ARTSPACE
CONSULTING

SHEBOYGAN CITY COUNCIL | NOVEMBER 16, 2026

Reuse of the Former DSG Building

Preliminary Feasibility Study: Findings, Scenarios, and Recommendations

Prepared at the request of the City of Sheboygan

// 1128 S. 11th Street //

THE QUESTIONS IN FRONT OF COUNCIL

The City owns a vacant 46,872 SF building at 1128 S. 11th Street. Artspace was asked whether it can become affordable space for Sheboygan's artists, creatives, and entrepreneurs.

Artspace's answer: Yes, with conditions. The building can work as creative workspace if the City invests in its core systems, manages it well, and keeps rents tied to the real cost of running it.

1

Which path?

Reuse the building at one of three investment levels or look at a different path.

2

How much capital, and when?

Near-term building needs, minimum build-out scope, and later phases.

3

What level of operating support?

City facility management staff, contracted services, and reserves.

WHAT ARTISTS, CREATIVES, AND ENTREPRENEURS ASKE FOR

- Prioritizing spaces to make, over spaces to visit: private and shared studio, production, and rehearsal spaces
- Simple, safe, well-maintained space over highly-finished, expensive space
- Many tenants, not one institution operating and programming the space
- Larger scale rehearsal, black box, and soundstage space types would also fill a current gap in the community

WHAT WE LEARNED

85–90

members in Sheboygan Visual Artists, yet its facilities only provide a few studios and a small-scale gallery. Plus, SVA fields 1–2 new studio inquiries a week

$9.60–$18

per SF per year: the range stakeholders described as affordable ($0.80–$1.50/SF per month)

Ebco's Closure

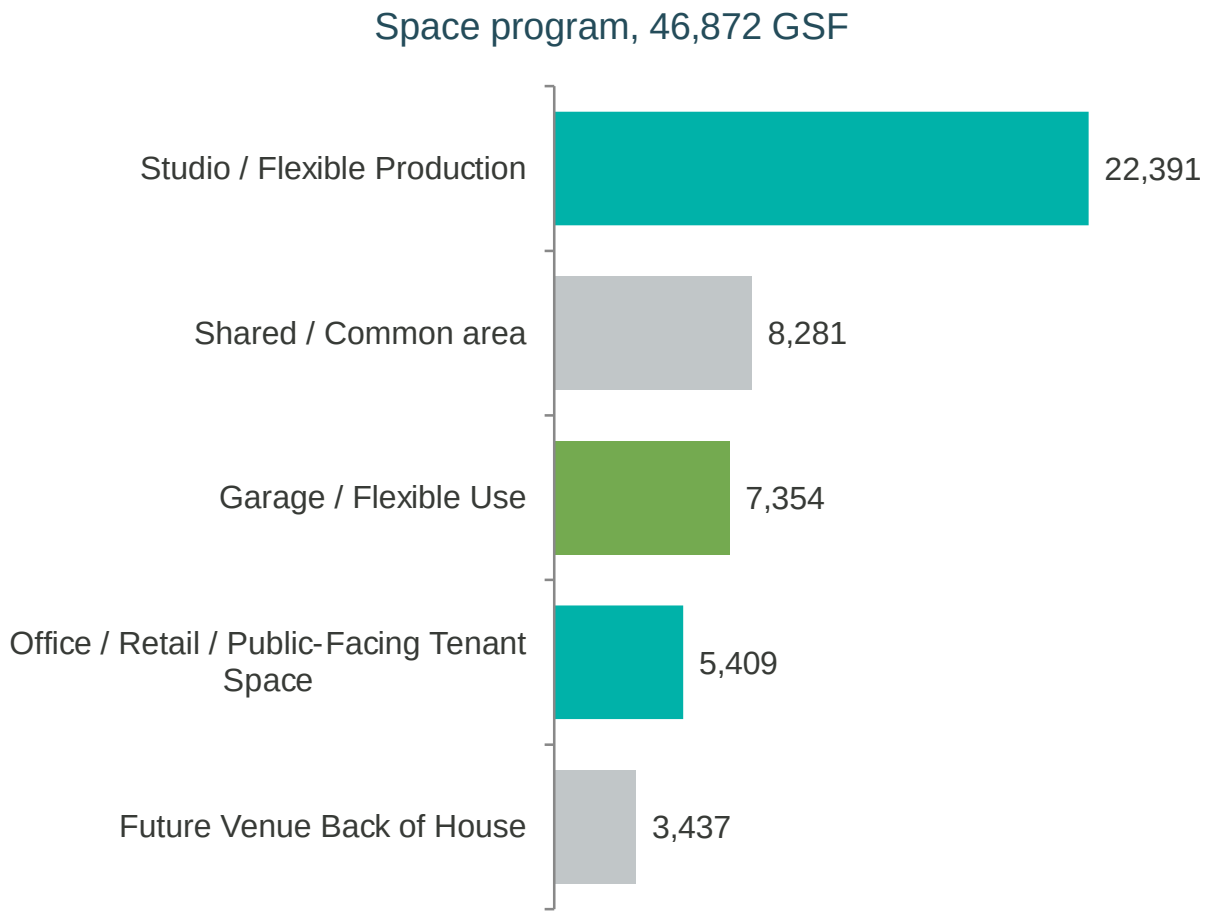

displaced dozens of visual artists, makers, music teachers, and bands who have not been able to find new space

THE CONCEPT: A MULTI-TENANT CREATIVE WORKSPACE

A multi-tenant building of affordable studios, production space, and offices for creative businesses and nonprofits. Possibly include a small-scale retail co-op as well.

