SUMMARY

INTRODUCTION

Per Snoqualmie Municipal Code (“SMC”) [8.30.030](#)(C) the Fire Chief shall submit an application to Council for approval to allow the retail sales of fireworks to be sold within City limits. J&M LLC has applied for a fireworks stand permit to sell fireworks from June 28, 2023 to July 4, 2023 in the parking lot at 7730 Center Blvd SE (Dollar Tree). The Fire Chief has reviewed the application and found it to be complete and in compliance with all requirements of the State statute and regulations of [SMC 8.30](#).

LEGISLATIVE HISTORY

In 2022, AB22-089 was approved to allow J&M LLC to sell fireworks at 7730 Center Blvd.

BACKGROUND

J&M LLC has been selling fireworks in the parking lot located at 7730 Center Blvd SE for several years. They are requesting sales from June 28, 2023 to July 4, 2023. They have complied with all requirements and

inspection schedules in past years and have been receptive to City feedback when changes are needed. Also, all fireworks stands in the City only sell Snoqualmie-compliant fireworks.

ANALYSIS

J&M LLC has complied with all requirements set forth in SMC 8.30 and the Washington Office of the State Fire Marshal as found in the supporting documents. They possess a valid Consumer Fireworks Retail Sales Stand License (WSPFL-01656) issued by the Office of the State Fire Marshall.

BUDGET IMPACTS

This agenda bill has no budget impacts. The City is in receipt of \$25.00 for a fireworks sales permit application, and a \$300.00 bond deposit.

NEXT STEPS

Approve this Permit.

PROPOSED ACTION

MOVE to approve the Fireworks Stand Permit for J&M LLC.

8.30.010 Findings.

A. Chapter [70.77](#) RCW and Chapter [212-17](#) WAC provide uniform statewide regulations for the licensing of the sellers of fireworks by local jurisdictions and the sale of fireworks to and possession and use of fireworks by consumers.

B. Cognizant of the legitimate interest the state legislature has in making uniform laws in the exercise of its power to regulate commerce, the city finds that the state law does not adequately serve the overriding interests of protecting the personal safety and property of the community and preserving the precious emergency resources of the locality; and that restrictions on the sale and use of fireworks are necessary in the exercise of the city's constitutional powers to promote the health, safety, and quiet enjoyment of life and general welfare of the citizens of Snoqualmie. (Ord. 978 § 1, 2005; Ord. 694 § 1, 1992).

8.30.020 Activities requiring permit.

A. Within the corporate limits of the city, in addition to a license issued by the Office of the State Fire Marshal, Washington State Patrol, a city permit shall be required to:

1. Manufacture, import, possess (except as provided below) or sell any fireworks at wholesale or retail for any use;
2. Transport fireworks, except as a public carrier delivering to a licensee; or
3. Establish or maintain a place where fireworks are manufactured, constructed, produced, packaged, stored, sold, exchanged, discharged, or used.

B. A permit is not required for the possession or use of common fireworks lawfully purchased at retail.

C. Public display of fireworks shall require a special event permit pursuant to Chapter [12.20](#) SMC. (Ord. 1035 § 2, 2008; Ord. 978 § 2, 2005; Ord. 694 § 1, 1992).

8.30.030 Application for permit.

A. An applicant for any permit required under this chapter shall make written application to the fire chief, at least 30 days prior to commencement of the activity for which the permit is sought. The form of application and the criteria for issuance, denial, or issuance with conditions shall be the same as used by the Office of the State Fire Marshal, Washington State Patrol, in processing applications for the corresponding state license, except in the case of an application for the retail sale of fireworks. It is the intent of this subsection that local permits follow the provisions and procedures for state licenses as closely as practical.

B. An applicant for a permit for the retail sale of fireworks shall submit to the fire chief proof of a current license from the State Fire Marshal. In addition, the applicant is required to show the existence of a comprehensive general liability insurance policy and a bond as specified herein. The applicant is also required to tender the permit fee as specified in SMC [8.30.040](#).

