Summary

Introduction*

Nicola Badenhorst has applied to fill a vacant position on the Arts Commission. She has lived in the city for 8 years and has been an active community member and engaged in various committees and volunteer positions within the community. She has teaching, leadership, and management experience as well as volunteer experience with youth and events.

Background / Overview*

There are currently three vacant positions on the Arts Commission. Recruitment is continuous until all positions are filled. If confirmed, Nicola will fill Position #4 with a term expiration of December 31, 2026.

Analysis*

Commission and advisory committee members are appointed by the Mayor and subject to confirmation by the City Council as outlined in Title 2 of the Snoqualmie Municipal Code.

Budgetary Status*

This action has no budgetary implications.

Summary

Introduction*

Amanda Frame has applied to fill a vacant position on the Parks and Events Commission.

Background / Overview*

Ms. Frame has lived in the city for over ten years and has served on boards and commissions outside of the Snoqualmie Valley. She would like to serve her community and offer a meaningful contribution to the residents of Snoqualmie. Her background is in non-profit and she is currently the Director of Community Outreach and Engagement for AARP.

Analysis*

There are currently three vacant positions on the Parks and Events Commission. Recruitment is continuous until all positions are filled. If confirmed, Amanda will fill Position #2 with a term expiration of December 31, 2026.

Commission and advisory committee members are appointed by the Mayor and subject to confirmation by the City Council as outlined in Title 2 of the Snoqualmie Municipal Code.

Budgetary Status*

This action has no budgetary implications.

The Year in Review

2024 Top Accomplishments

- 1) Voters overwhelmingly passed a Public Safety Sales & Use Tax Levy at a 66% approval rate to maintain service levels and protect residents' high quality of life.
- 2) Council adopted the biennial budget and capital improvement plan, which aligns with key priorities including public safety, economic development, investing in capital projects, preserving critical infrastructure, and ensuring on-going maintenance of roads, parks, trails, and public works.
- 3) The Community Development Department completed the Snoqualmie 2044 Comprehensive Plan Update to guide future growth and development; launched a city-sponsored home elevation program; and completed FEMA recertifications.
- 4) The Fire Department achieved re-accredited status for another 5 years; completed the process to establish a new community driven strategic plan; and responded to a record number of calls for service, totaling 1715.
- 5) Police Department total number of calls declined in 2024 by 10%; opened its North Bend Annex at the Outlet Mall to enhance community presence and reduce crime; increased its recruiting efforts and now have only one open position; and completed assessments to serve as the guide for the department's future accreditation.
- 6) The IT Department upgraded the fire station's phone system; installed a new citywide VPN to improve user experience and increase remote work security; and installed a new AV system in Council Chambers.
- 7) Finance Department and Human Resources successfully implemented the ERP System, improving efficiency and accuracy of payroll and HR practices by reducing paper records, minimizing manual data entry, and streamlining processes.
- 8) Parks & Public Works Project Success: All-inclusive Park opened; Water Reclamation Facility Phase 3 Project progressed ahead of schedule; 384th Sewer & Sidewalk Project substantially completed; Kimball Creek Bridges Project finished ahead of schedule and under budget; Phase 1 of Tree Equity Project planted 140 new street trees downtown; and Community Center Expansion Project designs completed.
- 9) Events Success: The Parks Division installed the best Winter Lights Displays to date, drawing tourists downtown and delighting residents; Big Truck Day drew hundreds from around the region; Music & Movies in Park enriched summer nights.
- 10) Public Records Management Enhancements: New Records Management Policy has been adopted; Laserfiche Enterprise Content Management System has been implemented; new Public Records Request Form and automated workflow has been introduced to increase efficiency and accessibility for the public.

EXECUTIVE SESSION

17. Executive Session was stricken.

ADJOURNMENT

It was moved by CM Holloway, seconded by CM Christensen to adjourn the meeting which passed unanimously.

The meeting was adjourned at 9:15 pm.

CITY OF SNOQUALMIE

Katherine Ross, Mayor

Attest:

Deana Dean, City Clerk

Drew Bouta, Director of Finance
38624 SE River St. | PO Box 987
Snoqualmie, Washington 98065
(425) 888-1555 | dbouta@snoqualmiewa.gov

To: City Council
Finance & Administration Committee

From: Drew Bouta, Director of Finance

Date: January 27, 2025

Subject: CLAIMS REPORT
Approval of payments for the period: November 19, 2024, through January 9, 2025

BACKGROUND

Per RCW 42.24.080, all claims presented against the city by persons furnishing materials, rendering services, or performing labor must be certified by the appropriate official to ensure that the materials have been furnished, the services rendered, or the labor performed as described, and that the claims are just, due, and unpaid obligations against the city, before payment can be made. Expedited processing of the payment of claims when certain conditions have been met allows for the payment of claims before the legislative body has acted to approve the claims when: (1) the appropriate officers have furnished official bonds; (2) the legislative body has adopted policies that implement effective internal control; (3) the legislative body has provided for review of the documentation supporting the claims within a month of issuance; and (4) that if claims are disapproved, they shall be recognized as receivables and diligently pursued. The City of Snoqualmie meets all requirements of this state law.

Pursuant to Snoqualmie Municipal Code (SMC) Chapter 3.85, all Claims, Demands and Vouchers against the city, provides that the Finance Director or her designee will examine all claims prior to payment and provide periodic reporting of the payments to the City Council for final approval. Per SMC 3.85.040, to meet these requirements, the Finance Director schedules payment of claims and payroll for monthly Finance & Administration Committee review followed by full City Council approval on the consent agenda. Per SMC 3.85.050, documentation supporting claims paid and the Finance Director’s written report are made available to all city council members at City Hall for 48 hours prior to the Finance & Administration Committee meeting. Following the 48-hour review period, the Finance & Administration Committee considers the claims as part of its regular agenda and recommends to the full city council whether to approve or disapprove the claims. Consistent with these requirements, this report seeks City Council approval of payment of claims and payroll batches summarized in the table below.

ANALYSIS

All payments made during these periods were found to be valid claims against the city. The City’s internal controls include certification of the validity of all expenditures by the appropriate department and an internal audit conducted by designated finance department staff who review all claims and payroll payments. Staff performs system validation and exception reviews to validate payroll records. The Finance Director performs a random sampling review of supporting documentation for claims payments to ensure validity, as well as regularly reviews its processes to ensure appropriate internal controls are in place. The City issues disbursements for claims and payroll via the following methods:

- Warrant: paper negotiable instruments, very much like, although legally distinct from, checks
- Commercial Credit Card: as authorized by Financial Management Policy
- Electronic Funds Transfer (EFT). EFTs are electronic banking transactions (no paper instrument) of two basic types: (1) Automated Clearing House (ACH) for Electronic Fund Transfer (EFT) and (2) Wire Transfers a direct transfer between bank accounts

The following table summarizes the claims and payments authorized by the Finance Director:

The foregoing amounts were budgeted in the 2023-2024 biennial budget, and sufficient funds are available to cover these payments, as appropriate. Details pertaining to the individual vendor payments are available in documentation provided for the Finance & Administration Committee and subsequent City Council review by accessing the following link on the city website: [Claims Report](#)

Interpretive Center Sliding Door Windows Quote.pdf	516.51KB

Summary

Introduction*

This agenda item is to provide the City Council the Governing Body's recommended 2025 biennial budget for the Operation and Maintenance of Meadowbrook Farm.

Background / Overview*

Pursuant to the Interlocal Agreement Between the City of North Bend and the City of Snoqualmie regarding the Operation and Maintenance of Meadowbrook Farm: **Resolution 1685** the biennial budget shall be developed by Si View Parks and Recreation District and recommended by the Meadowbrook Farm Advisory Board to the Governing Body and later approved by each Member city. The Governing Body met with Si View Metropolitan Park District to review the draft budget on September 26,

2024. Additional information on the budget was requested and a final draft budget was recommended for approval on October 17, 2024. The proposed 2025 budget (attached) is higher than typical as the first facility expenses for the interpretive center since 2001 are being requested. Since that time the sliding door windows and the gate at entrance to Swing Rock have failed.

Analysis*

It is generally intended that each year each Member City be responsible for obtaining budgetary approval of the Member's jurisdiction for one-half (1/2) of net losses, currently estimated at \$25,000. The Agreement for Operation and Maintenance of Meadowbrook Farm allows Si View Metropolitan Park District to provide levels of service for the interpretive center facility building, interpretive center grounds, fields, trails and culverts/causeways. Expenses include utilities, salaries and wages, supplies, mowing, recreational management, cleaning, etc. This year facility expenditures are requested in addition to the net operating costs, including repairing sliding doors, windows, and the simple gate at the entrance to Swing Rock, with Snoqualmie's portion totaling \$33,442.

Budgetary Status*

This is an extra-budget expenditure.

Fiscal Impact

Amount of Expenditure	Amount Budgeted	Appropriation Requested
\$58,442.00	\$1,611,983.00	\$33,442.00

Budget Summary

The 2025-2026 Biennial Budget anticipated the Meadowbrook Farm operations and maintenance expenditures within the Non-Departmental portion of the General Fund (#001). The capital request of \$33,442 was not included within the budget. If Council decides to approve this funding request, Administration will bring forward a budget amendment later this year to appropriate for these capital expenditures. The amendment would result in a lower General Fund (#001) balance than that forecasted in the 2025-2026 Biennial Budget.

Fiscal Impact Screenshot

Non-Departmental (#001)		2025-2026 Biennial Budget	
Beginning Budget		\$	1,611,983
Expenditures		\$	-
Outstanding Contract Value (Previously Approved)		\$	-
Current Available Budget		\$	1,611,983
Value of this Expenditure (AB25-009)		\$	(58,442)
Available Budget after AB25-009		\$	1,553,541

AGREEMENT FOR OPERATIONS AND MAINTENANCE OF MEADOWBROOK FARM

This Agreement for Operations and Maintenance of Meadowbrook Farm Agreement (“Agreement”) is entered into by and between the City of North Bend (“North Bend”), a Washington municipal corporation, the City of Snoqualmie (“Snoqualmie”), a Washington municipal corporation, collectively as the “Contracting Agencies,” and the Si View Metropolitan Park District (“District”), a municipal corporation. The parties to this Agreement are hereinafter referred to collectively as the “Parties.”

WHEREAS, the Contracting Agencies intend to become parties to a future Interlocal Agreement (“ILA”) for the funding, management, and preservation of Meadowbrook Farm; and

WHEREAS, the Contracting Agencies wish to enter into this Agreement with the District for the District’s day-to-day operation and maintenance of Meadowbrook Farm including but not limited to maintenance of buildings and grounds; coordination of schedules for classes, camps, and events; operation and coordination of event rentals; coordination of grant writing; implementation of and coordination of updates to the Meadowbrook Farm Master Plan; and construction of improvements consistent with the Meadowbrook Farm Master Plan;

NOW, THEREFORE, in consideration of the mutual benefits and conditions set forth below, the Parties hereto agree as follows:

1. PURPOSE AND SCOPE

The purpose of this Agreement is to formalize the terms and conditions under which the District shall provide day-to-day operations and maintenance of Meadowbrook Farm (hereafter “Farm”) including but not limited to the services listed in Section 4 of this Agreement.

2. PROPERTY SUBJECT TO THIS AGREEMENT

The Contracting Agencies are fee simple owners of the Farm as tenants-in-common. The Farm’s legal description is attached hereto as Exhibit A and incorporated by this reference as if fully set forth herein. A depiction of the Farm boundaries is also set forth in Exhibit A.

3. DURATION AND MODIFICATION

3.1 Duration. This Agreement shall be effective on the later of August 1, 2023, or the date of the latest signature below and shall continue in effect until 11:59 p.m. on December 31, 2028. Thereafter, this Agreement shall automatically renew for an additional one-year term (“Renewal Term”). Any Party may elect to terminate this Agreement on sixty (60) days’ written notice of termination to the other Parties, given in accordance with Sections 12 and 16. Additionally, the Parties may jointly agree to terminate this Agreement at any time.

- 3.2 Modification. This Agreement is intended to express the entire Agreement of the Parties and may not be altered or modified in any way unless such modification is reduced to writing and agreed upon and signed by each Party.

4. DISTRICT RESPONSIBILITIES

The District shall be responsible for the day-to-day maintenance, operation, and management of the Farm which shall include the following activities:

- 4.1 Managing the day-to-day operations of the Farm, including maintenance of buildings, grounds, fields, trails, and maintenance equipment consistent with the Level(s) of Service as set forth in Exhibit B.
- 4.2 Coordinating schedules for classes, camps, and events, with scheduling priority given for educational and public-benefit activities and events over private events.
- 4.3 Coordinating operation of event rentals, including field rentals and Interpretive Center rentals, in accordance with the rental policies and procedures set forth in Exhibit C.
- 4.4 Tracking revenue generated from rentals and fees and reporting same to the Contracting Agencies on a regular basis but no less frequently than quarterly. Quarterly reports shall additionally include the following information: (a) profit and loss statements reflecting actual revenues and expenses and comparisons against budget; (b) the number of events for which the facilities were rented out during the previous quarter and the types of users who rented the facilities; and (c) a summary of any incidents that the District knows or has reason to believe might lead to a claim against one or both of the Contracting Agencies for personal injury or property damage.
- 4.5 Invoicing the Contracting Agencies no less frequently than quarterly for net losses (defined as expenses that exceed the revenue generated pursuant to Section 4.4 herein), but that do not exceed the biennial budget for operations and maintenance established by each Contracting Agency. Each Contracting Agency shall be financially responsible for one-half (1/2) of the net loss upon receipt of the periodic invoice.
- 4.5.1 The invoicing process described herein will begin upon approval of a 2024 budget.
- 4.6 Preparing an annual budget report and request to the Contracting Agencies' Governing Bodies, which shall identify accomplishments, challenges, and expenditures for the year and present a projected budget for the following year as necessary to maintain Level(s) of Service as set forth in Exhibit B and for any additional proposed capital projects. Projected expenditure and budgets shall

include all operating expenses for the Farm, including utilities and appropriate levels of first-party property insurance and third-party liability insurance.

- 4.7 Preparing grant applications and coordinating any capital projects approved by the Contracting Agencies' Governing Bodies consistent with the approved Meadowbrook Farm Master Plan, as amended from time to time, and Capital Improvement Plan.
- 4.8 Engaging in communications and marketing activities concerning the Farm.
- 4.9 Coordinating with the Meadowbrook Farm Preservation Association (the "Association") with regard to docent/interpretive/educational services and other related activities provided by the Association.
- 4.10 Managing updates to the Meadowbrook Farm Master Plan for presentation to and approval by the Contracting Agencies' Governing Bodies.
- 4.11 The Contracting Agencies reserve the right to periodically inspect the work and ensure performance of required duties by the District under this Agreement.

5. CONTRACTING AGENCIES' RESPONSIBILITIES

The Contracting Agencies shall be responsible for the following activities:

- 5.1 Budget Adoption. Each of the Contracting Agencies shall biennially review and approve the Meadowbrook Farm budget with respect to the management and maintenance of the Farm, pursuant to Section 4.6. Each Contracting Agency shall be responsible for obtaining annual budgetary approval from its Governing Body for one-half (1/2) of the total annual budgeted net losses.
 - 5.1.1 The Budget Adoption process described herein will begin in 2024.
- 5.2 Payment of District Invoices. The Contracting Agencies shall timely pay invoices submitted by the District pursuant to Section 4.5, Neither Contracting Agency shall be responsible for payment of invoices that exceed the amount set forth in each Contracting Agency's respective biennial budget.
- 5.3 Financial Participation in Capital Projects. The Contracting Agencies shall consider proposals from the District related to the completion of Capital Projects pursuant to Section 4.7 and shall provide capital project funding, if at all, on a case-by-case basis. If the District and the Contracting Agencies wish to participate in the joint funding and administration of capital projects, such joint funding shall be documented through a separate contract or agreement and shall not require the amendment of the Agreement herein.

6. INDEMNIFICATION

The Parties shall indemnify one another as follows:

- 6.1 Each Party to this Agreement agrees to protect, defend, and indemnify the other Parties, their officers, officials, employees, and agents from any and all costs, claims, claims for delay, judgments and/or awards of damages arising out of or in any way resulting from any other Party's default, failure of performance, or negligent conduct associated with this Agreement, by the Party, its employees, officials, subcontractors, volunteers or agents.
- 6.2 Each Party agrees that its obligations under this Section 6 extend to any claim, demand, and/or cause of action brought by or on behalf of any of its employees or agents. The foregoing indemnity is specifically and expressly intended to constitute a waiver of each Party's immunity under Washington's Industrial Insurance Act, RCW Title 51, but only as respects the other Parties, and only to the extent necessary to provide each Party with a full and complete indemnity of claims made by the other Parties' employees. The Parties acknowledge that these provisions were specifically negotiated and agreed upon by them.
- 6.3 In the event any Party incurs any costs, including attorney fees or expert witness fees, to enforce this Agreement, and substantially prevails in such enforcement action, all such costs and fees shall be recoverable from the losing Party/Parties.
- 6.4 The provisions of this Section shall survive the expiration or earlier termination of the Agreement with regard to any event that occurred prior to or on the date of such expiration or earlier termination.

7. FINANCING

There shall be no financing of any joint or cooperative undertaking pursuant to this Agreement. There shall be no budget maintained for any joint or cooperative undertaking pursuant to this Agreement.

8. PROPERTY

This Agreement does not provide for the acquisition, holding, or disposal of any real or personal property, and does not affect the terms or conditions of the Cities of North Bend and Snoqualmie's ownership of the Farm.