- City owns it; Dedicated City staff member manages it
- Light-touch reuse: fix what's needed to occupy, protect, and run the building
- Studios and flexible workspace first; the garage stays flexible in an initial phase
- An “art space” rather than a destination arts center, and not housing

27,800 SF rent-paying space at $9–$15 per SF per year

WHAT THE BUILDING NEEDS

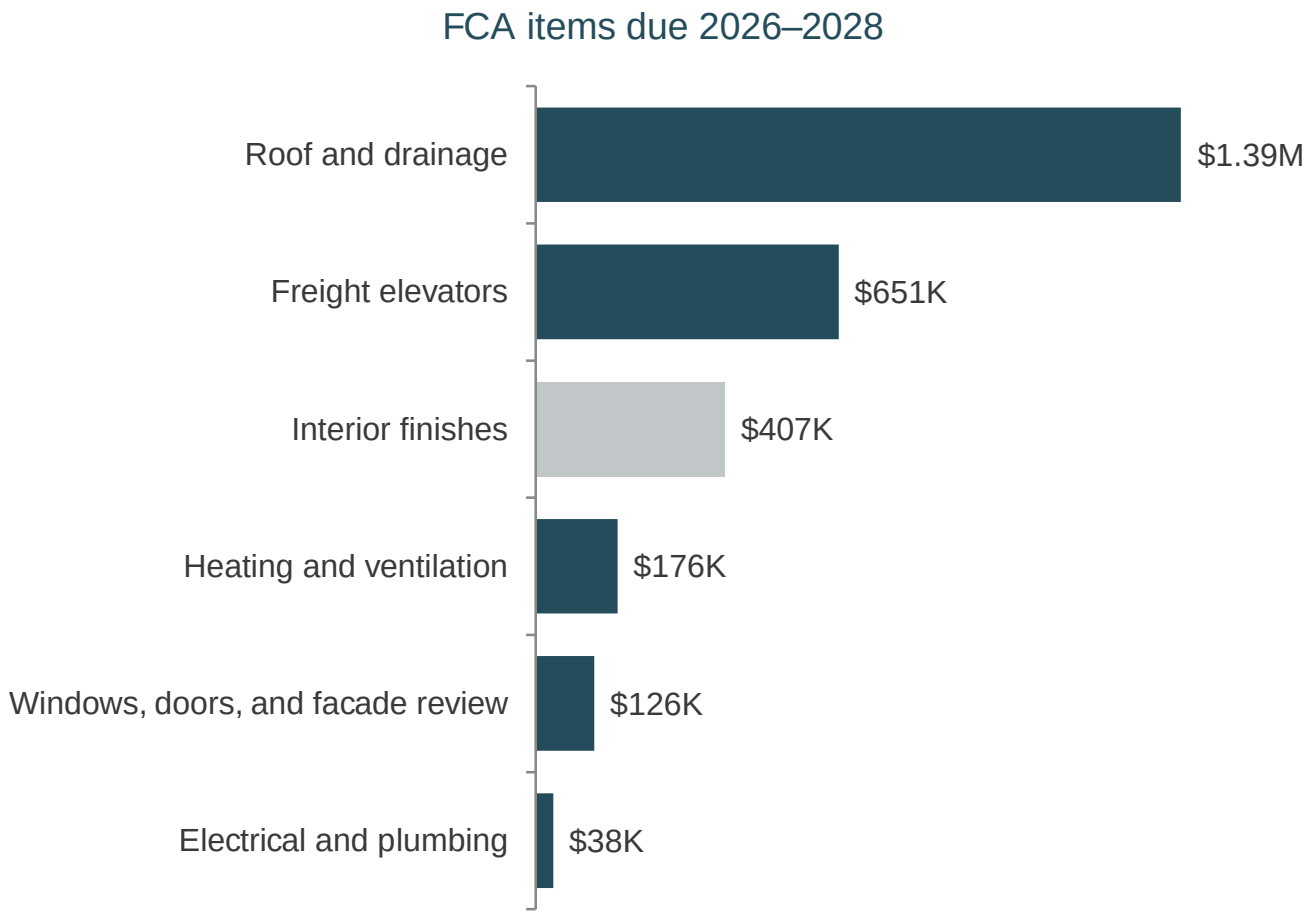

$3.85M

Cumulative 10-year capital needs cost identified by the City's 2026 Facility Condition Assessment (FCA)

$2.67M

of that is flagged for 2026

All four roof sections are past their 25-year life. The FCA estimates failure within 1–3 years. The roof is needed under any reuse path.

Gray bar: interior finishes is replaced by light-fit allowances in Scenario 1 and Scenario 2 and by full build-out allowances in Scenario 3.
Source: City of Sheboygan, DSG Facility Condition Assessment, 2026.

THE THREE SCENARIOS

All figures are planning allowances, not bids. Parking-lot work excluded. A one-time operating reserve of about $126,000 is shown separately.

SCENARIO 1

Minimum Build-Out

$2.9M–$3.6M

Open the building safely. Rent studios and offices largely as they are. Garage for storage or large-scale visual art production.

Artspace's Recommended Scenario

SCENARIO 2

Minimum Build-Out + Venue Activation

$3.6M–$4.3M

Scenario 1, plus a venue package that makes the garage usable for rehearsal, performance, and events.

SCENARIO 3

Full Build-Out and Tenant Improvements

$5.2M–$5.9M

Scenario 2, plus full build-out of studios, offices, and shared areas.

SCENARIO 1: MINIMUM BUILD OUT

What's included	Allowance
Base building and occupancy corrections (code, life safety, accessibility)	$650,000
Light Fit-Out of Studio / Flex Spaces	$225,000
Light Fit-Out of Office / Public-Facing Tenant Spaces	$175,000
Garage stabilization for low-occupancy use	$75,000
Contingency	$75,000
FCA near-term building systems (roof, elevator, heat, envelope)	+$2,380,000
Roof and drainage	$1.39M
Freight elevators	$651K
Heating and ventilation	$176K
Windows, doors, and facade	$126K
Electrical and plumbing	$38K
Updated planning range	**$2.9M–$3.6M**

Range accounts for possible overlap between building systems and base building/occupancy corrections

WHERE THIS SITS

1 Minimum Occupancy | 2 + Venue Activation | 3 Full Build-Out

WHAT IT DELIVERS

- About 27,800 SF of rentable studios, offices, and flex space
- Garage used for storage, production, or municipal use
- Fastest, lowest-cost route to opening doors

CONSIDERATIONS

- Finishes stay basic; tenants improve their own spaces
- Garage income is modest until a use is proven

SCENARIO 2: MINIMUM BUILD-OUT + VENUE ACTIVATION

What's included	Allowance
Everything in Scenario 1, except garage stabilization	–$75,000
Venue package: life safety, restrooms, ventilation, acoustics, access	$775,000
Updated planning range	$3.6M–$4.3M

WHAT IT DELIVERS

- Garage becomes rehearsal, performance, film, and/or event spaces
- Responds to what performing arts partners asked for

CONSIDERATIONS

- Needs a qualified venue operator, separate from the City manager
- Parking, sound, and neighborhood impacts to work through

