**To:** City Council  
Finance & Administration Committee

**From:** Drew Bouta, Director of Finance

**Date:** September 8, 2025

**Subject:** CLAIMS REPORT  
Approval of payments for the period: July 30, 2025, through August 26, 2025

## BACKGROUND

Per RCW 42.24.080, all claims presented against the city by persons furnishing materials, rendering services, or performing labor must be certified by the appropriate official to ensure that the materials have been furnished, the services rendered, or the labor performed as described, and that the claims are just, due, and unpaid obligations against the city, before payment can be made. Expedited processing of the payment of claims when certain conditions have been met allows for the payment of claims before the legislative body has acted to approve the claims when: (1) the appropriate officers have furnished official bonds; (2) the legislative body has adopted policies that implement effective internal control; (3) the legislative body has provided for review of the documentation supporting the claims within a month of issuance; and (4) that if claims are disapproved, they shall be recognized as receivables and diligently pursued. The City of Snoqualmie meets all requirements of this state law.

Pursuant to Snoqualmie Municipal Code (SMC) Chapter 3.85, all Claims, Demands and Vouchers against the city, provides that the Finance Director or her designee will examine all claims prior to payment and provide periodic reporting of the payments to the City Council for final approval. Per SMC 3.85.040, to meet these requirements, the Finance Director schedules payment of claims and payroll for monthly Finance & Administration Committee review followed by full City Council approval on the consent agenda. Per SMC 3.85.050, documentation supporting claims paid and the Finance Director's written report are made available to all city council members at City Hall for 48 hours prior to the Finance & Administration Committee meeting. Following the 48-hour review period, the Finance & Administration Committee considers the claims as part of its regular agenda and recommends to the full city council whether to approve or disapprove the claims. Consistent with these requirements, this report seeks City Council approval of payment of claims and payroll batches summarized in the table below.

## ANALYSIS

All payments made during these periods were found to be valid claims against the city. The City's internal controls include certification of the validity of all expenditures by the appropriate department and an internal audit conducted by designated finance department staff who review all claims and payroll payments. Staff performs system validation and exception reviews to validate payroll records. The Finance Director performs a random sampling review of supporting documentation for claims payments to ensure validity, as well as regularly reviews its processes to ensure appropriate internal controls are in place. The City issues disbursements for claims and payroll via the following methods:

- Warrant: paper negotiable instruments, very much like, although legally distinct from, checks
- Commercial Credit Card: as authorized by Financial Management Policy
- Electronic Funds Transfer (EFT). EFTs are electronic banking transactions (no paper instrument) of two basic types: (1) Automated Clearing House (ACH) for Electronic Fund Transfer (EFT) and (2) Wire Transfers a direct transfer between bank accounts

**The following table summarizes the claims and payments authorized by the Finance Director:**

The foregoing amounts were budgeted in the 2025-2026 biennial budget, and sufficient funds are available to cover these payments, as appropriate. Details pertaining to the individual vendor payments are available in documentation provided for the Finance & Administration Committee and subsequent City Council review by accessing the following link on the city website: [Claims Report](#)

## Summary

### Introduction\*

Brief summary.

During the 2025 legislative session, the Washington State Legislature enacted ESHB 2015 to provide qualified cities, towns, or counties the ability to authorize a new local option sales and use tax of one-tenth of one percent (0.1%) for criminal justice purposes. The intent of this resolution, after carefully considering the financial needs of the Snoqualmie Police Department, and criminal justice in general, which includes programs and/or responses that have a positive effect on the criminal justice system, such as the provision of adequate public defense or homeless and mental health services, is to authorize the one-tenth of one percent (0.1%) sales and use tax pursuant to Section 201, Chapter 350, Laws of Washington 2025, and certify that the City of Snoqualmie meets all of the requirements to impose the tax.

### Proposed Motion

Move to approve Resolution xxxx authorizing a one-tenth of one percent (0.1%) sales and use tax for criminal justice purposes pursuant to Section 201, Chapter 350, Laws of Washington 2025.

### Background/Overview\*

What was done (legislative history, previous actions, ability to hyperlink)

The Washington State Legislature approved [ESHB 2015](#) during the 2025 legislative session which established two new funding mechanisms for criminal justice purposes:

1.  
**A three-year \$100 million grant program for hiring, retaining, and training new police officers and co-responders.**
2.  
**A councilmanic 0.1% local option sales and use tax for criminal justice purposes.**

According to ESHB 2015, “**criminal justice purposes**” is defined as “activities that substantially assist the criminal justice system” and includes “circumstances where ancillary benefit to the civil justice and behavioral health systems occurs” such as the following:

1.  
Domestic violence services, such as those provided by domestic violence programs, community advocates, and legal advocates, as those terms are defined in RCW 70.123.020.
2.  
Staffing adequate public defenders to provide appropriate defense for individuals.
3.  
Diversion programs
4.  
Reentry work for inmates
5.  
Local government programs that have a reasonable relationship to reducing the numbers of people interacting with the criminal justice system including, but not limited to, reducing homelessness or improving behavioral health.
6.  
Community placements for juvenile offenders
7.  
Community outreach and assistance programs, alternative response programs, and mental health crisis response.

