To: City Council
Finance & Administration Committee

From: Drew Bouta, Director of Finance

Date: August 10, 2026

Subject: CLAIMS REPORT
Approval of payments for the period: July 15 to July 23, 2026

BACKGROUND

Per RCW 42.24.080, all claims presented against the city by persons furnishing materials, rendering services, or performing labor must be certified by the appropriate official to ensure that the materials have been furnished, the services rendered, or the labor performed as described, and that the claims are just, due, and unpaid obligations against the city, before payment can be made. Expedited processing of the payment of claims when certain conditions have been met allows for the payment of claims before the legislative body has acted to approve the claims when: (1) the appropriate officers have furnished official bonds; (2) the legislative body has adopted policies that implement effective internal control; (3) the legislative body has provided for review of the documentation supporting the claims within a month of issuance; and (4) that if claims are disapproved, they shall be recognized as receivables and diligently pursued. The City of Snoqualmie meets all requirements of this state law.

Pursuant to Snoqualmie Municipal Code (SMC) Chapter 3.85, all Claims, Demands and Vouchers against the city, provides that the Finance Director or her designee will examine all claims prior to payment and provide periodic reporting of the payments to the City Council for final approval. Per SMC 3.85.040, to meet these requirements, the Finance Director schedules payment of claims and payroll for monthly Finance & Administration Committee review followed by full City Council approval on the consent agenda. Per SMC 3.85.050, documentation supporting claims paid and the Finance Director's written report are made available to all city council members at City Hall for 48 hours prior to the Finance & Administration Committee meeting. Following the 48-hour review period, the Finance & Administration Committee considers the claims as part of its regular agenda and recommends to the full city council whether to approve or disapprove the claims. Consistent with these requirements, this report seeks City Council approval of payment of claims and payroll batches summarized in the table below.

ANALYSIS

All payments made during these periods were found to be valid claims against the city. The City's internal controls include certification of the validity of all expenditures by the appropriate department and an internal audit conducted by designated finance department staff who review all claims and payroll payments. Staff performs system validation and exception reviews to validate payroll records. The Finance Director performs a random sampling review of supporting documentation for claims payments to ensure validity, as well as regularly reviews its processes to ensure appropriate internal controls are in place. The City issues disbursements for claims and payroll via the following methods:

- Warrant: paper negotiable instruments, very much like, although legally distinct from, checks
- Commercial Credit Card: as authorized by Financial Management Policy
- Electronic Funds Transfer (EFT). EFTs are electronic banking transactions (no paper instrument) of two basic types: (1) Automated Clearing House (ACH) for Electronic Fund Transfer (EFT) and (2) Wire Transfers a direct transfer between bank accounts

The following table summarizes the claims and payments authorized by the Finance Director:

The foregoing amounts were budgeted in the 2025-2026 biennial budget, and sufficient funds are available to cover these payments, as appropriate. Details pertaining to the individual vendor payments are available in documentation provided for the Finance & Administration Committee and subsequent City Council review by accessing the following link on the city website: [Claims Report](#)
