PLANNING & ZONING STAFF REPORT

MEETING DATE: February 28, 2022

GENERAL INFORMATION

Petition Number: TMOD 22-001

Applicant: Stonecrest Planning and Zoning Department

Project Location: City-Wide

Proposed amendment: Amendment to Stonecrest Zoning Ordinance, Chapter 27, standardizing land use definitions and terms and to clarify and update the uses allowed in each zoning district.

Facts and Issues:

- So many amendments have been made to the Zoning Ordinance since its original adoption in 2017, that questions often arise as to how the ordinance actually reads, let alone how to interpret it. Even Municode, a service that the city uses to codify the code is not up to date as of the writing of this report. Twelve text amendments alone were adopted in 2021 and none are included on the codified version of the Zoning Ordinance found online.
- To address this problem, staff has prepared two versions of the code in Adobe PDF digital format: (1) A version that includes all known adopted text amendments as of January 24, 2022, and (2) a February 17, 2022 draft version of the Zoning Ordinance that includes this text amendment TMOD-22-001 with all changes denoted by strikethrough and underline.
- For the sake of brevity only the February 17, 2022 version the code is included in the Planning Commission packet. The January 24, 2022 version can be found online on the city website.
- Throughout the adopted zoning ordinance numerous terms are used to describe the same land use, this text modification is an attempt to standardize those terms for the sake of consistency and readability.
- Many terms used in the current Zoning Ordinance are not defined, so additional definitions were added to help with document clarity.

TMOD-22-001

PLANNING & ZONING STAFF REPORT

- In preparing any updated version of the ordinance, several inconsistency and Scribner's errors were discovered which are corrected in this draft text. In short, this text amendment is primarily a much needed housekeeping exercise that should help citizens, developers and city officials all gain a better understanding of what is included in the City's adopted Zoning Ordinance.

Proposal:

- Staff is recommending that TMOD-22-001 be APPROVED as presented in the track changes version of the entire Zoning Ordinance dated February 27, 2022, and as summarized in Attachment 1, TMOD-22-001 Summary of Changes Table
- All of the proposed changes included in TMOD-22-001 are summarized in a 16-page table included in your packet, Attachment 1.
- Note that the table of contents included in PDF of the zoning ordinance is hyperlinked for ease of navigation.

Staff Recommendation: Approval of TMOD-22-001

Planning Commission Recommendation: Planning Commission heard the case on February 1, 2022, and recommends to City Council **a full cycle Deferral** back to the Planning Commission to allow more time to review the proposal.

Chapter 27 ZONING ORDINANCE

ARTICLE 1. GENERAL REQUIREMENTS

DIVISION 1. GENERAL PROVISIONS

Sec. 1.1.1. Short title.

This chapter shall be known and shall be cited as the "Zoning Ordinance of Stonecrest, Georgia," and may be referred to herein as "zoning ordinance" or "this chapter."

(Ord. of 8-2-2017, § 1(1.1.1))

Sec. 1.1.2. Effective date.

This zoning ordinance was adopted on August 7, 2017, and became effective on August 7, 2017 (the "effective date"). As of the effective date, any pre-existing zoning ordinance shall be repealed.

(Ord. of 8-2-2017, § 1(1.1.2))

Sec. 1.1.3. Purpose and intent of code.

This chapter is enacted by the City of Stonecrest to promote the public health, safety, morals and general welfare of the residents of the City of Stonecrest, Georgia, and to implement the Comprehensive Plan. To these ends, this chapter is intended to achieve the following purposes:

- A. To guide and regulate the orderly growth, development, redevelopment and preservation of the City of Stonecrest in accordance with a well-considered comprehensive plan and with long-term objectives, principles and standards deemed beneficial to the interest and welfare of the people;
- B. To protect the established character of both private and public property;
- C. To promote, in the public interest, the wise utilization of land;
- D. To provide for adequate light, air, convenience of access, and safety from fire, flood and other dangers;
- E. To reduce or prevent congestion in the public streets;
- F. To facilitate the creation of a convenient, attractive and harmonious community;
- G. To encourage an aesthetically attractive environment, both built and natural, and to provide for regulations that protect and enhance these aesthetic considerations;
- H. To expedite the provision of adequate police and fire protection, safety from crime, disaster evacuation, civil defense, transportation, water, sewerage, flood protection, schools, parks, forests, playgrounds, recreational facilities, airports and other public requirements;
- I. To protect against destruction of, or encroachment upon, historic areas;
- J. To protect against overcrowding of land, overcrowding of population in relation to the community facilities existing or available, obstruction of light and air, danger and congestion in travel and transportation, and loss of life or health or property from fire, flood, or other danger;

- K. To encourage economic development activities that provide desirable employment and enlarge the tax base;
- L. To promote the preservation of the unique natural and physical resources of the City including forested areas, riverbeds, stream beds, and archaeological sites;
- M. To achieve compliance with all applicable state and federal regulations;
- N. To protect the public welfare by protecting approach slopes and other safety areas of licensed airports;
- O. To provide for and promote housing for all income groups and all citizens within the city;
- P. To implement the authority, powers and duties of the planning commission and the zoning board of appeals pursuant to state and local law, including, but not limited to, Ga. Const. art. IX, section II, ¶ IV;
- Q. To reduce or eliminate the secondary effects of sexually oriented businesses and other establishments that create such secondary effects while protecting legitimate constitutional rights of said establishments; and
- R. To provide for protection of the constitutional rights and obligations of all citizens within the city.

(Ord. of 8-2-2017, § 1(1.1.3))

Sec. 1.1.4. Minimum requirements.

In their interpretation and application, the provisions of this chapter shall be considered minimum requirements for the promotion of the public health, safety, morals and general welfare, as set forth in section 1.1.3 hereof establishing the intent and purpose of this chapter. Within each zoning district, the regulations set forth shall be minimum requirements and shall apply uniformly to each class or kind of building, structure or land, except as may be altered through conditions of zoning applied to specific properties or variances or waivers, as provided for in article 7 of this chapter.

(Ord. of 8-2-2017, § 1(1.1.4))

Sec. 1.1.5. Authority.

This chapter is enacted pursuant to the City of Stonecrest's authority to adopt plans and exercise the power of zoning granted by the Ga. Const. art. IX, section II, ¶ IV; City of Stonecrest's authority to enact regulations and exercise powers granted by the Ga. Const. art. IX, section II, ¶¶ I and III; authority granted by the State of Georgia, the City of Stonecrest's Charter, and the Official Code of Georgia Annotated (O.C.G.A.); the city's general police powers; and other powers and authority provided by federal, state and local laws applicable hereto.

(Ord. of 8-2-2017, § 1(1.1.5))

Sec. 1.1.6. General applicability.

All buildings and structures erected hereafter, all uses of land, water, buildings or structures established hereafter, all structural alterations or relocations of existing buildings occurring hereafter, and all enlargements of, additions to, changes in and relocations of existing uses occurring hereafter shall be subject to all regulations of this chapter which are applicable to the zoning district or districts in which such buildings, structures, uses or land are located. Existing buildings, structures and uses which comply with the regulations of this chapter shall be subject to all regulations of this chapter. Existing buildings, structures and uses which do not comply with the regulations of this chapter shall be authorized to continue subject to the provisions of article 8 of this chapter relating to nonconformities.

(Ord. of 8-2-2017, § 1(1.1.6))

Sec. 1.1.7. Applicability to all property.

The regulations in this chapter shall apply to all buildings, structures, land and uses within the incorporated area of Stonecrest, Georgia.

(Ord. of 8-2-2017, § 1(1.1.7))

Sec. 1.1.8. General prohibition.

No building or structure, and no use of any building, structure, land, or property, and no lot of record, now or hereafter existing, shall hereafter be established, constructed, expanded, altered, moved, diminished, divided, eliminated or maintained in any manner except in conformity with the provisions of this chapter. No use of any land, building, structure or property shall be permitted unless expressly and specifically authorized in the district or districts within which said use is located or by the supplemental regulations contained in article 4 of this chapter. When a use is not directly mentioned, the director of planning may determine that the proposed use is functionally similar to an allowed land use, as listed in Table 4.1, Use Regulations. The city council subsequently amend the applicable definitions in article 9 of this chapter, pursuant to the amendment procedures in article 7 of this chapter.

(Ord. of 8-2-2017, § 1(1.1.8))

Sec. 1.1.9. Interpretation and authority to administer.

The director of planning is designated to administer, interpret and enforce the provisions of this chapter for all proposed zoning, variances, comprehensive planning, and applications requiring zoning compliance, including, but not limited to, subdivisions, site plans, permits and zoning compliance certifications for licenses and occupational taxes. Unless otherwise specified, where this zoning ordinance refers to "the director" or "the planning director," it shall mean the director of planning or his designee.

(Ord. of 8-2-2017, § 1(1.1.9))

Sec. 1.1.10. Components of zoning ordinance.

This chapter and the official zoning map and official overlay district maps of the city on file and maintained by the planning department shall together constitute the zoning ordinance.

(Ord. of 8-2-2017, § 1(1.1.10))

Sec. 1.1.11. Transitional provisions.

- A. *New development.* Upon the effective date of this zoning ordinance or any subsequent amendment thereafter, any new building, structure or lot legally established shall be used, constructed or developed only in accordance with all applicable provisions of this zoning ordinance.
- B. *Existing development.* Any existing use, lot, building or other structure legally established prior to the effective date of this zoning ordinance that does not comply with all of the provisions of this zoning ordinance shall be subject to the provisions of article 8 of this chapter, nonconformities.
- C. *Transition to new zoning districts.* The zoning district names in effect under DeKalb County's prior version of its zoning ordinance are converted as shown in Table 1.1. To the extent other sections of the Code of the City of Stonecrest refer to such previous district names, unless and until such other sections are amended to

reflect a new intent, any reference to such previous district names shall be deemed to refer to both the previous district name and the new district name to which it is converted in this zoning ordinance.

- D. *Pre-existing violations.* Any violation of the pre-existing zoning ordinance for which a citation has been issued as of the effective date of this zoning ordinance shall continue to be prosecuted subject to the penalties existing at the time of the issuance of the citation. If a violation of the pre-existing zoning ordinance existed as of the effective date of this zoning ordinance without a citation having been issued, and if the underlying activity that would have constituted a violation under the pre-existing zoning ordinance would not constitute a violation under this zoning ordinance, the violation shall be deemed to have been cured and no citation shall be issued.
- E. *Completed applications prior to effective date of this zoning ordinance.*
1. Any proper and complete application (as defined in article 9 of this chapter) for a permit, license, rezoning, variance, or other approval that was submitted to and accepted by the DeKalb County planning department prior to the effective date of this zoning ordinance shall be evaluated by the City of Stonecrest based on the applicable law, rules, regulations and development standards in place at the time the application was submitted.
 2. Applicants who submitted an application prior to the effective date of this zoning ordinance but who wish to proceed under the standards of this zoning ordinance may withdraw their application and submit a new application in accordance with the standards in this zoning ordinance and pay any fee required under this zoning ordinance.
- F. *Prior approvals.*
1. *Zoning conditions.*
 - a. Any project that was approved prior to the effective date of the ordinance from which this chapter is derived by DeKalb County may be developed according to the provisions of the previously approved development, program, or plan. Where conditions were attached to such prior approval and such conditions conflict with a standard or requirement of this zoning ordinance, the previously approved zoning condition shall apply. If a previously approved development, program, plan or condition does not address a particular development standard or requirement of this zoning ordinance, the new standard or requirement of this zoning ordinance shall apply.
 - b. If an owner or applicant desires to have the standards and requirements of this chapter to apply instead of standards and requirements established by previously approved zoning conditions, the owner or applicant must apply for a zoning condition amendment, as provided in article 7 of this chapter.
 - c. Notwithstanding subsections A. and B. of this section, when no land disturbance or building permit has been issued on property located in an overlay district and on which a zoning condition was previously approved, and if the previously approved zoning condition is in conflict with the overlay district regulations, the overlay district regulations shall supersede the previously approved zoning condition.
 2. *Development applications.* Projects with valid approvals or permits issued prior to the effective date of this zoning ordinance may be developed in accordance with the applicable law, rules, regulations and development standards in effect at the time of the approval or permit issuance, provided the permit or approval is valid and has not lapsed. Any reapplication for an expired approval or permit shall meet the standards of this zoning ordinance.
 3. *Special land use permits.* Properties subject to a special land use permit that was approved prior to the effective date of this zoning ordinance shall continue to be subject to the terms of the special land use permit and previous zoning regulations even if the zoning district classification is amended to a new zoning district as part of the adoption of this zoning ordinance.

(Ord. of 8-2-2017, § 1(1.1.11))

Sec. 1.1.12. Relation to and conflict with other provisions.

The provisions of this chapter shall be interpreted and applied so as to constitute the minimum requirements for the promotion of the public health, safety, morals, and general welfare. Whenever any provision of this chapter imposes a greater requirement or a higher standard than is required by any federal or state law or other city ordinance, resolution or regulation, the provision of this chapter shall govern unless preempted by said federal or state law. Whenever any provision of any federal or state law or other city ordinance, resolution or regulation imposes a greater requirement or a higher standard than is required by this chapter, the provision of such state or federal statute or other city ordinance or regulation shall apply. Whenever any conflict arises between this chapter and chapter 14 of the Code of the City of Stonecrest, the provisions of this zoning ordinance shall prevail, with the exception of chapter 14, article II, environmental control. Compliance with the provisions of this chapter shall not be interpreted to obviate the requirements for compliance with any and all other provisions of federal or state law, or the Code, including, but not limited to, the requirements for licenses or permits of any kind.

(Ord. of 8-2-2017, § 1(1.1.12))

Sec. 1.1.13. Relation to private agreements.

This chapter is not intended to abrogate, annul or otherwise interfere with any easement, covenant or other private agreement or legal relationship, provided that when the regulations of this chapter are more restrictive or impose higher standards or requirements than such easements, covenants, or other private agreements or legal relationships, the regulations of this chapter shall govern. Private restrictive covenants to which the city is not a party shall not be regulated or enforced by the city under this chapter.

(Ord. of 8-2-2017, § 1(1.1.13))

Sec. 1.1.14. Zoning maps.

The city shall be divided into the zoning districts identified in articles 2 and 3 of this chapter, as depicted on the official zoning maps entitled "Official Zoning Map, Stonecrest, Georgia" (the "official zoning maps"). The official zoning maps, to be adopted contemporaneously with this chapter, together with all explanatory information contained or referenced thereon, is hereby adopted by reference and declared to be a part of this chapter.

The official zoning maps shall be adopted contemporaneously with this chapter in digital format and contained on a compact disk to be maintained in its original, unedited and unaltered form by the clerk to the city council. A printed copy of the compact disk's contents depicting the official zoning maps on the date of its initial adoption shall also be maintained in its original, unedited and unaltered form by the clerk to the city council.

Any subsequent amendments made by the city council to the official zoning maps after the initial date of adoption with this chapter shall be indicated on the digital version of the official zoning maps by the director of planning. The director of the planning shall continuously maintain the digital version of the official zoning maps so that they accurately show all amendments made thereto by the city council since the initial date of adoption, indicating the dates of said amendments. A copy of the updated and current version of the official zoning maps in digital format, showing all amendments thereto since the date of initial adoption, shall be held in the custody of the director of planning.

Any conditions of zoning related to any property, either existing at the time of initial adoption imposed by DeKalb County or subsequently imposed by the city council shall be on the official zoning maps, with reference to the applicable zoning case number. The clerk to the city council shall maintain custody of the minutes applicable to the referenced zoning case numbers adopted by the City of Stonecrest, which state the zoning conditions. The director of planning shall maintain the minutes applicable to zoning conditions adopted by DeKalb County prior to the incorporation of the City of Stonecrest. All conditions referenced in the minutes of DeKalb County on parcels previously imposed by DeKalb County are hereby adopted and incorporated as if they were adopted by the City of

Stonecrest. If there is a conflict between the conditions on the official zoning map, or the condition is not depicted on the official zoning map, the conditions imposed in the text of the minutes incorporating the conditions shall apply. Uncertified copies of the official zoning maps may be provided to the public for informational purposes only.

Verifications of the current zoning status of property shall be the responsibility of the director of planning. To verify the current zoning status of a particular parcel, an individual may obtain a certified copy of the official zoning maps, or a portion thereof, from the director of planning. Certified copies of the official zoning maps, or portions thereof, shall be certified by the director of planning with his signature and the date on which the portions were certified. The director of planning shall be the final authority as to the current zoning status of all land, buildings and structures located in the city, except for:

- (1) Amendments enacted by the city council but not yet depicted on the official zoning maps; and
- (2) Uncertainties to be clarified by the city council as described in section 1.1.15.

Any inaccuracy on the official zoning maps that is reasonably determined to be a scrivener's error may be corrected by the planning director.

(Ord. of 8-2-2017, § 1(1.1.14))

Sec. 1.1.15. Interpretation of zoning maps.

Where uncertainty exists as to the boundaries of zoning districts as shown on the official zoning maps, the following rules shall apply:

- A. Boundaries indicated as approximately following the centerlines of streets, highways, or alleys shall be construed to follow centerlines of rights-of-way or prescriptive easements. In case of closure of a street or alley, or vacation of any easement, the boundary shall be construed as remaining at its prior location unless ownership of the closure or vacated area is divided other than at the center, in which case the boundary shall be construed as moving to correspond with the ownership, but not beyond any previous right-of-way or easement line.
- B. Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines.
- C. Boundaries indicated as approximately following city limit lines shall be construed as following such city limits.
- D. Boundaries indicated as approximately following railroad lines shall be construed to be midway in the right-of-way.
- E. Boundaries indicated as approximately following shorelines of bodies of water shall be construed to follow such shorelines. Boundaries indicated as approximately following the centerlines of creeks, streams, rivers, or other predominantly linear bodies of water shall be construed to follow such centerlines.
- F. Boundaries indicated as parallel to or concentric with, or extensions of features indicated in sections A. through E. of this section, shall be so construed. Distances and dimensions not specifically indicated on the official zoning map shall be determined from the official zoning map by the director of planning.
- G. Where areas appear to be unclassified on the official zoning map, and classification cannot be established by the above rules, such areas shall be considered to be classified Residential Estate (RE) until action is taken by the city council to amend the official zoning map.
- H. Where territory is added to the jurisdictional area, it shall be considered to be classified Residential Estate (RE) until action is taken by the city council to amend the official zoning map.
- I. Where uncertainties continue to exist or further interpretation is required beyond that provided for in the above sections, the question shall be presented by the director of planning to the city council to

enact a clarifying resolution and said action shall be recorded on the official zoning map as is provided herein.

(Ord. of 8-2-2017, § 1(1.1.15))

Sec. 1.1.16. Rules applicable to parcels split into two or more zoning districts.

Where a parcel of land is split into two or more zoning districts, each such portion of said parcel may only be used for the purposes allowed within the zoning district to which each respective portion is classified. No principal or accessory use of land, buildings or structures, and no use or building or structure authorized by special administrative permit, special land use permit, or special exception, shall be authorized unless said use or building or structure is authorized or permitted within the applicable zoning district.

(Ord. of 8-2-2017, § 1(1.1.16))

Sec. 1.1.17. Reserved.

Sec. 1.1.18. Transition period.

In the event that chapter 27 references a code, section, plan, or ordinance of DeKalb County that has not been adopted, amended or developed by the City of Stonecrest, DeKalb County's current version of the code, section, plan or ordinance shall apply. In the event that chapter 27 refers to a department or official not yet created in the City of Stonecrest, the reference shall refer to the planning director or his designee.

(Ord. of 8-2-2017, § 1(1.1.18))

Sec. 1.1.19. Annexation.

When the city is a qualified municipality pursuant to O.C.G.A. § 36-66-4(e), all annexed property shall be zoned without further action for the same use for which that property was zoned immediately prior to annexation.

(Ord. of 8-2-2017, § 1(1.1.19))

DIVISION 2. RELATIONSHIP TO COMPREHENSIVE PLAN

Sec. 1.2.1. Relationship to comprehensive plan.

- A. Role of the comprehensive plan. The city comprehensive plan, consisting of its future development map and related policies, as may be amended from time to time, is hereby established as the official policy of the city concerning designated future land uses, and as a guide to decisions regarding the appropriate manner in which property may be zoned in the incorporated areas of the city. A copy of the city comprehensive plan, as may be amended from time to time, shall be maintained at the Planning & Zoning Department and be available for inspection by the public.
- B. Relationship between the comprehensive plan and zoning. The city comprehensive plan does not change the existing zoning districts in the city, and does not itself permit or prohibit any existing or future land uses. Instead, the comprehensive plan establishes broad planning policy for current and future land uses and will be consulted as a guideline for making decisions about applications to amend the official city zoning map and text of the zoning ordinance.
- C. Consistency with comprehensive plan character areas. Any applicant seeking to rezone property to a classification that is inconsistent with the adopted comprehensive plan must first obtain approval of an amendment to the comprehensive plan from the City Council, following the procedures in this Zoning Ordinance.
- D. Amendments to the comprehensive plan. The comprehensive plan shall be reviewed and updated or amended (as appropriate) according to a schedule approved by the City Council, and as required by the DCA in compliance with the Rules of DCA, Chapter 110-12-1, Minimum Standards and Procedures for Local Comprehensive Planning. However, exceptions may be granted by the City Council in between the regular review and update cycle in cases of demonstrated hardship, or in cases of large-scale developments that may provide special economic benefits to the community. Requests for amendment exceptions shall be subject to same approval process as any regular scheduled comprehensive plan update, being subject to approval by City Council after receiving recommendations from the Planning Commission and following all the required elements of public involvement process, including public hearings.

The following uses are permitted only with administrative approval:

1. Agricultural

- a. Urban, community garden, over 5 acres

2. Residential

- a. Home occupation, no customer contact; see section 4.2

3. Commercial

- a. Farmer's market, temporary/seasonal; see section 4.2
- b. Temporary outdoor retail sales; see section 4.2
- c. Temporary outdoor sales or events, seasonal; see section 4.2
- d. Temporary produce stand; see section 4.2
- e. Temporary trailer, as home sales office or construction trailer; see section 4.2

4. Wireless Telecommunications

- a. Attached wireless telecommunication facility used for non-residential purposes (prohibited if used as residential)
- b. Carrier on wheels (non-emergency or event, no more than 120 days); see section 4.2
- c. Small cell installations (new support structures or collocation) on private property or ROW; see section 4.2

C. Special Land Use Permit

The following uses are permitted only with a special land use permit:

1. Residential

- a. Home occupation, with customer contact; see section 4.2
- b. Child care home, 5 or less; see section 4.2
- c. Convents or monasteries; see section 4.2
- d. Personal care home, 6 or less; see section 4.2
- e. Senior housing; see section 4.2

2. Institutional/Public

- a. Cemetery, columbarium, mausoleum; see section 4.2
- b. Places of worship; see section 4.2
- c. Recreation club; see section 4.2
- d. School, private kindergarten, elementary, middle or high schools; see section 4.2
- e. Swimming pools, commercial; see section 4.2

3. Commercial

- a. Adult daycare facility, up to 6; see section 4.2
- b. Child day care facility, up to 6; see section 4.2
- c. Kennel, noncommercial

4. Communication – Utility

- a. Amateur radio service or antenna; see section 4.2

5. Wireless Telecommunication

- a. New support structure from 51 feet to 150 feet; see section 4.2

D. Permitted Accessory

The following uses are permitted as accessory only to a principal use:

1. Residential

- a. Accessory uses or structures
- b. Dwelling, single-family, accessory (guesthouse, in-law suite); see section 4.2

2. Institutional/Public

- a. Educational use, private; see section 4.2
- b. Tennis courts, swimming pools, play or recreation areas, community; see section 4.2

- 3. Commercial
- a. Fitness center

Sec. 2.7.3. Dimensional requirements.

Dimensional requirements for the R-75 (Residential Medium Lot-75) District shall be as provided in Table 2.2, Residential Zoning Districts Dimensional Requirements.

(Ord. of 8-2-2017, § 1(2.7.3))

Sec. 2.7.4. Site and building design standards.

Design standards and regulations to be applied in this zoning district shall be as provided in article 5 of this chapter, site design and building form standards.

(Ord. of 8-2-2017, § 1(2.7.4))

DIVISION 8. R-60 (RESIDENTIAL SMALL LOT-60) DISTRICT

Sec. 2.8.1. Statement of purpose and intent.

The purpose and intent of the City Council in establishing the R-60 (Residential Small Lot-60) District is as follows:

- A. To provide for the protection of neighborhoods within the city where lots have a minimum area of 6,000 square feet or 3,500 square feet if developed for cottage houses;
- B. To provide for compatible infill development in neighborhoods;
- C. To provide protections for existing development as new subdivisions are created;
- D. To provide flexibility in design within new development while protecting surrounding development;
- E. To ensure that the uses and structures authorized in the R-60 (Residential Small Lot-60) District are designed to serve the housing, recreational, educational, religious, and social needs of the neighborhood;
- F. To provide for appropriately sized accessible and useable open space in new developments for the health, recreational and social opportunities for city residents;
- G. To implement the future development map of the city's comprehensive plan.

(Ord. of 8-2-2017, § 1(2.8.1))

Sec. 2.8.2. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided in Table 4.1 below. In cases where a use is permitted but there are supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

(Ord. of 8-2-2017, § 1(2.8.2)) [TMOD-22-001]

A. Permitted Uses

The following uses are permitted as of right under this code:

1. Agricultural Activities

- a. Keeping of livestock; see section 4.2
- b. Keeping of poultry/pigeons; see section 4.2
- c. Riding academies or stables; see section 4.2
- d. Urban Community Garden, up to 5 acres; see section 4.2

2. Residential

- a. Dwelling, cottage home
- b. Dwelling, single-family (detached)

3. Institutional/Public

- a. Golf course or clubhouse, public or private; see section 4.2
- b. Government facilities
- c. Neighborhood or subdivision clubhouse or amenities; see section 4.2
- d. School, public kindergarten, elementary, middle or high schools

4. Communications – Utility

- a. Essential services
- b. Satellite television antenna; see section 4.2

Sec. 2.8.3. Dimensional requirements.

Dimensional requirements for the R-60 (Residential Small Lot-60) District shall be as provided in Table 2.2, Residential Zoning Districts Dimensional Requirements.

(Ord. of 8-2-2017, § 1(2.8.3))

Sec. 2.8.4. Site and building design standards.

Design standards and regulations to be applied in this zoning district shall be as provided in article 5 of this chapter, site design and building form standards.

(Ord. of 8-2-2017, § 1(2.8.4))

DIVISION 9. MHP (MOBILE HOME PARK) DISTRICT

Sec. 2.9.1. Statement of purpose and intent.

The purpose and intent of the City Council in establishing the MHP (Mobile Home Park) District is as follows:

- A. To provide locations within the city for the location of mobile home parks.
- B. To provide for the development of accessory uses that are necessary in order to provide appropriate recreational and educational opportunities to residents.

(Ord. of 8-2-2017, § 1(2.9.1))

Sec. 2.9.2. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided in Table 4.1 below. In cases where a use is permitted but there are supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

(Ord. of 8-2-2017, § 1(2.9.2)) [TMOD-22-001]

A. Permitted Uses

The following uses are permitted as of right under this code:

1. Agricultural Activities

- a. Keeping of livestock; see section 4.2
- b. Keeping of poultry/pigeons; see section 4.2
- c. Riding academies or stables; see section 4.2
- d. Urban Community Garden, up to 5 acres; see section 4.2

2. Residential

- a. Dwelling, mobile home; see section 4.2
- b. Dwelling, single-family (detached)
- c. Mobile home park

3. Institutional/Public

- a. Golf course or clubhouse, public or private; see section 4.2
- b. Government facilities
- c. Neighborhood or subdivision clubhouse or amenities; see section 4.2
- d. School, public kindergarten, elementary, middle or high schools

4. Commercial

- a. Adult daycare center, 7 or more; see section 4.2
- b. Child day care center (kindergarten), 7 or more

5. Communications – Utility

- a. Essential services
- b. Satellite television antenna; see section 4.2

6. Wireless Telecommunications

- a. Carrier on Wheels (declared emergency); see section 4.2

B. Special Administrative Uses

The following uses are permitted only with administrative approval:

1. Agricultural

- a. Urban, community garden, over 5 acres

2. Residential

- a. Home occupation, no customer contact; see section 4.2

3. Commercial

- a. Farmer's market, temporary/seasonal; see section 4.2
- b. Temporary outdoor retail sales; see section 4.2
- c. Temporary produce stand; see section 4.2
- d. Temporary trailer, as home sales office or construction trailer; see section 4.2

4. Wireless Telecommunications

- a. Carrier on wheels (non-emergency or event, no more than 120 days); see section 4.2
- b. Small cell installations (new support structures or collocation) on private property or ROW; see section 4.2

C. Special Land Use Permit

The following uses are permitted only with a special land use permit:

1. Residential

- a. Home occupation, with customer contact; see section 4.2
- b. Senior housing; see section 4.2

2. Institutional/Public

- a. School, private kindergarten, elementary, middle or high schools; see section 4.2

[TMOD-22-001]

Sec. 2.9.3. Dimensional requirements.

Dimensional requirements for the MHP (Mobile Home Park) District shall be as provided in Table 2.2, Residential Zoning Districts Dimensional Requirements.

(Ord. of 8-2-2017, § 1(2.9.3))

Sec. 2.9.4. Site and building design standards.

Design standards and regulations to be applied in this zoning district shall be as provided in article 5 of this chapter, site design and building form standards.

(Ord. of 8-2-2017, § 1(2.9.4))

Sec. 2.9.5. Transitional buffer zone requirement.

Where a lot in the MHP (Mobile Home Park) District is used for attached single-family dwellings and adjoins the boundary of any property in a Residential Single-Family District, except property on which is located a single-family attached development, a transitional buffer zone not less than 50 feet in width shall be provided and maintained in a natural state. In addition, a screening fence not less than six feet in height shall be erected and maintained either along the property line or within the transitional buffer zone separating the use from the adjoining single-family residential property.

(Ord. of 8-2-2017, § 1(2.9.5))

DIVISION 10. RNC (RESIDENTIAL NEIGHBORHOOD CONSERVATION) DISTRICT

Sec. 2.10.1. Scope of provisions.

The provisions contained within this division are the regulations of the RNC (Residential Neighborhood Conservation) District. This division establishes the procedures and the criteria that the City Council shall utilize in making a decision on any application to amend the official zoning map so as to change any parcel of land to the RNC (Residential Neighborhood Conservation) District.

(Ord. of 8-2-2017, § 1(2.10.1))

Sec. 2.10.2. Statement of purpose and intent.

The purpose and intent of the City Council in the RNC (Residential Neighborhood Conservation) District is as follows:

- A. To encourage creative residential planning and development within the city that will preserve unique environmental features and be consistent with the comprehensive land use plan and preserves existing natural trees and vegetation;
- B. To conserve significant areas of useable greenspace within single-family neighborhoods in the Rural and Suburban character areas of the comprehensive plan;
- C. To provide a residential development that permits flexibility of design in order to promote environmentally sensitive and efficient use of land in compliance with the Code;
- D. To promote construction of accessible landscaped walking trails and bike paths both within subdivisions and, where possible, connected to neighboring communities, businesses, and facilities to reduce reliance on automobiles;
- E. To preserve natural features, specimen trees, historic buildings, archaeological sites and establish a sense of community;
- F. To improve water quality and reduce runoff and soil erosion by reducing the total amount of clearing, grading, and paving, within the total area of a development;
- G. To encourage efficient community design that reduces infrastructure maintenance and public service costs borne by the city; and
- H. To implement the future development map of the city's comprehensive plan.

(Ord. of 8-2-2017, § 1(2.10.2))

Sec. 2.10.3. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided in Table 4.1 below. In cases where a use is permitted but there are supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

(Ord. of 8-2-2017, § 1(2.10.3)) [TMOD-22-001]

A. Permitted Uses

The following uses are permitted as of right under this code:

1. Agricultural Activities

- a. Keeping of livestock; see section 4.2
- b. Keeping of poultry/pigeons; see section 4.2
- c. Riding academies or stables; see section 4.2
- d. Urban Community Garden, up to 5 acres; see section 4.2

2. Residential

- a. Dwelling, cottage home
- b. Dwelling, single-family (detached)
- c. Dwelling; three family; see section 4.2
- d. Dwelling, townhouse; see section 4.2
- e. Dwelling, two-family; see section 4.2

3. Institutional/Public

- a. Golf course or clubhouse, public or private; see section 4.2

The following uses are permitted as accessory only to a principal use:

1. Residential

- a. Accessory uses or structures
- b. Dwelling, single-family, accessory (guesthouse, in-law suite); see section 4.2

2. Institutional/Public

- a. Educational use, private; see section 4.2
- b. Tennis courts, swimming pools, play or recreation areas, community; see section 4.2

3. Commercial

- a. Fitness center

[TMOD-22-001]

Sec. 2.10.4. Scaled site plan.

In addition to the information and materials required as part of any application to amend the official zoning map pursuant to this chapter, each applicant for RNC (Residential Neighborhood Conservation) District classification shall submit a scaled and dimensioned site plan, which, where applicable, shall contain the following information:

- A. Size of each lot proposed to be developed within the district;
- B. Housing types (e.g., single-family detached, single-family detached condominium);
- C. Amount of land in greenspace areas to be held in joint ownership, common ownership, or control in perpetuity;
- D. Connections between greenspaces within the project and to greenspace areas on adjacent properties where possible;
- E. Building envelopes for fee simple lots;
- F. Building and driveway footprint for each single-family detached condominium;
- G. Maximum lot coverage;
- H. All streams and water bodies, including state and city stream buffer limits;
- I. Vehicular and pedestrian circulation and connections within the project and to amenities and features on adjacent property;
- J. Any aboveground detention areas serving as an amenity feature;
- K. Underground detention facilities;
- L. Flood hazard areas, wetlands, springheads, and all environmentally sensitive areas, if any;
- M. Access to public sewer;
- N. All easements;

- O. Right-of-way intended to be dedicated;
- P. Amount of land area and non-buildable areas as identified in subsection B. of this section; and
- Q. Tree survey in compliance with chapter 14 of this Code.

(Ord. of 8-2-2017, § 1(2.10.4))

Sec. 2.10.5. Calculation and design of greenspace.

The following standards shall govern the calculation and design of greenspace in the RNC (Residential Neighborhood Conservation) District:

- A. The allotted greenspace shall comprise at least 30 percent of the total land area excluding the undevelopable areas as identified in subsection B of this section. No part of any single-family detached residential lot, private street, private drive, or street right-of-way, front yard setback, nor any area utilized for side-to-side building separation except when used for a path or sidewalk connection to greenspace, shall count towards greenspace.
- B. Land containing any of the following features shall not be included for the purposes of calculating whether a site plan and any subsequent development meets the greenspace requirement:
 - 1. Streams and stream buffers;
 - 2. Wetlands;
 - 3. Rock outcroppings;
 - 4. Slopes steeper than 1:2 slope;
 - 5. Sites of archaeological significance;
 - 6. Floodplains; or
 - 7. Areas intended to be dedicated for right-of-way as shown on the scaled site plan submitted in compliance with section 2.10.4.
- C. For properties ten acres or less, at least 50 percent of the allotted greenspace shall be in an area or areas that each measure a minimum 200 square feet. For properties greater than ten acres, at least 50 percent of the allotted greenspace shall be contiguous and shall be a minimum width of 50 feet. Paths, bike paths and trails do not have to comply with the minimum width requirements set forth in this subsection.
- D. Greenspace may consist of and be designed for the following uses only:
 - 1. Natural undisturbed areas;
 - 2. Active recreation areas;
 - 3. Community gathering places;
 - 4. Trails and greenways;
 - 5. Bikeways and paths;
 - 6. Asphalt or concrete bikeways and paths with a maximum width of eight feet;
 - 7. Landscaped stormwater management facilities, which are constructed as part of an on-site stormwater mitigation site design feature and which are graded such that no safety fencing is required;
 - 8. Mature wooded areas; or

9. Specimen trees, as defined in chapter 14 of this Code.
- E. No impervious surface, except:
- (1) Areas used for active recreation;
 - (2) Historic buildings or historic sites; and
 - (3) Asphalt or concrete bike paths and paths with a maximum width of eight feet, may be considered in the greenspace calculation.
- Paths that require grading must not damage critical root zones of specimen trees.
- F. Preserved historic buildings or sites may be included in greenspace if intended to be for the common use and benefit of all residents of the subdivision.
- G. All dwelling units shall be provided with safe, convenient access to all greenspaces throughout the development in the form of a pedestrian circulation system consisting of structurally improved pedestrian paths and/or sidewalks, which shall be a minimum width of five feet and shall be connected so that there are no breaks in the walkable surface of the pedestrian circulation system, except where the path or sidewalk connects to a greenspace. All greenspaces shall have a minimum of two points of pedestrian access.
- H. Greenspace shall connect with other greenspace areas and trails on adjacent property where possible.
- I. Active recreation areas may be included in greenspace and shall be required in any RNC (Residential Neighborhood Conservation) District that contains 100 or more units. A conservation subdivision located in an RNC (Residential Neighborhood Conservation) District that contains between 100 and 200 units, inclusive, shall include an active recreation area of at least one acre in size. A conservation subdivision located in an RNC (Residential Neighborhood Conservation) District that contains more than 200 units, shall include a minimum of either a single active recreation area of at least two acres in size or two active recreation areas that are each at least one acre in size. No active recreation area may be located within any wetland, stream buffer, or rock outcropping.

(Ord. of 8-2-2017, § 1(2.10.5))

Sec. 2.10.6. Development standards and permitted uses.

- A. Property within an RNC (Residential Neighborhood Conservation) District shall have a minimum of seven acres.
- B. Specimen trees located outside of the buildable area of a lot shall be preserved subject to the review of the city arborist.
- C. Active recreation areas, greenspace, stormwater management facilities, trails, bikeways, and paths, as approved, shall be installed prior to the recording of the conservation subdivision final plat.
- D. There shall be no impervious surfaces within the 75-foot stream buffer, except as provided for above in sections 2.10.5.D.4 through 6. Such encroachments into the stream buffer shall only be permissible in accordance with variances as allowed by chapter 14 of this Code.

(Ord. of 8-2-2017, § 1(2.10.6))

Sec. 2.10.7. Minimum lot width; minimum lot size; building setback; street width; and private drive width requirements.

- A. The following standards shall apply to all single-family detached dwellings, other than condominiums and fee simple condominiums, located in RNC (Residential Neighborhood Conservation) District:
1. Maximum density: Eight dwelling units per acre of total land area, excluding undevelopable areas as identified in section 2.10.5.B.
 2. Minimum lot width: At least 60 feet as measured at the required front building setback line; except for a lot on a cul-de-sac, which lot shall have a minimum width of 35 feet.
 3. Minimum lot area: 6,000 square feet, except that each lot on the periphery of a development within property zoned RNC (Residential Neighborhood Conservation) District that abuts adjacent property zoned and used for single-family residential purposes shall contain a lot area that is at least 80 percent of the minimum lot area required by the adjoining residential zoning.
 4. Minimum building setback adjacent to public or private streets:
 - a. From thoroughfares: 30 feet.
 - b. From arterials: 30 feet.
 - c. From collector streets: 30 feet.
 - d. From local streets: 20 feet.
 5. Minimum interior lot side building setback: 7½ (7.5) feet.
 6. Minimum periphery lot side building setback: Lots on the periphery of any RNC (Residential Neighborhood Conservation) District development shall maintain a minimum 20-foot side yard setback from any adjacent parcel located outside of the boundary of such development.
 7. Minimum rear building setback: 20 feet.
- B. The following standards shall apply to single-family detached condominiums and fee simple condominiums located in RNC (Residential Neighborhood Conservation) District:
1. Maximum density: Eight dwelling units per acre on total land area, excluding undevelopable areas as identified in section 2.10.5.B.
 2. Minimum building setback from all peripheral property lines: 20 feet, except that when a peripheral property line adjoins a public or private street, the building setback shall be as required in section 2.10.7.A.4.
 3. Minimum distance between building structures: 15 feet.
 4. Minimum building setback from a private drive or private street: Ten feet, except that where a garage door or carport entrance faces the street, in which case the minimum setback shall be 20 feet. The building setback shall be measured from back of curb, or, where a sidewalk is provided, from back of sidewalk.
 5. Minimum travel lane width, private drive or private streets internal to the development: 24 feet. Where on-street parking is provided, it shall be provided in the form of a parking lane located between the travel lane and the curb, which lane shall be no less than ten feet wide, measured from the edge of the travel lane to front of curb.
 6. Sidewalks shall be provided on both sides of private drives or private streets that are internal to the development, as provided for in chapter 14 of this Code.

7. Street tree species shall cause minimal interference with underground utilities, subject to approval by the city arborist.
8. Driveways shall be a minimum of 20 feet long, measured from back of curb or, where sidewalks are provided, from the back of sidewalk, in order to prevent vehicular encroachment on areas intended for vehicular or pedestrian circulation.
9. A public access and utility easement for electric, gas, telephone, and cable television utilities, in the form of a joint utility trench, shall be located on each side of the internal private streets or internal private drives, and shall be a minimum width of six feet, five inches.

C. The following standards shall apply to all single family detached dwellings, other than condominiums and fee simple condominiums, located in RNC (Residential Neighborhood Conservation) District:

1. Maximum density: Four dwelling units per acre on total land area excluding undevelopable areas as identified in section 2.10.5.B.

2. Minimum lot width: At least 60 feet as measured at the required front building setback line, except for a lot on a cul-de-sac, which lot shall have a minimum width of 35 feet.

3. Minimum lot area: 8,000 square feet, except that each lot on the periphery of a development within property zoned RNC (Residential Neighborhood Conservation) District that abuts adjacent property zoned and used for single family residential purposes shall contain a lot area that is at least 80 percent of the minimum lot area required by the adjoining residential zoning.

4. Minimum building setback adjacent to public or private streets:

a. From thoroughfares: 30 feet.

b. From arterials: 30 feet.

c. From collector streets: 30 feet.

d. From local streets: 20 feet.

5. Minimum interior lot side building setback: 7½ (7.5) feet.

6. Minimum periphery lot side building setback: Lots on the periphery of any RNC (Residential Neighborhood Conservation) District development shall maintain a minimum 20-foot side yard setback from any adjacent parcel located outside of the boundary of such development.

7. Minimum rear building setback: 40 feet.

D. The following standards shall apply to single family detached condominiums and fee simple condominiums located in RNC (Residential Neighborhood Conservation) District:

1. Maximum density: Four dwelling units per acre on total land area excluding undevelopable areas as identified in section 2.10.5.B.

2. Minimum building setback from all peripheral property lines: 20 feet, except that when a peripheral property line adjoins a public or private street, the building setback shall be as required in section 2.10.7.A.4.

3. Minimum distance between building structures: 15 feet.

4. Minimum building setback from a private drive or private street: Ten feet, except that where a garage door or carport entrance faces the street, in which case the minimum setback shall be 20 feet. The building setback shall be measured from back of curb or, where a sidewalk is provided, from back of sidewalk.

5. Minimum travel lane width, private drive or private streets internal to the development: 24 feet. Where on street parking is provided, it shall be provided in the form of a parking lane located between the travel lane

and the curb, which lane shall be no less than ten feet wide, measured from the edge of the travel lane to front of curb.

6. Sidewalks shall be provided on both sides of private drives or private streets that are internal to the development, as provided for in chapter 14 of this Code.

7. Street tree species shall cause minimal interference with underground utilities, subject to approval by the city arborist.

8. Driveways shall be a minimum of 20 feet long, measured from back of curb or, where sidewalks are provided, from the back of sidewalk, in order to prevent vehicular encroachment on areas intended for vehicular or pedestrian circulation.

9. A public access and utility easement for electric, gas, telephone, and cable television utilities, in the form of a joint utility trench, shall be located on each side of the internal private streets or internal private drives, and shall be a minimum width of six feet, five inches.

(Ord. of 8-2-2017, § 1(2.10.7)) [TMOD-22-001]

Sec. 2.10.8. Maximum height of buildings.

No building in the RNC (Residential Neighborhood Conservation) District shall exceed a height of 35 feet.

(Ord. of 8-2-2017, § 1(2.10.8))

Sec. 2.10.9. Maximum lot coverage.

The lot coverage of each lot used for a single-family detached dwelling shall not exceed 50 percent.

(Ord. of 8-2-2017, § 1(2.10.9))

Sec. 2.10.10. Ownership, control, and maintenance of required greenspace.

- A. *Unified control of parcel.* Any applicant for rezoning or for issuance of a land disturbance permit for property within an RNC (Residential Neighborhood Conservation) District shall be required to provide evidence of a legal mechanism for unified control of the entire parcel to be developed for review and approval by the city attorney prior to the issuance of any land disturbance or building permit. During the development process, more than one builder may participate in the development of the approved plan so long as each parcel of land remains subject to:
1. Any zoning conditions imposed on the property; and
 2. Terms and conditions associated with any special land use permit or any special administrative permit.
- B. *Maintenance and protection of land held in common.* Prior to the issuance of any land disturbance permit, every applicant for development within an RNC (Residential Neighborhood Conservation) District must provide evidence of a legal mechanism under which all land to be held in common and used for greenspace purposes within the development shall be protected in perpetuity. Such legal mechanism may include deed restrictions, a homeowner association, common areas held in common ownership or control, or conservation easements held by a land trust meeting the requirements of state law, which assure in perpetuity each of the following mandatory requirements:
1. That all land held in open space will remain undivided and shall not be subdivided or removed from joint access or benefit in perpetuity;

2. That all subsequent property owners in the development will be placed on notice of this development restriction through the deed records filed with the Superior Court of DeKalb County;
 3. That all land held as greenspace will be properly maintained and that no liability or maintenance responsibilities for the land held as greenspace shall accrue to the city;
 4. That a legal entity exists for notice of deficiencies in maintenance of the land held as greenspace, correction of these deficiencies, and assessment of liens against the properties for the cost of the correction of these deficiencies by a third-party or the city;
 5. That the legal mechanism will become effective and enforceable prior to or at the time of recording the final plat and the sale of any individual properties within the conservation district;
 6. That all requirements of the legal mechanism used to comply with the regulations of this section will be specified on the final plat to be recorded with the Clerk of Superior Court of DeKalb County.
- C. *Homeowner associations.* When a homeowner association is used as the legal mechanism to comply with the requirements of this section, the applicant for any land disturbance permit, in addition to meeting all of said requirements, shall provide for all of the following:
1. Equal access and right of use to all greenspace by all homeowners;
 2. Mandatory and automatic membership in the homeowner association for all homeowners and their successors;
 3. A fair and uniform method of assessment and collection/payment for dues, maintenance and related costs;
 4. Homeowner association lien authority to ensure the collection of dues from all members;
 5. Perpetual and continued maintenance and liability by the homeowner association of land held as greenspace; and
 6. Filing of all required covenants, declarations, and restrictions with the Clerk of the Superior Court of DeKalb County.

(Ord. of 8-2-2017, § 1(2.10.10))

Sec. 2.10.11. Off-street parking requirements.

Minimum off-street parking requirements for uses and structures authorized and permitted in the RNC (Residential Neighborhood Conservation) District are as follows:

- A. Detached single-family dwelling: Three spaces.
- B. Reserved.
- C. Personal care home, group: Four spaces.
- D. Child **earing-care** institution, group: Four spaces.
- E. Reserved.
- F. Child daycare facility: Three spaces.
- G. Convent or monastery: One space for each 200 square feet of floor area within the principal structure.
- H. Neighborhood recreation club: One space for each five club members but in no case less than ten spaces.

- I. Place of worship: Where fixed seats are used, one space for each three seats in the largest assembly room used for public worship, or, where fixed seats are not utilized, one space for each 25 square feet of floor space in the largest assembly room used for public worship.
- J. Private elementary, middle and high school:
 - 1. Elementary and middle school: Two spaces for each classroom.
 - 2. High school: Five spaces for each classroom.
- K. Other uses: One space for each 200 square feet of floor area within the principal structure.

(Ord. of 8-2-2017, § 1(2.10.11))

Sec. 2.10.12. Relation of RNC (Residential Neighborhood Conservation) District regulations to subdivision or other regulations.

Where there are conflicts between these RNC (Residential Neighborhood Conservation) District regulations and land subdivision requirements contained in chapter 14 or other regulations within the Code, these RNC (Residential Neighborhood Conservation) District regulations shall apply.

(Ord. of 8-2-2017, § 1(2.10.12))

DIVISION 11. MEDIUM AND HIGH DENSITY RESIDENTIAL ZONING DISTRICTS: DIMENSIONAL REQUIREMENTS

Sec. 2.11.1. Medium and high density ranges.

The medium and high density residential zoning districts that allow cottage housing, attached, multifamily and mixed residential developments are permitted at the densities illustrated in Table 2.3, below:

Table 2.3. Summary of Density Ranges for Medium and High Density Residential Zoning Districts

Zoning District Name		Density (units/acre)

High Density Residential-2	HR-2	40—60
High Density Residential-3	HR-3	60—120

(Ord. of 8-2-2017, § 1(2.11.1))

Sec. 2.11.2. Dimensional requirements.

Dimensional requirements, including overall site requirements, individual lot dimensions, setbacks, and heights for Medium and High Density Residential Zoning Districts, are provided in Table 2.4, Medium and High Density Residential Zoning Districts Dimensional Requirements. In addition, compatibility and transitional buffers, as defined and required in article 5 of this chapter may apply.

(Ord. of 8-2-2017, § 1(2.11.2))

DIVISION 12. RSM (SMALL LOT RESIDENTIAL MIX) DISTRICT

Sec. 2.12.1. Statement of purpose and intent.

The purpose and intent of the City Council in establishing the RSM (Small Lot Residential Mix) District is as follows:

- A. To provide for the creation of residential neighborhoods that allow a mix of single-family attached and detached housing options;
- B. To provide flexibility in design and product on the interior of new development while protecting surrounding neighborhoods;
- C. To implement the future development map of the city's comprehensive plan.

(Ord. of 8-2-2017, § 1(2.12.1))

Sec. 2.12.2. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided in Table 4.1 below. In cases where a use is permitted but there are supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

(Ord. of 8-2-2017, § 1(2.12.2)) **TMOD-22-001**

A. Permitted Uses

The following uses are permitted as of right under this code:

1. Agricultural Activities

- a. Urban Community Garden, up to 5 acres; see section 4.2

2. Residential

- a. Dwelling, cottage home; see section 4.2
- b. Dwelling, single-family (attached)
- c. Dwelling, single-family (detached)
- d. Dwelling, three-family
- e. Dwelling, townhouse; see section 4.2
- f. Dwelling, two family
- g. Dwelling, urban single-family; see section 4.2

3. Institutional/Public

- a. Golf course or clubhouse, public or private; see section 4.2
- b. Government facilities
- c. Neighborhood or subdivision clubhouse or amenities; see section 4.2
- d. School, public kindergarten, elementary, middle or high schools

4. Communications – Utility

- a. Essential services
- b. Satellite television antenna; see section 4.2

5. Wireless Telecommunications

- a. Carrier on Wheels (declared emergency); see section 4.2

B. Special Administrative Uses

The following uses are permitted only with administrative approval:

1. Agricultural

- a. Urban, community garden, over 5 acres

2. Residential

- a. Home occupation, no customer contact; see section 4.2

3. Commercial

- a. Farmer's market, temporary/seasonal; see section 4.2
- b. Temporary outdoor retail sales; see section 4.2
- c. Temporary outdoor sales or events, seasonal; see section 4.2
- d. Temporary produce stand; see section 4.2
- e. Temporary trailer, as home sales office or construction trailer; see section 4.2

4. Wireless Telecommunications

- a. Attached wireless telecommunication facility used for non-residential purposes (prohibited if used as residential)
- b. Carrier on wheels (non-emergency or event, no more than 120 days); see section 4.2
- c. Small cell installations (new support structures or collocation) on private property or ROW; see section 4.2

C. Special Land Use Permit

The following uses are permitted only with a special land use permit:

1. Residential

- a. Bed and breakfast establishment; see section 4.2
- b. Home occupation, with customer contact; see section 4.2
- c. Child care home, 5 or less; see section 4.2
- d. Convents or monasteries; see section 4.2
- e. Personal care home, 6 or less; see section 4.2
- f. Personal care home, 7 or more; see section 4.2
- g. Senior housing; see section 4.2

2. Institutional/Public

- a. Cemetery, columbarium, mausoleum; see section 4.2
- b. Places of worship; see section 4.2
- c. Recreation club; see section 4.2
- d. School, private kindergarten, elementary, middle or high schools; see section 4.2
- e. Swimming pools, commercial; see section 4.2

3. Commercial

- a. Adult daycare facility, up to 6; see section 4.2
- b. Child day care facility, up to 6; see section 4.2

4. Communication – Utility

- a. Amateur radio service or antenna; see section 4.2

5. Wireless Telecommunication

- a. New support structure from 51 feet to 150 feet; see section 4.2

D. Permitted Accessory

The following uses are permitted as accessory only to a principal use:

1. Residential

a. Accessory uses or structures

b. Dwelling, single-family, accessory (guesthouse, in-law suite); see section 4.2

2. Institutional/Public

a. Educational use, private; see section 4.2

b. Tennis courts, swimming pools, play or recreation areas, community; see section 4.2

3. Commercial

a. Fitness center

[TMOD-22-001]

Sec. 2.12.3. Dimensional requirements.

Dimensional requirements for the RSM (Small Lot Residential Mix) District shall be as provided in Table 2.4, Medium and High Density Residential Zoning Districts Dimensional Requirements.

(Ord. of 8-2-2017, § 1(2.12.3))

Sec. 2.12.4. Site and building design standards.

Site and building design standards and regulations to be applied in this zoning district shall be as provided in article 5 of this chapter, site design and building form standards.

(Ord. of 8-2-2017, § 1(2.12.4))

Sec. 2.12.5. Density and location criteria.

- A. The maximum allowed dwelling unit density in the RSM District before application of any bonus is 4 dwelling units per acre, and after application of any bonuses is 8 dwelling units per acre. B. Density determination of each RSM (Small Lot Residential Mix) property:
1. Existing RSM properties: For existing properties converted to RSM (Small Lot Residential Mix) District classification at the effective date of the ordinance from which this chapter is derived:
 - a. Where conditions of zoning regulating density have been attached to the property, maximum density shall remain as established in such conditions.
 - b. Where no conditions of zoning regulating density have been attached to the property, maximum density shall be the Base Max described in Table 2.5 unless administratively reviewed and approved for bonus increases, according to the criteria set forth in subsection C. of this section.
 2. New RSM properties: For property rezoned to the RSM (Small Lot Residential Mix) District classification after the effective date of the ordinance from which this chapter is derived, density shall be established by the City Council at the time of approval, based upon the criteria set forth in subsection C. of this section.
- C. Density bonus eligibility and calculations. Density bonuses are allowed only for subdivisions, as defined in this chapter, and are expressly not allowed for individual infill lots. The maximum allowed density on RSM (Small Lot Residential Mix) District zoned property may be increased above the Base Max by application of

density bonuses as indicated by Table 2.6, and may be accumulated if eligible. An example of how allowable density bonuses are calculated is shown in the example at the end of Table 2.6. In no case shall density exceed the bonus maximum established by Table 2.5.

Table 2.6. Residential Density Bonus Eligibility and Percent, with Example Calculation

Density bonus percent increase by amenity, location, or other provision	
<i>20 percent greater than base</i>	
Public Improvements	Applicant provides any of the following improvements: Transit facilities (bus shelter, ride-share), public art, structured parking, trail with public access, sidewalks and/or road improvements beyond project.
Transit Proximity	Existing park-n-ride or ride-share facility is located within one-quarter mile of the property boundary.
Amenity Proximity	Existing amenities, such as healthcare facilities, senior and/or civic centers, public schools, public libraries, recreational facilities, personal service establishments, grocery stores, or shopping centers. (See section 2.12.7.)
<i>50 percent greater than base</i>	
Sustainability Elements	Certification that proposed buildings, if built as designed, would be accredited by LEED and reg, EarthCraft, or other similar national accreditation organization, for energy- and water-efficient site and building design.
Mixed Income or Mixed Age	30-year enforceable commitment approved by the city attorney and recorded on the deed records that total number of units will be reserved to be occupied as follows: 10 percent by very low income households, or 20 percent by low income households, or 25 percent for senior citizens. Household income level shall be as established by the Atlanta Regional Commission.
Additional Enhanced Open Space	Additional enhanced open space (with standards established by article 5 of this chapter) comprise 20 percent of the overall development site.
<i>100 percent greater than base</i>	
Additional Enhanced Open Space	Enhanced open space comprises 35 percent or more of the overall development site.
MARTA Rapid Transit Station	Existing MARTA rapid transit station is located within one-quarter mile of the property boundary.
Reinvestment Areas	Property is located within an Enterprise Zone or Opportunity Zone.

(Ord. of 8-2-2017, § 1(2.12.5))

Sec. 2.12.6. Amenity proximity requirements.

For proposed development within one-quarter mile of an existing public school, park, library, trail or greenway network, a pedestrian facility linking to the amenity shall be provided, or a stub-out for linking to a future amenity shall be provided. Measurement of distance to a qualifying amenity shall be taken from center point of the proposed drive of the principal entrance and follow the shortest street route to the center point of the closest existing drive to access the existing amenity.

(Ord. of 8-2-2017, § 1(2.12.6))

Sec. 2.12.7. Bonus density qualifying standards.

The following standards shall be applied when considering whether bonus density may be allowed:

A. Qualifying public improvements.

1. *Bus shelter.* To qualify as eligible for bonus density, proposed bus shelter facilities shall include at a minimum a shelter structure, bench and paved access and be designed according to MARTA or GRTA standards, based upon ridership thresholds and as documented as acceptable by either agency.
2. *Park-n-ride and/or ride-share.* To qualify as eligible for bonus density, proposed ride-share facilities shall provide for a minimum of 100 parking spaces, and park-n-ride amenities shall provide a minimum of 300 parking spaces, unless the station warrants fewer, as documented by MARTA or other transit service provider.
3. *Public art.* To qualify for bonus density, a proposed work of art shall be subject to approval by the planning commission, be located on the development site or in a public place off-site, and have a value of at least one-half of one percent of the total construction valuation of the building permit. The maximum required value shall not exceed \$250,000.00.
 - a. Options for providing public art are: Purchase an existing piece of art work or have a specific piece of art work commissioned.

-
- b. For commissioned work, a deposit with the planning department of 115 percent of the value of the public art is required prior to the issuance of a building permit.
 - c. Public art or public works of art is defined as the creative application of skill and taste by artists to production of permanent tangible objects according to the aesthetic principles, including, but not limited to, the following:
 - Paintings;
 - Sculptures;
 - Site specific installations;
 - Engravings;
 - Carvings;
 - Frescos;
 - Mobiles;
 - Murals;
 - Collages;
 - Mosaics;
 - Statutes; and
 - Bas-reliefs.
 - d. Public art or public works of art shall also include the creative application of skill and taste by artists according to the aesthetic principals to the architectural embellishment of a building or structure. Architects and landscape architects are not considered artists under this definition.
 - e. The following shall not be considered public art or public works of art:
 - Reproductions or unlimited copies of original art work;
 - Art objects which are mass produced;
 - Works that are decorative, ornamental or functional elements of the architecture or landscape design, except when commissioned from an artist as an integral aspect of a structure or site; and
 - Architectural rehabilitation or historical preservation.
4. *Structured parking.* Developments that provide vertical, structured parking shall be eligible for the residential density bonus, provided:
- a. Parking decks not integrated into other buildings shall be located internal to the site.
 - b. Structures are either:
 - (i) At least two stories above ground or greater; and/or
 - (ii) Alternatively, at least one story is underground.
 - c. Parking decks visible from a public right-of-way shall incorporate similar architectural materials as the primary buildings.
5. *Trail with public access.* Minimum length of new trail or multi-use path shall be one-quarter mile and shall connect to a greenway/trail or sidewalk network external to the site.

B. *Qualifying amenity clarifications.*

1. Health or medical services: include clinics and offices for health, dental and/or medical services, as defined in article 9 of this chapter, including pharmacies with diagnostic services.
2. Recreational facilities: include private or public exercise gymnasiums, fitness centers, sports fields, parks, and swim centers.

(Ord. of 8-2-2017, § 1(2.12.7))

DIVISION 13. MR-1 (MEDIUM DENSITY RESIDENTIAL-1) DISTRICT

Sec. 2.13.1. Statement of purpose and intent.

The purpose and intent of the City Council in establishing the MR-1 (Medium Density Residential-1) District is as follows:

- A. To encourage primarily residential, planned developments that allow accessory retail, office, institutional, and civic uses;
- B. To provide for residential neighborhoods with a mix of single-family and multifamily housing types that maintain harmony of scale, intensity, and design with surrounding development;
- C. To provide for connectivity of streets and communities and reduce the dependence on automobile use by increasing the ease of and opportunity for alternative modes of travel;
- D. To implement the future development map of the city's comprehensive plan.

(Ord. of 8-2-2017, § 1(2.13.1))

Sec. 2.13.2. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided **in Table 4.1 below**. In cases where a use is permitted but there are supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

(Ord. of 8-2-2017, § 1(2.13.2)) **TMOD-22-001**

A. Permitted Uses

The following uses are permitted as of right under this code:

1. Agricultural Activities

- a. Urban Community Garden, up to 5 acres; see section 4.2**

2. Residential

- a. Dwelling, cottage home; see section 4.2**
- b. Dwelling, multifamily**

Sec. 2.13.3. Dimensional requirements.

Dimensional requirements for the MR-1 (Medium Density Residential-1) District shall be as provided in Table 2.4, Medium and High Density Residential Zoning Districts Dimensional Requirements.

(Ord. of 8-2-2017, § 1(2.13.3))

Sec. 2.13.4. Site and building design standards.

Site and building design standards and regulations to be applied in this zoning district shall be as provided in article 5 of this chapter, site design and building form standards.

(Ord. of 8-2-2017, § 1(2.13.4))

Sec. 2.13.5. Density and location criteria.

- A. The maximum allowed dwelling unit density in the MR-1 District before application of any bonus is 8 dwelling units per acre, and after application of any bonuses is 12 dwelling units per acre.
- B. Density determination of each MR-1 (Medium Density Residential-1) property:
 - 1. Existing MR-1 properties: For existing properties converted to MR-1 (Medium Density Residential-1) District classification at the effective date of the ordinance from which this chapter is derived:
 - a. Where conditions of zoning regulating density have been attached to the property, maximum density shall remain as established.
 - b. Where no conditions of zoning regulating density have been attached to the property, maximum density shall be the Base Max described in Table 2.7, unless administratively reviewed and approved for bonus increases, according to the criteria set forth in subsection C. of this section.
 - 2. New MR-1 properties: For property rezoned to the MR-1 (Medium Density Residential-1) District classification after the effective date of the ordinance from which this chapter is derived, density shall be established by the City Council at the time of approval, based upon the criteria set forth in subsection C. of this section.
- C. Density bonus eligibility and calculations. Density bonuses are intended for subdivisions, as defined in this chapter, not for individual infill lots. The maximum allowed density on MR-1 (Medium Density Residential-1) District zoned property may be increased above the base max by application of density bonuses as indicated by Table 2.6, and may be accumulated if eligible. An example of how allowable density bonuses are calculated is shown in the example at the end of Table 2.6. In no case shall density exceed the bonus maximum established by Table 2.7.

(Ord. of 8-2-2017, § 1(2.13.5))

DIVISION 14. MR-2 (MEDIUM DENSITY RESIDENTIAL-2) DISTRICT

Sec. 2.14.1. Statement of purpose and intent.

The purpose and intent of the City Council in establishing the MR-2 (Medium Density Residential-2) District is as follows:

- A. To encourage primarily residential, planned developments that allow accessory retail, office, institutional, and civic uses;
- B. To provide for residential neighborhoods with a mix of single-family and multifamily housing types that maintain harmony of scale, intensity, and design with surrounding development;

- C. To provide for connectivity of streets and communities and reduce the dependence on automobile uses by increasing the ease of movement and opportunities for alternative modes of travel;
- D. To implement the future development map of the city's comprehensive plan;
- E. To provide districts that allow appropriate development transitions.

(Ord. of 8-2-2017, § 1(2.14.1))

Sec. 2.14.2. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided in Table 4.1 below. In cases where a use is permitted but there exist supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

(Ord. of 8-2-2017, § 1(2.14.2)) [TMOD-22-001]

- A. The maximum allowed dwelling unit density in the HR-2 District before application of any bonus is 40 dwelling units per acre, and after application of any bonuses is 60 dwelling units per acre.
- B. Density determination of each HR-2 (High Density Residential-2) property:
1. Existing HR-2 properties: For properties converted to the HR-2 (High Density Residential-2) District classification at the effective date of the ordinance from which this chapter is derived:
 - a. Where conditions of zoning regulating density have been attached to the property, maximum density shall remain as established.
 - b. Where no conditions of zoning regulating density have been attached to the property, maximum density shall be the base max described in Table 2.12, unless administratively reviewed and approved for bonus increases according to the criteria set forth in subsection C. of this section.
 2. New HR-2 properties: For property rezoned to the HR-2 (High Density Residential-2) District classification after the effective date of the ordinance from which this chapter is derived, density shall be established by the City Council at the time of approval, based upon the criteria set forth in subsection C. of this section.
- C. Density bonus eligibility and calculations. Density bonuses are intended for subdivisions, as defined in this chapter, not for individual infill lots. The maximum allowed density on HR-2 (High Density Residential-2) District zoned property may be increased above the base max by application of density bonuses as indicated by Table 2.6, and may be accumulated if eligible. An example of how allowable density bonuses are calculated is shown in the example at the end of Table 2.6. In no case shall density exceed the bonus maximum established by Table 2.12.

(Ord. of 8-2-2017, § 1(2.16.5))

Sec. 2.16.6. Building heights.

Maximum building heights shall meet character area intent by compliance with the transitional height and buffer standards of article 5 of this chapter as well as proportional relationship of density to height as established by Table 2.13.

Table 2.13. HR-2 Building Height

Density above 40 and up to 60 dwelling units per gross acre		
Building Use	Base Max Height	Height if Density Achieved by Bonus
Multifamily	6 stories or 75 feet*	8 stories or 100 feet*
With Accessory Non-Res	8 stories or 100 feet*	10 stories
Density up to 40 dwelling units per gross acre		
Building Use	Base Max Height	Height if Density Achieved by Bonus
Multifamily	4 stories or 60 feet*	6 stories or 75 feet*
With Accessory Non-Res	6 stories or 75 feet*	8 stories or 100 feet*
* Whichever is less		

DIVISION 17. HR-3 (HIGH DENSITY RESIDENTIAL-3) DISTRICT

Sec. 2.17.1. Statement of purpose and intent.

The purpose and intent of the City Council in establishing the HR-3 (High Density Residential-3) District regulations is as follows:

- A. To encourage primarily residential, urban-scaled developments that allow accessory retail, office, institutional, and civic uses;
- B. To provide for high density, high-rise residential neighborhoods with a mix of single-family and multifamily housing types that maintain harmony of scale, intensity, and design with surrounding development;
- C. To provide for connectivity of streets and communities and reduce the dependence on automobile use by increasing the ease of movement and opportunities for alternative modes of travel;
- D. To implement the future development map of the city's most current comprehensive plan.

(Ord. of 8-2-2017, § 1(2.17.1))

Sec. 2.17.2. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided in Table 4.1 below. In cases where a use is permitted but there exist supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

(Ord. of 8-2-2017, § 1(2.17.2)) **TMOD-22-001**

A. Permitted Uses

The following uses are permitted as of right under this code:

1. Agricultural Activities

- a. Urban Community Garden, up to 5 acres; see section 4.2

2. Residential

- a. Boarding/rooming house
- b. Dwelling, apartment
- c. Dwelling, cottage home; see section 4.2
- d. Dwelling, multifamily
- e. Dwelling, single-family (attached)
- f. Dwelling, single-family (detached)
- g. Dwelling, three-family
- h. Dwelling, townhouse; see section 4.2
- i. Dwelling, two family
- j. Dwelling, urban single-family; see section 4.2
- k. Fraternity house or sorority house
- l. Live/work unit; see section 4.2

3. Institutional/Public

- a. Government facilities
- b. Library or museum
- c. Neighborhood or subdivision clubhouse or amenities; see section 4.2

d. School, public kindergarten, elementary, middle or high schools

4. Commercial

- a. Adult daycare center, 7 or more; see section 4.2
- b. Child day care center, up to 6; see section 4.2
- c. Child day care facility, 7 or more; see section 4.2
- d. Personal services establishment

5. Communications – Utility

- a. Essential services
- b. Satellite television antenna; see section 4.2

6. Wireless Telecommunications

- a. Attached wireless telecommunication facility; see section 4.2
- b. Carrier on Wheels (declared emergency); see section 4.2

B. Special Administrative Uses

The following uses are permitted only with administrative approval:

1. Agricultural

- a. Urban, community garden, over 5 acres

2. Residential

- a. Home occupation, no customer contact; see section 4.2

3. Commercial

- a. Farmer's market, temporary/seasonal; see section 4.2
- b. Temporary outdoor retail sales; see section 4.2
- c. Temporary produce stand; see section 4.2
- d. Temporary trailer, as home sales office or construction trailer; see section 4.2

4. Wireless Telecommunications

- a. Carrier on wheels (non-emergency or event, no more than 120 days); see section 4.2
- b. Small cell installations (new support structures or collocation) on private property or ROW; see section 4.2

C. Special Land Use Permit

The following uses are permitted only with a special land use permit:

1. Residential

- a. Bed and breakfast establishment; see section 4.2
- b. Home occupation, with customer contact; see section 4.2
- c. Personal care home, 6 or less; see section 4.2
- d. Personal care home, 7 or more; see section 4.2
- e. Senior housing; see section 4.2
- f. Shelter for homeless persons for no more than 6 persons; see section 4.2
- g. Shelter for homeless persons 7-20; see section 4.2
- h. Traditional housing facilities, 7-20; see section 4.2

2. Institutional/Public

- a. Cemetery, columbarium, mausoleum; see section 4.2
- b. Cultural facilities
- c. Places of worship; see section 4.2
- d. Recreation club; see section 4.2

- e. School, private kindergarten, elementary, middle or high schools; see section 4.2
- f. School, vocational; see section 4.2
- g. Swimming pools, commercial; see section 4.2

3. Commercial

- a. Adult daycare facility, up to 6; see section 4.2
- b. Dog day care; see section 4.2

D. Permitted Accessory

The following uses are permitted as accessory only to a principal use:

1. Residential

- a. Accessory uses or structures

2. Institutional/Public

- a. Educational use, private; see section 4.2
- b. Tennis courts, swimming pools, play or recreation areas, community; see section 4.2

3. Commercial

- a. Art gallery
- b. Banks, credit unions or other similar financial institutions
- c. Barber shop/beauty salon or similar establishments
- d. Building or construction office
- e. Coin laundry
- f. Dog grooming; see section 4.2
- g. Dry cleaning agencies, pressing establishments, or laundry pick-up stations
- h. Fitness center
- i. Office, medical
- j. Office, professional
- k. Restaurants (non drive-thru)
- l. Retail, 5,000 sf or less (with the exception of small box discount stores)

[TMOD-22-001]

Sec. 2.17.3. Dimensional requirements.

Dimensional requirements for the HR-3 (High Density Residential-3) District shall be as provided in Table 2.4, Medium and High Density Residential Zoning Districts Dimensional Requirements.

(Ord. of 8-2-2017, § 1(2.17.3))

Sec. 2.17.4. Site and building design standards.

Site and building design standards and regulations to be applied in this zoning district shall be as provided in article 5 of this chapter, site design and building form standards.

(Ord. of 8-2-2017, § 1(2.17.4))

Sec. 2.17.5. Density and location criteria.

