Guidelines for Public Comment

Public Comment ensures an opportunity for citizens to meaningfully participate in the decisions of its elected officials. It is one of several ways your voice is heard by your local government. During public comment we ask that all participants respect the right of others to make their comment uninterrupted. The council's goal is to receive as much comment as time reasonably allows. All public comment should be directed to the chair (Mayor or designee). Comment made to the audience or individual council members may be ruled out of order. Public comment must remain on topic, and free from abusive language or unsupported allegations.

During any council meeting you have two opportunities to comment:

1. During the public comment period near the beginning of a meeting.
2. Before any decision-making vote of the council on an agenda item.

Comment made outside of these times may not be allowed.

Citizens wishing to speak during the official public comment period should come forward to the podium and state their name and address for the record. Comment during this time maybe time limited, as determined by the chair, to allow as many people as possible to comment. Citizens wishing to comment on a motion for decision before any vote can come forward or stand in place as they wish. Comment must remain on the motion before the council.

New business

Motion to approve MDT Grant for new tractor and mower approved and passed. Brian has it scheduled for council. Melissa will assist. Storage of tractor was not discussed but it will be in the SRE building same as all airport machinery.

Viewing area was approved Subject to:

- A. USFS LUA needs
- B. Proper signage approval by Brian
- C. Permanent windsock located as per Brian's specs.
- D. Missoula Skydive insurance approval as outlined by Brad which will be sent to Brian and Craig.
- E. Measurements of area will be sent to Rich.

Motion by Jim Johnson and second by Rich Perry to recommend Hollow Contractin inc. be awarded the taxilane rehabilitation project. Approved by all board members. Tyler and Brian explained the bids. Hollow was below engineers est. And Knife Rvier was

90k+ higher about 28% more. Brian has this scheduled on the next council meeting and will be assisted by Melissa.

Discussed Avgas fuel discount. 40 minutes of discussion. Great interaction from all. Brian working with Gina had an excellent handle on all aspects of Financials. Brian explained costs of fuel and expenses to the penny. Brian will see how the new system functions as we would like to reduce the credit card expense for volume users of 2.44 percent. Tabled until next meeting scheduled for April.

Also pointed out that there will be private tanks used to reduce taxiway use and plane startups to provide better service and reduce congestion.

Brian scheduled airport cleanup day for 25 April with an alternate 2 May.

The next meeting in April will begin work on a 32S standards doc.

Brian's manager report. Need to refresh fuel last Ave price was 4.56/gal. New quote is 5.49/gal!!! Brian was able to get the motherboard for the papi to 456 from 2000. Great job Brian!!

Bright lite brought to the attention to all if a problem it will be reviewed next meeting.
