Be a part of the vision and get involved...volunteer for a City Board or Commission! For more information or for an application, go to www.sthelensoregon.gov or call 503-366-8217.

COUNCIL ACTION SHEET

To:	The Mayor and Members of City Council	
From:	Mouhamad Zaher, Public Works Director	
Date:	December 7th, 2022	
Subject:	Award Pickup Purchase for Public Works Operation	

Background:

The 2021/22 Budget included a \$70,000 for the purchase of a new pickup Truck for use by the Public Works Operation Division. This will replace Vehicle No. 40, a 2009 Ford Sport Trac which was declared a surplus last year due to it's major mechanical and safety issues, in addition, it has also reached the end of its useful life. A specification was prepared by the city mechanic Brett Long, which was reviewed and approved by the Public Works Director.

State contracting law allows utilization of a cooperative procurement process for obtaining competitive bids to streamline the purchasing process and save costs. Competitive bids for vehicles were performed. The low bid was provided by Emmert Motors, a local auto dealer at a total amount of \$44,845.00. An additional quotes were requested from other auto dealers for a similar vehicle & the costs were higher at \$49,985.00 from Speedway Chevrolet & \$52,035.00 from Chevrolet of Bend.

Recommendation:

Council award bid for the vehicle purchase to Emmert Motors, in the amount of \$44,845.00.

Attachment:

Emmert Motors quote & Car Window Sticker.

EMMERT MOTORS

4.4 ★★★★★ 43 Google reviews
Chevrolet dealer in St. Helens, Oregon

Scott says "Clear and direct in all interactions. No games, just business. So good that we worked with them to find a dealer locate vehicle to purchase. Thank you Riley!"

Donnielle says "Cameron was very helpful and worked hard to get us the car we wanted. We will be recommending him for sure."

Leah says "We had such a great experience here! We actually bought TWO cars from Emmert. They are nice, relaxed, and very great to work with! When our leases expire, we will probably get two more from them." 😊

This initial email allows you to have my contact information so that if you have any questions regarding this vehicle you have a contact person to speak with who is familiar with it.

My goal is to make sure you have all the information available to you so you can make a strong financial decision. Shopping the Internet has many benefits. However it does not tell you everything you need to know. I would like to do your business making sure we go through the proper steps to work toward your willingness to visit us here at Speedway Chevrolet.

Please feel free to email me or call me direct so I can answer all your questions. If you would like to schedule at time to come and test drive this vehicle I will have it ready for you up front. *Your time is very important to me.*

Thank you again for the opportunity to assist you on your next purchase.

Sincerely,

Shane Hagans
Executive Sales & Fleet

City of St. Helens
RESOLUTION NO. 1648

**A RESOLUTION ESTABLISHING GUIDELINES FOR THE APPOINTMENT
OF ST. HELENS BOARD, COMMITTEE AND COMMISSION MEMBERS,
SUPERSEDING RESOLUTION NO. 1521**

WHEREAS, the City Council wished to establish the same guidelines for recruitment, interviews and appointments for all City boards, committees and commissions, and adopted Resolution No. 1521 on August 12, 2009; and

WHEREAS, Resolution No. 1521 established general recruitment, selection and appointment guidelines for appointments to the City of St. Helens boards, committees and commissions; and

WHEREAS, the Council wishes to update the guidelines adopted in Resolution No. 1521 to better meet the needs of the City.

