### TOPICS FROM THE FLOOR: From attendees not otherwise of the agenda

- ◆ Steve Toschi. He is opposed to Locke/Dillard Street Vacation. It's not in the best interest of the public. It's taking public land away and giving it to a developer. It was meant to be a path to the river and has incredible views of the river. The path was supposed to be paid for by Wayne Weigandt but was never done because of the steepness. The City never acted on it. It's a nice place for people to overlook the river. These areas are extremely important to access the river, which is important to the community. There has been a lack of activity by the City, which could have been an influence of Mr. Locke in the past. He urges the Parks & Recreation Commission to preserve these areas for the citizens. We cannot have too many parks in the city. He is glad to see they are looking at this. He asks them to reject the proposal and itemize all the public detriments.

### NEW BUSINESS

#### 1. Street Vacation Discussion- Dimsho (20 min)

Associate Planner Dimsho reviewed the Street Vacation application. There are some trails and recreational components affected by the Street Vacation.

- Explanation of what a Street Vacation is
- Planning Commission did not recommend approval
- Reviewed the eligibility for a Street Vacation
- Applicant is required to obtain signatures from two-thirds of affected property owners. They received 72.3%.
- Need all signatures from abutting property owners. There are four applicants, and they all signed.
- Public hearing is August 3, 2022, at 6:00 p.m.
- Council must determine three things:
  - Has the consent of the property owners been obtained?
  - Whether the notice was proper?
  - Is it in the public interest?

Dimsho talked about the three streets involved. The Parks & Trails Master Plan includes a public trail that runs from the end of Columbia Blvd. northward along N. River Street. The Commission recommended updating that trail in safety and appearance, as well as a viewing area. They don't know exactly how much area will be needed for the improvements. Staff recommends not doing anything on Columbia Blvd. or N. River Street until that is done. It is not in the public's interest to remove what is existing. Dimsho pointed out the area on N. 1st Street that would serve well for a trail. Staff does not recommend giving that right-of-way away either. They do have a small area they recommend approving for a Street Vacation at the corner of Columbia Blvd. and S. River Street. Staff does not think it should be vacated for the same reason as this Commission.

Blumenthal talked about the need for disability access.

Belcher pointed out a house on 1<sup>st</sup> and asked about utilities. Dimsho pointed out utilities. Did not recommend that area.

Belcher said the urban trail will run through that area. There will be a crosswalk to access the overview. The City should not vacate for stated reasons. This is public interest. It will make the City a better place. He really wants to see an overlook in that area.

Blumenthal pointed out the narrowing of the streets. Dimsho agreed that you lose all control when the right-of-way is vacated.

**Motion:** Motion made by Commissioner Blumenthal and seconded by Commissioner Woodruff to recommend Council follow the Planning Commission's recommendation to deny the entire Street Vacation. **Vote:** Yea: Commissioner Belcher, Commissioner Blumenthal, Commissioner Woodruff, Chair Pettit, Vice Chair Sundeen, Commissioner Lathrope, Commissioner Jacobson

## **2. Guest visitor- Jim Davis- Sundeen (10 Min)**

Sundeen introduced Jim Davis. He was the Parks Supervisor from 1972 -1998. He reviewed projects Jim spearheaded including: the first Parks Department building, the first park shelters, Godfrey Park, McCormick Park, planted numerous roses, as well as many other endeavors. Thanked him and presented him with a certificate of appreciation for his dedication and commitment that we still benefit from.

Jim shared some pictures with the Commission from his time working at the City.

## **3. St Helens Boise Park/Survey – Pettit (10 min.)**

Pettit visited the Boise Park. It is beautiful. It is a wetland mitigation area. She is going to talk to Dimsho more about the survey marker locations. It hasn't been used for many years and is very overgrown. It would be wonderful for families to visit there. She would like to discuss designating it as a woodland preserve.

Blumenthal said there is a lot of poison oak there.

Belcher agreed it is a very pretty area.

Pettit was first told about the area by Councilor Birkle.

Councilor Birkle agreed that it is a potential jewel for the City. It's important to review it with the St. Helens Industrial Park Plan. There is an intent to maintain at least a 50 foot trail along the creek. He would be happy to visit the site with anyone.

Blumenthal talked about the discussion about an RV Park in that area in the past. Councilor Birkle said that has been discussed but no final decisions were made. Blumenthal talked about the advantages of a walking trail there.

#### **4. Urban Trail Budget- Belcher (15 min)**

Belcher reviewed the proposed budget. A copy is included in the packet. He would like to ask Council to request City staff create a budget based on this proposal. There is potential grant funds for this project, but they need a plan and budget. It will connect five parks and draw people to the area.

