

CITY COUNCIL ROUNDTABLE HYBRID MEETING, 6:00 PM CITY COUNCIL REGULAR HYBRID MEETING, 7:00 PM

Monday, May 13, 2024

Snoqualmie City Hall, 38624 SE River Street & Zoom

MAYOR & COUNCIL MEMBERS

Mayor Katherine Ross

Councilmembers: Ethan Benson, Cara Christensen, Catherine Cotton, Bryan Holloway, Jo Johnson, Louis Washington, and Robert Wotton

This meeting will be conducted in person and remotely using teleconferencing technology provided by Zoom.

Join by Telephone: To listen to the meeting via telephone, please call 253.215.8782 and enter Webinar ID 813 0614 8787 and Password 1800110121 if prompted.

Press *9 to raise your hand to speak. Raising your hand signals the meeting moderator that you have a comment. Press *6 to mute and unmute.

Join by Internet: To watch the meeting over the internet via your computer, follow these steps:

- 1) Click this link
- 2) If the Zoom app is not installed on your computer, you will be prompted to download it.
- 3) If prompted for Webinar ID, enter 813 0614 8787; Enter Password 1800110121
- 4) Please confirm that your audio works prior to participating.

ROUNDTABLE AGENDA, 6 PM

CALL TO ORDER & ROLL CALL

AGENDA APPROVAL

SPECIAL BUSINESS

1. Comprehensive Plan: Environmental Element

ADJOURNMENT

REGULAR AGENDA, 7 PM

CALL TO ORDER & ROLL CALL

PLEDGE OF ALLEGIANCE

AGENDA APPROVAL

PUBLIC HEARINGS, PRESENTATIONS, PROCLAMATIONS, AND APPOINTMENTS

Public Hearings

Appointments

Presentations

2. Introduction of Mayor's Proposed 2025-2030 CIP ("Non-Utilities")

Proclamations

- 3. Proclamation 24-10: Affordable Housing Week
- 4. Proclamation 24-11: National Police Week

PUBLIC COMMENTS AND REQUESTS FOR ITEMS NOT ON THE AGENDA

(NOTE: No online public comments will be accepted during the meeting. Written comments are encouraged and may be submitted via in-person drop off, mail, or e-mail to cityclerk@snoqualmiewa.gov. All written comments must be received by 3:00 p.m. on the day of the scheduled meeting.)

CONSENT AGENDA

- 5. Approve the City Council Meeting Minutes dated April 22, 2024.
- 6. Approve the Claims Report dated May 13, 2024.

ORDINANCES

7. AB24-015: Misuse of the 911 Response System. Second Reading of Ordinance No. 1290.

Proposed Action: Move to adopt Ordinance No. 1290 Misuse of the 911 Response System and authorize the Mayor to sign.

8. AB24-054: Emergency Housing Code Amendment.

Proposed Action: First Reading of Ordinance No. 1291

COMMITTEE REPORTS

Public Safety Committee:

Community Development Committee:

9. AB24-056: Motion on Economic Development Element

Proposed Action: Move to accept the Council Roundtable edits on the Economic Development Element Goal and Policies.

Parks & Public Works Committee:

10. AB24-058: Meadowbrook Bridge Restoration

Proposed Action: Move to approve Task Order 20 with Otak. Inc. Meadowbrook Bridge restoration and authorize the Mayor to sign.

- 11. Reclaimed Water Reservoir Project Update
- 12. King Street Closure Discussion

Finance & Administration Committee:

13. North Bend Police Services Contract

Committee of the Whole:

REPORTS

- 14. Mayor's Report
- 15. Commission/Committee Liaison Reports
- 16. Department Reports for April 2024.

EXECUTIVE SESSION

- 17. Executive Session pursuant to RCW 42.30.110(1)(i) Potential Litigation.
- 18. Executive Session pursuant to RCW 42.30.110(1)(b) Acquisition of Real Estate.
- 19. Closed Session pursuant to RCW 42.30.140(4)(b) Collective Bargaining Proceedings.

ADJOURNMENT

Accommodation: Requests for assistance or accommodations can be arranged by contacting the City Clerk by phone at (425) 888-8016 or by e-mail at cityclerk@snoqualmiewa.gov no later than 3:00 pm the day of the meeting.

MEMORANDUM

To: Community Development Committee

From: Emily Arteche, Community Development Director

Date: May 13, 2024

Subject: Comprehensive Plan – Environmental Element Policy Review

Introduction

The Washington Growth Management Act (GMA) requires King County and cities within King County to update their comprehensive plans on or before December 31, 2024. The environment chapter (sometimes referred to as an "element") is not a required element but provides the policy framework for the critical areas ordinance and is an important element to the City. Under the GMA Goals, RCW 36.70A.020 Environment is goal 10 and is intended to protect the environment and enhance the state's high quality of life, including air and water quality, and the availability of water.

To facilitate the review and approval of the draft Element a roundtable discussion will be held on the recommended draft goals and policies, (see Attachment 1: Planning Commission Recommendation Signed April 1, 2024). A presentation to the Community Development Committee summarizing the work of Planning Commission is also included to assist in the review of this Element, (see Attachment 2: Environment Element Planning Commission Presentation April 1, 2024).

The Community Development Committee had no further edits.

Background

The recommended Environment Element goals and policies are intended to support the City's critical area ordinance future update efforts using best available science, BAS. Critical areas are defined in RCW 36.70A.030(6): include the following areas and ecosystems: Wetlands; critical recharging aquifers, fish and wildlife habitat conservation areas; now known as riparian areas; frequently flooded areas and geologically hazardous areas. The BAS on Riparian Ecosystems is documented a 2020 updated Priority Habitats and Species (PHS) document entitled Volume 1: Science Synthesis and Management Implications from the Washington Department of Fish and Wildlife (WDFW). Areas along rivers, including perennial or intermittent streams are identified as Riparian Areas with aquatic and terrestrial ecosystems. These areas are important because of moist and mild microclimates and fertile soils that enhance plant growth and support complex food webs for wildlife species.

The Environmental Element draft goals and policies were discussed at a series of meetings with the public, Planning Commission, and the Community Development Council Committee on the following dates:

Legislative/Public Meeting Dates:

- ✓ On April 6, 2023, City Staff and consultants held a Comprehensive Plan Open House and received input from the public on the Element.
- ✓ On October 18, 2023, City Staff and consultants held a Comprehensive Plan Open House and received input from the public on the Element.
- ✓ At the December 4, 2023, Planning Commission meeting, staff consultants presented an overview of the Environment chapter and its requirements under GMA.
- ✓ At the January 16, 2024, Planning Commission meeting, staff and consultants presented policies for the Environmental Protection and Climate Planning, (now deferred to a future Climate Change Element).
- ✓ On February 5, 2024, staff and consultants presented proposed policies on Water Resources, Aquifers and Critical Recharge Areas; Snoqualmie River, Stream Corridors and Wetlands; Geologic and Flood Hazard Areas; and Goals.
- ✓ On February 20, 2024, the Planning Commission meeting Commissioners reviewed Tribal revisions to the Goals and Policies.
- ✓ On March 18, 2024, the Planning Commission meeting staff presented recommended revision to the Goals and Policies based on Washington State Fish and Wildlife review comments.
- ✓ On April 1, 2024, the Community Development Council Committee reviewed the recommended Element at a regularly scheduled meeting.

The Element was developed with the intention not to include policies on climate change in the Environmental Element due to the pending development of a new State mandated Climate Change Element. On January 11, 2024 during the time the Planning Commission was working on the Environmental Element the Washington State Department of Commerce released Climate Change Element guidance. Future climate change goals and policies will be prepared under this guidance.

The draft recommended goals and polices were reviewed at the State and Regional level for GMA and Vision 2050 consistency, including the Department of Fish and Wildlife, (DFW) and well as with the Snoqualmie Tribe. The Puget Sound Regional Council (PSRC), Liz Underwood-Bultmann Principal Planner, Growth Management Planning recently submitted a comment letter dated March 26, 2024, (see Attachment 3, PSRC Environment, Capital Facilities and Parks Review Comment Letter Dated March 26, 2024).

Ms. Underwood-Bultmann praised the City's recommended policy: Support programs that ensure that all residents, regardless of race, social, or economic status, have clean air, clean water, and other elements of a healthy environment, and prioritize the reduction of impacts to vulnerable populations that have been disproportionately affected by climate change and recommended that the City extend its policy efforts to include another policy on "where" and "what". The Community Development Council Committee expressed a desire to include the below draft policy in the new Climate Change Element.

Draft Policy for Climate Change Element

As feasible, identify where vulnerable populations disproportionately affected by climate change currently live and what environmental consequences most impactful.

Additional PSRC comments provided will be incorporated into the review process for Capital Facilities and Utilities and Parks, Open Space and Recreation Elements.

This Element does address new PSRC legislation on:

PSRC New Legislation Overview

- 1. Protecting and restoring natural systems.
 - Conserve habitat,
 - Protect wildlife corridors,
 - Improving water quality, and
 - Reduce air pollutants.
- 2. Minimize impacts to natural features.
- 3. Use of best information available,
 - Scientific information.
- 4. Reduce impacts to vulnerable populations.
- 5. Enhance urban tree canopy.
 - **A** Restore native vegetation.
- 6. Incentivize environmental stewardship.
- 7. Control the noxious weeds.

Analysis

The Element was developed to be compliant with all the legislative changes made since the pervious Comprehensive Plan completed over 8 years ago in 2015. Approximately 46 bills related to the Comprehensive Plan were passed during the time span. Legislation passed and signed into law in 2023 (HB 1181) added a climate goal to the Growth Management Act (GMA) and requires local comprehensive plans to have a climate element with resilience and greenhouse gas emissions mitigation sub-elements. A complete list of legislation is also included to assist in the review of this Element, (see Attachment 4, GMA-amendments-1995-2023). During the Planning Commission policy work, staff and consultants prepared color-coded policy presentations to identify more easily proposed polices of a regulatory nature, (see Attachment 5: Legislative Color-Coded Previous Presentations on Environment Goals and Policies for Planning Commission).

The Element will be supported by technical documentation. The following components: Wildlife, Flood History, Critical Areas Summary, Urban Forestry Planning, Flood Control and Hazard Mitigation Planning, River Trail Planning, Critical Area Mapping, and Tree Canopy, (see Attachment 6: 2044 Snoqualmie Comprehensive Plan Outline) will be included in Volume 2 of the Comprehensive Plan, as appendices.

The Environmental Evolution Spreadsheet, (see Attachment 7) demonstrates the evolution of goals and policies, i.e., when policies were combined, moved, updated to support new requirements, modified to address public comment, eliminated to reflect current conditions and/or adapted to fit the PSRC Vision 2050. This Element is rewritten and will fit into a reorganized Plan. The updated Element is intended to improve clarity, remove duplicative language, update terminology, reflect the values of the community and meet recent changes to the Growth Management Act and other laws.

The Snoqualmie Community continues to express concern over protecting the environment. The recommendations also reflect public comments received during the planning process. Two public open house events, on April 6 and October 16, 2023, as well as an on-going public online survey have generated 8 public comments to date related to this Element, (see Attachment 8: Environmental Element Public Comments Table). Comments received ask for City consideration on: the impacts due to climate change, the protection of trees and the preservation of the natural environment.

Public Comment Overview

- 1. "NOT clear cut for development...maintain pockets of natural growth"
- 2. "Snoqualmie's natural setting and strengths ... should be the focus.."
- 3. "Please consider the climate crisis in all decisions..."

NEXT STEPS

Discuss the draft Environmental Element as recommended by the Community Development Council Committee. The Roundtable will be followed by a City Council motion on the Element at an upcoming Council meeting.

- Attachment 1: Planning Commission Recommendation Signed April 1, 2024
- Attachment 2: Environment Element Planning Commission Presentation April 1, 2024
- Attachment 3: PSRC Environment, Capital Facilities and Parks Review Comment Letter Dated March 26, 2024
- Attachment 4: GMA amendments-1995-2023
- Attachment 5: Legislative Color-Coded Previous Presentations on Environment Goals and Policies for Planning Commission
- Attachment 6: 2044 Snoqualmie Draft Comprehensive Plan Outline
- Attachment 7: Environment Element Evolution Spreadsheet
- Attachment 8: Environmental Element Public Comments Table

The Planning Commission unanimously recommends that the Community Development Committee APPROVE the proposed vision, goals, and policies for the Environment Element of the 2044 Snoqualmie Comprehensive Plan and transmit them to the City Council for consideration.

It is the recommendation of the Planning Commission to approve proposed vision, goals, and policies for the Environment Element as presented in Attachment A.

RECOMMENDED BY THE CITY OF SNOQUALMIE PLANNING COMMISION ON THE 18TH OF MARCH 2024.

Luke Marusiak Luke Marusiak (Apr 1, 2024 15:37 PDT)	Date Apr 1, 2024

1) The health, wildlife and ecosystem services and functions provided by the City's natural environment are protected and enhanced, and potential hazards to citizen health, welfare and property are minimized.

- a. Incorporate and utilize applicable best available science for purposes of designating and protecting all regulated critical areas and anadromous fisheries that need "special consideration" for their conservation and protection.
- b. Protect Snoqualmie's environmental critical areas, habitat, and the natural environment through land use plans, surface water management plans and programs, comprehensive park plans, development regulations and site-specific project review and consultation with affected Tribes.
- c. Consider areas of high wildlife movement and mortality and the needs of all roadway users when designing and building neighborhood traffic safety projects.
- d. Ensure the protection and recovery of ecosystems to provide healthy habitat and support fish, wildlife, and plant populations in a changing climate. This includes actively managing lands through controlling noxious weeds, restoring native vegetation, and monitoring project results.
- e. Coordinate with governmental agencies, non-profit organizations and Tribes to protect and enhance the environment through countywide and watershed planning, fish and wildlife resource management, and habitat protection networks across jurisdictional boundaries.
- f. Establish and maintain relations with Native American tribes for the preservation of archaeological sites and traditional cultural properties that are vulnerable to climate change.
- g. Actively manage city forest lands to decrease climate-exacerbated risks from severe wildfires, protect residents, and improve ecosystem health and habitat and encourage others to do so.
- h. Apply Best Available Science, including Traditional Ecological Knowledge, to protect critical areas, such as wetlands, landslide hazard and erosion-prone areas, and maintain these areas in their natural condition, including native vegetation preservation.
- i. Control the spread of noxious weeds as identified by King County Noxious Weed Control Board from public properties, particularly in more fire-prone areas like roadsides and utility corridors and if possible educate citizens about the control of noxious weeds on private property.
- j. Support integrated and interdisciplinary approaches for environmental planning and assessment
- k. Promote innovative and environmentally sensitive practices in site planning, design, materials selection, construction and maintenance.
- I. Encourage environmental stewardship on private and public lands through partnerships and voluntary efforts that protect, restore and enhance the quality and functions of critical areas and associated buffers.
- m. Support programs that ensure that all residents, regardless of race, social, or economic status, have clean air, clean water, and other elements of a healthy environment, and prioritize the reduction of impacts to vulnerable populations that have been disproportionately affected by climate change.

2) Rivers, streams aquifer recharge areas and other water resources within the City are protected and managed for multiple beneficial uses.

a. Preserve and protect natural surface water storage sites, such as wetlands, aquifers, streams, and water bodies as these are critical features that support hydrological functions, water quality, regulate surface flows and recharge groundwater.

- b. Coordinate the management and restoration Snoqualmie watershed through participation the Snoqualmie Watershed Forum and the implementation of the Puget Sound Action Agenda.
- c. Coordinate with WSDOT, King County, and neighboring jurisdictions to plan and prioritize culvert upgrades and utility crossings to ensure fish passage barrier removal, adequate projected stormwater passage, and continued climate-related adaptations to handle water passage into the future throughout Snoqualmie, especially where terrestrial species connectivity can be restored simultaneously (i.e., with wider bridges).
- d. Ensure that local regulations for surface and stormwater management allow for and encourage Low-Impact Development (LID) and Natural Drainage practices. Support retrofitting basins to improve stormwater management and quality.
- e. Encourage building construction that uses alternative techniques to minimize impervious surfaces and reduce harmful impacts to the natural environment and proximate waterways.
- f. Actively investigate and promote water conservation strategies to efficiently use the City's legal access to water, and to reduce the amount of wastewater to be treated, through such measures as rotating irrigation schedules, and by incentivizing or requiring installation of waterwise landscaping throughout the City.
- g. Work with the State Department of Ecology, King County, Tribes and other stakeholders to reduce or eliminate pollution sources and protect public health.
- h. Work in conjunction with King County to take corrective action to remove contaminant loading due to failing septic systems and stormwater runoff in susceptible recharge areas.
- i. Seek funding to support stormwater retrofitting and green technologies in areas where water quality is impacted by stormwater.
- j. Natural hydraulic, hydrologic and habitat functions, and scenic and recreational values of rivers, streams, wetlands and natural drainage courses are protected.
- k. Minimize stream crossings, utilizing bridges rather than culverts whenever feasible, and minimize new utility crossing impacts, when possible, by using techniques such as bridges, tunneling, or other innovative methods.
- I. Participate in regional species protection efforts, including salmon habitat enhancement and restoration. Identify, prioritize, and eliminate physical barriers (such as fish blocking culverts), and other impediments to anadromous fish spawning and rearing habitat.
- m. Maintain infrastructure located within stream corridors in accordance with Best Management Practices that minimize water quality impacts and pursue design modifications or alternative siting options for when significant alterations are undertaken.
- n. Protect wetlands areas, functions and values within the City and urban growth area, and allow the creation of wetlands where feasible and appropriate.
- Restore and maintain previously disturbed wetlands and stream buffers riparian management zones and their buffers where feasible; using the correct mitigation sequencing and maintain restored buffers for optimal ecosystem services.
- p. Ensure wetland regulations allow for conservation easements and other techniques to preserve their health and existence.
- 3) Public health and property damage risk associated with flood and geologic hazard areas have been reduced, while preventing irreparable harm to regionally significant ecological resources.
 - a. Pursue strategies to lower the City's classification rating in the federal FEMA program.

- b. Protect properties and ecological functions in the floodplain with development regulation guided by standards established by FEMA, and the Department of Ecology, and Best Available Science that incorporates climate change projections.
- c. Pursue the reduction of accelerated erosion and sedimentation due to construction and construction-related activities.
- d. Protect areas with severe geologic hazard potential, limiting development in hazard areas or requiring development to minimize grading and enhance native vegetation to the greatest extent possible.
- e. Seek to restore natural vegetative cover and natural drainage features on degraded sites, including the removal of invasive weeds as necessary.
- f. Support the implementation of the City's Hazard Mitigation Plan to reduce risks associated with floods, erosion, damages to property owners, and other observed hazards and improve development regulations.

Environment Element Vision, Goals, Policies

2044 Snoqualmie Comprehensive Plan

Snoqualmie Planning Commission

Environment Element: Vision, Goals, Policies

Protect Natural Environment and Minimize Hazards to Citizens

Coordinate with Government Agencies, Non-Profits, and Tribes

Actively Manage Lands – Control Weeds, Restore Native Vegetation, Monitor Results

Promote Innovative and Environmentally Sensitive Practices in Site Planning, Design, Materials, Construction, and Maintenance

Rivers, Streams Aquifer Recharge Areas Protected and Managed

Coordinate with Snoqualmie Watershed Forum, WSDOT, King County, WDFW, Tribe

Culvert Upgrades, Fish Passage Barrier Removal, Stormwater Passage, Elimination of Pollution Sources

Reduce Public Health and Damage Risk, Prevent Ecological Harm

Restore Natural Vegetative Cover, Natural Drainage on Degraded Sites and Remove Invasive Weeds

Support Implementation of City's Hazard Mitigation Plan – Reduce Risk due to Floods, Erosion, Other Hazards

March 26, 2024

Ashley Wragge, Planning Technician City of Snoqualmie 38624 SE River St Snoqualmie, WA 98065

Subject: PSRC Comments on Snoqualmie Draft Environment, Utilities, and Capital Facilities Policies

Dear Ms. Wragge,

Thank you for providing an opportunity for the Puget Sound Regional Council (PSRC) to review a draft of the Snoqualmie environment, utilities, and capital facilities goals and policies. We appreciate that the city has invested a substantial amount of time and effort in developing the draft elements and appreciate the chance to review while in draft form. This timely collaboration provides an opportunity to review plan elements for the 2024 comprehensive plan and prepares the city well for <u>certification</u> by PSRC once the full plan has been adopted.

We suggest the city consider the following comments as further work is completed for the comprehensive plan update to align with <u>VISION 2050</u> and the Growth Management Act. We understand from city staff that policies on climate change will be addressed in a separate climate element, so we did not comment on that aspect of the consistency tool.

We reviewed the draft plan using the PSRC Plan Review Consistency Tool. Key sections of the consistency tool are listed below on the left along with relevant comments on the draft plan on the right:

Capital Facilities and Utilities

Plan Review Consistency Tool	PSRC Comment on Draft Snoqualmie Plan	
Prioritize investments in centers, including	The plan includes a policy (Utilities and Capital	
regional centers, countywide centers,	Facilities Policy 9.1.3) to focus investments to	
high-capacity transit areas with a station	support the development of regional centers.	
area plan, and other local centers (MPP-	Based on the location of Snoqualmie and existing	
RC-8-9)	regional centers, local investment may be better	

Plan Review Consistency Tool	PSRC Comment on Draft Snoqualmie Plan
	suited for local centers. We recommend including a policy to prioritize investments in local centers, consistent with MPP-RC-8 and DP-25.
Locate community facilities and services, including civic places like parks, schools, and other public spaces, in centers and near transit, with consideration for climate change, economic, social and health impacts (MPP-PS-18, PS-20, PS-29, DP-11)	The city should consider an additional policy to locate community and civic facilities near transit and in consideration of other community goals.

Environment

Plan Review Consistency Tool	PSRC Comment on Draft Snoqualmie Plan
Support programs to ensure that all residents, regardless of race, social, or economic status, have clean air, clean water, and other elements of a healthy environment and prioritize the reduction of impacts to vulnerable populations that have been disproportionately affected (MPP-En-3-4, En-7-8, En-21)	In addition to including a policy on protecting vulnerable populations (Environment Policy 1-L), it would be beneficial to identify where these populations currently live and where environmental impacts are more impactful.
Identify open space, trail, and park resources and needs, and develop programs for protecting and enhancing these areas (MPP-En-11-12, En-15, En-Action-4)	Consistent with VISION 2050 and national best practices, PSRC recommends including information on open space and a parks level-of-service to provide parks within a 10-minute walk of all residents. This will set the foundation for adding or expanding parks to create equitable access.

PSRC has resources available to assist the city in addressing these comments and inform development of the draft plan. We have provided links to online documents in this letter, and additional resources related to the plan review process can also be found at https://www.psrc.org/planning-2050/vision/vision-2050-planning-resources.

We appreciate all the work the city is doing and the opportunity to review and provide comments. We are happy to continue working with you as the draft progresses through the

adoption process. If you have any questions or need additional information, please contact me at 206-464-6174 or LUnderwood-Bultmann@psrc.org.

Sincerely,

Liz Underwood-Bultmann

Principal Planner, Growth Management

Liz Underwal - Bretman

Puget Sound Regional Council

cc: Review Team, Growth Management Services, Department of Commerce

The Washington State Growth Management Act (GMA) has been amended numerous times since originally enacted in 1990. To help local governments with evaluating whether their adopted comprehensive plans and development regulations comply with the GMA, Department of Commerce, Growth Management Services, has developed a list of annual amendments to the GMA. This list summarizes amendments to Chapter 36.70A RCW ("The Growth Management Act" or "GMA"), as well as other related statutory amendments, enacted by the Washington State Legislature from 1995 to 2023.

Each amendment is listed below, by RCW citation and original bill number, according to the year of adoption, and it includes a brief description of the legislation and identification of the local jurisdictions affected.

Please note: This list has been prepared to briefly summarize legislative amendments to the GMA and to assist local governments with their periodic update process under RCW 36.70A.130 and for general research. This summary is not intended to provide a complete interpretation of all GMA amendments. Other related statutes may also help implement the GMA, and this summary is not a definitive legal guide for all planning requirements.