WHERE THIS SITS

1 Minimum Occupancy | **2 + Venue Activation** | 3 Full Build-Out

SCENARIO 3: FULL BUILD-OUT AND TI

What's included	Allowance
Scenario 2, minus as-is studio and office activation	–$400,000
Full studio and flex tenant improvements	$1,350,000
Full office and public-facing tenant improvements	$500,000
Additional shared and common-area improvements	$150,000
Updated planning range	$5.2M–$5.9M

WHAT IT DELIVERS

- Move-in-ready studios, offices, and shared areas
- Tenants need to invest less in their own spaces
- A more finished building for the long term

CONSIDERATIONS

- Highest funding need: about $2.3M more than Scenario 1
- More finishes to maintain and replace over time
- Any debt on these costs pushes rents above what tenants can pay

WHERE THIS SITS

1 Minimum Occupancy | 2 + Venue Activation | **3 Full Build-Out**

THE SCENARIOS SIDE BY SIDE

	1. Minimum Build-Out	2. Minimum Build-Out + Venue Activation	3. Full Build-Out
Capital range	$2.9M–$3.6M	$3.6M–$4.3M	$5.2M–$5.9M
Cost per GSF	$63–$76	$77–$91	$112–$125
Garage use	Storage, production, municipal	Rehearsal, performance, events	Rehearsal, performance, events
Tenant spaces	Largely as-is	Largely as-is	Fully built out
Needs a venue operator?	No	Yes	Yes
Main risk	Breakeven operations	Unproven venue demand	Over-improvement
Artspace's view	Recommended start	Later phase, if proven	Not recommended at present

Planning allowances, not bids; parking-lot work excluded. A one-time operating reserve (about $126,000) is shown separately.

HOW THE BUILDING WOULD RUN

City of Sheboygan, Owner

Keeps the building, sets affordability and leasing policy, oversees the asset (pro forma includes $10,000 a year in opex for City oversight)

City Facility and Property Operations Manager

Leasing, rent collection, tenant relations, access and maintenance coordination, management of routine building operations.
Position modeled at $61,000 a year ($50,000 salary plus 22% benefits)

Contracted services

Specialized leasing, accounting, or repairs as needed

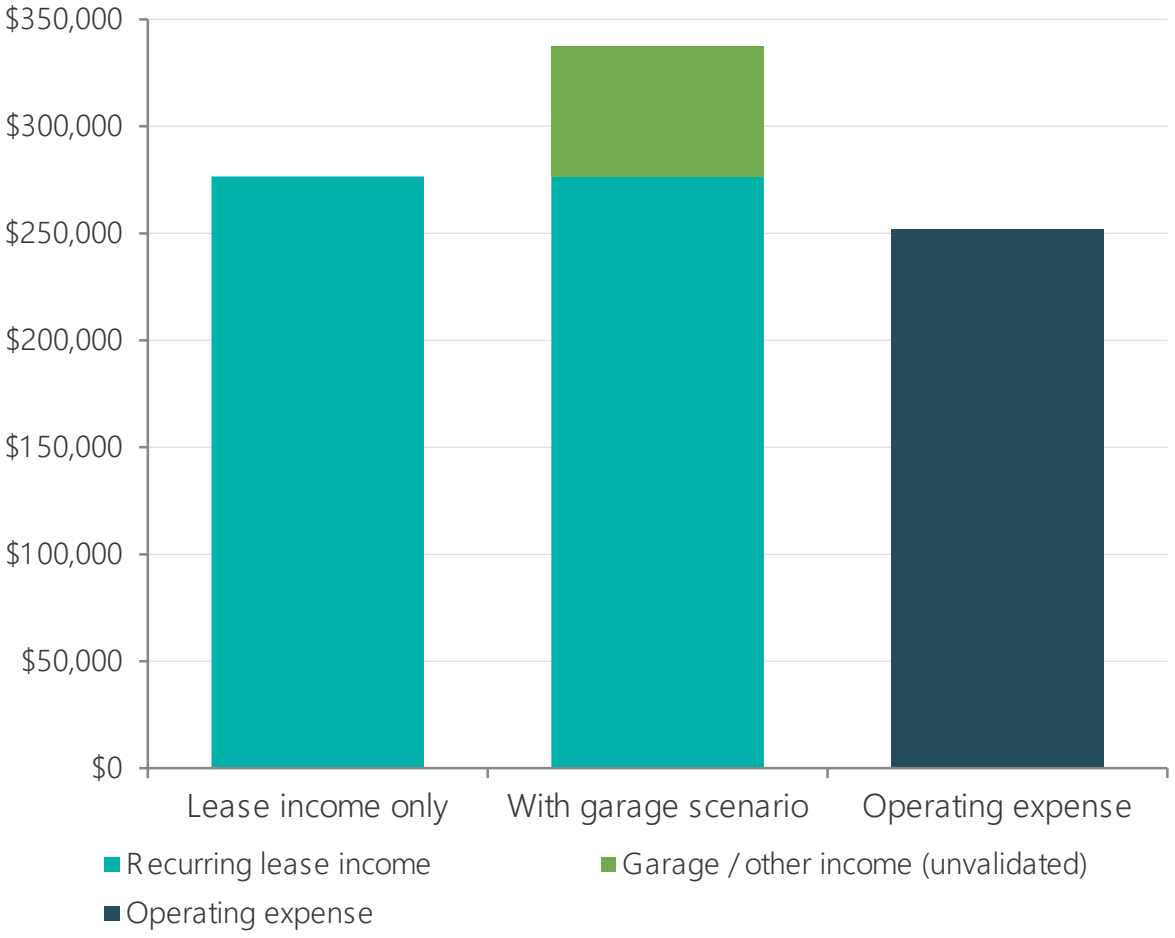

Venue operator

Only if the garage becomes a venue. Books and staffs events and pays their costs

RENT AND LEASING

- Simple gross or modified-gross rent: utilities and shared costs built into each lease
- $9 per SF (annually) for artist and maker studios, $11 for creative and nonprofit office, $13 for small business flex, $15 for office and public-facing space
- Clear, arts-informed leasing criteria and long-term leases protect the building's purpose

YEAR 1 OPERATING BUDGET

$276,554

Lease income: 27,800 SF at $11.05/SF average rent and 90% occupancy

$251,731

Operating expense ($5.37/GSF), including staff, insurance, utilities, and a $23,436 capital reserve

+$24,823

Lease-only surplus in Year 1. $142,000 of cumulative operating cash by Year 10.