Belcher talked about the needs for directional signage, safety improvements, and communication. Woodruff suggested that signage include mileage markers for people to know distances. Jacobson asked about shortcuts. Belcher responded that the regulars would know and that eventually they would like a map with a scannable code.

**Motion:** Motion made by Commissioner Belcher and seconded Commissioner Lathrope to recommend City Council direct City staff to create a budget for the Urban Trail based on the proposal. **Vote:** Yea: Commissioner Belcher, Commissioner Blumenthal, Commissioner Woodruff, Chair Pettit, Vice Chair Sundeen, Commissioner Lathrope, Commissioner Jacobson

#### **5. Overgrown Walking Path on Old Portland Rd- Blumenthal (10 min)**

Blumenthal reviewed the area of the overgrown walking path on Old Portland Road, between S. 4th Street and S. 7th Street. He would like to see the City improve maintenance in the area.

Blumenthal mentioned that the bicycle pathway near Walmart that is overgrown. He would like to see improved maintenance or signage if the bicycle lane is closed.

Pettit pointed out that people use the bike lane from Gable Road to Highway 30 as a turn lane. Blumenthal said the lanes need to be repainted.

Duggan will follow-up on the walking path with staff.

#### **6. Park Update: Campbell Park – Lathrope (10 min.)**

Lathrope reviewed a Campbell Park update. A copy is included with the packet.

- Amenities
- Use
- Maintenance
- Observations
- Accessibility
- History
- Potential
- Vandalism and possible solutions
- Recommendations

Sundeen asked if there is a plan to replace the tables in Campbell Park. Duggan responded that tables are replaced every new budget year. Columbia View Park will be next and then Campbell Park.

Lathrope asked about the covered areas. Is there a plan to add water and electricity. Duggan explained that they have been doing some updates to that park. They have discussed moving the playground to the front to increase safety and then put a dog park in the back. They don't want to spend a lot of money in that area until they know what they're doing for sure. They haven't had Work Crew consistently to help with parks cleanup.

Belcher asked if Campbell Park receives more vandalism and why. Duggan said they do have more vandalism. She thinks it's because it's accessible from all sides and in the middle of a community with areas to hide. They have discussed removing some of the outbuildings that are used to hide. A challenge to putting cameras in the area is the lack of WIFI.

Pettit complimented Park Supervisor Tory Shelby on the video. They do a lot. Duggan agreed. They're a small group but get a lot done. Some projects are on hold due to rainfall.

Pettit said there is a lock on the water at Walnut Tree Park and she is unable to water the flowers. Duggan will check with Shelby on that.

Duggan added that they have added more parking, benches, and a kiosk. It would be great to get an action plan for the playground.

Lathrope likes the idea of a community garden for the neighborhood to take ownership of the projects there.

#### **7. McCormick Japanese Gardens- (5 Min) Sundeen**

Sundeen talked about the Garden area being overgrown. It will be a big project to tear out and revitalize. He suggests creating a Friends Group for the Japanese Gardens and Veterans Memorial combined. There are other parks that have a Japanese Garden to seek advice such as Longview or Portland. Hugo Tori has replied and said they would like to help.

Jacobson suggested they identify what needs to stay before the work party. Sundeen agreed. A first could be removing the blackberries.

### **OLD BUSINESS**

#### **8. Commissioner's Tour of Sand Island –Blumenthal**

Blumenthal said he contacted the person with the shuttle about accessing Sand Island. They need to pick a date and time. A weekday at 4 p.m. would be best.

Thursday, August 4, 4 p.m., tentatively

### **STAFF REPORT**

Duggan reported:

- Thanked the Commission for all the work they do. Their work does not go unnoticed.
- Received \$150,000 from the State of Oregon for enrichments programs, have hired staff, and holding summer camps.
- Coordinating adult softball Tuesday and Wednesday nights
- Summer Basketball Program, 90 kids signed up so far
- Benches installed at McCormick Park
- Benches installed at Campbell Park
- Benches will be installed at Nob Hill Park
- Staff helped at Citizens Day

- Kiosks installed
- Prepped Columbia View Park for 4th of July
- Movie Nights will begin soon at Columbia View Park
- Received \$15,000 grant from NW ESD Early Learning
- Contacted by Blazers yesterday. They will be here in September with a basketball court
- Multiple partnerships with community organizations
- Erin's last day at the City is tomorrow. Send interested people her way.
- Parks & Recreation month
- There will be a grant with Parks & Recreation coming in the fall that may be able to be used for the urban trail
- It slows down for them a little bit in the fall and winter. They'll be looking at high value projects that need to be done now

Pettit asked if they could look for grants themselves. Duggan will verify that. They need to make sure the grant is worth the resources that it will take for staff.

Belcher asked where Recreation Basketball takes place. Duggan said it is at the middle school. They don't pay to rent the facility, but they have to do all the setup and cleanup.