2023 Legislative Session

RCW, Bill Number, Brief Description for 2023 Legislative Session	Counties/Cities Other interested parties affected
RCW 36.70A.060 SB 5374 – Relating to the adoption of county critical area ordinances by small cities	Counties and cities
Brief Description:	
The bill allows cities under 25,000 to adopt the county's critical area ordinance by reference as long as the CAO is not under appeal. Once adopted by reference, the city is not required to take further action during future GMA periodic updates. Counties are entitled to a portion of the city's grant funding that otherwise would have been used to update their CAOs.	
RCW 36.70A.130 SB 5457 – Relating to implementing growth management task force legislative recommendations regarding small cities	Cities and towns
Brief Description:	
The bill allows cities and towns to opt out of the full comprehensive plan update process, but still must update critical areas regulations and the capital facilities and transportation elements, if the following are met:	
 Has a population fewer than 500 Is not located within 10 miles of a city with a population over 100,000 Experienced a population growth rate of fewer than 10 percent in the preceding 10 years 	

RCW, Bill Number, Brief Description for 2023 Legislative Session	Counties/Cities Other interested parties affected
 Has provided the department of Commerce with notice of its intent to participate in a partial review and revision of its comprehensive plan 	
Ch. 36.70A (GMA), Ch. 43.21C (SEPA), Chs. 64.34, .32, .38, and .90 RCW. HB 1337 – Expanding housing options by easing barriers to the construction and use of ADUs	
Brief Description:	
All GMA cities and counties must allow at least two ADUs per lot within urban growth areas in zones that allow for single-family homes. The ADUs may be attached, detached, or a combination of both, or may be conversions of existing structures. Cities must implement the bill's requirements 6 months after their next comprehensive plan periodic update, or else the provisions in the bill will control.	
The bill places certain restrictions on local governments, including:	
 Local governments may not charge more than 50% of impact fees charged for the principal unit. 	
 Local governments may not require the owner to occupy the property. Local governments may not prohibit the ADU's sale as independent units. Local governments must allow an ADU of at least 100 square feet and must adjust zoning to 	
 be consistent with the bill with respect to bulk and scale regulations. Local governments must set consistent parking requirements based on distance from transit and lot size. 	
Local governments are protected from HOAs seeking to enforce private covenants against ADUs in conflict with the bill.	
RCW 36.70A.030 and .280; adding new sections to the GMA and amending SEPA. HB 1110 – Creating more homes for Washington by increasing middle housing in areas traditionally dedicated to single-family detached housing.	Cities
Brief description:	
The bill requires cities of over 25,000 in population or that are within a contiguous UGA with the largest city in county with a population of more than 275,000 to allow two housing units per lot, four if one is affordable, or it is located within ¼ mile of transit, unless higher densities are already permitted.	
For cities over 75,000 in population, the requirement is four and six units, respectively. Extensions and exemptions are available for areas with critical areas, risk of displacement, infrastructure deficiencies, and when certain transportation safety conditions exist.	
RCW 36.70A.020, .030, .070, .130, .190, .280, .320, and .480 HB 1181 – Improving the state's climate response through updates to the state's planning framework	Counties and cities
Brief Description:	
The bill adds Climate Change and Resiliency as the 14 th goal to the Growth Management Act and includes the following key changes to the GMA:	

RCW, Bill Number, Brief Description for 2023 Legislative Session	Counties/Cities Other interested parties affected
 Adds a greenhouse gas emissions reduction sub-element that would be mandatory for 11 of the largest counties and their cities. The sub-element and implementing development regulations must identify actions the jurisdiction will take that will: Result in reductions in overall GHG emissions generated by the transportation and land use systems within the jurisdiction but without increasing emissions elsewhere. Result in reductions in vehicle miles traveled within the jurisdictions but without increasing emissions elsewhere. Prioritize reductions that would benefit overburdened communities in order to maximize the co-benefits of reduced air pollution and environmental justice. Adds a resiliency sub-element that would be mandatory for all jurisdictions planning under RCW 36.70A.040. This requirement can be satisfied by adopting by reference a FEMA natural hazard mitigation plan that is in substantial conformance with this sub-element. The land use, capital facilities, park and recreation, utilities, and transportation elements must be updated to include certain climate change related topics, including a prohibition for denying a development permit because a project may cause the transportation level of service to fall below the minimum standard where multimodal mitigation is possible. Requires consideration of environmental justice in order to avoid worsening environmental health disparities. Creates a new grant program for community-based organizations to advance participation of vulnerable populations in the planning process. Requires the Department of Ecology to update its Shoreline Master Program (SMP) guidelines to require that SMPs address the impact of sea level rise and increased storm severity. Requires the Department of Transportation to maintain a summary of the per capita vehicle miles traveled for cities and unincorporat	
Ch. 36.70A RCW (GMA) and Ch. 36.70B RCW (Local Project Review Act)	Counties and cities
 Brief description: Effective six months after its next periodic comprehensive plan update, GMA cities and counties must have in place clear, objective, and understandable design review procedures and standards governing the exterior design of all new development. The term "design review" is further defined in statute. 	
 Design review of development projects must be reviewed concurrently with two or more project permits associated with the proposal and are limited to one public meeting. 	
 The bill adds language to ch. 36.70B RCW (Local Project Review Act) encouraging jurisdictions to consider prompt, coordinated, and expedited project review of general project permits and specifically projects that include affordable housing. 	
Ch. 36.70B RCW (Local Project Review Act) SB 5290 – Consolidating local permit review	Counties and cities
Brief description:	
brief description.	

RCW, Bill Number, Brief Description for 2023 Legislative Session	Counties/Cities Other interested parties affected
The bill amends chapter 36.70B RCW, the Local Project Review Act, for jurisdictions planning under the GMA. The bill includes the following provisions:	,
 Establishes a consolidated permit review grant program for local governments that commit to issuing final decisions for residential permit applications within specified time frames. Creates a new grant program to support local governments' transition to digital permit application systems. Requires the department of commerce to convene a work group to study statewide license and permitting software for local governments. Removes building permits for the types of project permits in the covered types of land use permits. Amends the process for jurisdictions to provide a written determination of completeness for project permit applications. Beginning January 1, 2025, jurisdictions must set certain permit decision timelines at 65, 100, and 170 days depending on the permit and other factors. When timelines are not met a portion of the permit fees must be refunded. Jurisdictions can set other deadlines but lose administrative appeal safe harbor protection. Certain jurisdictions must also submit annual performance reports to commerce, which will report to the legislature. Provides additional measures that jurisdictions can take to facilitate prompt coordinate permit review. Requires commerce to provide guidance to local governments with respect to appropriate 	
fee structures, staffing-up residential permit processing, and other topics. Ch. 43.21C RCW (SEPA)	Counties and cities
SB 5412 – Decreasing local government workload Brief description:	
The bill allows for a SEPA categorical exemption for residential development projects within incorporated UGAs and middle housing projects within unincorporated UGAs if:	
 The local government finds the proposed development is consistent with its development regulations; and The local government has prepared environmental analysis that considers the project in the area proposed for the exemption and analyzes certain multimodal transportation impacts. 	
The environmental analysis must include documentation that the requirements for environmental analysis, protection, and mitigation for impacts have been adequately addressed for the exempted project. The local government must also document its consultation with the department of transportation regarding certain transportation impacts. Before finalizing the environmental analysis, the local government must provide at least 60 days public notice and the exemption is effective 30 days following adoptive action. Residential projects in Seattle are exempt from these requirements until September 30, 2025.	
Ch. 90.58 RCW (Shoreline Management Act) HB 1544 – SMP review schedules Brief description:	Counties and cities

RCW, Bill Number, Brief Description for 2023 Legislative Session	Counties/Cities Other interested parties affected
This bill changes the Shoreline Master Program update schedule from eight years to ten years to align with local governments' comprehensive plan periodic update schedule. The bill also extends by one year the date by which the next round of SMP reviews and revisions are due.	
Ch. 44.39 RCW (Joint Committee on Energy Supply and Energy Conservation), Ch. 80.50 RCW (Energy Facilities), Ch. 43.21C RCW (SEPA), and Ch. 36.70B RCW (Local Project Review Act)	Counties and cities
HB 1216 – Clean Energy Siting	
Brief description:	
The bill establishes a new type of project designation by Commerce: Clean Energy Projects of Statewide Significance (CEPSS). The department of Ecology is responsible for coordinating an optional coordinated permitted process for CEPSS projects. Cities and counties with development projects determined as eligible for the coordinated permit process within their jurisdiction must enter into an agreement with Ecology or the project proponent for expediting the completion of projects, including expedited permit process and environmental review processing.	
The bill also directs lead agencies to complete an EIS for CEPSS projects within 24 months of a threshold determination and requires them to work collaboratively with agencies that have actions requiring SEPA review for the project to develop a schedule that includes a list of agency responsibilities, actions, and deadlines. The bill makes other SEPA changes related to the process of environmental review for CEPSS projects.	
During a review of a project to construct or improve electric generation, transmission, or distribution facilities, a local government may not require a project applicant to demonstrate the necessity or utility of the project, other than to require as part of the completed project application the submission of documentation required by the Federal Energy Regulatory Commission or other federal agencies with regulatory authority over electric power transmission and distribution needs, or the Utilities and Transportation Commission.	
A county may not prohibit the installation of wind and solar resource evaluation equipment necessary for the design and environmental planning of a renewable energy project.	
RCW 36.70A710 and .740	Counties
SB 5353 – Relating to the Voluntary Stewardship Program	
Brief description:	
The bill removes the date by which counties must join the VSP, opening it up to currently non-participating jurisdictions. A county that elects to join the VSP is not required to implement the program in a participating watershed until new adequate funding is provided. The Conservation Commission is required to determine every two years which watersheds in the new participating counties received adequate funding. If adequate funding is not provided, the county must take one of four options:	
 Develop, adopt, and implement a work plan in the watershed that protects critical areas used for agricultural activities; Adopt development regulations that have previously been adopted by another local government for the purpose of protecting critical areas used for agricultural activities; 	

RCW, Bill Number, Brief Description for 2023 Legislative Session	Counties/Cities Other interested parties affected
 Adopt development regulations certified by commerce as protective as critical areas in areas used for agricultural activities; or Review, and if necessary, update development regulations adopted under the GMA to 	parace
protect critical areas as they related to agricultural activities.	
Ch. 43.21C RCW (SEPA), Ch. 35.21 RCW (cities and towns), Ch. 35A.21 RCW (code cities), and Ch. 19.27A RCW (Energy-Related Building Standards)	Cities
HB 1042 – The creation of additional housing units in existing buildings	
Brief description:	
The bill prohibits cities from denying a permit application for the addition of housing units within an existing building due to nonconformity with height, setback, parking, modulation, or elevator size unless it is a building code of life safety issue. When new residential units are proposed completely within an existing building, cities must allow a density bonus of 50% more than the zone otherwise allows. Cities may not require the addition of parking spaces, permitting requirements, or design standards not applied to all residential development in the zone, and may not impose exterior design or architectural requirements to the building. Cities also may not require a transportation concurrency study or SEPA review based on the addition of housing units within an existing building.	
The changes to city codes necessary to implement the bill are categorically exempt from SEPA.	
The state building code council is required to adopt an amendment to the energy code that waives the requirement for the unchanged portions of an existing building to comply with the current energy code when additional housing units are added to the building.	
RCW 35.13.470 and RCW 82.14.415	Counties and cities
HB 1425 – Facilitating municipal annexations	
Brief description:	
The bill requires that if an interlocal agreement is used for a sales and use tax credit for annexed areas, the interlocal agreement must address:	
 The balancing of annexations of commercial, industrial, and residential properties; Development, ownership, and maintenance of infrastructure; and The potential for revenue-sharing agreements. 	
The bill removes the requirements that a city be within a county with a population of at least 600,000 to impose the tax and that an annexation area must have a population of at least 10,000 or 4,000. The bill also removes the eligibility timeline.	
The bill requires that to impose the tax, a city must have entered into an interlocal agreement with the county regarding the proposed annexation area. The bill also updates the maximum levy amounts that may be imposed based on population.	
Title 64 RCW (Real Property and Conveyances), RCW 58.17.060, RCW 82.02.060, Ch. 82.45 RCW (Real Estate Excise Tax)	
SB 5258 – Increasing the supply and affordability of condominium units and townhouses as an	
option for homeownership	

RCW, Bill Number, Brief Description for 2023 Legislative Session	Counties/Cities Other interested parties affected
Brief description:	
This bill imposes new requirements on condo associations seeking to bring a construction defect claim and imposes additional pre-litigation procedural requirements with the intent to better resolve disputes and encourage the construction of more housing. The bill also created a Down Payment Assistance Account funded by the REET. Impact fee schedules must now reflect the proportionate impact of new housing units based on the square footage and number of bedrooms, or trips generated, in the housing unit, to produce a proportionally lower impact fee for smaller housing units.	
All cities, towns, and counties must include in their short plat regulations procedures for unit lot subdivisions allowing division of a parent lot into separately owned unit lots.

	parties affected
RCW 36.70A.130	Counties and cities
HB 1241 – Relating to planning under the GMA. (Ch. 192 Laws 2022)	
Effective date: June 9, 2022	
Brief Description:	
This bill changes the comprehensive plan periodic update from every eight years to every ten years and established the next deadline being December 31, 2024 for King, Kitsap, Pierce, and Snohomish counties and the cities within them. In addition, counties meeting certain population or growth thresholds, and certain cities within them, must provide the Department of Commerce with an implementation progress report five years after the periodic comprehensive plan adoption. Commerce must develop guidelines for the report, including:	
 The implementation of previously adopted changes to the housing element and the effect of those changes on housing affordability and availability within the jurisdiction; Permit processing timelines; and Progress toward implementing actions required to achieve reductions to meet greenhouse gas and vehicle miles traveled requirements as provided for in any element of the comprehensive plan. 	
If a covered jurisdiction has yet to implement any changes that were included in the most recent period update or has not taken legislative or administrative actions necessary to implement the changes by the implementation progress report due date, then that jurisdiction must identify the need for changes or action in its report, adopt a work plan to implement the changes, and complete all work necessary for implementation within two years of the report's submission.	
RCW 36.70A.040210.	Counties, Cities,
HB 1717 – Relating to tribal participation in GMA planning. (Ch. 252 Laws 2022)	regional planning
Effective date: June 9, 2022	authorities, and
	tribes.

RCW, Bill Number, Brief Description for 2022 Legislative Session	Counties/Cities Other interested
	parties affected
Brief description:	
Federal agencies and tribes with a reservation or ceded lands within a county are required to be invited to participate in the countywide planning process. A federally recognized Indian tribe may voluntarily choose to participate in the county or regional planning process and coordinate with the counties and cities required to plan under the GMA. Once a local government receives notice from a tribe whose reservations or ceded land are in the county that the tribe has or will have a parallel planning process, the local government must enter into good faith negotiations with the tribe to attempt to reach a mutually acceptable memorandum of agreement regarding collaboration and participation in the planning process, including coordinating planning for urban growth. If such agreement cannot be reached, the local government and tribe must enter mediation. A tribe may also request that Commerce provide facilitation services to resolve issues that it has with a local government's comprehensive planning. Delay of adoption of a local government's comprehensive plan or development regulations due to this dispute resolution are not subject to GMHB appeal regarding the delay.	
Countywide planning policies must include policies that address the protection of tribal cultural resources in collaboration with tribes that choose to participate in the planning process. When a city's comprehensive plan includes a port element, the city must develop the element collaboratively with the port and any tribe that is participating in the planning process through a MOA.	
RCW 36.70A.540	Counties and cities
HB 2001 – Relating to expanding the ability to build tiny houses. (Ch. 275 Laws 2002) Effective date: June 9, 2022	
Brief Description:	
The bill adds tiny house communities, which were legislatively authorized in 2017, to the type of housing eligible for affordable housing incentive programs established by local governments under the GMA through comprehensive plans and development regulations.	
RCW 36.70A.067	Counties
SB 5042 – Relating to the effective date of certain actions taken under the GMA. (Ch. 218 Laws 2022).	
Effective date: June 9, 2022	
Brief Description:	
The bill establishes the effective date of an action that expands a UGA; removes the designation of agricultural, forest, or mineral resource lands; creates or expands a LAMIRD; establishes a new fully contained community; or creates or expands a master planned resort is the later of the following:	
 60 days after the date of public of notice of adoption of the comprehensive plan, development regulation, or amendment to the plan or regulation, implementing the action; or If a petition for review to the Growth Management Hearings Board is timely filed, upon 	
issuance of the board's final order.	
This eliminates a vesting loophole that previously allowed these actions to proceed due to Washington's early vesting law, even when an action is subsequently invalidated by the GMHB.	

RCW, Bill Number, Brief Description for 2022 Legislative Session	Counties/Cities Other interested parties affected
RCW 36.70A.070 SB 5275 – Relating to enhancing opportunity in LAMIRDs. (Ch. 220 Laws 2022). Effective date: June 9, 2022	Counties
Brief Description:	
The bill amends current LAMIRD requirements by allowing for:	
 Development and redevelopment within a LAMIRD with confirmation that existing providers of public facilities and services have sufficient capacity to serve new or additional demand from the development or redevelopment. 	
 Changes to land use designations on vacant land if new development and redevelopment is consistent with the county definition of local rural character. 	
 Commercial development or redevelopment within mixed-use areas to serve existing and projected rural populations with a footprint limitation of up to a maximum of 5,000 square feet. New uses of retail or food service space cannot exceed 2,500 square feet. 	
RCW 36.70A.130 SB 5593 – Relating to UGA boundaries. (Ch. 287 Laws 2022). Effective date: June 9, 2022	Counties, cities, and service providers.
Brief Description:	
Each county that designates UGAs must review the patterns of development within the UGA during the periodic comprehensive plan update. If, during this review, the county determines the patterns of development have created pressure in areas that exceed the available and developable lands within the UGA, the county may revise the UGA to accommodate identified patterns of development and future development pressure for the succeeding 20-year period. Areas added to the UGA must not be designated as natural resource lands or contain more than 15 percent critical areas.v The areas added must be suitable for urban growth and contiguous. The revision may not result in an increase in the total surface area of the existing UGA.	
A jurisdiction's transportation element and capital facility plan element must identify the transportation facilities, public facilities, and related services needed to serve the added areas to the UGA, including funding sources.	
RCW 36.70A.600, .070 and Ch. 43.21C RCW (SEPA) SB 5818 – Relating to promoting housing construction in cities through amendments to and limiting appeals under SEPA and the GMA. Effective date: June 9, 2022	
Brief Description:	
Any nonproject action taken by a fully planning city to implement certain optional planning actions to increase residential building capacity is permanently exempt from administrative and judicial appeal under SEPA. The adoption of ordinances, development regulations, and amendments to such regulations and other nonproject actions taken by a fully planning city that increases housing capacity and affordability and mitigates displacement, outside of critical areas, are exempt from	

RCW, Bill Number, Brief Description for 2022 Legislative Session	Counties/Cities
	Other interested
	parties affected
administrative and judicial appeals under SEPA, except for nonproject actions having a probable significant adverse impact on fish habitat.	
The SEPA exemption for project actions related to a residential, multifamily, or mixed-use development on the basis of or impacts to the transportation elements of the environment only applies if WSDOT has not found that the project will present significant adverse impacts to the state-owned transportation system. Impacts to aesthetics or light and glare are exempt from SEPA if the project is subject to adopted design review requirements.	
Ecology must undergo expedited rulemaking to modify rule-based SEPA categorical exemptions to SEPA as follows:	
 Add four attached single-family residential units to the current exemption for certain types of construction. 	
 Create a new exemption level for single-family residential project types with a total square footage of fewer than 1500 square feet in incorporated UGAs of at least 100 units. 	
 Increase the exemption level for multifamily residential project types in incorporated UGAs from 60 units to 200 units. 	
Add the following sentence to the categorical exemptions for minor new construction: "The	
city, town, or county must document the result of its outreach with the department of	
transportation on impacts to state-owned transportation facilities, including consideration of whether mitigation is necessary for impacts to state-owned transportation facilities."	
Any applicant whose project qualifies as exempt under SEPA is not required to file an environmental	
checklist if other information is available to establish that a project qualifies for an exemption.	
Title 70A RCW (Environmental Health and Safety), Ch. 36.70A RCW (GMA), Ch. 36.70 RCW	Counties and cities
(Planning Enabling Act), and related statutes	
HB 1799 – Relating to organic materials management	
Effective date: June 9, 2022	
Brief description:	
Beginning January 1, 2027, each county or city that implements a local solid waste plan must provide source-separated organic waste collection services at least either biweekly or 26 weeks annually to all residents and non-residential customers that generate at least 0.25 cubic yards of organic materials per week, and must provide for organic materials management of collected organic materials. Cities and counties may charge and collect fees or rates for these services, consistent with existing authority to impose fees and rates for solid waste collection services. These requirements do not apply to certain jurisdictions and certain areas described in the bill.	
Jurisdictions implementing local solid waste management plans may not site the increase or expansion of an existing organic materials management facility that processed more than 200,000 tons of material relative to 2019 levels, except that this limitation does not apply to anaerobic digesters.	
By January 1, 2023, cities and counties with a population of at least 25,000 or in which organic material collection services are provided must adopt a compost procurement ordinance to implement the 2020 requirement for local governments to consider the use of compost products in projects and to use compose products in a project except when availability, health, quality, safety, or price-competitive criteria are not met. They must develop strategies to inform residents	

RCW, Bill Number, Brief Description for 2022 Legislative Session	Counties/Cities Other interested parties affected
regarding the jurisdiction's use of compost and the value of compost and give priority to purchasing compost products that produce compost locally, are certified by a nationally recognized organization, the product products derived from municipal solid waste compost programs, and that meet quality standards. The bill creates additional procurement options for local governments.	

2021 Legislative Session

RCW, Bill Number, Brief Description for 2021 Legislative Session	Counties/Cities Other interested parties affected
RCW 36.70A.020, .030, .070, .390; chapter 35A.21 RCW; chapter 35.21 RCW HB 1220 – Relating to supporting emergency shelters and housing through local planning and development regulations. (Ch. 254 Laws 2021) Effective date: July 25, 2021	Counties and cities
Brief Description:	
Commerce will provide jurisdictions with existing and projected housing needs that identify the number of housing units necessary to manage projected growth, including units for moderate, low, very low, and extremely low-income households as well as emergency housing, emergency shelters, and permanent supportive housing.	
The housing element of comprehensive plans is updated to require GMA planning counties and cities to do the following:	
 Include moderate density housing options within the UGA and include mandatory provisions for the preservation, improvement, and development of housing. Identify sufficient land and zoning capacities for the following housing types based on the housing needs provided by Commerce: moderate, low, very low, and extremely low-income households; emergency housing, emergency shelters, and permanent supportive housing; and within the UGA, consideration of duplexes, triplexes, and townhomes. Plan for and accommodate, rather than just encourage the availability of, affordable housing for the economic segments described above by doing the following: Incorporate special consideration for low, very low, extremely low, and moderate-income households; 	
 Document programs and actions needed to achieve housing availability, including gaps in local funding, barriers such as development regulations, and other limitations; Consider housing locations in relation to employment locations; Consider the role of ADUs in meeting housing needs. 	
 Identify local policies and regulations that result in racially disparate impacts, displacement, and exclusion in housing and implement policies and regulations to address and being to undo them. 	
 Identify areas at high risk of displacement from market forces that occur with changes to zoning, development regulations, and capital investments. Establish anti-displacement policies 	
Cities may not prohibit transitional housing or permanent supportive housing in any zones where residential dwelling units or hotels are allowed. Cities may not prohibit indoor emergency shelters or indoor emergency housing in any zones where hotels are allowed, except for cities that have	

RCW, Bill Number, Brief Description for 2021 Legislative Session	Counties/Cities Other interested parties affected
adopted an ordinance authorizing such shelters and housing in a majority of zones within a 1-mile proximity to transit. Cities may impose reasonable occupancy and use regulations on such shelters and housing but those regulations may not prevent the siting of a sufficient number to accommodate the need.	
RCW 36.70A.330 and RCW 43.155.070; chapters 35A.14 RCW, 36.70A RCW, 43.160 RCW, 80.36 RCW, and 43.330 RCW. SB 5368 – Relating to encouraging rural economic development. (Ch. 312 Laws 2021) Effective date: July 25, 2021	Counties and Cities
Brief Description:	
This bill allows code cities and counties to enter into an interlocal agreement for the purpose of facilitating city annexation of unincorporated UGA territory, including collaborating on the jurisdictional transfer of commercial, industrial, and residential properties and facilities.	
The bill also authorizes the Growth Management Hearings Board to refer a finding of noncompliance to Commerce to facilitate a speedy resolution.	