To authorize the 0.1% sales and use tax, the City of Snoqualmie must **qualify** for the grant. In order to qualify for the grant, the Snoqualmie Police Department must have the following in place:

1.  
**Washington State Office of Attorney General (AGO) Training and Policies.** Established policies that comply with state

law as well as AGO's guidance for law enforcement practices related to citizenship status.

2.

**Criminal Justice Training Commission (CJTC)**

**Trainings.** Participated in CJTC trainings related to behavioral health and first aid.

3.

**Use of Force Policies.** Established policies on de-escalation and use of force that incorporate the AGO's guidance on duty to intervene and use of police dogs.

4.

**Use of Force Database.** Complied with state laws on use of force data reporting (once that state program is operational).

5.

**Court-Ordered Firearm Relinquishment.**

Established policies related to civil protection orders and the court-ordered surrender of firearms.

6.

**Crisis Intervention Training.** At least 25% of officers who have completed CJTC crisis intervention team training.

7.

**Gender-Based Violence Trainings.** 100% completion by required officers for CJTC trainings on sexual assault and gender-based violence.

8.

**Public Safety Sales Taxes.** Received funds from or authorized a public safety or criminal justice sales tax.

9.

**Leadership Requirements.** A police chief, sheriff, or marshal who is CJTC-certified and has no felony convictions or gross misdemeanor convictions for moral turpitude, dishonesty, fraud, or corruption.

**10. Volunteer**

**Requirements.** Established policies for supervising agency volunteers, any insignia worn by volunteers, and for restricting those volunteers from enforcing criminal laws other than for special event traffic and parking, using force, carrying weapons, or using dogs for purposes besides search and rescue.

The Snoqualmie Police Department will need to submit documentation to the CJTC demonstrating that it has the policies, procedures, and operations in place, as well as training received, in order to impose the tax.

In addition to qualifying for the grant, the City of Snoqualmie must also provide the CJTC with a **detailed staffing plan** that includes the number of co-response teams, administrative staff, commissioned and specially commissioned officers, and officers on flexible schedules, as well as its **average 911 response rate** and **average case closure rate** for the preceding year.

Once the documentation has been submitted, the CJTC will have 45 days to review and notify the City of Snoqualmie of any outstanding deficiencies.

If the resolution is approved, and there are no outstanding deficiencies, then the City of Snoqualmie can send the resolution to the Washington State Department of Revenue for implementation. Per RCW 82.14.055, a local sales tax change may take effect no sooner than 75 calendar days after DOR receives notice of the change. Sales tax rate changes may only take effect on January 1, April 1, or July 1. The City of Snoqualmie would need to provide DOR notice by October 17, January 15, or April 17 in order for a sales tax to take effect on January 1, April 1, or July 1 respectively.

**Analysis\***

The intent of this resolution is to impose a 0.1% sales and use tax for criminal justice purposes. The sales and use tax would be permanent unless rescinded by Council action at a future date and is “stackable” with other taxes and the imposition of taxes by other governments. “Stackable” means that both the City of Snoqualmie and King County can pass and use the same tax independently or in addition to the other. As a result, and unlike the public safety sales tax (RCW 82.14.450), this local option sales and use tax has no sharing requirement (i.e., 85% City, 15% shared with County).

Assuming a January 1, 2025, start date, and given the lag time between actual retail sales and distribution

of the tax, the City of Snoqualmie would not receive any revenue from the tax until March 2026. Using 2024 sales and use tax (regular and optional) revenue as the baseline for forecasting, and an inflation factor based on a forecast of the annual percentage change in the CPI-U for the Seattle-Tacoma-Bellevue, WA area, the imposition of the tax is expected to generate the following revenue over a six-year period:

2026: \$243,000  
 2027: \$302,000  
 2028: \$312,000  
 2029: \$322,000  
 2030: \$333,000  
 2031: \$344,000

The funds this tax generates would be used solely for criminal justice purposes. In addition, because this is a tax on all retail sales within the City, all retail sales consumers, including non-resident visitors would pay the tax.

The estimated local retail sales resulting from one household living in the City of Snoqualmie for 2025 is approximately \$28,500. Therefore, the estimated burden of this tax on a household in City of Snoqualmie is approximately \$28.50.

