

SPECIAL CITY COUNCIL MEETING

City Hall Council Chambers, 298 West Washington Street
Tuesday, October 18, 2022 at 5:30 PM

AGENDA

CALL TO ORDER

REGULAR AGENDA

- [1.](#) Consider Award of Long Street Reconstruction Project
- [2.](#) Consider Award of Eastside Sewer - Phase I Project
3. Consider Approval of Contract with Delisi Communications for Consulting Services

EXECUTIVE SESSION

In compliance with the provisions of the Texas Open Meetings Law, Subchapter D, Government Code, Vernon's Texas Codes, Annotated, in accordance with

4. **Section 551.072 Deliberation Regarding Real Property** - to deliberate the purchase, exchange, lease, or value of real property, to wit: real property located in **Doss Addition**
5. **Section 551.072 Deliberation Regarding Real Property** - to deliberate the purchase, exchange, lease, or value of real property, to wit: real property located in **City Addition**
6. **Section 551.072 Deliberation Regarding Real Property** - to deliberate the purchase, exchange, lease, or value of real property, to wit: real property located in **Miller Addition**

ADJOURN

In accordance with the Americans with Disabilities Act, persons who need accommodation to attend or participate in this meeting should contact City Hall at 254-918-1287 within 48 hours prior to the meeting to request such assistance.

Public Works
STAFF REPORT

SUBJECT: West Long Street Reconstruction
MEETING: Council Meeting – 18 OCT 2022
DEPARTMENT: Public Works
STAFF CONTACT: Nick Williams

RECOMMENDATION:

Staff recommends award of the West Long Street Reconstruction Project to Jay Mills Contracting, Inc. in the amount of \$5,964,423.94.

BACKGROUND:

Long Street is and has been in disrepair for a number of years. The original Thurber brick paving was overlaid with asphalt which has raveled under the moving of the bricks. Additionally, multiple water and sewer repairs have been performed leaving asphalt patches in the brick pavement resulting in an uneven travel surface and a poor ride quality.

On September 27, 2022, the City of Stephenville opened bids for the above referenced project. A single bid was received from Jay Mills Contracting, Inc. of Stephenville, TX.

PROJECT:

The project includes reconstruction of Long Street from Alexander Road to Graham Avenue. The existing roadway will be reconstructed with curb and gutter, sidewalks, crosswalks, and ADA compliant ramps along the north and south sides of the street. Existing cast iron water lines and clay sewer lines will be replaced. The existing stormwater culvert crossing will also be replaced. Atmos Energy recently completed new gas line installations in the project area.

Long Street between Graham Avenue and Race Street will be restored with a brick surface supported by a concrete base. Asphalt pavement is specified between Race Street and Alexander Road. Concrete paving is included as a bid alternate.

Jay Mills Contracting, Inc. has performed many projects with similar scopes for the City of Stephenville. A favorable recommendation, copy attached, has been received from Freese and Nichols, Inc. the design Engineering firm of Record.

Construction is anticipated to take a year to complete.

FISCAL IMPACT SUMMARY:

\$6.5 million in project funding was appropriated in the adopted FY22-23 budget.

Below is a tabulation of the single bid received. It is recommended the contract be awarded for the full Base Bid amount of \$5,168,343.94, plus Add Alternate B for sidewalks in the amount of \$796,080.00, for a total amount of \$5,964,423.94.

The alternate cost bid for concrete pavement is an additional \$657,862.50. The total bid with concrete pavement and sidewalks is \$6,622,286.44.

Two (2) speed warning signs were also bid as an add alternate. After reviewing the bid, it was determined these signs could be installed by in-house staff at a much lower cost; therefore, it is not recommended to award Add Alternate C.

BID OPENING	BIDDER
<u>WEST LONG STREET RECONSTRUCTION PROJECT</u> Date: September 27, 2021 – 10:00 a.m.	Jay Mills Contracting, Inc. Stephenville, TX
BASE BID	\$ 5,168,343.94
ADD ALTERNATE A – Concrete Paving	\$ 657,862.50
ADD ALTERNATE B – Sidewalks	\$ 796,080.00
ADD ALTERNATE C – Speed Warning Signs	\$ 40,000.00
TOTAL BASE BID + ADD ALTERNATE A & B	\$ 6,622,286.44
TOTAL BASE BID + ADD ALTERNATE B	\$ 5,964,423.94

Practical results
Outstanding service

September 27, 2022

Mr. Nick Williams, P.E., CFM
Director, Public Works Department
City of Stephenville
298 W. Washington, Stephenville, TX 76401

Re: West Long Street Reconstruction – Recommendation of Award

Dear Mr. Williams:

Listed below are the summarized bid results for the West Long Street Reconstruction project. A total of one bid proposal was received on September 27, 2022. The bidder submitted appropriate bid bonds, acknowledged issued addenda, and was determined to be responsive.