2020 Legislative Session

RCW, Bill Number, Brief Description for 2020 Legislative Session	Counties/Cities Other interested parties affected
RCW 36.70A.130 HB 2342 – Relating to aligning the timing of comprehensive plan updates required by the growth management act with the timing of shoreline master program updates required by the shoreline management act. (Ch. 113 Laws 2020) Effective date: 6/11/2020 Effective date (Section 2): 7/1/2025	Counties and cities
Brief Description: This amendment updated the GMA periodic update schedule to better align the GMA update cycle with the census and makes associated changes to the Shoreline Management Act (SMA) schedule. The new GMA schedule took effect June 11, 2020. (The new SMA schedule changes, RCW 90.58.080, changes take effect July 1, 2025.)	
 New GMA periodic update schedule: The following counties, and the cities within them, are required to review and, if needed, revise their comprehensive plans and development regulations by June 30, 2024, and every eight years thereafter: King, Kitsap, Pierce, and Snohomish. The following counties, and the cities within them, are required to review and, if needed, revise their comprehensive plans and development regulations by June 30, 2025, and every eight years thereafter: Clallam, Clark, Island, Jefferson, Lewis, Mason, San Juan, Skagit, Thurston, and Whatcom. The following counties, and the cities within them, are required to review and, if needed, revise their comprehensive plans and development regulations by June 30, 2026, and every 	

RCW,	Bill Number, Brief Description for 2020 Legislative Session	Counties/Cities Other interested parties affected
	eight years thereafter: Benton, Chelan, Cowlitz, Douglas, Franklin, Kittitas, Skamania,	
	Spokane, Walla Walla, and Yakima.	
•	The following counties, and the cities within them, are required to review and, if needed,	
	revise their comprehensive plans and development regulations by June 30, 2027, and every	
	eight years thereafter: Adams, Asotin, Columbia, Ferry, Garfield, Grant, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, and Whitman.	
	6.70A.600 through .620, and RCW 36.70A.030.	Cities
	l3 – Relating to urban housing supply. (Ch. 173 Laws 2020) ve date: 6/11/2020	
Brief D	escription:	
•	Adds to provisions of E2SHB 1923 (2019), extending timelines and adding to the list of	
	activities that cities are encouraged to take in order to increase residential building capacity.	
•	The date by which cities must take certain planning actions to increase residential building	
	capacity in order for those actions to be exempt from administrative or judicial appeal	
	under the GMA and the State Environmental Policy Act (SEPA) is changed from April 1,	
	2021, to April 1, 2023.	
•	Reduces requirements for bus frequency from four times an hour to two times an hour for	
	very or extremely low income (30-50% AMI) relating to parking reductions.	
•	Adds parking reductions for market rate housing: "For market rate multifamily housing	
	units that are located within one-quarter mile of a transit stop that receives transit service	
	at least four times per hour for twelve or more hours per day, minimum residential parking	
	requirements may be no greater than one parking space per bedroom or .75 space per unit.	
	A city may establish a requirement for the provision of more than one parking space per	
	bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to	
	be in an area with a lack of access to street parking capacity, physical space impediments,	
	or other reasons supported by evidence that would make on-street parking infeasible for	
	the unit."	
•	The GMA definition of "permanent supportive housing" is modified.	
	6.70A.696 through .699	Cities
	7 – Relating to accessory dwelling unit regulation. (Ch. 217 Laws 2020) ve date: 6/11/2020	
Brief D	escription:	
•	Requires, by July 1, 2021, any city within a GMA county must adopt or amend regulations	
	so as to not require off-street parking for accessory dwelling units (ADUs) within 0.25 mile	
	of a "major transit stop" unless the city determines the ADU is in an area with a lack of	
	access to street parking capacity, physical space impediments, or other reasons that would	
	make on-street parking infeasible for the ADU.	
•	A city that has adopted or substantively amended its ADU regulations within the previous	
	four years is exempt from the new ADU requirements regarding off-street parking.	
•	"Major transit stop" is defined as:	
	 A stop on certain high capacity transportation systems; 	
	o Commuter rail stops;	
	 Stops on rail or fixed guideway systems, including transit-ways; 	

RCW, Bill Number, Brief Description for 2020 Legislative Session	Counties/Cities Other interested parties affected
 Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or Stops for a bus or other transit mode providing fixed route service at intervals of at least 15 minutes during the peak hours of operation. 	
RCW 36.70A.200 HB 2640 – Relating to clarifying that facilities that are operated by a private entity in which persons are detained in custody under process of law pending the outcome of legal proceedings are not essential public facilities under the growth management act. (Ch. 128 Laws 2020) Effective date: 3/25/2020	Counties and cities
Brief Description: This bill updates the GMA provision governing the siting of essential public facilities, and exclude private detention facilities from the definition of essential public facilities. It further clarifies that this exclusions does not apply to mental health facilities. Those facilities remain essential public facilities. It applies to only facilities for pretrial detention. It applies retroactively as well as prospectively.	
RCW 36.70A.250 through .280 SB 6574 – Relating to clarifying the respective administrative powers, duties, and responsibilities of the growth management hearings board and the environmental land use and hearings office. (Ch. 214 Laws 2020) Effective date: 6/11/2020	Counties, cities and members of the public
Brief Description: This bill is governor request legislation designed to align the structure and practice of the Growth Management Hearings Board (GMHB) with the rest of the Environmental and Land Use Hearings Office to improve administration. The bill changes the size of the board, adjusts the qualifications of board members and the procedures for appointing board members and makes other miscellaneous changes to the composition and operations of the GMHB.	
RCW 43.21C.229 HB 2673 – Relating to exemptions for infill development under the state environmental policy act. (Ch. 87 Laws 2020) Effective date: 6/11/2020	Counties and cities
Brief Description: This bill amends RCW 43.21C.229, and changes the standard for use of optionally SEPA categorical exemption for infill development to include development in areas where population is roughly equal to projections in comprehensive plan and development regulations, rather than limiting it to areas where it is less than such projections.	
RCW 84.14.020 HB 2950 – Relating to addressing affordable housing needs through the multifamily housing tax exemption by providing an extension of the exemption until January 1, 2022, for certain properties currently receiving a twelve-year exemption and by convening a work group. (Ch. 237 Laws 2020) Governor partial veto – Section 3 not approved. Effective date: 6/11/2020	Counties and cities

RCW, Bill Number, Brief Description for 2020 Legislative Session	Counties/Cities Other interested parties affected
Brief Description: This bill extends the multifamily property tax exemption (MFTE) for certain properties through December 31, 2021.	
Governor's partial veto: Section 3 directs the Department of Commence to contract with a nonprofit facilitator to convene a work group to study and make recommendations on certain aspects of the multifamily property tax exemption program. The department is also required to provide a follow-up report to the Legislature and the Joint Legislative Audit and Review Committee by December 1, 2020. However, the work required under Section 3 is not funded in the budget. For these reasons I have vetoed Section 3 of Substitute House Bill 2950.	

2019 Legislative Session

RCW, Bill Number, Brief Description for 2019 Legislative Session	Counties/Cities Other interested parties affected
RCW 36.70A.545 (and RCW 35A.63.300, and RCW 35.63.280) HB 1377 – Relating to affordable housing development on religious organization property. (Ch. 218 Laws 2019) Effective date: 7/28/2019	Counties and cities
 A city planning under certain planning enabling statutes, or a city or county fully planning under the GMA, must allow an increased density bonus consistent with local needs for any affordable housing development of any single-family or multifamily residence located on real property owned or controlled by a religious organization if the affordable housing development under certain conditions outlined under RCW 36.70A.545. A city or town, code city, or county may develop policies to implement the increased density bonus if it receives a request from a religious organization for the increased density bonus. The religious organization developing the qualifying affordable housing must pay all fees, mitigation costs, and other charges required and, if applicable, should work with local transit agencies to ensure appropriate transit services are provided to the affordable housing development. An affordable housing development created by a religious institution within a city or county fully planning under the GMA must be located within an urban growth area. 	
RCW 36.70A.600 through 620; and RCW 36.70A.030 HB 1923 – Relating to increasing urban residential building capacity. (Ch. 348 Laws 2019) Effective date: 7/28/2019 Effective date (Section 11): 7/1/2019 Brief Description: This is a multifaceted bill designed to increase residential capacity in larger cities.	Cities

RCW, Bill Number, Brief Description for 2019 Legislative Session	Counties/Cities Other interested parties affected
 Encourages fully planning cities to take certain actions designed to increase residential building capacity. The bill lists twelve qualifying measures they are encouraged to adopt. If a city intends to adopt actions before July 30, 2021 they can apply to Commerce for a grant of up to \$100,000 to support the effort. Implementation actions taken before this deadline are also shielded from SEPA and GMA appeal. Cities may also gain eligibility through development of a housing action plan. A housing action plan is an expanded version of the housing needs analysis. The bill also directs the Washington Center for Real Estate Research to produce a report every two years that compiles housing supply and affordability metrics for all fully planning cities. This data is designed for use with drafting the housing action plan. The bill also contains two mandatory requirements designed to reduce pressure on housing supply. The first is a requirement to all permanent supportive housing in all multifamily areas. The second is limitations on minimum parking requirements. In order to fund the grants and the production of the housing data profiles, the bill establishes a \$2.50 increase in the document-recording fee. 	
RCW 43.330.515 and .520 SB 5748 – Relating to creating an account to support necessary infrastructure nearby military installations. (Ch. 404 Laws 2019) Effective date: 7/28/2019	Counties and cities, and certain entities also identified in this bill.
 Brief Description: The bill creates the defense community compatibility account. The account funds grants to local governments, or entities who have an agreement with a military installation under the Readiness and Environmental Protection Integration (REPI) program. Eligible projects include: Acquisition of real property or real property interests to eliminate an existing incompatible use; Projects to jointly assist in the recovery or protection of endangered species dependent on military installation property for habitat; Projects or programs to increase the availability of housing affordable to enlisted military personnel and nonmilitary residents in the local community. Projects to retrofit existing uses to increase their compatibility with existing military operations. Projects to enable local communities heavily dependent on a nearby military installation to diversify the local economy so as to reduce the economic dependence on the military base; Projects that aid communities to replace jobs lost in the event of a reduction of the military presence; Local infrastructure or facilities necessary to help a community accommodate an expanded military presence in their community; Projects that improve or enhance aspects of the local economy, environment, or quality of life impacted by the presence of military activities. Commerce must produce a biennial report with a prioritized list of projects, and may develop rules to implement this section. 	Counties sittles
RCW 36.70A.270 SB 5151 – Relating to requiring the growth management hearings board to topically index the rulings, decisions, and orders it publishes. (Ch. 452 Laws 2019) Effective date: 7/28/2019	Counties, cities, and members of the public.

RCW, Bill Number, Brief Description for 2019 Legislative Session	Counties/Cities Other interested parties affected
Brief Description: Environmental & Land Use Hearings Office must coordinate with the Growth Management Hearings Board, the Department of Commerce, and other interested stakeholders to develop and maintain a rational system of categorizing rulings, decisions, and orders. The website must allow a user to search GMHB decisions and orders by topic, party, and geographic location or by natural language. All rulings, decisions, and orders issued before January 1, 2019, must be published by June 30, 2021.	

2018 Legislative Session

		RCW 36.70A.590	Counties and cities
		SB 6091 - Relating to ensuring that water is available to support development.	
(Ch.1 Laws 2018) Effective date 1/19/2018			
Brief Description:			
Addresses the availability of water to support development. For the purposes of complying with the			
GMA relating to surface and groundwater resources, a county or city may rely on or refer to			
applicable minimum instream flow rules adopted by Ecology. Development regulations must ensure			
that proposed water uses are consistent with the permit-exempt groundwater statute and with			
applicable rules when making building permit and subdivision decisions.			

2017 Legislative Session

CW, Bill Number, Brief Description for 2017 Legislative Session	Counties/Cities Other interested parties affected
RCW 36.70A.211 and .212	Pierce County
HB 1017 – Relating to the siting of schools and school facilities.	
(Ch. 129 Laws 17) Governor vetoed Section 1.	
Effective date 7/23/2017	
Brief Description (Sections 2-3):	
Pierce County may authorize the siting of a school in a rural area to serve students from an urban area, even when otherwise prohibited by multicounty policies if the county has adopted a comprehensive plan policy concerning the siting of schools in rural areas. Such a school may not collect impact fees.	
 Vision 2040, the multicounty planning policy document is to be amended at its next update (2020) to include a policy addressing the siting of schools in rural areas. (This policy would cover all four PSRC counties). 	
• Each school district that sites schools under Section 2 must participate in the county's next	
GMA update (due in 2023 for Pierce County), to:	
 Coordinate on enrollment forecasts and projections 	
 Identify school siting criteria, with the county, cities and PSRC 	

RCW, Bill Number, Brief Description for 2017 Legislative Session	Counties/Cities Other interested parties affected
 Identify suitable school sites with the county and cities with priority to siting urban serving schools in existing cities and towns in locations where students can safely walk and bicycle to school from the homes, and can effectively served by transit Identify schools costs and include this in the capital facilities plan element. 	
Governors' partial veto (Section 1)**: First, any extension of urban services to serve a rural school must be limited to the size and scale needed to support the long-term needs of the school. Second, the land surrounding a new rural school must maintain its rural character and housing density as specified in RCW 36.70A.070(5). Finally, in order for schools to be sited outside the Urban Growth Boundary Line, school districts must demonstrate that there is no suitable land available within the Urban Growth Area. For these reasons I have vetoed Section 1 of Engrossed Substitute House Bill 1017.	
** Note: See HB 2243 (2017) below.	
RCW 37.70A.690 HB 1503 – Relating to preventing unfunded mandates involving on-site sewage systems from affecting local governments and property owners. (Ch. 105 Laws 17) Effective date 7/23/2017 Brief Description:	Counties and cities. Property owners (pertaining to self- inspection of septic systems)
 Declares that the Growth Management Act (GMA) does not preclude counties from certifying homeowners, or their family members or tenants, to inspect their on-site sewage systems (OSS). Declares that counties are not relived of the obligation to protect water quality under the GMA. Governor signed 	
RCW 36.70A.030, .060, .070, and .108 SB 5517 – Concerning rail dependent uses for purposes of the growth management act and related development regulations. Governor vetoed	Clark, Okanogan
 Brief Description: Adds definitions of "freight rail dependent uses" and "short line railroad" to the Growth Management Act (GMA). Direct the Department of Commerce to submit a report to the Legislature by November 15 of each-even numbered year, beginning in 2022 and ending in 2032, that describes any job gains, tax impact, and impacts to resource lands resulting from freight rail dependent uses sited under the GMA. 	
 Authorized Clark and Okanogan counties to allow rail dependent industrial uses on resource lands adjacent to short line railroads. Authorizes Clark and Okanogan counties to include development of freight rail dependent uses on land adjacent to railroad lines and infrastructure in the transportation element of their comprehensive plan. 	
RCW 36.70A.110 HB 1683 – Addressing sewer service within urban growth areas. (Chapter 305 Laws 2017) Effective date 7/23/2017	Counties and cities. Utility districts and Property owners.

RCW, Bill Number, Brief Description for 2017 Legislative Session	Counties/Cities Other interested parties affected
Brief Description: Specifies that GMA fully planning counties, cities, and utilities are not obligated to install sanitary sewer systems to certain properties within urban growth areas served by on-site sewage systems.	
HB 2243-Concerning the siting of schools and school facilities Governor signed C32 L 2017 3 rd Special Session. Effective date 10/19/2017	Counties and cities
 Provides that the Growth Management Act (GMA) does not prohibit a county planning fully under the GMA from authorizing the extension of public facilities and utilities to serve a school located in a rural area that serves students from a rural area and an urban area, so long as certain requirements are met. Authorizes the extension of public facilities and utilities extended to a school located outside an Urban Growth Area (UGA),. Provides that the GMA does not prohibit the expansion, modernization, or placement of portable classrooms at an existing school in a rural area. Directs the Department of Commerce to submit a report to the Legislature in 2023 that reports on the schools built under this legislation. Note: how this is related to ESHB 1017: During the 2017 Legislative Session, the Legislature passed Engrossed Substitute House Bill (ESHB) 1017, which dealt with the topic of siting schools in rural areas under the GMA. Governor signed ESHB 1017 into law, but in so doing, vetoed section 1 of ESHB 1017. The vetoed provisions were signed into law as part of HB 2243. 	
SB 5254–Relating to ensuring adequacy of buildable lands and zoning in urban growth areas and providing funding for low-income housing and homeless programs Governor signed C16, L 2017 3 Rd Special Session, Effective date 10/19/2017 Brief Description:	Buildable Lands Counties: Clark, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties.
 Extends the \$40 local homeless housing and assistance surcharge to 2023. Allows revenue from the local real estate excise tax (REET II) to be used for homeless housing development through 2019, subject to certain conditions. Makes certain changes to the Growth Management Act's buildable lands program through 2030, including making Whatcom County subject to buildable lands program requirements and requiring that county buildable land reports be completed at least two years prior to scheduled comprehensive plan updates. Requires the Department of Commerce to contract for the development of buildable lands program guidance for use by local governments. Exempts projects with environmental impacts that have been addressed in a planned actions designated by local governments that encompass areas located near transit stops from further environmental review under the State Environmental Policy Act (SEPA). 	Note: Portions of the bill only affect newly added Whatcom County.

RCW, Bill Number, Brief Description for 2017 Legislative Session	Counties/Cities Other interested
	parties affected
RCW 36.70A, .070	Cities, Counties
SSB 5790 – Concerning the economic development element of the growth management act. Governor partial veto – Section 3 not approved. Chapter 331, 2017 Laws PV, Effective date 7/23/2017	
Brief Description:	
The bill amends the rural element requirement to allow innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses. It also removes the following provisions from the economic development element: • A summary of the local economy • A summary of the strengths and weaknesses of the local economy, and • An identification of policies, programs, and projects to foster economic growth and development and to address future needs.	
The Governor partially vetoed a section of the bill that would have allowed smaller counties to identify stagnate or deteriorating economic industries in rural areas and "seize economic opportunities that may deviate" from the GMA in order to encourage economic development. The vetoed section would have required the GMHB to afford deference to local development choices that prioritize economic development in rural areas for certain jurisdictions.	
SB 5806-Concerning preliminary work to develop a process for planning for a new interstate 5 bridge spanning the Columbia river. Governor signed. C288 L2017. Effective date 7/23/2017 The process for designating a project of statewide significance is modified to allow for a legislative	Cities and Counties
designation. Projects of statewide significance that are designated by the Legislature are exempted from the application requirements.	

2016 Legislative Session

No Growth Management Act Amendments	Cities/Counties
for 2016 Legislative Session	Affected

EHB 1653 - Clarifying the Integration of Shoreline Management Act policies with the Growth	cities with shorelines.
Management Act.	snorennes.
Brief Description:	
Modifies provisions in the Growth Management Act (GMA) pertaining to the integration of the GMA and the Shoreline Management Act. Establishes new provisions in the GMA pertaining to the regulation and protection of critical areas that are located within shorelines of the state. Declares an emergency and establishes a July 27, 2003, application date. Clarifies that, with certain exceptions, critical area regulations adopted under the GMA apply within	
Shoreline areas. These regulations apply until Ecology approves either a comprehensive, new shoreline management program (SMP) that meets Ecology's guidelines, or a SMP amendment specifically related to critical areas. The new law specifies that legally existing structures and uses in shoreline areas that are within protection zones created by local critical areas ordinances (CAOs) may continue as conforming uses. The law also provides criteria about how these structures and uses may be redeveloped or modified. In addition, the bill also addresses existing and ongoing farming practices.	
RCW 36.70A ESHB 2538 - Regarding High-Density Urban Development - Encourages certain cities that plan under the GMA to include compact development in their comprehensive plans.	A city with a population greater than 5,000 that is required to plan

Brief Description: Amends the Land Use Petition Act (LUPA) to clarify when the 21-day time limit for the filing of judicial appeals to local land use decisions begins.	under LUPA.
RCW 36.70A SHB 2935 - Regarding Environmental and Land Use Hearings Boards	None.
Brief Description: Creates the Environmental and Land Use Hearings Office by consolidating the powers, duties, and functions of the Environmental Hearings Office and the Growth Management Hearings Boards. Reduces the number of state boards that conduct administrative review of environmental and land use decisions.	
RCW 36.70A.110, .130, .172, .250, .260, .270, .280, .290 SSB 6214 - Restructuring the three Growth Management Hearings Boards into one Board	None.
Brief Description: Consolidates the powers, duties, and functions of the three regional Growth Management Hearings Boards into a single, seven-member Growth Management Hearings Board. Specifies that petitions for review before the consolidated board must be heard and decided by a regional panel of three board members. Specifies provisions for the adjudicative and operational functioning of the consolidated board.	
RCW 36.70A.200 SB 6279 - Clarifying Regional Transit Authority Facilities as Essential Public Facilities.	A county or city planning under GMA.
Brief Description: Adds regional transit authority facilities to the list of essential public facilities delineated under the GMA.	GMI.
RCW 36.70A.5601	A county or city that intends to amend or

RCW, Bill Number, Brief Description for Legislative Session 2010	Cities/Counties Affected
SSB 6520 - Extending time to complete recommendations under RCW 36.70A.5601 conducted by the William D. Ruckelshaus Center	adopt a CAO affecting agricultural lands.
Brief Description: Extends a provision that temporarily prohibits counties and cities from amending or adopting certain changes to critical areas ordinances (CAOs) by one additional year to July 1, 2011. Specifies that counties and cities subject to the temporary prohibition are required to review and, if necessary, revise their applicable CAOs between July 1, 2011 and December 1, 2012. Grants the William D. Ruckelshaus Center, in completing its examination of the conflicts between agricultural activities and CAOs, one additional year to conclude certain examination tasks and a final report by September 1, 2010.	
RCW 36.70A.130 SSB 6611 - Extending the deadlines for the review and evaluation of comprehensive land use plan and development regulations for three years and addressing the timing for adopting certain subarea plans.	See below first column Brief Description on SSB 6611 for Cities/Counties Affected for this
Brief Description: Establishes a new recurring seven-year review and revision schedule for comprehensive plans and development regulations adopted under the GMA, which includes jurisdictions that had a December 1, 2007 deadline that qualified for and used a former three year extension. (Note: These new deadlines take effect following the existing requirement by jurisdictions to complete the review of comprehensive plans and development regulations between December 1, 2004 and December 1, 2007).	bill.
Establishes and modifies requirements applicable to subarea plans in provisions of the GMA that generally prohibit comprehensive plan amendments from occurring more frequently than annually. Such subarea plans must clarify, supplement, or implement jurisdiction-wide comprehensive plan policies, and may only be adopted after appropriate environmental review under SEPA.	
In addition, amendment of a comprehensive plan to take place more than once per year when the amendment is for a subarea plan for economic development located outside a 100-year floodplain in a county that completed a state-funded pilot project based on watershed characterization and local habitat assessment.	
Cities/Counties Affected: On or before December 1, 2014, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;	
On or before December 1, 2015, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;	
On or before December 1, 2016, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those Counties;	
On or before December 1, 2017, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.	

RCW, Bill Number, Brief Description for Legislative Session 2010	Cities/Counties Affected
Exceptions include a three-year extension for qualifying counties with fewer than 50,000 residents, qualifying cities with fewer than 5,000 residents, and provisions for jurisdictions making substantial progress with certain regulatory requirements.

to cities to support development of the container port elements. Declares key freight transportation corridors that serve qualifying marine port facilities to be transportation facilities and services of statewide significance.	
RCW 36.70A.030 EHB 2242 – Creating a Department of Commerce, amend section	None.
Brief Description: A Department of Commerce is created to replace the Department of Community, Trade and Economic Development. By November 1, 2009, the Director is to develop a report, with analysis and recommendations for the Governor and appropriate legislative committees, on statutory changes for effective operation of the department. This is to be done in collaboration with the Office of Financial Management, the Governor's Office, the Economic Development Commission, and legislators from policy and fiscal committees. Input from a broad range of stakeholders is required. The Code Reviser is directed to prepare legislation for the 2010 session that changes all statutory references from the "Department of Community, Trade, and Economic Development" to the "Department of Commerce."	
RCW 36.70A.110 EHB 1967 – One hundred year floodplains Brief Description: Prohibiting expansions of urban growth areas into one hundred year floodplains. A county, city, or town is generally prohibited from expanding an urban growth area into the 100-year floodplain of any river or river segment that is located west of the crest of the Cascade Mountains and has a mean annual flow of 1,000 or more cubic feet per second, except under certain specified circumstances.	Counties and cities west of Cascade Crest, if expanding urban growth areas into 100-year floodplains.
RCW 36.70A.110, .115, .210 SHB 1825 – Identifying specific facilities planning requirements under the growth management act, amend section Brief Description: Each city within a county fully planning under the Growth Management Act must identify areas sufficient to accommodate the full range of needs and uses that will accompany projected urban growth. The land uses that must be identified include facilities for medical, governmental, institutional, commercial, service, retail, and other nonresidential uses. Countywide economic development and employment policies must include consideration of the future development of commercial and industrial facilities. A county or city that chooses to amend their comprehensive plan to accommodate projected housing and employment growth must also include sufficient land capacity to accommodate commercial and industrial uses.	Cities and counties fully planning under the Growth Management Act.
EHB 1464 – Concerning affordable housing incentive programs. Brief Description: Clarifies provisions governing affordable housing incentive programs that may be enacted or expanded in jurisdictions planning under the Growth Management Act	Cities and counties fully planning under the Growth Management Act. 	Affected
RCW 36.70A	Any qualifying
SHB 1135: AN ACT Relating to aquifer conservation zones in qualifying island cities	island city that
without access to potable water sources outside their jurisdiction; and adding a new	meets specified
section to chapter 36.70A RCW.	criteria.
Brief Description: Allows any qualifying island city to designate one or more aquifer conservation zone to conserve and protect potable water sources. Specifies that conservation zones may not be considered critical areas except to the extent that specific areas located within zones qualify for critical area designation and have been designated as such. Allows a city declaring one or more conservation zone to consider whether an area is within a zone when determining the residential density of that area.	
Specifies that residential densities within conservation zones, in combination with other densities of the city, must be sufficient to accommodate projected population growth.	
RCW 36.70A Amending RCW 76.09.240 SHB 1409: AN ACT Relating to the transfer of jurisdiction over conversion-related forest practices to local governments.	Counties and cities meeting qualifying criteria.
Brief Description: The process for transferring authority to approve or disapprove forest practices applications is repealed. A new mechanism with new dates is established. Some counties and cities are required to adopt forest practices approval ordinances by the end of 2008, while the other counties and cities retain the discretion to not assume the responsibility for approving forest practices. The requirements on local governments vary depending on whether a county plans under the Growth Management Act (GMA), although the path for transferring jurisdiction remains constant across all counties.	
The trigger for determining if a county or city is required to adopt these ordinances is the number of forest practices applications that have been submitted within the county for the	

RCW, Bill Number, Brief Description for Legislative Session 2007	Cities/Counties Affected
time period between January 1, 2003, and December 31, 2005, and whether the county plans under the GMA.	
For counties planning under the GMA, if more than 25 Class IV applications had been filed to the DNR between those dates for properties within a specific county, then that county, and the cities within it, are required to adopt forest practices approval ordinances.	
If the number is less than 25, or if the county does not plan under the GMA, then the transfer of jurisdiction for approvals is optional for the county and its cities.	
Counties that do plan under the GMA, and their cities, are required to adopt ordinances covering Class IV forest practices applications on the same lands that non-GMA counties may address. They must also adopt ordinances for the approval of all four class types of forest practices when those applications are submitted for land located within an urban growth area.	
The only land over which the GMA-planning counties and cities are not required to assume jurisdiction are ownerships of 20 contiguous acres or more.	
A county or city may not assume the jurisdiction for forest practices approvals without bringing their critical areas and development regulations in compliance with the current requirements and notifying both the DNR and the DOE at least 60 days before adoption of the necessary ordinances.	
RCW 36.70A	All cities and
SSB 5248: Preserving the viability of agricultural lands. Brief Description: Counties and cities may not amend or adopt critical areas ordinances (CAOs) as they specifically apply to agricultural activities until July 1, 2010. This does not limit obligations of a county or city to comply with requirements pertaining to critical areas not associated with agricultural activities nor limit the ability of a county or city to adopt or employ voluntary measures or programs to protect or enhance critical areas associated with agricultural activities.	counties, if proposing critical areas ordinance amendments.
Counties and cities subject to deferral requirements should implement voluntary programs to enhance public resources and the viability of agriculture, and must include measures to evaluate their success. By December 1, 2011, counties and cities subject to deferral are to review and revise CAOs to comply with the requirements of this chapter.	
Subject to the availability of funds, the Ruckelshaus Center is directed to commence, by July 1, 2007, a two-phase examination of the conflicts between agricultural activities and CAOs.	
The Center is to issue two reports of its fact-finding efforts and stakeholder discussions to the Governor and the appropriate legislative committees by December 1, 2007, and December 1, 2008. A report on the second phase including findings and legislative recommendations is to be issued to the Governor and to the Legislature by September, 1, 2009. The Center is to work to achieve agreement among participating stakeholders and to develop a	
coalition that can be used to support agreed upon changes or new approaches to protecting critical areas during the 2010 Legislative Session.	

