>>Warning! The source of this email is from outside of the firm.<<

Good Morning Law Enforcement,

I am writing you to inform you that Attorney Philip Hornthal is violating Federal Labor Trafficking Laws relating to forced labor by means of abuse of legal process.

Southern Shores, through their attorney Philip Hornthal is forcing me to spend money on an attorney to submit a lot sub-division plan as they refuse to provide one single reason explaining how Southern Shores believes they LEGALLY changed land use in Southern Shores without an eminent domain transaction or the land owners permission (when Wes Haskett knowingly changed lot width requirements so lots that could be sub-divided as a right and used for 2 separate single family homes could no longer be divided without the towns approval-which Attorney Philip Hornthal has now proven involves forced labor to respond to his abuse of legal process).

It is my position that Southern Shores must correct their zoning amendment which violates eminent domain transaction requirements and not abuse legal process by forcing me to file litigation against the town (which of course causes me financial damages and lost time from work...in addition to emotional distress).

The emails below also prove Southern Shores through their attorney Philip Hornthal refuse to answer the question "What zoning code prohibits a second floor overhang from encroaching in the 15' side set back requirement when the footprint of the house (and first floor of the house) conform with the 15' side setback requirement?"

I asked the question above because Wes Haskett was told by me that my side set back is 14' and Wes Haskett said my side setback "encroaches" and is the problem with a lot subdivision. I now know that I mistakenly told Wes Hakett the side setback is 14' because the first floor of my house is without a doubt in compliance with zoning code and the survey provided to Wes Haskett by me probably was not true and correct.

Please arrest attorney Philip Hornthal for Federal Labor Trafficking Violations and any Federal Criminal

3

Conspiracy Law Violations for advising Southern Shores to continue violating laws they have not one single reason for believing they have not violated.

Federal Labor Trafficking statutes are attached below as well as the evidence against Philip Hornthal. Philip Hornthal has suggested I obtain advice from an attorney and my attorneys advice (which obviously cost money) would sound something like this:

"Dear Southern Shores, your attorney Philip Hornthal is currently in violation of Federal Labor Trafficking laws and his advice will result with Southern Shores being found liable in a class action lawsuit for changing land use without an eminent domain transaction. In addition to being liable for damages to Southern Shores home owners, Southern Shores will also be found liable for all legal fees associated with this litigation as Philip Hornthal clearly had not one single legal explanation for the land use change and violated Federal Labor Trafficking laws instead of correcting the law violations. Finally, Southern Shores will be found liable for punitive damages to my client who has respectfully informed Southern Shores that their zoning code amendment violates law and they retaliated with a labor trafficking scheme against my client."

Thank you,
Anthony S Mina

PS I don't know why Philip Hornthal attached images of "in" and "f", but I do not get paid for any type of investigative work in Southern Shores so if these images lead people to believe I am part of an "intricate" investigative scheme with Southern Shores, please use the images as evidence of labor trafficking and coercion.

Statutory Notes and Related Subsidiaries
Purpose
Pub. L. 114–22, title I, §108(c), May 29, 2015, 129 Stat. 239, provided that: "The purpose of the amendments made by this section [amending this section and section 7102 of Title 22, Foreign Relations and Intercourse] is to clarify the range of conduct punished as sex trafficking."

Sense of Congress
Pub. L. 114–22, title I, §109, May 29, 2015, 129 Stat. 239, provided that: "It is the sense of Congress that—

"(1) section 1591 of title 18, United States Code, defines a sex trafficker as a person who 'knowingly. . .recruits, entices, harbors, transports, provides, obtains, or maintains by any means a person. . .knowing, or in reckless disregard of the fact, that means of force, threats of force, fraud, coercion. . .or any combination of such means will be used to cause the person to engage in a commercial sex act, or that the person has not attained the age of 18 years and will be caused to engage in a commercial sex act';

"(2) while use of the word 'obtains' in section 1591 [of title 18], United States Code, has been interpreted, prior to the date of enactment of this Act [May 29, 2015], to encompass those who purchase illicit sexual acts from trafficking victims, some confusion persists;

"(3) in United States vs. Jungers, 702 F.3d 1066 (8th Cir. 2013), the United States Court of Appeals for the Eighth Circuit ruled that section 1591 of title 18, United States Code, applied to persons who purchase illicit sexual acts with trafficking victims after the United States District Court for the District of South Dakota erroneously granted motions to acquit these buyers in two separate cases; and

"(4) section 108 of this title [title I of Pub. L. 114–22] amends section 1591 of title 18, United States Code, to add the words 'solicits or patronizes' to the sex trafficking statute making absolutely clear for judges, juries, prosecutors, and law enforcement officials that criminals who purchase sexual acts from human trafficking victims may be arrested, prosecuted, and convicted as sex trafficking offenders when this is merited by the facts of a particular case."

§1592. Unlawful conduct with respect to documents in furtherance of trafficking, peonage, slavery, involuntary servitude, or forced labor
(a) Whoever knowingly destroys, conceals, removes, confiscates, or possesses any actual or purported passport or other immigration document, or any other actual or purported government identification document, of another person—

(1) in the course of a violation of section 1581, 1583, 1584, 1589, 1590, 1591, or 1594(a);

(2) with intent to violate section 1581, 1583, 1584, 1589, 1590, or 1591; or

(3) to prevent or restrict or to attempt to prevent or restrict, without lawful authority, the person's liberty to move or travel, in order to maintain the labor or services of that person, when the person is or has been a victim of a severe form of trafficking in persons, as defined in section 103 of the Trafficking Victims Protection Act of 2000,

shall be fined under this title or imprisoned for not more than 5 years, or both.

(b) Subsection (a) does not apply to the conduct of a person who is or has been a victim of a severe form of trafficking in persons, as defined in section 103 of the Trafficking Victims Protection Act of 2000, if that conduct is caused by, or incident to, that trafficking.

(c) Whoever obstructs, attempts to obstruct, or in any way interferes with or prevents the enforcement of this section, shall be subject to the penalties described in subsection (a).

(Added Pub. L. 106–386, div. A, §112(a)(2), Oct. 28, 2000, 114 Stat. 1488; amended Pub. L. 110–457, title II, §222(b)(6), Dec. 23, 2008, 122 Stat. 5070.)

Dear Law Enforcement,

I am writing you to inform you that Mr. Hornthal's comment to me that I am free to seek advice from an attorney about my hypothetical questions probably should be considered a major red flag that Mr. Hornthal may be involved with a legal entanglement scheme. I was simply asking Mr. Hornthal about existing Southern Shores zoning code.

It is my position that Southern Shores will be found liable in a class action lawsuit for changing land use without an eminent domain transaction. I didn't move to Southern Shores to hire attorneys to fight with southern shores government. I moved to southern shores to follow the town's local code (as soon as I can completely understand the local code). Since I was under contract to purchase a lot that was potentially sub-dividable when I agreed to purchase the house and paid my due diligence fee I'm planning on respectfully asking Southern Shores to allow my lot subdivision since they obviously have discretion to allow the lot sub-division.

I suggest the town find a new attorney is the first thing an attorney I hire is going to tell Southern Shores.

Thank you for your help with the many questions I have already asked.

Thank you for your email, Mr. Hornthal. As of right now you have not provided me one single reason why Southern Shores believes they legally changed land use without an eminent domain transaction or the landowners permission and you are wasting Southern Shores tax dollars refusing to answer a simple question that is on an elementary school reading comprehension level regarding the existence of a zoning code regulation.

Feel free to contact me if you can help me plan my lot sub-division application so that I avoid making mistakes and wasting my time, Southern Shores time and taxpayers money.

Thank you,
Anthony S. Mina

There is a survey attached that states the second floor is 14' from the property line and the first floor/footprint is 17' from the property line. There also is a picture of my house attached.

There is no need to submit a set of plans to southern shores, i am trying make sure my plans comply with zoning code prior to submitting them.

What zoning code prohibits a second floor overhang from encroaching in the 15' side set back requirement when the footprint of the house (and first floor of the house) conform with the 15' side setback requirement?

A perfectly acceptable response is there is not a zoning code prohibiting a second floor overhang from encroaching in the side set back requirement.

Thank you,

Mr. Hornthal,

I apologize, I must not understand what you mean when you say talk about "hypothetical" questions.

Can you answer this question which only asks about Southern Shores zoning code:

What zoning code prohibits a second floor overhang from encroaching in the 15' side set back requirement when the footprint of the house (and first floor of the house) conform with the 15' side setback requirement?

Thank you,
Anthony S Mina

PS I am not saying Wes Haskett falsely claimed my house's lot was not sub-dividable because of a 14' setback, I am saying I mistakenly told Wes Haskett the setback was 14' when in fact the first floor setback is several feet more than 14'.

Hello,

Thank you for the email.

I will rephrase my question so it is easier for you to understand…

What zoning code prohibits a second floor overhang from encroaching in the 15' side set back requirement when the footprint of the house (and first floor of the house) conform with the 15' side setback requirement?

The attached survey dated March 6, 1997 was provided by Linda Lauby (Linda Lauby said she hired Kirk Foreman) and the survey states the 2nd floor back corner of my house is 14' from the side property line and the 1st floor is 17' from the property line. I do not believe the survey is true and correct and believe the 2nd floor of my house also conforms with the 15' side setback requirement so I'm getting a new survey.

But, I am trying to figure out if there is a zoning code prohibiting the 2nd floor from encroaching in the side setback because I paid the structural engineer I use to provide me plans to remove any non-conforming overhang so if there was an encroachment I could just literally cut off 1' of my house to make my house conform with zoning code.

Wes Haskett once told me the setback encroachment was the issue with me obtaining a lot sub-division prior to the zoning amendment changing lot width requirements. I am not sure if Wes Haskett did not know the first floor of my house does conform with zoning code (he was provided the attached survey, which does not state the 1st floor setback exceeding the minimum 15' requirement and I even mistakenly identified the side setback as 14' when communicating with Wes Haskett.)

These questions are in preparation of my lot subdivision plan to make sure I submit a plan that conforms with the zoning codes prior to the lot width requirement change last year (because I bought my house as a house Outer Banks Realty said Southern Shores said was potentially sub-dividable based on the lot size).

Thank you,

Anthony S Mina

Regarding your questions, the Town's response is as follows:

Question 1: Town Staff would have to see specific plans in order to answer your question. Town Staff will promptly consider any plans depicting overhangs and respond to your inquiry.

Question 2: The Town has not received the CAMA minor permit application, and will consider it upon receipt of same, and of course, answer any questions concerning the permit once received and reviewed.

In generally, Town Staff is unable to answer hypothetical questions when more context is needed.

We look forward to receiving any formal plans you submitted to Town Staff.

Hello,

I have a few questions about my lot that I'd appreciate it if you could answer for me.

1) What code specifies the setback requirements of an overhang? For example, if a 1st floor of a house met the setback requirements but there was part of the house on the second floor that did not meet the setback requirements is there a code that prohibits the second floor from overhanging a setback requirement?

2) Does the minor permit application I submitted to CAMA (which is now being mailed to Southern Shores) require me to notify Southern Shores Department of Public Works as the adjacent property owner or will notification be taken care of with the minor application being received by Southern Shores?

Lastly, I just wanted you to be aware that I've seen a piece of wood that appears to be sticking up from the ground in the canal outside of my house where boats travel. I only see the piece of wood when the water is really low, but it does appear to look like it could damage a boat. The piece of wood is located between my boat dock and the Dick White Bridge and you can see the wood from standing on the bridge when the water is really low.

Thank you,
Anthony S Mina

Subject: Two CAMA Permits required_ 75 East Dogwood Trail_Southern Shores

Mr. Mina,

On February 26, 2024, the North Carolina Division of Coastal Management (DCM) received a permit application packet for activities proposed at 75 East Dogwood Trail. The activities you propose require two levels of CAMA permits:

1. A General Permit that would be issued by DCM for the new boat dock and placement of riprap, and
2. A Minor Permit that would be issued by the Town of Southern Shores for all other proposed activities.

Minor Permit Issues

1. Via USPS, I am forwarding your application packet to the attention of Mr. Wes Haskett who serves as the Local Permit Officer (LPO) for the Town of Southern Shores.

2. The Town may ask you to issue a new check stating that the amount of $100 should be paid to the order of the Town of Southern Shores.

General Permit Issues:

1. Construction of a new dock and placement of riprap would be authorized via a CAMA General Permit. Removal of old structures is not regulated by DCM. There is no formal application form for General Permits.

2. Attached is a copy of the Adjacent Riparian Property Owner (ARPO) Notification Form that must be submitted to both ARPOs. Dare County GIS indicates that Southern Shores Department of Public Works is the ARPO to the north of your property and that Cad LLC is the ARPO to the south.

3. Both ARPOs must be afforded the opportunity to review the proposed work and sign the Notification Form. If you cannot meet face-to-face with an ARPO, the Form should be sent via USPS Certified Mail. If an ARPO does not respond within 10 days of proof of delivery (the USPS green card), the no response is viewed as a "no objection".

4. Also attached is the Agent Authorization Form. If you decide to represent yourself throughout the permit application process, the Agent Authorization Form is not needed.

5. In addition to these two forms, we require a permit application sketch (drawn to scale) showing the location and dimensions of the proposed work. DCM will attempt to use the diagram we received on February 26, 2024 for such purpose.

6. Once the application packet is deemed complete, DCM will schedule an on-site meeting. The General Permit is issued on-premises after the application fee is collected.

7. The application fee would be $400 for the new dock. Depending on the quantity and dimensions of riprap to be placed, another $400 application fee could be required for the placement of riprap.

Email correspondence to and from this address may be subject to the North Carolina Public Records Law and may be disclosed to third parties by an authorized state official.

>>Warning! The source of this email is from outside of the firm.<<
Good Afternoon,

I just wanted to pass along some additional information regarding what my son Anthony said about his penis being touched. My son Anthony also said that his friends Jordan and Landon didn't like his penis because it isn't black...which doesn't make any sense since Jordan and Landon don't talk.

So, I just wanted to reiterate my conspiracy theory even though the court system likes to dismiss mind control like it does not happen. I believe the problem may be that a woman at the Dare County District Attorney's Office with a name pronounced "Lori" told me that endangering children was not a crime in Dare County when I was trying to complain about Jasper Rogers and the Kitty Hawk police allowing a very dangerous illegal junkyard in the Vista Lane cul-de-sac. Corruption interfering with the physical and emotional needs of my family has continued since I lived at 4809 Vista Lane and people much more powerful than Dare County's government protecting and serving civilians may have had enough of Dare County's corruption.

I apologize that many people don't like my conspiracy theories, but I think it is time Dare County asks themselves..."Do the actions of our zoning officers amount to anything other than a terrorism conspiracy?" (elementary school educated children can comprehend Wes Haskett is taking a right worth more than $100,000 to sub-divide my lot. The fact that Philip Hornthal is claiming that there isn't an eminent domain taking only means Philip Hornthal is pretending that he does not know that Eminent

Domain Laws protect rights). 40A-2(3) provides: "Eminent domain" means the power to divest right, title or interest from the owner of property and vest it in the possessor of the power against the will of the owner upon the payment of just compensation for the right, title or interest divested. To make matters worse, Wes Haskett and Philip Hornthal refuse to answer my questions about zoning code that should be answered prior to applications being submitted. If my questions were answered prior to my lot subdivision plan being submitted 3 of the 4 reasons my sub-division plan was denied would have not been a reason for denial (and the application could have only been denied with an eminent domain law violation). Now, Philip Hornthal and Wes Haskett will not answer zoning code questions again and said I can appeal the decision for $350. Burdening the public with unjust misapplication of law and legal schemes not only is legal entanglement it is a form of terrorism called "paper terrorism".

Please email me one reason explaining how the zoning officers and Philip Hornthal are doing anything that does not amount to a terrorism conspiracy.

Anthony Stocker Mina

PS. I have additional information that suggests Wes Haskett would be a fall-guy by design, because of his name. I am not providing the information right now, but I suggest making sure Philip Hornthal's office understands my finance does not know anyone at Philip Hornthal's law firm and the fact that me and my fiance have been involved with communication that can be interpreted to mean we have a relationship with people at Philip Hornthal's law office would only mean my fiance and me were coerced into a labor/human trafficking conspiracy if anyone at Philip Hornthal's office claims to have a relationship with me or my fiance, Jennifer L Franz.

Subject: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

I wanted you to be aware that last night my 4 year old son Anthony told my fiance, Jennifer Franz that his teachers at Kitty Hawk Elementary School touch his penis. I have attached the text message from Jennifer Franz.

I have no idea whether or not my son Anthony's penis is being inappropriately touched at Kitty Hawk Elementary School. I can say that Anthony loved school then started screaming everytime I brought him there and wanted to wear a diaper so his teachers didn't take him to bathroom time.

I can also offer a conspiracy theory why my 4 year old son Anthony provided Jennifer Franz information warranting a police investigation.

My conspiracy theory is Southern Shores has some corrupt employees and/or attorney that need step down/surrender. Southern Shores also has a police Chief named Dave Kole that unknowingly has people ready to kick the chair out from under him that he is sitting on like they just kicked off the next Super Bowl. Chief Kole has yet to be as effective as a police Chief sworn to uphold the law should be in the year 2024 and these people are here to rudely awaken Southern Shores from their small town politics policy of only protecting and serving certain people and scamming law abiding families.

I know a lot of people don't like my conspiracy theories, I just feel like there are some people way more powerful than the little town of Southern Shores (and even Dare County) and they are powerful enough to get words out of a 4 year old's mouth that can be used as weapons to destroy small town corruption. I'll let law enforcement figure out what the problem is, I did my best to explain to Southern Shores I would like my lot sub division plan decided by someone complying with state and federal laws as they use their ability to deviate from zoning standards in way that would be considered "equal" to the deviation from zoning standards on Vista Lane in Kitty Hawk when I lived there (with the exception of promoting an environment that recklessly endangered children).

I hope law enforcement can find a way to do a better job policing government employees in Dare County because the way I see things, people way more powerful than Dare County don't have the patience for Dare County's corruption.

Anthony Stocker Mina

PS My son Anthony will be at Kitty Hawk school today with his "paint shirt". Asking my 4 year old son Anthony to bring a "paint shirt" may have triggered a Pennsylvania based investigation to be initiated by my 4 year old son. Anthony will have a diaper on and will not need to go in the bathroom.

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in

the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Hello FBI...

I just wanted to make sure the fbi saw this house. When I apply facts and law to zoning code (like I am preparing a federal law suit against dare county, kitty hawk and southern shores) I wonder if certain homes were designed years ago specially for the purpose of proving a case against the government. This house does not appear to have the setback distance requirement.

Subject: Overt Acts Committed By Government Employees During Criminal Conspiracies In Dare County

Dear Chief Kole,

I hope you are doing well.

As the amount of overt acts being committed by government employees in a criminal conspiracy against my family continues with another overt act being committed when the attached 75 E. Dogwood Trl lot subdivision plan is denied, I wanted you to be aware of communication to me that may have been designed to appear to be coming from you (Chief Kole).

The following emails were provided to the Philadelphia FBI because I've reported to the FBI discrete communication to me that could also be used as evidence of mental illness against me (for believing the information being provided to law enforcement amounts to communication). Over the past few decades government corruption in Pennsylvania has gone as far as refusing to schedule brainscan lie detection testing on me as they claimed the facts set forth against them by me in Federal Court litigation were frivolous delusions. Corrupt government employees in Pennsylvania tried attacking my credibility by publicly attacking my mental health (prior to stepping down from positions including the Chester County District Attorney) and some of the same tactics used may be occurring in Dare County.

The discrete things I observed started occurring noticeably more in 2007 after I received an email from Meghan Weiss that said "Got Chat". I used to shop regularly at the Wolgemuth Auction in Leola, PA and there was a constable working there that appeared to me to be trying to start problems (for example, onetime he started running towards me at about waist height like he was going to tackle me and then pretended to tackle the guy closest to me. The constable was uniformed when he pretended to be joking around with a fake tackle.). Onetime I was in the bathroom and the Constable said "Are you learning anything" and what the constable said did not make sense at all to what was going on in the bathroom. When I left the Wolgemuth Auction there was a tractor trailer blocking the intersection before you turn left on Route 30 towards Malvern. The tractor trailer was advertising an Eric Trump (Donald Trump's son) Road Scholar Program and appeared to make Eric Trump to be taking responsibility for strange things I observe as I drive that could amount to communication and mental illness for believing the things amount to communication.

Please don't be offended by my comments about "expecting something stupid from someone named Dave" the comment has nothing to do with you, Chief Kole. I suggest that you, as the police Chief, make sure these people were not trying to create illusions that were supposed to appear to be coming from you. Since I was not able to find the female with the "simply move" shirt and take a picture of her I wanted you to be aware that there was someone wearing a "CEO of ghosting people" in the Food Lion right before I drove past the female and she disappeared.

As you know, "profiling" is a major problem in the United States. People that know me from Pennsylvania know that I will expose a corrupt police chief or corrupt district attorney to the entire town and take them to Federal Court for refusing to uphold their oath of office and the laws they are sworn to enforce. I suggest you figure out who is positioning you to be appearing to be refusing to uphold the law and your oath of office. I didn't move to the Outer Banks to be involved with Outer Banks politics or police work and don't get paid for being forced to be involved with Outer Banks police work and politics... so my forced involvement amounts to labor trafficking law violations.

Lastly, I wanted you to be aware that I told the FBI that one of my Kitty Hawk neighbors that said they lived on the other side of Vista Lane stopped at 4809 Vista Lane as I was working and said their dog was barking because of the 4805 Vista Lane fire and woke them up. The guy said the fire department's response was pretty "sore". I do not know how to use the word "sore" like the guy did and only know how to use the word "sore" to mean "physical pain". My complaints with Pennsylvania's cruel and unusual punishment/witness intimidation corruption were documented with medical records and me repeatedly using the word "sore" to describe physical pain I was living in. I suspect the word "sore" was being misused by my Vista Lane neighbor to help Pennsylvania corruption clean up their crimes. The most ironic thing about Vista Lane is I felt like the Meredith Family was conspiring with Kitty Hawk to recklessly endanger children and was trying to entrap my family in their corruption to help Pennsylvania corruption illegally. In Pennsylvania, attorney William Gallagher was assigned to my child custody needs by the Chester County Bar Association when my oldest daughter's mother (who died of a heroin overdose) was not being responsible. My complaints included the fact that she brought a full grown pitbull into her house to "give the dog a better life" from what I understood to be a life with no contact with children as a guard dog. The pitbull attacked my daughter's half sister's face. I complained that children should have not been allowed around the dog and that my daughter's mother endangered my daughter. On Vista Lane Mike Meredith, William Meredith and Brian Lloyd all had dogs that they let wander the neighborhood as other neighbor's complained and may have even reported them to animal control. I felt like the Vista Lane neighbors were trying to create an atmosphere that completely contradicted my position that attorney William Gallagher represented me for to help me make sure my oldest daughter was safe (The Chester County Family Court was just as big of a problem as my daughter's mother when it came to keeping my daughter safe). So, the fact that William Meredith was involved with so many problems on Vista Lane as Meredith Barr was working for the Chester County Bar Association felt to me like there was a name coded conspiracy trying to get William Meredith to entrap my family living in the type of unsafe situation Pennsylvania was trying to force my oldest daughter to live in until William Gallagher was assigned to my child custody needs...And Jasper Roger's overt act of

refusing to fine William Meredith per day, per violation should be considered part of Pennsylvania's corruption.

Thank you,
Anthony Stocker Mina

Hello FBI...

I wanted the FBI to be aware that Jessica Walden is someone I went to school with a name that would be used in name coded corruption. Jessica Walden's face is like Jennifer Divencenzo's face.

Jen Franz went to Walden graduate school and for some reason she got called "Jessica".

Jessica Boone lives in the Outer Banks right now.

Jessica Krivelsky is a corrupt district attorney who appeared to be following the advice of other Chester County District Attorneys.

Hello FBI...

About 10 minutes ago I was driving north on south dogwood trail and a female who looked very similar to the way I remember Jennifer Divencenzo looking pointed at a wall called a "bulkhead" as she was walking south on south dogwood trail. The female had a white shirt that said "simply move". I drove for a few minutes then turned around to take a picture of the female but she disappeared.

I decided to take a picture of the female because I noticed a Coleman moving truck on the highway right before I turned onto dogwood trail that said something like worldwide moving. And yesterday I believed I was called "man" once in the southern shores office Wes Haskett and the building inspector Kevin work with Marcey Baum. So, naturally expecting something stupid from someone named Dave (because of his name) I expected a Coleman moving truck and a female saying simply move to suggest I move from southern shores as if Dave Kole was speaking.

So, 75 east dogwood trail is for sale "as is" for $1,050,000 and I'll move to bay drive in kill devil hills. Without $1,050,000 the only thing I can say is "kindness isn't a weakness" and the outer banks economy dependent on tourism is a major weakness with dumbass narcissistic boo-bees and their government scams. I suggest the outer banks boo bees stop showing me how weak they really are...

Hello Law Enforcement,

I hope you are enjoying your Memorial Day weekend.

I wanted to make sure I try and stop law enforcement in Dare County from making mistakes I've seen law enforcement make before. In previous experiences with government wrong-doing I've experienced many cops, lawyers and government employees go off on an ego trip and forget about their morals and the law they are obligated to uphold. Philip Hornthal appears to me to be directing Southern Shores to move in the wrong direction.

The question Philip Hornthal needs to be able to answer is "How could Southern Shores possibly be changing 2 home lots to 1 home lots and not be stealing more than $100,000 of land value that tax paye

have been paying for?" Southern Shores will not be able to find a realtor or licensed appraiser that will claim a 1 acre lot that can only be used for 1 house is worth as much as (2) 1/2 acre lots that can each be used for 1 home. Philip Hornthal can argue all day about how he claims Eminent Domain Laws work with Southern Shores tax payers money, but he will never be able to explain how Southern Shores is not stealing more than $100,000 from some Southern Shores tax payers.

Where I came from in Pennsylvania some lawyers thought they were above the law because they had special relationships with law enforcement and judges. I will let law enforcement figure out why Philip Hornthal thinks he is above the law.

Another thing Southern Shores should ask Philip Hornthal is "Is it possible for Southern Shores to legally stop publications and advertisements stating that Southern Shores is stealing land value with a zoning code change making 2 house lots become 1 house lots." The reason this question is important is because where I come from in Pennsylvania they are having a lemonade war. Meaning, people are being ruined by people they are paying to help them. Many people from Pennsylvania would tell Dare County law enforcement that Philip Hornthal is causing problems and not making solutions. They will also tell you Philip Hornthal appears to be intentionally causing problems that will result in police confrontations with me. I came to the Outer Banks to live under local, state and federal law so Philip Hornthal is positioning Southern Shores to be exposed for stealing hundreds of thousands of dollars from a law abiding family that needs their money to support their children.

Please also note that Wes Haskett mailed the denial of my lot subdivision plan to me as a certified letter requiring signature. Wes Haskett already acknowledged he did not contact home owners being effected with his zoning amendment (which stole land value), but he went through the trouble of sending a certified letter to deny a lot sub-division plan when he could have emailed me and called me. You should probably make sure Wes Haskett and Philip Hornthal's priorities are in Southern Shores' tax payers interests.

Thank you,
Anthony Stocker Mina

Subject: Federal Civil Rights Violations Being Committed By Hornthal, Riley, Ellis and Maland

Hello Hornthal, Riley, Ellis and Maland,

I am writing you to inform you that Philip Hornthal has been advising Southern Shores to discriminate against me. Philip Hornthal will not allow Southern Shores to answer my questions pertaining to zoning code like they are pleading the 5th

amendment. Philip Hornthal would not allow Southern Shores to review my subdivision plan prior to the plan being subm itted, like they do with other people submitting applications.

Philip Hornthal will not allow Wes Haskett to explain why other Southern Shores lots that were built as conforming lots ar e not being considered "non-
conforming" lots when a new zoning amendment adds a requirement the lot does not meet, but my lot is being considere d non-
conforming because of a 2nd floor overhang approximately 14' from the property line as the 1st floor of my house is abou t 18' from the property line and only a 15' side set back distance is required.

Philip Hornthal will not explain how changing my property from a 2 house lot into a 1 house lot is not changing land use (and taking a RIGHT) without the owner of the property's permission. 40A-2(3) provides: "Eminent domain" means the power to divest RIGHT, title or interest from the owner of property and vest it in the possessor of the power against the will of the owner upon the payment of just compensation for the RIGHT, title or interest divested. Wes Haskett is taking the RIGHT to divide 75 E. Dogwood Trail into 2 lots and Philip Hornthal is claiming that there is not a taking when they took my RIGHT to subdivide which Wes Haskett acknowledged I once had.

My lot is worth significantly more as a sub-
dividable lot and the most comparable vacant lot near my house sold last summer for $355,000 so Wes Haskett and Phili p Hornthal are stealing land value of significantly more than $100,000 from some Southern Shores land owners.

In Pennsylvania, other attorneys were legally obligated to report attorneys they work with for committing crimes. Philip Hornthal is conspiring with Wes Haskett to steal more than $100,000 of land value from some land owners, forcing me to expose the corruption (involuntary servitude/labor trafficking) and forcing me into a legal entanglement scheme with his paper terrorism.

I am not interested in being a victim of Philip Hornthal and Wes Haskett's misconduct. I moved to Southern Shores to comply with local, state and federal laws and not be involved with politics, police and the legal system.

I moved to North Carolina from Pennsylvania after suffering from years of corruption. I am not interested in showing North Carolina residents the side of me that will not hesitate to take law firms, municipalities, police officers, district attorneys and everyone else involved with their pathetic corruption to Federal Court. The attached "Letter To The Court Regarding The Federal Court's Fucking Corruption, Threats and Witness Intimidation Of Appellant" was filed with the Federal Court of Appeals after the Federal District Court (under an old Chester County Judge) dismissed my complaint against Chester County. Even when the Federal Court conspires with local corruption to hide my complaints, the corruption is exposed and many of the defendants aren't half what they were before violating my rights.

Please stop Philip Hornthal from violating my rights as a Hornthal, Reilly, Ellis and Maland attorney. I will be taking legal action against the law firm if Philip Hornthal continues his criminal conspiracy against me.

Have a good weekend,
Anthony Stocker Mina

Subject: Corruption In Southern Shores Involving Chester County, PA

Dear Law Enforcement and Government Employees,

I am writing you to make sure you are aware of some things that may be evidence of a racketeering influenced corrupt organization labor trafficking and trying to coerce me into corruption in Dare County, specifically Southern Shores, Kitty Hawk and the Dare County District Attorney's Office. Right now it appears to me that Wes Haskett is in the middle of the corruption and Southern Shores attorney should be advising Southern Shores to correct any mistakes and inform them of their rights/protection under law as a "whistle blower" such as the "Whistle Blower Act" (Philip Hornthal basically has Southern Shores pleading the 5th right now).

To put the sophistication of the corruption I see in Dare County into perspective you need to understand a few things about me and my family. Besides following a dream to spend more time as a family at the beach, my family moved to Dare County because we were constantly under attack from government corruption in Pennsylvania. Some of the corruption involves what I call as "lie injectors". For example, I spoke/texted to Josh Ruggeri on my 610 842 3905 phone a few weeks ago and he told me he has a $500 flat fee for designing company logos. The next day I find my truck with a flat tire and needle holes in the tire valve stem. I constantly have people using things such as communication on my phone or computer to try and inject their lies into it like I am involved with things that I am not. These problems have followed me from Pennsylvania to Dare County and I'll let law enforcement figure out who is causing these problems.

Another thing you should be aware of is 2 Chester County District Attorneys stepped down as I was in the middle of proving their role in Chester County Corruption. Their names are Joseph Carroll and Tom Hogan. In the emails below and attachment titled "Letter To The Court Regarding The Federal Court's Fucking Corruption, Threats And Witness Intimidation Of Appellant" you will see that these District Attorneys were publicly involved with doing illegal activities like protecting a former judge turned attorney who was doing things like committing perjury they knew was being committed because it involved the contents of the Discovery the District Attorneys Office provided the attorney and then the attorney, Dawson R. Muth threatened to have me arrested for serving his law firm with a Notice to Attend and Produce the Documents he claimed to have in my file at his office. This attorney told me and my 4 year old daughter Avalise to "Get The Fuck Out Of Here (his office)" and I videotaped the attorney on my iphone held in clear view as I served the attorney (the video is at: https://www.youtube.com/shorts/LpaZN23J_RA). These 2 District Attorneys went as far as spreading lies about me with witness intimidation tactics on the DA Tom Hogan Facebook page and spreading lies about me to the Philadelphia Inquirer Newspaper reporters. The attached emails and files prove that these District Attorneys are guilty of corruption, witness intimidation, conspiracy and the list goes on and on. I was too busy trying to protect my family and find a safe place for us to live to claim responsibility for causing these corrupt District Attorneys to step down and it is my position that Chester County Corruption along with the Eastern District Federal Court of Pennsylvania (under former Chester County Judge Juan Sanchez) is trying to pretend that I am working with the corruption as something like an undercover internal affairs guerilla. I am without a doubt not working with corruption in Pennsylvania and their conspiracy requiring me to constantly do police and legal work violates labor trafficking laws and substantiates a Racketeering Influenced Corrupt Organization. I also am not involved with "sitting" schemes in places like board rooms.

It is my position that corruption from Pennsylvania is now trying to pretend that I am doing police work in Dare County and is trying to coerce me into Dare County corruption.

The things you should be aware of is Malvern Borough employee Tiffany Loomis scheduled a meeting with me at 100 Bridge Street, Malvern, PA 19355 and asked me if I was a fire inspector and told me there is a fire inspector with my name. Coincidentally, my next door neighbors house on Vista Lane burnt down and the fire, along with the fire departments reports don't add up to anything but corruption to me. Damage to my property was probably between $40,000-$50,000 and my neighbor Mike Meredith refused to provide the North Carolina Insurance Adjusters his insurance information so I only received about $6000 from my insurance as Mike Meredith complained I was taking too long to clean up the fire damage then yelled and cursed at me when I was finally making progress cleaning up the fire damage and had caution tape up on my property to identify where Green Giant Arborvitae were being planted for the underground utility marking company. I without a doubt did not agree to play any role as a fire inspector or investigator in Kitty Hawk fire and zoning related corruption.

Now, as you are probably aware, I own a lot that the town of Southern Shores told Outer Banks Realty was sub-dividable based on the lot size. After about a month of communication about the lot with Wes Haskett (and me entering into a contractual agreement to purchase the lot) Wes Haskett told me on June 1, 2023 that on June 6, 2023 town council planned on adopting a zoning amendment that would change my lot from a 2 house lot to a 1 house lot. I opposed the zoning amendment but Southern Shores adopted the new zoning code anyway. The problem now is Southern Shores did not use an eminent domain transaction to change land use from a 2 home lot to a 1 home lot at 75 East Dogwood Trail and won't explain to me how they legally think they changed land use without an eminent domain transaction (please keep in mind that this zoning change occurred as I was under contract with a non-refundable deposit on 75 E. Dogwood Trail). So, I am being forced into a legal dispute with Southern Shores that would not be occurring if Southern Shores could provide me one legal explanation for their zoning amendment changing 75 E. Dogwood Trail land use...

AND, to make matters worse. If you look at my Facebook internet activity you will see strange communication from Chris Hardy indicating I am now standing up for everyone (this was around the time Hardy moving and storage had a trailer on the 75 E. Dogwood Trail driveway and I had to explain to Southern Shores that their zoning amendment steals land value from some Southern Shores home owners). Chris Hardy is known to work at Lou's barber shop (my attorney from 2001, Fran Miller was known to go to Lou's barber shop). I also noticed that someone named Lewis Wesley that I went to school with is using the name "Louball Wesley" as his Facebook name and I've seen a post about Lou's barber shop. I wanted to make sure Southern Shores was aware that I was not interested in being coerced and forced to "ball" with/against anyone named Wesley. I moved to the Outer Banks from Malvern Borough, where Lou Marcelli's police department patrolled the streets and their Borough employees were very easy to communicate with and solve problems with. I also lived in West Chester, PA for years but their police and government tried framing me and "balling" so much that Jay-Z and Kanye West's "Niggas In Paris" song would have been the theme song...the only problem was when West Chester made their move and fined my truck working as a Rise & Shine Publications Incorporated vehicle they proved a corruption case against themselves because West Chester Borough Manager Michael Cotter already claimed West Chester did not have jurisdiction over private corporations when refusing to enforce the anti-discrimination ordinance against the Daily Local Newspaper.

So, to make a long story short, forcing me in the middle of government problems in Dare County violates labor trafficking laws, substantiates legal entanglement and also is a Racketeering Influenced Corrupt Organization Conspiracy because Chester County's Government never paid me one single penny ($.01) for forcing me to be involved with police work/corruption. I also was never paid one single penny for work related injuries that I had a legal right to be compensated for.

Please correct any government wrongdoing in Dare County. I do not have anyone paying me for police work and/or legal services in Dare County and anyone pretending me and/or Jen Franz are living in Dare County to play a role and/or provide police/legal services is illegally trafficking us.

Lastly, when you wonder why Chester County's government hates and attacks me with corruption so much keep in mind that they were using my family court issues to violate my rights as a vulgar display of their power. During their abuse of power my daughter broke her arm when in the custody of her mother and was not taken to the doctor until the next day. My daughter's mother and I had a custody agreement that involved providing drug test samples but my daughter's mother refused to take a drug test. I suspected she relapsed into drug addiction and Family Court refused to help me protect my daughter by ordering her mother to be evaluated by children & youth protective services. My daughter's mother abandoned her with her step father and me and eventually died of a heroin overdose. Chester County's government looks beyond absolutely pathetic and the laws regarding mandatory protection/reporting of suspected neglect/abuse by medical workers and court employees obviously were not complied with. Their government is so pathetic that I literally started crying asking Judge Platt to give me full custody of my daughter as her mother did not attend the court ordered proceeding we had together and Judge Platt still gave my daughter's mother 50% custody as my daughter's mother refused to respond to court filings claiming neglect against her and could have had a bench warrant issued against her if I had not opposed the bench warrant (prior to the judge entering the order giving her 50% custody). I could go on and on with how pathetic Chester County government corruption is from the way that they try to attack my credibility as I was unable to get the Federal Court and Chester County to arrange brainscan lie detection on me regarding statements they claim are "frivolous, delusions, fanciful, etc." to the way the Republican Chester County Commissioners gave the Democrats a seat in the Commissions Office to create a "bi-partisan government". I'm not sure what kind of idiots Chester County's government believes their tax payers are, but politicians giving the opposing party a seat only means a big backroom deal was made. I'll let law enforcement figure out what went on in the backroom in a world where I would be a democratic hero in Chester County if a backroom deal was not made.

Thank you,
Anthony Stocker Mina

PS If Chester County Corruption intentionally tried to make someone to use as their "fall guy" for me to destroy, they'd probably pick someone named Wes. My girlfriend when I was a teenager and I finally started going separate ways in 2022 when she had a boyfriend named Wes. We had dated since highschool and no matter what happened between us we ended up getting back together until she dated Wes. What happened was when we would go our separate ways and I'd start talking to a new female regularly she would re-
appear, basically ruin the new relationship I was starting by doing things boyfriend and girlfriend do and then disappear when it appeared I was done with the other female. Friends she had named Robyn Bretherick and Terri Smith would tell me things like my ex-
girlfriend would complain that I was contacting her after she was just with me and told me to contact her so I had to let my ex-
girlfriend believe that she could get me back whenever she wanted so I could move on with another female (so I appeared to most people to be much more stressed about her boyfriend Wes than I really was). I know names can be like good/bad smelling food and you can acquire a taste for what you do and don't like. I probably appeared to really not like names like Wes, Craig and Dave.

If you want to file a private criminal complaint you can do so by going to MDJ Bruno's office and filling-
out the forms for that purpose. You must be very specific about what the false statement, what evidence there is to prove that, and what evidence there is to prove that the person in question knew at the time they made it that the statement was false. Honest mistakes aren't crimes.

Most of the items you refer to below aren't crimes. For example, who is better friends with the Ciccarone family doesn't mean anything.

No action will be taken in response to this email. If you want to pursue it, follow the private criminal complaint process. Please note that you should be careful not to exaggerate any information you provide, since you would be subject to prosecution for false statements if you make any in the private complaint.

A note for the future: I may not answer future emails if I'm not going to take any action in response to something you send me. I usually have in the past as a courtesy. However, I now have over 50 emails from you with some comment or complaint, none of which justified a criminal investigation. I'll still read them, but if I'm not going to take any action I probably won't write back. I have only so many hours in my day, and I have more important things to do than explain why your e mail doesn't merit the attention of my office. I think you were fairly convicted, and I don't have time to go back and forth about that anymore.

Dear Mr. Carroll,
I hope you are doing well.

I am writing you regarding 2 matters. First, I'm very concerned with the handling of the information I provided you more th an a year ago regarding Dawson R. Muth. I assumed without a doubt a criminal investigation would be initiated when I pr ovided you the following information:

-

Mr. Muth did not have a tape of the lobby of Judge Knapp's District Court at trial and claimed the tape ran on a loop on c amera outside Judge Gavin's Courtroom.

-

When doubting what was being done with my case I was reassured by someone at Mr. Muth's law firm that they were wo rking on my case and Mr. Muth uses 3 different private investigators, one of which gets inside information.

-

When Mr. Muth discussed with me the Stipulation regarding the testimony of Meghan Weiss, Mr. Muth explained to me t hat we could just make stuff up. After a few seconds of me just staring at him, he then said "it doesn't mean we can lie".

-

While leaving the court house for lunch the day of trial I asked Mr. Muth if Judge Gavin was friends with the Ciccarone Fa mily too and he replied yes, but not like I am.

-I told Mr. Muth I would be talking about him so some cops (I know to be corrupt) would go right to him.

-I also implied I knew what Mr. Goldberg said to the Sheriffs while entering into the Courthouse.

Since Trial Mr. Muth has changed his story regarding the tape of Judge Knapp's District Court's lobby. He now claims th e AOPC keeps the tapes for 6 months and he asked for it after 6 months (which also means he asked for it after he claim ed to be ready for trial and I had been put on the Trial list). Mr. Muth now admits he did not use a private investigator for my case. More interesting than that is the transcript from a civil action hearing against Mr. Muth. Page 8 reads " He (Mr. Muth) told me he did not need more money nor a private investigator". I actually said " He told me that he did not need m ore money for a private investigator." All of the "mistakes" Lori English made changed direct testimony of mine that supp orted my claim to you that Mr. Muth fraudulently represented me, to mean something else(all of the direct testimony that "mistakenly" was changed to mean something else was not questioned during cross examination). Mr. Carroll, I complete ly understand that something my 2 ears hear come out my mouth can be misunderstood by someone else. But I still can' t understand why Ms. English insisted I provide her with a copy of a note used for my opening statement... Anyway, you are the only person that knew I was digging my hand in Mr. Muth's pocket to tie his shoe laces together, we'll see what h appens.

#2- I was wondering what was done to Detective Billie for claiming on his affidavit of probable cause that on Wednesday, 4-18-

2007 @1555hrs, the witness viewed a photo array and positively identified Anthony Mina as the actor that assaulted the victim on 4-1-

2007. According to the witness , Det. Billie was told he was not 100% sure and couldn't tell from the picture. I was wonde ring what was done to the "victim" for lying at the preliminary hearing, claiming he was let go from the hospital when he w as actually arrested for becoming unruly and threatening to assault the hospital staff. He again lied to Judge Gavin and cl aimed to be a non-

violent person...or was John O Donnell and the hospital staff lying. I was wondering what was done to Jessica Krilivsky f or claiming the witness has had a consistent account of events since he witnessed it in her closing arguments. He had a nything but a consistent story(You'll have to refer to Creighton Rabs reports since Judge Gavin told the court reporter sh e didn't have to record them).

Have a good weekend,

Anthony Mina

Dear Mr. Carroll,

I hope you are doing well.

I've had an opportunity to review your latest responses to my emails and appreciate you taking the time to get back to me.

I am still waiting for some case law regarding legal homosexual attacks.

I am also waiting to hear back from you regarding Dawson R. Muth's recent attempt to have your sister, the Honorable Jaqueline Cody conspire with him and dismiss my case against him (This is the same attorney that decided to try to talk about the arrest of Trent Jackson for murder during my closing arguments).

Your claim that I attempted to extort you is beyond absurd and I believe you should provide the details to whatever you are talking about to the Philadelphia Inquirer. I recently wrote the Philadelphia Inquirer and told them I have been harassed, threatened, assualted, etc. for refusing to be a part of a police cover up. I failed to tell them you are also a spin artist (I think the attempted homicide case against Juan Velez does a good job of putting this problem into perspective).

Maybe you should review all the information you have recieved from me and count how many times I offered to take any type of lie detection test. As much as I don't mind being labled mentally ill, I have to only wonder what a sane person in your world would do if he repeatedly offered to take lie detector tests only to be called a liar... I will leave it up to the Philadelphia Inquirer to decide if any action needs to be taken regarding my testimony in the home invasion case (Devon Mayer & William Fahy's house) years ago.

I look forward to hearing back from you. I understand that you only have so much time to do your job and hope to save you time in the future...

Here is some case law for you to keep in mind for my issues with Leonard J. Rivera of the MacElree Harvey firm : " Under PA law, fraud consists of anything calculated to deceive, whether by a single act or combination, by suppression of truth , or by suggestion of what is false, whether it be by direct falsehood or by innuendo, by speech or silence, word of mouth, or look or gesture." Kerrigan v. Villei, 22 F.Supp.2d 419

Thank you,
Anthony Mina

I'm not going to respond to this because it doesn't have anything to do with my duties. (Do your own search. If you want to find some editing quickly, start with the missing headers). I also won't respond to future emails unless they contain a question that is a proper one for my office. On those occasions I'll give you an answer, but may not provide much explanation. I have 500,000 people to protect and a limited amount of time. Your complaints to date have been completely devoid of merit. I realize that doesn't mean the next one won't be valid, so it will be considered, but I don't have time to give you a lengthy explanation of the law every time you take 5 minutes to write an email.

You have very little credibility with me. You say lots of things that just aren't true. I could have arrested you for extortion for threatening to expose something if I didn't contribute $1,000,000 to some charitable organization you either had or were creating. But I didn't because I think that you may have some mental health issues, the attempt was bizarre, and I wasn't hurt by it. I'm not interested in prosecuting mentally ill people for things they do as a result of their mental illness unl

ess real damage is caused. But I'm not going to let the credibility of my office be damaged by your wild allegations and li es.

Dear Mr. Carroll,

I hope you are doing well.

Thank you for getting back to me. Please explain how the emails were "edited". The emails attached below contain the exact messages as sent on the dates stated. Please refrain from making comments like " I would not be at all surprised if Mr. Mina faked this one.".

It is not too hard to get a good idea what your opinion is worth when you are claiming no crime has been committed by a homosexual that grabs a hold of someone he does not know, causes a fist fight in which he is repeatedly told to let go... while under the influence of alcohol.

If you want to say something like "Mr. Mina faked this one" (a comment you can be held accountable for)...go for it!!

Your emails were not returned to me, like the emails to the other recipients were.

Thank you,
Anthony Mina

To everyone:

If Mr. Mina sent the e-mail dated August 18, 2010 displayed below, it was never received by the County of Chester e-mail system. I note that several of the e-mails in the email chain he sent have been edited, and I would not be at all surprised if Mr. Mina faked this one. The other possibility is that the original e-mail was blocked because of something in the attachments he refers to. In any event, I didn't get them.

I did get another e-mail from Mr. Mina on August 19, 2010 dealing with a completely different issue, and I responded to that the same day. I 'll send copies of that one separately.

If I had received that e-
mail I would have sent a very short response stating that this has already been explained to him multiple times by me an d others, and I am not going to do it again. The underlying problem is that Mr. Mina was convicted of assault. He claims c ertain "facts" that prove his innocence and wants his victim arrested. However, those "facts" are completely inconsistent with reality and the evidence. He received a fair trial and was properly convicted. There is no reason to arrest the victim and the police did a fine job.

Dear Mr. Carroll,

I have attached 2 files containing correspondence with the West Chester Police Department regarding Dawson R. Muth and Detective Billie. The West Chester Police refused to apply PA Law to these 2 matters and suggested I contact you, t he Attorney General and the Disciplinary Board. I thought about what they said and I am not really in the mood to be sho pping around for a cop to do his job. Instead of doing as they suggested, Mr. Carroll, I am going to ask you to provide me with some case law that supports what you have claimed in the attached emails:

I'm not going to respond to your most recent email about why Kendikian wasn't arrested. That has already been explain ed to you.

If you want charges filed against Muth, report it to West Chester PD. If they won't do anything, file a private criminal com plaint. Please note, however, that if you make a false claim to West Chester PD or in your private criminal complaint that is a crime.

To whom it may concern:

Could someone explain to me (without being deceptive) why Paul Kendikian was never charged witho a crime for his role in the "fight" he claimed to be in (a.k.a. Commonwealth vs. Anthony Mina CR2462-07)? If a male was doing the grabbing Ivan Karosus testified Paul Kendikian was doing (Detective Billie was originally referring to his grabbing as a way of hitting on someone) to a female they didn't know they'd get arrested for sex crimes. Probably attempted rape, etc. Since you have known all along that Paul Kendikian is gay and his inappropriate conduct was the cause of the "fight". Why has he not been charged with anything? Ivan Karosus, the Commonwealth's only witness claiming to view the altercation described it as a fight that started because the "victim" was holding another male (Moments before this, Sgt. O' Donnell witnessed the "victim" in "rough condition" and believed him to be intoxicated). A fist fight then took place and both individuals fell down (the male being held onto fell first). Then the male who was being held onto got on top of the "victim" and punched and kicked him. At this time the "victim" was again holding onto the other person's shirt while being told repeatedly to let go of the shirt. When the "victim" "finally let go"(the witness, Ivan Karosus's words) the other male ran away along with another individual that was trying to seperate them.
I received a email in response to this question from Joe Carroll that read:
No one else was arrested because no one else committed a crime. This has been communicated to you many times before. The judge found you guilty because the evidence established beyond a reasonable doubt that your version of events is not true. No further action will be taken in response to your email.
I know in the real world when someone who is believed to be intoxicated by the Police grabs onto someone they don't know, causes them to fist fight, fall and a fight ensues, they have committed a crime. And then of course, you have to take into consideration that Paul Kendikian is gay and he was told repeatedly to let go of the other person (which he "finally let go", according to the Commonwealth's witness).
To help you understand the case quicker, I have listed a few of the facts from it for you.
1. Paul Kendikian claimed to have no recollection of the "fight".
2. Anthony Mina (me) testified that he was at home.
3. Ivan Karosus, the Commonwealth's only witness to the "fight" provided all the information regarding the altercation he claimed to see on April 1, 2007.
4. Jessica Krivelsky argued that Ivan Karosus had provided a consistent story from his interview with the Police after the alleged incident through trial.
5. Judge Gavin believed Ivan Karosus was credible (at least that is what he said).
Could someone from the District Attorney's Office please explain to me why charges were not pressed on Paul Kendikian. I find it hard to believe that everyone in Chester County's District Attorneys Office believes that no crime has been committed by Paul Kendikian when PA Law is applied to his actions. (Which Judge Gavin, finder-of-fact supposedly based his decision on)
Thank you,
Anthony Mina

The reason I need to be referred to some case law regarding the information in your emails above is because I am in the process of writing a letter to our President, Barack Obama and I am hoping he accepts my invitation to come see Chester County and gain an understanding of the injustices indigent people such as myself face. At this time, I know of one reason (not 2) why Chester County is not a safe place for our President, Barack Obama to visit... because he could be attacked by a homosexual and be arrested. I would like to warn our President of the way the law (according to you) could permit such an attack on him.

You see Mr. Carroll, this is reality to me (I have attached 2 emails exchanged between us in which you made a commen t that I refuse to acccept reality...please forgive for not accepting this).

I can't be involved in any investigation of Judge Cody. She's my sister. However, based on the contents of over 50 of yo ur emails that I have saved over the last 2 or 3 years and your continued refusal to accept reality even after being convict ed in your criminal case, I'm guessing she's not the one who is delusional.

To whom it may concern,

I am writing you to inform you of a matter I believe needs your immediate attention. On July 30, 2009 I was taken into cu stody by the Sheriffs upon Judge Cody's order. Judge Cody refused to allow me to present my defense, she refused to a llow me to enter into evidence documents pertinent to my defense, she refused to allow me to question the Plaintiff and r efused to allow me to question the child support enforcement officer regarding papers I filed in response to a Notice of N on-Compliance that should have precluded the Contempt Hearing.

I paid the $500.00 to be released from custody and Appealed the case. Judge Cody and the Domestic Relations Section have refused to transmit my Appeal to the Superior Court. And Judge Cody has also denied my Application to Proceed In Forma Pauperis because " we found his Appeal to be frivolous...it is not a decision on the merits of his Application" (sh e has other people helping her make her decisions). Her Order also claims I refused to pay any money for child support twice. That did not happen. I was arrested for no reason and asked "Do you want the money or not? I got things I need t o do" just before being arrested.

Judge Cody may be delusional. If not, she is guilty of crimes like harassment, false imprisonment , extortion, etc.

Either way she is not fit to have the power she has and poses a threat to the safety of herself and people in her Courtroo m...You have to understand there are people in this world that think nothing of grabbing someones gun and jamming it d own their throat to protect themselves.

Thank you for your immediate attention. I have begun to prepare a request for Judge Cody to be investigated and plan o n mailing it tomorrow at the latest. The Chester County District Attorney will have a copy of the transcript, the Order den ying IFP and the Statement of Matter's Complained. Through this letter I am asking them to provide you with any inform ation I have left with them upon your request.

Thank you,
Anthony Mina

The transcript and Order referred to in the above 2 emails is online at www.myspace.com/framedupinwc.

I look forward to hearing back from you and hope you have been well!

Subject: Fw: District Attorney Tom Hogan's Intentional Deception of Donors Contributing to Elections

Dear Dare County Law Enforcement,

I just wanted you to have a copy of an email Chester County District Attorney Tom Hogan and Chester County received prior to DA Tom Hogan withdrawing from his re-election as the Republican's only candidate.

DA Tom Hogan's corruption against me obviously cost him his career as the Chester County District Attorney.

I wanted you to be aware that after changes in Chester County's government's leadership took place I was too busy getti ng my house at 100 Bridge Street, Malvern, PA 19355 as valuable as possible to sell so I could find a safe place for my f amily to live than to make sure the public in Chester County was aware of the facts behind DA Tom Hogan leaving the D A's office (when I was living in Pennsylvania).

I without a doubt made a mistake by not humiliating Chester County's government by exposing some of the facts of their corruption. Not publicly explaining to Chester County's public that Chester County's District Attorney Tom Hogan is a pat hologically lying social media bully left Chester County corruption under the mistaken perception that Dare County will be their new place for their racketeering influenced corrupt organization. Please do not tolerate Chester County government corruption. I will continue to send you proof that the Chester County District Attorneys Office and Chester County Commi ssioners are guilty of felonies and the U.S. Eastern District Federal Court of Pennsylvania, under former Chester County Judge Juan Sanchez, is helping them hide the corruption.

Thank you,
Anthony Stocker Mina

PS Please note that Federal Judge Mitchell S Goldberg once sent U.S. Marshalls to my house at 100 Bridge Street, Malv ern, PA 19355. The U.S. Marshalls came to ask me questions about communication with Judge Goldberg and my Feder al Law suit. Ex Parte communication prohibits judges from communicating like this. I can identify the U.S. Marshalls for y ou and it should be noted that the U.S. Marshall's (who were all male) did not want to see my penis as I explained the mo luscum penis corruption.

Subject: District Attorney Tom Hogan's Intentional Deception of Donors Contributing to Elections

Dear Republican Party of Chester County,

I am writing you today because there appears to be an election this year that the Republican Party has solicited donation s for candidates including Chester County District Attorney Tom Hogan.

I am unable to find any information that is being provided to donors contributing to the Republican Party regarding Distric t Attorney Tom Hogan's involvement in committing crimes including, but not limited to obstruction of justice and tamperin g with evidence . District Attorney Tom Hogan's legal problems are briefly explained in the email below and are currently pending in the U.S. 3rd Circuit Court of Appeals, case 19-1001.

Please provide me the information being provided to donors contributing to the Republican Party regarding District Attorn ey Tom Hogan's unsettled legal problems including District Attorney Tom Hogan using his position as District Attorney to intentionally misrepresent facts for his own personal gain on social media.

Fraud is practiced when there is a deception of another to his damage. 16 P.L.E. Fraud § 1 (1959). Fraud consists of any thing calculated to deceive, whether by single act or combination, or by suppression of truth, or a suggestion of what is fa lse, either by direct falsehood or by innuendo, by speech or sentence, word of mouth, or look or gesture, and may be ma de up by any artifice by which a person is deceived to his disadvantage. Summ. Pa. Jur. 2d Torts § 16:1 (1991).

The only thing District Attorney Tom Hogan's response to the facts set forth in the attached picture proved is that West C hester, PA is much too small of an audience for a District Attorney promoting social media bullying of a victim of crimes b eing committed by Chester County employees, including crimes that are nearly identical to the crimes Judge Rita Arnold was reportedly sentenced to two years in state prison for.

Thank you,
Anthony Stocker Mina

Hello Law Enforcement,

I hope you are doing good.

I wanted to provide you information to make sure everyone is connecting the dots between the corruption I am complaining about, where competent police officers and juries of people with average intelligence know the corruption goes and how the corruption adds up to crimes from pre-meditated public humiliation of police officers designed by other police officers/government employees to a conspiracy to cause law enforcement to use as much unjust force as possible against me(attempted murder). Please keep in mind that Kitty Hawk, Dare County and Southern Shores corruption also adds up to nothing but terrorism.

I have copied an attorney in Pennsylvania that I have provided information in confidence that can potentially be used as evidence of attempted murder of Jennifer L Franz in 2017. I will let Dare County, Kitty Hawk and Southern Shores decide whether they are going to protect or destroy corruption coming from Pennsylvania that is obviously designed to lure me into police confrontations with hopes that at least my credibility will be destroyed. Imagine law enforcement's worst case scenario...Jen Franz is a human trafficking victim from Pennsylvania that survived a pre-meditated storm of bad events that were supposed to get her to commit suicide and I am trying to protect her. The people trafficking Jen Franz claim to be doing police work and/or sitting boards. Law Enforcement in Dare County is conspiring with people involved with trying to destroy Jen Franz in Pennsylvania by attacking my family with corruption in Dare County.

The first thing you should be aware of is that West Chester, PA's Borough manager Michael Cotter refused to enforce an anti-discrimination ordinance against the Chester County Daily Local News with claims West Chester did not have jurisdiction over private corporations. So, Rise & Shine Publications Inc. (with my help) exposed government corruption in West Chester, PA without needing to worry about any West Chester ordinances and when West Chester, PA fined a Rise & Shine Publishing vehicle, they proved a case of corruption against themselves.

Since Jasper Rogers and Kitty Hawk refused to enforce zoning codes on the right-a-ways in Kitty Hawk, including towing a child death trap across the street from my house on Vista Lane, Kitty Hawk now has no authority to enforce zoning codes on the right-a-way. It appears to me at the rate Kitty Hawk, Southern Shores and Dare County corruption is progressing that they are trying to lure me onto the most traveled roads in Kitty Hawk exposing Kitty Hawk's intentional reckless endangerment of children and Southern Shores theft of more than $100,000 of land value from some home owners. I imagine corruption is trying to lure me to the intersection of Virginia Dare Trail and Ocean Boulevard (where there has been a pressure washing sign for long, long time). Corruption from Pennsylvania knows I will stand on the side of the road outside of events like the "State of Chester County Meeting" and inform each and every one of the guests about the corruption as furious law enforcement tries their intimidation tactics on me...only to find themselves fighting civil rights law suits in Federal Court (In other words, the only thing Kitty Hawk can do to stop me from exposing their corruption is provide me more evidence to use against Kitty Hawk in Federal Court).

I am not sure how law enforcement in Dare County feels about me being forced to expose corruption in Kitty Hawk but I am sure that anyone with average intelligence can connect the dots between the illegal Vista Lane junkyard, the competence police officers are expected to have and the crimes they are attempting to commit by forcing me to expose corruption. In the real world, an illegal police state like Dare County slowly gets destroyed by civil rights groups, but, I anticipate the corruption I complain about in Dare County only requiring about 7-10 days of exposure before the public is so outraged the corrupt employees/cops won't come back to work.

Some other things law enforcement in Dare County should be aware of is corruption in Pennsylvania regularly did things like vandalize me and Jen Franz's possessions, steal from us and "rig" things for communication. When I moved into 75 E. Dogwood Trail on labor day many things were different from the house I saw prior to purchasing the house, like the working heat pump Delta-T inspected became an inoperable air conditioner without a heat pump. I am not sure whether the washing machine worked when I bought 75 E. Dogwood Trail, but on Labor Day the washing machine's "agitator" wasn't working. Corruption has spent decades trying to agitate me enough to force me to clean their corruption. I will let

law enforcement determine whether Linda Lauby used a washing machine with a broken agitator (the thing in the middle that turns back and forth did not turn back and forth so the washing machine only filled up with water, did a spin cycle and drained the water). Mike Casey's false pre-tense real estate scam also coincided with Wes Haskett's approximately 1 month of communication not telling me about the zoning amendment changing lot width(fraud by silence) until it was basically impossible to submit a lot subdivision plan before the lot width amendment went into effect (Wes Haskett did this when I was under contract to purchase 75 E. Dogwood Trail).

The last thing you should be aware of is that in my opinion, the last people Dare County law enforcement should trust are Jen Franz's family in Pennsylvania. I have provided attorney Joseph P. Green information in confidence explaining where the evidence leads. Jen Franz's family has lots of law enforcement officers and it is absolutely ridiculous the way she is victimized by conspiracies as her own family knows exactly what problems she is suffering from. The things Jen Franz's family have said and done to her do not add up to a loving, law abiding family to me so I gave Jen Franz the choice of selling our house in Malvern, PA and going our separate ways or moving somewhere near a beach to get married and she wanted to move with me and get married. In Pennsylvania Jen Franz's family was involved with doing things that would lead Jen Franz and me to separate and I have no evidence at all that Jen Franz had any kind of opportunity to live the kind of life she wants to live with a family of her own. It appeared to me that Jen Franz had psychos that have observed her living periods of her life frequenting the poorest places in the Philadelphia/Chester County area getting called names like "the white girl" trying to reduce her significance. The psychos are so pathetic that they pretend Jen Franz wants them bothering me and stealing from me. For example, onetime I went to work and couldn't find something I needed for work so I went home to find what I needed and when I looked where what I needed should be in my attic that Jen Franz did not go in (you needed to carry a ladder in my house and climb up a ladder), I found something supposedly in Jen Franz's handwriting that said "My family knows me more than you will ever know".

So, I don't know exactly why Kitty Hawk, Dare County and Southern Shores is obsessed with bothering my family with corruption, but competent cops in the real world easily connect the dots and see the pre-meditated conspiracy to force me into confrontations with very mad and disgraced law enforcement that should have diffused the corruption but chose to force me and law enforcement into dangerous confrontations.

I suggest Kitty Hawk, Southern Shores and Dare County cooperate against the corruption that has followed me from Pennsylvania.

Thank you,
Anthony Stocker Mina

Subject: Evidence used in prosecution of attempted murder

Hello Mr. Green,

I hope you are doing well.

I am writing you with the understanding that my communication is protected by attorney/client privilege because I am seeking an attorney to help me prosecute someone trying to destroy Jen Franz.

I am currently providing the FBI information indicating that Dare County corruption is doing things to my family that any competent law enforcement officer would be able to connect the dots and recognize a scheme luring me into confrontations with police officers. I've had many confrontations with law enforcement officers and never assaulted a law enforcement officer but have been threatened and assaulted by uniformed law enforcement officers several times.

If you have any suggestions for law enforcement who might be trying to get me and/or Jen Franz killed in the Outer Banks to hide their own corruption feel free to contact the FBI, Kitty Hawk Police, Southern Shores Police or Dare County District Attorneys Office.

Thank you,
Tony Mina

Subject: Proof Southern Shores Is Stealing More Than $100,000 Of Land Value From Some Home Owners

Hello Law Enforcement,

I hope you are enjoying your Memorial Day weekend.

I wanted to make sure I try and stop law enforcement in Dare County from making mistakes I've seen law enforcement make before. In previous experiences with government wrong-doing I've experienced many cops, lawyers and government employees go off on an ego trip and forget about their morals and the law they are obligated to uphold. Philip Hornthal appears to me to be directing Southern Shores to move in the wrong direction.

The question Philip Hornthal needs to be able to answer is "How could Southern Shores possibly be changing 2 home lots to 1 home lots and not be stealing more than $100,000 of land value that tax payers have been paying for?" Southern Shores will not be able to find a realtor or licensed appraiser that will claim a 1 acre lot that can only be used for 1 house is worth as much as (2) 1/2 acre lots that can each be used for 1 home. Philip Hornthal can argue all day about how he claims Eminent Domain Laws work with Southern Shores tax payers money, but he will never be able to explain how Southern Shores is not stealing more than $100,000 from some Southern Shores tax payers.

Where I came from in Pennsylvania some lawyers thought they were above the law because they had special relationships with law enforcement and judges. I will let law enforcement figure out why Philip Hornthal thinks he is above the law.