- A. The maximum allowed dwelling unit density in the HR-2 District before application of any bonus is 60 dwelling units per acre, and after application of any bonuses is 120 dwelling units per acre.
- B. Density determination of each HR-3 (High Density Residential-3) property:
1. Existing HR-3 properties: For existing properties converted to HR-3 (High Density Residential-3) District classification at the effective date of the ordinance from which this chapter is derived:
 - a. Where conditions of zoning regulating density have been attached to the property, maximum density shall remain as established.
 - b. Where no conditions of zoning regulating density have been attached to the property, maximum density shall be the Base Max described in Table 2.14, unless administratively reviewed and approved for bonus increases according to the criteria set forth in subsection C. of this section.
 2. New HR-3 properties: For property rezoned to the HR-3 (High Density Residential-3) District classification after the effective date of the ordinance from which this chapter is derived, density shall be established by the City Council at the time of approval, based upon the criteria set forth in subsection C. of this section.
- C. Density bonus eligibility and calculations. Density bonuses are intended for subdivisions, as defined in this chapter, not for individual infill lots. The maximum allowed density on HR-3 (High Density Residential-3) District zoned property may be increased above the base max by application of density bonuses as indicated by Table 2.6, and may be accumulated if eligible. An example of how allowable density bonuses are calculated is shown in the example at the end of Table 2.6. In no case shall density exceed the bonus maximum established by Table 2.14.

(Ord. of 8-2-2017, § 1(2.17.5))

Sec. 2.17.6. Building heights.

Maximum building heights shall meet character area intent by compliance with the transitional height and buffer standards of article 5 of this chapter as well as proportional relationship of density to height as regulated by Table 2.15.

Table 2.15. HR-3 Building Height for Density

Density above 60 and up to 120 dwelling units per gross acre		
Building Use	Base Max Height	Height if Density Achieved by Bonus
Multifamily	8 stories or 100 feet	No limit
With Accessory Non-Res	10 stories	No limit
Density up to 60 dwelling units per gross acre		
Building Use	Base Max Height	Height if Density Achieved
Multifamily	6 stories or 75 feet*	8 stories or 100 feet*
With Accessory Non-Res	8 stories or 100 feet*	10 stories
* Whichever is less		

DIVISION 18. MIXED-USE ZONING DISTRICTS

Sec. 2.18.1. Statement of purpose and intent.

- A. The purpose and intent of the City Council in establishing all districts designated as Mixed-Use (MU-1, MU-2, MU-3, MU-4 and MU-5) Zoning Districts are as follows:
1. To encourage the development of master or comprehensively planned, mixed-use developments;
 2. To permit flexible and compatible arrangements of residential, commercial, office, institutional, and civic uses;
 3. To offer a variety of housing options, including multifamily residential and single-family attached housing of various densities, upper-floor residential units over nonresidential space, or active adult and/or senior housing;
 4. To implement the future development map of the city's most current comprehensive plan;
 5. To maintain harmony of scale, intensity, and design of character areas with varying housing options;
 6. To accommodate and promote mixed-use buildings with amenities and services provided by a variety of nonresidential uses, as appropriate in the activity centers established by the comprehensive plan;
 7. To promote the health and well-being of residents through the development of living environments that accommodate pedestrians and bicyclists;
 8. To encourage a sense of community through design that promotes social interaction; and
 9. To reduce automobile traffic and congestion and promote the use of transit by encouraging appropriate development densities.

(Ord. of 8-2-2017, § 1(2.18.1))

Sec. 2.18.2. Mixed-use district densities.

- A. Table 2.16, which summarizes the allowed densities and eligible character areas for mixed-use zoning districts, is provided for the aid of the reader. Any conflict between Table 2.16 and any other provision of this chapter shall be resolved in favor of the other provision of this chapter.

Table 2.16. Summary of Mixed-Use Zoning District Densities

Zoning District Name		Density (units/acre)
Mixed-Use Low Density	MU-1	4—8
Mixed-Use Low-Medium Density	MU-2	8—12
Mixed-Use Medium Density	MU-3	12—24
Mixed-Use High Density	MU-4	24—40
Mixed-Use Very High Density	MU-5	40—60

- B. Individual buildings in any mixed use district may exclusively consist of only residential uses, provided that they are part of a larger mixed-use development that meets the overall percentage mix of nonresidential to residential floor area established by Table 2.17.

(Ord. of 8-2-2017, § 1(2.18.2))

Sec. 2.18.3. Mixed-use dimensional requirements.

Dimensional requirements including overall site requirements, individual lot dimensions, setbacks, and heights for Mixed-Use Districts are provided in Table 2.17, Mixed-Use Zoning Districts Dimensional Requirements. Compatibility rules and transitional buffers, as defined and required in article 5 of this chapter may apply.

(Ord. of 8-2-2017, § 1(2.18.3))

DIVISION 19. MU-1 (MIXED-USE LOW DENSITY) DISTRICT

Sec. 2.19.1. Dimensional requirements.

Dimensional requirements for the MU-1 (Mixed-Use Low Density) District shall be as provided in Table 2.17, Mixed-Use Zoning Districts Dimensional Requirements. Dimensions are established in Table 2.17 for the overall development site (development parcel) and for individual lots intended for single-family detached or single-family attached housing types, when such lots include yards. A mixed-use development may be subject to both the overall development site dimensions and the individual lot dimensions, depending on the mixture of housing types that are proposed for the overall development.

(Ord. of 8-2-2017, § 1(2.19.1))

Sec. 2.19.2. Site and building design standards.

Site and building design standards and regulations shall be as provided in Table 2.17 and article 5 of this chapter, site and building design standards.

(Ord. of 8-2-2017, § 1(2.19.2))

Sec. 2.19.3. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided below. In cases where a use is permitted but there exist supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply.

A. Permitted Uses

The following uses are permitted as of right under this code:

1. Agricultural Activities

- a. Urban Community Garden, up to 5 acres; see section 4.2

2. Residential

- a. Child day care center
- b. Dwelling, multifamily
- c. Dwelling, single-family (attached)
- d. Dwelling, single-family (detached)
- e. Dwelling, three-family
- f. Dwelling, townhouse; see section 4.2
- g. Dwelling, two family
- h. Dwelling, urban single-family; see section 4.2
- i. Live/work unit; see section 4.2
- j. Nursing care facility or hospice

3. Institutional/Public

- a. Club, order or lodge, fraternal, non-commercial
- b. Colleges, universities, research and training facilities
- c. Funeral home, mortuary
- d. Government facilities
- e. Library or museum
- f. Neighborhood or subdivision clubhouse or amenities; see section 4.2
- g. Places of worship; see section 4.2
- h. School, public kindergarten, elementary, middle or high schools
- i. School, specialty; see section 4.2
- j. School, vocational; see section 4.2

4. Commercial

- a. Adult daycare facility, up to 6; see section 4.2
- b. Animal hospitals, veterinary clinic; see section 4.2
- c. Art gallery
- d. Banks, credit unions or other similar financial institutions
- e. Barber shop/beauty salon or similar establishments
- f. Brewpub/beer growler
- g. Catering establishment
- h. Check cashing establishment, accessory; see section 4.2
- i. Child day care center (kindergarten), 7 or more

- j. Child day care facility, 7 or more; see section 4.2
- k. Clinic, health services
- l. Commercial greenhouse or plant nursery; see section 4.2
- m. Dog day care
- n. Dog grooming
- o. Dry cleaning agencies, pressing establishments or laundry pick-up stations
- p. Farmer's market, permanent; see section 4.2
- q. Fitness center
- r. Kidney dialysis center
- s. Office, medical
- t. Office, professional
- u. Parking, commercial lot; see section 4.2
- v. Parking, commercial garage
- w. Personal services establishment
- x. Recreation, indoor
- y. Restaurants (non drive-thru)
- z. Retail, 5,000 sf or less (with the exception of small box discount stores)
- aa. Retail, over 5,000 sf (with the exception of small box discount stores, see also shopping center)
- bb. Retail warehouses/wholesalers providing sales of merchandise with no outdoor storage
- cc. Shopping center
- dd. Special events facility
- ee. Taxi stand

5. Communications – Utility

- a. Essential services
- b. Radio or television broadcasting studio
- c. Satellite television antenna; see section 4.2

6. Wireless Telecommunications

- a. Attached wireless telecommunication facility; see section 4.2
- b. Carrier on Wheels (declared emergency); see section 4.2

B. Special Administrative Uses

The following uses are permitted only with administrative approval:

1. Agricultural

- a. Urban, community garden, over 5 acres

2. Residential

- a. Home occupation, no customer contact; see section 4.2

3. Commercial

- a. Farmer's market, temporary/seasonal; see section 4.2
- b. Temporary outdoor retail sales; see section 4.2
- c. Temporary outdoor sales; seasonal; see section 4.2
- d. Temporary outdoor sales or events, seasonal; see section 4.2
- e. Temporary produce stand; see section 4.2
- f. Temporary trailer, as home sales office or construction trailer; see section 4.2

4. Wireless Telecommunications

- a. Carrier on wheels (non-emergency or event, no more than 120 days); see section 4.2

b. Small cell installations (new support structures or collocation) on private property or ROW; see section 4.2

C. Special Land Use Permit

The following uses are permitted only with a special land use permit:

1. Residential

- a. Child care home, 5 or less; see section 4.2
- b. Child care facility, 6 or more; see section 4.2
- c. Home occupation, with customer contact; see section 4.2
- d. Personal care home, 7 or more; see section 4.2
- e. Senior housing; see section 4.2
- f. Short Term vacation rental

2. Institutional/Public

- a. Cultural facilities

3. Commercial

- a. Alcohol outlet-package store, primary; see section 4.2
- b. Alcohol outlet -beer and/or wine store, beer growler, primary; see section 4.2
- c. Bus or rail stations or terminals for passengers
- d. Drive-through facilities; see section 4.2
- e. Nightclub or late-night establishment; see section 4.2

D. Permitted Accessory

The following uses are permitted as accessory only to a principal use:

1. Residential

- a. Accessory uses or structures
- b. Dormitory
- c. Dwelling, single-family, accessory (guesthouse, in-law suite); see section 4.2

2. Institutional/Public

- a. Educational use, private; see section 4.2

Reserved- [TMOD-22-001]

Sec. 2.19.4. MU-1 (Mixed-Use Low Density) District rezoning submittal requirements.

The following standards only apply to rezoning applications initiated by the owners of the subject property or the authorized agent of the owners. In the interest of economic development and to spur redevelopment, applications initiated by the city are not required to comply with the standards in this section.

Prior to the submittal of an application for a land disturbance permit or building permit, an applicant for development of a city-initiated MU-zoned property, shall comply with the following standards. The application will be reviewed administratively by the director.

- A. *Pre-application meeting.* Before submitting an application for rezoning to the MU-1 (Mixed-Use Low Density) District, the applicant shall confer with the director of planning to discuss the feasibility of the proposed plan and its relationship to the comprehensive plan and city ordinances.
- B. *Submittal of master development plan.* The submittal package for rezoning to the MU-1 (Mixed-Use Low Density) District shall include all items indicated by the application and instruction form established by the planning department. The master development plan shall include:

1. *Pre-application meeting minutes.* Applicants shall provide documentation showing that the required pre-application meeting occurred.
2. *Master development plan.* A master development plan shall illustrate the project showing the location of proposed uses identified by type, site functions, and internal vehicular and pedestrian circulation, along with proposed access points (note: prefer multi-modal access plan as specified in the overlays).
3. *Master development standards.* An applicant for rezoning to the MU-1 (Mixed-Use Low Density) District shall submit the following with the rezoning application:
 - a. A set of tables, matrices, and/or diagrams shall document the proposed standards that will regulate the permitted use, density, lot dimensions, setbacks, site and building form for each area identified in the master concept plan, and indicate all instances where proposed standards vary from this division.
 - b. Documentation regarding eligibility for density bonuses sought by the applicant (see section 2.19.6).
 - c. A summary of the anticipated maintenance and ownership of streets and open spaces.
 - d. Proposed gross and net nonresidential floor area, maximum number of residential dwelling units by type and minimum lot size, and amount of enhanced open space.
4. *Master development plan architectural standards.* An applicant for rezoning to the MU-1 (Mixed-Use Low Density) District shall include with the master development plan a set of binding and enforceable architectural standards that will be utilized by the developer to ensure aesthetic continuity throughout the life of the project.
 - a. At a minimum, the architectural standards shall address lighting, signage, fences, landscaping, building materials, and other architectural features proposed to be included by the applicant.
 - b. A master sign plan may be proposed for approval at the time of rezoning with dimensions that vary from the sign ordinance, provided that the proposed plan demonstrates pedestrian-oriented scale.

(Ord. of 8-2-2017, § 1(2.19.4))

Sec. 2.19.5. Mixed-use building restrictions.

The following restrictions shall also apply to mixed-use buildings:

- A. All uses allowed in the MU-1 (Mixed-Use Low Density) District, as provided in Table 4.1, may occupy the ground level of a mixed-use building; however, any residential uses shall not occupy more than 50 percent of the floor area of the ground level. All levels above ground level shall only be occupied by residential, professional office or service uses.

(Ord. of 8-2-2017, § 1(2.19.5))

Sec. 2.19.6. Density and location criteria (MU-1 District)

- A. The maximum allowed dwelling unit density before application of any bonus is 4 dwelling units per acre, and after application of any bonuses is 8 dwelling units per acre.

- B. Density determination of each MU-1 (Mixed-Use Low Density) property:
1. Existing MU-1 properties: For properties converted to the MU-1 (Mixed-Use Low Density) District classification at the effective date of the ordinance from which this chapter is derived:
 - a. Where conditions of zoning regulate density on the property, the maximum density shall remain as established in any conditions of zoning attached to the property.
 - b. Where no conditions of zoning regulating density have been attached to the property, the maximum density shall be the Base Max described in Table 2.18 unless administratively reviewed and approved for bonus increases, according to the criteria set forth in subsection C. of this section.
 2. New MU-1 districts: For property rezoned to the MU-1 (Mixed-Use Low Density) District classification after the effective date of the ordinance from which this chapter is derived, density shall be established by the City Council at the time of approval of the MU-1 District, based upon the criteria set forth in subsection C. of this section.
- C. Density bonus eligibility and calculations. Density bonuses are intended for subdivisions, as defined in this chapter, not for individual infill lots. The maximum allowed density on MU-1 (Mixed-Use Low Density) zoned property may be increased above the base max by application of density bonuses as indicated by Table 2.19, and may be accumulated if eligible. An example of how allowable density bonuses are calculated is shown in the example at the end of Table 2.19. In no case shall density exceed the bonus maximum established by Table 2.18.

Table 2.19. Residential Density Bonus Eligibility and Percent, with Example Calculation

Density bonus percent increase by amenity, location, or other provision	
20 percent greater than base	
Public Improvements	Applicant provides any of the following improvements: Transit facilities (bus shelter, ride-share), public art, structured parking, trail with public access, sidewalks and/or road improvements beyond project.
Transit Proximity	Existing park-n-ride or ride-share facility is located within one-quarter mile of property boundary.
Nonresidential and Residential Mix of Uses	Total gross square footage of all buildings occupied by nonresidential uses is between 10 and 25 percent.
Amenity Proximity	Existing amenities such as health care facilities, senior and/or civic centers, public schools, public libraries, recreational facilities, personal service establishments, grocery stores, or shopping centers.
50 percent greater than base	
Sustainability Elements	Certification that proposed buildings, if built as designed, would be accredited by LEED®, EarthCraft, or other similar national accreditation organization, for energy- and water-efficient site and building design.
Mixed Income or Mixed Age	30-year enforceable commitment approved by the city attorney and recorded on the deed records that total number of units will be reserved to be occupied as follows: 10 percent by very low income households, or 20 percent by low-income households, or 25 percent by senior citizens. Household income level shall be as established by the Atlanta Regional Commission.
Nonresidential and Residential Mix of Uses	Nonresidential uses occupy more than 25 percent of total gross square footage of all buildings.
Additional Enhanced Open Space	Additional enhanced open space (with standards established by article 5 of this chapter) comprise 20 percent of the overall development site.
100 percent greater than base	

Additional Enhanced Open Space	Additional enhanced open space comprises 35 percent or more of the overall site development.
MARTA Rapid Transit Station	Existing MARTA rapid transit station is located within one-quarter mile of property boundary.
Reinvestment Areas	Property is located within an Enterprise Zone or Opportunity Zone.

Example Density Bonus: (Dwelling Units per Acre (du/acre))

Character Area (example): *Neighborhood Center Character Area*
 Bonus types in example project: *Sustainability Elements and Amenity Proximity*
 Method: *Multiply the Base x % = additional units eligible*

Step 1: Calculate density gained by bonus type:

Sustainability Element Bonus:

Base density: 4
 % Bonus = 50%
 Base x 50% = 4 x 50% = 2
 + 2 bonus du/acre

Amenity Proximity Bonus:

Base density: 4
 % Bonus = 20%
 Base x 20% = 4 x 20%
 + .8 bonus du/acre

Step 2: Add bonus density to Base density

4 + (2 + .8) = 6.8 du/acre max density
 Base Cumulative Bonus Total project density allowed

DIVISION 32. M-2 (HEAVY INDUSTRIAL) DISTRICT

Sec. 2.32.1. Statement of purpose and intent.

The purpose and intent of the City Council in establishing the M-2 (Heavy Industrial) District is as follows:

- A. To provide areas for manufacturing, warehousing and distribution facilities at locations so designated in the comprehensive plan;
- B. To provide for a location for intense industrial uses that do not require and may not be appropriate for a nuisance free environment;
- C. To provide for a location that allows nuisances such as noise, vibration and other impacts which cannot be contained on-site;

- D. To ensure that all businesses located within the M-2 (Heavy Industrial) District operate in compliance with the noise standards contained in this chapter;
- E. To ensure that industrial districts are so located that transportation access to thoroughfares and freeways is available;
- F. To implement the future development map of the city's most current comprehensive plan.

(Ord. of 8-2-2017, § 1(2.32.1))

Sec. 2.32.2. Permitted and special land uses.

Permitted uses and uses requiring special land use permits shall be as provided in Table 4.1 below. In cases where a use is permitted but there are supplemental use regulations for that use specified in article 4 of this chapter, such regulations shall also apply and must be complied with.

(Ord. of 8-2-2017, § 1(2.32.2)) [TMOD-22-001]

Sec. 2.32.5. ~~Solid waste facility/landfill use provisions.~~ [RESERVED]

~~Any solid waste facility, solid waste handling facility, or landfill must obtain a special land use permit from the City Council and a modification or addition of zoning conditions that specifically authorizes and identifies all necessary zoning requirements for each such facility. If granted, the zoning district classification for such property shall be identified as M-2 (Conditional Landfill).~~ [TMOD-22-001]

Sec. 2.32.6. – Conversion of buildings to residential use prohibited.

The conversion of buildings in the M-2 (Heavy Industrial) District to residential use is prohibited.

(Ord. of 8-2-2017, § 1(2.32.5))

ARTICLE 3. OVERLAY DISTRICT REGULATIONS

DIVISION 1. OVERLAY DISTRICTS

Sec. 3.1.1. Overlay districts generally.

Overlay districts are supplemental to the zoning district classifications established in article 2 of this chapter. This section shall supersede the applicability statements in each overlay district except as provided in subsection (F) of this section, and are applicable as follows:

- A. All development and building permits for lots located, in whole or in part, within any overlay district shall meet all of the regulations of the underlying zoning district in which they are located as well as all of the regulations of the applicable overlay district.
- B. For new development after the effective date of the ordinance from which this chapter is derived, when no complete application for a land disturbance or building permit has been filed with respect to a property located within an overlay district and the property has conditions of zoning that were approved prior to, and in conflict with the overlay district regulations contained in this article, the overlay district regulations shall prevail. If a condition of zoning does not conflict with the overlay district regulations, the condition of zoning shall remain applicable to the property.
- C. For existing development, if overlay district regulations conflict with the conditions of zoning applicable to property within in an overlay district, the existing zoning conditions remain applicable to the property.
- D. If overlay district regulations conflict with other regulations contained in this chapter, the overlay district regulations shall prevail.
- E. The use of property may be permitted without rezoning if listed as allowed by the overlay. Uses allowed by the underlying zoning in article 4 of this chapter, shall also be permitted in the overlay district, unless they are listed as prohibited within the overlay district.
- F. Each application for a business license, land disturbance permit, building permit or sign permit, which involves the development, use, exterior alteration, exterior modification or addition of any structure, must demonstrate compliance with all overlay district regulations, subject to article 8 of this chapter, nonconforming uses, structures and buildings.
- G. The zoning district designations contained in article 3 of this chapter, titled Overlay District Regulations, were not revised to reflect the new zoning district designations utilized in the updated zoning ordinance. Any discontinued zoning district references contained in this article 3 of this chapter shall therefore be construed using the conversion chart contained in Table 1.1 of article 1 of the zoning ordinance, and applied as appropriate to the updated provision of the zoning ordinance.
- H. When a plan package for a proposed development is submitted for conceptual plan review or a final design package approval for a land disturbance or building permit application, the governing district by related to design or dimensional standards by which the development will be reviewed under must be clearly stated. That governing district standards must be associated with either the underlying zoning district, or an authorized district as permitted by the applicable Overlay Tier at the time of application submittal.
- I. If the governing underlying district does not match the existing underlying district, the city may initiate a rezoning of the underlying property to the governing district, with property owner approval, at any point after final plat approval or the issuance of a Certification of Occupancy.

(Ord. of 8-2-2017, § 1(3.1.1)) [TMOD-21-015]

Sec. 3.1.2. Purpose and intent.

Each Subarea Overlay has its own purpose and intent based on original overlay requirements.

(Ord. of 8-2-2017, § 1(3.1.2))

Sec. 3.1.3. Plan submittal, review and approval.

- A. *Pre-submittal conference.* Prior to the submittal for review of a land disturbance or building permit application for property located within an overlay district, the applicant and the staff shall have a preliminary meeting to discuss the submittal requirements.
- B. *Conceptual plan submittal requirements.* As part of any land-disturbance permit, building permit, or sign permit application, the applicant shall submit to the director of planning a conceptual plan package and a final design package. Each package must include full architectural and landscape plans and specifications. The submitted plans must include a site plan, architectural elevations and sections; renderings depicting the building design including elevations and architectural details of proposed buildings, exterior materials and colors, and plans and elevations of all hardscape, landscape and signs, all of which shall demonstrate that the proposed design is in compliance with all the requirements of the applicable overlay district and the underlying zoning classification. The plans must clearly state the governing district requirements by which the plans will be reviewed. If the proposed development is also located in an historic district as designated in the Code, the development shall also comply with the regulations established for the historic district in chapter 13.5 of the DeKalb County Code.
- C. *Review by staff.* Staff will review the conceptual plans for compliance with specifications and design guidelines contained in this zoning ordinance for the governing district requested by the applicant. If the application fails to comply with any section in this zoning ordinance, the application shall be marked "failed compliance," shall be returned to the applicant with any comments and/or redlines for revisions, and may be re-submitted with corrections addressing the staffs comments and/or redlines for further consideration. Once the application is found to be in compliance, the final design shall be forwarded to the director of planning for approval.
1. Where the director of planning determines that said plans comply with the requirements of the overlay district, the director of planning shall approve the plans for compliance as part of the application for land disturbance, building or signs permits.
 2. Where the director of planning determines that submitted conceptual plans do not comply with the requirements of this chapter, then the director of planning shall notify the applicant in writing of the manner in which the conceptual plans fail to comply with such requirements. All applications shall be considered and decided by the director of planning within 30 days of receipt of a complete application.
 3. Any appeal to vary overlay district development standards shall be to the zoning board of appeals pursuant to article 7 of this chapter.
- D. *Fees.* Plans shall be accompanied by an application and payment of a fee in an amount determined by the city council.

(Ord. of 8-2-2017, § 1(3.1.3)) [TMOD-21-015]

Sec. 3.1.4. Conceptual plan package review.

A. The conceptual plan package shall include the following:

1. A narrative addressing the proposed development explaining how it meets the purpose, intent, and standards of this article. The narrative shall include a statement of what governing district review standards will be applied. The narrative shall include a tabulation of the approximate number of acres for each different land use type within the project, the approximate number of dwelling units by type, the approximate gross residential density, the approximate commercial density as well as square feet, the common open space acreage, the approximate open space acreage, the anticipated number, type and size of recreational facilities and other public amenities, and the legal mechanism for protecting and maintaining common/public open, as required in article 5 of this chapter; **[TMOD-21-015]**
2. A site location map showing the proposed development, abutting properties, the access connections of the proposed development to surrounding and existing development, and transitional buffer zones, if required;
3. A multi-modal access plan, prepared at a scale not greater than one inch equals 100 feet, to demonstrate a unified plan of continuous access to and between all structures in the proposed development and adjacent properties where connections are appropriate. The multi-modal access plan shall cover the entire proposed development along with public right-of-way of adjoining streets and any other property lying between the subject property and any primary or secondary streets. Safe and convenient pathways shall be provided from sidewalks along streets to each structure entrance, including pedestrian access routes across parking lots and between adjacent buildings within the same development. Connections to available transportation nodes, such as driveways, sidewalks, and bike paths shall be shown along adjacent streets and those entering adjoining properties. Where an existing or planned public transportation station or stop is within 1,250 feet from the nearest boundary of the subject property, the access plan shall show how pedestrians may safely travel from such station or stop to the subject property. Where an existing or planned bike path is located within 1,500 feet from the nearest boundary of the subject property, the access plan shall show how safe, continuous and convenient bicycle access shall be provided to the subject property.
4. Two copies of a plan drawn to a designated scale of not less than one inch equals 100 feet, certified by a professional engineer or land surveyor licensed by the state, presented on a sheet having a maximum size of 24 inches by 36 inches, and one 8½ inches by 11 inches reduction of the plan. A .jpg copy of the plan shall be e-mailed to the director of planning. If presented on more than one sheet, match lines shall clearly indicate where the several sheets join. Such plan shall contain the following information:
 - a. Boundaries of the entire property proposed to be included in the development, with bearings and distances of the perimeter property lines;
 - b. Scale and north arrow, with north, to the extent feasible, oriented to the top of the plat and on all supporting graphics;
 - c. Location and approximate dimensions in length and width, for landscape strips and required transitional buffers, if any;
 - d. Existing topography with a maximum contour interval of five feet and a statement indicating whether it is an air survey or field run;
 - e. Delineation of any floodplain designated by the Federal Emergency Management Agency, United States Geological Survey, or City of Stonecrest;
 - f. Delineation of any jurisdictional wetlands, as defined by section 404 of the Federal Clean Water Act;

- g. Approximate delineation of any significant historic or archaeological feature, grave, object or structure marking a place of burial if known, and a statement indicating how the proposed development will impact it;
 - h. Delineation of all existing structures and whether they will be retained or demolished;
 - i. General location, in conceptual form, of proposed uses, lots, buildings, building types and building entrances;
 - j. Height and setback of all existing and proposed buildings and structures;
 - k. Location, size and number of all on-street and off-street parking spaces, including a shared parking analysis, if shared parking is proposed;
 - l. Identification of site access points and layout, width of right-of-way and paved sections of all internal streets;
 - m. Conceptual plans for drainage with approximate location and estimated size of all proposed stormwater management facilities and a statement as to the type of facility proposed;
 - n. Development density and lot sizes for each type of use;
 - o. Areas to be held in joint ownership, common ownership or control;
 - p. Identification of site access points and layout, width of right-of-way and paved sections of all internal streets;
 - q. Location of proposed sidewalks and bicycle facilities, trails, recreation areas, parks, and other public or community uses, facilities, or structures on the site;
 - r. Conceptual layout of utilities and location of all existing and proposed utility easements having a width of ten feet or more;
 - s. Standard details of signs, sidewalks, streetlights, driveways, medians, curbs and gutters, landscaped areas, fencing, street furniture, bicycle lanes, streets, alleys, and other public improvements demonstrating compliance with the design guidelines for the overlay district; and
 - t. Seal and signature of the professional preparing the plan.
- 5. Two copies of the conceptual building designs including elevation drawings drawn to a scale of not less than one-sixteenth-inch equals one foot showing architectural details of proposed building, exterior materials, all of which demonstrate that the proposed design is in compliance with the Subarea Overlay District in which it is located. Drawings shall be presented on a sheet having a maximum size of 24 inches by 36 inches, along with one 8½ inches by 11 inches reduction of each sheet. A .pdf copy of the drawings shall be e-mailed to the director of planning. If the drawings are presented on more than one sheet, match lines shall clearly indicate where the several sheets join.
 - 6. Lighting plan. See article 5 of this chapter.
 - 7. Traffic study. See article 5 of this chapter.

(Ord. of 8-2-2017, § 1(3.1.4))

Sec. 3.1.5. Final design package.

Upon receiving and addressing the city's comments with respect to the conceptual design package, the applicant must submit the final design package, including color .pdf copies, for review and approval. The final design package must contain a statement of which governing district standards are being applied, full architectural and landscape plans, site plan, elevations, section renderings depicting the building design containing elevations

and architectural detailing of proposed buildings, exterior materials and color, and plans and elevations of hardscape landscape and signs all of which must demonstrate compliance with overlay district regulations. All items and specifications necessary for obtaining land disturbance and building permits must be submitted with the final design package. The applicant may submit the final design package simultaneously with the land disturbance or building permit application, as applicable.

(Ord. of 8-2-2017, § 1(3.1.5)) **TMOD-21-0151**

Sec. 3.1.6. – Overlay Use table.

Table 3.1 indicates the permitted uses within the overlay zoning districts. Even though a use is listed as an allowable use within a particular base zoning district, additional use restrictions may apply based on the applicable overlay zoning district requirements specified in this article.

- A. The uses listed in Table 3.1 shall be permitted only within the zoning overlay districts identified, and no use shall be established and no structure associated with such use shall be erected, structurally altered or enlarged unless the use is permitted as:
 - 1. A permitted use (P);
 - 2. A special use (SP) subject to the special land use permit application procedures specified in article 7 of this chapter;
 - 3. An administratively approved use (SA) subject to the special administrative permit procedures specified in article 7 of this chapter;
 - 4. An accessory use (PA) as regulated by article 4 of this chapter. Table 3.1 does not list all accessory uses but clarifies uses acceptable as accessory, though not typically considered principal uses for the zoning classification.
 - 5. Uses lawfully established prior to the effective date of this zoning ordinance.
- B. Any use not listed in Table 3.1, below, or interpreted to be allowed by the director of planning pursuant to section 4.1.2 is prohibited. Any applicant denied a permit to allow a use of property in a zoning district other than as provided in this section may file an appeal before the zoning board of appeals as provided in article 7 of this chapter.
- C. If there is a conflict between Table 3.1 and the text of this chapter, the text shall prevail.

DIVISION 4. ARABIA MOUNTAIN CONSERVATION OVERLAY DISTRICT

Sec. 3.4.1. Title.

The provisions contained within this division are the regulations of the Arabia Mountain Conservation Overlay District.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.2. Purpose and intent.

The purpose and intent of the city council in establishing the Arabia Mountain Conservation Overlay District (AMCOD) is as follows:

- A. To provide for the protection of natural resources and of scenic views of areas within the boundaries of the AMCOD, so as to protect and enhance the public welfare associated with these natural resources and the aesthetic qualities within this area, consistent with the policies of the Stonecrest Comprehensive Plan;
- B. To provide reasonable and creative planning and development within the AMCOD while preserving the natural land form and features, trees and tree canopy, and the views to and from Arabia Mountain as indicated on the adopted map;
- C. To assure that all activities and authorized uses of land allowed within the AMCOD, whether allowed uses or permitted uses, are activities or uses which are designed so as not to detract from or damage the protected natural resources and scenic beauty of this district;
- D. To encourage and promote the dedication of conservation easements to appropriate public and not-for-profit entities established and authorized to hold easements in perpetuity pursuant to the Georgia Uniform Conservation Easement Act (O.C.G.A. 44-10 and 12-6A), for the purposes of protecting historical and [archaeological] areas, the habitat of endangered or threatened animal and plant species (as defined in the federal Endangered Species Act U.S.C. 1531 and the Endangered Wildlife Act of 1973), providing passive recreational and educational opportunities, preserving the cultural history of the area, protecting open space within the city, and protecting scenic views to and from Arabia Mountain; and
- E. To provide consistent development standards that will adhere to common design characteristics that include but are not limited to: deep setbacks from the main road; strategic buffer zones; home "clustering"; shorter streets within a development and shared open spaces connected by trails, walkways and paths.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.3. District boundaries.

The boundaries of the AMCOD shall be depicted on the official zoning maps entitled "Official Zoning Map, City of Stonecrest, Georgia, Arabia Mountain Conservation Overlay District" (the "AMCOD overlay maps"). The Official Zoning Map, City of Stonecrest, Georgia, Arabia Mountain Conservation Overlay District, to be adopted contemporaneously with this chapter, together with all explanatory information contained or referenced thereon, is hereby adopted by reference and declared to be a part of this chapter.

The AMCOD overlay maps shall be adopted contemporaneously with this chapter in digital format and contained on a compact disk to be maintained in its original, unedited and unaltered form by the clerk to the city council. A printed copy of the compact disk's contents depicting the AMCOD overlay maps on the date of its initial adoption shall also be maintained in its original, unedited and unaltered form by the clerk to the city council.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.4. Applicability of regulations.

This division establishes standards and procedures that apply to development of any lot or portion thereof which is in whole or in part contained within the boundaries of the AMCOD. The procedures, standards, and criteria shall apply only to that portion of the subject property within the boundaries of the district.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.5. Principal uses and principal structures.

- A. The principal uses of land and structures which are allowed in the AMCOD are as is provided by the applicable underlying zoning district, except for those listed in B below, subject to the limitations and standards contained within this district. Additional permitted uses are as follows:
 - 1. Recreation, passive and Nature preserve.
 - 2. Dog Parks.
 - 3. Bed and Breakfast homes.
 - 4. Outdoor Concert halls.
 - 5. Urban Gardens.
- B. Prohibited uses. The following principal uses of land and structures shall be prohibited within the AMCOD:
 - 1. Sexually-oriented businesses.
 - 2. Drive-in Theater.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.6. Accessory uses and accessory structures.

The accessory uses of land and structures which are allowed in the AMCOD are as is provided by the applicable underlying zoning district, subject to the limitations and standards contained within this division.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.7. Lot coverage.

Except as provided in Sub-Section 3.4.9.A., Conservation communities, lot coverage within the AMCOD shall not exceed 25 percent of net lot area. Net lot area refers to the total area intended to be subdivided as shown on a city approved site plan submitted for a land disturbance permit or preliminary plat, exclusive of the area intended to be dedicated for street or utility rights of way or easements, see definition of net lot area (lot area, net) in Article 9, Definitions.

(Ord. No. 2019-02-001, § 1, 2-11-2019) TMOD-22-001

Sec. 3.4.8. Clearing and grading of lots.

No lot as shown on a city approved site plan submitted for a land disturbance permit or preliminary subdivision plat shall be cleared and graded to an extent exceeding 35 percent of the net lot area before subdivision. This does not apply to individual single-family lots as shown on a city approved final subdivision plat, see Sub-Section. 3.4.9.A, Conservation communities. Said limitation is intended to permit 25 percent lot coverage

as allowed in section 3.4.7 above, and to permit appropriate slopes from the remaining natural land contours to the finished site grades.

(Ord. No. 2019-02-001, § 1, 2-11-2019) [TMOD-22-001]

Sec. 3.4.9. Development standards.

There shall be no impervious surfaces within the 75 foot stream buffer. All dwelling units shall be provided convenient access to all green space throughout the development via pedestrian paths or trails.

A. Conservation Communities (residential subdivisions).

Maximum density: Eight dwelling units to the acre of total land area excluding undevelopable areas listed below:

1. Streams and stream buffers.
2. Wetlands.
3. Rock outcroppings.
4. Slopes steeper than 1:2 slope.
5. Sites of archaeological significance.
6. Floodplains.
7. Areas intended to be dedication for right of way.

Minimum lot width: 70 feet as measured from the front building setback line; except for a lot on a cul-de-sac, which shall have a measurement of 35 feet

Minimum lot area: 7,500 square feet, except that each lot on the periphery of the development is at least 10,000 square feet.

Minimum side-yard setback: Ten feet.

Maximum single-family dwelling lot coverage: 50 percent of each individual single family residential lot in a conservation community as shown on an approved subdivision plat.

Greenspace: A minimum of 30 percent of the total land area shown on an approved preliminary subdivision plat must be designated greenspace. A minimum of 65 percent of the greenspace should be in a contiguous tract.

Green space may consist of:

1. Natural undisturbed areas.
2. Passive recreational areas.
3. Trails and Green ways.
4. Bikeways and paths.
5. Mature wooded areas.

Greenspaces shall be preserve and maintained by one of the following:

1. Establishment of a mandatory home owner's association (HOA) to own and maintain the common green space.
2. Dedication of legally described and platted "greenspace" to a land trust.

Minimum building setback adjacent to public or private street(s):

- From thoroughfares, arterials and collectors: 30 feet.
- Local streets: 20 feet.

TMOD-22-001

B. *Road Specifications.* All roads shall be built in accordance with Chapter 14. In the event of a conflict, the provisions of this section shall control. The design of the streets must be designed as noted below with the approval of the City Engineer:

1. Minimal amount of cul-de-sac streets by providing more than one entrance to the to the development and interconnect streets as much as possible.
2. Cul-de-sac streets must minimize the amount of impervious surface by limiting the internal radius to 35 feet and the width of the paved lane to 16 feet. Use grass and vegetation for the inner circle of turn-arounds, rather than paving the whole area. Declare the HOA responsible for the maintenance of the grassy area in the neighborhood bylaws.
3. Omit curbs where possible.
4. As an alternative to curbs and gutters, allow run off from roofs and pavements to pass immediately through grass swales or infiltration basins. Use plant materials that will absorb rainwater and act as a natural filter to oil and pollution.
5. Provide marked, paved paths for non-vehicular traffic within the development and connecting neighboring residential and commercial areas.

C. *Buffer Requirements.* An exterior boundary buffer is required (per community/subdivision). The land area designated to the exterior buffer may be used as part of the required greenspace. The buffer area shall not be included as part of any platted residential lot within the community/subdivision.

Lots less than 10,000 sq. ft.	25 ft.
Lots between 10,000—15,000 sq. ft.	30 ft.
Lots greater than 15,000 sq. ft.	50 ft.

D. *Trails.* Trails maybe constructed with in the buffer. The maximum width is eight feet and must be located within the first 25 percent of the buffer furthest from the exterior boundary line.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.9.1. Non-residential zoning district dimensional requirements.

All non-residential districts shall be developed in accordance with the regulations for the Neighborhood Shopping (NS) District.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.9.1.a. Design standards.

Buildings. New commercial buildings and renovations shall conform to the guidelines noted below.

1. *Pedestrian Amenities.* All buildings shall be configured to allow safe, convenient, direct and continuous access for pedestrians to all primary building entrances. Principle building entry shall open directly on to the public right-of-way.
2. *"Build-to" line (i.e. "Building façade line").* The building shall be setback five feet from the buildable areas as indicated with in their approved site plan. Awnings and canopies are not counted in building façade line determination. Permanent structures other than buildings, such as ATMs and similar elements, shall not be located closer to the street than the building façade lines.
3. *Building height.* All new buildings shall be no more than two stories, maximum height 35 feet.
4. *Façade articulation.* Street-facing building façades shall be horizontally divided by floors using architectural means such as string courses, recesses, reveals or the like. They shall also be vertically divided utilizing Major and Minor Articulations to create visual interest and avoid monotony.
 - a. Major Articulations shall occur at least every 60 feet of horizontal façade length and may be accomplished through: a change of façade materials extending from grade through the cornice; change in storefront systems; physical off-sets; and/or similar means intended to convey the impression of separate buildings.
 - b. Minor Articulations shall occur approximately every 30 feet of horizontal façade length and may be accomplished by: the use of pilasters; the use of off-sets; or similar means intended to create the appearance of structural bays.
5. *Entrances.* All first story uses adjacent to a sidewalk shall have a primary pedestrian entrance, which faces, is visible from, and is directly accessible from said sidewalk. All first story businesses with more than 60 feet of frontage along sidewalks shall provide one pedestrian entrance for every 60 linear feet of frontage or fraction thereof.
6. *Parking:* Parking areas should be located to the side or rear of the building. When parking areas are located in front of the building, a buffer of 10 feet of shrubbery or landscape trees is required. All vegetation should be native to the region.

Cross Access: In order [to] reduce traffic conflicts, cross access drives with adjacent properties must be considered. This may include the interconnection of parking areas or a shared drive between properties.

7. *Storefront canopies* at least five feet in depth extending over the sidewalk are recommended at all retail frontage for relief from inclement weather and for shade. These should be roofed with glass, metal, or fabric wholly supported by brackets or cables attached to the building façade. Columns to support canopies are not permitted in the public right of way (hereafter called "R.O.W."). Awnings and canopies shall not include signage on them, except when such signage is located within an apron that is less than 12 inches in height and is subject to all other applicable sign requirements of this document.

8. *Building Finish Materials.* Each street-facing building façade shall have an exterior finish skin primarily of Lithonia tidal grey granite. Material that may be combined with the granite is limited to wood, exterior brick, cementitious stucco, rustic or cut stone, architectural cast concrete, and glass panels. No more than two additional materials may be used. Concrete masonry units or artificial materials having the appearance of wood, and/or stone are not permitted as a finish material.

Decorative embellishments shall be permanent in nature and shall be of the following materials: copper, brass, bronze, cast concrete, formed exterior plaster, porcelain tile, terracotta, formed metals, glass, wood. No artificial materials having the appearance of wood, and/or stone should be used.

Primary building façade materials shall be combined only horizontally, with the heavier appearing one(s) below the lighter appearing (ones). This shall not apply to embellishments, storefronts systems, or windows frames.

Awnings. Awnings shall be of canvas and similar fabrics, fixed metal, or similar materials. Internally lit awnings and canopies that emit light through the awning or canopy material are prohibited.

8. *Lighting.* Building façades facing a public R.O.W. shall be illuminated for safety and aesthetics. Lighting shall be designed to avoid producing glare in the public R.O.W.. Lighting should be downcast with a zero-degree tilt. Fixtures should not exceed 15 feet in height. Light spillage onto adjacent residential properties shall be minimized by cutoff luminaires.
9. *Utility service lines.* Must be provided via underground conduit or pipes. Overhead utility service is not permissible in the Overlay. New construction on existing sites within Overlay must include replacement of all above-ground utility service lines with underground service or otherwise fully concealed utility service to buildings and sites.
10. *Building Numbering.* Building numbering shall be located above or beside primary entrances of building. Numbering shall be clearly visible from sidewalks. All numbering shall be six inches in height.
11. *Dumpsters, Loading Areas and Mechanical Electrical and Plumbing Features* shall be screened so as not to be visible from any public plaza, outdoor dining area, public R.O.W., or residential area. All dumpsters shall be located behind buildings and shall be enclosed by opaque fences or walls made of stone, brick, wood, or stucco; and these enclosures shall have opaque gates made of wood or metal. Chain-link gates are not permitted.

Rooftop Mechanical features shall be set at least ten feet from the edges of roofs and screened vertically from view through use of parapet walls or similar features. Additionally, all such features greater than five feet in height shall be set at least 20 feet behind front building façades.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.9.2 Height limitation.

- A. Except as provided in section 5.2.5, and in subsection B., no building or structure within the Arabia Mountain Natural Resource Protection Overlay District shall exceed a height of 35 feet, all other requirements of this chapter notwithstanding.
- B. If the placement of a telecommunications tower or antenna within this overlay district in excess of 35 feet in height is mandated by federal law, said tower or antenna, in addition to meeting all other standards and criteria applicable thereto, shall meet the following design requirements:
1. No portion of any such tower or antenna shall extend a distance of more than ten feet above the top of the tree canopy existing on the lot upon which the tower or antenna is placed. If no tree canopy exists on said lot, then no portion of such tower or antenna shall extend a distance of more than ten feet above the top of the tree canopy closest to such tower or antenna.

2. All portions of a tower or antenna that extend above the top of the existing mature tree canopy pursuant to subsection B.1., shall consist of an alternative tower structure that is designed and colored in a way that blends said tower or antenna with the closest tree canopy to a degree that renders said tower or antenna indistinguishable from said tree canopy at a distance of 200 feet measured horizontally from said tower or antenna.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.10. Tree removal and replacement.

No trees other than dead, dangerous or diseased trees shall be removed from any lot except within areas of permissible grading as provided in section 3.4.8 above. Removal of trees should be certified by an arborist and/or by city permit.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.11. Protection of steep slopes.

No lot or portion of a lot having a grade in excess of 15 percent shall be altered.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.12. Driveways.

The director of planning is authorized to approve shared driveways for two or more dwellings within the Arabia Mountain Natural Resource Protection Overlay District in order to minimize lot coverage and tree removal within the district.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.13. Recording of conservation easements.

The director of planning shall record, after approval by the city attorney and the city council, conservation easements within the Arabia Mountain Natural ~~Resource Protection~~ Conservation Overlay District which are made in favor of City of Stonecrest, Georgia.

(Ord. No. 2019-02-001, § 1, 2-11-2019) [TMOD-22-001]

Sec. 3.4.14. Notation of all conservation easements on official zoning maps.

The director of planning shall cause to be noted on the official zoning maps any conservation easements granted within the district to any public or private entity authorized to hold such easements.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.15. Lighting.

No light standard shall be installed that extends above the height of the tree canopy. No lighting element of any kind shall be placed upon any structure so as to extend above the height of the tree canopy. No light spillage of any kind is permitted above said tree canopy except as may be otherwise required by any applicable requirement of federal, state or local law.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.16. Density bonus.

The director of planning is authorized to approve an increase of up to 25 percent in housing density within the district for any parcel of land having a single-family residential zoning classification. In making application to the director of planning the applicant shall present a site plan in which required lot coverage limitations are met. The site plan shall further demonstrate that the tree canopy will be preserved and protected. In approving any such plan, the director of planning is authorized to approve gravel or other permeable surface for driveways and parking areas where it is demonstrated that such permeable surface will aid in minimizing damage to the root system of trees and will prevent the impaction of soil under the canopies of trees. It is the intent of these regulations that houses be clustered rather than spread out to protect and preserve the tree canopy which is essential to the maintenance of the character of the district.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.17. Approval of plats where density bonus permitted.

The director of planning is authorized to record plats in which a density bonus has been approved pursuant to section 3.4.16 above. The approval of any such plat shall be noted on the official zoning map by the director of planning.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.18. AMCOD advisory committee.

The Mayor and City Council may create an AMCOD advisory committee pursuant to Chapter 2. The AMCOD advisory committee may meet with applicants for variances, rezoning and special land use permit applications prior to the submission of the application to the Planning Commission or Board of Zoning Appeals. The AMCOD advisory committee shall act in an advisory capacity only and may present its recommendations on each application in writing to the Planning Commission or Board of Zoning Appeals, applying the standards or criteria contained in Article 7. The failure of the AMCOD to make a recommendation on an application shall not invalidate any zoning decision or decision on a variance and shall not be a condition precedent to final action on the application.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

Sec. 3.4.19. Residential properties which are not subject to sections 3.4.7 and 3.4.8.

Section 3.4.7 (lot coverage) and Section 3.4.8 (clearing and grading of lots) shall not apply to any lot in the R-100, R-85, R-75, or R-60 zoning district if a certificate of occupancy for the house thereon was issued prior to August 7, 2017, and if the lot is less than one-half acre.

(Ord. No. 2019-02-001, § 1, 2-11-2019)

DIVISION 5. STONECREST AREA OVERLAY DISTRICT

Sec. 3.5.1. Scope of regulations.

This division establishes standards and procedures that apply to any development, use, alteration, height, density, parking, open space, and building on any lot or portion thereof which is in whole or in part contained within the boundaries of the Stonecrest Area Overlay District.

(Ord. of 8-2-2017, § 1(3.5.1); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.2. Applicability of regulations.

This division applies to each application for a permit for the development, use, alteration, or modification of any structure where the subject property is in whole or in part contained within the boundaries of the Stonecrest Area Overlay District. The procedures, standards, and criteria herein apply only to that portion of the subject property within the boundaries of the Stonecrest Area Overlay District. When the Stonecrest Area Overlay District and the underlying zoning conflict, the Stonecrest Area Overlay District regulations control absent explicit language to the contrary.

(Ord. of 8-2-2017, § 1(3.5.2); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.3. Statement of purpose and intent.

The purpose and intent of the city council in establishing the Stonecrest Area Compatible Use Zone Overlay District is as follows:

- A. To preserve, protect and enhance existing and proposed open space networks that are adjacent to or within the Stonecrest Area;
- B. To enhance the long term economic viability of this portion of City of Stonecrest by encouraging new commercial and residential developments that increase the tax base and provide jobs to the citizens of City of Stonecrest;
- C. To implement the policies and objectives of the comprehensive plan and the policies and objectives of the design guidelines for the Stonecrest Overlay District;
- D. To establish and maintain a balanced relationship between industrial, commercial, and residential growth to ensure a stable and healthy tax base in City of Stonecrest;
- E. To provide a balanced distribution of regional and community commercial and mixed-use office centers;
- F. To support high density housing in office and mixed-use centers which have the appropriate location, access, and infrastructure to accommodate it;
- G. To encourage mixed-use developments that meet the goals and objectives of the Atlanta regional commission's smart growth and livable centers initiatives;
- H. To allow flexibility in development standards in order to encourage the design of innovative development projects that set high standards for landscaping, greenspace, urban design, and public amenities;

- I. To encourage an efficient land use and development plan by forming a live-work-play environment that offers employees and residents the opportunity to fulfill their daily activities with minimal use of single-occupant automobiles;
- J. To allow and encourage development densities and land use intensities that are capable of making productive use of alternative transportation modes such as bus transit, rail transit, ridesharing, bicycling and walking;
- K. To focus and encourage formation of a well-designed, pedestrian-friendly activity centers with high-density commercial and residential development that increases vitality and choices in living environments for the citizens of the City of Stonecrest;
- L. To protect established residential areas from encroachment of uses which are either incompatible or unduly cause adverse impacts on such communities;
- M. To protect the health, safety and welfare of the citizens of the City of Stonecrest;
- N. To promote uniform and visually aesthetic architectural features which serve to unify the distinctive visual quality of the Stonecrest Area Overlay District.

(Ord. of 8-2-2017, § 1(3.5.3); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.4. District boundaries.

- A. The boundaries of the Stonecrest Area Overlay District composed of Tiers I, II, III, IV, V, and VI described in the subparagraph B below, shall be depicted on the official zoning maps entitled "Official Zoning Map, Stonecrest, Georgia, Stonecrest Area Overlay District" (the "Stonecrest Overlay Maps"). The Stonecrest Overlay Maps are to be adopted contemporaneously with this chapter, together with all explanatory information contained or referenced thereon, is hereby adopted by reference and declared to be a part of this chapter.
- B. The Stonecrest Area Overlay District shall be divided into five [six] development tiers as follows:
 - 1. Tier I: High-Rise Mixed-Use Zone;
 - 2. Tier II: Mid-Rise Mixed-Use Zone;
 - 3. Tier III: Low-Rise Mixed-Use Zone;
 - 4. Tier IV: Transitional Mixed-Use Zone;
 - 5. Tier V: Cluster/Village Mixed-Use Zone; and
 - 6. Tier VI: Viewshed Zone

The Stonecrest Overlay Maps shall be adopted contemporaneously with this chapter in digital format and contained on a compact disk to be maintained in its original, unedited and unaltered form by the clerk to the city council. A printed copy of the compact disk's contents depicting the Stonecrest Area Overlay maps on the date of its initial adoption shall also be maintained in its original, unedited and unaltered form by the clerk to the city council.

(Ord. of 8-2-2017, § 1(3.5.4); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.5. Open space.

- A. *Open space:* Each lot may provide open space. Open space must be a minimum of 20 percent of the lot. To the extent possible, lands containing streams, lakes, 100-year floodplains, wetlands, slopes over 15 percent

shall remain undisturbed and included in open space. Natural open space areas shall form an interconnected and continuous network of paths, greenways, and trails throughout the development within the Stonecrest Area Overlay District. Credit for open space areas may be transferred from one parcel to another within overall developments that remain under unified control of a single property owner or group of owners, but must demonstrate interconnectedness of public areas.

- B. *Maintenance and protection of public space.* Each applicant that chooses to provide for public space shall present as a part of the application for a building permit within the Stonecrest Area Overlay District a legal mechanism under which all land to be used for public space purposes shall be protected. Such legal mechanism may include deed restrictions, property owner associations, common areas held in common ownership or control, maintenance easements, or other legal mechanisms, provided that said legal mechanism shall be approved by the city attorney as assuring each of the following mandatory requirements:
1. That all subsequent property owners within said Stonecrest Area Overlay District be placed on notice of this development restriction through the deed records of DeKalb County Superior Court;
 2. That all public space held in common will be properly maintained and insured with no liability or maintenance responsibilities accruing to the city;
 3. That a legal mechanism exists for notice of deficiencies in maintenance of the public space held in common, correction of these deficiencies, and assessment and liens against the properties for the cost of the correction of these deficiencies by a third- party or the city;
 4. When an applicant for a Stonecrest Area Overlay District chooses to utilize a property owners association in order to comply with the requirements of subsection A above, the applicant, in addition to meeting all of said requirements, shall provide for all of the following:
 - a. Mandatory and automatic membership in the property owners association as a requirement of property ownership;
 - b. A fair and uniform method of assessment for dues, maintenance and related costs;
 - c. Where appropriate, party wall maintenance and restoration in the event of damage or destruction; and
 - d. Continued maintenance of public space held in common and liability through the use of liens or other means in the case of default.

(Ord. of 8-2-2017, § 1(3.5.5); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.6. Greenspace requirements.

- A. *Landscape strips.* Landscape strips not less than five feet in width must be provided along all side and rear property lines and on all public streets. The landscape strip along the public street must be a minimum of ten feet in width and must be planted with a row of street trees of at least three and one-half inches in caliper selected from the list of street trees species identified in the design guidelines for the Stonecrest Area Overlay District and planted not less than 75 feet on center. Continuous landscaped strips shall be constructed along public rights-of-way where surface parking lots are adjacent to such sidewalks or public right-of-way except at points of ingress or egress into the facility.
- B. *Ground cover.* Ground cover must also be provided in accordance with the design guidelines for the Stonecrest Area Overlay District in order to protect tree roots and to prevent erosion. Ground cover must consist of evergreen shrubs or groundcover plant material mulched with pine bark mulch, or other similar landscaping material.
- C. Newly planted trees must conform to the design guidelines for the Stonecrest Area Overlay District.

- D. No tree shall be planted closer than two feet from the street or sidewalk, and no closer than five feet from a fire hydrant, sign post, streetlight standard, utility pole, or similar structure.
- E. *Greenspace requirements for parking lots:*
 - 1. Greenspace areas are required in all parking lots and must comprise at least five percent of the total lot area of parking lot.
 - 2. In addition, all parking lots must include at least one tree for every 12 parking spaces provided. Tree planting areas may be included in the required greenspace area. Every three inches in caliper, as measured at a height of 36 inches above the ground level, of an existing tree shall count as one newly planted tree.
 - 3. Greenspace areas must be at least 36 square feet in area.
 - 4. All greenspace areas must be properly maintained in accordance with approved landscape plans. In the event that a tree or any plant material dies, it must be replaced within a reasonable time, so as to meet all requirements of this section and to allow for planting in the appropriate planting season.
 - 5. All trees planted pursuant to the requirements of Section 5.4.4 shall be counted for the purpose of meeting the tree planting and tree replacement requirements imposed by this chapter.

(Ord. of 8-2-2017, § 1(3.5.6); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.7. Transitional buffer zone requirements.

Any lot within the Stonecrest Area Overlay District, that is contiguous to any lot outside of the Stonecrest Area Overlay District zoned for a residential use, must maintain a 50 foot transitional buffer zone. The transitional buffer zone cannot contain any structures, impervious surfaces, or water retention ponds and cannot be used for permanent parking, loading, or storage. Trees may not be removed from the transitional buffer zone, other than dead, decayed, dying, or hazardous trees. Additional trees and plant material may be added to the transitional buffer zone.

(Ord. of 8-2-2017, § 1(3.5.7); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.8. Street standards.

Streets within the Stonecrest Area Overlay District may be either public or private streets. Private streets must comply with requirements of public streets found in chapter 14 and all other applicable sections of the City of Stonecrest Code, with the following exceptions:

- A. Streets in the Stonecrest Area Overlay District may be constructed with travel lanes at 11 feet in width, measured inside curb and gutter.
- B. Private or public alleys are permitted to provide secondary or service access within developments consisting of at least four buildings. An alley must provide a continuous connection between two streets. Alleys shall be paved and constructed to the same standards as the connecting streets except that:
 - 1. No alley shall be longer than 400 feet;
 - 2. No alley shall have a slope greater than seven percent;
 - 3. The paved width of an alley must be at least 12 feet;
 - 4. Alleys must be constructed with flush curbs;

5. Alleys must have seven-foot-wide unobstructed shoulders constructed of grass sod or gravel on both sides; and
6. Buildings must be set back at least ten feet from the back curb of an alley.

(Ord. of 8-2-2017, § 1(3.5.8); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.9. Underground utilities.

All utilities except for major electric transmission lines and substations are required to be placed underground except where the director of planning determines that underground utilities are not feasible due to pre-existing physical conditions, such as conflicting underground structures or utilities, shallow rock, high water table, or other similar geologic or hydrologic conditions.

(Ord. of 8-2-2017, § 1(3.5.9); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.10. Streetlights.

When necessary for the use and convenience of the occupants or users of a development, streetlights are required and shall conform to the design guidelines for the Stonecrest Area Overlay District.

(Ord. of 8-2-2017, § 1(3.5.10); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.11. Interparcel access.

To the maximum extent possible, sidewalks and parking lots serving adjacent lots shall be interconnected to provide continuous driveway connections and pedestrian connections between adjoining lots and streets, except that this requirement shall not apply to lots zoned for single family or duplex residential units.

(Ord. of 8-2-2017, § 1(3.5.11); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.12. Multi-modal access plans required.

Each new application for a development permit within the Stonecrest Area Overlay District must be accompanied by a multi-modal access plan prepared at a scale not greater than one-inch equals 100 feet. The multi-modal access plan must cover the full extent of the proposed development along with public rights-of-way of adjoining streets and any other property lying between the subject property and the nearest public streets on all sides. The purpose of the multi-modal access plan is to demonstrate a unified plan of continuous access to and between all buildings in the proposed development and adjacent properties. Connections to available transportation modes, such as driveways, sidewalks, and bike paths must be shown along adjacent streets and those entering adjoining properties. Safe and convenient pedestrian ways must be provided from sidewalks along streets to each building entrance, including pedestrian access routes across parking lots and between adjacent buildings within the same development. Where an existing or planned public transportation station or stop is within 1,250 feet (straight line distance) from any boundary of the subject property, the access plan must show how pedestrians may safely travel from such station or stop to the subject property. Where an existing or planned bike path is located within 1,500 feet of the subject property, the access plan must show how safe, continuous and convenient bicycle access shall be provided to the subject property.

(Ord. of 8-2-2017, § 1(3.5.12); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.13. High-rise mixed-use zone (Tier I Zone).

- A. *Permitted principal uses and structures.* The principal uses of land and structures allowed in the Tier I: High-Rise Mixed-Use Zone of the Stonecrest Area Overlay District are as provided below:
1. All uses authorized in the C-1 and C-2 (General Commercial) District, O-I (Office Institutional) District, O-D (Office-Distribution) District, and HR-2 (High Density Residential) District except those listed in B., below.
- B. *Prohibited uses.* The following principal uses of land and structures are prohibited in Tier I: High-Rise Mixed-Use Zone of the Stonecrest Area Overlay District:
1. Kennels.
 2. Tire retreading and recapping.
 3. Sexually oriented businesses.
 4. Reserved
 5. Outdoor amusement services facilities.
 6. Outdoor storage.
 7. Farm equipment and supplies sales establishment.
 8. Repair, small household appliance.
 9. Hotel/motel.
 10. Flea markets.
 11. Automobile title loan establishments.
 12. Pawn shops.
 13. Salvage yards.
 14. Gasoline service stations.
 15. Automobile repair and maintenance, major.
 16. Automobile and truck rental and leasing.
 17. Commercial parking lots.
 18. Automobile wash/wax service.
 19. Check cashing facility.
 20. Automobile emission testing facilities.
 21. Small Box Discount Stores
- C. *Accessory uses and structures.* The following accessory uses of land and structures are permitted in Tier I: High-Rise Mixed-Use Zone of the Stonecrest Area Overlay District:
1. Uses and structures which are customarily incidental and subordinate to the permitted principal uses and structures in this district.
 2. Parking lots and parking garages.
 3. Open space, clubhouse or pool amenity area.
 4. Signs, in accordance with the provisions of chapter 21 and this chapter.

- D. *Building setbacks.* Building setbacks are governed by the MU-3 regulations.
- E. *Height of buildings and structures.* A building or structure in Tier I may exceed the five-story height limit without the necessity of obtaining a special land use permit. A parking deck may exceed five stories in height; however, a parking deck cannot exceed ten stories in height either as a separate deck structure or as part of an office building.
- F. *Density.* No development in Tier I may exceed a FAR of three and one-half, unless it also provides additional public space or other amenities singly, or in combination as provided in subsection G below.
- G. *Bonus density:* In exchange for providing one or more of the amenities shown in Table 3.2 an applicant may receive a density bonus as provided in Table 3.2, not to exceed a total FAR of six.

Sec. 3.5.15.1. Transitional mixed use zone (Tier IV).

- A. *Statement of purpose and intent.* The intent of this tier is to encourage mixed use development in a well-planned community and encourage principally office, residential and commercial uses to serve the convenience needs of the local community. This tier provides an economic balance to the other Stonecrest Area Compatible Use Overlay District development categories which focus more on retail uses.
- B. *Mixed use requirements.* All properties in Tier IV which are proposed for new development shall comply with the minimum requirements of this mixed use development category. Permits for repairs, interior alterations or tenant buildout improvements that do not alter the exterior appearance or the building footprint of the structure shall be exempt from the requirements of this division. Properties in Tier IV shall contain a minimum of two principal uses and any residential use shall not exceed 70 percent of the total floor area. The mixed use development may be combined vertically or horizontally in one or more buildings or may be provided in separate buildings or areas within a mixed-use development. A minimum of one residential and one non-residential use must be selected.
- C. *Permitted principal uses and structures.* The principal uses of land and structures which are allowed in the Tier IV: Transitional Mixed-Use Zone are as is provided below:
 - 1. All uses authorized in the C-1 and C-2 (General Commercial) District, O-I (Office Institutional) District, MU-4 (Mixed Use High Density) District, and HR-2 (High Density Residential-2) District, except those listed in D., below.

Single-family attached detached units that are part of a master planned community so long as such single-family detached units are part of a mixed-use development and the development provides opportunities for lifelong and aging-in-place communities as defined by the Atlanta Regional Commission.
- D. *Prohibited uses.* The following principal uses of land and structures are prohibited in Tier IV: Transitional Mixed-Use Zone:
 - 1. Kennels.
 - 2. Tire retreading and recapping.
 - 3. Sexually oriented businesses.
 - 4. Outdoor amusement services facilities.
 - 5. Outdoor storage.

1. Uses and structures which are customarily incidental and subordinate to the permitted principal uses and structures in this district.
 2. Open space, clubhouse or pool amenity area.
 3. Parking lots and decks.
 4. Signs, in accordance with the provisions of chapter 21 and this chapter.
- F. *Mixed-use developments:* Lot width, lot area and setbacks.
1. *Lot width and area.* All lots shall have at least 100 feet of frontage as measured along the public street frontage.
 - a. Minimum lot area: One acre.
 2. *Setback requirements.*
 - a. *Front yard.* Minimum of zero feet and a maximum of 20 feet to allow for architectural features, outdoor seating, and other project site amenities.
 - b. *Side yard.* Minimum of zero feet and a maximum of 20 feet to allow for architectural features, outdoor seating, plazas and other project site amenities.
 - c. *Rear yard.* Minimum of 20 feet.
 - d. *Interior side yard.* Minimum of zero feet. However, where an interior side yard is facing a structure with windows on an adjoining lot the distance between the existing structure and the proposed structure shall be a minimum of 20 feet.
- G. *Single-family detached units:* Lot width, lot area and setbacks.

1. *Lot width and area.* All lots must have at least 50 feet of frontage as measured along the public street frontage.
 - a. *Minimum lot area.* 5,000 square feet.
 2. *Setback requirements.*
 - a. *Front yard.* Minimum of ten feet and a maximum of 20 feet.
 - b. *Side yard.* Minimum of ten feet.
 - c. *Interior side yard.* Minimum of five feet.
 - d. *Rear yard.* Minimum of 30 feet.
- H. *Single-family attached units:* Lot width, lot area and setbacks.
1. *Lot width and area.* All lots must have at least 30 feet of frontage as measured along the public street frontage.
 - a. *Minimum lot area.* 3,000 square feet. Maximum of eight units or 240 feet.
 2. *Setback requirements:*
 - a. *Front yard:* Minimum of five feet and a maximum of 20 feet.
 - b. *Side yard:* Minimum of ten feet between buildings.
 - c. *Rear yard:* Minimum of ten feet.
 - d. Structures which are front face to front face, back face to back face, or front face to back face shall be not less than 60 feet apart. Structures which are side face to side face shall not be less than 20 feet apart. Structures which are side face to front face or back face shall be not less than 40 feet apart.
- I. *Height of buildings and structures.* The maximum height of any mixed-use building or structure shall not exceed five stories or 75 feet. Buildings in excess of three stories must be approved by the director of planning to assure adequacy of fire protection facilities and services. The maximum height of any residential single-family detached building or structure shall not exceed a height of 35 feet and shall not exceed two stories.
- J. *Density and floor area ratios.* Multifamily dwellings may be developed at a density not exceeding 30 dwelling units per acre and the combined floor area ratio for any development shall not exceed one and one-half.
1. *Density bonus.* The maximum allowable FAR of a building or development in Tier IV shall be increased to a FAR not to exceed a total of three if one or more of the additional amenities is provided as described in the table below:

Table 3.4 Bonus FAR: Tier IV

Sec. 3.5.15.2. Cluster village mixed-use zone (Tier V).

- A. *Statement of purpose and intent.* The primary intent of Tier V is to encourage single-family detached residential developments with associated neighborhood commercial and office uses to serve the convenience needs of the local community in a village or cluster concept. This tier provides for the preservation of open space while allowing compatible development that complements the other Stonecrest Overlay District development categories. Tier V also seeks to preserve the rural and scenic beauty of Arabia Mountain Preserve while providing flexibility to allow for creativity in site design and development. The goal of Tier V is to minimize the environmental and visual impacts of new development on natural resources and historically and culturally significant sites and structures while encouraging residential and neighborhood commercial development in a well planned community.
- B. *Permitted principal uses and structures.* All properties in Tier V shall be governed by all of the underlying zoning district regulations and the requirements of this section. In addition, all properties in Tier V may be used for the following principal uses of land and structures:
1. Adult day care facility.
 2. Bed and breakfast.
 3. Child day care facility.
 4. Assembly hall.
 5. Cultural facility.
 6. Detached single-family dwelling.

 19. Crematorium.
 20. Farm equipment and supplies sales establishment.
 21. Multifamily dwelling unit.
- E. *Lot width, lot area and setbacks.*

1. All single-family detached residential dwellings located on Klondike Road, Plunkett Road or Rockland Road must have a minimum of 100 feet of frontage as measured along the public street frontage.
 - a. *Minimum lot area.* 15,000 square feet.
 - b. *Minimum setback requirements.*
 - i. *Front yard.* 35 feet.
 - ii. *Side yard.* 35 feet.
 - iii. *Rear yard.* 40 feet.
 - iv. *Interior side yard.* Ten feet.
 2. All single-family detached residential lots which are located on new roadways must have a minimum of 50 feet of frontage as measured along the public street frontage.
 - a. *Minimum lot area.* 5,000 square feet.
 - b. *Minimum setback requirements.*
 - i. *Front yard.* Minimum of ten feet and a maximum of 25 feet.
 - ii. *Side yard.* 15 feet.
 - iii. *Rear yard.* 20 feet.
 - iv. *Interior side yard.* Five feet.
 3. Reserved.
 4. Office and commercial uses may not be located along Klondike or Rockland Road. Any uses otherwise authorized in Tier V shall be clustered together in a "village" or "hamlet" setting and must include convenient access to neighboring residential communities in a manner that preserves the open space on the lot. Such uses must be developed in a manner that also preserves the rural and scenic nature of Tier V and is compatible with the natural design and forestation of the Arabia Mountain Preserve. Such uses must be developed in a manner that minimizes the environmental and visual impact of new development on the existing natural landscape and the historically and culturally significant sites and structures. To the extent possible, developments must be constructed in a manner that preserves the bucolic nature and farming community appearance of Tier V.
 - a. Office and commercial uses must be a maximum of 2,500 square feet per tenant space.
 - b. Single-use structures must be a maximum of 10,000 square feet.
 - c. Lot width and lot area. Office and commercial lots must be a minimum of 20,000 square feet.
- F. *Height of buildings and structures.* No building or structure may exceed 35 feet in height or two stories whichever is less.
- G. *Required parking.* The minimum number of required parking spaces must be as provided in the underlying zoning district regulations except as follows:
1. Residential, single-family detached: Minimum of two spaces.
 2. Retail uses, personal service uses, and other commercial and general business uses, including food stores: Minimum of four spaces per 1,000 square feet of gross floor area.
 3. Office and clinic uses: Minimum of three spaces per 1,000 square feet of gross floor area.
 4. Parking space area requirements must comply with the provisions of section 6.1.3.

- H. *Sidewalks.* A landscape strip must be provided between the curb and the pedestrian travel lane in compliance with land development standards. Sidewalks must be provided along the right-of-way of all public streets.

(Ord. of 8-2-2017, § 1(3.5.15.2); Ord. No. 2019-11-001, § 1, 11-25-2019) [TMOD-19-006]

Sec. 3.5.15.3. Viewshed zone (Tier VI).

- A. *Statement of purpose and intent.* The intent of Tier VI is to promote uniform and visually aesthetic development which serves to unify the distinctive visual quality of the Stonecrest Area Overlay District.
- B. *Permitted principal uses and structures.* The permitted principal uses of land and structures for property in Tier VI shall be governed by all of the underlying zoning district regulations.
- C. *Accessory uses and structures.* The permitted accessory uses and structures for property in Tier VI shall be governed by the underlying zoning district.
- D. *Prohibited uses.* The following principal uses of land and structures are prohibited in Tier V [VI]: Viewshed Zone:
1. Sexually oriented businesses.
 2. Pawn shops.
 4. Package stores.
 5. Check cashing facility.
- E. *Lot width, lot area and setbacks.* Lot width, lot area and setbacks of property in Tier VI shall be governed by the underlying zoning district.
- F. *Height of buildings and structures.* The height of buildings and structures on property within Tier VI shall be governed by the underlying zoning district.
- G. *Required parking.* The minimum number of required parking spaces of property in Tier VI shall be governed by the underlying zoning district.
- H. *Sidewalks.* A landscape strip must be provided between the curb and the pedestrian travel lane in compliance with land development standards. Sidewalks must be provided along the right-of-way of all public streets.

(Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.16. Shared parking.

Shared parking is encouraged and may be authorized by the director of planning. Applicants may make application to the director of planning for authorization for a special exception for shared parking. Said applications shall be considered and decided by the director of planning pursuant to the standards and procedures set forth in section 7.6.5.

(Ord. of 8-2-2017, § 1(3.5.16); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.17. Permits for uses.

Any use authorized by this division shall require that a development permit be issued before property improvements can be made in accordance with section 7.7.2 and a building permit required in accordance with the provisions of section 7.7.3.

(Ord. of 8-2-2017, § 1(3.5.17); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.18. Design guidelines.