RCW, Bill Number, Brief Description for Legislative Session 2007	Cities/Counties Affected
RCW 36.70A SB 6014: Authorizing industrial development on reclaimed surface coal mine sites.	Lewis County
Brief Description: Certain qualified counties planning under the GMA may designate a master planned location for major industrial activity outside UGAs on lands formerly used or designated for surface coal mining and supporting uses. Counties authorized to designate major industrial development on former surface coal mining uses must have had a surface coal mining operation in excess of 3,000 acres that ceased operation after July 1, 2006, and that is located within 15 miles of the I-5 corridor.	
Designation of a master planned location for major industrial activities is an amendment to the comprehensive plan of the county. The master planned location must be located on land formerly used or designated for surface coal mining and supporting uses, that consist of an aggregation of land of at least 1,000 acres, and that is suitable for manufacturing, industrial, or commercial business. The master planned location must include criteria for the provision of new infrastructure and an environmental review must be done at the programmatic level.	
Approval of a specific major industrial activity is conducted through a local master plan process and does not require comprehensive plan amendment. The development regulations adopted must provide that the site consist of 100 or more acres of land formerly used or designated for surface coal mining; must prevent urban growth in the adjacent nonurban areas; and limit commercial development.	
36.70A.367 SHB 1965: Authorizing major industrial development within industrial land banks.	Counties meeting qualifying criteria.
Brief Description: The requirements for designating master planned locations for major industrial developments outside Urban Growth Areas are revised. A master planned location for major industrial developments may be approved through a two-step process: designation of a land bank area in the applicable comprehensive plan; and subsequent approval of specific major industrial developments through a local master plan process.	
The applicable comprehensive plan must identify locations suited to major industrial development because of proximity to transportation or resource assets. The comprehensive plan must identify the maximum size of the land bank area and any limitations on major industrial developments based on local factors, but the plan need not specify particular parcels or identify any specific use or user.	
In selecting locations for the land bank area, priority must be given to locations that are adjacent or in close proximity to a UGA. The environmental review for amendment of the comprehensive plan must be at the programmatic level and, in addition to a threshold determination, must include: > a county-conducted inventory of developable land indicating that land suitable to site qualifying industrial development is unavailable within the UGA; and > an analysis of the availability of alternative sites within UGAs and the long-term annexation feasibility of sites outside UGAs.	
Final approval of a land bank area must be by amendment to the comprehensive plan, but the amendment may be considered at any time. Approval of a specific major industrial	

RCW, Bill Number, Brief Description for Legislative Session 2007	Cities/Counties Affected
development within the land bank area requires no further amendment of the comprehensive plan.	
Development Regulations Amendments In concert with the designation of a land bank area, a county must also adopt development regulations for review and approval of specific major industrial developments through a master plan process. The regulations governing the master plan process must ensure, at a minimum, that specific criteria, including the following, are met: ➤ urban growth will not occur in adjacent nonurban areas; ➤ development is consistent with development regulations adopted for protection of critical areas; ➤ required infrastructure is identified and provided concurrent with development.	
Such infrastructure, however, may be phased in with development; and an open record public hearing is held before either the planning commission or hearing examiner with notice published at least 30 days before the hearing date and mailed to all property owners within one mile of the site.	
Termination and Eligibility Provisions Separate eligibility criteria pertaining to population, unemployment, and geographic requirements for counties choosing to identify and approve locations for major industrial development in land banks are specified. Termination provisions with dates certain are deleted and replaced with provisions requiring, in part, that a county choosing to identify and approve locations for land banks must take action to designate one or more of these banks and adopt regulations meeting certain requirements on or before the last date to complete the county's next periodic comprehensive plan and development regulations review that occurs before December 31, 2014. The authority of a county to designate a land bank area in its comprehensive plan expires if not acted upon within these time limitations.	
Once a land bank area has been identified in a county's comprehensive plan, the authority of the county to process a master plan or site projects within an approved master plan does not expire.	
Public Notification and Determination Requirements New notification and written determination requirements are specified. Counties seeking to designate an industrial land bank must:	
 Provide countywide notice, in conformity with specific public participation and notification provisions of the GMA, of the intent to designate an industrial land bank. These notices must be published in one or more newspapers of general circulation that are reasonably likely to reach subscribers throughout the applicable county at least 30 days before the county legislative body begins the consideration process for siting a land bank; and Make written determinations of the criteria and rationale used by the county legislative body for siting a land bank. 	
36.70A.450 SB 5952 – Family day-care providers' home facility-County or city may not prohibit in residential or commercial area	All cities and counties.
Brief Description:	

RCW, Bill Number, Brief Description for Legislative Session 2007	Cities/Counties Affected
Except as provided in subsections (2) and (3) of this section, no county or city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice that prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

RCW 36.70A ESHB 2984: Authorizing cities, towns, and counties to implement affordable housing incentive programs Brief Description:	Counties and cities fully planning under the Growth Management A ct (optional).
The amendments: Authorize jurisdictions fully planning under the GMA to enact or expand affordable housing incentive programs.	(орновы).
Establish optional provisions for enacted or expanded the programs. Specify that excise tax imposition limits do not limit local government authorities in the implementation of programs or the enforcement of related agreements.	
Local governments fully planning under the GMA may enact or expand affordable housing incentive programs, providing for the development of low-income housing units. Incentive programs may include, but are not limited to, provisions pertaining to: density bonuses within the urban growth area (UGA); height and bulk bonuses; mixed-use projects; fee waivers or exemptions; parking reductions; or expedited permitting, conditioned on the provision of low-income housing units.	
RCW 36.70A.130 ESSB 6427: Relating to schedules for comprehensive plan and development regulation review for certain cities and counties	Counties and cities meeting qualifying criteria.
Brief Description: The timelines bill has two main features. First, it provides a time extension to small and slow-growing jurisdictions for updates to their comprehensive plans, development regulations, and critical areas ordinances. The bill contains qualifying criteria and clarification that jurisdictions making progress on their updates will be eligible for state grants, loans, pledges, and financial guarantees. Second, it clarifies that amendments to comprehensive plans necessary to enact planned actions may occur more frequently than annually, provided that pursuit of the amendments are consistent with the jurisdictions adopted public participation program and notification is given to agencies that may comment on the proposed amendments. Part of the Governor's Land Use Agenda. CTED request legislation.	
RCW 36.70A.117 SHB 2917: Identifying Accessory Uses on Agricultural Lands	Counties and cities with designated agricultural lands of
Brief Description: The amendments:	long-term

RCW, Bill Number, Brief Description for Legislative Session 2006	Cities/Counties Affected
Revise GMA requirements regarding the use of agricultural lands of long-term	commercial
commercial significance by creating more permissive guidelines governing the range of accessory uses permitted on such lands.	significance.
Provide counties and cities with greater flexibility in implementing innovative zoning	
techniques related to accessory uses of agricultural lands of long-term commercial significance.	
SHB 2917 clarifies that any accessory use a city or county may allow on designated	
agricultural lands of long-term significance must not interfere with and must support	
continuation of the overall agricultural use of the property and neighboring properties. It	
provides policy guidepost; requiring any nonagricultural accessory use to (1) be consistent	
with the size, scale, and intensity of the agricultural use of the property, (2) be located	
within the general area already developed, and (3) not convert more than one acre of land.	
Part of the Governor's Land Use Agenda. Washington State Department of Agriculture request legislation.	
Limit to one acre the amount of agricultural land that may be converted to nonagricultural accessory uses.	

RCW, Bill Number, Brief Description for Legislative Session 2005	Cities/Counties
	Affected
 RCW 36.70A 2SHB 1565: Addressing transportation concurrency strategies Brief Description: The amendments specify that concurrency compliance improvements or strategies may include qualifying multimodal transportation improvements or strategies. They: Require regional transportation plans that include provisions for regional growth centers to address concurrency strategies, measurements for vehicle level of service, and total multimodal capacity. Require the Washington State Department of Transportation (WSDOT) to administer a study to examine multimodal transportation improvements or strategies to comply with the concurrency requirements of the GMA. Require the study to be completed by one or more regional transportation planning organizations (RTPOs) electing to participate in the study. Require WSDOT, in coordination with participating RTPOs, to submit a report of findings and recommendations to the appropriate committees of the Legislature by December 31, 2006. 	RTPOs
RCW 36.70A.130 ESHB 2171: Allowing counties and cities one additional year to comply with certain requirements of RCW 36.70A.130. Brief Description:	Counties and cities meeting qualifying criteria.
Counties and cities required to satisfy the review and revision requirements of the GMA by December 1, 2005, December 1, 2006, or December 1, 2007, may comply with the requirements for development regulations that protect critical areas (critical areas regulations) one year after the applicable deadline provided in the statutory schedule. Jurisdictions complying with the review and revision requirements for critical areas regulations one year after the deadline must be deemed in compliance with such requirements.	

RCW, Bill Number, Brief Description for Legislative Session 2005	Cities/Counties Affected
Except as otherwise provided, only those counties and cities in compliance with the statutory review and revision schedule of the GMA, and those counties and cities demonstrating substantial progress towards compliance with the schedule for critical areas regulations, may receive financial assistance from the public works assistance and water quality accounts. A county or city that is fewer than 12 months out of compliance with the schedule is deemed to be making substantial progress towards compliance. Additionally, notwithstanding other provisions, only those counties and cities in compliance with the review and revision schedule of the GMA may receive preferences for financial assistance from the public works assistance and water quality accounts.	
Until December 1, 2005, a county or city required to satisfy the review and revision requirements of the GMA by December 1, 2004, that is demonstrating substantial progress towards compliance with applicable requirements for its comprehensive plan and development regulations may receive financial assistance from the public works assistance and water quality accounts. A county or city that is fewer than 12 months out of compliance with the GMA review and revision schedule for its comprehensive plan and development regulations is deemed to be making substantial progress towards compliance.	
RCW 36.70A, 36.70A.030, 36.70A.060, 36.70A.130 EHB 2241: Authorizing limited recreational activities, playing fields, and supporting facilities	Snohomish County
 Brief Description: The amendments: Authorize the legislative authority of counties planning under RCW 36.70A.040 and meeting specified criteria (Snohomish) to, until June 30, 2006, designate qualifying agricultural lands as recreational lands. Establish designation criteria, including specifying that qualifying agricultural lands must have playing fields and supporting facilities existing before July 1, 2004, and must not be in use for commercial agricultural production. Specify activities that may be allowed on designated recreational lands. 	
RCW 36.70A.200 ESSB 5121: Assessing long-term air transportation needs.	None
Brief Description: The amendments: Require WSDOT to conduct a statewide airport capacity and facilities assessment and report results by July 1, 2006. Require WSDOT to conduct a 25-year capacity and facilities market analysis, forecasting demands for passengers and air cargo, and report results by July 1, 2007. After completion of the reports, the Governor is to appoint a ten member Aviation Planning Council to make recommendations on future aviation and capacity needs. The council expires July 1, 2009.	
RCW 36.70A.070 SSB 5186: Increasing the physical activity of the citizens of Washington State	Counties and cities fully planning under the Growth
Brief Description: Land use elements of comprehensive plans are encouraged to consider using approaches to urban planning that promote physical activity. The Transportation Element of a comprehensive plan must contain a pedestrian and bicycle component that includes identified planned improvements for pedestrian and bicycle facilities and corridors to	Management Act.

RCW, Bill Number, Brief Description for Legislative Session 2005	Cities/Counties Affected
enhance community access and promote healthy lifestyles. Comprehensive transportation programs must include any new or enhanced bicycle or pedestrian facilities identified in the Transportation Element.	
The Washington State Parks and Recreation Commission is to maintain policies that increase access to free or low-cost recreational opportunities for physical activities, within allowable resources.	
The Health Care Authority, in coordination with other agencies, is authorized to create a work-site health promotion program for state employees to increase physical activity and engage individuals in their health care decision-making. The Health Care Authority must report on progress by December 1, 2006.	
RCW 35A.15 SB 5589: Providing for proceedings for excluding agricultural land from the boundaries of a charter or non-charter code city	Charter or non- charter code city.
Brief Description: The amendments create a method for property owners of agricultural land located within a code city to petition for exclusion from the incorporated area of that code city that does not require the issue to be submitted to the voters for approval.	
Property owners of agricultural land may petition the legislative body of a code city for exclusion from the incorporated area of that city. The petition must be signed by 100 percent of the owners of the land. In addition, if non-agricultural landowner residents reside within the subject area, the petition must also be signed by a majority of those residents who are registered voters in the subject area. The petition must also set forth a legal description of the territory to be excluded and be accompanied by a drawing that outlines the boundaries of the territory sought to be excluded.	
After such a petition is filed, the legislative body must set a date for public hearing on the petition within 60 days. Notice of the hearing must be published in at least one newspaper of general circulation in the city as well as in three public places within the territory proposed for exclusion. Interested persons are invited to appear and voice approval or disapproval of the exclusion.	
If the legislative body decides to grant the petition following the hearing, they must do so by ordinance. The ordinance may exclude all or any portion of the proposed territory but may not include in the exclusion any territory not described in the petition. The petition is not submitted to the voters for approval.	
The GMA defines "agricultural land" as land that has long-term commercial significance for agricultural production and is primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products; or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to certain excise taxes, finfish in upland hatcheries, or livestock.	
RCW 36.70A.070 SB 6037: Changing provisions relating to limited development of rural areas	Counties with qualifying LAMIRDs.
Brief Description: The amendments modify GMA provisions for public services and facilities in qualifying limited areas of more intensive rural development (LAMIRDs). Until August 31, 2005, an example of a public service or facility that is permitted within recreational and tourist use LAMIRDs is a connection to an existing sewer line where the connection serves only the	

RCW, Bill Number, Brief Description for Legislative Session 2005	Cities/Counties Affected
recreational or tourist use and is not available to adjacent non-recreational or non-tourist use parcels.	

RCW, Bill Number, Brief Description for Legislative Session 2004	Cities/Counties Affected
RCW 36.70A ESSB 6401: Protecting military installations from encroachment of incompatible land uses	Counties and cities with land adjacent to military installations.
Brief Description : Legislative findings in the amendments recognize the importance of the United States military as a vital component of the Washington State economy, and it is identified as a priority of the state to protect the land surrounding military installations from incompatible development.	
Comprehensive plans, development regulations, and amendments to either should not allow development in the vicinity of a military installation that is incompatible with the installation's ability to carry out its mission requirements. A consultation procedure is established whereby counties and cities must notify base commanders during the process of adopting or amending comprehensive plans or development regulations that will affect lands adjacent to the installations.	
RCW 35.61.160 SB 6593: Prohibiting Discrimination Against Consumers' Choices in Housing	All counties and cities.
Brief Description: Cities, code cities, and counties generally are required to regulate manufactured homes in the same manner as all other homes. They may require new manufactured homes to meet requirements such as the following: (1) the foundation must meet the manufacturer's design standard, (2) the placement of concrete or a concrete product between the base of the home and the ground, and (3) thermal standards must be consistent with the standards for manufactured homes.	
RCW 36.70A.170 SB 6488: Ordering a study of the designation of agricultural lands in four counties	King, Lewis, Chelan, and Yakima counties
Brief Description: By December 1, 2004, CTED will prepare a report on designation of agricultural resource land in King, Lewis, Chelan, and Yakima counties. The report will cover how much land is designated, how much is in production, changes in these amounts since 1990, comparison with other uses, effects on tax revenue, threats to the agriculture land base, and measures to better maintain the base and the agriculture industry.	are studied.
RCW 36.70A .070 ESHB 2905: Modifying provisions for type 1 limited areas of more intensive rural development	Counties that have designated Type 1 LAMIRDs.
Brief Description:	

RCW, Bill Number, Brief Description for Legislative Session 2004	Cities/Counties Affected
Any development or redevelopment within one category of existing LAMIRDs must be principally designed to serve the existing and projected rural population. Building size, scale, use, or intensity of the LAMIRD development or redevelopment must be consistent with the character of the existing areas. Development or redevelopment may include changes in use from vacant land or a previously existing use if the new development conforms to certain requirements.	
RCW 36.70A.106 SHB 2781: Changing provisions relating to expedited state agency review of development regulations	All counties and cities (optional).
Brief Description: Proposed changes to development regulations by jurisdictions that plan under the GMA can receive expedited review by CTED and be adopted immediately thereafter, if timely comments regarding GMA compliance or other matters of state interest can be provided.	
RCW 36.70A.110 SSB 6367: Protecting the integrity of national historical reserves in the UGA planning process	Cities that are totally within a national historic reserve.
Brief Description: The existing requirement that cities and counties must include areas and densities sufficient to permit the urban growth projected for the succeeding 20-year period does not apply to those UGAs contained totally within a national historical reserve. When a UGA is contained totally within a national historical reserve, a city may restrict densities, intensities, and forms of urban growth as it determines necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve	
RCW 36.70A.177 SB 6237: Providing nonagricultural commercial and retail uses that support and sustain agricultural operations on designated agricultural lands of long-term significance	Counties. (optional)
Brief Description: Agricultural zoning can allow accessory uses that support, promote, or sustain agricultural operations and production, including compatible commercial and retail uses that involve agriculture or agricultural products or provide supplemental farm income.	
RCW 36.70A.367 SSB 6534: Designating processes and siting of industrial land banks	Counties meeting qualifying criteria.
Brief Description: The requirements for including master planned locations within industrial land banks and for siting specific development projects are separated so that designation of master planned locations may occur during the comprehensive planning process before a specific development project has been proposed. Some of the current criteria for designating a master planned location within an industrial land bank may be delayed until the process for siting specific development projects within a land bank occurs. Designating master planned locations within an industrial land bank is considered an adopted amendment to a comprehensive plan, and approval of a specific development project does not require any further amendment to a comprehensive plan.	

RCW, Bill Number, Brief Description for Legislative Session 2004	Cities/Counties Affected
RCW 36.70B.080 HB 2811: Modifying local government permit processing provisions	Buildable Lands Counties: Clark, King, Kitsap,
Brief Description: Existing requirements for timely and predictable procedures for processing permit applications by local governments are clarified. For the buildable lands jurisdictions, performance-reporting requirements are reinstated and changed to an annual basis. A report on the projected costs of this reporting with recommendations for state funding must be provided to the Governor and the Legislature by January 1, 2005.	Pierce, Snohomish, Thurston and their cities with population > 20,000.
RCW 36.70 SB 6476: Designating manufactured housing communities as nonconforming uses	Cities and counties.
Brief Description : Elimination of existing manufactured housing communities on the basis of their status as a nonconforming use is prohibited.	
SSCR 8418: Creating a joint select legislative task force to evaluate permitting processes	None.
Brief Description: A joint select legislative task force is established to make recommendations regarding permitting processes by January 1, 2006, after evaluating local development regulations of selected jurisdictions among the "buildable lands" counties and their cities over 50,000. The task force is composed of the chairs and ranking minority members of the Senate Committee on Land Use and Planning and the House Local Government Committee. The Governor will be invited to participate and form a Five Corners Task Force. An advisory committee is also established to assist the task force and is composed of CTED, the Department of Ecology, the Office of Regulatory Assistance, a county, a city, the business community, the environmental community, agriculture, labor, the property rights community, the construction industry, ports, and federally recognized Indian tribes.	

RCW, Bill Number, Brief Description for Legislative Session 2003	Cities/Counties Affected
RCW 36.70A SSB 5602: Concerning the accommodation of housing and employment growth under local comprehensive plans	Counties and cities fully planning under the Growth Management Act.
Brief Description: Counties and cities subject to the GMA are required to ensure that, taken collectively, actions to adopt or amend their comprehensive plans or development regulations provide sufficient capacity of land suitable for development within their jurisdictions.	
The requirement for sufficient capacity refers to accommodating a jurisdiction's allocated housing and employment growth as adopted in the applicable county-wide planning policies and consistent with the 20-year population forecast from the Office of Financial Management.	

RCW, Bill Number, Brief Description for Legislative Session 2003	Cities/Counties Affected
RCW 36.70A.070 SSB 5786: Clarifying the scope of industrial uses allowed in rural areas under the GMA	Counties with qualifying LAMIRDs.
Brief Description: Industrial uses are permitted under the GMA in both industrial and mixed-use areas in certain types of LAMIRDs. Industrial uses within specified LAMIRDs are not required to be principally designed to serve the existing and projected rural population in order to be lawfully zoned	
RCW 36.70A.110 S HB 1755: Creating alternative means for annexation of unincorporated islands of territory Brief Description: The amendments create an alternative method of annexation allowing jurisdictions subject	Snohomish, King, Pierce, Kitsap, Thurston, and Clark Counties and their cities.
to the buildable lands review and evaluation program of the GMA to enter into interlocal agreements to annex qualifying territory meeting specific contiguity requirements. It creates an alternative method of annexation allowing GMA buildable lands counties to enter into interlocal agreements with multiple municipalities to conduct annexation elections for qualifying territory contiguous to more than one city or town.	
RCW 36.70A.280 SB 5507: Clarifying who has standing regarding growth management hearings board hearings	Counties and cities fully planning under the Growth Management Act.
Brief Description: The requirement under the GMA for participation standing before a growth management hearings board is that a petitioner must have participated orally or in writing before the local government. An additional requirement to obtain participation standing is added and provides that only issues "reasonably relate" to issues that the aggrieved person previously raised at the local level can be considered by the board	
RCW 36.70A.367 SB 5651: Authorizing land banks in certain counties with low population densities	Counties meeting qualifying criteria.
Brief Description: The industrial land bank program under the GMA is amended to provide that counties meeting certain geographic requirements are eligible for the program based on population density criteria, rather than unemployment criteria. The amendments clarify that Jefferson and Clallam counties are eligible for the program under this provision.	
RCW 36.70A.450 HB 1170: Limiting restrictions on residential day-care facilities	Counties, cities and towns.
Brief Description : A county cannot zone against or otherwise prohibit the use of a residential dwelling as a family day-care facility in a residential or commercial zone. The county can require the family day-care facility to comply with safety and licensing regulations and zoning conditions that are imposed on other dwellings in the same zone.	
RCW 36.70A.480 ESHB 1933: Integrating Shoreline Management Act and Growth Management Act provisions	Counties and cities subject to the

RCW, Bill Number, Brief Description for Legislative Session 2003	Cities/Counties Affected
Brief Description:	Shoreline Management Act.
The goals of the GMA, including the goals and policies of the Shoreline Management Act (SMA), continue to be listed without priority. Shorelines of statewide significance may include critical areas as designated by the GMA, but shorelines of statewide significance are not critical areas simply because they are shorelines of statewide significance. Within shoreline jurisdiction, the Shoreline Master Program (SMP) will protect critical areas and regulations will be reviewed for compliance with the SMA. However, SMP regulations must provide a level of protection of critical areas at least equal to that provided by the county or city's adopted or thereafter amended critical areas ordinances.	
RCW 90.58.080 SSB 6012: Establishing limits on the adoption of state shoreline guidance and setting a schedule for local adoption	None.
Brief Description:	
The Washington State Department of Ecology (Ecology) may adopt amendments to the shorelines guidelines no more than once per year and the amendments must be related to technical, procedural, or compliance issues. A staggered statutory schedule for the update	
of shoreline master programs, running from 2005 to 2014 and every seven years after the initial deadline, is established. Limits on grants from Ecology to local governments for	
master program reviews are removed and new requirements for the receipt of such grants are created	

Legislative Session 2002

RCW 36.70A.011: Findings – Rural lands

The amendment adds a new section containing legislative finds to support the amendment to the Rural Element requirements in RCW 36.70A.070.

RCW 36.70A.020: Planning goals

The amendments change the economic development goal to add the underlined words: Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, promote the retention and expansion of existing businesses and recruitment of new businesses, recognize regional differences impacting economic development opportunities, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

The open space goal is amended to read as follows: Retain open space, enhance recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks and recreation facilities.

RCW 36.70A.070: Comprehensive plans – Mandatory elements

The amendments:

Change the requirements for the Rural Element of comprehensive plans to (1) authorize limited expansion of small-scale businesses in the rural area, and (2) authorize new businesses in the rural area to use sites previously occupied by rural businesses.

Change the Housing Element to require the inventory of housing needs to include the number of housing units necessary to manage projected population growth.

Change the Capital Facilities Element to require the inclusion of parks and recreation facilities.

Require comprehensive plans to include an Economic Development Element and a Parks and Recreation Facilities Element if money to implement these requirements is appropriated by the Legislature.

RCW 36.70A.103: State agencies required to comply with comprehensive plans

The law is amended to cross-reference new provisions for siting secure community transition facilities for sex offenders.

RCW 36.70A.130: Comprehensive plans – Review amendments

The amendments change the deadlines for reviewing and updating comprehensive plans and development regulations adopted under the GMA and clarify the requirements relating to the reviews and updates.

RCW 36.70A.200: Siting of essential public facilities – Limitation on liability

The amendments clarify that the deadline for adopting a process for siting secure community transition facilities for sex offenders must be adopted by September 1, 2002, even though deadlines for GMA reviews and updates were changed in amendments to RCW 36.70A.130. It exempts noncompliance with the September 1, 2002, deadline from challenge before the growth management hearings boards and from economic sanctions under the GMA's enforcement provisions.

