#### REQUEST FOR TRANSIT COMMISSION CONSIDERATION

**ITEM DESCRIPTION**: 9. Transit & Parking First Quarter Reports for 2024

**REPORT PREPARED BY:** Derek Muench, Director of Transit & Parking

**REPORT DATE:** 1/12/24 **MEETING DATE:** 1/16/24

FISCAL SUMMARY: STATUTORY REFERENCE:

Budget Line Item: N/A Wisconsin Statutes: N/A Budget Summary: N/A Municipal Code: N/A

Budgeted Expenditure: N/A
Budgeted Revenue: N/A

#### **BACKGROUND / ANALYSIS:**

The reports for the third and fourth quarters of 2024 are presented for Shoreline Metro, Metro Connection and the Parking Utility for review and approval.

#### **STAFF COMMENTS:**

The Director of Transit & Parking is submitting these reports for consideration by the Transit Commission. When reading this report for transit operations, please do not put much emphasis on individual quarterly metrics. Many factors influence ridership (winter during first quarter as an example) and expenses (annual purchases such as insurance paid during first and second quarter).

Here is a summary Third and Fourth Quarter reports:

- Transit Utility:
  - Shoreline Metro ridership was up 15 percent for Q3 and 11.4 percent for Q4.
    - Ridership is up 14.9 percent for CY2023
    - Many metrics improved during the quarters and for year end
  - Metro Connection ridership was down 1.6 percent for Q3 and 0.1 percent for Q4.
    - Ridership is up by 0.2 percent for CY2023
  - o Revenue was up 87.7 percent for Q3 and 9.9 percent for Q4.
    - Revenue was up 29.4 percent for CY2023
  - Expenses were up 10.5 percent in Q3 and down 11.4 percent for Q4.
    - Expenses were down 2.2 percent for CY2023
    - Many Q4 invoices are yet to be paid so expenses aren't expected to be remain less than CY2022.

Item 8.

- CARES Act funds will be used to offset the loss of revenues and potential indin expenses although expenses and revenues are tracking very healthy at this time.
- Parking Utility:
  - o Permit revenue is down substantially due to implementation to HotSpot.
    - Permit revenue has increased in Q3 and Q4 and is expected to continue increasing to pre-HotSpot levels (perhaps not pre-COVID levels)
  - o Meter revenue was up in Q3 and Q4 from 2022.
    - HotSpot revenues continue to increase month-over-month from August to December
  - Expenses are tracking as expected.
    - Snow removal was less than budgeted through Q1 with all invoices paid YTD and minimal snow removal in Q4.

#### **ACTION REQUESTED:**

Staff recommends approval of the Transit and Parking Utility 2023 Third and Fourth Quarter Reports and placing on file.

Definitions

Cost-Efficiency examines the amount of service produced in relation to the amount of resources expended. The lower the ratio, the more cost efficient the service

Cost-Effectiveness metrics addresses transit use in relation to the level of resources expended. The lower the cost per passenger, the more cost effective the service

Service-Effectiveness is a measure of the consumption of public transportation service in relation to the amount of service available. The larger the ratio, the more effective the service

Passenger Revenue-Effectiveness, or average fare per passenger trip, measures the amount each passenger is paying to use the service. The higher the average, the more cost is being borne by the passenge

**Financials** – Shoreline Metro staff (Director) review expenses and revenues on a regular basis, typically bi-monthly and quarterly. Financial reports are reviewed for accurate expenses and revenues. In inaccuracies are reported to the Finance Department with a recommendation for resolution.

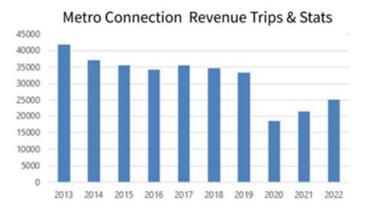

- Invoices
  - Paid within 30-days by staff
  - Payables are reviewed for approval by the Director
  - o Approved payables are then sent to Finance for review and payment.
- Revenues/Fares/User Fees
  - Collected in accordance with departmental policies:
    - Fareboxes twice a month (15<sup>th</sup> and last day)
    - Office Sales daily
    - Meters twice a month (some monthly/quarterly)
    - Grants/Reimbursements direct deposit and processed by Finance.
  - Deposited at Wisconsin Bank & Trust
  - o Credited to appropriate budget accounts as soon as possible by Finance.

**Personnel** – Shoreline Metro staff address personnel needs on a regular basis. Bus drivers are the most common position available with recruitment occurring almost monthly. Bus drivers are hired as needed and based on abilities and qualifications. Staff positions are filled as needed. The following is the current Table of Organization for the Parking & Transit Utilities:

**Ridership** – The count of physical passenger trips taken with Shoreline Metro and Metro Conned is known as ridership. For Shoreline Metro, a trip is counted every time a customer boards a bus. For Metro Connection, a trip is counted every time a customer completes a one-way trip. Ridership is highly influenced by socio-economic factors, weather, and emergencies. It is also a product of affordable fares, reliable service, safe travel and dependability.

#### **STAFF COMMENTS:**

The Director of Transit & Parking presents the following items for as advisory and information.

#### **Personnel:**

- No personnel updates from the 4<sup>th</sup> Quarter.
- New drivers will be hired in Q1 of 2024 to replace upcoming retirements.

# **Operational Items/Updates:**

The following items are provided as operational updates related to transit and parking services provided by the department.

- 2024 FTA Triennial Review has been announced and confirmed for later this year. All initial required documents and information must be submitted to the reviewer by February 29, 2024. This is a comprehensive review of Shoreline Metro and its operations in many different categories including ADA, Procurement, Financial Capacity, Drug and Alcohol, Title VI, Charter Service and Grants/Funding. This year will also include review on use of CARES Act and ARPA grant funds. Shoreline Metro has performed well during these reviews in years past including zero findings during the 2017 and 2021 reviews.
- Ridership for CY2023 increased by 15 percent for Shoreline Metro and less than a quarter percent for Metro Connection. Total trips were 560,155 for Shoreline Metro and 25,173 for Metro Connection. Only one month had a decrease in ridership for Shoreline Metro (September) over CY2022.

- HotSpot Parking implementation is 95 percent completed. During the last quarter of 202
  the following items were implemented or completed:
  - All parking lot entrance signs have been redesigned and updated with the help of Marshall Sign.
  - o All internal parking lot signage has been removed. The appropriate and important information was incorporated into the entrance signs.
  - Internal payment kiosks were installed in most all public parking lots allowing customers to pay "hourly" parking through HotSpot (even lots without parking meters).
  - Promotion on Facebook regularly promoting new parking payment options.
  - Website revised and fully updated to incorporate all changes and parking solutions.

User and customer errors make up a significant portion of parking tickets. The reason for this seems to be linked to customers that did not option into "auto renew" causing permits to expire at the end of the month and becoming invalid when scanned by the LPR.

Through enforcement tickets, we have been able to work with customers on this item and informing them of the importance of enabling this feature (we had several issues with those that purchased their permits annually that did not option for "auto renew" at the end of the year and then consequently had expired permits come 1/1/24).

Parking Utility and the Police Department continue to work through enforcement issues with the LPRs and HotSpot software. There have been several challenges but most have been good challenges that have been easily addressed with customers.

A few challenges still exist and we continue to address those the best that we can. Andy and his Customer Service Officers have been outstanding and incredible to work with. Thank you to them for always being in communication and working with our staff in a timely and efficient manner.