#### Budgetary Status \*

This action will bring in additional revenue.

#### Budget Summary

The compliance costs associated with imposing a 0.1% sales and use tax for criminal justice purposes are expected to be relatively low in relation to the anticipated revenue. The City is already compliant in several respects. Costs would most likely relate to training overtime, data collection and reporting overtime, or changing policies. However, the department is not currently anticipating any overtime expenditures related to compliance.

## Summary

### Introduction \*

Brief summary.

The city entered into an ILA with King County regarding distribution of opioid settlement funds. The city received a request from the King County Regional Opioid Abatement Council requesting written confirmation to an amendment to the allocation of administrative costs as set forth below.

### Proposed Motion

### Background/Overview \*

What was done (legislative history, previous actions, ability to hyperlink)

Each of the participating agencies are contributing 10% of their allocation of opioid settlement funds to cover OAC administrative costs. While the OAC originally anticipated being able to credit back unused portions of the parties' contributions on a yearly basis, the disbursements of opioid settlement funds are not being spread evenly over the settlement period. Unexpectedly, there were large disbursements in 2023 and 2024. As a result, the parties' contributions to OAC administrative costs in the earlier years will exceed annual costs and in the later years, will be less than needed to cover

annual OAC administrative costs. With current planned staffing levels necessary to administer OAC through 2039, if the OAC were to annually credit back the unused contributions, the OAC Administrator will incur funding deficits starting in 2028, and significant deficits by 2033.

To address this situation, the OAC is proposing to carry the parties' excess contributions from the early years into the later years to cover the OAC administrative costs over the entire settlement period (through 2039). Instead of crediting cities back unspent funds yearly, the OAC Administrator would hold back credits to cover the deficits as needed, potentially until the end of the settlement period. The OAC Administrator would provide an administrative budget forecast update yearly at the annual open OAC meeting. At the end of the settlement period, the OAC Administrator would credit back all unspent contributions. Holding back the current year's credits and amortizing fees moving forward will reduce the deficit and likely allow for a total of approximately \$1 million to be returned to Parties at the end of the settlement period (2039). Without amortization of balloon payments, the OAC Administrator may be unable to facilitate the OAC.

In order to effectuate this change, **the OAC proposes the following change to the King County Regional OAC agreement:**

*Section 6.F: If the amount contributed by a Party to the OAC Administrative Costs fund under Section 6.B in a year exceeds that Party's proportionate share of the OAC Administrative Costs for that year, King County Treasury shall retain some or all of the excess amount in the OAC Administrative Costs fund for payment of OAC Administrative Costs in later years ~~and reduce that Party's required contribution for the following year by that same amount.~~ Any excess contributions remaining in the fund after termination and payment of all OAC Administrative Costs will be returned to the contributing Party for use as authorized by the MOU.*

To allow for future modifications of the OAC Agreement similar to the change requested above, **the OAC is proposing to replace Section 9 with the following:**

*This Agreement may be amended as follows:*

*(1) The OAC shall provide all Parties with written notice of the proposed amendment.*

- (2) Any Party objecting to the amendment shall have ninety (90) days to provide the OAC with a written objection.
- (3) If one or more Party(ies) objects, the proposed amendment is rejected.
- (4) If no Party objects to the proposed amendment within 90 days of the notice described in (1) above, the OAC shall schedule a vote on the proposed amendment.
- (5) If unanimously approved by all four members of the OAC, the amendment is adopted and effective immediately.
- (6) If an amendment is adopted, the OAC shall provide the Parties with written notice of the amendment and the effective date.

*Notwithstanding the above, the OAC may by unanimous vote of all four OAC members and without prior notice to the Parties, amend the definitions of Opioid Litigation and National Settlement Agreements in order to make this Agreement applicable to future opioid litigation settlements.*

#### **Analysis\***

The city will be seeking community volunteers for the newly formed Opioid Funding Advisory Committee. Once established, that committee will ensure Snoqualmie opioid settlement funds are dispersed for approved uses in accordance with the agreements.

#### **Budgetary Status\***

This action has no budgetary implications.

#### **Budget Summary**

**Budgetary Status<sup>1</sup>**

Signing this agreement may result in less Opioid Settlement funds being receipted by the City, particularly in the early years of the agreement. However, it will also result in the Opioid funds covering King County's full cost of administering the settlement, as King County states was the intent regarding the Opioid Abatement Council. In the longer term, the amount withheld might be received toward the end of the settlement period in 2039, depending on the true cost of administering the settlement.

The City has not included appropriation to expend these funds within the 2025-2026 Biennial Budget. Therefore, the delay of the revenues will not influence the current budget.