9. NO SEPARATE LEGAL ENTITY

This Agreement establishes a contractual agreement of the Parties for the Contracting Agencies to pay the District, a third party, to maintain the Contracting Agencies' jointly owned property and does not create a separate legal entity or administrative entity.

10. DISPUTE RESOLUTION

It is the Parties’ intent to resolve any disputes relating to the interpretation or application of this Agreement informally through discussions at staff level. If a dispute arises from or relates to this Agreement or the breach thereof, and if the dispute cannot be resolved through direct discussions, the Parties agree to engage in mediation before a mutually agreeable mediator, pursuant to chapter 7.07 RCW. All fees and expenses for mediation shall be borne by the Parties equally. However, each Party shall bear the expense of its own counsel, experts, witnesses, and preparation and presentation of evidence. In the event mediation is not successful, the Parties agree to the exclusive jurisdiction of the Superior Court of King County, Washington for any lawsuit filed under this Section, and to enforce any judgment entered as a result of any such lawsuit.

11. INDEPENDENT CONTRACTOR

The District is an independent contractor with respect to the services provided under this Agreement. The District will be solely responsible for the acts and omissions of its employees, officials, contractors, agents, and volunteers. Nothing in this Agreement shall make any employee of the District the employee of any other Party or Parties for any purpose, including, but not limited to, for withholding of taxes, payment of benefits, worker’s compensation pursuant to Title 51 RCW, or any other rights or privileges accorded by virtue of their employment. At all times pertinent hereto, employees of the District are acting as District employees, employees the City of Snoqualmie are acting as City of Snoqualmie employees, and employees of the City of North Bend are acting as City of North Bend employees.

12. NOTICES

Any notice or other communication given hereunder shall be deemed sufficient, if in writing and addressed as follows, or to such other address as may be designated by the addressee by written notice to the other Parties:

- City of North Bend:** Rob McFarland, Mayor
920 SE Cedar Falls Way
North Bend, WA 98045
- City of Snoqualmie:** Katherine Ross, Mayor
38624 SE River St., PO Box 987
Snoqualmie, WA 98065
- Si View Metropolitan Park District:** Susan Kelly, President of the Commission
PO Box 346
North Bend, WA 98045

13. PARTIAL INVALIDITY

Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable law. Any provision of this Agreement, which is found to be invalid, void, or illegal shall in no way affect, impair, or invalidate any other provisions hereof, and such other provisions shall remain in full force and effect.

14. ASSIGNABILITY

The rights, duties, and obligations of any Party to this Agreement shall not be assignable.

15. ENTIRE AGREEMENT

This Agreement contains the entire understanding between the Parties and supersedes any prior understandings and agreements between them regarding the subject matter hereof. There are no other representations, agreements, or understandings, oral or written, between the Parties hereto relating to the subject matter of this Agreement. No amendment of, or supplement to, this Agreement shall be valid or effective unless made in writing and executed by the Parties hereto.

16. TERMINATION OF AGREEMENT

A party to this Agreement may terminate its participation in this Agreement upon written notice to the other Parties, so long as such notice is provided in accordance with Sections 4.1 and 13, above. In the event of termination for the District's nonperformance of its obligations under this Agreement, all right, title, and interest in Farm assets and revenues from Farm operations will revert to the Contracting Agencies as of the termination date. The terminating party shall remain fully responsible for meeting all of its funding and other obligations through the end of the calendar year in which such notice is given, together with any other costs that may have been incurred on behalf of such terminating party up to the effective date of such termination.

17. INSURANCE

Each Party shall be responsible for maintaining its own insurance. The indemnification obligations of Section 7, above, shall not be limited by the availability of any insurance or coverage limits.

18. GENERAL PROVISIONS

Failure of a Party to declare any breach or default immediately upon the occurrence thereof, or delay in taking any action in connection with, shall not waive such breach or default. Time is of the essence of this Agreement and each and all of its provisions in which performance is a factor.

Property Description and Depiction of Meadowbrook Farm

Parcels within the boundary of Meadowbrook Farm include the following (as of 8/22/2023):

Meadowbrook Farm Parcels within the Snoqualmie City Limits:

3224089104, 3224089105, 3224089107, 3224089108, 3224089109, 3224089110, 0523089050, 0523089051, 0523089052, 0523089053, 0523089054.

Meadowbrook Farm Parcels within the North Bend City Limits:

0523089004, 0523089055, 0523089056, 0423089004, 0423089010, 0423089024, 0423089030, 0423089032, 0423089035, 5418700095, 5418700120, 5418700125, 5418700130, 5418700135.

Exhibit B

Level of Service Requirements for District's Management and Operation of Farm

The District's operation and maintenance of the Farm shall meet the following minimum levels of service:

1. Interpretive Center Facility Building:

- A. Provide regular janitorial service to the entirety of the Interpretive Center at intervals necessary to keep the building clean.
- B. Complete regular repairs/maintenance as needed including periodic repainting of walls, refinishing of woodwork, and other repairs and maintenance of interior and exterior of Interpretive Center.
- C. Inspect Interpretive Center building and grounds prior to and after events to log any damage attributable to an event and follow-up with event sponsors to ensure damage is reimbursed by event sponsors.
- D. Complete major maintenance and repairs as necessary to ensure proper operation of building components including roof, siding, HVAC, plumbing, and other components as requested and funded by the City of North Bend and the City of Snoqualmie.

2. Interpretive Center Grounds:

- A. Regularly mow Interpretive Center lawn as necessary to keep lawn attractive and functional for events: for purposes of this subsection, the lawn shall be mowed weekly from April through July and from October through November. From November through April the lawn shall be mowed as needed to keep the lawn attractive and functional.
- B. Regularly weed and prune the landscaped beds around the Interpretive Center.

3. Fields:

- A. Mow East Meadow twice per month between April and July and from October through November, and additionally as necessary based on site/building rental needs. The spring dates are flexible based on newborn elk and nesting birds, often found in May and June.
- B. Mow Central Meadow, Scout Meadow, Camas Meadow, Greenchop Field, and potato field three times per year or as necessary to keep invasive bushes and trees (blackberries/alder/etc.) at bay. Perform additional specific mowing as needed for rentals and events, or as arranged for specific fields by Snoqualmie Tribe for habitat/prairie maintenance.
- C. Blade fields used for events a minimum of twice each spring to smooth fields and remove mole hills that have developed.
- D. Provide periodic cleanup of fallen trees, branches, and debris as necessary to keep fields clear for maintenance and use.

4. Trails:
 - A. Mow all trail edges every 3 weeks during the growing season.
 - B. Remove weeds from trail surface maintenance annually.
 - C. Regularly clear fallen trees, branches and debris from trail surface and remove adjacent tree hazards as necessary.

5. Culverts/causeways:
 - A. Perform periodic culvert clearing/repair as necessary to maintain drainage.
 - B. Perform periodic repair/resurfacing of causeways to maintain access to fields.

The Contracting Agencies reserve the right to periodically inspect the work performed by the District under this Agreement.

2023 Estimated Meadowbrook Farm Operating Budget

Revenue

Rentals – Interpretive Center/Field Rentals \$110,000.00 (based off 2022)

Exhibit C

**RENTAL POLICIES FOR
MEADOWBROOK FARM INTERPRETIVE CENTER FACILITY**

1. FACILITY DEFINED

The Meadowbrook Farm Interpretive Center Building and the Interpretive Center grounds are herein referred to as “the Facilities.”

2. RIGHT OF REFUSAL

The District reserves the right to limit or deny rental of the Facilities due to staff availability, incompatibility of the rental request with the Facilities, incompatibility of the rental request with the District’s mission, or for other similar reasons.

3. FACILITY USAGE PRIORITY

A. The District’s programs and activities take precedence over all other requests to use the Facilities except for the Contracting Agencies’ activities. Should the District and Contracting Agencies’ use of the Facilities conflict, the Parties shall meet and resolve the conflict.

B. The Contracting Agencies’ sponsored public meetings, public events, public activities, and any organizations that have a contractual relationship with the Contracting Agencies shall take precedence over all other events.

4. FACILITY RESERVATIONS

A. The District will serve as the Rental Administrator for the Facilities.

B. Rentals at the Facility are subject to availability and may be reserved during the following times:

Monday – Thursday	7:00 a.m. – 10:00 p.m.
Friday	7:00 a.m. – midnight
Saturday	8:00 a.m. – midnight
Sunday	8:00 a.m. – 10:00 p.m.

C. Reservations may be made for the next calendar year. Non-profit groups that qualify for non-profit rental fees may reserve space up to three (3) months in advance, unless otherwise approved by the District.

D. Rental requests must be made at least seven (7) days in advance for events scheduled during regular business hours, Monday – Friday, 9:00 a.m. – 5:00 p.m. Reservations must be made at least thirty (30) days in advance for events scheduled during non-

business hours. Reservation requests received with less notice than previously specified may not be accommodated.

- E. Rental applications are accepted Monday through Friday, from 9:00 a.m. to 5:00 p.m. at the location specified by the designated agent. Rental reservations are accepted on a first come, first served basis, subject to the restrictions outlined herein. Reservations are confirmed and the rental date and time secured when the rental fees have been paid in full.
- F. Weekday rentals require a three-hour minimum rental. Weekend rentals require a five-hour minimum rental. Additional rental time may be added in ½ hour increments.
- G. Long-term and ongoing rentals require approval by the District. In most cases requests for an ongoing rental will be approved for no more than six (6) months at a time.
- H. All reservation requests are subject to review and approval by the District.

5. FACILITY RENTAL FEES

Facility rental fees are established by the District. Facility rental fees are generally reviewed on an annual basis and adjusted using a comparative rental fee study. Facility rental fees are subject to change without notice. A copy of the 2023 fee schedule is attached as Exhibit D and available from the District for subsequent years.

6. DAMAGE DEPOSITS

- A. Facility rental damage deposits are established by the District. Facility rental damage deposit fees are generally reviewed on an annual basis and adjusted using a comparative fee study. Damage Deposit fees are subject to change without notice.
- B. All private rental groups using the Facility will be charged a damage deposit, except as authorized in writing by the District.
- C. The damage deposit is due in full two (2) weeks prior to the date of the event for which the Facility is rented.
- D. Damage deposits are fully refundable provided the following conditions are met:
 1. The rented Facility is left in a clean and orderly manner.
 2. The Facility was not damaged as a result of the rental.
 3. Use of the Facility did not exceed the scheduled reservation time.
 4. All Facility equipment is accounted for and not damaged or broken.
 5. Additional staff time was not required as part of the rental.
 6. All rules/guidelines governing rental use of the Meadowbrook Farm facilities were met.

E. If all conditions are met to the satisfaction of the District, a refund will be processed within four (4) weeks of the event date. If the conditions are not met to the satisfaction of the District, an appropriate fee, as determined in the reasonable discretion of the District, will be deducted from the damage deposit. If necessary, rental groups will be charged to cover any additional costs.

7. RENTAL CANCELLATIONS

A. Rental cancellations will result in a non-refundable cancellation fee of twenty-five dollars (\$25) per reserved room or fifty percent (50%) of the rental fees, whichever is less, when more than two (2) months’ notice is given. Groups that have reserved facilities on multiple dates may be charged a cancellation fee of up to twenty-five dollars (\$25) for each date and room reserved.

B. Cancellations made between two (2) weeks and two (2) months before the date of the event will result in a non-refundable cancellation fee of fifty percent (50%) of the rental fees or twenty-five dollars (\$25), whichever is greater.

C. Cancellations made with less than two (2) weeks’ notice will not be refunded.

8. RENTAL DATE AND TIME CHANGES

All Facility rental date and time change requests are subject to staff and room availability. Additional rental time must be paid for at the time the request is made. Refunds will not be issued for a reduction in rental hours if the request is received with less than two (2) months’ notice.

9. ALCOHOL SERVICE AND CONSUMPTION

A. If private rental groups would like to distribute, serve, or consume alcohol during their rental event, they must complete an Alcohol Beverage Request Form (ABRF). Completing an ABRF does not guarantee that a rental group will be allowed to serve alcohol during their event. The ABRF is reviewed by the District, or its designated agent and a decision rendered within two (2) weeks of receiving the ASRF.

B. Alcohol may be served in the Interpretative Center only, except where special permission is granted by the District. Alcohol may be served during the following times:

Monday – Friday	Consult Designated Agent
Saturday	10:00 a.m. – 11:00 p.m.
Sunday	10:00 a.m. – 9:00 p.m.

C. Extra charges will apply if the rental administrator determines additional staff are needed during the event based on the presence of alcohol, estimated attendance, time

of the reservation, or any other factors affecting the safe use of the Facility. The renter is responsible for all additional staffing costs.

- D. If alcohol service is approved, the following rules and regulations shall apply:
1. Rental groups must obtain a Washington State Banquet Permit. A copy of the permit shall be submitted to the designated agent a minimum of five (5) business days prior to the event. The original permit must be displayed in the room during the rental event.
 2. Alcohol is permitted in the Interpretive Center and the adjacent grass area only. Alcohol is prohibited in all other areas of the Facility including the grounds and the parking lot, except by permission of the District. "No alcohol beyond this point" signs shall be posted at the perimeter of any event where alcohol is served.
 3. Rental groups are responsible for the conduct and behavior of their participants and any problems related to the presence of alcohol. Rental groups must attest in their rental agreements that no alcohol will be served to minors.
 4. Alcohol service may include beer, wine, and champagne only. Liquor and other alcoholic beverages are not permitted.
 5. Kegs are prohibited.
 6. Alcohol may only be served during the times approved on the ABRF.
 7. The rental group is required to pay \$250 facility rental cleaning fee.
 8. Additional liability insurance may be required if, in the discretion of the District, the coverage or limits are deemed insufficient.
- E. Rental groups serving alcohol during their event without approval from the District may forfeit their entire damage deposit and face additional charges.

10. RENTAL USAGE GUIDELINES

- A. Maximum room capacities are designated by the District in cooperation with Eastside Fire and Rescue and must be adhered to. Rentals that exceed approved capacities may be cancelled immediately and the entire damage deposit withheld.
- B. The Facility will be unlocked at the time the rental is scheduled to start by a Rental Administrator staff member.
- C. Room set-up is the responsibility of the renter. Set-up time must be included in the rental reservation. Rental groups will not be allowed early access to the Facility.
- D. The District provides a limited amount of equipment for use during rental events. Rental groups should consult with Rental Administrator staff prior to booking their event for a list of available rental equipment. Rental groups may elect to bring in additional equipment for the event. Rental equipment is subject to approval by the Rental Administrator.

- E. Delivery of items for a rental event must occur during the scheduled rental time. Rental Administrator staff will not sign for delivery items and early deliveries will not be accepted.
- F. Only freestanding decorations are permitted. Items may not be affixed to the ceiling, doors, columns, walls, light fixtures, or windows. Damage resulting from the use of tape or other adhesives will result in the loss of all or a portion of the damage deposit.
- G. The use of flammable materials is regulated by Eastside Fire and Rescue. The only types of candles allowed at the Interpretive Center are floating candles. The wick of the candle must be at least 4-6 inches below the opening and trimmed to a height of 1/2" or less. Candles must be floating in water.
- H. Outdoor fires are permitted only in the Contracting Agencies'-owned fire pit, which may be rented for an additional fee. Fires are allowed in the gravel area behind the Interpretive Center or on grass in designated areas only. Fires must be reachable by a hose. Use of the fire pit requires a recreational burn permit from Eastside Fire and Rescue. Obtaining the appropriate permit is the responsibility of renter. Use of fire pits may be prohibited during the burn ban.
- I. Rice, birdseed, confetti, glitter, and dance wax are prohibited in the Interpretive Center.
- J. Fog and smoke machines are prohibited in the Interpretive Center. The use of these machines may activate the fire alarm resulting in immediate evacuation and possible cancellation of the rental event.
- K. The use of barbecues is restricted to the grass area only. Residential, kettle-style or propane-style barbecues are allowed. Commercial-style or large pit barbecues are not allowed, except by permission of District. It is the responsibility of the rental group to dispose of ashes and briquettes at a location other than the Facility.
- L. Fireworks are not permitted at Meadowbrook Farm.
- M. At the conclusion of the rental, all personal items must be removed from the Facility. Rental groups are not allowed to store any items.
- N. The rental group is required to pay a mandatory cleaning fee to the District when the expected guest count exceeds 50 or more persons or the rental includes consumption of alcohol, per the fee schedule outlined in Exhibit D.
- O. The rental group is responsible for cleaning the Facility. The following items must be addressed to avoid additional charges:
 - 1. All Facility equipment shall be cleaned and returned to the proper storage location.
 - 2. All decorations and personal items shall be removed from the Facility.

3. All garbage cans shall be emptied and re-lined. Garbage shall be deposited in the outdoor garbage receptacle.
 4. All floors shall be swept and mopped if necessary.
- P. The Rental Administrator staff will provide cleaning equipment and supplies. The staff person will conduct a post-event inspection at the conclusion of the event.
- Q. Any cleaning and/or repairs that require staff time and materials will be deducted from the damage deposit and/or charged to the rental group. If a rental group exceeds the time reserved, they will be charged additional time and/or it may be deducted from the damage deposit.
- R. Failure to follow the rental guidelines may result in forfeiture of the damage deposit, additional charges, and/or denial of future rental usage.