Another thing Southern Shores should ask Philip Hornthal is "Is it possible for Southern Shores to legally stop publications and advertisements stating that Southern Shores is stealing land value with a zoning code change making 2 house lots become 1 house lots." The reason this question is important is because where I come from in Pennsylvania they are having a lemonade war. Meaning, people are being ruined by people they are paying to help them. Many people from Pennsylvania would tell Dare County law enforcement that Philip Hornthal is causing problems and not making solutions. They will also tell you Philip Hornthal appears to be intentionally causing problems that will result in police confrontations with me. I came to the Outer Banks to live under local, state and federal law so Philip Hornthal is positioning Southern Shores to be exposed for stealing hundreds of thousands of dollars from a law abiding family that needs their money to support their children.

Please also note that Wes Haskett mailed the denial of my lot subdivision plan to me as a certified letter requiring signature. Wes Haskett already acknowledged he did not contact home owners being effected with his zoning amendment (which stole land value), but he went through the trouble of sending a certified letter to deny a lot sub-division plan when he could have emailed me and called me. You should probably make sure Wes Haskett and Philip Hornthal's priorities are in Southern Shores' tax payers interests.

Thank you,
Anthony Stocker Mina

Subject: Federal Civil Rights Violations Being Committed By Hornthal, Riley, Ellis and Maland

Hello Hornthal, Riley, Ellis and Maland,

I am writing you to inform you that Philip Hornthal has been advising Southern Shores to discriminate against me. Phili p Hornthal will not allow Southern Shores to answer my questions pertaining to zoning code like they are pleading the 5t h amendment. Philip Hornthal would not allow Southern Shores to review my subdivision plan prior to the plan being su bmitted, like they do with other people submitting applications.

Philip Hornthal will not allow Wes Haskett to explain why other Southern Shores lots that were built as conforming lots a re not being considered "non-
conforming" lots when a new zoning amendment adds a requirement the lot does not meet, but my lot is being consider ed non-
conforming because of a 2nd floor overhang approximately 14' from the property line as the 1st floor of my house is abo ut 18' from the property line and only a 15' side set back distance is required.

Philip Hornthal will not explain how changing my property from a 2 house lot into a 1 house lot is not changing land use (and taking a RIGHT) without the owner of the property's permission. 40A-2(3) provides: "Eminent domain" means the power to divest RIGHT, title or interest from the owner of property and vest it in the possessor of the power against the will of the owner upon the payment of just compensation for the RIGHT, title or interest divested. Wes Haskett is taking the RIGHT to divide 75 E. Dogwood Trail into 2 lots and Philip Hornthal is claiming that there is not a taking when they took my RIGHT to subdivide which Wes Haskett acknowledged I once had.

My lot is worth significantly more as a sub-
dividable lot and the most comparable vacant lot near my house sold last summer for $355,000 so Wes Haskett and Phi lip Hornthal are stealing land value of significantly more than $100,000 from some Southern Shores land owners.

In Pennsylvania, other attorneys were legally obligated to report attorneys they work with for committing crimes. Philip Hornthal is conspiring with Wes Haskett to steal more than $100,000 of land value from some land owners, forcing me to expose the corruption (involuntary servitude/labor trafficking) and forcing me into a legal entanglement scheme with his paper terrorism.

I am not interested in being a victim of Philip Hornthal and Wes Haskett's misconduct. I moved to Southern Shores to comply with local, state and federal laws and not be involved with politics, police and the legal system.

I moved to North Carolina from Pennsylvania after suffering from years of corruption. I am not interested in showing North Carolina residents the side of me that will not hesitate to take law firms, municipalities, police officers, district attorneys and everyone else involved with their pathetic corruption to Federal Court. The attached "Letter To The Court Regarding The Federal Court's Fucking Corruption, Threats and Witness Intimidation Of Appellant" was filed with the Federal Court of Appeals after the Federal District Court (under an old Chester County Judge) dismissed my complaint against Chester County. Even when the Federal Court conspires with local corruption to hide my complaints, the corruption is exposed and many of the defendants aren't half what they were before violating my rights.

Please stop Philip Hornthal from violating my rights as a Hornthal, Reilly, Ellis and Maland attorney. I will be taking legal action against the law firm if Philip Hornthal continues his criminal conspiracy against me.

Have a good weekend,
Anthony Stocker Mina

Subject: Corruption In Southern Shores Involving Chester County, PA

Dear Law Enforcement and Government Employees,

I am writing you to make sure you are aware of some things that may be evidence of a racketeering influenced corrupt organization labor trafficking and trying to coerce me into corruption in Dare County, specifically Southern Shores, Kitty Hawk and the Dare County District Attorney's Office. Right now it appears to me that Wes Haskett is in the middle of the corruption and Southern Shores attorney should be advising Southern Shores to correct any mistakes and inform them of their rights/protection under law as a "whistle blower" such as the "Whistle Blower Act" (Philip Hornthal basically has Southern Shores pleading the 5th right now).

To put the sophistication of the corruption I see in Dare County into perspective you need to understand a few things about me and my family. Besides following a dream to spend more time as a family at the beach, my family moved to Dare County because we were constantly under attack from government corruption in Pennsylvania. Some of the corruption involves what I call as "lie injectors". For example, I spoke/texted to Josh Ruggeri on my 610 842 3905 phone a few weeks ago and he told me he has a $500 flat fee for designing company logos. The next day I find my truck with a flat tire and needle holes in the tire valve stem. I constantly have people using things such as communication on my phone or computer to try and inject their lies into it like I am involved with things that I am not. These problems have followed me from Pennsylvania to Dare County and I'll let law enforcement figure out who is causing these problems.

Another thing you should be aware of is 2 Chester County District Attorneys stepped down as I was in the middle of proving their role in Chester County Corruption. Their names are Joseph Carroll and Tom Hogan. In the emails below and attachment titled "Letter To The Court Regarding The Federal Court's Fucking Corruption, Threats And Witness Intimidation Of Appellant" you will see that these District Attorneys were publicly involved with doing illegal activities like protecting a former judge turned attorney who was doing things like committing perjury they knew was being committed because it involved the contents of the Discovery the District Attorneys Office provided the attorney and then the attorney, Dawson R. Muth threatened to have me arrested for serving his law firm with a Notice to Attend and Produce the Documents he claimed to have in my file at his office. This attorney told me and my 4 year old daughter Avalise to "Get The Fuck Out Of Here (his office)" and I videotaped the attorney on my iphone held in clear view as I served the attorney (the video is at: https://www.youtube.com/shorts/LpaZN23J_RA). These 2 District Attorneys went as far as spreading lies about me with witness intimidation tactics on the DA Tom Hogan Facebook page and spreading lies about me to the Philadelphia Inquirer Newspaper reporters. The attached emails and files prove that these District Attorneys are guilty of corruption, witness intimidation, conspiracy and the list goes on and on. I was too busy trying to protect my family and find a safe place for us to live to claim responsibility for causing these corrupt District Attorneys to step down and it is my position that Chester County Corruption along with the Eastern District Federal Court of Pennsylvania (under former Chester County Judge Juan Sanchez) is trying to pretend that I am working with the corruption as something like an undercover internal affairs guerilla. I am without a doubt not working with corruption in Pennsylvania and their conspiracy requiring me to constantly do police and legal work violates labor trafficking laws and substantiates a Racketeering Influenced Corrupt Organization. I also am not involved with "sitting" schemes in places like board rooms.

It is my position that corruption from Pennsylvania is now trying to pretend that I am doing police work in Dare County a nd is trying to coerce me into Dare County corruption.

The things you should be aware of is Malvern Borough employee Tiffany Loomis scheduled a meeting with me at 100 B ridge Street, Malvern, PA 19355 and asked me if I was a fire inspector and told me there is a fire inspector with my nam e. Coincidentally, my next door neighbors house on Vista Lane burnt down and the fire, along with the fire departments reports don't add up to anything but corruption to me. Damage to my property was probably between $40,000-$50,000 and my neighbor Mike Meredith refused to provide the North Carolina Insurance Adjusters his insurance inform ation so I only received about $6000 from my insurance as Mike Meredith complained I was taking too long to clean up t he fire damage then yelled and cursed at me when I was finally making progress cleaning up the fire damage and had c aution tape up on my property to identify where Green Giant Arborvitae were being planted for the underground utility m arking company. I without a doubt did not agree to play any role as a fire inspector or investigator in Kitty Hawk fire and zoning related corruption.

Now, as you are probably aware, I own a lot that the town of Southern Shores told Outer Banks Realty was sub-dividable based on the lot size. After about a month of communication about the lot with Wes Haskett (and me entering into a contractual agreement to purchase the lot) Wes Haskett told me on June 1, 2023 that on June 6, 2023 town coun cil planned on adopting a zoning amendment that would change my lot from a 2 house lot to a 1 house lot. I opposed th e zoning amendment but Southern Shores adopted the new zoning code anyway. The problem now is Southern Shore s did not use an eminent domain transaction to change land use from a 2 home lot to a 1 home lot at 75 East Dogwood Trail and won't explain to me how they legally think they changed land use without an eminent domain transaction (plea se keep in mind that this zoning change occurred as I was under contract with a non-refundable deposit on 75 E. Dogwood Trail). So, I am being forced into a legal dispute with Southern Shores that would not be occurring if Southern Shores could provide me one legal explanation for their zoning amendment changing 75 E. Dogwood Trail land use...

AND, to make matters worse. If you look at my Facebook internet activity you will see strange communication from Chri s Hardy indicating I am now standing up for everyone (this was around the time Hardy moving and storage had a trailer on the 75 E. Dogwood Trail driveway and I had to explain to Southern Shores that their zoning amendment steals land v alue from some Southern Shores home owners). Chris Hardy is known to work at Lou's barber shop (my attorney from 2001, Fran Miller was known to go to Lou's barber shop). I also noticed that someone named Lewis Wesley that I went to school with is using the name "Louball Wesley" as his Facebook name and I've seen a post about Lou's barber shop. I wanted to make sure Southern Shores was aware that I was not interested in being coerced and forced to "ball" with/against anyone named Wesley. I moved to the Outer Banks from Malvern Borough, where Lou Marcelli's police depart ment patrolled the streets and their Borough employees were very easy to communicate with and solve problems with. I also lived in West Chester, PA for years but their police and government tried framing me and "balling" so much that J ay-Z and Kanye West's "Niggas In Paris" song would have been the theme song...the only problem was when West Chest er made their move and fined my truck working as a Rise & Shine Publications Incorporated vehicle they proved a corru ption case against themselves because West Chester Borough Manager Michael Cotter already claimed West Chester did not have jurisdiction over private corporations when refusing to enforce the anti-discrimination ordinance against the Daily Local Newspaper.

So, to make a long story short, forcing me in the middle of government problems in Dare County violates labor traffickin g laws, substantiates legal entanglement and also is a Racketeering Influenced Corrupt Organization Conspiracy becau se Chester County's Government never paid me one single penny ($.01) for forcing me to be involved with police work/corruption. I also was never paid one single penny for work related injuries that I had a legal right to be compensated fo r.

Please correct any government wrongdoing in Dare County. I do not have anyone paying me for police work and/or leg al services in Dare County and anyone pretending me and/or Jen Franz are living in Dare County to play a role and/or p rovide police/legal services is illegally trafficking us.

Lastly, when you wonder why Chester County's government hates and attacks me with corruption so much keep in min d that they were using my family court issues to violate my rights as a vulgar display of their power. During their abuse of power my daughter broke her arm when in the custody of her mother and was not taken to the doctor until the next d ay. My daughter's mother and I had a custody agreement that involved providing drug test samples but my daughter's mother refused to take a drug test. I suspected she relapsed into drug addiction and Family Court refused to help me pr otect my daughter by ordering her mother to be evaluated by children & youth protective services. My daughter's mothe r abandoned her with her step father and me and eventually died of a heroin overdose. Chester County's government l ooks beyond absolutely pathetic and the laws regarding mandatory protection/reporting of suspected neglect/abuse by

medical workers and court employees obviously were not complied with. Their government is so pathetic that I literally started crying asking Judge Platt to give me full custody of my daughter as her mother did not attend the court ordered proceeding we had together and Judge Platt still gave my daughter's mother 50% custody as my daughter's mother refu sed to respond to court filings claiming neglect against her and could have had a bench warrant issued against her if I h ad not opposed the bench warrant (prior to the judge entering the order giving her 50% custody). I could go on and on with how pathetic Chester County government corruption is from the way that they try to attack my credibility as I was u nable to get the Federal Court and Chester County to arrange brainscan lie detection on me regarding statements they claim are "frivolous, delusions, fanciful, etc." to the way the Republican Chester County Commissioners gave the Demo crats a seat in the Commissions Office to create a "bi-
partisan government". I'm not sure what kind of idiots Chester County's government believes their tax payers are, but p oliticians giving the opposing party a seat only means a big backroom deal was made. I'll let law enforcement figure out what went on in the backroom in a world where I would be a democratic hero in Chester County if a backroom deal was not made.

Thank you,
Anthony Stocker Mina

PS If Chester County Corruption intentionally tried to make someone to use as their "fall guy" for me to destroy, they'd probably pick someone named Wes. My girlfriend when I was a teenager and I finally started going separate ways in 2 022 when she had a boyfriend named Wes. We had dated since highschool and no matter what happened between us we ended up getting back together until she dated Wes. What happened was when we would go our separate ways an d I'd start talking to a new female regularly she would re-
appear, basically ruin the new relationship I was starting by doing things boyfriend and girlfriend do and then disappear when it appeared I was done with the other female. Friends she had named Robyn Bretherick and Terri Smith would tel l me things like my ex-
girlfriend would complain that I was contacting her after she was just with me and told me to contact her so I had to let my ex-
girlfriend believe that she could get me back whenever she wanted so I could move on with another female (so I appear ed to most people to be much more stressed about her boyfriend Wes than I really was). I know names can be like goo d/bad smelling food and you can acquire a taste for what you do and don't like. I probably appeared to really not like na mes like Wes, Craig and Dave.

If you want to file a private criminal complaint you can do so by going to MDJ Bruno's office and filling-
out the forms for that purpose. You must be very specific about what the false statement, what evidence there is to pro ve that, and what evidence there is to prove that the person in question knew at the time they made it that the statement was false. Honest mistakes aren't crimes.

Most of the items you refer to below aren't crimes. For example, who is better friends with the Ciccarone family doesn't mean anything.

No action will be taken in response to this email. If you want to pursue it, follow the private criminal complaint process. Please note that you should be careful not to exaggerate any information you provide, since you would be subject to pro secution for false statements if you make any in the private complaint.

A note for the future: I may not answer future emails if I'm not going to take any action in response to something you se nd me. I usually have in the past as a courtesy. However, I now have over 50 emails from you with some comment or complaint, none of which justified a criminal investigation. I'll still read them, but if I'm not going to take any action I prob ably won't write back. I have only so many hours in my day, and I have more important things to do than explain why yo ur email doesn't merit the attention of my office. I think you were fairly convicted, and I don't have time to go back and f orth about that anymore.

Dear Mr. Carroll,
I hope you are doing well.
I am writing you regarding 2 matters. First, I'm very concerned with the handling of the information I provided you more t han a year ago regarding Dawson R. Muth. I assumed without a doubt a criminal investigation would be initiated when I provided you the following information:
-
Mr. Muth did not have a tape of the lobby of Judge Knapp's District Court at trial and claimed the tape ran on a loop on camera outside Judge Gavin's Courtroom.
-
When doubting what was being done with my case I was reassured by someone at Mr. Muth's law firm that they were w orking on my case and Mr. Muth uses 3 different private investigators, one of which gets inside information.
-
When Mr. Muth discussed with me the Stipulation regarding the testimony of Meghan Weiss, Mr. Muth explained to me t hat we could just make stuff up. After a few seconds of me just staring at him, he then said "it doesn't mean we can lie".
-
While leaving the court house for lunch the day of trial I asked Mr. Muth if Judge Gavin was friends with the Ciccarone F amily too and he replied yes, but not like I am.
-I told Mr. Muth I would be talking about him so some cops (I know to be corrupt) would go right to him.
-I also implied I knew what Mr. Goldberg said to the Sheriffs while entering into the Courthouse.
Since Trial Mr. Muth has changed his story regarding the tape of Judge Knapp's District Court's lobby. He now claims th e AOPC keeps the tapes for 6 months and he asked for it after 6 months (which also means he asked for it after he clai med to be ready for trial and I had been put on the Trial list). Mr. Muth now admits he did not use a private investigator f or my case. More interesting than that is the transcript from a civil action hearing against Mr. Muth. Page 8 reads " He (Mr. Muth) told me he did not need more money nor a private investigator". I actually said " He told me that he did not ne ed more money for a private investigator." All of the "mistakes" Lori English made changed direct testimony of mine that supported my claim to you that Mr. Muth fraudulently represented me, to mean something else(all of the direct testimon y that "mistakenly" was changed to mean something else was not questioned during cross examination). Mr. Carroll, I c ompletely understand that something my 2 ears hear come out my mouth can be misunderstood by someone else. But I still can't understand why Ms. English insisted I provide her with a copy of a note used for my opening statement... Any way, you are the only person that knew I was digging my hand in Mr. Muth's pocket to tie his shoe laces together, we'll see what happens.
#2- I was wondering what was done to Detective Billie for claiming on his affidavit of probable cause that on Wednesday , 4-18-
2007 @1555hrs, the witness viewed a photo array and positively identified Anthony Mina as the actor that assaulted the victim on 4-1-
2007. According to the witness , Det. Billie was told he was not 100% sure and couldn't tell from the picture. I was wond ering what was done to the "victim" for lying at the preliminary hearing, claiming he was let go from the hospital when he was actually arrested for becoming unruly and threatening to assault the hospital staff. He again lied to Judge Gavin an d claimed to be a non-
violent person...or was John O Donnell and the hospital staff lying. I was wondering what was done to Jessica Krilivsky for claiming the witness has had a consistent account of events since he witnessed it in her closing arguments. He had anything but a consistent story(You'll have to refer to Creighton Rabs reports since Judge Gavin told the court reporter s he didn't have to record them).
Have a good weekend,
Anthony Mina

Dear Mr. Carroll,

I hope you are doing well.

I've had an opportunity to review your latest responses to my emails and appreciate you taking the time to get back to m
e.

I am still waiting for some case law regarding legal homosexual attacks.

I am also waiting to hear back from you regarding Dawson R. Muth's recent attempt to have your sister, the Honorable J
aqueline Cody conspire with him and dismiss my case against him (This is the same attorney that decided to try to talk
about the arrest of Trent Jackson for murder during my closing arguments).

Your claim that I attempted to extort you is beyond absurd and I believe you should provide the details to whatever you
are talking about to the Philadelphia Inquirer. I recently wrote the Philadelphia Inquirer and told them I have been haras
sed, threatened, assualted, etc. for refusing to be a part of a police cover up. I failed to tell them you are also a spin arti
st (I think the attempted homicide case against Juan Velez does a good job of putting this problem into perspective).

Maybe you should review all the information you have recieved from me and count how many times I offered to take an
y type of lie detection test. As much as I don't mind being labled mentally ill, I have to only wonder what a sane person i
n your world would do if he repeatedly offered to take lie detector tests only to be called a liar... I will leave it up to the P
hiladelphia Inquirer to decide if any action needs to be taken regarding my testimony in the home invasion case (Devon
Mayer & William Fahy's house) years ago.

I look forward to hearing back from you. I understand that you only have so much time to do your job and hope to save
you time in the future...

Here is some case law for you to keep in mind for my issues with Leonard J. Rivera of the MacElree Harvey firm : " Und
er PA law, fraud consists of anything calculated to deceive, whether by a single act or combination, by suppression of tr
uth , or by suggestion of what is false, whether it be by direct falsehood or by innuendo, by speech or silence, word of m
outh, or look or gesture." Kerrigan v. Villei, 22 F.Supp.2d 419

Thank you,
Anthony Mina

I'm not going to respond to this because it doesn't have anything to do with my duties. (Do your own search. If you wan t to find some editing quickly, start with the missing headers). I also won't respond to future emails unless they contain a question that is a proper one for my office. On those occasions I'll give you an answer, but may not provide much exp lanation. I have 500,000 people to protect and a limited amount of time. Your complaints to date have been completely devoid of merit. I realize that doesn't mean the next one won't be valid, so it will be considered, but I don't have time to give you a lengthy explanation of the law every time you take 5 minutes to write an email.

You have very little credibility with me. You say lots of things that just aren't true. I could have arrested you for extortio n for threatening to expose something if I didn't contribute $1,000,000 to some charitable organization you either had or were creating. But I didn't because I think that you may have some mental health issues, the attempt was bizarre, and I wasn't hurt by it. I'm not interested in prosecuting mentally ill people for things they do as a result of their mental illness unless real damage is caused. But I'm not going to let the credibility of my office be damaged by your wild allegations and lies.

Dear Mr. Carroll,

I hope you are doing well.

Thank you for getting back to me. Please explain how the emails were "edited". The emails attached below contain the exact messages as sent on the dates stated. Please refrain from making comments like " I would not be at all surprise d if Mr. Mina faked this one.".

It is not too hard to get a good idea what your opinion is worth when you are claiming no crime has been committed by a homosexual that grabs a hold of someone he does not know, causes a fist fight in which he is repeatedly told to let go ...while under the influence of alcohol.

If you want to say something like "Mr. Mina faked this one" (a comment you can be held accountable for)...go for it!!

Your emails were not returned to me, like the emails to the other recipients were.

Thank you,
Anthony Mina

To everyone:

If Mr. Mina sent the e-mail dated August 18, 2010 displayed below, it was never received by the County of Chester e-mail system. I note that several of the e-mails in the email chain he sent have been edited, and I would not be at all surprised if Mr. Mina faked this one. The other possibility is that the original e-mail was blocked because of something in the attachments he refers to. In any event, I didn't get them.

I did get another e-mail from Mr. Mina on August 19, 2010 dealing with a completely different issue, and I responded to that the same day. I'll send copies of that one separately.

If I had received that e-mail I would have sent a very short response stating that this has already been explained to him multiple times by me and others, and I am not going to do it again. The underlying problem is that Mr. Mina was convicted of assault. He claims certain "facts" that prove his innocence and wants his victim arrested. However, those "facts" are completely inconsistent with reality and the evidence. He received a fair trial and was properly convicted. There is no reason to arrest the victim and the police did a fine job.

Dear Mr. Carroll,

I have attached 2 files containing correspondence with the West Chester Police Department regarding Dawson R. Muth and Detective Billie. The West Chester Police refused to apply PA Law to these 2 matters and suggested I contact you, the Attorney General and the Disciplinary Board. I thought about what they said and I am not really in the mood to be s hopping around for a cop to do his job. Instead of doing as they suggested, Mr. Carroll, I am going to ask you to provide me with some case law that supports what you have claimed in the attached emails:

I'm not going to respond to your most recent email about why Kendikian wasn't arrested. That has already been explain ed to you.

If you want charges filed against Muth, report it to West Chester PD. If they won't do anything, file a private criminal co mplaint. Please note, however, that if you make a false claim to West Chester PD or in your private criminal complaint t hat is a crime.

To whom it may concern:

Could someone explain to me (without being deceptive) why Paul Kendikian was never charged witho a crime for his rol e in the "fight" he claimed to be in (a.k.a. Commonwealth vs. Anthony Mina CR2462-
07)? If a male was doing the grabbing Ivan Karosus testified Paul Kendikian was doing (Detective Billie was originally r eferring to his grabbing as a way of hitting on someone) to a female they didn't know they'd get arrested for sex crimes. Probably attempted rape, etc. Since you have known all along that Paul Kendikian is gay and his inappropriate conduc t was the cause of the "fight". Why has he not been charged with anything? Ivan Karosus, the Commonwealth's only witness claiming to view the altercation described it as a fight that started because the "victim" was holding another mal e (Moments before this, Sgt. O' Donnell witnessed the "victim" in "rough condition" and believed him to be intoxicated). A fist fight then took place and both individuals fell down (the male being held onto fell first). Then the male who was be ing held onto got on top of the "victim" and punched and kicked him. At this time the "victim" was again holding onto the other person's shirt while being told repeatedly to let go of the shirt. When the "victim" "finally let go"(the witness, Ivan Karosus's words) the other male ran away along with another individual that was trying to seperate them.
I received a email in response to this question from Joe Carroll that read:
No one else was arrested because no one else committed a crime. This has been communicated to you many times be fore. The judge found you guilty because the evidence established beyond a reasonable doubt that your version of eve nts is not true. No further action will be taken in response to your email.
I know in the real world when someone who is believed to be intoxicated by the Police grabs onto someone they don't k now, causes them to fist fight, fall and a fight ensues, they have committed a crime. And then of course, you have to ta ke into consideration that Paul Kendikian is gay and he was told repeatedly to let go of the other person (which he "finall y let go", according to the Commonwealth's witness).
To help you understand the case quicker, I have listed a few of the facts from it for you.
1. Paul Kendikian claimed to have no recollection of the "fight".
2. Anthony Mina (me) testified that he was at home.
3. Ivan Karosus, the Commonwealth's only witness to the "fight" provided all the information regarding the altercation he claimed to see on April 1, 2007.
4. Jessica Krivelsky argued that Ivan Karosus had provided a consistent story from his interview with the Police after the alleged incident through trial.
5. Judge Gavin believed Ivan Karosus was credible (at least that is what he said).
Could someone from the District Attorney's Office please explain to me why charges were not pressed on Paul Kendikia n. I find it hard to believe that everyone in Chester County's District Attorneys Office believes that no crime has been co mmitted by Paul Kendikian when PA Law is applied to his actions. (Which Judge Gavin, finder-of-
fact supposedly based his decision on)
Thank you,
Anthony Mina

Question/Comment: I hope everyone had a meaningful Martin Luther King Jr. Day today. Could someone explain to me why Paul Kendikian was never charged with a crime for his role in the "fight" he claimed to be in (a.k.a. Commonwealth vs. Anthony Mina CR2462-
07)? If a male was doing the grabbing Ivan Karosus testified Paul Kendikian was doing (Detective Billie was originally re ferring to his grabbing as a way of hitting on someone) to a female they didn't know they'd get arrested for sex crimes. P robably attempted rape, etc. Since you have known all along that Paul Kendikian is gay and his inapproriate conduct wa s the cause of the "fight". Why has he not been charged with anything? Ivan Karosus, the Commonwealth's only witnes s claiming to view the altercation described it as a fight that started because the "victim" was holding another male (Mo ments before this, Sgt. O' Donnell witnessed the "victim" in "rough condition" and believed him to be intoxicated). A fist fi ght then took place and both individuals fell down (the male being held onto fell first). Then the male who was being hel d onto got on top of the "victim" and punched and kicked him. At this time the "victim" was again holding onto the other person's shirt while being told repeatedly to let go of the shirt. When the "victim" "finally let go"(the witness, Ivan Karosu s's words) the other male ran away along with another individual that was trying to seperate them. I would appreciate it i f someone could write back at their earliest convenience. I specifically told Joe Carroll that I wanted anyone(including "vi ctims", "witnesses", "cops", etc.) arrested if they break the law while taking some type of action against me. I am trying t o understand why everyone involved with this case has neglected to do so. The reason I need to be referred to some case law regarding the information in your emails above is because I am in the process of writing a letter to our President, Barack Obama and I am hoping he accepts my invitation to come see Chester County and gain an understanding of the injustices indigent people such as myself face. At this time, I kno w of one reason (not 2) why Chester County is not a safe place for our President, Barack Obama to visit... because he c ould be attacked by a homosexual and be arrested. I would like to warn our President of the way the law (according to you) could permit such an attack on him.

You see Mr. Carroll, this is reality to me (I have attached 2 emails exchanged between us in which you made a comme nt that I refuse to acccept reality...please forgive for not accepting this).

I can't be involved in any investigation of Judge Cody. She's my sister. However, based on the contents of over 50 of y our emails that I have saved over the last 2 or 3 years and your continued refusal to accept reality even after being conv icted in your criminal case, I'm guessing she's not the one who is delusional.

To whom it may concern,

I am writing you to inform you of a matter I believe needs your immediate attention. On July 30, 2009 I was taken into c ustody by the Sheriffs upon Judge Cody's order. Judge Cody refused to allow me to present my defense, she refused t o allow me to enter into evidence documents pertinent to my defense, she refused to allow me to question the Plaintiff a

nd refused to allow me to question the child support enforcement officer regarding papers I filed in response to a Notice of Non-Compliance that should have precluded the Contempt Hearing.

I paid the $500.00 to be released from custody and Appealed the case. Judge Cody and the Domestic Relations Sectio n have refused to transmit my Appeal to the Superior Court. And Judge Cody has also denied my Application to Procee d In Forma Pauperis because " we found his Appeal to be frivolous...it is not a decision on the merits of his Application" (she has other people helping her make her decisions). Her Order also claims I refused to pay any money for child sup port twice. That did not happen. I was arrested for no reason and asked "Do you want the money or not? I got things I need to do" just before being arrested.

Judge Cody may be delusional. If not, she is guilty of crimes like harassment, false imprisonment , extortion, etc.

Either way she is not fit to have the power she has and poses a threat to the safety of herself and people in her Courtro om...You have to understand there are people in this world that think nothing of grabbing someones gun and jamming it down their throat to protect themselves.

Thank you for your immediate attention. I have begun to prepare a request for Judge Cody to be investigated and plan on mailing it tomorrow at the latest. The Chester County District Attorney will have a copy of the transcript, the Order de nying IFP and the Statement of Matter's Complained. Through this letter I am asking them to provide you with any infor mation I have left with them upon your request.

Thank you,
Anthony Mina

The transcript and Order referred to in the above 2 emails is online at www.myspace.com/framedupinwc.

I look forward to hearing back from you and hope you have been well!

Subject: Fw: District Attorney Tom Hogan's Intentional Deception of Donors Contributing to Elections

Dear Dare County Law Enforcement,

I just wanted you to have a copy of an email Chester County District Attorney Tom Hogan and Chester County received prior to DA Tom Hogan withdrawing from his re-election as the Republican's only candidate.

DA Tom Hogan's corruption against me obviously cost him his career as the Chester County District Attorney.

I wanted you to be aware that after changes in Chester County's government's leadership took place I was too busy gett ing my house at 100 Bridge Street, Malvern, PA 19355 as valuable as possible to sell so I could find a safe place for my family to live than to make sure the public in Chester County was aware of the facts behind DA Tom Hogan leaving the DA's office (when I was living in Pennsylvania).

I without a doubt made a mistake by not humiliating Chester County's government by exposing some of the facts of thei r corruption. Not publicly explaining to Chester County's public that Chester County's District Attorney Tom Hogan is a p athologically lying social media bully left Chester County corruption under the mistaken perception that Dare County will be their new place for their racketeering influenced corrupt organization. Please do not tolerate Chester County govern ment corruption. I will continue to send you proof that the Chester County District Attorneys Office and Chester County Commissioners are guilty of felonies and the U.S. Eastern District Federal Court of Pennsylvania, under former Chester County Judge Juan Sanchez, is helping them hide the corruption.

Thank you,
Anthony Stocker Mina

PS Please note that Federal Judge Mitchell S Goldberg once sent U.S. Marshalls to my house at 100 Bridge Street, Mal vern, PA 19355. The U.S. Marshalls came to ask me questions about communication with Judge Goldberg and my Fed eral Law suit. Ex Parte communication prohibits judges from communicating like this. I can identify the U.S. Marshalls fo r you and it should be noted that the U.S. Marshall's (who were all male) did not want to see my penis as I explained the moluscum penis corruption.

Subject: District Attorney Tom Hogan's Intentional Deception of Donors Contributing to Elections

Dear Republican Party of Chester County,

I am writing you today because there appears to be an election this year that the Republican Party has solicited donatio ns for candidates including Chester County District Attorney Tom Hogan.

I am unable to find any information that is being provided to donors contributing to the Republican Party regarding Distri ct Attorney Tom Hogan's involvement in committing crimes including, but not limited to obstruction of justice and tamper ing with evidence . District Attorney Tom Hogan's legal problems are briefly explained in the email below and are curren tly pending in the U.S. 3rd Circuit Court of Appeals, case 19-1001.

Please provide me the information being provided to donors contributing to the Republican Party regarding District Attor ney Tom Hogan's unsettled legal problems including District Attorney Tom Hogan using his position as District Attorney to intentionally misrepresent facts for his own personal gain on social media.

Fraud is practiced when there is a deception of another to his damage. 16 P.L.E. Fraud § 1 (1959). Fraud consists of an ything calculated to deceive, whether by single act or combination, or by suppression of truth, or a suggestion of what is false, either by direct falsehood or by innuendo, by speech or sentence, word of mouth, or look or gesture, and may be made up by any artifice by which a person is deceived to his disadvantage. Summ. Pa. Jur. 2d Torts § 16:1 (1991).

The only thing District Attorney Tom Hogan's response to the facts set forth in the attached picture proved is that West Chester, PA is much too small of an audience for a District Attorney promoting social media bullying of a victim of crime s being committed by Chester County employees, including crimes that are nearly identical to the crimes Judge Rita Arn old was reportedly sentenced to two years in state prison for.

Thank you,
Anthony Stocker Mina

Hello Again Law Enforcment,

I wanted you to have some additional information regarding my mind control conspiracy theory... Maybe my son Anthony was mind controlled to say what he did because many of the teachers names are coincidentally similar to names and/or code from Pennsylvania based corruption (the kinds of names to continue communicating about a conspiracy or try to illegally clean the conspiracy-like there is deep-seated PA corruption in Dare County). Then communication to someone named Laura saying I would call her coincidentally occurred before Laura McCall was hired at Kitty Hawk Elementary School and it became much more than a coincidence that corruption exists as I suspect. I then indicated that someone named "whitehurst" works at Kitty Hawk Elementary School and since I live in the house known as the Dick White House and Kitty Hawk/ Southern Shores corruption hasn't stopped trying to cause problems that drive people insane and into police confrontations a decision was made to use my son Anthony's voice to thoroughly investigate why Dare County, Southern Shores and Kitty Hawk have employees working against my family that can not add their actions up to anything legal and other than terrorism (There actions lead competent police officers to believe they are trying to get me into a hurst, like Pennsylvania corruption failed to do).

Again, please don't tell Jen Franz about my conspiracy theories. The attached pictures do a better job explaining the pathetic life we were forced to live in Pennsylvania. Jen Franz believed her Aunt Kim (Mimi) and mother were her most loving family members for some reason (possibly being loyal to someone who ridicules you out of fear). Jen's Aunt Kim coincidentally does things that are regularly plays on words that

law enforcement would find concerning (like sitting on a bench with a lion). The things said to Jen Franz also have meanings that are considered "shaming" and coercive. The picture of Jen Franz looking overmedicated and ridiculous was taken when her mom and dad took her to Disney World around the age of 25. Jen is very self conscious about the way she looks but for some reason her mom wanted to plan her baby shower in 2009 so she was surprised in her pajamas without taking a shower...something she doesn't leave the house without doing.

In other words, me and Jen Franz have had people acting like we aren't good enough our entire lives (like we are people with special needs because we won't conform to their corruption). The more Jen Franz moves on without the people ridiculing us and reminders of their non-stop corruption the more happy and productive we actually are. I think Dare County corruption exceeded an acceptable level (despite my constant complaints) and Dare County is going to find themselves in lots of legal trouble for terrorizing my family with corruption for no legitimate reason.

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

Today I received a phonecall from Sheriff Varnell about scheduling an evaluation with my son, Anthony and I explained again that I think there might be something wrong causing my son to say strange things.

So, I wanted you to be aware of some additional things as you proceed with your investigation. I recognize "MK" as many things, including a CIA mind control experiment. I have noticed that there is a house on South Dogwood Trail that has had an MK tile saw on their front porch for a long, long time (The MK tile saw reminds me that mind control is real and very close to me).

I've had people discretely bragging to me about the use of mind control since the Chris Angel show had someone walking around the grocery store grabbing something specific.

Jen Franz thinks my mind control beliefs are impossible. What Jen Franz does not know is that people say things to me that Jen Franz should have no knowledge of and Jen Franz later does these things. Like if someone says something to me that has a sexual meaning to it and Jen Franz has no idea what has been said to me(because she was not with me), Jen Franz coincidentally has performed sex acts on me like she was ordered to do what the person said to me and she has no knowledge of. (The illusions make me feel like people are telling me Jen Franz is their slave)

Another example of this type of mind control/rigged conspiracy, which is obviously designed to reduce me and my fiance's significance and taint evidence of corruption was at 4809 Vista Lane, Kitty Hawk, NC:

One morning I found my Ford F250 with a flat tire. I then went into my toolbox which was outside my house to get my air chuck for my compressor and my chuck was missing. I then notice William Meredith outside his house with his hood open on his truck. I told William Meredith that I'd offer help but I have a flat tire and can't find my tire valve filler. William Meredith told me one of his kids left an interior light on in his truck and the battery was dead (which really should not occur). William Meredith said he had a chuck I could use and had me follow him under his porch where he said "watch out for the shit show" because there was toys, trash and tools on the ground that could be tripped over. Then, for the first time since I've lived with Jen Franz (since about 2008) Jen Franz pooped in the toilet bowl, but did not flush the poop. The reason the poop was not flushed was because the bedroom toilet at 4809 Vista Lane did not properly fill the toilet up with water so poop got stuck on the toilet bowl. Jen Franz also must have eaten something that caused her to poop something that was very soft. Jen Franz must have also been sitting on the toilet a little differently because she has never done that before (poop in the toilet so repeated flushes don't flush the poop off the toilet bowl).

My family has one conspiracy after the next designed like this against us. Underneath of the non-stop corruption attacking my family is Chester County government corruption trying to force me to clean up their mess.

Please keep in mind that it is my position that Dare County is making problems worse with corruption and in the year 2024 very powerful people (perhaps the military) have better things to do than tolerate government corruption within the United States.

Telling Jen Franz about my mind control conspiracy could be very traumatic to her emotional well being because I believe she lives in a mental state where she has had so many bad things happen that her mind brings her to a place where she can live and not be suffering from the trauma (For example, ask Jen Franz about her experience at West Chester University and she will say it was a good experience. What really happened is she was forced to spend 10 years in college getting about 200 credits for a degree that should have required 120 credits as she had something close to a 4.0 gpa. Jen Franz was under attack from college advisors trying to bankrupt my family and make us fail).

I could go on and on about the conspiracies, but I am just going to tell you again, Jen Franz's mind can't handle being in the middle of the conspiracies or even be forced to accept we are victims of a conspiracy. Jen Franz should not be involved in as much of your investigations as possible. I don't know anyway to explain how much better Jen Franz's overall mental health is in Dare County than it was in Pennsylvania.

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Good Afternoon,

I just wanted to pass along some additional information regarding what my son Anthony said about his penis being touched. My son Anthony also said that his friends Jordan and Landon didn't like his penis because it isn't black...which doesn't make any sense since Jordan and Landon don't talk.

So, I just wanted to reiterate my conspiracy theory even though the court system likes to dismiss mind control like it does not happen. I believe the problem may be that a woman at the Dare County District Attorney's Office with a name pronounced "Lori" told me that endangering children was not a crime in Dare County when I was trying to complain about Jasper Rogers and the Kitty Hawk police allowing a very dangerous illegal junkyard in the Vista Lane cul-de-sac. Corruption interfering with the physical and emotional needs of my family has continued since I lived at 4809 Vista Lane and people much more powerful than Dare County's government protecting and serving civilians may have had enough of Dare County's corruption.

I apologize that many people don't like my conspiracy theories, but I think it is time Dare County asks themselves..."Do the actions of our zoning officers amount to anything other than a terrorism conspiracy?" (elementary school educated children can comprehend Wes Haskett is taking a right worth more than $100,000 to sub-divide my lot. The fact that Philip Hornthal is claiming that there isn't an eminent domain taking only means Philip Hornthal is pretending that he does not know that Eminent Domain Laws protect rights). 40A-2(3) provides: "Eminent domain" means the power to divest right, title or interest from the owner of property and vest it in the possessor of the power against the will of the owner upon the payment of just compensation for the right, title or interest divested. To make matters worse, Wes Haskett and Philip Hornthal refuse to answer my questions about zoning code that should be answered prior to applications being submitted. If my questions were answered prior to my lot subdivision plan being submitted 3 of the 4 reasons my sub-division plan was denied would have not been a reason for denial (and the application could have only been denied with an eminent domain law violation). Now, Philip Hornthal and Wes Haskett will not answer zoning code questions again and said I can appeal the decision for $350. Burdening the public with unjust misapplication of law and legal schemes not only is legal entanglement it is a form of terrorism called "paper terrorism".

Please email me one reason explaining how the zoning officers and Philip Hornthal are doing anything that does not amount to a terrorism conspiracy.

Anthony Stocker Mina

PS. I have additional information that suggests Wes Haskett would be a fall-guy by design, because of his name. I am not providing the information right now, but I suggest making sure Philip Hornthal's office understands my finance does not know anyone at Philip Hornthal's law firm and the fact that me and my fiance have been involved with

communication that can be interpreted to mean we have a relationship with people at Philip Hornthal's law office would only mean my fiance and me were coerced into a labor/human trafficking conspiracy if anyone at Philip Hornthal's office claims to have a relationship with me or my fiance, Jennifer L Franz.

Subject: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

I wanted you to be aware that last night my 4 year old son Anthony told my fiance, Jennifer Franz that his teachers at Kitty Hawk Elementary School touch his penis. I have attached the text message from Jennifer Franz.

I have no idea whether or not my son Anthony's penis is being inappropriately touched at Kitty Hawk Elementary School. I can say that Anthony loved school then started screaming everytime I brought him there and wanted to wear a diaper so his teachers didn't take him to bathroom time.

I can also offer a conspiracy theory why my 4 year old son Anthony provided Jennifer Franz information warranting a police investigation.

My conspiracy theory is Southern Shores has some corrupt employees and/or attorney that need step

down/surrender. Southern Shores also has a police Chief named Dave Kole that unknowingly has people ready to kick the chair out from under him that he is sitting on like they just kicked off the next Super Bowl. Chief Kole has yet to be as effective as a police Chief sworn to uphold the law should be in the year 2024 and these people are here to rudely awaken Southern Shores from their small town politics policy of only protecting and serving certain people and scamming law abiding families.

I know a lot of people don't like my conspiracy theories, I just feel like there are some people way more powerful than the little town of Southern Shores (and even Dare County) and they are powerful enough to get words out of a 4 year old's mouth that can be used as weapons to destroy small town corruption. I'll let law enforcement figure out what the problem is, I did my best to explain to Southern Shores I would like my lot sub division plan decided by someone complying with state and federal laws as they use their ability to deviate from zoning standards in way that would be considered "equal" to the deviation from zoning standards on Vista Lane in Kitty Hawk when I lived there (with the exception of promoting an environment that recklessly endangered children).

I hope law enforcement can find a way to do a better job policing government employees in Dare County because the way I see things, people way more powerful than Dare County don't have the patience for Dare County's corruption.

Anthony Stocker Mina

PS My son Anthony will be at Kitty Hawk school today with his "paint shirt". Asking my 4 year old son Anthony to bring a "paint shirt" may have triggered a Pennsylvania based investigation to be initiated by my 4 year old son. Anthony will have a diaper on and will not need to go in the bathroom.

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision pla

has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Hello FBI...

I just wanted to make sure the fbi saw this house. When I apply facts and law to zoning code (like I am preparing a federal law suit against dare county, kitty hawk and southern shores) I wonder if certain homes were designed years ago specially for the purpose of proving a case against the government. This house does not appear to have the setback distance requirement.

Subject: Overt Acts Committed By Government Employees During Criminal Conspiracies In Dare County

Dear Chief Kole,

I hope you are doing well.

As the amount of overt acts being committed by government employees in a criminal conspiracy against my family continues with another overt act being committed when the attached 75 E. Dogwood Trl lot subdivision plan is denied, I wanted you to be aware of communication to me that may have been designed to appear to be coming from you (Chief Kole).

The following emails were provided to the Philadelphia FBI because I've reported to the FBI discrete communication to me that could also be used as evidence of mental illness against me (for believing the information being provided to law enforcement amounts to communication). Over the past few decades government corruption in Pennsylvania has gone as far as refusing to schedule brainscan lie detection testing on me as they claimed the facts set forth against them by me in Federal Court litigation were frivolous delusions. Corrupt government employees in Pennsylvania tried attacking my credibility by publicly attacking my mental health (prior to stepping down from positions including the Chester County District Attorney) and some of the same tactics used may be occurring in Dare County.

The discrete things I observed started occurring noticeably more in 2007 after I received an email from Meghan Weiss that said "Got Chat". I used to shop regularly at the Wolgemuth Auction in Leola, PA and there was a constable working there that appeared to me to be trying to start problems (for example, onetime he started running towards me at about waist height like he was going to tackle me and then pretended to tackle the guy closest to me. The constable was uniformed when he pretended to be joking around with a fake tackle.). Onetime I was in the bathroom and the Constable said "Are you learning anything" and what the constable said did not make sense at all to what was going on in the bathroom. When I left the Wolgemuth Auction there was a tractor trailer blocking the intersection before you turn left on Route 30 towards Malvern. The tractor trailer was advertising an Eric Trump

(Donald Trump's son) Road Scholar Program and appeared to make Eric Trump to be taking responsibility for strange things I observe as I drive that could amount to communication and mental illness for believing the things amount to communication.

Please don't be offended by my comments about "expecting something stupid from someone named Dave" the comment has nothing to do with you, Chief Kole. I suggest that you, as the police Chief, make sure these people were not trying to create illusions that were supposed to appear to be coming from you. Since I was not able to find the female with the "simply move" shirt and take a picture of her I wanted you to be aware that there was someone wearing a "CEO of ghosting people" in the Food Lion right before I drove past the female and she disappeared.

As you know, "profiling" is a major problem in the United States. People that know me from Pennsylvania know that I will expose a corrupt police chief or corrupt district attorney to the entire town and take them to Federal Court for refusing to uphold their oath of office and the laws they are sworn to enforce. I suggest you figure out who is positioning you to be appearing to be refusing to uphold the law and your oath of office. I didn't move to the Outer Banks to be involved with Outer Banks politics or police work and don't get paid for being forced to be involved with Outer Banks police work and politics... so my forced involvement amounts to labor trafficking law violations.

Lastly, I wanted you to be aware that I told the FBI that one of my Kitty Hawk neighbors that said they lived on the other side of Vista Lane stopped at 4809 Vista Lane as I was working and said their dog was barking because of the 4805 Vista Lane fire and woke them up. The guy said the fire department's response was pretty "sore". I do not know how to use the word "sore" like the guy did and only know how to use the word "sore" to mean "physical pain". My complaints with Pennsylvania's cruel and unusual punishment/witness intimidation corruption were documented with medical records and me repeatedly using the word "sore" to describe physical pain I was living in. I suspect the word "sore" was being misused by my Vista Lane neighbor to help Pennsylvania corruption clean up their crimes. The most ironic thing about Vista Lane is I felt like the Meredith Family was conspiring with Kitty Hawk to recklessly endanger children and was trying to entrap my family in their corruption to help Pennsylvania corruption illegally. In Pennsylvania, attorney William Gallagher was assigned to my child custody needs by the Chester County Bar Association when my oldest daughter's mother (who died of a heroin overdose) was not being responsible. My complaints included the fact that she brought a full grown pitbull into her house to "give the dog a better life" from what I understood to be a life with no contact with children as a guard dog. The pitbull attacked my daughter's half sister's face. I complained that children should have not been allowed around the dog and that my daughter's mother endangered my daughter. On Vista Lane Mike Meredith, William Meredith and Brian Lloyd all had dogs that they let wander the neighborhood as other neighbor's complained and may have even reported them to animal control. I felt like the Vista Lane neighbors were trying to create an atmosphere that completely contradicted my position that attorney William Gallagher represented me for to help me make sure my oldest daughter was safe (The Chester County Family Court was just as big of a problem as my daughter's mother when it came to keeping my daughter safe). So, the fact that William Meredith was involved with so many problems on Vista Lane as Meredith Barr was working for the Chester County Bar Association felt to me like there was a name coded conspiracy trying to get William Meredith to entrap my family living in the type of unsafe situation Pennsylvania was trying to force my oldest daughter to live in until William Gallagher was assigned to my child custody needs...And Jasper Roger's overt act of refusing to fine William Meredith per day, per violation should be considered part of Pennsylvania's corruption.

Thank you,
Anthony Stocker Mina

Hello FBI...

I wanted the FBI to be aware that Jessica Walden is someone I went to school with a name that would be used in name coded corruption. Jessica Walden's face is like Jennifer Divencenzo's face.

Jen Franz went to Walden graduate school and for some reason she got called "Jessica".

Jessica Boone lives in the Outer Banks right now.

Jessica Krivelsky is a corrupt district attorney who appeared to be following the advice of other Chester County District Attorneys.

Hello FBI...

About 10 minutes ago I was driving north on south dogwood trail and a female who looked very similar to the way I remember Jennifer Divencenzo looking pointed at a wall called a "bulkhead" as she was walking south on south dogwood trail. The female had a white shirt that said "simply move". I drove for a few minutes then turned around to take a picture of the female but she disappeared.

I decided to take a picture of the female because I noticed a Coleman moving truck on the highway right before I turned onto dogwood trail that said something like worldwide moving. And yesterday I believed I was called "man" once in the southern shores office Wes Haskett and the building inspector Kevin work with Marcey Baum. So, naturally expecting something stupid from someone named Dave (because of his name) I expected a Coleman moving truck and a female saying simply move to suggest I move from southern shores as if Dave Kole was speaking.

So, 75 east dogwood trail is for sale "as is" for $1,050,000 and I'll move to bay drive in kill devil hills. Without $1,050,000 the only thing I can say is "kindness isn't a weakness" and the outer banks economy dependent on tourism is a major weakness with dumbass narcissistic boo-bees and their government scams. I suggest the outer banks boo bees stop showing me how weak they really are...

Hello Law Enforcement,

Please find the attached pictures of the first floor of my house with the walls angled noticeably around tall pilings that extend out of the ground to the second floor. I am not sure why the 75 E. Dogwood Trail listing stated the house had short pilings. I am 100% sure the pilings extend to the second floor because I opened the wall in the 1st floor exercise room, laundry room and hallway so I saw the pilings all the way up to the second floor.

The other picture is of the hallway pantry closet. I have no idea why the door apparently indicates there was someone very short named Ransom and Banks at 75 E. Dogwood Trail getting their height measured. Besides William Bankshead Meredith being called "Banks" I also grew up with a guy named Yuri Spangler that was also nicknamed Banks. Yuri Spangler died in the Chester County Hospital after a confrontation with law enforcement.

In Dare County the real estate problems I have which include government employees like Jasper Rogers and Wes Haskett not only substantiate corruption charges, they also should be considered embezzlement/extortion schemes using intimidation and debt coercion tactics.

Thank you,

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

I just wanted you to have a few additional pictures.

The picture of the Juicy Couture "Trust Fund Generation" bag shows the bag Jen Franz used at college. You are probably wondering how someone could wander around college campuses for 10 years without college employees noticing red flags and one piece of evidence is the bag Jen's Aunt Kim gave her creates the illusion that Jen Franz has a trust fund. So, people would suspect that although Jen Franz's days were a constant battle against bankruptcy, she had a trust fund where she was discretely being paid for something like police work (Jen Franz does not have a trust fund).

The attached picture of the shirts that say "Game On" and the fire fighter shirt saying "rolling with my squad" were given to my son by Jen Franz's mom, Donna Franz. These shirts create the illusion that my family plays a role with the fire departments, which we do not. Jasper Rogers and the Kitty Hawk fire department caused my family thousands and thousands of dollars of damages because of the 4805 Vista lane fire and illegal vista lane junkyard. My family is a victim of the fire department, thanks to Jasper Rogers and the claim that the cause of Mike Meredith's house's fire was "undetermined".

My family is also not involved in any type of games/vying as the "game on" shirt suggests. Psychopaths enjoy putting me and Jen Franz in the middle of government problems, so we are basically abused as pawns/fall guys and repeatedly used as weapons against the other side as we receive no compensation because we are labor/human trafficking victims.

Please do what you can to arrest the people using me and Jen Franz as pawns because they are positioning me to do things I don't want to do (I'm trying to be working normal business hours when my kids go to school next fall, not

spending days suing Dare County, Kitty Hawk and Southern Shores employees for their uncontrollable misconduct).

Hello,

Please find the attached emails. Sorry about the rambling in the emails, but the corruption my family tried leaving behind in Pennsylvania has been trying to fabricate mental health problems against me since I was a juvenile and some corruption in Dare County appears to be using the same tactics to try and provoke problems with me. I actually have emails from 2 Chester County district attorneys who both got caught in lies about me (ironically lies that were used to attack my mental health) that had no choice but to step down or get exposed for their corruption in case Dare County ever has a concern about my mental health (you have no idea how pathetic some of the people pretending to care about me and Jen Franz really are).

Anyway, please do everything you can to only discuss what my son Anthony said to her (shown in the attached text) which caused me to contact law enforcement in the first place.

My son is special needs because he wasn't talking a lot and throwing himself on the floor screaming much, much, much more than kids his age should be when they don't get what they want.

Thank you,

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Again Law Enforcment,

I wanted you to have some additional information regarding my mind control conspiracy theory... Maybe my son Anthony was mind controlled to say what he did because many of the teachers names are coincidentally similar to names and/or code from Pennsylvania based corruption (the kinds of names to continue communicating about a conspiracy or try to illegally clean the conspiracy-like there is deep-seated PA corruption in Dare County). Then communication to someone named Laura saying I would call her coincidentally occurred before Laura McCall was hired at Kitty Hawk Elementary School and it became much more than a coincidence that corruption exists as I suspect. I then indicated that someone named "whitehurst" works at Kitty Hawk Elementary School and since I live in the house known as the Dick White House and Kitty Hawk/ Southern Shores corruption hasn't stopped trying to cause problems that drive people insane and into police confrontations a decision was made to use my son Anthony's voice to thoroughly investigate why Dare County, Southern Shores and Kitty Hawk have employees working against my family that can not add their actions up to anything legal and other than terrorism (There actions lead competent police officers to believe they are trying to get me into a hurst, like Pennsylvania corruption failed to do).

Again, please don't tell Jen Franz about my conspiracy theories. The attached pictures do a better job explaining the pathetic life we were forced to live in Pennsylvania. Jen Franz believed her Aunt Kim (Mimi) and mother were her most loving family members for some reason (possibly being loyal to someone who ridicules you out of fear). Jen's Aunt Kim coincidentally does things that are regularly plays on words that law enforcement would find concerning (like sitting on a bench with a lion). The things said to Jen Franz also have meanings that are considered "shaming" and coercive. The picture of Jen Franz looking overmedicated and ridiculous was taken when her mom and dad took her to Disney World around the age of 25. Jen is very self conscious about the way she looks but for some reason her mom wanted to plan her baby shower in 2009 so she was surprised in her pajamas without taking a shower...something she doesn't leave the house without doing.

In other words, me and Jen Franz have had people acting like we aren't good enough our entire lives (like we are people with special needs because we won't conform to their corruption). The more Jen Franz moves on without the people ridiculing us and reminders of their non-stop corruption the more happy and productive we actually are. I think Dare County corruption exceeded an acceptable level (despite my constant complaints) and Dare County is going to find themselves in lots of legal trouble for terrorizing my family with corruption for no legitimate reason.

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

Today I received a phonecall from Sheriff Varnell about scheduling an evaluation with my son, Anthony and I explained again that I think there might be something wrong causing my son to say strange things.

So, I wanted you to be aware of some additional things as you proceed with your investigation. I recognize "MK" as many things, including a CIA mind control experiment. I have noticed that there is a house on South Dogwood Trail that has had an MK tile saw on their front porch for a long, long time (The MK tile saw reminds me that mind control is real and very close to me).

I've had people discretely bragging to me about the use of mind control since the Chris Angel show had someone walking around the grocery store grabbing something specific.

Jen Franz thinks my mind control beliefs are impossible. What Jen Franz does not know is that people say things to me that Jen Franz should have no knowledge of and Jen Franz later does these things. Like if someone says something to me that has a sexual meaning to it and Jen Franz has no idea what has been said to me(because she was not with me), Jen Franz coincidentally has performed sex acts on me like she was ordered to do what the person said to me and she has no knowledge of. (The illusions make me feel like people are telling me Jen Franz is their slave)

Another example of this type of mind control/rigged conspiracy, which is obviously designed to reduce me and my fiance's significance and taint evidence of corruption was at 4809 Vista Lane, Kitty Hawk, NC:

One morning I found my Ford F250 with a flat tire. I then went into my toolbox which was outside my house to get my air chuck for my compressor and my chuck was missing. I then notice William Meredith outside his house with his hood open on his truck. I told William Meredith that I'd offer help but I have a flat tire and can't find my tire valve filler. William Meredith told me one of his kids left an interior light on in his truck and the battery was dead (which really should not occur). William Meredith said he had a chuck I could use and had me follow him under his porch where he said "watch out for the shit show" because there was toys, trash and tools on the ground that could be tripped over. Then, for the first time since I've lived with Jen Franz (since about 2008) Jen Franz pooped in the toilet bowl, but did not flush the poop. The reason the poop was not flushed was because the bedroom toilet at 4809 Vista Lane did not properly fill the toilet up with water so poop got stuck on the toilet bowl. Jen Franz also must have eaten something that caused her to poop something that was very soft. Jen Franz must have also been sitting on the toilet a little differently because she has never done that before (poop in the toilet so repeated flushes don't flush the poop off the toilet bowl).

My family has one conspiracy after the next designed like this against us. Underneath of the non-stop corruption attacking my family is Chester County government corruption trying to force me to clean up their mess.

Please keep in mind that it is my position that Dare County is making problems worse with corruption and in the year 2024 very powerful people (perhaps the military) have better things to do than tolerate government corruption within the United States.

Telling Jen Franz about my mind control conspiracy could be very traumatic to her emotional well being because I believe she lives in a mental state where she has had so many bad things happen that her mind brings her to a place where she can live and not be suffering from the trauma (For example, ask Jen Franz about her experience at West

Chester University and she will say it was a good experience. What really happened is she was forced to spend 10 years in college getting about 200 credits for a degree that should have required 120 credits as she had something close to a 4.0 gpa. Jen Franz was under attack from college advisors trying to bankrupt my family and make us fail).

I could go on and on about the conspiracies, but I am just going to tell you again, Jen Franz's mind can't handle being in the middle of the conspiracies or even be forced to accept we are victims of a conspiracy. Jen Franz should not be involved in as much of your investigations as possible. I don't know anyway to explain how much better Jen Franz's overall mental health is in Dare County than it was in Pennsylvania.

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Good Afternoon,

I just wanted to pass along some additional information regarding what my son Anthony said about his penis being touched. My son Anthony also said that his friends Jordan and Landon didn't like his penis because it isn't black...which doesn't make any sense since Jordan and Landon don't talk.

So, I just wanted to reiterate my conspiracy theory even though the court system likes to dismiss mind control like it does not happen. I believe the problem may be that a woman at the Dare County District Attorney's Office with a name pronounced "Lori" told me that endangering children was not a crime in Dare County when I was trying to complain about Jasper Rogers and the Kitty Hawk police allowing a very dangerous illegal junkyard in the Vista Lane cul-de-sac. Corruption interfering with the physical and emotional needs of my family has continued since I lived at 4809 Vista Lane and people much more powerful than Dare County's government protecting and serving civilians

may have had enough of Dare County's corruption.

I apologize that many people don't like my conspiracy theories, but I think it is time Dare County asks themselves..."Do the actions of our zoning officers amount to anything other than a terrorism conspiracy?" (elementary school educated children can comprehend Wes Haskett is taking a right worth more than $100,000 to sub-divide my lot. The fact that Philip Hornthal is claiming that there isn't an eminent domain taking only means Philip Hornthal is pretending that he does not know that Eminent Domain Laws protect rights). 40A-2(3) provides: "Eminent domain" means the power to divest right, title or interest from the owner of property and vest it in the possessor of the power against the will of the owner upon the payment of just compensation for the right, title or interest divested. To make matters worse, Wes Haskett and Philip Hornthal refuse to answer my questions about zoning code that should be answered prior to applications being submitted. If my questions were answered prior to my lot subdivision plan being submitted 3 of the 4 reasons my sub-division plan was denied would have not been a reason for denial (and the application could have only been denied with an eminent domain law violation). Now, Philip Hornthal and Wes Haskett will not answer zoning code questions again and said I can appeal the decision for $350. Burdening the public with unjust misapplication of law and legal schemes not only is legal entanglement it is a form of terrorism called "paper terrorism".

Please email me one reason explaining how the zoning officers and Philip Hornthal are doing anything that does not amount to a terrorism conspiracy.

Anthony Stocker Mina

PS. I have additional information that suggests Wes Haskett would be a fall-guy by design, because of his name. I am not providing the information right now, but I suggest making sure Philip Hornthal's office understands my finance does not know anyone at Philip Hornthal's law firm and the fact that me and my fiance have been involved with communication that can be interpreted to mean we have a relationship with people at Philip Hornthal's law office would only mean my fiance and me were coerced into a labor/human trafficking conspiracy if anyone at Philip Hornthal's office claims to have a relationship with me or my fiance, Jennifer L Franz.

Subject: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

I wanted you to be aware that last night my 4 year old son Anthony told my fiance, Jennifer Franz that his teachers at Kitty Hawk Elementary School touch his penis. I have attached the text message from Jennifer Franz.

I have no idea whether or not my son Anthony's penis is being inappropriately touched at Kitty Hawk Elementary School. I can say that Anthony loved school then started screaming everytime I brought him there and wanted to wear a diaper so his teachers didn't take him to bathroom time.

I can also offer a conspiracy theory why my 4 year old son Anthony provided Jennifer Franz information warranting a police investigation.

My conspiracy theory is Southern Shores has some corrupt employees and/or attorney that need step down/surrender. Southern Shores also has a police Chief named Dave Kole that unknowingly has people ready to kick the chair out from under him that he is sitting on like they just kicked off the next Super Bowl. Chief Kole has yet to be as effective as a police Chief sworn to uphold the law should be in the year 2024 and these people are here to rudely awaken Southern Shores from their small town politics policy of only protecting and serving certain people and scamming law abiding families.

I know a lot of people don't like my conspiracy theories, I just feel like there are some people way more powerful than the little town of Southern Shores (and even Dare County) and they are powerful enough to get words out of a 4 year old's mouth that can be used as weapons to destroy small town corruption. I'll let law enforcement figure out what the problem is, I did my best to explain to Southern Shores I would like my lot sub division plan decided by someone complying with state and federal laws as they use their ability to deviate from zoning standards in way that would be considered "equal" to the deviation from zoning standards on Vista Lane in Kitty Hawk when I lived there (with the exception of promoting an environment that recklessly endangered children).

I hope law enforcement can find a way to do a better job policing government employees in Dare County because the way I see things, people way more powerful than Dare County don't have the patience for Dare County's corruption.

Anthony Stocker Mina

PS My son Anthony will be at Kitty Hawk school today with his "paint shirt". Asking my 4 year old son Anthony to bring a "paint shirt" may have triggered a Pennsylvania based investigation to be initiated by my 4 year old son. Anthony will have a diaper on and will not need to go in the bathroom.

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Hello FBI...

I just wanted to make sure the fbi saw this house. When I apply facts and law to zoning code (like I am preparing a federal law suit against dare county, kitty hawk and southern shores) I wonder if certain homes were designed years ago specially for the purpose of proving a case against the government. This house does not appear to have the setback distance requirement.

Subject: Overt Acts Committed By Government Employees During Criminal Conspiracies In Dare County

Dear Chief Kole,

I hope you are doing well.

As the amount of overt acts being committed by government employees in a criminal conspiracy against my family continues with another overt act being committed when the attached 75 E. Dogwood Trl lot subdivision plan is denied, I wanted you to be aware of communication to me that may have been designed to appear to be coming from you (Chief Kole).

The following emails were provided to the Philadelphia FBI because I've reported to the FBI discrete communication to me that could also be used as evidence of mental illness against me (for believing the information being provided to law enforcement amounts to communication). Over the past few decades government corruption in Pennsylvania has gone as far as refusing to schedule brainscan lie detection testing on me as they claimed the facts set forth against them by me in Federal Court litigation were frivolous delusions. Corrupt government employees in Pennsylvania tried attacking my credibility by publicly attacking my mental health (prior to stepping down from positions including the Chester County District Attorney) and some of the same tactics used may be occurring in Dare County.

The discrete things I observed started occurring noticeably more in 2007 after I received an email from Meghan Weiss that said "Got Chat". I used to shop regularly at the Wolgemuth Auction in Leola, PA and there was a constable working there that appeared to me to be trying to start problems (for example, onetime he started running towards me at about waist height like he was going to tackle me and then pretended to tackle the guy closest to me. The constable was uniformed when he pretended to be joking around with a fake tackle.). Onetime I was in the bathroom and the Constable said "Are you learning anything" and what the constable said did not make sense at all to what was going on in the bathroom. When I left the Wolgemuth Auction there was a tractor trailer blocking the intersection before you turn left on Route 30 towards Malvern. The tractor trailer was advertising an Eric Trump (Donald Trump's son) Road Scholar Program and appeared to make Eric Trump to be taking responsibility for strange things I observe as I drive that could amount to communication and mental illness for believing the things amount to communication.

Please don't be offended by my comments about "expecting something stupid from someone named Dave" the comment has nothing to do with you, Chief Kole. I suggest that you, as the police Chief, make sure these people were not trying to create illusions that were supposed to appear to be coming from you. Since I was not able to find the female with the "simply move" shirt and take a picture of her I wanted you to be aware that there was someone wearing a "CEO of ghosting people" in the Food Lion right before I drove past the female and she disappeared.