With the unvalidated $61,200 garage scenario, Year 1 shows a surplus of $86,023 in operating cash.

LESSONS FROM EBCO

The closest local comparison. City shared records from Ebco (2017–2021).

$7.50–$15 per SF annually for Ebco's artist studios, makerspaces, and band rooms. DSG models $9–$15 a year.

20–24% of Ebco's rent income was written off as uncollected each year from 2017 to 2019.

–31% drop in rent income, from $145,700 in 2017 to $101,100 in 2020.

21 of 56 main building spaces open by September 2021. Collected rent (across all buildings) was about 37% of anticipated rent roll.

Source: Ebco financials 2017–2020 and tenant list as of 9/1/2021, provided by the City of Sheboygan.

WHAT DSG NEEDS TO DO DIFFERENTLY

- Dedicated City property management
- Consistent rent collection, with clear lease enforcement
- Fix the roof and core systems first, so tenants don't inherit deferred maintenance
- Fund a capital replacement reserve every year
- Hold an operating reserve for market downturns

PROTECTING THE CITY'S INVESTMENT

OPERATING RESERVE

≈ $126,000

One-time, funded with the capital budget. About six months of Year 1 operating expense.

- Covers expenses while the building leases up
- Protects tenants and the City in a downturn like 2020
- Possible sources: City funds, philanthropy, or parking-lot proceeds

CAPITAL REPLACEMENT RESERVE

$23,436 / yr

Now in the pro forma ($0.50/GSF annually). About $234,000 over the first ten years.

- The FCA schedules about $1.07M of further replacements for 2030–2035, including $445,000 of facade masonry in 2030
- The current reserve won't cover that on its own
- Council should plan for City capital funds or a larger reserve

ADDITIONAL/SUPPLEMENTAL PATHS COUNCIL MAY WANT TO EXPLORE

Outside this study's scope. Artspace did not estimate capital costs, income, or operating expenses for these options. They would need additional analysis.

Demolish and build a new mixed-use facility

Replace the DSG building with new construction that combines affordable housing with creative, ground-floor commercial space. Housing could open different capital funding sources, but the report finds new construction is unlikely to facilitate the same level of space, access, and commercial affordability to artists/creatives/entrepreneurs needing work space.

Sell the parking lot

The 13,500 SF lot across the street could be sold or developed, with proceeds added to the capital budget or an operating reserve.

ARTSPACE RECOMMENDATION

Advance Minimum Build-Out Scope of Work for Multi-Tenant Creative Workspace at DSG

IMMEDIATE NEXT STEPS

1. **Keep City ownership** Protects the building's purpose and affordability.
2. **Validate and price the Minimum Build-Out Scope** Architectural, structural, & environmental review, then contractor pricing.
3. **Validate the operating budget** Real staffing, insurance, and utility costs.

CHECK IN

ADVANCE WITH FINANCING

4. **Fund the Minimum Build-Out Scope** Near-term FCA items first, starting with the roof (failure expected in 1–3 years).
5. **Define the City facility operator role and reserves** Set up the position and fund operating and replacement reserves.
6. **Keep the garage flexible** Revisit a venue only with a qualified operator and proven demand.

CERTIFICATION

I HEREBY CERTIFY the amount shown on **Line 3, column 2**, above, to be assessed against the taxable property of that portion of the Technical College District lying within the municipality, as required by s.38.16(1). Annually, by October 31, or within 10 days after receipt of the equalized valuations from the department of revenue, whichever is later, the district board may levy a tax on the full value of the taxable property of the district for the purposes of making capital improvements, acquiring equipment, operating, and maintaining the schools of the district, and paying principal and interest on valid bonds or notes now or hereafter outstanding as provided in s.67.035. The district board secretary shall file with the clerk of each city, village, or town, any part of which is located in the district, a certified statement showing the amount of the levy and the proportionate amount of the tax to be spread upon the tax rolls for collection in each city, village, or town. Such proportion shall be ascertained on the basis of the ratio of full value of the taxable property of that part of the city, village, or town location in the district, as certified to the district board secretary by the department of revenue. Upon receipt of the certified statement from the district board secretary, the clerk of each city, village, or town shall spread the amounts thereof upon the tax rolls for collection. When the taxes are collected, such amounts shall be paid by the treasurer of each city, village, or town to the district board treasurer.

As the Board President of the Technical College District of the State of Wisconsin listed here, I do hereby certify the amount shown on Line 3, column 1, above, was voted on and authorized at the District Board meeting held on the 21st day of October 2026.

Exit Interview Information

For Quarter 3 (7/1/2026 - 9/30/2026), five (5) exit interviews were conducted. All interviewees were non-represented employees.

Statement	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree	Did Not Answer
I believe I was fairly compensated for the work I performed.		2	3			
Overall, I am pleased with the City of Sheboygan's benefit plans and offerings.	1	2	2			
My job duties were what I thought they would be when I was hired by the City.	1	3	1			
There were no obstacles, policies, or procedures that made my job difficult to perform.		1	1	2	1	
My supervisor is knowledgeable and well versed in their content area.		2		3		
My supervisor supports and empowers the people they supervise.		2	1	1	1	
I felt connected to the City as a City of Sheboygan employee; my department did not feel separate from the rest of the City.	1	2		1	1	

Reasons for leaving:

- Retiring (2)
- Lack of Recognition (2)
- Type of Work
- Better Compensation (2)
- Better Culture
- Career Advancement Opportunity

Negative Experiences to Note:

- Perceived favoritism and unresolved interpersonal issues.
- Contradictory supervisor instructions.

- Difficulty feeling connected to other city departments.

Positive Experiences to Note:

- Appreciation gestures from supervisors.
- Strong peer relationships.
- Helping the community during emergencies and challenging times.

HR Feedback:

Turnover in Q3 continues to trend downward compared to previous years, which is an encouraging indicator of organizational stability. While retirement remains a natural driver of separation, resignations still reflect a combination of work expectations, recognition, compensation, and workplace cultural factors.

Exit interviews continue to highlight an inconsistent sense of connectedness between employees and the broader City organization. HR recognizes this as a recurring theme and will continue implementing initiative aimed at strengthening engagement. Ongoing efforts included increased HR presence in field locations and city-wide events to foster community among staff.

