## Summary

### Introduction \*

Brief summary.

The City has seen an increase in community outreach regarding the escaping of dirt, sand, and gravel hauled in trucks on City streets. Escaping material from trucks has damaged the property of other motorists and leaves debris on the roadway. The City seeks to require all loads to be covered when operating within the City.

The City of Snoqualmie has seen an increase in debris and material escaping from trucks hauling dirt, sand, and gravel. This debris continues to damage to the property of motorists on our roadways. In addition, our roadways are having to be cleaned due to spillage from non-covered loads, resulting in additional work for the City's Parks & Public Works Department.

The Revised Code of Washington (RCW 46.61.655.3) states "Any vehicle on a paved public highway with a load of dirt, sand, or gravel susceptible of being dropped, spilled, leaked, or otherwise escaping therefrom shall be covered so as to prevent spillage. Coverings of such loads is not required if six inches of freeboard is maintained within the bed." This requirement does not prevent debris from flying off of trucks, even if the load is six inches below the freeboard and not covered. Materials like sand and dirt are picked up and blown off, onto the vehicles behind the truck carrying the load, and onto the City's roadways.

The proposed ordinance would adopt Chapter 10.29 into the Snoqualmie Municipal Code. The proposed ordinance defines covered loads, addresses our community's concerns, sets a fine schedule, addresses signage when entering City limits, and requires loads to be covered at all times while within City limits. New signs would be added to entry points around City limits, providing notification to drivers.

**Analysis \***

We are addressing the concerns of our community by creating an ordinance which clearly defines a covered load, requires all loads to be covered, sets a fine schedule, and addresses signage entering the city. This will help reduce damage to property to our community, along with reducing work for City staff by alleviating clean-up efforts.

**Budgetary Status \***

This action will bring in additional revenue. ▾

**Budget Summary**

The proposed ordinance regarding covered loads is not expected to result in additional expenditures, but it may bring in a small amount of additional revenue in addition to potential savings related to road maintenance and repair.

## Summary

### Introduction \*

Brief summary.

The City of Snoqualmie passed Ordinance 1315 on December 8, 2025, regulating the use of electric motorcycles. That Ordinance defined and set requirements for operation in the city limits. This Ordinance amends by adding clarifying language for operator licensing requirements.

### Proposed Motion

Move to approve ordinance number 1324 adding Section 2 under 10.36.020.

### Background/Overview \*

What was done (legislative history, previous actions, ability to hyperlink)

Style **B** *I* U Open Sans 18 **A**      

On December 8, 2025, the City of Snoqualmie adopted ordinance number 1315 creating Chapter 10.36 Electric Motorcycles. This Ordinance would add clarifying language in section 10.36.020 General Operation Requirements and Penalties to add language clarifying the need for a valid driver's license and motorcycle endorsement.

The language to be added would read "No person without a valid driver's license and a motorcycle endorsement may operate an electric motorcycle." This language clarifies the need for the license and endorsement in the code without the need to search through the Revised Code of Washington, and mirrors code created in other jurisdictions like Mercer Island.

**Analysis \***

The City seeks to clarify the requirements in Chapter 10.36 Electric Motorcycle to clearly state the requirement to have a valid driver's license and motorcycle endorsement to legally operate an electric motorcycle in the city limits of Snoqualmie.

**Budgetary Status \***

This action has no budgetary implications.

## Summary

### Introduction \*

Brief summary.

The current Snoqualmie Municipal Code (SMC) on Animal Cruelty, Ch. 9.20 was adopted in 1903. The City's Animal Cruelty Code is outdated, and is no longer applicable to animal cruelty enforcement or general animal care and control.

### Proposed Motion

Move to approve Ordinance 1325, repealing Snoqualmie Municipal Code 9.20, and adopting Title 11, King County

### Background/Overview \*

What was done (legislative history, previous actions, ability to hyperlink)

Style **B** *I* U Open Sans 18 **A**

SMC Ch. 9.20 was adopted over one hundred years ago in 1903.

As currently stated:

**"9.20.010 Act designated - Penalty.**

Whoever in any manner is guilty of cruelty to any dumb animal, or is guilty of turning out and abandoning any old, decrepit or motherless animal upon the public streets, or alleys of the city is guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not exceeding \$25.00. (Ord. 9 § 14, 1903)."

The City's code is outdated and does not reflect current standards, practices, language, or legal requirements related to animal cruelty enforcement or general animal care and control.

The City seeks to repeal SMC Ch. 9.20.

Title 11, King County Code, Animal Care and Control, was updated August 2023, and better reflects standards, practices, language, or legal requirements related to animal cruelty enforcement or general animal care and control. The City adopted King County Code and future amendments to it in 1986 in SMC 6.04.

**Analysis \***

By repealing Ch. 9.20 of the SMC the City will be better positioned to address unlawful cruelty and injuries to animal.

**Budgetary Status \***

This action has no budgetary implications.

3. When off the owner's premises, be securely leashed, under the control of a competent adult, and humanely muzzled or securely restrained in a carrier or crate, made in accordance with International Air Transport Association guidelines, while traveling in a vehicle.