The Stonecrest Overlay District Design Guidelines dated May 2008 in DeKalb County, shall apply to all uses and structures within the Stonecrest Overlay District and shall be maintained by the planning director and available for public inspection. The design guidelines provide acceptable minimum standards to guide design and development within this overlay district. The planning director or designee is authorized to create, administer, and amend design guidelines for the Stonecrest Area Overlay District. These guidelines provide acceptable architectural design controls, landscaping, detail drawings, signage, fencing, lighting, street and site furniture, and grating criteria. These guidelines shall be used to promote proper design criteria and shall guide the planning director or designee in deciding whether a proposed design complies with the requirements of the Stonecrest Area Overlay District.

(Ord. of 8-2-2017, § 1(3.5.18); Ord. No. 2019-11-001, § 1, 11-25-2019)

Sec. 3.5.19. Plans required; certificates of compliance.

- A. *Plans required.* Prior to the issuance of any land disturbance permit, building permit, or sign permit, the applicant shall submit to the director of planning an application which shall include a conceptual plan package as defined by this chapter which shall demonstrate that the proposed design is in compliance with all of the requirements of this Stonecrest Overlay District and the underlying zoning classification.
- B. *Fees.* Plans shall be accompanied by an application and payment of a fee in an amount determined by the City of Stonecrest City Council.
- C. *Review.* The director of planning shall review each application for compliance with all requirements of the Stonecrest Overlay District and the underlying zoning classification. Where the director determines that said plans comply with the requirements of the Stonecrest Overlay District a certificate of compliance shall be issued in the form of the director or the director's designee signing the plans and drawings after which the applicant shall then apply for land disturbance, building or signs permits. Where the director determines that said plans do not comply with the requirements of this chapter, then the director shall notify the applicant in writing stating the manner in which said applicant fails to comply with such requirements. All applications shall be considered and decided by the director of planning within 30 days of receipt of a complete application. Any appeal of the director of planning's decision in this regard shall be to the zoning board of appeals pursuant to section 7.5.2.

Sec. 3.5.20. Conceptual plan package review.

- A. The conceptual plan package must be composed of the following:
 - 1. A narrative addressing the proposed development explaining how it meets the purpose, intent, and standards of this chapter. The narrative shall include a tabulation of the approximate number of acres in each land use, the approximate number of dwelling units by type, the approximate gross residential density, the approximate commercial density, the approximate public space acreage, the anticipated number, type and size of recreational facilities and other public amenities; the legal mechanism for protecting and maintaining public space, as required in section 3.5.5.A.1.;

-
2. A site location map showing the proposed development, abutting property, the relationship of the proposed development to surrounding natural features and existing development, and transitional buffer zones, if required; and
 3. A multi-modal access plan meeting the requirements of section 3.5.12.
- B. The plan to be submitted in the conceptual plan package must contain the following information:
1. Six copies of a plan drawn to a designated scale of not less than one inch equals 100, certified by a professional engineer or land surveyor licensed by the State of Georgia, presented on a sheet having a maximum size of 24 inches by 36 inches, and one, 8 and ½-inch by 11-inch reduction of the plan. If presented on more than one sheet, match lines must clearly indicate where the several sheets join. Such plan must contain the following information:
 - a. Boundaries of the entire property proposed to be included in the development, with bearings and distances of the perimeter property lines.
 - b. Scale and north arrow, with north, to the extent feasible, oriented to the top of the plat and on all supporting graphics.
 - c. Location and approximate dimensions in length and width, for landscape strips and required transitional buffers, if any.
 - d. Existing topography with a maximum contour interval of five feet and a statement indicating whether it is an air survey or field run.
 - e. Approximate delineation of any floodplain designated by the Federal Emergency Management Agency, United States Geological Survey, or City of Stonecrest.
 - f. The delineation of any jurisdictional wetlands as defined by Section 404 of the Federal Clean Water Act.
 - g. Approximate delineation of any significant historic or archaeological feature, grave, object or structure marking a place of burial if known, and a statement indicating how the proposed development will impact it.
 - h. A delineation of all existing structures and whether they will be retained or demolished.
 - i. General location, in conceptual form, of proposed uses, lots, buildings, building types and building entrances.
 - j. Height and setback of all buildings and structures.
 - k. Approximate areas and development density for each type of proposed use.
 - l. Location, size, and number of all on-street and off-street parking spaces, including a shared parking analysis, if shared parking is proposed.
 - m. Identification of site access points and layout, width of right-of-way and paved sections of all internal streets.
 - n. Conceptual plans for drainage with approximate location and estimated size of all proposed stormwater management facilities and a statement as to the type of facility proposed.
 - o. Development density and lot sizes for each type of use.
 - p. Areas to be held in joint ownership, common ownership or control.
 - q. Identification of site access points and layout, width of right-of-way and paved sections of all internal streets.

- r. Location of proposed sidewalks and bicycle facilities trails, recreation areas, parks, and other public or community uses, facilities, or structures on the site.
- s. Conceptual layout of utilities and location of all existing or proposed utility easements having a width of 25 feet or more.
- t. Standard details of signs, sidewalks, streetlights, driveways, medians, curbs and gutters, greenspace areas, fencing, grating, street furniture, bicycle lanes, streets, alleys, and other public improvements demonstrating compliance with the design guidelines for the Stonecrest Area Overlay District.
- u. Seal and signature of professional preparing the plan.

DIVISION 33. INTERSTATE 20 CORRIDOR COMPATIBLE USE OVERLAY DISTRICT

Sec. 3.33.1. Scope of regulations.

This division establishes standards and procedures that apply to any development, use, alteration, height, density, parking, open space, and building on any lot or portion thereof which is in whole or in part contained within the boundaries of the I-20 Corridor Compatible Use Overlay District. This division shall be governed by chapter 27, article 3, division 1.

(Ord. of 8-2-2017, § 1(3.33.1))

Sec. 3.33.2. Applicability of regulations.

This division applies to each application for a business license, land disturbance permit, building permit or a sign permit which involves the development, use, alteration, or modification of any structure where the subject property is in whole or in part contained within the boundaries of any of the I-20 Corridor Compatible Use Overlay District. The procedures, standards, and criteria herein apply only to that portion of the subject property within the boundaries of the I-20 Corridor Compatible Use Overlay District.

(Ord. of 8-2-2017, § 1(3.33.2))

Sec. 3.33.3. Statement of purpose and intent.

The purpose and intent of the City of Stonecrest in establishing the I-20 Corridor Compatible Use Overlay District is as follows:

- A. To encourage development and redevelopment of properties within the district in order to achieve a variety of mixed-use communities;
- B. To provide for the development of sidewalks and walkways in order to promote safe and convenient pedestrian access and to reduce dependence on automobiles and other motorized means of transportation;
- C. To promote physically attractive, environmentally safe and economically sound mixed-use communities;
- D. To permit and to encourage mixed-use developments containing both commercial and residential uses so as to create pedestrian oriented communities in which people can live, work and play;

- E. To improve the visual appearance and increase property values within the I-20 corridor and to implement the objectives of the comprehensive plan;
- F. To enhance the long-term economic viability of the portion of the City of Stonecrest within the overlay by encouraging new commercial and residential developments that increase the tax base and provide employment opportunities to the citizens of the City of Stonecrest;
- G. To implement the policies and objectives of the comprehensive plan and the policies and objectives of the design standards for the I-20 Corridor Compatible Use Overlay District;
- H. To establish and maintain a balanced relationship between industrial, commercial, and residential growth to ensure a stable and healthy tax base;
- I. To provide a balanced distribution of regional and community commercial and mixed-use office centers;
- J. To support high-density housing in office and mixed-use centers which have the appropriate location, access, and infrastructure to support such development;
- K. To encourage mixed-use developments that meet the goals and objectives of the Atlanta Regional Commission's Smart Growth and Livable Centers Initiatives;
- L. To allow flexibility in development standards in order to encourage the design of innovative development projects that set high standards for landscaping, green space, urban design, and public amenities;
- M. To encourage an efficient land use and development plan by forming a live-work-play environment that offers employees and residents the opportunity to fulfill their daily activities with minimal use of single-occupant automobiles;
- N. To allow and encourage development densities and land use intensities that are capable of making productive use of alternative transportation modes such as bus transit, rail transit, ridesharing, bicycling and walking;
- O. To focus and encourage formation of well designed, pedestrian-friendly activity centers with high-density commercial and residential development that increases vitality and choices in living environments for the citizens;
- P. To protect established residential areas from encroachment of uses which are either incompatible or unduly cause adverse impacts on such communities, and to protect the health, safety and welfare of the citizens;
- Q. To promote uniform and visually aesthetic architectural features which serve to unify the distinctive visual quality of the I-20 corridor area.

(Ord. of 8-2-2017, § 1(3.33.3))

Sec. 3.33.4. District boundaries and maps.

- A. The I-20 Corridor Overlay District shall be comprised of the following six areas that are centered along the roadways that intersect with Interstate 20: The Panola Road area; the Snapfinger Woods area; the Wesley Chapel Road area; the I-20/I-285 interchange area; the Candler Road corridor and the Gresham Road area.
- B. The boundaries and tiers of the Interstate 20 Corridor Compatible Use Overlay District shall be depicted on the official zoning maps entitled "Official Zoning Map, Stonecrest, Georgia, I-20 Corridor Overlay District")(the "I-20 Corridor overlay maps"). The Official Zoning Map, Stonecrest, Georgia, I-20 Corridor Overlay District, to be adopted contemporaneously with this chapter, together with all explanatory information contained or referenced thereon, is hereby adopted by reference and declared to be a part of

this chapter. The I-20 Corridor overlay maps shall be adopted contemporaneously with this chapter in digital format and contained on a compact disk to be maintained in its original, unedited and unaltered form by the clerk to the city council. A printed copy of the compact disk's contents depicting the I-20 Corridor overlay maps on the date of its initial adoption shall also be maintained in its original, unedited and unaltered form by the clerk to the city council.

- C. The I-20 Corridor Overlay District shall be divided into three tiers to guide future development and redevelopment. The tiers are based on the future land use recommendations.

Tier 1. High-intensity area focused around the four activity centers of Panola, Wesley Chapel, Candler Road and the Gresham Road area. The purpose of this tier is to allow the most intense mixed-use development. The goal is to allow for redevelopment of the oversized parking areas with new buildings including retail, office, and residential on one parcel to decrease the need for vehicular trips. The maximum height shall be up to 20 stories and 60 dwelling units/acre.

Tier 2. Medium-intensity area wraps around the high-intensity area or at the locations of Snapfinger Woods and I-20/I-285 intersections. The purpose of this tier is to allow medium-density development in a mixed-use development. The maximum height shall be up to eight stories and allows for up to 40 dwelling units per acre.

Tier 3. Low-intensity area which provides for a transition from the higher-intensity areas and more compatibility to the single-family neighborhoods adjacent to the overlay boundaries. The maximum height shall be up to four stories and allows up to 40 dwelling units per acre.

- D. The planning and development director shall be the final authority to determine whether any property is located within the boundaries of this section.

(Ord. of 8-2-2017, § 1(3.33.4))

Sec. 3.33.5. Principal uses and structures.

(Ord. of 8-2-2017, § 1(3.33.6)), [TMOD-19-005] [TMOD-22-001]

Sec. 3.33.7. Accessory uses and structures.

The following accessory uses of land and structures shall be authorized in the I-20 Corridor Compatible Use Overlay District:

- A. Accessory uses and structures incidental to any authorized use.
- B. Parking lots and parking garages.
- C. Club house, including meeting room or recreation room.
- D. Swimming pools, tennis courts, and other recreation areas and similar amenities.
- E. Signs, in accordance with the provisions of chapter 21 and this chapter.

(Ord. of 8-2-2017, § 1(3.33.7))

Sec. 3.33.8. Special permits.

The following uses and structures shall be authorized only by permits of the type indicated:

- A. Special administrative permit from the director of planning and development as referenced in section 4.2.21, commercial recreation and entertainment:
 - 1. Art shows, carnival rides, festivals and special events of community interest.
 - 2. Temporary outdoor social, religious, entertainment or recreation activity where the time period does not exceed 14 days duration, adequate parking is provided on the site.
 - 3. Telecommunications antennas that are incorporated in architectural features such as steeples, clock towers, water towers and attached to the top of high-rise buildings subject to requirements of section 4.2.51.
 - 4. Outdoor recreation/entertainment facilities.
- B. Special land use permit from the city council:
 - 1. Heliport.

(Ord. of 8-2-2017, § 1(3.33.8))

Sec. 3.33.9. Development standards.

The following requirements shall apply to all structures in the I-20 Corridor Overlay District:

- A. *Building setbacks.* The following requirements apply:
 - 1. *Minimum front yard setback.* Zero feet from right-of-way of public street where the distance between the back of curb and property line is 15 feet in width or greater.
 - 2. *Minimum interior Side yard:* Ten feet. In mixed-use developments there shall be a minimum of 15 feet between buildings and structures less than two stories in height and a minimum of 20 feet between buildings and structures when one of them is greater than two stories in height, and a minimum of 25 feet between buildings when one of them is greater than five stories in height.
 - 3. *Minimum Rear yard:* Ten feet.
- B. *Height of building and structures.* All buildings and structures within the I-20 Corridor Overlay District shall comply with the height restrictions for the development category in which the subject parcels are

located. The I-20 Corridor Overlay District shall be comprised of three development categories. The height restrictions are as follows:

Tier 1. Buildings and structures shall not exceed 20 stories.

Tier 2. Buildings and structures shall not exceed eight stories.

Tier 3. Buildings and structures shall not exceed four stories.

A building in the I-20 Corridor Compatible Use Overlay District may exceed any of the limitations specified by an application to the city council for a special land use permit. A parking deck may exceed five stories in height; however, a parking deck shall not exceed ten stories either as a separate deck structure or as part of an office building.

- C. *Density.* No development shall exceed a floor-area ratio (FAR) of 3 ½, unless it also provides additional public space or other amenities singly, or in combination as provided in section D. below.
- D. *Density bonus.* The maximum allowable FAR of a building or development in a Tier 1 Zone shall be increased to a FAR not to exceed a total of 5½ in exchange for one or more of the additional amenities provided in the table below:

**Table 3.9. Maximum Bonus Floor Area Ratio in Interstate 20 Corridor
Compatible Use Overlay**

Additional Amenity	Increased FAR
Increase public space to 25 percent while providing connectivity	0.75
Increase public space to 30 percent while providing connectivity	1.50
The nonresidential component of mixed-use developments shall constitute not less than 30 percent of the gross floor area of the development.	0.25
Mixed-use building that includes multifamily residential units constituting at least 40 units per acre of land, and constructed in the same building with office-institutional, commercial and retail uses.	0.5

- E. *Required parking.* Required parking may be provided through a combination of off-street, on-street, or shared parking, provided that all required parking is located with 700 feet of the principal entrance of buildings which it is intended to serve. The minimum number of required parking spaces shall be as provided in article 6 of this chapter, except as follows:
1. Retail uses, personal service uses, and other commercial and general business uses, including food stores: Minimum of four spaces per 1,000 square feet of gross floor area.
 2. Office and clinic uses: Minimum of three spaces per 1,000 square feet of gross floor area.
 3. Hotel and motel uses: Minimum of one space per unit.
 4. Multifamily residential uses: Minimum of 1¼ spaces per dwelling unit.

(Ord. of 8-2-2017, § 1(3.33.9))

Sec. 3.33.10. Open space requirements.

- A. A minimum of 20 percent open space shall be provided for each new development. Open space areas may be transferred from one parcel to another within overall developments that remain under unified control of a single property owner or group of owners, but must demonstrate interconnectedness of public areas.

- B. Open spaces shall be at grade, and surrounded by a mix of uses directly accessible from a public sidewalk and building entrances.
- C. Open spaces may include any combination of the following: yards, planted areas, fountains, parks, plazas, trails and paths, hardscape elements related to sidewalks and plazas, and similar features which are located on private property and accessible to the general public; on-street parking; and natural stream buffers shall be permitted to be counted toward the 20 percent open space requirement.
- D. Private courtyards and other private outdoor amenities may be located at the interior of the block, behind buildings or on rooftops. Private courtyards and outdoor amenities shall not be counted toward the 20 percent requirement.
- E. All open space including buffers, setbacks, sidewalk clear zones, sidewalk zones and open spaces shall be fully implemented prior to issuance of a certificate of occupancy for the primary development.
- F. Each applicant shall present as a part of the application for a building permit within the I-20 Corridor Overlay District a legal mechanism under which all land to be used for public space purposes shall be maintained and protected. Such legal mechanism may include deed restrictions, property owner associations, common areas held in common ownership or control, maintenance easements, or other legal mechanisms, provided that said legal mechanism shall be approved by the city attorney as ensuring each of the following mandatory requirements:
 - 1. That all subsequent property owners within said I-20 Corridor Overlay District be placed on notice of this development restriction through the deed records of DeKalb County Superior Court;
 - 2. That all public space held in common will be properly maintained and insured with no liability or maintenance responsibilities accruing to the city;
 - 3. That a legal mechanism exists for notice of deficiencies in maintenance of the public space held in common, correction of these deficiencies, and assessment and liens against the properties for the cost of the correction of these deficiencies by a third-party or the city;
 - 4. When an applicant for an I-20 Corridor Overlay District chooses to utilize a property owners association in order to comply with the requirements of subsection A. of this section, the applicant, in addition to meeting all of said requirements, shall provide for all of the following:
 - a. Mandatory and automatic membership in the property owners association as a requirement of property ownership;
 - b. A fair and uniform method of assessment for dues, maintenance and related costs;
 - c. Where appropriate, party wall maintenance and restoration in the event of damage or destruction; and
 - d. Continued maintenance of public space held in common and liability through the use of liens or other means in the case of default.

(Ord. of 8-2-2017, § 1(3.33.10))

Sec. 3.33.11. Transitional buffer zone and transitional height requirements.

- A. Where a lot on the external boundary of the I-20 Corridor Overlay District adjoins the boundary of any property outside the district that is zoned for any R zoning classification, RM zoning classification, MHP zoning classification, or TND zoning classification, a transitional buffer of not less than 30 feet in width shall be provided and maintained in a natural state or so as to maintain an effective visual screen. Said transitional buffer zone shall not be paved or otherwise covered with impervious surfaces and shall not be used for parking, loading, storage or any other use, except that portions of the transitional buffer zone may be

utilized for installation of utilities when necessitated by the development, and when the applicant shows that the utilities cannot be located outside of the transitional buffer zone. Water detention ponds shall not be located within the transitional buffer zones. No trees, other than dead or diseased trees, shall be removed from said transitional buffer zone, but additional trees and plant material may be added to the transitional buffer zone.

- B. Where a lot on the external boundary of the I-20 Corridor Overlay District adjoins the boundary of any property outside the district that is zoned for any R zoning classification, RM zoning classification, MHP zoning classification, or TND zoning classification, a transitional height plane of 45 degrees shall apply. Sensitivity shall be exercised for developments adjacent to residentially zoned properties through the use of staggered heights, greater setbacks, and enhanced buffers. Building heights in excess of 35 feet shall increase setbacks from the buffer line at a ratio of one to one.

(Ord. of 8-2-2017, § 1(3.33.11))

Sec. 3.33.12. Architectural regulations.

The following architectural regulations shall apply to all uses and structures within the I-20 Corridor Overlay District. The architectural style within the I-20 Corridor Overlay Districts shall be governed by the I-20 Corridor Design Standards.

- A. All building facades visible from the public street shall consist of concrete, stone, brick or stucco.
- B. Architectural accents, where utilized, shall consist of non-reflective glass, glass block, natural stone, pre-cast concrete, brick, terra cotta, stucco or wood.
- C. Seventy-five percent of the width of the front facade of the building at the ground level shall consist of fenestration.
- D. Roof materials shall not consist of any reflective surface.
- E. All exterior painted surfaces, where visible from the public street, shall be painted in earth tones. Colors shall be non-primary colors, including darker and cooler shades of green, red such as brick, yellow including beige, and lighter shades of brown including tan.
- F. Burglar bars and steel roll-down doors or curtains shall not be visible from the public street.
- G. Service bays for automobile service and repair uses shall be designed so that the openings of service bays are not visible from a public street.
- H. Chain link fences shall not be visible from the public right-of-way and metal or temporary awnings are not permitted within the district.
- I. Dumpsters shall not be visible from the public street and shall be fenced or screened so as not to be visible from any adjoining residential district.
- J. Fabric and canvas awnings and all other building materials must be of durable quality and shall be compatible with materials used in adjoining buildings.

(Ord. of 8-2-2017, § 1(3.33.12))

Sec. 3.33.13. Landscaping requirements.

The following landscaping regulations shall apply to all uses within the I-20 Corridor Overlay District, with the exception of mixed-use developments. Such developments shall require the submittal of a landscape plan for approval.

- A. *Landscape strips.* Any landscape strip shown as part of final design package shall not be less than five feet in width and shall be provided along all side and rear property lines. The landscape strip in the front yard shall be a minimum of ten feet in width and shall be planted with a row of street trees of at least 3½ inches in caliper selected from the list of street trees species identified in the design standards for the I-20 Corridor Overlay District and planted not less than 75 feet on center. Continuous landscaped strips shall be constructed along public rights-of-way except at points of ingress or egress into the facility.
- B. *Ground cover.* Ground cover shall also be provided in accordance with the design guidelines for the I-20 Corridor Overlay District in order to protect tree roots and to prevent erosion. Ground cover shall consist of evergreen shrubs or groundcover plant material mulched with pine bark mulch, or other similar landscaping material.
- C. *New trees.* Newly planted trees shall conform to the design guidelines for the I-20 Corridor Overlay District.
- D. *Tree spacing.* No tree shall be planted closer than two feet from the street or sidewalk, and no closer than five feet from a fire hydrant, sign post, streetlight standard, utility pole, or similar structure.
- E. *Parking lot landscaping requirements.* All parking lots within the I-20 Corridor Overlay District shall be landscaped pursuant to the requirements of section 5.4.4.

(Ord. of 8-2-2017, § 1(3.33.13))

Sec. 3.33.14. Sidewalks, street tree planting zone, landscaping and ground cover requirements, and curb cuts.

- A. *Sidewalk requirement.* There shall be a public sidewalk constructed along all public street frontages contiguous to all properties within the I-20 Corridor Overlay Districts. The sidewalk shall be located five feet from the curb and shall be ten feet in width. The five-foot zone adjacent to the curb shall be the street tree-planting zone. In blocks where there are overhead utility lines, the director of planning and development may authorize a two-foot planting zone from the curb with the five-foot tree-planting zone to be located at the sidewalk.
- B. *Street tree planting.* Street trees of a caliper that is not less than three inches shall be planted no less than 30 feet between centerlines along properties within the district having street frontage. Trees of the following type shall be used:
 - 1. Crape myrtle, standard trunk.
 - 2. October glory red maple.
 - 3. Sunset maple.
 - 4. Nuttall oak (*Quercus nattalli*).
 - 5. Shumard oak (*Quercus shumardii*).
 - 6. Willow oak.
 - 7. Zelkova serrata.
 - 8. Ginkgo (*Ginkgo biloba*).
 - 9. Trident maple (*Acer buergeranum*).
 - 10. Allee lacebark elm (*Ulmus parvifolia emer* (II)).

- C. *Maintenance of trees and ground cover.* All street trees and other trees and all ground cover required by this chapter or by chapter 14 of the Code shall be maintained in a healthy condition, and any trees or ground cover which die shall be replaced within the earliest possible planting season.
- D. *Curb cuts.* There shall be a minimum distance of 25 feet between curb cuts. Curb cuts shall not be permitted within 100 feet of the intersection of any two public streets and shall not be more than 24 feet wide.

(Ord. of 8-2-2017, § 1(3.33.14))

Sec. 3.33.15. Underground utilities.

All utilities except for major electric transmission lines and substations are required to be placed underground except where the director of development determines that underground utilities are not feasible due to pre-existing physical conditions, such as conflicting underground structures or utilities, shallow rock, high water table, or other similar geologic or hydrologic conditions.

(Ord. of 8-2-2017, § 1(3.33.15))

Sec. 3.33.16. Streetlights and street furnishings.

Streetlights and furnishings are required for all public streets and shall conform to the design guidelines for the I-20 Corridor Area Overlay District.

(Ord. of 8-2-2017, § 1(3.33.16))

Sec. 3.33.17. Street and interparcel access.

Streets within the I-20 Corridor Area Overlay District may be either public or private streets. Private streets shall comply with the requirements of public streets found in chapter 14 and all other applicable sections of the Code. To the maximum extent possible, sidewalks and parking lots serving adjacent lots shall be interconnected to provide continuous driveway connections and pedestrian connections between adjoining lots and streets, except that this requirement shall not apply to lots zoned for single-family residential development. Where necessary, the City of Stonecrest may require access easements be provided to ensure continuous access and egress routes connecting commercial, office and multifamily lots.

(Ord. of 8-2-2017, § 1(3.33.17))

Sec. 3.33.18. Multimodal access plans required.

Each new application for a development permit within the I-20 Corridor Overlay District shall be accompanied by a multi-modal access plan prepared at a scale not greater than one inch equals 100 feet. The multi-modal access plan shall cover the full extent of the proposed development along with public rights-of-way of adjoining streets and any other property lying between the subject property and the nearest public streets on wall sides. The purpose of the multi-modal access plan is to demonstrate a unified plan of continuous access to and between all buildings in the proposed development and adjacent properties. Connections to available transportation modes, such as driveways, sidewalk, and bike paths shall be shown along adjacent streets and those entering adjoining properties. Safe and convenient pedestrian ways shall be provided from sidewalks along streets to each building entrance, including pedestrian access routes across parking lots and between adjacent buildings within the same development. Where an existing or planned public transportation station or stop is within 1,250 feet (straight-line distance) from any boundary of the subject property, the access plan shall show how pedestrians

may safely travel from such station or stop to the subject property, the access plan shall show how safe, continuous and convenient bicycle access shall be provided to the subject property.

(Ord. of 8-2-2017, § 1(3.33.18))

Sec. 3.33.19. Sign regulations.

All lots in the I-20 Corridor Overlay District shall comply with all requirements of chapter 21 subject to the following additional regulations:

- A. Signs shall be designed so as to be compatible with the I-20 Corridor Design Standards;
- B. All ground signs shall be monument style signs with a base and framework made of brick; the design of ground signs must comply with the I-20 Overlay District Design Guidelines;
- C. Each lot shall have no more than one ground sign;
- D. The sign area of ground signs shall not exceed 32 square feet, unless the lot contains a shopping center, in which case ground signs are limited to 64 square feet;
- E. Ground signs shall not exceed a height of six feet, unless the lot contains a shopping center, in which case ground signs shall not exceed a height of 15 feet;
- F. Each separate store front may have a maximum of two wall signs, each of which shall not exceed an area of ten percent of the area of the facade of the ground floor of the building or 75 square feet, whichever is less;
- G. Wall signs shall be located on the primary building facade and within 15 feet of the public right-of-way;
- H. Window signs are prohibited;
- I. Banners are prohibited;
- J. Wall-mounted signs shall be channel cut letters applied directly to the building facade. Flashing, animated, marquee, sound emitting, fluorescent, rotating or otherwise moving signs are prohibited;
- K. Sign shape and lettering shall be limited as follows:
 - 1. Signs with more than two faces are prohibited;
 - 2. Sign facing shall be flat in profile and shall not exceed a thickness of eight inches;
 - 3. Sign faces shall be parallel;
 - 4. Sign lettering shall consist of block lettering in which individual letters are proportional in size to the overall size of the sign, but in no event shall individual letters exceed 18 inches in height; and
 - 5. Sign lettering shall be of an opaque material.
- L. Any violation of this section shall be punishable by fine not exceeding \$500.00 or imprisoned for a term not to exceed six months, or both.

(Ord. of 8-2-2017, § 1(3.33.19))

Sec. 3.33.20. Shared parking.

Shared parking is encouraged and may be authorized by the director of planning and development. Parking facilities within the parcel may be shared if multiple uses cooperatively establish and operate parking facilities and if these uses generate parking demands primarily when the remaining uses are not in operation, so that the off-

street parking requirements for each use are met or exceeded during said use's operational hours. Applicants may make an application to the director of planning and development for authorization for a special exception for shared parking.

(Ord. of 8-2-2017, § 1(3.33.20))

Sec. 3.33.21. Design guidelines.

The planning director or designee is authorized to create, administer, and amend design standards for the I-20 Corridor Compatible Use Overlay District. These standards shall provide acceptable architectural design controls, landscaping, detail drawings, signage, fencing, lighting, street and site furniture and grating. These standards shall be used to promote proper design criteria for the overlay district and shall guide the planning director in deciding whether a proposed design complies with the requirements of this overlay district. The design standards are hereby made a part of this division and shall be amended from time to time.

(Ord. of 8-2-2017, § 1(3.33.21))

Sec. 3.33.22. Plans required; certificates of compliance.

- A. *Plans required.* Prior to the issuance of any land disturbance permit, building permit, or sign permit, the applicant shall submit a conceptual design package and final design package to the director of planning and development. The final design package must include full architectural and landscape architectural plans and specifications. The submitted plans must include a site plan, architectural elevations and sections; renderings depicting the building design including elevations and architectural details of proposed buildings, exterior materials and colors, and plans and elevations of all landscape, landscape and signs, all of which shall demonstrate that the proposed design is in compliance with all the requirements of this I-20 Corridor Overlay District and the underlying zoning classification.
- B. *Fees.* The conceptual design package shall be accompanied by an application and payment of a fee in an amount determined by the city council.

(Ord. of 8-2-2017, § 1(3.33.22))

Sec. 3.33.23. Conceptual plan package review.

- A. The conceptual plan package shall be composed of the following:
 - 1. A narrative addressing the proposed development explaining how it meets the purpose, intent, and standards of this chapter. The narrative shall include a tabulation of the approximate number of acres in each land use, the approximate number of dwelling units by type, the approximate gross residential density, the approximate commercial density, the approximate public space acreage, the anticipated number, type and size of recreational facilities and other public amenities; the legal mechanism for protecting and maintaining public space, as required in section 3.5.5.A.1;
 - 2. A site location map showing the proposed development, abutting property, the relationship of the proposed development to surrounding and existing development, and transitional buffer zones, if required; and
 - 3. A multi-modal access plan meeting the requirements of section 3.33.18.
- B. The plan to be submitted in the conceptual plan package shall contain the following information:
 - 1. Ten copies of a site plan drawn to a designated scale of not less than one inch equals 100 feet, certified by a professional engineer or land surveyor licensed by the state, presented on a sheet having a

maximum size of 24 inches by 36 inches, and one 8 ½-inch reduction of the plan. If presented on more than one sheet, match lines shall clearly indicate where the several sheets join. Such plan shall contain the following information:

- a. Boundaries of the entire property proposed to be included in the development, with bearings and distances of the perimeter property lines.
- b. Scale and north arrow, with north, to the extent feasible, oriented to the top of the plat and on all supporting graphics.
- c. Location and approximate dimensions in length and width, for landscape strips and required transitional buffers, if any.
- d. Existing topography with a maximum contour interval of five feet and a statement indicating whether it is an air survey or field run.
- e. Approximate delineation of any floodplain designated by the Federal Emergency Management Agency, United States Geological Survey, or the City of Stonecrest.
- f. The delineation of any jurisdictional wetlands, as defined by section 404 of the Federal Clean Water Act.
- g. Approximate delineation of any significant historic or archaeological feature, grave, object or structure marking a place of burial if known, and a statement indicating how the proposed development will impact it.
- h. A delineation of all existing structures and whether they will be retained or demolished.
- i. General location, in conceptual form, of proposed uses, lots, buildings, building types and building entrances.
- j. Height and setback of all buildings and structures.
- k. Approximate areas and development density for each type of proposed use.
- l. Location, size and number of all on-street and off-street parking spaces, including a shared parking analysis, if shared parking is proposed.
- m. Identification of site access points and layout, width of right-of-way and paved sections of all internal streets.
- n. Conceptual plans for drainage with approximate location and estimated size of all proposed stormwater management facilities and a statement as to the type of facility proposed.
- o. Development density and lot sizes for each type of use.
- p. Areas to be held in joint ownership, common ownership or control.
- q. Location of proposed sidewalks and bicycle facilities trails recreation areas, parks, and other public or community uses, facilities, or structures on the site.
- r. Conceptual layout of utilities and location of all existing or proposed utility easements having a width of 25 feet or more.
- s. Standard details of signs, sidewalks, streetlights, driveways, medians, curbs and gutters, landscaped areas, fencing, grating, street furniture, bicycle lanes, streets, alleys, and other public improvements demonstrating compliance with the design guidelines for the I-20 Corridor Area Overlay District.

- t. Conceptual layout of building designs including elevations showing architectural details of proposed buildings, exterior materials, all of which shall demonstrate that the proposed design is in compliance with all of the requirements of the overlay district regulations.
- u. Seal and signature of the professional preparing the site plan.

(Ord. of 8-2-2017, § 1(3.33.23))

Sec. 3.33.24. Final design package review and approval process.

- A. *Review, approval of final design package.* Upon receiving comments on the conceptual design package, the applicant will submit the final design package for review and approval. The final design package must include full architectural and landscape architectural plans and specifications. The submitted plans must include a site plan, architectural elevations and sections; renderings depicting the building design including elevations and architectural details of proposed buildings, exterior materials and colors, and plans and elevations of all hardscape, landscape and signage, all of which shall demonstrate that the proposed design is in compliance with all requirements of this I-20 Corridor Overlay District and the underlying zoning classification. The final design package must be signed and sealed by a professional engineer/architect. The final design package must contain all plans, elevations, sections and specifications necessary for obtaining development and building permits. The applicant may submit the final design package simultaneously with the submission for permitting.
- B. *Review.* The director of planning shall review each application for compliance with all requirements of the I-20 Corridor Overlay District and the underlying zoning classification. Where the director determines that said plans comply with the requirements of the I-20 Corridor Overlay District, a certificate of compliance shall be issued in the form of the director or the director's designee signing the plans and drawings after which the applicant shall then apply for land disturbance, building or signs permits. Where the director determines that said plans do not comply with the requirements of this chapter, then the director shall notify the applicant in writing stating the manner in which said applicant fails to comply with such requirements. All applications shall be considered and decided by the director of planning within 30 days of receipt of a complete application. Any appeal of the director of planning's decision in this regard shall be to the zoning board of appeals pursuant to section 7.5.2.

(Ord. of 8-2-2017, § 1(3.33.24))

Sec. 3.33.25. Final approval of plans.

Prior to issuance of any development or building permit, the conceptual design package and final design package shall be submitted to and approved by the planning and development director, consistent with the I-20 Corridor Overlay District requirements.

By enacting the I-20 overlay, the City Council authorizes the planning and development department director to approve the proposed development that provides for unique site features and innovative design in concert with the design guidelines and all related requirements of this division.

(Ord. of 8-2-2017, § 1(3.33.25))

ARTICLE 4. USE REGULATIONS

DIVISION 1. OVERVIEW OF USE CATEGORIES AND USE TABLE

Sec. 4.1.1. Overview.

- A. *General Overview.* The regulations contained within this article 4 of this chapter shall apply to all zoning districts within City of Stonecrest except as otherwise specified herein. Dimensions, site location and architectural requirements shall be indicated on required site development plans.
- B. *General Findings and Purpose.* Certain land uses require the imposition of additional regulations to mitigate a range of negative impacts on the public health, safety, welfare as well as environmental, aesthetic, and infrastructure impacts.
- C. *Findings and Purpose for Certain Land Uses.* National studies show that a concentration of certain land uses, including alcohol outlets, automobile gas stations, check cashing establishments, convenience stores, drive-through restaurants, and pawn shops, negatively impact the public health, safety, welfare, property values, economic development and social vitality of communities and neighborhoods. Local governments across the country recognize the negative impacts of such uses and impose additional regulations and distance requirements to mitigate such impacts, such as indicated in the studies presented to DeKalb County, including the report *The Relationship Between SLUP6 Businesses and Negative Outcomes in DeKalb County*, by Dean Dabney, Ph.D., presented on May 9, 2017. Said study indicates these land uses in DeKalb County are associated with increased crime, automobile accidents, lower property values, and other negative impacts to the public health and welfare.

(Ord. of 8-2-2017, § 1(4.1.1))

Sec. 4.1.2. Interpretation of unlisted uses.

Where a particular use is not specifically listed in Table 4.1, Use Table, the director of planning shall have the authority to permit the use if the use is similar to uses permitted by this article. The director of planning shall give due consideration to the purpose and intent statements contained in this zoning chapter concerning the base zoning districts involved, the character of the uses specifically identified and the character of the uses in question.

(Ord. of 8-2-2017, § 1(4.1.2))

Sec. 4.1.3. Use table.

Table 4.1 indicates the permitted uses within the base zoning districts. Even though a use is listed as an allowable use within a particular base zoning district, additional use restrictions may apply based on the applicable overlay zoning district requirements specified in article 3 of this chapter, overlay districts.

- A. The uses listed in Table 4.1 shall be permitted only within the zoning districts identified, and no use shall be established and no structure associated with such use shall be erected, structurally altered or enlarged unless the use is permitted as:
 - 1. A permitted use (P);
 - 2. A special use (SP) subject to the special land use permit application procedures specified in article 7 of this chapter;

3. An administratively approved use (SA) subject to the special administrative permit procedures specified in article 7 of this chapter;
 4. An accessory use (PA) as regulated by this article 4 of this chapter. Table 4.1 does not list all accessory uses but clarifies uses acceptable as accessory, though not typically considered principal uses for the zoning classification.
 5. Uses lawfully established prior to the effective date of this zoning ordinance.
- B. Any use not listed in Table 4.1, below, or interpreted to be allowed by the director of planning pursuant to section 4.1.2 is prohibited. Any applicant denied a permit to allow a use of property in a zoning district other than as provided in this section may file an appeal before the zoning board of appeals as provided in article 7 of this chapter.
- C. If there is a conflict between Table 4.1 and the text of this chapter, the text shall prevail.
- D. Prohibited Uses. The following uses are considered contrary to the vision and intent of the City's Comprehensive Plan, and would be detrimental to the city's continuing effort to adhere to that vision, and are prohibited city wide.
1. Distillation of bones or glue manufacture
 2. Dry Cleaning Plant
 3. Dye Works
 4. Explosive Manufacture or storage
 5. Fat rendering or fertilizer manufacture
 6. Fuel Manufacture
 7. Incineration of garbage or refuse
 8. Landfills
 9. Paper or Pulp Manufacture
 10. Petroleum or inflammable liquids production/refining
 11. Radioactive materials storage and processing
 12. Rubber or plastics manufacture
 13. ~~Disposal or storage of Solid waste disposal of~~ hazardous/toxic ~~materialssolid waste~~, including the application of thermal treatment technology
 14. Smelting copper, iron, zinc or ore
 15. Sugar refineries
 16. Tire retreading or recapping

DIVISION 2. SUPPLEMENTAL USE REGULATIONS

Sec. 4.2.1. Accessory buildings, structures, and uses.

Accessory buildings, structures and uses determined by the director to be normally incidental to one or more permitted principal uses are hereby permitted as follows:

- A. Accessory structures allowed in all residential districts may include, but are not limited to, garages, storage sheds, and personal recreational facilities such as swimming pools and tennis courts.
- B. Accessory structures must be constructed in conjunction with or after the principal building is constructed.

(Ord. of 8-2-2017, § 1(4.2.1))

Sec. 4.2.2. Accessory buildings, structures and uses; location, yard and building restrictions.

The following provisions apply to accessory buildings, structures, and uses of land that are incidental to authorized and permitted uses:

- A. All accessory buildings, accessory structures, and accessory uses of land, including off-street parking, shall be located on the same lot as the principal buildings to which they are accessory.
- B. All accessory structures in which effluent is produced shall be connected to water and sewer if the primary structure is connected to water and sewer.
- C. Yard and setbacks.
 - 1. All accessory buildings or structures shall be located in the rear yard of the lot, with the exception of ATM bank machines which are also allowed in the front or Side yard:
 - 2. Accessory structures must not encroach in the minimum yard setbacks for the district in which they are located.
 - 3. Accessory buildings or structures shall meet the minimum side yard setback for the district or ten feet, whichever is less, and shall not be located closer than ten feet to a rear lot line in any district.
 - 4. Basketball goals attached to the principal residential structure or erected adjacent to and abutting the driveway of the principal residential structure shall be allowed in the front yard but not within the right-of-way of a public street. No basketball goal shall be erected in such a manner that the play area for the basketball goal is located within any portion of a public right-of-way.
 - 5. Additional supplemental regulations in this article regarding minimum yards and setbacks for specific accessory buildings, structures, or uses of land may also apply.
- D. Corner lot, rear yards. Where the rear yard of a corner lot adjoins the side yard of a lot in a residential district, no accessory building or structure shall be located closer than 15 feet to the rear property line and no closer to the side street right-of-way line than the principal building.
- E. Materials. Accessory structures that are buildings or sheds shall be constructed out of a material similar to the principal structure.

- F. No accessory building or structure in a nonresidential district shall be used by anyone other than employees of the owner, lessee or tenant of the premises, unless otherwise allowed by provisions of this chapter.
- G. Where an accessory building or structure is attached to the principal building by a breezeway, passageway or similar means, the accessory building or structure shall comply with the yard setback requirements of the principal building to which it is accessory.
- H. Setbacks for swimming pools, as accessory structures in a residential district, shall be measured from the edge of the decking to the applicable property line. No part of the decking for an accessory swimming pool shall be within five feet of a side or rear property line.
- I. Except as expressly provided elsewhere in this chapter, an accessory structure shall be limited to the lesser of 24 feet in height or the height of the principal structure, whichever is less.
- J. The floor area of an accessory buildings that is accessory to a single-family, two-family, or three-family residential structure shall not exceed the maximum floor areas set forth in Table 4.2, below.

Table 4.2. Maximum Accessory Building Floor Area - Select Residential Structures

Maximum Accessory Building Floor Area	
Property Size	Maximum Floor Area
0 to 0.999 acres	900 square feet
1 to 4.999 acres	1,200 square feet
5 to 9.999 acres	2,000 square feet
10 or more acres	No size limit

(Ord. of 8-2-2017, § 1(4.2.2))

Sec. 4.2.3. Accessory dwelling unit, guesthouse, in-law suite.

- A. On parcels zoned for residential single-family dwellings as a principal use, an accessory dwelling unit may be allowed as one of the following:
 - 1. Attached (addition to existing building);
 - 2. Detached; or
 - 3. Within existing house (renovations to basements, wings or attics converted into separate living unit).
- B. The heated floor area of a dwelling unit shall not include the square footage of the garage.
- C. Attached and detached accessory dwelling units are permitted by right, subject to the following:
 - 1. The minimum lot size shall be 10,000 square feet.
 - 2. The accessory dwelling unit shall conform to applicable standards of the state, city and city building codes for residential units as principal uses.
 - 3. The property owner, who shall include titleholders and contract purchasers, must occupy either the principal dwelling unit or the accessory dwelling unit as their residence, and possess a homestead exemption.
 - 4. The appearance of the accessory dwelling unit shall be similar to that of the principal residence.
 - 5. Only one accessory dwelling unit of any type shall be permitted on a lot.

6. Prior to issuance of a building permit for an accessory dwelling unit, an applicant must provide evidence to the director of planning showing that existing or proposed septic tank facilities, as applicable, are adequate to serve both the principal dwelling and the accessory dwelling unit.
7. Any detached accessory dwelling unit shall be located in the Rear yard:
8. A second kitchen facility may be constructed and used within a single-family residence.
9. Paved off-street parking shall be provided for one additional vehicle.
10. Accessory dwelling units shall not exceed 900 square feet of heated floor area and shall not exceed 24 feet in height.
11. The main entrance shall not face the closest property line. Windows, doors, balconies, porches and decks shall be sited to ensure the privacy of neighbors.
12. For parcels located in a designated historic district and individually designated historic structures, the placement of an accessory dwelling unit and its architectural design shall require a certificate of appropriateness from the historic preservation commission.

(Ord. of 8-2-2017, § 1(4.2.3))

Sec. 4.2.4. Adult daycare center (seven or more clients).

Each adult daycare center shall be subject to the following requirements:

- A. All outdoor recreation areas shall be enclosed by a fence or wall not less than four feet in height.
- B. Each adult daycare center shall provide off-street parking spaces as required by the applicable zoning district and an adequate turnaround on the site.

(Ord. of 8-2-2017, § 1(4.2.4))

Sec. 4.2.5. Adult daycare facility (up to six clients).

Each adult daycare facility shall be subject to the following requirements:

- A. All outdoor recreation areas shall be enclosed by a fence or wall not less than four feet in height.
- B. Each adult daycare facility shall provide off-street parking spaces as required by the applicable zoning district.
- C. No adult daycare facility shall be located within 1,000 feet of another adult daycare facility.
- D. No adult daycare facility may be established and operated until a permit to do so has been obtained in accordance with the procedures set forth below.
 1. Permit application. Persons seeking to operate an adult daycare facility in the city must file a permit application with the planning department. Each application shall also be accompanied by the applicant's affidavit certifying the maximum number of adults that will be served simultaneously and that the proposed adult daycare facility will meet and be operated in compliance with all applicable state laws and regulations and with all ordinances and regulations of the city. The planning department may require clarification or additional information from the applicant that is deemed necessary by the city to determine whether the proposed service will meet applicable laws, ordinances and regulations.
 2. Notwithstanding the above provisions, if a proposed adult daycare facility is subject to the requirement that the applicant obtain a certificate of registration from the state department of

human resources, and even though the application may have been approved under the provisions of this section, a permit for the operation of such facility shall not be issued until proof has been submitted by the applicant that the certificate of registration has first been obtained from the state.

(Ord. of 8-2-2017, § 1(4.2.5))

Sec. 4.2.6. Sexually oriented businesses.

- A. *Purpose.* It is a purpose of this chapter to regulate sexually oriented businesses in order to promote the health, safety, and general welfare of the citizens of the city, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually oriented businesses within the city. The provisions of this chapter have neither the purpose nor effect of imposing a limitation or restriction on the content or reasonable access to any communicative materials, including sexually oriented materials. Similarly, it is neither the intent nor effect of this chapter to restrict or deny access by adults to sexually oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of this chapter to condone or legitimize the distribution of obscene material.
- B. *Findings and rationale.* Based on evidence of the adverse secondary effects of adult uses presented in hearings and in reports made available to the city council, and on findings, interpretations, and narrowing constructions incorporated in the cases of *City of Littleton v. - (1) Sexually oriented businesses, as a category of commercial uses, are associated with a wide variety of adverse secondary effects, including, but not limited to, personal and property crimes, prostitution, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking, negative impacts on surrounding properties, urban blight, litter, and sexual assault and exploitation. Alcohol consumption impairs judgment and lowers inhibitions, thereby increasing the risk of adverse secondary effects.
- (2) Sexually oriented businesses should be separated from sensitive land uses to minimize the impact of their secondary effects upon such uses, and should be separated from other sexually oriented businesses, to minimize the secondary effects associated with such uses and to prevent an unnecessary concentration of sexually oriented businesses in one area.
- (3) Each of the foregoing negative secondary effects constitutes a harm which the City has a substantial government interest in preventing and/or abating. This substantial government interest in preventing secondary effects, which is the city's rationale for this section, exists independent of any comparative

analysis between sexually oriented and non-sexually oriented businesses. Additionally, the city's interest in regulating sexually oriented businesses extends to preventing future secondary effects of either current or future sexually oriented businesses that may locate in the city. The city finds that the cases and documentation relied on in this section are reasonably believed to be relevant to said secondary effects.

The city hereby adopts and incorporates herein its stated findings and legislative record related to the adverse secondary effects of sexually oriented businesses, including the judicial opinions and reports related to such secondary effects.

- C. *Unlawful to operate within 500 feet of a similar business.* It shall be unlawful to establish, operate, or cause to be operated a sexually oriented business in the city within 500 feet of another sexually oriented business. Measurements for this subsection shall be made in a straight line without regard to intervening structures or objects, between the closest points on the property lines of the two sexually oriented businesses.
- D. *Unlawful to operate within 500 feet of certain public places.* It shall be unlawful to establish, operate, or cause to be operated a sexually oriented business in the city within 500 feet of a residential district, place of worship, park, or public library. Measurements for this subsection shall be made in a straight line without regard to intervening structures or objects, from the closest part of the structure containing the sexually oriented business to the closest point on the boundary line of the residential district or the closest point on the property line of the place of worship, park, or public library.

(Ord. of 8-2-2017, § 1(4.2.6))

Sec. 4.2.7. Agriculture and forestry.

- A. *Agricultural produce stands.* Agricultural produce stands shall comply with the front yard setback requirement for the district in which they are located, and shall provide a minimum of four off-street parking spaces. If temporary, mobile, or farmers market, see temporary uses, section 4.3.1.
- B. *Commercial greenhouses and plant nurseries.* Any structure used as a commercial greenhouse or plant nursery shall be set back no less than 100 feet from any adjoining property that is zoned for residential use.
- C. *Dairies.* Notwithstanding subsection E. of this section, any structure used for housing or processing of dairy cows shall be set back not less than 200 feet from property lines, and all dairy cows shall be kept at least 100 feet from property lines.
- D. *Structures used in production and processing of fruits, tree nuts and vegetables.* Any structure used in the processing or production of fruits, tree nuts, and vegetables that uses mechanized equipment or is not fully enclosed in a building, that emits noise, dust or vibration, shall be setback no less than 50 feet from property zoned or used for residential purposes.
- E. *Livestock.*
 - 1. Livestock regulations apply to animals over 12 months of age.
 - 2. Livestock shall only be permitted on a lot containing two or more acres, and there shall be no more than two animals, per fenced acre for horses, llamas, mules, asses, cows or large aviary such as emus; and no more than three animals per fenced acre for sheep or goats.

- G. *Riding stables.* Riding stables shall be established on a lot having an area of not less than ten acres. Any structure that houses animals used as part of the riding stable shall be located at least 100 feet from any property line. All animals shall be fenced at least 20 feet from any property line.
- H. *Temporary or portable sawmill.* The time limit for any permit for a temporary or portable sawmill shall not exceed six months. A temporary or portable sawmill may only process timber removed from the property on which the sawmill is located. Operation of a temporary or portable sawmill shall be set back not less than 500 feet from any residential structure other than the owner's.
- I. *Keeping of chickens, pigeons.*
1. The minimum fenced yard area for chickens shall be 25 square feet per hen.
 2. Chickens and pigeons must be housed at least 20 feet from any property line, and 50 feet from any residence other than the owner's.
 3. Any structure housing chickens and pigeons must be located in the rear yard if a principal building exists.
 4. The minimum lot size for the keeping of chickens or pigeons is 10,000 square feet. Fenced area for chickens shall comply with the setback requirements for accessory structures. Chickens and pigeons and associated structures and fencing shall comply with relevant articles of chapters 16 and 18, relating to noise and property maintenance.
 5. No roosters are allowed.
 6. The maximum number of hens shall be one hen per 2,000 square feet of lot size.
 7. Each coop shall have at least four square feet of floor space per chicken over four months old. For Bantams, a variety defined as miniature, each coop shall have one square foot of floor area per chicken over four months old.
 8. Chickens must be kept securely in an enclosed yard or pen at all times.

9. Chickens are only permitted as pets or for egg production; the chickens cannot be kept for slaughter.
10. Composted animal waste can be used as fertilizer for the purpose of enriching the soil of the owner's property.
11. Animals must be kept under sanitary conditions and shall not be a public nuisance.

J. *Beekeeping.*

1. No more than two apiary colonies are allowed per one-quarter acre.
2. Apiary colonies must be setback from all property lines a minimum of ten feet.
3. Apiary colonies must be located in the side or rear yard if a principal building exists.
4. Apiary colonies must be maintained responsibly with adequate space and management techniques to prevent overcrowding and swarming.
5. In any instance in which a colony becomes a nuisance, the beekeeper must re-queen the hive.

(Ord. of 8-2-2017, § 1(4.2.7))

Sec. 4.2.8. Alcohol outlets, retail, package liquor store.

- A. Package stores shall not be located:
1. Within 1,000 feet of an existing package store or alcohol outlet;

(Ord. of 8-2-2017, § 1(4.2.8))

Sec. 4.2.9. Amateur radio service antenna structure.

Amateur radio service antenna structures are a permitted accessory use in single-family residential districts, provided that no such antenna structure, including any support upon which it may be constructed, shall exceed a combined height of 70 feet. Amateur radio service antenna structures in single-family residential districts exceeding 70 feet in height shall be permitted only by special land use permit subject to all of the requirements of

section 4.2.51 of this chapter. Amateur radio service antenna structures shall be located a distance of at least one-half of the height of the tower from all property lines.

(Ord. of 8-2-2017, § 1(4.2.9))

Sec. 4.2.10. Issuance of license and employee permits; employee permit fees.

- (a) All employees of any licensed establishment must hold an employee permit, unless otherwise exempt under this chapter. The conditions and procedures governing the issuance of alcohol permits for employees are set forth in this section.
- (b) An employee permit shall be issued unless the applicant fails to meet the qualifications for an employee permit under this chapter. Any employee permit identified in this chapter will be issued or the issuance of an employee permit will be denied within 30 days after submission of a properly completed application or within 15 days of the records in subsection (d) of this section, whichever is later. An application for an employee permit is complete when it contains the information required by this chapter and is accompanied by the permit fee in the amount established by action of the city council. A permit shall be valid for 12 months from the date of issuance. If a permit is not issued or denied within the time frame specified herein, the permit shall be automatically approved.
- (c) No person requiring a permit may be employed by or work in an establishment, as defined in this chapter, until such person has filed an application, paid the fee for and obtained a work permit from the City Manager or his designee. No person shall be issued a permit who has been convicted in this city, county, state, or in any federal court within five years immediately prior to the application for employment for soliciting for prostitution, keeping a disorderly place, illegally dealing in narcotics, sex offenses or any charge relating to the manufacture or sale of intoxicating liquors or any felony or misdemeanor of moral turpitude.
- (d) An application for a permit shall include the applicant's legal name, all of the applicant's aliases and/or any other name by which the applicant has ever been known, mailing address, written proof of age (in the form of a driver license, a picture identification document containing the applicant's date of birth issued by a governmental agency, or a copy of a birth certificate accompanied by a picture identification document issued by a governmental agency), and a list of all prior criminal convictions. The City Manager or his designee shall make a complete search relative to any police record of the applicant. As a prerequisite to the issuance of any such initial permit or license, the employee shall furnish a complete set of fingerprints to be forwarded to the Georgia Bureau of Investigation, which shall search the files of the Georgia Crime Information Center for any instance of criminal activity during the two years immediately preceding the date of the application. The Georgia Bureau of Investigation shall also submit the fingerprints to the Federal Bureau of Investigation under the rules established by the United States Department of Justice for processing and identification of records.
- (e) Any permit for employment issued hereunder shall expire 12 months from the date of issuance unless earlier revoked or suspended. The City Manager or his designee may prescribe reasonable fees for certifying the eligibility for employment.
- (f) An employee holding a permit issued pursuant to this chapter shall at all times during his working hours have the permits available for inspection at the premises.
- (g) An employee shall provide his employer with a legible copy of his permit which copy shall be maintained by the employer as part of its business records.

(Ord. of 8-2-2017, § 1(4.2.10); Ord. No. 2017-10-04, § 1(4.2.10), 10-16-2017)

Sec. 4.2.11. Animal care facilities.

- A. Animal hospitals and veterinary clinics.
1. Any building or enclosed structure used as an animal hospital or veterinary clinic shall be located and the activities associated with the use shall be conducted at least 100 feet from any property zoned or used for residential purposes.
 2. When located within a shopping center, the use shall be adequately soundproofed and odor-proofed so as not to create a nuisance.
 3. No boarding shall be allowed unless required in connection with medical treatment;
 4. Outside runs or kennels are prohibited.
- B. Animal shelter, four or more.
1. Any building or enclosed structure for the housing of animals shall have a minimum setback of at least 100 feet from all property lines and at least 200 feet from property zoned for residential use.
 2. All areas housing animals shall be completely enclosed by walls or fences at least five feet in height.
 3. No animal shelter shall be located within 500 feet of a residential district.
 4. Outside pens must be located a minimum of 75 feet from any stream.
- C. *Pet grooming shops.* Any building or enclosed structure used as a pet grooming shop shall be located and activities shall be conducted at least 100 feet from any property zoned or used for residential purposes.
- D. *Pet daycare.* Any building or enclosed structure for the housing of animals associated with a pet daycare use shall have a minimum setback of at least 100 feet from all property lines and at least 200 feet from property zoned or used for residential use. All areas housing animals shall be completely enclosed by walls or fences at least five feet in height.
- E. *Kennels, commercial boarding and breeding kennels.* All kennels shall comply with the following:
1. Any building or enclosed structure used for kennels shall be located and related activities shall be conducted at least 100 feet from any property line and at least 200 feet from property zoned for residential use.
 2. Kennels shall be located on a site of not less than two acres.
 3. Any building or enclosed structure used for kennels shall be constructed and related activities shall be conducted in accordance with applicable law.
 4. All outdoor areas used as a dog kennel or outdoor confinement must be surrounded by an opaque fence or wall no less than eight feet in height.
 5. The floor of all buildings or structures used as a kennel to which animals have access shall be surfaced with concrete or other impervious material.
 6. The portion of the building or structure in which animals are housed shall be adequately soundproofed to meet the minimum requirements of the city's noise ordinance.
- F. *Household pets.* Except as is otherwise herein provided, in any residential district within the city a person may keep not more than three household pets on each lot which is two acres or less in size. On any lot exceeding two acres in size, a person may keep one additional household pet for each additional acre above two acres up to a maximum of ten household pets. Litters of animals of not more than six months of age shall not be counted for the purpose of calculating the total number of household pets on a lot.

Sec. 4.2.12. Antennas, satellite dishes, television receivers.

- A. Antennas, satellite dishes, or other television transmission receivers located in residential zoning districts may only be located on the roof or in the rear yard of properties.
- B. Antennas, satellite dishes, or other television transmission receivers located in a nonresidential zoned district are prohibited in any yard which adjoins a residential zoned district.
- C. Any ground mounted antennas, satellite dishes, or other television transmission receivers shall be screened from view from surrounding properties at ground level, and from public streets.

(Ord. of 8-2-2017, § 1(4.2.12))

Sec. 4.2.13. Automobile wash service, principal, accessory, detail or mobile.

- A. Automobile wash services shall provide a paved area with capacity to store five vehicles waiting to use automatic carwash facilities, and two vehicles per bay for self-service car washes.
- B. Wastewater from all automobile wash services shall be pretreated in accordance with watershed management standards prior to being drained into the public sanitary sewer or into any stormwater structure, as may be approved by the director of planning.
- C. No storage or repair of vehicles shall be allowed on property on which the car washing facility is located.
- D. An accessory single-bay automatic (not self-service) car wash completely enclosed except for openings necessary to allow entry and exit of vehicles shall be permitted subject to the following:
 - 1. The car wash structure shall be constructed of building materials consistent with that of the principal building, including the roof.
 - 2. The doors of the car wash building shall be fully closed when the facility is not available for operation.
 - 3. The car wash structure shall be located behind the rear building line of the principal building,

(Ord. of 8-2-2017, § 1(4.2.13))

Sec. 4.2.14. Automotive sales and service; boat, trailer sales and service.

- A. *Automobile and truck sales.*
 - 1. No other unrelated retail use shall be on the same property or in the same building with automobile and truck sales.
 - 2. For purposes of this Section 4.2.14, the term “automobile and truck sales” does not apply to salvage yards in which automobile and truck sales are incidental to the primary use.
 - 3. The automobile and truck sales lot shall be on a lot no less than five acres in area.
 - 4. Only customer and employee parking shall be allowed in the front or side corner yard.
 - a. Parking spaces located in the front or side corner yard shall be setback at least ten feet from the street right-of-way.
 - b. The ten-foot setback from the street right-of-way shall comply with section 5.4.4.D.3 of this chapter.
 - 5. Motor vehicles for sale shall be parked in marked, striped spaces only, and only in areas designated for the display of vehicles for sale.

6. All vehicles in sales lots are always in operating condition.

B. *Automobile repair, major, and paint shops.* Major automobile repair and paint shops shall meet the following:

- (1) Upon the minor redevelopment of existing buildings or structures, as defined in section 27-8.1.16, that also requires a land development permit or building permit, the director of his designee may require additional improvements to landscaping, signage, parking lots, sidewalks, or building facades. Any minor redevelopment of existing structures, buildings, and physical appurtenances is permitted by right if such changes result in greater conformity with the specifications of this section.
- (2) Shops shall not be permitted on property located within 300 feet of any property used for a school, park, playground or hospital.
- (3) All automobile repair activities must be contained entirely within an enclosed building, unless located in M (Light Industrial) District. For the purposes of determining whether a building is enclosed, the use of open overhead bay doors that can be closed after business hours shall be permitted.
- (4) Vehicles awaiting service shall be parked on-site. If stored overnight, they shall be stored inside an enclosed building or in the side or rear yard enclosed with an opaque fence made of masonry or wood and at least six feet in height.
- (5) Outdoor displays of merchandise shall be prohibited beyond ten feet from the primary building and shall only be displayed during business hours.
- (6) Overnight outdoor storage of any materials, equipment, tires, or rims is prohibited.
- (7) New facilities must be designed with automobile bays facing away from the primary street frontage.
- (8) Junk vehicles shall not be stored on the property.
- (9) All parking located in front of the primary building shall be limited to customers seeking services only and not for storing vehicles overnight waiting to be repaired.
- (10) No automobile sales or curb stoning, which is the sale of used vehicles by unlicensed dealers, shall be permitted on the property.
- (11) For the purpose of this section, distance shall be measured by the most direct route of travel on the ground.

C. *Automobile repair and maintenance establishments, minor.* Minor automobile repair and maintenance establishments shall meet the following:

- (1) Upon the minor redevelopment of existing structures or buildings, as defined by section 27-8.1.16, that also requires a land development permit or building permit, the director or his designee may require additional improvements to landscaping, signage, parking lots, sidewalks, or building facades. Any minor redevelopment of existing structures, buildings, and physical appurtenances is permitted by right if such changes result in greater conformity with this section.
- (2) Operations, including the servicing of vehicles, storage of materials and similar activities connected with the use, must be contained entirely within an enclosed building. For the purpose of determining whether a building is enclosed, the use of open overhead bay doors that can be closed after business hours shall be permitted.
- (3) Vehicles awaiting service shall be parked on-site. If stored overnight, they shall be stored inside an enclosed building or in the side or rear yard enclosed with an opaque fence at least six feet in height).
- (4) Outdoor displays of merchandise shall be prohibited beyond ten feet from the building and shall only be displayed during business hours.

-
- (5) Overnight outdoor storage of any materials, equipment, tires, or rims is prohibited.
 - (6) New facilities must be designed with automobile bays facing away from the primary street frontage.
 - (7) Junk cars shall not be stored on the property.
 - (8) No automobile sales or curb storing, which is the sale of used vehicles by unlicensed dealers, shall be permitted on the property.
 - (9) All parking located in front of the primary building shall be limited to customers seeking service only.
- D. *Automobile service stations, including gas sales.* Unless otherwise permitted within the applicable zoning district, major automobile repair in association with an automobile service station shall not be permitted. Gasoline pumps and other service facilities shall comply with the requirements of section 4.2.29.
- E. *Automobile, truck and trailer lease and rental.* Where a lot is used for automobile, truck and trailer lease and rental, all inventory vehicles parked outdoors shall be set back at least ten feet from the street right-of-way.  3. All other items may not be displayed and sold.
- D. At least 75 percent of the vendors participating during the market's hours of operation must be either producers (a person or entity that raises farm products on farms the person or entity owns, rents or leases), family members, employees or agents of producers or preparer of said products.
 - E. If a booth sells farm products or value-added farm products that are not produced by the vendor, said booth must explicitly disclose the producer's name and location in writing with lettering that is at least two inches tall and visible to the consumer.
 - F. Vending structures may include a temporary, movable booth, stall, table, tent or other structure used for the sale of goods or for display purposes at a farmers market.
 - G. Hours of operation. Temporary or seasonal market hours may be between 7:00 a.m. and 9:00 p.m. Temporary or seasonal markets shall not operate more than six hours per day nor more than three days per week. Set-up of market operations shall begin no earlier than 6:00 a.m. and take-down and clean-up shall end no later than 10:00 p.m.
 - H. Market manager. On-site presence of a market manager is required during all hours of operation. The market manager shall direct the operations of all vendors participating in the market and verify that the requisite number of individual vending structures are operated by producers.
 - I. Parking. Two parking spaces per vendor shall be provided on-site or within 500 feet of the boundary line of the property hosting a temporary or seasonal farmer's market.
 - J. Access to public toilet facilities shall be provided to customers.
 - K. Farmers markets must obtain a special administrative permit for temporary seasonal sales or event to operate in City of Stonecrest. The application shall include:
 1. Name and current address of the applicant.
 2. A notarized letter signed by the property owners or authorized property manager or agent, consenting to the placement of the farmers market on the property.
 3. A site plan drawn to-scale showing:
 - a. Property lines, street curbs, street names, adjacent sidewalks as applicable.
 - b. Plan layout and dimensions showing the on-site market area including the number, arrangement, and size of the vending structures to be located in the market.
 - c. Location of on-site and off-site parking spaces.
 - d. Any other documents or information requested and deemed by the director of planning as applicable to the specific application.

(Ord. of 8-2-2017, § 1(4.2.27))

Sec. 4.2.28. Fuel pumps, accessory.

- A. Upon the minor redevelopment of existing structures or buildings, as defined in section 28-8.1.16, that also requires a land disturbance permit or building permit, the director may require additional improvements to landscaping, signage, parking lots, sidewalks, or building facades. Any minor redevelopment of existing

structures, buildings, and physical appurtenances is permitted by right if such changes result in greater conformity with the specifications of this section.

- B. Gas station and convenience store design shall comply with the design standards and transitional buffer requirements set forth in article 5 of this chapter.
- C. The following standards apply to all gas pumps:
 - (1) All associated light fixtures shall be directed away from surrounding residential neighborhoods.
 - (2) Canopies covering gasoline dispensers shall be set back not less than 15 feet from all street rights-of-way.
 - (3) Canopy height shall not exceed the greater of 20 feet or the height of the principal building.
 - (4) Canopies and their columns shall be complementary to the overall color scheme and building materials scheme of the building facade to which the canopy is necessary.
 - (5) Canopy lighting shall not extend beyond the area immediately beneath the canopy and all fixtures shall be recessed, including any fixture or lens. Lighting shall project inward and downward, shall not have any spillover to adjacent properties, and shall cut off no later than 30 minutes after closure of the facility.
 - (6) Automobile service stations with gas sales shall have a capacity to store one car per bay (car area in front of a pump), so as not to interfere with driveway ingress and egress traffic flow.
 - (7) A minimum of 30 feet is required between a property line and the nearest gasoline pump.
 - (8) Owner and operator are responsible for daily litter clean-up to ensure that property remains free of litter, trash, and debris.
 - (9) When a separate retail or restaurant use is located on the same property as fuel pumps, there shall be separate and distinct parking spaces for each use.
 - (10) The use of light emitting diodes, neon lights, and illuminated panels placed around the windows or on the outside of the building is not prohibited, but must not be visible from or face adjacent residential uses.
- D. Location criteria. Fuel pumps associated with convenience stores, gas stations, and service stations must meet the following criteria:
 - 1. Facility is located within 100 feet of an intersection of a major arterial street and a major or minor arterial street, or located within 500 feet of an interstate highway intersection with an arterial street as designated on the Functional Classification Map in the City Comprehensive Plan.
 - 2. Facility is accessible via direct or secondary access to two roads.
 - 3. Facility includes at least 5,000 square feet of retail space.
 - 4. No more than two facilities may be located at any given intersection.
 - 5. Except for facilities located at the same roadway intersection, facilities cannot be located closer than 1,500 feet apart.
- E. Distance shall be measured from the right-of-way of the exit or entrance ramp, or street corner (middle of the radius), along the intersecting street right-of-way, to the nearest property line.
- F. Facility must include at least two bathrooms capable of serving at least three persons at a time, open to the public, and compliant with the Americans with Disabilities Act.
- G. If a reverse frontage design is proposed the primary building shall be located close to the street to define street edge. Pump islands shall not be located between the building and the street, but shall be placed

behind or to the side of the primary building. The facade of the primary building located closest to the street shall include architectural features and shall have an active entrance either on the side or rear, with clear unobstructed pedestrian access from the public sidewalk. The street facade shall have at least 25 percent fenestration or faux fenestration.

- H. Service areas, storage areas, and trash enclosure shall be oriented away from public view and screened from adjacent properties.
- I. Facilities must provide a two-foot-high masonry wall with landscaping and/or an evergreen hedge to help screen the pumps from view from a public right-of-way.

(Ord. of 8-2-2017, § 1(4.2.28))

Sec. 4.2.29. Heavy industrial uses.

In addition to the submission requirements of article 7 of this chapter, any application for a special land use permit (SLUP) or a rezoning related to a heavy industrial use shall provide the following information as applicable:

- A. Submit within the letter of application the following details:
 - 1. Specific operations to be performed.
 - 2. Hours of operation.
 - 3. Whether operations will be indoors or outdoors.
 - 4. How long materials will be stored on the property.
 - 5. Whether any hazardous wastes will be involved in the operation, including an explanation of how safety measures will ensure that there is no air or water contamination and how the operators will safely dispose of such hazardous materials.
 - 6. A description of any solid wastes handled, produced, or disposed of, including whether the operations will require a solid waste handling permit.
 - 7. How many employees there will be.
 - 8. Whether the operation will be open to the public.
 - 9. What types of vehicles will be delivering materials to the property; and how many and how often, what thoroughfares or major route plan the trucks will take to get to and from the site to minimize any impact on residential area, and whether trucks will be covered to minimize dust/odor impacts on adjacent roadways used to get to the site.
 - 10. Whether the proposed use requires the submittal of a development of regional impact (DRI).
- B. Copies of any required state and/or federal agency applications, requirements, environmental assessment reports, or related data; or, if none have been submitted, an indication as to whether such documentation is required.
- C. Data from reputable industry sources on current industry standards regarding the proposed land use and how the proposed operation will comply with industry standards to ensure that surrounding properties are not adversely impacted.
- D. For any of the following uses, certification by an environmental professional that the proposed operation will not have any adverse air or water quality impacts on surrounding properties:
 - 1. Any use requiring a solid waste handling permit.
 - 2. Any use which utilizes burning, melting, or degasification.

3. Any use which involves the emissions of particulate matter.
4. Any use which processes or stores hazardous materials.
- ~~5. Any landfill.~~
- E. Detailed information on proposed methods to minimize any adverse air/water quality impacts based on current industry standards.
- F. Detailed information on proposed methods to minimize any noise, odor, dust, and vibration on surrounding properties in light of current industry standards.
- G. Detailed information regarding how traffic impacts will be accommodated on the surrounding road network.
- H. Any data regarding any monthly, quarterly, or yearly required inspections by any state or federal agency to ensure compliance with any state or federal permits once use has been approved by City of Stonecrest.

(Ord. of 8-2-2017, § 1(4.2.29))

[TMOD-22-001]

Sec. 4.2.30. Heliport, general aviation airport.

Heliports must comply with FAA regulations AC No. 150/5390 for design standards for general aviation, hospital heliports, and rooftop emergency facilities.

Sec. 4.2.31. Home occupations and private educational uses.

The following provisions apply to home occupations:

- A. A home occupation where no customer contact occurs shall be considered a Type I home occupation and may be conducted with administrative approval by the director of planning and zoning.
 1. The owner/operator of the business must reside on the premises.
 2. Up to two (2) full-time residents of the premises are allowed to conduct separate home occupations in the same dwelling. In reviewing such a request, the local government may consider the reason, potential residential impact, parking needs, hours of operation and other relevant factors.
- B. All home occupations other than Type I home occupations shall be considered a Type II home occupation and shall require a special land use permit (SLUP). Additional conditions may be placed on the approval of a Type II home occupation in order to ensure the home occupation will not be a detriment to the character of the residential neighborhood.
 1. Customer contact is allowed for Type II home occupations.
 2. Up to two (2) full-time residents of the premises are allowed to conduct separate home occupations in the same dwelling. In reviewing such a request, the local government may consider the reason, potential residential impact, parking needs, hours of operation and other relevant factors.
- C. All home occupations shall meet the following standards:
 1. There shall be no exterior evidence of the home occupation.