Additionally, concerns regarding supervisor communication and consistency will continue to guide HR in identifying training and support opportunities for leadership teams. We are hopeful increased implementation and integration of Arbinger principles and concepts will help jumpstart improvement.

CITY OF SHEBOYGAN
RESOLUTION 139-26-27

BY ALDERPERSONS DEKKER AND KELLY.

NOVEMBER 9, 2026.

A RESOLUTION authorizing the appropriate City officials to pause the advancement of the pedestrian bridge.

WHEREAS, the City of Sheboygan Department of Public Works and the Department of Planning and Development submitted an application to the Federal Highway Administration (FHWA) for a Rebuilding America Infrastructure with Sustainability and Equity (RAISE) Grant to construct a Movable Pedestrian Bridge, and the City was notified of the award and began the contracting process with FHWA in 2023; and

WHEREAS, in 2024 the Common Council approved an agreement with FHWA to proceed with the project's design and construction with an agreement with HDR to design the bridge; and

WHEREAS, the original estimated construction costs were set at approximately $6.7 million, with $5.3 million to be paid by the federal RAISE grant, and later refinements raised the estimate to roughly an $8 million build out, with $3.5 million allocated from TID 21 to cover the City's increased costs; and

WHEREAS, recent engineering design work and projections now estimate project costs at over $12 million, and TID 21 cannot support such a large cost increase and advancing the project would require issuing debt placed on the general tax base, which City staff do not support.

NOW, THEREFORE, BE IT RESOLVED: That the Common Council hereby authorizes the City to pause further advancement of the pedestrian bridge project upon completion of the environmental documentation process.

MEMORANDUM

To: Mayor and Common Council
From: Casey Bradley, City Administrator
Date: October 19, 2026
Subject: Recommendation to Pause Further Action on the Movable Pedestrian Bridge Project

Purpose

The purpose of this memorandum is to provide an update regarding the Movable Pedestrian Bridge project and to formally recommend that the City pause any further advancement of the project based on current cost projections and the financial capacity of Tax Increment District (TID) 21.

Background

This project has been under consideration since Sheboygan County was selected in 2005 as one of four areas in the United States to participate in the Nonmotorized Transportation Pilot Program (NMTPP). To administer the program, the County established NMTPP committees. These groups reviewed the project and supported the overall concept but determined that available funding at the time was insufficient to construct the bridge without diverting resources from other bicycle and pedestrian projects throughout the county. Even so, the concept remained a priority for renewed consideration as resources and opportunities became available.

In 2022, the Department of Public Works and the Department of Planning and Development submitted an application to the Federal Highway Administration (FHWA) for a Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Grant to construct the previously considered bicycle and pedestrian bridge across the Sheboygan River.

The city was notified of the grant award and began the contracting process with FHWA in 2023. In 2024, the Common Council approved an agreement with FHWA to proceed with the project's design and construction and an agreement with HDR to design the bridge.

A construction contract was expected to be presented to the Common Council for approval in 2027, with construction expected to be complete in 2029.

Project Financials

Since 2022, construction costs have significantly increased, in some cases by as much as 12-18% per year. In the 2022 application documents, construction costs were estimated at approximately $6.7 million, with a plan that $5 million would be paid by the federal RAISE grant.

MEMORANDUM

To: Mayor and Common Council
From: Casey Bradley, City Administrator
Date: October 19, 2026
Subject: Recommendation to Pause Further Action on the Movable Pedestrian Bridge Project

Subsequent refinements increased the cost estimate to roughly $8 million, with $3.5 million allocated from TID 21 to cover the city's increased costs. Recent engineering design work and revised projections now place anticipated construction costs at over $12 million, driven largely by significant inflation in construction costs. While the current proposal includes a much simpler mechanical design than originally planned, those cost savings do not offset the impact of inflation and the need to match the South 8th Street Bridge's clearance threshold, which is another unanticipated project requirement imposed by the US Coast Guard.

Since the City's initial application, project costs have increased nearly 70%. TID 21 cannot support a cost increase of this magnitude. Advancing the project would require issuing debt that would be placed on the general tax base- something city staff and officials do not support.

To date, the city has used approximately $1 million in TID 21 funds for:

- A draft Environmental Assessment Report, including soil testing to determine the extent of existing soil contamination,
- Public Involvement Meetings, including a public open house, meetings with charter fishing Boat Captains, and a presentation to the Common Council,
- Agency Coordination, including the US Coast Guard, US Army Corps of Engineers, and the Wisconsin Department of Natural Resources,
- Conceptual design, which included a study to verify the optimal bridge type and location,
- Field Survey and Soil Borings,
- Review of Floodplain Impacts,
- Preliminary design
- Progress on the Final Design and Bidding Documents, and
- Engineers' Estimate of Probable Cost

Recommendation

Given the current project cost estimate and funding limitations, I recommend that the City:

- Pause all further advancement of the Movable Pedestrian Bridge project, including design and engineering expenditures. The only exception would be to complete the Environmental Documentation process now so that, if the project moves forward again, only minimal updates would be required.

Subject: Recommendation to Pause Further Action on the Movable Pedestrian Bridge Project

- Retain the federal RAISE grant allocation while monitoring future cost conditions. Revisit the feasibility of the bridge only if cost estimates return to a level that can be sustainably supported by TID resources without impacting the tax levy.

The bridge remains an aspirational long-term improvement for the riverfront; however, it is not financially viable at this time. Staff is mindful that the same cost increases likely will apply to the Marina reconstruction project. Pausing the Pedestrian Bridge project preserves financial flexibility within TID 21 to maintain progress on the Marina project, which remains a core waterfront priority.

AGREEMENT BETWEEN BUYER AND SELLER FOR PROCUREMENT CONTRACT

This Procurement Agreement is by and between **City of Sheboygan** ("Buyer") and **CONTECH Engineered Solutions** ("Seller").

Terms used in this Procurement Agreement have the meanings stated in the General Conditions of the Procurement Contract and the Supplementary Conditions of the Procurement Contract.