As you know, "profiling" is a major problem in the United States. People that know me from Pennsylvania know that I will expose a corrupt police chief or corrupt district attorney to the entire town and take them to Federal Court for refusing to uphold their oath of office and the laws they are sworn to enforce. I suggest you figure out who is positioning you to be appearing to be refusing to uphold the law and your oath of office. I didn't move to the Outer Banks to be involved with Outer Banks politics or police work and don't get paid for being forced to be involved with Outer Banks police work and politics... so my forced involvement amounts to labor trafficking law violations.

Lastly, I wanted you to be aware that I told the FBI that one of my Kitty Hawk neighbors that said they lived on the other side of Vista Lane stopped at 4809 Vista Lane as I was working and said their dog was barking because of the 4805 Vista Lane fire and woke them up. The guy said the fire department's response was pretty "sore". I do not know how to use the word "sore" like the guy did and only know how to use the word "sore" to mean "physical pain". My complaints with Pennsylvania's cruel and unusual punishment/witness intimidation corruption were documented with medical records and me repeatedly using the word "sore" to describe physical pain I was living in. I suspect the word "sore" was being misused by my Vista Lane neighbor to help Pennsylvania corruption clean up their crimes. The most ironic thing about Vista Lane is I felt like the Meredith Family was conspiring with Kitty Hawk to recklessly endanger children and was trying to entrap my family in their corruption to help Pennsylvania corruption illegally. In Pennsylvania, attorney William Gallagher was assigned to my child custody needs by the Chester County Bar Association when my oldest daughter's mother

(who died of a heroin overdose) was not being responsible. My complaints included the fact that she brought a full grown pitbull into her house to "give the dog a better life" from what I understood to be a life with no contact with children as a guard dog. The pitbull attacked my daughter's half sister's face. I complained that children should have not been allowed around the dog and that my daughter's mother endangered my daughter. On Vista Lane Mike Meredith, William Meredith and Brian Lloyd all had dogs that they let wander the neighborhood as other neighbor's complained and may have even reported them to animal control. I felt like the Vista Lane neighbors were trying to create an atmosphere that completely contradicted my position that attorney William Gallagher represented me for to help me make sure my oldest daughter was safe (The Chester County Family Court was just as big of a problem as my daughter's mother when it came to keeping my daughter safe). So, the fact that William Meredith was involved with so many problems on Vista Lane as Meredith Barr was working for the Chester County Bar Association felt to me like there was a name coded conspiracy trying to get William Meredith to entrap my family living in the type of unsafe situation Pennsylvania was trying to force my oldest daughter to live in until William Gallagher was assigned to my child custody needs...And Jasper Roger's overt act of refusing to fine William Meredith per day, per violation should be considered part of Pennsylvania's corruption.

Thank you,
Anthony Stocker Mina

Hello FBI...

I wanted the FBI to be aware that Jessica Walden is someone I went to school with a name that would be used in name coded corruption. Jessica Walden's face is like Jennifer Divencenzo's face.

Jen Franz went to Walden graduate school and for some reason she got called "Jessica".

Jessica Boone lives in the Outer Banks right now.

Jessica Krivelsky is a corrupt district attorney who appeared to be following the advice of other Chester County District Attorneys.

Hello FBI...

About 10 minutes ago I was driving north on south dogwood trail and a female who looked very similar to the way I remember Jennifer Divencenzo looking pointed at a wall called a "bulkhead" as she was walking south on south dogwood trail. The female had a white shirt that said "simply move". I drove for a few minutes then turned around to take a picture of the female but she disappeared.

I decided to take a picture of the female because I noticed a Coleman moving truck on the highway right before I turned onto dogwood trail that said something like worldwide moving. And yesterday I believed I was called "man" once in the southern shores office Wes Haskett and the building inspector Kevin work with Marcey Baum. So, naturally expecting something stupid from someone named Dave (because of his name) I expected a Coleman moving truck and a female saying simply move to suggest I move from southern shores as if Dave Kole was speaking.

So, 75 east dogwood trail is for sale "as is" for $1,050,000 and I'll move to bay drive in kill devil hills. Without $1,050,000 the only thing I can say is "kindness isn't a weakness" and the outer banks economy dependent on tourism is a major weakness with dumbass narcissistic boo-bees and their government scams. I suggest the outer banks boo bees stop showing me how weak they really are...

Dear Law Enforcement,

Thank you for initiating an investigation into why Anthony Lincoln Mina said his teachers touched his penis but at this time I am going to ask Dare County not to contact my family again about what my son Anthony said for the reasons stated in the attached email to Donnie Varnell dated May 31, 2024 and the following reasons:

1) Yesterday Jen Franz told me she was very impressed with Anthony's intelligence as he explained how the water in the coffee machine goes through the tubes and down into the coffee pot so she asked Anthony why he said his teachers touched his penis and Anthony did not know what she was talking about and adamantly denied saying his teachers touched his penis as if Anthony has no idea what actually came out of his mouth. Jennifer and me have always had doubts about what Anthony said and were simply passing along the information to meet our obligations as parents to not only protect our children, but to try and make sure other children are protected.

2) I specifically asked Donnie Varnell not to discuss anything with Jen Franz other than what Anthony said because of mental health issues Jennifer and I have been dealing with that are caused by corruption and Donnie Varnell did exactly what I asked not to be done, triggering Jen Franz's problems and causing Jen Franz to say she wants to move to another state (Jen Franz would rather accept financial losses because of corrupt zoning inspectors and move to another state than to advocate on our behalf to be treated

equally to other Dare County residents by zoning officers).

3) I have repeatedly explained to Southern Shores, Dare County and Kitty Hawk that I believe Jen Franz and me are being pawned and labor trafficked in an investigation against Kitty Hawk, Southern Shores and Dare County. I have said the investigation into North Carolina's law enforcement is a Pennsylvania based conspiracy hiding corruption that has been victimizing my family by pretending we are working with the corruption. If my theory is correct, law enforcement in North Carolina would currently be doing the following things:
a) Spreading rumors among themselves and their public "eyes, ears and voices" on the street that make my family the laughing stock of the town as the corruption is not corrected.
b) Intentionally causing my family psychological problems they know will cause unhappiness between me and Jennifer and increase the chances of me and Jennifer selling 75 E. Dogwood Trail.
c) Ignoring the fact that I specifically told law enforcement I have no idea why Anthony said what he did and provided a conspiracy theory indicating someone very powerful who can control words out of children's mouths without their knowledge or permission was simply warranting an investigation into other corruption which I suggested may include zoning inspectors and government employees with names that can be used in Pennsylvania based corruption. Law Enforcement in Dare County would be ignoring these facts to try and desperately build a case against me indicating I was trying to use penis touching allegations as leverage for obtaining approval from a zoning officer (instead of correcting corruption zoning officers are involved with). What I did not tell law enforcement is that Wes Haskett for some reason did not contact any of the home owners being effected by the zoning code change that literally steals hundreds of thousands of dollars but mailed me a certified letter denying my lot subdivision application that required the postman to obtain my signature. When the mailman provided me the letter he called me "my friend". I did not see my son Anthony telling Jen his teachers touched his penis but walked in the bathroom to see the end of the conversation which ended with Jen Franz asking Anthony again "who touched your penis?" and Anthony responding "my friend(s)" (the bathroom fan/background noise interfered with the ability to be 100% sure if Anthony said "friend" or "friends". So, my son Anthony's penis touching talk actually had a connection to Wes Haskett and the mailman who called me "my friend" that can be interpreted as a threat to frame me for touching my son's penis relating to Wes Haskett's zoning code corruption. I specifically told North Carolina law enforcement that Pennsylvania corruption designs me "spin moves" and if North Carolina law enforcement was trying to build a case against me for using the penis touching talk as leverage for zoning code problems, they can now continue their investigation onto to the real problem, Wes Haskett.

I don't appreciate for one second attorneys and government employees in North Carolina forcing me into a legal entanglement scheme when I am screaming in your faces that I believe North Carolina is under attack from Pennsylvania based corruption, taking Pennsylvania's bait and going to get destroyed. My fiancé and me moved to North Carolina to live under local, state and federal law. Watching North Carolina law enforcement and government employees do things to hurt my family is like watching people walk down a path that ends with them falling off a cliff.

Please stop corruption from targeting my family. You have no idea how pathetic Dare County corruption looks outside of this isolated island of natural beauty where it appears property is probably worth half as much as it should be because of reasons I am constantly telling law enforcement about.

The only circumstance Dare County may contact me again about what my son Anthony said about his teachers touching his penis is if an investigation of Anthony's teachers indicates his penis was actually inappropriately touched.

At this point, I have no confidence in Dare County's ability to protect victims and have only witnessed Dare County law enforcement covering themselves and making problems worse for victims.

Anthony Stocker Mina

PS When you read the email below, please keep in mind that I've repeatedly said corruption is a mile ahead of me which appears to mean things that are happening now where planned decades ago (and I was moved to 75 E. Dogwood Trail for very specific reasons). For some reason there is a 1' wide cavity wall between the 2nd floor bathroom and bedroom that serves no purpose at all (structurally or as a sound barrier because it is uninsulated). I've had corruption trying to lure me into police confrontations for years, like they hoped I would be involved with a physical confrontation that deadly police force could be used. Any competent police officer knows Jasper Rogers and Wes Haskett's corruption leads to police confrontations where their corruption is exposed and the only thing they can do is try to control their anger and not violate my Federal Rights like Pennsylvania corruption was unable to do.

Subject: Anthony Lincoln Mina Forensic Evaluation

Dear Sir,

Thank you for contacting me in response to the information that I was told Anthony Lincoln Mina said about his teachers.

I sincerely apologize, but at this time I am going to ask Dare County to stop contacting me and my fiancé about what I was told Anthony said.

There are several reasons I believe that it is wisest for Dare County to stop contacting me and my fiance, which I will explain in the next 1-2 days to the law enforcement I reported the problem to.

I explained as much as I possibly could that Jennifer Franz should not be involved with communication that is not pertaining to what Anthony said to her and Jennifer came home from work very mad that I am having problems with zoning inspectors she found out were in the email because you started talking about jurisdiction and other people copied in the email.
Jennifer and myself didn't come from a world of police protection and we associate police with causing problems and not creating solutions. You brought back bad memories to Jennifer which I specifically asked you not to do. I am not a psychologist and do not know why Jen's brain does what it does but she gets mad at me for complaining about corruption victimizing our family.
In Pennsylvania I complained my children's dental work was intentionally not being done correctly and Jen got mad at me because I complained and child services asked her questions about our children's

dentists. If you looked in my oldest daughter Alexis' mouth she had a tooth that the orthodontist never put in braces after about 3-4 years so her braces were taken off with one tooth completely crooked. My daughter Avalise constantly had cavities and needed a fake tooth because her one tooth was removed because of cavities and had another tooth fall out because of decay. Avalise was regularly taken to the dentist so her dentist had to do something wrong for teeth to need to be removed or fall out in between dentist visits. I also had a problem with Avalise getting braces in Pennsylvania. Avalise was taken to the orthodonist for an evaluation and insurance approval and the orthodontist refused to respond to my phone calls for Avalise's needs after the evaluation. In other words, my children's teeth prove their dentists were doing things wrong and more dental problems were happening but for some reason Jen got mad at me.
I apologize, being victimized so many times makes your mind recognize law enforcement as part of the problem when you live in a world where police force people to cooperate against some people and refuse to help people desperately needing police protection.

Since I received an email me from Donnie Varnell stating information I provided was not relevant I've come to the conclusion that Donnie Varnell, the District Attorney and the law enforcement involved with assigning the case to Donnie Varnell were not properly trained. The information Donnie Varnell was provided pertained to the fact that it is my opinion that Jennifer Franz is a labor/human trafficking victim and the evidence suggests her mom and godmother, Kim DiTrolio are involved with the illegal trafficking. The information provided was extremely relevant because someone properly trained would not intentionally trigger Jen Franz's mind to go into some type of protective, disassociated state so she can handle the fact that she needs to communicate with law enforcement regarding victimization of our family. Please keep in mind that there are many people involved with law enforcement in Jennifer Franz's family and they have called Jen Franz "poops" all her life (imagine coming into the world with your family, including cops always having something condescending to say about you). The law enforcement in Jennifer Franz's family appears to me to be nothing but a bunch of bullies that wanted more power for their bullying so they got a job in law enforcement. Jen Franz's mind unconsciously recognizes law enforcement as people that have always reduced her significance.

Again, I sincerely apologize, but I do not have any confidence in Dare County's ability to protect victims.

Please do not contact Jennifer Franz or tell Jennifer Franz about this email. I will send Jen Franz a text indicating we are not having Anthony Lincoln Mina evaluated.

Thank you,
Anthony Stocker Mina

Hello Law Enforcement,

Please find the attached pictures of the first floor of my house with the walls angled noticeably around tall pilings that extend out of the ground to the second floor. I am not sure why the 75 E. Dogwood Trail listing stated the house had short pilings. I am 100% sure the pilings extend to the second floor because I opened the wall in the 1st floor exercise room, laundry room and hallway so I saw the pilings all the way up to the second floor.

The other picture is of the hallway pantry closet. I have no idea why the door apparently indicates there was someone very short named Ransom and Banks at 75 E. Dogwood Trail getting their height measured. Besides William Bankshead Meredith being called "Banks" I also grew up with a guy named Yuri Spangler that was also nicknamed Banks. Yuri Spangler died in the Chester County Hospital after a confrontation with law enforcement.

In Dare County the real estate problems I have which include government employees like Jasper Rogers and Wes Haskett not only substantiate corruption charges, they also should be considered embezzlement/extortion schemes using intimidation and debt coercion tactics.

Thank you,
Anthony Stocker Mina

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

I just wanted you to have a few additional pictures.

The picture of the Juicy Couture "Trust Fund Generation" bag shows the bag Jen Franz used at college. You are probably wondering how someone could wander around college campuses for 10 years without college employees noticing red flags and one piece of evidence is the bag Jen's Aunt Kim gave her creates the illusion that Jen Franz has a trust fund. So, people would suspect that although Jen Franz's days were a constant battle against bankruptcy, she had a trust fund where she was discretely being paid for something like police work (Jen Franz does not have a trust fund).

The attached picture of the shirts that say "Game On" and the fire fighter shirt saying "rolling with my squad" were given to my son by Jen Franz's mom, Donna Franz. These shirts create the illusion that my family plays a role with the fire departments, which we do not. Jasper Rogers and the Kitty Hawk fire department caused my family thousands and thousands of dollars of damages because of the 4805 Vista lane fire and illegal vista lane junkyard. My family is a victim of the fire department, thanks to Jasper Rogers and the claim that the cause of Mike Meredith's house's fire was "undetermined".

My family is also not involved in any type of games/vying as the "game on" shirt suggests. Psychopaths enjoy putting me and Jen Franz in the middle of government problems, so we are basically abused as pawns/fall guys and repeatedly used as weapons against the other side as we receive no compensation because we are labor/human trafficking victims.

Please do what you can to arrest the people using me and Jen Franz as pawns because they are positioning me to do things I don't want to do (I'm trying to be working normal business hours when my kids go to school next fall, not spending days suing Dare County, Kitty Hawk and Southern Shores employees for their uncontrollable misconduct).

Hello,

Please find the attached emails. Sorry about the rambling in the emails, but the corruption my family tried leaving behind in Pennsylvania has been trying to fabricate mental health problems against me since I was a juvenile and some corruption in Dare County appears to be using the same tactics to try and provoke problems with me. I actually have emails from 2 Chester County district attorneys who both got caught in lies about me (ironically lies that were used to attack my mental health) that had no choice but to step down or get exposed for their corruption in case Dare County ever has a concern about my mental health (you have no idea how pathetic some of the people pretending to care about me and Jen Franz really are).

Anyway, please do everything you can to only discuss what my son Anthony said to her (shown in the attached text) which caused me to contact law enforcement in the first place.

My son is special needs because he wasn't talking a lot and throwing himself on the floor screaming much, much, much more than kids his age should be when they don't get what they want.

Thank you,
Anthony S Mina

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Again Law Enforcment,

I wanted you to have some additional information regarding my mind control conspiracy theory... Maybe my son Anthony was mind controlled to say what he did because many of the teachers names are coincidentally similar to names and/or code from Pennsylvania based corruption (the kinds of names to continue communicating about a conspiracy or try to illegally clean the conspiracy-like there is deep-seated PA corruption in Dare County). Then communication to someone named Laura saying I would call her coincidentally occurred before Laura McCall was hired at Kitty Hawk Elementary School and it became much more than a coincidence that corruption exists as I suspect. I then indicated that someone named "whitehurst" works at Kitty Hawk Elementary School and since I live in the house known as the Dick White House and Kitty Hawk/ Southern Shores corruption hasn't stopped trying to cause problems that drive people insane and into police confrontations a decision was made to use my son Anthony's voice to thoroughly investigate why Dare County, Southern Shores and Kitty Hawk have employees working against my family that can not add their actions up to anything legal and other than terrorism (There actions lead competent police officers to believe they are trying to get me into a hurst, like Pennsylvania corruption failed to do).

Again, please don't tell Jen Franz about my conspiracy theories. The attached pictures do a better job explaining the pathetic life we were forced to live in Pennsylvania. Jen Franz believed her Aunt Kim (Mimi) and mother were her most loving family members for some reason (possibly being loyal to someone who ridicules you out of fear). Jen's Aunt Kim coincidentally does things that are regularly plays on words that law enforcement would find concerning (like sitting on a bench with a lion). The things said to Jen Franz also have meanings that are considered "shaming" and coercive. The picture of Jen Franz looking overmedicated and ridiculous was taken when her mom and dad took her to Disney World around the age of 25. Jen is very self conscious about the way she looks but for some reason her mom wanted to plan her baby shower in 2009 so she was surprised in her pajamas without taking a shower...something she doesn't leave the house without doing.

In other words, me and Jen Franz have had people acting like we aren't good enough our entire lives (like we are people with special needs because we won't conform to their corruption). The more Jen Franz moves on without the people ridiculing us and reminders of their non-stop corruption the more happy and productive we actually are. I think Dare County corruption exceeded an acceptable level (despite my constant complaints) and Dare County is going to find themselves in lots of legal trouble for terrorizing my family with corruption for no legitimate reason.

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

Today I received a phonecall from Sheriff Varnell about scheduling an evaluation with my son, Anthony and I

explained again that I think there might be something wrong causing my son to say strange things.

So, I wanted you to be aware of some additional things as you proceed with your investigation. I recognize "MK" as many things, including a CIA mind control experiment. I have noticed that there is a house on South Dogwood Trail that has had an MK tile saw on their front porch for a long, long time (The MK tile saw reminds me that mind control is real and very close to me).

I've had people discretely bragging to me about the use of mind control since the Chris Angel show had someone walking around the grocery store grabbing something specific.

Jen Franz thinks my mind control beliefs are impossible. What Jen Franz does not know is that people say things to me that Jen Franz should have no knowledge of and Jen Franz later does these things. Like if someone says something to me that has a sexual meaning to it and Jen Franz has no idea what has been said to me(because she was not with me), Jen Franz coincidentally has performed sex acts on me like she was ordered to do what the person said to me and she has no knowledge of. (The illusions make me feel like people are telling me Jen Franz is their slave)

Another example of this type of mind control/rigged conspiracy, which is obviously designed to reduce me and my fiance's significance and taint evidence of corruption was at 4809 Vista Lane, Kitty Hawk, NC:

One morning I found my Ford F250 with a flat tire. I then went into my toolbox which was outside my house to get my air chuck for my compressor and my chuck was missing. I then notice William Meredith outside his house with his hood open on his truck. I told William Meredith that I'd offer help but I have a flat tire and can't find my tire valve filler. William Meredith told me one of his kids left an interior light on in his truck and the battery was dead (which really should not occur). William Meredith said he had a chuck I could use and had me follow him under his porch where he said "watch out for the shit show" because there was toys, trash and tools on the ground that could be tripped over. Then, for the first time since I've lived with Jen Franz (since about 2008) Jen Franz pooped in the toilet bowl, but did not flush the poop. The reason the poop was not flushed was because the bedroom toilet at 4809 Vista Lane did not properly fill the toilet up with water so poop got stuck on the toilet bowl. Jen Franz also must have eaten something that caused her to poop something that was very soft. Jen Franz must have also been sitting on the toilet a little differently because she has never done that before (poop in the toilet so repeated flushes don't flush the poop off the toilet bowl).

My family has one conspiracy after the next designed like this against us. Underneath of the non-stop corruption attacking my family is Chester County government corruption trying to force me to clean up their mess.

Please keep in mind that it is my position that Dare County is making problems worse with corruption and in the year 2024 very powerful people (perhaps the military) have better things to do than tolerate government corruption within the United States.

Telling Jen Franz about my mind control conspiracy could be very traumatic to her emotional well being because I believe she lives in a mental state where she has had so many bad things happen that her mind brings her to a place where she can live and not be suffering from the trauma (For example, ask Jen Franz about her experience at West Chester University and she will say it was a good experience. What really happened is she was forced to spend 10 years in college getting about 200 credits for a degree that should have required 120 credits as she had something close to a 4.0 gpa. Jen Franz was under attack from college advisors trying to bankrupt my family and make us fail).

I could go on and on about the conspiracies, but I am just going to tell you again, Jen Franz's mind can't handle being in the middle of the conspiracies or even be forced to accept we are victims of a conspiracy. Jen Franz should not be involved in as much of your investigations as possible. I don't know anyway to explain how much better Jen Franz's overall mental health is in Dare County than it was in Pennsylvania.

Subject: Fw: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Good Afternoon,

I just wanted to pass along some additional information regarding what my son Anthony said about his penis being touched. My son Anthony also said that his friends Jordan and Landon didn't like his penis because it isn't black...which doesn't make any sense since Jordan and Landon don't talk.

So, I just wanted to reiterate my conspiracy theory even though the court system likes to dismiss mind control like it does not happen. I believe the problem may be that a woman at the Dare County District Attorney's Office with a name pronounced "Lori" told me that endangering children was not a crime in Dare County when I was trying to complain about Jasper Rogers and the Kitty Hawk police allowing a very dangerous illegal junkyard in the Vista Lane cul-de-sac. Corruption interfering with the physical and emotional needs of my family has continued since I lived at 4809 Vista Lane and people much more powerful than Dare County's government protecting and serving civilians may have had enough of Dare County's corruption.

I apologize that many people don't like my conspiracy theories, but I think it is time Dare County asks themselves..."Do the actions of our zoning officers amount to anything other than a terrorism conspiracy?" (elementary school educated children can comprehend Wes Haskett is taking a right worth more than $100,000 to sub-divide my lot. The fact that Philip Hornthal is claiming that there isn't an eminent domain taking only means Philip Hornthal is pretending that he does not know that Eminent Domain Laws protect rights). 40A-2(3) provides: "Eminent domain" means the power to divest right, title or interest from the owner of property and vest it in the possessor of the power against the will of the owner upon the payment of just compensation for the right, title or interest divested. To make matters worse, Wes Haskett and Philip Hornthal refuse to answer my questions about zoning code that should be answered prior to applications being submitted. If my questions were answered prior to my lot subdivision plan being submitted 3 of the 4 reasons my sub-division plan was denied would have not been a reason for denial (and the application could have only been denied with an eminent domain law violation). Now, Philip Hornthal and Wes Haskett will not answer zoning code questions again and said I can appeal the decision for $350. Burdening the public with unjust misapplication of law and legal schemes not only is legal entanglement it is a form of terrorism called "paper terrorism".

Please email me one reason explaining how the zoning officers and Philip Hornthal are doing anything that does not amount to a terrorism conspiracy.

Anthony Stocker Mina

PS. I have additional information that suggests Wes Haskett would be a fall-guy by design, because of his name. I am not providing the information right now, but I suggest making sure Philip Hornthal's office understands my finance does not know anyone at Philip Hornthal's law firm and the fact that me and my fiance have been involved with communication that can be interpreted to mean we have a relationship with people at Philip Hornthal's law office would only mean my fiance and me were coerced into a labor/human trafficking conspiracy if anyone at Philip Hornthal's office claims to have a relationship with me or my fiance, Jennifer L Franz.

Subject: Penis Touching Accusations At Kitty Hawk Elementary School By My 4 Year Old Son

Hello Law Enforcement,

I wanted you to be aware that last night my 4 year old son Anthony told my fiance, Jennifer Franz that his teachers at Kitty Hawk Elementary School touch his penis. I have attached the text message from Jennifer Fran

I have no idea whether or not my son Anthony's penis is being inappropriately touched at Kitty Hawk Elementary School. I can say that Anthony loved school then started screaming everytime I brought him there and wanted to wear a diaper so his teachers didn't take him to bathroom time.

I can also offer a conspiracy theory why my 4 year old son Anthony provided Jennifer Franz information warranting a police investigation.

My conspiracy theory is Southern Shores has some corrupt employees and/or attorney that need step down/surrender. Southern Shores also has a police Chief named Dave Kole that unknowingly has people ready to kick the chair out from under him that he is sitting on like they just kicked off the next Super Bowl. Chief Kole has yet to be as effective as a police Chief sworn to uphold the law should be in the year 2024 and these people are here to rudely awaken Southern Shores from their small town politics policy of only protecting and serving certain people and scamming law abiding families.

I know a lot of people don't like my conspiracy theories, I just feel like there are some people way more powerful than the little town of Southern Shores (and even Dare County) and they are powerful enough to get words out of a 4 year old's mouth that can be used as weapons to destroy small town corruption. I'll let law enforcement figure out what the problem is, I did my best to explain to Southern Shores I would like my lot sub division plan decided by someone complying with state and federal laws as they use their ability to deviate from zoning standards in way that would be considered "equal" to the deviation from zoning standards on Vista Lane in Kitty Hawk when I lived there (with the exception of promoting an environment that recklessly endangered children).

I hope law enforcement can find a way to do a better job policing government employees in Dare County because the way I see things, people way more powerful than Dare County don't have the patience for Dare County's corruption.

Anthony Stocker Mina

PS My son Anthony will be at Kitty Hawk school today with his "paint shirt". Asking my 4 year old son Anthony to bring a "paint shirt" may have triggered a Pennsylvania based investigation to be initiated by my 4 year old son. Anthony will have a diaper on and will not need to go in the bathroom.

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Hello FBI...

I just wanted to make sure the fbi saw this house. When I apply facts and law to zoning code (like I am preparing a federal law suit against dare county, kitty hawk and southern shores) I wonder if certain homes were designed years ago specially for the purpose of proving a case against the government. This house does not appear to have the setback distance requirement.

Subject: Overt Acts Committed By Government Employees During Criminal Conspiracies In Dare County

Dear Chief Kole,

I hope you are doing well.

As the amount of overt acts being committed by government employees in a criminal conspiracy against my family continues with another overt act being committed when the attached 75 E. Dogwood Trl lot subdivision plan is denied, I wanted you to be aware of communication to me that may have been designed to appear to be coming from you (Chief Kole).

The following emails were provided to the Philadelphia FBI because I've reported to the FBI discrete communication to me that could also be used as evidence of mental illness against me (for believing the information being provided to law enforcement amounts to communication). Over the past few decades

government corruption in Pennsylvania has gone as far as refusing to schedule brainscan lie detection testing on me as they claimed the facts set forth against them by me in Federal Court litigation were frivolous delusions. Corrupt government employees in Pennsylvania tried attacking my credibility by publicly attacking my mental health (prior to stepping down from positions including the Chester County District Attorney) and some of the same tactics used may be occurring in Dare County.

The discrete things I observed started occurring noticeably more in 2007 after I received an email from Meghan Weiss that said "Got Chat". I used to shop regularly at the Wolgemuth Auction in Leola, PA and there was a constable working there that appeared to me to be trying to start problems (for example, onetime he started running towards me at about waist height like he was going to tackle me and then pretended to tackle the guy closest to me. The constable was uniformed when he pretended to be joking around with a fake tackle.). Onetime I was in the bathroom and the Constable said "Are you learning anything" and what the constable said did not make sense at all to what was going on in the bathroom. When I left the Wolgemuth Auction there was a tractor trailer blocking the intersection before you turn left on Route 30 towards Malvern. The tractor trailer was advertising an Eric Trump (Donald Trump's son) Road Scholar Program and appeared to make Eric Trump to be taking responsibility for strange things I observe as I drive that could amount to communication and mental illness for believing the things amount to communication.

Please don't be offended by my comments about "expecting something stupid from someone named Dave" the comment has nothing to do with you, Chief Kole. I suggest that you, as the police Chief, make sure these people were not trying to create illusions that were supposed to appear to be coming from you. Since I was not able to find the female with the "simply move" shirt and take a picture of her I wanted you to be aware that there was someone wearing a "CEO of ghosting people" in the Food Lion right before I drove past the female and she disappeared.

As you know, "profiling" is a major problem in the United States. People that know me from Pennsylvania know that I will expose a corrupt police chief or corrupt district attorney to the entire town and take them to Federal Court for refusing to uphold their oath of office and the laws they are sworn to enforce. I suggest you figure out who is positioning you to be appearing to be refusing to uphold the law and your oath of office. I didn't move to the Outer Banks to be involved with Outer Banks politics or police work and don't get paid for being forced to be involved with Outer Banks police work and politics... so my forced involvement amounts to labor trafficking law violations.

Lastly, I wanted you to be aware that I told the FBI that one of my Kitty Hawk neighbors that said they lived on the other side of Vista Lane stopped at 4809 Vista Lane as I was working and said their dog was barking because of the 4805 Vista Lane fire and woke them up. The guy said the fire department's response was pretty "sore". I do not know how to use the word "sore" like the guy did and only know how to use the word "sore" to mean "physical pain". My complaints with Pennsylvania's cruel and unusual punishment/witness intimidation corruption were documented with medical records and me repeatedly using the word "sore" to describe physical pain I was living in. I suspect the word "sore" was being misused by my Vista Lane neighbor to help Pennsylvania corruption clean up their crimes. The most ironic thing about Vista Lane is I felt like the Meredith Family was conspiring with Kitty Hawk to recklessly endanger children and was trying to entrap my family in their corruption to help Pennsylvania corruption illegally. In Pennsylvania, attorney William Gallagher was assigned to my child custody needs by the Chester County Bar Association when my oldest daughter's mother (who died of a heroin overdose) was not being responsible. My complaints included the fact that she brought a full grown pitbull into her house to "give the dog a better life" from what I understood to be a life with no contact with children as a guard dog. The pitbull attacked my daughter's half sister's face. I complained that children should have not been allowed around the dog and that my daughter's mother endangered my daughter. On Vista Lane Mike Meredith, William Meredith and Brian Lloyd all had dogs that they let wander the neighborhood as other neighbor's complained and may have even reported them to animal control. I felt like the Vista Lane neighbors were trying to create an atmosphere that completely contradicted my position that attorney William Gallagher represented me for to help me make sure my oldest daughter was safe (The Chester County Family Court was just as big of a problem as my daughter's mother when it came to keeping my daughter safe). So, the fact that William Meredith was involved with so many problems on Vista Lane as Meredith Barr was working for the Chester County Bar Association felt to me like there was a name coded conspiracy trying to get William Meredith to entrap my family living in the type of unsafe situation Pennsylvania was trying to force my oldest daughter to live in until William Gallagher was assigned to my child custody needs...And Jasper Roger's overt act of refusing to fine William Meredith per day, per violation should be considered part of Pennsylvania's corruption.

Thank you,

Hello FBI...

I wanted the FBI to be aware that Jessica Walden is someone I went to school with a name that would be used in name coded corruption. Jessica Walden's face is like Jennifer Divencenzo's face.

Jen Franz went to Walden graduate school and for some reason she got called "Jessica".

Jessica Boone lives in the Outer Banks right now.

Jessica Krivelsky is a corrupt district attorney who appeared to be following the advice of other Chester County District Attorneys.

Subject: Boo bees

Hello FBI...

About 10 minutes ago I was driving north on south dogwood trail and a female who looked very similar to the way I remember Jennifer Divencenzo looking pointed at a wall called a "bulkhead" as she was walking south on south dogwood trail. The female had a white shirt that said "simply move". I drove for a few minutes then turned around to take a picture of the female but she disappeared.

I decided to take a picture of the female because I noticed a Coleman moving truck on the highway right before I turned onto dogwood trail that said something like worldwide moving. And yesterday I believed I was called "man" once in the southern shores office Wes Haskett and the building inspector Kevin work with Marcey Baum. So, naturally expecting something stupid from someone named Dave (because of his name) I expected a Coleman moving truck and a female saying simply move to suggest I move from southern shores as if Dave Kole was speaking.

So, 75 east dogwood trail is for sale "as is" for $1,050,000 and I'll move to bay drive in kill devil hills. Without $1,050,000 the only thing I can say is "kindness isn't a weakness" and the outer banks economy dependent on tourism is a major weakness with dumbass narcissistic boo-bees and their government scams. I suggest the outer banks boo bees stop showing me how weak they really are...

Subject: $5000 reward for arrest of individual(s) preying on my family

>>Warning! The source of this email is from outside of the firm.<<

Dear Law Enforcement,

I believe that someone may have stolen me and/or Jennifer Franz's identity and is interfering with me and Jennifer Franz's financial needs, including the property we own at 75 E. Dogwood Trail, Southern Shores, NC 27949.

Jennifer Franz and myself do not have any agreements regarding 75 E. Dogwood Trail, Southern Shores, NC 27949 or 4809 Vista Lane, Kitty Hawk, NC 27949 under seal of court or agreements hidden and protected by attorney/client privilege. Me and Jennifer Franz have never had any agreements under seal or hidden and protected by attorney/client privilege regarding 75 E. Dogwood Trail, Southern Shores, NC 27949, the house we last owned at 4809 Vista Lane, Kitty Hawk, NC 27949 and the house we owned in Pennsylvania, 100 Bridge Street, Malvern, PA 19355.

I have been unable to hire a realtor for my real estate needs at 75 E. Dogwood Trail and have also been unable to get anyone to respond to my advertising in the North Sun magazine and Homes and Land magazine. I have found computer hacking to regularly be a problem and the attached email explains that I was supposed to have received other messages from the sender, but did not.

I am now kicking off an advertising campaign offering a $50,000 guaranteed profit, paid upfront to an investor purchasing a "No Money Down" 8% co-ownership. I do not believe I have ever seen an investment opportunity in the Outer Banks, NC guaranteeing the co-owner a profit from the current owner's equity making the opportunity literally a $50,000 gift (advertised at www.obxdreamlife.com)

Please be advised I believe that there is corruption in Dare County involved with real estate scams and corruption turning a blind eye to real estate scams. In the event law enforcement makes an arrest of the individual(s) preying on me and Jennifer L Franz I am agreeing to pay a $5000 reward to the person responsible for making the arrest.

Thank you,
Anthony Stocker Mina

PS Please note that I am often led to believe certain things so people can try and catch me looking for specific information. I've been led to believe that me and/or Jen Franz may have an illegal conservatorship controlling our lives without our knowledge or permission. I can prove anyday of the week that the conservatorship would amount to nothing but cruel and unusual punishment, labor/human trafficking, identity theft and many other criminal conspiracy related crimes to hide Pennsylvania government corruption.

Dear Law Enforcement,

Please find the attached email titled "reference email 3 zoning notice". The attached email indicates Wes Haskett is conspiring with Cliff Ogburn to falsify records and fraudulently misrepresent zoning code notice requirements (requiring yard signs at effected properties) to taxpayers like myself and Jennifer L Franz. Competent government employees are required to correct their mistakes, not falsify records to corruptly continue using their illegally adopted codes.

Thank you,
Anthony S Mina

PS I suggest law enforcement also investigate the use of the words "this" and "that"...like Southern Shores employees got suckered into corruption that followed me from Pennsylvania that is based off of music like Black Sheep's "this or that" song.

Dear North Carolina Attorney General,

Please find the attached emails documenting public corruption in Southern Shores, North Carolina. My family is a victim of a real estate scam involving corrupt government employees. The real estate scam also violates labor trafficking laws and involved corruption in Kitty Hawk, North Carolina which is partially documented at: https://urldefense.proofpoint.com/v2/url?u=https-3A__outerbankshomeimprovements.com_4809vistalanerenovation&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=0nXezvWrowbh7MfSvzxNhp7nhSl3mVRhvoxNyZYEzCQ&e=

The Kitty Hawk Fire Department allowed my property to be burnt at 4809 Vista Lane as they claimed to be fighting an "offensive fire" at 4805 Vista Lane. More than $30,000 of property damages occurred at my property and the owner of 4805 Vista Lane refuses to provide insurance information to the North Carolina Insurance Adjusters.

My chestercountylawn@yahoo.com email account has many, many complaints to Kitty Hawk and Southern Shores regarding the corruption.

I have attached an email from the previous owner of 75 E. Dogwood Trail, Linda Lauby. The reason the email is included is because Southern Shores employees, their attorney Philip Hornthal and some other people have sent me emails with misplaced periods. I suggest law enforcement examine the misplaced periods because they look like a "meeting of the minds" between corrupt government employees to me. Linda Lauby agreed to sell me 75 E. Dogwood Trail as a subdividable lot (as per Southern Shores) on or about 5/7/2023 and accepted a $5000 non-refundable due diligence fee. Linda Lauby sold 75 E. Dogwood Trail using Outer Banks Realty, where Alan Creech works (Alan Creech is a realtor I had been communicating with for months). On June 1, 2023 Southern Shores employee Wes Haskett, who I had been communicated with by email since 5/1/2023 about zoning code told me Southern Shores was changing zoning code lot width requirements to prevent lot subdivisions on 6/6/2023. After the zoning code change my attorney Ashton Harrell told me Linda Lauby is not obligated to return my due diligence fee (the entire reason I bought 75 E. Dogwood Trail was for the additional lot) and after I did not terminate the agreement of sale Outer Banks Realty was stalling on the deal to

sell me 75 E. Dogwood Trail and had to be informed of false pre-tense laws. 75 E. Dogwood Trail was finally sold to me and my fiancé on 7/7/2023 and now Southern Shores employee Wes Haskett is falsifying records to try and use an illegally adopted zoning code to prevent my lot subdivision. Linda Lauby coincidentally references "indentured servant" in her email and me and Jennifer Franz are definitely not indentured servants.

Please arrest Wes Haskett. The documents provided prove Wes Haskett is using tax payers money illegally to falsify records with attorney Philip Hornthal and is fraudulently mispresenting zoning code to me, Police Chief Dave Kole and Mayor Elizabeth Morey to try and justify his crimes to deprive me of a lot sub-division I bought 75 E. Dogwood Trail with.

Thank you,
Anthony Stocker Mina

PS Please do not contact my fiancé, Jennifer Franz. Jennifer and myself were labor/human trafficking victims from Pennsylvania that moved to North Carolina (unfortunately, people victimizing us have followed us to North Carolina) and Jennifer has been victimized so much that for some reason she gets mad at me when I tell her she is a victim, like her mind has some type of defense mechanism that would rather not believe she is a victim.

PPS Jennifer Franz and myself are definitely not "sitting" people in places like board rooms. Anyone saying things like "I am sitting in Tony" when they are anywhere near me and Jen Franz should be arrested for trying to coerce me and/or Jen Franz to sound like we are part of their labor trafficking schemes, which me and Jen Franz definitely are not (Me and Jennifer Franz suffer thousands and thousands and thousands of dollars in damaged because of corruption on a regular basis and do not get paid a single penny by people illegally coercing us to sound like we are part of their schemes).

Dear Tony,

Please forgive me for my late response -- I've had company and my emails have been piling up!

As you can see from the date of the survey that I hired Kirk Foreman to do, it's from March 6, 1997. I included it because back in '97, my lender had sent a notice requiring flood insurance unless a survey indicated that it was unnecessary. Hence, I obtained the survey, which indicated that the house was built 8' above sea level, which negated the flood insurance requirement.

As far as the discrepancies in surveys are concerned, waterfront property can change in 26 years; conversely, who's to say which surveyor is (more) correct? Both the Gregory family and I entered into our properties' sales in good faith, and neither of us has attempted to misrepresent the land or dwellings we sold. I sure hope your new neighbors are as lovely as the people who used to live at 73 -- they will remain good friends for life.

I thank you for thinking of me regarding your home on Vista Lane. It is beautiful! If I hadn't purchased a rental property this past July (that's occupying a lot of my time), I'd seriously consider it. I'll think about that and your questions regarding 75. Please know that I have a few time-sensitive projects underway right now, so don't be concerned if I take some time to respond.

Also, know that I'm not in a rush for you to pay off the principal balance. I know you have a lot of work to do, but I hope that you and Jen are enjoying that special property. Oh -- I'd wanted to mention some lighting on the upstairs porch that I always loved. You undoubtedly noticed the dimmer switch in the living room next to the sliders. They control bulbs that

are inside the "beams" that are on the porch. I simply ran out of time and energy, and didn't climb up to replace the bulbs that reside inside the beams. When they're operating, they provide a beautiful glow.

Again, thank you for your propositions. And, I wish you and your family the very best this holiday season.

All the best,
Linda

Subject: Notice Of Federal Law Suits Against Southern Shores, Dare County And Kitty Hawk

Dear Southern Shores, Dare County and Kitty Hawk,

I hope you are doing well.

I am writing you as a professional courtesy to notify you that I have done everything I can possibly do to stop Wes Haskett from committing crimes against my family with his criminal conspiracy to deny a 75 E. Dogwood Trail lot subdivision that Outer Banks Realty indicated Southern Shores said was possible before selling me 75 E. Dogwood Trail. If Wes Haskett denies the attached "75subdivision plan 7-3-2024" I will have no choice to file Federal actions against Southern Shores town and police department, Kitty Hawk town and police department and Dare County, including the District Attorneys Office. As you can see from the 75subdivisionplan7-3-2024" the only thing my lot subdivision plan asks approval for is a decision based on applicable codes without being rejected with unenforceable illegally adopted code. Wes Haskett has yet to stop committing crimes against my family which include falsifying records in his email dated May 21, 2024 (attached below) with fraudulently misrepresented Southern Shores code to hide his illegally adopted code as Wes Haskett claimed to me, David Kole, Elizabeth Morey, Cliff Ogburn and PAID attorney Philip Hornthal that the zoning amendment he made when I was under contract (an Agreement of sale was signed by me, Jennifer Franz and Linda Lauby) to purchase 75 E. Dogwood Trail was legally adopted, which it without a doubt was not. Wes Haskett's email dated May 21, 2024 substantiates a criminal conspiracy between Wes Haskett, PAID attorney Philip Hornthal and anyone copied in the email not initiating criminal action against Wes Haskett (silence can not be tolerated under law). Using Southern Shores money to pay attorney Philip Hornthal to participate in crimes against my family and other Southern Shores home owners is a crime itself.

I sincerely apologize for being stuffed into this position by Wes Haskett and want you to be aware that I absolutely hate filing law suits. I also hate typing on my computer and have a million things I'd rather be doing. I hate typing on computers so much that I can still remember when computers were new in elementary school and kids were being taught how to type. As I was being taught how to type I was thinking that Atari and Coleco Vision didn't last too long before Nintendo was invented so hopefully these stupid computers won't be around for much longer... And here I am, almost 40 years later typing on a stupid computer when I'd much rather be outside on my subdivided lot sweating my butt off in 90 degree plus weather working.

PLEASE STOP WES HASKETT FROM COMMITTING CRIMES AGAINST MY FAMILY. I hate to ruin the element of surprise but stopping Wes Haskett from committing crimes against my family means that Southern Shores and their police department do not get taken to Federal Court and Dare County and Kitty Hawk may still be able to correct their problems without going to Federal Court. Stopping Wes Haskett from committing crimes against my family also reduces the merits/significance of Equal Protection/Discrimination cases (Jasper Roger's damages will be unaffected). At this point, forcing me to take action against Wes Haskett is a Federal Involuntary Servitude (slavery) violation itself. I do not get paid to do police work so I should not be forced to do police work or suffer financial and legal consequences.

Thank you,
Anthony Stocker Mina

PS Please note that I have a Public Records Request at Southern Shores dated 6/17/2024 requesting all records of the communication, including names and phone numbers that were used when communicating the fact that 75 E Dogwood Trail was a subdividable lot to Outer Banks Realty , as Outer Banks Realty indicated occurred and listed 75 E. Dogwood Trail as a subdividable lot (and provided me an email stating Southern Shores said the lot was subdividable). I will provide law enforcement the results of my public records request when I receive the results.

RE: 75 Lot Subdivision Approval

Dear Southern Shores,

Please find the attached (2) Lot Subdivision Applications with notarized preliminary plats and (2) $100 checks for the Application fee. Please disregard Application # 2 with the approval of Application #1. After being told by Mr. Douglas Styon's that the mylar copy and final subdivision plan will be provided to Applicant when Southern Shores decides which subdivision plan will be accepted, it is Applicant's position that the procedure Wes Haskett is forcing Applicants to use to obtain the lot subdivision is discriminately biased and involves local code violations by Wes Haskett in addition to North Carolina State and Federal Law violations.

Application # 1 contains subdivision plan "Exhibit A" and was created to identical standards as the 109 Osprey Lane subdivision plan approved by Wes Haskett on January 7, 2010 which is labeled Exhibit "B". Application # 1 is applicant's preference because the shared driveway layout will allow homeowners to enhance the aesthetic beauty of both lots the most and keep more of the trees providing privacy between 73 and 75 E. Dogwood Trail. Wes Haskett has indicated that TCA-21-06 now does not allow easement access like 109 Osprey Lane, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed TCA-21-06 was illegally adopted and is unenforceable because Southern Shores property owners effected by TCA-21-06 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicants Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicants Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicants Public Records Request proved never happened. Wes Haskett claims North Carolina Article 6 ss 160D -601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. So, the illegally adopted TCA-21-06 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulently misrepresented Southern Shores' zoning code with Notice requirement "Sec. 36-414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corruption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Dogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. During the 1 month from May 1, 2023 to June 1, 2023 the 75 E. Dogwood Trail was listed for sale as a sub-dividable lot that Southern Shores said was sub-dividable and the previous homeowner, Linda Lauby negotiated an additional $75,000 from Applicant's for the purchase of 75 E. Dogwood Trail. Wes Haskett's fraudulent concealment of zoning code also prevented the easiest solution to the lot subdivision plans, which would have been to submit the lot subdivision plans prior to June 6, 2023. In addition to obstructing Applicant's right to knowledge of zoning codes, Wes Haskett also tampered with evidence by claiming the

lots created at 233 N. Dogwood Trail and adjacent 0 N. Dogwood Trail lots were created prior to the town's incorporation in 1979 when Applicant submitted a Public Records Request (Labeled "Exhibit E"). A second public records request which asked for all records from 233 N. Dogwood Trail prove that not only were the current lots created on July 21, 2016 and approved by Wes Haskett, they also prove Wes Haskett uses his discretion to deviate from town code lot width regulations, but is discriminately trying to abuse illegally adopted lot width code to prevent the 75 E. Dogwood Trail lot subdivision. As such, Applicant's respectfully request that Application # 1 be approved as legally adopted codes have been met and Southern Shores discretion they may use to deviate from any zoning code is something other homeowners have been entitled to.

Application # 2 contains subdivision plan "Exhibit A" which was created identically to the lot subdivision plan Wes Haskett denied on June 5, 2024 (labeled "Exhibit B") with the defects in paragraphs 2 and 3 corrected. Wes Haskett claimed in "Exhibit B" that #1's lot width measurement requirement was not met, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed ZTA-23-03 was illegally adopted and is unenforceable because Southern Shores property owners effected by ZTA-23-03 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicant's Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicant's Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicant's Public Records Request proved never happened. Wes Haskett claims North Carolina Article 6 ss 160D -601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. Furthermore, AMENDING A DEVELOPMENT REGULATION that involves "down zoning" (reducing the permitted uses of land by doing something like prohibiting lot sub-divisions) requires the written consent of the property owners unless the local government initiated the down sizing. Southern Shores local government did not initiate the down sizing involved with the June 6, 2023 AMENDMENT OF ZONING REGULATIONS changing lot width requirements, Wes Haskett initiated the down sizing, and Wes Haskett did so without ever receiving approval from each of Southern Shores employees and town council members with the intent to prevent lot subdivisions (as Wes Haskett indicated in his email to me on June 7, 2023). So, the illegally adopted ZTA-23-03 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulently misrepresented Southern Shores' zoning code with Notice requirement Sec. 36-414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corruption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Dogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. During the 1 month from May 1, 2023 to June 1, 2023 the 75 E. Dogwood Trail was listed for sale as a sub-dividable lot that Southern Shores said was sub-dividable and the previous homeowner, Linda Lauby negotiated an additional $75,000 from Applicant's for the purchase of 75 E. Dogwood Trail. Wes Haskett's fraudulent concealment of zoning code also prevented the easiest solution to the lot subdivision plans, which would have been to submit the lot subdivision plans prior to June 6, 2023. In addition to obstructing Applicant's right to knowledge of zoning code, Wes Haskett also tampered with evidence by claiming the lots created at 233 N. Dogwood Trail and adjacent 0 N. Dogwood Trail lots were created prior to the town's incorporation in 1979 when Applicant submitted a Public Records Request (labeled "Exhibit E"). A second public records request which asked for all records from 233 N. Dogwood Trail prove that not only were the current lots created on July 21, 2016 and approved by Wes Haskett, they also prove Wes Haskett uses his discretion to deviate from town code lot width regulations, but is discriminately trying to abuse illegally adopted lot width code to prevent the 75 E. Dogwood Trail lot subdivision. As such, Applicant's respectfully request that Application # 2 be approved as legally adopted codes have been met and Southern Shores discretion they may use to deviate from any zoning code is something other homeowners have been entitled to. Please disregard Application #2 with the approval of Application #1.

Please find attached, signed General Application Forms #1 & #2 with (2) $100 checks made payable to Southern Shores.

,
Dear Southern Shores, Dare County and Kitty Hawk,

I hope you are doing well.

I am writing you as a professional courtesy to notify you that I have done everything I can possibly do to stop Wes Haskett from committing crimes against my family with his criminal conspiracy to deny a 75 E. Dogwood Trail lot subdivision that Outer Banks Realty indicated Southern Shores said was possible before selling me 75 E. Dogwood Trail. If Wes Haskett denies the attached "75subdivision plan 7-3-2024" I will have no choice to file Federal actions against Southern Shores town and police department, Kitty Hawk town and police department and Dare County, including the District Attorneys Office. As you can see from the 75subdivisionplan7-3-2024" the only thing my lot subdivision plan asks approval for is a decision based on applicable codes without being rejected with unenforceable illegally adopted code. Wes Haskett has yet to stop committing crimes against my family which include falsifying records in his email dated May 21, 2024 (attached below) with fraudulently misrepresented Southern Shores code to hide his illegally adopted code as Wes Haskett claimed to me, David Kole, Elizabeth Morey, Cliff Ogburn and PAID attorney Philip Hornthal that the zoning amendment he made when I was under contract (an Agreement of sale was signed by me, Jennifer Franz and Linda Lauby) to purchase 75 E. Dogwood Trail was legally adopted, which it without a doubt was not. Wes Haskett's email dated May 21, 2024 substantiates a criminal conspiracy between Wes Haskett, PAID attorney Philip Hornthal and anyone copied in the email not initiating criminal action against Wes Haskett (silence can not be tolerated under law). Using Southern Shores money to pay attorney Philip Hornthal to participate in crimes against my family and other Southern Shores home owners is a crime itself.

I sincerely apologize for being stuffed into this position by Wes Haskett and want you to be aware that I absolutely hate filing law suits. I also hate typing on my computer and have a million things I'd rather be doing. I hate typing on computers so much that I can still remember when computers were new in elementary school and kids were being taught how to type. As I was being taught how to type I was thinking that Atari and Coleco Vision didn't last too long before Nintendo was invented so hopefully these stupid computers won't be around for much longer... And here I am, almost 40 years later typing on a stupid computer when I'd much rather be outside on my subdivided lot sweating my butt off in 90 degree plus weather working.

PLEASE STOP WES HASKETT FROM COMMITTING CRIMES AGAINST MY FAMILY. I hate to ruin the element of surprise but stopping Wes Haskett from committing crimes against my family means that Southern Shores and their police department do not get taken to Federal Court and Dare County and Kitty Hawk may still be able to correct their problems without going to Federal Court. Stopping Wes Haskett from committing crimes against my family also reduces the merits/significance of Equal Protection/Discrimination cases (Jasper Roger's damages will be unaffected). At this point, forcing me to take action against Wes Haskett is a Federal Involuntary Servitude (slavery) violation itself. I do not get paid to do police work so I should not be forced to do police work or suffer financial and legal consequences.

Thank you,
Anthony Stocker Mina

PS Please note that I have a Public Records Request at Southern Shores dated 6/17/2024 requesting all records of the communication, including names and phone numbers that were used when communicating the fact that 75 E Dogwood Trail was a subdividable lot to Outer Banks Realty , as Outer Banks Realty indicated occurred and listed 75 E. Dogwood Trail as a subdividable lot (and provided me an email stating Southern Shores said the lot was subdividable). I will provide law enforcement the results of my public records request when I receive the results.

RE: 75 Lot Subdivision Approval

Dear Southern Shores,

Please find the attached (2) Lot Subdivision Applications with notarized preliminary plats and (2) $100 checks for the Application fee. Please disregard Application # 2 with the approval of Application #1. After being told by Mr. Douglas Styon's that the mylar copy and final subdivision plan will be provided to Applicant when Southern Shores decides which subdivision plan will be accepted, it is Applicant's position that the procedure Wes Haskett is forcing Applicants to use to obtain the lot subdivision is discriminately biased and involves local code violations by Wes Haskett in addition to North Carolina State and Federal Law violations.

Application # 1 contains subdivision plan "Exhibit A" and was created to identical standards as the 109 Osprey Lane subdivision plan approved by Wes Haskett on January 7, 2010 which is labeled Exhibit "B". Application # 1 is applicant's preference because the shared driveway layout will allow homeowners to enhance the aesthetic beauty of both lots the most and keep more of the trees providing privacy between 73 and 75 E. Dogwood Trail. Wes Haskett has indicated that TCA-21-06 now does not allow easement access like 109 Osprey Lane, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed TCA-21-06 was illegally adopted and is unenforceable because Southern Shores property owners effected by TCA-21-06 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicants Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicants Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicants Public Records Request proved never happened. Wes Haskett claims North Carolina Article 6 ss 160D -601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. So, the illegally adopted TCA-21-06 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulently misrepresented Southern Shores' zoning code with Notice requirement "Sec. 36-414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corruption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Dogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. A second public records request which asked for all records from 233 N. regulations, but is discriminately trying to abuse illegally adopted lot width code to prevent the 75 E. Dogwood Trail lot subdivision. As such, Applicant's respectfully request that Application # 1 be approved as legally adopted codes have been met and Southern Shores discretion they may use to deviate from any zoning code is something other homeowners have been entitled to.

Application # 2 contains subdivision plan "Exhibit A" which was created identically to the lot subdivision plan Wes Haskett denied on June 5, 2024 (labeled "Exhibit B") with the defects in paragraphs 2 and 3 corrected. Wes Haskett claimed in "Exhibit B" that #1's lot width measurement requirement was not met, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed ZTA-23-03 was illegally adopted and is unenforceable because Southern Shores property owners effected by ZTA-23-03 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicant's Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicant's Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicant's Public Records Request proved never happened. RE: 75 Lot Subdivision Approval

Dear Southern Shores,

Please find the attached (2) Lot Subdivision Applications with notarized preliminary plats and (2) $100 checks for the Application fee. Subject: Fw: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement:

I hope you are doing well.

Now that you've been provided proof of Wes Haskett committing crimes against me and either trying to include other Southern Shores employees in his crimes or lying to other Southern Shores employees like he perceives them as complete idiots I wanted you to be aware of other pertinent facts and law.

1) In addition to being discretely told that human, sex and labor trafficking is often achieved with the help of the victim's family, so called friends or neighbor(s) I was also told that corrupt police also are involved.

2) At this point in Southern Shores, NC if my lot subdivision plan Styons' Surveying provided me last week is not approved when I submit the plan this week Southern Shores will be in violation of Federal Involuntary Servitude laws (slavery), for many reasons, one of which is I will be forced to be involved with the police work required to prosecute Wes Haskett without pay, when the only job I get paid for is providing home improvements. Southern Shores police clearly has evidence proving Wes Haskett is committing crimes so my position as a Southern Shores homeowner forced to do police work against Wes Haskett or suffer financial and legal consequences substantiates violations of Federal Involuntary Servitude Laws. Federal Involuntary Servitude Laws are found at: https://urldefense.proofpoint.com/v2/url?u=https-3A__www.justice.gov_crt_involuntary-2Dservitude-2Dforced-2Dlabor-2Dand-2Dsex-2Dtrafficking-2Dstatutes-2Denforced&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=7DCeg5NXl_9Q6QNjAgloWruqF6GLlmA559evZT5a0Nk&e=

3) I've repeatedly had problems with my https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamhome.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=Vy6GjUjKeDIMQbBkNvpCsoMl_nBb53n0oSv3D-w2fyw&e= and https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamlife.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=_jGNPEL0WCIdFx6iZVQsOOv2fH3uDxGoNh3EztdANGY&e= websites

being accessible by the public after I have spent more than $1000 on advertising. There are an infinite amount of ways for me to legally sell a co-ownership, time share or "to be built" renovation of 75 E. Dogwood Trail, Southern Shores, NC 27949 and the only thing potential buyers need to do is ask me how the sale is completed. For example, one way a co-ownership is legally sold in Southern Shores, NC is to sell your property to yourself and a partner that will start a Limited Liability Corporation (LLC) with you to own a single family home (The 75 E. Dogwood Trail LLC, for example). LLCs are permitted to purchase property all over the United States of America under the local town code. Based on my experiences with corruption in Pennsylvania and the fact that I am repeatedly planted in situations like I am an undercover internal affairs guerilla, there probably would be corrupt police expected to illegally freeze the work I am doing at 75 E Dogwood Trail on https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamhome.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QliwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=Vy6GjUjKeDIMQbBkNvpCsoMl_nBb53n0oSv3D-w2fyw&e= and https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamlife.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QliwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=_jGNPEL0WCIdFx6iZVQsOOv2fH3uDxGoNh3EztdANGY&e= without sitting down with me once to figure out how they can legally purchase what I am selling.

4) I have not been offered a single penny for the damages caused by Mike Meredith's house burning down (from Mike Meredith or the Kitty Hawk Fire Department). In fact, Jasper Rogers, the Kitty Hawk zoning officer helped increase the amount of financial damages my family suffered from at 4809 Vista Lane by refusing to enforce anything close to the Kitty Hawk zoning code, meaning Jasper Rogers refused to fine violators for each violation as per Kitty Hawk code, which substantiates a criminal conspiracy to steal from Kitty Hawk's government. Employing a zoning inspector allowing Kitty Hawk property to have dangerous abandon vehicles and other junkyard trash, in addition to junk that is undoubtably abandon trash that should be placed in a trashcan is a crime itself. My family without a doubt suffered a financial loss selling 4809 Vista Lane and an appraiser and real estate expert have already provided me documentation that 4809 Vista Lane was worth more than what I was forced to sell the property for after almost every potential buyer had a concern with the abandon trash zoning violations. Kitty Hawk's problems aren't going to fix themselves... Kitty Hawk's corruption is available online at: https://urldefense.proofpoint.com/v2/url?u=https-3A__outerbankshomeimprovements.com_4809vistalanerenovation&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QliwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=0nXezvWrowbh7MfSvzxNhp7nhSl3mVRhvoxNyZYEzCQ&e=

5) During one of my inspections of 75 E. Dogwood Trail with Alan Creech I smelled propane right before we were leaving 75 E. Dogwood Trail and Alan Creech also agreed he smelled propane. I did what I could do to make sure propane wasn't filling the house by making sure Alan Creech made sure the stove was not turned on (text messages prove we communicated about the smell of propane). I have no idea where the propane was coming from but I removed the propane stove and propane heater when I moved into 75 E. Dogwood Trail. What law enforcement should be concerned with is the fact that I bought 75 E. Dogwood Trail with a heat pump that Delta-T inspected and found to be a working heat pump that would not require propane heat unless temperatures were below a certain temperature, which I believe is 32 degrees (the 75 E. Dogwood Trail listing states the house had a heat pump). When I moved into 75 E. Dogwood Trail on Labor Day the heat pump was no longer at the house and there was an inoperable air conditioner that R.A. Hoy indicated did not have a heat pump. Law Enforcement should be concerned that I was lured to 75 E. Dogwood Trail so the house could be blown up with propane, but smelled the propane and caught the scheme in the act. After I caught the scheme the heat pump was replaced with an air conditioner because having backup propane heat on a heat pump makes absolutely no sense in North Carolina's climate where temperatures rarely drop below 32 degrees. I suspect the wires in the attached picture may have been installed to ignite the fire because they were uncapped and very close together when the house was for sale (I've provided the FBI pictures). The attached wires could have had a timer or remote connected to them so they would receive electric at a specific moment and the electric spark would jump from wire to wire, igniting the fire. When I bought 4809 Vista Lane the home inspector coincidentally found a problem with the wiring in the family room fan which was mounted on a cathedral ceiling significantly higher than the closest smoke detector. I found that the wiring problem was there was (2) separate power sources (coming from 2 different switches)

improperly wired to a remote receiver in the fan. Since the remote to the fan was not in 4809 Vista Lane when my family bought the house, law enforcement should be concerned that there is an arsonist with knowledge of starting fires with electrical rigs in the Outer Banks. I am not a licensed electrician, so I could not tell you whether a fan remote could have started a fire at 4809 Vista Lane, but I can tell you that the light and fan did not work properly so no one could have lived in 4809 Vista Lane without being aware of the problem. My real estate sale in Pennsylvania was obviously interfered with so I could only sell the house at a very specific time and Jen Franz would be required to live in North Carolina without the rest of the family. Imagine a worst case scenario on your hands like there is a conspiracy against Jen Franz that involved her being coerced into an op against me that Jen Franz is not aware of. Maybe Jen Franz was intentionally food poisoned so she would be hospitalized and corrupt healthcare workers installed cochlear implants in her ear(s) without her knowledge and their plan failed and their best case scenario is Jen Franz dies. I'll let law enforcement do their job, but I really suggest you get passed the zoning problems that Kitty Hawk and Southern Shores are undoubtably in the wrong with. I'm guessing law enforcement investigating Southern Shores and Kitty Hawk has no choice but to investigate arson and murder conspiracies so I would hate for a few bad municipal employees that enjoy abusing their power to get the entire town(s) tied into such a crazy criminal conspiracy.

5) Another fact that might concern law enforcement is appraiser Betsy Hughes of BK Appraisals appraised 4809 Vista Lane at $533,000 before I renovated the house and then appraised 75 E. Dogwood Trail at $662,000. The $662,000 appraisal does not make much sense to me at all and if I was law enforcement I'd be concerned Betsy Hughes was somehow manipulated to undervalue 75 E Dogwood Trail (so the sale of 75 E. Dogwood Trail would look less like bait specifically designed for me and my budget). Law Enforcement may be able to find appraisers that will say Betsy Hughes appraisal was rigged to undervalue 75 E. Dogwood Trail more than $100,000. Betsy Hughes $662,000 appraisal is at:
https://urldefense.proofpoint.com/v2/url?u=https-3A__outerbankshomeimprovements.com_75-2Dappraisals&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=00haQtmd5i9BqQWvAY_bZAsm98YO0Izkf-TuX5zw7EM&e=
A comparative market analysis indicating the suggested price of 75 E. Dogwood Trail is $802,055 is at:
https://urldefense.proofpoint.com/v2/url?u=https-3A__outerbankshomeimprovements.com_75-2Dcomp-2Dmark-2Danalysis&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=ICFYrGqsam2aWTA_uIfDoY7Wq2gR1rHA2ExBG06pfzc&e=

Thank you,
Anthony Stocker Mina

PS Jodi Scott Ratcliffe bought 4809 Vista Lane from me and Jen Franz. The name code I have been telling law enforcement about would have some type of meaning involving using someone named Cliff (perhaps Cliff Ogburn) as a rat or ratting on Cliff Ogburn. I'll let law enforcement figure out what people so powerful that they can move people in and out of 1/2 million dollar homes, because of their name, would be communicating.

Subject: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement,

I just wanted to make sure all of Southern Shores Police Officers had a copy of the email that Wes Haskett sent to me in attempts to conceal his illegal zoning code amendment. Please note that Wes Haskett also emailed David Kole, Elizabeth Morey, PAID attorney Philip Hornthal and Cliff Ogburn.

As you can see from the email, Wes Haskett proved he is part of a criminal conspiracy to illegally use zoning codes to cause me problems and make Southern Shores liable for crimes and civil actions by illegally deleting Town Code Sec 36-414(b) which requires Southern Shores to post notice at the effected property(s) of the zoning amendment in addition to publication in the newspaper. Not only did Wes Haskett not post notice at 75 E Dogwood Trail of the proposed zoning amendment scheduled for June 6, 2023, Wes Haskett intentionally did not tell me about the zoning code hearing scheduled for June 6, 2023 until June 1, 2023 after 1 month's of emailed correspondence about 75 E Dogwood Trail with me. During the 1 month of communication Wes Haskett was refusing to provide me material information about Southern Shores zoning code the home owner Linda Lauby negotiated an additional $75,000 from me for 75 E. Dogwood Trail which was listed as a lot that was subdividable.