C. Should the fire chief find an application to be complete and in compliance with all the requirements of state statute and regulations and this chapter, the chief shall file the application with the city council along with a recommendation for its grant or denial. (Ord. 978 § 3, 2005; Ord. 694 § 1, 1992).

8.30.040 Permit fee.

The annual permit fee for the sale of fireworks shall be \$25.00 per year, per stand, outlet or public display, payable in advance. A city business license shall be required and applicable business and occupations tax shall be paid. (Ord. 978 § 4, 2005; Ord. 694 § 1, 1992).

8.30.050 Financial responsibility of retailers.

A. Because the sale of common fireworks presents a clear and present danger of personal injury and property damage from many causes, including not only the storage and handling of explosive devices during sale but also the ultimate use by members of the general public, any person seeking a permit for the retail sale of fireworks in the city must have a public liability insurance policy, as to which the city is named insured, providing coverage in the amount of \$500,000 or more for injuries to any one person in any one accident or occurrence; \$1,000,000 or more for injuries to any two or more persons in any one accident or occurrence; and \$500,000 or more for damage to property in any one accident or occurrence, with no deductible, for all claims for loss and damages arising from personal injury and property damage resulting from the sale of fireworks and all incidental activities, including transportation and storage; the policy to be reviewed and approved by the city attorney.

B. An applicant for a permit to sell retail fireworks shall post a bond in the amount of \$300.00, in a form satisfactory to the city, to ensure that the retail outlet site is cleared no later than noon on the seventh day of July. (Ord. 978 § 5, 2005; Ord. 694 § 1, 1992).

8.30.060 Requirements for retailers.

A. Notwithstanding RCW [70.77.575](#) and [70.77.580](#), every retailer in the city is required to post prominently at each retail outlet a list of the fireworks that may be sold to the public under this chapter. The list is subject to approval by the fire chief.

B. No person may sell fireworks to a person under the age of 16 years.

C. No person may sell fireworks after 10:00 p.m. or before 6:00 a.m. on any day when sales are allowed. No fireworks shall be sold within the city except from 12:00 noon on the twenty-eighth of

June to 12:00 noon on the fifth day of July. (Ord. 978 § 6, 2005; Ord. 694 § 1, 1992).

8.30.065 Stand requirements.

In those cases where the sale of fireworks is from a temporary fireworks stand, the stands of all licensees shall conform to the following minimum standards and conditions:

A. Temporary fireworks stands need not comply with the provisions of the building code of the city; provided, however, that all such temporary fireworks stands shall be inspected by the building official before operation may begin. The building official shall require all temporary fireworks stands to be constructed in a safe manner, ensuring the safety of attendants and patrons. In the event any temporary fireworks stand is wired for electricity, then the wiring shall conform to the electrical code of the state. No heating unit or device with a surface temperature capable of igniting fireworks or having an open flame will be allowed within a fireworks stand.

B. No temporary fireworks stand shall be located within 750 feet from any other temporary fireworks stand, or within 50 feet of any building or structure, or within 100 feet of any gasoline-dispensing pump or any tank where flammable liquids or flammable gases are stored.

C. No vehicle parking shall be permitted within 25 feet of a fireworks stand, including curbside parking, and such area shall be roped or barricaded to prevent such parking.

D. No smoking shall be permitted in a temporary fireworks stand or any nearer than 50 feet from the stand. "No Smoking" signs having lettering at least two inches in height shall be posed in a conspicuous location on all four sides of the temporary fireworks stand.

E. No discharge of fireworks shall be permitted within 150 feet of any fireworks stand.

F. The area around such fireworks stands shall be completely free of hazardous accumulations, including dry grass, brush, or debris of any nature, for a distance of not less than 50 feet on all sides.

G. Each temporary fireworks stand must have at least two exits, located remotely from each other, which shall be unobstructed at all times.

H. Each temporary fireworks stand shall have in a readily accessible location not less than two 2A 10B:C rated fire extinguishers provided at each exit. Such extinguishers shall be UL-approved.

I. Each temporary fireworks stand shall be under the direct supervision of a competent adult person, 18 years of age or older. No person under the age of 18 years shall be allowed by the licensee to work in such stand.