RCW 36.70A.367: Major industrial developments – Master planned locations

The amendment establishes a pilot program authorizing the designation of industrial land banks outside urban growth areas if specified requirements are satisfied.

Legislative Session 2001

RCW 36.70A.103: State agencies required to comply with comprehensive plans

The amendment authorizes the Department of Social and Health Services (DSHS) to site and operate a Special Commitment Center and a secure community transition facility to house persons conditionally released to a less restrictive alternative on McNeil Island. The state's authority to site an essential public facility under RCW 36.70A.200, in conformance with comprehensive plans and development regulations, is not affected, and with the exception of these two facilities, state agencies must comply with those plans and regulations.

RCW 36.70A.200: Siting of essential public facilities

The amendments add secure community transition facilities, as defined in RCW 71.09.020, to the list of essential public facilities typically difficult to site. Each city and county planning under RCW 36.70A.040 is required to establish a process, or amend its existing process, for identifying and siting essential public facilities, and to adopt and amend its development regulations as necessary to provide for the siting of secure community transition facilities. Local governments are required to complete this no later than the deadline set in RCW 36.70A.130. Any city or county not planning under RCW 36.70A.040 is required to establish a process for siting secure community transition facilities and amend or adopt development regulations necessary to provide the siting of these facilities.

RCW 36.70A.367: Major industrial developments – Master planned locations

The amendment extends the deadline for counties eligible to use the industrial land bank authority. Currently, Grant County and Lewis County satisfy all three criteria. Until December 2002 eligible counties may establish a process for designating a bank of no more than two master planned locations for major industrial activity outside a UGA. Eligible counties must meet statutory criteria initially specified for the authority terminating on December 1999.

Legislative Session 2000

RCW 36.70A.520: National historic towns

The amendment allows counties planning under RCW 36.70A.040 to authorize and designate national historic towns that may constitute urban growth outside UGAs, if specified conditions are satisfied. A GMA county may allocate a portion of its 20-year population projection to the national historic town to correspond to the projected number of permanent town residents.

RCW 36.70A.040: Who must plan – Summary of requirements – Development regulations must implement comprehensive plans

The amendment adds language stating that for the purposes of being required to conform to the requirements of the GMA, no county is required to include in its population count those persons confined in a correctional facility under the jurisdiction of the state Department of Corrections that is located in the county.

Legislative Session 1999

RCW 36.70A.035: Public participation - Notice provisions

The amendment adds school districts to list of entities and affected individuals to be provided with notice of comprehensive plan and development regulation amendment.

Legislative Session 1998

RCW 36.70A.040: Who must plan – Summary of requirements – Development regulations must implement comprehensive plans

The amendment adds the requirement for cities or counties to amend the Transportation Element to be in compliance with Chapter 47.80 RCW no later than December 31, 2000.

RCW 36.70A.060: Natural resource lands and critical areas – Development regulations

The requirement for notice on plats and permits issued for development activities near designated resource lands is expanded to activities within 500 feet, instead of 300 feet, of the resource lands. The notice for mineral lands is required to include information that an application might be made for mining-relating activities. Land Use Study Commission recommendation

RCW 36.70A.070: Comprehensive plans – Mandatory elements

The amendment requires cities or counties to include level of service standards for state highways in local comprehensive plans in order to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and WSDOT six-year investment program. Inventories of transportation are required to include state-owned transportation facilities.

RCW 36.70A.131: Mineral resource lands – Review of related designations and development regulations A county or city is required to take into consideration new information available since the adoption of its designations and development regulations, including new or modified model development regulations for mineral resource lands prepared by the Washington State Department of Natural Resources, CTED, or the Washington Association of Counties.

RCW 36.70A.200: Siting of essential public facilities

State or regional facilities and services of statewide significance as defined in Chapter 47.06 RCW are added to the list of essential public facilities under the GMA. Included in the definition, among others, are high speed rail, intercity high speed ground transportation, and the Columbia/Snake navigable river system.

RCW 36.70A.210 County-wide planning policies

Transportation facilities of state-wide significance are added to the minimums that county-wide planning policies are to address.

RCW 36.70A.360: Master planned resorts

Master planned resorts are expressly authorized to use capital facilities, utilities, and services (including sewer, water, stormwater, security, fire suppression, and emergency medical) from outside service providers. Any capital facilities, utilities, and services provided on-site are limited to those meeting the needs of master planned resorts. Master planned resorts are required to bear the full costs related to service extensions and capacity increases directly attributable to the resorts.

RCW 36.70A.367: Major industrial developments

Additional counties (Lewis, Grant, and Clallam) are authorized to establish industrial land banks for two master planned locations by December 31, 1999. Sunset dates are extended for Clark and Whatcom counties to December 31, 1999.

RCW 36.70A.395: Environmental planning pilot projects

Technical corrections are made to eliminate references concerning reports to the Legislature that are no longer necessary or have expired.

RCW 36.70A.460: Watershed restoration projects – Permit processing – Fish habitat enhancement project A fish habitat enhancement project meeting the criteria of this law is not subject to local government permits, inspections, or fees. Such projects, when approved and a hydraulic permit has been issued, are not required to complete a substantial development permit under the SMA. Fish habitat enhancement projects that meet the criteria of this act are considered to be consistent with local shoreline master programs.

Legislative Session 1997

RCW 36.70A.030: Definitions

The definition of urban growth is amended to expand the listed incompatible primary uses of land to include the following: rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. Additionally, the following is added: A pattern of more intense rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth.

The following terms "rural character," "rural development," and "rural governmental services" are defined.

The following: or "urban services" is added to the definition of "urban governmental services." (ESB 6094 amendments)

RCW 36.70A.035: Public participation – Notice provisions

Requirements for GMA counties and cities to adopt procedures for notifying property owners and other affected or interested parties of proposed amendments to comprehensive plans and development regulations are added. The procedures generally follow the notice requirements currently in the State Environmental Policy Act (SEPA). (ESB 6094 amendments)

The requirement is added that a county or city considering an amendment to a comprehensive plan or a development regulation needs to allow for public comment on the proposed change before adoption. (ESB 6094 amendments)

RCW 36.70A.070: Comprehensive plans – Mandatory elements

Provisions that are to apply to the Rural Element are specified. (ESB 6094 amendments.)

RCW 36.70A.110: Comprehensive plans – Urban growth areas

"Urban growth areas" is deleted from subsection (2) and the following is added: "and each city within the county" so it now reads: based on OFM projections, "...the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected..." (ESB 6094 amendments)

RCW 36.70A.130: Comprehensive plans – Review – Amendments

Language related to the 2002 review requirement is added to the GMA: No later than September 1, 2002, and at least every five years thereafter, a county or city shall take action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure that the plan and regulations are complying with the requirements of this chapter. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. (ESB 6094 amendments)

An amendment to the Capital Facilities Element of the comprehensive plan is allowed if it occurs concurrent with the adoption or amendment of a county or city budget.

RCW 36.70A.165: Property designated as greenbelt or open space – Not subject to adverse possession Adverse possession is prohibited on property designated as open space to a public agency or homeowner's association. (ESB 6094 amendments)

RCW 36.70A.177: Agricultural lands – Innovative zoning techniques

The amendment allows a variety of innovative zoning techniques in designated agriculture lands of long-term commercial significance. (ESB 6094 amendments)

RCW 36.70A.215: Review and evaluation program

The Buildable Lands Program is created. Six Western Washington counties and the cities located within their boundaries are to establish a monitoring and evaluation program to determine if the actual growth and development is consistent with what was planned for in the county-wide planning policies and comprehensive plans. Measures, other than expanding UGAs, must be taken to correct any inconsistencies. (ESB 6094 amendments)

RCW 36.70A.270: Growth management hearings boards – Conduct, procedure, and compensation It amends the boards' procedures for distribution of rules and decisions to follow the Administrative Procedures Act, Chapter 34.05 RCW, specifically including the provisions of RCW 34.05.455 governing ex parte communications. (ESB 6094 amendments)

RCW 36.70A.290: Petitions to the growth management hearings boards – Evidence

The board is to render written decisions articulating the basis for its holdings. The board is not to issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order. (ESB 6094 amendments)

RCW 36.70A.295: Direct judicial review

The superior court is allowed to directly review a petition for review if all parties to a case before a board agreed to direct review in the superior court. (ESB 6094 amendments)

RCW 36.70A.300: Growth management hearings boards – Final orders

The boards may extend the time for issuing a decision beyond the 180-day period to allow settlement negotiations to proceed if the parties agree to the extension. The boards may: (1) allow up to 90-day extensions that may be renewed; (2) establish a compliance schedule that goes beyond 180 days for a plan or development regulation that does not comply with the GMA if the complexity of the case justifies it; and (3) require periodic updates on progress towards compliance as part of the compliance order. (ESB 6094 amendments)

RCW 36.70A.302: Determination of invalidity – Vesting of development permits – Interim controls A clarification is made on which permits invalidity orders apply to. (ESB 6094 amendments)

RCW 36.70A.320: Presumption of validity – Burden of proof – Plans and regulations

The burden is shifted to the petitioner to demonstrate that any action by a respondent is not in compliance with the requirements of the GMA. The board is required to find compliance unless it determines that the action by the state agency, county, or city is clearly erroneous in view of the entire record before the board and in light of the goals and requirements of the GMA. (ESB 6094 amendments)

RCW 36.70A.3201: Intent – Finding

Local comprehensive plans and development regulations require counties and cities to balance priorities and consider local circumstances. The ultimate responsibility for planning and implementing a county's or city's future rests with that community. The boards are to apply a more deferential standard of review to actions of counties and cities than the previous "preponderance of the evidence" standard. (ESB 6094 amendments)

RCW 36.70A.330: Noncompliance

The board is enabled to modify a compliance order and allow additional time for compliance in the appropriate circumstances. The board is directed to take into account a county's or city's progress toward compliance in making its decision as to whether to recommend the imposition of sanctions by the Governor. (ESB 6094 amendments)

RCW 36.70A.335: Order of invalidity issued before July 27, 1997

A county or city subject to an order of invalidity issued prior to the effective date of the act may request the board to review its order in light of the changes to the invalidity provisions. If requested, the board is required to rescind or modify an order to make it consistent with the act's changes. (ESB 6094 amendments)

RCW 36.70A.362: Master planned resorts – Existing resort may be included

Counties planning under the GMA may include some existing resorts as master planned resorts under a GMA provision that allows counties to permit master planned resorts as urban growth outside of UGAs. An existing resort is defined as a resort that was in existence on July 1, 1990, and developed as a significantly self-contained and integrated development that includes various types of accommodations and facilities.

RCW 36.70A.367: Major industrial developments – Master planned locations

Whatcom County is authorized, in consultation with its cities, to establish a process for designating land to be in an industrial land bank, according to certain conditions.

RCW 36.70A.500: Growth management planning and environmental review fund – Awarding of grants – Procedures

CTED is directed to encourage participation in the Planning and Environmental Review Fund (PERF) by other public agencies through the provision of grant funds. CTED is required to develop the grant criteria, monitor the grant program, and select grant recipients in consultation with state agencies participating in the grant program. Grants from PERF are to be provided for proposals designed to improve the project review process and which encourage the use of GMA plans to meet the requirements of other state programs. (ESB 6094 amendments)

Legislative Session 1996

RCW 36.70A.070: Comprehensive plans – Mandatory elements

General aviation airports are added to subsection (6)(i) relating to required subelements of a Transportation Element as defined by this section.

RCW 36.70A.270: Growth management hearings boards – Conduct, procedure, and compensation The boards are required to publish their decisions and arrange for reasonable distribution of them. The Administrative Procedures Act (APA) is to be used for the boards' procedures, unless it conflicts with RCW 36.70A. The APA also is to be used to determine whether a board member or hearing examiner will be disqualified.

RCW 36.70A.280: Matters subject to board review

A clarification is made on who may file petitions with the boards (i.e., standing).

RCW 36.70A.305: Expedited review

Courts are to expedite reviews on invalidity determinations made by the boards. Hearings on the issues are to be scheduled within 60 days of the date set for submitting the board's record.

RCW 36.70A.367: Major industrial developments – Master planned locations

The GMA is amended to allow a pilot project to designate an urban industrial bank outside UGAs. A county is allowed to establish the pilot project if it has a population of more than 250,000 and if it is part of a metropolitan area that includes a city in another state with a population of more than 250,000 (Clark County). The urban industrial land banks are to consist of no more than two master planned locations. Priority is to be given to locations that are adjacent to or in close proximity to a UGA. The same criteria are to be met that are required under the existing major industrial development process in the GMA, except that specific businesses to locate on the site(s) need not be identified ahead of the designation. The pilot project terminates on December 31, 1998.

RCW 36.70A.510: General aviation airports

General aviation airports are added to the list of items that all local governments must include in the land use elements of their comprehensive plans. General aviation airports include all airports in the state (i.e., public use facilities).

Legislative Session 1995

RCW 36.70A.030: Definitions

A definition of "wetlands" is added to the Shoreline Management Act that is identical to the definition under the GMA. Excluded from the wetlands definitions under both acts are wetlands created after July 1, 1990, that were unintentionally created as the result of road construction.

RCW 36.70A.040: Who must plan – Summary of requirements – Development regulations must implement comprehensive plans

The percentage of population increase required to trigger planning under the GMA is changed from 10 percent to 17 percent for a ten-year period for counties with a population of 50,000 or more.

RCW 36.70A.070: Comprehensive Plans – Mandatory elements

The following underlined text is added in subsection (5): The Rural Element shall permit appropriate land uses that are compatible with the rural character of such lands and provide for a variety of rural densities and uses and may also provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate rural uses not characterized by urban growth.

The word "recognizing" is changed to "ensuring" for what the Housing Element must do as noted in the act so it now reads: "...ensuring the vitality and character of established residential neighborhoods." "Mandatory provisions" and "single-family residences" are added to the following: "...include a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences.

RCW 36.70A.110: Comprehensive Plans – Urban growth areas

Counties are allowed to designate UGAs outside of cities. A UGA determination may include a reasonable land market supply factor and is to permit a range of urban densities. The term "in general" was added to the GMA statement that indicates urban services are to be provided by cities.

RCW 36.70A.130: Comprehensive plans – Review

Cities and counties are to broadly disseminate to the public, a public participation program.

The provision is added that amendments may be considered more than once a year under the following circumstances: (1) emergency compliance with a growth management hearings board order, (2) the initial adoption of a subarea plan, and (3) the adoption or amendment of a Shoreline Master Program according to chapter 90.58 RCW.

The requirement of public participation is added to the emergency amendment process already permitted by the GMA and the resolution of a growth management hearings board or court order as an amendment permitted outside of the comprehensive plan amendment cycle. (ESHB 1724 amendments)

RCW 36.70A.140: Comprehensive Plans – Ensure public participation

The requirement of a public participation program that identifies procedures is added. Local governments must also provide public participation that is effective when responding to a board order of invalidity. (ESHB 1724 amendments)

RCW 36.70A.172: Critical areas – Designation and protection – Best available science to be used The state's goals and policies for protecting critical areas functions and values are clarified. Local governments are required to include the "best available science" in developing policies and development regulations to protect the functions and values of critical areas as defined in the GMA and must give special consideration to preserving or enhancing anadromous fisheries.

RCW 36.70A.175: Wetlands to be delineated in accordance with manual

Ecology is directed to adopt by a rule a manual for the delineation of wetlands regulated under the SMA and GMA. The manual is based on the 1987 U.S. Army Corps of Engineers and the U.S. Environmental Protection Agency manual as amended through January 1, 1995.

RCW 36.70A.280: Matters subject to board review

Shoreline master programs or amendments adopted under Chapter 90.58 RCW are added as subjects for growth management hearings board review. (ESHB 1724 amendments)

RCW 36.70A.290: Petitions to growth management hearings boards – Evidence

The publication date for a Shoreline Master Program or amendment is established to be the date when the Shoreline Master Program or amendment is approved or disapproved by Ecology.

RCW 36.70A.300: Growth management hearings boards – Final orders The Shoreline Master Program and amendments are added to final order procedures.

A finding of noncompliance is not to affect the validity of comprehensive plans or development regulations. The parameters of an invalidity determination by the boards, including vesting issues, are established.

RCW 36.70A.320: Presumption of validity

The Shoreline Element of a comprehensive plan and applicable development regulations adopted by a city or county are governed by Chapter 90.58 RCW and are not presumed valid upon adoption in the same manner as comprehensive plan and development regulations in general. (ESHB 1724 amendments)

RCW 36.70A.330: Noncompliance

Invalidity text is added. The board is allowed to reconsider its final order and decide: (a) if a determination of invalidity has been made, whether to rescind or modify its determination as provided by RCW 36.70A.300(2), or (b) if no invalidity determination has been made, whether to issue a determination as provided by RCW 36.70A.300(2).

Language is added that a person with standing may participate in a hearing of compliance or noncompliance. (ESHB 1724 amendments)

RCW 36.70A.365: Major industrial developments

Counties planning under the GMA are allowed to establish, in consultation with cities, a process for authorizing the siting of major industrial developments outside UGAs. Such a development may be approved if certain criteria are met.

RCW 36.70A.385: Environmental planning pilot projects

References for the "Department of Community Development" to changed to "department."

RCW 36.70A.450: Family day-care provider's home facility – City may not prohibit in residential or commercial area

The agency responsible for certifying that a family day-care provider's facility provides a safe passenger loading area is changed from the Washington State Department of Licensing to the Office of Child Care Policy of DSHS.

RCW 36.70A.460: Watershed restoration projects – Permit processing – Fish habitat enhancement project The Washington Conservation Commission is directed to develop a single application process by which all permits for watershed restoration projects may be obtained by a sponsoring agency for its project, to be completed by January 1, 1996. Each agency is required to name an office or official as a designated recipient of project applications and inform the commission of the designation. All agencies of state and local government are required to accept the single application developed by the commission.

RCW 36.70A.470: Project review – Amendment suggestion procedure – Definitions - GMA integrated project and environmental review is to be conducted under the newly created provisions of Chapter 36.70B RCW.

RCW 36.70A.480: Shorelines of the state

Under the GMA, (1) the goals and policies of the SMA become one of the goals of the GMA under RCW 36.70A.020, and (2) the goals and policies of a Shoreline Master Program for a county or city are required to become an element of the jurisdiction's comprehensive plan. All other portions of the Shoreline Master Program including regulations are required to become part of the county's or city's development regulations. Additionally, shoreline master programs are to continue to be amended or adopted under the procedures of the SMA (Chapter 90.58 RCW).

RCW 36.70A.481: Construction

Nothing in RCW 36.70A.480 (shorelines of the state) is to be construed to authorize a county or city to adopt regulations applicable to shorelands as defined in RCW 90.58.030 that are inconsistent with the provisions of Chapter 90.58 RCW. (ESHB 1724 amendments)

RCW 36.70A.490: Growth Management Planning and Environmental Review Fund – Established Moneys in the fund are required to be used to make grants to local governments for the purposes set forth in RCW 43.21C.031. (ESHB 1724 amendments)

RCW 36.70A.500: Growth Management Planning and Environmental Review Fund – Awarding of grants – Procedures

Procedures are established for dispersing funds. (ESHB 1724 amendments)

Chapter 36.70B RCW: Regulatory reform - Regulatory reform amendments are made to streamline permitting procedures in the state. (ESHB 1724 amendments)

Environmental Element Policy Discussion

Planning Commission
Meeting
January 2, 2024

Schedule

Organized by following topics:

- Environmental Protection
- Climate Planning and Resiliency (Deferred to Climate Element)
- Water Resources, Aquifers and Critical Recharge Areas
- Snoqualmie River, Stream Corridors and Wetlands
- Geologic and Flood Hazard Areas
- Goals

January 2, 2024

February 5,2024

Draft Environmental Policies Environmental Protection

- Incorporate and utilize applicable best available science for purposes of designating and protecting all regulated critical areas and anadromous fisheries that need "special consideration" for their conservation and protection.
- Protect Snoqualmie's environmental critical areas, habitat, and the natural environment through land use plans, surface water management plans and programs, comprehensive park plans, development regulations and site-specific project review. Vision 2050
- Ensure the protection and recovery of ecosystems to provide healthy habitat and support fish, wildlife, and plant populations in a changing climate.

Draft Environmental Policies Environmental Protection

- Coordinate with governmental agencies, non-profit organizations and Tribes to protect and enhance the environment through countywide and watershed planning, fish and wildlife resource management, and habitat protection networks across jurisdictional boundaries.
- Establish and maintain relations with Native American tribes for the preservation of archaeological sites and traditional cultural properties that are vulnerable to climate impacts.
- Actively manage city forest lands to decrease climate-exacerbated risks from severe wildfires, protect residents, and improve ecosystem health and habitat and encourage others to do so.

Draft Environmental Policies Environmental Protection

- Control the spread of noxious weeds as identified by King County Noxious Weed Control Board from public properties, particularly in more fire-prone areas like roadsides and utility corridors and if possible educate citizens about the control of noxious weeds on private property.
- Support integrated and interdisciplinary approaches for environmental planning and assessment. Vision 2050
- Promote innovative and environmentally sensitive practices in site planning, design, materials selection, construction and maintenance. Vision 2050

Draft Environmental Policies Environmental Protection

- Encourage environmental stewardship on private and public lands through partnerships and voluntary efforts that protect, restore and enhance the quality and functions of critical areas and associated buffers. Vision 2050
- Support programs that ensure all residents, regardless of race, social, or economic status, have clean air, clean water, and other elements of a healthy environment, and prioritize the reduction of impacts to vulnerable populations that have been disproportionately affected by climate change. Vision 2050

Draft Environmental Policies Water Resources, Aquifers and Critical Recharge Areas

- Preserve and protect natural surface water storage sites, such as wetlands, aquifers, streams, and water bodies as these are critical features that support hydrological functions, water quality, regulate surface flows and recharge groundwater. Vision 2050
- Coordinate the management and restoration of the Snoqualmie watershed through participation in the Snoqualmie Watershed Forum and the implementation of the Puget Sound Action Agenda.
- Ensure that local regulations for surface and stormwater management allow for and encourage Low-Impact Development (LID) and natural drainage practices. Support retrofitting basins to improve stormwater management and quality.
- Encourage building construction that uses alternative techniques to minimize impervious surfaces
 and reduce harmful impacts to the natural environment and proximate waterways.

Draft Environmental Policies Water Resources, Aquifers and Critical Recharge Areas

- Actively investigate and promote water conservation strategies to efficiently use the City's legal access to water, and to reduce the amount of wastewater to be treated, through such measures as rotating irrigation schedules, and by incentivizing or requiring installation of water-wise landscaping throughout the City.
- Seek funding to support stormwater retrofitting and green technologies in areas where water quality is impacted by stormwater.
- Work with the State Department of Ecology, King County, Tribes and other stakeholders to reduce or eliminate pollution sources and protect public health.
- Work in conjunction with King County to take corrective action to remove contaminant loading due to failing septic systems and stormwater runoff in susceptible recharge areas.

Snoqualmie River, Stream Corridors & Wetlands

- Minimize stream crossings, utilizing bridges rather than culverts whenever feasible, and minimize new utility crossing impacts, when possible, by using techniques such as bridges, tunneling, or other innovative methods.
- Participate in regional species protection efforts, including salmon habitat enhancement and restoration. Identify, prioritize, and eliminate physical barriers (such as fish-blocking culverts), and other impediments to anadromous fish spawning and rearing habitat. Vision 2050
- Maintain infrastructure located within stream corridors in accordance with Best Management Practices that minimize water quality impacts and pursue design modifications or alternative siting options for when significant alterations are undertaken.

Draft Environmental PoliciesSnoqualmie River, Stream Corridors & Wetlands

- Protect wetlands areas, functions and values within the City and urban growth area and allow the creation of wetlands where feasible and appropriate.
- Restore previously disturbed wetland and stream buffers where feasible and maintain restored buffers.
- Ensure wetland regulations allow for conservation easements and other techniques to preserve their health and existence.

Geologically and Flood Hazardous Areas

- Protect properties and ecological functions in the floodplain with development regulations that are guided by standards established by FEMA, and the Department of Ecology.
- Pursue strategies to lower the City's classification rating in the federal FEMA program, which provides a discount federally backed flood insurance premiums for property owners.
- Pursue the reduction of accelerated erosion and sedimentation due to construction and construction-related activities.

Draft Environmental Policies Geologically and Flood Hazardous Areas

- Protect areas with severe geologic hazard potential, limiting development in hazard areas or requiring development to minimize grading and enhance native vegetation to the greatest extent possible.
- Seek to restore natural vegetative cover and natural drainage features on degraded sites including the removal of invasive weeds as necessary.