E. This section does not apply to police dogs as defined in RCW 4.24.410. A police dog is a dog used by a law enforcement agency specially trained for law enforcement work and under the control of a dog handler.

F. The owner must notify the manager in writing in the event of a dangerous animal's death, re<sup>Item 4.</sup> or change in ownership. For a change of ownership or relocation, the registered owner shall provide the manager with: written notice, at least ten days in advance of any change, of the new owner's phone number and complete street, mailing and email addresses; and proof that the new owner and the new jurisdiction's animal control authority have been notified of the animal's designation as dangerous. If the change of ownership or relocation is within King County, the owner shall satisfy all requirements of this section before relocating the animal.

G. An animal found dangerous by any jurisdiction of this state or any other state is subject to the same requirements as if the animal was designated dangerous by King County.

H. A dangerous animal that is relocated outside King County is prohibited from reentering the county without prior written consent of the manager and a valid dangerous animal registration.

I. During the entire appeal process of a dangerous animal designation, the owner shall keep the animal in a proper enclosure. It is a violation of this chapter for the owner appealing a declaration to allow or permit the animal to be outside of the proper enclosure unless the animal is securely leashed, under the control of a competent adult, and humanely muzzled or securely restrained in an airline-approved carrier or crate while traveling in a vehicle.

J. The manager shall immediately impound the animal upon a violation of this section. The animal's owner shall pay the costs of confinement and the penalty imposed for the violation. The manager shall notify the owner of the reasons for impounding the animal, that the owner is responsible for paying the costs of confinement, and that the animal will be destroyed if the deficiencies for which the animal was confiscated are not corrected within twenty-four days. If within twenty-four days the owner cures the deficiencies for which the animal was impounded to the satisfaction of the manager, and the owner pays the costs of confinement and the penalty imposed, then the owner may redeem the animal. The manager shall destroy the impounded animal if all violations of this section are not corrected, and all costs and penalties are not paid, within twenty-four days of notification.

K. It is the duty of every animal owner to always keep the animal under proper supervision and control. When an animal is declared dangerous, the duty is upon the animal owner to comply with this chapter. When an animal owner breaches these duties, the responsibility for any resulting injury or damage shall be on the animal owner and not King County. (Ord. 19638 § 75, 2023).

#### **11.04.295 Aggressive attacks causing human injury or death - impoundment - removal.**

A. The manager may immediately impound an animal when the animal aggressively attacks and causes severe injury to or death of any human without provocation, even where the animal had not previously been designated potentially dangerous or dangerous. If the animal is impounded, the manager shall designate the animal as a dangerous animal and K.C.C. 11.04.285 shall apply, except the animal shall remain impounded during the entire appeal process, if any.

B. The manager may immediately impound an animal and the owner forfeits all rights to the animal if the animal is not removed from the county in accordance with an order of the manager under K.C.C. 11.04.222. The animal's owner shall pay the costs of confinement. The manager shall notify the owner of the reason for impounding the animal, that the owner is responsible for paying the costs of confinement, and that the animal is the property of the manager. If within twenty-four days the owner provides to the manager a location for the animal to live outside of the county, including the name, address, phone number, and email address of the person or organization taking ownership of the animal to the satisfaction of the manager, and the owner pays the costs of confinement and the penalty imposed, then the owner may redeem the animal. The owner shall ensure the animal is removed from the county immediately upon redemption. The manager shall make a disposition of the animal consistent with the options in K.C.C. 11.04.210.E.1. through E.5. if, within twenty-four days of notification, the owner has not paid the costs of confinement and provided the information required by this section. (Ord. 19638 § 76, 2023).

**11.04.300 Civil penalty and abatement costs - liability of owner.** The civil penalty and the cost of abatement are also personal obligations of the animal owner. The prosecuting attorney on behalf of King County may collect the civil penalty and the abatement work costs by use of all appropriate legal remedies. (Ord. 1396 Art. III § 13, 1972).

**11.04.310 Costs of enforcement action.** In addition to costs and disbursements provided for by statute, the prevailing party in a collection action under this chapter may, in the court's discretion, be allowed interest and a reasonable attorney's fee. The prosecuting attorney shall seek such costs, interest, and reasonable attorney's fees on behalf of King County when the county is the prevailing party. (Ord. 1396 Art. III § 14, 1971).

**11.04.330 Additional rules and regulations.** The regional animal services section is authorized to make and enforce rules and regulations, not inconsistent with the provisions of this chapter section, and it is unlawful to violate or fail to comply with any of such rules and regulations. All of such rules and regulations shall be Item 4. d to writing and adopted in accordance with K.C.C. chapter 2.98. (Ord. 16861 § 34, 2010: Ord. 6370 § 12, 1999).

**11.04.335 Waiver, refund, or amnesty periods for penalties and fees.**

A. The manager section may, in full or in part, waive, refund or provide amnesty periods for outstanding civil penalties, licensing fees, late licensing penalty fees, adoption fees, and redemption and sheltering fees, in whole or in part, when doing so would further the goals of this title and be in the public interest.