J. Fireworks may be left in temporary fireworks stands at night providing the stand is locked and a guard is posted. Such guard shall not stay within the fireworks stand.

K. Fireworks removed from the temporary fireworks stands at night shall be stored in an approved storage location. The storage location shall be approved in advance by the city fire chief or his representative.

L. All unsold stock and accompanying litter shall be removed from the temporary fireworks stand by 5:00 p.m. on the fifth day of July of the permit year.

M. No fireworks stand shall be located on a public right-of-way.

N. All signs relating to temporary fireworks stands shall comply with the city's sign regulations.

O. The licensee's location or place of business shall be governed by the zoning ordinance of the city. (Ord. 978 § 7, 2005; Ord. 694 § 1, 1992).

8.30.070 Sale, purchase or possession of certain fireworks prohibited – Penalty.

A. Within the city, licensed retailers may sell and the members of the public may purchase and/or possess only trick and novelty devices and consumer fireworks consisting solely of ground and hand-held sparkling devices and/or smoke devices. The sale, purchase or possession by any retailer or member of the public of any other type of firework not so authorized herein is prohibited; provided, this section shall not be deemed to apply to authorized persons conducting the public display of fireworks at city-sponsored events for which a special events permit has been issued pursuant to Chapter [12.20](#) SMC.

8.30.090 Unlawful discharge of fireworks – Penalty.

A. Discharge of Fireworks. No fireworks of any kind shall be discharged within the city, except that trick and novelty devices, consumer fireworks consisting solely of ground and hand-held sparkling devices and/or smoke devices, and display of fireworks for which a special events permit has been issued pursuant to Chapter [12.20](#) SMC may be discharged within the times and under the conditions set forth below. No articles pyrotechnics, display fireworks, or consumer fireworks consisting of aerial devices of any kind may be discharged within the city, except for the public display of fireworks for which a special events permit has been issued pursuant to Chapter [12.20](#) SMC.

(Ord. 1150 § 2, 2015; Ord. 1112 § 1, 2013; Ord. 1035 § 2, 2008; Ord. 1029 § 1, 2008; Ord. 978 § 10, 2005; Ord. 750 § 1, 1995; Ord. 694 § 1, 1992).

SUMMARY

INTRODUCTION

Per Snoqualmie Municipal Code (“SMC”) [8.30.030\(C\)](#) the Fire Chief shall submit an application to Council for approval to allow the retail sales of fireworks to be sold within City limits. Impact Ministries has applied for a fireworks stand permit to sell fireworks from June 28, 2023 to July 4, 2023 in the parking lot at 34828 SE Douglas Street (Safeway). The Fire Chief has reviewed the application and found it to be complete and in compliance with all requirements of the State statute and regulations of [SMC 8.30](#).

LEGISLATIVE HISTORY

In 2022, AB22-094 was approved to allow TNT (Impact Ministries) to sell fireworks at 34828 SE Douglas Street.

BACKGROUND

Impact Ministries has been selling fireworks in the parking lot located at 34828 SE Douglas Street for several years. They are requesting sales from June 28, 2023 to July 4, 2023. They have complied with all requirements and inspection schedules in past years and have been receptive to City feedback when changes are needed. Also, all fireworks stands in the City only sell Snoqualmie-compliant fireworks.

ANALYSIS

Impact Ministries has complied with all requirements set forth in SMC 8.30 and the Washington Office of the State Fire Marshal as found in the supporting documents. They possess a valid Consumer Fireworks Retail Sales Stand License (WSPFL-01656) issued by the Office of the State Fire Marshall.

BUDGET IMPACTS

This agenda bill has no budget impacts. The City is in receipt of \$25.00 for a fireworks sales permit application, and a \$300.00 bond deposit.

NEXT STEPS

Approve this Permit.

PROPOSED ACTION

MOVE to approve the Fireworks Stand Permit for Impact Ministries.

