 - August 18 - City Council Meeting - 6:00 pm
 - August 20 - Planning Commission Meeting - Cancelled
 - August 21 - Cone with a Cop - 4:00 pm
- 14. ADJOURNMENT**

CITY OF ST. FRANCIS
CITY COUNCIL AGENDA
St. Francis City Hall 3750 Bridge Street NW
July 21, 2025
6:00 p.m.

1. CALL TO ORDER/PLEDGE OF ALLEGIANCE

The regular City Council meeting was called to order at 6:00 p.m. by Mayor Mark Vogel.

2. ROLL CALL

Members Present: Mayor Mark Vogel, Councilmembers Kevin Robinson, Sarah Udvig, Amy Faanes, and Joe Muehlbauer.

Also present: City Administrator Kate Thunstrom, Deputy Administrator-City Clerk Jenni Wida, Assistant City Attorney Dave Schaps (Barna, Guzy & Steffen), Deputy Administrator-Public Works Director Paul Carpenter, Police Chief Todd Schwieger, Fire Chief Dave Schmidt, Finance Director Darcy Mulvihill

3. APPROVAL OF AGENDA

MOTION BY: MUEHLBAUER SECOND: FAANES APPROVING THE REGULAR CITY COUNCIL AGENDA

Ayes: Faanes, Muehlbauer, Robinson, Udvig, and Mayor Vogel.

Nays: None

Motion carries: 5-0

4. CONSENT AGENDA

A. City Council Minutes - July 7, 2025

B. Police Department Policy Manual

C. Wellhouse HVAC System Replacement

D. Rivers Edge 6th Addition Initial Acceptance of Public Infrastructure Improvements

Resolution 2025-36 accepting infrastructure improvements and starting the warranty period

E. Abandoned Property

Resolution 2025-37 declaring surplus property and authorizing the disposal of said property

F. Application for Exempt Permit - Raffle

G. Application for Off-Site Gambling

H. Payment of Claims

MOTION BY: ROBINSON SECOND: UDVIG APPROVING THE REGULAR CITY COUNCIL CONSENT AGENDA

Ayes: Faanes, Muehlbauer, Robinson, Udvig, and Mayor Vogel.

Nays: None

Motion carries: 5-0

5. MEETING OPEN TO THE PUBLIC

Representative Bryan Lawrence came forward and introduced himself to the Council and shared that he will be attending the meeting this evening to hear more about what is going on in St. Francis.

6. SPECIAL BUSINESS - NONE

7. PUBLIC HEARINGS

A. Capital Improvement Plan 2026-2030

Finance Manager Mulvihill reviewed the Staff report in regard to the 2026 to 2030 Capital Improvement Plan.

Mayor Vogel opened the Public Hearing at 6:05 p.m.

Tina Carrol, 23045 Ambassador Boulevard, came forward and asked if they would be voting on the new levies this fall. Mulvihill explained that these levies have already been in place; they are just going up to fund other improvements.

Mayor Vogel closed the Public Hearing at 6:06 p.m.

Faanes asked if they would be voting on this tonight. Mulvihill said it is typically voted on right after the Public Hearing, but it would be up to the Council if they decide to vote this evening. She said it has to be approved by August 15.

Muehlbauer noted that the Capital Improvement Plan can be viewed by residents on the City's website in the agenda packet for this evening.

MOTION BY: UDVIG SECOND: MAYOR VOGEL TO APPROVE THE 2026-2030 CAPITAL IMPROVEMENT PLAN.

Ayes: Faanes, Muehlbauer, Robinson, Udvig, and Mayor Vogel.

Nays: None

Motion carries: 5-0

8. OLD BUSINESS

A. Zoning Code Amendment – Accessory Structure Size – Second Reading

Ordinance 347 modifying section 10-68-04 accessory structure in the city code

Resolution 2025-34 authorizing the summary publication of ordinance 347

Mayor Vogel reviewed the Staff report concerning the second reading of the zoning code amendment request for accessory structure size.

MOTION BY: ROBINSON SECOND: MAYOR VOGEL TO ADOPT ORDINANCE 347 MODIFYING SECTION 10-68-04 ACCESSORY STRUCTURE IN THE CITY

CODE.

A roll call vote was performed:

Mayor Vogel	aye
Councilmember Muehlbauer	aye
Councilmember Robinson	aye
Councilmember Faanes	aye
Councilmember Udvig	aye

Motion carried: 5-0

MOTION BY: ROBINSON SECOND: UDVIG TO ADOPT RESOLUTION 2025-34 AUTHORIZING THE SUMMARY OF PUBLICATION OF ORDINANCE 347.

Ayes: Faanes, Muehlbauer, Robinson, Udvig, and Mayor Vogel.

Nays: None

Motion carries: 5-0

B. Stormwater Pollution Prevention Plan for Large Sites Code Amendment-Second Reading

Ordinance 348 amending the zoning code to modify the off-site treatments from structural BMP standards for the stormwater pollution prevention plan for large sites.

Resolution 2025-35 authorizing summary publication of Ordinance 348

Mayor Vogel reviewed the Staff report in regard to the second reading of the stormwater pollution prevention plan amendment.

MOTION BY: MUEHLBAUER SECOND: UDVIG TO ADOPT ORDINANCE 348 AMENDING THE ZONING CODE TO MODIFY THE OFF-SITE TREATMENTS FROM STRUCTURAL BMP STANDARDS FOR THE STORMWATER POLLUTION PREVENTION PLAN FOR LARGE SITES.

A roll call vote was performed:

Mayor Vogel	aye
Councilmember Muehlbauer	aye
Councilmember Robinson	aye
Councilmember Faanes	aye
Councilmember Udvig	aye

Motion carried: 5-0

MOTION BY: MUEHLBAUER SECOND: FAANES TO ADOPT RESOLUTION 2025-35 AUTHORIZING THE SUMMARY OF PUBLICATION OF ORDINANCE 348.

Ayes: Faanes, Muehlbauer, Robinson, Udvig, and Mayor Vogel.

Nays: None

Motion carries: 5-0

9. **NEW BUSINESS**

A. Code Enforcement Extension Request

City Administrator Thunstrom reviewed the Staff report concerning a code enforcement extension for 2127 243rd Avenue NW for an additional 30 days.

Robinson asked if these property owners had already been issued an extension. Thunstrom said this is the second extension request; however, the property owners have been working closely with Staff for the whole time. She added that they have been doing inspections throughout the process as well.

Robinson asked if the September 15 date is reasonable and attainable to get the work done. Thunstrom said it is a reasonable timeframe. She noted that it would allow time for the City to move towards an abatement during wintertime if they needed to do so.

Paul Cook, the property owner, said they will likely need into October to get everything cleaned up as they have a tenant on the property that will not be out until the end of September. He said they have gotten rid of a lot of things so far, but they still have cars, boats, trailers, and other large items on the property.

Robinson asked what actions the Council should take if the property owner is telling them that they will not have the property cleaned up by the extension date of September 15. City Attorney Schaps explained that the Council has discretion, and if they would like to give the property owner a longer extension, they can do so.

Mayor Vogel shared that he appreciates the progress the property owner has made to clean up the property; however, he does not want to continue to extend the time Staff is taking to work on this. He said he would be comfortable with an extension to November 1, but he would not want to grant any further extensions after this point.

Robinson asked if they would be able to get everything done by November 1. Mr. Cook said the tenant should be out at the end of September, and this would give them a whole month to keep up the rest of the items on the property.

Robinson asked if Mr. Cook has the ability and legal right to remove these items if the tenant does not. Schaps said this would be a private issue between the property owner and the tenant.

Muehlbauer thanked the property owner for how he has been working with the Staff through this process. He agreed with the extension date of November 1.

MOTION BY: MUEHLBAUER SECOND: ROBINSON TO APPROVE THE CODE ENFORCEMENT EXTENSION REQUEST TO NOVEMBER 1, 2025.

Ayes: Faanes, Muehlbauer, Robinson, Udvig, and Mayor Vogel.

Nays: None

Motion carries: 5-0

10. MEETING OPEN TO THE PUBLIC - NONE

11. REPORTS

A. Police Department - 2nd Quarter Report

Police Chief Schwieger reviewed the second quarter report for the Police Department. He shared that there has been a 6% increase in instances from the first quarter of the year and a 21% increase from this quarter last year. He said there were a total of 2,065 instances throughout the quarter. He noted that officers performed 785 traffic stops and issued 227 citations. He added that officers also participated in numerous Towards Zero Death events during the quarter. He noted that they were very active with training throughout the quarter, completing 148 training hours. He shared that they also participated in a number of community events, including the 5th Annual Citizens' Academy, the 9th Annual Bike Rodeo, and their dog clinic in May. He said they have a number of other events still coming up throughout the year.

Robinson noted he has not been seeing the Friday Police Department updates on Facebook lately. Schwieger explained that he normally takes some of the information from the off-week memos and puts them out on Facebook; however, he has been gone on vacation for a few days lately and was unable to put these out. He said he will be sharing a post this Friday on Facebook.

Robinson asked about the increase in instances from the last quarter and this time last year. Schwieger noted that the increase from last quarter is likely due to more instances occurring in the spring and summer months. He said he is not sure if there are any factors behind the 21% increase from this time last year.

Udvig shared that she loves to see the officers out engaging with the public.

Mayor Vogel noted that St. Francis is building something good with the addition of the K-9 program. He said he does not want other cities to heavily rely on the City for mutual aid and would like to have transparency into how many mutual aid calls they are getting throughout the year by program. Schwieger said they can track this in a similar way to how they track their UAV deployments.

Muehlbauer asked if they should also be tracking how much mutual aid they are receiving from other cities as well. Mayor Vogel said yes.

Schwieger noted that they would likely be supplying mutual aid to the Sheriff's Office.