B. In determining whether a waiver should apply, the manager shall consider the following elements:

1. The reason the animal was impounded;
2. The violation's reason or the basis, nature, duration, and likelihood of recurrence;
3. The total amount of the fees charged as compared with the gravity of the violation; and
4. The effect on the owner, the animal's welfare and the regional animal services section if the fee or penalties are not waived. (Ord. 19638 § 77, 2023: Ord. 16861 § 35, 2010: Ord. 15801 § 29, 2007: Ord. 10809 § 7, 1993: Ord. 7986 § 3, 1987).

**11.04.350 Misdemeanors.** It is a misdemeanor to:

- G. Sell, adopt, transfer ownership, or trade an animal knowing it to be ill or injured, without disclosing the animal's illness or injury;
- H. Remove any animal from the possession of the animal care and control authority without permission of the manager or without paying all lawful charges;
- I. Obstruct any animal care and control officer in the performance of any official duty;

**11.04.360 Gross misdemeanors.** It is a gross misdemeanor for anyone to keep, maintain, control, or retain custody of any animal in conjunction with or for the purpose, whether in whole or in part, of aiding, abetting, or conducting any illegal activity or committing any crime. (Ord. 19638 § 80, 2023).

**IV. MANDATORY SPAY AND NEUTER PROGRAM**

**11.04.400 Mandatory alteration - exceptions.**

- A. A person may not harbor, keep, or maintain any nonjuvenile pet that has not been altered, unless the person holds an unaltered pet license for the animal.
- B. Guide dogs in training and police service dogs are exempted from this section.
- C. Any nonjuvenile pet adopted from an animal shelter in King County must be altered before transfer to the owner. (Ord. 19638 § 81, 2023: Ord. 10423 § 2, 1992).

**11.04.410 Voucher for alteration.** When issuing a license for an unaltered pet, the manager may provide to the applicant a voucher for paying all or part of the cost of an altering operation by a licensed veterinarian, with the amount of the voucher established by the manager based upon available resources and upon the council providing appropriation authority. The manager shall compile, maintain, and make available to the public a list of veterinarians who accept the vouchers as full or partial payment for altering. Vouchers are redeemable through the King County treasury by veterinarians who have performed an alteration on a pet licensed in King County as an unaltered pet. (Ord. 19638 § 82, 2023: Ord. 16861 § 36, 2010: Ord. 15801 § 30, 2007: Ord. 10423 § 24, 37).

**V. OTHER PROVISIONS**

#### **11.04.500 Euthanasia rate targets.**

A. It is the policy of King County that a maximum euthanasia rate target is set to measure the progress towards reducing the rates of pets euthanized by the regional animal services section or its designees. Item 4. The euthanasia rates must be calculated based on the total number of live pets taken into King County custody to include stray, homeless, abandoned, unwanted or surrendered animals, and animals euthanized at an owner's request. The euthanasia rates must exclude animals euthanized at the order of the director and those animals not in the custody of King County but brought to a King County shelter by their owner or guardian for the purposes of licensing, or clinic services, such as alterations and vaccinations, should the manager make those services available to the public. The calculation of the euthanasia rate for a given year should include the inventory of pets carried over from the preceding year and exclude the inventory of pets carried over to the subsequent year.

B. The total number of pets euthanized by the regional animal services section is not to exceed fifteen percent.

C. The manager should, to the extent feasible, calculate other measures of euthanasia rates or live release rates that enable comparison with other agencies. (Ord. 19638 § 83, 2023; Ord. 16861 § 37, 2010; Ord. 15801 § 31, 2007; Ord. 10423 § 6, 1992).

**11.04.510 Unaltered dogs and cats - advertising requirements.** No person in unincorporated King County shall publish or advertise to King County residents the availability of any unaltered cat or dog unless the publication or advertisement includes: the unaltered animal's license number or the animal's juvenile license number, provided, however that nothing in this chapter shall prohibit licensed breeders from advertising in national publications for sale of a planned litter or litters. (Ord. 10423 § 9, 1992).

**11.04.530 Exemptions from chapter.** This chapter does not apply to dogs and cats in the custody of a research facility registered or licensed by the United States Department of Agriculture and regulated by 7 United States Code 2131, et seq. (Ord. 19638 § 85, 2023; Ord. 10423 § 20, 1992).

**11.04.580 Canvassing for compliance program.** The manager may develop and implement a twelve-month program to canvass for compliance with the licensing requirements of this title. The program must be directed at households within unincorporated areas of King County and cities under contract with King County for animal care control services. Regional animal services section employees and persons or organizations under contract to the regional animal service section performing the canvassing may issue pet licenses and collect license fees. The manager shall annually review the canvassing program. Funding must be reviewed annually based upon an evaluation of the efficacy of the canvassing program. (Ord. 19638 § 88, 2023; Ord. 15801 § 36, 2007; Ord. 10423 § 27, 1992).

**11.04.595 Severability.** If any provision of this title or its application to any person or circumstance is held invalid, the remainder of the title or the application of the provision to other persons or circumstances is not affected. (Ord. 19638 § 89, 2023).