8.30.010 Findings.

A. Chapter [70.77](#) RCW and Chapter [212-17](#) WAC provide uniform statewide regulations for the licensing of the sellers of fireworks by local jurisdictions and the sale of fireworks to and possession and use of fireworks by consumers.

B. Cognizant of the legitimate interest the state legislature has in making uniform laws in the exercise of its power to regulate commerce, the city finds that the state law does not adequately serve the overriding interests of protecting the personal safety and property of the community and preserving the precious emergency resources of the locality; and that restrictions on the sale and use of fireworks are necessary in the exercise of the city's constitutional powers to promote the health, safety, and quiet enjoyment of life and general welfare of the citizens of Snoqualmie. (Ord. 978 § 1, 2005; Ord. 694 § 1, 1992).

8.30.020 Activities requiring permit.

A. Within the corporate limits of the city, in addition to a license issued by the Office of the State Fire Marshal, Washington State Patrol, a city permit shall be required to:

1. Manufacture, import, possess (except as provided below) or sell any fireworks at wholesale or retail for any use;
2. Transport fireworks, except as a public carrier delivering to a licensee; or
3. Establish or maintain a place where fireworks are manufactured, constructed, produced, packaged, stored, sold, exchanged, discharged, or used.

B. A permit is not required for the possession or use of common fireworks lawfully purchased at retail.

C. Public display of fireworks shall require a special event permit pursuant to Chapter [12.20](#) SMC. (Ord. 1035 § 2, 2008; Ord. 978 § 2, 2005; Ord. 694 § 1, 1992).

8.30.030 Application for permit.

A. An applicant for any permit required under this chapter shall make written application to the fire chief, at least 30 days prior to commencement of the activity for which the permit is sought. The form of application and the criteria for issuance, denial, or issuance with conditions shall be the same as used by the Office of the State Fire Marshal, Washington State Patrol, in processing applications for the corresponding state license, except in the case of an application for the retail sale of fireworks. It is the intent of this subsection that local permits follow the provisions and procedures for state licenses as closely as practical.

B. An applicant for a permit for the retail sale of fireworks shall submit to the fire chief proof of a current license from the State Fire Marshal. In addition, the applicant is required to show the existence of a comprehensive general liability insurance policy and a bond as specified herein. The applicant is also required to tender the permit fee as specified in SMC [8.30.040](#).

C. Should the fire chief find an application to be complete and in compliance with all the requirements of state statute and regulations and this chapter, the chief shall file the application with the city council along with a recommendation for its grant or denial. (Ord. 978 § 3, 2005; Ord. 694 § 1, 1992).

8.30.040 Permit fee.

The annual permit fee for the sale of fireworks shall be \$25.00 per year, per stand, outlet or public display, payable in advance. A city business license shall be required and applicable business and occupations tax shall be paid. (Ord. 978 § 4, 2005; Ord. 694 § 1, 1992).

8.30.050 Financial responsibility of retailers.

A. Because the sale of common fireworks presents a clear and present danger of personal injury and property damage from many causes, including not only the storage and handling of explosive devices during sale but also the ultimate use by members of the general public, any person seeking a permit for the retail sale of fireworks in the city must have a public liability insurance policy, as to which the city is named insured, providing coverage in the amount of \$500,000 or more for injuries to any one person in any one accident or occurrence; \$1,000,000 or more for injuries to any two or more persons in any one accident or occurrence; and \$500,000 or more for damage to property in any one accident or occurrence, with no deductible, for all claims for loss and damages arising from personal injury and property damage resulting from the sale of fireworks and all incidental activities, including transportation and storage; the policy to be reviewed and approved by the city attorney.

B. An applicant for a permit to sell retail fireworks shall post a bond in the amount of \$300.00, in a form satisfactory to the city, to ensure that the retail outlet site is cleared no later than noon on the seventh day of July. (Ord. 978 § 5, 2005; Ord. 694 § 1, 1992).

8.30.060 Requirements for retailers.

A. Notwithstanding RCW [70.77.575](#) and [70.77.580](#), every retailer in the city is required to post prominently at each retail outlet a list of the fireworks that may be sold to the public under this chapter. The list is subject to approval by the fire chief.