Sorry about all the emails, I just wanted to very clearly explain that Wes Haskett is committing crimes and appears to be making other Southern Shores employees like the Police Chief, Mayor and Town Manager look involved with his crimes (or like people Wes Haskett perceives as idiots in his scheme against me).

Thank you,
Anthony Stocker Mina

Subject: RE: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Good afternoon, Mr. Mina. My responses to your questions are as follows:

1. The Town of Southern Shores Town Code states:

Sec. 1-10. - Amendments to Code.
(a) Amendments to any of the provisions of this Code shall be made by amending such provisions by specific reference to the section number of this Code. Such amendments may be in the following language: "That section _____ of the

Code of Ordinances, Town of Southern Shores, North Carolina (or Southern Shores Town Code), is hereby amended to read as follows: ... ." The new provisions may then be set out in full as desired.

Sec. 36-414. Motion to amend.

(a) The town council may, on its own motion or upon motion or upon petition by any person within any zoning jurisdiction of the town, after public notice and hearing, amend, supplement, change, modify or repeal the regulations herein established or the maps which are part of this chapter, subject to the rules prescribed in this article. No regulation or map shall be amended, supplemented, changed, modified or repealed until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Prior to adopting or rejecting any zoning amendment, the planning board shall adopt a statement describing whether its action is consistent with the adopted town comprehensive land use plan and explaining why the planning board considers the action taken to be reasonable and in the public interest. That statement is not subject to judicial review. A notice of such hearing shall be given one a week for two successive calendar weeks in a newspaper of general circulation in the town, said notice to be published the first time not less than ten days nor more than 25 days prior to the date fixed for the hearing.

Sec. 36-415. Planning board action.

(a) Every proposed amendment, supplement, change, modification, or repeal to this chapter shall be referred to the planning board for its recommendation and report. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the town council may proceed in its consideration of the amendment without the planning board report. The town council is not bound by the recommendations, if any of the planning board.

Attached you will find documentation showing that the Town of Southern Shores legally amended the Town Code on June 6, 2023. The attachments included are:

- Zoning Text Amendment application ZTA-23-03.
- The advertised Planning Board agenda for May 15, 2023 when ZTA-23-03 was heard by the Planning Board.
- Screenshot of the required public notice for the May 15, 2023 Planning Board meeting from the May 10, 2023 edition of the Coastland Times newspaper.
- Screenshots of the required public notices for the June 6, 2023 public hearing for ZTA-23-03 from the May 24, 2023 and May 31, 2023 editions of the Coastland Times newspaper.
- The advertised Town Council agenda for June 6, 2023, when the public hearing was held.
- The minutes from the June 6, 2023 Town Council meeting.
- Ordinance 2023-06-03 enacted with the Mayor's signature.

I've also attached the applicable North Carolina General Statutes that establish authority for municipalities to adopt and amend development regulations.

2. It appears that 172 and 174 S. Dogwood Trl. were created through a recombination of previously platted lots in 1999. At that time, there was only one structure which is currently situated on 174 S. Dogwood Trl. and the applicable side yard (setback) was 10 ft. The structure that is currently situated on 172 S. Dogwood Trl. was permitted in 2000 when the side yard (setback) requirement was still 10 ft. Other than removing the encroaching portion of the structure at 75 E. Dogwood Trl., documents required to make the encroachment conforming include a Zoning Text Amendment application (attached), $200.00 fee, and proposed language to amend the current side yard (setback) requirement or create an exemption for such situations. The application would have to follow the process noted above and it would have to be approved by the Town Council.

The Southern Shores Town Council has been and will always be the body that adopts and amends the Town's zoning requirements, not Town Staff such as myself. The Town Council directs Town Staff to draft amendments to the Town Code, such as ZTA-23-03 to amend the Town's lot width requirements, which they adopted.

Subject: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Dear Wes Haskett,

I am writing you in response to the denial of my lot subdivision application which states "Feel free to contact me at (252) 261-2394 or whaskett@southernshores-nc.gov. if you have any questions or concerns".

My questions are:

1) How does Southern Shores believe taking a property right with a zoning amendment from a tax payer is legal? As paragraph 6 and Exhibit I of my subdivision application states, it is Applicant's position that an eminent domain transaction is required to change land use. Wes Haskett and Philip Hornthal have repeatedly refused to answer the aforesaid question. I have no evidence indicating Southern Shores is not intentionally violating eminent domain laws and stealing land value. It is not legal to use an illegally adopted zoning amendment (paragraph 1 of the denial-Town Code Section 36-202(d)) as a reason to deny my lot sub-division.

2) What zoning code permits the set back distance between 174 S. Dogwood Trail (the house with the white Crosstour) and 172 S. Dogwood Trail? It appears to me if Southern Shores wants to claim 75 E. Dogwood Trail encroaches in the required side set back (although I disagree with paragraph 2 of Wes Haskett's denial of lot sub-division) I should be filing my lot subdivision plan the same way 172 and 174 S. Dogwood Trail were permitted to build the homes so close to each other. What zoning code and/or documents need to be used to get 75 E. Dogwood Trail to be accepted as conforming to side set back requirements like 172 and 174 S. Dogwood Trail?

My concerns are the following:

Wes Haskett and Philip Hornthal are not in touch with reality and a danger to other people's physical and emotional well being. Wes Haskett has refused to answer how he believes he is legally changing land use with a zoning amendment since last summer. Changing land use from a 2 single home property (with a subdivision by right) to a 1 single home property causes land value monetary damages to some Southern Shores tax payers of significantly more than $100,000. In the real world $100,000 is easily the difference between life and death. $100,000 can be the difference between the medical care someone needs and accepting that their life is coming to an end. If you walk into a bank demanding $100,000 you are lucky if you are not killed. Wes Haskett and Philip Hornthal refuse to explain how they legally think they can cause some Southern Shores home owners more than $100,000 in monetary damages with a zoning code amendment which changes land use. Applicant without a doubt will not be committing any crimes in response to Wes Haskett and Philip Hornthal stealing land value from Southern Shores home owners, but has serious concerns that Wes Haskett and Philip Hornthal are a danger to the physical and emotional well being of others and should be involuntarily committed to a psychiatric hospital for evaluation. Applicant will give Wes Haskett and Philip Hornthal 48 hours to explain how they legally are changing land use without an eminent domain transaction and highly suggests law enforcement not to wait half as long.

Anthony Stocker Mina

PS When I testified in front of Federal Judge Edward G Smith against Chester County's labor trafficking conspiracy against me I explained that the conspirators designed me a spin move. 172 and 174 S. Dogwood Trail appear to me to be another example of the pre-meditated conspiracy which I am expected to use certain evidence against corruption a specific way. I will let law enforcement figure out if the home owners are pawned because of meanings within their names or play a role in the conspiracy that repeatedly forces me in the middle of government scandals as a way of hiding Pennsylvania's corruption like I am their undercover internal affairs guerilla. Since there is a white crosstour at 172 S. Dogwood Trail and I live in the Dick White house I feel like I am being forced in the middle of a whole lot of crossing without being paid (as Wes Haskett tries stealing more than $100,000 of land value from my family).

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Subject: Fw: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement:

I hope you are doing well.

Now that you've been provided proof of Wes Haskett committing crimes against me and either trying to include other Southern Shores employees in his crimes or lying to other Southern Shores employees like he perceives them as complete idiots I wanted you to be aware of other pertinent facts and law.

1) In addition to being discretely told that human, sex and labor trafficking is often achieved with the help of the victim's family, so called friends or neighbor(s) I was also told that corrupt police also are involved.

2) At this point in Southern Shores, NC if my lot subdivision plan Styons' Surveying provided me last week is not approved when I submit the plan this week Southern Shores will be in violation of Federal Involuntary Servitude laws (slavery), for many reasons, one of which is I will be forced to be involved with the police work required to prosecute Wes Haskett without pay, when the only job I get paid for is providing home improvements. Southern Shores police clearly has evidence proving Wes Haskett is committing crimes so my position as a Southern Shores homeowner forced to do police work against Wes Haskett or suffer financial and legal consequences substantiates violations of Federal Involuntary Servitude Laws. Federal Involuntary Servitude Laws are found at: https://urldefense.proofpoint.com/v2/url?u=https-3A__www.justice.gov_crt_involuntary-2Dservitude-2Dforced-2Dlabor-2Dand-2Dsex-2Dtrafficking-2Dstatutes-2Denforced&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=7DCeg5NXl_9Q6QNjAgloWruqF6GLlmA559evZT5a0Nk&e=

3) I've repeatedly had problems with my https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamhome.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=Vy6GjUjKeDIMQbBkNvpCsoMl_nBb53n0oSv3D-w2fyw&e= and https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamlife.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=_jGNPEL0WCIdFx6iZVQsOOv2fH3uDxGoNh3EztdANGY&e= websites being accessible by the public after I have spent more than $1000 on advertising. There are an infinite amount of ways for me to legally sell a co-ownership, time share or "to be built" renovation of 75 E. Dogwood Trail, Southern Shores, NC 27949 and the only thing potential buyers need to do is ask me how the sale is completed. For example, one way a co-ownership is legally sold in Southern Shores, NC is to sell your property to yourself and a partner that will start a Limited Liability Corporation (LLC) with you to own a single family home (The 75 E. Dogwood Trail LLC, for example). LLCs are permitted to purchase property all over the United States of America under the local town code. Based on my experiences with corruption in Pennsylvania and the fact that I am repeatedly planted in situations like I am an undercover internal affairs guerilla, there probably would be corrupt police expected to illegally freeze the work I am doing at 75 E Dogwood Trail on https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamhome.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=Vy6GjUjKeDIMQbBkNvpCsoMl_nBb53n0oSv3D-w2fyw&e= and https://urldefense.proofpoint.com/v2/url?u=http-3A__www.obxdreamlife.com&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=_jGNPEL0WCIdFx6iZVQsOOv2fH3uDxGoNh3EztdANGY&e= without sitting down with me once to figure out how they can legally purchase what I am selling.

4) I have not been offered a single penny for the damages caused by Mike Meredith's house burning down (from Mike Meredith or the Kitty Hawk Fire Department). In fact, Jasper Rogers, the Kitty Hawk zoning officer helped increase the amount of financial damages my family suffered from at 4809 Vista Lane by refusing to enforce anything close to the Kitty Hawk zoning code, meaning Jasper Rogers refused to fine violators for each violation as per Kitty Hawk code, which substantiates a criminal conspiracy to steal from Kitty Hawk's government. Employing a zoning inspector allowing Kitty Hawk property to have dangerous abandon vehicles and other junkyard trash, in addition to junk that is undoubtably abandon trash that should be placed in a trashcan is a crime itself. My family without a doubt suffered a financial loss selling 4809 Vista Lane and an appraiser and real estate expert have already provided me documentation that 4809 Vista Lane was worth more than what I was forced to sell the property for after almost every potential buyer had a concern with the abandon trash zoning violations. Kitty Hawk's problems aren't going to fix themselves... Kitty Hawk's corruption is available online at: https://urldefense.proofpoint.com/v2/url?u=https-3A__outerbankshomeimprovements.com_4809vistalanerenovation&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QliwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=0nXezvWrowbh7MfSvzxNhp7nhSl3mVRhvoxNyZYEzCQ&e=

5) During one of my inspections of 75 E. Dogwood Trail with Alan Creech I smelled propane right before we were leaving 75 E. Dogwood Trail and Alan Creech also agreed he smelled propane. I did what I could do to make sure propane wasn't filling the house by making sure Alan Creech made sure the stove was not turned on (text messages prove we communicated about the smell of propane). I have no idea where the propane was coming from but I removed the propane stove and propane heater when I moved into 75 E. Dogwood Trail. What law enforcement should be concerned with is the fact that I bought 75 E. Dogwood Trail with a heat pump that Delta-T inspected and found to be a working heat pump that would not require propane heat unless temperatures were below a certain temperature, which I believe is 32 degrees (the 75 E. Dogwood Trail listing states the house had a heat pump). When I moved into 75 E. Dogwood Trail on Labor Day the heat pump was no longer at the house and there was an inoperable air conditioner that R.A. Hoy indicated did not have a heat pump. Law Enforcement should be concerned that I was lured to 75 E. Dogwood Trail so the house could be blown up with propane, but smelled the propane and caught the scheme in the act. After I caught the scheme the heat pump was replaced with an air conditioner because having backup propane heat on a heat pump makes absolutely no sense in North Carolina's climate where temperatures rarely drop below 32 degrees. I suspect the wires in the attached picture may have been installed to ignite the fire because they were uncapped and very close together when the house was for sale (I've provided the FBI pictures). The attached wires could have had a timer or remote connected to them so they would receive electric at a specific moment and the electric spark would jump from wire to wire, igniting the fire. When I bought 4809 Vista Lane the home inspector coincidentally found a problem with the wiring in the family room fan which was mounted on a cathedral ceiling significantly higher than the closest smoke detector. I found that the wiring problem was there was (2) separate power sources (coming from 2 different switches) improperly wired to a remote receiver in the fan. Since the remote to the fan was not in 4809 Vista Lane when my family bought the house, law enforcement should be concerned that there is an arsonist with knowledge of starting fires with electrical rigs in the Outer Banks. I am not a licensed electrician, so I could not tell you whether a fan remote could have started a fire at 4809 Vista Lane, but I can tell you that the light and fan did not work properly so no one could have lived in 4809 Vista Lane without being aware of the problem. My real estate sale in Pennsylvania was obviously interfered with so I could only sell the house at a very specific time and Jen Franz would be required to live in North Carolina without the rest of the family. Imagine a worst case scenario on your hands like there is a conspiracy against Jen Franz that involved her being coerced into an op against me that Jen Franz is not aware of. Maybe Jen Franz was intentionally food poisoned so she would be hospitalized and corrupt healthcare workers installed cochlear implants in her ear(s) without her knowledge and their plan failed and their best case scenario is Jen Franz dies. I'll let law enforcement do their job, but I really suggest you get passed the zoning problems that Kitty Hawk and Southern Shores are undoubtably in the wrong with. I'm guessing law enforcement investigating Southern Shores and Kitty Hawk has no choice but to investigate arson and murder conspiracies so I would hate for a few bad municipal employees that enjoy abusing their power to get the entire town(s) tied into such a crazy criminal conspiracy.

5) Another fact that might concern law enforcement is appraiser Betsy Hughes of BK Appraisals appraised 4809 Vista Lane at $533,000 before I renovated the house and then appraised 75 E. Dogwood Trail at $662,000. The $662,000 appraisal does not make much sense to me at all and if I was law enforcement I'd be concerned Betsy Hughes was

somehow manipulated to undervalue 75 E Dogwood Trail (so the sale of 75 E. Dogwood Trail would look less like bait specifically designed for me and my budget). Law Enforcement may be able to find appraisers that will say Betsy Hughes appraisal was rigged to undervalue 75 E. Dogwood Trail more than $100,000. Betsy Hughes $662,000 appraisal is at: https://urldefense.proofpoint.com/v2/url?u=https-3A__outerbankshomeimprovements.com_75-2Dappraisals&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=00haQtmd5i9BqQWvAY_bZAsm98YO0Izkf-TuX5zw7EM&e=
A comparative market analysis indicating the suggested price of 75 E. Dogwood Trail is $802,055 is at: https://urldefense.proofpoint.com/v2/url?u=https-3A__outerbankshomeimprovements.com_75-2Dcomp-2Dmark-2Danalysis&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=JVk6wUkDJ2RBpEASZQeUIcBGnMYMLccahPFUrOYNs3CS9z2ciqbKA7OS2HBXSwGC&s=ICFYrGqsam2aWTA_uIfDoY7Wq2gR1rHA2ExBG06pfzc&e=

Thank you,
Anthony Stocker Mina

PS Jodi Scott Ratcliffe bought 4809 Vista Lane from me and Jen Franz. The name code I have been telling law enforcement about would have some type of meaning involving using someone named Cliff (perhaps Cliff Ogburn) as a rat or ratting on Cliff Ogburn. I'll let law enforcement figure out what people so powerful that they can move people in and out of 1/2 million dollar homes, because of their name, would be communicating.

Subject: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement,

I just wanted to make sure all of Southern Shores Police Officers had a copy of the email that Wes Haskett sent to me in attempts to conceal his illegal zoning code amendment. Please note that Wes Haskett also emailed David Kole, Elizabeth Morey, PAID attorney Philip Hornthal and Cliff Ogburn.

As you can see from the email, Wes Haskett proved he is part of a criminal conspiracy to illegally use zoning codes to cause me problems and make Southern Shores liable for crimes and civil actions by illegally deleting Town Code Sec 36-414(b) which requires Southern Shores to post notice at the effected property(s) of the zoning amendment in addition to publication in the newspaper. Not only did Wes Haskett not post notice at 75 E Dogwood Trail of the proposed zoning amendment scheduled for June 6, 2023, Wes Haskett intentionally did not tell me about the zoning code hearing scheduled for June 6, 2023 until June 1, 2023 after 1 month's of emailed correspondence about 75 E Dogwood Trail with me. During the 1 month of communication Wes Haskett was refusing to provide me material information about Southern Shores zoning code the home owner Linda Lauby negotiated an additional $75,000 from me for 75 E. Dogwood Trail which was listed as a lot that was subdividable.

Sorry about all the emails, I just wanted to very clearly explain that Wes Haskett is committing crimes and appears to be making other Southern Shores employees like the Police Chief, Mayor and Town Manager look involved with his crimes (or like people Wes Haskett perceives as idiots in his scheme against me).

Thank you,
Anthony Stocker Mina

Subject: RE: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Good afternoon, Mr. Mina. My responses to your questions are as follows:

1. The Town of Southern Shores Town Code states:

Sec. 1-10. - Amendments to Code.
(a) Amendments to any of the provisions of this Code shall be made by amending such provisions by specific reference to the section number of this Code. Such amendments may be in the following language: "That section _____ of the Code of Ordinances, Town of Southern Shores, North Carolina (or Southern Shores Town Code), is hereby amended to read as follows: ... ." The new provisions may then be set out in full as desired.

Sec. 36-414. Motion to amend.
(a) The town council may, on its own motion or upon motion or upon petition by any person within any zoning jurisdiction of the town, after public notice and hearing, amend, supplement, change, modify or repeal the regulations herein established or the maps which are part of this chapter, subject to the rules prescribed in this article. No regulation or map shall be amended, supplemented, changed, modified or repealed until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Prior to adopting or rejecting any zoning amendment, the planning board shall adopt a statement describing whether its action is consistent with the adopted town comprehensive land use plan and explaining why the planning board considers the action taken to be reasonable and in the public interest. That statement is not subject to judicial review. A notice of such hearing shall be given one a week for two successive calendar weeks in a newspaper of general circulation in the town, said notice to be published the first time not less than ten days nor more than 25 days prior to the date fixed for the hearing.

Sec. 36-415. Planning board action.

(a) Every proposed amendment, supplement, change, modification, or repeal to this chapter shall be referred to the planning board for its recommendation and report. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the town council may proceed in its consideration of the amendment without the planning board report. The town council is not bound by the recommendations, if any of the planning board.

Attached you will find documentation showing that the Town of Southern Shores legally amended the Town Code on June 6, 2023. The attachments included are:

- Zoning Text Amendment application ZTA-23-03.
- The advertised Planning Board agenda for May 15, 2023 when ZTA-23-03 was heard by the Planning Board.
- Screenshot of the required public notice for the May 15, 2023 Planning Board meeting from the May 10, 2023 edition of the Coastland Times newspaper.
- Screenshots of the required public notices for the June 6, 2023 public hearing for ZTA-23-03 from the May 24, 2023 and May 31, 2023 editions of the Coastland Times newspaper.
- The advertised Town Council agenda for June 6, 2023, when the public hearing was held.
- The minutes from the June 6, 2023 Town Council meeting.
- Ordinance 2023-06-03 enacted with the Mayor's signature.

I've also attached the applicable North Carolina General Statutes that establish authority for municipalities to adopt and amend development regulations.

2. It appears that 172 and 174 S. Dogwood Trl. were created through a recombination of previously platted lots in 1999. At that time, there was only one structure which is currently situated on 174 S. Dogwood Trl. and the applicable side yard (setback) was 10 ft. The structure that is currently situated on 172 S. Dogwood Trl. was permitted in 2000 when the side yard (setback) requirement was still 10 ft. Other than removing the encroaching portion of the structure at 75 E. Dogwood Trl., documents required to make the encroachment conforming include a Zoning Text Amendment application (attached), $200.00 fee, and proposed language to amend the current side yard (setback) requirement or create an exemption for such situations. The application would have to follow the process noted above and it would have to be approved by the Town Council.

The Southern Shores Town Council has been and will always be the body that adopts and amends the Town's zoning requirements, not Town Staff such as myself. The Town Council directs Town Staff to draft amendments to the Town Code, such as ZTA-23-03 to amend the Town's lot width requirements, which they adopted.

Subject: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Dear Wes Haskett,

I am writing you in response to the denial of my lot subdivision application which states "Feel free to contact me at (252) 261-2394 or whaskett@southernshores-nc.gov. if you have any questions or concerns".

My questions are:

1) How does Southern Shores believe taking a property right with a zoning amendment from a tax payer is legal? As paragraph 6 and Exhibit I of my subdivision application states, it is Applicant's position that an eminent domain transaction is required to change land use. Wes Haskett and Philip Hornthal have repeatedly refused to answer the aforesaid question. I have no evidence indicating Southern Shores is not intentionally violating eminent domain laws and stealing land value. It is not legal to use an illegally adopted zoning amendment (paragraph 1 of the denial-Town Code Section 36-202(d)) as a reason to deny my lot sub-division.

2) What zoning code permits the set back distance between 174 S. Dogwood Trail (the house with the white Crosstour) and 172 S. Dogwood Trail? It appears to me if Southern Shores wants to claim 75 E. Dogwood Trail encroaches in the required side set back (although I disagree with paragraph 2 of Wes Haskett's denial of lot sub-division) I should be filing my lot subdivision plan the same way 172 and 174 S. Dogwood Trail were permitted to build the homes so close to each other. What zoning code and/or documents need to be used to get 75 E. Dogwood Trail to be accepted as conforming to side set back requirements like 172 and 174 S. Dogwood Trail?

My concerns are the following:

Wes Haskett and Philip Hornthal are not in touch with reality and a danger to other people's physical and emotional well being. Wes Haskett has refused to answer how he believes he is legally changing land use with a zoning amendment since last summer. Changing land use from a 2 single home property (with a subdivision by right) to a 1 single home property causes land value monetary damages to some Southern Shores tax payers of significantly more than $100,000. In the real world $100,000 is easily the difference between life and death. $100,000 can be the difference between the medical care someone needs and accepting that their life is coming to an end. If you walk into a bank demanding $100,000 you are lucky if you are not killed. Wes Haskett and Philip Hornthal refuse to explain how they legally think they can cause some Southern Shores home owners more than $100,000 in monetary damages with a zoning code amendment which changes land use. Applicant without a doubt will not be committing any crimes in response to Wes

Haskett and Philip Hornthal stealing land value from Southern Shores home owners, but has serious concerns that Wes Haskett and Philip Hornthal are a danger to the physical and emotional well being of others and should be involuntarily committed to a psychiatric hospital for evaluation. Applicant will give Wes Haskett and Philip Hornthal 48 hours to explain how they legally are changing land use without an eminent domain transaction and highly suggests law enforcement not to wait half as long.

Anthony Stocker Mina

PS When I testified in front of Federal Judge Edward G Smith against Chester County's labor trafficking conspiracy against me I explained that the conspirators designed me a spin move. 172 and 174 S. Dogwood Trail appear to me to be another example of the pre-meditated conspiracy which I am expected to use certain evidence against corruption a specific way. I will let law enforcement figure out if the home owners are pawned because of meanings within their names or play a role in the conspiracy that repeatedly forces me in the middle of government scandals as a way of hiding Pennsylvania's corruption like I am their undercover internal affairs guerilla. Since there is a white crosstour at 172 S. Dogwood Trail and I live in the Dick White house I feel like I am being forced in the middle of a whole lot of crossing without being paid (as Wes Haskett tries stealing more than $100,000 of land value from my family).

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are

positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Subject: Southern Shores Liability In Federal Court

Dear Southern Shores,

I hope you are doing well.

I am writing you as a professional courtesy to inform you that it is my understanding that the attached "reference email 3 zoning notice" indicates that Wes Haskett has not been properly trained for his position with Southern Shores and the Respondeat Superior Doctrine makes Southern Shores liable for Wes Haskett's illegally adopted zoning codes imposing hardships on Southern Shores property owners. The bottom line is the failure to properly train Wes Haskett could cost my family a few hundred thousand dollars (not to mention the losses of other homeowners) and Wes Haskett has violated North Carolina

and Federal Law.

As a potential litigant in Federal Court I am expected to mitigate my losses and wanted to offer Southern Shores employees and town council members group counseling with a licensed psychologist paid by me. I am concerned there may be people making decisions for Southern Shores that feel more successful abusing their power than they do following the rules/laws they are paid to enforce. By paying for Southern Shores to discuss the legal issues involved with my 75 E. Dogwood Trail lot sub division plan I believe a licensed psychologist will be able to help Southern Shores figure out why people are going to such extreme lengths to deny a lot subdivision plan they have no legal right to deny and are also making themselves liable for a false pre-tense real estate scam.

I also think group counseling would be beneficial for Southern Shores because the road they are going down with their abuse of power forces me to run for a seat on town council. I really don't feel like running for town council (or mayor) but all the ammunition I am being given with the corruption bothering my family leads me to think Southern Shores needs someone like me on town council or as the mayor. The way I see things there was only 3 approved lot subdivisions in Southern Shores in the last 10 years (according to my Public Records Request) and Southern Shores is in route to waste so much money trying to deny my lot subdivision plan with illegally adopted zoning code that after they are done in Federal Court the homeowners are going to be very mad that their government's wasteful spending could have paid for real beach bathrooms (like the concrete bathrooms in the Currituck County Soundpark on the other side of the bridge). At this point I am not 100% sure what Southern Shores got with the approximately $140,000 spent at Philip Hornthal's law firm in the last 2 years but there are tons of concrete contractors and plumbers that could have built many bathrooms for under $140,000.

Please stop wasting Southern Shores tax dollars enforcing illegally adopted zoning codes, it is my position that it is a crime itself to continue using tax dollars to do anything but vacate the illegally adopted zoning codes, properly notify the community and then vote on the zoning codes.

Thank you,
Anthony S Mina

PS What are the benefits of not allowing homeowners to put a yard sign up next to the mailbox of a house for sale? I have a special interest in marketing so the idea of not allowing "for sale" signs at the street of houses for sale sounds absolutely ridiculous, like on a level of shooting yourself in the foot type of self destruction. What is the point of not allowing for sale signs at the street of houses that are for sale?

Subject: Fw: Public Corruption In Southern Shores And Kitty Hawk

Dear Law Enforcement,

Please find the attached email titled "reference email 3 zoning notice". The attached email indicates Wes Haskett is conspiring with Cliff Ogburn to falsify records and fraudulently misrepresent zoning code notice requirements (requiring yard signs at effected properties) to taxpayers like myself and Jennifer L Franz. Competent government employees are required to correct their mistakes, not falsify records to corruptly continue using their illegally adopted codes.

Thank you,
Anthony S Mina

PS I suggest law enforcement also investigate the use of the words "this" and "that"...like Southern Shores employees got suckered into corruption that followed me from Pennsylvania that is based off of music like Black Sheep's "this or that" song.

Subject: Public Corruption In Southern Shores And Kitty Hawk

Dear North Carolina Attorney General,

Please find the attached emails documenting public corruption in Southern Shores, North Carolina. My family is a victim of a real estate scam involving corrupt government employees. The real estate scam also violates labor trafficking laws and involved corruption in Kitty Hawk, North Carolina which is partially documented at: https://outerbankshomeimprovements.com/4809vistalanerenovation

The Kitty Hawk Fire Department allowed my property to be burnt at 4809 Vista Lane as they claimed to be fighting an "offensive fire" at 4805 Vista Lane. More than $30,000 of property damages occurred at my property and the owner of 4805 Vista Lane refuses to provide insurance information to the North Carolina Insurance Adjusters.

My chestercountylawn@yahoo.com email account has many, many complaints to Kitty Hawk and Southern Shores regarding the corruption.

I have attached an email from the previous owner of 75 E. Dogwood Trail, Linda Lauby. The reason the email is included is because Southern Shores employees, their attorney Philip Hornthal and some other people have sent me emails with misplaced periods. I suggest law enforcement examine the misplaced periods because they look like a "meeting of the minds" between corrupt government employees to me. Linda Lauby agreed to sell me 75 E. Dogwood Trail as a subdividable lot (as per Southern Shores) on or about 5/7/2023 and accepted a $5000 non-refundable due diligence fee. Linda Lauby sold 75 E. Dogwood Trail using Outer Banks Realty, where Alan Creech works (Alan Creech is a realtor I had been communicating with for months). On June 1, 2023 Southern Shores employee Wes Haskett, who I had been communicated with by email since 5/1/2023 about zoning code told me Southern Shores was changing zoning code lot width requirements to prevent lot subdivisions on 6/6/2023. After the zoning code change my attorney Ashton Harrell told me Linda Lauby is not obligated to return my due diligence fee (the entire reason I bought 75 E. Dogwood Trail was for the additional lot) and after I did not terminate the agreement of sale Outer Banks Realty was stalling on the deal to sell me 75 E. Dogwood Trail and had to be informed of false pre-tense laws. 75 E. Dogwood Trail was finally sold to me and my fiancé on 7/7/2023 and now Southern Shores employee Wes Haskett is falsifying records to try and use an illegally adopted zoning code to prevent my lot subdivision. Linda Lauby coincidentally references "indentured servant" in her email and me and Jennifer Franz are definitely not indentured servants.

Please arrest Wes Haskett. The documents provided prove Wes Haskett is using tax payers money illegally to falsify records with attorney Philip Hornthal and is fraudulently mispresenting zoning code to me, Police Chief Dave Kole and Mayor Elizabeth Morey to try and justify his crimes to deprive me of a lot sub-division I bought 75 E. Dogwood Trail with.

Thank you,
Anthony Stocker Mina

PS Please do not contact my fiancé, Jennifer Franz. Jennifer and myself were labor/human trafficking victims from Pennsylvania that moved to North Carolina (unfortunately, people victimizing us have followed us to North Carolina) and Jennifer has been victimized so much that for some reason she gets mad at me when I tell her she is a victim, like her mind has some type of defense mechanism that would rather not believe she is a victim.

PPS Jennifer Franz and myself are definitely not "sitting" people in places like board rooms. Anyone saying things like "I am sitting in Tony" when they are anywhere near me and Jen Franz should be arrested for trying to coerce me and/or Jen Franz to sound like we are part of their labor trafficking schemes, which me and Jen Franz definitely are not (Me and Jennifer Franz suffer thousands and thousands and thousands of dollars in damaged because of corruption on a regular basis and do not get paid a single penny by people illegally coercing us to sound like we are part of their schemes).

Dear Tony,

Please forgive me for my late response -- I've had company and my emails have been piling up!

As you can see from the date of the survey that I hired Kirk Foreman to do, it's from March 6, 1997. I included it because back in '97, my lender had sent a notice requiring flood insurance unless a survey indicated that it was unnecessary. Hence, I obtained the survey, which indicated that the house was built 8' above sea level, which negated the flood insurance requirement.

As far as the discrepancies in surveys are concerned, waterfront property can change in 26 years; conversely, who's to say which surveyor is (more) correct? Both the Gregory family and I entered into our properties' sales in good faith, and neither of us has attempted to misrepresent the land or dwellings we sold. I sure hope your new neighbors are as lovely as the people who used to live at 73 -- they will remain good friends for life.

I thank you for thinking of me regarding your home on Vista Lane. It is beautiful! If I hadn't purchased a rental property this past July (that's occupying a lot of my time), I'd seriously consider it. I'll think about that and your questions regarding 75. Please know that I have a few time-sensitive projects underway right now, so don't be concerned if I take some time to respond.

Also, know that I'm not in a rush for you to pay off the principal balance. I know you have a lot of work to do, but I hope that you and Jen are enjoying that special property. Oh -- I'd wanted to mention some lighting on the upstairs porch that I always loved. You undoubtedly noticed the dimmer switch in the living room next to the sliders. They control bulbs that are inside the "beams" that are on the porch. I simply ran out of time and energy, and didn't climb up to replace the bulbs that reside inside the beams. When they're operating, they provide a beautiful glow.

Again, thank you for your propositions. And, I wish you and your family the very best this holiday season.

All the best,
Linda

Subject: Notice Of Federal Law Suits Against Southern Shores, Dare County And Kitty Hawk

Dear Southern Shores, Dare County and Kitty Hawk,

I hope you are doing well.

I am writing you as a professional courtesy to notify you that I have done everything I can possibly do to stop Wes Haskett from committing crimes against my family with his criminal conspiracy to deny a 75 E. Dogwood Trail lot subdivision that Outer Banks Realty indicated Southern Shores said was possible before selling me 75 E. Dogwood Trail. If Wes Haskett denies the attached "75subdivision plan 7-3-2024" I will have no choice to file Federal actions against Southern Shores town and police department, Kitty Hawk town and police department and Dare County, including the District Attorneys Office. As you can see from the 75subdivisionplan7-3-2024" the only thing my lot

subdivision plan asks approval for is a decision based on applicable codes without being rejected with unenforceable illegally adopted code. Wes Haskett has yet to stop committing crimes against my family which include falsifying records in his email dated May 21, 2024 (attached below) with fraudulently misrepresented Southern Shores code to hide his illegally adopted code as Wes Haskett claimed to me, David Kole, Elizabeth Morey, Cliff Ogburn and PAID attorney Philip Hornthal that the zoning amendment he made when I was under contract (an Agreement of sale was signed by me, Jennifer Franz and Linda Lauby) to purchase 75 E. Dogwood Trail was legally adopted, which it without a doubt was not. Wes Haskett's email dated May 21, 2024 substantiates a criminal conspiracy between Wes Haskett, PAID attorney Philip Hornthal and anyone copied in the email not initiating criminal action against Wes Haskett (silence can not be tolerated under law). Using Southern Shores money to pay attorney Philip Hornthal to participate in crimes against my family and other Southern Shores home owners is a crime itself.

I sincerely apologize for being stuffed into this position by Wes Haskett and want you to be aware that I absolutely hate filing law suits. I also hate typing on my computer and have a million things I'd rather be doing. I hate typing on computers so much that I can still remember when computers were new in elementary school and kids were being taught how to type. As I was being taught how to type I was thinking that Atari and Coleco Vision didn't last too long before Nintendo was invented so hopefully these stupid computers won't be around for much longer... And here I am, almost 40 years later typing on a stupid computer when I'd much rather be outside on my subdivided lot sweating my butt off in 90 degree plus weather working.

PLEASE STOP WES HASKETT FROM COMMITTING CRIMES AGAINST MY FAMILY. I hate to ruin the element of surprise but stopping Wes Haskett from committing crimes against my family means that Southern Shores and their police department do not get taken to Federal Court and Dare County and Kitty Hawk may still be able to correct their problems without going to Federal Court. Stopping Wes Haskett from committing crimes against my family also reduces the merits/significance of Equal Protection/Discrimination cases (Jasper Roger's damages will be unaffected). At this point, forcing me to take action against Wes Haskett is a Federal Involuntary Servitude (slavery) violation itself. I do not get paid to do police work so I should not be forced to do police work or suffer financial and legal consequences.

Thank you,
Anthony Stocker Mina

PS Please note that I have a Public Records Request at Southern Shores dated 6/17/2024 requesting all records of the communication, including names and phone numbers that were used when communicating the fact that 75 E Dogwood Trail was a subdividable lot to Outer Banks Realty , as Outer Banks Realty indicated occurred and listed 75 E. Dogwood Trail as a subdividable lot (and provided me an email stating Southern Shores said the lot was subdividable). I will provide law enforcement the results of my public records request when I receive the results.

RE: 75 Lot Subdivision Approval

Dear Southern Shores,

Please find the attached (2) Lot Subdivision Applications with notarized preliminary plats and (2) $100 checks for the Application fee. Please disregard Application # 2 with the approval of Application #1. After being told by Mr. Douglas Styon's that the mylar copy and final subdivision plan will be provided to Applicant when Southern Shores decides which subdivision plan will be accepted, it is Applicant's position that the procedure Wes Haskett is forcing Applicants to use to obtain the lot subdivision is discriminately biased and involves local code violations by Wes Haskett in addition to North Carolina State and Federal Law violations.

Application # 1 contains subdivision plan "Exhibit A" and was created to identical standards as the 109 Osprey Lane subdivision plan approved by Wes Haskett on January 7, 2010 which is labeled Exhibit "B". Application # 1 is applicant's preference because the shared driveway layout will allow homeowners to enhance the aesthetic beauty of both lots the most and keep more of the trees providing privacy between 73 and 75 E. Dogwood Trail. Wes Haskett has indicated that TCA-21-06 now does not allow easement access like 109 Osprey Lane, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed TCA-21-06 was illegally adopted and is unenforceable because Southern Shores property owners effected by TCA-21-06 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicants Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicants Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicants Public Records Request proved never happened. Wes Haskett claims North Carolina Article 6 ss 160D -601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. So, the illegally adopted TCA-21-06 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulently misrepresented Southern Shores' zoning code with Notice requirement "Sec. 36-414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corruption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Dogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. During the 1 month from May 1, 2023 to June 1, 2023 the 75 E. Dogwood Trail was listed for sale as a sub-dividable lot that Southern Shores said was sub-dividable and the previous homeowner, Linda Lauby negotiated an additional $75,000 from Applicant's for the purchase of 75 E. Dogwood Trail. Wes Haskett's fraudulent concealment of zoning code also prevented the easiest solution to the lot subdivision plans, which would have been to submit the lot subdivision plans prior to June 6, 2023. In addition to obstructing Applicant's right to knowledge of zoning codes, Wes Haskett also tampered with evidence by claiming the lots created at 233 N. Dogwood Trail and adjacent 0 N. Dogwood Trail lots were created prior to the town's incorporation in 1979 when Applicant submitted a Public Records Request (Labeled "Exhibit E"). A second public records request which asked for all records from 233 N. Dogwood Trail prove that not only were the current lots created on July 21, 2016 and approved by Wes Haskett, they also prove Wes Haskett uses his discretion to deviate from town code lot width regulations, but is discriminately trying to abuse illegally adopted lot width code to prevent the 75 E. Dogwood Trail lot subdivision. As such, Applicant's respectfully request that Application # 1 be approved as legally adopted codes have been met and Southern Shores discretion they may use to deviate from any zoning code is something other homeowners have been entitled to.

Application # 2 contains subdivision plan "Exhibit A" which was created identically to the lot subdivision plan Wes Haskett denied on June 5, 2024 (labeled "Exhibit B") with the defects in paragraphs 2 and 3 corrected. Wes Haskett claimed in "Exhibit B" that #1's lot width measurement requirement was not met, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed ZTA-23-03 was illegally adopted and is unenforceable because Southern Shores property owners effected by ZTA-23-03 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicant's Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicant's Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicant's Public Records Request proved never happened. Wes Haskett claims North Carolina Article 6 ss 160D -601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. Furthermore, AMENDING A DEVELOPMENT REGULATION that involves "down zoning" (reducing the permitted uses of land by doing something like prohibiting lot sub-divisions) requires the written consent of the property owners unless the local government initiated the down sizing. Southern Shores local government did not initiate the down sizing involved with the June 6, 2023 AMENDMENT OF ZONING REGULATIONS changing lot width requirements, Wes Haskett initiated the down sizing, and Wes Haskett did so without ever receiving approval from each of Southern Shores employees and town council members with the intent to prevent lot subdivisions (as Wes Haskett indicated in his email to me on June 7, 2023). So, the illegally adopted ZTA-23-03 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by

falsifying records with fraudulently misrepresented Southern Shores' zoning code with Notice requirement Sec. 36-414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corruption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Dogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. Wes Haskett has yet to stop committing crimes against my family which include falsifying records in his email dated May 21, 2024 (attached below) with fraudulently misrepresented Southern Shores code to hide his illegally adopted code as Wes Haskett claimed to me, David Kole, Elizabeth Morey, Cliff Ogburn and PAID attorney Philip Hornthal that the zoning amendment he made when I was under contract (an Agreement of sale was signed by me, Jennifer Franz and Linda Lauby) to purchase 75 E. Dogwood Trail was legally adopted, which it without a doubt was not. Wes Haskett's email dated May 21, 2024 substantiates a criminal conspiracy between Wes Haskett, PAID attorney Philip Hornthal and anyone copied in the email not initiating criminal action against Wes Haskett (silence can not be tolerated under law). Using Southern Shores money to pay attorney Philip Hornthal to participate in crimes against my family and other Southern Shores home owners is a crime itself.

I sincerely apologize for being stuffed into this position by Wes Haskett and want you to be aware that I absolutely hate filing law suits. I also hate typing on my computer and have a million things I'd rather be doing. I hate typing on computers so much that I can still remember when computers were new in elementary school and kids were being taught how to type. As I was being taught how to type I was thinking that Atari and Coleco Vision didn't last too long before Nintendo was invented so hopefully these stupid computers won't be around for much longer... And here I am, almost 40 years later typing on a stupid computer when I'd much rather be outside on my subdivided lot sweating my butt off in 90 degree plus weather working.

PLEASE STOP WES HASKETT FROM COMMITTING CRIMES AGAINST MY FAMILY. I hate to ruin the element of surprise but stopping Wes Haskett from committing crimes against my family means that Southern Shores and their police department do not get taken to Federal Court and Dare County and Kitty Hawk may still be able to correct their problems without going to Federal Court. Stopping Wes Haskett from committing crimes against my family also reduces the merits/significance of Equal Protection/Discrimination cases (Jasper Roger's damages will be unaffected). At this point, forcing me to take action against Wes Haskett is a Federal Involuntary Servitude (slavery) violation itself. I do not get paid to do police work so I should not be forced to do police work or suffer financial and legal consequences.

Thank you,

Anthony Stocker Mina

PS Please note that I have a Public Records Request at Southern Shores dated 6/17/2024 requesting all records of the communication, including names and phone numbers that were used when communicating the fact that 75 E Dogwood Trail was a subdividable lot to Outer Banks Realty , as Outer Banks Realty indicated occurred and listed 75 E. Dogwood Trail as a subdividable lot (and provided me an email stating Southern Shores said the lot was subdividable). I will provide law enforcement the results of my public records request when I receive the results.

RE: 75 Lot Subdivision Approval

Dear Southern Shores,

Please find the attached (2) Lot Subdivision Applications with notarized preliminary plats and (2) $100 checks for the Application fee. Please disregard Application # 2 with the approval of Application #1. After being told by Mr. Douglas Styon's that the mylar copy and final subdivision plan will be provided to Applicant when Southern Shores decides which subdivision plan will be accepted, it is Applicant's position that the procedure Wes Haskett is forcing Applicants to use to obtain the lot subdivision is discriminately biased and involves local code violations by Wes Haskett in addition to North Carolina State and Federal Law violations.

Application # 1 contains subdivision plan "Exhibit A" and was created to identical standards as the 109 Osprey Lane subdivision plan approved by Wes Haskett on January 7, 2010 which is labeled Exhibit "B". Application # 1 is applicant's preference because the shared driveway layout will allow homeowners to enhance the aesthetic beauty of both lots the most and keep more of the trees providing privacy between 73 and 75 E. Dogwood Trail. Wes Haskett has indicated that TCA-21-06 now does not allow easement access like 109 Osprey Lane, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed TCA-21-06 was illegally adopted and is unenforceable because Southern Shores property owners effected by TCA-21-06 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicants Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicants Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicants Public Records Request proved never happened. Wes Haskett claims North Carolina Article 6 ss 160D -601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. So, the illegally adopted TCA-21-06 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulently misrepresented Southern Shores' zoning code with Notice requirement "Sec. 36-414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corruption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Dogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. During the 1 month from May 1, 2023 to June 1, 2023 the 75 E. Dogwood Trail was listed for sale as a sub-dividable lot that Southern Shores said was sub-dividable and the previous homeowner, Linda Lauby negotiated an additional $75,000 from Applicant's for the purchase of 75 E. Dogwood Trail. Wes Haskett's fraudulent concealment of zoning code also prevented the easiest solution to the lot subdivision plans, which would have been to submit the lot subdivision plans prior to June 6, 2023. In addition to obstructing Applicant's right to knowledge of zoning codes, Wes Haskett also

tampered with evidence by claiming the lots created at 233 N. Dogwood Trail and adjacent 0 N. Dogwood Trail lots were created prior to the town's incorporation in 1979 when Applicant submitted a Public Records Request (Labeled "Exhibit E"). A second public records request which asked for all records from 233 N. Dogwood Trail prove that not only were the current lots created on July 21, 2016 and approved by Wes Haskett, they also prove Wes Haskett uses his discretion to deviate from town code lot width regulations, but is discriminately trying to abuse illegally adopted lot width code to prevent the 75 E. Dogwood Trail lot subdivision. As such, Applicant's respectfully request that Application # 1 be approved as legally adopted codes have been met and Southern Shores discretion they may use to deviate from any zoning code is something other homeowners have been entitled to.

Application # 2 contains subdivision plan "Exhibit A" which was created identically to the lot subdivision plan Wes Haskett denied on June 5, 2024 (labeled "Exhibit B") with the defects in paragraphs 2 and 3 corrected. Wes Haskett claimed in "Exhibit B" that #1's lot width measurement requirement was not met, but unfortunately for Wes Haskett a Public Records Request (labeled Exhibit "C") revealed ZTA-23-03 was illegally adopted and is unenforceable because Southern Shores property owners effected by ZTA-23-03 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicant's Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicant's Public Records Request proved never happened and (d) optional direct communication with the property owner, which Applicant's Public Records Request proved never happened. Wes Haskett claims North Carolina Article 6 ss 160D -601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. Furthermore, AMENDING A DEVELOPMENT REGULATION that involves "down zoning" (reducing the permitted uses of land by doing something like prohibiting lot sub-divisions) requires the written consent of the property owners unless the local government initiated the down sizing. Southern Shores local government did not initiate the down sizing involved with the June 6, 2023 AMENDMENT OF ZONING REGULATIONS changing lot width requirements, Wes Haskett initiated the down sizing, and Wes Haskett did so without ever receiving approval from each of Southern Shores employees and town council members with the intent to prevent lot subdivisions (as Wes Haskett indicated in his email to me on June 7, 2023). So, the illegally adopted ZTA-23-03 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulently misrepresented Southern Shores' zoning code with Notice requirement Sec. 36-414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corruption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Dogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. Please disregard Application #2 with the approval of Application #1.

Dear Southern Shores, Dare County and Kitty Hawk,

I hope you are doing well.

I am writing you as a professional courtesy to notify you that I have done everything I can possibly do to stop Wes Haskett from committing crimes against my family with his criminal conspiracy to deny a 75 E. Dogwood Trail lot subdivision that Outer Banks Realty indicated Southern Shores said was possible before selling me 75 E. Dogwood

Trail. If Wes Haskett denies the attached "75subdivision plan 7-3-2024" I will have no choice to file Federal actions against Southern Shores town and police department, Kitty Hawk town and police department and Dare County, including the District Attorneys Office. As you can see from the 75subdivisionplan7-3-2024" the only thing my lot subdivision plan asks approval for is a decision based on applicable codes without being rejected with unenforceable illegally adopted code. Wes Haskett has yet to stop committing crimes against my family which include falsifying records in his email dated May 21, 2024 (attached below) with fraudulently misrepresented Southern Shores code to hide his illegally adopted code as Wes Haskett claimed to me, David Kole, Elizabeth Morey, Cliff Ogburn and PAID attorney Philip Hornthal that the zoning amendment he made when I was under contract (an Agreement of sale was signed by me, Jennifer Franz and Linda Lauby) to purchase 75 E. Subject: Fw: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement:

I hope you are doing well.

Now that you've been provided proof of Wes Haskett committing crimes against me and either trying to include other Southern Shores employees in his crimes or lying to other Southern Shores employees like he perceives them as complete idiots I wanted you to be aware of other pertinent facts and law.

1) In addition to being discretely told that human, sex and labor trafficking is often achieved with the help of the victim's family, so called friends or neighbor(s) I was also told that corrupt police also are involved.

2) At this point in Southern Shores, NC if my lot subdivision plan Styons' Surveying provided me last week is not approved when I submit the plan this week Southern Shores will be in violation of Federal Involuntary Servitude laws (slavery), for many reasons, one of which is I will be forced to be involved with the police work required to prosecute Wes Haskett without pay, when the only job I get paid for is providing home improvements. Southern Shores police clearly has evidence proving Wes Haskett is committing crimes so my position as a Southern Shores homeowner forced to do police work against Wes Haskett or suffer financial and legal consequences substantiates violations of Federal Involuntary Servitude Laws. Federal Involuntary Servitude Laws are found at: https://www.justice.gov/crt/involuntary-servitude-forced-labor-and-sex-trafficking-statutes-enforced

3) I've repeatedly had problems with my www.obxdreamhome.com and www.obxdreamlife.com websites being accessible by the public after I have spent more than $1000 on advertising. There are an infinite amount of ways for me to legally sell a co-ownership, time share or "to be built" renovation of 75 E. Dogwood Trail, Southern Shores, NC 27949 and the only thing potential buyers need to do is ask me how the sale is completed. For example, one way a co-ownership is legally sold in Southern Shores, NC is to sell your property to yourself and a partner that will start a Limited Liability Corporation (LLC) with you to own a single family home (The 75 E. Dogwood Trail LLC, for example). LLCs are permitted to purchase property all over the United States of America under the local town code. Based on my experiences with corruption in Pennsylvania and the fact that I am repeatedly planted in situations like I am an undercover internal affairs guerilla, there probably would be corrupt police expected to illegally freeze the work I am doing at 75 E Dogwood Trail on www.obxdreamhome.com and www.obxdreamlife.com without sitting down with me once to figure out how they can legally purchase what I am selling.

4) I have not been offered a single penny for the damages caused by Mike Meredith's house burning down (from Mike Meredith or the Kitty Hawk Fire Department). In fact, Jasper Rogers, the Kitty Hawk zoning officer helped increase the amount of financial damages my family suffered from at 4809 Vista Lane by refusing to enforce anything close to the Kitty Hawk zoning code, meaning Jasper Rogers refused to fine violators for each violation as per Kitty Hawk code, which substantiates a criminal conspiracy to steal from Kitty Hawk's government. Employing a zoning inspector allowing Kitty Hawk property to have dangerous abandon vehicles and other junkyard trash, in addition to junk that is undoubtably abandon trash that should be placed in a trashcan is a crime itself. My family without a doubt suffered a financial loss selling 4809 Vista Lane and an appraiser and real estate expert have already provided me documentation that 4809 Vista Lane was worth more than what I was forced to sell the property for after almost every potential buyer had a concern with the abandon trash zoning violations. Kitty Hawk's problems aren't going to fix themselves... Kitty Hawk's corruption is available online at: https://outerbankshomeimprovements.com/4809vistalanerenovation

5) During one of my inspections of 75 E. Dogwood Trail with Alan Creech I smelled propane right before we were leaving 75 E. Dogwood Trail and Alan Creech also agreed he smelled propane. I did what I could do to make sure propane wasn't filling the house by making sure Alan Creech made sure the stove was not turned on (text messages prove we communicated about the smell of propane). I have no idea where the propane was coming from but I removed the propane stove and propane heater when I moved into 75 E. Dogwood Trail. What law enforcement should be concerned with is the fact that I bought 75 E. Dogwood Trail with a heat pump that Delta-T inspected and found to be a working heat pump that would not require propane heat unless temperatures were below a certain temperature, which I believe is 32 degrees (the 75 E. Dogwood Trail listing states the house had a heat pump). When I moved into 75 E. Dogwood Trail on Labor Day the heat pump was no longer at the house and there was an inoperable air conditioner that R.A. Hoy

indicated did not have a heat pump. Law Enforcement should be concerned that I was lured to 75 E. Dogwood Trail so the house could be blown up with propane, but smelled the propane and caught the scheme in the act. After I caught the scheme the heat pump was replaced with an air conditioner because having backup propane heat on a heat pump makes absolutely no sense in North Carolina's climate where temperatures rarely drop below 32 degrees. I suspect the wires in the attached picture may have been installed to ignite the fire because they were uncapped and very close together when the house was for sale (I've provided the FBI pictures). The attached wires could have had a timer or remote connected to them so they would receive electric at a specific moment and the electric spark would jump from wire to wire, igniting the fire. When I bought 4809 Vista Lane the home inspector coincidentally found a problem with the wiring in the family room fan which was mounted on a cathedral ceiling significantly higher than the closest smoke detector. I found that the wiring problem was there was (2) separate power sources (coming from 2 different switches) improperly wired to a remote receiver in the fan. Since the remote to the fan was not in 4809 Vista Lane when my family bought the house, law enforcement should be concerned that there is an arsonist with knowledge of starting fires with electrical rigs in the Outer Banks. I am not a licensed electrician, so I could not tell you whether a fan remote could have started a fire at 4809 Vista Lane, but I can tell you that the light and fan did not work properly so no one could have lived in 4809 Vista Lane without being aware of the problem. My real estate sale in Pennsylvania was obviously interfered with so I could only sell the house at a very specific time and Jen Franz would be required to live in North Carolina without the rest of the family. Imagine a worst case scenario on your hands like there is a conspiracy against Jen Franz that involved her being coerced into an op against me that Jen Franz is not aware of. Maybe Jen Franz was intentionally food poisoned so she would be hospitalized and corrupt healthcare workers installed cochlear implants in her ear(s) without her knowledge and their plan failed and their best case scenario is Jen Franz dies. I'll let law enforcement do their job, but I really suggest you get passed the zoning problems that Kitty Hawk and Southern Shores are undoubtably in the wrong with. I'm guessing law enforcement investigating Southern Shores and Kitty Hawk has no choice but to investigate arson and murder conspiracies so I would hate for a few bad municipal employees that enjoy abusing their power to get the entire town(s) tied into such a crazy criminal conspiracy.

5) Another fact that might concern law enforcement is appraiser Betsy Hughes of BK Appraisals appraised 4809 Vista Lane at $533,000 before I renovated the house and then appraised 75 E. Dogwood Trail at $662,000. The $662,000 appraisal does not make much sense to me at all and if I was law enforcement I'd be concerned Betsy Hughes was somehow manipulated to undervalue 75 E Dogwood Trail (so the sale of 75 E. Dogwood Trail would look less like bait specifically designed for me and my budget). Law Enforcement may be able to find appraisers that will say Betsy Hughes appraisal was rigged to undervalue 75 E. Dogwood Trail more than $100,000. Betsy Hughes $662,000 appraisal is at:
https://outerbankshomeimprovements.com/75-appraisals
A comparative market analysis indicating the suggested price of 75 E. Dogwood Trail is $802,055 is at:
https://outerbankshomeimprovements.com/75-comp-mark-analysis

Thank you,
Anthony Stocker Mina

PS Jodi Scott Ratcliffe bought 4809 Vista Lane from me and Jen Franz. The name code I have been telling law enforcement about would have some type of meaning involving using someone named Cliff (perhaps Cliff Ogburn) as a rat or ratting on Cliff Ogburn. I'll let law enforcement figure out what people so powerful that they can move people in and out of 1/2 million dollar homes, because of their name, would be communicating.

Subject: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement,

I just wanted to make sure all of Southern Shores Police Officers had a copy of the email that Wes Haskett sent to me in attempts to conceal his illegal zoning code amendment. Please note that Wes Haskett also emailed David Kole, Elizabeth Morey, PAID attorney Philip Hornthal and Cliff Ogburn.

As you can see from the email, Wes Haskett proved he is part of a criminal conspiracy to illegally use zoning codes to cause me problems and make Southern Shores liable for crimes and civil actions by illegally deleting Town Code Sec 36-414(b) which requires Southern Shores to post notice at the effected property(s) of the zoning amendment in addition to publication in the newspaper. Not only did Wes Haskett not post notice at 75 E Dogwood Trail of the proposed zoning amendment scheduled for June 6, 2023, Wes Haskett intentionally did not tell me about the zoning code hearing scheduled for June 6, 2023 until June 1, 2023 after 1 month's of emailed correspondence about 75 E Dogwood Trail with me. During the 1 month of communication Wes Haskett was refusing to provide me material information about Southern Shores zoning code the home owner Linda Lauby negotiated an additional $75,000 from me for 75 E. Dogwood Trail which was listed as a lot that was subdividable.

Sorry about all the emails, I just wanted to very clearly explain that Wes Haskett is committing crimes and appears to be making other Southern Shores employees like the Police Chief, Mayor and Town Manager look involved with his crimes (or like people Wes Haskett perceives as idiots in his scheme against me).

Thank you,
Anthony Stocker Mina

Subject: RE: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Good afternoon, Mr. Mina. My responses to your questions are as follows:

1. The Town of Southern Shores Town Code states:

Sec. 1-10. - Amendments to Code.
(a) Amendments to any of the provisions of this Code shall be made by amending such provisions by specific reference to the section number of this Code. Such amendments may be in the following language: "That section _____ of the Code of Ordinances, Town of Southern Shores, North Carolina (or Southern Shores Town Code), is hereby amended to read as follows: ... ." The new provisions may then be set out in full as desired.

Sec. 36-414. Motion to amend.
(a) The town council may, on its own motion or upon motion or upon petition by any person within any zoning jurisdiction of the town, after public notice and hearing, amend, supplement, change, modify or repeal the regulations herein established or the maps which are part of this chapter, subject to the rules prescribed in this article. No regulation or map shall be amended, supplemented, changed, modified or repealed until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Prior to adopting or rejecting any zoning amendment, the planning board shall adopt a statement describing whether its action is consistent with the adopted town comprehensive land use plan and explaining why the planning board considers the action taken to be reasonable and in the public interest. That statement is not subject to judicial review. A notice of such hearing shall be given one a week for two successive calendar weeks in a newspaper of general circulation in the town, said notice to be published the first time not less than ten days nor more than 25 days prior to the date fixed for the hearing.

Sec. 36-415. Planning board action.
(a) Every proposed amendment, supplement, change, modification, or repeal to this chapter shall be referred to the planning board for its recommendation and report. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the town council may proceed in its consideration of the amendment without the planning board report. The town council is not bound by the recommendations, if any of the planning board.

Attached you will find documentation showing that the Town of Southern Shores legally amended the Town Code on June 6, 2023. The attachments included are:

- Zoning Text Amendment application ZTA-23-03.
- The advertised Planning Board agenda for May 15, 2023 when ZTA-23-03 was heard by the Planning Board.
- Screenshot of the required public notice for the May 15, 2023 Planning Board meeting from the May 10, 2023 edition of the Coastland Times newspaper.
- Screenshots of the required public notices for the June 6, 2023 public hearing for ZTA-23-03 from the May 24, 2023 and May 31, 2023 editions of the Coastland Times newspaper.
- The advertised Town Council agenda for June 6, 2023, when the public hearing was held.
- The minutes from the June 6, 2023 Town Council meeting.
- Ordinance 2023-06-03 enacted with the Mayor's signature.

I've also attached the applicable North Carolina General Statutes that establish authority for municipalities to adopt and amend development regulations.

2. It appears that 172 and 174 S. Dogwood Trl. were created through a recombination of previously platted lots in 1999. At that time, there was only one structure which is currently situated on 174 S. Dogwood Trl. and the applicable side yard (setback) was 10 ft. The structure that is currently situated on 172 S. Dogwood Trl. was permitted in 2000 when the side yard (setback) requirement was still 10 ft. Other than removing the encroaching portion of the structure at 75 E. Dogwood Trl., documents required to make the encroachment conforming include a Zoning Text Amendment application (attached), $200.00 fee, and proposed language to amend the current side yard (setback) requirement or create an exemption for such situations. The application would have to follow the process noted above and it would have to be approved by the Town Council.

The Southern Shores Town Council has been and will always be the body that adopts and amends the Town's zoning requirements, not Town Staff such as myself. The Town Council directs Town Staff to draft amendments to the Town Code, such as ZTA-23-03 to amend the Town's lot width requirements, which they adopted.

Subject: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Dear Wes Haskett,

I am writing you in response to the denial of my lot subdivision application which states "Feel free to contact me at (252) 261-2394 or whaskett@southernshores-nc.gov. if you have any questions or concerns".

My questions are:

1) How does Southern Shores believe taking a property right with a zoning amendment from a tax payer is legal? As paragraph 6 and Exhibit I of my subdivision application states, it is Applicant's position that an eminent domain transaction is required to change land use. Wes Haskett and Philip Hornthal have repeatedly refused to answer the aforesaid question. I have no evidence indicating Southern Shores is not intentionally violating eminent domain laws and stealing land value. It is not legal to use an illegally adopted zoning amendment (paragraph 1 of the denial-Town Code Section 36-202(d)) as a reason to deny my lot sub-division.

2) What zoning code permits the set back distance between 174 S. Dogwood Trail (the house with the white Crosstour) and 172 S. Dogwood Trail? It appears to me if Southern Shores wants to claim 75 E. Dogwood Trail encroaches in the required side set back (although I disagree with paragraph 2 of Wes Haskett's denial of lot sub-division) I should be filing my lot subdivision plan the same way 172 and 174 S. Dogwood Trail were permitted to build the homes so close to each other. What zoning code and/or documents need to be used to get 75 E. Dogwood Trail to be accepted as conforming to side set back requirements like 172 and 174 S. Dogwood Trail?

My concerns are the following:

Wes Haskett and Philip Hornthal are not in touch with reality and a danger to other people's physical and emotional well being. Wes Haskett has refused to answer how he believes he is legally changing land use with a zoning amendment since last summer. Changing land use from a 2 single home property (with a subdivision by right) to a 1 single home property causes land value monetary damages to some Southern Shores tax payers of significantly more than $100,000. In the real world $100,000 is easily the difference between life and death. $100,000 can be the difference between the medical care someone needs and accepting that their life is coming to an end. If you walk into a bank demanding $100,000 you are lucky if you are not killed. Wes Haskett and Philip Hornthal refuse to explain how they legally think they can cause some Southern Shores home owners more than $100,000 in monetary damages with a zoning code amendment which changes land use. Applicant without a doubt will not be committing any crimes in response to Wes Haskett and Philip Hornthal stealing land value from Southern Shores home owners, but has serious concerns that Wes Haskett and Philip Hornthal are a danger to the physical and emotional well being of others and should be involuntarily committed to a psychiatric hospital for evaluation. Applicant will give Wes Haskett and Philip Hornthal 48 hours to explain how they legally are changing land use without an eminent domain transaction and highly suggests law enforcement not to wait half as long.

Anthony Stocker Mina

PS When I testified in front of Federal Judge Edward G Smith against Chester County's labor trafficking conspiracy against me I explained that the conspirators designed me a spin move. 172 and 174 S. Dogwood Trail appear to me to be another example of the pre-meditated conspiracy which I am expected to use certain evidence against corruption a specific way. I will let law enforcement figure out if the home owners are pawned because of meanings within their names or play a role in the conspiracy that repeatedly forces me in the middle of government scandals as a way of hiding Pennsylvania's corruption like I am their undercover internal affairs guerilla. Since there is a white crosstour at 172 S. Dogwood Trail and I live in the Dick White house I feel like I am being forced in the middle of a whole lot of crossing without being paid (as Wes Haskett tries stealing more than $100,000 of land value from my family).

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with

misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Subject: Fw: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement:

I hope you are doing well.

Now that you've been provided proof of Wes Haskett committing crimes against me and either trying to include other Southern Shores employees in his crimes or lying to other Southern Shores employees like he perceives them as complete idiots I wanted you to be aware of other pertinent facts and law.

1) In addition to being discretely told that human, sex and labor trafficking is often achieved with the help of the victim's family, so called friends or neighbor(s) I was also told that corrupt police also are involved.

2) At this point in Southern Shores, NC if my lot subdivision plan Styons' Surveying provided me last week is not approved when I submit the plan this week Southern Shores will be in violation of Federal Involuntary Servitude laws (slavery), for many reasons, one of which is I will be forced to be involved with the police work required to prosecute Wes Haskett without pay, when the only job I get paid for is providing home improvements. Southern Shores police clearly has evidence proving Wes Haskett is committing crimes so my position as a Southern Shores homeowner forced to do police work against Wes Haskett or suffer financial and legal consequences substantiates violations of Federal Involuntary Servitude Laws. Federal Involuntary Servitude Laws are found at: https://www.justice.gov/crt/involuntary-servitude-forced-labor-and-sex-trafficking-statutes-enforced

3) I've repeatedly had problems with my www.obxdreamhome.com and www.obxdreamlife.com websites being accessible by the public after I have spent more than $1000 on advertising. There are an infinite amount of ways for me to legally sell a co-ownership, time share or "to be built" renovation of 75 E. Dogwood Trail, Southern Shores, NC 27949 and the only thing potential buyers need to do is ask me how the sale is completed. For example, one way a co-ownership is legally sold in Southern Shores, NC is to sell your property to yourself and a partner that will start a Limited Liability Corporation (LLC) with you to own a single family home (The 75 E. Dogwood Trail LLC, for example). LLCs are permitted to purchase property all over the United States of America under the local town code. Based on my experiences with corruption in Pennsylvania and the fact that I am repeatedly planted in situations like I am an undercover internal affairs guerilla, there probably would be corrupt police expected to illegally freeze the work I am doing at 75 E Dogwood Trail on www.obxdreamhome.com and www.obxdreamlife.com without sitting down with me once to figure out how they can legally purchase what I am selling.