2. No use shall create noise, dust, vibration, odor, smoke, glare or electrical interference that would be detectable beyond the dwelling unit.
 3. The use shall be conducted entirely within the dwelling unit, and only persons living in the dwelling unit shall be employed at the location of the home occupation.
 4. No more than twenty-five (25) percent of the dwelling unit and or 500 square feet, whichever is less, may be used for the operation of the home occupation.
 5. No more than one (1) business vehicle per home occupation is allowed.
 6. No home occupation shall be operated so as to create or cause a nuisance.
 7. Home occupation shall not include the use of a dwelling unit for the purpose of operating any automobile repair establishment, or car wash.
 8. Occupations that are mobile or dispatch-only may be allowed, provided that any business vehicle used for the home occupation complies with section 6.1.3, and is limited to one (1) business vehicle per occupation.
- D. Private educational services shall comply with home occupation standards and no more than three (3) students shall be served at a time. Family members residing in the home are not counted towards the three (3) students allowed.
- E. Child Care Homes and Personal Care Homes are considered Home Occupations and must adhere to these provisions in addition to Section 4.2.41.

(Ord. of 8-2-2017, § 1(4.2.31))

Sec. 4.2.32. Late-night establishments and night clubs.

- A. The regulations that follow regarding late-night establishments and nightclubs are intended to afford protection to residential uses and other uses so as to protect the public health, safety, and welfare while respecting and providing adequate opportunities for nightlife in the city.
- B. Late-night establishments and nightclubs shall be subject to all of the following standards:
1. Parking facilities within a lot may be shared in accordance with article 6 of this chapter, parking.
 2. Valet parking shall not be used to satisfy the requirement to meet applicable parking standards.
 3. Methods of traffic circulation, ingress and egress shall be consistent with best management practices as approved by the planning department.
 4. Noise from the proposed use shall be contained within the subject retail center units or standalone structures. The facility shall comply with chapter 16.
- C. No late night establishment or night club boundary line shall be located within 1,500 feet from the boundary line of property zoned for residential use without the issuance of a special land use permit (SLUP). A late-night establishment or night club is not required to obtain a special land use permit when their closest residential neighbor is on the opposite side of an interstate highway.
- D. Every special land use permit application for a late-night establishment or nightclub shall include a scaled drawing of the location of the proposed premises, showing the distance measured in feet from the boundary line of the property proposed to be used as a late-night establishment or nightclub to the boundary line of property zoned for residential use. Such drawing shall be certified by a land surveyor or professional engineer registered in the State of Georgia. For the purposes of this section, distance shall be measured in feet as follows:

1. From the property line of the land upon which the late-night establishment or nightclub is located;
 2. To the property line of the land which is zoned for a residential use;
 3. Along a straight line which describes the shortest distance between the two property lines (i.e., "as the crow flies").
- E. Any late-night establishment or nightclub operating pursuant to a validly issued business and liquor license issued prior to the effective date of November 18, 2008, shall be a legal nonconforming use, as defined in article 9 of this chapter. No late-night establishment or nightclub currently operating under a valid license issued prior to the effective date set forth in this section shall be required to secure a special land use permit from the city council in order to continue operation. Such establishments shall be required to comply with the applicable provisions of article 4, division 5 [sic] of this chapter regarding cessation, expansion, movement, enlargement or other alteration of the late-night establishment or nightclub. If a licensee is operating a legal nonconforming late-night establishment or nightclub at a particular location pursuant to this zoning ordinance, and such license is revoked, upon revocation, the legal nonconforming status of the licensee at that particular location shall be terminated.

(Ord. of 8-2-2017, § 1(4.2.32))

Sec. 4.2.33. Live-work.

A live-work unit is a residential unit used as both living accommodations, which includes cooking space and sanitary facility in conformance with applicable building standards and board of health standards, and adequate working space accessible from the living area. If a live-work unit is not constructed to commercial fire safety standards, the commercial portion of the live-work unit may only be operated by one or more persons who reside in the unit. If a live-work unit is constructed to commercial fire safety standards, a resident of the live-work unit may allow the commercial portion of the live-work unit to be operated by a third-party.

- A. Live-work units shall meet all of the following standards:
1. Uses shall be compatible with residential uses and shall not produce or create noise, smoke, vibrations, glare, fumes, odors, electrical interference, or fire hazards that would unreasonably interfere with residential uses.
 2. If a live-work unit is in a residential district, permitted uses shall be limited to those uses allowed in the Neighborhood Shopping (NS) District. For a live-work unit located in a nonresidential district, permitted uses shall be limited to those uses allowed in that district.
 3. Restroom facilities shall be provided to serve the commercial portion of the unit. Individual public restrooms facilities are not required within each live-work unit when disabled accessible public restroom facilities are provided elsewhere on an accessible route within the building or building site.
 4. A live-work unit will be subject to all applicable licenses and business taxes.
 5. See also article 5 of this chapter for additional design requirements, including section 5.7.7.

(Ord. of 8-2-2017, § 1(4.2.33))

Sec. 4.2.34. Mines, mining, quarries, gravel pits, borrow pits, and sand pits.

The following regulations apply to the use of land as a mine, mining operation, quarry, gravel pit, borrow pit, and sand pit. See also article 7 of this chapter, administration for additional approval criteria.

- A. The following provisions apply to removal or extraction of dirt, sand and soil:

1. Drainage plans and a plan for the redevelopment of the site when the removal is completed shall be submitted with the application for a development permit.
 2. The use shall not be established within 1,000 feet of a residential zoning district or use nor within 300 feet of any other use.
 3. This subsection shall not prohibit the removal of earth and rock and filling and grading in any district done for land development purposes, upon issuance of a development permit in accordance with the provisions of this chapter.
- B. Quarry and mining. The following provisions apply to the use of any parcel of land for a quarry, mine or mining operation:
1. All improved and maintained entrances shall be fenced and locked during non-business hours. The property shall be adequately posted as is required by state law, and evidence of such posting shall be filed with the director of planning.
 2. Operators shall comply with state department of natural resources, surface mining land reclamation program rules and regulations, and the mining permit number issued by the state shall be filed with the director of planning.
 3. A blasting limit of two inches per second peak particle velocity, as measured from any of three mutually perpendicular directions in the ground at off-site buildings, shall not be exceeded.
 4. An air blast limit of 128 decibels (linear-peak), measured at off-site residential buildings, shall not be exceeded.
 5. Seismographic and noise instrumentation shall be required for a minimum of one blast per three-month period. The records of such instrumentation and records of all blasts, including total charge weight, charge weight per delay, charge depth, date and time, location and meteorological conditions, shall be retained by the operator for a period of not less than two years. All non-instrumented blasts shall be in compliance with the recommended scaled distance, as defined by the United States Department of the Interior, Bureau of Mines Bulletin 656, entitled "Blasting Vibrations and Their Effects on Structures."
- C. Prior to the issuance of any development permit for any mine, quarry, gravel pit, or sand pit, the applicant shall provide to the director a reuse or reclamation plan which meets all requirements of chapter 14 of the Code.

(Ord. of 8-2-2017, § 1(4.2.34))

Sec. 4.2.35. Mini-warehouses.

- A. Outside storage for mini-warehouses shall be limited to vehicles such as boats, RVs, etc., and shall only be allowed in side and rear yards.
- B. Storage units may not be used for the following uses: The operation of a business or service enterprise; personal activities such as hobbies, arts and crafts, woodworking, repair, restoration or maintenance of machinery or equipment; hazardous or toxic material storage; and/or living or sleeping quarters.
- C. Wares, goods and/or personal property stored therein shall not include explosives, paint, flammable chemicals or other materials which might be corrosive or hazardous.
- D. Buffer standards in article 5 of this chapter shall apply.
- E. Exterior lighting for a mini-warehouse facility shall project inward and downward, and shall not spillover to adjacent properties.

(Ord. of 8-2-2017, § 1(4.2.35))

Sec. 4.2.36. Moving buildings, requirements.

No dwelling unit or other permanent structure shall be moved within or into the city unless, when relocated, it meets all requirements of chapter 27 of the Code and is first approved by the director of planning.

(Ord. of 8-2-2017, § 1(4.2.36))

Sec. 4.2.37. Outdoor display and seating.

This section applies to the placement of merchandise and/or merchandise vending machines outside the walls of any enclosed building with the intent being to entice potential customers onto the premises through the public display of such merchandise and/or merchandise vending machines. The term "outdoor display" shall not apply to merchandise which is placed outside temporarily for the purpose of sales. See division 3 of this article, temporary use regulations. Outdoor display shall be permitted in conjunction with permitted uses in the NS, C-1, C-2, MU districts, M, and M-2 zoning districts, provided the following requirements are met:

- A. Areas devoted to outdoor display, as referred to in this section, shall be allowed on public and private sidewalks, provided that all ADA requirements are fulfilled.
- B. All outdoor display areas shall be located contiguous to the principal building, subject to all fire safety requirements.
- C. No outdoor display shall be permitted to occupy or interfere with traffic circulation, required parking areas or pedestrian access.
- D. The type of merchandise permitted in outdoor displays shall be limited to automobiles, boats, recreational vehicles, farm equipment, yard and garden accessories, prefabricated storage sheds, nursery and agricultural products, gas pump island beverage shelving, and vending machines. This section shall not be interpreted to include supply yards, salvage yards, or other items or materials considered outdoor storage.
- E. Outdoor displays of tires shall be within ten feet of the building.
- F. Outdoor displays shall be permitted in any yard, but shall not encroach into any public rights-of-way.
- G. Outdoor displays shall present a neat and orderly appearance.
- H. Outdoor displays shall be permitted only where such display is incidental to and supportive of the principal use of the structure located on the same parcel.
- I. Each outdoor display location must be shown on the site plan at time of initial permitting of land development permits and building permits and shall not encroach on any required landscaping and parking areas.
- J. These standards shall apply to outdoor seating areas at restaurants, coffee shops, etc.

(Ord. of 8-2-2017, § 1(4.2.37))

Sec. 4.2.38. Outdoor storage of materials, supplies, equipment or vehicles.

The following regulations shall apply to outdoor storage of materials, supplies, equipment, or vehicles. The term outdoor storage does not include outside display of merchandise; outdoor temporary sales or events; auto-

dealerships; salvage yards; junkyards; automobile wrecking yards; or storage yards for non-operable, confiscated, or dilapidated vehicles, equipment, or materials.

- A. In the O-I, NS, and C-1 districts, accessory outdoor storage associated with the operation of a business is allowed subject to the following requirements:
 - 1. The outdoor storage area shall be at least 50 feet from the street right-of-way.
 - 2. The outdoor storage area shall be screened so as not to be visible at ground level from any adjoining property or public street.
 - 3. The materials stored must be for use by the owner and not displayed for sale to third parties.
 - 4. Fleet vehicles associated with the operation of the business are exempt from these requirements.
- B. In the C-2, M, and M-2 districts, any outdoor storage areas (primary or accessory) are allowed subject to the following requirements:
 - 1. The outdoor storage area shall be at least 50 feet from the street right-of-way.
 - 2. The outdoor storage area shall be screened so as not to be visible at ground level from any adjoining property or public street.
 - 3. A ten-foot-wide evergreen landscape buffer around the outside perimeter of the screened area shall be provided when adjacent to any property not zoned C-2, M, or M-2.
 - 4. Fleet vehicles associated with the operation of a business are exempt from these requirements.
- C. In residential districts, outdoor storage is allowed for items such as barbecue grills, lawn furniture, hoses, garden tools, lawn equipment and outdoor play equipment. Outdoor storage of the following are expressly prohibited:
 - 1. Indoor appliances, whether or not in use;
 - 2. Indoor furniture, whether or not used for outdoor leisure furniture; and
 - 3. Items that are no longer used for their intended purpose; for example, a bike missing a tire, broken machinery, old appliances and scrap metal or other scrap materials.

(Ord. of 8-2-2017, § 1(4.2.38))

Sec. 4.2.39. Parking, commercial lot.

Commercial parking lots shall meet all the streetscape, landscaping, buffering and screening requirements provided in article 5 of this chapter.

(Ord. of 8-2-2017, § 1(4.2.39))

Sec. 4.2.40. Pawn shops.

The following provisions shall apply to pawn shops:

- A. Pawn shops shall not be permitted within 1,000 feet of an existing pawn shop or check cashing facility. For the purpose of this section, distance shall be measured by the most direct route of travel on the ground.

- B. The window and door area of any existing first floor facade that faces a public street or sidewalk shall not be reduced, covered, nor otherwise obscured, nor shall changes be made to such windows or doors that block one's view into the building at eye level from the street or sidewalk.
- C. For new construction, at least 30 percent of the first floor facade that faces a public street or sidewalk shall be window or doors of clear or lightly tinted glass that allows a person to see into the building at eye level from the street or sidewalk.
- D. The use of bars, chains, roll down doors or similar security devices placed on the outside of the building is prohibited.
- E. The use of light emitting diodes, neon lights, and illuminated panels placed around the windows or the outside of the building is prohibited.

(Ord. of 8-2-2017, § 1(4.2.40))

Sec. 4.2.41. Personal care homes and child caring institutions.

A. *Personal care homes, general requirements.*

- 1. The owner of a group personal care home must be a person, sole proprietor, single owner Limited Liability Company, or a single owned business entity. The owner/operator must own and reside in the group personal care home.
- 2. Each personal care home must obtain all licenses and/or permits required by the State of Georgia before beginning to operate. Each personal care home licensed and/or permitted by the State of Georgia must display its state-issued and city-issued licenses and/or permits in plain view, visible from the front doorway of the facility.
- 3. No personal care home may display any exterior signage that violates the sign ordinance in chapter 21 of the Code or the sign provisions in the zoning regulations for the underlying zoning district where the personal care home is located.
- 4. Personal care homes may apply for an FHA Accommodation Variance as provided for in section 7.5.9 of this chapter.

B. *Personal care home, group (four to six persons).*

- 1. Two (2) copies of complete architectural plans for the subject group personal care home, signed or sealed by a registered architect, shall be submitted to the director of planning prior to issuance of a building permit or business license.
- 2. Each group personal care home must provide at least four (4) parking spaces within a driveway, garage or carport and must comply with any applicable requirements in article 6 of this chapter.
- 3. The home must be at least 1,800 sq. ft in size.
- 4. In order to prevent institutionalizing residential neighborhoods, no group personal care home located in a residential zoning district may be operated within one thousand five hundred (1,500) feet of any other group personal care home. The one-thousand-five-hundred-foot distance requirement is measured by a straight line which is the shortest distance (i.e., "as the crow flies") between the property lines of the two (2) tracts of land on which the group personal care homes are located.

C. *Personal care home, (seven (7) or more persons).*

- 1. Two copies of complete architectural plans for the subject community personal care home, signed or sealed by a registered architect, shall be submitted to the director of planning prior to issuance of a building permit or business license.

2. Each personal care home must provide at least one-half (0.5) parking space for each employee and resident, and must comply with any applicable requirements in article 6 of this chapter.
- D. *Child Care Home, and Child Care Facility, general requirements.*
1. The owner of a child care home or child care facility must be a sole proprietor, single owner Limited Liability Company, or a single owned business entity. The owner/operator must own and reside in the child care home, or child care facility.
 2. No child care home, or child care facility shall be located within 1,500 feet of another child care home or child care facility. The one-thousand-five-hundred-foot distance requirement is measured by a straight line which is the shortest distance (i.e., "as the crow flies") between the property lines of the two (2) tracts of land on which the child care homes, or child care facilities are located.
 3. Each child caring home, and child care facility must obtain all license(s) and/or permit(s) required by the State of Georgia in order to operate. Each child caring institution must display its state-issued and city-issued license(s) and/or permit(s) in plain view, visible from the front doorway of the facility.
 4. Child Care homes and Child Care facilities are not permitted in Multi-family dwellings.
 5. No child caring home, facility may display any exterior signage that violates the sign ordinance in chapter 21 of the Code or the sign provisions in the zoning regulations for the underlying zoning district where the personal care home is located.
 6. Each child care home, facility shall meet the minimum state requirements for playground size, location, and fencing.
- E. *Child Care Homes, (up to five (5) children).*
1. Each group child caring institution must provide at least four (4) parking spaces within a driveway, garage or carport, and must comply with any applicable requirements in article 6 of this chapter.
- F. *Child Care Facility, (six (6) or more children).*
1. Two (2) copies of the complete architectural plans of the subject community child caring institution, signed and sealed by a registered architect, shall be submitted to the director of planning prior to issuance of a building permit or business license.
 2. Each community child caring institution must provide at least one-half (0.50) parking spaces for each employee and resident, and must comply with any applicable requirements in article 6 of this chapter.

(Ord. of 8-2-2017, § 1(4.2.41))

Sec. 4.2.42. Places of worship, convents; monasteries; temporary religious meetings.

The following subsections shall apply to places of worship, convents and monasteries and their related uses, buildings and structures located in a residential district:

- A. Any building or structure established in connection with places of worship, monasteries or convents shall be located at least 50 feet from any residentially zoned property. Where the adjoining property is zoned for nonresidential use, the setback for any building or structure shall be no less than 20 feet for a side-yard and no less than 30 feet for a rear-yard.
- B. The required setback from any street right-of-way shall be the front-yard setback for the applicable residential district.
- C. The parking areas and driveways for any such uses shall be located at least 20 feet from any property line, with a visual screen, provided by a six-foot-high fence or sufficient vegetation established within that area.

- D. Places of worship, convents and monasteries shall be located on a minimum lot area of three acres and shall have frontage of at least 100 feet along a public street.
- E. Places of worship, convents and monasteries shall be located only on a thoroughfare or arterial.
- F. Any uses, buildings or structures operated by a place of worship that are not specifically included within the definition of place of worship must fully comply with the applicable zoning district regulations, including, but not limited to, any requirement for a special land use permit.

(Ord. of 8-2-2017, § 1(4.2.42))

Sec. 4.2.43. Private elementary, middle and high school.

- A. The minimum lot size for private elementary, middle and high school, for which an application for a special land use permit is filed, shall be as follows:
 - 1. *Elementary school.* Two acres plus one additional acre for each 100 students based on the designed capacity of the school.
 - 2. *Middle school.* Three acres plus two acres for each 100 students based on the designed capacity of the school.
 - 3. *High school.* Five acres plus two acres for each 100 students based on the designed capacity of the school.
- B. The minimum public road frontage for a private school is 200 feet.
- C. Accessory ball fields shall be located at least 50 feet from a residential district or property used for a residential purpose.
- D. A 50-foot undisturbed buffer is required if adjacent to a residential district or property used for a residential purpose.

(Ord. of 8-2-2017, § 1(4.2.43))

Sec. 4.2.44. Salvage yard, junkyard.

The following provisions shall be required for automobile salvage, wrecking yards and junkyards, primary or accessory:

- A. The site shall be enclosed by a wall or opaque fence not less than eight feet in height.
- B. No activity and no vehicle storage associated with such uses shall be conducted within 100 feet of any property zoned or used for residential purposes.
- C. No activity and no vehicle storage associated with such uses, except for deliveries, pickups, and signs, shall be conducted within 50 feet of the street right-of-way.
- D. No activity and no vehicle storage associated with such uses shall be conducted within 50 feet of the side and rear property lines, unless the adjacent property is zoned M or M-2.
- E. The use shall not be permitted within 300 feet of any property used for a school, park, playground or hospital.
- F. The sale of automobile parts removed from vehicles on the site shall be permitted.
- G. A ten-foot-wide evergreen landscape buffer around the outside perimeter of the screened area shall be provided when adjacent to any property not zoned C-2, M, or M-2.

(Ord. of 8-2-2017, § 1(4.2.44))

Sec. 4.2.45. School, specialized and vocational.

Specialized and vocational schools must meet the applicable requirements of section 4.2.42 and, with the exception of facilities located in industrial districts, all activities shall occur within enclosed buildings.

(Ord. of 8-2-2017, § 1(4.2.45))

Sec. 4.2.46. Senior housing; independent and assisted living, nursing, and continuing care.

- A. Primary uses. Senior housing facilities shall include either independent living units or assisted living units, or both. The independent living units may be either single-family (detached) residences or multifamily (attached) residences.
- B. Accessory uses. Senior housing facilities shall include one or more of the following accessory uses:
 - 1. Ancillary clinics, personal service, retail (e.g., pharmacy, hair salon, medical offices).
 - 2. Central kitchen and dining facility.
 - 3. Recreation and amenities.
 - 4. Building/clubhouse for classes, meetings, concerts, storytelling, etc.
 - 5. Adult daycare.
- C. The maximum number of unrelated residents living independently (not requiring personal care) and at age 55 or older allowed in an independent living unit is one per bedroom.
- D. Height standards. A senior living facility in which all of the occupied units are occupied by at least one senior aged 55 or older is authorized up to ten stories without a height SLUP in HR, MU-3, MU-4, and MU-5 zoning districts, subject to transitional height plane regulations in article 5 of this chapter.
- E. Accessibility standards. All senior housing shall incorporate accessibility standards that meet certification requirements for easy living or universal design and/or include all of the following minimum features:
 - 1. At least one step free entrance to the main floor at either the front or side of the structure; if only one is provided, it shall not be from a patio or raised deck.
 - 2. Main floor of each unit shall include a kitchen, entertaining area, and master bedroom with full bathroom.
 - 3. Every door on the main floor shall provide a minimum width of 34 inches of clear passage.
 - 4. Blocking shall be installed in the master bath around toilet, tub, and shower for placement or future placement of grab bars.
- F. Assisted living, nursing and continuing care facilities shall provide the following:
 - 1. Primary and secondary support services: Approval for assisted living, nursing or continuing care facilities shall not be granted without documentation of provisions for the following primary and secondary services:
 - a. Primary services: on-site dining facility, 24-hour on-call medical services, on-site licensed practical nurse, on-call registered nurse, linen and housekeeping services, and transportation services.

- b. Secondary services: physical therapy, medication administration program, care technician services (clothes changing, bathing, etc.), on-site personal care (barber, beauty salon), fitness center, library.
 - c. Access to outdoor seating and walking areas shall be provided as part of every assisted living, nursing or continuing care facility.
- G. A senior housing facility shall only be approved after consideration of the use permit criteria, found in article 7 of this chapter and after consideration of the following:
 - 1. Proximity and pedestrian access to retail services and public amenities.
 - 2. Transportation alternatives.
 - 3. Integration into existing neighborhoods through connectivity and site design.
 - 4. Diverse housing types.
 - 5. Site and building design that encourages social interaction.
 - 6. Building design that meets easy living standards.
- H. In addition, in consideration of the special land use permit or special administrative permit for a senior housing facility, the following criteria shall be evaluated based on the degree to which these elements provide transition from the proposed project to adjacent existing development:
 - 1. Building height.
 - 2. Landscaping.
 - 3. Maximum lot coverage.
 - 4. Setbacks from exterior property lines.
 - 5. Site size.
 - 6. Access to thoroughfare.
- I. Submittal requirements. The following documents and information are required for submittals for rezoning, special land use permits, land development permits and building permits associated with proposed senior living facilities:
 - 1. Survey and site plan (per established requirements in article 7 of this chapter).
 - 2. Landscape and tree plan.
 - 3. Number and location of residential units.
 - 4. Types of units.
 - 5. Amenities.
 - 6. Institutional/nonresidential services.
 - 7. Proximity to services such as health care, shopping, recreation, and transit.
 - 8. Other documents addressing the approval criteria in subsections G. and H. of this section.

(Ord. of 8-2-2017, § 1(4.2.46))

Sec. 4.2.47. Service areas, outdoor, for nonresidential uses.

All service areas for nonresidential uses shall be established so as not to encroach into any yard requirement and shall be visually screened from adjacent residential properties.

(Ord. of 8-2-2017, § 1(4.2.47))

Sec. 4.2.48. Shelters for homeless or battered persons and transitional housing facilities.

- A. No shelter for homeless or battered persons and no transitional housing facility shall be designed to exceed a capacity of 20 persons, unless accessory to a place of worship.
- B. Prior to issuance of any approvals for operation of a shelter for homeless or battered person or transitional housing facility, the applicant for such approval shall disclose, in writing, the capacity and floor plan of the facility.
- C. Such shelters shall comply with all applicable City of Stonecrest building, housing, and fire codes and shall fully comply with O.C.G.A. § 30-3-1 et seq. before a certificate of occupancy can be issued. The loss of any state license or permit shall result in an automatic revocation of that city issued permit or license.
- D. There shall be no use on the property other than the shelter, unless accessory to place of worship.
- E. No new shelter or transitional housing facility shall be located within 1,000 feet of an existing shelter or transitional housing facility.
- F. Shelters for homeless or battered persons and transitional housing facilities may apply for an FHA Accommodation Variance as provided for in section 7.5.9 if the residents would constitute disabled persons under the FHA.

(Ord. of 8-2-2017, § 1(4.2.48))

~~Sec. 4.2.49. Solid waste facility regulations.~~

- ~~A. The city council shall not approve any amendment to the zoning maps, the comprehensive land use map or any application for a special land use permit, or any development or building permit related to a landfill if such landfill is not in compliance with the applicable requirements of Georgia's Comprehensive Solid Waste Management Act, O.C.G.A. § 12-8-20 et seq., and as may hereafter be amended.~~
- ~~B. The city council shall not approve any amendment to the zoning maps, the comprehensive land use map or any application for a special land use permit related to a landfill unless the applicant obtains written verification from the Georgia Environmental Protection division of the Georgia Department of Natural Resources that the landfill complies with or is not yet required to comply with all the applicable requirements set forth in the Comprehensive Solid Waste Management Act.~~
- ~~C. As used in this section, the term "landfill" means a disposal facility, a materials recovery facility, a solid waste handling facility, a solid waste landfill, a private industry solid waste disposal facility, a solid waste handling facility, a solid waste thermal treatment technology facility, and a disposal facility for biomedical waste, hazardous and/or toxic materials including radioactive materials as all such terms are defined in O.C.G.A. § 12-8-22 and as may hereafter be amended.~~

~~(Ord. of 8-2-2017, § 1(4.2.49))~~

Sec. 4.2.50. Swimming pool, community.

Community swimming pools and their customary accessory buildings and structures shall be set back at least 15 feet from all side and rear lot lines and be enclosed by a wall or fence, not less than four feet nor more than six feet in height. Setback is measured from the pool decking except where established elsewhere.

Sec. 4.2.52. Tennis court, accessory to residential.

Tennis courts on individual residential lots shall be located in rear yards and shall be set back at least 15 feet from all side and rear property lines and be enclosed by a fence or freestanding wall at least eight feet high. Lighting for the private tennis court shall not be permitted, except by a special administrative permit.

(Ord. of 8-2-2017, § 1(4.2.52))

Sec. 4.2.53. Transit shelters.

- A. Transit shelters may be located within a street right-of-way with permission from the director of planning or within an established yard fronting a street, but may not be located so as to obstruct the sight distance triangle per article 5 of this chapter.
- B. A schematic plan of the transit shelter must be submitted and approved by the director of planning. The plan must include the following:
 - 1. The location of the proposed shelter relative to street, property lines, and established building yards;
 - 2. The size and design of the shelter, including front, side, and rear elevations, building materials, and any public convenience or safety features such as telephone, lighting, heating, or trash containers. Trash containers shall be provided for all transit shelters.

(Ord. of 8-2-2017, § 1(4.2.53))

Sec. 4.2.54. Truck stop.

The following provisions apply to truck stops whether designed as a primary use or accessory use as part of an industrial development:

- A. Truck stops shall be permitted only on parcels of ten acres or more.
- B. Entrance drives for truck stop facilities shall not be closer than 300 feet from any point of an interstate highway interchange.
- C. Truck stops shall meet all state and federal environmental guidelines and requirements.

(Ord. of 8-2-2017, § 1(4.2.54))

Sec. 4.2.55. Urban garden or community gardens.

- A. If an urban garden or community garden is greater than five acres, a special administrative permit is required. The permit shall expire 24 months from issuance, and such use shall thereafter only operate upon issuance of a new permit in the manner prescribed herein.
- B. The following items shall be submitted with the special administrative permit application:
 - 1. Name and current address of the applicant.
 - 2. Address of the garden.
 - 3. Proof of ownership or leasehold interest (for the duration of the special administrative permit) of the lot on which the garden is located; or a notarized letter signed by the property owners, or authorized property manager or agent, consenting to the placement of a garden on the lot.
 - 4. A site plan showing:
 - a. Property lines, street curbs, street names, and adjacent sidewalks as applicable.
 - b. Plan layout and dimensions showing plot layout, structures and compost areas.
 - c. Source of water, including any rain barrel locations.
 - 5. Permit fee.
 - 6. Other documents or information reasonably deemed necessary to determine the compatibility of the use identified in the permit application.
- C. Sales of produce from the community garden site is allowed with the approval of a special administrative permit for temporary outdoor seasonal activities, provided the following regulations are met and documentation, where required, is provided with the application:
 - 1. *Sales hours.* Garden sales and pickups may occur between 7:00 a.m. and 9:00 p.m. Set-up of sales operations shall begin no earlier than 6:00 a.m., and take-down and clean-up shall end no later than 10:00 p.m.
 - 2. *Management.* An individual shall be present on-site during all sales hours to direct the vending operations.
- D. The following requirements apply for all urban or community gardens, of any acreage. Gardens accessory to a residence are excluded from these standards.
 - 1. Garden operating rules and regulations. A set of operating rules shall be established to address the governance structure of the garden, hours of operation, maintenance, and security.
 - 2. Fencing. All fences shall comply with all applicable sections in the Code pertaining to the relevant zoning district in which the garden is located.
 - 3. Synthetic fertilizers, pesticides, and herbicides. Gardens may submit documentation of organic methods. Alternatively, the garden shall be designed and maintained so that synthetic fertilizers, pesticides, and herbicides will not harm any adjacent property.
 - 4. Waste removal. The garden shall recycle and remove waste in accordance with all applicable sections of the Code.
 - 5. Parking requirements. The garden shall provide a minimum of one parking space per one-half acre of property on which the community garden is located during the hours of operation. The parking requirement may be met by providing either on-site parking or off-site parking within 500 feet of the property line of the property on which the community garden is located.

6. Permitted structures. The following structures are permitted in association with an urban or community garden:
 - a. Greenhouses, hoop houses, cold-frames and similar structures used to extend the growing season.
 - b. Storage buildings limited to tool sheds, shade pavilions, barns, restroom facilities with composting toilets, and planting preparation houses.
 - c. Benches, bike racks, raised and accessible beds, compost bins, picnic tables, seasonal farm stands, fences, garden art, rain barrel systems, chicken coops, beehives and children's area.
7. Use of machinery. Use of machinery and equipment is allowed, but use of machinery is limited to the hours of 8:00 a.m. to 8:00 p.m. When not in use, all such machinery and equipment (with the exception of machinery and equipment that is:
 - (i) Intended for ordinary household use;
 - (ii) Borrowed or rented for a period not to exceed seven days; or
 - (iii) Located in an urban garden in Light Industrial District or Heavy Industrial District); shall be stored so as not to be visible from any public street, sidewalk, or right-of-way.
8. Buildings. Buildings shall be set back a minimum of ten feet from property lines.
9. A minimum of 20 feet of lot frontage along a public right-of-way, or an access easement not less than ten feet wide to provide vehicular access in case of an emergency is required.
10. Driveways and parking may be surfaced with pervious material, including gravel.
11. The site should be designed and maintained so that water does not cause erosion or allow sedimentation on adjacent property.
12. No fencing shall exceed six feet in height. Fencing along the front shall not exceed four feet.
13. Compost and waste collection bins must be located in the rear yard (if a building exists) and be placed at least ten feet from any property line.
14. One sign located on a community garden site is permitted, provided that it shall not exceed six square feet of sign area, excluding the base, and shall not exceed four feet in height. Garden signs shall not be illuminated. Internally located directional, instructional, educational and labeling signs are allowed without a permit.
15. Hours of operation (other than sales) shall be allowed from dawn until dusk. No lighting is allowed.
16. Community gardens must comply with supplemental regulations regarding livestock, bee keeping, and temporary, seasonal sales or events, as applicable.

(Ord. of 8-2-2017, § 1(4.2.55))

Sec. 4.2.56. Utility structure necessary for transmission or distribution of service.

Any utility structure necessary for the transmission or distribution of service, whether an authorized use or a permitted use, shall provide security fencing and landscaping to lessen the visual impact of such structures on adjoining property. Noise resulting from temporary construction activity pursuant to a valid development or building permit, that is not a part of the usual and ongoing operation of the use on the site, that occurs between 7:00 a.m. and 7:00 p.m. shall be exempt from the requirements of this section. Such structures shall be located only within the buildable area of any lot where permitted or authorized by zoning and shall meet all requirements of the district in which such structure is located.

(Ord. of 8-2-2017, § 1(4.2.56))

Sec. 4.2.57. Wireless telecommunications

- A. *Purpose and goals.* The purpose of this section is to ensure that residents, public safety operations, and businesses in City of Stonecrest have reliable access to wireless telecommunications networks and state of the art communication services while also ensuring that this objective is achieved in a manner consistent with City of Stonecrest's planning and zoning standards, to maintain to the extent possible the aesthetic integrity of the community, and in accordance with applicable state law and with federal law, regulations, and guidance, including the Telecommunication Act of 1996, which preserved, with certain limitations, local government land use and zoning authority concerning the placement, construction, and modification of wireless telecommunication facilities. The goals of this section are:
1. To ensure City of Stonecrest has sufficient wireless infrastructure to support its public safety communications throughout the city;
 2. To provide access to reliable wireless telecommunication services by residents, businesses, and visitors throughout all areas of the city;
 3. To minimize the total number of support structures within the city by promoting and encouraging the joint use of new and existing wireless support structures among wireless service providers;
 4. To encourage the location of wireless support structures, to the extent possible, in areas where adverse impacts on the community will be minimized;
 5. To encourage the design and construction of towers and antennas to minimize adverse visual impacts;
 6. To avoid potential damage to property caused by wireless communications facilities by ensuring that such structures are soundly and carefully designed, constructed, modified, maintained, and removed when no longer used or when determined to be structurally unsound;
 7. To preserve those areas of scenic or historic significance;
 8. To facilitate implementation of an existing tower map for City of Stonecrest;
 9. To promote and encourage the joint use of new and existing tower sites among service providers;
 10. To enhance the ability of the providers of wireless communications services to deliver such services to the community effectively, safely, and efficiently;
 11. To be consistent with all overlay districts within the city, to the extent practicable and so as to not to conflict with this section;
 12. To encourage the location of telecommunication facilities, including all Telecommunication Support Structures, Equipment and/or Antenna(s) in nonresidential areas;
 13. To promote health, safety, and general welfare of the public by regulating the siting of and establishing development standards for wireless facilities and related wireless support structures, equipment, and infrastructure; and
 14. To follow and promote policies embodied in Section 704 of the Federal Telecommunications Act of 1996 and O.C.G.A. §36-66B-1, et. seq., in such manner as not to unreasonably discriminate between providers of functionally equivalent wireless services or to prohibit or have the effect of prohibiting personal wireless services in the City.
- B. *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning. Words

not defined herein shall be construed to have the meaning given by common and ordinary usage and shall be interpreted within the context of the sentence and section in which they occur:

Accessory equipment (or Equipment) means any device or telecommunications infrastructure component serving or being used in conjunction with the delivery or transmission of all types of Telecommunication Services.. This equipment includes, but is not limited to, Antennas, utility or transmission equipment, power supplies, generators, batteries, cables, equipment buildings, cabinets and storage sheds, shelters or similar structures, small cell devices and similar wireless transmitters or conduits

Administrative approval means zoning approval that the director of planning is authorized to grant in the form of a special administrative permit.

Administrative review means evaluation of an application by the director of planning in connection with the review of an application for a building permit.

Alternative Telecommunication Support Structure means clock towers, bell towers, water tanks, church steeples, light/power poles, electric transmission support structures, man-made trees and similar natural or man-made alternative-design mounting structures that camouflage or conceal the presence of Antennas or telecommunication support structures. An Alternative Telecommunication Support Structure may include a pre-existing building and outdoor advertising sign.

Antenna means any communications equipment that transmits, receives, or transmits and receives electromagnetic radio signal used in the provision of all types of wireless communication services, including, but not limited to, cellular, paging, personal communications services (PCS) or microwave communications. Such structures and devices include, but are not limited to, directional antennas, such as panels, microwave dishes and satellite dishes, and omnidirectional antennas, such as whips. The term "antenna" does not apply to broadcast antennas, antennas designed for amateur radio use, or satellite dishes designed for residential or household purposes.

Applicant means a person or entity with an application for an administrative or special use permit for the erection of, Modification of, or Co-location of Telecommunication Facilities in the City, whether located on private lands or in a Public Right-of-Way. For purposes of this section, this term shall include any Co-Applicant or party with an ownership interest in a proposed or affected existing Telecommunication Facility, including, but not limited to, property owners, telecommunication support structure owners, and any proposed tenants for the facility.

Application means a formal request submitted to City of Stonecrest to construct, collocate or modify a Telecommunication Facility, Telecommunication Support Structure or Alternative Telecommunication Support Structure..

Attached wireless telecommunications facility means an antenna or antenna array that is secured to an existing building or structure (except an antenna support structure) with any accompanying pole or device which attaches it to the building or structure, together with transmission cables and an equipment cabinet, which may be located either on the roof or inside/outside of the building or structure, and do not significantly change the profile of the existing structure and are not readily noticeable to the untrained eye. Attached wireless telecommunications facilities may be concealed or contained in an architectural feature and should complement the existing theme and rhythm of the structure. An attached wireless telecommunications facility is considered to be an accessory use to the existing principal use on a site.

Carrier on wheels or cell on wheels (COW) means a portable self-contained telecommunications facility that can be moved to a location and set up to provide wireless services on a temporary or emergency basis. A COW is normally vehicle-mounted and contains a telescoping boom as the antenna support structure, though it may use a separate temporary mast for the placement of antennas.

Collocate or collocation means the placement or installation of new wireless facilities on previously approved and constructed Telecommunication Support Structures or Alternative Telecommunication Support Structures, including monopoles and towers, both self-supporting and guyed, in a manner that negates the need to construct

a new freestanding Telecommunication Support Structure or Alternative Telecommunication Support Structure. Such a term includes the placement of accessory equipment within an existing equipment compound.

Commission means the Georgia Public Service Commission

Distributed antenna systems (DAS) means a network of spatially separated antenna nodes connected to a common source via a transport medium that provides wireless service within a geographic area or structure. A DAS is considered a type of Small Cell Installation.

Equipment compound means an area surrounding or adjacent to the base of a wireless support structure within which accessory equipment is located.

FAA means the Federal Aviation Administration.

Fall zone means the maximum distance from its base a Telecommunication Support Structure or Alternative Telecommunication Support Structure will collapse in the event of a failure, usually less than the total height of such structure. This distance must be defined by a professional civil or structural engineer licensed in the State of Georgia.

FCC means the Federal Communications Commission.

Geographic search area (GSA) means a geographic area designated by a wireless provider or operator as the area within which a new telecommunication facility must be located to serve an identified system need, produced in accordance with generally accepted principles of wireless engineering.

Grantee means an Applicant in receipt of written authorization from the City to erect, operate, and/or maintain Telecommunication Facilities in the Public Right-of-Way.

Guyed Structure means a style of Telecommunication Support Structure consisting of a single truss assembly composed of sections with bracing incorporated. The sections are attached to each other, and the assembly is attached to a foundation and supported by a series of wires that are connected to anchors placed in the ground or on a building.

Height means the distance measured from ground level to the highest point on a Telecommunication Support Structure or Alternative Telecommunication Support Structure, including all Antennas or lighting rods.

Modification means the improvement, upgrade, expansion, or replacement of wireless facilities on an existing Telecommunication Support Structure or Alternative Telecommunications Support Structure or within an existing equipment compound, including improvements, upgrades, expansions, or the replacement of any existing telecommunication Equipment, conduit, or infrastructure apparatus, provided such improvement, upgrade, expansion, or replacement does not increase the Height of the Telecommunication Support Structure *Monopole* means a single, freestanding Telecommunication Support Structure that consists of a single shaft usually composed of two or more hollow sections that are in turn attached to a foundation. This type of support structure is designed to support itself without the use of guy wires or other stabilization devices. These facilities are mounted to a foundation that rests on or in the ground or on the roof of a building.

Ordinary maintenance means action taken to ensure that telecommunications facilities and support structures are kept in good operating condition. Ordinary maintenance includes inspections, testing and modifications that maintain functional capacity, aesthetic and structural integrity; for example the strengthening of a support structure's foundation, or of the support structure itself. Ordinary maintenance includes replacing antennas of a similar size, weight, shape and color and accessory equipment within an existing telecommunications facility, and relocating the antennas of approved telecommunications facilities to different height levels on an existing Telecommunication Support Structure or Alternative Telecommunication Support Structure upon which they are currently located. Ordinary maintenance does not include modifications.

Provider means any legal entity authorized and/or engaged in the provision of Telecommunication Services.

Public Right(s)-of-Way means and includes all public streets and utility easements now or hereafter owned by or granted to the City, but only to the extent of the City's right, title, interest or authority to authorize or permit an Applicant to occupy and use such streets and easements for the erection and operation of Telecommunication Facilities.

Public Street means a street, road, highway, boulevard, freeway, lane, path, alley, court, sidewalk, parkway, or drive which is owned by a public entity or to which a public entity has an easement for street purposes, and with respect to which, and to the extent that, the City has a right to grant use of the surface of and space above and below in connection with an authorized Provider of Telecommunication Services and/or owner of Telecommunication Facilities.

Small Cell or Small Cell Installation means an antenna facility that meets the following conditions:

- (i) Mounted on structures 50 feet or less in Height, including their antennas; or
- (ii) Mounted on structures no more than 10 percent taller than other adjacent structures; or
- (iii) Do not extend existing structures on which they are located to a Height of more than 50 feet or by more than 10 percent, whichever is greater;

AND

- (iv) Each antenna, excluding associated Equipment, is no more than three cubic feet in volume; and
- (v) All wireless equipment associated with the structure, including any pre-existing associated Equipment on the structure, is no more than 28 cubic feet in volume.

Substantial Increase in Size means:

- (i) Any increase in an existing Telecommunication Support Structure's Height by more than 10% or 10 feet (on private property) or 20 feet (on Rights-of-Way), whichever is greater, or width of the added appurtenances more than 20 feet on property or 6 feet on the Right-of-Way, as previously approved by the City or County, as a result of Modification or Collocation of Antennas or similar telecommunication Equipment;
- (ii) An increase in the dimensions of a Telecommunication Facility's Equipment compound as approved by the City or County as a result of Modification or Collocation by more than 10%, inclusive of the increase due to placement of an additional Equipment compound or, if in the Right-of-Way, an installation of any Equipment compound where none existed prior to the Modification or Collocation;
- (iii) A Modification or Collocation that will, as proposed, violated condition(s) of approval of an existing Telecommunication Facility, including any subsequently adopted amendments;
- (iv) A Modification or Collocation of Equipment that, as proposed, will exceed the applicant weight limits for an existing Telecommunication Facility, as approved by the City or County;
- (v) The addition of more than four (4) new Equipment cabinets or one (1) new shelter;
- (vi) The excavation outside existing leased or owned property and current easements; and/or
- (vii) For concealed or stealth-designed facilities, if a Modification or Collocation would defeat the concealment elements of the Telecommunication Facility or base station.

Telecommunications facility means any physical component utilized in the provision of all types of Telecommunications Services, including all Telecommunication Support Structures, Alternative Telecommunication Support Structures, Antennas, Equipment, infrastructure apparatus, based support mechanism, accessory equipment, towers, Monopoles, Small Cell Installations, and physical attachments necessary for the provision of such Telecommunication Services.

Telecommunication Facility Owner(s) means any person or entity that directly or indirectly owns, controls, operated or manages Telecommunication Facilities, including any related Equipment or property within the City,

used or to be used for the purpose of offering or transmitting signals used in the provision of any Telecommunication Services.

Telecommunication Service(s) means the transmittal of voice, data, image, graphic, and video programming between or among points by wire, cable, fiber, optics, laser, microwave, radio, satellite, or other facilities. This term shall include commercial mobile radio services, unlicensed wireless services, and common carrier wireless exchange services as identified in the Telecommunications Act of 1996.

Telecommunication Support Structure means a freestanding structure that is designed to support or capable of supporting and constructed primarily for the purpose of supporting telecommunication Equipment; this term shall include self-supporting, guyed, and Monopole support structures. The term includes, and is not limited to, radio and television transmission telecommunication support structures, microwave telecommunication support structures, common-carrier telecommunication support structures, cellular telecommunication support structures, man-made trees, Alternative Telecommunication Support Structures, and other similar structures. In the Public Right-of-Way, only Telecommunication Support Structures erected for the installation of Small Cells shall be permitted.

Utility means any person, corporation, municipality, county, or other legal entity or department thereof or entity related or subordinate thereto, providing retail or wholesale electric, data, cable, or Telecommunication Services, or otherwise subject in any way to the lawful jurisdiction of the Commission.

Visual Quality means the appropriate design, arrangement, and location of Telecommunication Support Structures in relation to the built or natural environment to avoid abrupt or severe differences.

C. *Approvals required for telecommunications facilities.* It shall be unlawful for any person to erect, install, construct, enlarge, move, alter or convert any Telecommunication Support Structure, Alternative Telecommunication Support Structure or antenna or cause the same to be done within City of Stonecrest except in accordance with the provisions of this section. In addition, except as otherwise specifically provided herein, all support structures and antennas shall also comply with all applicable regulations for the zoning district in which said support structures or antenna is located and any permits authorizing said support structures or antennas.

1. All telecommunications facilities and support structures shall require the issuance of a building permit in compliance with the administrative review processes described in this chapter. The building permit for telecommunications facilities and support structures shall be in addition to either a special administrative permit or a special land use permit if required.
2. Telecommunications facilities and support structures permitted upon issuance of a special administrative permit by the director of planning shall be considered in accordance with the standards set forth in this chapter. A building permit for a telecommunications facilities and support structures may be applied for and considered contemporaneously with an application for a special administrative permit.
3. Telecommunications facilities and support structures not permitted by a special administrative permit shall be permitted upon the granting of a special land use permit by the City of Stonecrest City council in accordance with the standards set forth in this chapter, before submittal for administrative review (building permit).

D. *Exempt.* Ordinary maintenance of existing telecommunications facilities and support structures shall be exempt from zoning and permitting requirements. In addition, the following facilities are not subject to the provisions of this section:

1. Antennas used by residential households solely for broadcast radio and television reception;
2. Satellite antennas used solely for residential or household purposes;
3. Telecommunication facilities and support structures located on city-owned property;

-
4. COWs placed for a period of not more than 120 consecutive days at any location within City of Stonecrest after a declaration of an emergency or a disaster;
 5. Television and AM/FM radio broadcast towers and associated facilities; and
 6. Small Cell facilities when located within a building interior.
- E. *Collocation of Telecommunications facilities permitted by Special Administrative Permit review.*
1. Collocation.
 - a. Collocated telecommunications facilities are permitted in all zoning districts, when located on any existing structure fifty (50) feet in height or less) subject to administrative review in accordance with the requirements of this chapter.
 - b. Collocated telecommunication facilities may exceed the maximum building height limitations within a zoning district, above the roof line of a flat roof or the top of a parapet wall to which they are attached, but shall be camouflaged or screened with an architectural feature compatible with the building. Any collocation that causes a substantial increase in size of the Telecommunication Facility and/or supporting structure shall be permitted only upon a demonstration deemed sufficient to the director of planning that such collocation will obviate the need for an erection of a new telecommunications support structure or alternative support structure in the same geographic search area (GSA), as well as all other applicable review criteria as stated in this section.
 2. The Special Administrative Permit must follow the application requirements in subsection “F” below. The director of planning must issue a written decision approving, approving with conditions, or denying the application for Special Administrative Permit for collocation within 90 days of submission of the initial application or within sixty (60) days if the proposed Collocation does not substantially increase in size the existing Telecommunication Facility or is a Collocated Small Cell Installation.
- F. *Erection of new Small Cell Installations and support structures permitted by special administrative permit.*
1. *New support structures.*
 - a. New Telecommunication Support Structures and Alternative Telecommunication Support Structures for Small Cell Installations shall be permitted in all zoning districts and Public Rights-of-Way by special administrative permit..
 - b. New Telecommunication Support Structures and Alternative Telecommunication Support Structures, from fifty (50) feet up to 199 feet in height shall be permitted by special administrative permit in the OI, OD, C-1, C-2, M and M-2 zoning districts.
 - c. Attached wireless telecommunications (AWT) Antennas are allowed in single-family residential districts, RE, RLG, R-100, R-85, R-75, R-60 and RSM. An AWT shall be located only on property that is used for nonresidential purposes, and attached to nonresidential structures. The height of the facility shall be measured to include the height of the structure. These facilities shall be permitted by special administrative permit in accordance with the requirements of this chapter.
 - d.
 2. *Cell on wheels/carrier on wheels (COW) facilities.* The use of COWs shall be permitted in any zoning district after special administrative permit approval and administrative review (building permit). COWs may be placed for a period of not more than 120 consecutive days at any location within unincorporated City of Stonecrest if used during a non-emergency or special event. Placement of a COW for the purpose of providing wireless telecommunication service in connection with a special event, subject to the COWs compliance with all federal requirements, may be up to 45 consecutive

days before such special event, for the duration of the event, and for up to 14 consecutive days thereafter. After a declaration of an emergency or disaster by federal or state government, by City of Stonecrest, or a determination of public necessity by the director of planning, COWs are authorized without permitting.

4. *General standards, design requirements, and miscellaneous provisions.* Unless otherwise specified herein, all telecommunications facilities and support structures permitted by special administrative permit approval are subject to the applicable general standards and design requirements contained herein.
5. *Special administrative permit review process.* All special administrative permit applications must contain the following:
 - a. The special administrative permit application form signed by the applicant.
 - b. A copy of a lease or letter of authorization from the owner of the property on which the telecommunications facility and support structure are or proposed to be located evidencing the applicant's authority to pursue the application. Such submissions need not disclose the financial lease terms.
 - c. Site plans detailing proposed improvements complying with the city's site plan requirements. Site plans must depict all improvements and satisfaction of all applicable requirements contained in this Code, including property boundaries, setbacks, topography, elevation sketch, landscaping, fencing, and dimensions of improvements.
 - d. Proof of and/or certified copies of any required approval, registration, and/or licensure from the Commission for any Provider of Telecommunication Services to provide such services in the State of Georgia, where applicable, and any other required FAA, FCC, or otherwise state and federal approval, registration, and/or licensure required to erect, Modify, or Collocate the proposed Telecommunication Facility.
 - e. An affirmative declaration that the Applicant shall comply with all applicable federal, state, and local laws and regulations, including all applicable provisions of the City's Code of Ordinances and conditions imposed by the City regarding the erection and maintenance of Telecommunication Facilities.
 - f. In the case of a new support structure:
 - i. A statement indicating why collocation could not meet the applicant's requirements. Such statement may include justifications, including why collocation is either not reasonably available or technologically or structurally feasible, as applicable, to document the reason why collocation is not a viable option.
 - ii. The applicant shall provide a list of all the existing structures considered by it as alternatives to the proposed location. The applicant shall provide a written explanation why the alternatives considered were either reasonably unavailable, or technologically or structurally infeasible.
 - iii. Applications for new support structures with accompanying telecommunications facilities shall be considered together as one application requiring only a single application fee.
 - iv. A list of all antennas and support structures in City of Stonecrest in which the applicant has an ownership interest or use agreement. The list shall include the location, the type of structure, the height of the structure, the number of facilities located on the same structure, and the number of facilities for which collocation would be available under existing conditions.

- v. A color propagation map demonstrating the existing coverage of all telecommunications facilities owned and proposed by the applicant within the GSA.
 - vi. Current and proposed coverage map for the proposed Telecommunication Facility.
 - vii. A structural integrity analysis of a support structure shall be included where antennas and equipment will be attached to such support structure, or to establish the fall zone. Such certification and structural integrity analysis shall bear the signature and seal of a professional engineer licensed in the State of Georgia.
 - viii. A special administrative permit application fee as listed in City of Stonecrest's published fee schedule. Such fee for Small Cell Installations shall not exceed \$500 for the first five locations submitted concurrently, and \$100 for each additional location thereafter.
- g. Any other information as the director of planning may require to demonstrate full compliance with this section, all other ordinances of the City and all applicable requirements of state or federal law.
- h. Additional Requirements for Right-of-Way Applications. Applicants seeking to Modify, Collocate or erect new Small Cell Installations on any Public Right-of-Way within the municipal limits of the City shall provide the following in addition to the requirements of this subsection:
- (i) Proof of adequate insurance or self-insurance of the Applicant to defend and cover all claims of third parties against the Applicant and/or City personnel related to the use of the Public Right-of-Way;
 - (ii) A description of the Applicant's service area, where applicable, which shall be sufficiently detailed so as to allow the City to respond to subscriber or end-user inquiries. For the purpose of this paragraph, an Applicant providing Telecommunication Services may, in lieu of or as a supplement to a written description, provide a map on 8 ½ inch by 11 inch paper that is clear and legible and that fairly depicts the service area within the municipal limits of the City. If such service area is less than the municipal limits of the City, the map shall describe the boundaries of the geographic area to be served in clear and concise terms;
 - (iii) Proof of an executed Right-of-Way Use Agreement with the City or otherwise an existence of a valid telecommunications franchise to locate utilities in the Public Rights-of-Way of the City, as applicable, in accordance with State law.
5. *Procedure.*
- a. Within 30 days of receipt of an application for special administrative permit, , or within ten (10) days if for Small Cell Installations, the director of planning shall either:
- (1) Inform the applicant in writing of the specific reasons why the application is incomplete and does not meet the submittal requirements; or
 - (2) Deem the application complete.
- If the director informs the applicant that its application is incomplete within 30 days, the overall timeframe for review is suspended until such time that the applicant provides the requested information necessary to complete the application. In case of Small Cell Installations, the first subsequent resubmittal shall restart the review period anew.
- b. An applicant that receives notice of an incomplete application may submit additional documentation to complete the application. An applicant's failure to complete the application within 60 days after receipt of written notice of incompleteness shall result in the withdrawal of the application without prejudice. An application withdrawn without prejudice may be resubmitted as a new application upon the filing of a new application fee.

- c. The director of planning must issue a written decision approving, approving with conditions, or denying the application for the erection of a new Telecommunication Support Structure or Alternative Telecommunication Support Structure within 150 days of the submission of the initial application , or ninety (90) days in the case of application for the erection of a new Small Cell Installation, unless the director of planning notified applicant in writing that its application was incomplete within 30 days of filing. If so, the remaining time from the applicable total review time is suspended until the applicant provides the missing information.
 - d. Upon receipt of a completed application, the director of planning shall post a sign on the subject property with information concerning the name of the applicant, a short summary of what the application is requesting, and a deadline for decision. The same information shall also be published in the City's legal organ in the next available edition after receipt of a completed application .
- G. *Special land use permit review process.*
 - 1. Erection of a new telecommunications facility, and new support structure, located in a medium to high density residential district, or NS and OIT, from 51 to 150 feet in height (except for an attached wireless telecommunication facility) shall meet the requirements of this chapter and shall be approved by a special land use permit subject to:
 - a. The submission requirements below;
 - b. The applicable standards below; and
 - c. The requirements of the special land use permit general requirements provided in this chapter.
 - 2. Submission requirements for special land use permit applications.
 - a. All special land use permit applications for telecommunications facilities must contain the following:
 - i. The special land use permit application form signed by applicant.
 - ii. A copy of a lease or letter of authorization from the property owner evidencing applicant's authority to pursue the special land use permit application. Such submissions need not disclose the financial lease terms.
 - iii. A legal description of the parent tract, the leased parcel and any associated easements, as applicable.
 - iv. A scaled site plan clearly indicating the location, type and height of the proposed Telecommunication Support Structure or Alternative Telecommunication Support Structure to be utilized, on-site land uses and zoning, adjacent land uses and zoning, adjacent roadways, proposed means of access, setbacks from property lines and residential structures (if located on adjacent property), elevation drawings of the proposed support structure, design of the support structure and facility and how visible obtrusiveness is reduced, accessory structure and any other structures, topography on-site and of surrounding property, existing streams, wetlands and floodplains, and other information deemed necessary by the director of planning to assess compliance with this section.
 - v. A letter of intent providing a detailed narrative regarding the proposed facility, including the needs it is intended to meet, the area to be served, design characteristics, collocation alternatives, nature of uses on adjacent properties, and any other information deemed necessary by the director of planning to provide an adequate description of the proposal.
 - vi. A radio frequency study including a description of the area of coverage, capacity and radio frequency goals to be served by the proposed facility, and the extent to which such

proposed facility is needed for coverage or capacity needs. The study shall include all planned, proposed, in-service or existing sites operated by the applicant in or near the boundaries of and a color propagation study demonstrating the existing coverage of all telecommunications facilities owned and proposed by the applicant within the GSA. The study shall also demonstrate that the proposed height is the minimum necessary to achieve the required coverage. The study shall bear the signature of a qualified radio frequency engineer and certify that all emissions from any Antenna on the Telecommunication Support Structure will comply with FCC frequency emissions standards..

- vii. Certification that the telecommunications facility, the foundation and all attachments are designed and will be constructed to meet all applicable local codes, ordinances, and regulations, including any and all applicable city, state and federal laws, rules, and regulations and will not interfere with public safety communications or the usual and customary transmission or reception of radio, television, or other Telecommunication Services enjoyed by adjacent properties.
- viii. Line-of-sight diagram or photo simulation, including a balloon test, showing the proposed support structure set against the skyline and viewed from at least four directions within the surrounding areas.
- ix. A list of all Telecommunication Support structures and Alternative Telecommunications Support Structures in the City of Stonecrest in which the applicant has an ownership interest or use agreement. The list shall include the location, the type of structure, the height of the structure, the number of facilities located on the same structure, and the number of facilities for which collocation would be available under existing conditions.
- x. A statement indicating why collocation is not feasible. Such statement shall include:
 - (1) Such technical information and other justifications as are necessary to indicate the reasons why collocation is not a viable option; and
 - (2) A list of the existing structures considered by the applicant as possible alternatives to the proposed location and a written explanation why the alternatives considered were structurally deficient or otherwise unsuitable.
- xi. A statement certifying that the support structure will be made available for collocation to other service providers at commercially reasonable rates.
- xii. Notification to surrounding property owners as required by this chapter.
- xiii. A special land use permit application fee as listed in City of Stonecrest's published fee schedule.
- ix. Proof of and/or certified copies of any required approval, registration, and/or licensure from the Commission for any Provider of Telecommunication Services to provide such services in the State of Georgia, where applicable, and any other required FAA, FCC, or other State and Federal approval, registration, and/or licensure required to erect the proposed new Telecommunication Support Structure or Alternative Telecommunication Support Structure.

3. *Procedure.*

- a. Within 30 days of the receipt of an application for special land use permit, the director of planning shall either:
 - (1) Inform the applicant in writing of the specific reasons why the application is incomplete and does not meet the submittal requirements; or

(2) Deem the application complete.

If the director informs the applicant in writing that its application is incomplete within 30 days, the overall timeframe for review is suspended until such time that the applicant provides the requested information necessary to constitute a complete application.

- b. If an application is deemed incomplete, the applicant may submit additional materials to complete the application. An applicant's unreasonable failure to complete the application within 60 days after receipt of written notice of incompleteness shall result in the withdrawal of the application without prejudice. An application withdrawn without prejudice may be resubmitted upon the filing of a new application fee.
- c. A complete application for a special land use permit shall be scheduled for a hearing date as required by City of Stonecrest.
- d. The posting of the property and public notification of the application shall be accomplished in the same manner required for any special land use permit application under this chapter.
- e. The director of planning must provide the applicant with a written decision of the city council approving, approving with conditions, or denying the request within 150 days of the submission of the initial application unless the director of planning notified applicant in writing that its application was incomplete within 30 days of filing. If so, the remaining time from the 150-day total review time is suspended until the applicant provides the missing information in writing.

H. *General standards and design requirements.*

1. *Design.*

- a. Support structures shall be subject to the following:
 - i. Designed to accommodate a minimum number of collocations based upon their height, as follows:
 - (i) Support structures less than 100 feet in height shall be designed to support at least two antenna arrays;
 - (ii) Support structures between 100 and 150 feet shall be designed to support at least three antenna arrays; and
 - (iii) Support structures greater than 150 feet in height shall be designed to support at least four antenna arrays.
 - ii. The compound area surrounding the support structure must be in the minimum size to accommodate accessory equipment for the appropriate number of collocations.
 - iii. Property leased or purchased for the purpose of a telecommunication facility is not required to have minimum road frontage or lot area of the zoning district. However, the applicant must demonstrate access to a public road via an access easement.
- b. Upon request of the applicant, the director of planning may waive the requirement that new support structures accommodate the collocation of other service providers if the director of planning determines that collocation at the site is not essential to the public interest and that the construction of a shorter support structure with fewer antennas would minimize adverse impact on the community. Additionally, the director may reduce the required size of the compound area if it can be demonstrated that the proposed compound is of sufficient size to accommodate the required number of collocations.

2. *Setbacks.*

- a. Property lines. Unless otherwise stated herein or on public Right-of-Way, new support structures shall be set back from all property lines a distance of the fall zone plus 20 feet, or if adjacent to property zoned residential, the greater of:
 - (a) The fall zone plus 20 feet; or
 - (b) 100 feet.
- b. Residential dwellings. There shall be no setback requirement from dwellings located on the same parcel as the proposed structure.
- c. Unless otherwise stated herein, all accessory equipment shall be set back from all property lines in accordance with the minimum setback requirements in the underlying zoning district and any overlay district. Accessory equipment associated with an existing or replacement utility pole shall not be subject to setback requirements.
- d. The zoning board of appeals shall have the authority to vary any required setback upon the request of the applicant if:
 - i. The applicant provides a letter stamped by a certified structural engineer licensed in the State of Georgia documenting that the proposed structure's fall zone is less than the requested setback; and
 - ii. The proposed telecommunication support structure or alternative support structure is consistent with the purposes and intent of this division.

3. *Height.*

- a. In nonresidential districts, support structures shall be designed to be the minimum height needed to meet the service objectives of the applicant, but in no event shall exceed 199 feet in height as measured from the base of the structure to its highest point, excluding any appurtenances.
- b. In medium and high density residential districts, stealth support structures shall not exceed 150 feet. Stealth support structures shall be measured from the base of the structure to the top of the highest point, excluding appurtenances. Any proposed stealth support structure shall be designed to be the minimum height needed to meet the service objectives of the applicant.
- c. In all zoning districts, the zoning board of appeals shall have the authority to vary the height restrictions listed in this section upon the request of the applicant and a satisfactory showing of need for a greater height. With its variance request the applicant shall submit such technical information or other justifications as are necessary to document the need for the additional height to the satisfaction of the zoning board of appeals.

4. *Aesthetics.* Amateur radio Telecommunication Support Structures, or receiver-only Antennas, shall not be subject to the provisions of this subsection unless such structures exceed thirty-five (35) feet in Height.

- a. Lighting and marking. Telecommunications facilities or support structures shall not be lighted or marked unless required by the Federal Communications Commission (FCC) or the Federal Aviation Administration (FAA). If lighting is required, the City may review the available federally-approved lighting alternatives and approve the design that would cause the least disturbance to the surrounding area.
- b. Signage. Signs located at the telecommunications facility shall be limited to ownership and contact information, FCC antenna registration number (if required) and any other information as required by government regulation. Commercial advertising is strictly prohibited.

- c. Landscaping. The visual impacts of a Telecommunication Facility and support structure shall be mitigated by landscaping. Unless located in heavily wooded areas, or on Public Rights-of-Way, Telecommunications Facilities shall be landscaped with a landscape buffer which effectively screens the view of the facility from all sides. The use of existing plant material and trees shall be preserved to the maximum extent practicable and may be used as a substitute for, or in supplement towards, meeting landscaping requirements.
 - d. Landscape buffers shall be a minimum of ten feet in width and located outside the fenced perimeter of the Telecommunications Facility compound.
 - e. All landscaping shall be of the evergreen variety and shall conform to the city's buffer standards.
 - f. Telecommunication Support Structures and Antennas shall either maintain a galvanized steel outer shell or, subject to any applicable standards of the FAA and FCC, shall be painted a neutral color so as to reduce visual obtrusiveness.
 - g. All Telecommunication Support Structure sites and related structure designs shall use materials, colors, textures, screening, and landscaping that will blend the Telecommunication Facilities to the natural setting and surrounding environment.
 - h. For Antennas erected on an Alternative Telecommunication Support structure, the Antenna and supporting electrical and mechanical ground Equipment shall be a neutral color so as to make the Antenna and related Equipment as visually unobtrusive as is reasonable.
 - i. Telecommunication Support Structures in the Public Right-of-Way must be substantially similar in appearance to adjacent light poles or other similar structures so as to blend in to same, including any design requirements of the adjacent zoning or overlay district. All Equipment associated with a Telecommunication Support Structure in the Public Right-of-Way that are not placed on the Structure itself must either be located on adjacent private property, buried underground, or both. Any such Equipment placed on the Structure itself must be on the side of the Structure facing away from the Public Right-of-Way, if at all physically possible.
5. *Accessory equipment, including any buildings, cabinets or shelters.*
- a. Accessory equipment shall be used only to house equipment and other supplies in support of the operation of the on-site telecommunication facility or support structure.
 - b. Any equipment not used in direct support of such on-site operation shall not be stored on the site.
 - c. Accessory equipment must conform to the setback standards of the applicable zoning districts. In the situation of stacked equipment buildings, additional screening/landscaping measures may be required by the director of planning in order to accomplish the purposes and goals of this section.
6. *Stealth design telecommunications facilities.*
- a. Any telecommunications facility that otherwise complies with the requirements of this chapter, including procedural approvals, may be designed as a stealth telecommunication facility.
 - b. Stealth telecommunication facilities are mandatory in medium and high-density residential districts and shall not exceed one hundred fifty (150) feet in height. All towers in medium and high-density residential districts must be approved by a special land use permit.
 - c. Antennas must be enclosed, camouflaged, screened, obscured or otherwise not readily apparent to a casual observer.
- I. *Sound provision.* No sound emanating from the facility generator during normal operations shall be audible above 70 decibels which would allow normal conversation within 15 feet of the compound.

-
- J. Pre-existing Facilities. Any pre-existing Telecommunication Facility which does not meet the requirements of this section shall be considered nonconforming and subject to the nonconforming use provisions of the zoning ordinance; provided, however, that the installation of a new Antenna on a pre-existing Telecommunication Support Structure shall not constitute the expansion of a nonconforming use provided that (a) the new Antenna does not result in a Substantial Increase in Size and (b) the resulting Height of the pre-existing Telecommunication Support Structure is less than the maximum Height the Telecommunication Support Structure previously approved by the City.
- K. Annual Registration of Telecommunication Facilities. The owner of any Telecommunication Facility shall submit an annual registration of such Facility on such forms as the director of planning shall prescribe. Each annual registration shall identify the tax parcel identification and physical street address for the parcel on which such Telecommunication Facility is located. Each annual registration of such Telecommunication Facility shall describe all Telecommunication Support Structures, Alternative Telecommunication Support Structures, Antennas, and other Telecommunication Equipment on the site, describe in detail any improvements during the preceding calendar year, and, for Telecommunication Support Structures only, state the total gross income from all improvements on the site for the preceding calendar year. Each annual return shall be filed with the City on or before April 1st of each year and shall be accompanied by an annual administrative fee in an amount as established by the Mayor and Council.
- L. Principal or Accessory Use. A Telecommunication Support Structure and/or Antenna is considered a principal use if located on any parcel as the sole or primary structure, and is considered an accessory use if located on a parcel shared with a different existing primary use or existing structure. An existing use or structure on the same parcel shall not preclude the installation of an antenna or Telecommunication Support Structure. For purposes of determining whether the erection of a Telecommunication Support Structure or Antenna complies with the requirements of the zoning district in which it is located (including, but not limited to, all setback and buffer requirements), the dimensions of the entire parcel shall control, even though the Antenna or Telecommunication Support Structure may be located on a leased area within the dimensions of such parcel.
- M. Inventory of Existing Sites for New Telecommunication Support Structure or Alternative Telecommunication Support Structure Applications.
1. The City shall maintain an itemized list of all Telecommunication Support Structures or Alternative Telecommunication Support Structures, active and inactive, which are located within the municipal limits of the City. This list shall include specific information about the location (latitude and longitude coordinates), Height, design, Telecommunication Support Structure type and general suitability for Antenna co-location of each Telecommunication Support Structure and authorized Alternative Telecommunication Support Structures, and other pertinent information as may be decided by the City.
 2. To facilitate collocation of Antennas, each Applicant seeking to erect a new Telecommunication Support Structure or Alternative Telecommunication Support Structure, or to modify any such existing structure, shall provide to the City an itemized list of its existing Telecommunication Support Structures and authorized Alternative Telecommunication Support Structures as provided for below. Applicants seeking to erect an amateur radio Telecommunication Support Structure or Antenna less than thirty-five (35) feet in Height shall be exempt from this provision.
 3. Each Applicant seeking to erect a new Telecommunication Support Structure or Alternative Telecommunication Support Structure or to modify existing support structures shall provide the City with an itemized list, including all of the following: a complete listing of all Applicant-owned Telecommunication Support Structures that are within the municipal limits of the City or within one-

quarter (1/4) mile of the municipal limits of the City; with respect to each listed Telecommunication Support Structure, specific information, including the location (latitude and longitude coordinates), Height, design, structure type, and general suitability for Antenna collocation; and other pertinent information as may be required by the director of planning. The City shall share such information with any other Applicant under this section or any other organization or governmental entity seeking to locate a Telecommunication Facility within the municipal limits of the City, provided, however, that the City shall not, by sharing such information, in any way be deemed to have represented or warranted that such sites are available or suitable.

4. An application, with the exception of an application to erect an amateur radio telecommunication support structure or Antenna less than thirty-five (35) feet in Height as set forth herein, shall not be considered complete without the itemized list required in this subsection.
- N. Documentation from Applicable Regulatory Agencies and Review for Aviation Purposes. Any applicant for the erection of a Telecommunication Facility governed by this section shall demonstrate compliance with all FAA and FCC regulations with respect to prior approval, registration and/or licensure of a proposed Telecommunication Facility. No building permit shall be issued until an Applicant has received approval from the FAA and/or registered the proposed facility with the FCC where required and provided copies of all applicable approvals, registrations, and/or licenses to the City. In the alternative, Applicants may demonstrate that such prior authorization and/or registration is not required to be accompanied by a sworn affidavit asserting same. All Telecommunication Facilities must meet or exceed current standards and regulations of the FAA, the FCC, the Commission, and any other agency of the federal government authorized to regulate such facilities.
- O. Building Codes; Safety Standards. To ensure structural integrity of Telecommunication Facilities, the owner, permittee, or subsequent lessee of a Telecommunication Support Structure or Alternative Telecommunication Support Structure shall ensure that all applicable Telecommunication Facilities on such site are maintained in compliance with standards contained in applicable local building codes. If, upon inspection, the City concludes that an applicable Telecommunication Facility fails to comply with all governing codes and standards, or constitutes a danger to persons or property, then upon receipt of written notice by the owner, permittee, or lessee of such a facility, the recipient shall have fifteen (15) days to bring the Telecommunication Facility into compliance with such standards. If the owner, permittee, or lessee fails to bring the Telecommunication Facility into compliance within the 15-day period, the City may, at the direction of the City Manager, remove the non-compliant Telecommunication Facility at the owner, permittee, or lessee's expense. Prior to the removal of any telecommunication facility, the City may consider detailed plans submitted by the owner, permittee, or subsequent lessee for repair of substandard Telecommunication Support Structures, and may grant a reasonable extension of the above-referenced compliance period. Any such removal by the City shall be in the manner provided in O.C.G.A. §§ 41-2-7 through 41-2-17.
- P. Change of Ownership or Control Notification. Upon the transfer of ownership or control of any Telecommunication Facility, the party transferring such ownership or control shall notify the City of the transaction in writing within thirty (30) days.
- Q. Revocation or Termination of Permit.
Any authorization to erect or operate Telecommunication Facilities may be revoked for the following reasons:
 - (1) Erection or operation of Telecommunication Facilities at an unauthorized location;

- (2) Misrepresentation or lack of candor by or on behalf of a Grantee in any representation to the City;
- (3) Abandonment of applicable Telecommunication Facilities;
- (4) Failure to pay required reasonable fees or costs, as may be required in this section;
- (5) Failure to meet any provision of the annual registration requirement in this section;
- (6) Failure to pay required reasonable fees or costs for access and use of Public Rights-of-Way, as may be required in this section; and
- (7) Violation of a material provision of the City's Code of Ordinances or violation of a material condition set forth in any permit or authorization to erect and operate Telecommunication Facilities.