Buyer and Seller hereby agree as follows:

ARTICLE 1—PROCUREMENT CONTRACT

1.01 *Goods and Special Services*

A. Seller shall furnish the Goods and Special Services as specified or indicated in the Procurement Contract Documents. The Goods and Special Services are generally described as follows: **three-sided arch system.**

1.02 *The Project*

A. The Project, of which the Goods and Special Services are a part, is generally described as follows: **Southside Interceptor Sewer Construction – Arch System Procurement.**

1.03 *Engineer*

A. Buyer has retained **Foth Infrastructure and Environment** ("Engineer"), to prepare Procurement Contract Documents and act as Buyer's representative. Engineer assumes all duties and responsibilities and has the rights and authority assigned to Engineer in the Procurement Contract Documents in connection with Seller's furnishing of Goods and Special Services.

1.04 *Point of Destination*

A. The Point of Destination will be designated at a later date.

ARTICLE 2—PROCUREMENT CONTRACT TIMES

2.01 *Time of the Essence*

A. All time limits for Milestones, including the submittal of Shop Drawings and Samples, the delivery of Goods, and the furnishing of Special Services as stated in the Procurement Contract Documents, are of the essence of the Procurement Contract.

2.02 *Schedule of Procurement Contract Times*

A. The following schedule sets forth the Procurement Contract Times:

Readiness for Final Inspection and Acceptance of Goods and Special Services	3/31/2027	

2.03 *Shop Drawings and Samples*

A. *Submittal of Shop Drawings and Samples*: Seller shall submit all Shop Drawings and Samples required by the Procurement Contract Documents to Engineer for its review and approval.

B. *Engineer's Review*: It is the intent of the parties that Engineer will conduct its review of Shop Drawings and Samples and issue its approval, or a denial accompanied by substantive comments regarding information needed to gain approval, within **fourteen (14)** days after Seller's submittal of such Shop Drawings and Samples, or within such longer period that is needed because of the quantity and quality of such submittals. Resubmittals will be limited whenever possible.

2.04 *Liquidated Damages*

A. Buyer and Seller recognize that time is of the essence as stated in Paragraph 2.01, and that Buyer will suffer financial and other losses if the Goods are not delivered to the Point of Destination and ready for receipt of delivery by Buyer within the time specified in Paragraph 2.02, plus any extensions thereof allowed in accordance with this Procurement Contract. The parties also recognize that the timely performance of services by others involved in the Project is materially dependent upon Seller's specific compliance with the delivery requirements of Paragraph 2.02. Further, the parties recognize the time, expense, and difficulties involved in proving, in a legal or arbitration proceeding, the loss (whether direct, consequential, or otherwise) suffered by Buyer if complete, acceptable Goods are not delivered on time. Accordingly, instead of requiring any such proof, Buyer and Seller agree that as liquidated damages for delay (but not as a penalty) Seller shall pay Buyer an amount as represented by the table below for each day that expires after the time specified in Paragraph 2.02 for delivery of acceptable Goods.

LIQUIDATED DAMAGES		
Original Contract Amount		
From more than:	To and including:	Calendar Day
$0	$100,000	$180
$100,000	$300,000	$295
$300,000	$500,000	$480
$500,000	$1,000,000	$665
$1,000,000	--------	$990

ARTICLE 3—PROCUREMENT CONTRACT PRICE

3.01 *Procurement Contract Price and Total Price*

A. The Procurement Contract Price is comprised of the Lump Sum and Unit Price amounts set forth in the following paragraphs.

B. Buyer shall pay Seller a Lump Sum of $**715,565.00** for furnishing the Goods and Special Services (other than any Unit Price Goods and Special Services) in accordance with the

Copyright© 2019 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Procurement Contract Documents. Such Lump Sum amount accounts for the following Buyer-accepted alternates: **NA**

C. The Total Price is $**715,565.00.** Such Total Price is comprised of the Lump Sum amount (taking into account any accepted alternates), Unit Price Goods and Special Services amount (if any) (subject to final adjustment), and Buyer's Contingency Allowance (if any) (subject to final adjustment).

3.02 *Procurement Contract Price and Total Price—Based on Attached Bid*

A. For furnishing the Goods and Special Services in accordance with the Procurement Contract Documents, Buyer shall pay Seller the prices stated in Seller's Bid, attached hereto as an exhibit, subject to final adjustments for Unit Price Goods and Special Services and Buyer's Contingency Allowance, if any, and subject to the following Buyer-accepted alternates: **NA**.

ARTICLE 4—PAYMENT PROCEDURES

4.01 *Submittal and Processing of Applications for Payment*

A. Seller shall submit Applications for Payment in accordance with Article 13 of the General Conditions and the following paragraphs. Engineer and Buyer will process such Applications for Payment in accordance with said Article 13.

4.02 *Progress Payments; Final Payment*

A. Seller may submit an Application for Payment requesting the stated percentage of Procurement Contract Price upon attainment of each of the following Payment Line Items:

Payment Line Item (Lump Sum)	Percentage of Lump Sum
1. **Receipt of Approval of Shop Drawings and Samples**	**10**
2. **Completion of acceptable factory testing (if any)**	**5**
3. **Fabrication of Special Services in accordance with Procurement Contract Documents**	**70**
4. Final Payment: **Delivery of Goods to Point of Destination in accordance with the Procurement Contract Documents, Correction of non-conformities, provision of final Operations and Maintenance manuals, submittal of warranties and other final documentation required by the Procurement Contract Documents**	**15**

ARTICLE 5—ASSIGNMENT OF PROCUREMENT CONTRACT

5.01 *Assignment of Contract*

A. Buyer has the right to assign this Procurement Contract for furnishing Goods and Special Services, but only to a person or entity with sufficient apparent ability to satisfy all of Buyer's obligations under this Procurement Contract, and Seller hereby consents to such assignment. Forms documenting the assignment of the Procurement Contract, and consent of Seller's surety to the assignment, have been executed by Buyer, Seller, and Seller's surety, and are attached as exhibits to this Procurement Agreement. If so, assigned the following provisions apply:

Copyright© 2019 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. The Procurement Contract is initially executed in the name of the entity identified herein as Buyer, and will be assigned by such Buyer (as assignor) to a construction contractor (Contractor/Assignee) designated by such Buyer. The assignment will occur on the effective date of the construction contract between such Buyer (Project Owner) and the Contractor/Assignee, which is expected to occur on or about **February 1, 2027**. Commencing on the date of acceptance of assignment by the Contractor/Assignee, all references in the Procurement Contract to "Buyer" shall mean the designated Contractor/Assignee.

