Public Works
STAFF REPORT

SUBJECT: 2024 Pavement Condition Index Update
MEETING: Public Works Committee Meeting – 17 SEP 2024
DEPARTMENT: Public Works
STAFF CONTACT: Nick Williams

RECOMMENDATION:

Staff supports approval of the professional services agreement with Eugene C. Calvert, P.E. for Pavement Management Services to update the Pavement Condition Index for the city’s street network.

BACKGROUND:

The city’s street network includes approximately 87 centerline miles of local roadway, not including state highways, consisting primarily of asphalt surfaces as well as some concrete and brick paving.

A pavement analysis captures data to classify existing pavement conditions and helps to identify solutions for future pavement treatments and maintenance programs. The last pavement analysis was performed in 2018.

PROPOSAL

A proposal from the firm of Eugene C. Calvert P.E., former Stephenville City Engineer, is attached to this memorandum. Mr. Calvert proposes to utilize the services of Transmap Corporation, as a sub-contractor, for pavement data collection.

The scope of work includes the use of automated data collection technology whereby each street is photographed with camera-mounted vehicles using a laser crack measurement system, analyzed to determine the extent and severity of multiple types of distresses, and assigned a pavement condition score. Data is then loaded into MicroPAVER, a software developed by the US Army Corps of Engineers, for analysis where a multi-year workplan will be developed. Mr. Calvert proposes to complete the work within 90-days.

FISCAL IMPACT SUMMARY:

Project funding for the \$52,940.10 cost is available in the adopted FY23-24 budget. The Finance Department has confirmed ample funds exist to perform the full project scope.

ATTACHMENTS:

A copy of the proposal is attached for review.

A Message from the City Manager

Jason M. King, City Manager

Honorable Mayor and City Council:

It is my honor to present, for your consideration, the City of Stephenville Annual Operating Budget for the fiscal year beginning October 1, 2024. As required by the City Charter and the Texas Constitution, the budget is balanced using anticipated revenues and current fund balances to fund the anticipated expenditures necessary for orderly and efficient operation of the city's governmental and enterprise functions. This budget accurately represents the anticipated revenues and expenditures for Fiscal Year 2025. This budget was prepared using the zero-based budgeting approach, which requires each department to justify all expenditures, as well as revenue, for the budget year.

Based on the discussions at the Council Work Session on September 4, 2024, the following changes have been made:

\$1.13 million of the transfer to capital projects from sales tax and property tax allocation for the street maintenance program has been pulled back, leaving \$342,946 for the current year's addition to street maintenance. With the carryover of prior year unspent funds, the street maintenance in the Capital Improvements Fund now totals \$2.4.

The following has been added to the General Fund Budget:

- o Benefits Specialist/HR Analyst salary and benefits \$58,201
- o City Hall server cluster \$75,000
- o 2 Trucks for the Street dept financed \$24,500
- o Athletic Maintenance Truck \$35,000
- o Recreation/Park Maintenance Truck \$35,000
- o Architecture for Rec Hall restroom \$25,000
- o Rec Hall Concession remodel \$15,000
- o Cardiac Monitor for Fire dept \$54,346
- o Animal Service Officer Truck \$78,000
- o Patrol vehicle with equipment \$91,500
- o Two police position salary and benefits (previously shown as vacancy savings) \$208,500
- o Tractor for Parks dept \$45,772
- o Training for Fire dept \$20,000
- o SimMan Manikan for EMS \$39,561
- o LED lighting upgrade and flooring for Municipal Service Center \$83,500

Storm Water Drainage revenue has been increased to reflect the application of the proposed rate 1 reflected in the fee schedule. This resulted in an additional 1.04 million of Storm Water Drainage revenue.

The budget does include over \$1 million in salary increases over the FY 2024 original budget for employees based upon the Step Pay Plan approved in April 2024. Of the \$2.6 million in capital expenditures budgeted in the General Fund, \$1.6 million is unspent funds carried over from FY 2024. In addition, the overall sales tax budget will remain the same as in the previous two fiscal years.

This budget includes over \$18 million in capital expenditures, \$13.4 million of which is a continuation of previously funded and ongoing capital projects. The Water and Wastewater Fund includes over \$1.5 million for the design of two projects, a 1 million gallon storage tank and phase 3 of the East Side Sewer Project. Construction of these projects would be anticipated in FY 2026. \$360,000 is included in the Landfill Fund for the engineering and construction of two new cells to extend the life of the Landfill; this is a carryover from FY 2024. \$457,000 is included in the Storm Water Drainage Fund for engineering and construction of drainage improvements; this is also a carryover from FY 2024. The Airport Fund budget includes over \$800,000 of unspent funds to continue the Airport Expansion design and property acquisition.

We continue to see a significant impact on the budget from Senate Bill 2. This budget includes a Voter-Approval Tax Rate of \$0.3829. The Maintenance and Operations Tax rate decreased by .92%. The difference in the Voter-Approval Tax Rate and the No-New-Revenue Tax Rate of \$0.3660 is \$0.0169 per \$100, which is effectively a difference of \$310,965. We anticipate the variance between the Voter-Approval Tax Rate and the No-New-Revenue Tax Rate to continue to decrease, causing the additional revenue generated from the Voter-Approval Tax Rate to be a relatively static amount.

Taxable Assessed Value

As the tables above and below indicate, as taxable assessed value increases, the tax rate decreases. This is a result of Senate bill 2, which limits the tax levy increase to 3.5% per year without voter approval.