B. No person may sell fireworks to a person under the age of 16 years.

C. No person may sell fireworks after 10:00 p.m. or before 6:00 a.m. on any day when sales are allowed. No fireworks shall be sold within the city except from 12:00 noon on the twenty-eighth of

June to 12:00 noon on the fifth day of July. (Ord. 978 § 6, 2005; Ord. 694 § 1, 1992).

8.30.065 Stand requirements.

In those cases where the sale of fireworks is from a temporary fireworks stand, the stands of all licensees shall conform to the following minimum standards and conditions:

A. Temporary fireworks stands need not comply with the provisions of the building code of the city; provided, however, that all such temporary fireworks stands shall be inspected by the building official before operation may begin. The building official shall require all temporary fireworks stands to be constructed in a safe manner, ensuring the safety of attendants and patrons. In the event any temporary fireworks stand is wired for electricity, then the wiring shall conform to the electrical code of the state. No heating unit or device with a surface temperature capable of igniting fireworks or having an open flame will be allowed within a fireworks stand.

B. No temporary fireworks stand shall be located within 750 feet from any other temporary fireworks stand, or within 50 feet of any building or structure, or within 100 feet of any gasoline-dispensing pump or any tank where flammable liquids or flammable gases are stored.

C. No vehicle parking shall be permitted within 25 feet of a fireworks stand, including curbside parking, and such area shall be roped or barricaded to prevent such parking.

D. No smoking shall be permitted in a temporary fireworks stand or any nearer than 50 feet from the stand. "No Smoking" signs having lettering at least two inches in height shall be posed in a conspicuous location on all four sides of the temporary fireworks stand.

E. No discharge of fireworks shall be permitted within 150 feet of any fireworks stand.

F. The area around such fireworks stands shall be completely free of hazardous accumulations, including dry grass, brush, or debris of any nature, for a distance of not less than 50 feet on all sides.

G. Each temporary fireworks stand must have at least two exits, located remotely from each other, which shall be unobstructed at all times.

H. Each temporary fireworks stand shall have in a readily accessible location not less than two 2A 10B:C rated fire extinguishers provided at each exit. Such extinguishers shall be UL-approved.

I. Each temporary fireworks stand shall be under the direct supervision of a competent adult person, 18 years of age or older. No person under the age of 18 years shall be allowed by the licensee to work in such stand.

J. Fireworks may be left in temporary fireworks stands at night providing the stand is locked and a guard is posted. Such guard shall not stay within the fireworks stand.

K. Fireworks removed from the temporary fireworks stands at night shall be stored in an approved storage location. The storage location shall be approved in advance by the city fire chief or his representative.

L. All unsold stock and accompanying litter shall be removed from the temporary fireworks stand by 5:00 p.m. on the fifth day of July of the permit year.

M. No fireworks stand shall be located on a public right-of-way.

N. All signs relating to temporary fireworks stands shall comply with the city's sign regulations.

O. The licensee's location or place of business shall be governed by the zoning ordinance of the city. (Ord. 978 § 7, 2005; Ord. 694 § 1, 1992).

8.30.070 Sale, purchase or possession of certain fireworks prohibited – Penalty.

A. Within the city, licensed retailers may sell and the members of the public may purchase and/or possess only trick and novelty devices and consumer fireworks consisting solely of ground and hand-held sparkling devices and/or smoke devices. The sale, purchase or possession by any retailer or member of the public of any other type of firework not so authorized herein is prohibited; provided, this section shall not be deemed to apply to authorized persons conducting the public display of fireworks at city-sponsored events for which a special events permit has been issued pursuant to Chapter [12.20](#) SMC.

8.30.090 Unlawful discharge of fireworks – Penalty.

A. Discharge of Fireworks. No fireworks of any kind shall be discharged within the city, except that trick and novelty devices, consumer fireworks consisting solely of ground and hand-held sparkling devices and/or smoke devices, and display of fireworks for which a special events permit has been issued pursuant to Chapter [12.20](#) SMC may be discharged within the times and under the conditions set forth below.
