some "one-off" situations related specific businesses and organizations. We have met several times with the Police Department to strategize on enforcement. The Parking Utility is currently working on funding License Plate Recognition (LPR) readers for at least one vehicle. This will help with efficient parking enforcement and subsidize the handheld units currently being used. Parking meter implementation will occur this spring and summer. We are working on getting signage and meter decals updated ready for this implementation. We will provide another update at the next Transit Commission meeting.

3) Route 3S Changes –Shoreline Metro is making changes to Route 3S due to performance issues with the route. Due to low ridership and extensive time to service Blue Harbor and South Pier, we have moved this to "By Request" which means the customer may request the route to go to South Pier on any run simply by telling the driver. For a pickup, the customer must call our office and we will send the bus to South Pier for a pickup. We currently do this with Route 7S to the southside industrial park (on specific runs).

Service to UWGB will also be improved by moving the pickup and drop off location back up by the campus building and will remain serviced on every run (the new Aurora Medical Center is also serviced on all runs).

PUBLIC NOTICE ROUTE 3S CHANGES Permanent changes to Route 3S effective April 3, 2023 are as follows:

Service to Blue Harbor/South Pier

All drop offs to Blue Harbor / South Pier are "By Request Only" meaning the customer must inform the driver of his/her need to go to Blue Harbor or South Pier.

All pickups at Blue Harbor / South Pier are "By Request Only" by calling the Customer Service Line at (920) 459-3281, Option 1.

Service to UWGB - Sheboygan

Service to UWGB - Sheboygan will continue to be provided on all 3S runs. Route 3S will now service the campus with a new bus stop outside the gymnasium. The route will be modified slightly through the campus to allow for this change.

Customers may access Bookworm Gardens at the "Stop Sign" at the corner of Campus Dr & University Dr.

POSTED ON MARCH 8, 2023.

- 4) HotSpot for Transit Shoreline Metro continues to see an increased use of the app for purchasing fare media! The app now sells more fare media than all our outlets combined. This has been a great project and it continues to grow each month!
- 5) New Paratransit Buses Shoreline Metro took delivery of two new paratransit cutaway buses in December. They have been added to the fleet. We have four more on order and expect those later this year. These buses were approved by Transit Commission and will be funded with the CARES Act grant. Once we receive the new buses later this year, the entire Metro Connection fleet will be within useful life.

Shoreline Metro also received 16 new buses over the past three years and purchased a brand-new trolley in 2021.

6) Parking Utility Projects – The Parking Utility will be focusing on improvements in Riverfront this year including removal of frees and brush, fresh signage and creating "softer" spaces with new flower beds and attractive walkways. The project is in coordination with the Business Improvement District with assistance from DPW and City Planning. Next steps include possibility looking into a site plan (BID) for Riverfront with long-term needs and improvements identified.

Lot 9 will also get new trees and perennials this year. In 2022, we removed the dead or overgrown brush to make way for new plantings this year. The goal is create a softer space filled with color that accents and promotes the use of this parking lot.

7) Transit Driver Recognition Day – We took the opportunity on March 17, 2023 to recognize our drivers for National Transit Driver Recognition Day (day is celebrated on Saturday, March 18, 2023 but we internally celebrated on Friday). We provided pizza, cake and prizes for the entire team to enjoy! A Facebook post was issued celebrating the day as well.