11. INSURANCE FOR PRIVATE RENTAL EVENTS

- A. The following events and/or groups may be required to carry insurance naming the Contracting Agencies as additional insureds:
1. Corporate hosted functions of any size.
 2. Rental events in excess of 200 participants.
 3. Rental events that include the grounds as part of the event.
 4. Any rental event where alcohol is to be sold.
 5. Other conditions that may increase liability risk for the Contracting Agencies.
- B. The District will evaluate all Facility rental requests and determine whether or not additional liability insurance is required.
- C. If liability insurance is required, the rental group shall provide a certificate of insurance naming the Contracting Agencies as additional insureds. The certificate must state that the policy may not be cancelled without thirty (30) days written notice provided to the Rental Administrator. The insurance certificate must be on file fourteen (14) days prior to the rental event. The certificate should provide combined single limit coverage of at least \$1,000,000.00 for each occurrence with a 10-day cancellation clause.

12. NON-PROFIT RENTAL USAGE OF FACILITIES

- A. Non-profit rental fees are established by the District. Non-profit rental fees are generally reviewed on an annual basis and adjusted using a comparative rental fee study. Non-profit rental fees are subject to change without notice.
- B. The Facility is available for discounted use by non-profit organizations located within the boundaries of the Snoqualmie Valley School District. Facilities are available for discounted use by non-profit organizations for events that directly pertain to the business of the organization. Personal and social occasions will not be recognized as

- a non-profit event. Examples of personal and social occasions include birthday celebrations, holiday parties, anniversary parties, and retirement events.
- C. To qualify for the non-profit rate, the organization must submit an application for Reduction of Rental Fees. The Application for Reduction of Rental Fees is valid for the calendar year only and must be renewed on an annual basis. The requesting organization must provide proof of non-profit status as defined by the Internal Revenue Service 501(c)3 guidelines at the time of application. If approved, the requesting organization will be eligible for non-profit rental rates at the Facility for the calendar year.
 - D. Non-profit Facility rentals may be scheduled up to three (3) months in advance, unless otherwise approved by the Rental Administrator.
 - E. The non-profit group is responsible for room set-up, breakdown, and clean-up in its entirety. The person that reserved the Facility must be on-site during the entire reservation including set-up and clean-up time.
 - F. Non-profit organizations agree to abide by all other rental policies and procedures.

Exhibit D

MEADOWBROOK FARM FEES 2023

Meadowbrook Farm

1711 Boalch Ave NE, North Bend WA 98045

The Meadowbrook Farm Interpretive Center is the perfect location for weddings, family reunions, business retreats and social events. Your guests will enjoy the spectacular view of Mt. Si and the serenity of the Snoqualmie Valley. The center boasts a natural log interior with large barn-style sliding doors providing the option for open air events. The Interpretive Center accommodates 75 or more guests depending on your arrangement. Please call for a personal tour of the Interpretive Center. Building capacity is 125. Wifi is not available.

Extra Services

Set-up Package (and what if I don't purchase?)

Table and chair set up by Si View staff is available for \$175. If purchased, tables and chairs will be set up according to the customer's layout prior to the rental start time. Renters can expect to enter the space at the start time with these items in place. Set-up package is only available for indoors.

If the set-up package is not purchased, renters can expect to enter a clean, empty space and begin setting up tables and chairs at the rental start time. Also, if the set-up package is not purchased, renters are not allowed into the building prior to the rental start time to begin this task.

The set-up package must be added to your rental a minimum of one month before the event, and is available only if the room is available prior to your scheduled start time. The set-up package includes set-up of MEAD-OWBROOK owned tables/chairs only. No decorating or set-up of rented tables/chairs is included. Exterior set up is the responsibility of the renter. The set up package also does not include the moving of and tables/chairs throughout the rental.

Clean-up Package (and what if I don't purchase?)

The indoor clean-up package can be purchased for \$250. Purchase is required for groups of 50 or more, or if alcohol is consumed (regardless of guest count). If purchased, renters are required to clear the building of all belongings, decorations, and guests by the end rental time. Si View staff will then handle clean up responsibilities—clearing of trash and replacing with empty bag; sweeping, and possibly mopping, floor; wiping down tables, chairs, counter tops, and equipment used; placing tables, chairs, and equipment back in storage closet.

If the clean-up package is not purchased, renters are required to clear the building of all belongings, decorations, guests, and handle clean up responsibilities (clearing of trash and replacing with empty bag; sweeping, and possibly mopping, floor; wiping down tables, chairs, counter tops, and equipment used; placing tables, chairs, and equipment back in storage closet) by the end rental time.

The clean-up package must be added on at least one month prior to the event if not included in the original agreement. For a rental to be eligible for the cleanup package their event must end no later than 11pm. Please note the cleanup package includes clean up INSIDE the interpretive center. All equipment set up outside must be returned inside and any garbage cleaned up by the renter.

Warranty Information

MODIFIED LIMITED WARRANTY Sierra Pacific Windows provides a modified Limited Warranty for certain windows and doors, including, but not limited to:

1. Products exceeding their certified test/design size as defined by the Window and Door Manufacturer's Association (WDMA) Hallmark Program.
2. Products subjected to conditions exceeding their WDMA Hallmark certified design pressure limitations.

Products described in Items 1 and 2 are not certified for air infiltration, water penetration, structural loading, forced entry or hardware load testing. These products carry a warranty on the exterior aluminum clad finish and insulated glass only. Customer is advised to carefully review the Limited Warranty for the specific provisions applicable to the products purchased.

3. Products with mill finish aluminum exterior cladding.

Products described in Item 3 do not carry coverage under the "Metal Clad-Powder Coated Finishes" portion of the Sierra Pacific Windows Limited Warranty. These products carry a warranty on insulated glass, hardware and wood components only. Customer is advised to carefully review the Mill Finish letter attached for specific provisions applicable to the products purchased.

Disclaimer Information

Outside Purchase Items: Warranty covered by product manufacturer's specific warranty.	Radius Sedonas: Limited sash opening
Sedonas with jambs greater than 4-9/16: Limited screen opening	Triple Glaze Units do not include shadow bar

Terms and Conditions of Sale

1. TERMS:
 - a. All C.O.D. orders are to be paid in full to the delivery driver with either a Cashier's Check or a personal check, preprinted with the Buyer's name and address, prior to unloading the order. On orders where vouchers are pre-approved, they must be presented to the driver prior to unloading the order.
 - b. No deductions may be taken from the invoice amount unless authorized by Sierra Pacific Windows prior to delivery. Sierra Pacific Windows will not be responsible for any back charges resulting from additional materials or work performed by others (see Warranty for further information)
 - c. Past due balances are subject to 1.5% monthly finance charge.
 - d. Any check or other payment returned to Sierra Pacific as the result of insufficient funds or canceled payment will result in a \$50 processing fee added to the order total.
2. RIGHT TO LIEN:
 - a. In the event the contract amount is not paid in full, Sierra Pacific Windows reserves the right to place a lien or bond which may be asserted under any provision of the law, to secure payment of the contract amount.
3. ATTORNEY FEES:
 - a. ATTORNEY FEES: If any legal action, arbitration or other proceeding is brought for the enforcement of this Agreement, or because of any alleged dispute, breach, default or third party claim of construction defect made in connection with this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees, expert fees, costs and expenses it incurred in that action or proceeding.
4. ESTIMATE OR BIDS:
 - a. All pricing is good for 30 days unless specifically noted to the contrary.
 - b. Sierra Pacific Windows assumes no responsibility for errors in take-offs or pricing.
5. ORDERS:
 - a. Upon signing, Customer agrees to all terms and conditions of this contract.
 - b. Orders are subject to delay due to strikes, fire, floods, accidents, or any other cause beyond our control. Sierra Pacific Windows will not be responsible for loss or damage beyond its control.
 - c. Seller is not liable for prospective profits or special indirect, consequential or incidental damages, nor may the recovery of any kind against seller be greater in amount than the purchase price of the specific material sold and causing the alleged loss damage or injury.
 - d. Sierra Pacific Windows reserves the right to adjust prices or to add charges for additional costs for order changes made at the request of the buyer at any time following original order acceptance. For example, storage fees for failure to take delivery as scheduled.
 - e. Any change to the order may result in a delayed delivery date.
6. TAILGATE DELIVERY:
 - a. Sierra Pacific Windows is not responsible for labor to unload. Buyer must provide sufficient labor at the job site when driver arrives.
 - b. Back orders will be noted on the paperwork and will deliver as soon as possible.
 - c. Any items missing or damaged must be noted on the driver's paperwork at the time of delivery or it will be assumed complete and in good condition.
 - d. Sierra Pacific Windows is not responsible for goods picked up by buyer in his/her own vehicle.
7. SALES TAX:
 - a. The Sales Tax rate in this quote is estimated at the time of the quote. Customer agrees to pay the actual Sales Tax in effect at the time of delivery of any portion of this order.

Item 6.

SIERRA PACIFIC WINDOWS LIMITED WARRANTY FOR WOOD/CLAD RESIDENTIAL PRODUCTS

Effective May 1, 2017

I. LIMITED WARRANTY FOR RESIDENTIAL PRODUCTS. This Limited Warranty for Wood/Clad Products (the "Limited Warranty") is provided by Sierra Pacific Windows ("SPW"), on the terms and conditions set forth herein solely for Residential Products as described herein.

- A. **General Eligibility of Residential Products.** Subject to the other terms and conditions set forth herein, Residential products eligible for coverage under this Limited Warranty are limited to certain residential wood and clad window and door products which were (1) manufactured by SPW on or after May 1, 2017, (2) purchased from a SPW salesperson or an authorized dealer of SPW, (3) installed in a single family detached dwelling unit in the United States or Canada in a good and workmanlike manner in accordance with any installation instructions or other specifications of SPW, and (4) satisfying the other terms, conditions and restrictions contained herein ("Residential Products"). Notwithstanding anything contained herein to the contrary, the Limited Warranty shall not apply to, and SPW does not warrant, any Residential Product which is sold subject to another express or implied warranty, whether provided by SPW or a third party, or which is sold in "as-is" condition, as a sample or open box item, as a returned product, in defective, damaged, used, or previously sold condition or otherwise not in new, original and as-manufactured condition. This Limited Warranty is available to the original purchaser of an eligible Residential Product and it is transferable to a subsequent owner of the same real property in which such eligible Residential Product is installed, for the remaining warranty period of such eligible Residential Product as set forth herein.
- B. **Limited Warranty for AAMA 2605 Powder Coated Finishes.**
- i. **Thirty (30) Year Limited Warranty for Cracking or Checking.** Except as otherwise expressly provided herein, SPW warrants that the coating on the metal cladding in Residential Products will be free from cracking or checking, when observed at a distance of ten feet (10') from the metal surface and inspected at an angle of 90 degrees to the surface as set forth in AAMA 2605-11, resulting from defects in workmanship or materials for a period of thirty (30) years from the date of manufacture of such Residential Product.
 - ii. **Twenty-Five (25) Year Limited Warranty for Color Change.** Except as otherwise expressly provided herein, SPW warrants that Residential Products will be free from color change of more than seven (7) Delta E units in accordance with ASTM D2244 resulting from defects in workmanship or materials for a period of twenty-five (25) years from the date of manufacture of such Residential Product.
 - iii. **Twenty (20) Year Limited Warranty for Color Change, Chalking, Adhesion Loss.** Except as otherwise expressly provided herein, SPW warrants that the metal cladding in Residential Products will be free from color change of more than five (5) Delta E units in accordance with ASTM D2244, chalking in excess of a number eight (8) rating based on ASTM D4214, and adhesion loss (peeling), that materially and adversely affects the appearance of the surface to which the coating is applied when observed at a distance of ten (10) feet from the metal surface and inspected at an angle of 90 degrees to the surface as set forth in AAMA 2605-11, resulting from defects in workmanship or materials for a period of twenty (20) years from the date of manufacture of such Residential Product.
 - iv. **Coverage Terms.** This Limited Warranty for AAMA 2605 Powder Coated Finishes provides full coverage, in a manner consistent with Section III herein below, for fluoropolymer powder performance for the first twenty (20) years from date of manufacture. For the succeeding ten (10) years, SPW's responsibility for corrective action due to fluoropolymer powder failure will be: years 21 through 24 – 60%; years 25 through 27 - 25%; years 28 through 30 – 5%. Customers' percentage of responsibility for replacement product shall be calculated using current list price of items being replaced; customers' prorated responsibility for cost of repair is based upon SPW's invoiced repair costs; refunds will be based upon original purchase price of the product.
- C. **Ten (10) Year Limited Warranty for AAMA 2604 Powder Coated Finishes:** Except as otherwise expressly provided herein, SPW warrants that the coating on the metal cladding in Residential Products will be free from color change of more than five (5) Delta E units in accordance with ASTM D2244, chalking in excess of a number eight (8) rating based on ASTM D4214, and cracking, checking or adhesion loss (peeling), that materially and adversely affects the appearance of the surface to which the coating is applied when observed at a distance of ten (10) feet from the metal surface and inspected at an angle of 90 degrees to the surface as set forth in AAMA 2604-10, resulting from defects in workmanship or materials for a period of ten (10) years from the date of manufacture of such Residential Product.
- D. **Five (5) Year Limited Warranty for Anodized Finishes.** Except as otherwise expressly provided herein, SPW warrants that all aluminum clad Residential Product that has been anodized will be free from chalking in excess of a number eight (8) rating based on ASTM D4214, or fading or change in color in excess of five (5) Delta E units based on ASTM D2244, each of which materially and adversely affects the appearance of the surface when observed at a distance of ten (10) feet from the metal surface and inspected at an angle of 90 degrees to the surface as set forth in AAMA 611-12, resulting from defects in workmanship or materials for a period of five (5) years from the date of manufacture of such Residential Product.
- E. **Two (2) Year Limited Warranty: Interior Finish.** Except as otherwise expressly provided herein, SPW warrants that all factory-applied interior paint and stain finishes in Residential Products will be free from material Finish Defects for a period of two (2) years from the original date of manufacture of such Residential Product. For purposes of this Limited Warranty, a "Finish Defect"

- shall mean cracking, peeling, delaminating, blistering, flaking, chalking in excess of a numerical rating of six (6) (measured per ASTM D4214) or fading or change in color in excess of five (5) Delta E units (calculated per ASTM D2244).
- F. **Twenty (20) Year Limited Warranty: Wood Deterioration.** Except as otherwise expressly provided herein, SPW warrants that the wood components of a Residential Product, regardless of wood type, shall be free from material wood deterioration caused by decay or insect, including wood rot, for a period of twenty (20) years from the original date of manufacture of such Residential Product.
- G. **Limited Warranty: Hermetic Seals.** Except as otherwise expressly provided herein, SPW warrants the air seal in Residential Products as follows:
- i. **Twenty (20) Year Limited Warranty: Dual Insulated Glass Product.** Except as otherwise expressly provided herein, SPW warrants that the Dual Insulated Glass Product supplied in its Residential Products will be free from the failure of the air seal due solely to defects in workmanship or materials for a period of twenty (20) years from the original date of manufacture of such Residential Product.
 - ii. **Ten (10) Year Limited Warranty: Triple Insulated Glass Product.** Except as otherwise expressly provided herein, SPW warrants that the Triple Insulated Glass Product supplied in its Residential Products will be free from the failure of the air seal due solely to defects in workmanship or materials for a period of ten (10) years from the date of manufacture of such Residential Product.
- H. **Ten (10) Year Limited Warranty: FeelSafe™ and Laminated Glass.** Except as otherwise expressly provided herein, SPW warrants that the SPW FeelSafe™ or Laminated Glass in its Residential Product will be free from any material obstructions of vision due to glass delamination from defects in workmanship or materials for a period of ten (10) years from the date of manufacture of such Residential Product.
- I. **Five (5) Year Limited Warranty: Specialty Glass.** Except as otherwise expressly provided herein, SPW warrants that Residential Products with custom or special glazings and/or other specialty, custom or non-standard glass options not listed in our product literature or not generally and regularly manufactured by SPW, and all leaded or decorative glass Residential Products, shall be free from defects in workmanship for a period of five (5) years from the original date of manufacture of such Residential Product.
- J. **Two (2) Year Limited Warranty: Glass Stress Cracks.** Except as otherwise expressly provided herein, SPW warrants that all glass in its Residential Product shall be free from stress cracks from defects in workmanship or materials for a period of two (2) years from the date of manufacture of such Residential Product.
- K. **Ten (10) Year Limited Warranty: General.** Except as otherwise expressly provided herein, SPW warrants that each Residential Product, including its wood components, hardware, weatherstrip and standard screens which accompany the Residential Product (the "Components"), will be free from defects in workmanship or materials which unreasonably affect such Residential Product's normal functioning for a period of ten (10) years from the original date of manufacture of such Residential Product.
- L. **One (1) Year Limited Warranty: Specialty Screens.** Except as otherwise expressly provided herein, SPW warrants that specialty screens (e.g. retractable screens, swing door screens) manufactured by others, not by SPW, for a Residential Product will be free from defects in workmanship or materials which unreasonably affect such specialty screen's normal functioning for a period of one (1) year from the earlier of the original date of manufacture of such specialty screen or the date of manufacture of such Residential Product.

