IV. AGENDA ITEMS

a. Discuss Film Commission reporting structure

The film commission is currently a commission of the city, but it does not generate enough revenue to cover its expenses. The film commission exists to help produce the initiatives and strategies of the city's Economic Development Department.

The film commission is proposed to be brought under the Development Authority to help generate funds and create economic impact. The commission would be managed by the Development Authority as well as the city's Economic Development Department.

Americans with Disabilities Act

The City of Stonecrest does not discriminate on the basis of disability in its programs, services, activities, and employment practices. If you need auxiliary aids and services for effective communication (such as a sign language interpreter, an assistive listening device or print material in digital format) or reasonable modification to programs, services or activities contact the ADA Coordinator, Sonya Isom, as soon as possible, preferably 2 days before the activity or event.

The film commission would also be responsible for driving the entertainment culture in the city and creating economic impact. The commission would be able to generate revenue through events such as the boxing event at the mall. It would also be able to use the 55,000 square feet of vacant space at the mall for events and conferences.

The film commission would be able to generate revenue through the hotel motel fund and the 3% that goes to the designated marketing organization.

The film commission would be able to generate revenue through the 5% that stays with the city. In addition, the film commission would be able to generate revenue through the creation of the following, but not limited to:

- conference space at the theater.
- film festival.
- film and entertainment district.
- film and music industry and the Digital entertainment industry.
- E-sports industry and the opportunity to involve underprivileged children in programming and involvement in these sports.