4) I have not been offered a single penny for the damages caused by Mike Meredith's house burning down (from Mike Meredith or the Kitty Hawk Fire Department). In fact, Jasper Rogers, the Kitty Hawk zoning officer helped increase the amount of financial damages my family suffered from at 4809 Vista Lane by refusing to enforce anything close to the Kitty Hawk zoning code, meaning Jasper Rogers refused to fine violators for each violation as per Kitty Hawk code, which substantiates a criminal conspiracy to steal from Kitty Hawk's government. Employing a zoning inspector allowing Kitty Hawk property to have dangerous abandon vehicles and other junkyard trash, in addition to junk that is undoubtably abandon trash that should be placed in a trashcan is a crime itself. My family without a doubt suffered a financial loss selling 4809 Vista Lane and an appraiser and real estate expert have already provided me documentation that 4809 Vista Lane was worth more than what I was forced to sell the property for after almost every potential buyer had a concern with the abandon trash zoning violations. Kitty Hawk's problems aren't going to fix themselves... Kitty Hawk's corruption is available online at: https://outerbankshomeimprovements.com/4809vistalanerenovation

5) During one of my inspections of 75 E. Dogwood Trail with Alan Creech I smelled propane right before we were leaving 75 E. Dogwood Trail and Alan Creech also agreed he smelled propane. I did what I could do to make sure propane wasn't filling the house by making sure Alan Creech made sure the stove was not turned on (text messages prove we communicated about the smell of propane). I have no idea where the propane was coming from but I removed the propane stove and propane heater when I moved into 75 E. Dogwood Trail. What law enforcement should be concerned with is the fact that I bought 75 E. Dogwood Trail with a heat pump that Delta-T inspected and found to be a working heat pump that would not require propane heat unless temperatures were below a certain temperature, which I believe is 32 degrees (the 75 E. Dogwood Trail listing states the house had a heat pump). When I moved into 75 E. Dogwood Trail on Labor Day the heat pump was no longer at the house and there was an inoperable air conditioner that R.A. Hoy indicated did not have a heat pump. Law Enforcement should be concerned that I was lured to 75 E. Dogwood Trail so the house could be blown up with propane, but smelled the propane and caught the scheme in the act. After I caught the scheme the heat pump was replaced with an air conditioner because having backup propane heat on a heat pump makes absolutely no sense in North Carolina's climate where temperatures rarely drop below 32 degrees. I suspect the wires in the attached picture may have been installed to ignite the fire because they were uncapped and very close together when the house was for sale (I've provided the FBI pictures). The attached wires could have had a timer or remote connected to them so they would receive electric at a specific moment and the electric spark would jump from

wire to wire, igniting the fire. When I bought 4809 Vista Lane the home inspector coincidentally found a problem with the wiring in the family room fan which was mounted on a cathedral ceiling significantly higher than the closest smoke detector. I found that the wiring problem was there was (2) separate power sources (coming from 2 different switches) improperly wired to a remote receiver in the fan. Since the remote to the fan was not in 4809 Vista Lane when my family bought the house, law enforcement should be concerned that there is an arsonist with knowledge of starting fires with electrical rigs in the Outer Banks. I am not a licensed electrician, so I could not tell you whether a fan remote could have started a fire at 4809 Vista Lane, but I can tell you that the light and fan did not work properly so no one could have lived in 4809 Vista Lane without being aware of the problem. My real estate sale in Pennsylvania was obviously interfered with so I could only sell the house at a very specific time and Jen Franz would be required to live in North Carolina without the rest of the family. Imagine a worst case scenario on your hands like there is a conspiracy against Jen Franz that involved her being coerced into an op against me that Jen Franz is not aware of. Maybe Jen Franz was intentionally food poisoned so she would be hospitalized and corrupt healthcare workers installed cochlear implants in her ear(s) without her knowledge and their plan failed and their best case scenario is Jen Franz dies. I'll let law enforcement do their job, but I really suggest you get passed the zoning problems that Kitty Hawk and Southern Shores are undoubtably in the wrong with. I'm guessing law enforcement investigating Southern Shores and Kitty Hawk has no choice but to investigate arson and murder conspiracies so I would hate for a few bad municipal employees that enjoy abusing their power to get the entire town(s) tied into such a crazy criminal conspiracy.

5) Another fact that might concern law enforcement is appraiser Betsy Hughes of BK Appraisals appraised 4809 Vista Lane at $533,000 before I renovated the house and then appraised 75 E. Dogwood Trail at $662,000. The $662,000 appraisal does not make much sense to me at all and if I was law enforcement I'd be concerned Betsy Hughes was somehow manipulated to undervalue 75 E Dogwood Trail (so the sale of 75 E. Dogwood Trail would look less like bait specifically designed for me and my budget). Law Enforcement may be able to find appraisers that will say Betsy Hughes appraisal was rigged to undervalue 75 E. Dogwood Trail more than $100,000. Betsy Hughes $662,000 appraisal is at:
https://outerbankshomeimprovements.com/75-appraisals
A comparative market analysis indicating the suggested price of 75 E. Dogwood Trail is $802,055 is at:
https://outerbankshomeimprovements.com/75-comp-mark-analysis

Thank you,
Anthony Stocker Mina

PS Jodi Scott Ratcliffe bought 4809 Vista Lane from me and Jen Franz. The name code I have been telling law enforcement about would have some type of meaning involving using someone named Cliff (perhaps Cliff Ogburn) as a rat or ratting on Cliff Ogburn. I'll let law enforcement figure out what people so powerful that they can move people in and out of 1/2 million dollar homes, because of their name, would be communicating.

Subject: Probable Cause To Arrest Wes Haskett

Hello Law Enforcement,

I just wanted to make sure all of Southern Shores Police Officers had a copy of the email that Wes Haskett sent to me in attempts to conceal his illegal zoning code amendment. Please note that Wes Haskett also emailed David Kole, Elizabeth Morey, PAID attorney Philip Hornthal and Cliff Ogburn.

As you can see from the email, Wes Haskett proved he is part of a criminal conspiracy to illegally use zoning codes to cause me problems and make Southern Shores liable for crimes and civil actions by illegally deleting Town Code Sec

36-414(b) which requires Southern Shores to post notice at the effected property(s) of the zoning amendment in addition to publication in the newspaper. Not only did Wes Haskett not post notice at 75 E Dogwood Trail of the proposed zoning amendment scheduled for June 6, 2023, Wes Haskett intentionally did not tell me about the zoning code hearing scheduled for June 6, 2023 until June 1, 2023 after 1 month's of emailed correspondence about 75 E Dogwood Trail with me. During the 1 month of communication Wes Haskett was refusing to provide me material information about Southern Shores zoning code the home owner Linda Lauby negotiated an additional $75,000 from me for 75 E. Dogwood Trail which was listed as a lot that was subdividable.

Sorry about all the emails, I just wanted to very clearly explain that Wes Haskett is committing crimes and appears to be making other Southern Shores employees like the Police Chief, Mayor and Town Manager look involved with his crimes (or like people Wes Haskett perceives as idiots in his scheme against me).

Thank you,
Anthony Stocker Mina

Subject: RE: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Good afternoon, Mr. Mina. My responses to your questions are as follows:

1. The Town of Southern Shores Town Code states:

Sec. 1-10. - Amendments to Code.
(a) Amendments to any of the provisions of this Code shall be made by amending such provisions by specific reference to the section number of this Code. Such amendments may be in the following language: "That section _____ of the Code of Ordinances, Town of Southern Shores, North Carolina (or Southern Shores Town Code), is hereby amended to read as follows: ... ." The new provisions may then be set out in full as desired.

Sec. 36-414. Motion to amend.
(a) The town council may, on its own motion or upon motion or upon petition by any person within any zoning jurisdiction of the town, after public notice and hearing, amend, supplement, change, modify or repeal the regulations herein established or the maps which are part of this chapter, subject to the rules prescribed in this article. No regulation or map shall be amended, supplemented, changed, modified or repealed until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Prior to adopting or rejecting any zoning amendment, the planning board shall adopt a statement describing whether its action is consistent with the adopted town comprehensive land use plan and explaining why the planning board considers the action taken to be reasonable and in the public interest. That statement is not subject to judicial review. A notice of such hearing shall be given one a week for two successive calendar weeks in a newspaper of general circulation in the town, said notice to be published the first time not less than ten days nor more than 25 days prior to the date fixed for the hearing.

Sec. 36-415. Planning board action.
(a) Every proposed amendment, supplement, change, modification, or repeal to this chapter shall be referred to the planning board for its recommendation and report. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the town council may proceed in its consideration of the amendment without the planning board report. The town council is not bound by the recommendations, if any of the planning board.

Attached you will find documentation showing that the Town of Southern Shores legally amended the Town Code on June 6, 2023. The attachments included are:

- Zoning Text Amendment application ZTA-23-03.
- The advertised Planning Board agenda for May 15, 2023 when ZTA-23-03 was heard by the Planning Board.
- Screenshot of the required public notice for the May 15, 2023 Planning Board meeting from the May 10, 2023 edition of the Coastland Times newspaper.
- Screenshots of the required public notices for the June 6, 2023 public hearing for ZTA-23-03 from the May 24, 2023 and May 31, 2023 editions of the Coastland Times newspaper.

- The advertised Town Council agenda for June 6, 2023, when the public hearing was held.
- The minutes from the June 6, 2023 Town Council meeting.
- Ordinance 2023-06-03 enacted with the Mayor's signature.

I've also attached the applicable North Carolina General Statutes that establish authority for municipalities to adopt and amend development regulations.

2. It appears that 172 and 174 S. Dogwood Trl. were created through a recombination of previously platted lots in 1999. At that time, there was only one structure which is currently situated on 174 S. Dogwood Trl. and the applicable side yard (setback) was 10 ft. The structure that is currently situated on 172 S. Dogwood Trl. was permitted in 2000 when the side yard (setback) requirement was still 10 ft. Other than removing the encroaching portion of the structure at 75 E. Dogwood Trl., documents required to make the encroachment conforming include a Zoning Text Amendment application (attached), $200.00 fee, and proposed language to amend the current side yard (setback) requirement or create an exemption for such situations. The application would have to follow the process noted above and it would have to be approved by the Town Council.

The Southern Shores Town Council has been and will always be the body that adopts and amends the Town's zoning requirements, not Town Staff such as myself. The Town Council directs Town Staff to draft amendments to the Town Code, such as ZTA-23-03 to amend the Town's lot width requirements, which they adopted.

Subject: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Dear Wes Haskett,

I am writing you in response to the denial of my lot subdivision application which states "Feel free to contact me at (252) 261-2394 or whaskett@southernshores-nc.gov. if you have any questions or concerns".

My questions are:

1) How does Southern Shores believe taking a property right with a zoning amendment from a tax payer is legal? As paragraph 6 and Exhibit I of my subdivision application states, it is Applicant's position that an eminent domain transaction is required to change land use. Wes Haskett and Philip Hornthal have repeatedly refused to answer the

aforesaid question. I have no evidence indicating Southern Shores is not intentionally violating eminent domain laws and stealing land value. It is not legal to use an illegally adopted zoning amendment (paragraph 1 of the denial-Town Code Section 36-202(d)) as a reason to deny my lot sub-division.

2) What zoning code permits the set back distance between 174 S. Dogwood Trail (the house with the white Crosstour) and 172 S. Dogwood Trail? It appears to me if Southern Shores wants to claim 75 E. Dogwood Trail encroaches in the required side set back (although I disagree with paragraph 2 of Wes Haskett's denial of lot sub-division) I should be filing my lot subdivision plan the same way 172 and 174 S. Dogwood Trail were permitted to build the homes so close to each other. What zoning code and/or documents need to be used to get 75 E. Dogwood Trail to be accepted as conforming to side set back requirements like 172 and 174 S. Dogwood Trail?

My concerns are the following:

Wes Haskett and Philip Hornthal are not in touch with reality and a danger to other people's physical and emotional well being. Wes Haskett has refused to answer how he believes he is legally changing land use with a zoning amendment since last summer. Changing land use from a 2 single home property (with a subdivision by right) to a 1 single home property causes land value monetary damages to some Southern Shores tax payers of significantly more than $100,000. In the real world $100,000 is easily the difference between life and death. $100,000 can be the difference between the medical care someone needs and accepting that their life is coming to an end. If you walk into a bank demanding $100,000 you are lucky if you are not killed. Wes Haskett and Philip Hornthal refuse to explain how they legally think they can cause some Southern Shores home owners more than $100,000 in monetary damages with a zoning code amendment which changes land use. Applicant without a doubt will not be committing any crimes in response to Wes Haskett and Philip Hornthal stealing land value from Southern Shores home owners, but has serious concerns that Wes Haskett and Philip Hornthal are a danger to the physical and emotional well being of others and should be involuntarily committed to a psychiatric hospital for evaluation. Applicant will give Wes Haskett and Philip Hornthal 48 hours to explain how they legally are changing land use without an eminent domain transaction and highly suggests law enforcement not to wait half as long.

Anthony Stocker Mina

PS When I testified in front of Federal Judge Edward G Smith against Chester County's labor trafficking conspiracy against me I explained that the conspirators designed me a spin move. 172 and 174 S. Dogwood Trail appear to me to be another example of the pre-meditated conspiracy which I am expected to use certain evidence against corruption a specific way. I will let law enforcement figure out if the home owners are pawned because of meanings within their names or play a role in the conspiracy that repeatedly forces me in the middle of government scandals as a way of hiding Pennsylvania's corruption like I am their undercover internal affairs guerilla. Since there is a white crosstour at 172 S. Dogwood Trail and I live in the Dick White house I feel like I am being forced in the middle of a whole lot of crossing without being paid (as Wes Haskett tries stealing more than $100,000 of land value from my family).

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Hello Southern Shores,

I just wanted to make sure that you were aware that I am unable to obtain financing I need for building a second home at 75 e dogwood trail (or an ADU) without moving out of 75 e dogwood trail unless the subdivision plan is approved (because of guidelines for investment loans). So, southern shores will also be sued for damages relating to my rental fees for when I move out of 75 e dogwood trail to renovate and build as I was expecting to do when I purchased a property that southern shores said was subdividable.

Anthony Stocker Mina

PS I'll send southern shores a list of all their damages and legal problems to explain to southern shores residents and the local news sources at their next town meeting… and southern shores residents can decide who the real nuisance is.

Subject: Southern Shores Government Property Tax Scam Conspiracy Requiring "A Freeze" On Southern Shores Government

Dear David Clawson, Dare County, Southern Shores and Law Enforcement,

I am writing to inform you that the illegal zoning amendments Southern Shores made without proper notice to the public significantly reduce some Southern Shores property value without the property owner's permission and in some cases, the property owner's knowledge. Wes Haskett stated in his June 7, 2023 email to me, which I have attached below, that the June 6, 2023 lot width requirement amendment "will prevent future subdivisions and recombinations with higher densities" but the proper, undeceptive way to prevent subdivisions is to adopt a zoning code preventing lot subdivisions after all local and state Notification to property owner requirements have been met. Southern Shores, through Wes

Haskett and Cliff Ogburn's corruption, has illegally downsized Southern Shores property by changing lots that could be subdivided as a right to the property owner to a lot they will not allow to be subdivided, like my lot at 75 E. Dogwood Trail, Southern Shores, NC 27949. Properties such as 75 E Dogwood Trail lost more than $100,000 of value when they illegally became unsubdividable.

Please immediately place a freeze on Southern Shores government as they are in the middle of stealing property value from property owners and not reducing property taxes which in effect substantiates property tax fraud by Southern Shores. Southern Shores has committed this property value theft without proper notice to the public and falsified records to claim they did properly notify the public.

Please be advised that Southern Shores has left me no choice but to take them to Federal Court for their Civil Rights conspiracy against me and I will also need to include Dare County's tax department as a defendant if 75 E Dogwood Trail is not reassessed due to the illegal downsizing that I am completely opposed to.

I sincerely apologize for the legal problems. Southern Shores government views me as a "nuisance that has elevated his self to a real concern" and I feel like the town is controlled by incompetent, white collar criminals that I have already caught falsifying records to authorities including Southern Shores Police Chief Dave Kole and Mayor Elizabeth Morey. I have also caught Southern Shores using tax payers money to pay attorney Philip Hornthal for services that substantiate a criminal conspiracy with Southern Shores against property owners, including the falsification of records. (I am not sure what crimes codes are violated when lawyers assist with crimes, I only know that even Donald Trump gets his day in court because of lawyers being involved with crimes committed).

Feel free to contact me for any additional information.

Subject: RE: Zoning Amendment To Require 100' Street Frontage For Each Southern Shores Lot

Good morning, Mr. Mina. The Town Council voted 3-2 to approve the text amendment. That means that at this time, all new lot must be 100 ft. wide measured from the front lot line to the rear lot line. The meeting video recording will soon be available on YouTube here: https://www.southernshores-nc.gov/meetings. As I told the Town Council during the public hearing, we realize that these requirements are more strict than what has been in place, but we believe that they're unambiguous and will prevent future subdivisions and recombinations with higher densities. Town Staff will be submitting another text amendment in the near future that may allow pie-shaped or other irregularly-shaped lots.

Subject: More Proof Of Wes Haskett's Direct Involvement With A $75,000 False Pre-Tense Real Estate Scam

Dear Law Enforcement,

Please find the attached information proving a criminal conspiracy involving Wes Haskett and Cliff Ogburn to deceive me and other Southern Shores property owners. The attached emails prove that both Wes Haskett and Cliff Ogburn intentionally decided to be deceptive and claim North Carolina Article 6 ss 160D-602 governing AMENDMENTS TO A ZONING REGULATION Notice requirements, which they did not comply with, did not apply to the zoning amendments illegally adopted and illegally being used to deny my 75 E Dogwood Trail lot subdivision (as shown in the attachments). Wes Haskett also falsified records to me and Southern Shores law enforcement's David Kole and Mayor Morey on May 21, 2024 in an attempt to fraudulently misrepresent Southern Shores' zoning code with Notice requirement "Sec. 36-414(b), which requires posted notice at the effected property(s), with the requirement deleted from the records (labeled Exhibit "D" of the attached 75 Subdivision plan).

My attached 75 E. Dogwood Trail subdivision application contains additional proof of Wes Haskett's corruption, including his attempt to act like Southern Shores did not have records of the lots created at 233 N. Dogwood Trail, which he personally signed the plat on July 21, 2016 (this document proves that Wes Haskett and Southern Shores use their discretion to deviate from zoning code but are discriminating against me so much that they are using illegally adopted zoning codes to deny my subdivision plan).

I sincerely apologize that I was unable to get Southern Shores to comply with local, state and federal law. As you can see from the attached text messages exchanged between Southern Shores employees they claim I have elevated myself from "nuisance to real concern". The bottom line is 75 E Dogwood Trail was listed for sale as a property that could be subdivided and Outer Banks Realty claimed Southern Shores indicated the lot was subdividable. I communicated with Wes Haskett about zoning code from May 1, 2023 through the month of May and on June 1, 2023 Wes Haskett told me for the first time Southern Shores was changing lot width requirements on June 6, 2023. Not only did Wes Haskett withhold pertinent information material to the real estate sale, Linda Lauby negotiated an additional $75,000 from me when Wes Haskett was withholding the information and not properly providing property notice requirements which include posted notice at the property and a 1/2 page size newspaper advertising in the Coastland Times.

All of these attempts to falsify records regarding Notice requirements of zoning amendments are direct attempts to try and illegally hide the fact that Wes Haskett is directly involved with a false pre-tense real estate scam which resulted with Linda Lauby obtaining an additional $75,000 from me.

Please immediately arrest Wes Haskett and Cliff Ogburn. Forcing me to initiate legal proceedings, including Federal Law Suits and Variance applications violates Federal Involuntary Servitude laws at this point. I have proven the zoning codes were illegally adopted and Wes Haskett is playing games instead of applying legal, enforceable zoning code.

I did not move to Southern Shores to expose their corruption at town council meetings, through public advertising and in the Federal Court system as Wes Haskett is forcing me to do. Southern Shores refusal to make Wes Haskett comply with local, state and federal law has caused a Federal Law suit to be drafted for filing not only naming Southern Shores, Southern Shores Police Department, but also naming Kitty Hawk, Kitty Hawk's Fire Department, Mike Meredith, Outer Banks Realty, Casey Robbins Law Firm, MM& J Law Firm and Dare County for the wrong doing to my family, especially the 75 E. Dogwood Trail real estate scam intentionally causing my family financial damages as Southern Shores is refusing to properly do their job and/or provide equal protection.

I find it concerning that Southern Shores employees and Kitty Hawk employees refuse to do their job but characterize me as a "nuisance" and claim my concerns are "bizarre". I was forced to expose corruption in Pennsylvania a few years ago and already have had two different Coast Guard members/families complaining about Kitty Hawk to me. According

to one Coast Guard member, "the neighborhood is an absolute shit show" and "Kitty Hawk is a joke"...they then thanked me for telling people about Kitty Hawk corruption at https://outerbankshomeimprovements.com/4809vistalanerenovation . My opinion is that the local governments are saturated with corruption and holding the entire town down with their abuse of power as they ridicule me instead of properly doing their job.

Anthony Stocker Mina

PS. I have also included a public records request by Outer Banks Realty realtor James Monroe on November 28, 2023 stating 75 E. Dogwood Trail is owned by Linda Lauby. Linda Lauby sold 75 E. Dogwood Trail to me and Jennifer Franz on July 7, 2023 for $625,000 and was paid a total down payment of $105,000 which is why I have a $520,000 owner financing agreement with Linda Lauby. I strongly suggest Southern Shores and Outer Banks Realty find something better to do than claim the house sold to my family is owned by Linda Lauby. Calling me a nuisance as the town is trying to scam my family for hundreds of thousands of dollars shows how desperately law enforcement is needed to do their job

RE: 75 Lot Subdivision Approval

Dear Southern Shores,

Please find the attached (2) Lot Subdivision Applications with notarized preliminary plats and (2) $100 checks for the A pplication fee. Please disregard Application # 2 with the approval of Application #1. After being told by Mr. Douglas Styo n's that the mylar copy and final subdivision plan will be provided to Applicant when Southern Shores decides which sub division plan will be accepted, it is Applicant's position that the procedure Wes Haskett is forcing Applicants to use to obt ain the lot subdivision is discriminately biased and involves local code violations by Wes Haskett in addition to North Car olina State and Federal Law violations.

Application # 1 contains subdivision plan "Exhibit A" and was created to identical standards as the 109 Osprey Lane s ubdivision plan approved by Wes Haskett on January 7, 2010 which is labeled Exhibit "B". Application # 1 is applicant's preference because the shared driveway layout will allow homeowners to enhance the aesthetic beauty of both lots the most and keep more of the trees providing privacy between 73 and 75 E. Dogwood Trail. Wes Haskett has indicated tha t TCA-21-
06 now does not allow easement access like 109 Osprey Lane, but unfortunately for Wes Haskett a Public Records Req uest (labeled Exhibit "C") revealed TCA-21-
06 was illegally adopted and is unenforceable because Southern Shores property owners effected by TCA-21-
06 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-
414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-
602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicants Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicants Public Records Request proved never happen ed and (d) optional direct communication with the property owner, which Applicants Public Records Request proved nev er happened. Wes Haskett claims North Carolina Article 6 ss 160D -
601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-
601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. So, the illegally adopted TCA-21-
06 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulentl y misrepresented Southern Shores' zoning code with Notice requirement "Sec. 36-
414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corr uption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. D ogwood Trail zoning code during an entire month of correspondence with a June 1, 2023 email telling Applicant for the 1 st time that a zoning amendment proposed for town council approval on June 6, 2023 will change lot width requirements. During the 1 month from May 1, 2023 to June 1, 2023 the 75 E. Dogwood Trail was listed for sale as a sub-
dividable lot that Southern Shores said was sub-
dividable and the previous homeowner, Linda Lauby negotiated an additional $75,000 from Applicant's for the purchase of 75 E. Dogwood Trail. Wes Haskett's fraudulent concealment of zoning code also prevented the easiest solution to the lot subdivision plans, which would have been to submit the lot subdivision plans prior to June 6, 2023. In addition to obs tructing Applicant's right to knowledge of zoning codes, Wes Haskett also tampered with evidence by claiming the lots cr

eated at 233 N. Dogwood Trail and adjacent 0 N. Dogwood Trail lots were created prior to the town's incorporation in 19 79 when Applicant submitted a Public Records Request (Labeled "Exhibit E"). A second public records request which as ked for all records from 233 N. Dogwood Trail prove that not only were the current lots created on July 21, 2016 and appr oved by Wes Haskett, they also prove Wes Haskett uses his discretion to deviate from town code lot width regulations, b ut is discriminately trying to abuse illegally adopted lot width code to prevent the 75 E. Dogwood Trail lot subdivision. As such, Applicant's respectfully request that Application # 1 be approved as legally adopted codes have been met and Sou thern Shores discretion they may use to deviate from any zoning code is something other homeowners have been entitle d to.

Application # 2 contains subdivision plan "Exhibit A" which was created identically to the lot subdivision plan Wes Hask ett denied on June 5, 2024 (labeled "Exhibit B") with the defects in paragraphs 2 and 3 corrected. Wes Haskett claimed i n "Exhibit B" that #1's lot width measurement requirement was not met, but unfortunately for Wes Haskett a Public Recor ds Request (labeled Exhibit "C") revealed ZTA-23-
03 was illegally adopted and is unenforceable because Southern Shores property owners effected by ZTA-23-
03 did not have posted Notices on their property, as required to be done pursuant to Town Code Sec. 36-
414(b) in addition to newspaper publications. North Carolina Article 6 ss 160D-
602 governing AMENDMENTS TO A ZONING REGULATION requires: (a) mailed notice to the effected property owners, which Applicant's Public Records Request proved never happened, (b) a 1/2 page size advertisement in the newspaper of general circulation (Coastland Times) if letters are not mailed, which Applicant's Public Records Request proved never happened, (c) posted notice on the effected properties, which Applicant's Public Records Request proved never happen ed and (d) optional direct communication with the property owner, which Applicant's Public Records Request proved nev er happened. Wes Haskett claims North Carolina Article 6 ss 160D -
601 governing AMENDMENTS TO A DEVELOPMENT REGULATION should apply to his ZONING AMENDMENTS and even if Art. 6 ss 160D-601 did apply to the zoning amendments, North Carolina Article 6 ss 160D-
601 requires notice to military bases within 5 miles and Public Records Requests prove the U.S. Army's Duck facility was not notified. Furthermore, AMENDING A DEVELOPMENT REGULATION that involves "down zoning" (reducing the per mitted uses of land by doing something like prohibiting lot sub-
divisions) requires the written consent of the property owners unless the local government initiated the down sizing. Sout hern Shores local government did not initiate the down sizing involved with the June 6, 2023 AMENDMENT OF ZONING REGULATIONS changing lot width requirements, Wes Haskett initiated the down sizing, and Wes Haskett did so withou t ever receiving approval from each of Southern Shores employees and town council members with the intent to prevent l ot subdivisions (as Wes Haskett indicated in his email to me on June 7, 2023). So, the illegally adopted ZTA-23-
03 Zoning Amendments are unenforceable. Wes Haskett attempted to make matters worse to Applicants and Southern Shores by trying to deceive Applicant, David Kole, Elizabeth Morey and Cliff Ogburn by falsifying records with fraudulentl y misrepresented Southern Shores' zoning code with Notice requirement Sec. 36-
414(b) deleted from the records (labeled Exhibit "D"). Wes Haskett's deceptiveness is part of a continuing pattern of corr uption that started on May 1, of 2023 when Wes Haskett refused to provide Applicant material information about 75 E. Subject: Southern Shores Property Tax Fraud Scheme Involving The Deception Of Southern Shores Police Chief

Dear Dare County News Source,

I am writing you to make sure you are aware of a property tax fraud scheme Southern Shores government is committing against Southern Shores property owners.

The facts, which are supported by emails attached below are:

1) Southern Shores Deputy Town Manager Wes Haskett had Southern Shores town council approve a lot width requirement change on June 6, 2023 to "prevent future subdivisions" (as Wes Haskett indicated in his email attached below dated June 7, 2023).

2) Changing 2 single home lots (by right) to 1 single home lots (without the right to subdivide) is "downsizing", requires the property owners Notice and a reduction of property taxes due to the significant loss of land value.

3) Wes Haskett did not notify the property owners with posted notice on the effected properties as required by Town Code 36-414(b). What Wes Haskett did was delete town code 36-414(b) from the Notice Requirements and send an email to me, Southern Shores Police Chief David Kole and Southern Shores Mayor claiming the June 6, 2023 property width requirement change was properly adopted after properly notifying property residents (Wes Haskett's email had town code 36-414(b) deleted).

4) Wes Haskett also did not comply with notification requirements for an AMENDMENT OF ZONING CODE at: -NC Art. 6 ss160D-601-requiring notice to US Army Bases within 5 miles such as the Duck Facility -NC Art. 6 ss160D-602-requiring mailed notice to each effected property owner or 1/2 page sized advertising in the Coastland Times (Wes Haskett claims NC Art. 6 ss160D-601 governing AMENDMENTS TO DEVELOPMENT REGULATIONS GOVERNS HIS AMENDMENT TO ZONING CODE)

5) The undeceptive way to prevent lot subdivisions is to adopt a zoning code prohibiting lot subdivisions after complying with all notification requirements. Wes Haskett intentionally tried preventing lot subdivisions with a lot width requirement change as he concealed the upcoming zoning amendment from me (I was asking Wes Haskett questions about Southern Shores zoning code from May 1, 2023 through May and on June 2, 2023 Wes Haskett told me the lot width on the property I entered into an agreement to purchase as a sub-dividable lot on May 7, 2023 wasn't going to be sub-dividable after June 6, 2023... During the month of May 2023 the old property owner negotiated an additional $75,000 from me for the sale price).

6) Dare County's tax department has not responded to my emails pertaining to the property value reduction in Southern Shores, but they received their first email from me last Friday and have yet to intentionally contribute to Southern Shores tax fraud scheme, to my knowledge.

Feel free to contact me with any questions, Anthony S Mina

PS The Public Records Request below will prove whether or not Dare County's Tax Department has knowledge of Southern Shores scheme to steal property value and collect taxes on property value that does not exist due to the illegally adopted zoning code.

Subject: Public Records Request Regarding Southern Shores Property Tax Fraud Scheme

Dear Southern Shores,

Please provide me:

1) A list of all properties reported to Dare County Tax Department for a property tax decrease due to the June 6, 2023 zoning amendment intended to prevent future lot subdivisions ("downsizing" 2 single family home lots-with a subdivision by right, to 1 single family home lots without the right to subdivide).

2)Proof that Southern Shores informed Dare County of the proposed amendment made without properly notifying effected residents as per:
-Town Code 36-414(b)- requiring posted notice at effected properties -NC Art. 6 ss160D-601-requiring notice to US Army Bases within 5 miles such as the Duck Facility -NC Art. 6 ss160D-602- requiring mailed notice to each effected property owner or 1/2 page sized advertising in the Coastland Times

(Proof is needed to document Dare County's knowledge of the Southern Shores tax fraud conspiracy scheme Wes Haskett and Cliff Ogburn are running from the town office which benefits Dare County's tax department)

Thank you,
Anthony S Mina

PS Please immediately provide me my property tax credit for reducing the value of the land at 75 E. Dogwood Trail more than $100,000 without my permission or the previous owner's permission.

Subject: RE: Zoning Amendment To Require 100' Street Frontage For Each Southern Shores Lot

Good morning, Mr. Mina. The Town Council voted 3-2 to approve the text amendment. That means that at this time, all new lot must be 100 ft. wide measured from the front lot line to the rear lot line. The meeting video recording will soon be available on YouTube here: https://urldefense.proofpoint.com/v2/url?u=https-3A__www.southernshores-2Dnc.gov_meetings&d=DwIFaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=kxiW9k3O_YLZFwzhAJtHSWjPjs5Yz_vHnRIRngWmwjQ&m=CrrwkXdmXqUYtaAIPHqQgnahMogM_I5L26XkOHFg_44UUc2JHMYlWmrHp5NZZv2d&s=2UyD0DNz4SIS3hflO8Z7NuAFMGpXHCKXZIKAVmLq66E&e=. As I told the Town Council during the public hearing, we realize that these requirements are more strict than what has been in place, but we believe that they're unambiguous and will prevent future subdivisions and recombinations with higher densities. Town Staff will be submitting another text amendment in the near future that may allow pie-shaped or other irregularly-shaped lots.

Good afternoon, Mr. Mina. My responses to your questions are as follows:

1. The Town of Southern Shores Town Code states:

Sec. 1-10. - Amendments to Code.
(a) Amendments to any of the provisions of this Code shall be made by amending such provisions by specific reference to the section number of this Code. Such amendments may be in the following language: "That section _____ of the Code of Ordinances, Town of Southern Shores, North Carolina (or Southern Shores Town Code), is hereby amended to read as follows: ... ." The new provisions may then be set out in full as desired.

Sec. 36-414. Motion to amend.
(a) The town council may, on its own motion or upon motion or upon petition by any person within any zoning jurisdiction of the town, after public notice and hearing, amend, supplement, change, modify or repeal the regulations herein established or the maps which are part of this chapter, subject to the rules prescribed in this article. No regulation or map shall be amended, supplemented, changed, modified or repealed until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Prior to adopting or rejecting any zoning amendment, the planning board shall adopt a statement describing whether its action is consistent with the adopted town comprehensive land use plan and explaining why the planning board considers the action taken to be reasonable and in the public interest. That statement is not subject to judicial review. A notice of such hearing shall be given one a

week for two successive calendar weeks in a newspaper of general circulation in the town, said notice to be published the first time not less than ten days nor more than 25 days prior to the date fixed for the hearing.

Sec. 36-415. Planning board action.
(a) Every proposed amendment, supplement, change, modification, or repeal to this chapter shall be referred to the planning board for its recommendation and report. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the town council may proceed in its consideration of the amendment without the planning board report. The town council is not bound by the recommendations, if any of the planning board.

I've also attached the applicable North Carolina General Statutes that establish authority for municipalities to adopt and amend development regulations.

2. It appears that 172 and 174 S. Dogwood Trl. were created through a recombination of previously platted lots in 1999. At that time, there was only one structure which is currently situated on 174 S. Dogwood Trl. and the applicable side yard (setback) was 10 ft. The structure that is currently situated on 172 S. Dogwood Trl. was permitted in 2000 when the side yard (setback) requirement was still 10 ft. Other than removing the encroaching portion of the structure at 75 E. Dogwood Trl., documents required to make the encroachment conforming include a Zoning Text Amendment application (attached), $200.00 fee, and proposed language to amend the current side yard (setback) requirement or create an exemption for such situations. The application would have to follow the process noted above and it would have to be approved by the Town Council.

The Southern Shores Town Council has been and will always be the body that adopts and amends the Town's zoning requirements, not Town Staff such as myself. The Town Council directs Town Staff to draft amendments to the Town Code, such as ZTA-23-03 to amend the Town's lot width requirements, which they adopted.

Subject: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Dear Wes Haskett,

I am writing you in response to the denial of my lot subdivision application which states "Feel free to contact me at (252) 261-2394 or whaskett@southernshores-nc.gov. if you have any questions or concerns".

My questions are:

1) How does Southern Shores believe taking a property right with a zoning amendment from a tax payer is legal? As paragraph 6 and Exhibit I of my subdivision application states, it is Applicant's position that an eminent domain transaction is required to change land use. Wes Haskett and Philip Hornthal have repeatedly refused to answer the aforesaid question. I have no evidence indicating Southern Shores is not intentionally violating eminent domain laws and stealing land value. It is not legal to use an illegally adopted zoning amendment (paragraph 1 of the denial-Town Code Section 36-202(d)) as a reason to deny my lot sub-division.

2) What zoning code permits the set back distance between 174 S. Dogwood Trail (the house with the white Crosstour) and 172 S. Dogwood Trail? It appears to me if Southern Shores wants to claim 75 E. Dogwood Trail encroaches in the required side set back (although I disagree with paragraph 2 of Wes Haskett's denial of lot sub-division) I should be filing my lot subdivision plan the same way 172 and 174 S. Dogwood Trail were permitted to build the homes so close to each other. What zoning code and/or documents need to be used to get 75 E. Dogwood Trail to be accepted as conforming to side set back requirements like 172 and 174 S. Dogwood Trail?

Thank you for your email. As stated on numerous occasions in several emails, the crimes committed with the illegal adoption of zoning codes on 8/3/2021 and 6/6/2023 are unacceptable and illegal under Southern Shores Town Code and North Carolina law. Forcing me to take legal action or suffer legal and financial consequences substantiates involuntary servitude/slavery under law. Southern Shores, and Wes Haskett in his individual capacity will be served with Federal Civil Rights law suits for the Civil Rights Conspiracy against me, you have been warned that Southern Shores corruption has been blocked and will not be tolerated. There is no reason to act like there is some type of misunderstanding. Southern Shores was committing crimes, got caught and only option is to take responsibility for their crimes. If you need me to verify the email, my phone number is 610 842 3905. Otherwise, please make sure Town Council informs the Southern Shores property owners tomorrow night that they have chosen to enforce unenforceable laws, discriminate and commit tax fraud...with knowledge that they are being taken to Federal Court for damages including punitive damages.

Hello Southern Shores,

I am preparing my 75 E Dogwood Trail variance application and I have a question about asking town council for approval.

What type of devices are available for applicants to present their case?

For example, is there a projector or flat screen tv that a computer can run through some documents for town council.

I feel like the easiest way for me to present my 75 E. Dogwood Trail variance application to the town is to file 12 copies of my application with the town, post my application at https://urldefense.proofpoint.com/v2/url?u=http-3A__www.savesouthernshores.com&d=DwICaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=-lqOZjbltb4jBkCvVAJElEOjb3mjpeRZyzCVo5XQir9j7woB-FxwYWnRg1HW09HC&s=IowAVIeW03cEoA3n76U1Mn5WD7kp8xbWAx_p8FNBDdw&e=, and notify all Southern Shores residents of my variance application's merits and date and time of variance application. With my https://urldefense.proofpoint.com/v2/url?u=http-3A__www.savesouthernshores.com&d=DwICaQ&c=euGZstcaTDllvimEN8b7jXrwqOf-v5A_CdpgnVfiiMM&r=QIiwsvA23pLDIDUU9JQqBFE8CRn2YxGMm8wPmh7borA&m=-lqOZjbltb4jBkCvVAJElEOjb3mjpeRZyzCVo5XQir9j7woB-FxwYWnRg1HW09HC&s=IowAVIeW03cEoA3n76U1Mn5WD7kp8xbWAx_p8FNBDdw&e= website I feel like most people will be able to access the variance application on the website from their phones as present my subdivision application to town council.

Does Southern Shores have any rules and electronic devices for presenting a variance application I should be aware of?

Thank you,
Anthony S Mina

Dear Law Enforcement,

I just wanted law enforcement to be aware that the pages 1-4, 7, 23 and 30 of the attachment prove Wes Haskett and Cliff Ogburn conspired together to falsify records indicating Southern Shores property notified property owners of the June 6, 2023 proposed zoning amendment prior to Wes Haskett emailing me, Chief Kole and Mayor Morey the notification requirements on May 21, 2024 with Town Code 36-414(b) deleted (the requirement to have posted notice at effected properties).

Please inform property owners at tomorrow's town council meeting that Wes Haskett and Cliff Ogburn are caught in a pre-meditated conspiracy together falsifying records to me, Police Chief Kole and Mayor Morey to try and hide their violations of due process rights of all Southern Shores property owners... which means Wes Haskett and Cliff Ogburn have motives to want me hanging from a noose before I discover the extent of their white collar crimes.

Elizabeth,

I hope you are doing good.

I'm sorry that Southern Shores has employees that characterize me as a nuisance when communicating about me as evidenced in the attached text message. Unfortunately, after legal review of the evidence, a nuisance, which is defined as something (as an act, object or practice) that invades or interferes with another's rights or interests (as the use or enjoyment of property) by being offensive, annoying, dangerous, obstructive, or unhealthful is the way to characterize government employees and council members that violate property owner's rights without due process.

Since I have proven Southern Shores, especially Wes Haskett have violated all of Southern Shores property owners due process rights, especially mine, the correct person to characterize as a nuisance would be the person/people illegally interfering with Southern Shores property owners rights...and not the person asking the questions. (please see www.savesouthernshores.com & www.outerbankshomeimprovements.com/75-lot-subdivision for proof of Southern Shores crimes).

Meaning, either the person calling me a nuisance is dangerously incompetent and displaying a psychological disorder called "projection" where the person unconsciously displaces their negative attributes upon other people as a mental defense mechanism or nuisance is coded communication that may be indicative of a scheme to discriminate and ridicule someone to cause psychological harm intended to cause the person to be found hanging from a noose.

Unfortunately for psychopaths that work for the government and intentionally violate civilian's rights to cause psychological suffering, law enforcement is already aware that disturbing information was found typed into a computer I owned about 23 years ago talking about manipulating people to kill themselves (prior to me nearly dying and several people very close to me killing themselves one way or another).

I'll let Southern Shores government figure out tomorrow who the nuisance is, who doesn't belong working for Southern Shores and who is using the word nuisance to communicate a scheme intended to cause wrongful damages and psychological suffering on at least one specific person.

Anthony S Mina

PS I normally would call you something like Ms. Morey or Mayor Morey out of respect, but since Elizabeth City has been communicated to me many times, Elizabeth, I just wanted the facts to be clearly understood that I am not working with Southern Shores or town council on any type of work, whatsoever, including ops that would be called "Elizabeth Sit-T". I have lots of problems with people forcing me to split and sit boards, especially corrupt boards like Southern Shores town council, and I am not interested in being any part of the process needed to get Southern Shores government up to a level of competence where they comply with their own laws, don't prey on property owners and don't waste more than one hundred thousand dollars on attorneys that don't know the law enough to advise Southern Shores how not to violate the most basic laws and procedures.

PPS Please make sure Southern Shores property owners are aware that town council's incompetence and corruption is causing a Federal Civil Rights Conspiracy lawsuit to be filed seeking damages of more than $365,000 before I tell them Town Council is hiding a criminal conspiracy against property owners.

Subject: False Pre-Tense Real Estate Scam Involving Southern Shores Employees and Outer Banks Realty Group

Dear Outer Banks Realty Group and Southern Shores,

I am writing you as a professional courtesy to inform you that my investigation into the sale of 75 E. Dogwood Trail to me and Jennifer Franz has concluded that there is a criminal conspiracy involving Southern Shores and Outer Banks Realty Group, including a false pretense real estate scam.

-Southern Shores has never once stated that a subdivision at 75 E Dogwood Trail is possible based on the lot records which Linda Lauby has documented in the March 6, 1997 survey which was included with the listing Jim Monroe created.

-Southern Shores may have sent an email indicating the lot subdivision was possible based on "the description", but the description Jim Monroe provided obviously did not describe 75 E. Dogwood Trail

because Wes Haskett has never once indicated that a subdivision was possible at 75 E Dogwood Trail, under any circumstances.

-Southern Shores public records response indicates that Jim Monroe was expected "to draw up a conceptual plan of the 75 E Dogwood Trail sub-division plan for Wes Haskett to review and discuss further" but Southern Shores records indicate Jim Monroe did not comply with Wes Haskett's needs to determine if the lot sub-division was possible.

-Not only did Wes Haskett refuse to tell me about the June 6, 2023 proposed zoning amendment for the entire month of May, 2023 until June 1, 2023, when asked zoning questions 5 times pertaining to the 75 E Dogwood Trail Subdivision, Outer Banks Realty Group negotiated an additional $75,000 from me for a lot claimed to be potentially sub-dividable during the month of May, 2023.

-Wes Haskett falsified records on May 21, 2024 to me, Police Chief Kole and Mayor Morey claiming to have met notification requirements to make the June 6, 2023 Amendment by deleting Town Code Sec. 36-414(b) requiring posted notice at effected properties. Wes Haskett and Cliff Ogburn also conspired to claim North Carolina Article 6 ss 160D-601 Notification requirements governing AMENDMENTS TO DEVELOPMENT REGULATIONS applied to their ZONING AMENDMENT when they were aware of the notification requirements of AMENDMENTS TO A ZONING REGULATION provided at Article 6 ss 160D-602. Falsifying records to conceal a crime violates North Carolina crimes codes (and even Donald Trump gets his day in court for allegedly falsifying records).

1) Southern Shores and Outer Banks Realty Group has the option of taking the legal route to correct these problems, which includes police reports being filed against Wes Haskett, Cliff Ogburn and Outer Banks Realty Group on or before August 16, 2024, Outer Banks Realty Group being reported to the Association of Realtors for False Pre-Tense and a Federal Civil Rights Conspiracy Law suit being filed against Southern Shores and Outer Banks Realty Group in Federal Court.

2) Southern Shores and Outer Banks Realty Group also has the option of approving a lot subdivision plan I've already submitted but has been rejected with illegally adopted zoning codes adopted on June 6, 2023 or August 3, 2021 (Unenforceable Zoning Amendments made without meeting notification requirements). Southern Shores has until the end of the business day on August 9, 2024 to stop using unenforceable, illegally adopted zoning codes to prevent the 75 E Dogwood Trail lot sub division plans I've submitted. If a lot subdivision plan is approved, there no longer will be a false pre-tense real estate scam and criminal conspiracy worth filing a criminal complaint with law enforcement about and litigation to file in Federal Court. Southern Shores then may internally discipline their employees, as needed.

3) Southern Shores and/or Outer Banks Realty Group also has the option of providing me the $75,000 that Outer Banks Realty Group negotiated from me as Wes Haskett was fraudulently withholding information regarding the proposed June 6, 2023 zoning amendment when asked zoning questions... At this time Southern Shores also was not complying with notification requirements, which included posted notice at the effected property. Southern Shores and/or Outer Banks Realty Group has until the end of the business day on August 9, 2024 to provide me $75,000 if a lot sub-division is not approved. If $75,000 is provided to me, there no longer will be a false pre-tense real estate scam and criminal conspiracy worth filing a criminal complaint with law enforcement about and litigation to file in Federal Court. Southern Shores then may internally discipline their employees, as needed.

Please be advised that the sole intention of this email is to correct these legal problems before my family, Outer Banks Realty Group and Southern Shores accrue any additional legal costs. Please also be advised that my family moved to Southern Shores, NC to comply with local, state and federal law but people enforcing these laws are calling me a nuisance in their inner circles because they aren't complying with their own laws and I'm asking questions. I've been advised by Philip Hornthal to consult with an attorney about my legal options. My legal options, stated in number 1,2 and 3 above are for Southern Shores and Outer Banks Realty Group to choose from. I bought 75 E Dogwood Trail to renovate the property, sub divide the lot and enjoy the beautiful town. I did not move to Southern Shores to show the side of me that can litigate claims in Federal Court as very powerful government employees that acted like they were more powerful than the laws they enforce find themselves looking for new jobs. Failure to respond to this email will result with Southern Shores and Outer Banks Realty Group choosing option 1.

Thank you,
Anthony S Mina

Dear Law Enforcement,

When you are evaluating Wes Haskett's deceptiveness in May, 2023 to hide a proposed zoning amendment that North Carolina and Southern Shores law required Southern Shores to publicize, please be advised that I had Mike Meredith yelling and cursing at me when I was on my deck at 4809 Vista Lane because I was making progress cleaning up fire damage on my property that Mike Meredith recently complained was not cleaned up. I also had my neighbor Artemis yelling and cursing at me because I was working on my property during Kitty Hawk working hours and I had all the properties surrounding my last house owned by the Meredith family intentionally throwing trash on their properties (to destroy the neighborhood's curb appeal so I can "get what I get" when I sell my property, as Brian Lloyd stated).

Threats, intimidation and Coercion are all characteristics of a racketeering influenced corrupt organization and since these things left me with my only option of being scammed by Wes Haskett, I wanted to make sure these events were all tied together...with the fact that the Kitty Hawk fire department now will not even provide me public records of Mike and Lea Meredith's account of their

house fire (all the evidence looks to me like the Kitty Hawk fire department is hiding an arson).

I wanted the FBI to be aware that the email Wes Haskett sent to me on June 7, 2023 found in the chain of emails below was deleted from my email account yesterday as I was reading the email. I have no idea how the email was deleted. The email is still included with my responses to Wes Haskett's email.

Please investigate the email being deleted as possible cyber crimes to hide Southern Shores corruption.

Hello FBI...

I just wanted the fbi to be aware that my interpretation of the word "density" in Wes Haskett's email is Mr. Haskett is sacrificing land value to prevent more families from living in Southern Shore by building additional homes so the amount of people living per square mile increases. I without a doubt was not communicating about some type of "sit-t" or something involving someone named Dennis or Denise or Deni.

Hello,

Thank you for the email.

Could you please tell me how Southern Shores residents and home owners were notified of the proposed amendment to the zoning code dated 3/31/2023 (the zoning code adopted last night). I asked my realtor Alan Creech and Southern Shores questions about Southern Shores zoning code prior to providing a $5000 due diligence fee and June 1, 2023 is the first time I was informed about the proposed amendment (75 E. Dogwood Trail was listed for sale as being potentially sub-dividable).

Could you please explain how and when Southern Shores "will be submitting another text amendment in the near future that may allow pie-shaped or other irregularly-shaped lots". How will this next amendment reverse the fact that the amendment passed last night literally steals land value from Southern Shores residents that have been paying property taxes on enough square footage to sub-divide (In the world of finance, land is considered an asset and owning enough property to sub-divide is a financial plan that is taxed at a higher rate than owning not enough square footage to sub divide)?

Thank you for your help,
Anthony S Mina

Good morning, Mr. Mina. The Town Council voted 3-2 to approve the text amendment. That means that at this time, all new lot must be 100 ft. wide measured from the front lot line to the rear lot line. The meeting video recording will soon be available on YouTube here: https://www.southernshores-nc.gov/meetings. As I told the Town Council during the public hearing, we realize that these requirements are more strict than what has been in place, but we believe that they're unambiguous and will prevent future subdivisions and recombinations with higher densities. Town Staff will be submitting another text amendment in the near future that may allow pie-shaped or other irregularly-shaped lots.

Subject: Southern Shores Liability For Slavery, Involuntary Servitude and Labor Trafficking Laws

Dear Southern Shores,

As a professional courtesy I wanted you to be aware that the Federal Civil Rights Conspiracy Law Suit being filed against Southern Shores will name Southern Shores and the Police Department as a defendant because of Slavery, Involuntary Servitude and Labor Trafficking Laws being committing against me. Southern Shores must arrest Wes Haskett and correct Wes Haskett's wrong doing by tomorrow, August 14, 2024 if they do not want to be held liable for the slavery, involuntary servitude and labor trafficking Wes Haskett's crimes have caused.

Feel free to email me any questions regarding specific information needed for Wes Haskett's arrest. I will call the police department tomorrow to ask for a police report to be officially filed on my behalf to arrest Wes Haskett, but from my understanding and interpretation of Southern Shore's policies and laws, Wes Haskett should be arrested and fired without me even needing to file a police report.

Anthony S Mina

PS I have attached a section of my Federal Civil Rights Law Suit for Southern Shores to see the direction Philip Hornthal has taken their Southern Shores instead of correcting their mistakes in compliance with law and ethics policies.

IN THE UNITED STATES EASTERN DISTRICT
FEDERAL COURT OF NORTH CAROLINA

ANTHONY MINA :
Plaintiff :
:
vs. :
: NO:
"DARE COUNTY REAL ESTATE :

SCAM DEFENDANTS", :
Defendant : CIVIL ACTION

INTRODUCTION TO PLAINTIFF'S COMPLAINT

Plaintiff's Complaint involves a Dare County Federal Civil Rights Conspiracy that began with Plaintiff's neighbor Mike Meredith's house being completely destroyed by a fire that the Kitty Hawk fire department intentionally allowed to consume the entire house as an "offensive fire fight". Allowing the fire to burn the entire house caused approximately 15 trees on Plaintiff's property to be destroyed, with evidence being left behind indicating that someone tried setting Plaintiff's fence on fire. Plaintiff's property damage from the fire appears to be $50,000. The home owner, Mike Meredith refused to provide North Carolina Insurance adjusters his insurance information which Plaintiff's insurance company needed. The Kitty Hawk fire department refuses to provide Plaintiff Mike and Lea Meredith's account of the house fire, the investigation results of the burn marks on Plaintiff's fence that appear to be torch marks and not from fire spreading and their department protocol for handling fires with evidence indicating the fire was intentionally started. Kitty Hawk's zoning inspector refused to enforce zoning codes on the Vista Lane street as per Kitty Hawk zoning code after Plaintiff filed a zoning complaint indicating that the 4 properties owned by the Meredith family surrounding Plaintiff's lot were intentionally turned into an illegal junkyard with an extremely dangerous Hummer abandoned on the right of way that was left on 3 wheels and a collapsing jackstand where Plaintiff's children and 4 other neighborhood children regularly had to reach under vehicles to get their soccer ball, basketball, kickball, football and baseball. Plaintiff was forced to move from the dangerously corrupt, intentionally destroyed neighborhood to keep his children safe and accept a loss in sale price estimated by one of Coldwell Banker's top real estate agents to be a loss between $45,000 and $70,000 from her comparative sales analysis. Kitty Hawk and their Police Chief Mike Palkovics claimed Plaintiff's problem was a civil matter and not to have law enforcement officer trained to prosecute crimes such as littering, harassment, stealing from Kitty Hawk's government when working for Kitty Hawk, withholding public information about the fire department's investigation of potential arson needed for property damage claims and operating a criminal enterprise/criminal conspiracy. When Plaintiff complained to Laurie Wilson at Dare County District Attorney's Office, Laurie Wilson stated that endangering children is not a crime in Dare County and Plaintiff needs to hire an attorney.

Plaintiff's problems with the Federal Civil Rights Conspiracy took a complete opposite approach of attack in Southern Shores, Plaintiff's new home, a few miles away from the last home. Plaintiff offered $550,000 for 75 E. Dogwood Trail and explained that he could not pay anymore without an approved sub-division plan. On May 7, 2023 Plaintiff bought the property as a lot that could possibly be sub-divided, as per Southern Shores (according to Outer Banks Realty Group and Wes Haskett) after the previous owner negotiated an additional $75,000 from Plaintiff and offered Seller Financing. Plaintiff discussed the lot sub-division plans in 4 emailed conversations in May, 2023 with Wes Haskett, the Southern Shores employee who stated the property could possibly be sub-divided to the previous owner then on June 1, 2023 Wes Haskett said for the first time that there was a proposed zoning amendment scheduled for June 6, 2023 that would prevent the lot sub-division. Wes Haskett's fraudulent concealment of the proposed zoning amendment led to an investigation revealing Southern Shores did not notify property owners effected by the zoning amendment pursuant to town code and state law which requires notice to be

posted at the effected property(s). To make matters worse, Wes Haskett then falsified records to Plaintiff, Police Chief Kole and Mayor Morey claiming notification requirements were met by deleting the town code requiring posted notice at the effected property in his email explaining the legal basis of the zoning amendment. At this point, Wes Haskett's corruption did not stop, almost $4000 was paid for their town attorney to also lie about meeting notification requirements to Plaintiff and the town manager, Cliff Ogburn. Wes Haskett's corruption has been encouraged by town attorney Philip Hornthal who advised Wes Haskett not to meet with or respond to Plaintiff's questions about the lot subdivision, like standard procedure with other applicants was, and only allow Plaintiff to apply for the sub-division after making payment. Town manager Cliff Ogburn also contributes to the discrimination and selective prosecution against Plaintiff by enforcing a zoning code prohibiting real estate signs on the right of way in front of the property owner's house. There are realtor's signs in the right of way 365 days a year in Southern Shores but Southern Shores told Plaintiff to remove his signs without bothering other property owners with real estate signs that could not be missed when leaving the neighborhood from Plaintiff's house. Wes Haskett's fraudulent concealment of the proposed zoning code enabled the previous owner, Linda Lauby to negotiate an additional $75,000 from Plaintiff but the actual damages from preventing the lot subdivision to occur as Plaintiff planned are valued at $365,000 to Plaintiff, since the nearest comparable approximately 20,000 sq. ft. canal front lot sold for $365,000 at 91 S. Dogwood Trail. Southern Shores has continued their obnoxious corruption enforcing illegally adopted zoning codes to prevent subdivisions by continuing to have Dare County tax down-zoned properties as lots that could be subdivided and used for 2 single homes when without the subdivision by right being available, the same property is worth substantially less. So, although Plaintiff is filing a Federal Civil Rights Conspiracy lawsuit on his behalf, Southern Shores is knowingly committing tax fraud against all Southern Shores property owners effected by their down-zoning.

Law Enforcement forcing Plaintiff to litigate these damages without arresting the wrong-doers for crimes violates labor trafficking, involuntary servitude and slavery laws as Plaintiff has no choice but to suffer legal and financial damages or to do police work and legal work paid police officers are criminally negligent for not doing. Criminal Law defines the overt acts committed by the defendants as a "criminal enterprise" and these defendants should be held liable for punitive damages.

Hello Chief Kole,

Have you ever had Colon cancer or talked about colon cancer?

There is evidence of a conspiracy against me using the word can and calling me sir, including in words like circle.

I wanted to suggest you do some deep thinking about what makes you better than all the cops working under you to make sure you aren't nothing more than a piece of trash for the conspiracy preying on me with healthcare workers and government employees conspiring together.

I wouldn't know if you were going to be remembered as the next James Bond or the next cop to spend the rest of his life behind bars with people that love cops.

I just wanted to make sure you thought about whether your name has put you in a position you would never, ever put yourself in.

I'm busy keeping my family safe, and alive because of psychopaths trying to hide their crimes against me.

Please don't make any mistakes you might regret because you've been put in a position where you have been respected out of fear at times you might not deserve respect. (Just trying to make sure you wonder if you are a fall guy)

Subject: Police report against Cliff Ogburn-Fw: signs placed in right-of-way

Chief Kole,

I am also in position to have Cliff Ogburn arrested for harassment. As you can see from the attached pictures taken a few hours ago, Southern Shores never took down the sign on the right of way near beach parking on Dogwood Trail. Southern Shores employees regularly pass this house and maybe the homeowner has surveillance to prove they do.

Cliff Ogburn singled me out in an entire town with people regularly putting real estate signs in the right of way for the purpose of harassing me without bothering other property owners. I asked how certain other signs were allowed, with a picture of the attached sign (assuming there was some type of permit to obtain) and Cliff Ogburn said he addressed the signs (which I assumed meant the signs were being removed). Cliff Ogburn then denied an application for me for "right of way" encroachment to place my real estate signs in the right of way.

I sincerely apologize for needing to file a harassment police report against Cliff Ogburn for his

discrimination and "selective prosecution" type of code enforcement, but town attorney Philip Hornthal told me to feel free to contact an attorney about my legal problems with Southern Shores, in a manner that substantiates legal entanglement, and prosecuting criminals working for Southern Shores is part of my strategy to get Southern Shores to comply with their own town code and not use illegally adopted codes to victimize and defraud property owners.

Southern Shores town code and ethics/conduct policy does not permit town employees to harass and defraud property owners with illegally adopted zoning codes or zoning codes not enforced on all Southern Shores property owners.

I will also be filing an official police report against Cliff Ogburn when I am contacted by Southern Shores police at 610 842 3905.

Thank you,
Anthony S Mina

Thank you for the email. What code permits realtors to place their signs in front of houses in southern shores? I will apply for whatever permit realtors have or follow whatever code realtors use. There are obviously realtors signs in the right away in Southern Shores 365 days a years. My business is not licensed as a realtor, but offers real estate investments at 75 E Dogwood Trail.

Please do not touch my Whaley Fun Returns signs, they are not cheap to purchase. I will be happy to follow southern shores code.

Thank you,
Anthony S. Mina

Mr. Mina – in reference to the two signs in the below picture in front of your property at 75 East Dogwood Trl, please be advised that Town Code Section 36-165 prohibits temporary signs in the right-of-way (except from 30 days before early voting begins and 10 days after an election). Please either remove these signs or have them moved back outside of the right-of-way. Otherwise, they may be subject to removal.

Hello Chief Kole,

Could you please have an officer call me at 610 842 3905 so an official police report is filed against Wes Haskett. Almost every last word I've communicated to Wes Haskett is through email so there really is no reason I should be asked certain questions about Wes Haskett other than to be provided certain emails (I can provide emails that have already been provided to Southern Shores, if asked). Wes Haskett is caught committing crimes against my family to illegally interfere with the 75 E Dogwood Trail lot subdivision that Wes Haskett indicated to Linda Lauby sounded possible in an email. Wes Haskett then tried hiding his mis conduct and illegally adopted zoning code be falsifying Southern Shore town code notification requirements in an email to me, Police Chief Kole and Mayor Morey. Lastly, Wes Haskett then also used about $4000 of Southern Shores money on attorney Philip Hornthal to also lie about Southern Shores notification requirements and the legal basis for the June 6, 2023 zoning amendment. Spending money on an attorney to lie is illegal. Using Southern Shores tax payer's money to pay for an attorney to help commit crimes against tax payers (like fraudulently over taxing down zoned properties) is another crime.

It's time to arrest Wes Haskett.

Subject: Anthony S Mina's Interaction With Wes Haskett Indicates Wes Haskett Must Be Arrested

Dear Southern Shores,

I wanted you to be aware that my interaction with Wes Haskett amounts to nothing more than enough probable cause to arrest and convict Wes Haskett of criminal crimes against me.

The only definition I use for interaction is "communication or direct involvement with someone or something".

In Pennsylvania corruption used certain words to pretend I was working with the people victimizing me, when in fact what they were doing was hiding a labor trafficking scheme that intended to bankrupt my family with enough emotional distress to cause suicidal issues (I was tipped off that corruption was trying to fill certain people like me with suicidal aggression towards people like law enforcement that do not do their job). I'll let law enforcement figure out if Wes Haskett and Cliff Ogburn are pretending to be working with me when in fact they are trying to destroy my family's financial plans with their illegal abuse of power.

Anyway, I wanted to make sure Southern Shores was not being deceived by any of their own people using words like "interaction". I don't have any interaction with Southern Shores other than trying to get Southern Shores to comply with their own town codes, state and federal laws. Some people have interactions with intricate schemes to help law enforcement investigate or to help special interests see inside of their opponents. Me and my fiance do not have these types of "interactions" not defined in dictionaries available to the public... but we have had people close to us for decades coercing us to sound like we were working with law enforcement when we were not.

Subject: Southern Shores Liability For Slavery, Involuntary Servitude and Labor Trafficking Laws

Dear Southern Shores,

As a professional courtesy I wanted you to be aware that the Federal Civil Rights Conspiracy Law Suit being filed against Southern Shores will name Southern Shores and the Police Department as a defendant because of Slavery, Involuntary Servitude and Labor Trafficking Laws being committing against me. Southern Shores must arrest Wes Haskett and correct Wes Haskett's wrong doing by tomorrow, August 14, 2024 if they do not want to be held liable for the slavery, involuntary servitude and labor trafficking Wes Haskett's crimes have caused.

Feel free to email me any questions regarding specific information needed for Wes Haskett's arrest. I will call the police department tomorrow to ask for a police report to be officially filed on my behalf to arrest Wes Haskett, but from my understanding and interpretation of Southern Shore's policies and laws, Wes Haskett should be arrested and fired without me even needing to file a police report.

Anthony S Mina

PS I have attached a section of my Federal Civil Rights Law Suit for Southern Shores to see the direction Philip Hornthal has taken their Southern Shores instead of correcting their mistakes in compliance with law and ethics policies.

IN THE UNITED STATES EASTERN DISTRICT
FEDERAL COURT OF NORTH CAROLINA

ANTHONY MINA :
Plaintiff :
:
vs. :
: NO:
"DARE COUNTY REAL ESTATE :
SCAM DEFENDANTS", :
Defendant : CIVIL ACTION

INTRODUCTION TO PLAINTIFF'S COMPLAINT

Plaintiff's Complaint involves a Dare County Federal Civil Rights Conspiracy that began with Plaintiff's neighbor Mike Meredith's house being completely destroyed by a fire that the Kitty Hawk fire department intentionally allowed to consume the entire house as an "offensive fire fight". Allowing the fire to burn the entire house caused approximately 15 trees on Plaintiff's property to be destroyed, with evidence being left behind indicating that someone tried setting Plaintiff's fence on fire. Plaintiff's property damage from the fire appears to be $50,000. The home owner, Mike Meredith refused to provide North Carolina Insurance adjusters his insurance information which Plaintiff's insurance company needed. The Kitty Hawk fire department refuses to provide Plaintiff Mike and Lea Meredith's account of the house fire, the investigation results of the burn marks on Plaintiff's fence that appear to be torch marks and not from fire spreading and their department protocol for handling fires with evidence indicating the fire was intentionally started. Kitty Hawk's zoning inspector refused to enforce zoning codes on the Vista Lane street as per Kitty Hawk zoning code after Plaintiff filed a zoning complaint indicating that the 4 properties owned by the Meredith family surrounding Plaintiff's lot were intentionally turned into an illegal junkyard with an extremely dangerous Hummer abandoned on the right of way that was left on 3 wheels and a collapsing jackstand where Plaintiff's children and 4 other neighborhood children regularly had to reach under vehicles to get their soccer ball, basketball, kickball, football and baseball. Plaintiff was forced to move from the dangerously corrupt, intentionally destroyed neighborhood to keep his children safe and accept a loss in sale price estimated by one of Coldwell Banker's top real estate agents to be a loss between $45,000 and $70,000 from her comparative sales analysis. Kitty Hawk and their Police Chief Mike Palkovics claimed Plaintiff's problem was a civil matter and not to have law enforcement officer trained to prosecute crimes such as littering, harassment, stealing from Kitty Hawk's government when working for Kitty Hawk, withholding public information about the fire department's

investigation of potential arson needed for property damage claims and operating a criminal enterprise/criminal conspiracy. When Plaintiff complained to Laurie Wilson at Dare County District Attorney's Office, Laurie Wilson stated that endangering children is not a crime in Dare County and Plaintiff needs to hire an attorney.