R. Access to the Public Right-of-Way.

- (a) Fees for Access to Public Rights-of-Way. Pursuant to O.C.G.A. §46-5-1(b)(9) and in accordance with applicable state law, Providers of Telecommunication Services and Applicants governed by this section shall provide the City due compensation for use of, and access to, a Public Right-of-Way, equal to no more than three (3) percent of actual recurring local service revenues received by a Provider from its retail, end user customers located within the municipal limits of the City, and no more than three (3) percent of actual recurring revenues from the lease of governed Telecommunication Facilities. Such compensation shall not be assessed in a discriminatory fashion with respect to the Telecommunication Services to be provided or transmitted by or through a proposed Telecommunication Facility, in accordance with applicable state law. Said compensation for the use of the Public Right-of-Way shall be paid by the Applicant to the City within thirty (30) days after the end of each calendar quarter. Included with any such application for the installation of Antennas on existing structures or the erection of structural poles so as to accommodate such Antennas in Public Rights-of-Way, the Applicant shall demonstrate to the director of planning that the Applicant possesses a Certificate of Authority from the Georgia Public Service Commission. Those Applicants that do not hold such certification are subject to the rules and regulations of other wireless Applicants including tower companies and carriers. For those Applicants without end-user customers from which said percentage is calculated shall be required to execute a Right-of-Way Use Agreement with the City which shall set out fees for access thereto.
- (b) Maintenance. A Telecommunication Facility erected in a Public Right-of-Way shall be maintained in good condition, as determined by the City. Maintenance of such a Telecommunication Facility shall include, but not be limited to, the structural integrity of all Telecommunication Support Structures, Alternative Telecommunication Support Structures, Antennas, Equipment compounds, Equipment cabinets, painting, irrigation systems, buffer areas, and landscaping, to the extent applicable.
- (c) Restoration of Public Rights-of-Way and City Property. When a Grantee authorized to construct Telecommunication Facilities in the Public Rights-of-Way, or any person acting on behalf of a Grantee, does any work affecting any Public Right-of-Way or City Property, it shall, at its own expense, promptly remove any obstructions therefrom and restore such Public Right-of-Way or City Property to as good a condition as existed before the work was undertaken, unless otherwise directed by the City. Restoration will be consistent with standards required by the City.
- (d) Grantee Insurance for Use of Public Right-of-Way. Unless otherwise provided by the City, any Applicant, as a condition of the grant of authorization to erect Telecommunication Facilities in a Public Right-of-Way, shall secure and maintain comprehensive insurance policies insuring both the Applicant and the City, and its officers, appointed officials, agents, employees, and assigns as coinsured. Such insurance coverage shall include general liability insurance, automobile liability insurance, worker's compensation insurance, employer's liability insurance and premises-operations

insurance. Such insurance shall be maintained throughout the duration of the Applicant's authorization to own or operate a Telecommunication Facility in an applicable Public Right-of-Way.

- (e) Indemnification. Each Applicant shall, upon receiving authorization from the City to erect or Modify Telecommunication Facilities in a Public Right-of-Way, and to the greatest extent permitted by law, expressly undertake to defend, indemnify, and hold the City and its officers, appointed officials, agents, employees, and assigns harmless from and against any and all damages, losses, and expenses, including reasonable attorney's fees and costs of suit or defense, arising out of, resulting from or alleged to arise out of or result from the negligent, careless, or wrongful acts, omissions, failures to act, or misconduct of the Applicant, its affiliates, officers, employees, agents, contractors, or subcontractors in the construction, operation, maintenance, repair, or removal of any Telecommunication Facilities in Public Rights-of-Way, whether such acts are authorized, allowed, or prohibited by this section.
 - (f) Transfer of Authorization to Erect, Own, and Operate Telecommunication Facilities in Public Rights-of-Way. Control of an authorized Telecommunication Facility in a Public Right-of-Way may not, directly or indirectly, be transferred, assigned, or disposed of by sale, lease, merger, consolidation or other act of a Grantee, by operation of law or otherwise, without prior consent of the City, which shall not be unreasonably withheld or delayed. A Grantee and the proposed assignee or transferee of an existing permit to erect and operate a Telecommunication Facility in a Public Right-of-Way shall provide and certify, via sworn affidavit, the following information to the City not less than ninety (90) days prior to the proposed date of such transfer or assignment of control:
 - (1) Information setting forth the nature, terms, and conditions of the proposed transfer or assignment of ownership and/or control;
 - (2) With respect to the transferer/assignee, all information as outlined in subsection "F" of this section;
 - (3) Any changes to information provided to the City, as set forth in subsection "F" of this section; and
 - (4) Any other information reasonably required by the director of planning.
- S. Limitations on Municipal Authority. In regulating the erection and maintenance of Telecommunication Facilities, whether located on private lands or in Public Rights-of-Way, the City shall not:
- (a) Condition the approval of any application for a new Telecommunication Support Structure or Alternative Telecommunication Support Structure on a requirement that a Modification or Collocation to such structure be subject to a review inconsistent with this section;
 - (b) Required the removal of an existing Telecommunication Support Structure, Alternative Telecommunication Support Structure, or Telecommunication Facility as a condition of approval of an application for a new Telecommunication Facility unless such existing Telecommunication Support Structure, Alternative Telecommunication Support Structure, or Telecommunication Facility is abandoned and owned by the Applicant;
 - (c) Require the Applicant to place an Antenna or other Equipment on publicly owned land or on a publicly or privately owned water tank, building, or electric transmission tower as an alternative to the location proposed by the Applicant.
- T. Fees. The fees levied and charged for all persons and businesses subject thereto shall be set forth on a schedule which may be amended from time to time by resolution of the Mayor and Council, a copy of which shall be maintained on file in the City Clerk's office and with the director of planning. Said fees are levied and

assessed in addition to any business or occupational taxes assessed and levied under the City Code. Applications for Small Cell Installations, whether collocation or erection of new infrastructure, shall not be charged more than \$500 for up to the first five (5) locations requested concurrently, and \$100 for each additional location therefrom. The City shall not seek reimbursement from an Applicant for fees, consultation fees, registry fees, audit fees, or otherwise payment in connection with an application subject to this section on a contingency fee arrangement.

- U. Bond Requirement for new Telecommunication Support Structures. Prior to the issuance of a permit for the erection of a Telecommunication Support Structure or Alternative Telecommunication Support Structure, an Applicant shall procure a bond or an irrevocable letter of credit in an amount not less than twenty-five thousand dollars (\$25,000.00) conditioned upon the removal of the Telecommunication Support Structure or Alternative Telecommunication Support Structure, should it be deemed abandoned under the provisions set forth in this section. Such bond or letter of credit (a) shall be renewed at least every two (2) years during the life of the Telecommunication Support Structure, (b) shall not expire unless the City is given sixty (60) calendar days' prior written notice, (c) shall include the name, address, telephone number, and contact for the provider of bond or letter of credit and (d) in the case of a bond, shall include the statement that the provider of the bond is listed in the latest issue of the U.S. Treasury Circular 570.
- V. Non-Discrimination. In evaluating any application governed by this section, the City shall not unreasonably discriminate among telecommunication providers of functionally equivalent services and technical capabilities and/or deny an application based solely on the financial status of an Applicant, type of Telecommunication Services to be provided should a prospective application be approved, and/or the content of telecommunications to be provided by and/or through proposed Telecommunication Facilities.
- W. Inspections.
 - (1) Whenever inspections of the premises used for or in connection with a Telecommunication Support Structure, Alternative Telecommunication Support Structure, or Antenna are provided for or required by ordinance, or are reasonably necessary to ensure compliance with any ordinance provision or to detect violations thereof, it shall be the duty of the Applicant, or the person(s) responsible for the premises to be inspected, to admit thereto for the purpose of making the inspection any officer, agent, or employee of the City who is authorized or directed to make such inspection, at any reasonable time that admission is requested.
 - (2) In addition to any other penalty which may be provided, the permit granted to any Applicant who refuses to allow any authorized officer, agent or employee of the City to make any inspection provided for in subsection (a) hereinabove, or who interferes with such officer or employee while in the performance of his duty in making such inspection may be suspended or revoked at the reasonable discretion of the director of planning.
- X. Penalties for Violation. In addition to the other remedies available to the City for violation of this section set forth herein or in any other applicable provisions of the City Code, the municipal court of the City, after notice to the Applicant or permittee and hearing, may impose a civil fine for failure to comply with the provisions of this section or a sentence not to exceed sixty (60) days. Such a civil fine shall not exceed one thousand dollars (\$1,000.00) per day and may be enforced by the contempt power of the court. In addition, the Applicant or permittee shall pay all costs and expenses involved in the case. Each day such violation continues shall be considered a separate offense. Nothing contained in this subsection shall prevent the City from taking such other lawful action as is necessary to prevent or remedy any violation of this section.

- Y. Appeals of Decisions of the Mayor and Council. Appeals of the decisions of Mayor and Council under this section shall be by writ of certiorari to the Superior Court of DeKalb County in accordance with State Law.
- Z. *Miscellaneous provisions.*
1. *Fencing.*
 - a. Ground-mounted accessory equipment and support structures shall be secured and enclosed with a fence to a height of at least six feet.
 - b. Fencing shall be decorative, including brick or concrete columns.
 - c. The director of planning may waive the requirement of subsection (j)(1)a. of this section if it is deemed that a fence is inappropriate or unnecessary at the proposed location in order to accomplish the purposes and goals of this section.
 2. *Neighborhood identity.* If located in residential area, towers may incorporate features that identify neighborhoods, such as banner arms or monuments.
 3. *Abandonment and removal.* If a support structure is abandoned, the director of planning may require that the support structure be removed, provided that the director of planning must first provide written notice to the owner of the support structure and give the owner the opportunity to take such actions as may be necessary to reclaim the support structure within 60 days of receipt of said written notice. In the event the owner of the support structure fails to reclaim the support structure within the 60-day period, the owner of the support structure shall be required to remove the same within six months thereafter at the owner's expense. The city shall ensure and enforce removal by means of its existing regulatory authority.
 4. *Multiple uses on a single parcel or lot.* Telecommunications facilities and support structures may be located on a parcel containing another principal use on the same site or may be the principal use itself.
- AA. *Telecommunications facilities and support structures in existence on the date of adoption of this chapter.*
1. Telecommunications facilities and support structures that were legally permitted nonconforming uses on or before the date the ordinance from which this chapter is derived was enacted shall be considered a legal, lawful use, subject to the nonconforming use regulation in this chapter and state law.
 2. Ordinary maintenance may be performed on a nonconforming support structure or telecommunications facility.
 3. Collocation or modifications of telecommunications facilities on an existing nonconforming support structure shall not be construed as an expansion, enlargement or increase in intensity of a nonconforming structure and/or use and shall be permitted through the administrative approval of a building permit process.

(Ord. of 8-2-2017, § 1(4.2.57)) [TM0D-19-004]

Sec. 4.2.58. Party Houses

- A. A Single-Family Residential Property may only be utilized as a "Party House" by Special Administrative Permit in the "RE" and "RLG" zoning districts and only on lots with at least 300 feet of frontage on a public street and a primary structure no less than 4,000 square feet in area.
- B. An event defined as a "Party House" may only be conducted inside the primary structure and/or in a completely fenced back yard.

- C. With exception of traditional internal lighting and porch lights, no other illumination may be utilized during a "Party House" event, including, but not limited to, strobe lighting, disco-ball light, spotlight or any other light used to draw attention to the structure.
- D. Any music utilized for the "Party House" event must be contained solely inside the primary structure and shall be subject to the applicable provisions of the City's Noise Ordinance contained in Chapter I 8, Article VII of the City Code.
- E. In addition to a Special Administrative Permit, the owner of each "Party House" cannot have such an event at the residence without acquiring an occupation tax certificate from the City. A Special Administrative Permit and Occupation Tax Certificate for a "Party House" may only be granted to the owner of the property.
- F. Event guests at a "Party House" must park only on the designated driveway or on the public street directly in front of the residential lot on which the event is taking place, on the same side of the street, and only for the length of the street frontage directly abutting the property.
- G. A qualifying event at a "Party House" may not continue past 11 p.m. on Sunday - Thursday, or midnight on Friday-Saturday or any Federal Holiday.
- H. Neither a Special Administrative Permit nor an Occupation Tax Certificate may be granted to any property for a "Party House" that is located within 2000 feet of any City or County park facility, senior housing or public or private school, or be within 1,000 feet of more than 2 other residential lots.
- I. No alcohol may be sold during a qualifying event of a "Party House" and no more than one (1) drink may be included as part of a cover charge for said event. For purposes of this provision, one drink shall be either a 12 oz. malt beverage, 12 oz. glass of wine or an alcoholic drink featuring no more than 1.5 oz. of any distilled spirit.
- J. A Special Administrative Permit and Occupation Tax Certificate for a "Party House" shall authorize the owner of the property no more than ten (10) such qualifying events in any calendar year.

[TMOD-19-005]

Sec. 4.2.59. Short term vacation rental.

The following applies to all Short Term Vacation Rentals (STVR):

- A. No individual renting the property shall stay for longer than 30 consecutive days.
- B. The STVR shall not be operated in such a way as to change the residential character of the neighborhood in which it is located and shall comply with the noise ordinance.
- C. In every dwelling of two or more rooms, every room occupied for sleeping purposes by one occupant shall contain not less than 70 square feet of floor area, and every room occupied for sleeping purposes two occupant shall contain at least 120 additional square feet of floor area. Maximum occupancy limits for any overnight guests must not exceed two guests for every bedroom located in the STVR.
- D. Every bedroom shall have a window facing directly and opening to the outdoors.
- E. Every bedroom shall have access to not less than one water closet and lavatory without passing through another bedroom. Every bedroom in an STVR shall have access to not less than one water closet and lavatory located in the same story as the bedroom or an adjacent story.
- G. There shall also be provided at least one off-street parking space for each bedroom used as a part of the STVR.
- H. No signs or advertising are permitted to identify or advertise the existence of the STVR, beyond those otherwise allowed for the residential property.

- I. All STVR units shall be furnished with a telephone that is connected to a landline or similar type connection, including a voice over internet protocol, in order that 911 dispatch may be able to readily identify the address and/or location from where the call is made when dialed.
- J. A diagram depicting two evacuation routes shall be posted on or immediately adjacent to every required egress door.
- K. No individual renting a STVR shall use the STVR for a special event, party, or temporary outdoor event. No owner or operator of a STVR shall permit a STVR to be used for a special event, party, or temporary event.
- L. It shall be unlawful to establish, operate, or cause to be operated a STVR in the city within 500 feet of another STVR, bed and breakfast, boarding house, home stay bed and breakfast residence, hotel/motel, hotel/motel extended stay, personal care home, or child caring institutions. Measurements for this subsection shall be made in a straight line without regard to intervening structures or objects, between the closest points on the property lines of the two uses.

(Ord. No. 2018-09-01, § 1, 9-17-2018)

Sec. 4.2.60. Smoking Lounges

Smoking Lounges shall be subject to the following restrictions:

- A. Smoking of hookah in any establishment that serves alcohol or food shall be prohibited.
- B. Hours of operation shall not extend past 11:00 p.m.
- C. Shall not serve patrons under the age of 19 or as restricted by Georgia statute.

Sec.4.2.61. Eating and Drinking Establishments that also operate another use

Any establishment that serves food and drink, but which also operates as another use under Chapter 4 (the Alcohol Code) with separate parking regulations shall follow the parking regulations in Chapter 27 applicable to that use.

DIVISION 3. TEMPORARY USE REGULATIONS

Sec. 4.3.1. Temporary outdoor uses; general requirements.

- A. Temporary outdoor uses shall not be held, unless the necessary special administrative permit is obtained from the planning department, subject to the provisions of article 7 of this chapter, and any other applicable agency which may require review prior to issuance of permits.
- B. Any applicant for a permit for temporary outdoor use shall have the written authorization of the owner of the property to use the property for the specific event for which the application was submitted.
- C. All applicants for a permit for temporary outdoor use shall obtain a business license, if applicable.
- D. All approvals, permits, or licenses granted under this division must be displayed in a conspicuous manner on the premises at all times for inspection by City of Stonecrest.
- E. No temporary outdoor use may be located within or encroach upon any drainage easement, public sidewalk or right-of-way, fire lanes, designated loading areas, driveways, maneuvering aisles, or ADA minimum four-foot sidewalk width within private sidewalks or other areas intended for pedestrian movement.
- F. Temporary signage is permitted subject to the size and height standards in accordance with chapter 21, signs.
- G. No operator, employee, or representative of the operator of a temporary outdoor use shall solicit directly from the motoring public.
- H. Any temporary outdoor uses which have not complied with this division shall be a violation of this section. Any person or entity found to be in violation of this section may be punished as provided for in article 7 of this chapter.
- I. No temporary outdoor use shall be conducted within any public right-of-way unless permitted by public entity.
- J. Merchandise shall only be displayed in a manner that does not obstruct pedestrian or vehicular circulation or flow of traffic.
- K. Merchandise shall only be displayed in an area not wider than 50 percent of the total linear frontage of the building occupied by the merchant.
- L. The premises for a temporary outdoor use shall be restored to a sanitary condition, i.e., cleaned and cleared of all litter, trash and debris; and all equipment, materials, signs, temporary power poles, etc., associated with the temporary outdoor use shall be removed from the property within two days of the last day specified for such use, except for yard sales. All unsold yard sale merchandise remaining at the conclusion of the sale must be removed immediately. Purchased yard sale merchandise must be removed within 24 hours of conclusion of the sale.

(Ord. of 8-2-2017, § 1(4.3.1))

Sec. 4.3.2. Duration, frequency and hours of operation of temporary outdoor uses.

The maximum duration, frequency and hours of operation for temporary outdoor uses shall be limited as shown in Table 4.3, below:

Table 4.3. Temporary Outdoor Uses Operational Requirements

Operational requirement maximums for temporary outdoor uses				
Temporary Use	Duration	Frequency	Hours of Operation	Special Administrative Permit Required?
Christmas tree sales	Nov. 15 through Jan. 1		Cease at 9:00 p.m. Mon.—Thurs. and Sun; 10:00 p.m. Fri. and Sat.	Yes
Pumpkin and Halloween sales	Sept. 15 through Oct. 31		Cease at 9:00 p.m. Mon.—Thurs. and Sun; 10:00 p.m. Fri. and Sat.	Yes
Charitable/non-profit event	7 consecutive days	4 times/calendar year	Daylight hours only	Yes
Temporary Produce stand	One full year	Year round	Daylight hours only	Yes
All other seasonal sales	3 consecutive days	4 times/calendar year	Daylight hours only	Yes
Temporary outdoor retail sales display	30 consecutive days	4 times/calendar year	Cease at 9:00 p.m. Mon.—Thurs. and Sun; 10:00 p.m. Fri. and Sat.	Yes
Temporary outdoor event	14 consecutive days		Cease at 9:00 p.m. Mon.—Thurs. and Sun; 10:00 p.m. Fri. and Sat.	Yes
Yard sales	3 consecutive days	Once/6 months	Daylight hours only	No
Farmer's Markets	Year Round	3 consecutive days per month or one day per week	Cease at 9:00 p.m. Mon.—Thurs. and Sun; 10:00 p.m. Fri. and Sat.	Yes

(Ord. of 8-2-2017, § 1(4.3.2))

Sec. 4.3.3. Temporary outdoor seasonal activities.

Temporary outdoor seasonal activities include the sale of retail merchandise associated only with recognized seasonal and federal holidays, the sale of farm produce, Mother's Day, Easter, and Valentine's Day, subject to the following regulations:

A. Use regulations.

1. A special administrative permit shall be required, for all temporary outdoor seasonal activities.
2. Events or sales of retail merchandise not customarily associated with seasonal or federal holidays or farm produce is prohibited.
3. Produce stands in residential areas shall only be located on property of nonresidential uses such as churches, schools, or recreational areas.

B. *Lot and parcel restrictions.*

1. A temporary outdoor seasonal activity may be held on a vacant parcel if within a nonresidential zoning district.
2. A temporary outdoor seasonal activity may be held on parcels where the temporary outdoor seasonal activity is not associated with the principal use of the property.
3. Temporary outdoor seasonal activities shall be permitted only on property where such activities shall not disrupt controlled vehicular ingress and egress.
4. All exterior lighting utilized in conjunction with temporary outdoor seasonal activities shall be directed downward to minimize glare on adjacent properties.
5. Spotlights and high-temperature process lighting for temporary outdoor seasonal activities are prohibited.

C. *Setback and structure requirements.*

1. All temporary outdoor seasonal activities, including installation or erection of associated temporary display and sales structures, shall not be within any public right-of-way, and no display or sales area shall be located within 25 feet of the street.
2. Tents over 200 square feet and canopies over 400 square feet shall require issuance of a building permit and approval by the fire marshal.
3. A sign may be erected on the property in accordance with chapter 21, sign ordinance, for the duration approved by the administrative permit.

(Ord. of 8-2-2017, § 1(4.3.3))

Sec. 4.3.4. Temporary outdoor retail sales displays.

Temporary outdoor retail sales displays and related outdoor storage activities include the exhibition or representation of goods, merchandise, materials, or other items sold or bought at a retail establishment in which the items are displayed or sold outside the confines of a wholly enclosed building, and which are associated with the principal use of an existing business. Temporary outdoor retail sales displays shall not include events for which no business license is required (e.g., cookie sales). Temporary outdoor retail sales displays shall be subject to the following regulations.

A. *Use regulations.*

1. A special administrative permit must be approved in accordance with the provisions of article 7 of this chapter.
2. Temporary outdoor retail sales displays shall include the display and sale of retail merchandise associated only with the principal use of the primary business on the property for a limited period of time.
3. Any object, device, display or structure, or part thereof, which is used to advertise, identify, display, direct or attract attention to an object, person, institution, organization, business, product, service or event, shall also be considered part of the temporary outdoor retail sales display.
4. Sales transactions associated with the temporary outdoor retail sales display shall be conducted by employees of the principal use, and goods shall be owned by the owner or tenant of the principal use, not a consignment operation or temporary arrangement with a transient merchant/vendor.

5. Sales transactions associated with the temporary outdoor retail sales display must be consummated inside the building housing the principal use located on the site.
- B. *Lot and parcel restrictions.*
1. Goods and merchandise may be displayed on public sidewalks only when a sidewalk abuts the store or building. Displays on public or private sidewalks shall not interfere with pedestrian travel, and the minimum ADA-required sidewalk width clearance shall be maintained.
 2. Temporary outdoor retail sales display activities are prohibited on a vacant parcel.
 3. Temporary outdoor retail sales display activities shall be conducted only on a paved surface, unless approved by the director.
 4. Temporary outdoor retail sales display activities shall be permitted only on property where such activities shall not disrupt controlled vehicular ingress and egress and are not permitted within areas required, set aside or designated for loading and maneuvering areas, emergency access ways, driving aisles and driveways.
 5. Property zoned M (Light Industrial) and M2 (Heavy Industrial) are exempt from subsections (b)(1) and (b)(2) of this section and the duration limits (Table 4.3). An administrative use permit is required, and duration of use is subject to the approval of the director.
- C. *Setback and display requirements.*
1. All temporary outdoor retail sales display activities, including installation or erection of associated temporary display and sales structures, and stand-alone merchandise, display tables, or display racks, must be set back at least ten feet from a city or state right-of-way.
 2. A temporary shade structure, tent, tilt-up, umbrella or covering may be erected as a part of the temporary outdoor retail sales display activity. Mobile buildings are prohibited. Tents over 100 square feet shall require issuance of a building permit.
 3. Display tables, racks or shelves may be used as part of a temporary outdoor retail sales display activity.
 4. Temporary outdoor retail sales display items, excluding shade structures, tents, tilt-ups, umbrellas or coverings, shall not exceed six feet above grade.
 5. A sign may be erected on the property in accordance with chapter 21, sign ordinance, for the duration approved by the administrative permit.

(Ord. of 8-2-2017, § 1(4.3.4))

Sec. 4.3.5. Temporary outdoor sales or events.

Temporary outdoor sales or events may include temporary art shows, carnival rides, special outdoor social or religious event, entertainment, athletic events, rodeos, horseshows, and other events of community interest.

- A. *Use regulations.* Temporary outdoor sales or events shall be governed by the following regulations:
1. Site conditions.
 - a. Employees shall be uniformed and identified.
 - b. Security or off-duty police officers shall be on-site during operating hours.
 - c. Portable toilets or access to bathrooms shall be provided.
 - d. Approval from the property owner.

- e. Traffic Control Plan must be approved by the fire marshal's office.
- 2. If the temporary outdoor event involves structures that require issuance of a building permit, a site plan of the event shall be included with the building permit application. The site plan submittal required by article 7 of this chapter shall indicate compliance with all zoning ordinance requirements.
- B. *Lot and parcel restrictions.* Temporary outdoor event activities shall be set back at least 100 feet from any residential district or use.
- C. *Temporary sites for worship.* The establishment of sites and tents for temporary worship conducted on a site not designated as a place of worship requires the grant of a special administrative permit by the director of planning.

(Ord. of 8-2-2017, § 1(4.3.5))

[TMOD-22-001]

Sec. 4.3.6. Yard sales.

- A. Yard sales may be conducted without a permit on private property, but shall not be conducted within the public right-of-way.
- B. Goods sold at yard sales must originate as the legal property of the homeowner, other persons participating in the sale, or members of a participating organization. Goods shall not include any items purchased for resale at the yard sale.
 - 1. Two temporary signs are permitted during the yard sale, provided that such signs shall be on private property with permission of the owner, not within the public right-of-way or attached to a utility pole. Signs must be removed immediately following the conclusion of the sale.
 - 2. All unsold yard sale merchandise remaining at the conclusion of the sale must be removed immediately. Purchased yard sale merchandise must be removed within 24 hours of conclusion of the sale.

(Ord. of 8-2-2017, § 1(4.3.6))

Sec. 4.3.7. Temporary buildings, use and construction of.

Except where herein otherwise specifically permitted, temporary buildings, such as a mobile home or trailer, shall not be allowed in any district except:

- (1) For caretaker's residence in the industrial districts;
- (2) To serve as a home sales office for a subdivision only during such time as a subdivision is under development; or
- (3) In conjunction with construction work or pending completion of a permanent building for a period concurrent with approved land disturbance and building permits.

Such temporary buildings shall be sited and permitted in any district upon approval of the director of planning through a special administrative permit. Such temporary buildings shall be removed when the construction has been completed.

(Ord. of 8-2-2017, § 1(4.3.7))

ARTICLE 5. SITE DESIGN AND BUILDING FORM STANDARDS

All development shall comply with this article's site, design, and building form standards, in addition to the requirements in article 2 of this chapter, zoning districts, and chapter 14, land development.

(Ord. of 8-2-2017, art. 5)

DIVISION 1. BLOCK AND LOT REQUIREMENTS

Sec. 5.1.1. Blocks.

- A. *Intent.* The intent of this section is to have the lengths, widths and shapes of blocks in residential subdivisions designed with due regard to:
1. Provision of building sites suitable to the special needs of:
 - a. The building form contemplated;
 - b. The conservation of open space; and/or
 - c. Existing historic features.
 2. Zoning requirements for lot sizes and dimensions;
 3. Needs for convenient access by pedestrians and bicyclists to public transit, nearby schools, and commercial districts, vehicular circulation at safe speeds and adequate access for emergency vehicles;
 4. Limitations of, and opportunities for, topography to minimize land disturbance and erosion;
 5. Connectivity standards in section 5.3.2.
- B. *Block length.*
1. When blocks are subdivided by new streets or created as part of a new development, including mixed-use, the minimum length of resulting new blocks shall be 200 to 300 linear feet.
 2. The maximum block length for new subdivisions in the Suburban Neighborhood character area is 600 linear feet.
- C. *Blocks and pedestrian access.* If a new development provides for a path with an easement through a block:
1. An easement for pedestrian use only shall be at least five feet wide.
 2. An easement for pedestrian and bicycle use shall be at least ten feet wide.

(Ord. of 8-2-2017, § 1(5.1.1))

Sec. 5.1.2. Lots.

All lots shall conform to the minimum requirements for the zoning district in which such lot is located, to all applicable requirements of this article, and the requirements of chapter 14 of the Code. In the event of a conflict between the provisions of this chapter and chapter 14 of the Code with respect to regulation of lots, the provisions of this chapter shall prevail.

(Ord. of 8-2-2017, § 1(5.1.2))

Sec. 5.1.3. Lots, access.

Each lot shall have vehicular access to a public or approved private street, or, in the case of townhouses, fee simple condominiums or cottage lots, to an alley or private internal drive, provided the overall townhouse or cottage development site provides access to a public street. In new subdivisions with three or more single-family detached or single-family attached units, lots on minor or major thoroughfares with lot frontages less than 100 feet shall have driveway access via shared driveways.

(Ord. of 8-2-2017, § 1(5.1.3))

Sec. 5.1.4. Lots, corner.

- A. *Front yard building setback.* On corner lots, the lot frontage with the shortest distance to a public right-of-way shall be designated as the front yard, and development shall comply with front yard building setback requirements of the zoning district in which the lot is located.
- B. *Side corner yard.* Once the front of a corner lot is determined pursuant to subsection A. of this section, the remaining side adjacent to a street is the side corner yard.

- C. *Side corner yard building setback.* The minimum side corner yard building setback on corner lots shall be as designated by the zoning district regulations in article 2 of this chapter. Unless otherwise restricted, buildings may face either the front or side corner.
- D. *Lot width.* The minimum width of corner lots with residential uses shall be increased by 15 feet above the minimum width required for the zoning district in which the lot is located.
- E. *Side corner yard for nonconforming residential.* The side corner yard building setback in residential districts may be reduced to 60 percent of the minimum front yard building setback in the zoning district if:
 - 1. The lot is a legal nonconforming lot; and
 - 2. The lot does not abut a thoroughfare.

(Ord. of 8-2-2017, § 1(5.1.4))

Sec. 5.1.5. Lots, double frontage.

Double Frontage Lot

- A. Lots which adjoin public streets in both the front and rear shall provide the minimum required front yard setback on each street.
- B. For the purposes of front yard regulations, there shall be only one front yard designated, depending on which street the front of the house is built to face.
- C. Driveway access on double frontage lots shall be limited to one street only. A ten-foot, no-access easement shall be provided along the frontage of the street not used for a driveway.

(Ord. of 8-2-2017, § 1(5.1.5))

Sec. 5.1.6. Every use must be upon a lot of record.

No building or structure shall be erected and no use shall be established unless upon a lot of record.

(Ord. of 8-2-2017, § 1(5.1.6))

Sec. 5.1.7. Buildings on single-family and duplex lots.

On all single-family detached and two-family residential lots, only one principal building, together with its permitted accessory structures and uses, shall occupy each lot.

(Ord. of 8-2-2017, § 1(5.1.7))

Sec. 5.1.8. Multiple principal buildings on a lot.

Multiple principal buildings with nonresidential uses, mixed-uses and mixed attached or multi-dwelling residential uses (triplex, duplex, condominium, apartment) may be established on a single unified lot, provided that all other provisions of this article 5 and this chapter are met.

(Ord. of 8-2-2017, § 1(5.1.8))

Sec. 5.1.9. Minimum lot size and minimum lot width.

A. No lot shall be created that fails to meet the minimum lot size and minimum lot width for the zoning district in which the lot is located as established in article 2 of this chapter, except as otherwise provided in article 8 of this chapter.

B. Flag lots are prohibited.

(Ord. of 8-2-2017, § 1(5.1.9))

Sec. 5.1.10. Maximum lot coverage.

No lot shall be developed to exceed the maximum allowable coverage by buildings, structures, driveways or parking areas, or any other impervious surface specified for the zoning district in which the lot is located. In addition to the maximum impervious surface amount, pervious materials may be added up to a maximum amount of 15 percent of the total lot area for non-vehicular uses only, such as walkways, patios and pool decks.

(Ord. of 8-2-2017, § 1(5.1.10))

Sec. 5.1.11. Street frontage for lots.

All lots shall meet the minimum street frontage requirements of the zoning district in which the lot is located.

(Ord. of 8-2-2017, § 1(5.1.11))

Sec. 5.1.12. Lots served by wells and septic tanks; sewer and water connections.

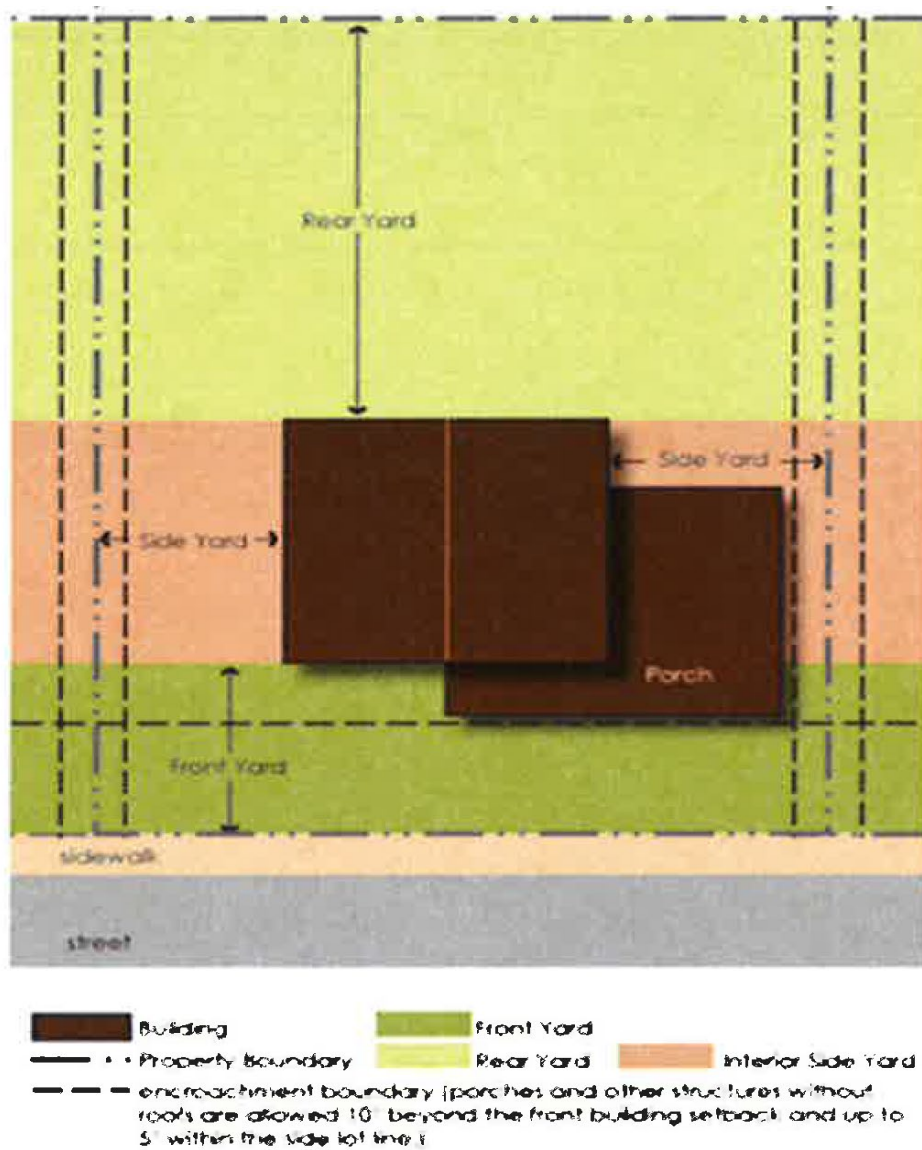

A. Any lot that is to be served by an individual well or septic tank shall have an area of not less than that required by state and DeKalb County health regulations. The site location on the lot of the facility shall be approved by the county board of health in accordance with applicable board of health regulations.

B. Sewer and water facilities and connections shall be approved by the director of planning.

(Ord. of 8-2-2017, § 1(5.1.12))

DIVISION 2. GENERAL YARD AND MEASUREMENT PROVISIONS

Sec. 5.2.1. Minimum required yards and building setbacks.

Projections into Yards

A. Projections into yards.

1. Every part of a required yard shall be open to the sky and unobstructed except for the ordinary projections of sills, belt courses, cornices, eaves, awnings, chimneys, buttresses and other ornamental and architectural features, provided that these features do not project more than three feet into any required yard and do not encroach on other lots or rights-of-way.

2. An open, unenclosed porch, balcony or hard-surfaced terrace, steps, stoops and similar fixtures of a building may project into a required front yard or rear yard for a distance not to exceed ten feet, and into a side yard to a point not closer than five feet from any lot line.
3. Enclosed porches may encroach for a distance of up to eight feet into the front or rear yard, but shall be no closer than five feet from the side property line.

B. *Spacing between buildings.* For single-family attached buildings and multifamily buildings:

1. Building shall be separated a distance as required by the International Codes Council (ICC).

High-rise multifamily spacing

- C. *Setback averaging.* When a vacant lot located in a zoning district authorized for single-family detached dwellings is proposed for development, and is located where at least 60 percent of the other lots on the same block face are occupied by single-family detached dwellings, then setback averaging shall apply. Where setback averaging applies, the minimum front setback for the vacant lot to be developed shall be the average of the actual front setbacks of the existing dwellings adjacent to the vacant lot and on the same blockface. Where application of setback averaging would require that the proposed dwelling be located closer to the street than the otherwise applicable minimum front setback for the zoning district where the vacant lot is located, then setback averaging shall not be applied. Where application of setback averaging would make it impossible for the proposed dwelling to comply with the applicable zoning district's rear yard setback requirement, then the proposed dwelling may be constructed closer to the street, up to the minimum front setback required in the subject zoning district, only to the extent necessary to satisfy the minimum rear yard setback requirement. If the actual front setbacks of the existing dwellings on the adjacent lots on the same blockface as the vacant lot differ from each other by more than 30 feet, then the minimum front setback for the vacant lot shall be the actual front setback of the dwelling closest to the street.

(Ord. of 8-2-2017, § 1(5.1.1))

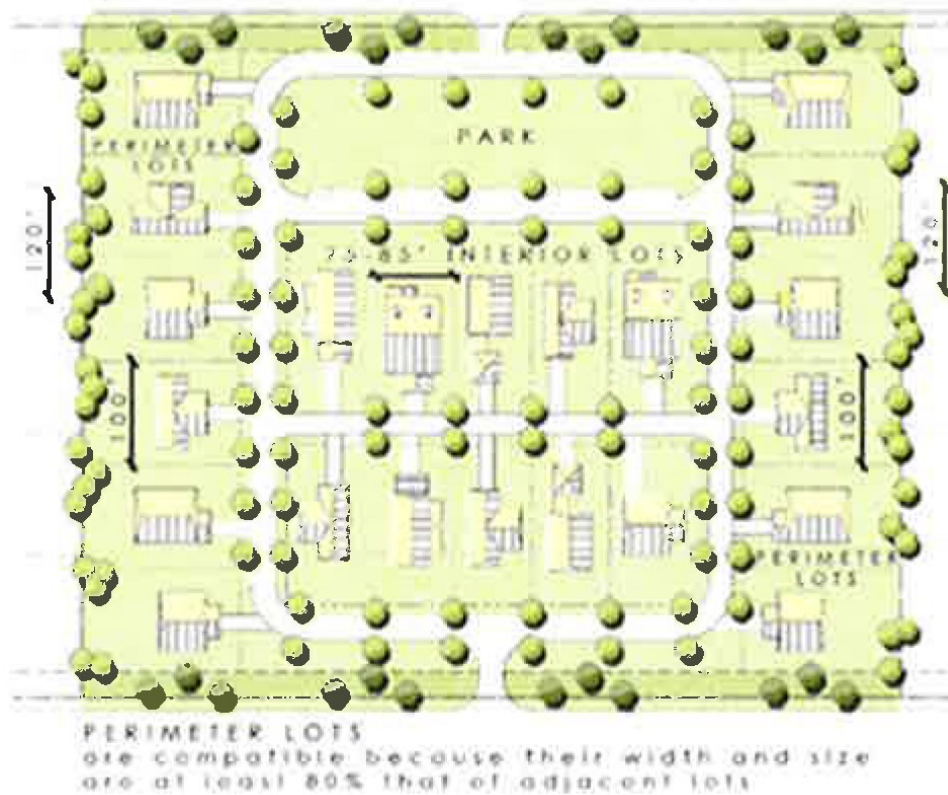

Sec. 5.2.2. Minimum floor area per dwelling unit.

- A. No new dwelling unit shall have less than the minimum floor area of the applicable zoning district specified in article 2 of this chapter.
- B. No existing dwelling unit shall be reduced in size so that its floor area is less than the minimum floor area for a dwelling unit established by the applicable zoning district specified in article 2 of this chapter.

(Ord. of 8-2-2017, § 1(5.1.2))

Sec. 5.2.3. Compatibility of new and existing subdivisions.

- A. Lot size variability. Lots created as part of a new or redeveloped single-family detached subdivision, containing 20 or more lots, shall be compatible with existing developed single-family lots to which they are adjacent as described in subsection B. of this section.
- B. Compatibility of new lots with adjacent lots shall be demonstrated by at least two of the following:
 - 1. The lot width of the new lot is at least 80 percent of the lot width of an adjacent existing subdivision lot;
 - 2. The lot size of the new lot is at least 80 percent of the lot size of an adjacent existing subdivision lot or eight-tenths of an acre, whichever is less;
 - 3. The new lot provides a minimum transitional buffer of 20 feet;
 - 4. The lot depth of the new lot is at least 20 feet deeper than the depth of the adjacent existing lot.
- C. Calculations for measuring compatibility:
 - 1. Only lots with existing residential structures adjacent to the proposed development will be used in the calculation.

Perimeter Lot Diagram

(Ord. of 8-2-2017, § 1(5.1.3))

Sec. 5.2.4. Transitional height plane.

A transitional height plane shall apply to commercial or multifamily buildings that is either:

- (1) Adjacent to; or
- (2) Separated by a street with a width of 50 feet or less from any property zoned RE, RLG, R-60, R-75, R-85, R-100, MHP, RNC or RSM.

No portion of a commercial or multifamily structure shall protrude into a transitional height plane. The transitional height plane shall begin at a point 35 feet above any setback or transitional buffer line, whichever is furthest from the property line, and then extend at an upward angle of 45 degrees over the lot of the commercial or multifamily building.

Transitional Height Plane Diagram

(Ord. of 8-2-2017, § 1(5.1.4))

Sec. 5.2.5. Height measurement requirements and thresholds.

- A. Building height of all structures other than single-family detached dwellings shall be measured from average finished grade (determined by averaging the elevations of finished grade around the entire footprint of the structure) to the top of the highest roof beams on a flat roof, to the deck level on a mansard roof, and to the average distance between the eaves and the ridge level for gable, hip, shed and gambrel roofs.
- B. Building height for single-family detached dwellings shall be measured from the front-door threshold of the structure to the highest point of the roof of the structure. Threshold means the top of the subfloor in the opening that is designated as the front door of a dwelling.
- C. Reserved.
- D. Elevation of single-family detached dwelling thresholds. The following standards shall apply to single-family detached dwellings:
 - 1. *Replacement of a single-family detached dwelling.* If new construction of a single-family detached dwelling would require alteration or eradication of the threshold of a previously existing residential structure, the proposed front door threshold elevation for the new single-family detached dwelling shall not be more than two feet higher than the front door threshold elevation of the previously existing residential structure, which shall be measured and certified by a licensed surveyor or engineer.
 - 2. *Construction on vacant or undeveloped lot.* If no dwelling previously existed on the lot, the threshold shall be no higher than the average elevation of the existing natural grade at the front building line.
 - 3. *Sewer conditions.* If the existing residence or lot is not connected to county sewer and if an applicant for a building permit establishes that the minimum threshold height prevents gravity flow connections to county sewer, the director of planning may grant an administrative variance to allow the threshold height to be up to five feet above the threshold of the previously existing residence in order to allow for gravity flow into the existing sewer tap. Should a greater increase in threshold height be required, a variance from the zoning board of appeals must be obtained in accordance with the process set forth in article 7 of this chapter.
 - 4. *Topographical conditions.* If exceptional topographical restrictions exist on the subject lot that were not created by the owner or applicant, then the director of planning may grant an administrative variance to allow the threshold to be up to three feet above the threshold of the previously existing house.

Building Height Measurement

E. Height requirements.

1. The maximum height of a new single-family detached dwelling shall comply with the requirements of Table 2.2.
2. The height limitations established in this chapter shall not apply to the following:
 - a. Barns, silos or other similar structures when located on farms; belfries, steeples, cupolas and domes; chimneys; and flagpoles.
 - b. Bulkheads, elevator penthouses, rooftop mechanical equipment, water tanks and scenery lofts and similar structures, provided that these structures shall not cover more than 25 percent of the total roof area of the building on which the structures are located.
 - c. Telecommunications towers and antennas otherwise permitted by this chapter by special administrative permit or permitted by special land use permit by the city council pursuant to section 4.2.57.
 - d. Any single-family detached dwelling that exceeds the building height limitations set forth in subsection E.2.a. of this section and has been damaged by fire or other act of nature may be reconstructed to its verifiable original height.
 - e. When an undeveloped single-family lot is located within a platted subdivision in which at least 60 percent of the lots have had certificates of occupancy issued for single-family detached homes that exceed the building height limitations set forth in subsection E.(1) of this section, a single-family detached residential structure built on the undeveloped single-family lot may be built to a maximum height equal to the average building height of the existing single-family detached homes within the same block in which the undeveloped single-family lot is located.
 - f. Rooftop mechanical equipment, vent pipes, lightning rods, solar panels, and/or wind vanes that are less than six feet in height measured from top of roof adjacent to such structure.

(Ord. of 8-2-2017, § 1(5.1.5))

DIVISION 3. SUPPLEMENTAL STREET REGULATIONS AND TRAFFIC IMPACT

Sec. 5.3.1. Design standards by street type.

Public and private streets shall be designed according to standards for street classification established in chapter 14 of the Code, except as otherwise provided in section 5.7.6 of this chapter.

(Ord. of 8-2-2017, § 1(5.3.1))

Sec. 5.3.2. Street connectivity.

- A. *Connectivity measures.* New streets shall be designed to create an interconnected system of grid-patterned roads, modified only to accommodate topographic conditions. Each new street shall connect to the existing street grid.
- B. *Pedestrian connectivity.* Common areas shall be connected by pedestrian pathways in accordance with section 5.1.1.C.
- C. *Small area transportation plan conformity.* New streets shall demonstrate conformance with the intent of any and all city adopted transportation plans, thoroughfare plans and subarea plans.

- D. **Waivers.** The requirements of subsections A. and B. of this section may be waived by the director of planning in accordance with article 7 of this chapter and as provided below:
1. Waivers may only be granted for hardships resulting from unusual topography or when access constraints or other requirements imposed by city departments impede compliance.
 2. As part of the waiver request, the applicant shall prepare and submit a site plan, drawn to scale and showing the existing public and private street network, and shall provide an explanation as to how the proposed street plan supports the intent of this section to design an interconnected system of grid-patterned roads.

(Ord. of 8-2-2017, § 1(5.3.2))

Sec. 5.3.3. Sight visibility triangles.

Sight Triangles

- A. No structure, fence, wall, sign, hedge or planting, or any similar improvement will be permitted to obstruct the sight lines or visibility of motorists and/or pedestrians at any intersection of public or private streets or at any driveway intersection with a public or private street. All intersecting streets and driveways must meet the intersection and stopping sight distance requirements as outlined in the American Association of State Highway and Transportation Officials' (AASHTO's) A Policy of Geometric Design of Highways and Streets, current edition.
- B. For the purposes of this section, obstructions shall be prohibited if any part thereof is more than 30 inches and less than eight feet above local streets and driveways, or more than 30 inches and less than 12 feet above any street classified as collector or higher.
- C. Properties requiring GDOT approvals shall also comply with GDOT standards for sight visibility triangles and sight distances.

(Ord. of 8-2-2017, § 1(5.3.3))

Sec. 5.3.4. Traffic impact study.

A traffic impact study, the scope of which shall be determined by the director of the planning department or his designee, necessary to establish the impact of a development project on the surrounding roads and what improvements may be available to mitigate such impacts, is required for any rezoning, special land use permit, sketch plat, and land disturbance or building permit applications for projects reasonably expected to meet any of the following criteria:

- A. Multifamily development with over 300 new units at build-out;
- B. Single-family developments with over 200 new lots or units at build-out;
- C. Retail developments with over 125,000 gross square feet (GSF);
- D. Office developments with over 200,000 GSF;
- E. Medical office developments with over 55,000 GSF;
- F. Industrial/warehouse developments with over 280,000 GSF, employing more than 650 workers, or covering more than 200 acres;
- G. Any mixed-use development which could reasonably expect to generate 2,000 or more gross daily trips; or
- H. Special traffic generating uses, including truck stops, quarries, landfills, stadiums, etc. which would require development of regional impact review.

(Ord. of 8-2-2017, § 1(5.3.4))

Sec. 5.3.5. Traffic calming features.

New subdivisions may provide a traffic calming structure for every 500 feet of road length. Traffic calming structures, curves and other traffic calming features are subject to the approval of director of the planning department, or his designee, which approval shall be given where the proposed traffic calming structure or traffic calming feature is designed in such a way as to reduce traffic speeds to a reasonably safe speed for the location.

(Ord. of 8-2-2017, § 1(5.3.5))

DIVISION 4. STREETScape AND LANDSCAPING REQUIREMENTS

Sec. 5.4.1. Purpose and intent.

The requirements and regulations for landscaping in the City of Stonecrest are a critical public concern that are necessary in order to preserve and enhance property values, the aesthetic beauty of the city, and the safety and general welfare of its residents. The intent of landscape regulations is to:

- A. Provide buffering between non-compatible land uses.
- B. Protect, preserve, and promote aesthetic appeal and scenic beauty.
- C. Reduce noise pollution and air pollution.
- D. Reduce stormwater run-off, erosion and degradation of water quality.
- E. Filter and reduce glare from artificial light sources.

- F. Provide shaded areas along streets and in parking areas.
- G. Reduce solar heat islands.

(Ord. of 8-2-2017, § 1(5.4.1))

Sec. 5.4.2. Applicability.

- A. *New developments, principal building or use.* The requirements and regulations for streetscape and landscaping apply to principal buildings, new developments or open uses of land constructed or established after the effective date of this zoning ordinance.
- B. *Change of use, expansions or reconstruction.* Where a change of use, expansion to, or reconstruction of an existing building or site improvements (such as parking lots) impact streetscape and/or landscape improvements, the landscaping requirements shall apply only to the area disturbed in the development process.
- C. *Publicly-owned buildings.* To the extent allowed by law, the requirements and regulations for streetscape and landscaping apply to improvements to land owned by public agencies except utility rights-of way or easements.

(Ord. of 8-2-2017, § 1(5.4.2))

Sec. 5.4.3. Streetscape elements and dimensions.

All development shall comply with the streetscape element requirements described below and in Table 5.1. Topping of canopy trees within this section is prohibited.

- A. *Streetscape dimensions and placement.*
 - 1. *New streets.*
 - a. *Applicability.* New streets shall be constructed with continuous streetscape zones on both sides of the street, beginning from back of curb.
 - b. *Streetscape zone elements for new streets.* The streetscape zone on new streets shall consist of a landscape strip, a sidewalk, and, when required per Table 5.1, a supplemental zone.
 - c. *Sidewalks.* Sidewalks shall be provided between the landscape strip and the supplemental zone, as required in Table 5.1 and the figures following the table.
 - d. *Landscape strips.*
 - i. Landscape strips shall be located between the curb and the sidewalk.
 - ii. Landscape strips shall be designed with street trees and pedestrian scale streetlights as required in Table 5.1 and the figures following the table.
 - iii. See subsection C. of this section for planting and materials requirements.
 - iv. Large scale retail has additional landscape standards adjacent to streets as provided in section 5.7.8.
 - e. *Supplemental zone.* New streetscape zones in nonresidential areas shall provide a supplemental zone outside the right-of-way on a private easement. Private easement agreements shall be submitted to the director of planning. See subsection D. of this section.

-
- (2) *Improvements on existing streets.*
- a. *Applicability.* New development and redevelopment occurring on existing streets shall provide a streetscape zone on the side of the street where the development takes its access.
 - b. *Streetscape zone elements for existing streets.*
 - i. The streetscape zone for existing streets shall consist of a minimum of 11 feet along the existing shoulder, as indicated in Table 5.1.
 - ii. The streetscape zone for existing streets shall consist of a landscape strip and a sidewalk, as shown in Table 5.1 and the figures following the table.
 - c. *Sidewalk and landscape strip dimensions.* The width and location of sidewalks and landscape strips shall be determined by the director of the planning department or his designee, based on GDOT standards, if applicable, and compatibility with existing sidewalks and utilities.
 - d. *Landscape strips.*
 - i. Landscape strips shall be located between the curb and sidewalk, and/or between the sidewalk and the property line. The required total width of the landscape strip may be distributed on either side of the sidewalk so as to accommodate existing infrastructure.
 - ii. Landscape strips shall be designed with street trees and pedestrian scale streetlights as shown in Table 5.1 and the figures following the table.
 - iii. See subsection C. of this section for planting and materials requirements.
 - iv. Large-scale retail has additional landscape standards as provided in section 5.7.8.
 - e. *Programmed road improvement projects.* If DeKalb County, the City of Stonecrest, or GDOT has a programmed road improvement project along the frontage to be developed, then the streetscape shall be constructed consistent with the design standards for such road improvements plans.
 - f. *Administrative variance.* The director of planning shall have the power to grant administrative variances for streetscape requirements on existing streets upon written request by the property owner and compliance with article 7 of this chapter based on a finding that the requirement of the subsection A.2. of this section would have a significant adverse effect on the historic pattern or cannot be met due to circumstances beyond the control of the applicant, including, but not limited to,
 - i. Inadequate right-of-way;
 - ii. Conflicting standards between this section and GDOT design standards;
 - iii. Unique topographic or subsurface conditions;
 - iv. Need to relocate existing utilities.
- B. *Sidewalks and interior walks.*
- 1. Sidewalks shall be paved in concrete and paver accents approved by the director of planning and kept clear and unobstructed for the safe and convenient use of pedestrians.
 - 2. Sidewalks shall adhere to ADA guidelines.

3. Sidewalks shall be continued across intervening driveways by continuation of the sidewalk paving materials or other methods of differentiation.
 4. Where newly constructed sidewalks abut existing sidewalks, the newly constructed sidewalk shall provide safe transition of pedestrian traffic flow to the adjacent sidewalks. Development that disturbs existing sidewalks on another property shall replace disturbed areas to their pre-disturbance state and condition.
 5. For uses other than single-family residential, safe and convenient paved pedestrian pathways shall be provided from sidewalks along streets to each building entrance, including pedestrian access routes to parking decks and through parking lots and between adjacent buildings, transit stops, street crossings within the same development. All such pathways shall have a minimum width of three feet.
- C. *Landscape strip materials and maintenance.*
1. *Required mix of materials.* Landscape strips in the streetscape zone shall be planted with a variety of deciduous, over story and understory trees. Species of shrubs, flowering plants, grass and other ground covers, which are well adapted to the local climate, may be included in the landscape strip.
 2. *Sidewalks.* Sidewalks shall be paved in concrete and paver accents approved by the director of planning and kept clear and unobstructed for the safe and convenient use of pedestrians.
 3. *Pedestrian crossing.* Landscape strips may include brick, concrete, or granite pavers where on-street parking is provided or regular pedestrian crossing of the landscape strip is reasonably anticipated to occur.
 4. *Maintenance.* Required landscape strips shall be established and maintained by the owners. Topping of canopy trees is prohibited.
 5. *Permanent structures.* Permanent structures such as buildings, driveways that are not perpendicular to the landscape strip, parking spaces, dumpsters, drainage structures and detention facilities shall be prohibited in required landscape strips. The prohibition of this subsection shall not include crossings perpendicular to the strip, necessary retaining walls four feet or lower, bike racks, benches, trash receptacles, signs, mailboxes, and drainage swales.
 6. *Planting specifications, all trees.*
 - a. Planting areas for trees shall contain a minimum depth of 12 inches of screened topsoil. Below 12 inches the soil shall be uncompacted to a depth sufficient to allow proper drainage and root growth.
 - b. Use of root barriers such as U.B.36 or an equivalent is required at the back of the sidewalk or back of the curb if no sidewalk exists.
 - c. Trees shall meet the standard for American Nursery Stock ANSI Z60.1.
 7. *Street trees.*
 - a. Street trees shall be overstory trees unless site constraints prohibit the use of large maturing trees, subject to the approval of the director of planning.
 - b. Street trees shall be provided with spacing as depicted in Table 5.1.
 - c. Street trees shall not be planted closer than 20 feet from the curb line of intersecting streets and not closer than ten feet from intersecting lines of alleys or private drives.
 - d. Street trees shall not be planted closer than 12 feet from light standards. No new light standard location shall be positioned closer than ten feet to any existing street tree.

- e. Street trees shall not be planted closer than 2½ feet from the back of the curb.
 - f. Where there are overhead power lines, street tree species are to be chosen from a list provided by the city arborist that will not interfere with those lines.
 - g. Street trees, as they grow, shall be pruned to provide at least eight feet of clearance above sidewalks and 12 feet above driveways and roadway surfaces.
 - h. Street trees shall be a minimum of two-inch caliper measured at six feet above ground level at the time of planting and shall have a mature height of at least 25 feet.
 - i. Street trees shall be planted in a mulched area of at least 25 square feet.
- D. *Supplemental zone.*
- 1. In supplemental zones in commercial areas where building setbacks are 15 feet or less, the supplemental zone must contain hardscape and street furniture such as trash receptacles, bike racks, and benches.
 - 2. For additional requirements for supplemental zones abutting parking lots, see section 5.4.4.
- E. *Street lighting.* Street lighting shall be accomplished with pedestrian scale lighting and street lights. Street lights shall be placed on property lot lines abutting the street. Lighting plans must be approved by the director of the planning department or his designee. Lighting shall be installed by local power company employees or contractors.
- F. *Administrative variance.* An administrative variance to streetscape standards may be granted by the director of planning for adaptive reuse and redevelopment projects as specified in this section or to preserve historic patterns. In addition to other required materials, an applicant for an administrative variance to the streetscape standards shall include a site plan, drawn to scale, showing the existing right-of-way and specific conditions of the lot.

(Ord. of 8-2-2017, § 1(5.4.3))

Sec. 5.4.4. Site and parking area landscaping.

- A. *Single-family residential lots.* Each single-family residential lot on which new development occurs shall be planted with a minimum of three new trees. Street trees along the lot frontage shall count towards this requirement. The species and specifications for the trees to be planted in compliance with this requirement shall meet the requirements of a list approved by the city arborist.
- B. *Interior strips.* Interior to nonresidential, mixed-use and multifamily developments, three-foot-wide planted landscape strips shall be required along all interior drives and pedestrian paths.
- C. *Property perimeter landscape strip.* Along nonresidential, mixed-use and multifamily development perimeter lot lines, a perimeter landscape strip shall be required, as follows:
 1. A five-foot-wide continuous perimeter landscape strip is required along all property lines that are not subject to streetscape requirements. This applies to individual tenant sites interior to a master planned project, even in instances where individual tenant sites do not have separately platted lot lines.
 2. A perimeter landscape strip shall include one overstory deciduous shade tree, or three understory or three evergreen trees, for every 50 linear feet at a minimum size of two-inch caliper for deciduous trees and eight-foot height for evergreen trees.
 3. A perimeter landscape strip is not required where a transitional buffer is also required.
- D. *Parking area landscaping.* All surface parking lots that contain a total of 15 or more parking spaces that are constructed or redeveloped subsequent to the effective date of the ordinance from which this chapter is derived shall comply with the following requirements:
 1. A minimum of ten percent of the total lot area of the parking lot shall be landscaped.
 2. Non-continuous barrier curbs shall be installed around the perimeter of the parking lot and around landscaped areas that are required herein, except where the perimeter abuts an adjacent building or structure and except at points of ingress and egress into the facility, so as to prevent encroachment of vehicles onto adjacent property, rights-of-way, sidewalks and landscaped areas.
 - a. Barrier curbs shall be a minimum of six inches in height and six inches in width, shall be concrete or stone, shall be securely installed, and shall be maintained in good condition.
 3. A continuous hedge, berm, or short wall with landscaping thereon, not to exceed three feet in height shall be required between surface parking and an adjacent public street right-of-way.

4. Tree and island quantity. A minimum of one tree per eight parking spaces, and one island per ten parking spaces, shall be provided.
5. Landscape islands. All trees planted in a parking lot shall be planted in a landscape island, which island shall be a minimum of 250 square feet.
6. In addition to trees, ground cover shall also be provided in order to protect tree roots and to prevent erosion. Ground cover shall consist of shrubs, ivy, liriope, pine bark mulch, or other similar landscaping material.
7. Ground cover shrubs in parking area landscaping shall be maintained at a maximum height of 30 inches, except where such shrubs are screening the parking surface from an adjacent residential area.
8. Newly planted trees in parking area landscaping shall be a minimum of two-inch caliper as measured at a height of six inches above ground level, shall be a minimum of ten feet in height at planting, shall have a 30-foot minimum mature height, and shall be drought tolerant. Trees shall be planted at least 30 inches from any barrier curb, so as to prevent injury to trees from vehicle bumpers. A minimum of 75 percent of the trees planted pursuant to these requirements shall be deciduous hardwood shade trees.
9. All landscaped areas shall be properly maintained in accordance with landscape plans approved as part of the land disturbance permit. In the event that a tree or any plant material dies, it shall be replaced within 12 months so as to meet all requirements of this section and to allow for planting in the appropriate planting season.
10. All trees planted pursuant to the requirements of this section shall be counted for the purpose of meeting the tree planting and tree replacement requirements required by chapter 14 of the Code.

(Ord. of 8-2-2017, § 1(5.4.4))

Sec. 5.4.5. Transitional buffers.

- A. *Intent.* Transitional buffers are intended to create a visual screen in order to diminish the potential negative impacts of nonresidential and mixed land uses on adjacent residential land uses. Similarly, transitional buffers diminish the potential negative impacts of higher intensity residential development on adjacent single-family residential land uses.
- B. *General requirements.* Natural or planted transitional buffers required by this article shall be established and permanently maintained by the property owner as follows:
 1. The required transitional buffer shall be depicted in detail on each site plan or plat prior to final approval. Type and location of natural and planted vegetation shall be included.
 2. Within the transitional buffer, the natural topography of the land shall be preserved and existing growth shall not be disturbed except where necessary to remove dead or diseased trees and undergrowth or to enhance the buffer with additional landscaping in order to provide a screen so as to prevent view of the higher density development from the lower density development.
 3. Grading or construction adjacent to the transitional buffer zone shall not disturb or encroach upon the transitional buffer zone.
 4. Notwithstanding subsection B.3. of this section, if grading is required in the transitional buffer in order to prevent or control erosion, the area of such grading shall cover no more than 20 percent of the required transitional buffer, shall be immediately replanted upon completion of easement improvements and shall avoid disturbance of the soil within the dripline of trees within the transitional buffer.

-
5. Any approved utility crossings shall be perpendicular to the transitional buffer.
 6. A pedestrian walkway, a maximum width of five feet, may be located in the buffer to provide pedestrian access to the adjoining property. Where a pedestrian walkway is provided, a gate shall be installed in the required screening fence.
 7. If existing vegetation in a buffer area does not meet the transitional buffer standards, a five-foot-high, landscaped berm may be installed subject to the approval of the city arborist. Grading to construct the berm shall not remove significant plants designated by the city arborist as part of the approval of the landscaped berm.
- C. *Buffer planting and materials.* When the conditions of the existing natural topography and vegetation are insufficient to achieve the visual screening required by this section, a landscape planting plan to enhance the transitional buffer shall be prepared and implemented to supplement existing natural growth or to provide new plant materials of such growth characteristics as will provide a screen meeting the standards below:
1. *Planting height.* Proposed planting as part of an enhanced transitional buffer shall have a height of at least six feet at the time of planting and planted in a minimum of two rows, with staggered on center spacing such that a continuous opaque screen is created within two years of planting.
 2. *Plant types.* Plant species in an enhanced transitional buffer shall be evergreen, native, naturalized or other species well-adapted to the local climate and rainfall patterns, disease and pest-free, healthy and vigorous, and meet standard for American Nursery Stock, ANSI Z60.1.
 3. *Plant functions.* Plants shall be approved from a list made available from the planning department, but shall not be exclusive of other plants which may be suitable, provided they can provide a continuous opaque screen.
 4. *Fences.* Fences are required with transitional buffers and shall meet the requirements of section 5.4.7.
 5. *Wall and fence finishes.* Walls and fences shall be constructed with the finished or decorative side facing outward from the property.
- D. *Buffer dimensions and specifications.* Table 5.2(a) identifies the transitional buffer class required for each zoning district based on the zoning district to which it is adjacent. Table 5.2(b) summarizes the minimum width of the required transitional buffer for each transitional buffer class (A-E).

Sec. 5.4.6. Screening.

Trash and recycling areas, loading areas, mechanical and utility equipment, parking decks, detention facilities, and outdoor storage shall be surrounded by opaque fences, walls, or vegetation. Vegetative screening shall be at least 75 percent evergreen, with a minimum of two rows of plants, and shall grow to a height of six feet in two years.

- A. *Loading areas.* All loading areas must be screened from view so as not to be visible from any public street or adjacent property.
- B. *Trash and recycling areas.* All dumpsters must be screened from view on all four sides so as not to be visible from adjacent properties and the public street. The screen may incorporate access to the dumpster by using a wood fence or other opaque device to serve as a gate.
- C. *Parking decks.* All parking decks and aboveground parking structures shall have a six-foot-wide landscape strip immediately contiguous to the facade of the parking deck or structure, unless otherwise screened from view by an intervening building.
- D. *Mechanical and utility equipment.* All mechanical and utility equipment must be screened from view so as not to be visible from any public street.
- E. *Detention facilities.* In addition to fencing requirements set forth in chapter 14 of the Code, detention facilities shall be planted with evergreen plant material consistent with buffer standards in section 5.4.5.C. No trees shall be allowed in the ten-foot maintenance shelf. However, detention facilities designed as open space amenities may be approved by the director of planning and in compliance with division 5 of this article. A detention facility located in an historic district that is subject to architectural design review shall require a certificate of appropriateness, for appearance only, from the City of Stonecrest Historic Preservation Commission.
- F. *Outdoor storage.* See section 4.2.38 for screening regulations for outdoor storage of materials, supplies, equipment or vehicles regulations.

(Ord. of 8-2-2017, § 1(5.4.6))

Sec. 5.4.7. Walls, fences, and retaining walls.

- A. General.
 1. When this chapter requires a wall or fence to be constructed, the wall or fence shall be completed prior to the issuance of a certificate of occupancy for the principal structure.
 2. No wall or fence shall be constructed in any public right-of-way.

-
3. See Table 5.3, Fence and Wall Standards for additional requirements.
- B. Single-family residential standards.
1. Fences or free-standing walls constructed in a front yard shall not exceed four feet in height.
 2. No freestanding wall or fence, other than a retaining wall, shall be more than eight feet high from finished grade.
 3. Subdivision or project identification monuments at the entrance to a subdivision or residential development that incorporates a wall or fence shall only be located in a common area or private easement and shall not exceed six feet in height.
 4. Retaining walls on lots developed with single-family dwellings shall abide by the following:
 - (1) The entire wall structure, including footer, shall not encroach on adjacent property;
 - (2) Drainage shall be properly conveyed on both sides of the wall in conformance with state and city codes; and
 - (3) A construction/maintenance easement shall be obtained from the adjoining property owner, if applicable.
- Newly constructed retaining walls shall not be higher than four feet; however, existing retaining walls may be repaired and replaced so long as the height of the repaired or replaced wall is no greater than the original height of the wall.
- a. If exceptional topographical restrictions exist that were not created by the owner or his agent on a lot, and it is established to the reasonable satisfaction of the director of planning that no practical alternative design of such wall is feasible, then the director of planning may, upon application therefor, grant an administrative variance allowing up to two additional feet in the applicable retaining wall maximum height limitation set forth in this subsection B.4 of this section. An applicant for a retaining wall administrative variance shall include with the application a certified field-run site plan or a topographical map certified by an engineer or landscape architect.
 - b. If exceptional topographical restrictions exist that were not created by the owner or his agent on the lot, and it is established to the satisfaction of the zoning board of appeals that no practical alternative design of such wall is feasible, the zoning board of appeals may, upon application therefor, grant a variance allowing newly constructed retaining walls to be greater than six feet. Notwithstanding any provision in this chapter to the contrary, no variance may be granted to allow the height of a retaining wall above eight feet. In addition to the materials otherwise required for a variance in division 5 of article 7 of this chapter, an applicant for a retaining wall variance shall provide a certified field-run site plan or a topographical map certified by an engineer or landscape architect with the application for the variance.
- C. Height. The height of a wall or fence is measured along the adjacent finished grade. However, if located within 15 feet of any street, and if the street grade is above the adjacent finished grade, the fence or wall height may be measured from the street grade.
- D. Material composition.
1. No freestanding walls, retaining walls or fences may be composed of exposed common concrete block, tires, junk, pallets, railroad ties, loose stone, vinyl and other discarded materials.
 2. With the exception of M and M-2 zoning districts, fences, freestanding walls or retaining walls erected within the front yard shall be constructed of brick, stone, wood, wrought iron, or aluminum that looks like wrought iron. Any other material, including, but not limited to, chain link and other wire fences are prohibited in the front yards of all districts, with the exception of M and M-2 zoning districts.

- E. Security gates. Entrance gates for vehicles shall be located at least 50 feet from the property line in order to ensure safe queuing, ingress to and egress from the property.
- F. Temporary fencing may be erected during construction for security and public safety purposes.
- G. Fences and walls in the M and M-2 zoning districts are exempt from regulations governing the height and materials of fences and walls.
- H. No freestanding wall or fence in a multifamily, nonresidential or mixed use zoning district may be more than ten feet in height.

Table 5.3. Fence and Wall Standards

Use	Height	Setbacks	Variance Allowed
Single-family fences in the front yard	Up to four feet from finished or street grade.	Outside right-of-way	May apply for a variance from zoning board of appeals to increase height.
Single-family fences in side or rear yards	Up to eight feet.	Fences may be on property line; retaining walls, including footings, must not encroach over property line.	No variance can be approved to exceed eight feet in height.
Single-family retaining walls	Up to four feet from finished or street grade. Cannot exceed eight feet on side or rear property line.	Retaining walls, including footings, shall not encroach over property line.	Administrative variance allowed to increase wall from four to six feet based on topography.
Single-family and Multifamily identification monument walls	In front yard, cannot exceed ten feet in height.	Cannot be located in right-of-way. Setback varies, depends on sight visibility.	May apply for a variance from zoning board of appeals to increase height.
Nonresidential, multifamily and mixed-use zoning districts	Up to ten feet.	Cannot be located in right-of-way. Setback varies, depends on sight visibility.	May apply for a variance from zoning board of appeals to increase height.