**NOW, THEREFORE, THE COMMON COUNCIL OF THE CITY OF ST. HELENS RESOLVES AS
FOLLOWS:**

1. The City Recorder shall send a press release to the local newspaper of record announcing all board, committee and commission vacancies as they become available. A "vacancy" is defined as an unoccupied position, resulting from a voluntary resignation or involuntary termination. A member whose term expired does not create a vacancy, unless that member is resigning at the end of his/her term or the majority of the board, committee or commission wishes to terminate said member.
2. Any individual or group is encouraged to submit names for consideration to the City.
3. All new applicants shall submit a written application to the City Recorder's Office.
4. Members wishing to continue their appointment for another term will inform the City Recorder but need not submit a new application. If a member has served two consecutive full terms, a press release shall be sent to the local newspaper of record, each subsequent term expiration thereafter, to solicit new applications for that position. The incumbent may be reappointed at the discretion of the interview panel and City board, committee or commission. If an individual has been off a City board, committee or commission for a year or more, they must complete a new application.
5. The recruitment period to the board, committee or commission shall be for a finite period. At the end of the advertising period, the Council liaison shall determine if the pool of candidates is sufficient to continue with the selection process or may continue the recruitment period for a set or unlimited period until it is determined there is a sufficient pool of candidates.
6. The Council liaison to the board, committee or commission shall be responsible to assemble an interview committee. The interview committee shall be responsible to make recommendations via the Council liaison to the Mayor and City Council.
7. Appointments must comply with any ordinances, bylaws, Charter provisions, or state or federal laws concerning the board, committee or commission. In the event of any inconsistency between these policies and a chapter relating to a specific board, committee or commission, the specific chapter shall control.
8. In order to become more familiar with each applicant's qualifications, the interview committee may interview all or a shortlist of applicants for a position. The number of applicants to be interviewed is at the interview committee's discretion. The interview committee also has the discretion to reject

all applications in favor of re-advertising if no applicants are found to be suitable for the board, committee or commission.

9. Reappointments to a City board, committee or commission shall be considered in accordance with the guidelines listed in this section, together with the type of service the individual has already given to the board, committee or commission and his/her stated willingness to continue.
10. Consideration should be given to residents outside the City when the board, committee or commission or function serves residents outside City boundaries.
11. Board, committee or commission members shall not participate in any proceeding or action in which there may be a direct or substantial financial interest to the member, the member's relative or a business with which the member or a relative is associated, including any business in which the member is serving on their board or has served within the previous two years; or any business with which the member is negotiating for or has an arrangement or understanding concerning prospective partnership or employment. Any actual or potential conflict of interest shall be disclosed at the meeting where the action is being taken.
12. Board, committee or commission vacancies are filled by appointment of the Mayor with the consent of Council. Board, committee or commission members shall serve without compensation except the Planning Commission that may receive a monthly stipend at the discretion of the City Council.
13. Individuals appointed to one City board, committee or commission shall not serve on any other City board, committee or commission during the term of their appointment; provided, that the Council may waive this limitation if it is in the public interest to do so.

PASSED AND ADOPTED by the City Council on this 18th day of December, 2013, by the following vote:

Ayes: Locke, Carlson, Conn, Morten, Peterson

Nays: None

/s/ Randy Peterson

Randy Peterson, Mayor

ATTEST:

/s/ Kathy Payne

Kathy Payne, City Recorder

PLANNING COMMISSION

Tuesday, October 11, 2022, at 7:00 PM

APPROVED MINUTES

- Members Present:** Vice Chair Russ Hubbard

 Commissioner Audrey Webster
 Commissioner Russ Low
 Commissioner Sheila Semling
- Members Absent:** Chair Dan Cary
- Staff Present:** City Planner Jacob Graichen
 Associate Planner Jennifer Dimsho
 Community Development Admin Assistant Christina Sullivan
 Councilor Patrick Birkle
- Others:** Brady Preheim
 Matthew Alexander
 Mark Cooper
 Bruce Heintz

CALL TO ORDER & FLAG SALUTE

Chair Cary was absent, so Vice Chair Hubbard was the acting Chair.

TOPICS FROM THE FLOOR (Not on Public Hearing Agenda): Limited to five minutes per topic

There were no topics from the floor.

CONSENT AGENDA

A. Planning Commission Minutes Dated September 13, 2022

Motion: Upon Commissioner Semling's motion and Commissioner Low's second, the Planning Commission unanimously approved the Draft Minutes as written dated September 13, 2022. [AYES: Commissioner Toschi, Commissioner Webster, Commissioner Low, Commissioner Pugsley, Commissioner Semling; NAYS: None]

PUBLIC HEARING AGENDA (times are earliest start time)

B. 7:00 p.m. Conditional Use Permit and (2) Variance Permits at vacant property to the east and south of 150 N 15th Street.

The Public Hearing was opened at 7:01 p.m. Associate Planner Jennifer Dimsho presented the staff report dated October 4, 2022. She oriented the Commission with where the property was located. The area where the project is proposed is in the Houlton Business District (HBD), which allows for mixed use properties. She said the applicant proposed a mixed-use building with commercial and residential

dwelling units on the ground floor and residential dwelling units on the second floor. Because they propose dwelling units on the same level as non-residential, there is a Conditional Use Permit required. She also mentioned the applicant was requesting two variances. One variance was for exceptions to the multi-family site development review standards and one for setbacks.

