CITY COUNCIL MEETING REGULAR SESSION

Item 1.

Tuesday, May 16, 2023 at 6:00 PM

City Hall, 102 W. Ashley Wilson Rd, Sweeny, Texas

MINUTES

BE IT KNOWN that the City Council of the City of Sweeny will meet in **Regular Session on Tuesday, May 16, 2023 at 6:00 PM.** at City Hall, 102 W. Ashley Wilson Rd, Sweeny, Texas with the following agenda.

The Regular Session was called to order by Mayor Jeff Farley at 6:24 PM. Due to lack of quorum the meeting was delayed.

Mark Morgan Jr., Bill Hayes, and John Rambo were in attendance. Brian Brooks and Tim Pettigrew were absent.

City Officials Present were City Manager Lindsay Koskiniemi, Attorney Charlie Stevenson, Police Chief Brad Caudle, Fire Chief Roger Barton, and City Secretary Kaydi Smith.

Citizens Wishing To Address City Council

This item is available for those citizens wishing to address City Council on an issue not on the agenda. Any item discussed cannot be voted on but could be considered for placement on the agenda of the next regularly scheduled meeting. Limited to three (3) minutes.

Mr. Tolley, owner of Space Walk of Lake Jackson, approached Council to request reservation of the Backyard Park to hold an event to include the Lions Club. He would be passing flyers out to the schools for children to attend if reservation is allowable.

Pledges & Invocation

The pledges and invocation were skipped by mistake and completed after citizens addressing council. The pledges were led by Mark Morgan Jr. & the invocation was given by Charlie Stevenson.

Public Hearings And Action Items

No Public Hearings

Consent Agenda

- 1. Proclamation: Juneteenth Day; June 19, 2023
Mayor Farley stated the Proclamation would be signed and posted.
- 2. Minutes: Regular Session, April 25, 2023
Mark Morgan Jr. made the motion to approve the Minutes of the Regular Session from April 25, 2023. Seconded by John Rambo. All in favor. Motion carried.

Regular Agenda

- 3. Resolution Canvassing the Results of the General Election May 06, 2023

Mayor Farley recited the Resolution to include the votes received and terms to be held on canvassing the returns and declaring the results of the General Election held on May 06, 2023 in the City of Sweeny for the two-year terms of the Mayor, City Council Position No. 2, and City Council Position No. 4.

Office of the Mayor

Candidate:	Number of Votes
1. Neal Bess Jr.	152
2. Dusty Hopkins	241

Council Position Two

Candidate:	Number of Votes
1. Reese C. Cook (unopposed)	313

Council Position Four

Candidate:	Number of Votes
1. John A. Rambo	250
2. Kelly Fuller	133

Dusty Hopkins, Reece C. Cook, and John A. Rambo received the greater number of votes for each such respective offices and are entitled to such offices upon taking the constitutional oath of office, required by law.

Bill Hayes made the motion to approve the Resolution. Mark Morgan Jr. seconded. All in favor. Motion Carried.

4. Resolution Canvassing the Results of the Special Election May 06, 2023

Mayor Farley recited the results of the Special Election held May 06, 2023.

Proposition A	Number of Votes
For	283
Against	101

Proposition A: A reduction of the local sales and use tax currently received by the Sweeny Economic Development Corporation, a Type B economic development corporation, from one half of one percent to three eighths of one percent, contingent upon the eligible voters of the proposed City of Sweeny Crime Control and Prevention District, which comprises the City of Sweeny, approving the ballot proposition authorizing the creation of the City of Sweeny, Crime Control and Prevention District dedicated to crime reduction purposes and the adoption of a sales and use tax for said district at a rate of one-eighth of one percent.

