Motion made by Commissioner Tadic, Seconded by Commissioner Wagner.

Voting Yea: Commissioner Donenfeld, Vice Chair Victorson, Commissioner Janssen, Commissioner Delucchi, Commissioner Wagner, Commissioner Tadic

### **Old/Unfinished Business**

2. JER and Parks Project Update

Community Planning and Development Director and Staff Liaison, Jason Welker gave project updates for Travers Park as well as planning measures for the upcoming improvements to the City Beach RV Park. City Council recently accepted the \$950,000 RV Fund grant, awarded by the Idaho Department of Parks and Recreation. The grant will include design & engineering for the RV Park. Director Welker reminded commissioners that the grant application for the Waterways Improvement Fund (WIF) Grant was denied and proposed that the \$100,000 earmarked as matching funds be used to include the City Beach parking lot in the design and engineering bid for the RV park. Bid ready plans for the parking lot, with an emphasis on boat ramp/dock safety and capacity, will strengthen the City's application for the WIF grant next

year. After discussion, feedback was encouraged and though no formal vote was taken, the majority of commissioners present supported the proposal.

### New Business

#### 3. Ross Hall - Potential for Collaboration with City on Pend d'Oreille Bay Trail Discussion

Rotary representative, Ross Hall, and Katie Cox with Kaniksu Land Trust were invited to attend the commission meeting and speak to agenda item 3 " Potential for Collaboration with City on Pend d'Oreille Bay Trail"

Ross Hall requested permission to clean up a 100' section of city-owned shoreline adjacent to the Pend d'Oreille Bay Trailhead (formerly owned by the Hall family), enhance it as a culturally significant interpretive area in partnership with local tribes, and explore ADA-compliant access improvements that could also support a non-motorized boat launch or fishing access. He proposed using some Rotary funding, coordinating with Friends of the Pend d'Oreille Bay Trail, the City of Ponderay, and DEQ, and discussion included leveraging potential Black Rock mitigation funds and grants.

Director Welker confirmed permission for the cleanup pending signature of a volunteer waiver and coordination with City Parks Supervisor, Austin Hull. In addition, he will engage DEQ and other potential partners to clarify timelines and funding, identify grant opportunities, and report back with updates at next month's meeting. After discussion, commissioners present were unanimously supportive of making this a high-priority project when planning for allocation of Parks Capital Improvement funding over the next 2-3 years.

### General Announcements/Comments

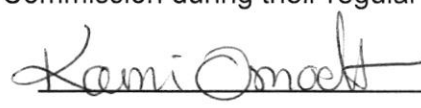

Vice Chair Victorson reminded commissioners that they can sign up for meeting notifications and agendas via the City of Sandpoint website. Director Welker shared that September 30th would be the last day for Parks Planning and Development Manager, Maeve Nevins-Lavtar. Mr. Welker also reviewed the proposed 2025/2026 Fee Schedule, specifically those pertaining to fee increases for parks and recreational facilities.

### Adjourn

Meeting was adjourned at 3:52 pm

I presided over the meeting and can confirm that minutes, prepared by the Board Clerk and City Staff Liaison, were approved by the Parks and Recreation Commission during their regular meeting held on

9/10/2025  
  
Taylor Long, Chair

  
Kami Omodt, Board Clerk