Draft Environmental Policies GOALS

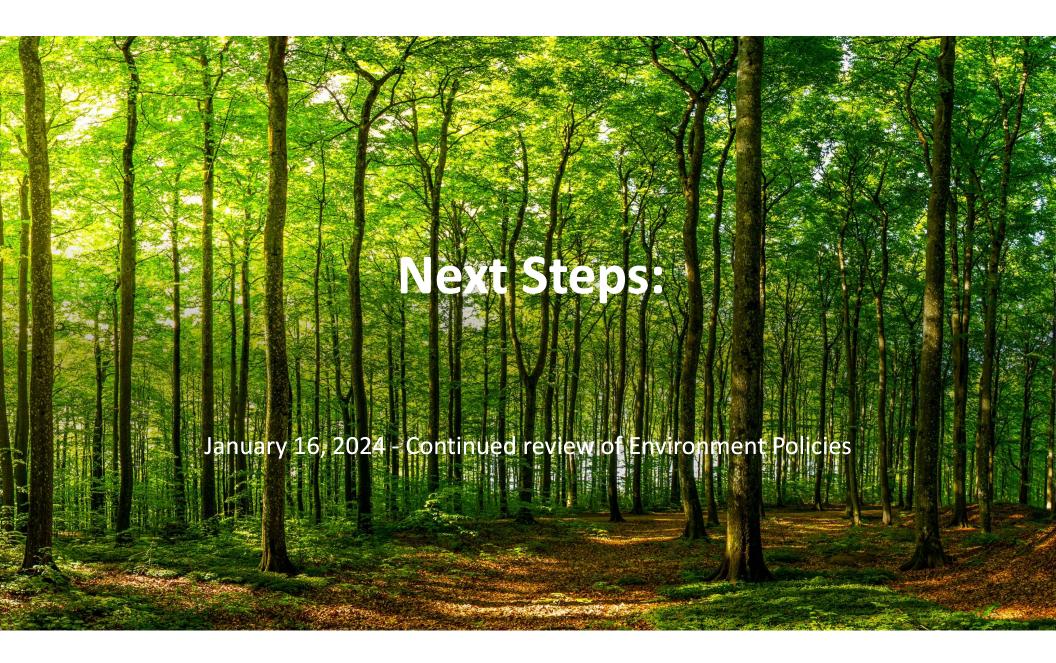

- Environmental Protection: The health and ecosystem services and functions
 provided by the City's natural environment are protected and enhanced, and
 potential hazards to citizen health, welfare and property are minimized.
- Water Resources, Aquifers and Critical Recharge Areas: Rivers, streams, aquifer recharge areas and other water resources within the City are protected and managed for multiple beneficial uses.

Draft Environmental Policies GOALS

- Snoqualmie River, Stream Corridors and Wetlands: Natural hydraulic, hydrologic and habitat functions, and scenic and recreational values, of rivers, streams, wetlands and natural drainage courses, are protected.
- Geologic and Flood Hazard Areas: Public health and property damage risk associated with flood and geologic hazard areas have been reduced, while preventing irreparable harm to regionally significant ecological resources.

Element	Topic	Туре	Policy No	Existing Environment Comprehensive Plan Policy	Environment Element New Policies
Environment	Environmental Protection, General	Goal	New		The health, wildlife and ecosystem services and functionsprovided by the City's natural environment are protected and enhanced, and potential hazards to citizen health, welfare and property are minimized.
Environment	Environmental Protection, General	Policy	6.1.1	Maintain and implement City Sensitive Areas Regulations that are consistent with the Best Available Science, as required by the Growth Management Act.	Incorporate and utilize applicable best available science for purposes of designating and protecting all regulated critical areas and anadromous fisheries that need "special consideration" for their conservation and protection.
Environment	Environmental Protection, General	Policy	6.1.2	In protecting and enhancing sensitive areas, incorporate the full spectrum of planning and regulatory measures including the comprehensive plan, shoreline master program, development regulations, stormwater management plans, project mitigation, and state and federal programs.	Protect Snoqualmie's environmental critical areas, habitat, and the natural environment through land use plans, surface water management plans and programs, comprehensive park plans, development regulations and site-specific project review and consultation with affected Tribes. Vision 2050
Environment	Environmental Protection, General	Policy	6.1.3	Strive to increase the number, size, diversity and value of wildlife habitat areas and promote, where appropriate, the coexistence of native plant communities and wildlife alongside other land uses.	Ensure the protection and recovery of ecosystems to provide healthy habitat and support fish, wildlife, and plant populations in a changing climate. This includes actively managing lands through controlling noxious weeds, restoring native vegetation, and monitoring project results.
Environment	Environmental Protection, General	Policy	6.1.4	federally recognized Tribes to protect and enhance the environment through land use planning, fish and wildlife resource management, and by identifying and protecting habitat networks across	Coordinate with governmental agencies, non-profit organizations and Tribes to protect and enhance the environment through countywide and watershed planning, fish and wildlife resource management, and habitat protection networks across jurisdictional boundaries.
Environment	Environmental Protection, General	Goal	New		Establish and maintain relations Follow the principles of Free, Prior and Informed Consent with regard to Native American tribes for the preservation of archaeological sites and traditional cultural properties that are vulnerable to climate impacts.
Environment	Environmental Protection, General	Policy	New		Actively manage city forest lands to decrease climate-exacerbated risks from severe wildfires, protect residents, and improve ecosystem health and habitat and encourage others to do so.
Environment	Environmental Protection, General	Policy	6.1.5	Locate open space areas to protect critical areas such as wetlands, landslide hazard and erosion-prone areas, and maintain such areas in their natural condition, including native vegetation preservation.	Apply Best Available Science, including Traditional Ecological Knowledge, to protect critical areas, such as wetlands, landslide hazard and erosion-prone areas, and maintain these areas in their natural condition, including native vegetation preservation.
Environment	Environmental Protection, General	Policy	6.1.6		Control the spread of noxious weeds as identified by King County Noxious Weed Control Board from public properties, particularly in more fire-prone areas like roadsides and utility corridors and if possible educate citizens about the control of noxious weeds on private property.
Environment	Environmental Protection, General	New			Support integrated and interdisciplinary approaches for environmental planning and assessment. Vision 2050
Environment	Environmental Protection, General	New			Promote innovative and environmentally sensitive practices in site planning, design, materials selection, construction and maintenance. Vision 2050
Environment	Environmental Protection, General	New			Encourage environmental stewardship on private and public lands through partnerships and voluntary efforts that protect, restore and enhance the quality and functions of critical areas and associated buffers. Vision 2050
Environment	Environmental Protection, General	New			Support programs that ensure that all residents, regardless of race, social, or economic status, have clean air, clean water, and other elements of a healthy environment, and prioritize the reduction of impacts to vulnerable populations that have been disproportionately affected by climate change. Vision 2050
Environment	Climate Protection and Sustainable Development	Policy	6.2.1	Against a projected 2007 baseline, strive to reduce community greenhouse gas emissions 25% by 2020, 50% by 2030, and 80% by 2050.	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Climate Protection and Sustainable Development	Policy	6.2.2	Develop and implement a Climate Action Plan that includes greenhouse gas emission programs such as incorporating GHG assessments in SEPA review; carbon storage in the urban forest; and the impacts of climate change on the City's hydrological systems.	Climate Planning Poliices to be identified a new Climiate Change Element

Environment	Climate Protection and Sustainable Development	Policy	6.2.3	Encourage lot layout and site design that allows for houses and other buildings to be oriented to optimize passive and active solar access and minimize shade on adjoining properties.	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Climate Protection and Sustainable Development	Policy	6.2.4	Promote energy efficiency and renewable energy sources by such actions as demonstrating renewable energy at municipal buildings, supporting Northwest Energy Code energy efficiency improvements, and participating in energy-efficiency and conservation awareness programs.	
Environment	Climate Protection and Sustainable Development	Policy	6.2.5	Support and implement the Mayor's Climate Protection Agreement, the King-County Cities Climate Collaboration (K4C), and other multijurisdictional efforts to address climate change, sea-level rise, ocean acidification and other impacts from changing global conditions.	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Climate Protection and Sustainable Development	Policy	6.2.6	Implement Best Management Practices to reduce the amount of air-borne particulates	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Climate Protection and Sustainable Development	Policy	62/	Consider the purchase of alternative-fuel vehicles and charging stations to lower-emission or net-zero emission fleet vehicles.	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Climate Protection and Sustainable Development	Policy	6.7.8	In future development agreements emphasize pursuit of higher standards for durable, energy-efficient developments.	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Climate Protection and Sustainable Development	Policy	6.2.9	Remove regulatory barriers and create incentives, such as expedited permitted and/or density bonuses, to encourage the use of energy-efficient and sustainable building methods and materials, such as those specified under certification systems like Leadership in Energy & Environmental Design (LEED), Built Green, Salmon-Safe, and the Living Building Challenge (LBC).	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Climate Protection and Sustainable Development	Policy	6.2.10	Reduce landfilled solid waste tonnages through such actions as promoting the use of recyclable and compostable packaging, commercial composting, and the recycling of construction and demolition debris.	Climate Planning Poliices to be identified a new Climiate Change Element
Environment	Water Resources, Aquifers & Critical Recharge Areas	Goal	New		RIvers, streams aquifer recharge areas and other water resources within the City are protected and managed for muliple beneficial uses.
Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	New		Preserve and protect natural surface water storage sites, such as wetlands, aquifers, streams, and water bodies as these are critical features that support hydrological functions, water quality, regulate surface flows and recharge groundwater. Vision 2050
Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	6.3.1	Coordinate the management and restoration of rivers, streams, wetlands and other water resources within the Snoqualmie watershed through participation in the Snoqualmie Watershed Forum and implementation of the Puget Sound Action Plan.	Coordinate the management and restoration Snoqualmie watershed through participation in the Snoqualmie Watershed Forum and the implementation of the Puget Sound Action Agenda.
Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	6.3.2	Ensure that local regulations for surface and stormwater management allow for and encourage Low- Impact Development (LID) practices.	Ensure that local regulations for surface and stormwater management allow for and encourage Low-Impact Development (LID) and Natural Drainage practices. Support retrofitting basins to improve storwater management and quality.
Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	6.3.3	Encourage building construction that uses alternative techniques to minimize impervious surfaces, such as underground parking where feasible, cooperative parking such as shared and coordinated parking lots, and using "green roofs."	Encourage building construction that uses alternative techniques to minimize impervious surfaces and reduce harmful impacts to the natural environment and proximate waterways.
Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	6.3.4 t	Implement water conservation strategies to increase the capacity for potable water use, and reduce the amount of wastewater to be treated, through such measures as rotating irrigation schedules, and by minimizing or encouraging alternatives to grass lawn in future subdivisions	Actively investigate and promote water conservation strategies to efficiently use the City's legal access to water, and to reduce the amount of wastewater to be treated, through such measures as rotating irrigation schedules, and by incentivizing or requiring installation of water-wise landscaping throughout the City.
Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	6.3.5	Work with the State Department of Ecology, King County and other stakeholders to implement the 1998 East King County Ground Water Management Plan, and develop short and long-term strategies to reduce or eliminate pollution sources and protect public health.	Work with the State Department of Ecology, King County, Tribes and other stakeholders to reduce or eliminate pollution sources and protect public health.

Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	6.3.6	Work in conjunction with King County to take corrective action to remove contaminant loading due to failing septic systems and stormwater runoff in susceptible recharge areas, and consider the issue of mandatory septic tank testing or enforcing sewer line connection as an aquifer protection technique.	Work in conjunction with King County to take corrective action to remove contaminant loading due to failing septic systems and stormwater runoff in susceptible recharge areas.
Environment	Water Resources, Aquifers & Critical Recharge Areas	Policy	New		Seek funding to support stormwater retrofitting and green technologies in areas where water quality is impacted by stormwater.
Environment	Snoqualmie River, Stream Corridors & Wetlands	Goal	New		Natural hydraulic, hydrologic and habitat functions, and scenic and recreational vaues of rivers, streams, wetlands and natural drainage courses are protected.
Environment	Snoqualmie River, Stream Corridors & Wetlands	Policy	6.4.1	Minimize stream crossings, utilizing bridges rather than culverts whenever feasible, and minimize new utility crossing impacts when possible by using techniques such as bridges, tunneling, or other innovative methods.	Minimize stream crossings, utilizing bridges rather than culverts whenever feasible, and minimize new utility crossing impacts, when possible, by using techniques such as bridges, tunneling, or other innovative methods.
Environment	Snoqualmie River, Stream Corridors & Wetlands	Policy	New		Participate in regional species protection efforts, including salmon habitat enhancement and restoration. Identify, prioritize, and eliminate physical barriers (such as fish blocking culverts), and other impediments to an
Environment	Snoqualmie River, Stream Corridors & Wetlands	Policy	6.4.2	Maintain infrastructure located within stream corridors in accordance with Best Management Practices that minimize water quality impacts, and pursue design modifications or alternative siting options for when significant alterations are undertaken.	Maintain infrastructure located within stream corridors in accordance with Best Management Practices that minimize water quality impacts and pursue design modifications or alternative siting options for when significant alterations are undertaken.
Environment	Snoqualmie River, Stream Corridors & Wetlands	Policy	6.4.3	Encourage no net loss of remaining wetlands acreage, functions and values within the City and urban growth area, and the creation of wetlands where feasible	Protect wetlands areas, functions and values within the City and urban growth area, and allow the creation of wetlands where feasible and appropriate.
Environment	Snoqualmie River, Stream Corridors & Wetlands	Policy	6.4.4	Restore previously disturbed wetland and stream buffers where feasible, and maintain restored buffers to limit the reintroduction of invasive species.	Restore previously disturbed wetland and stream buffers where feasible, and maintain restored buffers .
Environment	Snoqualmie River, Stream Corridors & Wetlands	Policy		Ensure wetland regulation and mitigation implementation is flexible enough to allow for protection of systems or corridors of connected wetlands, encourage incentives such as property tax reductions, conservation easements and other techniques to preserve wetlands.	Ensure wetland regulations allow for conservation easements and other techniques to preserve their health and existence.
Environment	Geological and Flood Hazard Areas	Goal	New		Public health and property damage risk associated with flood and geologic hazard areas have been reduced, while preventing irreparable harm to regionally signficant ecological resources.
Environment	Geological and Flood Hazard Areas	Policy	New		Pursue strategies to lower the City's classification rating in the federal FEMA program.
Environment	Geological and Flood Hazard Areas	Policy	6.5.1	Meet, and attempt to exceed, the federal minimum standards of the National Flood Insurance Program, and strictly enforce Flood Hazard Regulations that meet and exceed the minimum requirements established by FEMA and the Department of Ecology	Protect properties and ecological functions in the floodplain with development regulations guided by standards established by FEMA and the Department of Ecology.
Environment	Geological and Flood Hazard Areas	Policy	6.5.2	Require the use of Best Management Practices to reduce accelerated erosion and sedimentation due to construction and construction-related activities.	Pursue the reduction of accelerated erosion and sedimentation due to construction and construction-related activities.
Environment	Geological and Flood Hazard Areas	Policy	6.5.3	Limit the scale and density of development in areas with severe geologic hazard potential, requiring development to minimize grading and restore native vegetation to the greatest extent possible.	Protect areas with severe geologic hazard potential, limiting developmennt in hazard areas or requiring development to minimize grading and enhance native vegetation to the greatest extent possible.
Environment	Geological and Flood Hazard Areas	Policy	6.5.4	Where possible, seek to restore natural vegetative cover and natural drainage features on degraded sites which contribute to accelerated erosion and sedimentation.	Seek to restore natural vegetative cover and natural drainage features on degraded sites, including the removal of invasive weeds as necessary.

Date	Source	Comment	Category
4/6/2023	Open House	Please consider the climate crisis in all decisions going forward.	Environment
4/26/2023	Online Survey	Would love to see housing start to level out and the focus to shift to maximizing the natural environment and creating and maintaining spaces to recreate in nature. This is such a beautiful area!	Environment
7/12/2023	Online Survey	Green space and proximity to nature is why we became new residents this year. I don't think we lack for parks or great environment.	Environment
10/18/2023	Open House	Please maintain Snoqualmie's original plan to NOT clear cut for development and to maintain pockets of natural growth. SO disappointing that recent development ignored original design/planning and space limits (hotel!) Thanks!	Environment
5/24/2023	Online Survey	Snoqualmie is an amazing place to live, and appreciate the thought and care that City leadership is putting into this effort. Leveraging Snoqualmie's natural setting and strengths (river, mountains, Valley, trails) for measured growth and reinvestment should be the focus of the next 20 years.	Environment
10/18/2023	Open House	We have lost trees from the last storm (2022-2023). Please replace the trees to keep Snoqualmie beautiful.	Environment
10/18/2023	Open House	Where the hell is the contamination? Your map doesn't show contamination.	Environment
10/18/2023	Open House	Concerned about the 4 stages of development affecting stream flow (Kinble Creek). Is there a zero rise analysis being completed by the developer?	Environment

Proclamation

WHEREAS, all people should have access to safe, healthy, and affordable homes within communities that provide opportunity; and

WHEREAS, the US Department of Housing and Urban Development (HUD) defines affordable housing as "as housing on which the occupant is paying no more than 30 percent of gross income for housing costs, including utilities."; and

WHEREAS, the Department of Commerce projects that by 2044, King County needs nearly 200,000 net new housing units for households at or below 80% area mediam income; and

WHEREAS, studies have found that each \$100 increase in median rent results in a 15% increase n homelessness in metro areas and a 39% increase in homelessness in nearby suburbs and rural areas; and

WHEREAS, there were COVID-19 pandemic has exacerbated many existing financial constraints for lowand moderate-income households; and

WHEREAS, the CDC recognizes safe, healthy, and affordable housing within communities of opportunity as key social determinants of health; and

WHEREAS, everyone benefits from affordable housing, including the people who reside in these properties, their neighbors, businesses, employers, and the community as a whole; and

WHEREAS, united to raise public awareness, people, organizations, and communities throughout King County are participating in local Affordable Housing Week activities to elevate the critical need to create healthy communities with ample affordable housing; and

NOW, THEREFORE, I, Katherine Ross, Mayor of the City of Snoqualmie do hereby proclaim the week of May 13 to 17, 2024, as

AFFORDABLE HOUSING WEEK

APPROVED, this 13th day of May, 2024.

Katherine Ross, Mayor Proclamation No. 24-10

Proclamation

WHEREAS, there are more than 800,000 law enforcement officers serving in communities across the United States, including the dedicated members of the City of Snoqualmie; and

WHEREAS, since the first recorded death in 1786, more than 24,000 law enforcement officers in the United States have made the ultimate sacrifice and been killed in the line of duty; and

WHEREAS, the names of these dedicated public servants are engraved on the walls of the National Law Enforcement Officers Memorial in Washington, DC; and

WHEREAS, 282 new names of fallen heroes are being added to the National Law Enforcement Officers Memorial this spring, including 118 officers killed in 2023 and 164 officers killed in previous years; and

WHEREAS, the service and sacrifice of all officers killed in the line of duty will be honored during the National Law Enforcement Officers Memorial Fund's 36th Candlelight Vigil, on the evening of May 13, 2024; and

WHEREAS, May 15 is designated as Peace Officers Memorial Day, in honor of all fallen officers and their families and U.S. flags should be flown at half-staff; and

NOW, THEREFORE, I, Katherine Ross, Mayor of the City of Snoqualmie, Washington, do hereby proclaim May 12-18, 2024,

NATIONAL POLICE WEEK

in the City of Snoqualmie and publicly salute the service of law enforcement officers in our community and in communities across the nation.

APPROVED, this 13th day of May 2024

Katherine Ross, Mayor Proclamation No. 24-11 RESPECT. HONOR. REMEMBER.

CITY COUNCIL ROUNDTABLE MEETING MINUTES CITY COUNCIL REGULAR MEETING MINUTES April 22, 2024

ROUNDTABLE MEETING

CALL TO ORDER & ROLL CALL: Mayor Ross called the Roundtable Meeting to order at 6:00 pm.

City Council: Councilmembers Ethan Benson, Robert Wotton, Bryan Holloway, Louis Washington, Catherine Cotton, Cara Christensen, and Jo Johnson.

Mayor Katherine Ross was also present.

City Staff Present: Mike Chambless, City Administrator; Deana Dean, City Clerk; Danna McCall, Communications Coordinator (remote); Emily Arteche, Community Development Director; and Jimmie Betts, IT Support.

AGENDA APPROVAL

It was moved by CM Holloway, seconded by CM Christensen to:

Approve the agenda.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

SPECIAL BUSINESS

- 1. Comprehensive Plan: Economic Development Element Continued. Community Development Director Emily Arteche continued the discussion from the April 8, 2024, City Council meeting. Discussion followed and revisions were noted. This matter will be brought back at the May 13, 2024, City Council meeting at #4 for discussion.
- 2. **Comprehensive Plan: Environmental Element**. Due to lack of time, this item is continued to the May 13, 2024, City Council Roundtable meeting.

It was moved by CM Wotton, seconded by CM Johnson to adjourn. The roundtable meeting ended at 6:56 pm.

REGULAR MEETING

CALL TO ORDER: Mayor Ross called the Regular Meeting to order 7:00 pm.

City Council: Councilmembers Ethan Benson, Robert Wotton, Bryan Holloway, Louis Washington, Catherine Cotton, Cara Christensen, and Jo Johnson.

Mayor Katherine Ross was also present.

City Staff:

Mike Chambless, City Administrator; David Linehan, Interim City Attorney; Deana Dean, City Clerk; Brian Lynch, Police Chief; Gary Horejsi, Police Captain; Michael Liebetrau, Police Evidence and Records Technician; Drew Bouta, Finance Director; Janna Walker, Budget Manager; Jennifer Hughes, Budget Analyst; Tami Wood, Revenue Manager; Danna McCall, Communication Coordinator; Emily Arteche, Community Development Director; Jeff Hamlin, Parks & Public Works Director; Fletcher Lacroix, Information Technology Director; Mike Bailey, Fire Chief; Phil Bennett, Stormwater & Urban Forestry Superintendent; Dylan Gamble, CIP Manager; and Jimmie Betts, IT Support.

PLEDGE OF ALLEGIANCE

AGENDA APPROVAL

It was moved by CM Holloway; seconded by CM Washington to: **Approve the agenda.**

It was moved by CM Holloway; seconded by CM Johnson to

Move Presentations after Proclamations and AB24-048 to beginning of Presentations.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

It was moved by CM Washington, seconded by CM Johnson to:

Move AB24-049 to Parks & Public Works Committee Report.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

It was moved by CM Holloway; seconded by CM Cotton to:

Suspend online public comments this evening.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

It was moved by CM Holloway; seconded by CM Washington to:

Approve the agenda as amended.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

PUBLIC HEARINGS, PRESENTATIONS, PROCLAMATIONS, AND APPOINTMENTS

Public Hearings

Appointments

Proclamations

- 3. **AB24-052**: Volunteer Appreciation Proclamation. Summary and Proclamation read into the record by Mayor Ross. Mayor proclaims April 24th as Volunteer Appreciation Day in the City of Snoqualmie.
- 4. AB24-053: Arbor Day Proclamation. Summary and Proclamation read into the record by Mayor Ross. Mayor proclaims April 26th as Arbor Day in the City of Snoqualmie. Julia Kast, Evergreen Communities Coordinator for the Washington State Dept. of Natural Resources, Urban & Community Forestry Program, spoke to Snoqualmie's awards, all Snoqualmie is doing to be

proactive in their urban forestry, and noted Snoqualmie is used as an example of excellence to other communities.

5. **AB24-048**: 2023 Stormwater and Urban Forestry Annual Report. Stormwater & Urban Forestry Superintendent Phil Bennett spoke to this item and reviewed the annual report.

Presentations

- 6. Snoqualmie Valley Food Bank introduction by Food Bank Executive Director Alison Roberts and presentation by Food Bank Operations Manager Dylan Johnson. Council questions followed.
- 7. Budget Introduction and Training presentation by Finance Director Drew Bouta. Council questions and comments followed.
- 8. Review of Financial Forecast by Finance Director Drew Bouta.

PUBLIC COMMENTS AND REQUESTS FOR ITEMS NOT ON THE AGENDA

- Luke Marusiak, resident of Snoqualmie, spoke regarding marijuana dispensaries and the effects
 of cannabis and potential risk to the community.
- Dorie Ross, resident and business owner of Snoqualmie, thanked police and fire for their response to the downtown fire.

CONSENT AGENDA

- 9. Approve the City Council Meeting Minutes dated April 6, 2024, and April 8, 2024.
- 10. Approve the Claims Report dated April 22, 2024.

It was moved by CM Wotton; seconded by CM Washington to:

Approve the consent agenda.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

ORDINANCES

11. **AB24-026**: Ordinance amending SMC Chapters 2.06, 2.08, 2.11, 2.12, 2.16, and 2.22, and repealing Chapters 2.10 and 2.56. Introduction read into the record by CM Holloway. This is the second reading of Ordinance No. 1287.

It was moved by CM Holloway; seconded by CM Washington to:

Adopt Ordinance 1287 – Amending Snoqualmie Municipal Code Chapters 2.06, 2.08, 2.11, 2.12, 2.16, and 2.22, and Repealing Chapters 2.10 and 2.56.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

12. **AB24-015**: Misuse of the 911 Response System. Introduction read into the record by CM Wotton. This is the first reading of Ordinance No. 1290. Chief Lynch spoke to this item. Discussion followed. The second reading is scheduled for the May 13, 2024, Council meeting.

COMMITTEE REPORTS

Public Safety Committee: No report.

Community Development Committee:

13. **AB24-040**: Traffic Impact Fee Program Development. Introduction read into the record by CM Washington. Presentation provided by Chris Breiland of Fehr & Peers.

It was moved by CM Washington; seconded by CM Johnson to:

Approve the development of a transportation impact fee program for the City of Snoqualmie, including the identification of a consultant to conduct a rate study and for Staff to prepare draft amendments to the Municipal Code to establish the program.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

Parks & Public Works Committee:

14. **AB24-049**: Comprehensive Plan – Capital Facilities and Utilities Element. Introduction read into the record by CM Benson.

It was moved by CM Benson; seconded by CM Holloway to:

Accept the Council Roundtable edits on the Capital Facilities and Utilities Element Goal and Policies shown in Exhibit 1 as part of an on-going review of the City Comprehensive Plan Periodic Review Update, 2044, subject to integration and harmonization with the other Comprehensive Plan elements under review.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

15. **AB24-046**: Task Order 38 Amendment with Northwest Hydraulic Consultants (NHC) for Sandy Cove Bank Stabilization. Introduction read into the record by CM Benson. Discussion followed.