2. The assignment of this Procurement Contract relieves the assignor from all further obligations and liabilities under this Procurement Contract. After assignment, Seller shall become a subcontractor or supplier to the Contractor/Assignee and, except as noted herein, all rights, duties, and obligations of Buyer under the Procurement Contract become the rights, duties, and obligations of the Contractor/Assignee.

3. After assignment:

    a. The Procurement Drawings and Procurement Specifications, and any modifying Addenda will become "Contract Documents" under the construction contract.

    b. If the Procurement Drawings or Procurement Specifications, as "Contract Documents" under the construction contract, are duly modified under such construction contract, then Seller and Contractor/Assignee shall enter into a corresponding Change Order under the applicable provisions of this Procurement Contract.

    c. The Procurement Drawings and Procurement Specifications may not be modified by Seller or Contractor/Assignee, singly or in tandem, except as such Procurement Drawings or Procurement Specifications, as "Contract Documents" under the construction contract, have been duly modified under such construction contract.

    d. All performance warranties, guarantees, and indemnifications required by the Procurement Contract will continue to run for the benefit of assignor (Project Owner) and, in addition, for the benefit of the Contractor/Assignee. However, if assignor (Project Owner) and Contractor/Assignee make the same warranty or guarantee claim, then Seller shall only be liable once for such claim. Other than its remedies under such warranties, guarantees, and indemnifications, assignor will not retain direct rights under this Procurement Contract, but will have rights and remedies as a party to the construction contract, whose scope of work will encompass the Procurement Drawings, Procurement Specifications, and modifying Addenda; provided, however, that any limitations on Seller's liability in this Procurement Contract will continue to bind the original Buyer (assignor) after assignment.

    e. The Contractor/Assignee shall have all the rights of the Buyer under the Performance Bond and Payment Bond.

    f. Seller shall submit all Applications for Payment directly to Contractor/Assignee.

        1) Contractor/Assignee shall review each Application for Payment promptly, determine the amount that Contractor/Assignee approves for payment, and

then include the amount approved in the next application for payment submitted to Project Owner (or Engineer) under the construction contract.

2) Contractor/Assignee shall pay Seller within **[number]** days of receipt of payment from the Project Owner under the construction contract.

3) After assignment Engineer will review, approve, or deny the content of Applications for Payment under the Procurement Contract only to the extent that Contractor/Assignee, as construction contractor, has incorporated such content into payment applications that Engineer reviews under the construction contract.

g. The Contractor/Assignee shall have all the rights of the Buyer under any pending Claim by Buyer.

h. All Claims and supporting documentation will be submitted directly by the claimant party (either Buyer, **Assignee,** or Seller), to the other party, without submittal to Engineer.

1) The other party will render a response in writing within 30 days of receipt of the last submittal of claimant.

2) If the other party does not render a written response to a Claim within 30 days after receipt of the last submittal of the claimant, the other party shall be deemed to have approved the Claim in its entirety.

3) The other party's written response to a Claim, or the approval of the Claim in its entirety as a function of failure to respond within 30 days, will be final and binding upon Buyer and Seller 30 days after it is issued, unless within such 30 days of issuance either Buyer or Seller appeals the result by initiating the mediation of the Claim in accordance with the dispute resolution procedures set forth in Paragraph 12.02 of the General Conditions.

4) Any Claim by Seller that Contractor/Assignee may choose to submit, present, or forward to Project Owner must be submitted to Buyer within sufficient time for Contractor/Assignee to preserve its rights under the construction contract, notwithstanding any procedures or time limits in this Procurement Contract.

i. Seller's recovery of additional cost, time, or both cost and time for any Claim attributable to the Project Owner will be limited to the proportionate recovery by Contractor/Assignee against Project Owner for such Claim. Seller will cooperate and assist Contractor/Assignee in pursuing any Claim by Contractor/Assignee against Project Owner on behalf of Seller, including the timely preparation and delivery of supporting documentation.

j. If the pursuit of any claim by Contractor/Assignee against Project Owner on Seller's behalf requires the expenditure by Contractor/Assignee of legal or consulting fees, or results in litigation, arbitration, or any dispute resolution procedures, Seller agrees to pay for a proportionate share of attorneys' fees, consultant fees, and litigation, arbitration, and other resolution costs incurred by Contractor/Assignee in pursuing the claim on behalf of Seller, based upon the amount claimed by Seller as compared to the total value of the claim pursued by the Contractor/Assignee.

Copyright© 2019 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

k. All rights, duties, and obligations of Engineer to Contractor/Assignee and Seller under this Procurement Contract will cease.

l. Subject to the foregoing provisions, all references in the Procurement Contract to submitting items to Engineer, or to Engineer having tasks or obligations, will be read after such an assignment as requiring submittal to Contractor/Assignee, or as Contractor/Assignee having such tasks or obligations (which Contractor/Assignee may delegate when appropriate).

m. If the Procurement Contract includes a Buyer's Contingency Allowance, upon assignment such allowance will be automatically reduced to the amount previously authorized by Buyer (Project Owner), and cease to be operational.

ARTICLE 6—PROCUREMENT CONTRACT DOCUMENTS

6.01 *List of Procurement Contract Documents*

A. The Procurement Contract Documents consist of the following:

1. This Procurement Agreement.
2. General Conditions of the Procurement Contract.
3. Supplementary Conditions of the Procurement Contract.
4. Procurement Specifications as listed in the Procurement Specifications table of contents.
5. Procurement Drawings (not attached but incorporated by reference) and included in the final agreement per sheet index.
6. Addenda Numbers **1 and 1A**.
7. Bonds:
    a. Performance bond (together with power of attorney).
    b. Payment bond (together with power of attorney).
8. Exhibits to this Procurement Agreement (enumerated as follows):
    a. Exhibit A, Assignment of Contract, Consent to Assignment, and Acceptance of Assignment, and
    b. Exhibit B, Surety's Consent to Assignment.

B. The documents listed in Paragraph 6.01.A are attached to this Procurement Agreement (except as expressly noted otherwise above).

C. There are no Procurement Contract Documents other than those listed above.

D. The Procurement Contract Documents may only be amended or supplemented as provided in Paragraph 11.01 of the Procurement General Conditions.