II. LIMITATIONS, EXCLUSIONS AND DETAILS OF LIMITED WARRANTY.

- A. SPW Residential Products are manufactured to certain specifications and ratings, which may include air and water infiltration, structural performance, thermal performance and/or sound transmission. The performance of installed windows and doors as noted on the labels showing National Fenestration Rating Council (NFRC) and Window and Door Manufacturer's Association (WDMA) Hallmark ratings can and will change over time due to environmental conditions, installation technique, maintenance, normal wear and tear, and other factors beyond SPW's control. The initial ratings and specifications are furnished solely to assist the purchaser in comparing products at the time of purchase and are not intended to warrant or guarantee specific field performance at those ratings or specifications as installed or over the life of the Residential Product. These ratings may also apply to single units only, not to mulled configurations.
- B. This Limited Warranty is limited solely to defects in workmanship and materials arising from the production and manufacture of Residential Products by SPW. Whether or not any of the above warranties apply, in whole or in part, to a Residential Product or are excluded shall be determined by SPW in its sole discretion. SPW will not be liable for, and some or none of the above warranties will apply to or cover problems, claims or liabilities, costs, expenses, damages or losses, or other damage or defects caused by, arising from, or related to, any of the following:
1. Failure to follow any directions, recommendations, maintenance and care instructions, and/or guidelines set forth in SPW's Care and Maintenance Guide, any SPW Owner's Manual for a Residential Product, the Anodized Care and Maintenance Guide, or any other guide, direction or similar publication otherwise established by SPW, found at sierrapacificwindows.com

- (collectively, the "SPW Guides"), or the failure to perform regular, normal or routine and other required maintenance to a Residential Product;
2. Residential Products ordered or manufactured as a custom order, special product or otherwise manufactured according to specifications supplied by the consumer or to specifications other than SPW's standard specifications for a Residential Product;
 3. Residential Products having dimensions greater than those listed in SPW's standard offering of sizes;
 4. Residential Products installed in applications or conditions exceeding their WDMA Harkmark certified performance ratings, tested sizes and/or configurations;
 5. Any air infiltration or water penetration damage resulting from non-factory mulled or non- SPW assembled Residential Products;
 6. Improper handling or installation of Residential Products, including failure to follow SPW's installation instructions and/or failure to install in conformance with accepted construction practices or applicable building codes;
 7. Installation of the window or door in its opening in a manner which is not plumb, square and true and adequately shimmed on all sides;
 8. Installation other than vertical (slope glazing);
 9. Installations in sauna, swimming pool or hot tub rooms, boats, greenhouses or other rooms with high humidity conditions and installations in areas with direct, constant water contact, such as a shower or in the path of sprinkler water;
 10. Operational problems or problems related to water and/or air infiltration/leaking as a result of improper or inadequate flashing, improper installation, flaws in building design or defects in construction;
 11. Any Residential Products installed in any face barrier system or exterior insulation finish system using stucco, synthetic stucco, or other materials, unless the owner can demonstrate to SPW's satisfaction, in its sole discretion, that there is an effectively engineered system for the control and drainage of water or moisture vapor;
 12. Stress or strain due to building movement or settlement, including strain which is applied to the window or door by movement of the building or where provisions have not been made in accordance with sound industry practices for adequate expansion or contraction of framing members;
 13. Products that have been altered or removed and reinstalled;
 14. Wood cellular structure failure for any Components with prolonged or excessive exposure to moisture or soil, including failure to store the Residential Product upon delivery in a dry temperate environment prior to installation;
 15. Improper painting, staining, or field finishing maintenance of wood Components, or failure to apply a coating system meeting SPW's standards, recommendations or guidelines or sound industry practices to bare wood surfaces within the lesser of thirty (30) days after purchase, or as otherwise specified by SPW;
 16. Prolonged exposure to weather in the unfinished and/or primed state;
 17. Minute fracturing or surface mars in finishes occurring during the fabrication process;
 18. Failures arising from the failure to periodically cap bead, check and replace weatherstrip and caulking, and to perform regular, normal or routine maintenance of a Residential Product, whether as set forth in the SPW Guides or otherwise;
 19. Variance in color, grain or texture of wood;
 20. Painting or staining of vinyl parts or weatherstrip;
 21. Any Residential Product installed at an altitude higher than recommended by SPW, whether in the SPW Guides or otherwise;
 22. Any dual insulated glass Products manufactured without capillary tubes and installed at altitudes above 5000 feet without factory pre-approval. Triple glaze insulated glass Products manufactured without capillary tubes and installed at altitudes above 2200 feet;
 23. Rattling of air space grilles;
 24. Scratches, imperfections or blemishes on glass surfaces that do not impair the integrity of the unit, or were not caused by SPW during the manufacturing process, or that do not materially affect normal vision or performance per the guidelines established by ASTM C1036;
 25. Slight imperfections, color variations, wavy or shimmering distortions in the glass related to a laminate interlayer or heat strengthening of the glass;
 26. Any insulated glass unit that has an after-market tint, UV block, or other film or coating applied;
 27. Damage to a Residential Product resulting from any reason other than a manufacturing defect by SPW, including, without limitation, any such damage arising, in whole or in part, from any accident, abusive handling, misuse, or as a result of any cause beyond the control of SPW (e.g. vandalism, fire, flood, earthquake, acts of God or nature, war, civil unrest, natural causes and/or natural disasters, including earthquakes, floods, tornadoes, hurricanes, typhoons or hurricane or typhoon conditions, or any other cause beyond SPW's control);
 28. Condensation, surface fogging or frost on exposed surfaces of Residential Products and any related water damage which may occur as the natural result of humidity within the structure or due to changes in interior/exterior temperatures;
 29. Door warpage of less than 1/4" as measured across the diagonals for doors up to 3'-6" x 7'-0" and/or 3/8" for doors over 3'-6" x 7'-0". This does not refer to the relation of the door panel to the frame or jamb in which it is hung. (NOTE: door warpage may vary as door panels adjust to temperature and humidity in their installed positions.) Action on any claim for warpage may be deferred for up to twelve (12) months at SPW's option to permit conditioning of the door to humidity and temperature ranges at the jobsite;
 30. Door warpage on doors 8 feet and taller, if such doors do not have multipoint hardware;
 31. Doors with flat, low profile or ADA compliant sills will not be warranted against air and water infiltration;
 32. Normal wear and tear and/or natural weathering of any surfaces, including discoloration of interior or exterior finishes, including hardware finishes;
 33. Corrosion, wear or failure of hardware including loss of functionality in extreme conditions including, but not limited to, seacoast or other corrosive environments, as well as based on elevation, orientation, and altitude;
 34. Finish failures or corrosion of aluminum cladding or damage to other Components caused by contact with caustic chemicals or chemical fumes, including but not limited to industrial cleaning agents, acid-based products, chlorine, salt spray, airborne pollutants, mortar, mortar cleaner, alkali hydroxides and brickwash;
 35. Obstructions of air flow to products, including draperies or storm panels;
 36. Products purchased through SPW that are manufactured by a third party (e.g. electric operators, skylites, custom hardware) are not covered under the terms of this warranty. Refer to product manufacturer's warranty for terms of coverage;
 37. Damage occurring or arising from any reason other than a manufacturing defect by SPW, including, without limitation, installation or delivery;
 38. Windows or doors sold with no hardware, special hardware or hardware to be supplied by others;
 39. Problems caused by modification to the product by others (e.g. modifications made to add alarm systems or remote window operators);
 40. Failure to comply with any other provision of this Limited Warranty.
- C. Inert Gases. Residential Products may contain inert gas, intended to improve the thermal performance of the Residential Product.
1. The migration of an inert gas, such as argon, is a natural process that occurs over time and is not a defect. SPW provides no warranty with respect to the migration of an inert gas.
 2. Argon gas within an insulated glass Residential Product will dissipate over time. The conditions of exposure and manner of use of the Residential Product will affect the rate of dissipation. The best manufacturing techniques cannot guarantee that the initial fill rate of inert gas will be maintained during the Residential Product's lifetime. SPW provides no warranty with respect to the dissipation, rate of dissipation or initial fill rate. If the Residential Product is fitted with a capillary tube system, it must be treated as if it is entirely air filled. SPW provides no warranty with respect to the amount or percentage of argon remaining in the insulated glass unit or any thermal performance related to inert gas at any time after manufacture.
- D. Allocation of Risks of Residential Product Performance. Because some water infiltration must be anticipated in all construction, it is imperative that the wall system be designed and constructed to properly manage moisture and that the Residential Products be properly installed. SPW is not responsible for, and provides no warranty with respect to, any claims or damages caused by anticipated or unanticipated water infiltration; deficiencies in building design, construction and maintenance; failure to install SPW products in accordance with SPW Guides; or the use of SPW products in systems, such as barrier wall systems, unless management of moisture within the wall system is adequately incorporated within the design of the system, as determined by SPW in its sole discretion. The determination of the suitability of all building components, including the use of Residential Products, as well as the design and installation of flashing and sealing systems, are the responsibility of the buyer, owner, architect, contractor, installer, or other construction professionals and are not the responsibility of SPW, and SPW disclaims all liability with respect thereto. All risks related to building design and construction, fitness or suitability of Residential Products for a particular purpose, or the maintenance, installation, and use of Residential Products shall be assumed by the buyer and/or owner in conjunction with the architect, contractor, installer, or other construction professionals, and such parties waive and release SPW from any claims or damages related to such risks.
- E. General Residential Product Disclaimers.
1. The performance of the exterior aluminum coated finish, hardware and/or Components may vary based on installation in extreme environments, including but not limited to seacoast and other corrosive environments, as well as based on elevation, orientation, altitude and other atmospheric conditions. Normal, regular maintenance of the product is required to maintain the appearance, to extend the finish life, and to keep the warranty intact.
 2. Fading or color changes may not be uniform if the surfaces are not equally exposed to the sun and elements and such variation in fading or color is not considered to be a defect, and SPW provides no warranty and hereby disclaims any and all liabilities with respect thereto.
 3. Screens are intended solely as protection from insects and are not designed for or intended to provide safety protection or to prevent falling through an open window, and SPW provides no warranty and hereby disclaims any and all liabilities with respect thereto.
 4. Window opening control devices ("WOCDs") are not a substitute for careful monitoring of children. WOCDs must be checked regularly, as necessary, to determine if they are operating properly. SPW provides no warranty and hereby disclaims any and all liabilities with respect thereto.

III. WARRANTY RESOLUTION; EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY.

- A. In the event the product fails to conform to the express warranties described above within the stated time period, the Residential Product owner's sole and exclusive remedy is that SPW will, at SPW's sole option and discretion, either repair or provide replacement Residential Product or Components for any defective Residential Product or Component, or refund the original purchase price or original catalog list price, whichever is lower, of the defective Residential Product or Component. SPW may, in its sole discretion, substitute a current design for the original Residential Product or Component or otherwise provide a comparable Residential Product as a substitute. If SPW elects to provide a replacement Residential Product or Component, SPW will pay for the freight to deliver the replacement Residential Product or Component to the place where the defective Residential Product or Component was

delivered from SPW’s factory. Any freight or delivery charges beyond that destination will be the Residential Product or Component owner’s responsibility. Provision of a replacement Residential Product or Component does not extend the warranty time period for the Residential Product or Component, and the warranty time period of the original Residential Product or Component shall continue to apply. SPW may, in its sole discretion, charge the Residential Product or Component owner a fee for performing an onsite inspection if SPW believes coverage under this Limited Warranty is not clear. SPW may, in its sole discretion, refund any such onsite inspection charge if the subsequent inspection by SPW reveals a defect which is covered by this Limited Warranty.

- B. As more fully set forth in Section IV below, the limited warranties set forth in Section I above are the sole and exclusive warranties provided by SPW with respect to Residential Products. As more fully set forth in Section III (A) above and subject to the terms of this Limited Warranty, the sole and exclusive remedy is repair, replacement or refund. SPW cannot and shall not be liable for any other express or implied warranties, guarantees or representations related to a Residential Product or other remedy made or provided by any distributors, dealers, salespersons or other representatives of SPW in any manner, whether written or oral. NO PARTY IS AUTHORIZED TO EXPAND OR CHANGE THE PROVISIONS OF THIS LIMITED WARRANTY IN ANY MANNER. SPW provides the Residential Products on an “as-is” basis. SPW makes no other representations, statements of fact, promises, guarantees or other warranties of any kind or nature, express or implied, with respect to the Residential Products. Except as expressly set forth herein, SPW disclaims any and all other warranties, express or implied, including any warranty relating to workmanship, merchantability, fitness for particular purpose, freedom from defects, or non-infringement.
- C. **Limited Labor Coverage.** In the event that SPW elects pursuant to Section III (A) above to provide for the repair or replacement of a Residential Product covered by this Limited Warranty, SPW will, at its cost and expense, provide the labor to repair or replace such Residential Product, the extent and/or scope of said repair and replacement shall be decided by SPW in its sole discretion, for a period of two (2) years from the date the Product was manufactured. SPW shall not be responsible for, and shall not bear any cost or expense with respect to, any repainting, refinishing or similar activities related to or arising from the repair or replacement of any Residential Product. For purposes of clarification, SPW will not be responsible for any costs or expenses related to labor for repair or replacement outside of the time period specified above.
- D. **Notice of Warranty Claim.** SPW must receive written notice, containing the information below and at the following addresses, from a Residential Product owner claiming coverage under this Limited Warranty within the warranty period and within ninety (90) days of the date the problem with the Residential Product first became known, or should have been known through the exercise of reasonable care, to such owner. In the event that a Residential Product owner fails to comply with the foregoing, such Residential Product owner shall not be entitled to the benefits of any provision of this Limited Warranty. The notice of claim under this Limited Warranty must contain the following information:
 1. The Residential Product owner’s name and telephone number;
 2. The original order number;
 3. The address where the Residential Product is installed;
 4. A description of the Residential Product;
 5. Proof of ownership of the single family detached dwelling unit in which the Residential Product is installed;
 6. The name of the SPW Salesperson or Dealer from whom the product was purchased.
 7. A description of the defect and the date of first discovery of the claimed defect.

The foregoing notice shall be delivered to SPW at:

SIERRA PACIFIC WINDOWS		SIERRA PACIFIC WINDOWS

IV. DISPUTE RESOLUTION

- A. In order to achieve a quick and final resolution of disputes, You and SPW agree that any dispute or claim of any kind or amount arising out of the sale of windows, doors, and related or associated products (“Residential Products”), or otherwise relating to SPW, shall be resolved as follows, hereinafter “Dispute Resolution Agreement” or “Agreement”:
 - i. The dispute or claim shall be submitted to mediation, as described herein; and
 - ii. If the mediation does not resolve the dispute or claim in its entirety, then that dispute or claim, or portion thereof, shall be resolved through binding arbitration, as described herein.
- B. Disputes and claims subject to this Agreement include, but are not limited to:
 - i. Any alleged breach of contract or breach of the duty of good faith and fair dealing;
 - ii. Any alleged breach of warranty, express or implied;
 - iii. Any alleged construction defect, including any claims brought under Civil Code Section 895 et seq. (generally referred to as “the Right to Repair Act” or “SB 800”);
 - iv. Any alleged violation of federal or state law or regulation;
 - v. Any alleged violation of consumer protection or unfair business practice;

- vi. Any alleged tort claim, including but not limited to, claims for negligence, strict liability, or fraud;
- vii. Any other claims, whether arising in equity or common law, and whether seeking damages, injunctive relief, specific performance, declaratory or equitable relief;
- viii. Any dispute regarding the enforceability or applicability of this Dispute Resolution Agreement or any term herein;
- ix. Any dispute regarding the rights, duties and obligations of the parties with respect to this Dispute Resolution Agreement.
- C. **Agreement to Mediate.** You and SPW agree that any dispute or claim arising out of the sale of Residential Products, or otherwise relating to SPW, shall be submitted to non-binding mediation prior to any arbitration proceedings. Either party may commence mediation by notifying the other party in writing of its desire to pursue mediation and the subject of the dispute or claim. The parties will cooperate with one another in selecting a mediator and in scheduling the mediation proceeding. The mediation will be held in Sacramento, California, unless the parties agree otherwise. The parties agree that they will participate in the mediation in good faith. SPW shall be responsible for paying the costs of the mediation. Each party shall be responsible for their own attorney fees and expert fees, if any. All offers, promises, conduct and statements, whether oral or written, made in the course of the mediation by any of the parties, their agents, employees, experts and attorneys, and by the mediator, are confidential, privileged and inadmissible for any purpose, including impeachment, in any arbitration or other proceeding involving the parties, provided that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in the mediation.
- D. **Agreement to Arbitrate.** In the event that a dispute or claim arising out of the sale of Residential Products, or otherwise relating to SPW, is not resolved through mediation, You and SPW agree that such dispute or claim shall be resolved through binding arbitration. Arbitration shall be conducted with JAMS, a private alternative dispute resolution business, pursuant to its Comprehensive Arbitration Rules and Procedures and in accordance with the Expedited Procedures in those Rules. SPW shall be responsible for paying the costs of the JAMS arbitration. Each party shall be responsible for their own attorney fees and expert fees, if any. The arbitration will be held in Sacramento, California, unless the parties agree otherwise. Judgment on the arbitration award may be entered in any court having jurisdiction.
- E. **No Jury Trial. YOU AND SPW AGREE TO WAIVE ANY RIGHT TO A JURY TRIAL AND AGREE TO HAVE ALL DISPUTES HEARD AND DECIDED SOLELY BY THE ARBITRATOR CONDUCTING THE BINDING ARBITRATION.**
- F. **No Class Action or Representative Action. YOU AND SPW AGREE THAT ALL DISPUTES OR CLAIMS SHALL BE BROUGHT ONLY ON AN INDIVIDUAL BASIS, AND SHALL NOT BE BROUGHT AS A REPRESENTATIVE OR CLASS ACTION. THE PARTIES AGREE THAT THE ARBITRATOR SHALL NOT HAVE THE POWER TO CONDUCT THE ARBITRATION AS A REPRESENTATIVE OR CLASS ACTION.**
- G. **Limitations on Liability.** You and SPW agree to waive any right to recover indirect, special, incidental or consequential damages or losses, including but not limited to, damages or losses from business interruption, loss of use, loss of business, loss of revenue, or loss of profits. You and SPW agree to waive any right to recover punitive or exemplary damages. You and SPW agree that the arbitrator is not empowered to award such damages. Some states do not allow for the exclusion or limitation of incidental, consequential or indirect damages or losses, so this limitation may not apply to you. You and SPW agree that in no event or circumstance shall the aggregate amount of damages awarded in arbitration(s) exceed the aggregate amount paid to SPW in connection with the sale of the Residential Products; this limit applies regardless of whether damages are awarded in connection with one claim or multiple claims or one arbitration or multiple arbitrations, and regardless of the timeframe over which the claim(s) are made or arbitration(s) instituted.
- H. **Governing Law and Severability.** This Dispute Resolution Agreement and the rights of the parties hereunder shall be governed by and construed in accordance with the laws of the State of California, exclusive of conflict or choice of law rules. The parties acknowledge that this Dispute Resolution Agreement evidences a transaction involving interstate commerce. Notwithstanding the provision in this paragraph with respect to applicable substantive law, any arbitration conducted pursuant to the terms of this Agreement shall be governed by the Federal Arbitration Act (9 U.S.C., Secs. 1-16). In the event any aspect of this Dispute Resolution Agreement is found to be unenforceable or void, the remaining provisions of this Agreement shall remain in full force and effect.
- I. **Opt-Out Procedure.** You may opt-out of this Dispute Resolution Agreement within twelve (12) months from the date of manufacture of your Residential Product by visiting the website www.sierrapacificwindows.com/optout and completing the form to opt-out of this Dispute Resolution Agreement.

