55 requesting itemize of the work done and what went into it; understand McCurdy Park lights – no
56 excuse for restrooms not being ADA accessible and asked to do a walk through but was not

58 few weeks ago; holding all accountable,

59
60 **Citizen Comment 2: Carl Wright** – tree down in front of house; thanked Mayor and Council as
61 citizen should be able to point out or reject any request for DDA records – should be done via open
62 records request, DDA does,

65 Sunshine Laws – do not have to be a citizen to state comments or submit an open records request
66 and the processes; requested open records and received nothing; not accusing the city – stated

XVII. Remarks of Privilege

Council Member Bass reiterated the concept of the City Ambassador Program. The program is voluntary to provide information and not door knocking.

Council Member Marianos stated the City Ambassador Program should be nonpartisan, 100% approval from city staff. Elected Officials should not interject.

Mayor Pro Tem Smith stated the reason for initially voting against the #3 Kaboom project. It is not the best decision for a park that we already have two parks for that age group.

Council Member Freeman mentioned that adult gym never gets used; volunteers can reach out to Assistant City Manager for the Kaboom project. The 2025-05 ordinance violates the will of the voters – why take the choice away from voters. It is improper.

Council Member Bryant – no comments.

Council Member Crowe mentioned time ran out when voting for the third Kaboom project – no time left to state why the vote was a no. Voted yes for first two Kaboom project. Voted no for the third Kaboom not because of voting against children, it was because of the enormous amount of staff time.

XVIII. Announcements by The Mayor

Mayor Jones mentioned many people was there at the the Kaboom projects day and night - was a community affair. We should be generous receivers – let's continue to open up the park and entertainment.