She said the applicant is working on two developable land parcels that they plan to tie together with a land restriction covenant which means the lot would never be able to be sold separately (while shared improvements are in place) and the Commission can look at the whole area as one lot for this project. She mentioned the property abuts four developed roadways which is another unique and somewhat constraining situation for this project.

She said when developing multi-family residential in the HBD, you must comply with the Apartment Residential standards. She shared the minimum setbacks required for this zone as 20-feet for the front and 10-feet for the side. She said the applicant proposed two feet for the front and side yards which shows the need for the variance. She said for the commercial units there was a zero-setback requirement unless there were pedestrian amenities in lieu of the setback. She did say the applicant proposes to have a rock garden, landscaping, seating, and walkways for the pedestrian amenities.

She discussed the landscape design. She mentioned the applicant would have street trees to help create screening. She also said when there is mixed use, where a residential unit abuts a commercial property there is a buffering requirement. She said with what is proposed they would normally require a 10-foot buffer. She said the situation proposed there was no room on the design for this requirement, but there is an in lieu of buffering standard. It says the applicant can provide an alternative if it provides the same degree of screening as required by the development code. She shared there was already a fence along the unit and the applicant proposed to add privacy slats and the Commission could also require an 8-foot landscape strip on the abutting property. If landscaping is required, they would need an easement from the neighboring property.

She discussed the parking and that there was an adequate amount of parking available to meet the development code, partly because the HBD allows on-street parking to count towards off-street parking requirements. She mentioned there was a maintenance and shared access easement in place for both properties.

She said the applicant would like to share the trash enclosure with the abutting vet property. She said there is currently a 225-square foot enclosure and only a 28-square foot requirement so even with the new use, they would have an overage of space. She also said there should be revised plans submitted that address the access to the enclosure and make it safe for pedestrians.

She discussed the shared outdoor recreation area required by the development code was 1661-square feet. She mentioned the proposed project was about 500 square feet short of this requirement. She said there was some flexibility in the development code that allowed a public recreation area less than a quarter mile away from the development to be considered. She mentioned there were three parks that were within this distance. The code also allows for less shared space if the private space is larger than required.

She also discussed there was a residential bathroom window located on the ground level that would need revised plans to show it removed, or the Commission could just require a privacy glazing since there is not enough distance from the street.

She said in previous decisions, if sidewalks were already in place along the streets that were in good condition, there was not a requirement to redo the whole thing to the new Corridor Plan street standard. She said there would need to be improvements to the sidewalk and the driveway approach along Columbia Blvd. She recommended about 75-feet of reconstruction of jagged and broken concrete and trip hazards. She also said the applicant proposed a walkway and some reconstruction as well

along the Columbia Blvd frontage. She said because they were doing over 50-percent reconstruction, staff also recommended reconstruction of the cross section to the adopted Corridor Plan standard.

She discussed the variance requests. She mentioned the first requirement is that they are not detrimental to the abutting properties. She said they would also need to have a special circumstance. She shared how there was no direct impact to neighboring and abutting properties. She also reiterated the special shape of the property and how it abuts four streets which means there are larger frontage and side yard requirements as well. She said the second variance was to give them some flexibility in how they design their building. She said the design was a nice appearance and would fit into the area.

City Planner Jacob Graichen discussed the sewer conveyance and capacity. He said the utility connections were figured out when the site was first divided. He mentioned currently the city has a large portion of pipes that cannot handle the flow (i.e., above capacity). He showed them the current Wastewater Treatment Plan and how it would affect the proposed development on this project. He mentioned the city is working diligently to repair and upgrade the wastewater lines. He spoke about how the City Council had discussed a possible moratorium and other options to help with the amount of impact on the critical lines. The Council decided on a fee to be applied to those that plan to connect to the sewer lines. He also said the city could require an indemnification condition to protect the city from fines and such resulting from surcharges.

There was a small discussion on implementation of the condition of indemnification.

Alexander, Matthew. Applicant. Alexander works with Lower Columbia Engineering and is the representative for the applicant. He said his clients did not feel comfortable with the indemnification condition. He said the lot was very oddly shaped and they could not fit another building on the smaller lot, which is why they decided to combine them together. He discussed the sidewalk improvements. He said they would prefer to just sawcut the sidewalk to make it even the whole way down. He also said they were willing to move the fire hydrant and utility pole to be out of the way of the sidewalks as well. He mentioned that redoing the whole sidewalk itself could be a significant financial burden to his clients as well. He said they were willing to build the walkway to get them out of the parking lot safely. He said they were willing to screen the residential areas from the abutting property, but mentioned the buildings were far enough apart and there was only a service door on the one side of the building, that they felt the slats to the fence would be plenty of buffering between the two. He also discussed some of the color choices and design of the building.