(Ord. of 8-2-2017, § 1(5.4.7))

DIVISION 5. OPEN SPACE STANDARDS

Sec. 5.5.1. Applicability.

- A. All development that is required to have open space shall, upon application for a land disturbance permit, identify all open space by a functional category established pursuant to the requirements of this chapter. Further, in commercial and mixed-use developments, open space requirements of individual parcels may be met by open spaces that are owned, maintained, and held in common for use by multiple properties that are subject to legal agreement for maintenance and association approved by the director of planning.

- B. The open space requirements in division 5 of this article do not apply to residential subdivisions with less than five acres or less than 36 residences.
- C. The minimum quantity of open space for approved developments is established by zoning district and controlled by Table 5.4.
- D. Open space shall be maintained as open space until such time that the entire existing development is proposed for redevelopment and shall be landscaped with trees, shrubs, flowers, grass, stones, rocks or other landscaping materials.
- E. Open space may include hardscape elements depending on functional type as described in Table 5.6. If serving a conservation function, open space may be preserved in a natural state without enhancements.

(Ord. of 8-2-2017, § 1(5.5.1))

Sec. 5.5.2. Maintenance, management and ownership.

- A. *Ownership and management of open space*. Open space shall be owned by one of the following entities, which shall be responsible for maintenance and management as described herein:
 - 1. *City of Stonecrest*.
 - a. Open space agreements may be made with the city to deed the required open space to the city. City of Stonecrest is under no obligation to accept any proposed dedication of open space used to meet the requirements of this division.
 - b. Public access easement agreements may be made with the city for open space so dedicated by the owner for city trails, parks or other public recreational amenities, as agreed to by City of Stonecrest and whereby maintenance agreements shall be executed between the owner and city.
 - 2. *Land conservancy or land trust*. The responsibility for maintaining the open space and any facilities located thereon may be transferred to a land conservancy or land trust, subject to prior approval by City of Stonecrest.
 - 3. *Homeowners or property owners association*. A homeowners or property owners association representing residents or property owners of the subdivision may own and be responsible for maintenance and management of open space. Membership in the association shall be mandatory and automatic for all homeowners or property owners, and their successors. The homeowners/property owners association shall have lien authority to ensure the collection of dues from all members. The Homeowners or property owners association organizational documents must first be submitted to the director of planning for review to ensure compliance with this subsection. The homeowners or property owners association shall be formed and maintained in compliance with all applicable state law.
 - 4. *Recording of open space*. Open space shall be shown on the final approved plat as a conservation easement, permanent restrictive covenant or equivalent legal document in a form approved by the City of Stonecrest, which shall include a provision rendering the covenant or document void when a property is being redeveloped or redesigned, in which case applicable zoning standards shall apply to ensure consistency with this chapter. At no time shall the development provide less than the required open space.
- B. *Maintenance of open space*.
 - 1. Undeveloped open space used to satisfy the requirements of this division shall be preserved in a natural state except for the removal of litter, dead trees, invasive species and plant materials that obstruct pedestrian movement, as well as other maintenance necessary to preserve the natural state

of the open space as approved by the director of planning. Natural water courses and stream channels shall be kept free of litter and obstructions and shall be maintained so as to not alter floodplain levels, and as required by stream buffer regulations in chapter 14 of the Code.

2. Open space shall be maintained so that there exist no hazards, nuisances or unhealthy conditions.
3. Permitted elements as described in Table 5.6 shall be maintained in good repair.
4. New landscaping in required open space shall be maintained such that planted materials that die within one year of the installation, shall be replaced within six months or the next appropriate planting season as determined by the city arborist.

(Ord. of 8-2-2017, § 1(5.5.2))

Sec. 5.5.3. Standards and design.

Open Space and Enhanced Open Space Calculations

- A. Required open space shall meet the standards of Table 5.4, Enhanced Open Space: Minimum Requirements.
- B. All deeded open space created shall be platted and provide a public access easement in a form approved by the City of Stonecrest.
- C. Prior to issuance of a land disturbance permit or building permit:
 1. For development projects with residential uses requiring enhanced open space, no lot or multifamily building shall be more than one-quarter mile distance from a designated enhanced open space. If site constraints limit access to the enhanced open space, the distance may exceed the minimum setback requirement of this subsection, subject to the approval of the director of planning. Measurement of distance shall be based on the distance of road and/or pathway providing connectivity to the enhanced open space.
 2. A development project with residential uses not within one-half mile distance to a public park or recreation facility that is required to provide enhanced open space shall incorporate at least one enhanced open space type identified as clubhouse/pool amenity, neighborhood park with active recreation, and/or playground. If a development is intended for senior housing, a passive park with benches and paved paths, common patio, courtyard, barbecue/fire pit shall be considered an enhanced open space.
 3. For development projects with residential uses within one-half mile of an existing or programmed public school, park, trail or library, the applicant for a land disturbance permit shall provide for pedestrian access to the school, park, trail or library. If an existing or future

pedestrian network and/or multi-use trail is identified by City of Stonecrest, the applicant may be required to provide a future reservation for such a connection. Where a programmed facility has no current concept design for potential alignment, an applicant for a land disturbance permit requiring connection to a park shall meet with the planning department to determine whether any reasonable spur connection would be possible.

- a. For measurement of distance to a qualifying public amenity, measurement shall be taken along an improved walkway or sidewalk to the entrance of the public amenity.
 - b. For measurement to nearby existing or proposed public trail or greenway, measurement shall be taken from a point along the exterior boundary of the development directly to the nearest point of the trail or greenway.
- D. *Enhanced open space.* Enhanced open space shall be required as set forth in Table 5.4. Standards for enhanced open space are found in Tables 5.5 and 5.6. In addition, each function may be designated as either public (subject to the approval of and acceptance by the City of Stonecrest) or private ownership.
- E. *Open space and enhanced open space standards.*
 1. Required open space shall conform to the zoning district requirements in article 2 of this chapter. Where Table 5.4 conflicts with article 2 of this chapter, article 2 shall prevail. Open space and enhanced open space design within an historic district that is subject to architectural design review shall require a certificate of appropriateness from the City of Stonecrest Historic Preservation Commission.
 2. Lakes or ponds may be included as part of the open space requirements in a development, provided they are incorporated as part of enhanced open space design, subject to limitations of the riparian buffer as set forth in chapter 14 of the Code.
 3. Dry detention basins shall be designed by a professional engineer and may not count toward open space area requirements unless designed as an amenity or aesthetic feature.
 4. Enhanced open space may include hard space surface areas in accordance with the permitted elements identified in Table 5.6.
 5. Below ground utilities or facilities may be located in the open space area.
 6. Designated wetlands and dedicated conservation areas for native species and/or vegetation may count toward open space requirements in accordance with Table 5.5.
 7. Open space adjacent to existing buildings that have historical or cultural significance may be counted toward the minimum required open space if made accessible for the common usage of the development. However, the enclosed building area may not be included in the minimum required open space requirement.
 8. Stormwater facilities may be located within open space if the stormwater facility is designed and approved as an amenity and/or low impact stormwater management technique, and is in compliance with applicable regulation of chapter 14 of the Code, including approved best management practices. Such facilities may be exempt from fencing, provided that the public health safety and welfare is not jeopardized by the lack of fencing as determined by the director of planning.
- F. *Residential lots and yards.* No residential lots shall be allowed to extend into the required open space nor shall individual residential yards count toward open space requirements.

G. *Enhanced open space standards and types.*

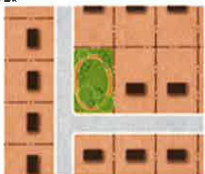

1. Enhanced open space areas are areas readily accessible, practical, and generally acceptable for active or passive recreation uses. If able to meet these characteristics, enhanced open space areas may not include required setback areas, drainage easements required by the City of Stonecrest or DeKalb County, dedications with existing above ground facilities, or contain structures not intended for landscape or recreational purposes.
2. Maintenance of such areas is not the responsibility of the City of Stonecrest unless formally established and approved by the city through legal agreements. Maintenance shall be the responsibility of the owner or homeowner association in a form approved by the City of Stonecrest.
3. Total enhanced open space may be distributed throughout the project, but each individual enhanced open space type shall meet the enhanced open space dimensional standards of Table 5.5.
4. Elements shown under the Permitted Elements column in Table 5.6 are allowed for the various enhanced open space types. Other elements that are not listed may be allowed by the director of planning if they are consistent with the enhanced open space type.
5. Table 5.5 establishes enhanced open space types and minimum dimensional standards. The minimum size for any enhanced open space type shown in Table 5.5 may be reduced below the minimum amount if another enhanced open space type in the same development is increased by a corresponding amount above the minimum size shown in Table 5.5. Table 5.5 is supplemented further by Table 5.6 which provides design requirements for each type.
6. Table 5.6 establishes the requirements for each enhanced open space type and its associated design requirements. Elements may be required by specific development types according to Table 5.6.

The Code of the City of Stonecrest, Georgia, Chapter 27 ZONING ORDINANCE
ARTICLE 5. SITE DESIGN AND BUILDING FORM STANDARDS

Item VIII. a.

Enhanced Open Space Type	General Description	Permitted Elements	Design Requirements
 <p>Clubhouse/Pool or Tennis Amenity Area</p>	Clubhouses and swimming pools must meet all applicable building and health codes.	Clubhouse Pool Toilet facilities, public or private Ornamental water features and fountains Gazebo/Pavilion/Picnic Areas Accessory concession stands Benches Trash receptacles Tennis courts	Pedestrian connectivity to all residents Parking shall be adjacent to pool and clubhouse facilities and not interfere with pedestrian activity or movement
 <p>Green</p>	A Green is an urban open space that is natural in its details. Greens are small, civic, and surrounded by buildings. Tree plantings can be informal and the topography irregular. Greens may be used to protect specimen trees and provide for conservation functions.	Toilet facilities, public or private Ornamental water features and fountains Gazebo/Pavilion/Picnic Areas Benches Trash receptacles Paved walks/trails (not within stream buffer) Urban Garden (50% max of Green)	Landscaped with trees at the edges and lawns at the center No rear facing lots allowed adjacent to a Green
 <p>Greenway</p>	Greenways connect residences and recreational areas. Greenways incorporate natural settings, such as creeks and significant stands of trees within neighborhoods. Greenway details are natural (i.e., informally planted), except along rights-of-way, and may contain irregular topography.	Pedestrian trails Picnic tables Benches Trash receptacles Conservation areas for natural, archeological or historic resources Meadows, wetlands, wildlife corridors, game preserves, other	Shall have a minimum width of at least 50' Conserve existing tree canopy and landscape Protect existing natural drainage way and creeks Land shall not be cleared except for trails Water bodies are allowed provided that they do not count toward more than 50% of the required open space
 <p>Pocket Park</p>	A pocket park is a small outdoor space, usually no more than 1/4 of an acre, most often located in an urban area that is surrounded by commercial buildings or houses on small lots.	Toilet facilities, public or private Hardscape materials Gazebo/Pavilion/Picnic areas Trash receptacles Ornamental water features and fountains Public art Recreational courts Urban Garden (25% max of Pocket Park)	Rear facing lots are allowed Attractive landscaping Minimize negative impacts on adjacent residents
 <p>Neighborhood Park</p>	A neighborhood park, by size, program, and location, provides space and recreation activities for the immediate neighborhood in which it is located. It is considered an extension of neighborhood residents' "out-of-yard" and outdoor use area.	Gazebo/Pavilion/Picnic areas Hardscape materials Toilet facilities, public or private Picnic tables Benches Trash receptacles Paved walks/trails Ornamental water features and fountains Recreational courts and fields Urban Garden (25% max of park) Playground (swings, slides) Dog parks	Shall be bounded by streets on at least 50% of its perimeter Active recreation areas (25% max)

Enhanced Open Space Type	General Description	Permitted Elements	Design Requirements
 <p>Community Park</p>	<p>Community Parks are designed for active recreational use. Community Parks create a central open space that services an entire neighborhood or group of neighborhoods, or incorporates physical features that are an asset to the community (e.g., lake or river frontage, high ground, or significant stands of trees). Community Parks may be combined with parkways and greenways.</p>	<p>Gazebo/Pavilion Hardscape materials Toilet facilities, public or private Picnic tables Benches and other outdoor seating Trash receptacles Ornamental water features and fountains Public/private art Promenades and esplanades Playground (swings, slides) Recreational courts Urban Garden (25% max of Community Park)</p>	<p>Trees shall be planted parallel to all perimeter rights-of-way. Trees shall be planted at the edge of active recreational use areas. Tree spacing shall be a minimum of 15' to a maximum of 50' on center. Interior portions of parks may be kept free of tree plantings. Active recreation (25% max) Shall be bounded by streets on a minimum of 50% of their perimeter. Golf courses shall be allowed but shall not count toward more than 50% of the required open space.</p>
 <p>Square</p>	<p>A Square provides a means to emphasize important places, intersections, or centers. Squares are bordered on all sides by street(s).</p>	<p>Gazebo Hardscape materials Benches and other outdoor seating Trash receptacles Ornamental water features and fountains</p>	<p>Shall be bound by streets on a minimum of 3 sides or 75%. May be bound by front facing lots on 1 side or 25% of their perimeter. No rear facing lots allowed adjacent to a square. Trees plantings are encouraged parallel to the street right-of-way.</p>
 <p>Plaza</p>	<p>Plazas are areas for passive recreational use that are entirely bounded by streets and/or lanes. Buildings.</p>	<p>Hardscape materials Toilet facilities, public or private Benches and other outdoor seating Trash receptacles Ornamental water features and fountains Public art</p>	<p>Shall be square or rectangular with a length of not less than 1.5 of its width. Shall be level, stepped or gently sloping.</p>
 <p>Playground</p>	<p>A Playground provides space for parental supervised recreation of toddlers and young children within a neighborhood, or as part of a larger neighborhood or community park and urban center, including retail shopping areas.</p>	<p>Hardscape materials Active recreational, playground equipment Toilet facilities, public or private Benches and other outdoor seating Ornamental water features and fountains Trash receptacles</p>	<p>Shall be designed with commercial grade play equipment for two age groups, ages 1 to 5 and ages 6 to 10. Must have shock absorbing surface with a maximum 2% slope. Shall meet all federal, state and local regulations and be compliant with the Americans with Disabilities Act.</p>

H. *Phasing provisions.* If a project's required open space is developed in phases, the amount of open space shall be computed separately for each phase, but may be combined with existing open space in earlier phases:

1. The first phase of development shall contain, at a minimum, its pro rata share of the total amount of required open space based on the size and type of the development; and
2. The total amount of open space set aside in each phase shall meet the open space standard as applied to the total area of the phase and previously approved phases.

I. *Conservation or water quality.*

1. No more than 50 percent of required open space may consist of floodplain, wetlands, steep slopes, streams and buffers.
2. Green roofs may contribute to open space minimum area requirements with documentation from a licensed professional that such feature serves a water quality or alternative stormwater function.

J. *Prohibited uses of open space.* The following shall not be considered when calculating open space:

1. Individual wastewater disposal systems, such as septic tanks, septic fields, etc.
2. Private yards that are not subject to an open space or conservation easement.
3. Public street rights-of-way or private street easements, including streetscapes located within those rights-of-way or easements.

(Ord. of 8-2-2017, § 1(5.5.3))

DIVISION 6. SUPPLEMENTAL SITE IMPROVEMENTS

Sec. 5.6.1. Outdoor lighting.

Lighting must provide adequate vehicular and pedestrian visibility and security of on-site areas, such as building entrances, parking, service delivery and pedestrian walkways. A professional outdoor lighting plan shall be required for all non-single-family residential developments of three acres or more and for community recreation that proposes to use outdoor lighting.

A. *Exceptions.* This section shall not apply to the following:

1. Lighting established by a governmental authority within public rights-of-way.
2. Lighting activated by motion sensor.
3. Construction or emergency lighting provided it is temporary and is discontinued immediately upon construction completion or emergency cessation.
4. Security lighting less than two average footcandles.
5. Sites requiring fewer than five lighting fixtures.
6. In subsections A. 1. through A.5. of this section, lighting in all zoning districts shall be established in such a way that no direct light is cast upon or adversely affects adjacent properties and roadways.

B. *All lighting fixtures.*

1. Lighting in all zoning districts shall be established in such a way that no direct light is cast upon or adversely affects adjacent properties and roadways.
2. Light fixtures shall include glare shields to limit direct rays onto adjacent residential properties.
3. All lighting fixtures (luminaries) shall be cutoff luminaries whose source is completely concealed with an opaque housing. Fixtures shall be recessed in the opaque housing. Drop dish refractors are prohibited.
4. Light source shall be light emitting diodes (LED), metal halide, or color corrected high-pressure sodium not exceeding an average of 4½ footcandles of light output throughout the parking area. A single light source type shall be used for any one site. Fixtures must be mounted in such a manner that the cone of the light is not directed at any property line of site.
5. The minimum mounting height for a pole is 12 feet. The maximum mounting height for a pole is 25 feet, excluding a three-foot base.

C. *Lighting plans.* Lighting plans shall include the following:

1. The location and mounting information for each light.
2. Illumination calculations showing light levels in footcandles at points located on a ten-foot center grid, including an illustration of the areas masked out per the requirements regarding points of measurements.
3. A schedule listing the fixture design, type of lamp, distribution and wattage of each fixture, and the number of lumens.
4. Manufacturer's photometric data for each type of light fixture, including initial lumens and mean depreciation values.

5. An illumination summary including the minimum average and maximum footcandle calculation (array values) and the total number of array points (points used on the ten-foot grid calculations).
6. Points of measure shall not include the area of the building or areas which do not lend themselves to pedestrian traffic.
7. Average level of illumination shall not exceed the calculated value, as derived using only the area of the site included to receive illumination.
8. An outdoor lighting plan required within a locally designated historical district that is subject to architectural design review shall require a certificate of appropriateness from the City of Stonecrest Historic Preservation Commission.

Table 5.7. Lighting Level Standards by Footcandle

Location or Type of Lighting	Minimum Level	Average Level	Maximum Level
Nonresidential parking lots	0.6	2.40	10.0
Multifamily residential parking Lots	0.2	1.50	10.0
Walkways, access drives and loading/unloading areas	0.2	2.00	10.0
Landscaped areas	0.0	0.50	5.0

(Ord. of 8-2-2017, § 1(5.6.1))

Sec. 5.6.2. Stormwater detention facilities.

Stormwater detention facilities shall be located on an individual parcel of land not meant for other improvements. A detention facility for a subdivision of fee simple single-family residences shall not be located on the same lot with a single-family home.

(Ord. of 8-2-2017, § 1(5.6.2))

DIVISION 7. BUILDING FORM AND CONFIGURATION STANDARDS

Sec. 5.7.1. Application of standards.

- A. This division establishes standards for the form and configuration for the following building types:
 1. Detached and attached houses;
 2. Multifamily;
 3. Live/work; and
 4. Nonresidential except industrial use buildings.
- B. Compliance review. Review of proposed development to ensure compliance with the standards of division 7 shall occur concurrent with any zoning compliance review conducted during the process of approving a rezoning, use permit, variance or modification of conditions, a sketch plat, a land disturbance permit, a development permit, or any other applicable permit or license.
- C. These standards apply to new buildings as well as to the substantial redevelopment and renovation of such buildings, as applicable per article 8 of this chapter regarding nonconformities.

(Ord. of 8-2-2017, § 1(5.7.1))

Sec. 5.7.2. Exemptions and variances.

- A. Historic structures and structures in historic districts that are subject to architectural design review and structures that are individually designated historic are exempt from the requirements of this division 7.
- B. New residential infill.
 - 1. Modification of building form. Article 7 of this chapter provides for an administrative procedure that allows an applicant to request a waiver from the building form or materials standards on a case-by-case basis during the compliance review process.
 - 2. Where the architectural style of existing residential development building types on the same block as the proposed project conflicts with the building form standards herein, a land disturbance permit applicant may apply to the director of planning for an administrative waiver from the building form standards in accordance with article 7 of this chapter.

(Ord. of 8-2-2017, § 1(5.7.2))

Sec. 5.7.3. Conflict with other standards and review.

- A. *Conflict with overlay standards.* In the event the standards of this division conflict with the overlay district standards in article 3 of this chapter, as determined by the director of planning, the standards in article 3 of this chapter shall prevail.
- B. *Conflict with other provisions in the zoning code.* In the event the standards of this division conflict with any other provision of this chapter, the more restrictive provision, as determined by the director of planning, shall prevail.
- C. *Conflict with other city standards.* In the event the standards in this division conflict with any city ordinance not included within this chapter, as determined by the director of planning, this division shall prevail.

(Ord. of 8-2-2017, § 1(5.7.3))

Sec. 5.7.4. Materials.

- A. *Exterior building materials.*
 - 1. Except for exempted buildings described in subsection A.5. of this section, exterior wall materials of primary buildings shall consist of any of the following types:
 - a. Brick masonry;
 - b. Stone masonry;
 - c. Cement wood or fiber cement siding, including simulated half-timbering;
 - d. Hard coat stucco;
 - e. Cedar shingles or fiber cement;
 - f. Textured face concrete block;
 - g. Architectural concrete;
 - h. Precast or tilt-up panel (for industrial buildings only);
 - i. Glass;

-
- j. Material not listed in this section, which shall contribute to innovative design or green construction as determined by the director of planning on a case-by-case basis; and/or
 - k. Architectural accent materials as approved by the director of planning.
- 2. Exterior building material requirements do not preclude solar panel installation on building roofs.
 - 3. The following materials may be used as secondary building material or siding, up to 40 percent of total facing:
 - a. Standing seam or corrugated metal siding;
 - b. Exterior insulation and finish system (EIFS). If within three feet of grade or within six feet of grade adjoining a public right-of-way or a parking area, the EIFS shall have ultra-high impact resistance in accordance with ASTM E2468. EIFS is prohibited for use on single-family, two-family, and three-family dwellings.
 - c. Vinyl siding and other polymeric siding provided the siding shall:
 - 1. Be installed by a certified installer or an individual certified as trained through the VSI certified installer program sponsored by the Vinyl Siding Institute, Inc. (VSI) or an approved equivalent program;
 - 2. Be certified and labeled as conforming to the requirements of ASTM D3679 Standard Specifications for Rigid Poly (Vinyl Chloride) (PVC) Siding by an approved quality control agency;
 - 3. Have a minimum thickness of 0.046 inches;
 - 4. Have panel projections of no less than five-eighths-inch for clapboard and Dutch lap styles;
 - 5. Have double (rolled over) nail hem, up to 0.92-inch nominal thickness strength;
 - 6. Meet or exceed the color retention requirement of ASTM D6864, 3679 or D7251;
 - 7. Be installed in accordance with the manufacturers' instructions and in accordance with ASTM D4756. Polypropylene siding shall be certified and labeled as conforming to the requirements of ASTM D7254 Standard Specification for Polypropylene (PP) siding by an approved quality control agency. Insulated Vinyl Siding shall be certified and labeled as conforming to the requirements of ASTM D7793 Standard Specification for Insulated Vinyl Siding by an approved quality control agency.
 - 4. The following exterior building materials shall be prohibited on all buildings:
 - a. Plywood;
 - b. Common concrete block;
 - c. Oriented strand board (OSB).
 - 5. Universities, and structures located in M or M-2 zoned districts shall be exempt from the requirements of subsections A.1. and A.3. of this section, provided:
 - a. Such structures are located interior to the site with an intervening building facing the street.
 - b. If materials in subsection A.3. of this section are used as primary exterior building materials, at least 30 percent of total facade area shall be brick or stone masonry.
- B. *Arrangement of materials.*
- 1. Where two or more materials are proposed to be combined on a facade, the heavier and more massive material shall be located below the lighter material.

2. Material changes on a facade shall occur along a continuous horizontal line or where two building forms meet. Secondary building materials may be used as trim, around windows, doors, cornices, at corners, or as a repetitive pattern within a wall covered in a primary building material.
 3. Primary facade materials shall wrap around at outside building corners for at least four feet.
- C. *Roof and accessory structure materials.*
1. Sloped roofs on primary buildings shall be clad in wood shingles, standing seam metal, clay or concrete tile, stone coated metal tile, painted metal tile, recycled rubber tile, slate, asphalt shingles or similar material or combination of materials. This regulation does not prohibit the application of solar panels, which shall not be considered an architectural material for the purposes of building form regulations.
 2. The exterior of accessory buildings shall be constructed of materials that are similar to those used on the principal structures.

(Ord. of 8-2-2017, § 1(5.7.4))

Sec. 5.7.5. Detached houses.

- A. This section shall apply to the following housing types:
1. *Conventional single-family detached.* A development with one dwelling unit per lot of record with private yards on all four sides.
 2. *Single-family cottage.* A development with one or 1½ story small detached dwelling units arranged whereby cluster around a commonly shared open space and each dwelling unit is located on a separate lot with private rear, side, and front yards.
 3. *Urban single-family detached.* A development with single-family detached dwelling units located on small lots. Urban single-family (Urban-SF) residential buildings share similar configurations to townhouse developments; however, they are detached and may have lot lines that coincide with the building envelope, provided that a yard area is provided in the dimensions required by the zoning district.
- B. Dimensional and use requirements. Minimum lot size, width, and setbacks shall meet the dimensional requirements set forth for the applicable base zoning district in article 2 of this chapter.

Cottage housing orientation

C. Orientation.

1. Lots along the perimeter of a development of single-family detached residences shall be oriented so that dwellings front internal local streets instead of a thoroughfare. Lots with rear yards abutting a thoroughfare shall provide a ten-foot no access easement and: a 20-foot landscape strip, a six-foot-high decorative fence, or a five-foot-high landscaped berm to screen the rear view of houses from the thoroughfare.
2. Single-family cottage lots shall be oriented toward the enhanced open space.
3. Street frontage requirements in chapter 14 of the Code shall not apply to individual lots within a cottage or urban type residential development, provided the overall site complies with minimum street frontage requirements and an alley or private drive provides access directly to a public street.

D. Each dwelling unit shall be metered for water individually.

E. An easement for water and sewer shall be required and subject to the approval of the director of planning.

F. Access driveway, internal private drive and alley standards.

1. Single-family cottage or urban residences shall have vehicular access from the rear of the property from an alley or similar private drive, or may have an off-street parking area located on the side or rear of the development. Such parking area may not occupy more than 30 feet of frontage and be located no more than 200 feet from the unit's entrance. The alley shall be at least 20 feet in width and meet the standards of International Fire Code (IFC) 503, unless another width is approved by the director for one-way direction only.

-
2. Single-family detached residences may share a driveway serving two lots, provided that the width of the driveway at the street shall not exceed the width requirements established in chapter 14 of the Code, and that the driveway width not increase for the first ten feet of drive.
- G. Urban single-family dwellings may gain access through private drives that meet the standards of section 5.7.6C.4.
 - H. Driveways shall not exceed ten feet between garage door and sidewalk.
 - I. Maximum size.
 1. Conventional single-family detached residences shall follow the requirements set forth in article 2 of this chapter.
 2. Single-family cottages shall not exceed a building footprint of 800 square feet and gross floor area of 1,200 square feet.
 - J. Architectural variability.
 1. Residential subdivisions of three or more lots intended for conventional single-family detached residences shall include distinctly different front facade designs within each phase of the development. The term "distinctly different" shall mean that each front facade must differ from adjacent buildings' front facades in at least four of the following six ways:
 - a. The use of different primary exterior materials;
 - b. Variation in the width or height of the front facade by four feet or more;
 - c. Variation of the type, placement or size of windows and doors on the front facades;
 - d. Variations in rooflines, including the use of dormers and changes in the orientation of rooflines;
 - e. Variation in the location and proportion of front porches; and
 - f. Variation in the location or proportion of garages and garage doors.
 2. No conventional single-family detached residence shall be of the same front facade design as any other conventional single-family detached residence along the same block face within eight lots of the subject residence. Mirror images of the same configuration are not permitted on the same block face.
 3. No single front facade design may be used for more than 25 percent of the total units of any single phase of a conventional single-family detached residence subdivision.
 - K. Porches and stoops. Any porch shall have minimum dimensions of four feet by eight feet for porches, and any stoop shall have minimum dimensions of four feet by four feet. Porches and stoops shall be no closer than two feet from a utility easement.
 - L. Facades. Any conventional single-family detached residence with a front facade width of 40 feet or more shall incorporate wall offsets in the form of projections or recesses in the front facade plane. Wall offsets shall have a minimum depth or projection of two feet so that no single wall plane exceeds 25 feet in width.
 - M. Roof and overhangs. Conventional single-family detached residences shall incorporate the following standards:
 1. Roofs covering the main body of the structure shall be symmetrical gables, hip-style, or mono-pitch (shed) style.
 2. Mono-pitch roofs shall have a minimum pitch of 4:12, and all other roofs covering the main body of a detached house shall have a minimum roof pitch of 6:12.
 3. Overhanging eaves shall extend at least 12 inches beyond the exterior wall.

4. To the maximum extent practicable, all roof vents, pipes, antennas, satellite dishes, and other roof penetrations and equipment (except chimneys) shall be located on the rear facades or configured to have a minimal visual impact as seen from an adjacent street.

N. Garages. The following standards shall apply:

1. Street-facing garage facades shall not comprise more than 45 percent of the total width of the conventional single-family detached residence's front facade. Street-facing garages shall be at least two feet behind the primary front facade plane of a conventional single-family detached residence.

Acceptable Garage Configurations

O. Enhanced open space.

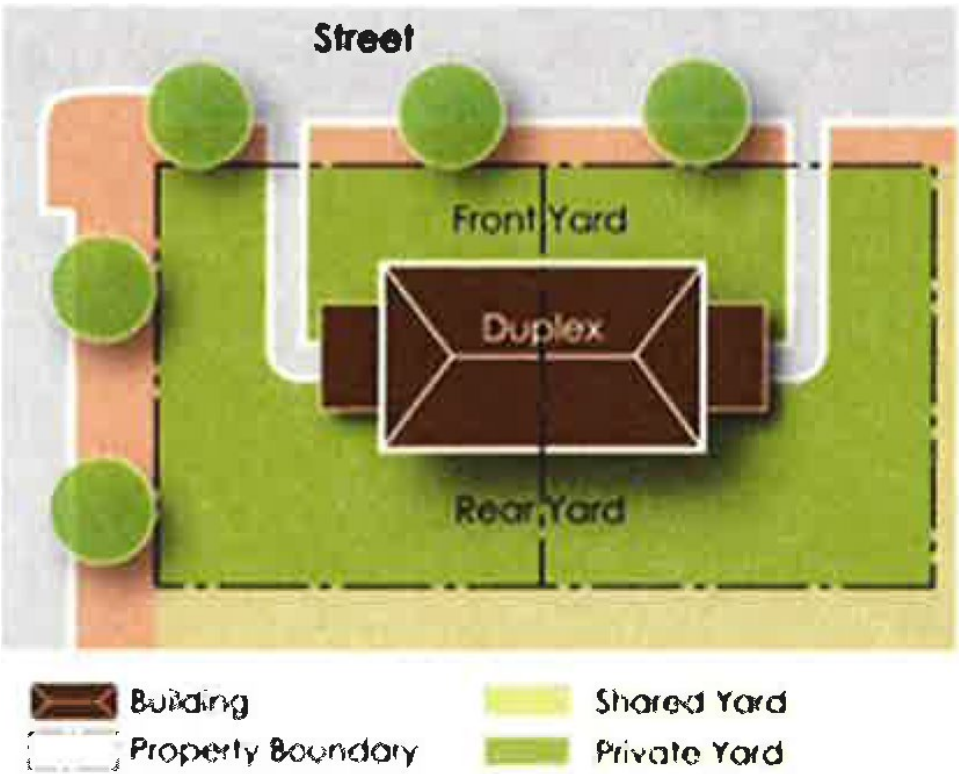

1. Clubhouse/pool amenity areas, greens, playgrounds, pocket parks, neighborhood parks, or detention facilities designed to serve as amenities shall meet dimensional requirements in the base zoning district (article 2 of this chapter) and the standards of article 5, division 5 of this chapter, open space standards.
2. Cottage residential development enhanced open space.
 - a. Single-family cottages shall be clustered around an enhanced open space green that is a minimum of 3,000 square feet or 400 square feet per cottage served by the enhanced open space, whichever is greater.
 - b. The enhanced open space green shall have a minimum dimension of 20 feet on each side.
 - c. At least two sides of the enhanced open space green shall have cottages along its perimeter.

(Ord. of 8-2-2017, § 1(5.7.5))

Sec. 5.7.6. Single-family attached buildings.

Single-family attached residential buildings are buildings in which dwelling units are attached to one another in a variety of ways, each with its own external entrance. Fee simple condominiums share similar configurations to townhouse developments, and they have lot lines that coincide with the building footprint. This section applies to the following development types:

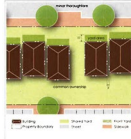

- A. Single-family attached, two- or three-family attached (also called duplex or triplex). A house with two or three attached principal dwelling units located on a single lot. The units may be located on separate floors or side-by-side. A side-by-side, single-family attached duplex may also be permitted to be located on two lots, whereby each unit is located on its own lot.

Single-Family Attached Housing on Two Lots

- B. Fee simple condominium. One or more single-family attached buildings where the owner has fee simple title to the building and the land beneath the building. The building may or may not have a small yard in front of or behind the building. The remaining land is under common ownership.
- C. Single-family attached, and townhouse developments shall meet the following standards.
1. The overall tract of land for townhouse or fee simple condominium development shall have frontage on a public or private street.
 2. The overall tract of land for townhouse or fee simple condominium development must meet the dimensional requirements of the zoning district.

	Traditional Townhouse lot: Townhomes which include yards on the individual property.
Urban Single-Family (Urban-SF) Detached lot: Urban-SF lot lines may coincide with the building envelope. Yard area designated for each unit, however, must still be provided even if held in common ownership. Dimensions of yard areas shall equal the setback that is specified by the zoning district (or approved master plan).	

	<p>Urban Single-Family (Urban-SF) Detached lot: Urban-SF detached residential lots may include yards on the individual property or provide yard area held in common ownership.</p>	<p>Urban Single-Family (Urban-SF) Detached lot: Urban-SF detached residential lots may include yards on the individual property or provide yard area held in common ownership.</p>
---	--	--

3. Private drives shall meet the requirements of section 14-189.1 of the Code, except as follows:
 - a. Private drives shall provide a ten-foot unobstructed easement on both sides of the drive, measured from back of curb.
 - b. Private drives shall have a minimum 22-foot road width measured from back of curb to back of curb.
 - c. Private drives shall have the same base and paving specifications as required for public streets.
 - d. Roadway shoulders for private drives shall consist of a combination of five-foot sidewalk, five-foot landscape strip for street trees, and may include parallel parking spaces.
 - e. Private drives shall be maintained in accordance with chapter 14.
4. The development shall incorporate a pedestrian circulation plan that separates pedestrians from automobiles by providing rear access to the units or designing an alternative location for pedestrian paths or sidewalks.
5. Sidewalks and pedestrian ways shall provide a continuous network that connects each dwelling unit with adjacent public streets and all on-site amenities designed for use by residents of the development.
6. Sidewalks may go to back of curb when adjoining on-street parking space.
7. Street trees shall be planted on both sides of the street 50 feet on center or every other unit, whichever distance is less.
8. Buildings shall be no more than 200 feet in length.
9. Spacing of buildings shall be consistent with International Codes Council (ICC).
10. Alleys.
 - a. Alleys shall be at least 12 feet wide, subject to the standards of IFC 503.
 - b. Dead end alleys over 150 feet in length are prohibited.
11. Ownership.
 - a. There shall be a mandatory property owners association clearly stating the residents' responsibility to share in the ownership and maintenance of common areas including roadways, alleys, parking, utilities, landscaping, and stormwater management facilities subject to chapter 14 of the Code. The city shall have no ownership or maintenance responsibility of any common areas unless expressly agreed otherwise.
 - b. Individual ownership of the units shall comply with the Georgia Condominium Act or shall require membership in a property owners association in accordance with Georgia law.
 - c. Upon approval of the development plans, a final plat shall be recorded before any units are sold.

- D. Building orientation. The primary entrance and front facade of individual buildings within a townhouse development may be oriented toward streets, private drives or enhanced open space, and shall not be oriented toward off-street parking lots, garages, or carports.
- E. Each dwelling unit shall be metered for water individually.
- F. An easement for water and sewer shall be required with the location subject to approval of the City of Stonecrest, or its designee.
- G. Roofs. Roofs of attached residential buildings shall comply with the following standards:
 - 1. Roofs shall be symmetrical gables, flat with parapet, hip-style, or mono-pitch (shed) style, but alternative roof forms or pitches may be used over porches, entryways, and similar features. Overhangs allowed on principal structures shall be no less than 12 inches.
 - 2. Mono-pitch roofs shall have a minimum pitch of 4:12.
 - 3. Gable and hip-style roofs shall have a minimum roof pitch of 6:12.
 - 4. Roof forms shall be designed to shelter building entrances.
- H. Roof penetrations and equipment. To the maximum extent practicable, roof vents, pipes, antennas, satellite dishes, and other roof penetrations and equipment (except chimneys) shall be located on the rear facades or screened from view so as to have a minimal visual exposure as seen from an adjacent street.
- I. Facades. For the purposes of this subsection, a building facade shall be considered the entire wall surface on a building side from grade level to underneath an overhanging eave or to the top of a cornice. All single-family attached buildings shall comply with the following facade standards:
 - 1. Facades facing a street shall provide doors, porches, balconies, or windows in the following ratios:
 - a. A minimum of 60 percent of front facade; and
 - b. A minimum of 30 percent of side and rear building facades.
 - 2. All front facades shall provide a minimum of three of the following design features for each residential unit:
 - a. Projections or recesses in the facade plane that contrast with an adjoining unit, with a minimum depth or projection of one foot;
 - b. Exterior building materials or colors different from the materials or colors of the other units;
 - c. Decorative patterns on exterior finish (e.g., shingles, wainscoting, window box, and similar ornamental features);
 - d. A dormer window, cupola, turret, tower, or canopy;
 - e. A recessed entrance;
 - f. A covered porch or balcony;
 - g. Pillars, posts, or pilasters;
 - h. A box or bay window with a minimum 12-inch projection from the facade plane;
 - i. Eaves with either exposed rafters or a cornice projecting a minimum 12 inches from the facade plane; or
 - j. A parapet wall with an articulated design that varies in height.

3. Front facades should be varied to avoid long, flat building fronts so that no more than 20 percent of the front facades of the units in the same building are substantially the same, unless designed as brick row houses.
- J. Garages.
1. Garages for dwelling units shall not face public streets, and shall be accessed by alleys or private drives. Garages that face private drives must comply with subsection C.5 of this section for pedestrian and vehicle separation plan.
 2. Parking spaces for dwelling units shall be located behind buildings, within individual units, on designated on-street spaces or off-street parking lots as provided in subsection K. of this section, off-street parking.
 3. Garage entrances shall be set back between three and ten feet from adjacent streets and sidewalks.
 4. Garage entrances shall be set back a minimum of three feet and a maximum of ten feet from alleys.
- K. Off-street parking.
1. Off-street surface parking lots (including access and travel ways) located on the side of an attached residential building shall not occupy more than 30 percent of the primary street frontage for the attached residential building.

Off-Street Parking on the Side of Attached Residential Buildings

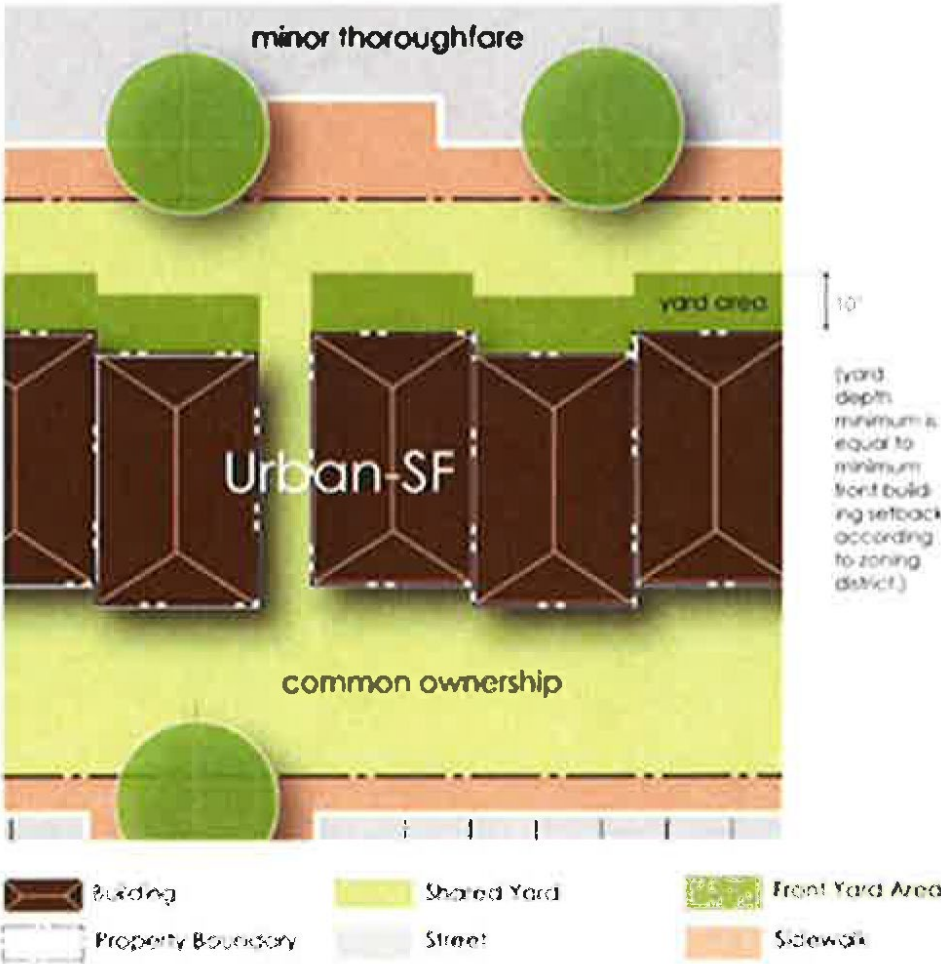

2. Off-street parking required for each attached residential unit is not required on the same lot as the dwelling unit, but the edge of the off-street parking lot shall be no more than 200 feet from the unit's entrance.

- L. The architectural features of a parking deck or structure shall be compatible with the primary buildings.
- M. Streetscape design. Single-family attached residential developments shall comply with the streetscape design standards in division 4 of this article.

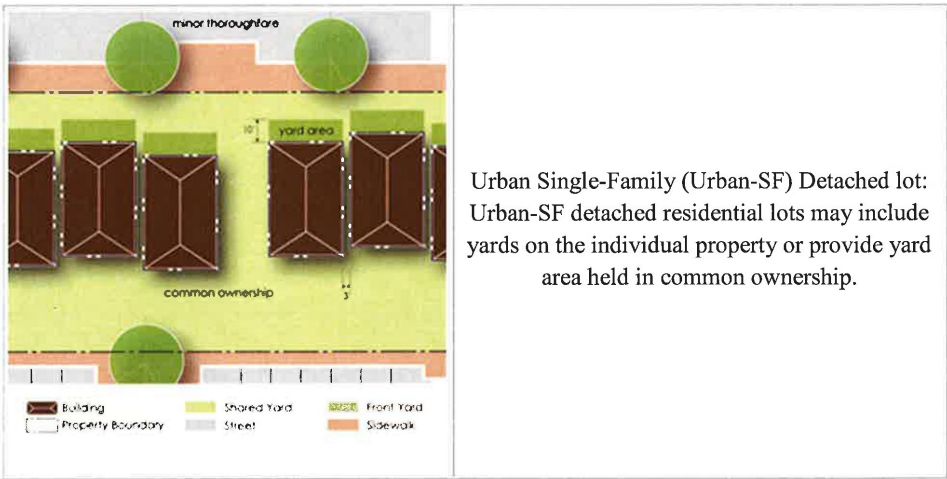

(Ord. of 8-2-2017, § 1(5.7.6))

Sec. 5.7.7. Multifamily, nonresidential, live/work and mixed-use buildings.

- A. Multifamily residential building and nonresidential buildings include the following building types: multifamily low rise (three stories and fewer); multifamily high rise (four stories and greater); live/work buildings; and large-scale retail.
 - 1. Multifamily residential buildings contain four or more residential dwelling units consolidated into a single structure. Dwelling units within a building may be situated either wholly or partially over or under other dwelling units, and units share common walls. Structures appearing as townhouses but with internal units that are located one below the other (also known as "stacked townhouses") are also considered multifamily residential buildings.
 - 2. Large-scale retail refers to freestanding buildings containing single-tenant retail sales uses that exceed 60,000 square feet in size.
 - 3. Live/work units incorporate both living and working space in a single unit. A kitchen and a bathroom must be included in each unit. The residential portion may not be less than 33 percent of the unit's total floor area. Within two-story live/work buildings, nonresidential uses shall be located on the ground floor only. Within single story units, the nonresidential use shall be located in the front, with street access. Living space within the live/work unit shall have direct and internal access to work space. Each live/work unit may have a primary entrance from the sidewalk, enhanced open spaces, arcades or public spaces. See also section 4.2.33 for additional live/work use requirements. Multifamily residential orientation shall comply with section 5.7.6.
- B. All development types other than single-family, shall comply with the following:
 - 1. Dimensional and use requirements. Lot size, width, and setbacks shall meet the dimensional requirements set forth for the applicable base zoning district in article 2 of this chapter.
 - 2. Building plane and scale.
 - a. Building facades shall not exceed 40 feet in length without projections, recesses or other architectural features.
 - b. Windows and doorways. Structures built to the edge of the street right-of-way or located within mixed-use and nonresidential districts shall have windows and/or doorways that occupy at least 25 percent of the width of the first floor street-level front facade.

- c. All buildings regulated by this section that are four stories or greater shall:
1. Clearly articulate the building base, middle and top through materials, architecture details and/or changes in the plane of the wall (projections and recessions).

Building Articulation: Clearly defined base, middle and top

2. Provide side step-backs at the fourth story when adjacent to the side of another building four stories or greater and along a private or public street.

Side step-backs between mid-and high rise buildings

- C. Roofs.
 1. Multifamily low-rise buildings regulated by this section shall have roof design and features that comply with section 5.7.6.G.
 2. Multifamily buildings adjacent to a courtyard may be designed with a flat roof.
 3. Rooflines of large-scale retail buildings shall be varied to add interest and variety to the large building form through the use of parapets, hips, gables, eaves, dormers or other similar features. These features shall be incorporated along a minimum of 50 percent of the length of the roofline facing a public street.
 4. Flat roofs shall provide parapets to screen mechanical equipment from street view and from the primary drive facing the front facade.
- D. Parking configuration. Nonresidential and mixed-use buildings shall:
 1. Have no more than one double row of parking within the front yard where there is no intervening building between parking and the street; and
 2. Be allowed to locate parking along the side or rear or as on-street parking dedicated as right-of-way by the applicant for a land disturbance permit or building permit.
- E. Multifamily developments shall meet the building separation requirements provided in section 5.2.1.B.
- F. Off-street surface parking lots (including access and travel ways) consisting of five or more spaces shall be located on the side or to the rear of a multifamily structure or development.
- G. Multifamily housing developments shall provide and maintain outdoor play and recreation areas with a minimum area of five percent of the total area of the lot or 4,000 square feet, whichever is greater.
- H. Low-rise multifamily building types. The following low-rise multifamily buildings shall be allowed, provided they meet the requirements set forth herein:
 1. *Mansion*. The mansion style low-rise multifamily building shall have four to eight units within the structure, which shall be distinguished as a building designed to appear as a typical single-family detached home.

2. *Courtyard.* The courtyard building shall be oriented such that the courtyard faces the street or roadway and has buildings facing along the other three sides.
 - a. Minimum width of the courtyard is 30 feet and depth is 15 feet.
 - b. Building walls facing a courtyard may be separated by more than the maximum building separation requirements.
3. *All other.* To reduce massing and promote livability, all other low-rise multifamily building types shall provide:
 - a. Functional balconies for all exterior units;
 - b. Landscaping around each building within ten feet of building and along both sides of all internal sidewalks.
- I. Multi-building nonresidential development, excluding industrial. Buildings in a nonresidential development composed of multiple buildings totaling 100,000 square feet or more for the whole development shall:
 1. Be configured to break up the site into a series of smaller blocks defined by streets with pedestrian walkways forming an interconnected circulation route;
 2. Face the corner of an existing street intersection or entry point to the development;
 3. Frame and enclose:
 - a. A main street pedestrian or vehicle access corridor entering the development site;
 - b. At least three sides of parking areas, public spaces, or other site amenities; and
 - c. Provide outdoor gathering spaces for pedestrians between buildings.
- J. Outparcel development.
 1. Outparcels and their buildings shall be aligned in order to define continuous street edges with well-defined entry points.
 2. Spaces between buildings shall be improved to provide landscaped pedestrian amenities such as plazas, seating areas, arcades, pedestrian connections, and gathering spaces.

(Ord. of 8-2-2017, § 1(5.7.7))

Sec. 5.7.8. Large-scale retail; additional standards.

- A. *Entrances.*
 1. The primary entryway into a large-scale retail building shall be clearly articulated by greater architectural detail, incorporating no fewer than three of the following elements:
 - a. Projecting or recessed, covered entrance;
 - b. Distinct roof form above entrance shall include at least one of the following:
 1. Roof overhangs;
 2. Awnings, canopies or porticos;
 3. Raised corniced parapets;
 4. Gabled or peaked roof form;
 5. Arches;

-
- c. Display windows directly adjacent to the entrance;
 - d. Architectural details and ornamentation emphasizing the building entrance;
 - e. Arcades connecting the entrance to adjacent pedestrian attractions;
 - f. Outdoor plaza with a minimum depth of 20 feet adjacent to the entrance and having seating and a water feature or landscaping; or
 - g. Landscape areas or seating areas.
 - B. *Off-street parking.*
 - 1. Parking for large-scale retail development shall be distributed around the principal structure on at least two sides.
 - 2. No more than 50 percent of parking may be located between the principal structure and primary street. If located within an activity node, no parking shall be allowed between the principal structure and the primary street, except required parking spaces.
 - C. *Pedestrian circulation.*
 - 1. Continuous internal sidewalks and pedestrian walkways shall be provided to connect the public sidewalk or right-of-way with the principal building entrance of all principal buildings on the site. Such sidewalks shall also connect key pedestrian focal points such as transit stops, street crosswalks, and building entry points.
 - 2. Internal pedestrian walkways and sidewalks shall be at least five feet in width.
 - 3. Sidewalks shall be provided along all sides of the lot adjacent to a public street.
 - 4. Sidewalks shall be provided for the principal building along any facade featuring a public entrance and along any facade leading to a public parking area.
 - 5. Internal pedestrian walkways and sidewalks shall be differentiated from vehicular driveways and parking spaces through the application of colors and durable surface materials such as pavers, brick, or scored concrete, in order to enhance pedestrian safety and appearance of the pedestrian walkway or sidewalk.
 - D. *Landscaping.* In addition to the landscape and screening requirements of division 4 of this article, the following requirements shall also apply:
 - 1. *Building frontage.* Beginning 15 feet from the principal customer entrance, along the building facade, a landscape area with trees shall be required for the entire length of the building. Each of the trees required herein shall be at least four and one-half-inch caliper and eight feet tall at installation. Trees required herein shall be spaced no more than 100 feet apart.
 - 2. *Landscape strip.* A landscape strip at least 15 feet wide shall be required along any property line adjacent to a public street. When parking lot landscape strip requirements coincide with this location, the 15 feet shall not be required in addition to the parking lot landscaping, but shall serve as the parking lot dimensional requirement and planted according to parking lot landscaping standards in division 4 of this article.
 - 3. *Walkways.* Pedestrian walkways connecting a public street adjacent to the lot on which the principal building is located and parking aisles shall be provided approximately every 120 feet perpendicular to street frontages.
 - E. *Open space and enhanced open space areas.*
 - 1. An outdoor gathering space (plaza or square) shall be developed with requirements by open space functional category and enhanced open space types as specified in division 5 of this article.

2. Sites containing one or more large-scale retail building shall include an outdoor gathering space equal to at least three percent of the total square footage of the building.
3. Outdoor gathering spaces shall be connected to the sidewalk and pedestrian walkway network, and shall provide at least three of the following features per space:
 - a. Lighted bollards;
 - b. Tables and chairs;
 - c. Fountains or other water features;
 - d. Benches;
 - e. Seat walls and/or raised landscape planters;
 - f. Shade trees lining the gathering space;
 - g. Pots or hanging baskets filled with seasonal plant material;
 - h. Information kiosks;
 - i. Sculptures or other public art features; or
 - j. Other features as approved by the director of planning if the feature enhances the visual impact of the outdoor gathering space.

(Ord. of 8-2-2017, § 1(5.7.8))

ARTICLE 6. PARKING

Sec. 6.1.1. Introduction.

This chapter establishes the standards for the number, location, and development of motor vehicle parking facilities, standards for on-site loading areas, and standards for bicycle parking.

(Ord. of 8-2-2017, § 1(6.1.1))

Sec. 6.1.2. Interpretation.

- A. *Fractions.* Where a fractional space results during the calculation of required parking, the required number of parking spaces shall be the next lowest whole number.
- B. *Parking space requirement not specified.* Where the parking requirement for a particular use is not described in Table 6.2, and where no similar use is listed, the director of planning shall determine the number of spaces to be provided based on requirements for similar uses, location of the proposed use, the number of employees on the largest shift, total square footage, potential customer use, or other expected demand and traffic generated by the proposed use. If the director of planning reasonably determines that a parking generation study should be prepared by a qualified professional, the director of planning may require submission of such a study to aid the director of planning in making a determination with respect to the number of required parking spaces.
- C. *Computations for multiple floor uses within a building.* In cases where a building contains some combination of residential use, office space, retail or wholesale sales area, or bulk storage area, the director of planning may determine on a proportional basis the parking and loading requirements based on separate computations for each use.

(Ord. of 8-2-2017, § 1(6.1.2))

Sec. 6.1.3. Parking regulations, off-street parking spaces.

Off-street parking spaces shall be provided in accordance with the following requirements:

- A. Each application for a development permit or building permit, other than for a detached single-family residence, shall be accompanied by a parking plan showing all required off-street parking spaces, driveways, and the internal circulation system for each such parking lot.
- B. All parking lots and spaces shall conform to the following requirements:
 - 1. All vehicles shall be parked on a paved surface that is connected to and has continuous paved access to a public or private street, except as otherwise allowed in this section.
 - 2. Each parking space, except those located on a single-family residential lot, shall comply with the minimum dimensions established in Table 6.1. Each parking lot shall have adequate space for each car to park and exit every parking space and space for internal circulation within said parking lot.
 - 3. Each parking lot, except those parking spaces located on property used for single-family residential purposes, shall comply with section 5.4.4, site and parking area landscaping.

4. All parking lots and parking spaces, except those located on property used for single-family residential purposes, shall conform to the geometric design standards of the Institute of Traffic Engineers.
5. Parking and loading shall not be permitted within the front yard in any MR, HR, O-I, or O-I-T zoning district, except for required handicapped parking. Notwithstanding the previous sentence, parking and loading shall be permitted within the front yard where provision of adequate parking spaces within the rear is impractical and upon issuance of a variance pursuant to article 7 of this chapter.
6. Parking shall not be permitted within the front yard of any property used for single-family residential purposes, except within a driveway, or in a roofed carport or enclosed garage. Within any single-family residential district, not more than 35 percent of the total area between the street right-of-way line and the front of the principal building shall be paved.
7. No parking space, driveway or parking lot shall be used for the sale, repair, dismantling, servicing, or long-term storage of any vehicle or equipment, unless located within a zoning district which otherwise permits such use.
8. The parking of business vehicles on private property located within residential zoning districts is prohibited. This section shall not prohibit:
 - (1) Typical passenger vehicles, with or without logos, including automobiles, pickup trucks, passenger vans, and dually trucks;
 - (2) Vehicles engaged in active farming, construction activities or contractor services on the private property, or the temporary parking (12 hours or less) of vehicles for the purpose of loading/unloading within residential zoning districts; nor
 - (3) The parking of vehicles on property located in residential zoning districts, where such property is used for an authorized nonresidential use such as a church.

Vehicles used in law enforcement are exempt from the restrictions of this subsection.
9. All parking lots shall conform to the requirements of section 6.1.7.

10. Notwithstanding any other provisions of chapter 27 or chapter 14, parking areas and/or parking on unpaved surfaces for transportation equipment and storage or maintenance (vehicle) storage,

without services provided, shall be permitted as a principal use on parcels zoned M or M-2, provided that:

- a. The parking area shall be screened from view of the public street with an opaque corrugated metal fence or wall minimum of ten feet in height. Chain link and wooden fences along street frontage are prohibited.
 - b. The parking area shall be at least 25 feet from the street right-of-way.
 - c. A ten-foot-wide evergreen landscape buffer shall be planted around the perimeter of the fence along the public street with at least two rows of trees. All trees shall be a least six feet in height and/or two inches caliper, and shall be regularly maintained and watered as necessary. Dead or dying trees shall be promptly replaced. All surfaces between trees shall be mulched.
 - d. The soil erosion, sedimentation and pollution requirements of chapter 14, article V of the Code of the City of Stonecrest, Georgia are met;
 - e. Minimum standards of the Georgia Stormwater Management Manual are met in terms of stormwater runoff and water quality; and
 - f. The parking lot has a minimum of one acre.
 - g. All parking areas and/or parking on unpaved surfaces for transportation equipment and storage or maintenance (vehicle) storage without services provided which are permitted as a principal use on parcels zoned M or M-2 shall be upgraded to the standards of this Sec. 6.1.3.B.10. no later than at the time of business license renewal in 2023.
11. Unpaved parking areas within the M and M-2 zones permitted under subsection B.10. of this section shall comply with the following specifications:
- a. The parking area shall be at least 150 feet from the boundaries of a residentially zoned parcel;
 - b. The parking area subgrade must meet a minimum compaction of 95 percent as certified by a registered professional engineer;
 - c. The parking area surface shall be composed of at least eight inches of compacted Graded Aggregate Base;
 - d. The Graded Aggregate Base shall be stabilized and treated to control dust through approved means, which may include but is not limited to, the effective design and operation of the facility, the periodic application of dust suppressant materials such as calcium chloride, magnesium chloride, or lignin sulfonate, reduced operating speeds on unpaved surfaces, or the periodic replenishment of gravel surfaces;
 - e. Parking areas shall be inspected by the City of Stonecrest or a third-party inspector approved by the City of Stonecrest every year to ensure continued compliance with the above specifications. Proof of inspection and compliance with the Stonecrest Code of Ordinances is required at time of annual business license renewal, and this inspection report must be approved by the Building Department prior to issuance or renewal of a business license. Additional maintenance such as grading, Graded Aggregate Base, or surface treatment may be required;

(Ord. of 8-2-2017, § 1(6.1.3); Ord. No. 2018-07-02, § 1(6.1.3), 7-16-2018)

Sec. 6.1.4. Off-street parking ratios.

- A. Minimum on-site parking requirements may be reduced through use of shared parking, in accordance with section 6.1.5.
- B. In residential districts in which garage space is provided, the garage space may count for no more than one required space per 200 square feet of garage space.
- C. Tandem parking is permitted in association with all single-family detached and single-family attached housing types.
- D. Minimum and maximum parking ratios. Unless otherwise regulated elsewhere in this chapter, off-street parking spaces shall be provided for all uses listed are specified in Table 6.2. Unless otherwise noted, the parking requirement shall be based on the gross square footage of the building or buildings devoted to the particular use specified. Maximum parking standards shall not apply to existing uses so long as the building or parking lot is not expanded.
- E. Phased development. Where a project is intended to be developed in phases, the director of planning may approve phased development of a parking lot intended to serve current and future development.
- F. Reduction of minimum parking requirements. The minimum number of required spaces described in Table 6.2 for a particular use may be reduced by ten percent by the director of planning pursuant to an administrative variance in compliance with article 7 of this chapter. If the use is within 1,000 feet of a designated heavy rail, streetcar/light rail or bus rapid transit station, the minimum number of required spaces may be reduced by 25 percent in accordance with article 7 of this chapter.
- G. Carpool/vanpool parking. For office, industrial, and institutional uses where there are more than 20 parking spaces on the site, the following standards shall be met:
 1. At least five percent of the parking spaces on-site must be reserved for carpool use.
 2. Except as otherwise provided by applicable law, parking lots shall be designed so as to provide the most convenient access to building entrances by persons arriving by vanpools and carpools. In the event of a conflict between the priority described in this subsection and section 6.1.16, this subsection shall prevail.
 3. Signs shall be posted identifying spaces reserved for carpool use.

[TMOD-22-001]

Sec. 6.1.5. Off-street parking reduction for shared parking.

Parking spaces for any existing or new mixed-use development may be based upon a shared parking formula as set forth in Table 6.3.

Shared parking may be utilized for any of the combinations of uses shown in Table 6.3. If shared parking is to be used to satisfy the requirements of this article, an application shall be submitted to the director of planning seeking approval of a shared parking plan. The applicant must submit a scaled site plan for each site that will participate in the shared parking showing zoning, use, and existing parking facilities. Shared parking agreements approved by the director of planning shall be executed prior to issuance of any certificates of occupancy for the development.

In any shared parking agreement, at least 50 percent of shared parking spaces must lie within 700 feet of the main entrance to the principal use for which the parking is provided, and all shared parking spaces must lie within 1,000 feet of the main entrance to the principal use for which the parking is provided. Shared spaces shall not be separated from the site by a roadway with more than four through-travel lanes, unless there is a well-marked, safe pedestrian crossing such as a pedestrian hybrid beacon, a signalized crosswalk, or a refuge median.

Any change in the use of a building, shop or leased area that relies on a shared parking agreement to meet its parking requirements shall require compliance with the parking standards in this article based on the new use in order to obtain a certificate of occupancy. No right to shared parking shall vest in a property where the use of the property changes. In the event that property on which the shared parking is located has a different owner than the owner of the principal development, a written shared parking agreement between all relevant property owners, approved by the director of planning and filed on the deed records in the office of the Clerk of Superior Court for DeKalb County, shall be provided prior to approval of a certificate of occupancy for the principal development. Expiration for any reason of a shared parking agreement, on which compliance with this article is based, shall automatically terminate the related certificates of occupancy and place the property owners in violation of this zoning ordinance.

The steps for determining parking requirements in a mixed use development are:

- A. Determine the minimum amount of parking required for each separate use (Table 6.2).
- B. Multiply each parking requirement by the corresponding percentage for each of the time periods given below.
- C. Calculate the column total parking requirement for each time period.
- D. The largest column total is the shared parking requirement.
- E. Example of shared parking calculation:

If the following uses were proposed with the following example number of parking spaces in accordance with the individual use:

Office: 400 spaces;

Retail: 300 spaces; and

Restaurant uses: 100 spaces;

With a total parking for individual use on-site: 800 spaces.

Then these same land uses under the provisions for shared parking would require the number of parking spaces shown in the example Table 6.4 (by applying the percent reduction in Table 6.3):

Table 6.3. Shared Parking Reduction Table

As shown in the weekdays 6:00 a.m.—5:00 p.m. column, 6:30 parking spaces would be needed for this example development. This is a reduction of 170 required spaces.

(Ord. of 8-2-2017, § 1(6.1.5))

Sec. 6.1.6. Shared driveways and interparcel access.

- A. *Applicability.* This section shall apply to all new office, commercial, institutional, mixed use, and industrial developments and any building renovations and repaving projects of office, commercial, institutional, or industrial developments for which a land disturbance permit is required.
- B. *Shared driveways.* Shared driveways between two parcels along a common property line may be required by the planning commission during subdivision plat review or by the director of planning during the land disturbance permitting process. In such cases, each property owner shall grant an access easement to facilitate the movement of motor vehicles and pedestrians across the site. The property owner's obligation to comply with this requirement shall be limited to the extent legal permission to construct and utilize the required shared drive can be obtained from the neighboring property owner.
- C. *Interparcel access requirements.* Interparcel access for vehicles between abutting and nearby properties shall be provided so that access to individual properties can be achieved between abutting and nearby developments as an alternative to forcing all movement onto highways and public roads, unless the director of planning during the land disturbance permitting process determines that it is unnecessary to provide interparcel access due to the unlikelihood of patrons traveling among abutting or nearby sites, or due to inability after reasonable efforts by the property owner to obtain legal permission from the abutting property owners for such interparcel access.

(Ord. of 8-2-2017, § 1(6.1.6))

Sec. 6.1.7. Number of handicapped parking spaces required.

The minimum number of and dimensions for handicapped parking spaces shall comply with the requirements of the Americans with Disabilities Act (ADA) (Public Law 101—136), the State Building Code, and the American National Standards Institute, and any other applicable state or federal law.

(Ord. of 8-2-2017, § 1(6.1.7))

Sec. 6.1.8. On-street parking.

On-street parking spaces located immediately abutting the subject property, entirely within the extension of the side lot lines into the roadway and not within any required clear sight triangle, may be counted toward meeting the required parking ratios for all uses occurring on such abutting lots facing a local street or minor collector street. Where streets have been designated "no parking" by the city, no credit for on-street parking shall be available.

(Ord. of 8-2-2017, § 1(6.1.8))

Sec. 6.1.9. Parking structures.

The following requirements shall apply for parking structures:

- A. *Minimum setbacks.* Parking structures shall comply with the setback requirements for accessory structures established for the zoning district in which they are located.
- B. *Maximum height.* Parking structures shall comply with the maximum height requirements established in the zoning district in which they are located.
- C. *Architectural features and facades.*
 - 1. Parking structures shall utilize materials such as brick, glass, stone, cast stone, poured-in-place concrete, hard coat stucco or precast concrete with the appearance of brick or stone on facades facing public rights-of-way.
 - 2. Architectural features and facades for parking structures shall be compatible with abutting structures.
- D. *Orientation.* Parking structures shall be oriented to the interior of the parcel by adhering to the following:
 - 1. Residential dwelling units, retail storefronts or office facades shall line the parking structure along all first floor facades adjacent to a street, excluding alleys and driveways.
 - 2. Parking structures, when added to an existing residential development, shall not be located between the building front and the street.

(Ord. of 8-2-2017, § 1(6.1.9))

Sec. 6.1.10. Parking area landscaping.

See parking area landscaping requirements in section 5.4.4.

(Ord. of 8-2-2017, § 1(6.1.10))

Sec. 6.1.11. Paving surfaces.

- A. *Typical paving surfaces.* The paving surface of required minimum on-site and off-site parking areas shall be a dust-free, all-weather material (e.g., asphalt, concrete, or pavers). The paving surface shall have the parking stalls, loading and unloading zones, fire lanes and any other applicable designations delineated in white or yellow paint.

- B. Alternative paving surfaces may be used for the number of spaces that exceed 105 percent of the minimum required spaces subject to the confirmation by the director of planning of the pervious nature of the alternative paving material and the numerical calculations.
1. Alternative paving surfaces may include living turf grass or similar ground cover, pervious pavers or concrete, stabilized grass lawn, or other pervious parking surfaces.
 2. Driveways, access aisles and parking spaces (excluding handicapped) may be surfaced with grass lawn or other pervious parking surface serving:
 - a. Uses within 50 feet of environmentally sensitive areas identified in the comprehensive plan;
 - b. Uses which require parking for less than five days per week during a typical month; and
 - c. Parks, playgrounds, and other similar outdoor recreation areas with less than 200 parking spaces.

(Ord. of 8-2-2017, § 1(6.1.11))

Sec. 6.1.12. Stacking spaces.

All driveway entrances, including stacking lane entrances, must be at least 50 feet from an intersection. The distance is measured along the street from the junction of the two street curb lines to the nearest edge of the entrance.

(Ord. of 8-2-2017, § 1(6.1.12))

Sec. 6.1.13. Valet parking requirements.

All valet parking services shall meet the following requirements:

- A. Valet parking services shall only use off-street parking to park customer vehicles.
- B. A valet parking service shall be allowed only where the business establishment being served possesses the minimum required parking spaces either on-site or through a shared off-site parking agreement.

(Ord. of 8-2-2017, § 1(6.1.13))

Sec. 6.1.14. Off-street loading requirements.

- A. Off-street loading spaces shall be provided as indicated in Table 6.5.

Table 6.5. Off-street loading space requirements

Off-street loading requirements

- B. Design and arrangement of off-street loading areas. The following standards shall apply to off-street loading areas, which shall be comprised of loading spaces and maneuvering areas:
1. A loading space shall measure no less than 12 feet by 35 feet and have no less than 14 feet of vertical clearance.
 2. For any use required to furnish three or more loading spaces, at least one in every three shall measure no less than 12 feet by 55 feet.
 3. For manufacturing and warehousing uses, all loading spaces shall measure no less than 12 feet by 55 feet.
 4. Maneuvering areas shall not include required parking spaces or any portion of a public right-of-way. No off-street maneuvering area shall require vehicles to back in from or out to a public street.
- C. Off-street loading and maneuvering location limitations. Off-street loading spaces and maneuvering areas shall be located only in those portions of a lot where off-street parking areas are allowed with the following additional limitations:
1. Industrial zoning districts. If the off-street loading spaces and maneuvering areas are across from, or adjacent to, any non-industrial zoning district, a 50-foot landscaped strip shall be established between the nonindustrial zoning district and the off-street loading spaces and maneuvering area.

- D. Screening of loading areas. Loading areas shall be paved with impervious materials and shall be screened so as not to be visible from any public plaza, ground-level or sidewalk-level outdoor dining area, public sidewalk, public right-of-way, private street or any adjacent residential use.
- E. Enclosure of dumpsters and trash compactors. All external dumpsters and loading areas shall be enclosed with opaque fence or walls at least six feet in height.

(Ord. of 8-2-2017, § 1(6.1.14))

Sec. 6.1.15. Parking of trailers in residential districts.

- A. In a residential zoning district, no trailer or recreational vehicle shall be parked in front of the principal structure; within the side yard setback or ten feet from side property line, whichever is less; or within ten feet of the rear lot line.
- B. No recreational vehicle or trailer may be occupied for human habitation for more than 14 consecutive days while parked within a residential zoning district.
- C. Recreational vehicles and trailers may be parked, for the limited purpose of storage between travel, on unpaved surfaces, including gravel or a similar material that prevents the vehicle's or trailer's tires from making direct contact with the earth, soil, sod or mud, so long as the unpaved surface prevents tracking of earth, soil, sod or mud onto public streets when the vehicle or trailer is moved from the property.
- D. Within any residential zoning district, no recreational vehicle, trailer or storage container may be parked on a lot that does not contain a permanent dwelling unit or other structure intended for permanent human habitation as its principal use.
- E. No portable storage container may be parked or stored in a residential zoning district for a period of a time exceeding 15 consecutive days, or a total of 30 days during any calendar year. A container used during active construction under a valid permit may remain for the duration of the active construction, counting toward the time restrictions of this subsection.

(Ord. of 8-2-2017, § 1(6.1.15))

Sec. 6.1.16. Alternative fuel vehicles parking.