The Council thanked Schwieger and his Staff for their work.

B. Fire Department Monthly Report - June

Fire Chief Schmidt reviewed the report for the Fire Department for the month of June. He shared there were 85 calls for service, with an average en route time of four minutes and 56 seconds, and at scene time of nine minutes and 10 seconds. He noted they are projecting a volume increase for the year of 13.28%. He reviewed the times of day and days of the week when all calls came in, with the 3:00 p.m. hour being the busiest hour of the day and Tuesdays being the busiest day of the week. He shared that Mondays were the day of the week when they had the most firefighters responding per call. He noted there were 32 fire events and 53 EMS events, with the average time on scene of 23 minutes and 29 seconds, which was a significant decrease over the previous month. He said there was \$500 worth of property loss for the month. He shared that they provided mutual aid four times, two to Nowthen and once to East Bethel, and received no mutual aid.

Mayor Vogel asked if they have a way to track the number of firefighters and hours spent when they respond to mutual aid calls. Schmidt said yes and explained that they have to pull these calls out individually and run a report on them. He stated he can report on this data every quarter.

Robinson noted that the Fire Department did a joint training with Oak Grove for structure fire practice. Schmidt added that they are also doing another joint training with Oak Grove for steep banks along the river.

12. COUNCIL MEMBER REPORTS

The Council shared the meetings and events they attended in the past few weeks, as well as highlighting upcoming events.

Faanes shared that she attended the EDA meeting last week, and they had a great discussion around TIF and other ideas for the property behind Subway.

Muehlbauer shared that he has been working with Water and Sewer Supervisor Barten in regard to his water softener and the salt it sends to the water treatment plant. He said he hopes the information and direction this provides to residents will be well received. He noted that if they do not reduce the amount of salt going to the water treatment plant, the other solutions could be very costly.

Mayor Vogel shared that he sat in on the Chamber of Commerce meeting, and it was filled with great ideas and brainstorming around Pioneer Days and other events throughout the City. He noted that they are hoping to have the JPA written between St. Francis and Bethel Fire at their next meeting. He agreed with Faanes that great discussions were had at the EDA meeting; however, he is still not in favor of TIF for financing development. He shared his opinions as well as an article he found online about good and sustainable growth.

13. UPCOMING EVENTS

July 28 - City Council Work Session - 5:30 pm

August 04 - City Council Meeting - 6:00 pm
August 05 - National Night Out - 5:00 pm
August 13 - Stay Home Safe for Kids - 4:00 pm
August 14 - Parks Commission - 7:00 pm
August 18 - City Council Meeting - 6:00 pm
August 20 - Planning Commission Meeting

14. ADJOURNMENT

MOTION BY: MUEHLBAUER SECOND: UDVIG TO ADJOURN THE MEETING.

Ayes: Faanes, Muehlbauer, Robinson, Udvig, and Mayor Vogel.

Nays: None

Motion carries: 5-0

There being no further business, Mayor Vogel adjourned the regular City Council at 6:45 p.m.

Jennifer Wida, City Clerk

CITY COUNCIL AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Paul Carpenter, Public Works Director
SUBJECT: LMC Grant Navigation Acceptance Resolution
DATE: August 4, 2025

OVERVIEW:

The League of Minnesota Cities Grant Navigator Committee has completed review of the current round of Grant Navigator applications and approved the City of St. Francis' application for \$5,000 in funds for grant services.

The grant funds will be used for services needed to complete the DNR Outdoor Recreational Grant for the Warming House/Ice Rink remodel project.

ACTION TO BE CONSIDERED:

Council to authorize the Mayor to sign the Grant Navigation Acceptance Resolution.

BUDGET IMPLICATION:

None

Attachments:

- Resolution 2025-38

RESOLUTION NO. 2025-38**A RESOLUTION ACCEPTING GRANT NAVIGATOR FUNDING**

WHEREAS, the League of Minnesota Cities (“LMC”) has created a pilot Grants Navigation Program (“Grant”) in which LMC provides grants up to \$5,000 per city to use with industry partners to ease the process of identifying matching funds to city projects and aid in the grant application projects.

WHEREAS, the City of St. Francis submitted an application for the Grant, a copy of which is attached hereto as Exhibit A (“Application”) for support in finding grant funding for Warming House/Ice rink project.

WHEREAS, the City has been notified that it has been awarded \$5,000 from the Grant (“Funding”) to find additional grant funding for the Project.

WHEREAS, the city council has determined that it is in the best interests of the City to accept the Funding and proceed with hiring a contractor to assist in finding additional grant opportunities for the Project as noted in the Application, subject to the terms and conditions of the Grant.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ST FRANCIS, MINNESOTA AS FOLLOWS:

1. The City accepts the Funding in order to seek additional grant opportunities to complete the Project consistent with the findings in the Application.
2. The City shall use the Funding to enter into an agreement with SEH (“Contractor”) to find additional grant funding for the Project in a manner consistent with the terms and conditions of the Grant and the Application.
3. SEH is hereby appointed as the City’s Authorizing Agent related to the Grant and the Project.
4. The Authorizing Agent is granted the authority to commit the City to any terms and conditions required to accept the Grant.
5. The Authorizing Agent is granted the authority and directed to execute any documents necessary to accept the Funding.
6. The Authorizing Agent shall serve as the City’s official liaison with the entity issuing the Grant.
7. The Authorizing Agent is granted the authority to direct City staff and the Contractor in matters related to accepting the Grant and finding funding for the Project.
8. If a state, federal, foundation, or nonprofit grant match is not found, or is applied to but not awarded, the City will seek feedback on why the project was not eligible and report back to the LMC with these findings consistent with the terms and conditions of the Grant.

9. If a state, federal, foundation, or nonprofit grant is awarded, a project assessment will be submitted to LMC within six months of the application's approval and then periodically until after project completion consistent with the terms and conditions of the Grant.

Passed by the City Council of St. Francis, Minnesota this 4th day of August 2025.

Mayor

Attested:

City Clerk

Project Information

Briefly describe the project *

Through a park system master planning process, the City of St. Francis identified the need for improved sports recreation amenities and options at Community Park, the City's largest programmed park facility. SEH Inc. was engaged to conduct a Park Planning Study to evaluate the existing warming house structure, hockey rink and surrounding site infrastructure. Consideration included potential new programmed multi-use flexible and year-round activities within the existing hockey rink and warming house building. Site improvements around the warming house building and hockey rink were assessed and evaluated, include pedestrian/sidewalk improvements, parking lot layout upgrades, and relevant supporting infrastructure enhancements (entrance aprons/roads, utilities, water, sewer, etc.). The study included creation of concept Fit Test layouts of a potential new building and/or modified warming house and rink to determine best-fit spacing relationships and potential site upgrades. The Fit Tests addressed long-term strategic space and footprint needs, areas for potential growth, parking, and unique amenities a new warming house building.

What is the project's estimated cost? *

\$1,060,000 for planning, design and construction

When do you expect to start and complete the project? *

Start June 1, 2026 and complete by November 1, 2026.

At what point in development is the project currently? This includes phases such as concept, feasibility study, preliminary engineering, committed project, etc. *

Park planning study is complete, with detailed design, construction and bidding documents in progress.

Are there any grants you are currently pursuing or are there grants for which you believe your project may be eligible? If so, what is the anticipated request? *

We plan to apply for a Minnesota Department of Natural Resources grant through their Outdoor Recreation Grant Program for up to 50% of the project cost. We also will continue to research and apply to other programs where the project may be eligible.

OPTIONAL QUESTION: In what ways does this project provide a positive environmental impact?

(For example: decreasing pollution, use of recycled materials, increased green space, increased non-motorized vehicle transportation options, energy efficiencies.) Because of funding from private foundations, League member cities can receive a grant award up to \$10,000 for one project that demonstrates a positive environmental impact.

Does the City Council support the project?

A city's council must pass a resolution of support for the project to be eligible for a League grant. This ensures the city is ready to move forward with the project if they are awarded a grant. Applications will not be considered until a copy of that resolution has been submitted to the League. You can find a [sample copy of a resolution](#) here.

Has the city council approved a resolution of support for the project? *

☒ **Yes**

☐ **No**

Who is working on this project?

Who are the primary city staff involved with the project? Please include names and job titles. *

Paul Carpenter, Public Works Director

Is the city working with consultants on this project? If so, who? *

Yes - SEH Inc. is currently under Contract to the City to develop detailed design refinements identified in the park planning study and to create project Construction Documents for the project.

Have you engaged with an engineer, planning agency, architect, or financial advisor to assess the overall cost of the project, funding options, and the financial impact to the city? If so, who? What stage is the financial planning in?

*

Yes, SEH has been assisting the city with providing cost estimates and is helping us to determine funding options.

Who are the consultants you expect to pay using the League grant? Only the primary grant consultants are required. This may be the same consultant as listed above. Cities should have a cost estimate from a consultant for the work to be completed to apply for Grant Navigator funding. *

With the LMC grant, SEH will also help with pursuing grants for the project.

If using a consultant, have you received a quote or cost estimate for these grant services, and how much are these services expected to cost? (This information is needed for the Review Committee to assess the total Grant Navigator award.) *

Yes, \$5,000 for assistance with 1-3 grant applications.

'Project Readiness'

Not all sections need to be marked "Yes" for your project to be eligible for a League grant

Feasibility studies are a formal assessment of the practicality of a proposed plan and are recommended to be conducted prior to committing resources and time. Has a feasibility study been conducted for the project? *

☒ Yes

☐ No

Is there a Capital Investment Plan (CIP) for the project? *

☒ Yes

☐ No

Has a local funding source been identified for the project (e.g., savings, bond, etc.)? If so, please briefly list the source. *

City has local parks funds to use as any required match on this project.