It was moved by CM Benson; seconded by CM Holloway to:

Approve the amendments 1.2 and 1.3 with Northwest Hydraulic Consultants Task Order 38 Sandy Cove Bank Stabilization and authorize the Mayor to sign.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

Finance & Administration Committee:

16. **AB24-050**: Appointing Persons to Committees to Prepare Arguments Advocating the Approval and Rejection of Proposition No. 1 Public Safety Sales Tax at an Election to be Held on August 6, 2024. Introduction read into the record by CM Holloway.

It was moved by CM Holloway; seconded by CM Washington to:

Approve the appointment of persons to committees to prepare arguments advocating the approval and rejection of Proposition No. 1 Public Safety Sales Tax at an election to be held on August 6, 2024.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

17. **AB24-051**: 2025-2026 Biennial Budget Development Calendar. Drew Bouta spoke to this item. Committee comments included having CIP Non-Utilities on both Parks & Public Works Committee as well as the Finance & Administration Committee.

It was moved by CM Holloway; seconded by CM Christensen to:

Approve the 2025-2026 Biennial Budget Development Calendar.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

Committee of the Whole:

18. Public Comment Discussion led by CM Holloway. For council meetings and council committees.

It was moved by CM Holloway; seconded by CM Wotton to:

Suspend online public comments except through emails moving forward.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

REPORTS

- 19. Mayor's Report:
 - Robert Angrisano, Volunteer EMS/Firefighter, provided training to city staff on opioid education and overdose training and everyone attending received Narcan dosages. He also provides this free training at the fire station for the community.
 - Splashpad construction has begun at Community Park.
 - The Mayor and CM Wotton attended a listening session with WSDOT and learned about a
 variety of projects upcoming for the Fish Passage Project. It was requested that WSDOT
 provide coordination of closures with the affected cities including communication to cities
 around city events so that highways are not shut down around those events.
- 20. Commission/Committee Liaison Reports: No reports.
- 21. Council Liaison Regional Updates: No reports.

It was moved by CM Wotton; seconded by CM Washington to:

Extend Council Meeting past 10:00 pm.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

EXECUTIVE/CLOSED SESSION

22. Executive Session pursuant to RCW 42.30.110(1)(i) to discuss with legal counsel representing the agency matters relating to agency enforcement actions, or to discuss with legal counsel representing the agency litigation or potential litigation to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency; and

23. Closed Session pursuant to RCW 42.30.140(4)(b) for the planning or adoption of a strategy or position to be taken during the course of any collective bargaining proceedings, or reviewing the proposals made in the negotiations or proceedings; lasting a total of 30 minutes.

At 9:48 pm, Council took a 5-minute break and will reconvene in Executive Session which is expected to last until 10:20 pm. No action was anticipated following Executive and Closed Sessions.

ADJOURNMENT

It was moved by CM Holloway; seconded by CM Washington to:

Adjourn the meeting.

PASSED: 7-0 (Benson, Wotton, Holloway, Washington, Cotton, Christensen, Johnson)

Meeting was adjourned at 10:10 pm.

	CITY OF SNOQUALMIE
	Katherine Ross, Mayor
Attest:	
Deana Dean, City Clerk	

Jerry Knutsen, Financial Service Manager 38624 SE River St. | PO Box 987 Snoqualmie, Washington 98065 (425) 888-1555 | jknutsen@snoqualmiewa.gov

To: City Council

Finance & Administration Committee

From: Jerry Knutsen, Financial Services Manager

Date: May 13, 2024

Subject: CLAIMS REPORT

Approval of payments for the period: April 9, 2024, through April 26, 2024

BACKGROUND

Per RCW 42.24.080, all claims presented against the city by persons furnishing materials, rendering services, or performing labor must be certified by the appropriate official to ensure that the materials have been furnished, the services rendered, or the labor performed as described, and that the claims are just, due, and unpaid obligations against the city, before payment can be made. Expedited processing of the payment of claims when certain conditions have been met allows for the payment of claims before the legislative body has acted to approve the claims when: (1) the appropriate officers have furnished official bonds; (2) the legislative body has adopted policies that implement effective internal control; (3) the legislative body has provided for review of the documentation supporting the claims within a month of issuance; and (4) that if claims are disapproved, they shall be recognized as receivables and diligently pursued. The City of Snoqualmie meets all requirements of this state law.

Pursuant to Snoqualmie Municipal Code (SMC) Chapter 3.85, all Claims, Demands and Vouchers against the city, provides that the Finance Director or her designee will examine all claims prior to payment and provide periodic reporting of the payments to the City Council for final approval. Per SMC 3.85.040, to meet these requirements, the Finance Director schedules payment of claims and payroll for monthly Finance & Administration Committee review followed by full City Council approval on the consent agenda. Per SMC 3.85.050, documentation supporting claims paid and the Finance Director's written report are made available to all city council members at City Hall for 48 hours prior to the Finance & Administration Committee meeting. Following the 48-hour review period, the Finance & Administration Committee considers the claims as part of its regular agenda and recommends to the full city council whether to approve or disapprove the claims. Consistent with these requirements, this report seeks City Council approval of payment of claims and payroll batches summarized in the table below.

ANALYSIS

All payments made during these periods were found to be valid claims against the city. The City's internal controls include certification of the validity of all expenditures by the appropriate department and an internal audit conducted by designated finance department staff who review all claims and payroll payments. Staff performs system validation and exception reviews to validate payroll records. The Finance Director performs a random sampling review of supporting documentation for claims payments to ensure validity, as well as regularly reviews its processes to ensure appropriate internal controls are in place. The City issues disbursements for claims and payroll via the following methods:

- Warrant: paper negotiable instruments, very much like, although legally distinct from, checks
- Commercial Credit Card: as authorized by Financial Management Policy
- Electronic Funds Transfer (EFT). EFTs are electronic banking transactions (no paper instrument) of two basic types: (1) Automated Clearing House (ACH) for Electronic Fund Transfer (EFT) and (2) Wire Transfers a direct transfer between bank accounts

The following table summarizes the claims and payments authorized by the Finance Director:

The foregoing amounts were budgeted in the 2023-2024 biennial budget, and sufficient funds are available to cover these payments, as appropriate. Details pertaining to the individual vendor payments are available in documentation provided for the Finance & Administration Committee and subsequent City Council review by accessing the following link on the city website: Claims Report

SUMMARY

INTRODUCTION

This proposed ordinance is intended to reduce the number of false requests for emergency services or misuse of the 911 emergency response system which occurs within the City of Snoqualmie, threatening public and officer safety, and resulting in the waste of city resources. This ordinance would hold violators criminally responsible for their actions.

\$ n/a

APPROPRIATION REQUESTED

LEGISLATIVE HISTORY

The Revised Code of Washington (RCW) allows prosecution for false reporting where the false information is made that the caller knowingly causes the evacuation of a building, place of assembly, or transportation facility; causes public inconvenience or alarm; or an emergency response to take place.

It also allows for prosecution for telephone harassment but is limited to situations in which the caller is contacting or attempting to contact a specific person to harass, torment or embarrass that person.

BACKGROUND

The Snoqualmie Police Department contracts 911 services with the Issaquah Police 911 Center. That 911 Center is experiencing a high number of repeated harassing phone calls on the non-emergency line, as well as the actual 911 line, from citizens that are not reporting an emergency, nor are they reporting new information for a previously reported incident. One citizen has called the Issaquah 911 Center 264 times since January of 2023 (2023 = 115 calls and 2024 = 149 in just the first three months of the year). This caller usually calls the non-emergency line, but recently has resorted to calling the 911 line directly. Their calls come in clusters, such as the twelve calls in fifteen minutes that occurred on March 21, 2024.

Currently, this caller can never be charged criminally, or held accountable for their actions under the Revised Code of Washington. The need for an ordinance that contains language specifically addressing the misuse of the 911 system is needed as a matter of public safety.

ANALYSIS

Approval of this ordinance would allow the Snoqualmie Police Department to deter any further abuse and misuse of our 911 system. This ordinance does allow for any citizen to continue to use the 911 system as it was intended to be used.

BUDGET IMPACTS

There are no budget impacts.

NEXT STEPS

PROPOSED ACTION

Move to adopt Ordinance No. 1290 Misuse of the 911Response System and authorize the Mayor to sign.

ORDINANCE NO. 1290

AN ORDINANCE OF THE CITY OF SNOQUALMIE, WASHINGTON, CREATING A NEW CHAPTER OF THE SNOQUALMIE MUNICIPAL CODE WITHIN TITLE 9, RELATING TO THE MISUSE OF THE EMERGENCY RESPONSE SYSTEM; PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

WHEREAS, the City of Snoqualmie utilizes the Issaquah Police Communications 911

Center as its communication and dispatch center to provide emergency assistance to the residents of the City of Snoqualmie; and

WHEREAS, it is potentially a danger and misuse of public resources when individuals call the emergency communication system with knowledge that no emergency exists, using time and resources of the communication center and Snoqualmie and Issaquah Police; and

WHEREAS, the City Council has determined it is in the best interest of the City to adopt a new section to its criminal code to prohibit misuse of the 911 emergency response system;

NOW, THEREFORE, BE IT HEREBY ORDAINED by the City Council of the City of Snoqualmie, Washington, as follows:

Section 1. A new chapter 9.88 of the Snoqualmie Municipal Code is hereby adopted to read as follows:

Chapter 9.88

Misuse of the 911 Emergency Response System

9.88.010 Purpose

The purpose of this chapter is intended to reduce the number of false requests for emergency services or similar misuse of the 911 emergency response system, which occurs within the city and results in the waste of city resources, by providing a criminal penalty for violators, and imposing an administrative fee.

9.88.020 Offense of Misuse of the 911 Emergency Response System.

A. A person commits the crime of misuse of the 911 emergency response system if the person knowingly:

1. Makes repeated calls, irrespective of the duration of time between the calls, to the

Issaquah Police Communications 911 Center or Snoqualmie Police non-emergency

line for a purpose other than (a) to report a situation that the person reasonably

believes requires prompt service in order to preserve human life or property or, (b) to

report new information in an active investigation. "Repeated calls" means the

repeated reporting of incidents that have already been reported, without providing

new information regarding the incident; repeated requests to speak to specific officers

when the caller's purpose is not germane to the reporting of new information about an

incident; or the repeated harassment of specific officers using rude, lewd, or

threatening language; or

- Makes an emergency call or calls to the Issaquah Police Communications 911 Center
 for a purpose other than to report a situation that the person reasonably believes
 requires prompt service in order to preserve human life or property; or
- 3. Allows another person to use communications equipment owned, rented, or leased by or under the control of the person to make an emergency call or calls to the Issaquah Police Communications 911 Center for a purpose other than to report a situation that the other person reasonably believes requires prompt service in order to preserve human life or property.
- B. For purposes of this chapter, "person" means and includes any natural person, partnership, joint stock company, or corporation of any character whatsoever.

SUMMARY

INTRODUCTION

HB 1220 requires that cities define several specific types of supportive housing and shelter uses in their land use code, and specifies what zones those uses must be allowed in. The proposed text amendments would bring the SMC into compliance with the requirements of House Bill ("HB") 1220.

LEGISLATIVE HISTORY

On April 15, 2024 the Planning Commission recommended the draft code amendments for approval to the City Council. On May 6, 2024: The Community Development Committee reviewed the draft code amendments and forwarded them to the City Council for action.

BACKGROUND

In 2021, the Washington State Legislature and the Governor signed HB 1220, amending the RCW to require cities plan for and accommodate housing affordable to all segments of the population as part of their comprehensive plans. HB 1220 also requires that cities define several types of supportive housing and shelter land uses in their code, and allow those uses within specific zones.

The deadline for cities to amend their municipal codes is September 30, 2021. These requirements have not been incorporated into the SMC; therefore, the SMC is currently out of compliance with the requirements of HB 1220.

ANALYSIS

The Snoqualmie Municipal Code currently defines "shelters for temporary placement" and "special needs housing" as uses that provide housing to persons on a temporary basis or for a duration not to exceed four weeks. These uses alone are insufficient to meet the minimum State requirements, which mandate that the City of Snoqualmie specifically address emergency housing or shelter, permanent supportive housing, and transitional housing facilities, as defined by the State. Consistent with this requirement, the proposed amendment defines three new land use classifications: "Emergency Housing or Shelter," "Permanent Supportive Housing," and "Transitional Housing Facilities," and modifies the City's land use table to incorporate these uses as follows:

- Emergency Housing or Shelter uses must be allowed in any zone within the City where motels are allowed.
- Permanent Supportive Housing and Transitional Housing uses must be allowed in any zone within the City where motels or residential dwelling units are allowed.

HB 1220 also requires that the City of Snoqualmie update its Comprehensive Plan Housing Element to "plan for and accommodate" housing affordable to all income levels and the required changes to the SMC demonstrate the City's ability to do this. The Comprehensive Plan update is part of a separate effort and not under consideration as part of this current amendments to the SMC. Please see the attached Exhibit 2, Emergency Housing Crosswalk for a complete analysis of how these new regulations fit into the existing SMC.

BUDGET IMPACTS

N/A

NEXT STEPS

Discussion and first reading of Ordinance No. 1291 amending the Snoqualmie Municipal Code for emergency housing, permanent supportive housing, and transitional housing.

PROPOSED ACTION

Move to adopt Ordinance No. 1291 amending various sections of Ch. 17.10 and 17.55 of the Snoqualmie Municipal Code to satisfy the requirements of HB 1220.

ORDINANCE NO.

AN ORDINANCE OF THE CITY OF SNOQUALMIE, WASHINGTON, AMENDING VARIOUS SECTIONS OF CHAPTER 17.10 AND CHAPTER 17.55 OF THE SNOQUALMIE MUNICIPAL CODE FOR COMPLIANCE WITH THE REQUIREMENTS OF RCW 35A.21.430 AND HB 1220

WHEREAS, during its 2021 session, the Washington State Legislature passed and the Governor signed HB 1220, codified as RCW 35A.21.430, with the intent of "[s]upporting emergency shelters and housing through local planning and development regulations"; and

WHEREAS, the requirements of RCW 35A.21.430 became effective on July 25, 2021; and

WHEREAS, the Snoqualmie Municipal Code does not specifically define or regulate permanent supportive housing, transitional housing, emergency housing, or emergency shelters as district land uses; and

WHEREAS, the Snoqualmie Municipal Code currently provides definitions for and regulates shelters for temporary placement and special needs housing, which alone are insufficient to satisfy the requirements of RCW 35A.21.430; and

WHEREAS, Comprehensive Plan Policy 4.2.4 directs the City to assure that land use regulations allow for the siting and operating of emergency, transitional and permanent special needs housing, and ensure that sufficient land is zoned to allow their location near shops, services and transit; and

WHEREAS, the required 60-day notice was sent to the State of Washington Department of Commerce on February 6, 2024; and

WHEREAS, a SEPA DNS was issued for this non-project action on April 3, 2024; and

WHEREAS, the Planning Commission held a duly noticed public hearing on April 15, 2024, to receive testimony on the proposed code amendments; and

WHEREAS, the Planning Commission, by motion on May 3, 2024, recommended approval of the proposed amendments; and

WHEREAS, the Community Development Committee of the Snoqualmie City Council reviewed the Planning Commission's recommendation on May 6, 2024; and

WHEREAS, the Snoqualmie City Council has considered the recommendations of the Community Development Committee, the Planning Commission, and City Administration and has determined to take the actions set forth in this ordinance:

NOW, THEREFORE, BE IT HEREBY ORDAINED by the City Council of the City of Snoqualmie, Washington, as follows:

- **Section 1. Amendment of SMC 17.10.040.** Snoqualmie Municipal Code section 17.10.040 is hereby amended to add a new definition for the term "Emergency Housing or Shelter" as shown in Exhibit A, attached hereto.
- **Section 2. Amendment of SMC 17.10.095.** Snoqualmie Municipal Code section 17.10.095 is hereby amended to add a new definition for the term "Permanent supportive housing" as shown in Exhibit A, attached hereto.
- **Section 3. Amendment of SMC 17.10.110.** The definition of "Special needs housing" in Snoqualmie Municipal Code section 17.10.110 is hereby amended as shown in Exhibit A, attached hereto.
- **Section 4. Amendment of SMC 17.10.115.** The definition of "Transitional housing facilities" in Snoqualmie Municipal Code section 17.10.115 is hereby amended as shown in Exhibit A, attached hereto.
- **Section 5. Amendment of SMC 17.55.020 SMC.** Snoqualmie Municipal Code section 17.55.020, Table 1 is hereby amended as shown in Exhibit A, attached hereto.
- **Section 6. Severability.** If any one or more section, subsection, or sentence of this ordinance or the Snoqualmie Municipal Code amendments adopted in Section 1 herein is held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portion of this ordinance or the Snoqualmie Municipal Code sections, and the same shall remain in full force and effect.
- Section 7. Corrections by City Clerk or Code Reviser. Upon approval of the City Attorney, the City Clerk, and either the Community Development Department Director or the Parks and Public Works Department Director, as applicable, code revisers are authorized to make necessary corrections to this ordinance and Snoqualmie Municipal Code sections, including the correction of clerical errors; references to other local, state or federal laws, codes, rules, or regulations; or ordinance or Snoqualmie Municipal Code section numbering and section/subsection numbering.
- **Section 8. Effective Date.** This ordinance shall be effective five (5) days after passage and publication, as provided by law.

PASSED by the City Council of the City of Snoqualmie, Washington, this 27th day of May 2024.

	Katherine Ross, Mayor
Attest:	Approved as to form:
Deana Dean, City Clerk	David Linehan, Interim City Attorney

EXHIBIT A

SMC 17.10.040 "E" Definition

"Emergency Housing or Shelter" means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing or shelter may or may not require occupants to enter into a lease or an occupancy agreement. These facilities may include day and warming centers that do not provide overnight accommodations.

SMC 17.10.095 "P" Definitions

"Permanent supportive housing" is subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.

SMC 17.10.110 "S" Definitions

"Special needs housing" means housing that is provided for persons and, where applicable, their dependents who, by virtue of disability or other personal factors, face impediments to independent living and who require special assistance and services in order to sustain appropriate housing on a permanent, long-term or transitional basis. Special needs housing includes shelters for temporary placement and transitional housing facilities and group homes, for up to six residents in care, that function as a single housekeeping unit and provide supportive services, including but not limited to counseling, rehabilitation and medical supervision.

SMC 17.10.115 "T" Definitions

"Transitional housing facilities" means a project that provides housing and supportive services to homeless persons or families for up to two years and that has as its purpose facilitating the movement of homeless persons and families into independent living. housing units within the city owned by public housing authorities, nonprofit organizations or other public interest groups that provide housing to persons on a temporary basis for a duration not to exceed 24 months in conjunction with job training, self-sufficiency training, and human services counseling; the purpose of which is to help persons make the transition from homelessness to placement in permanent housing.

SMC 17.55.020 Table of Uses

Table 1 lists uses that are regulated by the zoning code, except unclassified uses in Chapter 17.60 SMC, and uses within the mixed use district, Chapter 17.30 SMC. The uses are listed and a corresponding letter is printed for each zoning district. The letter "X" means the use is prohibited for that particular district. The letter "P" designates uses that are permitted in a particular district. The letter "C" means that a use may be permitted in a particular district, subject to a conditional use permit. The presumption established by this chapter is that all legitimate uses of land are permissible within at least one zoning district. Therefore, because the list of permissible uses set forth cannot be all-inclusive, those uses that are listed shall be interpreted liberally to include other uses that have similar impacts to the listed uses.

SUMMARY

INTRODUCTION

The Economic Development Element was the fifth of six Comprehensive Plan Elements to be reviewed by the City Council as part of the Comprehensive Plan Periodic Review Update, 2044. The Council has expressed a desire to acknowledge the draft work completed to date as part of an on-going review process.

\$ n/a

APPROPRIATION REQUESTED

LEGISLATIVE HISTORY

The Economic Development Commission signed a recommendation of the draft Economic Development Element to the Planning Commission and the Community Development Committee on September 27, 2024. The City Council Community Development Committee reviewed the recommendation on November 20, 2023.

BACKGROUND

The City Council reviewed the draft Economic Development Element recommendation at City Council Roundtable meetings on April 8, 2024, and April 22, 2024, and during the Council meeting on May 6, 2024.

ANALYSIS

Several minor edits were made by various councilmembers at the City Council Roundtable to simplify text, correct typos, that support the diversity, equity, and inclusion (DEI), support complementary retail and improve communications with between businesses and the City.

BUDGET IMPACTS

N/A

NEXT STEPS

PROPOSED ACTION

Move to accept the Council Roundtable and any Council Meeting edits on the Economic Development Element Goal and Policies shown in Exhibit 1 as part of an on-going review of the City Comprehensive Plan Periodic Review Update, 2044, subject to integration and harmonization with the other Comprehensive Plan elements under review.

- 1) Recruit businesses that meet the retail needs of residents, offer diverse employment opportunities, generate revenue to support city services, and enrich the City's unique character, while supporting the continued success of existing local businesses.
 - a) Encourage a diverse range of smaller-scale, locally-based, and independently-owned businesses to locate in the <u>Snoqualmie downtown historic district, including grocery stores</u>, pharmacies, and restaurants.
 - b) Recruit businesses that will capture a greater share of residents' spending on retail goods and service without compromising the City's small-town look and feel.
 - c) Capitalize on emerging local economic sectors, including wine tourism, weddings, film production, and outdoor recreation and events as well as regional sectors such as aerospace, information and communication technology, and life sciences.
 - d) Prioritize the recruitment of businesses that follow environmental and socially responsible business practices.
 - e) Prioritize the recruitment of a wide range of potential businesses that will create higher-thanaverage wages jobs to match local workforce skills allowing for residents to live and work in Snoqualmie businesses that create jobs with higher-than-average wages that are accessible to a wide range of potential employees.
 - f) Strategically recruit businesses based on the features of individual vacant commercial and industrial spaces.
 - g) Identify <u>complementary and new specific</u> industries to recruit to Snoqualmie based on sectors. that are <u>already</u> well-represented in the City. <u>such as water and ice sports, health care, and telecommunications</u>.
 - h) Prioritize the recruitment of businesses that match local workforce skills to create more opportunities for residents to live and work in Snoqualmie.
 - Support the preservation and occupancy of key historic landmarks downtown including fullservice restaurants.
- 2) The City fosters a business climate that facilitates economic development through expedient and equitable regulations, permit review processes, and enforcement actions code compliance, while effectively preserving and protecting the area's environmental and cultural resources.
 - a) Cultivate a policy and regulatory environment that helps to achieve the City's economic development goals.
 - b) Consider risk of physical, economic, environmental, and cultural resource disruption or displacement on local business when creating or updating policies, regulations, investments, or programs.
 - c) Explore partnerships with a <u>c</u>Community <u>and external organizations to address barriers and</u> <u>disparities such as diversity, equity and inclusion</u> <u>Business Connector (CBC), Snoqualmie Valley Economic Alliance, and Snoqualmie Valley Chamber of Commerce to address challenges such as racism, language barriers, cultural differences, geographical disparities, and financial obstacles faced by small businesses to promote economic development opportunities.</u>
 - d) Strive to provide opportunities for business owners to share <u>information on</u> challenges and opportunities of the local business environment.
 - e) Ensure business owners have accurate and timely information on permit applications and other review

- processes related to business operations.
- f) Apply and enforce rules consistently across all business types and location.
- g) Encourage local businesses to <u>utilize be aware of</u> evolving technologies that lead to increased competitiveness, innovation, efficiency, productivity, and job opportunities.
- h) Foster a business environment that promotes local entrepreneurship.

3) The City advances its economic development goals and maintains its competitiveness through land use regulations, long-range and strategic planning, and capital investments.

- a) Ensure City investments, plans, and regulations promote economic growth and facilitate the expansion of the City's retail base equitably across all City commercial areas, business types, and communities.
- b) Advocate for Snoqualmie's economic interests at the county, regional, state, and federal levels.
- c) Consider creating a <u>historic</u>Meadowbrook Retail District <u>and sites not yet considered</u> that promotes retail and service options that enhances the future Riverwalk Trail for residents and visitors.
- d) Collaborate with intergovernmental partners to improve transit service to, from, and within Snoqualmie, aiming for increased frequency and accessibility.
- e) Attract <u>businesses developments</u> with the potential to create a <u>high number variety</u> of jobs and <u>offer</u> commercial spaces of varying sizes to accommodate businesses of different scales and provide space for small businesses to grow.
- f) Encourage the development of housing options that are affordable for the full range of employment opportunities in the City.
- g) Ensure that economic growth and development is balanced with environmental and cultural resource protection.
- h) Encourage the creation of public gathering spaces near commercial areas in a manner that promotes commerce.
- i) Preserve the Master Planned Business Park land use designation, focused on office, research and development, and light manufacturing/industrial uses, within the City's potential annexation area (PAA).
- j) Ensure land use regulations support and promote the development of suitable forms of overnight lodging, with a particular focus on the downtown historic district.
- k) Ensure that Snoqualmie's infrastructure supports electric vehicle charging and other emerging climate-friendly technologies adequately.

4) The City promotes desired economic development while sustaining the natural and built features that give Snoqualmie its unique sense of place that residents most value.

- a) Protect and promote the City's distinct mix of natural beauty, historic buildings, rich cultural heritage, and unique neighborhoods including Snoqualmie Ridge, Historic Downtown, the Mill Site, and Meadowbrook, to foster desired economic development.
- b) Create wayfinding signage where Meadowbrook Way and Snoqualmie Parkway intersect with Railroad Avenue SE directing visitors to the historic downtown.
- c) Leverage Snoqualmie's distinctive sense of place and unique assets such as Meadowbrook Farm, Snoqualmie Point Park, and other large park and open spaces to attract visitors through historic and cultural events and activities.
- d) Support and celebrate the contributions of the city's existing culturally and ethnically diverse businesses, institutions, and the Snoqualmie Tribe.