Plaintiff's problems with the Federal Civil Rights Conspiracy took a complete opposite approach of attack in Southern Shores, Plaintiff's new home, a few miles away from the last home. Plaintiff offered $550,000 for 75 E. Dogwood Trail and explained that he could not pay anymore without an approved sub-division plan. On May 7, 2023 Plaintiff bought the property as a lot that could possibly be sub-divided, as per Southern Shores (according to Outer Banks Realty Group and Wes Haskett) after the previous owner negotiated an additional $75,000 from Plaintiff and offered Seller Financing. Plaintiff discussed the lot sub-division plans in 4 emailed conversations in May, 2023 with Wes Haskett, the Southern Shores employee who stated the property could possibly be sub-divided to the previous owner then on June 1, 2023 Wes Haskett said for the first time that there was a proposed zoning amendment scheduled for June 6, 2023 that would prevent the lot sub-division. Wes Haskett's fraudulent concealment of the proposed zoning amendment led to an investigation revealing Southern Shores did not notify property owners effected by the zoning amendment pursuant to town code and state law which requires notice to be posted at the effected property(s). To make matters worse, Wes Haskett then falsified records to Plaintiff, Police Chief Kole and Mayor Morey claiming notification requirements were met by deleting the town code requiring posted notice at the effected property in his email explaining the legal basis of the zoning amendment. At this point, Wes Haskett's corruption did not stop, almost $4000 was paid for their town attorney to also lie about meeting notification requirements to Plaintiff and the town manager, Cliff Ogburn. Wes Haskett's corruption has been encouraged by town attorney Philip Hornthal who advised Wes Haskett not to meet with or respond to Plaintiff's questions about the lot subdivision, like standard procedure with other applicants was, and only allow Plaintiff to apply for the sub-division after making payment. Town manager Cliff Ogburn also contributes to the discrimination and selective prosecution against Plaintiff by enforcing a zoning code prohibiting real estate signs on the right of way in front of the property owner's house. There are realtor's signs in the right of way 365 days a year in Southern Shores but Southern Shores told Plaintiff to remove his signs without bothering other property owners with real estate signs that could not be missed when leaving the neighborhood from Plaintiff's house. Wes Haskett's fraudulent concealment of the proposed zoning code enabled the previous owner, Linda Lauby to negotiate an additional $75,000 from Plaintiff but the actual damages from preventing the lot subdivision to occur as Plaintiff planned are valued at $365,000 to Plaintiff, since the nearest comparable approximately 20,000 sq. ft. canal front lot sold for $365,000 at 91 S. Dogwood Trail. Southern Shores has continued their obnoxious corruption enforcing illegally adopted zoning codes to prevent subdivisions by continuing to have Dare County tax down-zoned properties as lots that could be subdivided and used for 2 single homes when without the subdivision by right being available, the same property is worth substantially less. So, although Plaintiff is filing a Federal Civil Rights Conspiracy lawsuit on his behalf, Southern Shores is knowingly committing tax fraud against all Southern Shores property owners effected by their down-zoning.

Law Enforcement forcing Plaintiff to litigate these damages without arresting the wrong-doers for crimes violates labor trafficking, involuntary servitude and slavery laws as Plaintiff has no choice but to suffer legal and financial damages or to do police work and legal work paid police officers are criminally negligent for not doing. Criminal Law defines the overt acts committed by the defendants as a "criminal enterprise" and these defendants should be held liable for punitive damages.

Dear Southern Shores,

As a professional courtesy I am writing you to notify you that news sources will be notified tomorrow about Southern Shores illegally adopted zoning codes that intentionally down-zoned properties that could be sub-divided as a right to not sub-dividable by right (without property tax deductions). News sources will be told that Wes Haskett got caught falsifying notification requirements to me, Chief Kole and Mayor Morey and that Philip Hornthal has stated the Southern Shores police will not be accepting a police report filing from me for Wes Haskett's falsification crimes because Southern Shores is named in a Federal Law Suit in a civil rights conspiracy refusing to provide equal protection.

Southern Shores misconduct also violates Slavery and Involuntary Servitude Laws by forcing me, an unpaid civilian, to take legal action against corrupt Southern Shores employees that should have been immediately fired.

I have been complaining to Southern Shores police department for months, if not more than a year about Wes Haskett's crimes so you will be removed from my Federal Law Suit when I am made aware of the police investigation against Wes Haskett and Cliff Ogburn that the Southern Shores police initiated when they started receiving evidence of Wes Haskett's crimes, like the falsified notification requirements.

I do not have financial and legal resources available to me to wait any longer for Southern Shores police to do their job against Wes Haskett and Cliff Ogburn, meaning I apologize for naming you as a defendant in my law suit if you have in fact been doing your job to prepare criminal charges against Wes Haskett and Cliff Ogburn. I wanted you to be aware that my interaction with Wes Haskett amounts to nothing more than enough probable cause to arrest and convict Wes Haskett of criminal crimes against me.

The only definition I use for interaction is "communication or direct involvement with someone or something".

In Pennsylvania corruption used certain words to pretend I was working with the people victimizing me, when in fact what they were doing was hiding a labor trafficking scheme that intended to bankrupt my family with enough emotional distress to cause suicidal issues (I was tipped off that corruption was trying to fill certain people like me with suicidal aggression towards people like law enforcement that do not do their job). I'll let law enforcement figure out if Wes Haskett and Cliff Ogburn are pretending to be working with me when in fact they are trying to destroy my family's financial plans with their illegal abuse of power.

Anyway, I wanted to make sure Southern Shores was not being deceived by any of their own people using words like "interaction". I don't have any interaction with Southern Shores other than trying to get Southern Shores to comply with their own town codes, state and federal laws. Some people have interactions with intricate schemes to help law enforcement investigate or to help special interests see inside of their opponents. Me and my fiance do not have these types of "interactions" not defined in dictionaries available to the public... but we have had people close to us for decades coercing us to sound like we were working with law enforcement when we were not.

Subject: Southern Shores Liability For Slavery, Involuntary Servitude and Labor Trafficking Laws

Dear Southern Shores,

As a professional courtesy I wanted you to be aware that the Federal Civil Rights Conspiracy Law Suit being filed against Southern Shores will name Southern Shores and the Police Department as a defendant because of Slavery, Involuntary Servitude and Labor Trafficking Laws being committing against me. Southern Shores must arrest Wes Haskett and correct Wes Haskett's wrong doing by tomorrow, August 14, 2024 if they do not want to be held liable for the slavery, involuntary servitude and labor trafficking Wes Haskett's crimes have caused.

Feel free to email me any questions regarding specific information needed for Wes Haskett's arrest. I will call the police department tomorrow to ask for a police report to be officially filed on my behalf to arrest Wes Haskett, but from my understanding and interpretation of Southern Shore's policies and laws, Wes Haskett should be arrested and fired without me even needing to file a police report.

Anthony S Mina

PS I have attached a section of my Federal Civil Rights Law Suit for Southern Shores to see the direction Philip Hornthal has taken their Southern Shores instead of correcting their mistakes in compliance with law and ethics policies.

IN THE UNITED STATES EASTERN DISTRICT
FEDERAL COURT OF NORTH CAROLINA

ANTHONY MINA :
Plaintiff :
:
vs. :
: NO:
"DARE COUNTY REAL ESTATE :
SCAM DEFENDANTS", :
Defendant : CIVIL ACTION

INTRODUCTION TO PLAINTIFF'S COMPLAINT

Plaintiff's Complaint involves a Dare County Federal Civil Rights Conspiracy that began with Plaintiff's neighbor Mike Meredith's house being completely destroyed by a fire that the Kitty Hawk fire department intentionally allowed to consume the entire house as an "offensive fire fight". Allowing the fire to burn the entire house caused approximately 15 trees on Plaintiff's property to be destroyed, with evidence being left behind indicating that someone tried setting Plaintiff's fence on fire. Plaintiff's property damage from the fire appears to be $50,000. The home owner, Mike Meredith refused to provide North Carolina Insurance adjusters his insurance information which Plaintiff's insurance company needed. The Kitty Hawk fire department refuses to provide Plaintiff Mike and Lea Meredith's account of the house fire, the investigation results of the burn marks on Plaintiff's fence that appear to be torch marks and not from fire spreading and their department protocol for handling fires with evidence indicating the fire was intentionally started. Kitty Hawk's zoning inspector refused to enforce zoning codes on the Vista Lane street as per Kitty Hawk zoning code after Plaintiff filed a zoning complaint indicating that the 4 properties owned by the Meredith family surrounding Plaintiff's lot were intentionally turned into an illegal junkyard with an extremely dangerous Hummer abandoned on the right of way that was left on 3 wheels and a collapsing jackstand where Plaintiff's children and 4 other neighborhood children regularly had to reach under vehicles to get their soccer ball, basketball, kickball, football and baseball. Plaintiff was forced to move from the dangerously corrupt, intentionally destroyed neighborhood to keep his children safe and accept a loss in sale price estimated by one of Coldwell Banker's top real estate agents to be a loss between $45,000 and $70,000 from her comparative sales analysis. Kitty Hawk and their Police Chief Mike Palkovics claimed Plaintiff's problem was a civil matter and not to have law enforcement officer trained to prosecute crimes such as littering, harassment, stealing from Kitty Hawk's government when working for Kitty Hawk, withholding public information about the fire department's investigation of potential arson needed for property damage claims and operating a criminal enterprise/criminal conspiracy. When Plaintiff complained to Laurie Wilson at Dare County District Attorney's Office, Laurie Wilson stated that endangering children is not a crime in Dare County and Plaintiff needs to hire an attorney.

Plaintiff's problems with the Federal Civil Rights Conspiracy took a complete opposite approach of attack in Southern Shores, Plaintiff's new home, a few miles away from the last home. Plaintiff offered $550,000 for 75 E. Dogwood Trail and explained that he could not pay anymore without an approved sub-division plan. On May 7, 2023 Plaintiff bought the property as a lot that could possibly be sub-divided, as per Southern Shores (according to Outer Banks Realty Group and Wes Haskett) after the previous owner negotiated an additional $75,000 from Plaintiff and offered Seller Financing. Plaintiff discussed the lot sub-division plans in 4 emailed conversations in May, 2023 with Wes Haskett, the Southern Shores employee who stated the property could possibly be sub-divided to the previous owner then on June 1, 2023 Wes Haskett said for the first time that there was a proposed zoning amendment scheduled for June 6, 2023 that would prevent the lot sub-division. Wes Haskett's fraudulent concealment of the proposed zoning amendment led to an investigation revealing Southern Shores did not notify property owners effected by the zoning amendment pursuant to town code and state law which requires notice to be posted at the effected property(s). To make matters worse, Wes Haskett then falsified records to Plaintiff, Police Chief Kole and Mayor Morey claiming notification requirements were met by deleting the town code requiring posted notice at the effected property in his email explaining the legal basis of the zoning amendment. At this point, Wes Haskett's corruption did not stop, almost $4000 was paid for their town attorney to also lie about meeting notification requirements to Plaintiff and the town manager, Cliff Ogburn. Wes Haskett's corruption has been encouraged by town attorney Philip Hornthal who advised Wes Haskett not to meet with or respond to Plaintiff's questions about the lot subdivision, like standard procedure with other applicants was, and only allow Plaintiff to apply for the sub-division after making payment. Town manager Cliff Ogburn also contributes to the discrimination and selective prosecution against Plaintiff by enforcing a zoning code prohibiting real estate signs on the right of way in front of the property owner's house. There are realtor's signs in the right of way 365 days a year in Southern Shores but Southern Shores told Plaintiff to remove his signs without bothering other property owners with real estate signs that could not be missed when leaving the neighborhood from Plaintiff's house. Wes Haskett's fraudulent concealment of the proposed zoning code enabled the previous owner, Linda Lauby to negotiate an additional $75,000 from Plaintiff but the actual damages from preventing the lot subdivision to occur as Plaintiff planned are valued at $365,000 to Plaintiff, since the nearest comparable approximately 20,000 sq. ft. canal front lot sold for $365,000 at 91 S. Dogwood Trail. Southern Shores has continued their obnoxious corruption enforcing illegally adopted zoning codes to prevent subdivisions by continuing to have Dare County tax down-zoned properties as lots that could be subdivided and used for 2 single homes when without the subdivision by right being available, the same property is worth substantially less. So, although Plaintiff is filing a Federal Civil Rights Conspiracy lawsuit on his behalf, Southern Shores is knowingly committing tax fraud against all Southern Shores property owners effected by their down-zoning.

Law Enforcement forcing Plaintiff to litigate these damages without arresting the wrong-doers for crimes violates labor trafficking,

involuntary servitude and slavery laws as Plaintiff has no choice but to suffer legal and financial damages or to do police work and legal work paid police officers are criminally negligent for not doing. Criminal Law defines the overt acts committed by the defendants as a "criminal enterprise" and these defendants should be held liable for punitive damages.

Gentlemen –

Most of what Mr. Mina writes is complete nonsense. However, the portion of this last email that I have cut and pasted below crosses the line. At what point do we consider him a serious threat?
Do we have any recourse here? Is he not communicating threats? I'm out of the office tomorrow but am happy to jump on a call 252-216-8146.

Cliff

Anyway, sorry to ramble on. I wanted to specify:

A) The continuing pattern of corruption attacking me that is trying to bankrupt me, illegally, with things like corrupt zoning inspectors (Wes Haskett and Jasper Rogers) forcing me into legal entanglement schemes and doing these things with knowledge they are violating involuntary servitude/slavery laws.

B) The intentional psychological suffering caused by the corruption can trigger my PTSD so things I do are things corruption is liable for (For example, if corrupt law enforcement neglects to correct wrong doing and the wrong-doing triggers a PTSD episode that results with someone being killed, the corrupt law enforcement is liable). I do what I got to do to protect my family and if Southern Shores and Kitty Hawk corruption wants to make my life more difficult because I've caught their corrupt zoning inspectors, just keep in mind you are triggering PTSD that brings me to a world of being attacked non-stop by corruption and I'm crawling around on the floor in excruciating pain with a corrupt government that won't even hear my workers compensation claim they were supposed to reschedule. Don't think for one

single second that because I'm riding my bike around for exercise and smiling with my family that North Carolina corruption isn't one wrong move away from one of their worst nightmares. I know people like inflicting pain on me and want me dead so North Carolina's corruption thinking they got time to do something other than correct the wrong-doing is dead wrong.

Subject: Murder Suicide Mission Orchestrated From Pennsylvania

Dear North Carolina Law Enforcement,

I hope you are doing well.

I am writing you because I believe that in addition to North Carolina law enforcement being suckered into Pennsylvania corruption schemes where North Carolina's government will lose power to Pennsylvania based interests, I also believe North Carolina law enforcement is a target of a murder suicide mission where I am supposed to be the murder victim to a corrupt North Carolina employee (like people destroying me want Jen Franz to be receiving a wrongful death settlement... like they think they own Jen

Franz and can steal/embezzle her money from her).

As you may be reluctant to admit, I don't commit crimes and if you try slithering around to find a way to claim I do commit crimes your only hole is "Tony Mina drives his Ford F250 with the flow of traffic, which sometimes means he is not paying attention to his exact speed and has had police vehicles pass him without their lights flashing". (Trying to interfere with my business/financial needs, coerce me and entrap me in financial schemes only results with internal affairs ripping apart Dare County's op against me and my business into another case against law enforcement). So, in addition to North Carolina corruption targeting me adding up to things like witness tampering, North Carolina law enforcement is clearly on a path that violates criminal negligence laws, causes me psychological problems where the post traumatic stress disorder North Carolina is intentionally triggering will result with North Carolina law enforcement being liable for the things I do and lastly, North Carolina's criminal negligence is probably expected to lead to my death, by a government employee, like a cop I am forced to expose for being corrupt and allowing people to victimize my family and other property owners.

You are probably thinking "wow" death by a cop, haha so I just wanted you to be aware that about 21 years ago when I was suffering from 2 herniated discs, 5 bulging discs and 1 fractured disc in my back I wasn't being prescribed medicine competent doctors should have prescribed, like anti-inflammatory medicine and pain relief injections into my spine (I did not know these things existed as I was treated by doctors Paul Debacco, Viginia Keeler and Andrew Cherry) and I relapsed into a PCP (angel dust) addiction with lots of alcohol that helped deal with the back pain. When I was self medicating I became aware (through anonymous information) that corruption uses PCP to fill people with suicidal aggression and I had no problem at all getting PCP. So I stopped using drugs more than 20 years ago and one of the guys I used drugs with, Yuri Spangler, died from a police altercation when on PCP and another guy I used drugs with, John Crabb took all his clothes off and jumped on top of a police car screaming "fuck the police". So...my death by cop theory isn't exactly far fetched. My name coded moluscum penis crime family (involving healthcare workers) theory leading back to Peirce Middle School also isn't exactly far fetched. I also became friends with a guy name Tom Barrett and Tom Barrett had his penis pierced. The strange thing about Tom Barrett's penis being pierced is the hole in his penis was supposedly from a spring in a jumper ripping a hole in his penis when he was a kid. Tom Barrett supposedly died after checking his self into the Chester County Hospital (the hospital helping police hide injuries I suffered from by the police during an arrest when I was 16 years old).

Competent law enforcement in North Carolina would know that their corruption attacking me is triggering my PTSD because these attacks from corruption are a continuing pattern since I was a juvenile and the police and hospital were trying to hide the injuries the police caused to me.

For example, when I was a juvenile my mom said "If you don't like my rules, go live somewhere else" and I moved out of my parent's house, knowing that the approximately $500 a week I could make working was more than enough to rent a room in the college town of West Chester that I lived in. Then Chester County Hospital Board member, Judge Paula Ott put a bench warrant out for me for violating probation when I was not on probation, so I was unable to work a job with a bench warrant and didn't have a house to live in until after I got caught with my bench warrant.

Then in 2021 corruption went nuts again trying to frame me and make me lose my home improvement business which was then servicing about 115 clients on a regular basis. Their plan failed and I obtained about 30 more regular spring, summer, fall clients and 90 winter clients for snow removal services.

Then in November of 2022 I suffered from an injury of 2 herniated discs, 5 bulging discs and a fractured disc in my back being neglected and by 2023 half of the clients I had found a new property maintenance company and in 2024 the business had to be sold (Keep in mind that the police control the word on the street and slandering me to reduce the public's perception of me is how they hide corruption, so I wasn't known as the guy being neglected by doctors, I was known as the guy with a drug problem).

After years of getting my life together starting from nothing but a rented room with Makeda Marley I was renting a house for me and my daughter, all by myself. I painted the entire interior of the house and carpeted several rooms, making the house much nicer. Then in November 2007 I had another back injury (keep in mind that when I talk about back injuries I'm talking about a pinched nerve in my back that hurts so much that in the mornings I am sometimes crawling around on the floor and I would get to sleep by drinking lots of alcohol), but this back injury came with another storm... the police were in the middle of trying to frame me again (I caught the police and my lawyer Dawson R Muth framing me which is another reason I am hated so much) and my house was vandalized so the heater did not circulate water through the radiant heat (it only burnt oil), something happened to the well that made it produce brown water, my landlord lied and said his insurance company said I couldn't use the wood stove his friend Gary Cleveland installed in my house and the heater on my water bed broke. So as I was drinking myself to sleep I also was waking up in a house so cold you could see your own breathe (I stayed at my parent's house when my daughter was staying with me) and my landlord would not fix the problems.

In 2010 me and my fiance were unable to purchase atleast one home we liked offering asking price and purchased 100 Bridge Street where a home inspection indicated the house needed a new roof. It turned out that installing a new roof was nearly impossible because the walls weren't properly built so I needed to rebuild the house from the foundation up after I coincidentally suffered from another back injury a few days before the work at 100 Bridge Street had to start. The work required would have bankrupted someone that wasn't capable of working more than 70 hours a week making home improvements.

As you can see from my Federal Law suits, Chester County never stopped attacking me with corruption and by 2014 I was regularly suing Chester County as I was suffering from yet another back injury that had me crawling around on the floor in the morning with Chester County's government refusing to reschedule a workers compensation claim I made that was post poned because the guy I was working for walked out of the courtroom because he wouldn't answer my cross examination question. In 2014 I was finally provided anti-inflammatory medication for my back injuries and the pinched nerve pain that has caused me crazy amounts of pain for weeks and months at a time before has now become easier to deal with (I for some reason was given healthcare from Dr. Jennifer Keah instead of the Main Line Doctors I had been seeing for decades).

In 2017 DA Tom Hogan's corruption wouldn't stop attacking me (they create illusions so their attack against me appears to be evidence for me to use to infiltrate places like Federal Courts, like I am working with them, when I absolutely am not and my Federal tax returns prove I am not getting paid by Chester County corruption or any of their ops)... and I was forced to expose DA Tom Hogan and he stepped down as District Attorney (to spend more time with his family). Pennsylvania corruption was forced to regroup, I built another addition on the house me and my fiancé bought for $110K and sold the house for $820K and I moved to the Outer Banks to find a safe place for my family.

Little did I know corruption from Dare County would obnoxiously make sure I viewed their corruption as Pennsylvania corruption intimidating me, again. Southern Shores town council has people all named similarly to the corruption from 1996 that Paula Ott and Robert Holland were 2 of the main corrupt

government employees, Matt is the name of a guy called "horse" that I met in 1996 when court records indicate I was waiting for an inpatient bed at a rehab but sent to Mark's intensive rehab and had lots of females that wanted to get in bed with me(the name Neil has an interesting meaning to me, because when I bought 100 Bridge Street I asked Bill Wilfong, the building inspector how I could build additions on my "non-conforming" house and he said I could build up on the existing house, but could not build any more non conforming structures. So I built up as Bill Wilfong said I could and there was a zoning inspector named Neil that also approved my building plans. As I was building, my neighbor Peter DeLaurier asked me for some dirt I excavated doing foundation work and I allowed Peter to take some dirt and another day Peter asked me if I had enough dirt to build what I was building. Peter worked with DA Tom Hogan at the People's Light and Theater and what Peter was saying had an interpretation to mean that I was building my house the way I was because I had "dirt" (negative information/blackmail) on someone, when the truth is I was building my house the way I was because Bill Wilfong helped me make decisions about building additions. After I built my 3 story addition I had a guy named Jeff come to my house to purchase windows I was selling (he said he was building a barn) and Jeff was complaining he did not know I could build a house as big as mine on the lot when he looked at the house in 2010. So, Kitty Hawk and Southern Shores zoning officers creating problems with me may actually be the 4th time I've had a zoning officer causing problems (Tiffany Loomis replaced Neal in Malvern Borough, told me I couldn't work on something I already started then came to my house saying things like "there is a fire inspector named Tony Mina, are you a fire inspector"...and someone definitely needs to check on Kitty Hawk's fire inspector, who won't provide me Mike and Lea Meredith's account of their house fire which I need to make claims for damages through my insurance company and/or in Federal Court). The bottom line with the zoning inspector drama is government corruption is so pathetic and desperate they are now attacking me with zoning inspectors and trying to label me a nuisance because they are defrauding property owners and endangering children.

Anyway, sorry to ramble on. I wanted to specify:

A) The continuing pattern of corruption attacking me that is trying to bankrupt me, illegally, with things like corrupt zoning inspectors (Wes Haskett and Jasper Rogers) forcing me into legal entanglement schemes and doing these things with knowledge they are violating involuntary servitude/slavery laws.

B) The intentional psychological suffering caused by the corruption can trigger my PTSD so things I do are things corruption is liable for (For example, if corrupt law enforcement neglects to correct wrong doing and the wrong-doing triggers a PTSD episode that results with someone being killed, the corrupt law enforcement is liable). I do what I got to do to protect my family and if Southern Shores and Kitty Hawk corruption wants to make my life more difficult because I've caught their corrupt zoning inspectors, just keep in mind you are triggering PTSD that brings me to a world of being attacked non-stop by corruption and I'm crawling around on the floor in excruciating pain with a corrupt government that won't even hear my workers compensation claim they were supposed to reschedule. Don't think for one single second that because I'm riding my bike around for exercise and smiling with my family that North Carolina corruption isn't one wrong move away from one of their worst nightmares. I know people like inflicting pain on me and want me dead so North Carolina's corruption thinking they got time to do something other than correct the wrong-doing is dead wrong.

C) I wanted North Carolina corruption to be aware that in addition to witness tampering, involuntary servitude, criminal negligence and the long list of other crimes being committed against me, you are also going to be liable for attempts to hide Pennsylvania's corruption. For example, Jen Franz regularly said to me "your humming" and "stop humming" because my PTSD would bring me to a world where I would be

thinking about getting attacked by corruption and for some reason I start humming as my mind is disassociated from where I am at. William Meredith's use of hummers doesn't change the fact that I repeatedly told Chester County corruption to keep me out of their lies the entire time I wasn't mentally and physically well enough to be forced to be in the middle of corruption. I never once agreed to be a part of William Meredith's Hummer corruption because Jen Franz said things to me sounding like "You are Hum-in". After Mike Meredith's house burnt down a couple introduced themselves to me as neighbors of mine on the other side of Vista Lane. The couple was telling me their dog woke them up barking when Mike Meredith's house was on fire and the fire fighters response was "sore". I don't know how to use the word sore to mean anything other than physical pain. I imagine Pennsylvania corruption trying to clean their crimes by using the word "sore" to mean something other than physical pain because I regularly complain about being sore, where I should not even be expected to work, but am not only expected to work, I am forced to be in the middle of corruption pretending I am working with them as I get paid nothing. Another "play" of words North Carolina corruption should be aware of is my mind had a point about 21 years ago where it could not handle corruption trying to frame me as I was injured and if people started provoking me I would just wander off and walk home. One time I was being provoked by someone driving a vehicle I believed was an undercover cop and I blacked out and regained consciousness curled up in a ball in the woods at the end of the street John Crabb's mom lived on in West Chester, PA (which I described as a cul-de-sac). Corruption tries making up word plays to pretend pain I am in and mental health problems they trigger aren't really what they are, so I expect Greg Ball's name, Dave Koles name and several other names to be used to try and clean Pennsylvania corruption, which I will say for the millionth time, I am not working with (and either is Jen Franz). I also say my nerve is pinched so I would expect things including doberman pincher's to be a part of corruption trying to hide physical pain I was in that was neglected.

Anthony Stocker Mina

PS Southern Shores Town Code, Ethics Policy, North Carolina State Law and Federal Law prohibit Southern Shores from doing anything but correcting their wrong-doing, which means they immediately vacate the illegally adopted zoning codes and approve my lot subdivision Outer Banks Realty Group indicated Southern Shores said was possible when negotiating an additional $75,000 from me because Wes Haskett was hiding a proposed zoning amendment from me...where do you think Southern Shores is going, Norwood Blanchard? You still haven't responded to my requests to schedule lie detection after claiming my lawsuit is meritless misconduct. The only thing I see Southern Shores doing is making my life more difficult because Wes Haskett got caught committing crimes.

PPS Which law enforcement officer or government employee do you think the people pawning Dare County from Pennsylvania planned on killing me. When I expose corruption I do things like publish advertisements in newspapers, create websites (www.chestercountyjustice.com was created by Rise & Shine Publishing and publicizes Chester County Corruption till this day, I'm not sure how the vacation industry will respond to an Outer Banks website publishing corruption where vacationers expect to find vacation rentals, but just think about who would be nice and mad at me), I've passed out 1000's of flyers exposing corruption at places including schools and the Chester County Courthouse and have used other tactics to expose corruption. All the illusions that I am some type of activist paid to expose corruption and sit people are just human traffickers gimmicks from Pennsylvania making North Carolina law enforcement look ridiculously stupid. Me and Jen Franz aren't working with a Pennsylvania or North Carolina op, we are being illegally trafficked by people that want us dead. Wake up

Subject: "Get the fuck out of here"

Dear Norwood Blanchard,

I am writing you because on August 30, 2024 I received an email from Norwood Blanchard stating my complaint against Southern Shores and Kitty Hawk was meritless misconduct and I responded with a request to schedule lie detection on me and your clients. Why are you not responding to my request to schedule lie detection after slandering me?

My complaint states that Southern Shores Police Chief Dave Kole is violating slavery laws, Wes Haskett is intentionally defrauding property owners and falsifying reports to the Police, Kitty Hawk's Fire Department intentionally destroyed about 15 trees on my property and appears to be hiding an arson and Jasper Rogers intentionally was allowing children to be recklessly endangered on Vista Lane. My Complaint also states that Kitty Hawk's police chief is operating a criminal enterprise which includes claims that his police department does not have anyone trained to arrest people for littering, harassment, stealing from Kitty Hawk's government and running a criminal enterprise. The attached pictures of the bullets show what I found on my property after Mike Meredith's house burnt down and I observed a bullet shoot from the direction of the fire towards me (where I was standing with 3 of my children and fiancé). I think law enforcement invented lie detection to catch people lying, so let's put the tax payer's money to good use and figure out who is lying (Claims that my complaint is meritless misconduct mean you are claiming the facts in my complaint are not the truth and your clients "truth" is what the court should believe.). As of right now, the truth may be Kitty Hawk's fire department intentionally burned Mike Meredith's house to pretend I got killed by a stray bullet shooting out of the fire but missed me.

Southern Shores is not in position to do anything but remedy their wrongs thanks to town code, their own ethics policy and state and federal law. Since there is now claims that my lawsuit is meritless misconduct, let's get me and your clients on the lie detector.

I understand you found a court document claiming my law suit in the Federal Court of Pennsylvania was dismissed and I was not allowed to file documents but I assure you that the judges, who have all been copied in this email are extremely corrupt. President Judge Juan Sanchez is a former judge in Chester County (the county I sued) and the judges thought they could secretly hide things like former West Chester District Judge Dawson R. Muth telling me and my 4 year old daughter to "Get the FUCK out of here (his office)" because I served Muth a request to produce documents of mine he made sworn statements claiming were at his office. After the corrupt Federal Judges dismissed my law suit without Muth every giving me a complete copy of my file (or any type of disciplinary action being enforced against Muth) Dawson R. Muth confessed he did not have the documents he claimed to have in his sworn statements when I told his new law firm I was coming to their law firm to get the documents. So, now in addition to the government conspiracy I was complaining about in Pennsylvania's Federal Court attacking me non-stop since they dismissed my complaint I now have government corruption in Dare County attacking me.

If your clients want to pretend "Get the FUCK out of here" is acceptable for an attorney to say to his old client he won't provide a complete copy of his file to when the file is claimed to be at his office, keep going in the direction your clients are going (the direction leading to Southern Shores and Kitty Hawk's public moral bankruptcy). The Federal Court of Pennsylvania wanted to pretend I was the problem for catching a former Judge's corruption and the CMC law firm can illegally spend Southern Shores money pretending I am the problem for catching Wes Haskett's corruption.

If you want to start correcting the problem I suggest you investigate the coded name meaning behind the name "Alan Davis", the Pennsylvania state attorney disciplinary board member that refused to discipline Dawson R. Muth for not only telling me and my 4 year old daughter to get the fuck out of his office, he also provided my file to another attorney without me signing a release.

Alan Creech is the realtor who has been in contact with me since 2021, before Southern Shores amended the zoning codes without notification requirements being met. The name Davis would mean either "Dave eyes" as in people spying for someone like Chief Dave Kole or "DA-vies" meaning district attorneys using pawns to fight over power within the district attorneys office.

Either way, it looks like the Pennsylvania name code corruption ties Dare County Corruption to them because of Southern Shores misconduct and Laurie Wilson's misconduct. What do you think? I was alleging Pennsylvania cops were illegally trafficking me as their pawn forced to do police work, just like Police Chief Kole is since I already caught Wes Haskett and Wes Haskett is not being arrested and the Southern Shores town council and police are hiding Wes Haskett's crimes.

When do you want to schedule your clients lie detector?

Anthony Stocker Mina

PS Dawson R Muth telling me and my 4 year old daughter "Get the FUCK out of here" is online at: https://www.youtube.com/shorts/LpaZN23J_RA
Please don't make the mistakes Chester County corruption made, it cost them their District Attorney. I bought a house in Southern Shores to sub-divide the lot and make renovations/new construction...not take down corrupt board members, cops and district attorneys who are trying to enslave me in their corruption.

Dear North Carolina Law Enforcement,

I just wanted to tell you a little story that makes me think someone like Tracy Mann might be the target of psychological profilers trying to find someone to kill me. As I explained, Pennsylvania corruption appears to me to be involved with making North Carolina law enforcement look incredibly stupid and I wanted North Carolina law enforcement to look at their crimes against me and other property owners like this:

Some law enforcement in Pennsylvania know that I've started making a little kids book about Officer Friendly, the cop that introduces themselves to elementary school children. My book about Officer Friendly is on an elementary school level and teaches children the truth about street cops and how many street cops are nothing more than an organized crime family/political lynch mob only protecting and

serving specific people while letting others commit crimes. My book starts by showing Officer Friendly uniformed, introducing themself to children and telling children not to use drugs and then shows Officer Friendly progress into different people, and eventually the devil by baiting people with things like drugs (my book describes the way law enforcement does these things so the moral of the story is "lead me not into temptation" and the cop is doing the devils work but refusing to do police work (my book is on a level that religious organizations will respect and acknowledge as a real life government problem where the police/government suffer from a moral bankruptcy because they are too busy engaged in a vulgar display of power to comply and enforce their own laws).

Here in Southern Shores I have proven Wes Haskett is part of a real estate scam withholding material information from me about 75 E. Dogwood Trail as Outer Banks Realty Group negotiated an additional $75,000 from me, I have proven Wes Haskett falsified information to Chief Kole and I have proven Wes Haskett is continuing to commit crimes like tax fraud against many Southern Shores property owners when the only thing Wes Haskett is in position to do is correct Southern Shores wrong-doing (not spend Southern Shores money on attorneys slandering me and doing anything but correcting the wrong doing that Southern Shores property owners are being over taxed on because of Wes Haskett's fraudulently adopted zoning codes).

In Kitty Hawk the police and Jasper Rogers refused to keep children safe from an extremely dangerous Hummer that Kitty Hawk zoning code officers should have immediately towed. The entire Vista Lane cul-de-sac looked like an illegal junkyard not permitted by Kitty Hawk zoning code with violations all over the place that substantiated "danger" to children and Kitty Hawk zoning inspector Jasper Rogers stole from the town in a conspiracy with the zoning code violators by refusing to fine them as required (some of these violators also rejected my offer to pay the costs of correcting their zoning violations, as information provided to Kitty Hawk proved). Kitty Hawk's police department and Jasper Rogers were so pathetic they wouldn't even ask that the zoning violations be hidden behind the homes of the properties with the zoning violations, when law prohibits parking on the street some of the violations were on.

So at the end of each and every day, Officer Tracy Mann goes home proving she lacks courage, bravery, moral and the leadership skills to initiate criminal investigations and arrests against people committing crimes against the children and families associated with the Kitty Hawk Elementary School...when her email is filled with plenty of evidence to do so.

I imagine when Pennsylvania corruption got North Carolina corruption to where it is at now they didn't bother telling North Carolina I am making a children's book about the real life of Officer Friendly progressing and doing the devil's work, but refusing to do police work. It is just like North Carolina corruption has just done exactly the kinds of things I want to publish in my book as being real life facts.

The most ironic thing is William Meredith's nickname is "Banks", the same nickname as Yuri Spangler, one of the guys I grew up with that died after a police altercation. William Meredith once called me "My man" for reasons I am not sure of and I once saw Shane Spangler on the Atlantic City Boardwalk and he called me "My man" (I almost never get called "my man). I did not move to North Carolina for Officer Friendly (Tracy Mann) to make a jackass of herself by pretending to be protecting and serving but refusing to protect children like William & Wiley Lloyd, Dallas & Finn Meredith and Asa and Anthony Mina from an extremely dangerous junkyard or refusing to protect Southern Shores property owners from Wes Haskett's fraud that Southern Shores code, Southern Shores ethics policy, North Carolina Law and Federal Law require to be immediately corrected.

I'm not trying to make North Carolina Law Enforcement mad at me by telling them they look incredibly stupid, but North Carolina is making one mistake after the next, just like Pennsylvania corruption scripted their downfall using me as the bait. Imagine the way property owners are going to view Southern Shores town council when they are informed how hard town council tried to defraud property owners with illegally adopted zoning codes as they labeled me a "nuisance" because Philip Hornthal suggested I contact an attorney and attorneys use facts and law, something Southern Shores and Kitty Hawk is unfamiliar with.

Anthony Stocker Mina

PS I still haven't received Mike and Lea Meredith's account of the 4805 Vista Lane fire from the investigation...why is Kitty Hawk refusing to provide me information needed for my property damage claim which shows evidence of arson?

Subject: Murder Suicide Mission Orchestrated From Pennsylvania

Dear North Carolina Law Enforcement,

I hope you are doing well.

I am writing you because I believe that in addition to North Carolina law enforcement being suckered into Pennsylvania corruption schemes where North Carolina's government will lose power to Pennsylvania based interests, I also believe North Carolina law enforcement is a target of a murder suicide mission where I am supposed to be the murder victim to a corrupt North Carolina employee (like people destroying me want Jen Franz to be receiving a wrongful death settlement... like they think they own Jen Franz and can steal/embezzle her money from her).

As you may be reluctant to admit, I don't commit crimes and if you try slithering around to find a way to claim I do commit crimes your only hole is "Tony Mina drives his Ford F250 with the flow of traffic, which sometimes means he is not paying attention to his exact speed and has had police vehicles pass him without their lights flashing". (Trying to interfere with my business/financial needs, coerce me and entrap me in financial schemes only results with internal affairs ripping apart Dare County's op against me and my business into another case against law enforcement). So, in addition to North Carolina corruption targeting me adding up to things like witness tampering, North Carolina law enforcement is clearly on a path that violates criminal negligence laws, causes me psychological problems where the post traumatic stress disorder North Carolina is intentionally triggering will result with North Carolina law enforcement being liable for the things I do and lastly, North Carolina's criminal negligence is probably expected to lead to my death, by a government employee, like a cop I am forced to expose for being corrupt and allowing people to victimize my family and other property owners.

You are probably thinking "wow" death by a cop, haha so I just wanted you to be aware that about 21 years ago when I was suffering from 2 herniated discs, 5 bulging discs and 1 fractured disc in my back I wasn't being prescribed medicine competent doctors should have prescribed, like anti-inflammatory medicine and pain relief injections into my spine (I did not know these things existed as I was treated by doctors Paul Debacco, Viginia Keeler and Andrew Cherry) and I relapsed into a PCP (angel dust) addiction with lots of alcohol that helped deal with the back pain. When I was self medicating I became aware (through anonymous information) that corruption uses PCP to fill people with suicidal aggression and I had no problem at all getting PCP. So I stopped using drugs more than 20 years ago and one of the guys I used drugs with, Yuri Spangler, died from a police altercation when on PCP and another guy I used drugs with, John Crabb took all his clothes off and jumped on top of a police car screaming "fuck the police". So...my death by cop theory isn't exactly far fetched. My name coded moluscum penis crime family (involving healthcare workers) theory leading back to Peirce Middle School also isn't exactly far fetched. I also became friends with a guy name Tom Barrett and Tom Barrett had his penis pierced. The strange thing about Tom Barrett's penis being pierced is the hole in his penis was supposedly from a spring in a jumper ripping a hole in his penis when he was a kid. Tom Barrett supposedly died after checking his self into the Chester County Hospital (the hospital helping police hide injuries I suffered from by the police during an arrest when I was 16 years old).

Competent law enforcement in North Carolina would know that their corruption attacking me is triggering my PTSD because these attacks from corruption are a continuing pattern since I was a juvenile and the police and hospital were trying to hide the injuries the police caused to me.

For example, when I was a juvenile my mom said "If you don't like my rules, go live somewhere else" and I moved out of my parent's house, knowing that the approximately $500 a week I could make working was more than enough to rent a room in the college town of West Chester that I lived in. Then Chester County Hospital Board member, Judge Paula Ott put a bench warrant out for me for violating probation when I was not on probation, so I was unable to work a job with a bench warrant and didn't have a house to live in until after I got caught with my bench warrant.

Then in 2021 corruption went nuts again trying to frame me and make me lose my home improvement business which was then servicing about 115 clients on a regular basis. Their plan failed and I obtained about 30 more regular spring, summer, fall clients and 90 winter clients for snow removal services.

Then in November of 2022 I suffered from an injury of 2 herniated discs, 5 bulging discs and a fractured disc in my back

being neglected and by 2023 half of the clients I had found a new property maintenance company and in 2024 the business had to be sold (Keep in mind that the police control the word on the street and slandering me to reduce the public's perception of me is how they hide corruption, so I wasn't known as the guy being neglected by doctors, I was known as the guy with a drug problem).

After years of getting my life together starting from nothing but a rented room with Makeda Marley I was renting a house for me and my daughter, all by myself. I painted the entire interior of the house and carpeted several rooms, making the house much nicer. Then in November 2007 I had another back injury (keep in mind that when I talk about back injuries I'm talking about a pinched nerve in my back that hurts so much that in the mornings I am sometimes crawling around on the floor and I would get to sleep by drinking lots of alcohol), but this back injury came with another storm... the police were in the middle of trying to frame me again (I caught the police and my lawyer Dawson R Muth framing me which is another reason I am hated so much) and my house was vandalized so the heater did not circulate water through the radiant heat (it only burnt oil), something happened to the well that made it produce brown water, my landlord lied and said his insurance company said I couldn't use the wood stove his friend Gary Cleveland installed in my house and the heater on my water bed broke. So as I was drinking myself to sleep I also was waking up in a house so cold you could see your own breathe (I stayed at my parent's house when my daughter was staying with me) and my landlord would not fix the problems.

In 2010 me and my fiance were unable to purchase atleast one home we liked offering asking price and purchased 100 Bridge Street where a home inspection indicated the house needed a new roof. It turned out that installing a new roof was nearly impossible because the walls weren't properly built so I needed to rebuild the house from the foundation up after I coincidentally suffered from another back injury a few days before the work at 100 Bridge Street had to start. The work required would have bankrupted someone that wasn't capable of working more than 70 hours a week making home improvements.

As you can see from my Federal Law suits, Chester County never stopped attacking me with corruption and by 2014 I was regularly suing Chester County as I was suffering from yet another back injury that had me crawling around on the floor in the morning with Chester County's government refusing to reschedule a workers compensation claim I made that was post poned because the guy I was working for walked out of the courtroom because he wouldn't answer my cross examination question. In 2014 I was finally provided anti-inflammatory medication for my back injuries and the pinched nerve pain that has caused me crazy amounts of pain for weeks and months at a time before has now become easier to deal with (I for some reason was given healthcare from Dr. Jennifer Keah instead of the Main Line Doctors I had been seeing for decades).

In 2017 DA Tom Hogan's corruption wouldn't stop attacking me (they create illusions so their attack against me appears to be evidence for me to use to infiltrate places like Federal Courts, like I am working with them, when I absolutely am not and my Federal tax returns prove I am not getting paid by Chester County corruption or any of their ops)... and I was forced to expose DA Tom Hogan and he stepped down as District Attorney (to spend more time with his family). Pennsylvania corruption was forced to regroup, I built another addition on the house me and my fiancé bought for $110K and sold the house for $820K and I moved to the Outer Banks to find a safe place for my family.

Little did I know corruption from Dare County would obnoxiously make sure I viewed their corruption as Pennsylvania corruption intimidating me, again. Southern Shores town council has people all named similarly to the corruption from 1996 that Paula Ott and Robert Holland were 2 of the main corrupt government employees, Matt is the name of a guy called "horse" that I met in 1996 when court records indicate I was waiting for an inpatient bed at a rehab but sent to Mark's intensive rehab and had lots of females that wanted to get in bed with me(the name Neil has an interesting meaning to me, because when I bought 100 Bridge Street I asked Bill Wilfong, the building inspector how I could build additions on my "non-conforming" house and he said I could build up on the existing house, but could not build any more non conforming structures. So I built up as Bill Wilfong said I could and there was a zoning inspector named Neil that also approved my building plans. As I was building, my neighbor Peter DeLaurier asked me for some dirt I excavated doing foundation work and I allowed Peter to take some dirt and another day Peter asked me if I had enough dirt to build what I was building. Peter worked with DA Tom Hogan at the People's Light and Theater and what Peter was saying had an interpretation to mean that I was building my house the way I was because I had "dirt" (negative information/blackmail) on someone, when the truth is I was building my house the way I was because Bill Wilfong helped me make decisions about building additions. After I built my 3 story addition I had a guy named Jeff come to my house to purchase windows I was selling (he said he was building a barn) and Jeff was complaining he did not know I could build a house as big as mine on the lot when he looked at the house in 2010. So, Kitty Hawk and Southern Shores zoning officers creating problems with me may actually be the 4th time I've had a zoning officer causing problems (Tiffany Loomis replaced Neal in Malvern Borough, told me I couldn't work on something I already started then came to my house saying things like "there is a fire inspector named Tony Mina, are you a fire inspector"...and someone definitely needs to check on Kitty Hawk's fire inspector, who won't provide me Mike and Lea Meredith's account of their house fire which I

need to make claims for damages through my insurance company and/or in Federal Court). The bottom line with the zoning inspector drama is government corruption is so pathetic and desperate they are now attacking me with zoning inspectors and trying to label me a nuisance because they are defrauding property owners and endangering children.

Anyway, sorry to ramble on. I wanted to specify:

A) The continuing pattern of corruption attacking me that is trying to bankrupt me, illegally, with things like corrupt zoning inspectors (Wes Haskett and Jasper Rogers) forcing me into legal entanglement schemes and doing these things with knowledge they are violating involuntary servitude/slavery laws.

B) The intentional psychological suffering caused by the corruption can trigger my PTSD so things I do are things corruption is liable for (For example, if corrupt law enforcement neglects to correct wrong doing and the wrong-doing triggers a PTSD episode that results with someone being killed, the corrupt law enforcement is liable). I do what I got to do to protect my family and if Southern Shores and Kitty Hawk corruption wants to make my life more difficult because I've caught their corrupt zoning inspectors, just keep in mind you are triggering PTSD that brings me to a world of being attacked non-stop by corruption and I'm crawling around on the floor in excruciating pain with a corrupt government that won't even hear my workers compensation claim they were supposed to reschedule. Don't think for one single second that because I'm riding my bike around for exercise and smiling with my family that North Carolina corruption isn't one wrong move away from one of their worst nightmares. I know people like inflicting pain on me and want me dead so North Carolina's corruption thinking they got time to do something other than correct the wrong-doing is dead wrong.

C) I wanted North Carolina corruption to be aware that in addition to witness tampering, involuntary servitude, criminal negligence and the long list of other crimes being committed against me, you are also going to be liable for attempts to hide Pennsylvania's corruption. For example, Jen Franz regularly said to me "your humming" and "stop humming" because my PTSD would bring me to a world where I would be thinking about getting attacked by corruption and for some reason I start humming as my mind is disassociated from where I am at. William Meredith's use of hummers doesn't change the fact that I repeatedly told Chester County corruption to keep me out of their lies the entire time I wasn't mentally and physically well enough to be forced to be in the middle of corruption. I never once agreed to be a part of William Meredith's Hummer corruption because Jen Franz said things to me sounding like "You are Hum-in". After Mike Meredith's house burnt down a couple introduced themselves to me as neighbors of mine on the other side of Vista Lane. The couple was telling me their dog woke them up barking when Mike Meredith's house was on fire and the fire fighters response was "sore". I don't know how to use the word sore to mean anything other than physical pain. I imagine Pennsylvania corruption trying to clean their crimes by using the word "sore" to mean something other than physical pain because I regularly complain about being sore, where I should not even be expected to work, but am not only expected to work, I am forced to be in the middle of corruption pretending I am working with them as I get paid nothing. Another "play" of words North Carolina corruption should be aware of is my mind had a point about 21 years ago where it could not handle corruption trying to frame me as I was injured and if people started provoking me I would just wander off and walk home. One time I was being provoked by someone driving a vehicle I believed was an undercover cop and I blacked out and regained consciousness curled up in a ball in the woods at the end of the street John Crabb's mom lived on in West Chester, PA (which I described as a cul-de-sac). Corruption tries making up word plays to pretend pain I am in and mental health problems they trigger aren't really what they are, so I expect Greg Ball's name, Dave Koles name and several other names to be used to try and clean Pennsylvania corruption, which I will say for the millionth time, I am not working with (and either is Jen Franz). I also say my nerve is pinched so I would expect things including doberman pincher's to be a part of corruption trying to hide physical pain I was in that was neglected.

PS Southern Shores Town Code, Ethics Policy, North Carolina State Law and Federal Law prohibit Southern Shores from doing anything but correcting their wrong-doing, which means they immediately vacate the illegally adopted zoning codes and approve my lot subdivision Outer Banks Realty Group indicated Southern Shores said was possible when negotiating an additional $75,000 from me because Wes Haskett was hiding a proposed zoning amendment from me...where do you think Southern Shores is going, Norwood Blanchard? You still haven't responded to my requests to schedule lie detection after claiming my lawsuit is meritless misconduct. The only thing I see Southern Shores doing is making my life more difficult because Wes Haskett got caught committing crimes.

PPS Which law enforcement officer or government employee do you think the people pawning Dare County from Pennsylvania planned on killing me. When I expose corruption I do things like publish advertisements in newspapers, create websites (www.chestercountyjustice.com was created by Rise & Shine Publishing and publicizes Chester County Corruption till this day, I'm not sure how the vacation industry will respond to an Outer Banks website publishing corruption where vacationers expect to find vacation rentals, but just think about who would be nice and mad at me), I've passed out 1000's of flyers exposing corruption at places including schools and the Chester County Courthouse and

have used other tactics to expose corruption. All the illusions that I am some type of activist paid to expose corruption and sit people are just human traffickers gimmicks from Pennsylvania making North Carolina law enforcement look ridiculously stupid. Me and Jen Franz aren't working with a Pennsylvania or North Carolina op, we are being illegally trafficked by people that want us dead. Wake up

Subject: "Get the fuck out of here"

Dear Norwood Blanchard,

I am writing you because on August 30, 2024 I received an email from Norwood Blanchard stating my complaint against Southern Shores and Kitty Hawk was meritless misconduct and I responded with a request to schedule lie detection on me and your clients. Why are you not responding to my request to schedule lie detection after slandering me?

My complaint states that Southern Shores Police Chief Dave Kole is violating slavery laws, Wes Haskett is intentionally defrauding property owners and falsifying reports to the Police, Kitty Hawk's Fire Department intentionally destroyed about 15 trees on my property and appears to be hiding an arson and Jasper Rogers intentionally was allowing children to be recklessly endangered on Vista Lane. My Complaint also states that Kitty Hawk's police chief is operating a criminal enterprise which includes claims that his police department does not have anyone trained to arrest people for littering, harassment, stealing from Kitty Hawk's government and running a criminal enterprise. The attached pictures of the bullets show what I found on my property after Mike Meredith's house burnt down and I observed a bullet shoot from the direction of the fire towards me (where I was standing with 3 of my children and fiancé). I think law enforcement invented lie detection to catch people lying, so let's put the tax payer's money to good use and figure out who is lying (Claims that my complaint is meritless misconduct mean you are claiming the facts in my complaint are not the truth and your clients "truth" is what the court should believe.). As of right now, the truth may be Kitty Hawk's fire department intentionally burned Mike Meredith's house to pretend I got killed by a stray bullet shooting out of the fire but missed me.

Southern Shores is not in position to do anything but remedy their wrongs thanks to town code, their own ethics policy and state and federal law. Since there is now claims that my lawsuit is meritless misconduct, let's get me and your clients on the lie detector.

I understand you found a court document claiming my law suit in the Federal Court of Pennsylvania was dismissed and I was not allowed to file documents but I assure you that the judges, who have all been copied in this email are extremely corrupt. President Judge Juan Sanchez is a former judge in Chester County (the county I sued) and the judges thought they could secretly hide things like former West Chester District Judge Dawson R. Muth telling me and my 4 year old daughter to "Get the FUCK out of here (his office)" because I served Muth a request to produce documents of mine he made sworn statements claiming were at his office. After the corrupt Federal Judges dismissed my law suit without Muth every giving me a complete copy of my file (or any type of disciplinary action being enforced against Muth) Dawson R. Muth confessed he did not have the documents he claimed to have in his sworn statements when I told his new law firm I was coming to their law firm to get the documents. So, now in addition to the government conspiracy I was complaining about in Pennsylvania's Federal Court attacking me non-stop since they dismissed my complaint I now have government corruption in Dare County attacking me.

If your clients want to pretend "Get the FUCK out of here" is acceptable for an attorney to say to his old client he won't provide a complete copy of his file to when the file is claimed to be at his office, keep going in the direction your clients are going (the direction leading to Southern Shores and Kitty Hawk's public moral bankruptcy). The Federal Court of

Pennsylvania wanted to pretend I was the problem for catching a former Judge's corruption and the CMC law firm can illegally spend Southern Shores money pretending I am the problem for catching Wes Haskett's corruption.

If you want to start correcting the problem I suggest you investigate the coded name meaning behind the name "Alan Davis", the Pennsylvania state attorney disciplinary board member that refused to discipline Dawson R. Muth for not only telling me and my 4 year old daughter to get the fuck out of his office, he also provided my file to another attorney without me signing a release.

Alan Creech is the realtor who has been in contact with me since 2021, before Southern Shores amended the zoning codes without notification requirements being met. The name Davis would mean either "Dave eyes" as in people spying for someone like Chief Dave Kole or "DA-vies" meaning district attorneys using pawns to fight over power within the district attorneys office.

Either way, it looks like the Pennsylvania name code corruption ties Dare County Corruption to them because of Southern Shores misconduct and Laurie Wilson's misconduct. What do you think? I was alleging Pennsylvania cops were illegally trafficking me as their pawn forced to do police work, just like Police Chief Kole is since I already caught Wes Haskett and Wes Haskett is not being arrested and the Southern Shores town council and police are hiding Wes Haskett's crimes.

When do you want to schedule your clients lie detector?

Please don't make the mistakes Chester County corruption made, it cost them their District Attorney. I bought a house in Southern Shores to sub-divide the lot and make renovations/new construction...not take down corrupt board members, cops and district attorneys who are trying to enslave me in their corruption.

Hello Law Enforcement,

I wanted you to have proof that Wes Haskett and Cliff Ogburn were working together to falsify records to Police Chief Kole and me. The attached picture shows an email between Wes Haskett and Cliff Ogburn creating the email below with the fraudulently misrepresented zoning code notification requirements (they deleted town code 36-414(b) requiring posted notice at effected property(s)).

Instead of allowing Cliff Ogburn to continue his criminal conspiracy to steal property rights and land value from property owners with illegally adopted zoning codes that did not meet notification requirements, I suggest law enforcement arrest Cliff Ogburn and Wes Haskett with criminal conspiracy for falsifying police reports to Chief Kole.

Because Dare County is actively collecting property taxes on illegally down-zoned property in Southern Shores, law enforcement would be committing crimes by allowing Wes Haskett and Cliff Ogburn's corruption to continue. Fraudulently overtaxing property owners victimized by illegal zoning code amendments is undoubtably bound to be a Southern Shores scandal humiliating property owners that deserve a government protecting their interests and correcting government wrong doing.

The way I see things is if Cliff Ogburn and Wes Haskett aren't held responsible, the entire town council should be held responsible with them for corruption related crimes since Town Council has allowed their corruption to continue (as opposed to being corrected).

Subject: RE: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Good afternoon, Mr. Mina. My responses to your questions are as follows:

1. The Town of Southern Shores Town Code states:

Sec. 1-10. - Amendments to Code.
(a) Amendments to any of the provisions of this Code shall be made by amending such provisions by specific reference to the section number of this Code. Such amendments may be in the following language: "That section _____ of the Code of Ordinances, Town of Southern Shores, North Carolina (or Southern Shores Town Code), is hereby amended to read as follows: ... ." The new provisions may then be set out in full as desired.

Sec. 36-414. Motion to amend.
(a) The town council may, on its own motion or upon motion or upon petition by any person within any zoning jurisdiction of the town, after public notice and hearing, amend, supplement, change, modify or repeal the regulations herein established or the maps which are part of this chapter, subject to the rules prescribed in this article. No regulation or map shall be amended, supplemented, changed, modified or repealed until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. Prior to adopting or rejecting any zoning amendment, the planning board shall adopt a statement describing whether its action is consistent with the adopted town comprehensive land use plan and explaining why the planning board considers the action taken to be reasonable and in the public interest. That statement is not subject to judicial review. A notice of such hearing shall be given one a week for two successive calendar weeks in a newspaper of general circulation in the town, said notice to be published the first time not less than ten days nor more than 25 days prior to the date fixed for the hearing.

Sec. 36-415. Planning board action.
(a) Every proposed amendment, supplement, change, modification, or repeal to this chapter shall be referred to the planning board for its recommendation and report. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the town council may proceed in its consideration of the amendment without the planning board report. The town council is not bound by the recommendations, if any of the planning board.

Attached you will find documentation showing that the Town of Southern Shores legally amended the Town Code on June 6, 2023. The attachments included are:

- Zoning Text Amendment application ZTA-23-03.
- The advertised Planning Board agenda for May 15, 2023 when ZTA-23-03 was heard by the Planning Board.
- Screenshot of the required public notice for the May 15, 2023 Planning Board meeting from the May 10, 2023 edition of the Coastland Times newspaper.
- Screenshots of the required public notices for the June 6, 2023 public hearing for ZTA-23-03 from the May 24, 2023 and May 31, 2023 editions of the Coastland Times newspaper.
- The advertised Town Council agenda for June 6, 2023, when the public hearing was held.
- The minutes from the June 6, 2023 Town Council meeting.
- Ordinance 2023-06-03 enacted with the Mayor's signature.

I've also attached the applicable North Carolina General Statutes that establish authority for municipalities to adopt and amend development regulations.

2. It appears that 172 and 174 S. Dogwood Trl. were created through a recombination of previously platted lots in 1999. At that time, there was only one structure which is currently situated on 174 S. Dogwood Trl. and the applicable side yard (setback) was 10 ft. The structure that is currently situated on 172 S. Dogwood Trl. was permitted in 2000 when the side yard (setback) requirement was still 10 ft. Other than removing the encroaching portion of the structure at 75 E. Dogwood Trl., documents required to make the encroachment conforming include a Zoning Text Amendment application (attached), $200.00 fee, and proposed language to amend the current side yard (setback) requirement or create an exemption for such situations. The application would have to follow the process noted above and it would have to be approved by the Town Council.

The Southern Shores Town Council has been and will always be the body that adopts and amends the Town's zoning

requirements, not Town Staff such as myself. The Town Council directs Town Staff to draft amendments to the Town Code, such as ZTA-23-03 to amend the Town's lot width requirements, which they adopted.

Subject: Questions Regarding Wes Haskett's Denial Of 75 E. Dogwood Trail Lot Sub-Division

Dear Wes Haskett,

I am writing you in response to the denial of my lot subdivision application which states "Feel free to contact me at (252) 261-2394 or whaskett@southernshores-nc.gov. if you have any questions or concerns".

My questions are:

1) How does Southern Shores believe taking a property right with a zoning amendment from a tax payer is legal? As paragraph 6 and Exhibit I of my subdivision application states, it is Applicant's position that an eminent domain transaction is required to change land use. Wes Haskett and Philip Hornthal have repeatedly refused to answer the aforesaid question. I have no evidence indicating Southern Shores is not intentionally violating eminent domain laws and stealing land value. It is not legal to use an illegally adopted zoning amendment (paragraph 1 of the denial-Town Code Section 36-202(d)) as a reason to deny my lot sub-division.

2) What zoning code permits the set back distance between 174 S. Dogwood Trail (the house with the white Crosstour) and 172 S. Dogwood Trail? It appears to me if Southern Shores wants to claim 75 E. Dogwood Trail encroaches in the required side set back (although I disagree with paragraph 2 of Wes Haskett's denial of lot sub-division) I should be filing my lot subdivision plan the same way 172 and 174 S. Dogwood Trail were permitted to build the homes so close to each other. What zoning code and/or documents need to be used to get 75 E. Dogwood Trail to be accepted as conforming to side set back requirements like 172 and 174 S. Dogwood Trail?

My concerns are the following:

Wes Haskett and Philip Hornthal are not in touch with reality and a danger to other people's physical and emotional well being. Wes Haskett has refused to answer how he believes he is legally changing land use with a zoning amendment since last summer. Changing land use from a 2 single home property (with a subdivision by right) to a 1 single home property causes land value monetary damages to some Southern Shores tax payers of significantly more than

$100,000. In the real world $100,000 is easily the difference between life and death. $100,000 can be the difference between the medical care someone needs and accepting that their life is coming to an end. If you walk into a bank demanding $100,000 you are lucky if you are not killed. Wes Haskett and Philip Hornthal refuse to explain how they legally think they can cause some Southern Shores home owners more than $100,000 in monetary damages with a zoning code amendment which changes land use. Applicant without a doubt will not be committing any crimes in response to Wes Haskett and Philip Hornthal stealing land value from Southern Shores home owners, but has serious concerns that Wes Haskett and Philip Hornthal are a danger to the physical and emotional well being of others and should be involuntarily committed to a psychiatric hospital for evaluation. Applicant will give Wes Haskett and Philip Hornthal 48 hours to explain how they legally are changing land use without an eminent domain transaction and highly suggests law enforcement not to wait half as long.

Anthony Stocker Mina

PS When I testified in front of Federal Judge Edward G Smith against Chester County's labor trafficking conspiracy against me I explained that the conspirators designed me a spin move. 172 and 174 S. Dogwood Trail appear to me to be another example of the pre-meditated conspiracy which I am expected to use certain evidence against corruption a specific way. I will let law enforcement figure out if the home owners are pawned because of meanings within their names or play a role in the conspiracy that repeatedly forces me in the middle of government scandals as a way of hiding Pennsylvania's corruption like I am their undercover internal affairs guerilla. Since there is a white crosstour at 172 S. Dogwood Trail and I live in the Dick White house I feel like I am being forced in the middle of a whole lot of crossing without being paid (as Wes Haskett tries stealing more than $100,000 of land value from my family).

Subject: Criminal Conspiracy Being Committed By Wes Haskett And Southern Shores

Dear Law Enforcement,

Please find the attached letter I received from Wes Haskett indicating my 75 East Dogwood Trail lot subdivision plan has been denied.

The attached letter therefore proves the following:

1) Wes Haskett and Philip Hornthal knowingly changed landuse without an eminent domain transaction, refuse to correct their legal wrong doing and just charged me $100 to deny a lot sub division plan that would not have been submitted the way it was submitted if they would answer questions about Southern Shores zoning code, instead of basically pleading the 5th amendment so they could force me to pay $100 for them to tell me things they should have done for free.

2) The town of Southern Shores conspired with Outer Banks realty to sell 75 E. Dogwood Trail as a potentially sub-dividable lot when the attached letter proves that Southern Shores did not consider 75 E. Dogwood Trail a sub-dividable lot when the house was listed as such.

3) Southern Shores is committing a labor trafficking and legal entanglement conspiracy against my family by forcing my family to initiate legal action against Wes Haskett, Philip Hornthal and Southern Shores to get them to comply with North Carolina State and Federal laws.

Lastly, I wanted law enforcement to take note of the misplaced periods in emails I received from Wes Haskett, Kevin Clark and Philip Hornthal. Misplaced periods have a unique meaning to me as a victim of human/labor trafficking from Pennsylvania and the Chester County Moluscum Penis Crime Family. Besides the "period of the conspiracy" being an issue in Federal Court, when I was a juvenile illegally being hidden in the juvenile legal system I was discretely taught very specific things I would need to know in life for circumstances like these, where I have Wes Haskett and Philip Hornthal conspiring against me to steal a few hundred thousand dollars of value from the property I own with my fiance. My councilor Sean at Youth Forestry Camp used to say to me that you need to eat a pussy on their period to earn your red wings and I would think my councilor was disgusting. Now, more than 25 years later as I get these emails with misplaced periods from people obviously involved with wrong-doing I have no doubt that the people putting misplaced periods in their emails to me have other people that want me exposing them until they step down from their position of power, like they just got devoured by the family they forced into their game of eat or be eaten when the family came to live under the local, state and federal laws governing the town.

Anthony Stocker Mina

PS I strongly suggest Southern Shores figure out who wants Wes Haskett to cause Southern Shores to be humiliated with a corruption scandal because I think Wes Haskett's just the fall guy. The periods in the communication to me mean I am being told the person putting the misplaced period is corrupt and should be removed from their position of power. Wes Haskett changed landuse without landowners of effected properties having any knowledge of what he did. Fall guys are positioned to do things so obnoxiously arrogant as if their lack of morale is the reason they got their job in the first place. I will immediately let everyone in this email know if Philip Hornthal, Wes Haskett and Southern Shores ever provide me one single reason explaining how they believe they legally changed landuse without an eminent domain transaction but as of right now the only evidence I have indicates Wes Haskett, Philip Hornthal and Southern Shores believe they are more powerful than the laws they are paid to uphold and they believe they can literally steal hundreds of thousand of dollars of land value from tax payers that have paid for their property without the tax payer being able to stop them

Dear Cliff Ogburn,

Please find the attached letter hand delivered to my house by Southern Shores police officers today.