Are there any other regulatory approvals needed (e.g., county, state agency)? *

☐ Yes

☒ No

☐ Unknown

Optional: You may upload additional content related to your project here.

CITY COUNCIL AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Darcy Mulvihill, Finance Director
SUBJECT: Authorization Not to Waive Statutory Liability Limits
DATE: August 4, 2025

OVERVIEW:

Historically, the city has chosen to not waive the statutory liability limits. Waiving the statutory limit would likely increase premiums.

Per the League:

Cities obtaining liability coverage from the League of Minnesota Cities Insurance Trust must decide whether or not to waive the statutory tort liability limits to the extent of the coverage purchased. The decision to waive or not to waive the statutory limits has the following effects:

1. *If the city does not waive the statutory tort limits*, an individual claimant would be able to recover no more than \$500,000. on any claim to which the statutory tort limits apply. The total which all claimants would be able to recover for a single occurrence to which the statutory tort limits apply would be limited to \$1,500,000. These statutory tort limits would apply regardless of whether or not the city purchases the optional excess liability coverage.
2. *If the member waives the statutory tort limits and does not purchase excess liability coverage*, a single claimant could potentially recover up to \$2,000,000 for a single occurrence. (Under this option, the tort cap liability limits are waived to the extent of the member's liability coverage limits, and the LMCIT per occurrence limit is \$2 million.) The total all claimants would be able to recover for a single occurrence to which the statutory tort limits apply would also be limited to \$2,000,000, regardless of the number of claimants.
3. *If the city waives the statutory tort limits and purchases excess liability coverage*, a single claimant could potentially recover an amount up to the limit of the coverage purchased. The total which all claimants would be able to recover for a single occurrence to which the statutory tort limits apply would also be limited to the amount of coverage purchased, regardless of the number of claimants.

Claims to which the statutory municipal tort limits do not apply are not affected by this decision. This decision must be made by the city council. Cities purchasing coverage must complete and return this form to LMCIT before the effective date of the coverage. For further information, contact LMCIT. You may also wish to discuss these issues with your city attorney. Claims to which the statutory municipal tort limits do not apply are not affected by this decision.

ACTION TO BE CONSIDERED:

Motion to Not Waive Statutory liability limits.

BUDGET IMPLICATION:

Insurance premiums are budgeted for each year with the limits not waived.

Attachments:

- Liability Coverage Waiver Form-2025.

LIABILITY COVERAGE WAIVER FORM

Members who obtain liability coverage through the League of Minnesota Cities Insurance Trust (LMCIT) must complete and return this form to LMCIT before their effective date of coverage. Email completed form to your city's underwriter, to psstech@lmc.org, or fax to 651.281.1298.

The decision to waive or not waive the statutory tort limits must be made annually by the member's governing body, in consultation with its attorney if necessary.

Members who obtain liability coverage from LMCIT must decide whether to waive the statutory tort liability limits to the extent of the coverage purchased. The decision has the following effects:

- *If the member does not waive the statutory tort limits*, an individual claimant could recover no more than \$500,000 on any claim to which the statutory tort limits apply. The total all claimants could recover for a single occurrence to which the statutory tort limits apply would be limited to \$1,500,000. These statutory tort limits would apply regardless of whether the member purchases the optional LMCIT excess liability coverage.
- *If the member waives the statutory tort limits and does not purchase excess liability coverage*, a single claimant could recover up to \$2,000,000 for a single occurrence (under the waive option, the tort cap liability limits are only waived to the extent of the member's liability coverage limits, and the LMCIT per occurrence limit is \$2,000,000). The total all claimants could recover for a single occurrence to which the statutory tort limits apply would also be limited to \$2,000,000, regardless of the number of claimants.
- *If the member waives the statutory tort limits and purchases excess liability coverage*, a single claimant could potentially recover an amount up to the limit of the coverage purchased. The total all claimants could recover for a single occurrence to which the statutory tort limits apply would also be limited to the amount of coverage purchased, regardless of the number of claimants.

Claims to which the statutory municipal tort limits do not apply are not affected by this decision.

CITY COUNCIL AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Jenni Wida, Deputy Administrator-City Clerk
SUBJECT: Application for Exempt Permit - Raffle
DATE: August 4, 2025

OVERVIEW:

Sons of the American Legion submitted an exempt permit application to conduct a raffle at St. Francis American Legion on December 14, 2025.

In order for a nonprofit to conduct a lawful gambling activity, they must apply through the State, receive City acknowledgment of the event and then send the signed application to the Gambling Control Board for official approval.

ACTION TO BE CONSIDERED:

A motion would be in order to acknowledge and approve the exempt permit application from Sons of the American Legion to conduct a raffle at St. Francis American Legion on December 14, 2025.

Attachments:

- Exempt Permit Application

MINNESOTA LAWFUL GAMBLING
LG220 Application for Exempt Permit

4/23
Page 1 of 3

An exempt permit may be issued to a nonprofit organization that:

- conducts lawful gambling on five or fewer days, and
- awards less than \$50,000 in prizes during a calendar year.

If total raffle prize value for the calendar year will be \$1,500 or less, contact the Licensing Specialist assigned to your county by calling 651-539-1900.

Application Fee (non-refundable)

Applications are processed in the order received. If the application is postmarked or received 30 days or more before the event, the application fee is **\$100**; otherwise the fee is **\$150**.

Due to the high volume of exempt applications, payment of additional fees prior to 30 days before your event will not expedite service, nor are telephone requests for expedited service accepted.

CITY COUNCIL AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Jenni Wida, Deputy Administrator-City Clerk
SUBJECT: Application for Exempt Permit - Raffle
DATE: August 4, 2025

OVERVIEW:

Support the Troops MN submitted an exempt permit application to conduct a raffle at St. Francis American Legion twice a week for the 2026 calendar year.

In order for a nonprofit to conduct a lawful gambling activity, they must apply through the State, receive City acknowledgment of the event and then send the signed application to the Gambling Control Board for official approval.

ACTION TO BE CONSIDERED:

A motion would be in order to acknowledge and approve the exempt permit application from Support the Troops MN to conduct a raffle at St. Francis American Legion twice a week for the 2026 calendar year.

Attachments:

- Exempt Permit Application

MINNESOTA LAWFUL GAMBLING

LG220 Application for Exempt Permit

An exempt permit may be issued to a nonprofit organization that:

- conducts lawful gambling on five or fewer days, and
- awards less than \$50,000 in prizes during a calendar year.

If total raffle prize value for the calendar year will be \$1,500 or less, contact the Licensing Specialist assigned to your county by calling 651-539-1900.

Application Fee (non-refundable)

Applications are processed in the order received. If the application is postmarked or received 30 days or more before the event, the application fee is **\$100**; otherwise the fee is **\$150**.

Due to the high volume of exempt applications, payment of additional fees prior to 30 days before your event will not expedite service, nor are telephone requests for expedited service accepted.

CITY COUNCIL AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Craig Jochum, City Engineer
SUBJECT: Approval of Change Order No. 1 for the 2025 Street Reconstruction Project
DATE: August 4, 2025

OVERVIEW:

As part of the annual water system maintenance this spring staff reviewed and operated the existing watermain valves on 229th Avenue and 233rd Avenue. A total of eight of the valves had broken valve boxes or were not operational. Staff is recommending the valve box repair and valve maintenance be completed with the 2025 Street Reconstruction Project prior to paving. The cost to repair the eight valves is \$18,480.00.

ACTION TO BE CONSIDERED:

Consideration approval of Change Order No. 1 for the 2025 Street Reconstruction Project.

BUDGET IMPLICATION:

The city CIP plan allotted \$50,000 for valve construction and repair on 229th Avenue and 233rd Avenue. The current contract price for valve work on 229th Avenue and 233rd Avenue is \$18,089.16. Change Order No. 1 is in the amount of \$18,480.00 therefore the total cost of valve repair on 229th Avenue and 233rd Avenue would be \$36,569.16.

CITY COUNCIL
AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Jodie Steffes, Community Development Specialist
SUBJECT: Rental License Approvals
DATE: August 4, 2025

OVERVIEW:

The City created rental codes in 2014 to work with property owners on registration and expectations. In 2019, codes were updated to address a number of issues that Community Development and the Police Department faced when working with rental properties.

As part of the update, Code was changed to create a process in which Council approves, suspends or revokes Rental Licenses.

The tentative timeline of the City rental program will be as follows:

- November, letter to applicable rental properties
- January 15th, rental applications due
- Completed applicants move to Council
- February 1st – second letter with late fee to missing applications
- March 16th – third letter with late fees to missing applications
- First week of May – first citation notice to be sent on missing applications
-

As rental property applications are received, inspections are conducted on select properties. The attached property units with addresses ending in the even numbers have been inspected and are ready for Council approval. The properties to being considered have been shown to meet all of the requirements in City Code Chapter 4, Section 6.

ACTION TO BE CONSIDERED:

Approval of Rental Licenses for properties:

CITY COUNCIL AGENDA REPORT

TO: St. Francis City Council
FROM: Beth Richmond, Planner
SUBJECT: The Bluffs of Rum River
DATE: August 4, 2025
APPLICANT: The Bluffs of Rum River LLC (Todd Christenson)
LOCATION: 23925 St Francis Blvd NW
COMP PLAN: Commercial, Medium Density Residential (MDR), Open Space
ZONING: B-3 General Business, R-3 High Density Residential

OVERVIEW:

The City has received applications for an amendment to an approved preliminary plat and an associated Conditional Use Permit (CUP) for the creation of a public road in the Urban Rum River Management overlay district for “The Bluffs of Rum River” development. A preliminary plat, CUP, and the first reading of a PUD ordinance were approved for this site on October 3, 2022. The approved development includes a 3-acre commercial site and 302 total housing units, comprised of detached single-unit homes, detached townhouses/villas, attached rowhouses, and an apartment building.