Proposition A, For (approving of) received the greater number of votes, therefore creating a reduction from the Type B Economic Development Corporation Sales and Use Tax Rate from one half of one percent, to a rate of three eighths of one percent, and creating a Sweeny Crime Control and Prevention District and adopting a sales and use tax at a rate of one eighth of one percent. *Mark Morgan Jr. made the motion to approve the Resolution. John Rambo seconded. All in favor. Motion Carried.*

5. Presentation of Appreciation Plaques:

Bill Hayes; Council Position No. 2

Jeff Farley; Mayor

City Manager presented Jeff Farley and Bill Hayes with a plaque of appreciation on behalf of the City of Sweeny. On behalf of Congressman Randy Weber’s Office, Amber Murray presented Mayor Farley and Councilman Hayes with a certificate of recognition and read aloud.

6. Appointment of Elected Officials: Certificate of Election, Statement of Officer, and Oath of Office

Newly Elected Officials approached the diocese for Attorney Charlie Stevenson to administer the Oath of Office to each of the newly elected, simultaneously. Each official recited the oath and signed; swearing to faithfully execute the duties of their individual position for the City of Sweeny.

Each newly elected official signed the Certificate of Election and Statement of Elected Officer. Outgoing officials stepped down from the diocese and the newly elected officials engaged in their new positions.

Mayor Hopkins assumed responsibility as the newly elected Mayor to continue the proceedings of the regular agenda. Due to quorum restraints, Mayor Hopkins requested to a motion to table remaining items and conclude this regular meeting.

John Rambo made the motion to table the remaining agenda items until the next meeting. Mark Morgan Jr. seconded. All were in favor. Motion carried.

Mayor Hopkins asked for a motion to adjourned the meeting at 6:35 pm. *John Rambo made the motion and Mark Morgan Jr. seconded. All in favor. Motion carried.*

Meeting adjourned at 6:35 pm.

Adam Jeffers <a.jeffers@compadresdesign.com>
CSR_PactedSigns <CSR_PactedSigns@txdot.gov>

Good morning Adam,

It appears that the sign is related to a non-commercial (aka on-premise) sign. TxDOT isn't familiar with the letter and doesn't regulate on-premise signs.

Please ensure that the sign is installed on the Dollar General property and isn't encroaching in our ROW.

Thanks,

Greg Polasek

GENERAL PROVISIONS

§ 156.001 PURPOSE.

The purpose of this chapter is to provide uniform sign standards and regulations in order to insure public safety and to promote a positive city image reflecting order, harmony and pride, and thereby strengthening the economic stability of Sweeny business, cultural, historical and residential areas.

(Ord. 102-16, passed - -16)

§ 156.002 GENERAL.

No person may construct, reconstruct, place, install, repair, maintain, relocate, alter or use a sign after the effective date of this article unless such installation, construction, reconstruction, placement, repairs, maintenance, relocation, alteration or use meets all the provisions of this and all other applicable code provisions adopted by the City of Sweeny, Texas.

(Ord. 102-16, passed - -16)

§ 156.003 DEFINITIONS.

Words and phrases used in this article shall have the meanings set forth in this section. Words and phrases which are not defined in this article but are defined elsewhere in the Code of Ordinances of the City of Sweeny shall be given the meanings set forth in those code provisions. Other words and phrases shall be given their common, ordinary meaning unless the context clearly required otherwise. Headings and captions are for reference purposes only, and shall not be used in the interpretation of this chapter.

ABANDONED SIGN. A sign for which any of the following conditions apply:

- (1) Does not contain a message on the first anniversary of the date the business, person, or activity that the sign or sign structure identifies or advertises ceases to operate on the premises on which the sign or sign structure is located.
- (2) If the premises containing the sign or sign structure is leased, then if the sign does not contain a message on the second anniversary after the date the most recent tenant ceases to operate on the premises.
- (3) The city may agree with the owner of the sign or sign structure to remove only a portion of the sign or sign structure.

AREA.

(1) The entire sign surface within a single contiguous perimeter, excluding support structures. A sign structure with two faces back-to-back, oriented in opposite directions and separated by not more than three feet, with the same copy on both sides, shall be counted as a single sign.