(For additional information, including SPW Guides, care and maintenance instructions, installation instructions and previous warranties, refer to www.sierrapacificwindows.com or contact your local Sierra Pacific Windows Service Center or Dealer.

SUMMARY

INTRODUCTION

North Bend has proposed to increase the level of compensation for the first quarter of 2025 by 12.9% while both cities continue to work on a new interlocal agreement.

LEGISLATIVE HISTORY

Original Agreement approved in 2012.
Amended Agreement approved in 2019.

BACKGROUND

North Bend and Snoqualmie have been meeting to amend the existing 2019 ILA compensation levels. Due to recent staffing changes in North Bend, the work is continuing into 2025. North Bend has proposed to increase the compensation level to 12.9% for the first quarter of 2025. Staff feels this is a positive development in the negotiation process and requests the City Council to approve the amendment. NB passed the amendment on January 7, 2025 with a unanimous 6-0 vote to increase the compensation rate.

BUDGET IMPACTS

Administration recommends approving an amendment to the 2019 Police Services ILA with the City of North Bend. The amendment would increase police services fee revenue approximately 12.9% above the 2024 fee and would be applicable during ongoing contract negotiations. The adjusted fee, payable to the City of Snoqualmie, would be \$2,835,674.

The 2025-2026 Biennial Budget included an estimated \$4,079,000 Police Services fee within the North Bend Police Fund (#014). Receiving the lower fee would result in the following temporary loss of revenue:

Date of New Police Services Agreement	3/31/2025	6/30/2025	9/30/2025	12/31/2025
Budgeted North Bend Police Services Fee	\$1,019,750	\$2,039,500	\$3,059,250	\$4,079,000
Amended North Bend Police Services Fee	\$708,919	\$1,417,837	\$2,126,756	\$2,835,674
Difference	\$310,832	\$621,663	\$932,495	\$1,243,326
Difference as a % of Budgeted General Fund Expenditures	1.4%	2.8%	4.2%	5.6%

If the loss becomes permanent, it would ultimately be borne by the General Fund (#001). However, Administration anticipates that the new agreement will be retroactive to January 1, 2025, meaning that after the signing of the new agreement, the temporary loss of revenue would be reversed, depending on the amount of the newly negotiated fee.

NEXT STEPS

Continue work on a new ILA with NB.

PROPOSED ACTION

Move to approve the 2025 Renewal Interlocal Agreement for Police Services with the City of North Bend for the period January 1, 2025, through May 31, 2025 and authorize the Mayor to sign.

**INTERLOCAL AGREEMENT BETWEEN THE CITY OF NORTH BEND AND THE
CITY OF SNOQUALMIE FOR POLICE SERVICES**

THIS RENEWAL INTERLOCAL AGREEMENT FOR POLICE SERVICES (Renewal Agreement) is entered into between the City of North Bend, a Washington municipal corporation (North Bend) and the City of Snoqualmie, a Washington municipal corporation (Snoqualmie) with an effective date of January 1, 2025.

I. RECITALS

- A. The cities of North Bend and Snoqualmie are each authorized under Washington State law to form and operate a police department.
- B. The Interlocal Cooperation Act, chapter 39.34 RCW, authorizes municipal corporations to contract with one another to perform any act that each is independently authorized to perform.
- C. In 2012, North Bend and Snoqualmie entered into an Interlocal Agreement for the provision of police services (“Original ILA”).
- D. In 2013, a First Amendment to the Original ILA was approved by North Bend and Snoqualmie.
- E. In 2015, a Second Amendment to the Original ILA was approved by North Bend and Snoqualmie.
- F. In 2019, a Renewal ILA was entered into by North Bend and Snoqualmie.
- G. On December 29, 2022, Snoqualmie provided formal notice to North Bend to renew the 2019 Renewal ILA, was scheduled to expire on December 31, 2024.
- H. In 2023, a First Amendment to the 2019 Renewal ILA was approved by North Bend and Snoqualmie.
- I. North Bend and Snoqualmie were unable to agree on terms for a new ILA prior to the expiration of the 2019 Renewal ILA on December 31, 2024.
- J. Both North Bend and Snoqualmie desire to preserve the relationship ensuring continued police services and fair and equitable reimbursement for the services provided.
- K. On January 7, 2025, North Bend passed Agenda Bill 25-003, a motion authorizing a renewal term, beginning January 1, 2025, and continuing until the earlier of (i) June 1, 2025 or (ii) the cities’ approval of a new interlocal agreement for police services.

L. The parties enter into this Renewal Agreement in consideration of the mutual covenants and promises set forth in this Renewal Agreement, the mutual benefits to be derived by each and in the exercise of authority granted by the Interlocal Cooperation Act.

II. RENEWAL AGREEMENT

A. Pursuant to Section 3(b) all terms and conditions of the 2019 Renewal Interlocal Agreement and First Amendment to the 2019 Renewal Interlocal Agreement, except those amended in this Renewal Agreement, shall continue and remain in effect until the earlier of (i) June 1, 2025, or (ii) the approval of a new interlocal agreement for police services by the respective city councils of North Bend and Snoqualmie.

B. North Bend and Snoqualmie agree to continue good faith discussions toward entering a new interlocal agreement.

C. Section 5(a)(“Compensation – Fee During Term”) is amended as follows:

a. Fee during Term. During the term, North Bend shall pay Snoqualmie the following amount in equal monthly installments as full payment for the Services:

	Annualized rate of
January 1, 2025 through May 31, 2025	\$2,835,674.00

Table 1: Monthly Amounts Due

Month	Amount Due
January 2025	\$236,306.17
February 2025	\$236,306.16
March 2025	\$236,306.17
April 2025	\$236,306.17
May 2025	\$236,306.16
June 2025	\$236,306.17
July 2025	\$236,306.17
August 2025	\$236,306.16
September 2025	\$236,306.17
October 2025	\$236,306.17
November 2025	\$236,306.16
December 2025	\$236,306.17
Total Due	\$2,835,674.00

D. Parties agree that compensation under this Renewal Interlocal Agreement shall be retroactive to January 1, 2025.

DATED this ___ day of January, 2025.

Exhibits A and B Design and Construction Standards Task Order, Scope and Budget.pdf	852.7KB

Summary

Introduction*

This agenda item is associated with a Contract and Task Order with Perteet, Inc. Engineering to create a set of City of Snoqualmie Design and Construction Standards based on Snoqualmie Ridge, which could be used citywide on all development projects and city capital improvement projects through a future update to the Snoqualmie Municipal Code.

Background / Overview*

Design standards outline the requirements for streets and related construction in areas where new development is proposed and for improvements to existing development. The city practices have been to use Snoqualmie Ridge Development Standards which includes details for streets, stormwater drainage, water, sanitary sewer, erosion and sedimentation control, lighting, landscaping and irrigation, buffers,

signage, etc...

The previous legislative update to the Snoqualmie Municiple Code Design Standards for Streets was adopted by Ordinance 483 in 1980. The Snoqualmie Municiple Code, SMC 12.16.780 Design Standard Detail and Drawings calls for the city engineer to prepare, update and maintain standard design detail and drawings supplementing and illustrating the design standards.

Analysis*

This scope of services is pursuant to SMC 4.7.1 Sole Source. In certain circumstances the city is limited to a single source of supply and competitive bidding requirements may be waived by the department director per RCW

39.04.280(1)(a). The city must be able to demonstrate that the purchase is clearly and legitimately limited to a single source such that bidding the purchase would be useless and futile based on drafted specifications. In this case, the construction documents regulating Snoqualmie Ridge 1 and 2 were implemented by Perteet Engineering since the Ridge construction began. Perteet Inc. engineering is the single source to evaluate the current Snoqualmie Ridge II Development Standards and prepare an updated set of recommended standards. Drawings shall be modified, added to, or deleted, all as determined by the city engineer, in accordance with good engineering practice.

An update to the Snoqualmie Ridge Development Standards text and drawings with input the from field staff and City Departments will allow the city to capture the city's best engineering practices into a consolidated set of standards ready for future implementation.

Budgetary Status*

Funds have already been authorized in this year's budget.

Fiscal Impact

Amount of Expenditure	Amount Budgeted	Appropriation Requested
\$156,454.00	\$2,468,414.00	\$0.00

Budget Summary

Administration recommends approving the Perteet contract totaling \$156,454 for updating design and construction standards. These expenditures were incorporated within the 2025-2026 Biennial Budget within the Community Development (#001) classification, which appropriated \$2,468,414 for services. This budget is encumbered by \$995,444 in outstanding contract value and internal service charges, as shown in the following table. With the addition of the Perteet contract, the remaining biennial budget appropriation is \$1,316,516 for Community Development services. Therefore, sufficient appropriation exists within the 2025-2026 Biennial Budget to fund the contract.

Fiscal Impact Screenshot

Community Development (#001)

2025-2026 Biennial Budget

Beginning Budget	\$	2,468,414
Expenditures	\$	-
Outstanding Contract Value & Internal Service Charges	\$	(995,444)
Current Available Budget	\$	1,472,970
Value of this Expenditure (AB25-010)	\$	(156,454)
Available Budget after AB25-010	\$	1,316,516

Notes

An Ordinance relating to and establishing standard specifications and design standards for Streets, Plat Roads, and related construction on the City right-of-way (existing & proposed) for the City of Snoqualmie and defining an offense and providing a penalty, and establishing the effective date thereof.

SECTION I - DEFINITIONS OF TERMS:

The following words, terms, and titles, or pronouns and abbreviations used in place of them, shall be construed as defined below.

1.1 CITY The City of Snoqualmie, King County, Washington.

1.2 CITY COUNCIL The regularly constituted Council and Mayor of the City.

1.3 STREET COMMITTEE The committee, composed of members of the City Council, appointed by the Mayor to investigate, study and report to the City Council on matters pertaining to streets and related subjects.

1.4 CITY PLANNING COMMISSION The regularly constituted Planning Commission of the City.

1.5 KING COUNTY ROAD STANDARDS The current Road Standards adopted by King County.

1.6 BUILDING DEPARTMENT The Building Department of the City or such other agencies contracted with by the City to perform specialized Building Department functions.

1.7 PUBLIC WORKS DEPARTMENT The Public Works Department of the City.

1.8 CITY ENGINEER The Engineer appointed by the City Council to serve as Engineer for the City. The word "Engineer" is sometimes used in text as inspector.

1.9 INSPECTOR The person assigned by the City to inspect the various street improvement projects, which person or combination of persons may be a member of the City's Consulting Engineering Firm, City Engineer or the City Superintendent, or any other person assigned, acting under the orders of the Mayor and City Council; their authority being limited to the particular duties to which they are assigned.

1.10 DEVELOPER The individual, firm, partnership, corporation, or combination thereof, proposing to perform, performing, or having work performed under contractual agreement in the public right-of-way or in areas to be dedicated to public use, such as in a proposed plat.

1.11 CONTRACTOR The individual, firm, partnership, corporation, or combination thereof, proposing to perform, or performing work under contractual agreement with a developer, in the public right-of-way or in areas to be dedicated to public use, such as in a proposed plat.

1.12 BUILDER The individual, firm, partnership or corporation, or combination thereof, proposing to perform, or performing work in the public right-of-way or in areas to be dedicated to public use, whether under contractual agreement or not.

1.13 PRIVATE PROPERTY OWNER The owner or owners of one or more parcels of land, desiring to perform work or have work performed in the public right-of-way, shall be considered as a Builder as defined in Paragraph 1.12, above.

1.14 PROFESSIONAL ENGINEER A professional engineer licensed and registered in the State of Washington.

1.15 REGISTERED LAND SURVEYOR A land surveyor licensed and registered as a Land Surveyor in the State of Washington.

1.16 NEW CONSTRUCTION The building of a new roadway or structure on new alignment, or the upgrading of an existing roadway or structure by the addition of one or more lane widths. New construction shall include public utilities.

1.17 RECONSTRUCTION The following types of projects are classed as reconstruction and these design standards do not apply:

(a) Modernization of an existing highway by resurfacing, widening less than a single lane width, adding shoulders or adding turn lanes at intersections. When adding turn lanes, the existing thru lanes shall not be narrowed below their existing width.

(b) Temporary replacement of a highway facility, which is commenced immediately after the occurrence of a natural disaster or catastrophic failure, to restore the highway for the health, welfare and safety of the public.

1.18 ROADWAY WIDTH The portion of a highway between curbs or including shoulders, intended for vehicular use. This definition is for use in these design standards only.

1.19 WALKWAY A continuous way designated for pedestrians, and separated from the through lanes for motor vehicles by a curb, space or barrier.

1.20 DRAINAGE GUIDELINES Refer to "requirements & Guidelines for Drainage Control in King County" adopted as the City Standard.

SECTION II - GENERAL REQUIREMENTS

It is the intent of these Design Standards to outline the minimum requirements for streets, and related construction, in areas where new development is proposed and for improvements to existing developments.

It is recognized that deviations from these standards may be necessary on projects which have special or limiting requirements and it is herein emphasized that each project will be considered on an individual basis. The requirements of these Design Standards do not relieve a developer, contractor, builder, or private property owner from his responsibility to comply with the requirements of other codes, standards or ordinances applicable to the planning and construction of improvements as agreed upon with the City.

This Ordinance shall apply to improvements on property other than new plats, wherein the property utilizes existing or proposed public right-of-way. Improvements shall include new buildings, remodeling, parking lots, etc. requiring construction of streets and utilities deemed necessary by the City. Necessity shall be determined by the function of the improvement, community safety and welfare, and shall include aesthetics.

This Ordinance applies if the building exterior is remodeled on one or more faces.

Minimum requirements for single family residential buildings shall be installation and/or replacement of sidewalk. Development of three (3) or more contiguous single family residential buildings will require street construction (half or full section) complete with required utilities.

Commercial and multi-family buildings shall construct the necessary streets, sidewalks and utilities, etc extended beyond the property as deemed necessary by the City. Water Mains shall be improved to meet fire flow requirements as established by the Fire Marshall and the City.

SECTION III - GENERAL PROCEDURE FOR PROJECT APPROVAL

All proposed plats and/or other improvements utilizing proposed or existing public right-of-way must be approved by the City Council prior to construction. Persons wishing to record a plat or to construct an improvement utilizing the public right-of-way (existing or future) shall first meet with the City of Snoqualmie to plan and work out the specific requirements of the proposed improvements.

The developer will be required to receive the following approvals before final approval of the proposed development will be granted:

1. Snoqualmie City Council and Planning Commission approval of general concept.
2. Washington State Department of Social & Health Services (DSHS), approval of all projects having to do with public or private water supply systems.
3. Washington State Department of Ecology (D.O.E.), approval of all projects having to do with public or private sewerage disposal systems.
4. Washington State Fisheries Department and Game Department approval of all projects which affect any stream, river or lake in any way whatsoever.
5. Washington State Department of Ecology (D.O.E.), approval of all projects within a State declared flood plain zone, and/or within a State declared shoreline management zone.
6. Snoqualmie City Council approval of final plat map and all related construction drawings (street, storm, sanitary, water, with details etc.), subject to posting of performance bond if applicable
7. Any other approvals that may be necessary depending on the nature and location of the proposed project.

SECTION IV

4.1 NEW CONSTRUCTION MINIMUM STANDARDS FOR DESIGN OF STREETS

- (1) Structural Design: Design procedures shall conform to accepted engineering practices approved by a registered professional engineer.
- (2) Vertical clearance above the paved roadway surface shall be a minimum of 16.5 feet. Vertical clearance of structures above the walkway surface shall be a minimum of 8.0 feet.
- (3) Lateral Clearance: The lateral clearance between curb face and the closest part of any fixed object (excluding traffic control signs and break away supports), shall be at least 3 feet.
- (4) Bridges: Bridges shall be designed to the requirements set forth in the latest American Association of State Highway and Transportation Officials, (AASHTO) Standard Specifications for Highway Bridges. Bridges shall have a minimum roadway width of 28 feet. Sidewalks shall be in addition. Design live loading for all bridges shall be not less than HS 20-44.
- (5) Roadway Geometrics: Design(s) shall be based upon accepted engineering practices and current AASHTO standards.
- (6) Construction Specifications: Current editions of Standard Specifications of the Washington State Department of Transportation (WSDOT), or the American Public Works Association, (APWA), shall be used.
- (7) Traffic Control: All traffic control devices shall conform to the Manual on Uniform Traffic Control Devices, (MUTCD), as modified by the Washington State Transportation Commission.
- (8) Pedestrian Facilities: There shall be a minimum 4 foot (clear) surfaced walkway on each side of the street unless topography or other special conditions favor one walkway only. The City will designate the minimum width and locations of walkways.

