FISCAL SUMMARY:

Budget Line Item: N/A
 Budget Summary: N/A
 Budgeted Expenditure: N/A
 Budgeted Revenue: N/A

STATUTORY REFERENCE:

Wisconsin Statutes: N/A
 Municipal Code: N/A

BACKGROUND / ANALYSIS:

The 2023 – 2027 Capital Improvements Program requests have been submitted by their appropriate departments. All requests were reviewed and vetted collaboratively by city staff. These requests are now available for review and consideration by the Commission.

STAFF COMMENTS:

Attached is the summary of the 2023 - 2027 requests for review and discussion. The 2023 – 2027 Capital Improvements Program Draft containing the requests is submitted for further consideration by the Commission. In addition, the 2023 Capital Improvements Requests containing G.O. Debt funding and use of General Fund-Fund Balance and the 2023 – 2027 Capital Improvements Program Schedule are attached for reference as well.

In addition, the City's 2017 – 2021 Strategic Plan has also been included. The Strategic Plan provides key support and alignment for the CIP Project requests. During 2021, the city's Strategic Plan was extended through 2022 via Res. No. 69-21-22, as work continues for the creation of the city's new city's new Strategic Plan for 2023 – 2027.

Consistent with the attached schedule, no formal action is requested at the April 25, 2022 meeting.

Strategic Planning Process

Government was never intended to operate like a business, and any for-profit enterprise would not last very long if it had to follow the same rules as a unit of government. Business success is measured by profits, sometimes referred to as the “bottom line”; and government has no obvious equivalent. Business, however, frequently provides government with important management tools that should be emulated to help improve efficiency and effectiveness.

Financial statements, audits, cost accounting, personal policy manuals, and collective bargaining are just a few of the many business practices used by government every day. Strategic plans have also become a valuable resource for government as a way not only to communicate with residents, but also as a means to establish a performance based bottom line.

While the strategic plan is a new document for the city, the Common Council and city employees have always been committed to providing quality services to promote a high quality of life in a strong community. There are many examples to support how the city’s values are routinely observed. A long-term commitment to common values and a willingness to critically evaluate the city’s performance could produce noteworthy and important positive results, including statewide and national recognition.

A strategic plan that is regularly reviewed and revised to reflect changing circumstances serves a city’s bottom line by communicating to residents (shareholders) what the organization is trying to achieve, how it proposes to do it, and what the outcomes will be. The city does do important things that make the community a good place to live, do business, and to recreate. The city’s strategic plan is a critical tool to help accomplish that goal.

In February, 2015, a small group of Management Team members met and analyzed strengths, weaknesses, opportunities, and threats (SWOT analysis) facing Sheboygan over the next five years. From this exercise, the team developed a new vision and mission statement and core values. A survey was then sent out to Management Team members asking whether they could support and direct their respective department based on the proposed vision and mission statements. All Management Team members agreed with the statements. The statements and core values were presented to the Committee of the Whole who unanimously recommended Common Council approval. On April 20, 2015, the Common Council approved the mission and vision statements and core values.

Management Team members designed a community survey to collect information from Sheboygan residents about important issues facing the city, rankings of the departments, and quality of life. The survey was completed using an online survey response system.

The survey was available for 30 days and received about 750 responses.

Results of the survey are included in Appendix A. The combination of qualitative input from residents and stakeholders combined with quantitative trend data set the foundation for a highly interactive workshop which was held on August 8, 2016.

A strategic planning workshop was held with the Sheboygan Common Council and Management Team members on August 8, 2016 at Maywood Environmental Park. During the session, the city's values, goals and future action steps were discussed. The following Common Council and Management Team members participated in this workshop:

Alderperson John Belanger
 Alderperson Bryan Bitters
 Alderperson Mary Lynne Donohue
 Alderperson Joe Heidemann
 Alderperson Susan Holzschuh
 Alderperson Scott Lewandoske
 Alderperson Andrew Schneider
 Alderperson Tammy Rabe
 Alderperson Bill Thiel
 Alderperson Rosemarie Trester
 Alderperson Todd Wolf

David Augustin, IT Director
 David Biebel, Director of Public Works
 Nancy Buss, Finance Director
 Christopher Domagalski, Police Chief
 Garrett Erickson, Library Director
 Darrell Hofland, City Administrator
 Derek Muench, Transit and Parking Director
 Chad Pelishek, Director of Planning & Development
 Susan Richards, City Clerk
 Sandy Rohrick, Director of Human Resources
 Mike Romas, Fire Chief
 Wendy Schmitz, Senior Activity Center Supervisor
 Natasha Torry, Municipal Judge
 Joe Trueblood, Water Utility Superintendent
 Michael Vandersteen, Mayor

As a follow up to the strategic planning workshop, Management Team members facilitated a meeting to create an implementation action plan. The action plan sets forth the key tasks necessary to accomplish each strategy, assigns responsible department(s), establishes a timeline for major milestones, and identifies success indicators to help Sheboygan measure performance and ensure accountability.

Mission Statement

The City of Sheboygan is dedicated to providing residents, the business community and visitors with fiscally-responsible municipal services in an effective and responsive manner to meet the needs of our diverse community.

Vision Statement

The City of Sheboygan will be a family-oriented and prosperous community with a wide variety of housing, business, cultural, and recreational opportunities in safe and attractive neighborhoods.

Our Values

The City of Sheboygan's strategic plan is guided by three fundamental elements: mission, vision, and core values. The mission statement is based on the principals of high quality and continuous improvement. The vision statement presents a compelling future toward which our strategic plan is directed. Both the mission and vision are founded on the following basic core values that guide all actions and reflect what we require of our employees and expect from our elected officials. These core values set the high standard to which we expect to be measured.