Pettit asked how the Recreation Center building is being used. Duggan said it's used for sports, tween and teen nights, summer camps, etc. Pettit suggested they partner with School District to get volunteers working in the parks. Duggan agreed. They do offer a teen volunteer service camp each year. She is also working with a counselor at the high school that helps students get credits for volunteering. She developed a Councilor in Training Program this year to help with camps. It was a soft launch this year and she plans to expand it next year. She would love to see a program to adopt park areas for a short time.

Lathrope talked about community support for Campbell Park. Duggan said if it's done directly for the City, there is a donation form.

## **COUNCILOR'S REPORT**

### **DISCUSSION ITEMS**

Blumenthal reported:

- Civic Pride Park is underdeveloped. That would be a great location for a community garden.
- Need to keep an eye out for widow maker trees
- Nob Hill Nature Park. Caroline tallied 72 hours just for the two of them in the last six months. Spring work party was 59 hours. Native plants need supplemental water.

Jacobson talked about open spaces available at the community garden.

Lathrope asked if anyone had any concerns about moving forward on a mural project.

**Motion:** Motion made by Commissioner Lathrope and seconded by Commissioner Belcher to move forward on investigating murals for the concession stand and bathroom buildings at Campbell Park. **Vote:** Yea: Commissioner Belcher, Commissioner Blumenthal, Commissioner Woodruff, Chair Pettit, Vice Chair Sundeen, Commissioner Lathrope, Commissioner Jacobson

### CALL TO ORDER – 4:01pm

Pettit stated that minutes from last meeting will be reviewed and voted on next month.

### TOPICS FROM THE FLOOR: From attendees not otherwise of the agenda

- ❖ Steve Toschi. The parks are very important to him and his wife. They have walked in almost every park, the urban trail, the Nob Hill trail, etc. Where he lived in California, they used those parks all the time. Applaud the work of the Parks & Recreation Division. Brenda talked about the importance of water and nature views at the Keith Locke street vacation. It has really benefited him. He is a supporter. Thank you for recommending denial of the street vacation. Public access is extremely important. Encouraged the Parks & Recreation Commission to go to the continued hearing in September. The properties were neglected for years. There are always people trying to get the parks. Need to stay vigilant to maintain the parks.

Woodruff says it is safe to say everyone there loves the parks.

Steve wants them to show they aren't going to give up on retaining the space for the public.

Jacobson thinks he needs to show concrete plans before the City gives the property away.

Steve plans to inform the Council of his knowledge. He is afraid that the City will be stuck with a lousy project. No one is taking anything away from him.

Steve also has something on HB3115. He can bring back more information when they discuss it. He requested the Planning Commission begin reviewing it to give a recommendation to City Council.

## **NEW BUSINESS**

### **1. Park Update: BMX Track/Skatepark - Paul Barlow (10 min.)**

Barlow reviewed his report.

#### **BMX Track**

- Have been prepping the track
- Taking care of the blackberry bushes
- Had a large event on July 23. People were happy with the facility and the work that had been done. About 250 people attended.
- Suggested a speed bump in that area. Dragging racing is occurring in the area.
- Continue cleaning it and keeping it nice

#### **Skatepark**

- Event on July 30 with local kids. A scooter company gave away freebies.
- A lot of complaints about the rough surface. Can investigate a seal to make it smoother.
- Pettit said Cycle Columbia County asked if they could use Dalton Lake trails for a family ride. It's already closed, but she suggested using Rutherford Parkway. She is going to walk the trail. It's scheduled for August 24.

Belcher asked about the use of the BMX track. Barlow said they use it once a week. They also did a six-week course. He always sees people using the track when he's down there working.

Woodruff said he also sees remote control cars on the track. Barlow sees the same. He's never brought it up. It doesn't seem to be a concern.

### **2. Motorcycles in Parks - Howard Blumenthal**

Blumenthal reported that a motorcycle came at him at a high rate of speed in Nob Hill Nature Park. He has a video of it and has been working with the Police Department. He is hoping it can be added to social media to identify who it was. An ATV has ridden through during the snow. He wants to have consequences, such as impounding the bike.

Woodruff compared it to camera speeding tickets.

Blumenthal said he came at him and compared it to assault. Repeated that it could be added to social media.

Pettit suggested that it be added to the Parks & Recreation Facebook page.

Jacobson suggested adding barriers to make it difficult to ride through. Blumenthal agreed that they may need to consider it.

### **3. Discuss New State Rules on Homelessness and Camping - Howard Blumenthal**

Blumenthal talked about campers and a possible law allowing people to stay in parks if there are not available shelters in the community. He suggested people look it up prior to the next meeting.