- (9) Bridge Railings: Where an approach rail is required, it will be made continuous with the bridge railing. Railing height for pedestrian only traffic is 3'-6", for bicycles only is 4'-6", for combined is 4'-6". When concrete barriers are used to separate vehicles from pedestrians and bicycles, the 32" concrete barrier shall have a metal rail extension providing a total height of 4'-6".
- (10) Ramps for the Handicapped: Ramps shall be included in all construction. RCW 35.68.075 "Curb Ramps for Physically Handicapped Required," as amended by Ch. 137, "Sidewalk Ramps," Washington Laws, 1977 First Extraordinary Session.

4.2 GENERAL GUIDELINES FOR NEW CONSTRUCTION

(1) Lateral Clearance.

- (a) Location of utility poles near the edge of the right-of-way should be considered.
- (b) Breakaway designs for traffic control devices and lighting should not be used where the falling object could create a hazard to pedestrian traffic.
- (c) Where edge of right-of-way locations are not feasible for utilities, it is desirable that all trees, utility supports, etc., be placed a uniform distance from the curb. Clearance to trees should account for estimated trunk diameter at maturity.

(2) Utility Location - Except as noted under "Lateral Clearance" above, local standards for utility locations should be followed.

(3) Railroad Grade Crossings - Flashing light signals which indicate the approach or presence of trains should be installed at those railroad-highway grade crossings where studies by qualified engineers indicate the need of warning beyond that provided by signs and markings.

(4) Storm Drainage - Normally, storm drainage should be handled by underground collection systems but other means may be used where permitted.

(5) Off Street Parking - if existing conditions do not allow the construction of a street to the minimum width, consideration should be given to removing the parking lanes and constructing strategically located parking lots.

(6) Safety Features.

- (a) Guardrail installation should be considered to protect vehicle occupants where roadside obstacles cannot be removed or designed to yield upon impact.
- (b) Supports for traffic control devices and lighting, including mast arm or span wires, should be designed to yield or breakaway under impact unless the breakaway design will endanger pedestrian or vehicular traffic.
- (c) Guardrails or other design features which protect people from out of control vehicles at locations such as playgrounds, school yards, and commercial areas should be considered.
- (d) Bridge rail designs which minimize the severity of impact and retain or redirect the encroaching vehicle should be considered.

4.3 DESIGN DETAILS FOR CITY STREETS

A. NEIGHBORHOOD COLLECTOR STREETS, NEW CONSTRUCTION

- (1) Function: To collect and distribute traffic from higher-type arterial streets to access streets, or directly to traffic destinations: to serve neighborhood traffic generators such as one store or small group of stores, elementary schools, churches, club houses, small hospitals or clinics, small apartment areas, etc.

- (2) Planning Features: Should function as an arterial street only within one neighborhood, and should serve traffic only with an origin or destination within that neighborhood.
- (3) Access Conditions: Intersections at grade with direct access to adjacent property permitted.
- (4) Traffic Features: Traffic control measures as warranted, but not to encourage traffic with trips through the neighborhood. Parking restricted as necessary.

AVERAGE DAILY TRAFFIC	500-5,000		
HORIZONTAL CURVATURE	MAX.	MIN.	D=Degrees
	D	R	R=Radius in Feet.
	(°)	(FT)	
Flat Terrain	8.0	715	
Rolling Terrain	14	410	
Mountainous Terrain	21	275	(Superelevation Required)

MAXIMUM GRADES

Flat Terrain	7%
Rolling Terrain	10%
Mountainous Terrain	12%

These grades may be exceeded for short distances when approved by Council

MINIMUM TWO (2) LANE PAVEMENT WIDTH 24Ft

Number of Lanes (Min). 2/w parking

MINIMUM ROADWAY WIDTH

With Curbs: No Parking	28Ft. (Not Recommended)
Parking One Side	32Ft
Parking Both Sides	40Ft (Min. for Bus Route)

NEW BRIDGES

Roadway Width (Min).	Not less than approach roadway width
Design Load (AASHTO)	HS 20-44
Vertical Clearance (Min).	16.5Ft.
RIGHT OF WAY WIDTH (Min).	60Ft.

B. ACCESS STREETS, NEW CONSTRUCTION

- (1) Function: To provide access to adjacent property
- (2) Planning Features: Should be designed and located to prevent continuous or unobstructed flow of traffic through a neighborhoods.
- (3) Access Conditions: Intersections at grade with direct access to adjacent property.
- (4) Traffic Features: Traffic control measures as warranted to provide adequate sight distance and safety.

AVERAGE DAILY TRAFFIC	Variable; usually less than 600		
HORIZONTAL CURVATURE	MAX.	MIN.	D=Degrees
	D	R	R=Radius in Feet
	(°)	(FT)	
Flat Terrain	14	410	
Rolling Terrain	28.5	200	
Mountainous Terrain	50	115	(Superelevation Required)

MAXIMUM GRADES

Flat Terrain	8%
Rolling Terrain	12%
Mountainous Terrain	15%

These grades may be exceeded for short distances when approved by Council

MINIMUM TWO (2) LANE PAVEMENT WIDTH	Varies from 22' to 20'
MINIMUM ROADWAY WIDTH	
With Curbs No Parking	26ft.
Parking One Side	30ft
Parking Both Sides	36ft (40' if Bus Route)
NEW BRIDGES	
Roadway Width (Min).	Greater than or equal to to the approach roadway but not less than 28ft.
Design Load (AASHTO)	HS 20-44
Vertical Clearance (Min).	16.5ft
RIGHT OF WAY WIDTH (Min).	60ft.

SECTION V - DRAINAGE

5.1 DRAINAGE PLAN

Drainage facilities on City roads shall generally conform to Requirements & Guidelines for Drainage Control in King County, current edition. This is hereafter referred to as "Drainage Guidelines." Note the requirements for a drainage plan, beginning on page 1 of that publication, and "Drainage Policies and/or Recommendations," which follows in the latter part of the same manual. This drainage plan shall be submitted either integral with the plan and profile for the road design, if graphic space permits, or on separate plan and data sheets. In either case the drainage plan shall include runoff calculations keyed to topographic maps; location, specific size, grade, and elevation data on all hydraulic features; and facilities for retention and for grease and siltation control.

5.2 STORM DRAINS IN CURB & GUTTER SECTION

- A. Underground storm drainage shall be provided for curb street section whenever the length of surface drainage exceeds 300 feet on road grade extending either direction from crest or sag of vertical curves.
- B. Storm drain pipe other than pipe connecting inlets to main storm drain shall be minimum 12-inch diameter and of specified rubber-gasketed corrugated metal or rubber-gasketed concrete pipe. Runoff shall be computed and, if the flow requires it, larger pipe shall be used.
- C. Storm drain pipe connecting inlets to main storm drain by structure, i.e., catch basin or manhole, shall be minimum 8-inch diameter rubber-gasketed corrugated metal or rubber-gasketed concrete pipe, with maximum length of 55 feet.
- D. Connections of storm drain pipe leading from an inlet location may be made into a main storm drain without structure, subject to case-by-case approval by the Engineer and subject to the following requirements:
 - 1. The inletting structure shall be a catch basin and not a simple inlet lacking a catch or drop section.
 - 2. Inlet-connection and main storm drain pipes shall be of same material and type, either rubber-gasketed corrugated metal or rubber-gasketed concrete pipe.
 - 3. Length of inlet connection shall not exceed 55 feet.
 - 4. Standard shop-fabricated tees, wyes, and saddles shall be used, except that connections with concrete pipe may be field-tapped.

- E. Zinc-coated (galvanized) corrugated iron or steel pipe shall be coated with protective Treatment 1 in accordance with Section 9-05.4(3) of the State Standard Specifications.
- F. Subject to approval by the Engineer, other pipe materials and methods, such as but not limited to plastic or cast-in-place concrete pipe, may be used provided that conditions make it feasible, recognized specifications are available to control quality, and acceptable user experience with the product is shown.
- G. The rubber gasket requirement above may be waived by the Engineer if it can be shown that joint leakage will not be an adverse factor.
- H. Storm drain gradients shall be such as to assure minimum flow velocity of three (3) feet per second when flowing full.
- I. Closed (underground) drain lines shall not be located with centerline closer than five feet to any property line separating adjacent lots or tracts. A drainage easement shall be located entirely within a single lot or tract, except where linear extent of the drain line may involve additional properties.

5.3 CATCH BASINS, MANHOLES & INLETS

- A. Maximum spacing on surface drainage courses between inlets or catch basins shall be 200 feet on road grades up to 1.5%. When road grade is 1.5% to 3.0%, maximum spacing shall be 300 feet; when grade is 3.0% or greater, maximum spacing shall be 400 feet.
- B. Maximum spacing on main storm drains between access structures, whether catch basins or manholes, shall be 600 feet.
- C. Curb inlets without drop section or catch may be used provided they are connected to a main storm drain by catch basin.
- D. Adequate measures shall be taken to limit surface drainage from yards and roof drains so as to prevent water damage or nuisance within the right-of-way. Such measures may include but are not limited to the following:
 1. Three-inch pipe laid sub-surface from yard inlet to nearest catch basin or curb inlet.
 2. Three-inch pipe laid from yard inlet under sidewalk and out through curb face. This method is not permissible when curb is on high side of super-elevation or in any situation in which street drainage cannot be confined to gutter receiving yard runoff.
 3. Eight-inch pipe stubbed from catch basin or curb inlet structure to back of sidewalk and plugged, to provide future connection to one or more yard drains.

5.4 RUNOFF CONTROL POLICIES

The following elements of referenced King County Code Title 20.50 and the Drainage Guidelines are summarized for emphasis:

- A. Runoff Diversion: Surface water entering the road right-of-way shall be received at the naturally occurring location. Surface water existing in the right-of-way shall be discharged at the natural location with adequate energy dissipators to minimize downstream damage. There shall be no diversion at either of these points. In subdivisions in planning stage these rules shall apply to the total property, by division, which is under development and not just to the proposed road right-of-way.

B. Peak Discharge Control:

1. The peak discharge from the road right-of-way or from total subdivided property shall not be increased due to the proposed construction, and
2. Retention or detention facilities acceptable to the Engineer shall be provided in order to handle all surface water in excess of the peak discharge.

C. Oil Separation Devices: Whenever significant contamination of runoff with oil or grease is anticipated, an oil/grease separation device, as specified in Drainage Guidelines or acceptable to the Engineer, shall be installed. It shall be located at a point where it can be maintained and where it will intercept floating contaminants flowing off the road right-of-way.

D. Erosion & Siltation Control:

1. Excavation and grading shall be done in a manner to maintain controlled drainage of the worksite and to minimize the exposure of unprotected slopes to the action of precipitation or flowing ground water.
2. When possible, existing natural vegetation shall be left intact.
3. Exposed slopes when completed shall be given appropriate permanent protection as soon as practical, e.g., grass or other ground cover, riprap, rockeries, or retaining walls.
4. The provisions of Section 3, Temporary Erosion/Sedimentation Control, of the King County Drainage Guidelines shall apply. This shall include the submittal of an effective temporary erosion/sedimentation control plan to be approved by the Engineer prior to starting any clearing and grubbing of earthwork.

SECTION VI UTILITIES

6.1 STREET RIGHT-OF-WAY PRIMARILY FOR TRAFFIC

Utilities to be located within the street right-of-way shall be constructed in compliance with these Standards. In their use of the right-of-way, utilities shall be given consideration after the traffic carrying requirements of the roadway which are, namely, to provide safe, efficient and convenient passage for motor vehicles, pedestrians, and other traffic. Aesthetics shall be a consideration. As a matter of policy, undergrounding of electric utilities will be required unless waived by the Planning Commission & Council.

6.2 STANDARD UTILITY LOCATIONS

Utilities within the right-of-way on new roads or in roadways where existing topography, utilities, or storm drains are not in conflict, shall be located as shown in typical sections, and as indicated below. Where existing utilities or storm drains are in place, new utilities shall conform to these Standards as nearly as practical and yet be compatible with the existing installations. Exceptions may be approved when necessary to meet the special requirements of overhead utilities where right-of-way space is limited, planned unit developments, short subdivisions, mobile home parks, multi-family developments and commercial developments.

A. Gas and Water Lines:

1. Shoulder-and-Ditch Section:

If practical: Outside of ditch line

Otherwise: In shoulder 3 feet from edge of travel lane.

2. Curb and Gutter Section:

Preferable: Near gutter of curb or at distance which will clear root masses of street trees if these are present or planned for.

Otherwise: 10 feet from centerline. Mains and service connections to all lots should be completed prior to placing of surface materials.

3. Designated side of centerline to generally conform with King County.

GAS: South and West; WATER: North and East.

4. Depth of Cover:

(a) Water at 3.5' minimum cover from finished grade

(b) Gas at 3.0' minimum cover from finished grade.

- B. Sanitary Sewers: Mains located 5' south & West of centerline, side sewer cover 5 ft. min. from finished grade at property line, terminated inside lot.
- C. Sanitary and water lines shall be separated in accordance with good engineering practice by being spaced at least 10'-0" apart, horizontally.
- D. Gravity systems, whether sanitary or storm drainage, shall have precedence over other systems in planning and installation.
- E. Electric utilities, power, telephone, cable TV:
Required: Underground, either side of road, at plan location and depth compatible with other utilities and storm drains. Each utility is to file with the City their construction standards and current revisions.

- F. Notwithstanding other provisions, underground systems shall be located at least five feet away from road centerline and where they will not otherwise disturb existing survey monumentation.

6.3 UNDERGROUND PIPE MATERIALS & INSTALLATION

Water mains and sanitary sewer pipe installed in the public right-of-way shall conform to the provisions of Division III and Division IV of the Washington Chapter APWA Standard Specifications, current edition, except as otherwise provided herein.

6.4 SCHEDULING OF UTILITIES INSTALLATION & RELOCATION

- A. Pole utilities and underground utilities, including service crossings, shall be installed or relocated prior to the start of road construction if planned road cuts and fills are minimal and location of road elements can be clearly indicated in advance. Otherwise such utilities, with connections, shall be installed or relocated after the subgrade has been completed but before surfacing has been placed.
- B. As a matter of policy, utility trenching or transverse cuts in Streets will be discouraged. They will not be permitted unless it can be shown that alternatives such as boring or jacking or relocating outside the paved area are infeasible, or unless the utility can be installed just prior to reconstruction or overlay of the road. In instances where trenching or cutting is permitted, backfilling shall be done in accordance with Section 7-04.3(3) of the State Standard Specifications and the road surface shall be restored at least equal to the existing pavement. If a firm and presentable surface even with the existing pavement is not achieved, the Engineer may require remedial action such as redoing of the restoration or overlaying the backfilled trench and adjacent areas of the roadway.

6.5 GENERAL REQUIREMENTS:

- A. It is the desire of the City to provide water and sanitary sewer service to all areas within the City limits, and in some cases beyond. If the proposed development is in reasonable proximity to existing sanitary sewers or water-mains, and the existing facilities can be made adequate to handle the increased load anticipated from the new development, the developer will be required to connect to the existing facilities, and contribute to the capital improvement costs involved to make such facilities adequate.
- B. All sanitary sewers shall be designed in accordance with the State of Washington Department of Ecology's "Criteria for Sewage Works Design", dated February 1978, including all amendments thereto.
- C. All watermains shall be designed in accordance with the State of Washington Department of Social and Health Services, Division of Health. Watermains shall be flushed, disinfected and flushed again. Water samples shall be taken and analyzed in accordance with the requirements of the State Division of Health prior to the connection of any service lines.
- D. All proposed utilities, together with construction details, shall be submitted on plan and profile paper to the Snoqualmie City Council for approval, and shall be stamped by a Professional Engineer, licensed to practice in the State of Washington.
- E. All drainage easements, utility easements, and slope easements required inside and outside the platted area shall be submitted with final plans for approval.

SECTION VII ROADSIDE FEATURES7.1 DRIVEWAYS

- A. Permissible dimensions, slope and detail shall be as indicated on Drawings and as further specified in the following subsections.
- B. Conditions of Approval of New Driveways:
 - 1. Driveways directly giving access onto arterials may be denied if alternate access is available.
 - 2. All abandoned driveway areas on any street shall be removed and the curbing and sidewalk, or shoulders and ditch section shall be properly restored.
 - 3. Maintenance of driveway approaches and all sidewalks shall be the responsibility of the owner whose property they serve.
 - 4. For a commercial establishment on a shoulder and ditch type road, where development of adjoining lands and highway traffic assume rural characteristics as determined by the Engineer, the following rule shall apply: The entire frontage area shall be graded and paved to the property line with asphalt or portland cement concrete. Surface drainage shall be intercepted and carried in a closed system. Access control to the property by means of a 6-inch curbing will be required.
- C. Location of New Driveways:
 - 1. A residential driveway is one that normally serves one parcel. A driveway serving more than one parcel shall be classed as a commercial driveway or a private street.
 - 2. On frontage 75' or less, no more than one driveway shall be constructed; on frontages over 75' two or more driveways may be permitted, subject to approval by the Engineer.
 - 3. No portion of driveway width shall be allowed within 5' of extensions of property lines in residential areas or 9' in commercial areas except that driveways may utilize full width of narrow access right-of-way to property if this provides the only access to the lot being served.