- A. *Where required.* Preferential parking for alternative fuel vehicles shall be provided for all new nonresidential parking areas containing 100 or more parking spaces, and for new parking areas of mixed-use projects where the nonresidential portion of the project requires 100 or more parking spaces. The parking spaces shall be striped with green paint to distinguish the spaces as preferential parking spaces, and in accordance with the Georgia Department of Transportation requirements.
- B. *Required number of spaces.* At least two percent of all parking spaces in parking lots identified in subsection A. of this section shall be designated for preferential parking for alternative fuel vehicles.
- C. *Location of parking spaces.* The required alternative fuel preferential parking spaces shall be located as close as possible to the primary entrance without conflicting with the Americans with Disability Act requirements, or other state or federal law. In the event the priority described in this subsection shall conflict with the priority described in section 6.1.4, section 6.1.4 shall prevail.
- D. *Signage required.* Each alternative fuel preferential parking space shall be provided with a sign that identifies the parking space as designated for use by alternative fuel vehicles. The sign shall be in compliance with chapter 21, signs.

- E. *Existing vehicle recharging stations.* Existing parking spaces with vehicle recharging stations may be used to meet the requirements of this section.

(Ord. of 8-2-2017, § 1(6.1.16))

Sec. 6.1.17. Bicycle/moped parking requirements.

- A. A building, commercial establishment, recreation area, or other property, whether privately or publicly-owned or -operated, that is required to provide automobile parking facilities, whether free of charge or for a fee, to any employees, tenants, customers, clients, patrons, residents, or other members of the public shall provide at least one bicycle/moped parking space for every 20 required automobile parking spaces. No such building, commercial establishment or other property subject to the provisions of this section shall have fewer than three, nor be required to have more than 50 bicycle/moped parking spaces. The requirements of this section shall not apply to properties being operated primarily as commercial parking facilities, residences, or churches.
- B. All bicycle/moped spaces shall be located within 250 feet of a regularly used building entrance and shall not interfere with pedestrian traffic. Each space shall include a metal anchor that will secure the frame and both wheels of a bicycle or moped in conjunction with a user-supplied lock. If bicycle/moped parking is not visible to the general visiting public, then a sign no larger than ten inches by 15 inches shall be displayed that directs cyclists to the bicycle/moped parking.
- C. The provisions of this section shall apply to property owners, persons occupying the property pursuant to a leasehold interest, or other managers or operators of buildings, commercial establishments and property subject to the provisions of this section.
- D. The provisions of this section shall apply to any building, commercial establishment or property for which a permit for new construction is issued following the effective date of this part, and to the alteration of existing buildings in all cases where sufficient space exists to provide such parking facilities.

(Ord. of 8-2-2017, § 1(6.1.17))

ARTICLE 7. ADMINISTRATION

DIVISION 1. GOVERNING BODIES AND AUTHORITY

Sec. 7.1.1. Purpose and intent; compliance with law.

- A. This article is intended to provide certain procedures to govern.
 - 1. Processing of various applications for rezoning, variances, comprehensive plan text amendments, comprehensive plan map amendments, special land use permits, administrative variances, and major and minor modifications to conditions of zoning.
 - 2. The calling and conducting of public hearings pertaining to said applications.
 - 3. Establishing criteria for making decisions on such applications.
- B. The city council, planning commission, and zoning board of appeals shall comply with all applicable provisions of state law, now and as they may be amended hereafter, including, but not limited to, state law concerning open records, open meetings and records retention.

(Ord. of 8-2-2017, § 1(7.1.1))

Sec. 7.1.2. Governing bodies.

- A. *Director of planning.*
 - 1. The provisions of this zoning ordinance shall be administered by the director of planning or his designee, in conjunction with the planning commission, the zoning board of appeals and the city council as set forth herein. The specific duties of the director of planning shall include, but not be limited to, the following:
 - a. Accepting and processing applications for zoning map amendments (rezonings), special land use permits, zoning certifications, continuances of nonconforming uses, text amendments to the zoning ordinance, modifications of zoning conditions, variances, residential lot divisions, amendments to the map and text of the comprehensive plan, or any other such business as may be scheduled for public hearing by the planning commission, zoning board of appeals, or city council.
 - b. Researching facts and preparing recommendations for the planning commission and the city council for such applications.
 - c. Researching facts and preparing recommendations regarding variances and appeals of error, or any other business as may be scheduled for public hearing by the zoning board of appeals.
 - d. Maintenance of permanent records concerning the administration of this zoning ordinance and comprehensive plan, including all maps, amendments, records of public hearings, and any other business of the planning commission and zoning board of appeals.
 - e. Review of applications for permits and licensing to ensure conformity with the requirements of this zoning ordinance and other relevant city ordinances.
 - f. Upon written request by the property owner or owner's authorized agent and payment of a fee established by the city council, the director of planning may issue a certificate verifying the current zoning of a parcel of land, or a letter confirming a legal nonconforming status.

- g. Administratively correct the official zoning map after a graphic or scrivener error has been identified.
 - h. Other duties as authorized in this zoning ordinance, including, but not limited to, the rendering of administrative decisions authorized by division 6 of this article.
- B. Training and Education of Boards and Commissions
 - 1. Members of the Planning Commission and Zoning Board of Appeals shall attend by the 365th day of their term of appointment or re-appointment one (1) or more courses, seminars, or other opportunities of training and education on matters pertaining to the operations, activities, or duties of their respective board or commission (Sec 2.6.17.b).
 - 2. Education and training opportunities include, but are not limited to, any organized training or educational activities that in the opinion of the Planning and Zoning Director are relevant to the activities, operations, and duties of said board or commission. (Sec. 2.6.17.e)
- C. *Reserved.*
- D. *Planning Commission.*
 - 1. There is hereby established a Planning Commission which shall consist of five members, all residents of the City of Stonecrest, who shall be appointed as follows:
 - a. The Mayor shall appoint one member from each district, subject to confirmation by the city council.
 - b. Each member shall serve a term of two years. However, the initial term of all initial planning commissioners first appointed after the effective date of the ordinance from which this section is derived shall expire on December 31, 2018.
 - 2. A planning commissioner shall be removed at any time for failure to attend three consecutive meetings or for failure to attend 75 percent or more of the meetings within any calendar year without the excuse of the chairman of the commission. It shall be the duty of the secretary of the planning commission to keep a record of the attendance of members and to notify the city council when any planning commissioner is removed pursuant to the failure to attend meetings requirement of this section. Such removal shall be effective ten days following notification by the secretary of the planning commission to the city council. The Mayor shall have the authority to remove a planning commissioner for cause by providing written notice to the city council and the planning commissioner proposed to be removed, subject to the majority vote of the city council. Upon request of the planning commissioner proposed for removal for cause other than for failure to attend meetings, the city council shall hold a hearing on the removal prior to the city council's vote on the removal. Planning commissioners may be reappointed to successive terms without limitation. Any vacancy in the membership of the planning commission shall be filled for the unexpired term in the same manner as the initial appointment. Members of the planning commission shall hold no other city office or city compensated position. Members of the planning commission shall hold no elective office in DeKalb County. If a planning commission member moves outside the district from which he was originally appointed, or moves outside the City of Stonecrest, that action shall constitute a resignation from the planning commission, effective immediately.
 - 3. No person shall serve or continue to serve as a member of the planning commission until they have been certified by the director as having completed a training session sponsored by the city or designated by the city.
 - 4. No person shall serve as a member of the planning commission until they have executed and filed with the designated officer of the city an oath, administered by the mayor or a judicial officer authorized to administer an oath, in the following form:

"I do solemnly swear or affirm that I will faithfully execute the office of planning commissioner for the City of Stonecrest, and will to the best of my ability support and defend the Constitution of the United States, the Constitution of Georgia, and the Charter, ordinances, and regulations of the City of Stonecrest. I am not the holder of any unaccounted for public money due this state or any political subdivision or authority thereof. I am not the holder of any office of trust under the government of the United States, any other state, or any foreign state which I, by the laws of the State of Georgia am prohibited from holding. I am otherwise qualified to hold said office according to the municipal Charter, the Code of the City of Stonecrest, the Constitution and laws of Georgia. I am a resident of district _____ and the City of Stonecrest. I will perform the duties of my office in the best interests of the City of Stonecrest to the best of my ability without fear, favor, affection, reward, or expectation thereof."

5. The governing authority shall determine the amount of compensation, if any, to be paid to the members of the planning commission.
6. No amendment to the text of this chapter, the official zoning map, or the comprehensive plan text or maps shall become effective unless the subject matter of the amendment has been submitted to the planning commission for public hearing and recommendation pursuant to the requirements of this chapter.
7. The planning commission shall further adopt rules of procedure governing the conduct of its meetings; which rules shall be supplemental to and not conflict with this chapter. In any case where the rules do not address a procedural issue which arises before the planning commission, the most recent edition of Robert's Rules of Order shall govern. The planning commission may from time to time amend its rules by majority vote. A copy of the adopted rules of procedure and any subsequent amendment thereto shall be filed by the secretary of the planning commission with the city clerk, and copies of the rules shall be made available to the public by the secretary of the planning commission and the city clerk.
8. All meetings of the planning commission shall be open to the public, and the agenda for each board meeting shall be made available to the public. Notice of all meetings of the public commission shall be given in accordance with section 7.2.4.
9. A quorum of the planning commission shall consist of at least three members of the commission, except that a lesser amount shall be sufficient to recess or adjourn any meeting; but no official action shall be taken except upon the affirmative vote of at least three members of the planning commission. A roll call vote shall be taken upon the request of any member. If there is not a quorum present, all items shall be rescheduled and re-advertised for the next regular meeting.
10. At its first regular meeting and the first regular meeting in each January thereafter, the planning commission shall, by majority vote of its membership elect one of its members to serve as chairperson to preside over the commission's meetings and one member to serve as vice chairperson. The persons so elected shall serve in these capacities for terms of one year or until a replacement is elected. Vacancies may be filled for the unexpired terms only by majority vote of the planning commission membership. The chairperson and vice chairperson may take part in all deliberations and vote on all issues. The chairperson and the vice-chairperson may each be elected to successive terms without limitation.
11. At its first regular meeting and the first regular meeting in each January thereafter, the planning commission shall, by majority vote of its membership, appoint one person to serve as its secretary. The director of planning or his designee may serve as secretary of the planning commission. The planning department staff shall keep minutes of the proceedings of the planning commission, showing the vote of each member upon each item, or, if a member is absent or fails to vote, indicating such fact, and shall keep records of the planning commission official actions and evidence submitted, all of which shall be filed in the office of the planning department and shall be a public record.

E. *Zoning board of appeals.*

1. There is hereby established a zoning board of appeals which shall consist of five members, each of whom shall be a resident of the city. Each member shall serve a term of two years. The Mayor shall appoint one member from each district, subject to confirmation by the city council. A member of the zoning board of appeals shall be removed at any time for failure to attend three consecutive meetings or for failure to attend 75 percent or more of the meetings within any calendar year without the excuse of the chairman of the board. It shall be the duty of the secretary of the zoning board of appeals to keep a record of the attendance of members and to notify the city council when any zoning board of appeals member is removed pursuant to the failure to attend meetings requirement of this section. Such removal shall be effective ten days following notification by the secretary of the zoning board of appeals to the city council. The Mayor shall have the authority to remove a zoning board of appeals member for cause by providing written notice to the city council and the zoning board of appeals member proposed to be removed, subject to the majority vote of the city council. Upon request of the zoning board of appeals member proposed for removal for cause other than for failure to attend meetings, the city council shall hold a hearing on the removal prior to the city council's vote on the removal. Members of the zoning board of appeals may be reappointed to successive terms without limitation. Any vacancy in the membership of the zoning board of appeals shall be filled for the unexpired term in the same manner as the initial appointment. Members of the zoning board of appeals shall hold no other city office or city compensated position. Members of the zoning board of appeals shall hold no elective office in DeKalb County. If a member of the zoning board of appeals moves outside the district from which he was originally appointed or outside the City of Stonecrest, that action shall constitute a resignation from the zoning board of appeals, effective immediately.
2. No person shall serve or continue to serve as a member of the zoning board of appeals until they have been certified by the director as having completed a training session sponsored by the city.
3. No person shall serve as a member of the zoning board of appeals until they have executed and filed with the designated officer of the city an oath, administered by the mayor or a judicial officer authorized to administer an oath, in the following form:

"I do solemnly swear or affirm that I will faithfully execute the office of planning commissioner for the City of Stonecrest, and will to the best of my ability support and defend the Constitution of the United States, the Constitution of Georgia, and the Charter, ordinances, and regulations of the City of Stonecrest. I am not the holder of any unaccounted for public money due this state or any political subdivision or authority thereof. I am not the holder of any office of trust under the government of the United States, any other state, or any foreign state which I, by the laws of the State of Georgia am prohibited from holding. I am otherwise qualified to hold said office according to the municipal Charter, the Code of the City of Stonecrest, the Constitution and laws of Georgia. I am a resident of district _____ and the City of Stonecrest. I will perform the duties of my office in the best interests of the City of Stonecrest to the best of my ability without fear, favor, affection, reward, or expectation thereof."
4. Each member shall serve a term of two years. However, the initial term of all initial members first appointed after the effective date of the ordinance from which this section is derived shall expire on December 31, 2018.
5. The governing authority shall determine the amount of compensation, if any, to be paid to the members of the zoning board of appeals.
6. The zoning board of appeals shall meet each month at a standard day and time to be determined by the board. The chairperson may, when necessary, call for special meetings of the board. A meeting may be canceled by the chairperson if there are no matters to be acted upon by the board.

7. The zoning board of appeals shall conduct its meetings in accordance with the procedures contained in this chapter. The board shall further adopt rules of procedure governing the conduct of its meetings, which rules shall be supplemental to and not conflict with this chapter. In any case where the rules do not address a procedural issue which arises before the board, the most recent edition of Robert's Rules of Order shall govern. The board may from time to time amend its rules by majority vote. A copy of the adopted rules of procedure and any subsequent amendment thereto shall be filed by the secretary of the zoning board of appeals with the city clerk, and copies of the rules shall be made available to the public by the secretary of the zoning board of appeals and the city clerk.
8. All meetings of the zoning board of appeals shall be open to the public, and the agenda for each board meeting shall be made available to the public. Notice of all meetings of the zoning board of appeals shall be given in accordance with section 7.2.4.
7. A quorum of the zoning board of appeals shall consist of at least three members of the board, except that a lesser amount shall be sufficient to recess or adjourn any meeting; but no official action shall be taken except upon the affirmative vote of at least three members of the zoning board of appeals. A roll call vote shall be taken upon the request of any member. If there is not a quorum present, all items shall be rescheduled and re-advertised for the next regular meeting.
8. At its first regular meeting first regular meeting each January thereafter, the zoning board of appeals shall, by majority vote of its membership elect one of its members to serve as chairperson to preside over the board's meetings and one member to serve as vice chairperson. The persons so elected shall serve in these capacities for terms of one year or until a replacement is elected. Vacancies may be filled for the unexpired terms only by majority vote of the board membership. The chairperson and vice chairperson may take part in all deliberations and vote on all issues. The chairperson and the vice-chairperson may each be elected to successive terms without limitation.
9. At its first regular meeting of each January, the zoning board of appeals shall, by majority vote, appoint a secretary. The director of planning or his designee may serve as secretary to the zoning board of appeals. The planning department staff shall keep minutes of the proceedings of the board, showing the vote of each member upon each item, or if absent or failing to vote, indicating such fact, and shall keep records of its official actions and evidence submitted, all of which shall be filed in the office of the planning department and shall be a public record.
10. The staff of the planning department shall conduct a site inspection of and shall prepare an analysis of each application for a variance applying the applicable criteria and standards set forth in this chapter to each such application.

(Ord. of 8-2-2017, § 1(7.1.2))

DIVISION 2. GENERAL PROCEDURES

Sec. 7.2.1. Applications and public hearing.

This division establishes procedures that apply to all application submittals and procedures for public hearings required by this zoning ordinance. Prior to the processing of any application for an amendment to the official zoning map, commonly referred to as a rezoning, variance, comprehensive plan text amendment, comprehensive plan map amendment, special land use permit, or modification to conditions of zoning, the applicant shall be required to file documentation and follow certain procedures as set forth in this article. Additional regulations that apply to specific application types may be found in subsequent sections of this chapter.

(Ord. of 8-2-2017, § 1(7.2.1))

Sec. 7.2.2. Applications.

- A. *Applications for city action that require a public hearing.* Applications for city action that require a public hearing shall be filed with the director of planning, along with a fee as set by the city council and the campaign disclosure required by O.C.G.A. § 36-67A-3. Applications and procedures shall be made available to the public in the offices of the planning department.
- B. *Processing of said applications.* The processing of said applications shall be based upon an annual calendar adopted by the city council. This calendar shall be made available to the public in the offices of the planning department.
 - 1. The director of planning shall be authorized to establish application submittal requirements necessary to obtain sufficient information to allow for a compliance review of the application as well as forms and instructions for each application type or petition.
 - 2. No application shall be processed by the planning and zoning director unless it complies with the procedural requirements of this division and is found to be a complete application.
 - 3. A change to a site plan or proposed condition of zoning associated with an application, which change has been accepted and allowed to be part of the application by the director of planning, may be deferred by the city council for a full-cycle review if the city council determines such review is reasonably necessary as a result of the change. The amended application shall be treated as if it were a new application, for the purposes of publication, review, notice and hearings, as required under this article, including review by the planning commission. An amendment to an application shall not change the original filing date of that application. An amended application shall not require a new application fee. However, in the case of a deferral requested by the applicant, the applicant shall pay a required re-advertising fee.
- C. *Application fees.* The application fees for special land use permits, amendments to the official zoning map and comprehensive plan map amendments shall be as established by the city council.
- D. *Site plan preparation.* The director of planning shall publish a checklist of requirements for site plans submitted pursuant to this zoning ordinance. All site plans submitted pursuant to this zoning ordinance shall be submitted with the applications to which they apply and shall comply with the checklist requirements.
- E. *Notice of applications filed.* The secretary of the planning commission shall provide the city council with a list of all applications and amendments filed. The listing of applications shall be reasonably made available to the public.
- F. *Withdrawal of application by applicant.* Applications may not be withdrawn without permission of the city council after they have been filed for advertising for public hearing, except as otherwise provided herein.
- G. *City clerk to provide signed copy of final actions taken by the city council to director of planning to be noted on official zoning maps.* The clerk shall, after any final action taken by the city council, provide to the director of planning a signed, certified copy of each such action. The director of planning shall cause all relevant documents to be amended accordingly to reflect the final action approved by the city council.
- H. *Resubmittal of rejected or denied applications.*
 - 1. *Rezoning.*
 - a. If an application for rezoning is denied or assigned a zoning classification other than the classification requested in the application, then no portion of the same property may again be considered for rezoning for a period of 24 months from the date of the city council's final decision.

- b. Notwithstanding subsection H.1.a. of this section, the city council may by resolution reduce the 24-month time restriction between applications to a period no less than the minimum required by the O.C.G.A. § 36-66-1 et seq., as it now exists and may be amended hereafter, which currently is six months as of the date of adoption of the ordinance from which this division is derived.
 - c. An applicant may request that the city council allow withdrawal of an application without prejudice, in which case, if approved, no minimum time period need expire before a subsequent application for rezoning of the property may be accepted by the director of planning.
2. *Variance.*
- a. An application for a variance affecting all or a portion of the same property for which an application for variance for the same regulation was denied shall not be submitted before 24 months have passed from the date of final decision by the zoning board of appeals on the previous variance.
 - b. The zoning board of appeals may reduce this 24-month time restriction by resolution, provided that the time restriction between the date of said denial and any subsequent application affecting the same property shall be no less than six months.
 - c. An applicant may request that the zoning board of appeals allow withdrawal of an application without prejudice, in which case, if approved, no minimum time period need expire before a subsequent application for rezoning of the property may be accepted by the director of planning.
3. *Special land use permit.*
- a. An application for a special land use permit affecting all or a portion of the same property for which an application for the same special land use was denied shall not be submitted before 24 months have passed from the date of final decision by the city council on the previous special land use permit.
 - b. Notwithstanding section a. above, the city council may by resolution reduce the 24-month time restriction between applications to a period no less than the minimum required by the Zoning Procedures Law, O.C.G.A. § 36-66-1 et seq., which is six months as of the date of adoption of the ordinance from which this division is derived.
 - c. An applicant may request that the city council allow withdrawal of an application without prejudice, in which case, if approved, no minimum time period need expire before a subsequent application for rezoning of the property may be accepted by the director of planning.

(Ord. of 8-2-2017, § 1(7.2.2))

Sec. 7.2.3. Reserved.

(Ord. of 8-2-2017, § 1(7.2.3))

Sec. 7.2.4. Public hearings.

- A. *Zoning decisions.* The term "zoning decision" is defined in article 9 of this chapter by reference to the definition of "zoning decision" set forth in state law, O.C.G.A. § 36-66-3, as it now exists and may be amended hereafter.
- B. *Zoning decisions initiated by the city.* For any zoning decision initiated by the city at least 15 but not more than 45 days prior to the date of the public hearing before the city council, the city shall cause to be

published within a newspaper of general circulation within the territorial boundaries of the city, a notice of the hearing. The notice shall state the time, place, and purpose of the hearing.

- C. *Zoning decisions, appeals to the zoning board of appeals, variances, extensions of special land use permits, and major modifications of conditions initiated by a party other than the city.* For any zoning decision, appeal to the zoning board of appeals, variance, extension of special land use permits, or major modification of conditions initiated by a party other than the city, notice of the public hearing shall be provided as follows:
1. Written notice of each public hearing shall state the nature of the proposed change, and the date, time, and place of the public hearing before either the planning commission, zoning board of appeals or the city council and shall be mailed by first class mail by the director of planning to all owners of property within one thousand (1,000) feet of the boundaries adjoining the subject property, as such property owners are listed on the records of DeKalb tax commissioner, at least 15 days and not more than 45 days prior to said public hearing.
 2. Signs shall be posted on the subject property at least 15 days and not more than 45 days prior to the public hearing before the city council, the planning commission or the zoning board of appeals. The required information on each sign shall be as provided in O.C.G.A. § 36-66-1 et seq., as it now exists and may be amended hereafter. At least one sign shall be posted on each street on which the subject property has frontage in a conspicuous location within ten feet of the right-of-way. One additional sign shall be posted for each additional 500 feet of frontage or fraction thereof in excess of 500 feet of frontage on each street on which the subject property has frontage. Signs shall be double-faced and posted so that the face of the sign may be read by the traveling public in both directions, and the applicant shall pay a sign fee, in an amount to be established by the city council, to the planning department.
 3. One notice sign may serve both the application for an amendment to the official zoning map and/or the application for a special land use permit, as long as the sign states the relevant information for all hearings relating to those actions.
 4. A dated photograph of each sign shall be submitted by the applicant to the director of planning as evidence of its proper posting.
 5. The city shall cause a notice of each public hearing regarding a proposed zoning decision to be published in a newspaper of general circulation within the city at least 15 days and not more than 45 days prior to the public hearing. The notice shall include the date, time and place of the hearing before the planning commission, the city council, and/or the zoning board of appeals, the address of the property, the present zoning classification of the property, the proposed zoning classification of the property, the nature of the variance sought, and the proposed special land use, as applicable.

(Ord. of 8-2-2017, § 1(7.2.4))

Sec. 7.2.5 Community Impact Notification

- A. **Applicability**
1. Any development or building project with an aggregate of 12,000 square feet or more of new buildings or a site consisting of two acres or more must meet the Community Impact Notification requirements.
 2. This includes any development or building project with an aggregate of 12,000 square feet of construction, or other similar work requiring a building permit within the next 24 months.
- B. **Requirements**
1. *Council notification.* The Chief Building Official shall provide notification to the pertinent district councilmember.

2. *Posted notice.* Applicant shall place one or more signs in a conspicuous location on the property. At least one sign shall be posted along each street on which the subject property has frontage. One additional sign shall be posted for each additional 500 feet of frontage. Each sign shall contain the location and nature of the proposed project and web address to access and view plans.
3. *Written notice.* Written notice shall be mailed by first class mail by the Applicant to all owners of property within 1,000 feet of the boundaries of the subject property. The notice shall state the location and nature of the proposed project.

DIVISION 3. ZONING AND COMPREHENSIVE PLAN AMENDMENTS AND PROCEDURES

Sec. 7.3.1. Initiation of proposals for text and map amendments.

A proposed amendment to the text of this chapter, the official zoning map, or the comprehensive plan may be introduced by the director of planning, one or more members of the city council or by the planning commission. In addition, amendments to the official zoning map (rezoning) and the comprehensive plan may be initiated upon application by the owners of the subject property or the authorized agent of the owners. Before enacting any amendment to this chapter, the official zoning map, or the comprehensive plan maps, the city council shall provide for the public notice and public hearings required by section 7.2.4 of this article.

(Ord. of 8-2-2017, § 1(7.3.1))

Sec. 7.3.2. Consistency with comprehensive plan.

Any applicant seeking to rezone property to a classification that is inconsistent with the comprehensive plan, as established in article 1 of this zoning ordinance, must first obtain approval of an amendment to the comprehensive plan land use map from the city council. The comprehensive plan maps shall be amended according to a schedule approved by the city council. However, exceptions may be granted by the city council in between the regular review cycle in cases of demonstrated hardship, or in cases of large-scale developments that may provide special economic benefits to the community. Requests for exceptions shall be subject to approval by the city council during a city council meeting.

(Ord. of 8-2-2017, § 1(7.3.2))

Sec. 7.3.3. Staff analysis, findings of fact, and recommendations.

- A. The staff of the planning department shall conduct a site inspection on all applications for zoning map and comprehensive plan map amendments and shall investigate and prepare an analysis of each proposed text amendment to this chapter or to the comprehensive plan.
- B. The findings and recommendations of the planning department staff shall be made based on each of the standards and factors contained in section 7.3.4 or section 7.3.5, below, as applicable. In an application for rezoning, the planning staff may recommend the imposition of conditions in accordance with section 7.3.9. The staff shall present its findings and recommendations to the planning commission and the city council.
- C. Within a reasonable amount of time after acceptance of a complete application, the director of planning shall submit the application for review by city departments and external agencies, as may be appropriate. External agencies may include, but are not limited to, DeKalb County, DeKalb County School Board, Georgia

Regional Transportation Authority, Georgia Department of Transportation, and the Atlanta Regional Commission (ARC), and any municipality that abuts the property that is the subject of the application. Any written comments received prior to submittal of the report shall be submitted to the review bodies for consideration and such comments shall become an official public record.

(Ord. of 8-2-2017, § 1(7.3.3))

Sec. 7.3.4. Standards and factors governing review of proposed amendments to the comprehensive plan map.

The following standards and factors are found to be relevant for evaluating applications for amendments to the comprehensive plan map and shall govern the review of all proposed amendments to the comprehensive plan map:

- A. Whether the proposed land use change will permit uses that are suitable in consideration of the use and development of adjacent and nearby property or properties.
- B. Whether the proposed land use change will adversely affect the existing use or usability of adjacent or nearby property or properties.
- C. Whether the proposed land use change will result in uses which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.
- D. Whether the amendment is consistent with the written policies in the comprehensive plan text and any applicable small areas studies.
- E. Whether there are potential impacts on property or properties in an adjoining governmental jurisdiction, in cases of proposed changes near municipal boundary lines.
- F. Whether there are other existing or changing conditions affecting the use and development of the affected land areas which support either approval or denial of the proposed land use change.
- G. Whether there will be an impact on historic buildings, sites, districts or archaeological resources resulting from the proposed change.

(Ord. of 8-2-2017, § 1(7.3.4))

Sec. 7.3.5. Standards and factors governing review of proposed amendments to the official zoning map.

The following standards and factors are found to be relevant to the exercise of the city's zoning powers and shall govern the review of all proposed amendments to the official zoning map:

- A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan.
- B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property or properties.
- C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.
- D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property or properties.
- E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

- F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources.
- G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.
- H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

(Ord. of 8-2-2017, § 1(7.3.5))

Sec. 7.3.6. Reserved.

(Ord. of 8-2-2017, § 1(7.3.6))

Sec. 7.3.7. Action by the planning commission.

The secretary of the planning commission shall provide the members of the planning commission complete information on each proposed application requiring a public hearing by the planning commission, including a copy of the application and all supporting materials. The planning commission, after conducting a public hearing with prior public notice as required by this article, shall consider the proposal and vote on its recommendation to the city council. ~~Any recommendation. Deferral of an application~~ by the planning commission shall not be binding on the city council. The planning commission may recommend approval of the application, **recommend** approval to a less intense zoning district or land use category than that requested by the applicant, **recommend** approval of the application with conditions, **recommend** denial of the application, **recommend** deferral of the application, or, upon request of the applicant, **recommend** withdrawal of the application without prejudice. In its recommendation of any application, the planning commission may recommend the imposition of conditions in accordance with section 7.3.9. All findings and recommendations of the planning commission relating to amendments to the official zoning map shall be made based on each of the standards and factors contained in section 7.3.5. All recommendations of the planning commission relating to amendments to the comprehensive plan maps shall be made based on each of the standards and factors contained in section 7.3.4. The secretary of the planning commission shall make and maintain a written record of the planning commission's consideration and recommendations, which shall be public record.

(Ord. of 8-2-2017, § 1(7.3.7)) **TMOD-21-0141**

Sec. 7.3.8. Action by the city council.

At the next scheduled city council meeting pursuant to the applicant zoning calendar following the appearance of the matter on the planning commission agenda, the city council, after conduct of a public hearing with public notice as required by this article, shall vote to approve the proposed amendment pursuant to this division, approve with conditions, approve to a less intense zoning district or land use category than that requested by the applicant, deny the proposed amendment, defer the proposed amendment, or, upon request of the applicant, permit withdrawal without prejudice. In the approval of any proposed amendment to the official zoning map, the city council may impose conditions in accordance with section 7.3.9. For each proposed zoning decision, the analysis submitted by the applicant, if any, the analysis prepared by the planning department, and the record prepared by the planning commission shall be presented to each member of the city council. All decisions of the city council relating to each proposed amendment to the official zoning map shall be made based on each of the standards and factors contained in sections 7.3.4 and 7.5.3 or 7.5.4, as appropriate. All decisions of the city council relating to amendments to the comprehensive plan maps shall be made based on each of the standards and factors contained in section 7.3.4. Any proposed amendment or any proposed substitute ordinance considered by the city council shall be presented in written form prior to being voted on by the city council, or made a part of the motion.

(Ord. of 8-2-2017, § 1(7.3.8))

Sec. 7.3.9. Conditions of zoning.

Conditions of zoning may be requested by an applicant, recommended by the planning department or planning commission, or imposed by the city council, as a part of any proposed change to the official zoning map, in accordance with the following requirements:

- A. Conditions of zoning may be imposed so as to ameliorate the effects of the proposed developmental change for the protection or benefit of neighboring persons or properties consistent with the purpose and intent of the zoning districts involved, and the goals and objectives of the comprehensive plan and state law. No condition shall be imposed which reduces the requirements of the zoning districts involved, except as stipulated in section 8.1.12 of this chapter. All conditions shall be of sufficient specificity to allow lawful and consistent application and enforcement. All conditions shall be supported by a record that evidences the relationship between the condition and the impact of the developmental change. No condition in the form of a development exaction for other than a project improvement shall be imposed within the meaning of the Georgia Development Impact Fee Act, as amended.
- B. Once imposed, conditions of zoning shall become an integral part of the approved amendment and shall be enforced as such. Changes to approved conditions shall be authorized only pursuant to section 7.3.10.
- C. Site plans referenced in the conditions of zoning are conceptual only unless specific aspects of the site plan or the site plan itself are approved as a separate zoning condition. Development shall meet or exceed the imposed zoning conditions and all other applicable law, standards and regulations of the City. Compliance with the conditions of zoning shall be demonstrated prior to the issuance of a land disturbance permit or building permit and conditional improvements shall be in place prior to the issuance of the first certificate of occupancy.

(Ord. of 8-2-2017, § 1(7.3.9))

Sec. 7.3.10. Modifications and changes to approved conditions of zoning.

- A. The director of planning shall have sole authority to approve minor changes to conditions attached to an approved zoning amendment. Minor changes are those that implement only slight alterations to the approved conditions made necessary by actual field conditions at the time of development, and that do not alter the impact of the development on nearby properties nor the intent or integrity of the conditions as originally imposed. Any request for minor changes to conditions shall be filed with the director of planning or his designee on a written form which shall include a full description of the documents and/or information necessary for the application to be considered complete. At a minimum, if an approved site plan exists, the request for minor changes shall be accompanied by four copies of the proposed revised site plan. The director of planning shall decide whether to grant or deny the request for minor changes to conditions within 30 calendar days of receipt of a complete application for such minor changes. If the director of planning does not decide within 30 days the request for minor change shall be deemed denied as of the 31st day after receipt of a complete application. After making a decision, the director of planning shall have ten calendar days to post a sign on the subject property which reflects the decision of the director and includes the deadline for taking an appeal of the decision. Persons identified in section 7.5.2.B. shall have 15 calendar days from the posting of the sign to appeal the director of planning's decision by filing an application for appeal with the secretary of the zoning board of appeals. Any major changes to conditions attached to an approved zoning amendment shall require an application and public hearings before the planning commission and the city council, as required in section 7.2.4 of this article for amendments to the official

zoning map without limiting the meaning of the phrase, the following shall be deemed to constitute major changes:

1. The movement of any building or structure adjacent to an exterior boundary line, closer to the boundary line of the property;
2. Any increase in the number of dwelling units or any increase in the total amount of floor space of any nonresidential building;
3. Any decrease in the size of residential units imposed in the original conditional zoning amendment;
4. Any change in any buffer requirements imposed in the original conditional zoning amendment;
5. Any increase in the height of any building or structure;
6. Any change in the proportion of floor space devoted to different authorized uses; or
7. Any change to conditions, except minor changes, as defined in subsection A. of this section, imposed by the city council when approving any change to the official zoning map, commonly referred to as a rezoning or a zoning amendment.

(Ord. of 8-2-2017, § 1(7.3.10)

)

DIVISION 4. SPECIAL LAND USE PERMITS

Sec. 7.4.1. Special land use permits generally.

- A. A special land use permit is a means by which the city council gives special consideration, pursuant to a clear set of standards and criteria, to those types of uses which may or may not be compatible with uses and structures authorized as a matter of right within a particular zoning district. Special land use permits are required for uses that have operational characteristics and/or impacts that are significantly different from the zoning district's principal authorized uses and therefore require individual review pursuant to the standards and criteria set forth in this division and article.
- B. Special land use permit applications shall be authorized only for those uses specifically listed in the applicable zoning district regulations, as permitted by special land use permit, and in compliance with any applicable supplemental regulations, according to article 4 of this chapter or section 7.4.7.
- C. An applicant desiring to apply for a special land use permit authorized within a zoning district described in this chapter shall file an application with the planning department in accordance with this division. The city council, following consideration by the planning commission, shall determine whether the proposed use, in the particular location contemplated, meets the standards and criteria set forth in this division and chapter.
- D. Such uses may further require, and the city council shall be authorized to impose, special conditions in order to ensure their compatibility with surrounding uses and to minimize adverse impacts on the use of surrounding property.

(Ord. of 8-2-2017, § 1(7.4.1))

Sec. 7.4.2. Initiation of applications and public hearing requirements.

- A. Procedures for applications shall comply with section 7.2.2.
- B. Applications for special land use permits require a public hearing, as provided for in section 7.2.4.

(Ord. of 8-2-2017, § 1(7.4.2))

Sec. 7.4.3. Initiation of ordinance for application for special land use permit.

Upon receipt of a complete application for a special land use permit, the secretary of the planning commission shall prepare a proposed ordinance to grant the proposed special land use permit, and said proposed ordinance shall be referred to the planning commission for public hearing and consideration pursuant to the requirements of this chapter and presented to the city council at their next scheduled zoning meeting after appearance on the planning commission agenda.

(Ord. of 8-2-2017, § 1(7.4.3))

Sec. 7.4.4. Reserved.

(Ord. of 8-2-2017, § 1(7.4.4))

Sec. 7.4.5. Staff analysis, findings of fact, and recommendation on each application.

An application for a special land use permit shall be filed on forms provided by the planning department and shall not be considered an authorized application unless complete in all respects. Upon receipt of a complete application, the staff of the planning department shall conduct a site inspection and shall prepare an analysis of each application for a special land use permit and shall present its findings and recommendations in written form to the planning commission. Staff analysis and recommendations on each application for special land use permit shall be based on the criteria contained in section 7.4.6 and, in addition, where applicable to the use proposed, on the criteria contained in section 7.4.7.

(Ord. of 8-2-2017, § 1(7.4.5))

Sec. 7.4.6. Special land use permit; criteria to be considered.

The following criteria shall be considered by the planning department, the planning commission, and the city council in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the city council unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and the application is in compliance with all applicable regulations in article 4 of this chapter:

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located.
- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district.
- C. Adequacy of public services, public facilities, and utilities to serve the proposed use.
- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.
- E. Whether or not existing land uses located along access routes to the site will be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use.

- F. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.
- G. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration generated by the proposed use.
- H. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use.
- I. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use.
- J. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.
- K. Whether the proposed use is consistent with the policies of the comprehensive plan.
- L. Whether the proposed use provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.
- M. Whether there is adequate provision of refuse and service areas.
- N. Whether the length of time for which the special land use permit is granted should be limited in duration.
- O. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings.
- P. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.
- Q. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.
- R. Whether the proposed use will create a negative shadow impact on any adjoining lot or building as a result of the proposed building height.
- S. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objective of the comprehensive plan.

(Ord. of 8-2-2017, § 1(7.4.6))

Sec. 7.4.7. Additional criteria for specified uses.

In addition to the criteria contained in section 7.4.6 above for which each applicant for a special land use permit is required to provide information, the following additional criteria shall apply to specific uses as specified below. No application for a special land use permit for the uses specified below shall be granted by the city council unless it is determined that, in addition to meeting the requirements contained within the zoning district in which such property is located and the criteria contained in section 7.4.6 above, and complying with applicable regulations in article 4 of this chapter, satisfactory provisions and arrangements have been made concerning each of the following criteria:

- A. *Telecommunications towers and antennas.* In determining whether to authorize a special land use permit for a telecommunication tower or antenna, the city council shall comply with and apply the requirements of section 4.2.57.

- B. *Reserved.*
- C. *Child daycare facility.* In determining whether to authorize a special land use permit for a child daycare facility, the city council shall also consider each of the following criteria:
1. Whether there is adequate off-street parking for all staff members and for visitors to the child daycare facility.
 2. Whether the proposed off-street parking areas and the proposed outdoor play areas can be adequately screened from adjoining properties so as not to adversely impact any adjoining land use.
 3. Whether there is an adequate and safe location for the dropping off and picking up of children at the child daycare facility.
 4. Whether the character of the exterior of the proposed structure will be compatible with the residential character of the buildings in the zoning district in which the child daycare facility is proposed to be located, if proposed for a residential zoned district.

~~D. Biomedical waste disposal facilities, disposal facilities, landfills, county or city solid waste disposal facilities, county or city solid waste landfills, private industry solid waste disposal facilities, solid waste handling facilities, solid waste thermal treatment technology facilities, and disposal facilities for hazardous and/or toxic materials including radioactive materials.~~

~~1. In determining whether to authorize a special land use permit for a biomedical waste disposal facility, disposal facility, landfill, county or city solid waste disposal facility, county or city solid waste landfill, private industry solid waste disposal facility, solid waste handling facility, solid waste thermal treatment technology facility, or disposal facility for hazardous and/or toxic materials including radioactive materials, the city council shall also consider each of the following criteria:~~

~~a. Whether the proposed use does not pose any potential negative impact resulting from air pollution, degradation of soil and/or water quality, noise, odor, or other negative environmental effects.~~

~~b. Whether the proposed use will not have a significant deleterious effect on use of land and value of existing housing in adjacent and nearby neighborhoods.~~

~~c. Whether the proposed use will not create a negative traffic impact on any adjacent or nearby residential streets resulting from truck and other vehicular traffic associated with the facility.~~

~~d. Whether the proposed use does not represent an over-concentration of such uses in the area.~~

(Ord. of 8-2-2017, § 1(7.4.7))

[TMOD-22-001]

Sec. 7.4.8. Action by the planning commission.

- A. Planning staff shall provide the members of the planning commission complete information on each proposed application for a special land use permit that the commission considers, including a copy of the application and all supporting materials. The planning commission, after conducting a public hearing with public notice, as required by this article, shall vote on its recommendation to be provided to the city council.
- B. The planning commission may recommend approval of the application, approval of the application with conditions, denial of the application, or deferral of the application.

- C. The planning commission may recommend the imposition of conditions based upon the facts of a particular application in accordance with section 7.3.9.
- D. The planning commission recommendation on each application shall be based on a determination as to whether or not the applicant has met the criteria contained in section 7.4.6, the criteria contained in section 7.4.7 where applicable to the use proposed, and the requirements of the zoning district in which such use is proposed to be located.

(Ord. of 8-2-2017, § 1(7.4.8))

Sec. 7.4.9. Action by the city council.

- A. The city council, after conducting the public hearing with public notice as required by this chapter, shall vote to approve the application, approve the application with conditions, deny the application, defer the application, or, upon request of the applicant, to permit withdrawal of the application without prejudice.
- B. The city council may impose conditions based upon the facts of a particular application in accordance with section 7.4.9.
- C. The decision of the city council on each application for special land use permit shall be based on a determination as to whether or not the application satisfies the criteria contained in section 7.4.6, the criteria contained in section 7.4.7 where applicable to the use proposed, and the requirements of the zoning district in which such use is proposed to be located.
- D. The city council may specify the duration of each such special land use permit approved.

(Ord. of 8-2-2017, § 1(7.4.9))

Sec. 7.4.10. Appeals of decisions of the city council.

All appeals of all final decisions of the city council under the provisions of this division shall be as follows:

- A. Any person aggrieved by a final decision of the city council on an amendment to the zoning ordinance which rezones property from one zoning classification to another or which changes zoning conditions, or which denies any such ordinances may seek review of such decision by petitioning the Superior Court of DeKalb County via direct appeal, setting forth plainly the alleged errors. Such petition shall be filed within 30 days after the final decision of the city council is rendered.
- B. Any person aggrieved by a final decision of the city council on a special land use permit may seek review of such decision by petitioning the Superior Court of DeKalb County via a writ of certiorari plainly setting forth the alleged errors. Such petition shall be filed within 30 days after the final decision of the city council is rendered.

(Ord. of 8-2-2017, § 1(7.4.10))

Sec. 7.4.11. Limitations of special land use permits.

- A. *Development of an approved special use.* The issuance of a special land use permit shall only constitute approval of the proposed use, and development of the use shall not be carried out until the applicant has secured all other permits and approvals required by any applicable law or regulation.
- B. *Expiration of a special land use permit.* Unless a building permit or other required approvals is applied for within 12 months of the city council's approval, and construction pursuant to such building permit is promptly begun and diligently pursued thereafter, the special land use permit shall expire automatically,

unless the permit is extended upon application to the city council in accordance with subsection C. of this section.

- C. *Time extension of a special land use permit.* A time limitation imposed on special land use permits by the city council and the expiration date established pursuant to subsection B. of this section may be extended once for 12 consecutive months upon written request by the applicant and approval by the planning director. Any further time extensions shall be by the city council upon written request by the applicant and approval of the city council after compliance with the public notice provisions of section 7.2.4.C. In considering a request to extend, the planning director and the city council shall consider the criteria described in section 7.4.6.
- D. *Limitations on approvals for special land use permits.* A special land use permit shall expire automatically and cease to be of any force or effect if such use shall, for any reason, be discontinued for a period of 12 consecutive months.
- E. *Modifications to a special land use permit.* Changes to an approved special land use permit, including changes to approved conditions, expansion of the approved use, or expansion of building square footage, shall be subject to the same application, review and approval process as a new application, including the payment of relevant fees.

(Ord. of 8-2-2017, § 1(7.4.11))

Sec. 7.4.12. Transfer of special land use permits.

A special land use permit, including the site plan and any conditions imposed at the time of the grant of the special land use permit by the city council, is granted to the person, corporation or other legal entity that applied for the permit. A special land use permit expires automatically upon change in ownership of the subject property, unless the special land use permit is transferred as authorized in this section. A special land use permit may only be transferred from one person, corporation, or other legal entity to another person, corporation, or other legal entity upon application to the director of planning. Any such application by any person, corporation, or other legal entity to transfer a special land use permit shall be accompanied by an affidavit of the proposed transferee certifying that the new owner or operator is familiar with and will abide by the approved site plan and all of the conditions, if any, imposed by the city council at the time of the grant of the special land use permit.

If an application to the city council for a special land use permit is submitted due to an existing violation of this chapter and such application for special land use permit is denied, the violation shall be required to be corrected within 30 days of such denial. Notwithstanding the foregoing, the director of planning may extend the deadline for correction of the violation for a period up to 90 days following the denial of the special land use permit application upon a showing that the violation cannot reasonably be corrected within 30 days.

(Ord. of 8-2-2017, § 1(7.4.12))

DIVISION 5. VARIANCES AND APPEALS TO THE ZONING BOARD OF APPEALS

Sec. 7.5.1. Testimony and burden of proof.

The chairperson of the zoning board of appeals, or, in his absence, the acting chairperson, may administer oaths and compel the attendance of witnesses by subpoena.

- A. *Requirements.* The standards and requirements of this zoning ordinance and decisions made by public officials are presumed to be valid and just. It shall be the responsibility of an applicant seeking relief to assume the burden of proof and rebut this presumption by presenting sufficient facts and evidence to

explain how the proposed appeal or variance is consistent with the general spirit and intent of this zoning ordinance and the comprehensive plan.

- B. *Review.* It is the duty of the zoning board of appeals to review such facts and evidence in light of the intent of the zoning ordinance to balance the public health, safety and general welfare against the injury to a specific applicant that would result from the strict application of the provisions of this zoning ordinance to the applicant's property.

(Ord. of 8-2-2017, § 1(7.5.1))

Sec. 7.5.2. Appeals of decisions of administrative officials.

- A. *General power.* The zoning board of appeals shall have the power and duty to hear and decide appeals where it is alleged by the appellant that there is error in any final order, requirement, or decision made by an administrative official based on or made in the enforcement of this zoning ordinance or as otherwise authorized by local law or the Code of the City of Stonecrest. Administrative officials must make final decisions covered by this section within 180 days of receipt of all necessary information to make such decision. A failure to act prior to the passage of 180 days shall not be construed to be a final order, requirement or decision within the meaning of this division. If a decision is not made by the 181st day, the requested decision is deemed denied, and becomes appealable. All such appeals shall be heard and decided following the notice requirements of section 7.2.4, and pursuant to the following criteria and procedural requirements.
- B. *Appeals of decisions of administrative officials.* Appeals of decisions of administrative officials may be filed by:
- (1) Any person aggrieved by; or
 - (2) An owner of property within 250 feet of the nearest property line of the property that is the subject of any final order, requirement, or decision of an administrative official, based on or made in the enforcement of this zoning ordinance, or as otherwise authorized by local law or the Code of the City of Stonecrest.

By filing with the secretary of the zoning board of appeals an application for appeal, specifying the grounds thereof, within 15 days after the action was taken by the official that is the subject of the appeal.

- C. *Appeal stays all legal proceedings.* An appeal of a decision of an administrative official stays all legal proceedings in furtherance of the action or decision appealed from unless the official from whom the appeal is taken certifies to the zoning board of appeals, after notice of appeal has been filed, that by reason of facts stated in the certificate, a stay would, in that official's opinion, cause imminent peril to life or property. In such a case, legal proceedings shall be stayed only pursuant to a restraining order granted by a court of competent jurisdiction directed to the officer from whom the appeal is taken and on due cause shown.
- D. *Appeal stays land disturbance or construction activity in certain situations.* If the action or decision appealed from permits land disturbance or construction activity to commence or continue on residentially zoned property, the appeal stays the land disturbance or construction activity until the zoning board of appeals issues a decision on the appeal. Thereafter, land disturbance or construction activity in such cases shall only be stayed by an order from a court of competent jurisdiction. In all cases involving nonresidentially zoned property, the appeal to the zoning board of appeals does not stay land disturbance or construction activity; such activity shall only be stayed by an order from a court of competent jurisdiction.
- E. *Order granted by court.* Thereafter, in such situations land disturbance or construction activity shall only be stayed by an order granted by a court of competent jurisdiction.

- F. *Time of hearing.* The zoning board of appeals shall fix a reasonable time for the hearing of the appeal and give notice thereof pursuant to the requirements of section 7.2.4 as well as written notice to the appellant. Any party may appear at the hearing in person, by an agent, by an attorney, or by the submission of written documentation.
- G. *Decision of the zoning board of appeals.* Following the consideration of all testimony, documentary evidence, and matters of record, the zoning board of appeals shall make a determination on each appeal. The zoning board of appeals shall decide the appeal within a reasonable time, but in no event more than 60 days from the date of the hearing. An appeal shall be sustained only upon an expressed finding by the zoning board of appeals that the administrative official's action was based on an erroneous finding of a material fact, erroneously applied the zoning ordinance to the facts, or that the administrative official acted in an arbitrary manner. In exercising its powers, the zoning board of appeals may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and to that end shall have all the powers of the administrative official from whom the appeal was taken and may issue or direct the issuance of a permit, provided all requirements imposed by any applicable laws are met.

(Ord. of 8-2-2017, § 1(7.5.2))

Sec. 7.5.3. Applications for variances; and criteria to be used by the zoning board of appeals in deciding applications for variances.

The zoning board of appeals shall hear and decide applications for variances from the strict application of the regulations of this chapter and chapter 21 where the strict application of any regulation enacted under said chapters would result in exceptional and undue hardship upon the owner of such property. In determining whether or not to grant a variance, the board shall apply the criteria specified in this section to the facts of each case. The board may attach reasonable conditions to any approved variance in accordance with section 7.3.9. Once imposed, conditions shall become an integral part of the approved variance and shall be enforced as such. No changes to an approved condition attached to a variance shall be authorized except by re-application to the zoning board of appeals in full compliance with the applicable provisions of this division. No relief may be granted or action taken under the terms of this division unless such relief can be granted without substantial detriment to the public good and without substantial impairment of the intent and purpose of this chapter and the comprehensive plan. The zoning board of appeals shall apply the following criteria to the types of applications specified below as follows:

- A. Variances from the provisions or requirements of this chapter other than variances described in section 7.5.4 shall be authorized only upon making all of the following findings:
1. By reason of exceptional narrowness, shallowness, or shape of a specific lot, or by reason of exceptional topographic and other site conditions (such as, but not limited to, floodplain, major stand of trees, steep slope), which were not created by the owner or applicant, the strict application of the requirements of this chapter would deprive the property owner of rights and privileges enjoyed by other property owners in the same zoning district.
 2. The requested variance does not go beyond the minimum necessary to afford relief, and does not constitute a grant of special privilege inconsistent with the limitations upon other properties in the zoning district in which the subject property is located.
 3. The grant of the variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the zoning district in which the subject property is located.
 4. The literal interpretation and strict application of the applicable provisions or requirements of this chapter would cause undue and unnecessary hardship.

5. The requested variance would be consistent with the spirit and purpose of this chapter and the Comprehensive Plan text.
- B. Appeals of decisions regarding building architectural design standards shall be evaluated using the same criteria as section 7.6.7.B.
- C. Appeals to the height standards, but not to add stories, shall be evaluated using the criteria as follows:
 1. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located.
 2. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district.
 3. Adequacy of public services, public facilities, and utilities to serve the proposed use.
 4. Whether or not the proposed use provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.
 5. Whether or not the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings.
 6. Whether or not the proposed use will create a negative shadow impact on any adjoining lot or building as a result of the proposed building height.

(Ord. of 8-2-2017, § 1(7.5.3))

Sec. 7.5.4. Applications for variances to reduce or waive off-street parking or loading space requirements.

The zoning board of appeals shall hear and decide applications for variances to reduce or waive required off-street parking or loading spaces in accordance with the provisions and standards of this section. All such applications shall be heard and decided based on the notice requirements of section 7.2.4. The zoning board of appeals may waive or reduce the required number of parking or loading spaces in any district only upon an expressed finding that:

- A. The character of the use of the buildings is such as to make unnecessary the full provision of parking or loading spaces;
- B. Reserved;
- C. The provision of the full number of parking spaces would have a deleterious effect on an historic building, site, district or archaeological resource;
- D. The use has a characteristic that differentiates it from the typical use example used in the formulation of this zoning ordinance;
- E. The location of the proposed development is relatively isolated where the opportunity for diversity of use, pedestrian access, and alternative modes is not available; or
- F. The developer is providing the additional spaces for general public parking (for hourly or daily parking charges) to serve surrounding development.

(Ord. of 8-2-2017, § 1(7.5.4))

Sec. 7.5.5. Limitations of authority of the zoning board of appeals.

No variance shall be granted by the zoning board of appeals to:

- A. Allow a structure or use not listed as a permitted use or a special use in the applicable zoning district or a density of development that is not authorized within such district. This prohibition does not apply to any variance from the supplemental regulations of article 4 of this zoning ordinance or from any other accessory feature or characteristic of a permitted or special use, unless said variance is otherwise prohibited by the regulations of this chapter.
- B. Allow any variance which conflicts with or changes any requirement enacted as a condition of zoning or of a special land use permit by the city council.
- C. Reduce, waive or modify in any manner the minimum lot width unless the purpose is to reverse a lot merger.
- D. Reduce, waive or modify in any manner the minimum lot area established by this chapter.
- E. Extend the time period for a temporary outdoor social, religious, entertainment or recreation activity approved by the director of planning.
- F. Permit the expansion or enlargement of any nonconforming use of land, nonconforming use of land and buildings in combination, nonconforming use of land and structures in combination, or nonconforming use requiring special land use permit.
- G. Permit the reestablishment of any nonconforming use of land, nonconforming use of land and buildings in combination, nonconforming use of land and structures in combination, or nonconforming use requiring special land use permit where such use has lapsed pursuant to the requirements and limitations of article 8 of this chapter.
- H. Permit customer contact for a home occupation authorized by this chapter.
- I. Allow any variance to increase the height of a building which will result in adding a story.

(Ord. of 8-2-2017, § 1(7.5.5))

Sec. 7.5.6. Decision by the zoning board of appeals.

Each application presented to the zoning board of appeals regarding a variance shall be scheduled for a public hearing within 60 days of the filing of a complete application and shall be supported by findings and conclusions which shall be a part of the record established by the zoning board of appeals for each application. The zoning board of appeals shall grant or deny the variance. In its variance decision, the zoning board of appeals must include findings of fact citing evidence of compliance with all applicable criteria imposed by this chapter or other applicable provisions of law. The zoning board of appeals may adopt the findings of fact of the staff or the applicant, they may adopt the findings of fact of the staff or applicant with modifications, or they may adopt a separate set of facts developed by the zoning board of appeals.

(Ord. of 8-2-2017, § 1(7.5.6))

Sec. 7.5.7. Compliance with standards upon denial.

In such case that an application to the zoning board of appeals is initiated due to an existing violation of this chapter and such application is denied, the violation shall be required to be corrected within 30 days of such denial or as specified by the zoning board of appeals if a greater time period is required. The maximum extension of time the board may grant for correction shall be 90 days.

(Ord. of 8-2-2017, § 1(7.5.7))

Sec. 7.5.8. Appeals of decisions of the zoning board of appeals.

All appeals of all final decisions of the zoning board of appeals under the provisions of this chapter shall be as follows:

Only persons aggrieved by a final decision of the zoning board of appeals may seek review of such decision by petitioning the Superior Court of DeKalb County by writ of certiorari, setting forth plainly the alleged errors. Such petition shall be filed within 30 days after the final decision of the zoning board of appeals is rendered.

(Ord. of 8-2-2017, § 1(7.5.8))

Sec. 7.5.9. Fair Housing Act accommodation variance.

Notwithstanding any other provisions in this chapter to the contrary, the zoning board of appeals may grant a variance to the limitations of this chapter that might have a discriminatory impact on a handicapped person, as that term is defined in the Federal Fair Housing Act, including, but not limited to, sections 4.2.41 and 4.2.28 as well as the terms defined therein. A Fair Housing Act accommodation variance shall be issued if the applicant for such a variance shows a documented need for accommodation based on medical or scientific studies, that the requested accommodation is the minimum necessary variance from the restrictions of the Code, that the requested accommodation does not impose an undue burden or expense on the city or its citizens, and that the requested accommodation does not effectively create a fundamental alteration of the existing zoning scheme. An application for a Fair Housing Act accommodation variance shall comply with all other procedural requirements for consideration and approval of variances in this division.

(Ord. of 8-2-2017, § 1(7.5.9))

DIVISION 6. SPECIAL ADMINISTRATIVE PERMITS; WAIVERS AND VARIANCES

Sec. 7.6.1. Special administrative permits generally.

The director of planning is hereby authorized to consider and decide requests for special administrative permits specifically authorized in this zoning ordinance. All such requests for special administrative permits shall be filed in writing on forms promulgated by the director of planning.

(Ord. of 8-2-2017, § 1(7.6.1))

Sec. 7.6.2. Standards for special administrative permits, criteria to be applied.

All applications filed for special administrative permit with the director of planning shall be considered and decided pursuant to the standards contained in sections 7.4.6 and 7.4.7 of this chapter, and any supplemental regulations, as applicable, in article 4 of this chapter. All special administrative permits approved by the director of planning shall specify the length of time of the duration of each such special administrative permit.

(Ord. of 8-2-2017, § 1(7.6.2))

Sec. 7.6.3. Time limitations.

All applications for special administrative permits shall be considered and decided by the director of planning no later than 30 days from the receipt of a complete application for such special administrative permit, unless an extension of time is agreed to by the applicant and the director of planning. If the director of planning does not render a decision on the application within 30 days the application shall be deemed denied as of the 31st day after receipt of a complete application.

(Ord. of 8-2-2017, § 1(7.6.3))

Sec. 7.6.4. Reserved.

(Ord. of 8-2-2017, § 1(7.6.4))

Sec. 7.6.5. Administrative variances, administrative waivers; authority.

- A. The director of planning is hereby authorized to consider and grant or deny, pursuant to the procedures and standards contained in this division, an administrative variance or an administrative waiver from the following regulations and subject to the standard limitations:
1. Reduce by variance any front, side or rear yard setback by an amount not to exceed ten percent of the district requirement, but not including any transitional buffer zone or any setback which is a condition of zoning or special land use permit, pursuant to the standards specified in section 7.5.3.
 2. Reduce by variance the required spacing between buildings in districts where multiple buildings are authorized on a single lot in an amount not to exceed ten percent of the requirement, pursuant to the standards specified in section 7.5.3.
 3. Reduce by variance the off-street parking or loading requirements imposed by this chapter in an amount not to exceed ten percent of the district requirement, pursuant to the standards specified in section 7.5.4.
 4. Reserved.
 5. Increase by variance the retaining wall height as set forth in article 5, division 4 of this chapter by an amount not to exceed two feet, but no such variance is allowed for property located in an historic district.
 6. Increase by variance the distancing requirements for retaining walls set forth in article 5, division 4 of this chapter by an amount not to exceed two feet.
 7. Increase by variance the elevation of residential thresholds as set forth in article 5, division 2 of this chapter by two feet.
 8. Reduce by variance, as follows, if necessary to allow reasonable use following a public road right-of-way donation or acquisition:
 - a. To reduce required minimum lot size by up to 50 percent only to maintain the pre-determined yield.
 - b. To reduce required setbacks for a permitted or existing structure on a lot in the event of public road right-of-way donations or acquisition that would otherwise cause the lot to be nonconforming with respect to the minimum setback standards.

- c. To reduce the number of parking spaces for any existing or permitted structure below the minimum required parking spaces applicable to the use.
- 9. Waive architectural building standards and designs provided in article 5 of this chapter, building form standards. The planning director shall notify the city council in writing within ten days of granting said waiver.
- 10. No administrative variance or waiver shall be authorized to delete, modify, or change in any manner any condition imposed by the city council or the zoning board of appeals.

(Ord. of 8-2-2017, § 1(7.6.5))

Sec. 7.6.6. Procedures for applications for administrative variances and administrative waivers.

- A. An application for administrative variance or administrative waiver shall be submitted to the director of planning on forms approved by the director of planning, along with any such fees as may be established by the city council.
 - 1. The director of planning shall review and decide upon each complete application pursuant to the applicable standards referred to in section 7.6.7. A written decision on each such application shall be issued no later than 30 days from the date a complete application was filed, unless an extension is agreed to by the applicant and director of planning. If the director of planning does not render a decision on the application within 30 days the application shall be deemed denied as of the 31st day after receipt of a complete application.
 - 2. The application for an administrative variance or administrative waiver shall state the specific regulation from which exception is sought and the reasons the exception is needed. The application shall contain such information as the director of planning deems necessary to evaluate the request.
 - 3. It shall be the applicant's burden to provide sufficient justification for granting the variance or waiver.
 - 4. The director of planning and staff shall prepare an evaluation statement concerning each application showing the impact of the applicable criteria as set forth in this division.
 - 5. No later than ten calendar days after making a decision, the director of planning shall post a sign on the subject property which reflects the decision of the director of planning and the deadline for taking an appeal of the decision to the zoning board of appeals.

(Ord. of 8-2-2017, § 1(7.6.6))

Sec. 7.6.7. Criteria used by the director of planning in deciding administrative variances and administrative waivers.

- A. The director of planning shall grant or deny applications for administrative variances from the strict application of the regulations identified in section 7.6.5.A., where the strict application of the associated regulations would result in exceptional and undue hardship upon the owner of such property. In determining whether or not to grant a variance, the director shall apply the criteria specified in sections 7.5.3 and 7.5.4 to the facts of each application.
- B. The director of planning shall consider administrative waivers to amend, reduce, or waive architectural, design, or building material standards found in article 5 of this chapter, building form standards using the following criteria:

1. Whether the proposed changes in appearance will have a substantial adverse effect on the design standards set out in article 5 of this chapter.
 2. The extent to which the proposed project complies with the design standard in terms of architectural style, general design arrangement, texture and color (non-painted surfaces) material of architectural features, and other site features.
 3. The extent to which the proposal is compatible with other structures in the area.
- C. When issuing a written decision on an administrative waiver request, the director of planning may make a decision to approve the waiver, approve with conditions, or deny the waiver, and shall cite the grounds relied upon in reaching the decision.

(Ord. of 8-2-2017, § 1(7.6.7))

Sec. 7.6.8. Persons entitled to appeal to the zoning board of appeals.

Any person identified in section 7.5.2.B. shall have the right to appeal by a decision of the director of planning related to administrative permits, variances or waivers to the zoning board of appeals. Such petition shall be filed within 30 days after the decision of the director is rendered.

(Ord. of 8-2-2017, § 1(7.6.8))

DIVISION 7. ENFORCEMENT, VIOLATIONS, AND PENALTIES

Sec. 7.7.1. Administration and enforcement; granting of permits.

The director of planning shall be responsible for the interpretation, administration and enforcement of the provisions of this chapter. The director of planning shall have the duty to issue development permits as required with respect to this chapter.

(Ord. of 8-2-2017, § 1(7.7.1))

Sec. 7.7.2. Development permits.

Unless otherwise exempted by this article, a development permit shall be required for any proposed use of land or buildings in order to ensure compliance with all provisions of this chapter and all other city ordinances and regulations before any building permit is issued or any improvement, grading, or alteration of land or buildings commences.

(Ord. of 8-2-2017, § 1(7.7.2))

Sec. 7.7.3. Building permits and certificates of occupancy required.

A building permit and a certificate of occupancy shall be obtained from the director of planning prior to occupancy of any building or structure. Such permit and certificate of occupancy shall be approved by the director of planning.

(Ord. of 8-2-2017, § 1(7.7.3))

Sec. 7.7.4. Applications for permits and certificates of occupancy.

- A. All applications for development permits shall be made to the director of planning.
- B. All applications for building permits and certificates of occupancy shall be made to the director of planning.
- C. Prior to the release of a development permit, compliance with zoning shall be reviewed and verified by the director of planning.
- D. All applications for development permits, building permits and development permits shall require a certificate of appropriateness from the Historic Preservation Commission if the project is located in an historic district or on an historic property.

(Ord. of 8-2-2017, § 1(7.7.4))

Sec. 7.7.5. Development and building permits; plans required.

- A. *Plans required.* All applications for development permits shall be accompanied by complete plans, which shall be drawn to scale, filed in duplicate, and which shall contain the following information:
 - 1. The name and signature of the author, and the author's address and telephone number;
 - 2. Plans shall show the actual shape and dimensions of the lot to be built upon, based on an actual survey by a professional engineer or land surveyor registered in the State of Georgia;
 - 3. Plans shall show all required building setback lines, buffer zones, and open space required by this chapter;
 - 4. Plans shall show the exact sizes and locations on the lot of the buildings and accessory buildings then existing and the lines within which the proposed building or structure shall be erected or altered;
 - 5. Plans shall show the current zoning classification of the property including zoning conditions and zoning variances, if any;
 - 6. Plans shall show the existing or intended use of each building or part of building, and the number of families or housekeeping units the building is designed to accommodate;
 - 7. Plans shall show such other information as may be required by the director of planning with regard to the lot and neighboring lots as may be necessary to determine and provide for the application of and enforcement of the requirements of this chapter.
- B. Plans shall be returned to the owner when the plans have been approved by the director of planning.
- C. Approval of the preliminary subdivision plat and compliance with all applicable provisions of the subdivision regulations contained in chapter 14 and in this chapter shall constitute approval of the development permit for a subdivision.
- D. Development permits for individual structures within approved residential subdivisions or developments shall not be required.

(Ord. of 8-2-2017, § 1(7.7.5))

Sec. 7.7.6. Issuance of development permits.

All development permits shall be issued by the director of planning, which shall in no case grant any development permit for the use, construction or alteration of any land or building if the land or building as proposed to be used, constructed or altered would be in violation of any of the provisions of this chapter or any

other ordinances and laws of the city or the state, except as provided herein. Development permits issued on properties for which any variance or special exception has been approved by the board of zoning appeals shall be in compliance with all of the terms and conditions of such approval. Development permits issued on properties for which any special land use permit has been approved by the city council shall be in compliance with all of the terms, conditions, and site plans related to such approval. Development permits issued on properties in an R-SM, MR-1, MR-2, HR-1, HR-2, HR-3, MU-1, MU-2, MU-3, MU-4 or MU-5 district (or prior classifications of retired districts of CH, TND, or any PC district) shall be in compliance with the final plans approved by the director of planning. Development permits issued on properties for which conditional zoning is approved shall be in compliance with the approved statement of zoning conditions for such application. Minor alterations of conditions shall be authorized only in accordance with the provisions of this chapter.

(Ord. of 8-2-2017, § 1(7.7.6))

Sec. 7.7.7. Duration of validity of development permits.

A development permit shall be valid for two years from its issuance subject to the following provisions:

- A. If the work authorized in any development permit has not begun within six months from the date of issuance thereof, the permit shall expire.
- B. If the work described in any development permit has not been substantially completed within two years of the date of issuance thereof, the permit shall expire.

(Ord. of 8-2-2017, § 1(7.7.7))

Sec. 7.7.8. Building inspection.

The building inspection duties of the director of planning with respect to this chapter shall include, but not be limited to:

- A. Issuance of building permits in accordance with all provisions of this chapter and only after the director of planning has issued a development permit.
- B. Making field inspections to determine that the building or structure being constructed, reconstructed or structurally altered or used is being constructed or modified in accordance with the site plan for which a development permit and building permit have been issued. When a violation is found to exist, the director of planning shall immediately initiate appropriate legal action to ensure compliance.
- C. Ensuring that all construction has been completed in accordance with all applicable requirements of the Code of the City of Stonecrest prior to allowing occupancy.

(Ord. of 8-2-2017, § 1(7.7.8))

Sec. 7.7.9. Records.

The director of planning shall maintain records of all official administrative actions taken by their department pursuant to their duties as set forth in this division. The director of planning shall further maintain records of all complaints filed with their department pursuant to the requirements of this chapter and of all actions taken with regard to such complaints, and of all violations discovered by whatever means, with remedial action taken and disposition of cases. All such records shall be public records and shall be retained in accordance with Georgia's Records Act, O.C.G.A. § 50-18-90 et seq., and pertinent record retention schedules.

(Ord. of 8-2-2017, § 1(7.7.9))

Sec. 7.7.10. Inspection; right of entry.

Upon presentation of city identification to the developer, contractor, owner, owner's agent, operator or occupant, city employees authorized by the director of planning may enter during all reasonable hours any property for the purpose of making inspections to determine compliance with the provisions of this chapter. Should access to the property be denied, an inspection warrant may be obtained as authorized in section 7.7.11 below.

(Ord. of 8-2-2017, § 1(7.7.10))

Sec. 7.7.11. Inspection; warrants.

The director of planning, in addition to other procedures provided, may obtain an inspection warrant under the conditions specified in this division. The warrant shall authorize the director of planning or his designee to conduct a search or inspection of property, either with or without the consent of the person whose property is to be searched or inspected, under the conditions set out in this section.

- A. Inspection warrants may be issued by the municipal court when the issuing judge is satisfied that all of the following conditions are met:
 - 1. The person seeking the warrant must establish under oath or affirmation that the property to be inspected is to be inspected as a part of a legally authorized program of inspection which includes that property or that there is probable cause for believing that there is a condition, object, activity, or circumstance which legally justifies such an inspection of that property.
 - 2. The issuing judge determines that the issuance of the warrant is authorized by this section and applicable state and federal law.
- B. An inspection warrant shall be validly issued only if it meets all of the following requirements:
 - 1. The warrant is attached to the affidavit required to be made in order to obtain the warrant.
 - 2. The warrant describes, either directly or by reference to the affidavit, the property upon which the inspection is to occur and is sufficiently accurate that the executor of the warrant and the owner or possessor of the property can reasonably determine from it the property for which the warrant authorizes an inspection.
 - 3. The warrant indicates the conditions, objects, activities, or circumstances which the inspection is intended to check or reveal.
 - 4. The warrant refers, in general terms, to the ordinance provisions sought to be enforced.

(Ord. of 8-2-2017, § 1(7.7.11))

Sec. 7.7.12. Remedies.

In case any building or structure is or is proposed to be erected, constructed, reconstructed, altered, converted or maintained, or any building, structure or land is or is proposed to be used in violation of any provision of this chapter, the city may, in addition to other remedies, and after due notice to the owner of the violation, issue a citation for violation of this chapter requiring the presence of the violator in the municipal court. The city may also in such cases institute injunction or other appropriate action or proceeding to prevent an unlawful erection, construction, reconstruction, alteration, conversion, maintenance or use or to correct or abate the violation or to prevent the occupancy of the building, structure or land. Where a violation of this chapter exists with respect to a structure or land, the director of planning may, in addition to other remedies, require that public

utility service be withheld therefrom until such time as the structure or premises is no longer in violation of this chapter.

(Ord. of 8-2-2017, § 1(7.7.12))

Sec. 7.7.13. Notice to stop work; revocation of permits.

Whenever any building or premises is being constructed, used, or occupied contrary to the provisions of this chapter or chapter 7, the director of planning may order the work stopped in accordance with the provisions of chapter 7. The director of planning may revoke any building permit or certificate of occupancy for any land, building or this chapter in order to protect the health, safety and general structure being constructed, used or occupied in violation of welfare of the residents of the city.

(Ord. of 8-2-2017, § 1(7.7.13))

Sec. 7.7.14. Fees.

Fees and charges for permits and inspections shall be as established by official action of the governing authority.

(Ord. of 8-2-2017, § 1(7.7.14))

Sec. 7.7.15. Certificates of occupancy.