Steve Toschi states he is a licensed attorney and that HB3115 is problematic.

It allows for any person who is experiencing homelessness to challenge camping laws in the City. He has never seen an objectively reasonable opinion. Basically, anyone who wants to complain about any sleeping in the park, can sue the City to say it's unreasonable from the perspective of the homeless. If the judge agrees with them, they win attorney's fees. Has the potential for massive litigation. Homeless advocacy groups can potentially fund many lawsuits. The effect will be the City will have a giant budget of litigations fending off lawsuits. Says he has met and talked with city officials about how to defend sleeping and lying laws. No camping without a permit, and no camping after sundown are current rules in our parks. Steve feels these are the laws that are going to come under attack. He proposes the Planning Commission study law ORS203.079, that says if your laws are humane, they are immune from attack. Propose to review those laws and create a standard of what is humane, which will hopefully insulate the City from attack. Takes effect July 31, 2023, need laws in place by then.

Pettit recommended everyone review that House Bill. Steve suggested they talk to Duggan as well to find out what she knows. He feels homelessness could become a huge problem.

Belcher talked about a Boise law, it is his understanding that if the City had a place for them to camp, they could be moved. Steve elaborated on the Martin vs. Boise case. If you don't have a space that is sufficient for them, they can't enforce the law.

Pettit thanked Steve and will invite him to a future meeting.

## **OLD BUSINESS**

### **Sand Island Tour Discussion - Howard Blumenthal**

Woodruff said the bathrooms could have been a little better but overall, the campground looked nice.

Blumenthal was impressed with the island.

All the Parks & Recreation Commission members went to the Island.

It was asked where the money goes from the lease. Staff in attendance was unsure. They would need to find out.

Would like staff to report where the money goes. Pettit will invite them to a meeting.

Belcher would like to see the display board cleaned up.

## **COUNCILOR'S REPORT**

Not in attendance

## **STAFF REPORT**

Shelby did not have anything to report.

## **DISCUSSION ITEMS**

Pettit said that about a week ago they began their work on the Dalton Preserve. The advisory committee walked the site. They are moving forward. They had to notch the beaver down.

Pettit brought up the old Boise park at the last meeting and suggested members go look at it. It's unique. What does the Commission think about beginning to work on it as a subcommittee? Want to talk to the Port as well because they own adjacent land. Belcher agreed with moving forward on it. It was beautiful when Boise took care of it. Pettit would like a tour of the entire area. Blumenthal suggested a group field trip again. Pettit explained how to access the property. Jacobson talked about the foot bridges there. Pettit explained that a reserve is passive and doesn't have park amenities. Will bring a better description next time. Will send an invite to meet on site.

Barlow arrived at 4:40 p.m.

Pettit received a Special Use Permit for Spirit of Halloweentown. They are going to be using Nob Hill Nature Park and Columbia View Park, beginning in the middle of September. Blumenthal said they never received gravel after Halloweentown last year, had to rebuild the stairwell and shovel gravel back up onto the paths. He considers it a slap in his face to have no input from the Friends of Nob Hill and the Parks & Recreation Commission. Nothing is given back to the park. They are the only Friends Group on the website but are not even consulted by staff or Spirit of Halloweentown staff. They recently bought a people mover for 100+ people. Pettit asked if Shelby is aware. Shelby knows what he is talking about. Blumenthal said that the trail system is going to take a beating if they allow it. Wants to hear plans for the area from Walsh or Duggan. Pettit will talk to Duggan.

Belcher reviewed a grant they found. He gave a copy to Shelby for Duggan. He listed what is available and the match. It fits in with the urban trail and riverwalk. It has to be submitted by September 15. Belcher will follow up on it.

Jacobson reported that he has met with staff about the siting of the new stage. It's currently set back and skewed to one side of the amphitheater. They can look at centering it more. One scenario is to tweak it the other way and more towards the courthouse. They were concerned about the wind in that location. They discussed it more, and decided to leave it. They're going to add a berm near where the splash pad is located.

Blumenthal asked about the Special Use Permit vs. other permits that used to pass through the commission. Ingram explained Exclusive Use Permits used to come to the Parks Commission, but not the others.

**ADJOURNMENT 4:57 p.m.**

# Nob Hill Nature Park

## An Oak Woodland

Relocating the crosswalk here is not an option because in Oregon, every intersection is a crosswalk, whether it is striped or not. A mid-block crosswalk would also not qualify because the distance between the Columbia Blvd/ N Bradley St intersection and the Columbia Blvd/ Hwy 30 intersection is less than 300 feet. A couple of other options to consider are,

(1) Striping the opposite side of the intersection, which may allow drivers to see pedestrians before the curve

(2) Adding an advanced pedestrian warning sign to alert drivers of the crosswalk.