King, Kathryn. Applicant. King is the owner of the property. She said they purchased the two lots with the hopes of developing both residential and commercial properties. She said she felt that St. Helens was a great place for investment and a very lively community that they wanted to be a part of. She also said the residential units were considered with sizeable space and open design to be more middle housing type. She said in the planning portion of their design they were also encouraged to build mixed use as it was needed in the city.

Carpenter, Gavin. Applicant. Carpenter is the owner of the property. He expressed how much they were looking forward to being invested in the community. He did mention they were looking to add well designed building for both commercial and residential purposes. He also expressed concern about the condition for the indemnification as he felt this could really halt development and he would want to consult legal help if it was imposed.

In Favor

No one spoke in favor.

Neutral

No one spoke in neutral

In Opposition

Cooper, Mark. Cooper lives at 125 N 13th Street. He was very concerned about the parking situation. He said there was currently not enough parking for the commercial business that was already there. He expressed there should be more parking onsite required.

Heintz, Bruce. Heintz was called to speak. Heintz said he was developing the two duplexes across the street. Heintz expressed concern about the parking and that there was not enough onsite parking for the residential units. He said he also did not think it was good for the residential units that did not have access to their units from a parking lot, it was directly from the street. He also felt the setbacks needed to be maintained between this property and the abutting property as well for future developers. He said the development should be beneficial to the city, not just for the developer.

Rebuttal

Alexander, Matthew. Applicant. He said he took into consideration how much parking was required by the code and they were providing almost three times the amount required for the development.

End of Oral Testimony

There were no requests to continue the hearing or leave the record open.

Close of Public Hearing & Record

Deliberations

There was a discussion about revised plans being submitted that would show glazing over the ground level bathroom window. The plans would also reflect a walkway from the parking area to the sidewalk to avoid crossing the vehicular drive aisle. The plans would also show updated improvements to the Columbia Blvd frontage.

There was a small discussion on the amount of frontage improvements for Columbia Blvd. that would be required. The Planning Commission discussed that they could extend the amount of time for improvements up to two years to complete the sidewalk to standard. They also discussed doing a partial reconstruction. The Commission agreed that they would not impose a full reconstruction to the developer, but instead just require replacement where damaged or where minor alterations were needed.

There was a small discussion about the buffering between the abutting property and the residential units. The Commission agreed they should have the 8-feet of additional landscaping screening in addition to the fence slatting with a landscaping easement.

There was a discussion on the fee imposed for the connection to the wastewater lines and an indemnity clause. The Commission agreed that there should not be an indemnity clause included for this small of a project.

Commissioner Pugsley asked if there was any study done on how many commercial spaces were needed in the community, like they do for the residential units. Graichen mentioned they do this and that document, the Economic Needs Analysis, needs to be updated. Dimsho reminded the Commission there was commercial units along with residential in this plan that was proposed.

Motion: Upon Commissioner Low's motion and Commissioner Webster's second, the Planning Commission unanimously approved the Conditional Use Permit and (2) Variance permits with the amended conditions as recommended by staff excluding the indemnity clause. [Ayes: Commissioner

Semling, Commissioner Webster, Commissioner Pugsley, Commissioner Toschi, Commissioner Low; Nays: None]

Motion: Upon Commissioner Webster's motion and Commissioner Toschi's second, the Planning Commission unanimously approved the Vice Chair to sign the Findings when prepared. [Ayes: Commissioner Semling, Commissioner Webster, Commissioner Pugsley, Commissioner Toschi, Commissioner Low; Nays: None]

DISCUSSION ITEMS

C. Architectural Review at 71 Cowlitz Street (The Klondike Tavern)

Dimsho presented the report to the Commission. She said the Klondike was looking to put on a new roof and include a roof hatch to the building. These are permanent exterior improvements which requires review for the Riverfront District guidelines. She said the owner planned to put the hatch on the backside of the building away from the street. There would be no public view of it. The owner mentioned the hatch was necessary because the roof is so high no ladder will reach it. He said it would make it easier to access the roof for repairs, and in the future when they do seismic, they will have easier access to the attic space.