Certificates of occupancy are required as follows and shall be issued by the director of planning only after all requirements of this chapter and other applicable parts of the Code of the City of Stonecrest have been met:

- A. *For new or altered structures and uses.* No person shall use or permit the use of any building, structure, or premises or part thereof hereafter created, erected, changed, converted, enlarged or moved, wholly or partly, in use or structure, until a certificate of occupancy reflecting the extent and location of the use shall have been issued to the owner or tenant by the director of planning. Where a building permit is involved, such certificate of occupancy shall show that the structure or use, or both, to the affected part thereof, is in conformance with the requirements of this chapter. It shall be the duty of the director of planning to issue such certificate of occupancy if the director of planning finds that all of the requirements of this chapter have been met, and to withhold such certificate of occupancy if the director finds that all of the requirements of this chapter have not been met.
- B. *Temporary certificates of occupancy.* A temporary certificate of occupancy for a part of a building or premises may be issued in accordance with the requirements of chapter 7, and the director of planning may impose such additional conditions and safeguards as are necessary in the circumstances of the case to protect the safety of the occupants and of the general public.
- C. *Certificates of occupancy for existing uses or structures.* An owner may request a new certificate of occupancy for existing uses or structures. Said requests shall be in the form required by the director of planning and shall require all professional surveys or certifications required by the director of planning to adequately comply with said request. The director of planning shall require as a part of said request, fees to process said requests as are established by the city council. Upon review of the application and other relevant investigation by the director of planning, if in conformance with the requirements of this chapter, the director of planning shall issue a certificate of occupancy for any buildings, premises or use, certifying that the building, premises or use is in conformance with the requirements of this chapter.

(Ord. of 8-2-2017, § 1(7.7.15))

Sec. 7.7.16. Violations of this chapter.

It shall be unlawful for any person, firm or corporation to erect, construct, enlarge, alter, repair, move, improve, remove, convert or demolish, equip, use, occupy or maintain any building or structure or use any land in the city, or cause the same to be done, contrary to or in violation of any of the provisions of this chapter.

(Ord. of 8-2-2017, § 1(7.7.16))

Sec. 7.7.17. Penalties.

Any person, firm or corporation violating any of the provisions of this chapter shall be deemed guilty of an offense and upon conviction in municipal court shall be punished as is provided in section 1-11 of the Code. Where any violation continues, each day's continuance of a violation shall be considered a separate offense. The owner of any buildings or premises or parts thereof, where anything in violation of this chapter exists, and any architect, builder, contractor or any other agent of the owner, or any tenant, who commits or assists in the commission of any violation, shall be guilty of a separate offense. In addition, the city may revoke the business license of any entity found guilty of violating this chapter in accordance with the procedures of this subsection for a period of time not to exceed five years, except to the extent prohibited by law.

(Ord. of 8-2-2017, § 1(7.7.17))

Sec. 7.7.18. Repeal of conflicting ordinances; validity of prior approvals and actions.

Nothing herein shall be construed as repealing the conditions of use, operation, or site development accompanying zoning approvals or permits legally and validly issued under previous zoning ordinances or resolutions in DeKalb County; provided, further, that modification or repeal of these past conditions of approval may be accomplished as authorized and provided by this chapter. All variances and exceptions heretofore granted by the zoning board of appeals shall remain in full force and effect, and all terms, conditions and obligations imposed by the zoning board of appeals shall remain in effect insofar as required for the initiation of any proceedings against these violations and for the prosecution of any violations heretofore commenced.

(Ord. of 8-2-2017, § 1(7.7.18))

Sec. 7.7.19. Reserved.

ARTICLE 8. NONCONFORMITIES

Sec. 8.1.1. Statement of intent and purpose.

Within the zoning districts established by this chapter, or by amendments that may later be adopted, there exist lots, uses of land, uses of land and buildings, uses of land and structures, and characteristics of buildings, structures and sites which were lawful before the effective date of the ordinance from which this chapter is derived's adoption or amendment, but that are now prohibited under the terms of this chapter or due to future amendments, collectively referred to as nonconforming situations. Such nonconforming situations are hereby declared to be incompatible with authorized and permitted uses in the zoning districts involved. It is the intent of the city council to require the cessation of certain nonconforming situations and to permit others to continue until they are otherwise removed or cease. It is further the intent of the city council that nonconforming situations not be used as grounds for adding other buildings, structures, or uses of land prohibited by this chapter, and that no such nonconforming building, structure, or use of land be enlarged, expanded, moved, or otherwise altered in a manner that increases the degree of nonconformity, except where expressly authorized in this zoning ordinance.

(Ord. of 8-2-2017, § 1(8.1.1))

Sec. 8.1.2. Applicability.

- A. *Applicability.* Nonconforming regulations apply only to those nonconforming situations that were legally authorized when established or that were subsequently approved through procedures in effect at the time the approval was obtained. Additionally, except as provided in section 8.1.5.B., nonconforming situations must have been maintained continuously and without interruption since the initial existence or subsequent approval of the nonconforming situation. Nonconforming situations which were not authorized when established or have not been continuously maintained over time in accordance with this subsection have no legal right to continue and must terminate as set forth herein.
- B. *Documentation.* An owner or applicant may request from the director of planning a determination of nonconforming status. The owner or applicant must provide documentation sufficient to show that the situation was authorized when established and was continuously maintained over time. Upon receipt of the owner or applicant's evidence, the director of planning will determine if the evidence is satisfactory and, if so, shall issue a written determination that the lot, building, structure and/or use is a legal nonconforming situation. The burden of establishing the nonconforming status of a particular lot, building, structure or use is on the applicant or owner of the property or use.
- C. *Evidence that a nonconforming situation was authorized when established.* Standard evidence that the proposed nonconforming situation was authorized, or legal, when established, includes, but is not limited to, the following:
 - 1. Building or land disturbance permits;
 - 2. Business licenses;
 - 3. Adopted zoning ordinances or maps in force at the time of permitting;
 - 4. Conditions of zoning;
 - 5. Other appropriate evidence as determined by the director of planning or designee.
- D. *Evidence that a nonconforming situation has been continuously maintained since inception.* Standard evidence that the proposed nonconforming use has been continuously maintained without interruption since inception, includes, but is not limited to:

1. Utility bills;
 2. Tax records;
 3. Business licenses;
 4. Advertisements in dated publications;
 5. Insurance policies;
 6. Leases;
 7. Receipts; and
 8. Other appropriate evidence as determined by the director of planning or designee.
- E. *Evidence of discontinuance or abandonment.* When considering whether a nonconforming situation has been continuously maintained without interruption since inception, the director of planning may consider evidence of the following:
1. Failure to maintain regular business hours, typical or normal for the use;
 2. Failure to maintain equipment, supplies or stock-in-trade that would be used for the active operation of the use;
 3. Failure to maintain utilities that would be used for the active operation of the use;
 4. Failure to pay taxes, including, but not limited to, sales tax, workers' compensation taxes, corporate taxes that would be required for the active operation of the use;
 5. Failure to maintain required local, state or federal licenses or other approvals that would be required for the active operation of the use;
 6. Failure to maintain applicable business licenses; and
 7. Other appropriate evidence as determined by the director of planning.
- F. *Change to a conforming situation.* A nonconforming situation may be changed to a conforming situation by right. Once a conforming situation occupies a site that was previously nonconforming, the nonconforming rights are lost, and a nonconforming situation shall not be re-established.
- G. *Maintenance.* Normal maintenance and repair of nonconforming situations is allowed and does not alter legal conformity status.
- H. *Strengthening and restoring to safe condition.* Nothing in this article shall prevent the strengthening or restoration to a safe condition of any part of a building or structure declared unsafe by the director of planning, and such strengthening or restoration shall not cause the loss of nonconforming status, provided such strengthening or restoration would not constitute a violation of the regulation of section 8.1.15 regarding reconstruction of damaged or destroyed nonconforming structures.

(Ord. of 8-2-2017, § 1(8.1.2))

Sec. 8.1.3. Legal nonconforming lot.

A lot of record that at the effective date of this zoning ordinance does not conform to the applicable minimum road frontage requirement, minimum lot area, or lot width requirements for the zoning district in which it is located may still be used as a building site, provided that the height, buffer, setback, and other dimensional requirements of the zoning district in which the lot of record is located are complied with, or a variance therefrom is obtained.

(Ord. of 8-2-2017, § 1(8.1.3))

Sec. 8.1.4. Legal nonconforming single-family lots; lot merger requirements.

- A. In any zoning district in which single-family dwelling units are allowed, a single-family dwelling unit and allowed accessory structures may be erected on any single nonconforming lot of record so long as such single nonconforming lot of record is not in common ownership with any other contiguous lot or lots. A property owner shall not be permitted to erect a structure on a nonconforming lot of record if he could have used his contiguous land to avoid the nonconformity.
- B. Two or more contiguous lots of record that are held in common ownership on the effective date of the ordinance from which this section is derived or come into common ownership after the effective date of this section shall be governed by this subsection B. or subsection C. of this section. If any contiguous lots of record held in common ownership do not meet the requirements established in this Code for street frontage, access requirements, lot width or lot size, then all of the contiguous lots of record held in common ownership shall be considered to be an undivided lot for the purpose of compliance with the provisions of this Code. No portion of the resulting undivided lot shall then be considered a separate lot, a nonconforming lot of record or used or conveyed in a manner which is not in compliance with the existing street frontage, access, lot width or lot area requirements established by this Code and/or any amendments thereto. No division of any hereby merged nonconforming lots of record held in common ownership shall be made which creates a substandard lot. If two or more contiguous nonconforming lots of record are in common ownership and, as merged, the property is compliant for development with a single-family dwelling without violating the provisions of this Code, then none of the former nonconforming lots of record may be considered nonconforming and authorized for single-family development. A property owner shall not be permitted to create a nonconforming lot of record if he could have used his contiguous lots to avoid the nonconformity.
- C. Two or more nonconforming contiguous lots of record that are held in common ownership as of the effective date of this section, or that come into common ownership after the effective date of this section shall be governed by the requirements of subsection B. of this section unless the owner obtains a variance from the Zoning Board of appeals pursuant to the provisions and the criteria set forth in article 7 of this chapter.
- D. Whenever a variance from the strict application of subsection B. of this section is sought with respect to properties located within an historic district, as defined in section 14-410, the variance applicant shall first obtain a certificate of appropriateness from the historic preservation commission finding that the proposed variance allowing the subject lot to retain its legal nonconforming status will not have a substantial adverse effect on the aesthetic, historic, or architectural significance and value of the historic property or the historic district. In approving such a certificate of appropriateness, the historic preservation commission may include a finding that merger of lots pursuant to the strict application of subsection B. would have a substantial adverse effect on the aesthetic, historic, or architectural significance and value of the historic property or the historic district.

(Ord. of 8-2-2017, § 1(8.1.4))

Sec. 8.1.5. Nonconforming use.

A legal use in existence on the effective date of this zoning ordinance or any amendment thereto may be continued even though such use does not conform with the use provisions of the zoning district in which said use is located, except as otherwise provided in this section.

- A. Change of use. A nonconforming use shall not be changed to another nonconforming use. A change in tenancy or ownership shall not constitute termination or abandonment of the nonconforming use, provided that the use itself remains unchanged and is continuously maintained.
- B. Discontinuance or abandonment. A nonconforming use shall not be re-established after discontinuance or abandonment for six consecutive months, unless the cessation of the nonconforming use is a direct

result of governmental action impeding access to the property. Vacancy or non-use of a building for six continuous months, regardless of the intent of the owner or tenant, shall constitute discontinuance or abandonment under this subsection.

- C. A nonconforming use of land shall not be enlarged, expanded, moved, or otherwise altered in any manner that increases the degree of nonconformity.

(Ord. of 8-2-2017, § 1(8.1.5))

Sec. 8.1.6. Nonconforming structures.

- A. A legal structure in existence on the effective date of this zoning ordinance or any amendment thereto that could not presently be built under the provisions of this chapter because of restrictions on building area, lot coverage, height, minimum yard setbacks, or other characteristics of the structure or its location on the lot shall be deemed a legal nonconforming structure subject to this article 8 of this chapter.
- B. No legal nonconforming structure shall be enlarged, or structurally altered, in a way that increases its degree of nonconformity, except as expressly permitted in this article 8 of this chapter.
- C. Alteration of legal nonconforming structures occupied by permitted, conforming uses may be allowed for improvement or modification, provided that the structure may not be enlarged and the alterations must either comply with this chapter or result in a reduction in site or structure nonconformity. See also section 8.1.16.

(Ord. of 8-2-2017, § 1(8.1.6))

Sec. 8.1.7. Landscaping and screening requirements for new or additional parking, service or storage areas.

New or additional automobile parking, service, or storage areas may be added to a legal nonconforming structure or site that contains a conforming use, provided that all required landscaping, lighting, and screening requirements are met in the new or additional parking, service or storage area.

(Ord. of 8-2-2017, § 1(8.1.7))

Sec. 8.1.8. Nonconforming parking.

On an existing structure, no new permitted use may be substituted, nor shall an existing permitted use be expanded unless the requirements for off-street parking and loading shall be met for the proposed use and for any expansion, unless a variance is granted, pursuant to article 7 of this chapter.

(Ord. of 8-2-2017, § 1(8.1.8))

Sec. 8.1.9. Prior nonconformities.

The adoption of this chapter shall not extend the six-month time period of discontinuance or abandonment set forth in section 8.1.5.B. for a legal nonconforming use that was nonconforming prior to the time this chapter was adopted.

A use, lot, building, or structure that was previously legally nonconforming shall become conforming if, as a result of amendments to this chapter, such use, lot, building, or structure complies with the requirements of this chapter.

(Ord. of 8-2-2017, § 1(8.1.9))

Sec. 8.1.10. Nonconforming signs.

See chapter 21, signs for provisions regarding nonconforming signs.

(Ord. of 8-2-2017, § 1(8.1.10))

Sec. 8.1.11. Nonconformities caused by government action.

If a property is required by a federal, state or local government to provide right-of-way or easements that cause an existing structure to have nonconforming yards or setbacks, the property and structure shall be deemed to be legal nonconforming, and, from that time forward, the owner may not expand any existing building in a way to increase the degree of nonconformity or to build new structures that are nonconforming.

(Ord. of 8-2-2017, § 1(8.1.11))

Sec. 8.1.12. Rezoning that results in nonconforming structures.

For structures or lots that become nonconforming due to rezoning, the structure or lot shall be considered legal nonconforming, subject to the requirements of this article.

(Ord. of 8-2-2017, § 1(8.1.12))

Sec. 8.1.13. Nonconforming uses requiring a special administrative permit or special land use permit.

No use, building or structure that was authorized as of right prior to the effective date of the ordinance from which this chapter is derived but would require a special administrative permit or special land use permit upon the effective date of the ordinance from which this chapter is derived, shall be enlarged, expanded, moved, or otherwise altered in any manner except after application for and approval of the required special administrative permit or special land use permit. Normal repair and maintenance of legal nonconforming buildings and structures is authorized without the need for special permits. If the use of a legal nonconforming building or structure is discontinued for a continuous period of six months, it may not be reestablished unless such discontinuance was a direct result of governmental action as provided by section 8.1.11.

(Ord. of 8-2-2017, § 1(8.1.13))

Sec. 8.1.14. Buildings and structures where construction has begun.

To avoid undue hardship, nothing in this chapter shall be deemed to require a change in the plans, construction, or designated use of any legal nonconforming building or structure for which land disturbance or building permits were lawfully applied for or issued, or for which preliminary or final subdivision plats were lawfully submitted, prior to the effective date of the ordinance from which this chapter is derived or amendment thereto, provided:

- (i) Any application on which reliance is placed for the existence of nonconforming rights must have been complete as that term is defined in article 9 of this chapter;
- (ii) Such permit or approval has not by its own terms expired; and

- (iii) Actual building construction is carried on pursuant to said permit or approval and limited to and in strict accordance with said permit or approval.

Notwithstanding any other provisions to the contrary, no renewals or extensions of such permit or approval shall be authorized.

(Ord. of 8-2-2017, § 1(8.1.14))

Sec. 8.1.15. Reconstruction of damaged or destroyed nonconforming structures.

A legal nonconforming building or structure that has been damaged by fire, flood or other natural cause to an extent that the estimated cost of reconstruction does not exceed 60 percent of its fair market value according to the DeKalb County Tax Assessor's valuation for the tax year in which the damage occurred, as determined by the director of planning, may be reconstructed and used as it was prior to being damaged if a complete permit application is submitted for said re-construction within two years of the date of the damage and the work progresses continuously upon issuance of the permit therefor. If said building or structure has been determined by the director of planning to have been damaged to an extent that the estimated cost of reconstruction exceeds 60 percent of its fair market value according to the DeKalb County Tax Assessor's valuation for the tax year in which the damage occurred, then any repair, reconstruction or new construction shall conform to the then existing requirements of the zoning district in which said building or structure is located.

(Ord. of 8-2-2017, § 1(8.1.15))

Sec. 8.1.16. Expansion, redevelopment or improvement of legal nonconforming buildings, structures and/or sites.

- A. Major redevelopment. Expansion, alteration or redevelopment of a legal nonconforming building or structure to an extent that the estimated cost of the expansion, alteration or redevelopment exceeds 60 percent of its fair market value prior to expansion, alteration or redevelopment according to the DeKalb County Tax Assessor's valuation of the improvements for the tax year in which the first permit for expansion, alteration or redevelopment is applied for shall require the entire building or structure to conform to Code in every respect, except as approved by variance or special administrative permit as applicable.
- B. Minor redevelopment. Expansion, alteration or redevelopment of a legal nonconforming building or structure to an extent that the estimated cost of the expansion, alteration or redevelopment is no greater than 60 percent of its fair market value prior to expansion, alteration or redevelopment according to the DeKalb County Tax Assessor's valuation of the improvements for the tax year in which the first permit for expansion, alteration or redevelopment is applied for shall require the portion of the building or structure comprising the expansion, alteration or redevelopment to conform to all codes that are relevant to the nature of the expansion, alteration or redevelopment.
- C. Proposed improvements to access, parking, landscaping, pedestrian systems, lighting, utilities, and stormwater facilities, shall conform in every respect, except as approved by variance or special administrative permit as applicable.
- D. Notwithstanding subsections A., B., and C. of this section, no building or structure on property on which a nonconforming use is located shall be expanded, altered, or redeveloped in any way.

(Ord. of 8-2-2017, § 1(8.1.16))

Sec. 8.1.17. Prior variances, special exceptions, and special permits authorized.

Variances and special permits lawfully authorized and granted prior to the effective date of this zoning ordinance shall continue in effect, provided the terms and conditions of said authorization are followed.

(Ord. of 8-2-2017, § 1(8.1.17))

ARTICLE 9. DEFINITIONS

Sec. 9.1.1. Statement of intent and purpose.

The definitions contained herein shall apply to this chapter. Any word or phrase not defined below but otherwise defined in the Code shall be given that meaning. All other words or phrases shall be given their common ordinary meaning unless the context clearly indicates otherwise.

(Ord. of 8-2-2017, § 1(9.1.1))

Sec. 9.1.2. Interpretation.

PROJECT OVERVIEW

Location. The subject property is located at the northwest corner of the intersection of I-20 Highway (aka Purple Heart Highway) and Miller Road. Address 2931 Miller Road is currently undeveloped and address 2939 is developed with two vacant buildings.

The surrounding area consists of single-family detached dwellings and light industrial uses, Georgia United Credit Union and The Academy of Scholars- Atlanta Christian School. Longview subdivision in unincorporated DeKalb County is to the northwest.

Shaw DeKalb Properties, LLC, is seeking a annexation for the development of Stonecrest Studios, a movie studio complex. The studio complex will consist of a 65,760 sf sound stage, a 20,000-sf. mill space, and 67,515 sf of office space. These facilities will consist of a one- story warehouse building, a two-story frame office building and a three-story metal office building, with a total of 700 parking spaces (14 handicap and 686 spaces). A heavy duty underground storm water ponds will also be installed.

The subject properties are zoned M - light industrial and O-I Office-Institutional, in DeKalb County. The properties to the North and East are used for light industrial purposes. The properties to the west are residential. Topography of the site slopes down to the west towards Walden Lake.

A boundary survey showing the existing features of the site can be found in Figure 3.

Figure 5: DeKalb County Future Land Use Map, HC stands for Highway Corridor, and SUB stands for Suburban.

The future land use map for DeKalb County shows this property as Highway Corridor (HC), while the future land use in the City of Stonecrest designate this area as Light Industrial (LIND). The Highway Corridor designation supports light industrial uses, so the two designations are compatible.

Annexation Request

Annexation involves a comprehensive land use change as well as a rezoning. The subject properties land use will be designated as light industrial on the Future Land Use Map and rezoned to M -light industrial if annexed into the city. The property is in Dekalb County's I-20 Overlay District, Tier 2. Just like the annexation approved in April, AX-21-001, which this request surrounds, if annexed into the city, the subject property will not be part of the City of Stonecrest I-20 Overlay. The proposed concept plan by which this annexation will be conditioned if approved is shown in Figure 6, below.

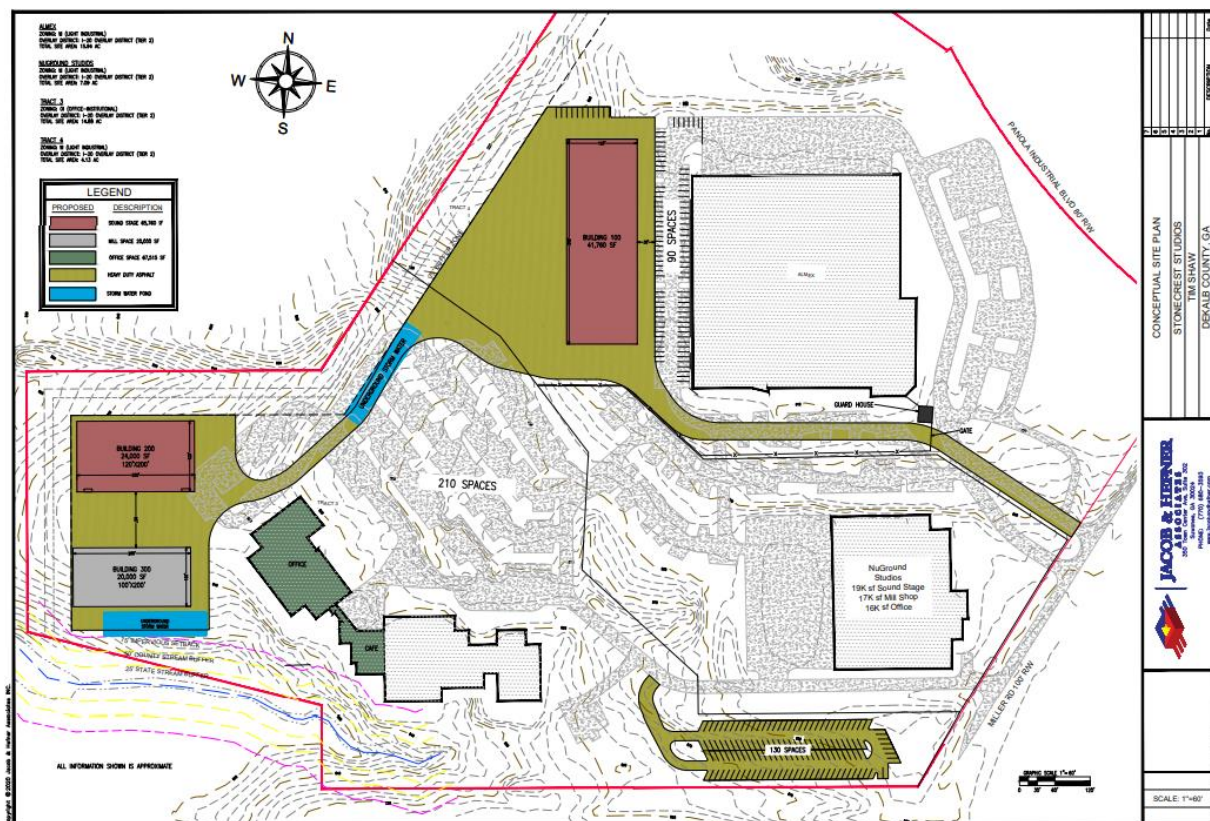

Figure 6: Proposed Concept Plan

The city has notified Dekalb County of the proposed annexation, and to date no objections have been raised. The proposed parking facility will have no impact on area schools or County water and sewer infrastructure.

PLANNING & ZONING STAFF REPORT

AX-21-003

Public Participation

A Community Planning Information Meeting was held on December 15, 2021 at 6 PM when the proposed annexation was discussed. The meeting was hosted by the City on Zoom and broadcasted on YouTube. Merits of the case that were brought up include:

- The layout of the buildings and the proposed use for each building.
- The applicant shared a 3D tutorial of the subject property and the amenities.
- The parking lot would expand the city's commercial tax base benefiting the city's budget

There was no opposition to the case.

STANDARDS OF ANNEXATION REVIEW

An annexation request includes both a comprehensive plan amendment and a rezoning. Section 7.3.4 of the Zoning Ordinances lists seven factors to be considered in a technical review of a comprehensive plan amendment and Section 7.3.5 of the Stonecrest Zoning Ordinance list eight factors to be considered in a technical review of a zoning case. The two sets of factors are basically identical with the exception that in reviewing a rezoning, decision makers need to consider the conformity with the policies and intent of the comprehensive plan. Each of the eight rezoning standards for review are listed with staff analysis below.

A. Whether the proposal is in conformity with the policy and intent of the comprehensive plan.

The subject property is located within the Highway Corridor character area of the DeKalb County Comprehensive Plan, and is in keeping with the surrounding uses and current zoning, and in similar fashion the proposed land use designation on the Stonecrest Future Land Use Plan would be Light Industrial. The economic policies of the City's plan encourage the attraction of and recruitment of new businesses (Goal ED-1), and the goals and policies for industrial uses call for locating industrial development away from environmentally sensitive areas, minimizing the encroaching effect of industrial development and expansion in areas already developed for industrial uses with existing public infrastructure, and the encourage development of vacant industrial land (Goal LU-8).

The Light Industrial character area intends to identify areas that are appropriate for industrial type uses. The location of these areas shall preserve the appeal and appearance of residential and commercial areas from the prospective intrusion of light industrial land uses. These areas consist of areas used in low intensity manufacturing, including wholesale trade, and distribution activities that do not generate excessive noise, vibration, air pollution or other nuisance characteristics.

The proposed movie studio is in keeping with existing character and use of the area, the City's zoning map, and the goals of the Comprehensive Plan and its Future Land Use Map.

PLANNING & ZONING STAFF REPORT

AX-21-003

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property or properties.

The area surrounding the site is industrial and residential, and the proposed use is in keeping with the existing development of adjacent and nearby properties. The residential uses to the west should not be impacted by the movie studio, as it is a low impact use, low noise with no harmful emissions.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

The existing zoning in the county does not currently allow the development of a movie studio and is split between M and OI. As such it does not support the intended economic use. The applicant is seeking to come into Stonecrest so that all the properties will be under one zoning category and one jurisdiction.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property or properties.

The proposed zoning proposal is low impact and is not anticipated to have a negative impact on the existing use or usability of adjacent or nearby properties. A 75 foot buffer zone will be maintained between the studio and the western property line, as shown on the concept plan.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which gives supporting grounds for either approval or disapproval of the zoning proposal.

There are no known changing conditions affecting the use and development of the subject property.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources.

There are currently no identified historic buildings, sites, districts, or archaeological resources on the subject property.

G. Whether the zoning proposal will result in a use that will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

Due to the low impact nature of the intended use, which contains no housing. The proposal will not cause an excessive or burdensome on utilities or have any demands on schools. Roads access to the property is already designed for truck traffic, and no transportation improvements are necessary to accommodate the use.

PLANNING & ZONING STAFF REPORT

AX-21-003

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

If the proposed use is designed and maintained as required by city and state regulations, the use should not have adverse impact on the environment or surrounding resources.

STAFF RECOMMENDATION

The applicant meets all the criteria for approval. Therefore, staff recommends **APPROVAL with Condition of AX-21-003, with a zoning of M – Light Industrial, and the character area designation of Industrial on the Future Land Use map.**

1. The applicant is subject to comply with the conceptual site plan submitted as part of the annexation application titled “Stonecrest Studios” prepared by Jacob and Hefner Associates, submitted in December 2021, and cited as Figure 6 in this staff report.

Hello Ms. Morrison,

Per our phone conversation on yesterday, you stated that it was your intention to withdraw your petition for SLUP-21-005 for Adult Daycare Center. We have not received your request via email as of yet. Failure to withdraw the application will result in the application continuing to move forward to both the Planning Commission and City Council.

Please reply to this email informing staff of your decision.

PRESENTER: Hari Karikaran

PURPOSE: Discuss 2022's upcoming paving program.

FACTS: In March of 2021, Council was presented with a proposed two-year paving program. The City is halfway through and preparing for the 2022 program. With three years of paving complete, the Engineering Department is revisiting the estimates we have been using and adjusting them based on our experience to date. The City realized roughly \$2 million in savings from the 2021 paving budgeted. We are recommending that this savings be added to the 2022 paving program to allow for even more paving work to be performed in the year ahead.

PRESENTER: Hari Karikaran

PURPOSE: Discuss a joint study between the City and County to improve Panola Road from Browns Mill Road to Fairington Road.

FACTS: The Panola Road Improvement Project started as a County project in 2016. It was listed in the Atlanta Regional Commission's Transportation Improvement Program (TIP) with DeKalb as a sponsor. The project was initially a two- to four-lane widening but was reduced in scope to a three-lane (one lane in each direction and a center turn lane). The project also included bike lanes, sidewalks, and intersection upgrades. Preliminary plans were developed and approved, but the project was dropped before the right-of-way phase could be started. Once the project became inactive, the outside funding shown in the TIP was pulled and is now shown as locally funded. Due to the length of inactivity on the project, the concept studies (traffic analysis, environmental, etc.) will need to be redone and reapproved as well as right-of-way plans to be updated. The County has presented a draft IGA and study scope for the City's review.

**INTERGOVERNMENTAL AGREEMENT
BETWEEN DEKALB COUNTY, GEORGIA
AND THE CITY OF STONECREST, GEORGIA
FOR A SCOPING STUDY FOR FUTURE TRANSPORTATION
IMPROVEMENTS ON PANOLA ROAD**

THIS INTERGOVERNMENTAL AGREEMENT (the “Agreement”) is entered into by and between DeKalb County, Georgia (“County”) and the City of Stonecrest, Georgia (“City”). The County and the City may be referred to herein as a “Party” or collectively as the “Parties.” The County and the City are executing this Agreement with respect to the following matters:

Recitals

WHEREAS, DeKalb County, Georgia is a constitutionally created political subdivision of the State of Georgia;

WHEREAS, the City of Stonecrest is a municipality created by the 2016 Georgia General Assembly pursuant to Senate Bill 208; and

WHEREAS, the County previously sponsored a project with the Georgia Department of Transportation (“GDOT”) for certain transportation improvements along Panola Road in what is now the City of Stonecrest; and

WHEREAS, the County and City desire to work cooperatively to effectuate a scoping study by the County to evaluate and prioritize future possible transportation improvements along Panola Road from I-20 to Browns Mill Road (“the scoping study”); and

WHEREAS, the County and the City desire to maintain a mutually beneficial, efficient and cooperative relationship that will promote the interests of the citizens of both jurisdictions; and

WHEREAS, the County and the City desire to collaborate in maintaining a mutually beneficial and efficient system of roadways that are conducive for safe travel between the County and City for the citizens of both jurisdictions.

NOW THEREFORE, in consideration of the foregoing recitals and the covenants, promises, terms, mutual obligations and conditions set forth below, and for other good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, the County and the City agree as follows:

Section 1. Scope of Work

The scoping study will consist of the services described in the scope of work attached hereto as Exhibit A, and incorporated herein, and shall be performed by Arcadis US, Inc., the County’s on-call engineering firm. Any changes to the scope of work shall require the approval of

both the County and City.

Section 2. Responsibilities and Payment

- 2.1 The County shall be responsible for managing the scoping study and shall pay all required costs up to an amount not to exceed \$400,000.00, which will be partially reimbursed by the City pursuant to Section 2.2. The Deputy Public Works Director, as the Designated County Representative, will work closely with the City to ensure the City has input regarding which two (2) alternatives to study, and the preferred alternative during the course of the scoping study.
- 2.2 The City shall be responsible for reimbursing the County for fifty percent (50%) of the cost of the scoping study, in an amount not to exceed \$200,000.00 (“City Reimbursement Cap”). The County will pay Arcadis US, Inc. on a monthly basis based on progress and provide a reimbursement request to the City each month (“County’s Monthly Reimbursement Request”) for 50% of the total paid in the previous month. The County’s Monthly Reimbursement Request will include invoice(s) for the work the County paid for, proof of payment by the County, and the amount to be reimbursed by the City. The City shall make reimbursement payments to the County no later than 30 days after submittal of the County’s Monthly Reimbursement Request. The County’s monthly reimbursement request shall be sent to: Finance Director, City of Stonecrest, 3120 Stonecrest Blvd. Stonecrest, GA 30328. Notwithstanding the foregoing or any other term or provision in this Agreement, the Parties acknowledge and agree that the total amount of costs, expenses or payments for which the City shall be obligated to reimburse the County for the scoping study shall not exceed the City Reimbursement Cap.

Section 3. Time and Termination

- 3.1 This Agreement shall commence upon full execution of this Agreement and shall continue for two years, with an automatic renewal for an additional year at the end of the two-year term, if the scoping study has not been completed and finalized.
- 3.2 This Agreement may be extended beyond the term delineated herein by mutual written consent of both Parties so long as such extension is approved by official action of the City Council and approved by official action of the County Governing Authority.
- 3.3 This Agreement will automatically terminate upon completion of the scoping study and payment by the City of all amounts due for reimbursement to the County.
- 3.4 In addition to the termination of this Agreement pursuant to the terms of Section 3.3 of this Agreement, the County may elect, at the County’s sole option and discretion, to unilaterally terminate the Agreement prior to a renewal period by delivering to the City, at the address listed in the Notices section of this Agreement, a written notice of termination specifying the effective date of termination. Such notice shall be delivered to the City at least fourteen (14) calendar days prior to the effective date of termination.

Section 4. Notices

All required notices shall be given by certified first class U.S. Mail, return receipt requested. The Parties agree to give each other non-binding duplicate facsimile notice. All notices sent to the addresses listed below shall be binding unless said address is changed in writing no less than fourteen (14) days before such notice is sent. Future changes in address shall be effective upon written notice being given by the City to the County's Chief Operating Officer or by the County to the City Manager via certified first-class U.S. mail, return receipt requested. Notices shall be addressed to the Parties at the following addresses:

If to the County: Chief Operating Officer
1300 Commerce Drive, 6th Floor
Decatur, Georgia 30030
Fax: 404-687-3585

With a copy to: County Attorney
1300 Commerce Drive, 5th Floor
Decatur, Georgia 30030
Fax: 404-371-3024

If to the City: City Manager
City of Stonecrest
3120 Stonecrest Blvd.
Stonecrest, Georgia 30038
Fax: 770-299-4214

With a copy to: City Attorney
City of Stonecrest
3120 Stonecrest Blvd.
Stonecrest, Georgia 30038
Fax: [insert]

Section 5. Non-Assignability

Neither Party shall assign any of the obligations or benefits of this Agreement.

Section 6. Entire Agreement

This Agreement constitutes the sole Agreement between the City and the County. The terms, conditions, and requirements of this Agreement may not be modified, except by Amendment. No verbal agreement or conversation with any officer, agent, or employee of either the County or the City, either before or after the execution of the Agreement, shall affect or modify any of the terms or obligations herein contained. No representations, oral or written, shall be binding on the Parties unless expressly incorporated herein. No Amendment shall be enforceable unless approved by official action of the City and County as provided by

law or in this Agreement.

Section 7. Severability, Venue, and Enforceability

If a court of competent jurisdiction renders any provision of this Agreement (or portion of a provision) to be invalid or otherwise unenforceable, that provision or portion of the provision will be severed, and the remainder of this Agreement will continue in full force and effect as if the invalid provision or portion of the provision were not part of this Agreement. No action taken pursuant to this Agreement should be deemed to constitute a waiver of compliance with any representation, warranty, covenant or agreement contained in this Agreement and will not operate or be construed as a waiver of any subsequent breach, whether of a similar or dissimilar nature. This Agreement is governed by the laws of the state of Georgia without regard to conflicts of law principles thereof. Should any Party institute suit concerning this Agreement, venue shall be in the Superior Court of DeKalb County, Georgia. Should any provision of this Agreement require judicial interpretation, it is agreed that the court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one Party by reason of the rule of construction that a document is to be construed more strictly against the Party who itself or through its agent prepared the same, it being agreed that the agents of all Parties have participated in the preparation hereof. If any provision of this Agreement, or any portion thereof, should be ruled void, invalid, unenforceable or contrary to public policy by any court of competent jurisdiction, then any remaining portion of such provision and all other provisions of this Agreement shall survive and be applied, and any invalid or unenforceable portion shall be construed or reformed to preserve as such of the original words, terms, purpose and intent as shall be permitted by law.

Section 8. Binding Effect

This Agreement shall inure to the benefit of and be binding upon the respective parties' successors.

Section 9. Mediation

Any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be first negotiated in good faith by the parties via mediation. Mediation shall be held at the DeKalb Mediation Center, with a mediator selected by the parties. Mediation must be held prior to either party initiating formal legal action.

Section 10. Third Party Beneficiaries

This agreement shall not be construed as, or deemed to be, an agreement for the benefit of any third party or parties. No third party or parties shall have any right of action hereunder for any cause whatsoever.

Section 11. Counterparts

This Agreement may be executed in several counterparts, each of which shall be an original, and all of which shall constitute but one and the same instrument.

DRAFT

IN WITNESS WHEREOF, DeKalb County, Georgia and the City of Stonecrest have executed this Agreement in three counterparts, each to be considered as an original by their authorized representative, on the day and date hereinabove written.

PURPOSE: After the Financial Oversight Committee was presented with the Travel Policy and Procedures, the Finance Department had additional revisions to be considered for incorporation to the City's travel policy.

FACTS: The Travel Policy has not been update since the incorporation of the City. Upon a general review of the policy by City staff and the Financial oversight , the Finance Director is presenting proposed changes to the Travel Policy and Procedures for approval by the City Council. The most substantial changes to this policy include the following: clarification of incurring expenses on behalf of the City, authorizations for travel for employees and elected officials, removal of language that references the issuance of City charge cards, and the addition of language to address disciplinary actions for elected officials and employees. The Finance Director is seeking approval of the recommended revisions to the City's Purchasing Policy and Procedures.

**AN ORDINANCE OF THE CITY OF STONECREST, GEORGIA, ADOPTING THE
CITY OF STONECREST, GEORGIA, TRAVEL POLICY AND PROCEDURES**

WHEREAS, the City of Stonecrest, Georgia, Mayor, and City Council are authorized by the City Charter to authorize the expenditure of money for any purpose for which a municipality is authorized by the laws of the State of Georgia and O.C.G.A. § 36-35-4 authorizes the governing authority of each municipal corporation to fix the expenses of its municipal employees; and

WHEREAS, this Ordinance seeks to provide guidelines for the payment of necessary travel expenses in an efficient, cost-effective manner, and require travelers execute their travel obligations at the lowest reasonable costs, resulting in the best value for the citizens of Stonecrest, Georgia.

THEREFORE, the Mayor and City Council of the City of Stonecrest, Georgia, hereby ordain as follows:

Section 1: The Mayor and City Council of the City of Stonecrest, Georgia, hereby adopt the City of Stonecrest, Georgia, Travel Policy and Procedures as contained in Exhibit "A" attached hereto and incorporated herein by this reference.

Section 2:

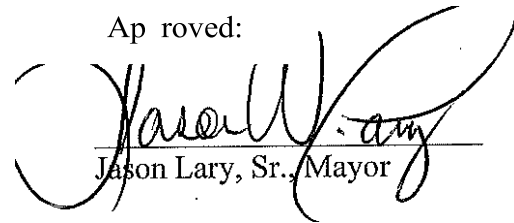

1. It is hereby declared to be the intention of the Mayor and City Council that all sections, paragraphs, sentences, clauses and phrases of this Ordinance are and were, upon their enactment, believed by the Mayor and City Council to be fully valid, enforceable and constitutional.
2. It is hereby declared to be the intention of the Mayor and City Council that, to the greatest extent allowed by law, each and every section, paragraph, sentence, clause or phrase of this Ordinance is severable from every other section, paragraph, sentence; clause or phrase of this Ordinance. It is hereby further declared to be the intention of the Mayor and City Council that, to the greatest extent allowed by law, no section, paragraph, sentence, clause or phrase of this Ordinance is mutually dependent upon any other section, paragraph, sentence, clause or phrase of this Ordinance.
3. In the event that any phrase, clause, sentence, paragraph or section of this Ordinance shall, for any reason whatsoever, be declared invalid, unconstitutional or otherwise unenforceable by the valid judgment or decree of any court of competent jurisdiction, it is the express intent of the Mayor and City Council that such invalidity, unconstitutionality, or unenforceability shall, to the greatest extent allowed by law, not render invalid, unconstitutional or otherwise unenforceable any of the remaining phrases, clauses, sentences, paragraphs or sections of the Ordinance and that, to the greatest extent allowed

by law, all remaining phrases, clauses, sentences, paragraphs and sections of the Ordinance shall remain valid, constitutional, enforceable, and of full force and effect.

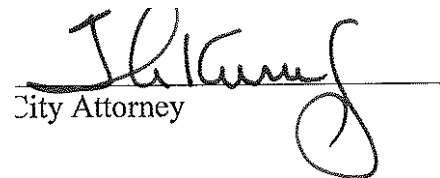

4. All ordinances or resolutions and parts of ordinances or resolutions in conflict herewith are hereby expressly repealed.
5. The within ordinance shall become effective upon its adoption.
6. The provisions of this Ordinance shall become and be made part of The Code of the City of Stonecrest, Georgia, and the sections of this Ordinance may be renumbered to accomplish such intention

SO ORDAINED AND EFFECTIVE this the 1 day ~~OF~~ p , 2018.

CITY TRAVEL REGULATIONS

INTRODUCTION: The City of Stonecrest (the “City”) has adopted the following Travel Policy and Regulations (the “Policy”) to comply with the requirements set forth in federal law and in O.C.G.A §36-35-4 regarding expenses of municipal employees.

PURPOSE

The purpose of this Policy is to provide guidelines for payment of travel expenses in an efficient, cost-effective manner, and to enable travelers to successfully execute their travel requirements at the lowest reasonable costs, resulting in the best value for the City. Teleconferencing instead of travel should be considered when possible. Each department is charged with the responsibility for determining the necessity, available resources and justification for the need and the method of travel.

It is important for the Mayor and City Council members (the “Elected Officials”) and employees to understand the intent of the Policy and work with management to comply with the Policy regarding work related travel.

AUTHORITY

Per the provisions of O.C.G.A §36-35-4 and City Ordinance 2018-07-03, the Mayor and Council are authorized to adopt rules and regulations governing in- state and out-of-state travel and travel reimbursement to promote economy and efficiency in city government and to ensure that elected officials and employees are treated fairly and equitably. Appeals from any decision made under this travel policy shall be considered by the Mayor and City Council. In the event that an Elected Official appeals a decision, the Elected Official shall be recused from voting on the appeal.

COMPLIANCE AND ACCOUNTABILITY

Throughout this document the words "must" and "should" are used. When the word "must" is used, departments or individuals may not deviate from the associated portion of the Policy. The word "should" is used to convey that departments and individuals are expected to follow the associated portion of the Policy as written. Deviations from the Policy are permitted if, based upon the specific facts of the situation, a reasonable justification (in writing) can be provided for the deviation.

All departments and governing body are required to follow the guidelines outlined in the Policy. For travelers with disabilities, the City will, in conformance with the requirements of the Americans with Disabilities Act, provide reasonable accommodations during travel on official city business.

All requests for reimbursements under this policy should be made within thirty (30) days of incurring the expense. The City will not provide reimbursement for expense requests submitted more than thirty (30) days after the traveler incurred the expense.

GENERAL PROVISIONS

The City of Stonecrest reimburses travelers for reasonable and necessary expenses actually incurred in connection with approved travel on behalf of the City and in connection with the traveler's official duties. All reimbursements for Elected Officials must be in accordance with the City's Charter and Georgia law. The City encourages travelers to take advantage of arranged travel discounts whenever possible.

A necessary expense is one for which there exists a clear business purpose and which falls within the City's expense policy limitations. A clear business purpose will include the reasons for the traveler's attendance at the event and how the expenditure benefited the City.

This Policy is intended to be a guideline for the planning and reimbursement of all City approved travel expenses. There are several key points to remember when incurring expenses on behalf of the City:

- Under no circumstances should an individual approve his/her own expense report.
- All expense reports must be submitted by the individual who incurred the expense.
- The City will not reimburse employees or Elected Officials for personal expenses.
- All expense reports and receipts are subject to disclosure under the Open Records Act.
- When submitting an expense report, the traveler is subject to O.C.G.A. § 16-10-20, which sets forth the penalties for making false statements and writings, concealing facts, and presenting fraudulent documents in matters within the jurisdiction of state or political subdivisions.
- Advances for travel expenses are not permitted.
-

AUTHORIZATION FOR TRAVEL:

Elected Officials and employees may be reimbursed for reasonable travel-related expenses incurred while on official business for the City. In order to be eligible for reimbursement of travel expenses, Elected Officials and employees must sign the expense reimbursement form, attesting that the information presented on the form is accurate. Subject to the provisions outlined in these travel regulations, reimbursements are authorized for the following expenses:

CITY OF STONECREST TRAVEL POLICY AND PROCEDURES

- Meals associated with overnight travel and in certain circumstances where there is no overnight lodging;
- Lodging expenses;
- Mileage for use of a personal motor vehicle (mileage will be reimbursed at the standard business rate for the applicable year as established by the Internal Revenue Service)

<https://www.irs.gov/tax-professionals/standard-mileage-rates>);

- Transportation expenses; and
- Certain miscellaneous expenses associated with travel, such as parking and toll fees.

Except in the case of emergencies, requests for travel authorization should be made at least seven (7) days prior to date of travel.

Employees who are required to travel for their job and are eligible for travel reimbursement must receive written authorization from their department head prior to performing the travel. Employees must utilize the travel request form for in-state and out-of-state travel. Upon return from the travel, the employee must complete an Expense Reimbursement form.

. Elected Officials will notify the City manager in writing of their request to travel. Upon return from the approved travel, the elected official must complete an expense reimbursement form. The City Manager signs all elected officials' expense reimbursement forms. Per the City Council Leave of Absence Policy Sec. 2-6. (e) ..No city funds shall be expended by such member or on such member's behalf for costs or expenses incurred while the member is on a leave of absence or for any period during which a leave of absence was effective.

TRAVEL TO CONFERENCES FOR CERTIFICATION PURPOSES

Department heads, Elected Officials and employees traveling to a conference or event for certification purposes should limit their travel to these conferences and prohibit "discretionary" travel. If travel for certification is necessary, then efforts should be made to seek a location within the State of Georgia or an adjacent state. If such travel occurs during the current COVID-19 pandemic and/or at any time when a national or state public health emergency is in effect, the traveler may be asked to sign a document acknowledging that such travel is being undertaken at the traveler's own risk and that the City bears no responsibility or liability for any illness contracted during travel to and from the conference or while the traveler is attending the conference.

REIMBURSEMENT PROCEDURES

Elected Officials and employees requesting reimbursement for travel expenses are required to submit their claim to authorized personnel on the employee expense reimbursement form within thirty (30) days of incurring the expense.

Requests for reimbursement should include the following information:

- Itemized expenses for authorized lodging, mileage, transportation, and miscellaneous expenses. The types of expenses that are authorized and the allowable limits are set

forth below;

Item XIV. f.

- Explanation of any expenses that exceed the established limits;
- Explanation of any unusual expenses;
- Explanation of the purpose for the trip; and
- Description of the type(s) of transportation used.

Elected Officials and employees are required to submit receipts for expenses, including:

- Meals purchased,
- Lodging,
- Airline or Railroad fares,
- Rental of motor vehicles,
- Registration Fees,
- Gasoline purchased for rental vehicles,
- Parking,
- Tollway,
- Mass transit,
- Taxi, and
- Airport vans.

If a receipt is not available, Elected Officials and employees are required to include an explanation of the expense on the travel expense statement. Credit card receipts are valid provided they contain complete details of the purchase.

BAGGAGE AND LUGGAGE FEES - Baggage and luggage fees are a reimbursable expense. All travelers should consider the extra fees charged by the airlines prior to making their travel arrangements and plan accordingly. When combining personal travel and City business travel, baggage and luggage fees should be allocated accordingly and in a manner that is reasonable under the circumstances.

MEALS AND INCIDENTAL TRAVEL EXPENSES:

Generally, meals are reimbursable on an actual expense basis, subject to the maximum amount below. These maximum rates for meal expense reimbursement for each day is fifty-five dollars (\$55.00). On the first and last day of travel, the maximum rates for meal expense reimbursement are capped at seventy-five percent (75%) of the daily rate, or forty-one dollars and twenty-five cents (\$41.25).

However, the traveler may only receive reimbursement for the actual expense of the meal excluding the cost of any alcohol purchased with the meal.

It should be noted that the City of Stonecrest Travel Regulations **do not** authorize Elected Officials and employees to receive a reimbursement for a "lunch meeting" in which the meal and meeting are the same, or when meals are otherwise provided at the meeting.

Reimbursement for meals must be reasonable and necessary.

LODGING EXPENSES:

Elected Officials and employees who travel more than fifty (50) miles from their office and/or residence, may be reimbursed for lodging expenses associated with approved overnight travel.

Elected Officials and employees will be reimbursed for the actual lodging expenses, providing the expenses are reasonable.

Elected Officials and employees traveling overnight are responsible for ensuring the most reasonable lodging rates are obtained. To accomplish this, the employee should:

- Provide finance with information about hotel accommodations,
- Utilize minimum rate accommodations,
- Avoid the "luxury" hotels and motels, and
- Obtain city/government rates, whenever possible.

Elected Officials and employees who stay at a hotel/motel that is holding a scheduled meeting or seminar may incur lodging expenses that exceed the rates generally considered reasonable if no alternative hotels or lodging is available or the higher cost is justified in order to avoid excessive transportation costs between a lower cost hotel/motel and the location of the meeting. If this the case, the traveler must provide a written explanation for the higher cost lodging.

Elected Officials and employees should attempt to resolve any problems with the billing prior to checkout.

Elected Officials and employees should review hotel/motel receipts to ensure that taxes have not been applied to their lodging expenses in accordance with state tax laws and regulations. Elected Officials and employees traveling within the state for official business are exempt from paying the **county or municipal excise tax** on lodging ("hotel/motel" or "occupancy" tax). [OCGA 48- 13-51 (h) (3)], regardless of the payment method being used. Elected Officials and employees are required to submit a copy of the hotel/motel tax-exemption from when they register at a hotel/motel. This exemption does not apply to Elected Officials and employees staying at an out of state hotel/motel. Elected Officials and employees should be able to provide proper identification to document their employment as a City/local government employee or official.

PROHIBITED MILEAGE REIMBURSEMENT - Elected Officials and employees are not entitled to mileage reimbursement for travel between their place of residence and their official headquarters, or personal mileage incurred while on travel status.

PARKING FEES AND TOLLS -The City may reimburse elected officials and employees who

incur parking fees and toll expenses while on official business for the City. Elected Officials and employees who attend offsite meetings or training sessions may also be reimbursed for parking expenses. These expenses are reimbursable for travel in both City-owned and personal vehicles. Elected Officials and employees are expected to obtain receipts for these expenses. If it is not possible to obtain a receipt, then a written explanation should be included on the expense statement.

TRAVEL EXPENSES & REQUIRED RECEIPTS/DOCUMENTATION -All requests for reimbursement of mileage, parking, and toll charges must be documented on the travel expense statement and a receipt must accompany the documentation. Employees should claim mileage based on the most direct route from the point of departure to the destination.

TRAVEL BY COMMERCIAL OR PUBLIC TRANSPORTATION

When commercial transportation is necessary to reach a destination, Elected Officials and employees may be reimbursed for the expenses incurred. Elected Officials and employees will be reimbursed for actual expenses incurred, provided the appropriate steps were taken to obtain the most reasonable fare or cost.

Authorized department personnel must approve travel by commercial or public transportation prior to the date of travel. When considering such a request, authorized department personnel should consider the distance to be traveled, the travel time and the cost.

COMMERCIAL AIR TRANSPORTATION

Elected Officials and employees should utilize commercial air transportation when it is more cost effective and efficient to travel by air than by vehicle. Elected Officials and employees who choose to travel by personal vehicle when air travel is more cost effective will only be reimbursed for the cost of the lowest available airfare to the specified destination. In some instances, a higher airfare may be appropriate to reduce or eliminate for multiple stops and extended travel time.

Under the circumstances stated above, the City of Stonecrest may reimburse Elected Officials and employees for expenses incurred for air travel, provided these expenses were approved prior to the date of travel. Additionally, the City may reimburse Elected Officials and employees for reasonable expenses associated with selecting seats or checking bags. These expenses should be included in the total cost of the airline ticket.

Elected Officials and employees who require air travel should obtain the most reasonable available airfare to the specified destination by comparing rates.

In general, it will be the City's policy that Elected Officials and employees traveling by commercial air carrier will not be reimbursed for the portion of non-coach (first class, business class, etc.) airfare that exceeds the cost of the most reasonable, available fare on the same flight.

TRAVEL BY MASS TRANSPORTATION, TAXI OR AIRPORT VANS

Elected Officials and employees officially on travel status may be reimbursed for necessary costs of transportation by bus, taxi, or airport vans in the following situations:

- Between the individual's departure point and the common carrier's departure point;
- Between the common carrier's arrival point and the individual's lodging or meeting place; and
- Between the lodging and meeting places (if in different locations).
- Elected Officials and employees will be reimbursed for economy parking only.

It is expected that airport vans will be utilized when available and practical and when they are the most reasonably priced alternative.

TRAVEL BY PERSONAL VEHICLE

A traveler may use a privately-owned vehicle for city travel. The Elected Official or employee will be reimbursed for mileage rates based on the federal per diem rate in effect.

PROHIBITED EXPENSES

The following expenses are not reimbursable unless specifically authorized by law:

_____ Tipping for maid services.....

- Theater
- Entertainment
- Alcoholic beverages
- Bank charges for ATM withdrawals
- Clothing or toiletry items
- Commuting between The traveler's residence and the primary work location
- Country club dues
- Expenses related to vacation or personal days taken before, during or after a business trip
- Haircuts and personal grooming
- Laundry, cleaning, and pressing costs
- Loss or theft of cash advance, money or airline tickets
- Loss or theft of personal funds or property
- Medical expenses while traveling (*Exceptions may be made to accommodate ADA compliance*)
- Mini-bar charges
- Movies
- No-show/cancellation fees or fees related to hotel late check-out (unless business or weather related)
- Personal reading materials (magazines, newspapers, etc.)
- Personal vehicle maintenance
- Personal entertainment
- Personal pet care
- Recreational expenses
- Saunas massages
- Shoe shines
- Souvenirs or personal gifts
- Traffic citations (moving violations), parking tickets, court fees and other fines
- Travel accident insurance premiums
- Valet services for parking, when self-parking options are available, unless there are valid security reasons

DISCIPLINARY ACTIONS

Noncompliance or abuse of travel policy may result in disciplinary action, up to and including termination of employment.

Elected Officials must adhere to the Code of Ethics and other related policies and state laws governing elected officials.

PURPOSE: After the Financial Oversight Committee was presented with the Purchasing Policy, they agreed to the staff recommendation to remove the Purchasing Card Policy from the Purchasing Policy and having it as a separate policy. The Financial Oversight Committee also made additional recommendations to staff for potential policy revisions.

FACTS: The Purchasing Card Policy is currently an appendix in the Purchasing Policy. The Finance Director is presenting proposed changes to the Purchasing Card Policy for approval by the City Council. The most substantial changes to this policy include the following: deletion of the Purchasing Policy components, leaving applicable definitions for the policy, the removal of the Accounting Manager title for the list of officials authorized to be issued a purchasing card, and update the language to reflect state law that pertains to employees instead of elected officials. The Finance Director is seeking approval of the recommended revisions to the City's Purchasing Policy and Procedures.

PURCHASING CARD POLICY

LAST REVISED: 02.14.22

TABLE OF CONTENTS

SECTION I – DEFINITIONS	4
SECTION II - GENERAL PROVISIONS	6

DISCLAIMER OF LIABILITY FOR IMPROPER PURCHASING: THE CITY DISCLAIMS ANY AND ALL RESPONSIBILITY AND LIABILITY FOR ANY PURCHASE, EXPENDITURE, PROMISE OR AGREEMENT FOR EXPENDITURE ARISING FROM ANY PROCUREMENT MADE IN ITS NAME OR IN THE NAME OF ANY AGENCY, AUTHORITY, COMMISSION, OR OTHER GOVERNMENTAL BODY UNDER ITS AUTHORITY, BY AN UNAUTHORIZED PERSON OR ANY PERSON ACTING IN VIOLATION OF THIS PURCHASING POLICY OR OUTSIDE OF THE AUTHORIZATION OR DELEGATION AS PROVIDED BY THIS POLICY. THE EXPENSE OF ANY SUCH TRANSACTION SHALL BECOME THE PERSONAL LIABILITY OF THE INDIVIDUAL AT FAULT UNLESS OTHERWISE RATIFIED OR EXEMPTED BY MAYOR AND COUNCIL.

SECTION I – DEFINITIONS

When used in this policy, the following words, terms and phrases, and their derivations, shall have the meaning ascribed to them in this section, except where the context clearly indicates a different meaning:

- A. CITY means the City of Stonecrest and, as the context warrants, those persons or bodies authorized to act on its behalf, including, but not limited to, the City Council, committees, boards and staff.
- B. CITY ETHICS POLICY shall mean Article X, Ethics, of Chapter 2, Administration, of the Code of the City of Stonecrest, Georgia.
- C. CITY FINANCE DIRECTOR/FINANCE DIRECTOR means the City Accountant as described in the City Charter, his agent, or the department head of the City Finance Department, if such a department is in existence.
- D. EMPLOYEE means an individual drawing a salary or wage from the City whether on a full-time or part-time basis. For purposes of this Purchasing Policy the term “employee” shall include, any Vendor or any employee of such Vendor who has entered into a Contract with the City to provide administrative and department services contemplated in Section 2.12 of the Charter of the City.
- E. EMERGENCY PURCHASES means any procurement of Goods, Capital Assets, Services or Professional Services in the context of an Emergency.
- F. EMERGENCY means a situation that occurs suddenly and unexpectedly and demands immediate action to prevent delays which may vitally affect the health, safety or welfare of the public or City Employees and affects the continuation of services to the citizens, and/or serious loss or injury to the City. Emergency shall also mean a condition, malfunction, or occurrence in which the immediate procurement of an item (i.e. Good, Services, or Professional Service) is essential to comply with regulatory requirements.
- G. GOODS or COMMODITIES means supplies, apparatus, materials, equipment and other forms of tangible personal property used by a City department in the accomplishment of its responsibilities other than Capital Assets.
- H. GOVERNING AUTHORITY means the Mayor and City Council of the City of Stonecrest or its designee(s).
- I. OFFICIAL means any City elected or appointed person who holds office or any person appointed by the mayor and council of the City to serve on (1) the planning commission of the City, (2) any board or commission of the City having quasi-judicial authority; and, (3)

any authority created by the City, either individually or jointly with other local governments pursuant to Georgia law.

- J. PERSON means any business, entity, company, firm, individual, union, committee, club or other organization or group of individuals.
- K. PURCHASING is the process of securing real estate, capital assets, materials, services, repairs, leases and rentals necessary for the operation and support of the City. The renewal, renegotiations and changes to Contracts, leases and agreements are functions of purchasing.
- L. PURCHASING AGENT means the principal purchasing official of the City who is authorized and appointed to purchase a range of Goods, Capital Assets, Real Estate, Services, Construction Services, or Professional Services on a routine basis.
- M. REQUISITION means an internal document, provided by a department to the Purchasing Agent that contains the fund source, approvals, descriptions, quantities and other information about the Goods, Capital Assets, Real Estate, Services, Construction Services or Professional Services in order to proceed with the procurement. The Requisition becomes valid when properly completed and approved.
- N. SERVICES mean any performance of effort or labor, for which the City has contracted other than Professional Services or Construction Services. Services include, but are not limited to, janitorial, landscaping, and street striping.
- O. THE REQUESTING DEPARTMENT/DIVISION (User) is defined as the department which has the authority and responsibility for determining the need for an item or service, its related specifications, and need date. The User is responsible for funding the need and advising Purchasing of the approved funding and the specific budget account number. The User is responsible for authorizing the purchases of all materials, services, repairs, leases and rentals in which the negotiated price exceeds the approved funding.

SECTION II - GENERAL PROVISIONS

A. Authority

The City Charter for the City of Stonecrest, Section 2.11 establishes powers conferred upon the City Council by law, the authority to adopt and provide for the execution of such ordinances, resolutions, policies, rules, and regulations, not inconsistent with the Charter and the Constitution and the laws of the State of Georgia, which it shall deem necessary, expedient, or helpful for the peace, good order, protection of life and property, health, welfare, sanitation, comfort, convenience, prosperity, or well-being of the inhabitants of the City of Stonecrest and the authority to enforce such ordinances by imposing penalties for violation thereof.

B. Purpose

The purpose of this policy is to set requirements and standards for the City of Stonecrest, Georgia Purchasing Card Program. The policy is not intended to replace current State of Georgia statutes but is intended to comply with such state laws and establish more efficient guidelines for employees using such purchasing cards. At no time should a city issued purchasing card or credit card be used for personal purchases regardless of the circumstances. Utilizing the purchasing card or credit card for personal use or for any item or service not directly related to official city business may result in disciplinary action including, but not limited to, felony criminal prosecution. All purchases utilizing a government purchasing card or government credit card must be in accordance with these guidelines and with state law.

C. Scope

This purchasing card policy, applies to the use of government purchasing cards or government credit cards used by employees authorized to be issued such government purchasing cards or government credit cards. The below list of employees have been authorized by the governing authority of the City to use such government purchasing cards or government credit cards and must abide by all of the applicable state laws and this purchasing card policy.

1. City Manager or designee
2. City Chief Financial Officer or designee

D. Public Inspection

In accordance with O.C.G.A. §50-18-70 any documents prepared and maintained or received in the course of the operation of a public office or agency shall be available for public inspection.

E. Transaction Limits

Transaction limits are hereby established to ensure compliance with state purchasing laws, maintain proper budgetary controls, and to minimize excessive use of any individual credit line. Individual monthly card limits cannot exceed those established by the municipal governing authority. The established single transaction limit for each card must be less than \$1,000.00. The established monthly card limit is based upon the city's budgetary constraints and is not to exceed \$5,000.00 per month; provided however the monthly transaction limit for the City Manager shall not exceed \$25,000.00. Any exceptions to the standardized limits must have express written approval by the municipal governing authority and must be added to this policy by amendment or addendum. Changes in spending limits shall be submitted to the Purchasing Agent along with the rationale for the change (increase or decrease) with a copy to the Finance Director and City Manager.

F. Purchasing Restrictions

1. Purchasing Card Holders may not use a government purchasing card or government credit card for the following:
 - a. Any purchases of items for personal use.
 - b. Cash refunds or advances.
 - c. Any transaction amount greater than the transaction limits set for by this policy.
 - d. Items specifically restricted by this policy, unless a special exemption is granted by the municipal governing authority.
 - e. Alcohol or liquor of any kind. Such purchases should not be made with the purchasing card and may not be reimbursed by the city.
 - f. Purchases or transactions made with the intent to circumvent the city purchasing policy, transactional limits, or state law.
 - g. Participation in loyalty points programs is prohibited with the purchasing card.
2. Purchasing Card Holders may use government purchasing cards or government credit cards to purchase goods and/or services not prohibited by this policy or state law. Such purchases include, but are not limited to:
 - a. Purchases of items for official city use which fall within the transactional restrictions of this policy.
 - b. Purchase of lodging, fuel, food, non-alcoholic beverages, or education and training materials while on city business.
 - c. Emergency purchases necessary to protect city property.

G. Administrator

The city designates the Purchasing Agent as the program administrator of government purchasing cards or government credit cards. Such administrator shall:

1. Serve as a liaison between the city's cardholders and the issuers of such cards.

2. Maintain the cardholder agreement for all cardholders.
3. Provide instruction, training, and assistance to cardholders
4. Maintain account information and secure all cardholder information.
5. Keep cardholders up-to-date on new or changing information.
6. Upon receipt of information indicating fraudulent use or lost/stolen cards immediately report it to appropriate parties, including the issuer.
7. Ensure all card accounts are being utilized properly as set forth by state law and this policy.
8. Define the city's policy and procedures for proper documentation and storage of receipts, logs, and approvals required under this policy.
9. Identify any changes to named persons authorized to use a government purchasing card or government credit card.
10. Shall immediately cancel the purchasing card upon employee's termination or resignation.
11. Upon official notification of an impending departure from the City, the respective card holder's card limit shall be reduced to zero.
12. Shall place purchasing card holder's card on an inactive status while employees are on leave.
13. Shall not be assigned a purchasing card.
14. Any other duties assigned by the municipal governing authority.

H. Accounting and Auditing

The Administrator, in an effort to ensure compliance with city policy and state law, will conduct monthly and/or quarterly reviews and audits of all government purchasing card or government credit card transactions. The review is designed to ensure compliance, identify non-compliance issues and misuse, and through corrective measures assist the city with improving compliance. By the last day of the month, a requisition form, all transaction receipts and supporting documentation must be emailed to the appropriate finance staff. The monthly and/or quarterly review shall happen within 10 days of the start of the new month or quarter. Reconciliation to the General ledger shall occur monthly. The internal auditor shall review approval process for compliance at interval described in the audit work plan. If reoccurring software subscriptions are paid with a purchasing card, the Information Technology manager shall maintain and provide to the finance department a listing of all monthly reoccurring charges. After completing the monthly/quarterly audit, the Administrator shall notify cardholders of any violations or questions the Administrator has that occurred within that previous month/quarter. Depending on the severity of the violation, the Administrator may suspend or revoke the use of the government purchasing card or government credit card after notification to the cardholder and to the municipal governing authority, but only after consultation with the city attorney. Any unresolved violations should be reported to the municipal governing authority and the city attorney in writing within 5 business days.

I. Violations

Utilizing the purchasing card or credit card for personal use or for any item or service not directly related to such official city business may result in disciplinary action including, but not limited to, felony criminal prosecution. The use of a government purchasing card or government credit card may be suspended or revoked when the Administrator, after consultation with the city attorney, determines that the cardholder has violated the approved policies or state law regarding the use of the government purchasing card or government credit card. Issuing or facilitating issuance of a purchasing card to an unauthorized person, possession of a purchasing card by an unauthorized person, and any other violation stated herein shall be subject to disciplinary action up to and including termination.

J. Agreement

Before being issued a government purchasing card or government credit card under this policy and state law, all authorized users of government purchasing cards or government credit cards shall sign and accept below indicating that such user will use such cards only in accordance with the policies of the city and with the requirements of state law. The Cardholder shall be responsible for all charges associated with the purchasing card and will maintain possession with adequate safeguards in place to prevent unauthorized use.

FACTS: The City Council approved the expansion of the City Hall leased space at the current location of 3120 Stonecrest Blvd. This additional space includes suite 125, that has been designed to accommodate the City Council and administrative support staff. This space includes offices, a conference room and work stations and open conversation space. Suite 250 has been designed to include offices, a conference room, plan review room, breakroom, reception area, workstations, and phone rooms for the Planning and Zoning, Code Enforcement, and the City Engineer departments. In order to make this space usable, the purchase of office reviewed desk and table offerings through Groupe Lacasse LLC, State of Georgia Convenience Statewide Contract Number: 99999-001-SPD0000100-034 with the Dealer of Record: Russell Contract Furnishings, LTD. The quotes attached indicate a total of \$44,258.18. Upon Council approval, a Purchase Order will be issued to the selected vendor. The amount includes all delivery and setup costs associated with assembly and setup. At the time, the decision was made to add the additional space, there was not a design or concept on the design of the spaces and the FY22 budget did not include

Please note the small office is different from the "B" typical. The sizes are smaller to accommodate the office and the bridge has been changed into a return shell. This is to accommodate the 36" clearance to get into the desk. Additionally one "B" office- top left corner has been altered with a 20x42 shell return in lieu of the bridge to accommodate the bump out of the column.

Please note that drawing is for reference only and not 100% accurate. Manufacturer is not responsible for any measurement deviations.

STATE OF GEORGIA
COUNTY OF DEKALB
CITY OF STONECREST

ORDINANCE NO. _____

AN ORDINANCE BY THE CITY COUNCIL OF THE CITY OF STONECREST, GEORGIA TO FIX THE NUMBER OF THE MUNICIPAL COURT JUDGES; TO PROVIDE FOR CODIFICATION; TO PROVIDE FOR SEVERABILITY; TO REPEAL CONFLICTING ORDINANCES; TO PROVIDE AN ADOPTION DATE; TO PROVIDE AN EFFECTIVE DATE; AND FOR OTHER PURPOSES ALLOWED BY LAW.

WHEREAS, the City of Stonecrest, Georgia (the “City”) is a municipal corporation created under the laws of the State of Georgia; and

WHEREAS, the duly elected governing authority of the City is the Mayor and City Council (“City Council”) thereof; and

WHEREAS, the City Charter Section 4.01 authorizes the establishment of a court to be known as the Municipal Court of the City of Stonecrest (“Municipal Court”); and

WHEREAS, the Municipal Court shall have jurisdiction and authority to try offenses against the laws and ordinances of such city and to punish for a violation of the same; and

WHEREAS, Pursuant to the City Charter Section 4.02(a) the Mayor, subject to approval by the city council, shall appoint a chief judge and judges to the Municipal Court; and

WHEREAS, Pursuant to the City of Stonecrest City Charter Section 4.02(a) the City Council shall fix the number of the judges for the Municipal Court; and

WHEREAS, the City Council finds that it is within the best interests of the City and the public to fix the number of judges.

**THE CITY COUNCIL OF THE CITY OF STONECREST, GEORGIA, HEREBY
ORDAINS, AS FOLLOWS:**

Section 1. As provided by law the City Council of the City of Stonecrest, Georgia shall fix the
number of Municipal Court Judges.

Section 2. That the number of Municipal Court Judges shall be set at _____.

Section 3. That the _____ Judges of the Municipal Court shall include the Municipal Court's
Chief Judge and other Judges.

Section 4. (a) It is hereby declared to be the intention of the Mayor and Council that, to the
greatest extent allowed by law, each and every section, paragraph, sentence, clause
or phrase of this Ordinance is severable from every other section, paragraph,
sentence, clause or phrase of this Ordinance.

(b) It is hereby further declared to be the intention of the Mayor and Council that,
to the greatest extent allowed by law, no section, paragraph, sentence, clause or
phrase of this Ordinance is mutually dependent upon any other section, paragraph,
sentence, clause or phrase of this Ordinance.

(c) In the event that any phrase, clause, sentence, paragraph or section of this
Ordinance shall, for any reason whatsoever, be declared invalid, unconstitutional
or otherwise unenforceable by the valid judgment or decree of any court of
competent jurisdiction, it is the express intent of the Mayor and Council that such
invalidity, unconstitutionality or unenforceability shall, to the greatest extent
allowed by law, not render invalid, unconstitutional or otherwise unenforceable any
of the remaining phrases, clauses, sentences, paragraphs or sections of this
Ordinance and that, to the greatest extent allowed by law, all remaining phrases,

48 clauses, sentences, paragraphs and sections of this Ordinance shall remain valid,
49 constitutional, enforceable, and of full force and effect.

50 **Section 5.** All ordinances and parts of ordinances in conflict herewith are hereby expressly
51 repealed.

52 **Section 6.** The effective date of this Ordinance shall be the date of its adoption by the Mayor
53 and Council unless otherwise stated herein.

54 **Section 7.** The Ordinance shall be codified in a manner consistent with the laws of the State
55 of Georgia and the City of Stonecrest.

56 **Section 8.** It is the intention of the governing body, and it is hereby ordained that the
57 provisions of this Ordinance shall become and be made part of the Code of
58 Ordinances, City of Stonecrest, Georgia.