(2) In cases where a sign is composed only of letters, figures, or other characters the dimensions used to compute the area are the smallest simple imaginary figure (circle, triangle, rectangle, or other) which fully contains the sign content.

BANNER. Fabric or other suitable material which is attached or suspended at two ends or continuously across the long edge. Attachment or suspension may be from structures and/or poles. A street banner is a banner suspended above a right of way.

CHANGEABLE COPY SIGN. A sign or part of a sign on which content can be changed or rearranged without altering the face of surface of the sign, including but not limited to a theater marquee or a gasoline price sign.

COMMERCIAL COMPLEX. Any property such as a shopping center, office park or industrial park, which consists of two or more establishments on a single platted lot, or which is designed, developed and managed as a unit.

COMMERCIAL SERVICE SIGN. A sign which solicits support for or participation in a non-profit, non-political, community, public or social event or activity.

DILAPIDATED SIGN. Any sign where:

- (1) The structural support or frame members are visibly bent, broken, dented, torn or excessively rusted; or
- (2) The sign face is visibly torn, cracked or, in the case of wood or similar products, splinted in such a way as to constitute a potential harmful condition; or
- (3) The sign or its elements are twisted or leaning or at angles other than those at which it was originally erected (such as may result from being blown or the failure of a structural support).

FLAG. A fabric sheet, which is attached at one end to a pole, cable or rope.

FREESTANDING SIGN. Any sign not attached to or part of any building. Included are monument signs and self supported signs.

HEIGHT. The distance from ground level to the top of the sign structure. The ground level is the lower of:

- (1) The existing grade prior to construction of the sign; or
- (2) The newly established grade after construction, unless the curb elevation at the street in front of the sign is higher than the established ground level, in which case the height shall be measured from curb level.

ILLUMINATED SIGN. Any sign illuminated in any manner by an artificial light source of any kind, either detached from the sign or a part thereof. Signs that are only incidentally and indirectly illuminated as a result of a lighting plan primarily designed as security lighting or landscape lighting are not illuminated signs.

MONUMENT SIGN. A sign which is mounted on a base at least as wide as the sign and is of limited height. The opening between the base and the sign must be no greater than two inches.

OFF-PREMISES SIGN. A sign displaying advertising copy that pertains to a business, person, organization, activity, event, place, service, or product not principally located or primarily manufactured or sold on the premises on which the sign is located.

ON-PREMISES SIGN. A sign identifying or advertising a business, person, or activity, and installed and maintained on the same premises as the business, person or activity.

PREMISES. Means a lot or tract within the city, and contiguous lands in the same ownership, which is not divided by any public highway, street or alley, or right-of-way.

PROJECTING SIGN. Any sign the outside edge of which extends from the face of a wall to which it is attached.

RESIDENTIAL AREA. Any property within the city limits which is zoned for residential use. Any unzoned property within the city limits or any property within the city's extra-territorial jurisdiction which is vacant, in any form of agricultural use, on which a residence is the principal use, and any portion within 200 feet of any such residence.

RESPONSIBLE PARTY. The owner of the property upon which the sign is located, the lessor of the property, and/or the owner of the sign.

SELF-SUPPORTED SIGN. See **FREE STANDING SIGN.**

SIGN. Any medium for visual communication or its structure used or intended to attract the attention of the public.

SIGN STRUCTURE. Any structure which is designed specifically for the purpose of supporting a sign, has supported or is capable of supporting a sign. This definition shall include any decorative covers, braces, wires, supports, or components attached to or placed around the sign structure. Where any goods or services for sale or other advertisement is displayed on the structure, then said structure shall be counted as part of the sign area.

SINGLE COMMERCIAL BUILDING. A structure containing a single commercial establishment, office business, school, church, non-profit organization, charity or government agency.

Item 2.