- e) Maximize the Snoqualmie Riverwalk as a tourism asset that connects to the Centennial Trail and the regional Snoqualmie Valley and Preston-Snoqualmie trails while protecting downtown riverfront properties *from* flooding.
- f) In collaboration with the Snoqualmie Valley Chamber of Commerce, support non-profit merchant organizations in Historic Downtown Snoqualmie, Kimball Creek, and Snoqualmie Ridge to strengthen economic vitality, design, organization, and promotion.
- g) Maintain and expand a wayfinding system that effectively directs visitors to Snoqualmie's commercial and retail districts and communicates information about parking, parks, and other attractions, with a particular focus on community-friendly assets.
- h) Preserve the economic viability of Snoqualmie's historic sites, buildings, districts, landscape features and neighborhoods by identifying and preserving their character and history through collaboration with the King County Historic Preservation Program and engaging informational plaques and signs.
- i) Enrich the cultural lives of residents and visitors by placing permanent and temporary art installations in public spaces in a manner that enhances Snoqualmie's unique sense of place.
- j) Promote public art by hosting events such as Plein Air PaintOut.
- k) Encourage the creation of public murals throughout the City that are representative of the history, culture, and heritage of the Snoqualmie Valley.
- I) Protect and promote institutional, cultural, natural, and other unique resources such as the Northwest Railway Museum, Pacific West Rail Model Train Museum, Meadowbrook Farm, and the Snoqualmie Riverwalk.

SUMMARY

INTRODUCTION

This agenda bill is to approve the use of Otak Inc.'s professional services to evaluate the structural integrity, paint condition, and scour repair of Meadowbrook Bridge. Additionally, Otak will review the proposed work by King County (County) in the vicinity of the bridge to gauge its potential effects on scour, permitting requirements, and assist in refining the scope of the Capital Improvement Project (CIP).

BACKGROUND

The Meadowbrook Bridge spans over the Snoqualmie River, carrying Meadowbrook Way SE and connecting with SE Reinig Rd at its northern end. Originally completed in 1921, the bridge has undergone various enhancements over the years. The most recent major improvements took place from 2005 to 2006. During this period, the bridge's traffic lanes on the truss span were reduced to convert it from a substandard two-lane bridge to a traffic-controlled one-lane bridge, eliminating the need for weight posting.

The scope of the 2023-2024 CIP project included load rating and painting. The load rating aspect was successfully completed, adhering to current FHWA guidelines. The assessment revealed the necessity of posting weight limits for specific truck configurations on the bridge. Consequently, the bridge is presently restricted for certain truck configurations based on its load rating. This underscores the urgency of investigating updates to the CIP project scope to determine the required restoration measures.

ANALYSIS

Based on the load rating results and the latest inspection report, it appears that simply painting the bridge as initially planned might not be enough. The bridge requires a thorough assessment of its structural integrity to determine the necessary scope of work for restoring its condition.

Additionally, with the County revetment project underway near the bridge pier, which is expected to affect the bridge pier, it's essential to coordinate between the County and the City to ensure alignment of both projects. Consequently, the City requires professional services to assess the updated needs of the bridge and to coordinate with the County throughout their planning phase.

The professional services scope for the Meadowbrook Bridge restoration project includes:

- Project Management and Coordination
- Initial Assessment and Support
- Ongoing Support: coordinating with the county and updating the bridge's needs.

Therefore, Parks and Public Works is seeking Council approval to add Task #20 to the on-call professional services contract for professional services on the Meadowbrook bridge restoration project and authorize the Mayor to sign.

BUDGET IMPACTS

Administration recommends approving a contract with Otak Inc. in the amount of \$117,296 to evaluate structural integrity, paint condition, and scour repair of Meadowbrook Bridge. The City incorporated this project into the 2023-2028 Capital Improvement Plan (CIP) (See Exhibit #6). The 2023-24 Amended Budget appropriates \$1,744,000 for this project in the Non-Utilities Capital Fund (#310), with a life-of-project budget of \$1,869,000. Currently \$101,670 has been spent in the current biennium and \$2,484 is encumbered for contracts within the project, leaving \$1,639,845 for new contracts. If the proposed contract is approved, the available budget for the current biennium would be \$1,522,549. Therefore, sufficient appropriation exists within the 2023-24 Biennial Budget (Non-Utilities Capital Fund #310) to fund the contract.

Meadowbrook Bridge Restoration Project

	Life-of	f-Project Budget	2	023-2024

Hind Ahmed, Project Engineer City of Snoqualmie PO Box 987 Snoqualmie, WA 98065

Re: Task Order #20 for Professional Services City of Snoqualmie On-Call Contract Meadowbrook Bridge Support Otak Project No. 032703.U

Dear Hind:

The City is requesting services to support City efforts to identify capital improvements and obtain funding for the Meadowbrook Bridge that carries Meadowbrook Way SE over the Snoqualmie River. Work is to be completed as a task order under the existing City of Snoqualmie (City) on-call services contract with Otak, Inc. (Otak). This contract ("Agreement for Professional Services") is dated January 23, 2017, and a copy was received by Otak on April 10, 2017.

Work in this scope of work is in addition to and follows work provided by Otak under previously completed Task Order #17 (Otak Project No. 032703.Q) and summarized in the Meadowbrook Bridge Funding Rehabilitation and Replacement Options report, dated April 14, 2023.

Task 1 – Project Management and Coordination

Otak's project manager will provide direction and coordinate preparation of deliverables. The project manager will monitor the project planned budget and schedule versus actual progress and take corrective actions if necessary. Otak will prepare and submit monthly invoices and a brief progress report to reflect progress over the last billing period. Otak's project manager will maintain regular communication with the City's project manager.

Assumptions:

Level of effort assumes 36 months of work.

Deliverables:

Monthly invoices and progress reports will be prepared and submitted to the City.

Task 2 - Initial Assessment and Support

Otak will review available bridge, hydraulic, and scour reports; and assess the structural, paint, and scour conditions of the existing bridge as needed to support the City's current efforts to identify work to be included in the City's Capital Improvement Plan. Otak will review planned work by King County near the bridge to assess impacts to the scour and permitting.

Otak will develop a draft memorandum of priorities, risks, timelines, and cost estimates for structural, painting, and scour repairs and submit to the City. Timelines will include typical permitting schedules and construction durations. The City will review the draft memo. Otak will meet with the City to discuss City review comments on

the draft memo. Otak will update the report based on City review comments, finalize, and submit to the City.

Assumptions:

- 4-month duration for this task.
- Bridge analysis will not be performed in this task.
- Hydrologic and hydraulic calculations for scour analysis will not be performed in this task.

Deliverables:

- Draft Initial Assessment Memo (MS Word).
- Final Initial Assessment Memo (PDF).

Task 3 – Ongoing Support

Otak will assist the City with additional structural, hydraulic, scour, permitting, and other assessments and assistance as requested by the City to support City efforts in identifying and prioritizing City projects, revising the Capital Improvement Project (CIP) scope, and pursuing funding for repair and/or replacement of the existing bridge.

Assumed level of effort is shown in the attached fee spreadsheet. Level of effort assumes 4 meetings with King County regarding County improvements near the existing bridge, 12 meetings with the City (approximately 4 meetings per year for 3 years), 2 site visits, and internal quality control reviews of work produced by Otak.

Assumptions:

- 4 meetings with King County
- 12 meetings with City staff
- 2 site visits

Deliverables:

Email and/or memo of information as requested.

FEE ESTIMATE

The following summarizes the fee breakdown for this scope of work:

Task	Total
Task 1 – Project Management	\$ 28,536.00
Task 2 – Initial Assessment and Support	\$ 25,940.00
Task 3 – Ongoing Support	\$ 62,520.00
Direct Expenses	\$ 300.00
Total	\$ 117,296.00

This estimate includes assumed level of effort for undefined services with the total not-to-exceed as shown. Otak will track budget remaining and notify the City when charges are near to the total. Services requested that are projected to exceed the total will be amended to this scope of work and approved by the City prior to performance.

SCHEDULE

The following schedule is assumed:

- NTP issued: May 1, 2024.
- Draft Initial Assessment Memo: June 28, 2024.
- Final Initial Assessment Memo: August 30, 2024.

The project duration assumes 36 months of support from NTP, ending April 30 2027.

AGREEMENT FOR PROFESSIONAL SERVICES

RECEIVED

THIS AGREEMENT, made this 23 day of January, 2017, by and between OTAK INC., hereinafter called "Otak", and the City of Snoqualmie, Washington, hereinafter called "the City".

RECITALS

- 1.1 The City is a municipal corporation of the State of Washington, located in King County.
- 1.2 Otak is a corporation engaged in the practice of providing professional environmental consulting services.
- 1.3 The City is in need of professional environmental services on an "on-call" basis to support planning staff and to provide advice in connection with various planning activities and development proposal review in the City.
- 1.4 The City has determined that Otak is qualified to provide required professional environmental services.

UPON the foregoing premises, and in consideration of the mutual promises set forth below, the parties agree as follows.

AGREEMENT

- 2.1 CONTRACT DOCUMENTS. This Agreement, the attachments hereto, Task Orders, Scopes of Work and Budget, and any written modifications thereto, shall constitute the entire agreement between Otak and the City for the conduct of all work hereunder.
- 2.2 OBJECTIVE AND SCOPE OF WORK. The objective of this Agreement is to provide for Otak's availability to provide professional environmental services on an "on-call" basis as directed by the City. The Task Orders and Scopes of Work shall include all services necessary to accomplish work to be specified therein as may be authorized during the duration of this Agreement.

2.3 TASK ORDERS.

- 2.3.1 The City, in entering into this Agreement, does not guarantee that any environmental services will be requested nor guarantee any specific dollar amount of work during the term of this Agreement.
- 2.3.2 Requests by the City for professional environmental services under this Agreement shall be given by written Task Orders to Otak. The Task Orders shall describe the work to be done, and specify the desired commencement and completion dates for the work.

- 2.3.3 Otak shall respond in writing within seven (7) calendar days after receipt of a Task Order with a proposed scope of work, cost estimate, and schedule for completing the requested services.
- 2.3.4 The final Scope of Work and Budget for each Task Order shall be confirmed in writing by the City.
- 2.3.5 Otak shall initiate the specified work consistent with the schedule included within the final Scope of Work and Budget for each Task Order.
- 2.3.6 If the City requests Otak to perform work or render services in connection with a Task Order assignment in addition to or other than work provided for by the Scope of Work of the Task Order, such work will be considered as Extra Work and will be specified as to its nature and scope in a written supplement to the Task Order. Such work shall not proceed until the supplement to the Task Order is authorized in writing by the City.
- 2.4 TERM. This Agreement shall be in effect from and after its execution by the parties, and shall remain in effect until terminated as hereinafter provided.
- 2.5 COMPENSATION. The City agrees to compensate Otak on an hourly basis for services rendered under this Agreement, on the basis of the Otak "Billing Rates," (attached "Exhibit A") unless other rates are established by mutual written agreement. "Billing Rates" shall be adjusted annually as proposed by Otak and agreed to by the City. "Reimbursable Expenses" shall be those costs for mileage (IRS rate) incurred directly for work on a Task Order given by the City. Any revision to Otak's "Billing Rates" shall be communicated to the City in writing sixty (60) days prior to the date when the revision is to become effective.
- 2.6 PAYMENT. Otak shall submit monthly statements for services rendered and expenses incurred for each Task Order, which shall be due in full within thirty (30) days after receipt by the City.
- 2.7 STANDARD OF PROFESSIONAL CARE. Otak shall perform all services under this Agreement in accordance with the usual and customary standards of professional care. Otak makes no other warranty, express or implied.
- 2.8. OWNERSHIP OF WORK PRODUCTS. All work products generated or otherwise produced by Otak under the terms of this Agreement shall be deemed to be the property of the City. The City acknowledges that its use of such work product for any purpose other than the Task Order for which it was prepared is at the City's own risk.

2.9 THE CITY'S RESPONSIBILITIES.

- 2.9.1 The City shall provide all criteria and full information as to the City's requirements and designate a person with authority to act on the City's behalf on all matters concerning each Task Order, which shall be the Director of Community Development, unless another person is specified.
- 2.9.2 The City shall furnish to Otak all existing studies, reports and other available data and services of others pertinent to each Task Order, and obtain additional reports and data as required; and Otak shall be entitled to rely upon all such information and services in

performing services hereunder.

- 2.9.3 The City shall arrange for access to and make all provisions for Otak to enter upon public and private property as required for Otak to perform services hereunder.
- 2.10 INSURANCE COVERAGE. Otak shall maintain general and automotive liability insurance for the duration of this Agreement to provide comprehensive coverage for public liability and property damage. Such insurance covering public liability shall be in the sum of not less than one million dollars (\$1,000,000) single limit. Insurance covering property damage shall be in the sum of not less than one million dollars (\$1,000,000) single limit. Otak shall maintain professional liability insurance for the duration of this Agreement to provide coverage for liability arising out of any negligent performance of professional services by Otak under this Agreement. Insurance covering professional liability shall be in the sum of not less than one million dollars (\$1,000,000) single limit. Otak shall provide the City with a certificate of insurance showing such insurance to be in force within twenty (20) days after execution of this Agreement.
- 2.11 HOLD HARMLESS. Otak shall hold the City, and its officers, agents and employees, harmless from all suits, claims, or liabilities of any nature, including attorney's fees, costs, and expenses, for or on account of injuries or damages to any person or property resulting from the negligent acts or omissions of Otak and its agents, employees and subcontractors. In the event of joint or concurring negligence on the part of Otak and the City, Otak shall hold the City harmless in proportion to the percentage of such negligence.
- 2.12 OTAK AN INDEPENDENT CONTRACTOR. Otak and the City agree that Otak is an independent contractor and not an agent of the City, and that Otak is subject, as an employer, to all applicable employment statutes.
- 2.13 NO SUBLET. Neither Otak nor the City shall assign or sublet this Agreement or any part thereof without the written consent of the other party.
- 2.14 CONFLICT OF INTEREST. Otak agrees to and shall notify the City of any potential conflicts of interest in Otak's client base and shall obtain written permission from the City prior to providing services to third parties where a conflict or potential conflict of interest is apparent. If the City determines in its sole discretion that a conflict is irreconcilable, the City reserves the right to terminate this Agreement.
- 2.15 TERMINATION. This Agreement may be terminated, with or without cause, by either party upon ninety (90) days' written notice. Upon termination, compensation for all work completed through the termination date, including all retailed amounts, shall be due. Upon receipt of compensation, all completed and partially completed work products shall become the property of the City.
- 2.16 APPLICABLE LAWS. Otak shall be cognizant of all Federal and state laws and local ordinances which in any manner affect those engaged or employed in the work or which in any manner affect the conduct of the work, and shall at all times observe and comply with all such existing laws and ordinances.

- 2.17 JURISDICTION AND VENUE. This Agreement shall be governed by the laws of the State of Washington. Venue of any action hereon shall be in King County, Washington.
- 2.18 SEVERABILITY. If any part of this Agreement is found to be in conflict with applicable laws, such part shall be null and void to the extent of such conflict but the remainder of this Agreement shall be given full force and effect.
- 2.19 NOTICES.
 - 2.18.1 Any notices by the City to Otak shall be given to the following address:

Otak, Inc.
Attn: Cevin O'Brien, PhD
11241 Willows Road NE, Suite 200
Redmond, WA 98052

Jeff Gray,

April 2024 Monthly Report

Permit Activity

Permit applications remain relatively average.

Building	April 2024	YTD
Permit Applications	65	156
Permits Issued	44	131
Total Inspections	54	188

Planning	April 2024	YTD
Pre-Applications	0	2
Sign Permits	0	2

Special Event	7	20
Permits		

Boards and Commissions:

- Arts Commission, April 8, reviewed upcoming arts events Art Off the Rails, Plein Air Paint, Arts Commission and KCLS Classes, City Hall art gallery, and new pole banner themes.
- Economic Development Commission, April 17,
- Community Development Committee 3/18 -- Traffic impact fee program development discussion
- Planning Commission 3/18 -- Updated environmental policies and discussion on updated permit timelines (SB5290)

Land Use Planning Projects:

NWRM: The applicant would like to clear and grade the property to expand the existing museum to include a roundhouse.

Timber Trails (Plat 30): Clearing and Grading permit was submitted to being preparing the parcel for a 46 single-family residential (duplexes and townhomes) lots.

Model Train Museum: No updates.

The Rails: A building permit for the 3-story mixed use building, including 11 apartments, approximately 2,000 square feet of retail/office space, parking, and other site improvements has been issued.

Community Center Expansion: A pre-application conference was held and the applicant submitted for a design review. The design review was presented at the February 20, 2024 Planning Commission meeting and the Commission agreed that the project met design criteria.

Mixed-Use Final Plan Amendment: Continued review of Snoqualmie Ridge 1 permit and amend conditions of the SR-I Mixed Use Final Plan to allow for more retail.

Community Engagement, Events, Marketing, and Tourism

- **Downtown Fire**, April 14, 4 business (Snoqualmie Ice Cream, Littlest Wishes, Chickadee Bakeshop, and Snoqualmie Pie Co.) Worked with businesses to support efforts and secure temporary locations.
 - Targeted marketing to increase traffic to downtown, which has suffered since the fire:
 - May 425 Magazine homepage ad

- 425 magazine and Northwest Travel and Life both ran free media posts promoting Snoqualmie, per my request
- Collaborated with Communications Team on an "Explore Snoqualmie" social media campaign and video
- Coordinated with SnoValley Chamber of Commerce "May the 4th Be With You" scavenger hunt
- Attended Region Ready Summit, topic, FIFA 2026 World Cup.
 - Statewide experience, Seattle 6 games, including a Men's match, 7 games in Vancouver
 - Slated to be the largest sports event on Earth
 - 40% bigger than Olympics/5B viewers/100M Superbowl vs. 4B World Cup Soccer
- **Annual Volunteer Recognition Event,** April 24, honoring firefighters, commission and committee volunteers. Coordinated event on behalf of Mayor Ross.
- All-Inclusive Playground Ribbon Cutting, April 26, celebrated several years of work and planning with a ceremony.
- Facilitated the joint meeting between Downtown Historic Merchants Association and the Ridge Merchants
 Group meeting. Andrew Levin, Consultant, attended the April Downtown Merchants meeting to discuss
 upcoming code amendments.

Fire Department Activity April, 2024

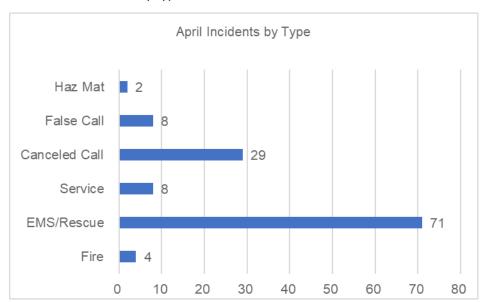

Incident Count April

The Fire Department responded to 122 incidents in April. 58% of the incidents were emergency medical services and 42% were fire or service-related incidents. The following chart displays incident count per day.

Incident Count by Type:

The following is a count breakdown of incidents by type.

Travel Time

For incidents within the city, the 90th percentile travel time for the first arriving unit responding in emergency mode was 7:51 seconds and is broken down as follows

Туре	0:00 - 3:59	4:00 - 7:59	8:00 - 11:59	12:00 - 15:59	16:00 - 29:59	30:00 +
Aid Car	12	20	2	0	0	0
Engine	4	6	0	0	0	0
Chief Officer	1	0	0	0	0	0
Total	17	26	2	0	0	0

For incidents outside the city, the 90th percentile travel time for the first arriving unit responding in emergency mode was 15:23 and is broken down as follows

Туре	0:00 - 3:59	4:00 - 7:59	8:00 - 11:59	12:00 - 15:59	16:00 - 29:59	30:00 +
Aid Car	0	12	5	1	2	0
Engine	0	9	7	2	1	0
Total	0	21	12	3	3	0

EMS Transports

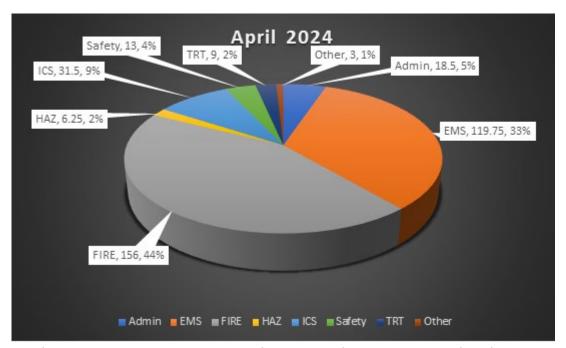

The Fire Department responded to 71 EMS incidents in April and transported 23 patients to local hospitals. Patients were transported to Swedish Issaquah 70% of the time and Snoqualmie Valley Hospital 22% of the time. Of the transports, 11 were from calls outside Snoqualmie's response area.

Hospital	Week 1	Week 2	Week 3	Week 4	Week 5	Total
Overlake Hospital	1	0	0	0	0	1
Snoqualmie Valley Hospital	1	2	0	2	0	5
Swedish/Issaquah	1	5	2	6	2	16
Other	0	0	1	0	0	1
Total	3	7	3	8	2	23

Item 16.

Training:

April saw a sharp drop in training hours from previous months due to multiple sick call outs and blended crews waiting to complete training when their entire crew is on duty. In April, crews trained over 357 hours, primarily focusing on company level drills, performance-based measures, and fire suppression response. The training covered all different categories with the majority being fire suppression response (44%) followed closely by emergency medical services (33%). During the month we had two members attend offsite courses for fire systems and alarm monitoring components as well as other crews attend training for scenes of violence incidents, focused on how to manage an incident with multiple victims and a possible active shooter threat. The following chart compares the training hours by type:

(Admin=Administrative; Haz=Hazmat; ICS=incident command systems; TRT=Technical Rescue Training)

Training – Highlights/Major Topics:

- Wildland Fire annual training
- Spinal Immobilization and devices
- Technical Rope Rescue awareness and operations level training
- Swift water rescue quarterly
- Firefighter Company evolutions and forcible entry, ventilation
- Mass casualty simulations
- Fire inspection and investigation principles
- Safety State mandated safety training, firefighter line of duty death reviews
- Infectious disease training

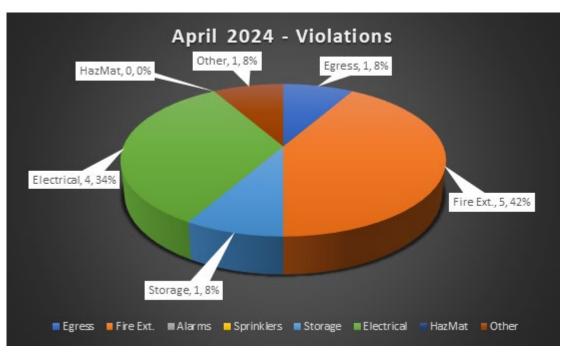

Accreditation

The four-member peer team was on site from April 21st through 25th. The peer team's time was spent verifying and validating the department and the city operations. They met with multiple members in the department as well as other department heads and staff in the city to verify information. At their out briefing meeting with the Mayor, City Administrator, and Public Safety Committee, the peer team commended the department and city on their excellent work. They presented 11 recommendations for improvement highlighted from their visit and were whole-heartedly recommending re-accreditation to the commission. The next step is for the department delegation to go in front of the commission in August in Atlanta for their final presentation and approval.

Community Risk Reduction

Inspections

Fire crews conducted fire and life safety occupancy inspections in April, focusing on reengaging an inspection cycle that prioritizes those buildings at higher risk. Thirteen (13) inspections were completed noting twelve (12) violations. The violations were a direct reflection of a continued inspection practice and keeping occupants informed of what constitutes a code violation. Most infractions were resolved within 14 days and some others being remedied while crews were onsite. The following chart is a view of the monthly inspection violations:

Public Education

April public education and outreach reported the following activities:

- 4/20 Public First Aid/CPR/AED Class 12 Students, 6 hours
- CERT course planning
- (1) Private Opioid Education class (City staff)

Volunteer Activity

During the month of April, the following activity was recorded for the volunteer group

- 21 Duty Shifts
- 34 Calls responded to
- 291.5 Total hours spent volunteering.

Human Resources Departn

Kim Johnson, HR Manager 38624 SE River St. | PO Box 987 Snoqualmie, Washington 98065 (425) 393-4258 | kjohnson@snoqualmiewa.gov

April 2024

Enterprise Resource Planning System (ERP) Project – Tyler/Munis

The human resources implementation team continues to work on human resource modules setup as well as assist with payroll implementation modules.

HUMAN RESOURCES

Recruitment

The City continues to focus heavily on staffing and to recruit for several critical positions across multiple departments. All the new Directors are on their way and are settling into their leadership roles. We have an accepted offer for a new Deputy Fire Chief and are beginning the recruitment for the next Deputy PPW Director. Our new Deputy City Clerk has hit the ground running and the administrative department is excited to have her join our team. There are currently three Police Officer openings, and the new Records Technician started this month filling a crucial need for that department. There is only one open position open in our Water division as the remaining Water and Wastewater positions have been filled!

Union Negotiations

Negotiations are continuing with the Snoqualmie Police Association (SPA).

Employee Recognition/Activities

City employees continue to participate in "Thank you Thursdays" in which an employee thanks a fellow employee for their service via email and then in turn continues and thanks another employee to keep the chain of gratitude going. Wellness activities continue to be well supported and well attended. The last All City meeting included a presentation and training on recognizing the need and how to administer Narcan. Narcan is now in all city vehicles and with city employees as they were trained to be community responders.

Personnel Policy Handbook

The HR department is continuing work with Summit Law to review and update the city Personnel Policies to be in compliance with updated employment and leave laws and to combine all policies to be in one handbook.

Snoqualmie Police Departn