The Commission agreed it was a great placement for the hatch and they saw the need for these repairs.

Motion: Upon Commissioner Webster's motion and Commissioner Pugsley's second, the Planning Commission unanimously recommended approval to staff of the architectural review as presented. [Ayes: Commissioner Semling, Commissioner Webster, Commissioner Pugsley, Commissioner Toschi, Commissioner Low; Nays: None]

D. Discussion of a joint Planning Commission/City Council Meeting in 2022

The Commission discussed a joint meeting, and because of the long-time Commissioners and Council members that would be leaving, they felt it necessary to meet before the end of the year. They suggested the dates of December 13th or 14th as an option to be decided by the City Council.

E. Discussion of Comstock Decision

Graichen shared the decision that was made by the City Council for the Comstock decision. He mentioned they revised their plans to meet the R7 zone requirements. This meant that no lot was less than 7,000 square feet. He said the Council did approve it, with an additional "fair-share" fee due to wastewater system conveyance deficiencies.

PLANNING DIRECTOR DECISIONS (previously e-mailed to the Commission)

- F. Partition at 700 Port Avenue – Greg & Dawn Pellham
- G. Sensitive Lands Permit at 34959 Roberts Lane – Keepers
- H. Accessory Structure at 2714 Sykes Road – Olson
- I. Temporary Use Permit at 71 Cowlitz Street

There was no discussion of the Planning Director Decisions

PLANNING DEPARTMENT ACTIVITY REPORT

J. Planning Department Activity Report - September

Commissioner Toschi asked about the RV on the Church Property. Graichen said they spoke with the church a few times, and they were quick to respond and had them removed appropriately, though it took longer than anticipated.

PROACTIVE ITEMS**K. Update on HB 3115 Proactive Study**

Commissioner Toschi said he had attended a meeting hosted by a State Representative and two of their City Councilors from Portland and what they were doing to end their homelessness crisis. He said they were mostly discussing creating homeless camps and diverting some of their funding to pay for it. He said there would be a tax imposed on the high-income earners as well. He said they were forthright that they did not have a good idea of how many homeless they had. He said he asked questions about how the homeless were arriving in Portland and they did not have an answer. He said he felt that solutions were being implemented without a real understanding of the problem. He said he would like to successfully maintain the environment that St. Helens already has and to do that, they needed to continue moving forward with the study on their laws and that they are meeting the humane guidelines. He said that he wanted to go before the Council and discussing how to move forward with this study.

FOR YOUR INFORMATION ITEMS

There were no For Your Information Items.

ADJOURNMENT

There being no further business before the Planning Commission, the meeting was adjourned 11:01 p.m.

 Rachael Barry

Councilors in Attendance

Staff Present

Suzanne Bishop, Library Director
 Dan Dieter, Library Board Secretary

CALL MEETING TO ORDER: The meeting was called to order at 7:17 pm by Chair Dunn.

INVITATION TO CITIZENS FOR PUBLIC COMMENT: N/A

PREVIOUS MEETING MINUTES: Minutes were reviewed and approved.

OLD BUSINESS: STRATEGIC PLAN UPDATE: Government Affairs Specialist Rachael Barry asked board members if they had any stakeholder names or any questions that might be used to gain a better understanding of the community's perspective of library services. The group discussed the myriad stakeholders that might be contacted and how to go about dividing the list to make those contacts. Specialist Barry populated an online sheet with potential groups, such as city government, the food bank, educators, as well as individuals in the community like seniors, students and folks that live outside the city. Member Gaelrun-Maggi mentioned that one group that was included in the last strategic plan was Spanish speakers, and that we may have had a difficult time reaching that

group. Member Jacobson stated that she would contact the Food Bank. Member Pettit stated that she has been talking with Justin Walker at the St Helens Senior Center about what library services might be needed there. Member Martin asked about the folks who might not be able to travel to the library, which led to the question of whether the Grange might be a good location for folks living in the rural areas. Member Mann suggested piggybacking onto mailing lists from the school district. Member Davis asked about outdoor groups like folks who are fishing and hunting. Chair Dunn asked about the performing arts groups, like thespians. The group then discussed what types of questions to ask the stakeholders, i.e., services already being provided and services that might be provided in the future. Questions like "if money wasn't an issue, what would your ideal library look like?" Member Davis asked how the groups might be split up. Chair Dunn stated that he and Jessica could take the educators list, Member Pettit stated that she would like to work with Councilor Birkle to talk to the rural groups and Justin Walker at the Senior Center to talk about their service needs.