4. The maximum change in driveway grade shall be:

On crest vertical curves, 8% per 10'.

On sag vertical curves, 12" per 10'.

- D. Existing driveways may be reconstructed as they exist provided such reconstruction is compatible with the reconstructed road.
- E. Notwithstanding any other provisions, driveways shall not be allowed where they are determined by the Engineer to create a hazard or impede the operation of traffic on the roadway.

7.2 ROCK RETAINING WALLS

- A. Rock retaining walls may be used for the containment of cut or fill embankments up to a maximum height of 8 feet in stable soil conditions which will result in no significant foundation settlement or outward thrust upon the walls. For heights over 8 feet or when soil is unstable, a structural wall of acceptable design shall be used.
- B. Materials.
1. Size categories shall include:
 - Two-man rocks (300 to 600 pounds), 13" in least dimension;
 - Three-man rocks (800 to 1200 pounds), 16" in least dimension; and
 - Four-man rocks shall be used for bottom course rock in all rock retaining walls over 6' in height.
 2. The rock material shall be as nearly rectangular as possible. No stone shall be used which does not extend through the wall. The rock material shall be hard, sound, durable and free from weathered portions, seams, cracks and other defects. The rock density shall be a minimum of 160 pounds per cubic foot.
- C. The retaining wall shall be started by excavating a trench, not less than six (6) inches or more than one (1) foot in depth below subgrade in excavation sections or below the existing ground level in embankment sections.
- D. Rock selection and placement shall be such that there will be minimum voids and, in the exposed face of the wall, no open voids over six (6) inches across in any direction. The final course shall have continuous appearance and be placed to minimize erosion of the backfill material. The larger rocks shall be placed at the base of the rockery so that the wall will be stable and have a stable appearance. The rocks shall be placed in a manner such that the longitudinal axis of the rock shall be at right angles or perpendicular to the rockery face. The rocks shall have all inclining faces sloping to the back of the rockery. Each course of rocks shall be seated as tightly and evenly as possible on the course beneath. After setting each course of rock, all voids between the rocks shall be chinked on the back with quarry rock to eliminate any void sufficient to pass a 2 inch square probe.
- E. The wall backfill shall consist of quarry spalls with a maximum size of four (4) inches and a minimum size of two (2) inches. This material shall be placed to an eight (8) inch minimum thickness between the entire wall and the cut or fill material. The backfill material shall be placed in lifts to an elevation approximately six (6) inches below the top of each course of rocks as they are placed, until the uppermost course is placed. Any backfill material on the bearing surface of one rock course shall be removed before setting the next course.

- F. When a sidewalk is to be built over a rock retaining wall, the top of the wall shall be sealed and leveled with a cap constructed of Cement Concrete, Class C in accordance with the applicable provisions of Section 6-02 of the State Standard Specifications, but with reduced water content resulting in slump of not over two (2) inches.

7.3 SIDE SLOPES

- A. Side slopes shall be constructed no steeper than 1-1/2 to 1 on fill slopes and 1 to 1 on cut slopes. Flatter slopes are preferred and may be required by the Engineer if there are indications that the earth is unstable and subject to sliding or sloughing.
- B. Side slopes shall be stabilized by grass sod or seeding, or by other planting or surfacing materials acceptable to the Engineer.
- C. Furnish City easements for side slopes in the form prescribed by the City.

7.4 STREET TREES & LANDSCAPING

When desired by the City, street trees and landscaping shall be incorporated into the design of any road improvement. Existing trees and landscaping should be preserved where desirable, and placement of new trees should be compatible with other features of the environment. In particular, maximum heights and spacing should not conflict unduly with overhead utilities. Trees shall be of the type that roots will not damage sidewalks etc. If street trees are planted, they should conform reasonably to City standards. Trees shall be maintained by the abutting property owner.

7.5 SURVEY MONUMENTS

- A. Monuments shall be placed at all street intersections including intersections with cul-de-sacs, and at all points of curvature and points of tangency. All monuments shall be set in concrete and be provided with cast iron frames and covers.
- B. All existing survey control monuments which are disturbed, lost, or destroyed during surveying or building shall be replaced by the responsible surveyor or builder at the Developer's expense.
- C. Survey control monuments shall be placed or replaced in accordance with recognized good practice in land surveying.

SECTION VIII INSPECTION

8.1 BASIS FOR CONTROL OF THE WORK

- A. Work performed in the construction or improvement of City Streets whether by or for a private developer, by City forces, or by City Contractor, shall be done to the satisfaction of the Engineer and in accordance with approved plans. It is emphasized that no work may be started until such plans are approved. Any revision to such plans shall be approved by the Engineer and inspectors before being implemented.
- B. The Engineer or other designated City personnel shall have authority to enforce the standards as well as other referenced or pertinent specifications. He will appoint assistants, and inspectors as necessary to inspect the work and they will exercise such authority as the Engineer may delegate. See definition of inspector.
- C. Provisions of Section 1-05 of the State Standard Specifications shall apply.

8.2 STREET INSPECTIONS

On all Street construction, inspections will be done by the Engineer and/or his designated inspectors. Unless otherwise instructed by the City Engineer, inspections will be made as follows:

- A. Inspection No. 1: Temporary water detention/retention and siltation control in accordance with "Drainage Policies and/or Recommendations" in latter part of Drainage Guidelines.
- B. Inspection No. 2: All underground storm drains, sanitary sewers and watermains at stage that trenching and placing of pipe is in progress up to completion, but prior to cover. Inspection shall include checking for proper grade, alignment, bedding condition, testing of pipelines, connections to existing facilities, and to include proper backfill and compaction.
- C. Inspection No. 3: General roadway, at different construction stages of drainage system, underground utilities, and roadway grading until suitable subgrade is complete, including gravel ballast if required.
- D. Inspection No. 4: General roadway, at state that crushed gravel surfacing or base course has been placed, as well as curbing and sidewalk.
- E. Inspection No. 5: General roadway, while paving is in progress
- F. Inspection No. 6: Final air testing of sewer installation in plats after all other utilities have been installed and plat improvements are complete.
- G. Inspection No. 7: Overall roadway, final, after paving, clearing of drainage system and all necessary clean-up.
- H. Structural Inspections: At critical stages of foundation, placement and assembly of components, and final completion and test, as directed by the Engineer.

8.3 DEVELOPERS REQUIRED TO NOTIFY

The developer shall notify the City Engineer in advance of each required inspection. Failure to comply will necessitate additional and appropriate testing and certification by a Commercial Materials Laboratory. Costs of such testing and certification shall be borne by the developer. At the time that such action is directed by the Engineer, no further work will be permitted on the development until all tests have been completed and all corrections have been made, to the satisfaction of the Engineer.

8.4 REVISIONS TO INSPECTION SEQUENCE

If the developer believes that the inspection sequence indicated above does not fit the requirements of his project, he should make his request to the Engineer in sufficient time to permit revision of the inspection schedule.

IX DEPOSITS, FEES & OBLIGATIONS TO THE CITY

9.1 CASH DEPOSITS

A cash deposit shall be placed with the City as a guarantee fund to assure completion of all obligations in respect to fees charged for conferences, plan checks, field inspection, transfer of ownership, and all other functions performed in processing such improvements from concept to acceptance by the City. The cash deposit shall be retained (if not otherwise utilized), by the City up to the date of acceptance of the improvements by the City. This deposit may be used by the City to satisfy any outstanding obligations as to City expenses incurred (particularly including the City's consulting Engineer & other professional advisors), which obligations are not paid within 30 days of invoiced date of consultant or professional advisor, or which obligations are outstanding at time of City accepting the improvement. Furthermore, the City reserves the right to suspend any further work on the improvements should the developer fail to make timely payments of all invoices billed, and/or upon failure to reimburse the funds withdrawn from the deposit. The developer will be reimbursed all deposit money remaining after all obligations are satisfied at time of acceptance of improvement. No reimbursement will be made for incomplete improvements and the City reserves the right, after one year of inactivity by developer to dispense such funds as it desires to any related City fund, or expense. The amount

of cash deposit for each development shall be \$1,000.00 or more established from time to time by Council action. The deposit is intended to assure monthly payments of City expenses as described above and does not indicate in any manner the total fees for the project, which fees usually vary indirectly with the developers ability to execute the performance of his total project.

9.2 CHECKING FEES

A checking fee will be assessed for checking plat maps. A checking fee will be assessed for checking preliminary Plans and later the detailed construction drawings (Plan-profiles etc.) covering all utilities and proposed street improvements. Fees will vary for each development and the City will bill the developer for the work performed by the City Engineer and City Inspector and any other City Staff members utilized in checking the plans for conformance with the City Standards. Billing will be based on an hourly charge in accordance with the time spent by each advisor in checking the project.

9.3 INSPECTION FEES

Inspection fees will be assessed by the Engineer through the City for time spent in inspecting the construction of utilities, street improvements and the testing associated therewith. Work will also include assistance in transferring ownership of utilities from the developer to the City. Total fees for the Inspection Phase and Transfer of Ownership will vary for each development. The City will bill the developer for the work performed and will bill on an hourly basis in accordance with the time required for these items of inspection to complete the project.

9.4 DEVELOPER AGREEMENT

A Developer Agreement shall be entered into between the City and the person or firm desiring to extend, revise or replace water and/or sewer utilities where allowed by City Ordinances, or to construct, reconstruct streets etc., within the City Limits. The Agreement particularly applies to development of plats, but is also applicable to those improvements required for certain remodeling of buildings and new construction of buildings within the City Limits. The Developer Agreement includes the required cash deposits, fees and other obligations to the City as indicated within this Section IX to perform the work in compliance with these standards.

9.5 PERFORMANCE BOND

For work performed in public right-of-ways the developer shall post a performance bond. Within the plat or development, no performance bond will be required unless the plat is to be recorded with the County and/or property is to be sold prior to completion of all the work. The amount of the bond shall in all instances be resolved on an individual basis, and shall be for the "Fair Cost Amount" as set by the City. In lieu of this Bond requirement, the developer may deposit the cash equivalent in a savings account as an assignment of funds in lieu of the Bond requirement.

9.6 GUARANTEE BOND

One year guarantee bond or its equivalent in cash shall be posted in the manner and style prescribed by the City prior to the plat being recorded with the County and/or prior to the property being sold. Service connections cannot be made until this requirement is fulfilled. Unless stated otherwise, the one year guarantee on utilities is a guarantee on all workmanship and materials of the utility for a period of one year from the date of acceptance of the plat and its improvements; not one year from completion of installation of

improvements. Prior to acceptance of the one year guarantee, the developer shall maintain and operate all utilities. In a similar manner, all streets shall be guaranteed for two (2) years from the date of acceptance of the plan and its improvements.

SECTION X - STANDARD FORMS; DEVELOPER AGREEMENT, PERFORMANCE BOND, GUARANTEE BOND

Standard Forms, when applicable, for the Developer Agreement, Performance Bond and Guarantee Bond, etc., shall be furnished by the City.

SECTION XI - DESIGN STANDARD DRAWINGS

On File with the City Clerk are drawings supplementing and illustrating the Design Standards as referred to in this Ordinance. Drawings shall be modified, added to, or deleted, all as directed by Council Action.

SECTION XII- VIOLATIONS OF ORDINANCE

Any violations of this ordinance shall be a misdemeanor and shall be punishable by a fine not to exceed \$500.00 or imprisonment in the City jail not to exceed 6 (six) months or by both fine and imprisonment.

SECTION XIII - ORDINANCE EFFECTIVE DATE

This ordinance shall take effect from the date it is published in accordance with R.C.W. 35A.12.130.

PASSED BY THE CITY Council of Snoqualmie Washington, at its regular meeting on the 28th day of July, 1980.

Mayor

GENERAL NOTES:

1. Legal description of lot must be provided.
2. Dimensions A, B, C & D which show the size and location of house on lot must be known to obtain a permit. If the lot is not rectangular or if the house is not parallel to both sides or front of lot, additional dimensions shall be furnished to accurately locate the house on the lot.
3. 6'-0" minimum cover at curb line and in alleys.
4. 5'-0" minimum cover at property line.
5. On private property minimum cover shall be 18" over top of pipe and minimum 30" out from house.
6. 2" by 4" service connection marker.
7. Standard 6" to 4" reducer.
8. Wye and 45° bend with approved watertight plug to fit manufacturer's pipe bell.
9. Connect house stack to side sewer connection with approved adapter.
10. Not over 100 feet between cleanouts. Cleanouts required for 45° bends and greater. Cleanout shall be a plugged tee or plugged wye lateral. All bends are to be made using wyes and cleanouts. Cleanouts must be brought up to a depth of 18" below finished grade.
11. No downspouts or outside drains are allowed to connect to side sewer.
12. Side sewer pipe shall be 4" or larger, cast iron, concrete, vitrified clay, asbestos cement or PVC ASTM 3034.
13. All materials used in the construction of any side sewer installation shall have prior approval of the City Superintendent.

SIDE SEWER REQUIREMENTS:

All joints shall be rubber gasket type. Parallel water and sewer lines shall be 10 feet apart horizontally wherever possible. Side sewer shall be inspected by Engineer prior to backfilling. Side sewer shall be plugged and tested in presence of Engineer/Inspector by filling with water. Leakage rate shall not exceed 0.31 gal./hr. for 4" pipe and 0.47 gal./hr. for 6" pipe, per 100 feet of pipe.

6" Sewer Pipe

6 inch sewer pipe is required in the street right of way and shall have a 2% minimum grade. Construction in street must be done by a licensed side sewer contractor and requires a permit.

4" Sewer Pipe

4 inch (minimum size) sewer pipe is required on private property at 2% minimum grade (1/4 inch fall per foot). Construction on private property may be done by owner but requires a permit.

Federal Employee ID No.: 91-1505037

Authorized City Representative for this contract: Emily Arteche, Community Development Department Director

WHEREAS, the City desires a City of Snoqualmie Design and Construction Standards;

WHEREAS, public convenience and necessity require the City to obtain the services of a consultant with expertise in the area of civil engineering and Snoqualmie Ridge 1 and 2 development reviews and inspections; and

WHEREAS, the City finds that Consultant is qualified to perform and is experienced in performing the required services; and

WHEREAS, the city desires to engage the Consultant to a compile a City of Snoqualmie Design and Construction Standards.

NOW, THEREFORE, the parties herein do mutually agree as follows:

1. Employment of Consultant.

A. The City retains the Consultant to provide the services described in "Exhibit A" (the "Work"). Any inconsistency between this Agreement and the Scope of Work shall be resolved in favor of this Agreement. The Consultant shall perform the Work according to the terms and conditions of this Agreement.

B. The City may revise the Work and the compensation only by a written Change Order signed by the authorized City representative that shall become a part of this Agreement.

C. The project manager(s) of the Work shall be Rahmi Kutsal, PE. The project manager(s) shall not be replaced without the prior written consent of the City.

D. Work shall commence when the City issues a notice to proceed and it shall be completed no later than December 2026, unless the completion date is extended in writing by the City.

2. Compensation.

A. The total compensation to be paid to Consultant, including all services and expenses, shall not exceed \$ 156,454.47 as shown on Exhibit B, which shall be full compensation for the Work. Consultant shall notify the City when its requests for payment reach eighty-five percent of the total compensation.

B. The Consultant shall be paid in such amounts and in such manner as described in Exhibit B.

C. Consultant shall be reimbursed for Eligible Expenses actually incurred. “Eligible Expenses” means those types and amounts of expenses that are approved for reimbursement by the City in writing before the expense is incurred. If travel and/or overnight lodging is authorized, Consultant shall lodge within the corporate limits of City.

3. Request for Payment.

A. Not more than once every thirty days the Consultant shall file its request for payment, accompanied by evidence satisfactory to the City justifying the request for payment, including a report of Work accomplished and tasks completed, and an itemization of Eligible Expenses with copies of receipts and invoices.

B. All requests for payment should be sent to

Community Development Invoices:
CommunityDevelopmentInvoices@snoqualmieva.gov

Or
 City of Snoqualmie
 Community Development Department
 38624 SE River Street
 P.O. Box 987
 Snoqualmie, WA 98065

4. Work Product.

A. The Consultant shall submit all reports and other documents specified in Exhibit A according to the schedule established in Exhibit A. If, after review by the City, the information is found to be unacceptable, Consultant, at its expense, shall expeditiously correct such unacceptable work. If Consultant fails to correct unacceptable work, the City may withhold from any payment due an amount that the City reasonably believes will equal the cost of correcting the work.

B. All reports, drawings, plans, specifications, and intangible property created in furtherance of the Work, and any intellectual property in such documents, are property of the City and may be used by the City for any purpose; provided that re-use without Consultant’s permission shall be at the City’s sole risk.

5. Termination of Contract. City may terminate this Agreement by sending a written notice of termination to Consultant (“Notice”) that specifies a termination date (“Termination Date”) at least fourteen (14) days after the date of the Notice; provided, however, that in the event of a material breach of this Agreement, termination may be effective immediately or upon such date as determined by the City in its sole discretion. For purposes of this Agreement, “material breach” is defined as

misfeasance, malfeasance or violation of any criminal law, ordinance or regulation.. Upon receipt of the Notice, the Consultant shall acknowledge receipt to the City in writing and immediately commence to end the Work in a reasonable and orderly manner. Unless terminated for Consultant’s material breach, the Consultant shall be paid or reimbursed for all hours worked and Eligible Expenses incurred up to the Termination date, less all payments previously made; provided that work performed after date of the Notice is reasonably necessary to terminate the Work in an orderly manner. The Notice may be sent by any method reasonably believed to provide Consultant actual notice in a timely manner

6. Assignment of Contract – Subcontractors. Consultant shall not assign this contract or sub-contract or assign any of the Work without the prior written consent of the City.