The amended preliminary plat proposes a layout similar to that of the original preliminary plat. The development is proposed to be phased, beginning with the southernmost residential lots. The main differences between the original plat and the amended plat include:

- Lots with access to the western street (Public Street N-S) are proposed to be detached villas instead of attached rowhouses
- Additional detached villa lots are proposed along Public Street A and 241st Avenue NW, resulting in a smaller average lot size and reduced separation between buildings
- Western street (Public Street N-S) will now be public instead of private, resulting in the need for a CUP

The land use and subdivision requests to be considered on August 4, 2025 include the 2nd reading of the Bluffs PUD ordinance (Ordinance 301), amended preliminary plat, and a Conditional Use Permit (CUP) for a public road within the Rum River Management Overlay District.

The changes to the preliminary plat due to the proposed amendment necessitate several updates to the PUD ordinance (Ordinance 301). The 1st reading of this ordinance was approved in 2022. A marked up copy of Ordinance 301 is attached to clearly show the changes proposed. A clean draft is also attached.

PLANNING COMMISSION REVIEW

The Planning Commission reviewed these requests and held a public hearing at the July 16, 2025 Planning Commission meeting. Several residents were in attendance at the meeting. Questions were raised and discussed by the Planning Commission regarding the following:

- **Traffic.** A traffic study for this development was completed with the original preliminary plat request in September 2022.
- **The involvement of MnDOT and MnDNR in application review.** MnDOT, MnDNR, and Anoka County all reviewed the application and provided comments during its first approval in 2022. These comments were included as conditions of approval of the plat. The project was conditionally approved by the MnDNR on November 22, 2022. The City sent the amended plans to these entities for review on July 10, 2025. So far, Staff has only received comments from Anoka County.
- **The alignment of 241st Ave NW at the 241st Ave NW/Hwy 47 intersection.** Staff confirmed that the planned realignment of 241st Ave was discussed during the 2022 review and that no additional changes are proposed with the preliminary plat amendment. The realignment of the western leg of the 241st Ave NW/Hwy 47 intersection would occur within existing right-of-way and is not anticipated to be constructed in the near future.

In addition to the above topics, the Planning Commission also recommended a change to the location of the proposed guest parking for rowhouses so that private parking stalls are not located within the public right-of-way. After discussion, the Planning Commission unanimously recommended approval of the preliminary plat amendment and CUP.

PLAN UPDATES

The Planning Commission recommended conditional approval of the requests in July. Following that meeting, Staff reached out to the applicant to clarify a number of items related to the project, including:

- The overall unit count has been adjusted as follows to eliminate the need for an Environmental Assessment Worksheet (EAW) for the project. Staff will recalculate the need for an EAW with each phase of the project to ensure Statute is followed.

Housing Type	# of Units shown in Proposed Plan	# of Units Revised
Single unit detached	40	40
Detached townhome/villa	115	115
Attached rowhouse	26	26
Apartment	120	110
Total	301	291

- The separation between detached townhouses/villas was originally approved to be 15' between living areas and 10' between garages. With the revised layout, buildings are located closer together than previously and individual drives are proposed instead of shared drives. Therefore, the separation between buildings is proposed to decrease. Staff recommends reducing the separation requirement to 12', which matches the requirement for the attached rowhouses in the development and the City Code requirement for buildings within PUDs.
- As mentioned above, guest parking for attached rowhomes needs to be adjusted to eliminate private parking stalls within public right-of-way. Staff has requested an exhibit from the applicant demonstrating that at least 13 spaces (the minimum number required by Code based on a calculation of 0.5 guest spaces per attached unit) can be accommodated by on-street parking along 241st Ave NW near Blocks 8 and 9.

ACTION TO BE CONSIDERED:

Given Planning Commission and Staff recommendation of approval for the land use and subdivision requests related to The Bluffs of Rum River development, draft approval documents have been prepared and are attached for your consideration. Council action is requested on these applications.

Suggested Motions

1. Move to approve the 2nd Reading of Ordinance 301 approving a rezoning request for 23925 St Francis Blvd NW from R-3 and B-2 to The Bluffs PUD with findings as presented by Staff.
2. Move to approve Resolution 2025-39 authorizing publication of Ordinance 301 by summary.
3. Move to approve Resolution 2025-40 approving the preliminary plat amendment for The Bluffs of Rum River development with conditions and findings as presented by Staff.
4. Move to approve Resolution 2025-41 approving a Conditional Use Permit for the construction of public roads associated with The Bluffs of Rum River development with conditions and findings as presented by Staff.

ORDINANCE NO. 301, SECOND SERIES

**CITY OF ST. FRANCIS
ANOKA COUNTY**

**AN ORDINANCE APPROVING REZONING 23925 ST FRANCIS BLVD NW FROM
R-3 AND B-2 TO THE BLUFFS OF RUM RIVER PUD – 2ND READING**

WHEREAS, the applicant, The Bluffs of Rum River, LLC, applied for a preliminary plat amendment on June 20, 2025 for the property legally described in Exhibit A; and

WHEREAS, on August 17, 2022, after published and mailed notice in accordance with Minnesota Statutes and the City Code, the Planning Commission held a public hearing, at which time all persons desiring to be heard concerning this application were given the opportunity to speak thereon; and

WHEREAS, on August 17, 2022, at an official public hearing, the Planning Commission considered the applicant’s submission, the contents of the staff report, public testimony, and other evidence available to the Commission; and made recommendations for consideration by the City Council; and

WHEREAS, on October 3, 2022 and August 4, 2025, the City Council has considered the proposed project and found that the project will not negatively impact the public health, safety, or welfare; and

WHEREAS, the rezoning to the Bluffs PUD is consistent with the Comprehensive Plan designation for the site; and

WHEREAS, the applicant is proposing a mix of uses on the site, including single-unit residential, attached rowhomes, apartment, and commercial; and

WHEREAS, the proposed development provides a clear and identified public benefit to the City in the form of the preservation of natural features and open space along the Rum River and the creation of housing types that have been identified as a need in the community by the 2040 Comprehensive Plan.

**THE CITY COUNCIL OF THE CITY OF ST. FRANCIS, ANOKA COUNTY,
MINNESOTA, ORDAINS:**

Section 1. The property legally described in Exhibit A is hereby rezoned from the R-3 High Density Residential District and the B-2 General Business District to The Bluffs of Rum River Planned Unit Development dated _____, 2025September 13, 2022 and included in Exhibit B.

Section 2. The following conditions shall apply to property rezoned to The Bluffs of Rum River PUD by this Ordinance:

1. The following uses are permitted within The Bluffs of Rum River PUD:

- a. Single-unit residential in Blocks 1, 4, and 5 and 2
 - b. Detached townhomes/villas in Blocks 2, 3, 6, and 7
 - c. Attached rowhomes in Blocks 8 and 94-6
 - d. Apartment building in Block 107
 - e. Commercial uses as permitted in the B-2 zoning district in Block 118
 - f. Accessory uses
 - i. For Blocks 1-73, accessory uses as listed in the R-2 district are permitted.
 - ii. For Blocks 4-7-10, accessory uses as listed in the R-3 district are permitted.
2. The outlots within The Bluffs of Rum River shall be used as follows:
 - a. Outlot A shall be used for City utilities.
 - b. Outlots B and C are considered undevelopable. All development is restricted and must comply with the provisions of the Rum River Management district
 - c. Outlot D shall be used for private open space.
3. Minimum dimensional requirements for single-unit residential lots shall be as follows:
 - a. Average minimum lot size for all single-unit lots in Blocks 1, 4, and 5 and 2 shall exceed 20,000 square feet. Minimum lot size for a single-unit lot shall be 14,864 square feet.
 - b. A minimum lot width of 90 feet as measured at the building setback line.
 - c. A minimum building setback from the public street right-of-way of 30 feet. Lots 7-9 Block 1 shall have a minimum building setback from the public street of 25 feet.
 - d. A minimum side yard setback of 5 feet for the garage side and 10 feet for the living side.
 - e. A minimum rear yard setback of 75 feet from the Ordinary High Water Level (OHW).
 - f. A maximum building height of 35 feet.
 - g. A maximum impervious surface coverage per lot of 30%.
4. Minimum dimensional requirements for detached townhome/villa units shall be as follows:
 - a. Average minimum area shall be 8,6469,628 square feet per unit.
 - b. A minimum building separation of 12 feet, 15 feet between living quarters and 10 feet between garages.
 - c. A minimum building setback from the public street right-of-way curb of the public and private streets of 25 feet.
 - d. A minimum setback from Hwy 47 of 50 feet.
 - d.e. A maximum building height of 35 feet.
 - e.f. Shared driveways shall not exceed 24 feet in width at the street and shall be maintained by an HOA.
5. Minimum dimensional requirements for attached rowhome units shall be as follows:
 - a. Average minimum area shall be 7,6589,119 square feet per unit.
 - b. A minimum unit width of 24 feet.

- c. A minimum building separation of 12 feet.
 - d. A minimum setback from the ~~public street right-of-way~~ ~~curb of the private street~~ of ~~3025~~ feet.
 - e. ~~A minimum setback from Hwy 47 of 50 feet.~~
 - f. A maximum of 6 units per building.
 - g. One building in Block ~~86~~ is allowed to have two units per building (Lots ~~13~~ and ~~142~~).
 - h. No garage shall extend the full width of any individual unit.
 - i. A maximum building height of 35 feet.
 - j. On-street parking may be used to meet guest parking requirements.
6. Minimum dimensional requirements for the apartment use shall be as follows:
- a. Requirements for the apartment use shall follow the lot and site requirements listed for the R-3 and uRRM districts.
7. Minimum dimensional requirements for the commercial lot shall be as follows:
- a. Requirements for the commercial site shall follow the lot and site requirements for the B-2 and uRRM districts.
8. Blocks ~~2, 3, and 6-93-6~~ shall each be limited to a maximum aggregate coverage of 30% impervious surface.
9. ~~28-foot wide private streets shall be established to serve the attached townhome units in Block 4 and shall be privately maintained by an HOA. On-street parking shall be prohibited on private streets.~~
10. Multiple principal structures shall be permitted on one lot in accordance with the site plan.
11. All general zoning standards in the St. Francis City Code, to the extent not inconsistent with the terms of this ordinance, shall apply.