Southern Shores did not receive any threats from me so you should probably reconsider taking another one of my Constitutional Rights. Misstating information you claim to have received from me, involving police and paid attorneys and claim they were threats only proves you are even more incompetent to be the town manager as I have already proven.

The facts are Southern Shores, specifically Wes Haskett, is caught falsifying police records to Police Chief Kole with claims he had a legal basis to amend zoning codes to prevent the lot subdivision at 75 E. Dogwood Trail, when Wes Haskett did not have posted notice at the effected property(s) and hid the zoning code from me as the previous owner negotiated an additional $75,000 from me for a lot that had a possible sub-division, as per Southern Shores.

Southern Shores is only in position to correct their wrong doing, as proven in the attachment titled "Notice of Southern Shores Money Laundering". Southern Shores is currently committing tax fraud against property owners that have lots that were illegally down-zoned to prevent sub-divisions because any competent government employee knows that taking the right to sub-divide property reduces property value, which Southern Shores has not informed Dare County of.

I have a Variance hearing scheduled for October 21, 2024 which you are not legally allowed to ban me from.

I object to Southern Shores banning me from Town Property but don't care to have a hearing on the matter at this time, I will hold Southern Shores accountable for the retaliation in Federal Court. The public and its employees need to be protected from Cliff Ogburn, not me (I'm not the one stealing their property rights and tax dollars with illegally adopted zoning codes, I'm the one respectfully requesting Southern Shores to comply with their own zoning code, ethics policy, North Carolina Law and Federal Law).

Anthony S. Mina

PS Feel free to stop avoiding me and being difficult and just email me the list of email addresses to the town newsletter. The contradiction between being banned from town property and being required to make an appointment to come to town property to get documents that can be emailed or hand delivered to me indicates that Cliff Ogburn is the person with the mental health problems (called narcissism) that the town should be concerned with.

Subject: Noose Shaped Leash on Duck Road
Attachments: IMG_2615.jpeg; IMG_2366.jpeg

>>Warning! The source of this email is from outside of the firm.<<
Hello Law Enforcement and Southern Shores,

Please find the attached noose shaped leash I just observed on Duck Road, Southern Shores, NC. When I lived in Pennsylvania and corruption was attacking me there coincidentally would be noose shaped ropes left on the ground where I obviously was going (corruption is trying to get me to commit suicide by intentionally causing me physical, emotional and financial problems).

I think seeing noose shaped ropes in Southern Shores is ironic since Southern Shores town council/government has labeled me a nuisance, yet, the government is who is in violation of local, state and federal laws (and their own ethics policy). Southern Shores would only know me as a home improvement provider with approved building permits and an approved sub-division plan if they were complying with law, but instead they project themselves on me.

I know Southern Shores has had a lot to say about me (which amounts to a witness intimidation conspiracy since the town is in violation of laws they won't correct), but what I have not told Southern Shores is that not only was I a graduate of the Youth Forestry Camp in James Creek, PA about 26 years ago ...my counselor said I was one of the smartest, hard working graduates that ever completed the program. I graduated from the Project Self program and about 28 years after Chester County's hospital and police illegally hid injuries the police caused on me by doing things like pretending I am working with the corruption as their victim they still have people falling for their schemes (when I am really a victim and not an actor supposed to be a victim). So, Pennsylvania's corrupt coercion schemes would be using me as their pawned undercover, internal affairs guerilla with a scheme to get corruption to project themselves on me. Corruption in Southern Shores is doing an excellent job of projecting themselves on me and positioning themselves to be arrested for corruption by attacking my family and other Southern Shores property owners with illegally adopted zoning codes that steal property value from property owners (as they refuse to provide tax reductions).

If Southern Shores was honest about me when communicating, instead of projecting themselves they would be saying things like:

"Anthony S. Mina is a hard working, tax paying, home improvement provider that bought a lot that could be sub-divided and Southern Shores hid a zoning amendment, in violation of town code, state and federal laws from Anthony and other property owners. Anthony is a father or 4 children and his finances are dependent on the lot sub-division being approved so he can build a separate single family home on the sub-dividable lot he bought. Anthony also informed Southern Shores that the illegal down-zoning they did (as Wes Haskett's June 7, 2023 email explained the lot width change on June 6, 2023 was made to take the right to sub-divide from property owners) has now positioned Southern Shores to be liable for tax fraud because they have not (and refuse) to reduce property taxes on the property they stole the right to sub-divide from. Southern Shores is lucky that Anthony is not the kind of guy that needs recognition for bringing government corruption to our attention for correcting."

Unfortunately, instead of being able to speak the truth, Southern Shores has projected themselves on me, as Pennsylvania's corruption would be waiting for.

Please stop positioning Southern Shores town in a Pennsylvania trap and correct the problems. Southern Shores' government and police are looking so pathetically corrupt with their schemes to hide their victimization of property owners, which I must say appear to be often of an age to be considered senior citizens. The police are supposed to be especially vigilant to protect vulnerable people like children and senior citizens and in Southern Shores they are allowing the victimization.

Anthony Stocker Mina

PS... Maybe my 27 years of dreadlock growing made me a great candidate for a corruption projection scheme. For some reason, narcissists often act like someone with dreadlocks is not entitled to the same rights and laws as someone without dreadlocks, like Wes Haskett has demonstrated with his approval of the 233 N. Dogwood Trail plat on 7-21-16 and the refusal to approve my subdivision plat.

Wes Haskett has been abusing zoning codes, harassing me with unenforceable zoning codes and lying about notification requirements needed prior to zoning codes being enforced on specific properties for more than 1 year.

PLEASE STOP INTERFERING WITH MY RIGHT TO FILE A POLICE REPORT AGAINST A CRIMINAL. FILING A POLICE REPORT IS A SIMPLE PROCEDURE WHERE I EMAIL THE INCRIMINATING EVIDENCE TO A SOUTHERN SHORES POLICE OFFICER AND THEY QUESTION WES HASKETT AND MAKE AN ARREST WITH PROBABLE CAUSE.

What Southern Shores is currently doing with the HREM law firm is called a criminal enterprise.

Dear Mr. Hornthal,

I was asked by you to communicate to Police Chief Kole through you because you blocked my email address from communicating with Southern Shores Police, town employees and town council.

I am not asking for legal advice. I am asking to file a police report against Wes Haskett for the crimes Wes Haskett is committing, including insurance fraud.

As a citizen of Southern Shores being victimized by crimes in Southern Shores I have a legal right to file a police report documenting the crimes and asking for the criminal committing the crimes to be arrested (Wes Haskett is the criminal).

May I please file a police report against Wes Haskett asking the Southern Shores police to arrest Wes Haskett. I would email Police Chief Kole myself and ask, but you have restricted my email from communicating with Southern Shores.

Thank you,

Mr. Hornthal,

Can you please email me Police Chief Kole's response to my question asking if I am allowed to file a police report against Wes Haskett for insurance fraud. I would like to have Wes Haskett arrested. He has been intentionally falsifying information claiming notification requirements were met for his March 31, 2023 zoning amendment when Exhibit 2C of my Variance Application (a public records response from Southern Shores) proves Town Code 36-414(b) and Town Code 36-362(b) were not complied with so notification requirements were not met. Wes Haskett is aware that the information he is documenting the 75 E Dogwood Trail lot subdivision with is being used for a fraud investigation against him and Wes Haskett is continuing to intentionally lie about notification records being met. Therefore, Wes Haskett is guilty of insurance fraud.

Please email me Police Chief Kole's response to my question.

Thank you,

Subject: Insurance Fraud Being Committed By Wes Haskett

>>Warning! The source of this email is from outside of the firm.<<

Dear Mr. Hornthal,

Could you please ask Chief David Kole if I am allowed to file a police report against Wes Haskett for insurance fraud. The insurance agent I am asking to have Wes Haskett arrested for insurance fraud is on vacation until January 2, 2025 but I would like to have Wes Haskett arrested now. Wes Haskett is a danger to property owners and can not be allowed to perform a position of public trust.

The attached document proves Wes Haskett was notified that my Variance Hearing documents were being used for a fraud insurance claim against him and Southern Shores but Wes Haskett won't stop lying about notification requirements not being complied with, as proven with Exhibit 2C of my Variance Application. The attached Notice To The Federal Court Of Wes Haskett's Insurance Fraud contains the proof that should be in Southern Shores' public records.

Thank you,
Anthony S Mina

PS I still would like to also have Wes Haskett arrested for:
-Article 19. False Pretenses and Cheats. § 14-100. Obtaining property by false pretenses
-North Carolina Criminal Law 14-225: False Reports to Law Enforcement Agencies or Officers
-False sworn testimony laws

Dear Mr. Hornthal,

Please provide this email to Chief Kole too. Wes Haskett is in violation of False Pretense laws because his job is to use legally adopted town code to decide sub division applications. Not only is Wes Haskett not using legally adopted zoning codes to decide my subdivision applications, Wes Haskett forced me to file a Variance Application, which I still have not received an Order entered on, but received an email from Philip Hornthal claiming Wes Haskett's attorney who opposed my Variance, Lauren Womble would prepare my Order from the October 21, 2024 Variance hearing.

Wes Haskett's real estate scam he is running from the town office is just getting more and more pathetic everyday.

I believe Wes Haskett must also be a part of a scheme to force me to expose Chief Kole for allowing Southern Shores employees and town council members to commit crimes against property owners.

I have attached a picture of activism against a District Attorney I was forced to be a part of in Chester County, PA where the District Attorney withdrew from his reelection "to spend more time with his family" as the Republican's only candidate. In Chester County, PA I was forced to expose the corrupt district attorney to an entire town until he stepped down. I think Wes Haskett is trying to force me to make Chief Kole step down. I think Chief Kole has way more than enough evidence to arrest Wes Haskett.

The Chester County District Attorney had a bunch of government employees working under him causing me problems that caused him his problems...just like all of Chief Kole's problems from me are a result of Wes Haskett's misconduct.

Please arrest Wes Haskett.

Hello Mr. Hornthal,

Could you please tell Chief Kole that I have an insurance claim for fraud filed against Wes Haskett and Southern Shores and I need to file a police report for theft against Wes Haskett. Wes Haskett forced me to spend $300 on sub-division applications and $350 on a Variance Application and then Wes Haskett used zoning codes he knows either don't exist or are illegally adopted and unenforceable (as explained in my applications) to prevent my lot sub-division.

Wes Haskett is continuing to use his position of public trust to steal from property owners and needs to be arrested.

Please ask Chief Kole the name of the Police Officer I may contact to file a police report against Wes Haskett for theft.

Thank you,
Anthony S Mina

PS I noticed you spelled "email" without an "L" in your email to me yesterday and just wanted to let you know I assumed the misspelling was a typographical error and not some type of code.

Subject: Fraud Insurance Claim Against Wes Haskett And Southern Shores

Dear Southern Shores Planning Board,

I wanted to make sure you are aware that I have filed a fraud insurance claim against Wes Haskett & Southern Shores for hiding the June 6, 2023 zoning Amendment from me as shown in Exhibit 2 of the attached Variance Motion To Reverse Decision and also refusing to comply with Town Code 36-414(b) and Town Code 36-362(b) requiring posted notice at affected properties and mailed letters to affected property owners for Wes Haskett's March 31, 2023 amendment application.

The attached "Variance Notice To Arrest Wes Haskett" shows that Wes Haskett is now lying in responses to Public Records Requests to try and hide his illegally adopted zoning amendments with claims notification

records were met. As you can see Wes Haskett lied and claimed the Planning Board did not hold a hearing on May 15, 2023 on his March 31, 2023 zoning amendment and for some reason the minutes from the May 15, 2023 hearing have been deleted from the Southern Shores website.

Please be advised that I did not object to Andy Ward deciding my Variance Hearing when I had evidence he reported me for sign violations but not other property owners and a church that had signs violating sign code that Andy Ward could not have missed when coming and going from Southern Shores. The reason I did not object to Andy Ward deciding my Variance Application is because he agreed to comply with the Southern Shores Code of Ethics policy which was included with my Variance Application and other filings.

Andy Ward has yet to comply with and/or enforce the Southern Shores Code Of Ethics Policy which states:
1) I will always obey the law and will not try in any way to influence application of the law by any of the town's authorities or personnel.
2) I will always uphold the integrity and the independence of my job.
3) I will always avoid any impropriety or the appearance of impropriety in all of my activities.
4) I will manage and spend the town's funds as if they were my own and will have the best interests of all Southern Shores property owners in mind in the expenditure of these funds.
6) I will never use my position to harass or adversely influence any of the town's other employees.
7) I will always respond promptly to any concern brought to me by any employee or Town resident. In this regard I will grant no special consideration, treatment or advantage to any citizen beyond that which is available to any other citizen.

Wes Haskett is not permitted to use illegally adopted zoning codes to prohibit my lot sub-division (the only reason I had to file a Variance). Wes Haskett is not allowed to file false staff reports and make false sworn testimony claiming the zoning amendments were made after complying with notification requirements, when they undoubtably were not. Wes Haskett is not allowed to spend the town's money on attorney Philip Hornthal and Lauren Womble to also lie about meeting notification requirements for the 8/3/2021 & 6/6/2023 zoning amendments. Wes Haskett is not allowed to adversely influence the Planning Board/Board of Adjustments with his false information.

AND THE PLANNING BOARD AND SOUTHERN SHORES MUST RESPOND PROMPTLY TO MY PROOF THAT WES HASKETT IS DEFRAUDING ME AND OTHER PROPERTY OWNERS WITH ILLEGALLY ADOPTED ZONING CODES THAT WERE SPECIFICALLY ADOPTED TO PREVENT LOT SUBDIVISIONS, WHICH REDUCES THE 75 E DOGWOOD TRAIL PROPERTY VALUE AND REQUIRES A PROPERTY TAX REASSESSMENT, WHICH WES HASKETT REFUSES TO ORDER.

The only thing Wes Haskett's argument to prevent my Variance and lot subdivision add up to is "RELEVANT, COMPETENT AND SUBSTANTIAL EVIDENCE OF NEGLECT, UNLAWFUL ACTS, CONSPIRACY AND INTENTIONAL MISCONDUCT BY WES HASKETT, PHILIP HORNTHAL, LAUREN WOMBLE AND JAY WHELESS, who also tried misrepresenting Town Code 36-414(b) with Lauren Womble at the October 21, 2024 Variance Hearing.

Please reverse the decision to deny my Variance and Motion for Preclusion, because Wes Haskett has now tricked the entire Planning Board into becoming a part of his criminal conspiracy against me that helped Linda Lauby defraud me of $75,000 during my purchase of 75 E Dogwood Trail as a sub-dividable lot (The proof my lot was subdividable when I bought the lot on 5/7/2023 is in Wes Haskett's letter dated July 16, 2024 where my lot subdivision was denied for only one reason, the lot width amendment made on June 6, 2023. The letter is marked Exhibit 1B of my Variance Application and is based on the plot plan I submitted to Wes Haskett in May of 2023 and he acknowledged on June 1, 2023 that the subdivision plan may meet lot width requirements but told me for the first time there was a lot width amendment planned to be adopted on June 6, 2023).

Thank you,
Anthony S Mina

Subject: Fw: Corruption & Fraud At October 21, 2024 Variance Hearing-Read This Email 1st Please

Dear Planning Board,

It appears that Philip Hornthal may have interfered with the Planning Board receiving more than 10 emails from me that prove things like Wes Haskett was filing false reports and making false sworn statements at the October 21, 2024 Planning Board Meeting on my Variance.

This email has 3 documents that the Southern Shores Planning Board should have on file at VA-24-01 and be deciding. As you will see from the emails I have from Mr. Hornthal (that I will be sending over the next 24 hours), I have not received Orders from the October 21, 2024 hearing and have been told the Orders have not been entered.

Please also note that Wes Haskett is tricking the Planning Board into being a part of his fraud that helped the old owner of my house negotiate an additional $75,000 from me as he was hiding his March 31, 2023 zoning amendment from me that he was supposed to have posted notice at affected properties pursuant to Town Code 36-362(b) and Town Code 36-414(b) (and mailed letters to affected property owners). Wes Haskett tricked the planning board into agreeing that I should not be allowed to sub-divide my lot because I can build an ADU as he argued Southern Shores is intended to be a PERMANENT NEIGHBORHOOD. Everyone knows ADUs are usually used for short term rentals and he tricked the board into making a bad decision and ridiculing me, when I caught Wes Haskett falsifying notification requirements. Ridiculing me after catching Wes Haskett falsifying notification requirements violates witness intimidation laws.

Wes Haskett then argued the density of the population needs to be managed but has rejected my conditional sub division plan to reduce the occupancy limits at 75 E Dogwood Trail to 14 people split between both lots after the subdivision. Right now I can build an ADU for 14 people and use my existing house for another 14 people so I am agreeing to reduce occupancy limits by a total of 14 people to approve my subdivision plan (I also agreed to split the lot coverage/building limits just so Wes Haskett does not have one single reason to reject my sub-division plan, other than his illegal, ulterior motives.).

I have also attached the conditional sub-division offer Wes Haskett will not accept which proves Wes Haskett does not have one legitimate reason to reject my lot subdivision plan and has the Planning Board contradicting themselves to deny my Variance.

Thank you,
Anthony S Mina

Dear Law Enforcement & Jay Wheless,

Please be advised that Philip Hornthal has responded to all my emails that were supposed to go to the Southern Shores Planning Board indicating that he has forwarded the email (Philip Hornthal blocked me from Southern Shores email so I need to ask him to provide Southern Shores my emails).

Now Philip Hornthal is stating he has not forwarded my emails to the Southern Shores Planning Board, which often contain proof of Wes Haskett's false sworn statements made at the October 21, 2024 Variance Hearing.

The Southern Shores Planning Board should also have the attached documents on file at VA-24-01.

Please investigate Philip Hornthal for corruption, tampering with evidence, criminal conspiracy and all other obstruction like crimes he is committing to help Wes Haskett hide the illegally adopted zoning code on June 6, 2023 used to rip me off for $75,000 during the purchase of 75 E. Dogwood Trail. Please take note of Mr. Hornthal's email claiming Wes Haskett's attorney Lauren Womble was preparing the Orders from the October 21, 2024 Hearing and that the Orders have not been entered.

Thank you,
Anthony S Mina

Subject: Corruption & Fraud At October 21, 2024 Variance Hearing

>>Warning! The source of this email is from outside of the firm.<<

Mr. Hornthal,

Please provide this email to the Southern Shores Planning Board and Southern Shores Town Council.

I understand that you are saying that Lauren Womble is preparing the Order from the October 21, 2024 Variance Hearing, but what you are saying does not make sense to me and sounds like more legal malpractice, corruption and fraud. Lauren Womble was Wes Haskett's attorney who argued that the June 6, 2023 and August 3, 2021 zoning amendments were not illegally adopted, when they clearly are, because Wes Haskett did not post notice at the affected properties or mail notice to affected property owners, as required by Town Code 36-362(b). As of right now, Lauren Womble is part of the corruption Wes Haskett is plaguing Southern Shores with. Lauren Womble was caught by me misrepresenting the language of Town Code 36-414(b) during her arguments on October 21, 2024 that the zoning codes being used to deny my sub-division applications were not illegally adopted.

Ms. Womble is not an unbiased attorney who may enter Orders on behalf of the Southern Shores Planning Board.

My understanding is the Southern Shores Planning Board is supposed to enter an Order for the October 21, 2024 Variance Hearing and my "Motion to Preclude the Hearing And Grant My Variance" and provide me the Orders, so I can Appeal the Order. As of right now, I have not received any Orders and you have said the Orders have not been entered.

I also have filed the following attached documents for the Planning Board (2 of which require decisions) a:
-"Motion To Reconsider Decision Denying Variance"

-"Notice Of False Reports, Including Violations Of N.C. Public Records Request Laws That Wes Haskett Made On 10/30/2024 Pertaining To His Sworn Testimony And October 21, 2024 Staff Report Claiming Notification Requirements Were Met Prior To The August 6, 2021 And June 6, 2023 Amendments"

Anthony S Mina

PS. Please note that my Motion To Reconsider Order Denying Motion To Preclude Variance Hearing clearly states:

"THE PLANNING BOARD'S REFUSAL TO GRANT APPLICANT'S MOTION TO PRECLUDE SUBSTANTIATES A CRIMINAL CONSPIRACY WITH THE AFORESAID CONSPIRATORS"

PPS I apologize that you believe you are repeating yourself when you tell me I will get the Orders from the October 21, 2024 hearing when they are prepared by Wes Haskett's attorney Lauren Womble. What you are saying does not comply with applicable legal procedures and reminds me of human/labor trafficking schemes lawyers, cops and politicians engage in where they use and abuse pawns (like me) to fight among themselves for power, or "chairs". I am not a part of fights over power within Southern Shores government and the illegal use of me to further specific interests of certain individuals violates human/labor trafficking laws.

Dear Mr. Hornthal,

Please forward this email to all the blocked email addresses listed below. The emails contains more proof of Wes Haskett's corruption that all police officers, town council members and planning board members must be notified of.

Dear Southern Shores Police, Town Council & Planning Board,

Please find the attached documents proving Wes Haskett has been committing insurance fraud since October 15, 2024 when lying about notification requirements being complied with at 75 E. Dogwood Trail prior to the June 6, 2023 lot width amendment and August 3, 2021 lot access through easement restriction.

The bottom line with Wes Haskett lying about notification requirements with a claim they were complied with (and there is no competent evidence of fraud, misconduct or criminal conspiracy) is that Wes Haskett's lies now mean Wes Haskett is attacking the credibility of Southern Shores and their notification records, which I obtained through a Public Records Re quest and included in my Variance Application as "Exhibit 2C". Unfortunately for Wes Haskett's lies and attack on Southe rn Shores credibility,

the false report Wes Haskett made to Chief Kole on May 21, 2024 also proves Wes Haskett did not comply with notificati on requirements.

The emails at the end of this email reference a defective side setback Wes Haskett approved at 170 & 172 Ocean Blvd. i n a recombination/subdivision plat on 10-3-
2017 without the plat meeting required side setback requirements (like Wes Haskett was trying to claim prevented a sub division at my house until I filed a building permit to remove 1' of my house). The attached document titled "WesHaskettS pecialInterest75" proves Wes Haskett is harassing me with zoning codes not being enforced on other property owners w hen they are submitting subdivision/recombination plans where the non-
conforming set back is part of the new property line (my side setback property line was not even being changed and Wes Haskett tried using it against me).

Please arrest Wes Haskett. The Southern Shores Ethics Policy prohibits employment of people conducting themselves li ke Wes Haskett.

Thank you,
Anthony S Mina

PS. Please be advised that Philip Hornthal is involved with schemes to prevent Southern Shores Police, Town Council and Planning Board from receiving information documenting Wes Haskett's crimes. I suggest you arrest Philip Hornthal for tampering with evidence because as the evidence shows, Wes Haskett's crimes are continuing and progressing to become more serious and now attack the credibility of Southern Shores.

Subject: Fw: 911 Emergency In Southern Shores Government

Mr. Hornthal,

Please advise Chief Kole and Sgt. Brinkley of the following facts that require Wes Haskett to be arrested and immediatel y terminated.

1) Wes Haskett was told on October 15, 2024, prior to the Variance hearing that cost me $350 that his staff report had fal se statements about notification requirements being complied with and the proof that notification requirements were not c omplied with was Exhibit 2C of my Variance Application. Wes Haskett was also told Jason Portnoy was handling a fraud complaint against Southern Shores with my insurance company and Mr. Portnoy needed a copy of all documents from m y Variance hearing. Wes Haskett refused to correct his lies as shown with Wes Haskett's emailed response. The attache d Notice of Wes Haskett's Insurance Fraud proves the false pre-
tense theft associated with making me pay $350 for a Variance Application that must be decided under law and facts and Wes Haskett's refusal to base the Variance hearing on law and facts.

2) Wes Haskett and/or Lauren Womble lied under oath claiming the June 6, 2023 lot width amendment and August 3, 20 21 lot access through easement restriction were not illegally adopted. Town Code 36-414(b) and Town Code 36-
362(b) both require posted notice at affected properties prior to an amendment being adopted for the property , which wa s not done and Town Code 36-
362(b) also requires mailed notice to the affected property prior to a zoning change at the property (also not done)(Wes Haskett claims 75 E Dogwood Trail was rezoned from subdividable to unsubdividable because of the June 6, 2023 amen dment). The whole reason I was forced to spend $350 on the Variance hearing is Wes Haskett denied my July 3, 2024 lo t subdivision application using zoning codes that the 75 E Dogwood Trail file and Exhibit 2C of my Variance application p rove do not apply to 75 E Dogwood Trail because 75 E Dogwood Trail was not an effected property, according to notifica tion records.

3) I paid $200 for lot subdivision applications on July 3, 2024. The subdivision application proved at Exhibit C that notifica tion requirements were not complied with at 75 E Dogwood Trail for the lot width amendment on June 6, 2023 and the lot access easement restriction on August 3, 2021. Both the lot width amendment and lot access through easement restricti ons require effected properties to be notified prior to the becoming effective and neither code notified 75 E Dogwood Trai l.

4) I now had to pay $200 to the Dare County Superior Court because of Wes Haskett's lies and also paid about $450 to t he Federal Court largely in part because of Wes Haskett's lies.

Wes Haskett's lies about meeting notifications in documents he knows are being used in a fraud investigation by an insur ance company against him and Southern Shores violates insurance fraud laws and will get the entire town of Southern S hores in trouble for insurance fraud if Wes Haskett is not arrested. Wes Haskett's claims that there is no competent evide nce of fraud, misconduct and criminal conspiracy means Wes Haskett is attacking the credibility of Southern Shores (the entity responsible for responding to Public Records Requests made to Southern Shores) because he is discrediting a pu blic records request response proving Wes Haskett did not notify 75 E Dogwood Trail.

The whole reason Chief Dave Kole and Southern Shores have been sued in Federal Court and now have pending litigati on in Dare County Superior Court is because of Wes Haskett's lies.

Please arrest Wes Haskett before January 2, 2024, when I report this information to the insurance company investigating Wes Haskett's fraud.

Hello Mr. Hornthal,

Today I made a 911 phone call and also reported Southern Shores government corruption to the Sheriff's Department.

I received a phonecall from Sergent Brinkley and he instructed me to have you email all the incriminating evidence again st Wes Haskett to their police department, including the evidence that Wes Haskett is now committing insurance fraud wi th his lies about complying with notification requirements prior to the June 6, 2023 lot width Amendment and August 3, 2

021 easement access Amendment. Please email all evidence, including this email to each law enforcement officer. Serg ent Brinkley is not available this weekend and Wes Haskett should have been arrested today.

Only emailing Police Chief Kole is not an option as Police Chief Kole is part of a Slavery/Involuntary Servitude Conspirac y with his claims that false sworn testimony and a false report to law enforcement made by Wes Haskett are civil matters and not criminal law violations.

I don't pay taxes in Southern Shores to listen to the Police Chief lie about criminal law as Southern Shores employees an d the Southern Shores Beacon use lies and witness intimidation tactics against my family.

Thank you,
Anthony S Mina

Subject: 911 Emergency In Southern Shores Government

To Whom It May Concern:

I am writing you to report a 911 corruption emergency in Southern Shores, North Carolina's police department and town building. Southern Shores Police Chief David Kole is in violation of slavery/involuntary servitude laws and is allowing So uthern Shores employee Wes Haskett to commit crimes against my family, including insurance fraud. The 911 emergen cy involves crimes being committed by at least the following people:

Philip Hornthal, Southern Shores Town Attorney who has blocked me from emailing Southern Shores Police and employ ees. Philip Hornthal will not allow me to email incriminating evidence to the Southern Shores police against town employ ee Wes Haskett who I wanted to file a police report against today. I have repeatedly asked Philip Hornthal for an unblock ed police officers email address to report Wes Haskett's crimes to and he will not provide me an email address. Philip Ho rnthal is directly involved with Wes Haskett's corruption and I have emails from Philip Hornthal proving he is involved with the crimes Wes Haskett is committing.

Wes Haskett has been falsifying information about me and 75 E. Dogwood Trail by claiming he complied with notification requirements prior to Wes Haskett's March 31, 2023 lot width amendment application being approved. A public records request proved Wes Haskett did not comply with Town Code 36-362(b) and Town Code 36-
414(b) and notify 75 E. Dogwood Trail as required but Wes Haskett has refused to stop lying. Wes Haskett lied to Police Chief Kole in an email on May 21, 2024 and then again in all documents and testimony pertaining to my Variance Applic ation heard October 21, 2024. Wes Haskett lied in about notification requirements at my Variance hearing with knowledg e that I filed an insurance claim for fraud against Southern Shores and my insurance company needed a copy of the doc uments from my Variance. My insurance claims representative is on vacation to January 2, 2024 but I would like to have Wes Haskett arrested now.

The attached Notice of Southern Shores Fraud and Notice Of Chief Dave Kole's Slavery/Involuntary Servitude prove Sou thern Shores corruption has been progressing since March 31, 2023 and has gotten to the point that the Southern Shore s Beacon is publishing false information about me and my fiance to make me look like an idiot for following Wes Haskett' s instructions to file a Variance Application to ask for an exception to zoning code (The Southern Shores Beacon knows notification requirements were not complied with at 75 E. Dogwood Trail but claims they were...and refuses to remove th e false information).

All of these things I am complaining about amount to a witness intimidation conspiracy against me because Wes Haskett got caught claiming he amended the zoning code at 75 E Dogwood Trail but never complied with the notification pre-requisite required for an amendment to become effective (Wes Haskett is actually defrauding all property owners he is n ot notifying about zoning codes he claims effect their properties).

Please arrest Wes Haskett, Philip Hornthal and Dave Kole.

Thank you,

Anthony Stocker Mina

Subject: Fw: 170 & 172 Ocean Blvd-Missing Documents Proving Harassment/Witness Intimidation Of Me

Hi Mr. Hornthal (please provide this email to all Southern Shores Police),

Could you please tell me where the complaints made against Wes Haskett and Southern Shores are in the copies of the 170 & 172 Ocean Blvd files provided to me in my public records request response.

My understanding is that Wes Haskett approved a recombination/subdivision plat on 10-3-
2017 without the plat meeting required side setback requirements (like Wes Haskett was trying to claim prevented a sub division at my house until I filed a building permit to remove 1' of my house). My understanding is complaints were made against the approved 10-3-2017 plan with the defective setback.

I am building a corruption case against Wes Haskett for harassing me with zoning codes that are unenforcable at 75 E. D ogwood Trail (because they were never effectuated with proper notice) and zoning codes not being enforced on other pr operty owners. Please tell me where the complaints made against the 10-3-
2017 recombination/subdivision plat are in the complete files I requested.

I have attached a file proving Wes Haskett has an undisclosed special interest in 75 E Dogwood Trail and that Wes Hask ett is treating me different than other property owners when the only thing I've done to Wes Haskett is caught him hiding zoning changes that require notice pursuant to Town Code 36-362(b) and Town Code 36-314(b).

Thank you,
Anthony S Mina

Dear Mr. Hornthal,

Please provide the attached 75 E Dogwood Trail Subdivision Application to all Southern Shores email addresses I have sent this email to but have been blocked from emailing. The application will be provided to the Southern Shores Town Office today, January 6, 2025 with a check for the $100 filing fee.

The attached subdivision application proves Wes Haskett is committing insurance fraud, tax fraud, submitted a false report to Chief Kole and is trying to hide the May 15, 2023 Planning Board hearing on his March 31, 2023 Zoning Amendment Application. The subdivision application is based mainly on new evidence from October 14, 2024, October 21, 2024, October 30, 2024 & November 19, 2024 but includes documents all the way back to March 31, 2023 to establish a continuing pattern of harassment and corruption Wes Haskett has been victimizing me with since May, 2023.

Please have Wes Haskett arrested. Southern Shores employees are prohibited from committing crimes against property owners and my subdivision application proves that not only will Wes Haskett not stop lying and committing crimes against my family, Wes Haskett is stealing money from Southern Shores to pay his legal costs which is not permitted unless he is correcting his wrong doing.

Thank you,
Anthony S Mina

Mr. Hornthal...

Let me make something very clear you. There is not an email talking about killing people...there is an email talking about human traffickers should spend the rest of their lives in jail and be thankful I have not killed them. Being thankful is a state of mind, just like you should be thankful the Feds haven't raided your law firm and made you lay face down on the floor for harassing me.

You should probably stop pretending you are qualified to be an attorney when you can't stop giving things different meanings (like Town Code 36-414(b) and Town Code 36-362(b) which required posted notice at 75 E Dogwood Trail prior to a lot width amendment being effectuated on the property).

You don't have a right to remove me from Town Property unless I commit a crime, which I have not done (Wes Haskett and Philip Hornthal are the people committing crimes here). I will file another law suit if you remove me from town property.

Please forward this email to Chief Kole and tell Chief Kole if he has a problem with me entering town property he can contact me at 610 842 3905 before the town meeting and we can have a little talk about crime and who is on the wrong side of the law here.. As far as I know Mr. Hornthal, you are just interfering with my right to expose corruption to broader scrutiny, like Chief Kole's police department.

Mr. Hornthal (please provide this email to Chief Kole),

I apologize Mr. Hornthal, I have a 1st Amendment Right and saying that human traffickers should spend the rest of their lives in jail and be thankful I have not killed them is in no way threatening. I have a right to an opinion. I have a right to free speech. I have a right to public records. I have a right to attend town meetings. I will be at tonight's town meeting and if law enforcement tries telling me to leave I am going to tell them they should be thankful I know that you've been trying to bait me into a confrontation with law enforcement for months and you are going to be arrested too when Southern Shores gets hit with their corruption case.

Mr. Hornthal, you really need to take a look at how pathetic you are with your attempts to ban me from town meetings when you can't even legally ban me from an elementary school property. The only thing you have been trying to accomplish is called obstruction of justice and tampering with evidence. Don't harass and threaten me because you are a licensed attorney not intelligent enough to make sure Wes Haskett corrects his wrong doing. You realize the town hall where the police department is should be the last place someone should be banned from if they are the least bit dangerous (Everyone knows you are hiding corruption and trying to find a way to use unnecessary police force on me to get me to keep my mouth shut).

See you at 5:30PM, Mr. Hornthal.

Anthony Stocker Mina

PS I'm just getting my www.savesouthernshores.com campaign started so if you are going to be smearing my name again, please be advised that you are violating witness intimidation laws (the attached sub-division application proves Wes Haskett is committing crimes against me and you are prohibiting me from filing a police report or telling Town Council).

Please find the attached notarized document indicating Jen Franz (like myself) does not have any documents under seal of court in any court in North Carolina or Pennsylvania. I believe me and Jennifer Franz have our identities stolen by frauds pretending we are working "intricate" schemes with the government as victims, but the truth is me and Jennifer Franz are real victims (not actors) with pyshopaths trying to destroy us because of knowledge of things we have and crimes committed against us.

Meaning, if Southern Shores or Kitty Hawk is trying to claim me and/or Jen Franz are working some type of op with them, what Southern Shores and Kitty Hawk are really doing is illegally human/labor trafficking me and Jen Franz with human traffickers that should spend the rest of their lives in jail and be thankful I have not killed them.

Mr. Varnell,

I apologize if you think telling me what you believe is sufficient at this point, but that is not how North Carolina Public Records Request Laws work. I filed a zoning complaint against Mike Meredith, William Meredith and Brian Lloyd which should be provided to me in the public records response, along with records of the fines being collected as Jasper Rogers told me and my realtor, Heather VanderMyde was occurring as a result of my zoning complaint.

Please explain why I have not received each of the following:

-All police reports associated with the fire at 4805 Vista Lane, Kitty Hawk, NC 27949 on April 2, 2023.

-Mike and Lea Meredith's account of their house fire on April 2, 2023 (I have been provided the fire reports from the fire department but there was not any documents regarding how Mike and Lea Meredith stated the fire at 4805 Vista Lane started or any mention of the home owners description of the fire).

-A copy of all complaints filed against Mike Meredith, William Meredith and Brian Lloyd (they all lived on Vista Lane,

Kitty Hawk, NC 27949).

-A copy of all fines collected from Mike Meredith, William Meredith and Brian Lloyd for violating Kitty Hawk town codes/ordinances.

-The Kitty Hawk Fire Department's insurance information.

-The residents of 4805 Vista Lane's account of their house fire.

-Results of an investigation into a burn mark on my fence that appears to be intentionally started, as opposed from fire spreading.

-Department protocol when the results of the fire indicate the fire was intentionally set.

Thank you,

Hello,

Could you please provide me with all case and citation numbers associated with Kitty Hawk enforcing the following laws in 2022 and 2023:

-littering
-harassment
-arson
-corruption
-theft
-vandalism
-criminal mischief
-filing false reports
-tampering with evidence
-obstruction of justice
-illegally parked vehicles (on the right of way and on a public road)
-All child abuse arrests under North Carolina Criminal Law § 14 318.2
- All fines records collected under Kitty Hawk Town Code Sec. 22-21

Please also provide me the public records for all of the above referenced violations reported to Kitty Hawk, but not investigated or prosecuted by Kitty Hawk.

I apologize for asking for such a large amount of information, attorney Norwood Blanchard claims Kitty Hawk property owners do not have a right to compel investigation or prosecution of another but the 5th and 14th amendment of the Constitution require the government to treat people similarly within their jurisdiction (its called "The Right To Equal Protection").

If Norwood Blanchard wants to admit he is wrong and provide me insurance information that will pay for the fire damages and property damages my family suffered from at 4809 Vista Lane, I will withdraw my public records request.

Until then, please comply with N.C.G.S. ss 132-1 and email me the information.

Subject: Evidence Of Arson For 4805 Vista Lane Fire

Hello,

Could you please ask the NCJUA to ask Kitty Hawk Fire Department for their insurance information for damages

from the 4805 Vista Lane Fire. The Kitty Hawk Fire Department will not provide me the following information:

-Their insurance information.
-The residents of 4805 Vista Lane's account of their house fire.
-Results of an investigation into a burn mark on my fence that appears to be intentionally started, as opposed from fire spreading.
-Department protocol when the results of the fire indicate the fire was intentionally set.

I believe the Kitty Hawk fire department is hiding an arson. The Kitty Hawk fire department's fire report also contains false information. The fire report claims they were fighting an "offensive fire" until it was determined the occupants were out. The fire fighters intentionally let Mike Meredith's house fire burn for a long time without spraying any water on the fire. Mike and Lea Meredith banged on my door yelling that my family had to leave our house. After we left our house all the neighbors and firefighters clearly saw Lea and Mike Meredith and were talking to them as the fire fighters allowed the house to burn (Lea Meredith was also screaming so everyone noticed her). My neighbor Michelle, who lives in the cul-de-sac to the left of Brian Lloyds house even came outside asking why they weren't spraying water on the fire.

The fire department is obviously hindering my investigation into why they intentionally allowed my property to be damaged and then falsified the fire report. The Kitty Hawk Police Department also has not been the least bit helpful, so I wouldn't expect anything from their police department not consistent with the fire department's misconduct.

Thank you,
Anthony S Mina

Subject: Fw: 4805 Vista Lane Fire On April 2, 2023

Dear Kitty Hawk Fire Department,

I don't like to repeatedly send you emails but I wanted you to be aware that when 4805 Vista Lane was on fire Lea and Mike Meredith came to my house, Lea broke into my screened porch and banged on my first floor door yelling "you need to leave". When my family left my house we were standing on our 4809 Vista Lane driveway and I noticed a bullet fly past me. I moved my family to the Vista Lane cul-de-sac so a firetruck was between my family and the fire. After the fire I saw 2 bullets on my property and provided the FBI pictures. My family was forced to leave 4809 Vista Lane and almost hit with at least 1 bullet.

I do not appreciate the fire department hindering my investigation. I also believe the fire department is creating more legal problems for Kitty Hawk by not providing me the information I am asking for. The way I see things is the FBI has to investigate the 4805 Vista Lane fire as an attempted murder crime.

Subject: 4805 Vista Lane Fire On April 2, 2023

Hello,

Could you please immediately provide me the accounts of the fire from the residents of 4805 Vista Lane, the results of the investigation about the unusual burnmarks on my fence and an explanation of what Kitty Hawk Fire Department protocol is when a fire appears to be intentionally set.

The owner of 4805 Vista Lane (Mike Meredith) refused to respond to North Carolina Insurance Adjusters trying to collect payment for damages to my 4809 Vista Lane property. I need the information for legal review of the damages being imposed onto my family by the 4805 Vista Lane fire, Jasper Roger's refusal to enforce anything close to Kitty Hawk zoning code on Meredith family owned lot violations and Southern Shores illegal use of illegally adopted zoning codes to prevent the lot sub-division that 75 E. Dogwood Trail was listed for sale with (a subdivision possible, as per Southern Shores).

I am trying very hard to find an angle that does not make Dare County, Southern Shores and Kitty Hawk's government's look like racketeering influenced corrupt organizations that lie, cheat and steal from property owners with white collar criminals living in the community. As of right now all the evidence indicates my property was intentionally damaged because of Mike Meredith's negligence and fire fighters allowing his entire house to be burned instead of spraying water on the fire. Please provide me the information I am asking for because the information is needed for legal reasons.

Thank you,
Anthony Stocker Mina

Hi Mr. Talley,

When you provide me with the accounts of the 4805 Vista Lane fire from the residents, please also provide me all the results of the investigation related to the unusual burn marks on my 4809 Vista Lane fence. I am not a fire

inspector so I need to know how a fire inspector determined the burn marks got on my fence.

Thank you,

Hello,

Thank you for the second fire report. I guess the first fire report was correct stating the house did not have smoke detectors since the second fire report says the same thing.

Do you happen to know what happened to my fence? I do not believe my fence was missing a picket before the fire and after the fire not only was it missing a picket, it had an unusual burn mark on it.

Since my house was built by the same builder, according to my neighbor Michelle, do you think I should have any concerns (I have a few children at home I need to protect)?

Thank you,
Anthony S. Mina

Hello,

Could you please respond to my email. I have $1000's of dollars of property damage at 4809 vista lane from the fire that I am trying to take care of.

I also once had a problem with law enforcement in another state pretending I was working with them (when they were really illegally covering up corruption) so I also need to make sure there isn't any illegal activity associated with the fire that damaged things on my property.

Thank you,

Hello,

Thank you for the fire report. Could you please tell me what caused the fire at 4805 vista lane, kitty hawk, nc.

Am I understanding the fire report correctly that there was not any fire detectors in 4805 vista lane?

Is "unburt" a misspelling that should say "unburnt"?

>>Warning! The source of this email is from outside of the firm.<<
Hello Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted to make sure law enforcement was aware of these facts so they understand what Pennsylvania corruption is doing in North Carolina as people like Wes Haskett and Jasper Rogers intentionally cause me and my family financial and emotional damages (there are many random facts that are unorganized and scattered because I am in the middle of getting $75,000 stolen from me because of Wes Haskett's fraud, which is more consistent with a sexual coercion conspiracy than town code...so I don't have time to organize information for law enforcement when I need to work and sell my house before Wes Haskett causes me more financial problems):

When I was 16 years old I was assaulted by law enforcement in Chester County, PA (the cops names I believed were most responsible were Pam and Steve...now Steve and Pam Diehl, pronounced "Deal" live in Southern Shores and were originally from somewhere in Pennsylvania-I can't remember the town). The police took me to the Chester County Hospital emergency room and then to the Delaware County Juvenile Detention Center where I was held until after my injuries healed (I had cuts and bruises all over my face). At the time I was taken to the detention center I already had an arrest for possession of PCP. PCP has a streetname called "sherm(s)". Casey Loftus's nickname is "sherm". Corruption

uses names to communicate, including double codes. Casey Johnson is someone that coincidentally would be held in the detention center when I was there and was scheduled on March 19, 2008 in the Chester County Probation Department when I was taken there by Dawson Muth.

It is my position that corruption coerces me into things that are the equivalent to "suicide missions" and situations that are intended to cause me so much suffering, including physical pain that my PCP addiction I had at 16 years old would be triggered. The name Casey would be used to communicate schemes to drive me into a crazy PCP addiction (I grew up with Yuri Spangler, who died after an altercation with police when high on PCP and John Crabb who did things high on PCP like took his clothes off, stood on top of a police car and screamed "fuck the police". Yuri Spangler told me his dad "skip" was a research chemist and tested PCP on lab rats. I believe Yuri Spangler's dad, Taylor ("skip") drove a car with a license plate that had "Casey" abbreviated and so did my fiance's mom, Donna Franz ("Gigi") (I believe state license plates are sometimes coded). I stopped resorting to PCP as a way to cope with pain 21 years ago. After I saw Casey Johnson in 2008 everything in my life went wrong from work, to child custody to my home being vandalized and the landlord refusing to fix the problems. Instead of using PCP in 2008 I did something I never did before...I also quit drinking alcohol so I could focus on destroying corruption preying on me and my family.

The Delaware County Juvenile Detention Center hired Suzanne McDonough to represent them when I sued them. "Mick" is a name for Mike because of Mike Palloni and Donough is pronounced "Donna". (You might want to investigate people named Mike and Donna working together). Donna Franz and Kim DiTrolio took Jen Franz to Paris, France. Jen Franz came back to the United States and needed to be hospitalized for a few days because of "food poisoning". Jen Franz gets handed clipboards from healthcare workers and I have witnessed her not reading a single word and signing them. Jen Franz would not even know if she consented to having chips, cochlear implants and all other kinds of crazy medical procedures spies get. Paris Webb is an employee at the Delaware County Detention Center that Jen Franz could have been coerced to sound like she was talking about. Donna Franz's boyfriend Tom McLean worked at the Delaware County Juvenile Detention Center. Josh McDonough is someone I went to highschool with. The last times I saw Josh McDonough was at the Exton Square Mall Food Court and Wholesale Service Incorporated (he was driving a fork lift) as I was purchasing lumber for my 100 Bridge Street rooftop deck.

I believe Pennsylvania corruption is trying to clean their "casey" code and give their code a new meaning which involves Laura Polini. Jen Franz was assigned Laura Casey to be her gynecologist here in the Outer Banks. Kasey Rabar (pronounced Ray-bar) was the Ratcliff and Nelson's buyers agent when buying 4809 Vista Lane. The Kitty Hawk Home Depot has an employee named Ray that often works in the garden center. Ray looks like Jen Franz's dad, Chris. Casey Varnell obviously is an incompetent corrupt attorney representing Kitty Hawk (probably because his name). Mike Casey was Linda Lauby's attorney who works with Nancy Dawson.

When I talk about doctors/healthcare workers please keep in mind that you talk about "co-pays" with healthcare workers. Me and Jen Franz had Coe Insurance (home owners insurance) on 100 Bridge Street and they paid about $50,000 for a water leak that I believe was probably vandalism designed to coerce me and jen franz to sound like we were talking about something we were not.

Please also keep in mind that I was unable to get a survey for 75 E Dogwood Trail done properly for a reasonable price other than Douglas Styons (I couldn't connect on the phone with most surveyors). When I was brought to the Chester County probation department on March 19, 2008 my old neighbor at 283 Cotswold Lane, West Chester, PA 19380-Douglas Smith was in there and spoke with me.

When I talk about me not getting healthcare I needed when in excruciating pain, including me not being provided any prescription pain medicine in 2002-2003 when suffering from 2 herniated discs, 5 bulging discs and a fractured disc in my back please keep in mind that I didn't get my first inflammatory medication provided to me until after about 7 years of suffering from back injuries and being told to ask doctors for Mobic/Meloxicam (I'm not sure if the medications have a coded meaning).

I also wanted you to be aware that RJ used to work at the Bootroad/Pottstown Pike Mobil when I was a teenager. RJ has a cousin named Steve Chytla that had a girlfriend named Anna Musser. (I'm not sure if the Mobil also had an employee named Steve). I am sure Angela DiRocco got charged with DUI for hitting a curb when leaving the Mobil parking lot. I was in the car with Angela when she drove her camaro over a curb because she just picked me up from the Indian King neighborhood down the street. Angela DiRocco and Eric Frindt once painted pool balls on a hardwood floor in Angela DiRocco's parent's indoor pool/basement. Alaina DiRocco married a Kuhn and I once saw an image of Alaina's dad, Richard standing at the bottom of the Kuhn's driveway asking how I figured this out apparently referring to the word pronounced "Raccoon". Eric Lindros is a name that could have a coded meaning about doctors and lesbians. James Billotta drove the Zamboni for the Philadelphia Flyers and when I was exposing corruption to all the guests of the "State of

Chester County Meeting" James Billotta asked me to move my sign farther from the country club entrance. For some reason I asked James Billotta if he was still driving the Zamboni.

I was led to believe that females I was friends with or dated, especially Jen Franz are being illegally trafficked by people including their own family. I am not accusing people, I'll let law enforcement figure out what is going on. I know one thing for sure, people tell me things trying to discredit me as crazy, cause me to falsely accuse people of things and many other malicious reasons. More than 20 years ago I discretely received information about the way people talk about females my age that they don't recognize and I tested Jen Franz and told her a story about a copper recycling place that was supposed to turn the blowers on but didn't and the worker was complaining. I don't believe Jen Franz recognized any sexual meaning (there wasn't sexual meanings in what I said) but coincidentally started sucking my penis on a regular basis, like she is a mind controlled robot. Another time I was working at Mark Brancato's house and texted Jen Franz something that had a discrete meaning that Jen Franz doesn't recognize and she responded exactly the way I was expecting a response from a mind controlled sex spy (Jen was using the word "entail" and I was told "tail" is a word used to talk about female's vaginas). Jen Franz never performed a sex act on me consistent with the communication.

Jen Franz got pregnant in 2008 as she was on the same birth control she had been on for years. If Jen Franz is as bad of a trafficking victim as I was led to believe she was a miracle worker would have implanted an egg in Jen Franz without her knowing so she got pregnant by me and probably had the best chance she'd get to escape coercive human traffickers pretending she is working with schemes she is really not working with. There was information in the gynechologist's office waiting room I went to once with Jen Franz indicating to me that the secret information being provided to me was true and Jen Franz is a trafficking victim without knowledge she is being trafficked (illegally).

I'm not sure if my ex-girlfriend Christina DiRocco is a victim of illegal trafficking, I just know our favorite restaurant to go to together (just the two of us) was Red Lobster. I now live in Linda Lauby's old house and people wonder why I am here.

Jeff is another reason I may be here. When I was 16 years old me and my friends called our group "Sessions". Jeff Sessions was once the Attorney General. The state of Pennsylvania got law enforcement in way too much trouble for law enforcement to be able to admit how corrupt law enforcement is (my police and medical records don't add up to anything but a government conspiracy to kill me and they think they can hide behind "State Secrets Privileges"). Jeff Cruden's name has a meaning in Pennsylvania corruption that involves spying with Dennis's daughter, Laura Polini. Jeff Bole (pronounced "Bowl") is a landscaping customer I had in West Chester, PA. I have never once communicated about a "Jeff Bowl". In 2004 Jeff Bole hired me to mulch his property (a spring clean-up) and cut a tree down. Mulch is ground up wood and the tree that I agreed to cut down was on the right side of Jeff's house, had roots and grew towards the sun. I accepted the landscaping job and then was involuntarily committed to the Horsham Clinic (pronounced whore-sham clinic) until Jen Franz picked me up there (They made me watch "Pay It Forward" and "Men of Honor" at the Horsham Clinic as people discretely continued to try and get me to help law enforcement). I've never once communicated about anything called a "whore-sham" clinic. I once went to the Chester County Hospital to visit someone and Jeff Bole was there pushing a stretcher (stretch is the name for Todd because of Todd Tryon). One day here in the Outer Banks I had to take one of my kids to the Surf Pediatrics Office where Todd Feltz works and Heather from the Holly Trail bus stop (Joe's wife) was there with her son Drew. I also once saw Joanne Hennelly (jeff bole's neighbor) working at the Chester County hospital reception desk (They both lived in Charter Chase).

Names like Neal or Niel have a meaning to me that involves a scheme getting me on my knee asking a lesbian to marry me. Corruption is trying to get me involved with sex scandals to smear my name since I don't break the law.

The Southern Shores Boat Club Parade of Lights Best In Show Awards all are names I associate with corruption and sex related schemes. The 2018 winner "Christopher Norah" is the name of Chris Franz and his ex-wife, Nora. There is a female that works at Kitty Hawk Elementary School that looks like Nora. I was told Nora said Chris likes watching another guy have sex with her. When Jen Franz won the Citadel Heart of Learning Award at Starkweather Elementary School (Jeff was a speaker) Jen's family arranged to drive us to the award ceremony where we got to drink free alcohol and dropped us off at our home where Chris Franz and Ana Gonzales where there because they were watching our kids (Jeff Ulmer hired Jen Franz at West Chester Area School District). Chris obviously wanted to be asked to spend the night at our house as he was talking about the couches being comfortable. One of the reasons Interpol is investigating the corruption I complain about is because of the name coded corruption relating to Ana Gonzales. Schemes are used from television shows Jen Franz watches and Omar is a gay gangster in one of the shows Jen Franz watched. Onetime I was at the Spare Rib Bar in West Chester, PA and Omar Gonzales was there talking very strangely and seemed planted to me. The most unusual time I had at the Spare Rib in West Chester, PA is a night I went there with Nicole Herbst and her friend Matt Kelly, who talks like a stereotypical gay guy (Nicole's college friend at artschool she always talked about was a gay guy named Omar). If Ana Gonzales was planted on the website Chris and Mary Franz found her on because of her sexuality corruption has even more problems. The strangest things have been typed in my computers and one thing talks

about law enforcement's obsession with trying to give me a "gangster" reputation when I don't even break the law. The communication said something like if I'm the gangster the police try to make me out as I also must be gay because I am going to be one of the biggest gangsters in history, known as Tonecapone, the gay gangster. So, corruption would definitely be trying to find a female to plant in my world that would be wanting me in bed with another guy. Ever since Rosie Perez was in "White Men Can't Jump" I've joked around about wanting some type of woman with an "all year tan" and once told Jesse Cleveland I was going to order myself a columbian mail order bride when joking around once. Ana Gonzales looks just like the kind of female I would joke around about wanting.

I'll let law enforcement figure out if corruption is so desperate to sex scandal me they've got people in another country working with them. The name code is right on for Ana Gonzales to be targeted for the corruption preying on me.

PS One of the other Boat Club Parade winners was called "Covid" Pandemic. I think it is funny that Jay-Z was selling T-shirts with Abe Lincoln wearing a bandana before Covid happened. Jay-Z is the entertainer that sings "Tom Ford" and "99 problems" and when I was at the Made in America Concert something happened to my tooth requiring me to get a crown. Unfortunately, people playing with Eminem's "Not Afraid" song are stuck and when I see the "Dental Van" street sign at First Flight Middle School I feel like someone is trying to read my brain and get more information about my teeth issues...

Subject: Dare County Shake Down Scheme

Dear Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted you to be aware that yesterday I was thinking about how Jeff Jackson's name has a meaning to me to use someone named Jeff in a shakedown scheme. Today I saw an advertisement on my computer from Aldi food store that said something like "get digging". Aldi Food Store in Exton, PA is where Joe Jackson, the principal of Peirce Middle School shook my hand way longer than anyone has ever shook my hand before (people watching would get meanings including "shakedown"). Joe Jackson worked at Peirce Middle School when Ms. Noel was my spanish teacher, Ms. Cass was my social studies teacher and the Phantom was the janitor (West Chester Area School District names are consistent with the conspiracy I complain about). Joe Jackson's wife, Elaine worked at Lamb, McErlane Law Firm, where DA Tom Hogan worked and they represented Chester County in Federal Court.

I'll tell you more about the corruption later, including possible meanings for the name Matt Neal and Rob Neilson (Southern Shores Town Council Members), I just wanted to give you some police work you could do on Martin Luther King Day since my computer advertisent coincidentally said "get digging".

I see Jeff Jackson is a 42 year old Attorney General in North Carolina. I have evidence supporting a theory that Jeff Jackson's name may be linked to Pennsylvania corruption schemes using name coded pawns.

Dear Law Enforcement, Dare County Tax Department and Mr. Portnoy (please forward this email to police Chief Kole, Mr. Hornthal),

Please find Wes Haskett's denial of my lot subdivision plan dated January 6, 2025 based on the new evidence that:

-Wes Haskett claimed on November 19, 2024 that there is no evidence of misconduct, fraud or criminal conspiracy by the town (Wes Haskett prepared the Order he had the Planning Board sign to deny my Variance application).
-Wes Haskett's claim on or about October 16, 2024 (in his staff report) that all notification requirements were met for the June 6, 2023 zoning amendment and August 3, 2021 zoning amendment.
-Wes Haskett's claims on October 30, 2024 that the Planning Board did not hold a hearing on May 15, 2023 on his March 31, 2023 zoning amendment (The June 6, 2023 town council minutes prove March 31, 2023 amendment was heard on May 15, 2023 and recommended (This lie told by Wes Haskett to try and justify his refusal to post notice at 75 E Dogwood Trail prior to the May 15, 2023 hearing and tell me about the proposed amendment when I was specifically asking about lot width requirements for the subdivision at 75 E Dogwood Trail.).
-Wes Haskett and/or his attorney Lauren Womble fraudulently claimed under oath that notification requirements required to effectuate the June 6, 2023 lot width amendment at 75 E Dogwood Trail were complied with, when my October 30, 2024 Public Records Response proves the notification requirements to effectuate a zoning change at 75 E Dogwood Trail were not complied.

The attached decision from Wes Haskett claims Res Judicata prevents my lot subdivision because of my July 3, 2024 zoning application. Now Wes Haskett is acting like new evidence I have from after July 3, 2024 is not "new evidence".

It is my position that the new evidence requires Wes Haskett to approve my lot subdivision and requires law enforcement to arrest Wes Haskett for not approving my lot subdivision, for reasons including Dare County Tax Fraud since Wes Haskett won't order a reassessment on 75 E Dogwood Trail after making claims that the subdivision (by right of property owner) at 75 E Dogwood Trail is no longer possible because of his March 31, 2023 zoning amendment application.

Please arrest Wes Haskett. Please make sure Wes Haskett is charged with Insurance Fraud for repeatedly filing false documents he knows are being used in an insurance fraud investigation against Southern Shores (specifically Wes Haskett). Wes Haskett is never going to stop lying.

Subject: Sexual Coercion

Hello Law Enforcement,

I wanted you to have a copy of this email Jessica Boyle sent me when she was advising me how to make improvements to 100 Bridge Street, Malvern, PA 19355.

I have a problem with what I call "lie injectors". Meaning if someone intruding heard me ask my Uncle Gene when he was at my grandparent's house if he was driving the Bentley, someone with the name Bentley might all of a sudden be pawned to appear to be doing something he is not doing with me (I have "time" tattooed on my side and Brad Bentley sells time shares). I'm just using Brad Bentley as an example because sometimes things happen and I feel like "this is too good to be true" and meeting Brad Bentley at my kids bus stop and finding out he is exactly the kind of person I want to start a business relationship with in the Outer Banks is "'too good to be true" to someone who constantly has things (and loved ones) taken from him because of corruption.

Lie injectors would use Jessica Boyle's communication to pretend she was talking about an anal (I live in Dick White's old house).

When I moved to Vista Lane in Kitty Hawk, NC "Artemus", on Vista Lane was one of the first people I met. Artmemus stopped Jen Franz when she was walking towards the beach and I was about 50' behind her catching up with her. I saw Artemus talking to Jen Franz with an Iphone in his hand so if he was recording he was recording Jen Franz (and me) talking. Artmeus stopped Jen Franz in front of William Meredith's mailbox where a surveillance camera on the corner house (Beech Drive and Vista Lane) can also see. Artemus also was talking about his dog, Oliver. Corruption uses things Jen Franz's watches on tv in their schemes and Oliver is a gay law student in Annalise's class in "Getting Away With Murder". Donna Franz also has a dog named Oliver.

My realtor in Pennsylvania, Marie Gordon told me to have gas lines installed on 100 Bridge Street before the house was sold and one of the workers installing the gas lines had a "Porn and Biscuits" hat on (Porn and Biscuits is an Outer Banks's store, not a Pennsylvania store).

Jen Franz sometimes talks like she is a mind controlled robot that has no idea of some of the meanings from the things she is saying. When Jen Franz worked at Chesterbrook Academy in West Chester, PA (on Ward avenue) one day she was walking around talking with a British accent saying "Do you want me to butter your biscuits?" and what she was saying became a joke and Jen would also say "Do you want me to butter your biscuits" to me. I don't believe Jen Franz's conscious mind has any idea that some people will believe she is talking about butts and bi-skits, like she is a porn actor or sex worker.

Since I don't do anything illegal corruption would be trying to frame me and Jen Franz like we are somehow using our sex lives for something sex can't be used for, like prostitution. Me and Jen Franz don't buy and sell our homes for any reason that has to do with sex but I'll let law enforcement figure out if other people are involved with a sexual coercion conspiracy stalking me and Jen Franz.

I like the two subway tile options circled below from the screenshots you provided (one is more classic and the other has a little artisanal feel)- both will look nice with white grout:

Subject: Sexual Coercion Conspiracy

>>Warning! The source of this email is from outside of the firm.<<
Hello Law Enforcement (Mr. Hornthal, please forward this email to Police Chief Kole and Town Council),

I have some additional information evidence of sexual coercion. Please keep in mind that Pennsylvania/Chester County corruption illegally hides their crimes against me, lied in Federal Court (I caught Chester County lying and using $50,000

of tax payers money to file false sworn statements known to be false when filing them and known to be false when DA Tom Hogan initiated his DA Tom Hogan Facebook page witness intimidation and ridicule of me for exposing his corruption). So, North Carolina is going to need the FBI to help prosecute the continuing pattern of corruption that has followed me from Pennsylvania.

Some facts that I believe are relevant are:

-I filed a private criminal complaint against the Chester County Daily Local News for claiming to their customers to be selling a "complete news package on multiple platforms" but in reality the Chester County Daily Local News was refusing to publish paid advertisements that had facts about Chester County government corruption (information I had documented in court transcripts, Orders and emails from Chester County's email system.) The Chester County District Attorney refuses to decide my Private Criminal Complaint pursuant to the Pennsylvania Rules of Procedure. I once advertised "We The People LLC" in the Chester County Daily Local News selling clothing. Despite the front page advertising supposedly reaching thousands and thousands of customers, "We The People LLC" only received one order for clothing from someone named "Chris Fagerly". I'll let law enforcement figure out if there is a name coded sexual conspiracy consistent with what I have been telling law enforcement. I've been telling law enforcement how corruption and lie injectors use music to make schemes and when I was involuntary committed to the Horsham Clinic about 21 years ago for things like "paranoia of corrupt cops" that supposedly didn't exist I was given an assignment where you needed to draw a door (like a greeting card) and when you opened the door show something inside the "door". I drew a picture of a guy with dreadlocks fishing as he was leaning on a barrell that said "coconut # 1" and the guy caught another guy with a stamp collection. The guy with the dreadlocks said "What the blood clot". I drew the picture because I once found a stamp collection at 47 Carol Lane and brought the collection with me to a meeting with attorney Fran Miller and Fran Miller really wanted me to leave the stamp collection with him and said he'd sell the collection for me (I'm not sure if Fran Miller was hoping to find a way to get me in trouble with the stamp collection). I'll let law enforcement figure out if people like Mike Meredith and Brian Lloyd fit into the song as "faggot soundmen" or if Cliff Ogburn fits into the song.

-I wanted law enforcement to be aware that when I was a juvenile in the Delaware County Detention Center I developed a rash on and around my penis that the doctor at the detention center called "moluscum". The rash disappeared and I don't have moluscum. I believe someone at the detention center did something to my underwear or penis when I was sleeping so they could talk about my penis "contracting moluscum" as "bar code" (my penis did not itch at all, like poison ivy would). Jack Whelan's Delaware County District Attorney's Office concluded (I filed a private criminal complaint) that the reason the Delaware County Juvenile Detention Center won't give me a copy of my juvenile records is because they are in Chester County government's possession. Chester County's government refused to provide me a copy of my juvenile records that included my records from the Delaware County Juvenile Detention Center. I filed a Federal Law suit against Chester County in 2013 and Judge Mitchell Goldberg sent U.S. Marshalls to my house to ask me questions about my case (without the defendants being at my house). I told the U.S. Marshall's about my penis and asked them if they wanted to see my penis (to prove I don't have moluscum) and they did not want to see my penis. I filed a private criminal complaint against Federal Judge Mitchell Goldberg with the Philadelphia District Attorney's Office for refusing to report mandated suspected sex abuse (I believe I am providing the exact information right now, the private criminal complaint is in storage right now). The Philadelphia District Attorneys Office had a women named something like "Schanda L Hassel" (I believe that is her exact name) communicating with me. Schanda's communication started with a phonecall where she began laughing and calling me "Mr. Weina" (like she was talking about a penis like little kids talk). Schanda L. Hassell's name has some coded meanings law enforcement should investigate. A hassell is something that is difficult or bothersome when talking to someone like Gary Cleveland (U.S. Marshall's hassell me at the Philadelphia Federal Court). The conspiracy uses "sh" code (Jen Franz's family had a picture taken of them in front of a Roy Woods billboard in New York City where Roy Woods was giving a "sh" signal. I believe Jen posted the picture on Facebook and her family had coffee cups made with their pictures. I'll let law enforcement figure out whether Jen Franz communicates using a "sh" code or just has people coercing her and using codes with her that she does not know the meaning of). L means lesbian in their code and since Andy Ward is part of the conspiracy in Southern Shores against me, please note that Andy's name is in the name "Schanda". (Now Andy Ward's corruption is tied to moluscum penis corruption being hidden by Pennsylvania corruption). Schanda L. Hassell dismissed my complaint against Judge Goldberg and Pennsylvania corruption would do something like design a fake scheme with Andy Ward to pretend my criminal complaint against Judge Goldberg was part of an agreement for a scheme with Andy Ward, which it was not.