7. Indemnification.

A. To the extent provided by law and irrespective of any insurance required of the Consultant, the Consultant shall defend and indemnify the City from any and all Claims arising out of or in any way relating to this Agreement; provided, however, the requirements of this paragraph shall not apply to that portion of such Claim that reflects the percentage of negligence of the City compared to the total negligence of all persons, firms or corporations that resulted in the Claim.

B. Consultant agrees that the provisions of this paragraph 7 apply to any claim of injury or damage to the persons or property of consultant’s employees. As to such claims and with respect to the City only, consultant waives any right of immunity, which it may have under industrial insurance (Title 51 RCW and any amendment thereof or substitution therefore). THIS WAIVER IS SPECIFICALLY NEGOTIATED BY THE PARTIES AND IS SOLELY FOR THE BENEFIT OF THE CITY AND CONSULTANT.

C. As used in this paragraph: (1) “City” includes the City’s officers, employees, agents, and representatives; (2) “Consultant” includes employees, agents, representatives sub-consultants; and (3) “Claims” include, but is not limited to, any and all losses, claims, causes of action, demands, expenses, attorney’s fees and litigation expenses, suits, judgments, or damage arising from injury to persons or property.

D. Consultant shall ensure that each sub-consultant shall agree to defend and indemnify the City to the extent and on the same terms and conditions as the Consultant pursuant to this paragraph.

8. Insurance.

A. Consultant shall comply with the following conditions and procure and keep in force at all times during the term of this Agreement, at Consultant’s expense, the following policies of insurance with companies authorized to do business in the State of Washington. The Consultant’s insurance shall be rated by A. M. Best Company at least “A” or better with a numerical rating of no less than seven (7) and otherwise acceptable to the City.

- 1. Workers’ Compensation Insurance as required by Washington law and Employer’s Liability Insurance with limits not less than \$1,000,000 per occurrence. If the City authorizes sublet work, the Consultant shall require each sub-consultant to provide Workers’ Compensation Insurance for its employees, unless the Consultant covers such employees.
- 2. Commercial General Liability Insurance on an occurrence basis in an amount not less than \$1,000,000 per occurrence and at least \$2,000,000 in the annual aggregate, including but not limited to: premises/operations (including off-site operations), blanket contractual liability and broad form property damage.

3. Business Automobile Liability Insurance in an amount not less than \$1,000,000 per occurrence, extending to any automobile used by Consultant in the course of the Work. A statement by Consultant and approved by the City Administrator, certifying that no vehicle will be used in accomplishing this Agreement, may be substituted for this insurance requirement.
4. Professional Errors and Omissions Insurance in an amount not less than \$1,000,000 per occurrence and \$1,000,000 in the annual aggregate. Coverage may be written on a claims made basis; provided that the retroactive date on the policy or any renewal policy shall be the effective date of this Agreement or prior, and that the extended reporting or discovery period shall not be less than 36 months following expiration of the policy. The City may waive the requirement for Professional Errors and Omissions Insurance whenever the Work does not warrant such coverage or the coverage is not available.
5. Each policy shall contain a provision that the policy shall not be canceled or materially changed without 30 days prior written notice to the City.

Upon written request to the City, the insurer will furnish, before or during performance of any Work, a copy of any policy cited above, certified to be a true and complete copy of the original.

B. Before the Consultant performs any Work, Consultant shall provide the City with a Certificate of Insurance acceptable to the City Attorney evidencing the above-required insurance and naming the City of Snoqualmie, its officers, employees and agents as Additional Insured on the Commercial General Liability Insurance policy and the Business Automobile Liability Insurance policy with respect to the operations performed and services provided under this Agreement and that such insurance shall apply as primary insurance on behalf of such Additional Insured. Receipt by the City of any certificate showing less coverage than required is not a waiver of the Consultant's obligations to fulfill the requirements.

C. Consultant shall comply with the provisions of Title 51 of the Revised Code of Washington before commencing the performance of the Work. Consultant shall provide the City with evidence of Workers' Compensation Insurance (or evidence of qualified self-insurance) before any Work is commenced.

D. In case of the breach of any provision of this section, the City may provide and maintain at the expense of Consultant insurance in the name of the Consultant and deduct the cost of providing and maintaining such insurance from any sums due to Consultant under this Agreement, or the City may demand Consultant to promptly reimburse the City for such cost.

9. Independent Contractor. The Consultant is an independent Contractor responsible for complying with all obligations of an employer imposed under federal or state law. Personnel employed by Consultant shall not acquire any rights or status regarding the City.

10. Employment. The Consultant warrants that it did not employ or retain any company or person, other than a bona fide employee working solely for the Consultant, to solicit or secure this Agreement or pay or agree to pay any such company or person any consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the City shall have the right either to terminate this Agreement without liability or to deduct from the Agreement price or consideration or to otherwise recover, the full amount of such consideration.

11. Audits and Inspections. The Consultant shall make available to the City during normal business hours and as the City deems necessary for audit and copying all of the Consultant’s records and documents with respect to all matters covered by this Agreement.

12. City of Snoqualmie Business License. Consultant shall obtain a City of Snoqualmie business license before performing any Work.

13. Compliance with Federal, State and Local Laws. Consultant shall comply with and obey all federal, state and local laws, regulations, and ordinances applicable to the operation of its business and to its performance of the Work.

14. Waiver. Any waiver by the Consultant or the City of the breach of any provision of this Agreement by the other party will not operate, or be construed, as a waiver of any subsequent breach by either party or prevent either party from thereafter enforcing any such provisions.

15. Complete Agreement. This Agreement contains the complete and integrated understanding and agreement between the parties and supersedes any understanding, agreement or negotiation whether oral or written not set forth herein.

16. Modification of Agreement. This Agreement may be modified by a Change Order as provided in Paragraph 1, or by a writing that is signed by authorized representatives of the City and the Consultant.

17. Severability. If any part of this Agreement is found to be in conflict with applicable laws, such part shall be inoperative, null and void, insofar as it is in conflict with said laws, the remainder of the Agreement shall remain in full force and effect.

18. Notices.

A. Notices to the City of Snoqualmie shall be sent to the following address:

City of Snoqualmie
Attn: Emily Arteche, Director of Community Development
38624 SE River Street
P.O. Box 987
Snoqualmie, WA 98065

B. Notices to the Consultant shall be sent to the following address:

Perteet Engineering
Attn: Rahmi Kutsal, PE
38579 SE River Street Suite 1/PO Box 908
Snoqualmie, Washington 98065
rahmi.kutsal@perteet.com

19. Venue. This Agreement shall be governed by the law of the State of Washington and venue for any lawsuit arising out of this Agreement shall be in King County.

IN WITNESS WHEREOF, the City and Consultant have executed this Agreement as of the date first above written.

CITY OF SNOQUALMIE
AGREEMENT FOR CONSULTANT SERVICES
With Perteet, Inc.
For
City of Snoqualmie Design and Construction Standards

38579 SE River Street, Suite 1, Snoqualmie, WA 98065 | P 425.888.5825

Scope of Services
CITY OF SNOQUALMIE
Design Standards Update

INTRODUCTION

The City of Snoqualmie (City) desires to update Snoqualmie Ridge II Development Standards text and drawings with the input from field staff and City Departments and retitle as “City of Snoqualmie Design and Construction Standards” to be used citywide on all development and City Capital Improvement Projects.

SCOPE OF SERVICES

To assist the City; Perteet, Inc (Consultant), and its subconsultants ESM, and Marc Nielsen will be working under Perteet, Inc. to evaluate the current Snoqualmie Ridge II Development Standards along with the City Departments and prepare updated recommendations under this scope in coordination with City departments and potentially other consultants as designated by the City. This agreement includes project management, meetings, and correspondence.

Specific services will be provided by Consultant under the following tasks.

Task 0: PROJECT ADMINISTRATION

Task 1: INTRODUCTION – CHAPTER 1

Task 2: STREETS – CHAPTER 2

Task 3: STORM DRAINAGE – CHAPTER 3

Task 4: WATER – CHAPTER 4

Task 5: SANITARY SEWERS – CHAPTER 5

Task 6: EROSION AND SEDIMENTATION CONTROL – CHAPTER 6

Task 7: LIGHTING – CHAPTER 7

Task 8: LANDSCAPING AND IRRIGATION - CHAPTER 8 (Currently landscaping, irrigation to be added)
(This Task 8 also includes Institutional Landscape Standards.)

Task 9: BUFFERS - CHAPTER 9 (To be revised by City and revisions to be included by the Consultant)

Task 10: SIGNAGE – CHAPTER 10

Task 11: RESIDENTIAL PLATTING AND DEVELOPMENT – CHAPTER 11 (To be revised by City and revisions to be included by the Consultant)

Task 12: RETAIL – CHAPTER 12 (To be revised by City and revisions to be included by the Consultant)

GENERAL ASSUMPTIONS

- Recommended design standards text edits will be provided to the City under this scope.
- The level of effort for each task is limited to the amount of labor and expenses indicated in the attached budget. Additional effort beyond these limits will be considered Extra Work.
- Consultant may shift budget between work tasks and with prior approval by the City, provided there was not a scope change, and the overall project budget remains unchanged.

- Text documents and Standard Plans and Details will be submitted to the City electronically via email or file transfer as Microsoft Word and AutoCAD DWG files.
- CHAPTER 9, CHAPTER 11, AND CHAPTER 12 will be revised by the City Planning Department internally or by others and to be provided to the Consultant to be included in the Standards. Consultant will assist in the coordination and inclusion of those 3 Chapters and update text and data, but the work will be performed by the City.
- For the Consultant services under this scope, labor allowances and associated fees are estimated and limited for the purpose of this scope and specified deliverables. The level of effort required for this work is approximated in this scope and may depend on issues outside of the Consultant's control. Some of these issues may include quality and completeness of information provided and the extent of any unforeseen deficiencies. If additional information or deliverable revisions are required to assist City departments with unforeseen compliance gaps, the Consultant will advise the Client during the course of work if out of scope items are discovered.

Task 0: PROJECT ADMINISTRATION

Work Elements

- Provide project management of the Consultant team. Project staff management and coordination with outside subconsultants and services. Control of project budget and schedule.
- Maintain on-going contact with the City's in-house Project Manager via meetings, virtual meetings, telephone discussions, and electronic mail.
- Coordinate with other City consultants as required for design standards updates pertaining to standard details and drawings, project reporting, project reviews, and general project coordination.
- Advise the City's program team of potential conflicts and assist with conflict resolution if any arise.

Deliverables

- Provide monthly reports of project budget status and schedule submitted with invoices.

Task 1: INTRODUCTION – CHAPTER 1

Work Elements

- Consultant will work with City staff designated by City to evaluate existing chapter and revise the text for general use for all projects in the City.
- Prepare for and attend ONE (1) meeting with the City to discuss and review initial and interim work products for this task.

Deliverables

- Draft chapter write-up and final update; provide one draft iteration with text edits to the existing standards and one final reconciled document.

Task 2: STREETS – CHAPTER 2

Task 3: STORM DRAINAGE – CHAPTER 3

Task 4: WATER – CHAPTER 4

Task 5: SANITARY SEWERS – CHAPTER 5

Task 6: EROSION AND SEDIMENTATION CONTROL – CHAPTER 6

Task 7: LIGHTING – CHAPTER 7

Work Elements

- Consultant will work with City staff designated by City to evaluate existing chapters and revise the text and standard drawings for general use for all projects in the City based on consideration of City recommendations, currently available materials, construction methods recommended for this location, and consideration and potential incorporation of other common best practices and design standards such as WSDOT.
- Consultant will review and redline existing standard drawings and details associated with design standards and coordinate drawing drafting revisions with its subconsultant for drawing revisions.
- Prepare for and attend up to TWELVE (12) meetings with the City to discuss and review initial and interim work products for this task.

Deliverables

- Design standards draft and final update; provide one draft iterations with text edits to the existing standards and one final reconciled document.

**Task 8: LANDSCAPING AND IRRIGATION - CHAPTER 8, (Currently landscaping, irrigation to be added)
(This Task 8 also includes Institutional Landscape Standards.)**

Work Elements

- Consultant will work with City staff designated by City to evaluate existing design standards based on consideration of City recommendations, currently available materials, construction methods recommended for this location, and consideration and potential incorporation of other common best practices and design standards such as WSDOT.
- Consideration will be given to distinguish irrigation system requirements for areas of the City served by Class A reclaimed water with Maxicom control in contrast to areas of the City on potable water meters that are not on Maxicom Control.
- Consultant Landscape Architect will evaluate existing landscaping and irrigation design standards and work with City departments designated by Client to identify and evaluate and describe update recommendations by preparing an updated Chapter 8 with changes tracked. Sections and subsections to be evaluated include:
 - 8A Overall Project Landscaping
 - Landscape Character
 - Topsoil
 - Plant Species
 - Inspections
 - Performance and Maintenance
 - Irrigation
 - General Planting Practices
 - Landscape Plans
 - 8B Park and Open Space Landscaping
 - Landscape Plan
 - Site Preparation
 - Tree Planting

- 8C Street Trees
 - Plant Size
 - Location
 - Cul-de-sac Design for Street Trees
 - Planting Practices
 - Street Tree Varieties
- Chapter 8 Standard Drawings Review and Redline
 - Street Tree Rootway Soil Preparation / Drainage Detail
 - Street Tee Planting and Drainage Detail
 - Street Tree Planting – Tree Canteen Detail for Non-irrigated Trees
- Appendix 8-A Recommended Street Tree Varieties
- Appendix 8-B Irrigation Specifications
- Review design standards for consistency with Snoqualmie Municipal Code (SMC). Any SMC Inconsistencies will be noted and identified in the draft text draft document. Updates to the SMC or other City documents are not assumed under this scope.
- Work with City departments to review design standards text updates to consider gaps or deficiencies in the current standards. Review and redline standard drawings for other City consultant to update outside of this scope and fee. Up to three virtual meetings are assumed to review draft text and the final deliverable design standards update.
- Consultant will review and redline existing standard drawings and details associated with design standards and coordinate drawing drafting revisions with other subconsultant for drawing revisions not included in this scope or budget.
- Prepare for and attend TWO (2) meetings between with the City to discuss and review initial and interim work products for this task.

Deliverables

- Design standards draft and final update; provide two draft iterations with text edits to the existing standards and one final reconciled document.

Task 9: BUFFERS – CHAPTER 9 (To be revised by City and revisions to be included by the Consultant)

Work Elements

- City will perform all revisions to text and drawings and provide redlines to Consultant to be incorporated into the final document.
- Consultant will review redlines and coordinate drawing revisions with its subconsultant.
- Prepare for and attend ONE (1) meeting with the City to discuss and review initial and interim work products for this task.

Deliverables

- Design standards draft and final update; provide one draft iteration with text edits to the existing standards and one final reconciled document.

Task 10: SIGNAGE – CHAPTER 10**Work Elements**

- Consultant will work with City staff to evaluate existing chapters and revise the text and standard drawings for general use for all projects in the City based on consideration of City recommendations, currently available materials, construction methods recommended for location, and consideration and potential incorporation of common best practices and design standards such as WSDOT and AASHTO.
- Consultant will review and redline existing standard drawings and details associated with design standards and coordinate drawing drafting revisions with its subconsultant for drawing revisions.
- Prepare for and attend ONE (1) meeting with the City to discuss and review work product for this task.

Deliverables

- Design standards draft and final update; provide one draft iterations with text edits to the existing standards and one final reconciled document.

Task 11: RESIDENTIAL PLATTING AND DEVELOPMENT – CHAPTER 11 (To be revised by City and revisions to be included by the Consultant)

Task 12: RETAIL – CHAPTER 12 (To be revised by City and revisions to be included by the Consultant)

Work Elements

- City will perform all revisions to text and drawings and provide redlines to Consultant to be incorporated into the final document.
- Consultant will review redlines and coordinate drawing revisions with its subconsultant.
- Prepare for and attend TWO (2) meetings with the City to discuss and review initial and interim work products for this task.

Deliverables

- Design standards draft and final update; provide one draft iteration with text edits to the existing standards and one final reconciled document.

FINAL DELIVERABLES:

- One full set of Development Standards printed double-sided on letter size paper.
- One full set of Development Standards in PDF format.
- Final text of Development Standards in Word format delivered either electronically or on a digital medium.
- Final Standard Drawings of Development Standards in latest version of AutoCAD .dwg format delivered either electronically or on a digital medium.

TIME FOR COMPLETION AND PROJECT BUDGET

The City of Snoqualmie may require other services and expanded or extended scope items beyond what is detailed in this scope and contract. At the time these services are required, the Consultant will provide the City with a detailed scope of work and a fee estimate.

The scope of this contract is based upon the Consultant completing all task actions with direct, timely input from City staff. All tasks and deliverables are estimated to be started early 2025 and completed by December 31, 2025, or decided by the City during the course of the project based on City staff availability and City's ability to respond to revisions. The fee for this contract is derived using the 2025 Hourly Rates with addition of approximate average 5% rates increase to account for the 2026 Hourly Rates if the completion time is extended by City due to staff availability. Fee also includes 6.5% Management Reserve for unforeseen changes by City and can only be used if released specifically by City.