Section 3. The Zoning Map of the City of St. Francis referred to and described in Section 10-14-03 of the St. Francis City Code shall not be republished to show the aforesaid rezoning, but the Zoning Administrator or designee shall appropriately mark the Zoning Map on file in the City Clerk's office for the purpose of indicating the rezoning provided for in this ordinance and all of the notations, references, and other information shown thereon are hereby incorporated by reference and made a part of this ordinance.

Section 4. This Ordinance shall take effect and be enforced from and after its passage and publication according to law.

Approved and adopted by the City Council this 4th day of August, 2025.

RESOLUTION 2025-40

A RESOLUTION APPROVING A PRELIMINARY PLAT AMENDMENT FOR THE
BLUFFS OF RUM RIVER DEVELOPMENT

WHEREAS, the applicant, The Bluffs of Rum River, LLC, applied for a preliminary plat amendment on June 20, 2025 for the property legally described in Exhibit A; and

WHEREAS, the Planning Commission on July 16, 2025, opened and closed a duly noticed public hearing and considered the applicant’s submission, the contents of the staff report, public testimony, and other evidence available to the Commission; and made recommendations for consideration by the City Council; and

WHEREAS, on July 16, 2025, the Planning Commission recommended approval of the requested preliminary plat amendment; and

WHEREAS, the City Council on August 4, 2025, has considered the recommendations of Staff and the Planning Commission, the Applicant’s submissions, staff reports, public testimony, and other evidence available to the Council.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of St. Francis hereby approves the preliminary plat amendment and associated documents for The Bluffs of Rum River development based on the following findings of fact:

1. The proposed rezoning is consistent with the City’s 2040 Comprehensive Plan as amended and is compatible with present and future land uses of the area.
2. Excluding the exceptions granted by the PUD, the development is consistent with the City’s Zoning Ordinance with noted conditions.
3. The development is designed to preserve existing natural features on the site and provides additional opportunities for the creation of multiple types of housing in the City.
4. City services have adequate capacity to serve the proposed development.

BE IT FURTHER RESOLVED that approval of the preliminary PUD plan and preliminary plat for The Bluffs of Rum River development shall be subject to the following conditions:

1. Approval of this request is subject to the concurrent approval of the related land use requests pertaining to The Bluffs of Rum River project.
2. The project was conditionally approved by the MnDNR on November 22, 2022. Approvals granted by the City Council for this project are conditioned upon the MnDNR’s full approval of the project.

3. Applicant shall work with MnDOT to finalize the northern access point and intersection that incorporates phasing and the completed traffic study. Applicant shall address all comments relating to the project provided by MnDOT.
4. Applicant shall work with Anoka County to finalize an intersection layout for the public street/Ambassador Blvd intersection that incorporates phasing and the traffic study. Applicant shall address all comments relating to the project provided by Anoka County in their July 29, 2022 memo.
5. Applicant shall address the comments included in the Engineering Review Memo dated July 8, 2025 to the City Engineer's satisfaction.
6. Applicant shall dedicate land below the OHW of the Rum River as public.
7. The project shall be completed as a phased development. Applicant shall provide an updated Phasing Plan.
8. As proposed, the project requires an EAW which must be completed prior to final plat approval. The applicant may choose to modify the unit counts shown on the preliminary plat such that the project falls below the thresholds for a mandatory EAW as specified in Minnesota Statutes 4410.4300 subd. 19. In this case, an EAW would not be required.
9. For each subsequent phase of the project, City Staff shall review Minnesota Statutes 4410.4300 to determine if an EAW is required.
10. Applicant shall modify the preliminary plat to meet the building separation requirements established in Ordinance 301.
11. Adequate provisions for an off-street trail along Ambassador Blvd shall be made at the time that the commercial lot (Block 11 Lot 1) is final platted.
12. Applicant shall provide guest parking meeting City Code standards for the attached rowhouses. If possible, guest parking should be located near Blocks 8 and 9.
13. Landscaping
 - a. Applicant should identify the size and type of existing trees which are planned to be removed or preserved. Additional revisions to the landscaping plan may be required depending on the size and type of trees removed.
 - b. Future landscaping plans for the apartment and commercial lots shall provide landscaping and vegetation which complements the landscaping established for the residential units in this plat.
 - c. Applicant shall revise the landscaping plan to ensure that there is one front yard tree for each housing unit in Block 8.
 - d. Trees of the same genus shall make up no more than 25% of the total amount of required trees. Applicant shall revise the proposed tree mix for evergreen trees to meet this requirement.
 - e. Ornamental trees must be at least 2 inches in diameter measured at DBH. Planting size shall be specified on the landscaping plan.
14. Park dedication shall be satisfied at the time of final plat.

15. Applicant shall be responsible for all fees associated with these land use and subdivision applications. All fees and financial obligations shall be received by the City prior to the releasing of the approval documents related to this project for recording.

Approved and adopted by the City Council of the City of St. Francis on the 4th day of August, 2025.

Parcel B:

The North 4 acres of that part of the Northwest Quarter of the Southeast Quarter (NW 1/4 of SE 1/4), Section 29, Township 34, Range 24, Anoka County, Minnesota, that lies West of the Rum River.

Parcel C:

That part of the Southeast Quarter of Section 29, Township 34, Range 24, lying West of the Rum River, except the North 4 acres, Anoka County, Minnesota.

**CITY OF ST. FRANCIS
ST. FRANCIS, MN
ANOKA COUNTY**

RESOLUTION 2025-41

**A RESOLUTION APPROVING A CONDITIONAL USE PERMIT FOR THE BLUFFS
OF RUM RIVER DEVELOPMENT FOR THE CONSTRUCTION OF PUBLIC ROADS
WITHIN THE RUM RIVER MANAGEMENT DISTRICT**

WHEREAS, the applicant, The Bluffs of Rum River, LLC, applied for approval of a preliminary plat amendment on June 20, 2025 for the property legally described in Exhibit A; and

WHEREAS, the amended plat includes the creation of two additional public roads, listed as Public Street N-S and Public Street E-W on the plat; and

WHEREAS, the site is located in the Urban Rum River Management district; and

WHEREAS, City Code 10-82-5B and MN Statute consider public roads to be special uses and require a CUP for their construction; and

WHEREAS, on July 16, 2025, after published and mailed notice in accordance with Minnesota Statutes and the City Code, the Planning Commission held a public hearing, at which time all persons desiring to be heard concerning this application were given the opportunity to speak thereon; and

WHEREAS, on July 16, 2025, the Planning Commission unanimously recommended approval of the requested Conditional Use Permit; and

WHEREAS, the City Council of the City of St. Francis on August 4, 2025, considered the requested Conditional Use Permit and how it might affect public health, safety, or welfare and found that the project will not negatively impact the public health, safety, or welfare.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of St. Francis hereby approves the requested Conditional Use Permit for the construction of public roads within the Rum River Management District based on the following findings of fact:

1. The proposed development is consistent with the City's Comprehensive Plan. The applicant is proposing to use this land primarily for residential development. The proposed public roads provide access to the proposed lots.
2. The proposed public roads meet the environmental criteria for a CUP as established in Minnesota Rules 6105.0200.
3. The proposed public road has been designed to minimize the streets' impact on the surrounding area, including avoiding steep slopes, existing vegetation, and soils with high erosion potential to the maximum extent possible.
4. The proposed streets have been designed to meet City standards.

5. The proposed streets will meet the needs of the traffic generated by The Bluffs of Rum River development.

BE IT FURTHER RESOLVED that approval of the Conditional Use Permit for the construction of public roads in the Rum River Management District shall be subject to the following conditions:

1. Approval of this request is subject to the concurrent approval of the related land use and subdivision requests pertaining to The Bluffs of Rum River project.
2. The granting of this approval is conditioned upon the MnDNR’s approval of the project.
3. All items pertaining to public roads listed in the City Engineer’s The Bluffs of Rum River Preliminary Plat memo dated July 8, 2025 shall be addressed to the satisfaction of the City Engineer prior to recording of the CUP.
4. Applicant shall adhere to all vegetative requirements listed in the City’s Rum River Management District and MN State Rules Chapter 6105.
5. Applicant shall adhere to the road construction methods listed in MN State Rules 6105.0200 subp. 4.
6. All necessary permits as may be applicable must be provided to the City before activity begins and/or before building permits are issued for individual lots.
7. The applicant shall be responsible for all costs associated with the Conditional Use Permit application.
8. All fees and financial obligations shall be received by the City prior to the releasing of the Conditional Use Permit for recording.
9. The applicant shall record the Conditional Use Permit with the County Recorder in accordance with Section 10-31-03 of the City Code.

Approved and adopted by the City Council of the City of St. Francis on the 4th day of August, 2025.