Contractor: Jay Mills Contracting, Inc.				
Base Bid	Alternate A	Alternate B	Alternate C	Base Bid + Alternates A-C
\$5,168,343.94	\$657,862.50	\$796,080.00	\$40,000.00	\$6,662,286.44

Based on their bid proposal and previous construction experience on similar projects, Freese and Nichols, Inc. (FNI) recommends that the City of Stephenville award the contract to Jay Mills Contracting, Inc. as the principal contractor for this project.

FNI supports award of the Base Bid and Alternate B only, for a combined total of \$5,964,423.94. We believe this combination meets the intended purpose of this project for the most reasonable cost.

Sincerely,

Freese and Nichols, Inc.

Colton Fisher, PE, RAS

Project Manager

Public Works
STAFF REPORT

SUBJECT: Eastside Sewer Interceptor – Phase I Project
MEETING: Council Meeting – 18 OCT 2022
DEPARTMENT: Public Works
STAFF CONTACT: Nick Williams

RECOMMENDATION:

Staff recommends award of the Eastside Sewer Interceptor – Phase I Project to MH Civil Constructors, Inc. in the amount of \$22,517,000.

BACKGROUND:

On August 24, 2022, the City of Stephenville opened bids for the above referenced project. Eight bids were received with the lowest bid received being from MH Civil Constructors, Inc. of Amarillo, TX.

PROJECT:

The project includes the installation of approximately three miles of gravity sanitary sewer pipe ranging in size from 4-inch to 48-inch diameter using various installation methods including open-cut trenching, boring, and tunneling. The project will span from the Stephenville Wastewater Treatment Plant northwards to Collins Street along the east side of the Bosque River.

MH Civil Constructors, Inc. was awarded the Transmission Line and Site Civil project for the 536 Wellfield and has performed well. The contractor’s work history and references have been vetted and the design engineer of record, Parkhill, recommends award to MH Civil Constructors, Inc. Attached is a copy of the Award Recommendation Letter received from Parkhill.

Construction is anticipated to take twenty months to complete.

FISCAL IMPACT SUMMARY:

MH Civil Constructors, Inc. provided a bid of \$22,517,000.

Project funding is available by \$17,649,179 available from a combination of carryover, America Rescue Plan Act (ARPA) funds, and cash reserves, as well as \$5,012,300 from 2022 bonds, for a total of \$22,661,479 in the adopted FY22-23 budget. This amount leaves a difference of \$144,479.00. If awarded, discussions will commence with the contractor to identify possible cost-saving measures.

A tabulation of the bids received is included with the Award Recommendation Letter received from Parkhill.

September 6, 2022

Mr. Nick Williams, PE
Public Works Director
City of Stephenville
298 W. Washington
Stephenville, Texas 76401

Re: City of Stephenville Eastside Sewer Interceptor Ph. 1
TWDB Project No. 73744
Recommendation for Award of Construction Contract

Dear Mr. Williams:

Parkhill reviewed bids for the noted project received on August 24, 2022, and determined all bids were submitted in accordance with guidelines established in the bid documents as well as procedures adopted by City of Stephenville (City). Bids were determined tabulated properly and are consistent with figures recorded during the bid opening. Enclosed is a detailed bid tabulation form for reference.

Based on review of the provided qualifications and references, we recommend the Construction Contract for the City of Stephenville Eastside Sewer Interceptor Ph. 1 TWDB Project No. 73744 project be awarded to low bidder, MH Civil Constructors, Inc. including all Base Bid Proposal items for a **total Contract amount of \$22,517,000.00.**

If additional cost savings measures are desired, the City may elect to award Additive Alternate items A-1 and A-4 for a reduction of \$56,900.00 to the total contract amount. It is also recommended that a value engineering discussion be had with MH Civil, after the contract award phase, regarding the transition from '30-inch SDR-26 PVC Pipe' (Line Item 19) to '30-inch FRP Pipe' to determine the best combination for maximum cost savings. This could potentially save the City an additional \$71,925.00 in pipe costs alone.

For anything further, please contact me directly at 817.633.0434 or rkennerly@parkhill.com.

Sincerely,

PARKHILL