NEW BUSINESS: Member Gaelrun-Maggi stated that she is preparing for this year's Kiwanis's Children's Fair. Member Gaelrun-Maggi works in the Parks and Recreation department and will host a table at that event for her department. She stated that the library board could share space at her table if they wanted to. This year's event is scheduled at the McBride School on October 29th from 10:00 am to 4:00 pm. Member Gaelrun-Maggi also shared a screen with information about this year's Trunk or Treat event. Member Gaelrun-Maggi will be running the table for the Parks and Recreation department and the Library. She asked the group to pick a theme, either "Under the Sea" or "Candyland." There will be candy to hand out as well as flyers and other items. The board can help with setup from 3:00 pm to 5:00 pm, the event from 5:00 pm to 8:00 pm or the breakdown from 8:00 pm to 9:00 pm. The event will be held at St Helens High School. Director Bishop stated that the Friends of the St Helens Public Library (the Friends) donated funds for the purchase of bookmarks for the event. Member Gaelrun-Maggi stated that she will send out an email to board members with more details.

LIBRARY DIRECTOR'S REPORT: Director Bishop welcomed new board member Ellen Jacobson. She stated that she will be part of the Youth Librarian interview that is scheduled for tomorrow [October 11, 2022]. The interviewee has worked with multiple age groups and has experience with a Makerspace. Director Bishop reported some of the statistics from this year's Summer Library Challenge, e.g., there were 679 total participants, with 157,148 minutes read, and a total of 254 awards handed out. Makerspace Technician Allen Hansen met with Fab Lab Coordinator Sarah Burns from the Portland Community College Oregon Manufacturing Innovation Training Center (PCC-OMIC) to talk about collaboration. This may allow makers using our space to gain access to the facility to work on projects there. Director Bishop stated that the Repair Fair is continuing to be organized and we have 5/6 volunteers so far. It is scheduled for November 5th here at the Columbia Center. Board members were asked if they, or someone they know, might be interested in helping, to let library staff know. In other news, Director Bishop stated that the library will be closed Thursday November 24 through Saturday November 26 for Thanksgiving. The next staff meeting will include a

postponed fire drill. The library is handing out Covid-19 test kits that were brought to us by Columbia Health Services (CHS). So far, we have handed out 170 tests, and CHS has delivered 180 more for distribution. The display cases in the hallway will be used for a musical instrument display. Les Watters from the Columbia County Museum Association and Teresa Knight from the Columbia Arts Guild will be putting the display together. Some future display topics will include history of the St Helens waterfront and rocks and gems. The Friends have donated funds to pay for Halloween goodies for the Trunk or Treat event as well as funds for the purchase of new egress windows for the children's room. Director Bishop also talked with Todd Jacobson of Columbia County Mental Health (CCMH) about the desire to find a way of getting library cards to houseless / homeless folks in the community. Th CCMH might take responsibility for lost or damaged items if that is an impediment to card access.

CITY COUNCILOR'S REPORT: N/A

DISCUSSION ITEMS: Member Gaelrun-Maggi stated that there seems to be ongoing confusion about the name of the Columbia Center, with some referring to the building as the Library Community Center. Member Mann gave an update on the National Novel Writing Month (NaNoWriMo) annual activity. This year's event will be in person, allowing for all the usual activities like the late night write and other events for the participating writers. They will have a dedicated space in the building for the month of November. Member Pettit stated that the Friends will have their book sale on Friday October 21 and Saturday October 22. They are looking for volunteers to help with setting up on Thursday and putting things away on Saturday. A volunteer for the Friends took three boxes of books over to the jail and that was well received. The Friends also donated a thousand dollars for the egress window in the library and about two hundred dollars for the Trunk or Treat event.

SUMMARIZE ACTION ITEMS: Specialist Barry will send out an email in a week or two with a stakeholder list. If anyone is interested in volunteering for the Repair Fair or the Friends' book sale, please contact those groups when you can.

NEXT MEETING: The next regularly scheduled meeting will be Monday, November 14, 2022, at 7:15 p.m. via Zoom.

ADJOURNMENT: Chair Dunn adjourned the meeting at 8:32 pm.

✂