CONDITIONAL USE PERMIT FOR THE BLUFFS OF RUM RIVER

- 1. **PERMIT.** Subject to the terms and conditions set forth herein, the CITY OF ST. FRANCIS hereby grants a Conditional Use Permit to allow the construction of public roads within the Rum River Management District.
- 2. **PROPERTY.** This Conditional Use Permit is for the following property legally described in Exhibit A.
- 3. **CONDITIONS.** This Conditional Use Permit is issued subject to construction in accordance with the approved plans submitted with the application and the following conditions:
 - A. Applicant shall adhere to all vegetative requirements listed in the City’s Rum River Management District and MN State Rules Chapter 6105.
 - B. Applicant shall adhere to the road construction methods listed in MN State Rules 6105.0200 subp. 4.
- 4. **TERMINATION OF PERMIT.** The City may revoke the permit following a public hearing for violation for the terms of this permit.
- 5. **LAPSE.** If within one (1) year of the issuance of this Conditional Use Permit the applicant fails to implement such approvals and fulfill each and every condition attached thereto, this permit shall be null and void.
- 6. **CRIMINAL PENALTY.** Both the owner and any occupant of the subject property are responsible for compliance with this Conditional Use Permit. Violation of the terms of this Conditional Use Permit is a criminal misdemeanor.
- 7. **RECORDING.** This Conditional Use Permit shall be recorded by the City against the title to the Property.

Soil Boring Logs, dated 7/18/2022, prepared by Haugo Geotechnical

Traffic Analysis Memo, dated 9/16/2022, prepared by S² Traffic Solutions

Geotechnical Exploration Report, dated 7/20/2022, prepared by Haugo Geotechnical Services

SITE ACCESS / VEHICULAR TRAFFIC

1. The project is proposed to receive access from Ambassador Blvd (CSAH 28). Ambassador Blvd (CSAH 28) is a County Highway and is under the jurisdiction of the Anoka County Highway Department. The new street access must meet all design and safety criteria as per the Anoka County Highway Department requirements. The Applicant shall be responsible for providing a design that meets Anoka County Highway Department standards and shall be solely responsible for all costs associated with the construction of the new access and associated turn lanes, including right-of-way acquisition if necessary.
2. The project is proposed to receive access from Saint Francis Blvd NW (HWY 47). Saint Francis Blvd NW (HWY 47) is a State Highway and is under the jurisdiction of the Minnesota Department of Transportation (MnDOT). The new street access must meet all design and safety criteria as per MnDOT requirements. The Applicant shall be responsible for providing a design that meets MnDOT standards and shall be solely responsible for all costs associated with the construction of the new access and associated turn lanes, including right-of-way acquisition if necessary.
3. The project is proposed to be served with two new north-south streets, one new east-west street that terminates in a cul-de-sac due to the proximity of the Rum River, and one short connecting east-west street. All streets are proposed to be public streets. The street layout as provided appears to be conducive with the property and provides adequate access to the proposed lots.

4. Six parking stalls are proposed on the north side of 241st Avenue, which is proposed as a public street. At this time, it is unclear if these parking spaces are proposed to be publicly owned and maintained or privately owned and maintained. Further clarification is necessary.

PRELIMINARY PLAT

1. The Preliminary Plat shall be revised to depict a drainage and utility easement 60 feet in width on Lot 1, Block 11 from the west plat line to the public street n-s and centered on the proposed trunk sewer line.

GRADING, DRAINAGE AND EROSION CONTROL

1. Please adjust the proposed grading in Infiltration Basin 3 such that the 24" RCP will have minimum 1' of cover.
2. This project will disturb more than 1 acre of land, therefore, an NPDES Construction Permit from the MPCA will be necessary.

STORMWATER MANAGEMENT

1. Stormwater is proposed to be managed with curb and gutter, catch basins and storm sewer. The storm sewer will route rainfall from the proposed roadways and lots and be directed into four infiltration basins located within the plat. All stormwater is ultimately discharged into the Rum River located on the eastern boundary of the proposed plat.
2. Final Stormwater Management Calculations shall be in accordance with City ordinances, Upper Rum River Watershed Rules, and the City of St Francis Private Development Standards.

WETLANDS

1. The Wetland Delineation Report has been received. A Notice of Decision approving the wetland boundaries and types was issued on September 9, 2022. The decision is valid for 5 years.
2. A wetland management plan is required for this development consistent with Section 10-83-04 of the City Code. Please submit the wetland management plan with the final plans.
3. The Wetland Delineation Report indicates that there is a wetland (W3) located on proposed Outlot E. Impacts to this wetland are contingent upon an approved WCA Replacement Plan.

UTILITIES

1. This project proposes to connect to the sanitary sewer at Ambassador Blvd (near the existing City owned lift station) which is acceptable. The size of the existing sanitary sewer stub is 24 inch at the connection point at Ambassador Blvd. The trunk 24" sewer line will be extended to the first manhole. Thereafter, a trunk sewer line will be extended through the subject property north approximately 600 feet, then will be extended west to the TH 47 right of way. The proposed extension of the trunk sewer line is in general conformance with the City's Comprehensive Sanitary Sewer Plan.
2. The lateral sanitary sewer that is proposed on the north end of Street A and along 241st Avenue is proposed to flow to the west and ultimately make a connection to the future trunk sanitary sewer on the west side of TH 47. At this time, the future trunk sanitary sewer is not included in the City's Capital Improvement Plan and therefore the construction year is unknown. The Developer shall assume all risk in regards to timing.
3. This project proposes to connect to the City Water system at Ambassador Blvd, near Highway 47, to an existing 8 inch watermain. There is another watermain, located approximately 600' east of the proposed entrance, on the south side of Ambassador Blvd which is 16 inch diameter. We would recommend that the 16 inch watermain be extended to the Highway 47 8 inch watermain to provide a looped connection as a City project. The watermain connection for this project could then be provided via the new 16" watermain.
4. We understand that this will be a phased development, with potentially 302 units which will be served by single watermain connection point. Further, we understand that the proposed apartment building, which is potentially 120 units, will be constructed with a future phase. Prior to preparation of final plans, the Applicant shall analyze the proposed watermain sizing and layout to ensure it will adequately serve the units and/or revise to adequately serve the units.

OTHER

1. Zoning review to be completed by City Planner.
2. The final construction plans must be in accordance with City standards and include all applicable City standard details, which can be found here: <https://www.stfrancismn.org/commdev/page/private-development-standards> .

SUMMARY AND/OR RECOMMENDATIONS

We recommend approval of the Preliminary Plat subject to the comments as contained herein.

PLANNING COMMISSION AGENDA REPORT

TO: St. Francis Planning Commission
FROM: Beth Richmond, Planner
SUBJECT: The Bluffs of Rum River
DATE: 7-9-2025 for 7-16-2025 meeting
APPLICANT: The Bluffs of Rum River LLC (Todd Christenson)
LOCATION: 23925 St Francis Blvd NW
COMP PLAN: Commercial, Medium Density Residential (MDR), Open Space
ZONING: B-2 General Business, R-3 High Density Residential

OVERVIEW:

The City has received applications for an amendment to an existing preliminary plat and an associated Conditional Use Permit for the creation of a public road in the Urban Rum River Management overlay district for “The Bluffs of Rum River” development.

A preliminary plat for a multi-phase, mixed use development on this site was approved on October 3, 2022 (Resolution 2022-51). The 2022 preliminary plat included a 3-acre commercial site and 302 total housing units. For context, the Planning Commission memo from the original preliminary plat approval is attached. A final plat for this area has not yet been submitted to the City. The deadline to submit a final plat for this area is October 3, 2025.

The amended preliminary plat proposes a layout similar to that of the original preliminary plat. The development is still proposed to be phased, beginning with the southernmost residential lots. The main differences between the original plat and the amended plat include:

- Lots with access to the western street (Public Street N-S) are proposed to be detached villas instead of attached rowhouses
- Additional detached villa lots are proposed along Public Street A and 241st Avenue NW, resulting in a reduced average lot size
- Western street (Public Street N-S) will now be public instead of private, resulting in the need for a CUP
- 6 parking stalls along 241st Ave NW to serve the attached rowhouses in Blocks 8 and 9

These changes result in a shift in the composition of housing types proposed as shown in the table below:

Housing Types	2022 Preliminary Plat	2025 Preliminary Plat Amendment
Single-unit	40 units	40 units (Blocks 1, 4, 5)
Detached townhome/villa	40 units	115 units (Blocks 2, 3, 6, 7)
Attached rowhouse	102 units	26 units (Blocks 8, 9)
Apartment	120 units	120 units (Block 10)
Total	302 units	301 units

The residential portions of this site are guided for Medium Density Residential (3-7 units per net acre) use by the Comprehensive Plan. The proposed density for the amended preliminary plat is within this range (4.5 units per net acre).

The unit count proposed in the amended preliminary plat meets the threshold for a required Environmental Assessment Worksheet (EAW) per Minnesota Statutes 4410.4300 subd. 19. Staff has discussed this with the applicant. The applicant has indicated a preference to adjust the unit counts slightly to eliminate the need for an EAW. A condition of approval is suggested that the unit counts be adjusted in the plans. A second condition clarifies that Staff will re-calculate the need for an EAW with each phase of the project to ensure Statute is followed.

In order for this project to move forward, the following approvals are needed:

- Preliminary Plat Amendment (public hearing on 7/16)
- Conditional Use Permit for creation of public road in uRRM District (public hearing on 7/16)
- PUD Ordinance – 2nd Reading
- Final Plat(s)

REVIEW PROCEDURE

60-Day Land Use Application Review Process

Pursuant to Minnesota State Statutes Section 15.99, local government agencies are required to approve or deny land use requests within 60 days. Within the 60-day period, an automatic extension of no more than 60 days can be obtained by providing the applicant written notice containing the reason for the extension and specifying how much additional time is needed. The deadline for the CUP request is August 19, 2025.

120-Day Subdivision Review Process

Pursuant to Minnesota State Statutes Section 462.358, local government agencies are required to approve or deny subdivision requests, such as the preliminary plat, within 120 days. The 120-day timeline for the review of the preliminary plat expires on October 18, 2025.