ARTICLE 7—SELLER'S REPRESENTATIONS AND CERTIFICATIONS

7.01 *Seller's Representations*

A. In order to induce Buyer to enter into this Procurement Agreement, Seller makes the following representations:

1. Seller has examined and carefully studied the Procurement Contract Documents.

2. If required by the Instructions to Bidders to visit the Point of Destination and the site where the Goods are to be installed or Special Services will be provided, or if, in Seller's judgment, any observable local or site conditions may affect the delivery, cost, progress, or furnishing of the Goods and Special Services, then Seller has visited the Point of Destination and site where the Goods are to be installed or Special Services will be provided (as applicable) and become familiar with and is satisfied as to the observable local and site conditions that may affect delivery, cost, progress, and furnishing of the Goods and Special Services.

3. Seller is familiar with and is satisfied as to all Laws and Regulations that may affect the cost, progress, and performance of Seller's obligations under the Procurement Contract.

4. Seller has carefully studied, considered, and correlated the information known to Seller with respect to the effect of such information on the cost, progress, and performance of Seller's obligations under the Procurement Contract.

5. Seller has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Seller has discovered in the Procurement Contract Documents, and the written resolution (if any) thereof by Engineer is acceptable to Seller.

6. The Procurement Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance of Seller's obligations under the Procurement Contract.

7. Seller's entry into this Procurement Contract constitutes an incontrovertible representation by Seller that without exception all prices in the Procurement Agreement are premised upon furnishing the Goods and Special Services as required by the Procurement Contract Documents.

7.02 *Seller's Certifications*

A. Seller certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Procurement Contract. For the purposes of this Paragraph 7.02:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the bidding process or in the Procurement Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Procurement Contract to the detriment of Buyer, (b) to establish bid or contract prices at artificial non-competitive levels, or (c) to deprive Buyer of the benefits of free and open competition;

Copyright© 2019 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Buyer, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Procurement Contract.

ARTICLE 8—CONFIDENTIALITY

8.01 *Confidential Information*

A. Confidential information is information in documents submitted by Seller that Seller clearly and prominently labels in writing to be a trade secret, proprietary, or confidential. Such documents, if any, will be maintained in a manner that endeavors to avoid disclosing confidential information to third parties, to the extent allowed by Laws and Regulations.

B. Seller shall clearly and prominently mark confidential information with the word "CONFIDENTIAL" on each page or sheet or on the cover of bound documents. Place "CONFIDENTIAL" stamps or watermarks so that they do not obscure any of the required information on the document, either in the original or in a way that would obscure any of the required information in a photocopy of the document.

8.02 *Disclosure of Confidential Information*

A. If Buyer is requested to disclose confidential information, or becomes legally compelled (by oral questions, interrogatories, requests for information or documents, subpoena, civil or criminal investigative demand, public information requests, or other requests under Laws and Regulations) to disclose confidential information, or is required by a regulatory body, governing agency, or controlling authority to disclose confidential information, or make any other disclosure that is prohibited or otherwise constrained by the Procurement Contract, Buyer will provide Seller with prompt notice so Seller may seek an appropriate protective order or other remedy. Seller will be solely responsible for submitting to the regulatory body, governing agency, or controlling authority any arguments, briefs, memoranda, motions, authorities, or other information in opposition to disclosure.

B. Buyer's obligations with respect to confidential information are nullified by the following exceptions:

1. Confidential information becomes a part of the public domain through publication or otherwise, through no fault of the Buyer;

2. Buyer can demonstrate through suitable documentation that the confidential information was already in the Buyer's possession, and not previously marked as confidential, or was otherwise publicly available prior to the Effective Date of the Procurement Contract;

3. The confidential information is subsequently and independently disclosed to the Buyer by a third party who has a lawful right to disclose such information;

4. Buyer has a good faith belief that disclosure is required or justified; or

Copyright© 2019 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. Buyer is required to disclose the confidential information by court order or by applicable Laws and Regulations.

8.03 *Waiver of Immunity*

A. Notwithstanding any other provision of the Procurement Contract, it is stipulated and agreed that by accepting confidential information, Buyer has not and does not waive its legal immunity (if any) from suit or liability.

ARTICLE 9—MUTUAL WAIVER

9.01 *Mutual Waiver of Consequential Damages*

A. Buyer and Seller waive against each other, and against the other's officers, directors, members, partners, employees, agents, consultants, and subcontractors, any and all claims for or entitlement to incidental, indirect, or consequential damages arising out of, resulting from, or related to the Procurement Contract. If Buyer (Project Owner) assigns this Procurement Contract to a construction contractor (Contractor/Assignee), then the terms of this Paragraph 9.01.A will be binding upon the Contractor/Assignee with respect to Seller and assignor. The terms of this mutual waiver do not apply to or limit any claim by either Buyer or Seller against the other based on any of the following: (a) contribution or indemnification, (b) liquidated damages, (c) costs, losses, or damages attributable to personal or bodily injury, sickness, disease, or death, or to injury to or destruction of the tangible property of others, (d) intentional or reckless wrongful conduct, or (e) rights conferred by any bond provided by Seller under this Procurement Contract.

CITY OF SHEBOYGAN
REPORT 49-26-27

BY LICENSING, HEARINGS, AND PUBLIC SAFETY COMMITTEE.

NOVEMBER 16, 2026.

Submitting Findings of Fact and Conclusions of Law denying Beverage Operator License No. 2999, which was applied for by Richard Benson.

STATE OF WISCONSIN CITY OF SHEBOYGAN SHEBOYGAN COUNTY

IN THE MATTER OF THE
BEVERAGE OPERATOR LICENSE:

RICHARD BENSON

LICENSING, HEARINGS, AND PUBLIC SAFETY COMMITTEE REPORT

On November 9, 2026, the City of Sheboygan Licensing, Hearings, and Public Safety Committee (the "Committee") held an appeal hearing on the denial of the Beverage Operator License No. 2999, which was applied for by Richard Benson (the "Applicant").

Findings of Fact

Based upon the testimony and exhibits presented by Attorney Matthew Murray on behalf of the City of Sheboygan and the failure to appear by Richard Benson, the Committee makes the following Findings of Fact and Conclusions of Law:

1. The applicant is a habitual law offender not qualified for licensure per Wisconsin Statute and local ordinance.

Conclusions of Law and Recommendation

Based upon the Findings of Fact, the Licensing, Hearings, and Public Safety Committee recommends that the Beverage Operator License application be denied.

Approved by the City of Sheboygan Licensing, Hearings, and Public Safety Committee this 9th day of November, 2026.

By: _____
Alder Susie Boorse, Chairperson
Licensing, Hearings, and Public Safety Committee