○ Respect ○

Treating people with dignity and an attitude of caring and understanding. Showing genuine consideration for others. Valuing each individual as an individual.

○ Accountability ○

This value reflects our first and most important responsibility. Our competence is measured and, in fact, reinforced through active engagement of those we serve. We maintain an organizational reputation for openness, accountability, and integrity.

○ Teamwork ○

We are a team that emphasizes high levels of trust, full cooperation, and a commitment to thorough, effective communications within our city organization. We encourage employees to exercise independent judgment in meeting customer needs through professional behavior always consistent with our values.

○ Innovation ○

We acknowledge the weaknesses within government and create ethical, forward thinking solutions to overcome them. We identify, develop and deploy leading edge technology, employee development programs and process improvement tools.

○ Fiscal Responsibility ○

Proper use of public resources is a trust we continually guard. In management of this trust, we must avoid even the appearance of impropriety. In management of public funds, we constantly strive for the greatest possible efficiency, effectiveness, and quality outcome.

○ Service ○

Our primary duty is to the people we serve. We are accessible, consistent, responsive, and understanding. We provide assistance beyond our customers' expectations, and we find effective solutions to problems that they bring to our attention.

Strategic Plan Focus Areas

The City of Sheboygan Strategic Plan has developed the following focus areas that advance our mission and vision:

1. Quality of Life
2. Infrastructure and Public Facilities
3. Economic Development
4. Neighborhood Revitalization
5. Governing and Fiscal Management
6. Communication

These focus areas, along with specific goals, actions and tasks supporting them, will move the city toward our vision of the future.

Primary actions and tasks are assigned to each goal within the focus areas. The goals should remain constant over time and should only be revised to reflect significant community changes or unanticipated events. A list of measurable actions with tasks helps to track process toward the goals. Actions are generally identified to cover a five-year planning cycle period from the date they are adopted or revised.

The plan is and always will be a work in progress. While the mission, vision, and core values should remain constant, and the goals are slowly evolving, the actions and tasks will need periodic review and refinement. Progress will be tracked through regular reporting as part of the city's annual budget process.

Strategic Plan Actions and Tasks

Implementation of the six focus areas is accomplished by execution of a formal list of Strategic Plan actions and tasks developed during a planning session with the Common Council and the City's Management Team.

- The timeframe covered is the next five years.
- The actions and tasks are linked to the city budget and the five year Capital Improvement Plan as approved by the Common Council.
- The City Administrator will report the accomplishment status of the goals and their associated actions and tasks four times a year to the Common Council.

Overview of Open House and Final Common Council Approval

The City of Sheboygan hosted a Strategic Plan Open House at the Senior Activity Center of Sheboygan on November 30, 2016. This event was promoted through a number of means including publication in the Sheboygan Press for two days, and all City social media platforms including: Nextdoor, Facebook, and Twitter. Announcements were made on WHBL radio and the city's website. The open house gave residents an opportunity to provide feedback on the draft of the strategic plan.

The open house began with a presentation from City Administrator Darrell Hofland reviewing the process to date in drafting the strategic plan. Once the presentation was complete, the attendees moved to a larger room to visit six focus area strategic goals and objectives. This was a time for residents to interact with the city management team and ask questions about the strategic plan and city operations in general.

Approximately 50 people attended the open house. Residents were encouraged to submit comments regarding the plan and the future direction. Below is summary of the comments received:

- Residents prefer more affordable housing options and condominiums.
- Residents prefer a vibrant library.
- Residents would like education of city events in Spanish and Hmong.
- Collect weekly events and have a source for the public to view all of them.
- Nonprofits and foundations do a lot for quality of life, and the City needs to collaborate more with them.
- More directional signage to all city amenities and entities, such as the Senior Activity Center.
- Make sure Sheboygan is branded properly to be promoted equally as much as the rest of the County.
- Analyze the parking meters downtown to attract more visitors and businesses.
- Continue to modify mass transportation to appeal to the younger people.
- Repair tennis courts and upkeep at parks to promote quality of life.

The final approval processes included a presentation and question/answer at the Committee of the Whole meeting on December 12, 2016 with a recommendation to the Common Council to approve the plan. Action on the final plan took place on December 19, 2016.

Addendum: 2019–2020 Action Items and Critical Measurements

The 2017–2021 Strategic Plan was adopted by the Common Council on December 19, 2016. As noted in Strategic Planning Process within this document, a strategic plan that is regularly reviewed and revised to reflect changing circumstances serves a city’s bottom line by communicating to the residents (shareholders) what the organization is trying to achieve, how it proposes to do it, and what the outcomes will be. The city does important things that make the community a good place to live, do business, and to recreate. The city’s strategic plan is a critical tool to help accomplish that goal.

City staff continues to uphold the mission and vision of the city by linking services, tasks and projects to the six strategic plan Focus Areas: Quality of Life, Infrastructure and Public Facilities, Economic Development, Neighborhood Revitalization, Governing and Fiscal Management, and Communication. Implementation of these focus areas is accomplished by execution of a formal list of Strategic Plan Action Items and Critical Measurements. These measurable actions with the tasks help track progress toward the goals. The status of the Action Items and Critical Measurements are reported quarterly to the Common Council by the City Administrator.

The initial Action Items were assigned through 2018. On May 7, 2018, the Common Council adopted the addition of the 2019–2020 Action Items and updated Critical Measurement to the City of Sheboygan 2017–2021 Strategic Plan. This addendum contains the detailed listing of the 2019–2020 Action Items and Critical Measurements with respect to their respective Focus Areas.