Public Hearing

City Code requires that a public hearing for review of the land use and subdivision requests be held by the Planning Commission. The public hearing notice was published in the Anoka County Union Herald on July 04, 2025 and posted on the City Hall bulletin board on July 03, 2025. The public hearing notice was mailed to all affected property owners located within 350 feet of the subject property on July 03, 2025.

RECOMMENDATION

Action to be Considered:

The Planning Commission is requested to hold the public hearing for the preliminary plat amendment and CUP. Following the public hearing, Commissioners are requested to take action on the requests and provide a recommendation to Council.

Suggested Motions:

1. Move to recommend approval of the preliminary plat amendment for The Bluffs of Rum River project with conditions and findings of fact as presented by Staff.

2. Move to recommend approval of the public road CUP for The Bluffs of Rum River project with conditions and findings as presented by Staff.

Findings of Fact – Preliminary Plat Amendment

1. The proposed preliminary plat is consistent with the City's 2040 Comprehensive Plan as amended and is compatible with present and future land uses of the area.
2. Excluding the exceptions granted by the PUD, the development is consistent with the City's Zoning Ordinance with noted conditions.
3. The development is designed to preserve existing natural features on the site and provides additional opportunities for the creation of multiple different types of housing in the City.
4. City services have adequate capacity to serve the proposed development.

Conditions – Preliminary Plat Amendment

1. Approval of this request is subject to the concurrent approval of the related land use requests pertaining to The Bluffs project.
2. The project was conditionally approved by the DNR on November 22, 2022. Approvals granted by the City Council for this project are conditioned upon the MnDNR's full approval of the project.
3. Applicant shall work with MnDOT to finalize the northern access point and intersection that incorporates phasing and the completed traffic study. Applicant shall address all comments relating to the project provided by MnDOT.
4. Applicant shall work with Anoka County to finalize an intersection layout for the public street/Ambassador Blvd intersection that incorporates phasing and the traffic study. Applicant shall address all comments relating to the project provided by Anoka County in their July 29, 2022 memo.
5. Applicant shall address the comments included in the Engineering Review Memo dated July 8, 2025 to the City Engineer's satisfaction.
6. Applicant shall dedicate land below the OHW of the Rum River as public.
7. The project shall be completed as a phased development. Applicant shall provide an updated Phasing Plan.
8. As proposed, the project requires an EAW which must be completed prior to final plat approval. The applicant may choose to modify the preliminary plat such that the project falls below the thresholds for a mandatory EAW as specified in Minnesota Statutes 4410.4300 subd. 19. In this case, an EAW would not be required.
9. For each subsequent phase of the project, City Staff shall review Minnesota Statutes 4410.4300 to determine if an EAW is required.
10. Adequate provisions for an off-street trail along Ambassador Blvd shall be made at the time that the commercial lot (Block 11 Lot 1) is final platted.
11. Applicant shall provide off-street guest parking meeting City Code standards for the attached rowhouses. If possible, guest parking should be located near Blocks 8 and 9.
12. Landscaping
 - a. Applicant should identify the size and type of existing trees which are planned to be removed or preserved. Additional revisions to the landscaping plan may be required depending on the size and type of trees removed.
 - b. Future landscaping plans for the apartment and commercial lots shall provide landscaping and vegetation which complements the landscaping established for the residential units in this plat.
 - c. Applicant shall revise the landscaping plan to ensure that there is one front yard tree for each housing unit in Block 8.

- d. Trees of the same genus shall make up no more than 25% of the total amount of required trees. Applicant shall revise the proposed tree mix for evergreen trees to meet this requirement.
- e. Ornamental trees must be at least 2 inches in diameter measured at DBH. Planting size shall be specified on the landscaping plan.
- 13. Park dedication shall be satisfied at the time of final plat.
- 14. Applicant shall be responsible for all fees associated with these land use and subdivision applications. All fees and financial obligations shall be received by the City prior to the releasing of the approval documents related to this project for recording.
- 15. Other conditions identified during the review process by Staff, the Planning Commission, or the City Council.

Findings of Fact – Conditional Use Permit

- 1. The proposed public road meets the environmental criteria for a CUP as established in Minnesota Rules 6105.0200.
- 2. The proposed public road has been designed to minimize the street's impact on the surrounding area, including avoiding steep slopes, existing vegetation, and soils with high erosion potential to the maximum extent possible.

Conditions – Conditional Use Permit

- 1. Approval of this request is subject to the concurrent approval of the related subdivision and land use requests pertaining to The Bluffs project.
- 2. Applicant shall adhere to all vegetative requirements listed in the City's Urban Rum River Management District and MN State Rules Chapter 6105.
- 3. Applicant shall adhere to the road construction methods listed in MN State Rules 6105.0200 subp. 4.
- 4. All fees and financial obligations shall be received by the City prior to the releasing of the approval document for recording.
- 5. Other conditions identified during the review process by Staff, the Planning Commission, or the City Council.

CITY COUNCIL AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Joe Pfeifer, Liquor Store Manager
SUBJECT: Walk-In Cooler Upgrade
DATE: August 4, 2025

OVERVIEW:

The new walk-in cooler would replace the smaller older rail cooler on the right side of the store. It would be approximately 21' x 19'6" and the same 8' height. All cases (24pk or larger) would move into the walk-in cooler and everything from the old rail cooler would be consolidated into the cooler on the left side of the store. This would be less confusing for customers as well, because we currently have domestic, teas, seltzers and imports on the left with craft beer, ciders and non-alcoholic on the right.

The space remaining at the front of the building would be utilized as a more permanent THC location. A larger free-standing cooler would be ideal for THC drinks and additional shelving for all the packages would fit well in the front octagon location. All warm beer displays, except for promotional items, would be eliminated as they would have permanent displays inside the new walk-in cooler. The liquor store fund is currently a little over \$1.2 million.

Benefits to the upgraded walk-in cooler are as follows:

- Employees can fill in more products, which means they can sell longer without needing to fill them, saving time. Currently, our rails hold 12-14 cases meaning once those sell, the rail is empty.
- It's easier to stock and rotate, as we would just be filling beer to the cooler (now we have a warm display and a cooler backstock, as well as backroom back stock). It would only be in the cooler or back room. Less rotating, better rotation of dates.
- Customers will grab their cases from a walk-in cooler making it more convenient, which translates to increased sales. If it's easier to grab, it's easier to grab more.
- The cooler being replaced will also get a new condenser. It will work more efficiently and require less maintenance/repairs for the immediate future. The current condenser is aged and is nearing the end of its service life.

ACTION TO BE CONSIDERED:

Council to approve Staff to proceed with the Walk-In Cooler Upgrade and use Britz Store Equipment Inc. with the low quote of \$49,949.98.

BUDGET IMPLICATION:

This project will be budgeted out of the Liquor Store Fund.

Agenda Item # 9A.

April 1st, 2025

Joe,

Stan Morgan and Associates is pleased to quote the following equipment for St. Francis Bottle Shop.

Beer Cave Panels: Carrol Cooler: Per Drawing **\$19,950.00**
21' Length x 19'6" Depth x 8' Height. Cooler without floor. Includes: Interior/exterior stucco galvanized, front side and interior painted black, NSF 4" wood rail perimeter with U.L. foam insulation in cooler, NCO for automatic entrance doors, (1) digital thermometer/switch, LED lights

Freight Estimate on Cooler Panels: \$1,330.00

Beer Cave Refrigeration: Climate Control Products **\$11,735.00**
CCH0035MCACZA0000 Outdoor 3.5HP Scroll Condensing Unit; R-448a, 208-230/3/60; Standard Liquid Line.
Includes: (1) CELO295AS6AMA Evaporators (black housing) with QRC Controller, suction filter, thermostat, defrost timer, thermostat valves, solenoid valves, and five-year compressor warranty and one-year labor warranty.

Automatic Beer Cave Entrance Door: Assa Abloy SL500 **\$13,325.00**
Surface Mounted Sliding Door System. Overall dimension: 111.5" W x 91" H. Clear door opening: 42.5" W x 83" H
4-1/2" D jamba, 1" glass stop, 4" bottom rail, Motion & presence sensor, Black Anodized Finish.
Includes: Installation during normal working hours. Does not include 110 volt electrical service to operator header

Special Notes
Above price do not include freight or installation unless noted. Does not include any plumbing or electrical work. Prices are valid for 45 days.

TOTALS:	
Total for above items in bold:	\$46,340.00
Sales Tax (8.13%):	\$3,767.44
Grand Total:	\$50,107.44

Terms
50% down payment. Balance upon Delivery

If you have any questions or concerns, please do not hesitate to call.

Sincerely,
Jeremy Reller

CITY COUNCIL AGENDA REPORT

TO: Kate Thunstrom, City Administrator
FROM: Paul Carpenter, Public Works Director
SUBJECT: MWOA Operator Award
DATE: August 4, 2025

OVERVIEW:

Once a year the Minnesota Wastewater Operators Association (MWOA) presents Outstanding Operator of the Year awards in Grand Rapids, MN. The awards are given by the classification of the plant that the individual runs and oversees, with the Class A Wastewater plant being one of the most respected. The individuals nominated for these honors are typically in the business for many years and are highly qualified in their field. The Operator of the year is a lifelong achievement award and highly coveted in the industry.

Public Works Staff are proud to announce that Parish Barten was nominated and received the 2025 Class A Outstanding Operator of the Year from MWOA!

Staff would also like to thank Parish for over 20 years of dedicated service to the City of St. Francis and congratulate him for receiving the 2025 Class A Outstanding Operator of the Year from MWOA!

CITY COUNCIL AGENDA REPORT

TO: Mayor and Council
FROM: Kate Thunstrom, City Administrator
SUBJECT: Work Session Request
DATE: August 4, 2025

OVERVIEW:

Staff is requesting a work session to discuss the Bethel/St Francis Shared Fire Service.