-I wanted law enforcement to be aware that ECU health assigned Dr. Eadie to be my primary doctor. Prior to moving to North Carolina when Marie Gordon was my realtor I coincidentally noticed "gordon eadie" landscaping trucks driving near me. Dr. Eadie used to wear a U.S. Army lanyard because her son is "in the army". Dr. Eadie was replaced with Dr. Tom Ferguson. If I was law enforcement I'd investigate why Dr. Tom Ferguson was assigned to replace Dr. Eadie. Tom Barrett and Jay Ferguson (my old 47 Carol Lane roommates) both went to the Chester County Hospital with health problems somewhere around age 32 and they both died. Dr. Tom Ferguson replaced Dr. Eadie when William Meredith ("Banks") was my Vista Lane neighbor. Yuri Spangler ("Banks") also went into the Chester County hospital in his 30's and died. The

Chester County Hospital sent me an email from Collee Leyden and Colleen was my Vista Lane neighbor and her kids names are William and Wiley, like the Chester County Hospital Board member, William Wiley. It is my position that corruption, including healthcare workers use intimidation tactics to remind me corruption can frame and/or kill anyone in the United States, including JFK. In the Outer Banks, NC I feel Chester County corruption along with Chester County Hospital corruption trying to intimidate me.

-In the Outer Banks, NC they appear to be playing games with red and green lights. I wanted law enforcement to be aware that the red/green light meanings I observed started with my neighbor at 100 Bridge Street, Malvern, PA 19355, Peter Delaurer having a red light on his bathroom window sill every night. One night he changed to a green bulb and when I observed the lights being changed from green to red I also observed information that said "red means go". My neighbor's on Bridge Street, Tom Teti and Peter Delaurer both work at People's Light and Theatre, where the old owner of 100 Bridge Street worked and DA Tom Hogan worked. As you can see from Peter Delaurer's communication to me when I'm living in the Outer Banks, Peter Delaurer communicates so people can assume I still own 100 Bridge Street, which I do not (Chris Joiner and Julie Avertine bought 100 Bridge Street on September 19, 2022). Peter Delaurer's girlfriend's name is Lesley. The conspiracy tries to teach me codes so I do things they want me to do so they can pretend I am working with them, when I am not (I tell them repeatedly to keep me out of their lies). When Joe Jackson, the old Peirce Middle School Principal referenced in the bottom of this email was talking to me at the Exton, PA Aldi store he told me he works at Devereau ("I work at Devereau"). After I talked to Joe Jackson I observed Tom Devereau (Molly's brother I went to school with) walking on route 100. Another significant thing about me talking to Joe Jackson at the Aldi store is when I lived at 47 Carol Lane I believed people were telling me something about my social security number being used in some type of code. I also was led to believe that "a belt" is code for mind control. The Exton Aldi store is where I realized Sunbelt rentals has the last 4 digits of my social security number in their phone number (9328) because they had a piece of equipment at their store.

I'll let law enforcement figure out whose mind controlling me to pretend I am working with cops I am not working with.

Please make sure Wes Haskett and Southern Shores Planning Board/Board of Adjustments is prosecuted with their connection to Pennsylvania corruption I have made. Their public witness intimidation and ridicule of me after I proved they never notified 75 E Dogwood Trail as required to effectuate a zoning change on the property violates witness intimidation laws is on the Southern Shores website and the Southern Shores Beacon. Wes Haskett hid his March 31, 2023 lot width amendment (he uses to prevent my lot subdivision) from me for the entire month of May 2023 as Linda Lauby, negotiated an additional $75,000 from me for a subdividable lot. Wes Haskett also refuses to order Dare County to reduce property taxes on all properties he rezoned from subdividable, by right of property owner, to unsubsubdividable. So Wes Haskett is guilty of many crimes from theft/fraud to tax fraud on many southern shores property owners. The documents proving Wes Haskett and the Planning Board's corruption are online at www.savesouthernshores.com

Thank you,
Anthony Stocker Mina

PS Please note that today is the 3rd day in a row that my children have off from school because of 4-5 inches of snowfall. Southern Shores does not own a $5000 snowplow for one of their trucks and waits for the snow to melt on the roads (you know how other towns fine owners for not shoveling their walkways and insurance companies consider businesses to be negligent for not plowing, here in Southern Shores I've got the town attacking me and after years of snow plowing I see another reason I was planted in a town with an obnoxiously corrupt, incompetent government-they also don't have handicap ramps to their beaches because they were busy having a stone driveway in the cemetery paved with concrete, possibly because R.L. Musick is the name of a concrete contractor they needed to communicate and talk about things like acid washing (Corruption thinks making an ass out of me corrects their wrong-doing).

Subject: Sexual Coercion

Hello Law Enforcement,

I wanted you to have a copy of this email Jessica Boyle sent me when she was advising me how to make improvements to 100 Bridge Street, Malvern, PA 19355.

I have a problem with what I call "lie injectors". Meaning if someone intruding heard me ask my Uncle Gene when he was at my grandparent's house if he was driving the Bentley, someone with the name Bentley might all of a sudden be pawned to appear to be doing something he is not doing with me (I have "time" tattooed on my side and Brad Bentley sells time shares). I'm just using Brad Bentley as an example because sometimes things happen and I feel like "this is too good to be true" and meeting Brad Bentley at my kids bus stop and finding out he is exactly the kind of person I want to start a business relationship with in the Outer Banks is '"too good to be true" to someone who constantly has things (and loved ones) taken from him because of corruption.

Lie injectors would use Jessica Boyle's communication to pretend she was talking about an anal (I live in Dick White's old house).

When I moved to Vista Lane in Kitty Hawk, NC "Artemus", on Vista Lane was one of the first people I met. Artmemus stopped Jen Franz when she was walking towards the beach and I was about 50' behind her catching up with her. I saw Artemus talking to Jen Franz with an Iphone in his hand so if he was recording he was recording Jen Franz (and me) talking. Artmeus stopped Jen Franz in front of William Meredith's mailbox where a surveillance camera on the corner house (Beech Drive and Vista Lane) can also see. Artemus also was talking about his dog, Oliver. Corruption uses things Jen Franz's watches on tv in their schemes and Oliver is a gay law student in Annalise's class in "Getting Away With Murder". Donna Franz also has a dog named Oliver.

My realtor in Pennsylvania, Marie Gordon told me to have gas lines installed on 100 Bridge Street before the house was sold and one of the workers installing the gas lines had a "Porn and Biscuits" hat on (Porn and Biscuits is an Outer Banks's store, not a Pennsylvania store).

Jen Franz sometimes talks like she is a mind controlled robot that has no idea of some of the meanings from the things she is saying. When Jen Franz worked at Chesterbrook Academy in West Chester, PA (on Ward avenue) one day she was walking around talking with a British accent saying "Do you want me to butter your biscuits?" and what she was saying became a joke and Jen would also say "Do you want me to butter your biscuits" to me. I don't believe Jen Franz's conscious mind has any idea that some people will believe she is talking about butts and bi-skits, like she is a porn actor or sex worker.

Since I don't do anything illegal corruption would be trying to frame me and Jen Franz like we are somehow using our sex lives for something sex can't be used for, like prostitution. Me and Jen Franz don't buy and sell our homes for any reason

that has to do with sex but I'll let law enforcement figure out if other people are involved with a sexual coercion conspiracy stalking me and Jen Franz.

Hi Tony,
I like the two subway tile options circled below from the screenshots you provided (one is more classic and the other has a little artisanal feel)- both will look nice with white grout:

Hello,

I hope you've been doing good.

I was just wondering which tile you thought would look best in my kitchen.

I think Home Depot has 3 different tiles like the subway tile you suggested.

Thank you,

Hello Law Enforcement,

Please find the attached picture of coconut oil Jen Franz bought. Jen Franz bought the coconut oil because her gynecologist told her to have sex with coconut oil (Jen Franz complains to her gynecologist about yeast infections). I told the fbi about this gynecologist before and if I am remembering correctly her name is dr Dianne Hotmer (Demicheal). Jen Franz's mom used to work in the same building as Jen Franz's gynecologist.

Jen Franz bought the coconut oil and then read online that coconut oil causes yeast infections, the complete opposite of what Jen Franz was trying to avoid.

I wanted law enforcement to be aware of this because I believe saying "have sex with coconut oil" is what many people would assume to mean "have anal sex". I also wanted law enforcement to be aware of this because Spectrum manufactures the coconut oil. Me and Jen use spectrum internet service and if spectrum was used to record/monitor me and Jen Franz the code would tie the scheme to Dianne Hotmer. I'm not sure if spectrum has a Josh working there, but since Josh McDonough is a name I mentioned possibly being coded to mean Josh Mike Donna, maybe law enforcement should investigate a scheme trying to record me and Jen Franz's sex life in North Carolina. In Pennsylvania we used Verizon and comcast internet (I don't think spectrum provided internet service in Pennsylvania).

Hello Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted you to have the following information:

Rob Testerman contacted Wes Haskett from Kitty Hawk and acted like I was the problem for complaining that Kitty Hawk was refusing to enforce zoning code against an abandoned Hummer in the right of way (illegally) that was on 3 wheels and a collapsing jack stand right near where the neighborhood children play sports that often require them to get their ball from (like a soccer ball, kickball, baseball, football and basketball).

When I lived on Vista Lane Mike Meredith had a swing set on his front lawn, Mike Meredith had a buoy (pronounced "boo-e") on my property), Brian Lloyd had a truck bed liner filled with trash on his front lawn and William Meredith had 2 abandon hummers. Since I am complaining about a sexual coercion conspiracy I wanted you to be aware that "a hummer" is a male getting his penis sucked when talking to a lot of the guys I hung around in Pennsylvania. A swing set is also a thing where people share sex partners. A bed liner would have a cop/law meaning (in addition to the plastic thing that goes inside pickup truck beds). I took Mike Meredith's buoy down months after he said he would take the buoy down. Jen Franz told me that Brian Lloyd told her they were hoping they could have the buoy back because the kids have good memories swinging from the buoy. The buoy was left by me on Mike Meredith's property, behind the electric

box. Brian Lloyd removed the bed liner from his front lawn after I made comments on my computer about "playful" things in the neighborhood.

Some of my neighbors on Vista Lane would coincidentally do things similar to what I was typing in my computer, like they were "mirroring me". Onetime I was discussing an offer on the table and noticed Mike Meredith had a table set up outside the house he was staying at (on the corner of Vista Lane and Beech Road) and there was a burnt book of CDs on the table. Another time I was discussing an offer on the table Brian Lloyd had a table outside his house with a cornhole game (cornhole is a slang word for ass hole in a sexual way).

I just wanted to make sure law enforcement was aware that it appeared to me that my Vista Lane neighbors (the neighbors Kitty Hawk corruption is conspiring with) were also involved with things that appeared to have a sexual meaning.

Hello Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted to make sure law enforcement was aware of these facts so they understand what Pennsylvania corruption is doing in North Carolina as people like Wes Haskett and Jasper Rogers intentionally cause me and my family financial and emotional damages (there are many random facts that are unorganized and scattered because I am in the middle of getting $75,000 stolen from me because of Wes Haskett's fraud, which is more consistent with a sexual coercion conspiracy than town code...so I don't have time to organize information for law enforcement when I need to work and sell my house before Wes Haskett causes me more financial problems):

When I was 16 years old I was assaulted by law enforcement in Chester County, PA (the cops names I believed were most responsible were Pam and Steve...now Steve and Pam Diehl, pronounced "Deal" live in Southern Shores and were originally from somewhere in Pennsylvania-I can't remember the town). The police took me to the Chester County Hospital emergency room and then to the Delaware County Juvenile Detention Center where I was held until after my injuries healed (I had cuts and bruises all over my face). At the time I was taken to the detention center I already had an arrest for possession of PCP. PCP has a streetname called "sherm(s)". Casey Loftus's nickname is "sherm". Corruption uses names to communicate, including double codes. Casey Johnson is someone that coincidentally would be held in the detention center when I was there and was scheduled on March 19, 2008 in the Chester County Probation Department when I was taken there by Dawson Muth.

It is my position that corruption coerces me into things that are the equivalent to "suicide missions" and situations that are intended to cause me so much suffering, including physical pain that my PCP addiction I had at 16 years old would be triggered. The name Casey would be used to communicate schemes to drive me into a crazy PCP addiction (I grew up with Yuri Spangler, who died after an altercation with police when high on PCP and John Crabb who did things high on PCP like took his clothes off, stood on top of a police car and screamed "fuck the police". Yuri Spangler told me his dad "skip" was a research chemist and tested PCP on lab rats. I believe Yuri Spangler's dad, Taylor ("skip") drove a car with a license plate that had "Casey" abbreviated and so did my fiance's mom, Donna Franz ("Gigi") (I believe state license plates are sometimes coded). I stopped resorting to PCP as a way to cope with pain 21 years ago. After I saw Casey Johnson in 2008 everything in my life went wrong from work, to child custody to my home being vandalized and the landlord refusing to fix the problems. Instead of using PCP in 2008 I did something I never did before...I also quit drinking alcohol so I could focus on destroying corruption preying on me and my family.

The Delaware County Juvenile Detention Center hired Suzanne McDonough to represent them when I sued them. "Mick" is a name for Mike because of Mike Palloni and Donough is pronounced "Donna". (You might want to investigate people named Mike and Donna working together). Donna Franz and Kim DiTrolio took Jen Franz to Paris, France. Jen Franz came back to the United States and needed to be hospitalized for a few days because of "food poisoning". Jen Franz gets handed clipboards from healthcare workers and I have witnessed her not reading a single word and signing them. Jen Franz would not even know if she consented to having chips, cochlear implants and all

other kinds of crazy medical procedures spies get. Paris Webb is an employee at the Delaware County Detention Center that Jen Franz could have been coerced to sound like she was talking about. Donna Franz's boyfriend Tom McLean worked at the Delaware County Juvenile Detention Center. Josh McDonough is someone I went to highschool with. The last times I saw Josh McDonough was at the Exton Square Mall Food Court and Wholesale Service Incorporated (he was driving a fork lift) as I was purchasing lumber for my 100 Bridge Street rooftop deck.

I believe Pennsylvania corruption is trying to clean their "casey" code and give their code a new meaning which involves Laura Polini. Jen Franz was assigned Laura Casey to be her gynecologist here in the Outer Banks. Kasey Rabar (pronounced Ray-bar) was the Ratcliff and Nelson's buyers agent when buying 4809 Vista Lane. The Kitty Hawk Home Depot has an employee named Ray that often works in the garden center. Ray looks like Jen Franz's dad, Chris. Casey Varnell obviously is an incompetent corrupt attorney representing Kitty Hawk (probably because his name). Mike Casey was Linda Lauby's attorney who works with Nancy Dawson.

When I talk about doctors/healthcare workers please keep in mind that you talk about "co-pays" with healthcare workers. Me and Jen Franz had Coe Insurance (home owners insurance) on 100 Bridge Street and they paid about $50,000 for a water leak that I believe was probably vandalism designed to coerce me and jen franz to sound like we were talking about something we were not.

Please also keep in mind that I was unable to get a survey for 75 E Dogwood Trail done properly for a reasonable price other than Douglas Styons (I couldn't connect on the phone with most surveyors). When I was brought to the Chester County probation department on March 19, 2008 my old neighbor at 283 Cotswold Lane, West Chester, PA 19380- Douglas Smith was in there and spoke with me.

When I talk about me not getting healthcare I needed when in excruciating pain, including me not being provided any prescription pain medicine in 2002-2003 when suffering from 2 herniated discs, 5 bulging discs and a fractured disc in my back please keep in mind that I didn't get my first inflammatory medication provided to me until after about 7 years of suffering from back injuries and being told to ask doctors for Mobic/Meloxicam (I'm not sure if the medications have a coded meaning).

I also wanted you to be aware that RJ used to work at the Bootroad/Pottstown Pike Mobil when I was a teenager. RJ has a cousin named Steve Chytla that had a girlfriend named Anna Musser. (I'm not sure if the Mobil also had an employee named Steve). I am sure Angela DiRocco got charged with DUI for hitting a curb when leaving the Mobil parking lot. I was in the car with Angela when she drove her camaro over a curb because she just picked me up from the Indian King neighborhood down the street. Angela DiRocco and Eric Frindt once painted pool balls on a hardwood floor in Angela DiRocco's parent's indoor pool/basement. Alaina DiRocco married a Kuhn and I once saw an image of Alaina's dad, Richard standing at the bottom of the Kuhn's driveway asking how I figured this out apparently referring to the word pronounced "Raccoon". Eric Lindros is a name that could have a coded meaning about doctors and lesbians. James Billotta drove the Zamboni for the Philadelphia Flyers and when I was exposing corruption to all the guests of the "State of Chester County Meeting" James Billotta asked me to move my sign farther from the country club entrance. For some reason I asked James Billotta if he was still driving the Zamboni.

I was led to believe that females I was friends with or dated, especially Jen Franz are being illegally trafficked by people including their own family. I am not accusing people, I'll let law enforcement figure out what is going on. I know one thing for sure, people tell me things trying to discredit me as crazy, cause me to falsely accuse people of things and many other malicious reasons. More than 20 years ago I discretely received information about the way people talk about females my age that they don't recognize and I tested Jen Franz and told her a story about a copper recycling place that was supposed to turn the blowers on but didn't and the worker was complaining. I don't believe Jen Franz recognized any sexual meaning (there wasn't sexual meanings in what I said) but coincidentally started sucking my penis on a regular basis, like she is a mind controlled robot. Another time I was working at Mark Brancato's house and texted Jen Franz something that had a discrete meaning that Jen Franz doesn't recognize and she responded exactly the way I was expecting a response from a mind controlled sex spy (Jen was using the word "entail" and I was told "tail" is a word used to talk about female's vaginas). Jen Franz never performed a sex act on me consistent with the communication.

Jen Franz got pregnant in 2008 as she was on the same birth control she had been on for years. If Jen Franz is as bad of a trafficking victim as I was led to believe she was a miracle worker would have implanted an egg in Jen Franz without her knowing so she got pregnant by me and probably had the best chance she'd get to escape coercive human traffickers pretending she is working with schemes she is really not working with. There was information in the gynechologist's office waiting room I went to once with Jen Franz indicating to me that the secret information being provided to me was true and Jen Franz is a trafficking victim without knowledge she is being trafficked (illegally).

I'm not sure if my ex-girlfriend Christina DiRocco is a victim of illegal trafficking, I just know our favorite restaurant to go to together (just the two of us) was Red Lobster. I now live in Linda Lauby's old house and people wonder why I am here.

Jeff is another reason I may be here. When I was 16 years old me and my friends called our group "Sessions". Jeff Sessions was once the Attorney General. The state of Pennsylvania got law enforcement in way too much trouble for law enforcement to be able to admit how corrupt law enforcement is (my police and medical records don't add up to anything but a government conspiracy to kill me and they think they can hide behind "State Secrets Privileges"). Jeff Cruden's name has a meaning in Pennsylvania corruption that involves spying with Dennis's daughter, Laura Polini. Jeff Bole (pronounced "Bowl") is a landscaping customer I had in West Chester, PA. I have never once communicated about a "Jeff Bowl". In 2004 Jeff Bole hired me to mulch his property (a spring clean-up) and cut a tree down. Mulch is ground up wood and the tree that I agreed to cut down was on the right side of Jeff's house, had roots and grew towards the sun. I accepted the landscaping job and then was involuntarily committed to the Horsham Clinic (pronounced whore-sham clinic) until Jen Franz picked me up there (They made me watch "Pay It Forward" and "Men of Honor" at the Horsham Clinic as people discretely continued to try and get me to help law enforcement). I've never once communicated about anything called a "whore-sham" clinic. I once went to the Chester County Hospital to visit someone and Jeff Bole was there pushing a stretcher (stretch is the name for Todd because of Todd Tryon). One day here in the Outer Banks I had to take one of my kids to the Surf Pediatrics Office where Todd Feltz works and Heather from the Holly Trail bus stop (Joe's wife) was there with her son Drew. I also once saw Joanne Hennelly (jeff bole's neighbor) working at the Chester County hospital reception desk (They both lived in Charter Chase).

Names like Neal or Niel have a meaning to me that involves a scheme getting me on my knee asking a lesbian to marry me. Corruption is trying to get me involved with sex scandals to smear my name since I don't break the law.

The Southern Shores Boat Club Parade of Lights Best In Show Awards all are names I associate with corruption and sex related schemes. The 2018 winner "Christopher Norah" is the name of Chris Franz and his ex-wife, Nora. There is a female that works at Kitty Hawk Elementary School that looks like Nora. I was told Nora said Chris likes watching another guy have sex with her. When Jen Franz won the Citadel Heart of Learning Award at Starkweather Elementary School (Jeff was a speaker) Jen's family arranged to drive us to the award ceremony where we got to drink free alcohol and dropped us off at our home where Chris Franz and Ana Gonzales where there because they were watching our kids (Jeff Ulmer hired Jen Franz at West Chester Area School District). Chris obviously wanted to be asked to spend the night at our house as he was talking about the couches being comfortable. One of the reasons Interpol is investigating the corruption I complain about is because of the name coded corruption relating to Ana Gonzales. Schemes are used from television shows Jen Franz watches and Omar is a gay gangster in one of the shows Jen Franz watched. Onetime I was at the Spare Rib Bar in West Chester, PA and Omar Gonzales was there talking very strangely and seemed planted to me. The most unusual time I had at the Spare Rib in West Chester, PA is a night I went there with Nicole Herbst and her friend Matt Kelly, who talks like a stereotypical gay guy (Nicole's college friend at artschool she always talked about was a gay guy named Omar). If Ana Gonzales was planted on the website Chris and Mary Franz found her on because of her sexuality corruption has even more problems. The strangest things have been typed in my computers and one thing talks about law enforcement's obsession with trying to give me a "gangster" reputation when I don't even break the law. The communication said something like if I'm the gangster the police try to make me out as I also must be gay because I am going to be one of the biggest gangsters in history, known as Tonecapone, the gay gangster. So, corruption would definitely be trying to find a female to plant in my world that would be wanting me in bed with another guy. Ever since Rosie Perez was in "White Men Can't Jump" I've joked around about wanting some type of woman with an "all year tan" and once told Jesse Cleveland I was going to order myself a columbian mail order bride when joking around once. Ana Gonzales looks just like the kind of female I would joke around about wanting.

I'll let law enforcement figure out if corruption is so desperate to sex scandal me they've got people in another country working with them. The name code is right on for Ana Gonzales to be targeted for the corruption preying on me.

PS One of the other Boat Club Parade winners was called "Covid" Pandemic. I think it is funny that Jay-Z was selling T-shirts with Abe Lincoln wearing a bandana before Covid happened. Jay-Z is the entertainer that sings "Tom Ford" and "99 problems" and when I was at the Made in America Concert something happened to my tooth requiring me to get a crown. Unfortunately, people playing with Eminem's "Not Afraid" song are stuck and when I see the "Dental Van" street sign at First Flight Middle School I feel like someone is trying to read my brain and get more information about my teeth issues...

Subject: Dare County Shake Down Scheme

Dear Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted you to be aware that yesterday I was thinking about how Jeff Jackson's name has a meaning to me to use someone named Jeff in a shakedown scheme. Today I saw an advertisement on my computer from Aldi food store that said something like "get digging". Aldi Food Store in Exton, PA is where Joe Jackson, the principal of Peirce Middle School shook my hand way longer than anyone has ever shook my hand before (people watching would get meanings including "shakedown"). Joe Jackson worked at Peirce Middle School when Ms. Noel was my spanish teacher, Ms. Cass was my social studies teacher and the Phantom was the janitor (West Chester Area School District names are consistent with the conspiracy I complain about). Joe Jackson's wife, Elaine worked at Lamb, McErlane Law Firm, where DA Tom Hogan worked and they, represented Chester County in Federal Court.

I'll tell you more about the corruption later, including possible meanings for the name Matt Neal and Rob Neilson (Southern Shores Town Council Members), I just wanted to give you some police work you could do on Martin Luther King Day since my computer advertisent coincidentally said "get digging".

I see Jeff Jackson is a 42 year old Attorney General in North Carolina. I have evidence supporting a theory that Jeff Jackson's name may be linked to Pennsylvania corruption schemes using name coded pawns.

Subject: Sexual Coercion Conspiracy Involving North Carolina and Pennsylvania Corruption

>>Warning! The source of this email is from outside of the firm.<<
Hello Law Enforcement (please forward this email to Chief Kole, Mr. Hornthal),

I have more evidence of the criminal conspiracy I complained about in Pennsylvania that has followed me to North Carolina. I've got too much to do today to organize the evidence in the email so law enforcement knows exactly where the evidence is part of the puzzle.

The additional evidence is:

-Angela DiRocco's nickname was Ange. I'm not sure who bought the Corl's house on Locksley Drive in West Chester, PA but if there name was Wang you should be aware that I am 100% sure that wang was a word used for penis by me when I was a kid. I was once led to believe that the stories people told about Glen Corl hot wiring a bull dozer were talking about Christina DiRocco.

-Jen Franz worked with another 5th grade teacher at West Chester Sarah Starkweather Elementary School named Erica. Onetime Jen Franz told me Erica was coming to 100 Bridge Street with her kids because she wanted to "sit by the pool". Jen wasn't very happy that her co-worker wanted to come to our house and I wanted law enforcement to be aware I believe Jen Franz's mom, Donna bought the kiddy pool with about a 48" diameter that Erica wanted to "sit by". (Please keep in mind when someone like Jen Franz's Aunt Kim says "I'm giving you grandma's chair" that Kim Ditrolio literally brought a chair that your butt sits on and called the chair "grandma's chair").

-I've explained about a "casey" named coded conspiracy and how "Kasey Rabar" is pronounced "Casey Ray-bar", and Kasey Rabar represented the buyers of my last house (the Ratcliffe and Nelson family). Cliff Ogburn is the corrupt Southern Shores town manager and the reason I signed a contract provided to me from Terminex's Brad Fisher with Terminex's employee Jason Viar is because of an obvious rat infestation problem in the attic of 75 E Dogwood Trail (there was literally shovel fulls of rat poop in my attic to clean when I bought the house). Now Jason Portnoy is assigned to my insurance claim of fraud against Wes Haskett and Southern Shores (by my insurance company) and Jay Wheless is the Southern Shores Planning Board attorney I caught fraudulently misrepresenting town code 36-414(b) with Wes Haskett's attorney Lauren Womble at my Variance hearing on October 21, 2024 (which was recorded and added to the Southern Shores website). I did not sign a contract with Jason Viar so Jasonn Portnoy and Jay Wheless could vie over my $75,000 fraud claim against Wes Haskett. I signed a contract with Jason Viar because he was supposed to prevent rat infestation at 75 E Dogwood Trail but never showed up to do the job. Since I've explained that the Kitty Hawk Home Depot has an employee named Ray that often works in the Garden Center that looks a lot like Jen Franz's dad, Chris, to me, I suggest law enforcement investigate William Joshua Kenner's wife, Chrissy Kenner for a Facebook post saying she works at the Home Depot Garden center and has a problem buying plants (in case there is code that suggests "Ray" at the Kitty Hawk Home Depot is really Jen Franz's dad, Chris). People discretely tell me things about Jen Franz's family and I've felt like Jen Franz's dad Chris has people making him appear to me to be involved with the conspiracy, when he may not be involved like I am led to believe.

-I suggest law enforcement investigate if I was sent to the Chester County "Pre-Release" Center and had a roommate named Cliff in 2001 since I was provided a copy of my criminal record without my 40 days in jail in 2001 being identified on my criminal record...and Cliff Ogburn is not allowing me to advertise a real estate opportunity at my house selling a co-ownership with a real estate sign near my mailbox as realtors advertise 365 days a year in Southern Shores with signs near then street. Cliff Ogburn's interference with my work because I caught Southern Shores changing zoning codes without notifying effected property owners violates state and federal witness intimidation laws.

-Pennsylvania healthcare's system assigned Maureen Vita to be my daughter Alexis' therapist when I wanted her to talk to a psychologist. I now live at 75 E Dogwood Trail and "Jeff" bought 73 E Dogwood Trail. Jeff hired Ben Vorondran to help renovate 73 Dogwood Trail. Ben Vorondran often wears a brown shirt and is a retired Marine. The conspiracy I complain about uses music and Rihanna and Eminem's song "Friends with the monster" sings about Jeff Vorondran. More than 20 years ago I was led to believe (with communication that law enforcement would have probably used as evidence of paranoia) that people were getting Ben Brown to kill me. Something I supposedly said to Eric Frindt would have been used to try and manipulate Ben Brown to kill me. Eric Frindt was coincidentally scheduled at the Chester County Probation Office on March 19, 2008 when Dawson R. Muth took me there after I was sentenced to probation (so me and Eric Frindt talked in the waiting room). When I believed I was being threatened that Ben Brown was going to be used to kill me I believed the information was coming from cops, I suggest law enforcement investigate the coincidence that Eric Frindt was scheduled at the probation office on March 19, 2008. The conspiracy I complain about likes using thought control and Eric Frindt being in the probation office after I wore 2 whistles around my neck at sentencing was part of a threat to have me killed for complaining about corruption attacking me. I'm not sure if the name Maureen Vita means "Marine Vy-T-A" but Jen Franz asked me to get benadryl and then I observed Ben Vorondran walking towards me from 73 E Dogwood Trail with a drill in his hand (the conspiracy I complain about uses communication from people to make them appear to be involved with schemes they really are not involved with). Oneday Ben Vorondran said "now you are going to kill me" as he said he could not remember my name (me and Ben talked many times and he's called me "Kevin" before because he said he could not remember my name). I suggest law enforcement investigate Ben Vorondran being used to clean up Pennsylvania corruption's threats to have me killed.

-Jen Franz had a business card in her purse with Icon Solutions employee's name "Jeff Dickinson" on the card. Jen Franz has no idea how the business card got in her purse. Dick White is an old owner of my house that is very well known in the community and the bridge over the canal I live on is named after.

-Jen Franz's mom Donna lives on Biforde road in West Chester, PA. There also is a cumbrian road in her neighborhood. When I complain about Brian and Colleen Lloyd appearing to me to be a part of Chester County Hospital corruption please keep in mind that Debbie Schwartz took me to MedCenter 100's Urgent Care Center because I had severe back pain from a pinched nerve/herniation. I was taken to the doctor and Tara Pumala came into the room to talk to me. Then the doctor came in the room and told me I needed to wait 2 days to get pain relief medicine injected into my back. I was in lots pain and me and Debbie then went to the bar a few doors down where I got back to my self medicating with alcohol and drank 9 beers. I was in so much pain when I asked for my 10th beer the waitress said "you just drank 9 beers I can't believe you are still standing" and I said something like "my back hurts too much to sit down" and I bought a 6 pack to go. I wasn't in the doctors office because I had a little pain, I was obviously in need of immediate care but was told I needed "to wait 2 days". Please also keep in mind that Donna Franz ordered me and Jen Franz 4 chairs. The 4 chairs Donna Franz ordered are in our screened porch and called "Adirondack chairs". I'm not sure if cops and politicians use numbers like "2" and "4" in their schemes but I am sure that I had to talk to Jim Forsythe before (I believe he was the Chester County director of elections) because of complaints I had about corruption. Jim Munroe sold me 75 E Dogwood Trail and the name coded communication would indicate something like Chester County corruption is sitting 4 chairs in Southern Shores by using me as their labor/human trafficked pawn. Wes Haskett has put me in position where I feel like I could expose Southern Shores town council, planning board and police chief and have the town hall packed with angry property owners wanting all of them ousted. I did not move to Southern Shores to sit and split boards and police departments. I moved to Southern Shores to work as a home improvement provider and give my kids the life I dreamed of as a kid, which was as much time at the beach as possible.

-When I was building a 3 story addition on 100 Bridge Street I ordered the materials from the Frazer, PA Home Depot. Home Depot delivered the materials but did not deliver insulation I needed. I contacted Home Depot and was told that they can give me "4 batts". 4 batts of insulation out of my ordered insulation sounds like a ridiculous thing to offer someone who ordered such a larger quantity of insulation. The coincidence is Jen Franz moved out of the house we owned together in 2017 for a few weeks. When Jen Franz moved out she bought a vibrator. When Jen Franz moved back to 100 Bridge Street she told me about the vibrator and said the batteries died when I said I wanted to use the vibrator on her and the vibrator used 4 batteries. I'll let law enforcement figure out why Home Depot offered me "4 batts".

-Onetime my neighbor at 100 Bridge Street Tom Teti hired me to work at his ex-wife's house Jenny Teti. Jenny Teti paid me with a check and I brought the check to the Frazer, PA Wells Fargo to deposit the check. The teller, who I believe was named "Sondra" said something to me like "be careful, Jenny paid you with credit". I clarified that the teller was saying the check Jenny Teti paid me with was from a credit account. I suggest law enforcement make sure someone named Jenny (Jen Franz's dad and brother have called her Jenny before) isn't labor trafficking me and trying to coerce me to sound like I am being paid with credit (Jen Franz and me sign loans together). Since Tom Teti worked with DA Tom Hogan I would imagine Jen Franz being the framed fall guy of a human/labor trafficking scheme designed by Chester County District Attorney's Office to hide their corruption.

-Since Wes Haskett is a major part of Southern Shores' corruption I wanted you to be aware that the last time I talked to Steve Washington we were in Mike Dempsey's 15 North Bar and Steve Washington said he worked for West Chester Insulation and was talking about Lewis Wesley.

-I wanted to make sure law enforcement was aware that I went to West Chester East Highschool for my 11th grade year and Angela DiRocco and Heather Gittings also switched schools to East High School. I was told that Heather Gittings (horses say "giddy-up") was at East High School because she was having an affair with Henderson Highschool's "Mr. Redmond". I did not have Mr. Redmond as a teacher but had Ms. Redding as a teacher. The last time I saw Heather Gittings was when she was a Philadelphia Eagles cheerleader. I had seats near the field and was wondering why there was a cheerleader looking like she was waving to me and I realized it was because the cheerleader was Heather Gittings and she was saying hi to me. In Henderson Highschool me and Jay Auger both used to joke around about how we liked Heather Pardue, a female that sat in front of us in Mr. Hay's health class (hay is for horses is a term that I've unusually heard). Onetime Mr. Hay singled me out in front of the entire class about the essay I wrote on a litter clean up volunteering thing I did. Heather Pardue was the kind of female impressed with things like academic excellence and that day I was probably looking at Jay Auger thinking something like "who's she smiling at today, Jay?". I noticed on Facebook that Heather Pardue is now Heather Thompson and my realtor at 4809 Vista Lane, Kitty Hawk, NC is on Facebook as Heather Thompson Vandermyde. I think the fact that Vista Lane has a corrupt zoning inspector allowing the Meredith family owned properties to have litter and junk vehicles/equipment all over the place is a crazy coincidence since Heather Vandermyde called the zoning inspector herself to figure out when the junk vehicles were being removed (I felt like the scheme was written by Chester County corruption that likes replaying things). Please keep this in mind when observing red light schemes.

Thank you,
Anthony Stocker Mina

Hello Law Enforcement,

Since Southern Shores paved a stone road in the Southern Shores cemetery and neglected to prepare the town for snow or handicap beach lovers I wanted you to be aware that one day I saw a vehicle with a women that looked just like Terri Corl turning onto Dogwood Trail from Hickory Drive (near my children's bus stop). Terri and Glen Corl lived on Locksley Road in West Chester, PA 19380 about 8-10 houses away from the house I grew up in on Cotswold Lane. The Corl's were known for having dogs that were called weiner dogs, driving Mercedes cars and also driving a Delorean (the back to the future car). The Corl's had a tire swing in their back yard. I can't remember the Corl's daughter's name and think law enforcement should make sure her name isn't pronounced something like "rack-L" because the things I've witnessed in Southern Shores indicate government employees should be investigated for Pennsylvania corruption. The woman I saw that looked like Terri Corl looked exactly like Terri did when I mowed her lawn more than 20 years ago and used to hang out with friends at the pond behind her house. Onetime Tom Maranucci(Karen's husband) told me the Corl's have a bug problem in their house.

Subject: Sexual Coercion Conspiracy

Hello Law Enforcement (Mr. Hornthal, please forward this email to Police Chief Kole and Town Council),

I have some additional information evidence of sexual coercion. Please keep in mind that Pennsylvania/Chester County corruption illegally hides their crimes against me, lied in Federal Court (I caught Chester County lying and using $50,000 of tax payers money to file false sworn statements known to be false when filing them and known to be false when DA Tom Hogan initiated his DA Tom Hogan Facebook page witness intimidation and ridicule of me for exposing his corruption). So, North Carolina is going to need the FBI to help prosecute the continuing pattern of corruption that has followed me from Pennsylvania.

Some facts that I believe are relevant are:

-I filed a private criminal complaint against the Chester County Daily Local News for claiming to their customers to be selling a "complete news package on multiple platforms" but in reality the Chester County Daily Local News was refusing to publish paid advertisements that had facts about Chester County government corruption (information I had documented in court transcripts, Orders and emails from Chester County's email system.) The Chester County District Attorney refuses to decide my Private Criminal Complaint pursuant to the Pennsylvania Rules of Procedure. I once advertised "We The People LLC" in the Chester County Daily Local News selling clothing. Despite the front page advertising supposedly reaching thousands and thousands of customers, "We The People LLC" only received one order for clothing from someone named "Chris Fagerly". I'll let law enforcement figure out if there is a name coded sexual conspiracy consistent with what I have been telling law enforcement. I've been telling law enforcement how corruption and lie injectors use music to make schemes and when I was involuntary committed to the Horsham Clinic about 21 years ago for things like "paranoia of corrupt cops" that supposedly didn't exist I was given an assignment where you needed to draw a door (like a greeting card) and when you opened the door show something inside the "door". I drew a picture of a guy with dreadlocks fishing as he was leaning on a barrell that said "coconut # 1" and the guy caught another guy with a stamp collection. The guy with the dreadlocks said "What the blood clot". I drew the picture because I once found a stamp collection at 47 Carol Lane and brought the collection with me to a meeting with attorney Fran Miller and Fran Miller really wanted me to leave the stamp collection with him and said he'd sell the collection for me (I'm not sure if Fran Miller was hoping to find a way to get me in trouble with the stamp collection). I'll let law enforcement figure out if people like Mike Meredith and Brian Lloyd fit into the song as "faggot soundmen" or if Cliff Ogburn fits into the song.

-I wanted law enforcement to be aware that when I was a juvenile in the Delaware County Detention Center I developed a rash on and around my penis that the doctor at the detention center called "moluscum". The rash disappeared and I don't have moluscum. I believe someone at the detention center did something to my underwear or penis when I was sleeping so they could talk about my penis "contracting moluscum" as "bar code" (my penis did not itch at all, like poison ivy would). Jack Whelan's Delaware County District Attorney's Office concluded (I filed a private criminal complaint) that the reason the Delaware County Juvenile Detention Center won't give me a copy of my juvenile records is because they are in Chester County government's possession. Chester County's government refused to provide me a copy of my juvenile records that included my records from the Delaware County Juvenile Detention Center. I filed a Federal Law suit against Chester County in 2013 and Judge Mitchell Goldberg sent U.S. Marshalls to my house to ask me questions about my case (without the defendants being at my house). I told the U.S. Marshall's about my penis and asked them if they wanted to see my penis (to prove I don't have moluscum) and they did not want to see my penis. I filed a private criminal complaint against Federal Judge Mitchell Goldberg with the Philadelphia District Attorney's Office for refusing to report mandated suspected sex abuse (I believe I am providing the exact information right now, the private criminal complaint is in storage right now). The Philadelphia District Attorneys Office had a women named something like "Schanda L Hassel" (I believe that is her exact name) communicating with me. Schanda's communication started with a phonecall where she began laughing and calling me "Mr. Weina" (like she was talking about a penis like little kids talk). Schanda L. Hassell's name has some coded meanings law enforcement should investigate. A hassell is something that is difficult or bothersome when talking to someone like Gary Cleveland (U.S. Marshall's hassell me at the Philadelphia Federal Court). The conspiracy uses "sh" code (Jen Franz's family had a picture taken of them in front of a Roy Woods billboard in New

York City where Roy Woods was giving a "sh" signal. I believe Jen posted the picture on Facebook and her family had coffee cups made with their pictures. I'll let law enforcement figure out whether Jen Franz communicates using a "sh" code or just has people coercing her and using codes with her that she does not know the meaning of). L means lesbian in their code and since Andy Ward is part of the conspiracy in Southern Shores against me, please note that Andy's name is in the name "Schanda". (Now Andy Ward's corruption is tied to moluscum penis corruption being hidden by Pennsylvania corruption). Schanda L. Hassell dismissed my complaint against Judge Goldberg and Pennsylvania corruption would do something like design a fake scheme with Andy Ward to pretend my criminal complaint against Judge Goldberg was part of an agreement for a scheme with Andy Ward, which it was not.

-I wanted law enforcement to be aware that ECU health assigned Dr. Eadie to be my primary doctor. Prior to moving to North Carolina when Marie Gordon was my realtor I coincidentally noticed "gordon eadie" landscaping trucks driving near me. Dr. Eadie used to wear a U.S. Army lanyard because her son is "in the army". Dr. Eadie was replaced with Dr. Tom Ferguson. If I was law enforcement I'd investigate why Dr. Tom Ferguson was assigned to replace Dr. Eadie. Tom Barrett and Jay Ferguson (my old 47 Carol Lane roommates) both went to the Chester County Hospital with health problems somewhere around age 32 and they both died. Dr. Tom Ferguson replaced Dr. Eadie when William Meredith ("Banks") was my Vista Lane neighbor. Yuri Spangler ("Banks") also went into the Chester County hospital in his 30's and died. The Chester County Hospital sent me an email from Collee Leyden and Colleen was my Vista Lane neighbor and her kids names are William and Wiley, like the Chester County Hospital Board member, William Wiley. It is my position that corruption, including healthcare workers use intimidation tactics to remind me corruption can frame and/or kill anyone in the United States, including JFK. In the Outer Banks, NC I feel Chester County corruption along with Chester County Hospital corruption trying to intimidate me.

-In the Outer Banks, NC they appear to be playing games with red and green lights. I wanted law enforcement to be aware that the red/green light meanings I observed started with my neighbor at 100 Bridge Street, Malvern, PA 19355, Peter Delaurer having a red light on his bathroom window sill every night. One night he changed to a green bulb and when I observed the lights being changed from green to red I also observed information that said "red means go". My neighbor's on Bridge Street, Tom Teti and Peter Delaurer both work at People's Light and Theatre, where the old owner of 100 Bridge Street worked and DA Tom Hogan worked. As you can see from Peter Delaurer's communication to me when I'm living in the Outer Banks, Peter Delaurer communicates so people can assume I still own 100 Bridge Street, which I do not (Chris Joiner and Julie Avertine bought 100 Bridge Street on September 19, 2022). Peter Delaurer's girlfriend's name is Lesley. The conspiracy tries to teach me codes so I do things they want me to do so they can pretend I am working with them, when I am not (I tell them repeatedly to keep me out of their lies). When Joe Jackson, the old Peirce Middle School Principal referenced in the bottom of this email was talking to me at the Exton, PA Aldi store he told me he works at Devereau ("I work at Devereau"). After I talked to Joe Jackson I observed Tom Devereau (Molly's brother I went to school with) walking on route 100. Another significant thing about me talking to Joe Jackson at the Aldi store is when I lived at 47 Carol Lane I believed people were telling me something about my social security number being used in some type of code. I also was led to believe that "a belt" is code for mind control. The Exton Aldi store is where I realized Sunbelt rentals has the last 4 digits of my social security number in their phone number (9328) because they had a piece of equipment at their store.

I'll let law enforcement figure out whose mind controlling me to pretend I am working with cops I am not working with.

Please make sure Wes Haskett and Southern Shores Planning Board/Board of Adjustments is prosecuted with their connection to Pennsylvania corruption I have made. Their public witness intimidation and ridicule of me after I proved they never notified 75 E Dogwood Trail as required to effectuate a zoning change on the property violates witness intimidation laws is on the Southern Shores website and the Southern Shores Beacon. Wes Haskett hid his March 31, 2023 lot width amendment (he uses to prevent my lot subdivision) from me for the entire month of May 2023 as Linda Lauby, negotiated an additional $75,000 from me for a subdividable lot. Wes Haskett also refuses to order Dare County to reduce property taxes on all properties he rezoned from subdividable, by right of property owner, to unsubsubdividable. So Wes Haskett is guilty of many crimes from theft/fraud to tax fraud on many southern shores property owners. The documents proving Wes Haskett and the Planning Board's corruption are online at www.savesouthernshores.com

Thank you,
Anthony Stocker Mina

PS Please note that today is the 3rd day in a row that my children have off from school because of 4-5 inches of snowfall. Southern Shores does not own a $5000 snowplow for one of their trucks and waits for the snow to melt on the roads (you know how other towns fine owners for not shoveling their walkways and insurance companies consider businesses to be negligent for not plowing, here in Southern Shores I've got the town attacking me and after years of snow plowing I see another reason I was planted in a town with an obnoxiously corrupt, incompetent government-they also don't have handicap ramps to their beaches because they were busy having a stone driveway in the cemetery paved

with concrete, possibly because R.L. Musick is the name of a concrete contractor they needed to communicate and talk about things like acid washing (Corruption thinks making an ass out of me corrects their wrong-doing).

Hello Law Enforcement,

I wanted you to have a copy of this email Jessica Boyle sent me when she was advising me how to make improvements to 100 Bridge Street, Malvern, PA 19355.

I have a problem with what I call "lie injectors". Meaning if someone intruding heard me ask my Uncle Gene when he was at my grandparent's house if he was driving the Bentley, someone with the name Bentley might all of a sudden be pawned to appear to be doing something he is not doing with me (I have "time" tattooed on my side and Brad Bentley sells time shares). I'm just using Brad Bentley as an example because sometimes things happen and I feel like "this is too good to be true" and meeting Brad Bentley at my kids bus stop and finding out he is exactly the kind of person I want to start a business relationship with in the Outer Banks is '"too good to be true" to someone who constantly has things (and loved ones) taken from him because of corruption.

Lie injectors would use Jessica Boyle's communication to pretend she was talking about an anal (I live in Dick White's old house).

When I moved to Vista Lane in Kitty Hawk, NC "Artemus", on Vista Lane was one of the first people I met. Artmemus stopped Jen Franz when she was walking towards the beach and I was about 50' behind her catching up with her. I saw Artemus talking to Jen Franz with an Iphone in his hand so if he was recording he was recording Jen Franz (and me) talking. Artmeus stopped Jen Franz in front of William Meredith's mailbox where a surveillance camera on the corner house (Beech Drive and Vista Lane) can also see. Artemus also was talking about his dog, Oliver. Corruption uses things

Jen Franz's watches on tv in their schemes and Oliver is a gay law student in Annalise's class in "Getting Away With Murder". Donna Franz also has a dog named Oliver.

My realtor in Pennsylvania, Marie Gordon told me to have gas lines installed on 100 Bridge Street before the house was sold and one of the workers installing the gas lines had a "Porn and Biscuits" hat on (Porn and Biscuits is an Outer Banks's store, not a Pennsylvania store).

Jen Franz sometimes talks like she is a mind controlled robot that has no idea of some of the meanings from the things she is saying. When Jen Franz worked at Chesterbrook Academy in West Chester, PA (on Ward avenue) one day she was walking around talking with a British accent saying "Do you want me to butter your biscuits?" and what she was saying became a joke and Jen would also say "Do you want me to butter your biscuits" to me. I don't believe Jen Franz's conscious mind has any idea that some people will believe she is talking about butts and bi-skits, like she is a porn actor or sex worker.

Since I don't do anything illegal corruption would be trying to frame me and Jen Franz like we are somehow using our sex lives for something sex can't be used for, like prostitution. Me and Jen Franz don't buy and sell our homes for any reason that has to do with sex but I'll let law enforcement figure out if other people are involved with a sexual coercion conspiracy stalking me and Jen Franz.

Hi Tony,
I like the two subway tile options circled below from the screenshots you provided (one is more classic and the other has a little artisanal feel)- both will look nice with white grout:

Hello Law Enforcement,

Please find the attached picture of coconut oil Jen Franz bought. Jen Franz bought the coconut oil because her gynecologist told her to have sex with coconut oil (Jen Franz complains to her gynecologist about yeast infections). I told the fbi about this gynecologist before and if I am remembering correctly her name is dr Dianne Hotmer (Demicheal). Jen Franz's mom used to work in the same building as Jen Franz's gynecologist.

Jen Franz bought the coconut oil and then read online that coconut oil causes yeast infections, the complete opposite of what Jen Franz was trying to avoid.

I wanted law enforcement to be aware of this because I believe saying "have sex with coconut oil" is what many people would assume to mean "have anal sex". I also wanted law enforcement to be aware of this because Spectrum manufactures the coconut oil. Me and Jen use spectrum internet service and if spectrum was used to record/monitor me and Jen Franz the code would tie the scheme to Dianne Hotmer. I'm not sure if spectrum has a Josh working there, but since Josh McDonough is a name I mentioned possibly being coded to mean Josh Mike Donna, maybe law enforcement should investigate a scheme trying to record me and Jen Franz's sex life in North Carolina. In Pennsylvania we used Verizon and comcast internet (I don't think spectrum provided internet service in Pennsylvania).

PS onetime I was at a Philadelphia eagles game (Jeff Lurie owns the Eagles) and I believed I saw my Aunt Diane Babin on the big screen tv in the stadium.

Subject: Fw: Say Hello To Interpol

Hello Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted you to have the following information:

Rob Testerman contacted Wes Haskett from Kitty Hawk and acted like I was the problem for complaining that Kitty Hawk was refusing to enforce zoning code against an abandoned Hummer in the right of way (illegally) that was on 3 wheels and a collapsing jack stand right near where the neighborhood children play sports that often require them to get their ball from (like a soccer ball, kickball, baseball, football and basketball).

When I lived on Vista Lane Mike Meredith had a swing set on his front lawn, Mike Meredith had a buoy (pronounced "boo-e") on my property), Brian Lloyd had a truck bed liner filled with trash on his front lawn and William Meredith had 2 abandon hummers. Since I am complaining about a sexual coercion conspiracy I wanted you to be aware that "a hummer" is a male getting his penis sucked when talking to a lot of the guys I hung around in Pennsylvania. A swing set is also a thing where people share sex partners. A bed liner would have a cop/law meaning (in addition to the plastic thing that goes inside pickup truck beds). I took Mike Meredith's buoy down months after he said he would take the buoy down. Jen Franz told me that Brian Lloyd told her they were hoping they could have the buoy back because the kids have good memories swinging from the buoy. The buoy was left by me on Mike Meredith's property, behind the electric box. Brian Lloyd removed the bed liner from his front lawn after I made comments on my computer about "playful" things in the neighborhood.

Some of my neighbors on Vista Lane would coincidentally do things similar to what I was typing in my computer, like they were "mirroring me". Onetime I was discussing an offer on the table and noticed Mike Meredith had a table set up outside the house he was staying at (on the corner of Vista Lane and Beech Road) and there was a burnt book of CDs on the table. Another time I was discussing an offer on the table Brian Lloyd had a table outside his house with a cornhole game (cornhole is a slang word for ass hole in a sexual way).

I just wanted to make sure law enforcement was aware that it appeared to me that my Vista Lane neighbors (the neighbors Kitty Hawk corruption is conspiring with) were also involved with things that appeared to have a sexual meaning.

Subject: Say Hello To Interpol

Hello Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted to make sure law enforcement was aware of these facts so they understand what Pennsylvania corruption is doing in North Carolina as people like Wes Haskett and Jasper Rogers intentionally cause me and my family financial and emotional damages (there are many random facts that are unorganized and scattered because I am in the middle of getting $75,000 stolen from me because of Wes Haskett's fraud, which is more consistent with a sexual coercion conspiracy than town code...so I don't have time to organize information for law enforcement when I need to work and sell my house before Wes Haskett causes me more financial problems):

When I was 16 years old I was assaulted by law enforcement in Chester County, PA (the cops names I believed were most responsible were Pam and Steve...now Steve and Pam Diehl, pronounced "Deal" live in Southern Shores and were originally from somewhere in Pennsylvania-I can't remember the town). The police took me to the Chester County Hospital emergency room and then to the Delaware County Juvenile Detention Center where I was held until after my injuries healed (I had cuts and bruises all over my face). At the time I was taken to the detention center I already had an arrest for possession of PCP. PCP has a streetname called "sherm(s)". Casey Loftus's nickname is "sherm". Corruption uses names to communicate, including double codes. Casey Johnson is someone that coincidentally would be held in the detention center when I was there and was scheduled on March 19, 2008 in the Chester County Probation Department when I was taken there by Dawson Muth.

It is my position that corruption coerces me into things that are the equivalent to "suicide missions" and situations that are intended to cause me so much suffering, including physical pain that my PCP addiction I had at 16 years old would be

triggered. The name Casey would be used to communicate schemes to drive me into a crazy PCP addiction (I grew up with Yuri Spangler, who died after an altercation with police when high on PCP and John Crabb who did things high on PCP like took his clothes off, stood on top of a police car and screamed "fuck the police". Yuri Spangler told me his dad "skip" was a research chemist and tested PCP on lab rats. I believe Yuri Spangler's dad, Taylor ("skip") drove a car with a license plate that had "Casey" abbreviated and so did my fiance's mom, Donna Franz ("Gigi") (I believe state license plates are sometimes coded). I stopped resorting to PCP as a way to cope with pain 21 years ago. After I saw Casey Johnson in 2008 everything in my life went wrong from work, to child custody to my home being vandalized and the landlord refusing to fix the problems. Instead of using PCP in 2008 I did something I never did before...I also quit drinking alcohol so I could focus on destroying corruption preying on me and my family.

The Delaware County Juvenile Detention Center hired Suzanne McDonough to represent them when I sued them. "Mick" is a name for Mike because of Mike Palloni and Donough is pronounced "Donna". (You might want to investigate people named Mike and Donna working together). Donna Franz and Kim DiTrolio took Jen Franz to Paris, France. Jen Franz came back to the United States and needed to be hospitalized for a few days because of "food poisoning". Jen Franz gets handed clipboards from healthcare workers and I have witnessed her not reading a single word and signing them. Jen Franz would not even know if she consented to having chips, cochlear implants and all other kinds of crazy medical procedures spies get. Paris Webb is an employee at the Delaware County Detention Center that Jen Franz could have been coerced to sound like she was talking about. Donna Franz's boyfriend Tom McLean worked at the Delaware County Juvenile Detention Center. Josh McDonough is someone I went to highschool with. The last times I saw Josh McDonough was at the Exton Square Mall Food Court and Wholesale Service Incorporated (he was driving a fork lift) as I was purchasing lumber for my 100 Bridge Street rooftop deck.

I believe Pennsylvania corruption is trying to clean their "casey" code and give their code a new meaning which involves Laura Polini. Jen Franz was assigned Laura Casey to be her gynecologist here in the Outer Banks. Kasey Rabar (pronounced Ray-bar) was the Ratcliff and Nelson's buyers agent when buying 4809 Vista Lane. The Kitty Hawk Home Depot has an employee named Ray that often works in the garden center. Ray looks like Jen Franz's dad, Chris. Casey Varnell obviously is an incompetent corrupt attorney representing Kitty Hawk (probably because his name). Mike Casey was Linda Lauby's attorney who works with Nancy Dawson.

When I talk about doctors/healthcare workers please keep in mind that you talk about "co-pays" with healthcare workers. Me and Jen Franz had Coe Insurance (home owners insurance) on 100 Bridge Street and they paid about $50,000 for a water leak that I believe was probably vandalism designed to coerce me and jen franz to sound like we were talking about something we were not.

Please also keep in mind that I was unable to get a survey for 75 E Dogwood Trail done properly for a reasonable price other than Douglas Styons (I couldn't connect on the phone with most surveyors). When I was brought to the Chester County probation department on March 19, 2008 my old neighbor at 283 Cotswold Lane, West Chester, PA 19380-Douglas Smith was in there and spoke with me.

When I talk about me not getting healthcare I needed when in excruciating pain, including me not being provided any prescription pain medicine in 2002-2003 when suffering from 2 herniated discs, 5 bulging discs and a fractured disc in my back please keep in mind that I didn't get my first inflammatory medication provided to me until after about 7 years of suffering from back injuries and being told to ask doctors for Mobic/Meloxicam (I'm not sure if the medications have a coded meaning).

I also wanted you to be aware that RJ used to work at the Bootroad/Pottstown Pike Mobil when I was a teenager. RJ has a cousin named Steve Chytla that had a girlfriend named Anna Musser. (I'm not sure if the Mobil also had an employee named Steve). I am sure Angela DiRocco got charged with DUI for hitting a curb when leaving the Mobil parking lot. I was in the car with Angela when she drove her camaro over a curb because she just picked me up from the Indian King neighborhood down the street. Angela DiRocco and Eric Frindt once painted pool balls on a hardwood floor in Angela DiRocco's parent's indoor pool/basement. Alaina DiRocco married a Kuhn and I once saw an image of Alaina's dad, Richard standing at the bottom of the Kuhn's driveway asking how I figured this out apparently referring to the word pronounced "Raccoon". Eric Lindros is a name that could have a coded meaning about doctors and lesbians. James Billotta drove the Zamboni for the Philadelphia Flyers and when I was exposing corruption to all the guests of the "State of Chester County Meeting" James Billotta asked me to move my sign farther from the country club entrance. For some reason I asked James Billotta if he was still driving the Zamboni.

I was led to believe that females I was friends with or dated, especially Jen Franz are being illegally trafficked by people including their own family. I am not accusing people, I'll let law enforcement figure out what is going on. I know one thing for sure, people tell me things trying to discredit me as crazy, cause me to falsely accuse people of things and

many other malicious reasons. More than 20 years ago I discretely received information about the way people talk about females my age that they don't recognize and I tested Jen Franz and told her a story about a copper recycling place that was supposed to turn the blowers on but didn't and the worker was complaining. I don't believe Jen Franz recognized any sexual meaning (there wasn't sexual meanings in what I said) but coincidentally started sucking my penis on a regular basis, like she is a mind controlled robot. Another time I was working at Mark Brancato's house and texted Jen Franz something that had a discrete meaning that Jen Franz doesn't recognize and she responded exactly the way I was expecting a response from a mind controlled sex spy (Jen was using the word "entail" and I was told "tail" is a word used to talk about female's vaginas). Jen Franz never performed a sex act on me consistent with the communication.

Jen Franz got pregnant in 2008 as she was on the same birth control she had been on for years. If Jen Franz is as bad of a trafficking victim as I was led to believe she was a miracle worker would have implanted an egg in Jen Franz without her knowing so she got pregnant by me and probably had the best chance she'd get to escape coercive human traffickers pretending she is working with schemes she is really not working with. There was information in the gynechologist's office waiting room I went to once with Jen Franz indicating to me that the secret information being provided to me was true and Jen Franz is a trafficking victim without knowledge she is being trafficked (illegally).

I'm not sure if my ex-girlfriend Christina DiRocco is a victim of illegal trafficking, I just know our favorite restaurant to go to together (just the two of us) was Red Lobster. I now live in Linda Lauby's old house and people wonder why I am here.

Jeff is another reason I may be here. When I was 16 years old me and my friends called our group "Sessions". Jeff Sessions was once the Attorney General. The state of Pennsylvania got law enforcement in way too much trouble for law enforcement to be able to admit how corrupt law enforcement is (my police and medical records don't add up to anything but a government conspiracy to kill me and they think they can hide behind "State Secrets Privileges"). Jeff Cruden's name has a meaning in Pennsylvania corruption that involves spying with Dennis's daughter, Laura Polini. Jeff Bole (pronounced "Bowl") is a landscaping customer I had in West Chester, PA. I have never once communicated about a "Jeff Bowl". In 2004 Jeff Bole hired me to mulch his property (a spring clean-up) and cut a tree down. Mulch is ground up wood and the tree that I agreed to cut down was on the right side of Jeff's house, had roots and grew towards the sun. I accepted the landscaping job and then was involuntarily committed to the Horsham Clinic (pronounced whore-sham clinic) until Jen Franz picked me up there (They made me watch "Pay It Forward" and "Men of Honor" at the Horsham Clinic as people discretely continued to try and get me to help law enforcement). I've never once communicated about anything called a "whore-sham" clinic. I once went to the Chester County Hospital to visit someone and Jeff Bole was there pushing a stretcher (stretch is the name for Todd because of Todd Tryon). One day here in the Outer Banks I had to take one of my kids to the Surf Pediatrics Office where Todd Feltz works and Heather from the Holly Trail bus stop (Joe's wife) was there with her son Drew. I also once saw Joanne Hennelly (jeff bole's neighbor) working at the Chester County hospital reception desk (They both lived in Charter Chase).

Names like Neal or Niel have a meaning to me that involves a scheme getting me on my knee asking a lesbian to marry me. Corruption is trying to get me involved with sex scandals to smear my name since I don't break the law.

The Southern Shores Boat Club Parade of Lights Best In Show Awards all are names I associate with corruption and sex related schemes. The 2018 winner "Christopher Norah" is the name of Chris Franz and his ex-wife, Nora. There is a female that works at Kitty Hawk Elementary School that looks like Nora. I was told Nora said Chris likes watching another guy have sex with her. When Jen Franz won the Citadel Heart of Learning Award at Starkweather Elementary School (Jeff was a speaker) Jen's family arranged to drive us to the award ceremony where we got to drink free alcohol and dropped us off at our home where Chris Franz and Ana Gonzales where there because they were watching our kids (Jeff Ulmer hired Jen Franz at West Chester Area School District). Chris obviously wanted to be asked to spend the night at our house as he was talking about the couches being comfortable. One of the reasons Interpol is investigating the corruption I complain about is because of the name coded corruption relating to Ana Gonzales. Schemes are used from television shows Jen Franz watches and Omar is a gay gangster in one of the shows Jen Franz watched. Onetime I was at the Spare Rib Bar in West Chester, PA and Omar Gonzales was there talking very strangely and seemed planted to me. The most unusual time I had at the Spare Rib in West Chester, PA is a night I went there with Nicole Herbst and her friend Matt Kelly, who talks like a stereotypical gay guy (Nicole's college friend at artschool she always talked about was a gay guy named Omar). If Ana Gonzales was planted on the website Chris and Mary Franz found her on because of her sexuality corruption has even more problems. The strangest things have been typed in my computers and one thing talks about law enforcement's obsession with trying to give me a "gangster" reputation when I don't even break the law. The communication said something like if I'm the gangster the police try to make me out as I also must be gay because I am going to be one of the biggest gangsters in history, known as Tonecapone, the gay gangster. So, corruption would definitely be trying to find a female to plant in my world that would be wanting me in bed with another guy. Ever since Rosie Perez was in "White Men Can't Jump" I've joked around about wanting some type of

woman with an "all year tan" and once told Jesse Cleveland I was going to order myself a columbian mail order bride when joking around once. Ana Gonzales looks just like the kind of female I would joke around about wanting.

I'll let law enforcement figure out if corruption is so desperate to sex scandal me they've got people in another country working with them. The name code is right on for Ana Gonzales to be targeted for the corruption preying on me.

PS One of the other Boat Club Parade winners was called "Covid" Pandemic. I think it is funny that Jay-Z was selling T-shirts with Abe Lincoln wearing a bandana before Covid happened. Jay-Z is the entertainer that sings "Tom Ford" and "99 problems" and when I was at the Made in America Concert something happened to my tooth requiring me to get a crown. Unfortunately, people playing with Eminem's "Not Afraid" song are stuck and when I see the "Dental Van" street sign at First Flight Middle School I feel like someone is trying to read my brain and get more information about my teeth issues...

Subject: Dare County Shake Down Scheme

Dear Law Enforcement (please provide this email to Chief Kole, Mr. Hornthal),

I wanted you to be aware that yesterday I was thinking about how Jeff Jackson's name has a meaning to me to use someone named Jeff in a shakedown scheme. Today I saw an advertisement on my computer from Aldi food store that said something like "get digging". Aldi Food Store in Exton, PA is where Joe Jackson, the principal of Peirce Middle School shook my hand way longer than anyone has ever shook my hand before (people watching would get meanings including "shakedown"). Joe Jackson worked at Peirce Middle School when Ms. Noel was my spanish teacher, Ms. Cass was my social studies teacher and the Phantom was the janitor (West Chester Area School District names are consistent with the conspiracy I complain about). Joe Jackson's wife, Elaine worked at Lamb, McErlane Law Firm, where DA Tom Hogan worked and they represented Chester County in Federal Court.

I'll tell you more about the corruption later, including possible meanings for the name Matt Neal and Rob Neilson (Southern Shores Town Council Members), I just wanted to give you some police work you could do on Martin Luther King Day since my computer advertisent coincidentally said "get digging".

I see Jeff Jackson is a 42 year old Attorney General in North Carolina. I have evidence supporting a theory that Jeff Jackson's name may be linked to Pennsylvania corruption schemes using name coded pawns.