Tax Levy Allocation

The table below depicts the two components of the tax levy: (1) maintenance and operations and (2) interest and sinking, the amount of taxes committed to paying debt backed by property taxes. If the City proposes a tax rate above the No-new-revenue tax rate, it is required to publish a notice in the local newspaper and state on the 1st page of the budget document that the budget will raise more revenue from property taxes than last year's budget by the specific amount and what percent increase that represents. This is required because the amount of the maintenance and operations levy is more than the maintenance and operations levy in the previous year. The 2025 budget will raise more revenue from property taxes than last year's budget by an amount of \$401,763, which is a 6.05% increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$110,580.

Tax Levy and Collection

As the chart below depicts, property tax collections frequently do not equal the original tax levy on which the budget is based. This occurs due to adjustments to assessed taxable values or exemptions after the certification date, as well as delinquent taxes.

In February 2022, the City of Stephenville Council approved freezing taxes on property owners who are disabled and/or 65 years and older who have the homestead exemption on their property. For these taxpayers, the property taxes assessed in the year of adoption become the property taxes that will be assessed in subsequent years. For taxpayers who file a new homestead exemption, the property taxes assessed in the year of filing become the property taxes that will be assessed in subsequent years. The tax assessments remain frozen unless the property is improved or deed is transferred. As the chart below indicates, the frozen taxes have a minimal affect on the overall property tax revenue.

Below is a comparison of the varying elements of market value, assessed value, and exemptions.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the City Council has set Tuesday, September 17, 2024, at 5:30 p.m. in City Council Chambers at City Hall, 298 West Washington, Stephenville, Texas, as the date, time, and place for a public hearing to consider the budget for fiscal year 2024-2025.

This budget will raise more revenue from property taxes than last year’s budget by an amount of \$401,763, which is a 6.05 percent increase from last year’s budget. The property tax revenue to be raised from new property added to the tax roll this year is \$110,580.

Proposed Expenditures	\$52,813,998
Proposed Expenditures Discrete Component Unit (SEDA)	\$ 1,175,000

NOTICE OF PUBLIC HEARING ON TAX INCREASE

Item 6.

A tax rate of \$0.3829 per \$100 valuation has been proposed by the governing body of City of Stephenville.

PROPOSED TAX RATE	\$0.3829 per \$100
NO-NEW-REVENUE TAX RATE	\$0.3660 per \$100
VOTER-APPROVAL TAX RATE	\$0.3829 per \$100

The no-new-revenue tax rate is the tax rate for the 2024 tax year that will raise the same amount of property tax revenue for City of Stephenville from the same properties in both the 2023 tax year and the 2024 tax year.

The voter-approval rate is the highest tax rate that City of Stephenville may adopt without holding an election to seek voter approval of the rate.

The proposed tax rate is greater than the no-new-revenue tax rate. This means that City of Stephenville is proposing to increase property taxes for the 2024 tax year.

A PUBLIC HEARING ON THE PROPOSED TAX RATE WILL BE HELD ON September 17, 2024 AT 5:30 PM AT CITY COUNCIL CHAMBERS, STEPHENVILLE CITY HALL, STEPHENVILLE TX.

The proposed tax rate is not greater than the voter-approval tax rate. As a result, City of Stephenville is not required to hold an election at which voters may accept or reject the proposed tax rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the CITY COUNCIL of City of Stephenville at their offices or by attending the public hearing mentioned above.

YOUR TAXES OWED UNDER ANY OF THE RATES MENTIONED ABOVE CAN BE CALCULATED AS FOLLOWS:

$$\text{Property tax amount} = (\text{tax rate}) \times (\text{taxable value of your property}) / 100$$

NOTICE OF PUBLIC HEARING ON TAX INCREASE

Item 9.

A tax rate of \$0.3829 per \$100 valuation has been proposed by the governing body of City of Stephenville.

PROPOSED TAX RATE	\$0.3829 per \$100
NO-NEW-REVENUE TAX RATE	\$0.3660 per \$100
VOTER-APPROVAL TAX RATE	\$0.3829 per \$100

The no-new-revenue tax rate is the tax rate for the 2024 tax year that will raise the same amount of property tax revenue for City of Stephenville from the same properties in both the 2023 tax year and the 2024 tax year.

The voter-approval rate is the highest tax rate that City of Stephenville may adopt without holding an election to seek voter approval of the rate.

The proposed tax rate is greater than the no-new-revenue tax rate. This means that City of Stephenville is proposing to increase property taxes for the 2024 tax year.

A PUBLIC HEARING ON THE PROPOSED TAX RATE WILL BE HELD ON September 17, 2024 AT 5:30 PM AT CITY COUNCIL CHAMBERS, STEPHENVILLE CITY HALL, STEPHENVILLE TX.

The proposed tax rate is not greater than the voter-approval tax rate. As a result, City of Stephenville is not required to hold an election at which voters may accept or reject the proposed tax rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the CITY COUNCIL of City of Stephenville at their offices or by attending the public hearing mentioned above.

YOUR TAXES OWED UNDER ANY OF THE RATES MENTIONED ABOVE CAN BE CALCULATED AS FOLLOWS:

$$\text{Property tax amount} = (\text{tax rate}) \times (\text{taxable value of your property}) / 100$$

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.³⁹ The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴⁰

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴¹
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴² or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴³

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁴

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁴ This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁵

SECTION 7: Voter-Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁸

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁴⁹

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).