Bethel Council is invited to attend.

Date to schedule:

Monday August 25th

Time 5:30 p.m.

Meeting location, City Hall

Public Works 2nd Quarterly Report – 2025

2nd Quarterly Report - 2025

Before

After

The Gazebo at Woodbury Park was long over due for a new roof. The old roof was made from cedar shakes which were over 30 years old. The new roof is constructed with a new metal roof which is estimated to last about 50 years and will hold up against the elements better.

Stormwater -

- 18 Plan Reviews
- 14 New Construction, 3 Accessory Buildings, 1 Pool Inspection
- 27 hrs of RTKing to identify stormwater catch basins for future maintenance.
- 1 SW Pond Clean out
- Rain Garden - 1hr/week

238th Ave one of our gravel roads had 2 failing coverts which was causing the road to wash away. These culverts are estimated to be about 45-50 years old. 2 new longer culverts have been installed to allow for better slopping of the ditch bank.

New flowers have been planted in Woodbury Park. Thank you St. Francis Ambassadors for the help.

Water and Wastewater 2nd Quarter Report
Spring-Summer 2025
To: City Council

Water Treatment Facility Report: Below is a graph showing the second quarter flow data.

TASK	DESCRIPTION	QUANTITY	UNITS
Inspect Facility Daily	Facility Inspection	63	Inspections
Operational Hours	Hours spent at facility.	126	Hours
Calculate Influent and Effluent	Calculate gallons pumped for both influent and effluent.	Daily	Calculation

Calculate Chemicals	Calculate treatment chemicals used daily.	Daily	Calculations
Chemical Adjustment	Adjust chemicals based on lab testing results.	As Needed	Chemical adjustments
Daily Labs	Perform lab on chlorine, fluoride, orthophosphate, iron and manganese.	325	Labs
Well House	Inspect daily, take readings, drawdowns, and pump runtimes.	91	Inspections
Bacteria Samples	Take set of monthly MDH bacteria samples.	20	Samples Per Set

NaMnO₄ or Sodium permanganate is used to remove manganese and radium in raw water. Chlorine, Fluoride and Orthophosphate are added to the finished water when leaving the facility.

Water Treatment facility, Lab results

	Average Chlorine	.64	Mg/l
	Average Raw Iron	.91	Mg/l
	Average Raw Manganese	.082	Mg/l
	Average Fluoride	.64	Mg/l

	Iron Removal	99	%
	Manganese Removal	87	%

Water Treatment Facility Pumping Summary: We have pumped roughly twenty-five percent more raw water this year, compared to the same time last year.

Minnesota Department of Health: In May, the Department of Health was here and conducted a sanitary survey of our water system. This visit includes inspecting the water treatment facility, wellhouse and water tower for any deficiencies. None were found. They also collect total coliform samples for analysis, which I am happy to report, all came back negative!

Wastewater Treatment Facility Report: Below is a graph showing our daily flow for second quarter of 2025.

Task	Description	Quantity	Units
Monthly Sampling	Perform required monthly sampling: 8 Influent 29 Constituents); 8 Effluent (50 Constituents: Monitoring wells (25)	230	Constituents

Operational Hours	Hours spent at facility.	504	Hours
Inspect Operations Building	Daily inspection of building.	63	Inspections
Inspect Pre-treatment Building	Daily inspection of building.	63	Inspections
Inspect Tertiary Building	Daily inspection of building.	63	Inspections
D.O Readings	Take Required D.O Readings.	90	D.O Readings
pH Readings	Take Required pH Readings.	90	pH Readings
Inspections	Inspect 8 lift stations daily and calculate pump runtimes.	496	Lift Station Inspections
Daily Lab	Process Control Test	216	Tests

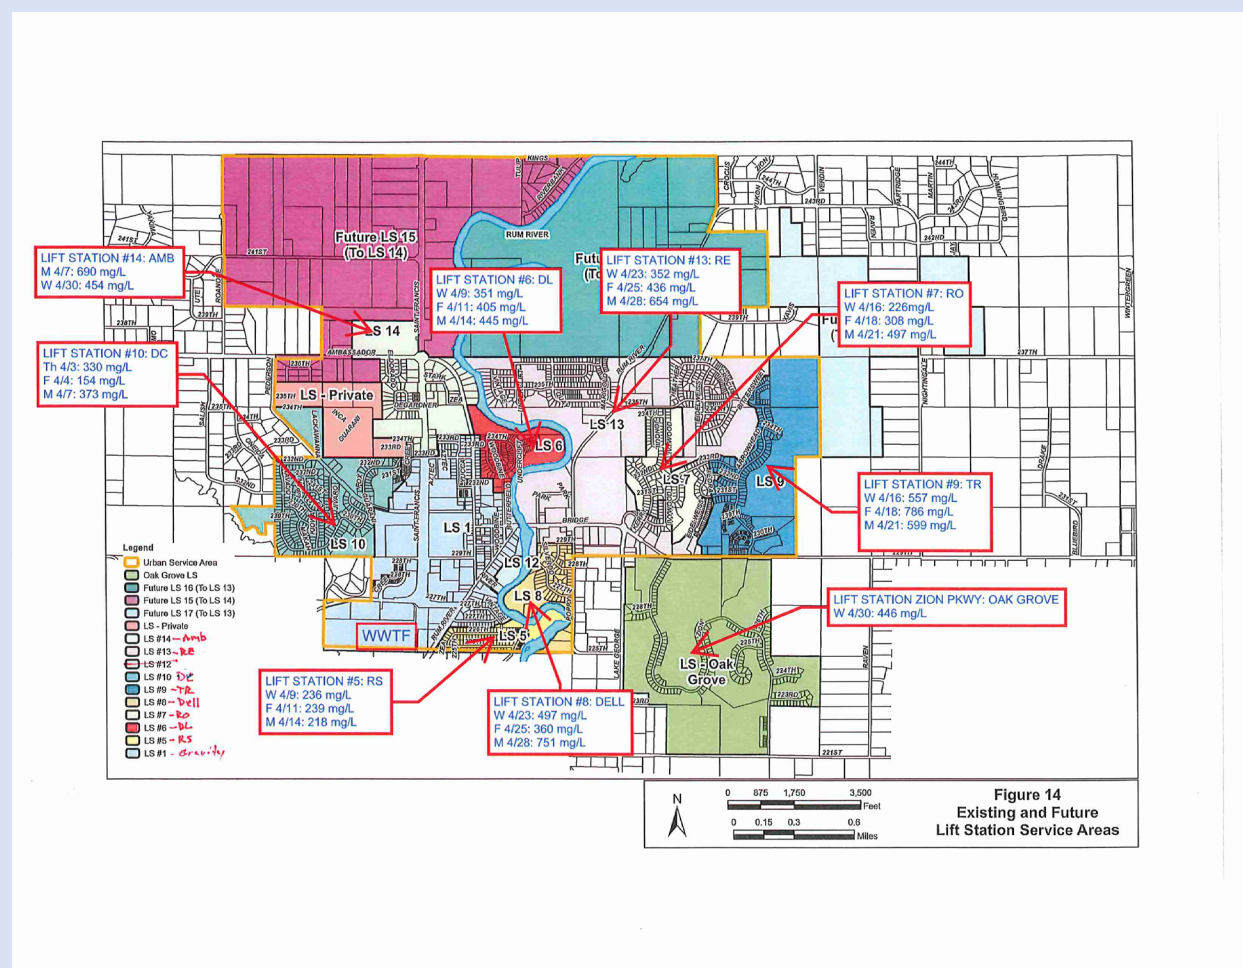

Facility Report: Wastewater Treatment Facility, lab results

	Influent TSS	224	Mg/l
Limit: (15 mg/l)	Effluent TSS	0	Mg/l
Limit: (85 %)	TSS % Removal	100	% Removal
	Influent CBOD	218	Mg/l
Limit: (15 mg/l)	Effluent CBOD	0	Mg/l
Limit: (85 %)	CBOD % Removal	100	% Removal
	Influent Phosphorus	6.2	Mg/l
Limit: (1 mg/l)	Effluent Phosphorus	0	Mg/l
	Phosphorus % Removal	100	% Removal
	Influent Ammonia Nitrogen	28.4	Mg/l
Limit: (Seasonal) 1.4 mg/l	Effluent Ammonia Nitrogen	0	Mg/l
	Ammonia Nitrogen % Removal	100	% Removal

Summary: The wastewater treatment facility met all MPCA assigned limits this quarter.

Locates	Process Locate Requests	98	Utility Locate Requests
Water/Sewer Connections	Inspect Water and Sewer	2	Inspections
Water Miscellaneous	Work orders: Meter inspections.	0	Work Orders

Chlorides: In May, staff implemented a city wide, chloride testing program to determine what areas of town have the highest concentration of chloride in wastewater. Staff utilized a portable sampler and sampled for seven days in each lift station, collecting three samples for the week. With the exception of three service areas, all other service areas exceeded the future calendar month average of 354 mg/l. This information will be used to assist with softener optimization and our rebate program.

Completed Projects:

Water Tower: The RPZ for the fill station failed. A new one was ordered, installed and is operational.

Well House: Staff completed painting the exterior of the building.

Biosolids: Fergus Power pump completed the first part of solids pressing and tank cleaning. They will be back in September to finish.

Lift Station Maintenance: Staff completed maintenance on all the lift stations. This includes oil changes, clean out and alarm checks.

Hydrant Flushing: Staff completed hydrant flushing of over four hundred hydrants.

Gate Valve Exercising: Staff exercised gate valve to ensure working order.

DL-6 Lift Station: Staff had to repair pump cord and cap on one pump, and replace the seal in another.

PW/PD Cameras: Staff replaced all the lens caps on the cameras at our facility. The old caps were hindering image quality.

Thank you,

Parish Barten