SWEENEY or CITY. The City of Sweeny, Brazoria County, Texas, an incorporated municipality.

(Ord. 102-16, passed - -16)

GENERAL REGULATIONS

§ 156.015 EXEMPTIONS FOR CERTAIN TYPES OF SIGNS.

The following are exempt from regulation under this chapter:

- (A) Any sign inside a building, not attached to a window or door and not oriented so as to be read from outside the building.
- (B) Commemorative plaques and historical markers mounted on the face of a building or erected on a site as a free-standing monument sign, when placed or approved by a governmental entity, historical society, religious organization or other nonprofit entity to commemorate a person, event or other matter of historical interest.
- (C) Any sign installed or required to be installed by any governmental entity or public utility to give information, directions or warnings to the general public, regardless of the sign's location on public or private property.
- (D) Temporary signs with the intended use of identifying seasonal, occasional or special community, educational, charitable and civic events, facilities, activities or social events, and of identifying newly opened businesses.

(Ord. 102-16, passed - -16)

§ 156.016 GENERAL REGULATIONS.

Excluding only those signs exempted by the preceding section, no sign or part of a sign shall:

- (A) Be placed on or attached to any utility pole or pedestal, except by a utility company owning the pole or pedestal or operating facilities mounted on the pole or pedestal.
- (B) Be placed upon real property without the consent of the property owner.
- (C) Be located in, on, or over any right-of-way, except for directional or informational signs erected by government agencies. Any such sign shall constitute a nuisance.
- (D) Be located so that it blocks vehicle or pedestrian views and/or safe sight distances at any intersection, curve or corner. This includes signs located on private property. Any such sign shall constitute a nuisance.
- (E) Be hung with less than 7 1/2 feet of vertical clearance above the sidewalk or less than 15 feet of vertical clearance above the street, drive or parking area (this applies to any part of a sign, including mounting fixtures and supporting structures, which is mounted above or projects over any sidewalk, street, drive or parking area whether on public or private land).
- (F) Imitate or resemble an official traffic-control device or railroad sign or signal; attempt to direct the movement of traffic; or hide from view or hinder the effectiveness of an official traffic-control device or railroad sign or signal. Any such sign shall constitute a nuisance.
- (G) Be placed closer than six feet to the edge of a road surface.
- (H) Be allowed which moves or has moving components, or has bright flashing lights or other distracting features. This does not include signs with slowly changing messages such as time or temperature.
- (I) Be located so that it is on or in any way obstructs any sidewalk, walkway or pathway used by the public for normal pedestrian access.
- (J) Be painted or installed on any roof surface.
- (K) Extend above or beyond the building roof line, facade or eaves when installed on a wall. A facade is a low wall built along one or more sides around the perimeter of a roof.
- (L) Be located closer than ten feet any power line. Any such sign shall constitute a nuisance.
- (M) Be installed so that it faces contiguous residential property.

(Ord. 102-16, passed - -16)

§ 156.017 SIGNS ALLOWED WITHOUT PERMIT.

Following are exempt from the requirement to obtain a permit, subject to compliance otherwise with the provisions of this code in general and this article in particular:

- (A) Signs in locations other than residential areas measuring no more than eight square feet on property in other than residential areas and three square feet in residential areas denoting that the property on which the sign is located is for s

lease or rent.

(B) Signs in residential areas measuring no more than three square feet denoting the name of the residents and the address of the premises.

(C) Signs denoting the architect, engineer or contractor, placed on the premises where construction, repair or renovation is in progress. Such signs may not exceed eight square feet in area or four feet in height. All such signs must be removed within three days after the completion of the project.

(D) Auxiliary signs which are not part of another sign and which provide information such as hours of operations, credit cards accepted, restrictions of sale to minors, "no soliciting" or "beware of the dog." The area of such individual signs shall not exceed one square foot, and the aggregate area of all such signs cannot exceed four square feet for any commercial establishment or residence.

(E) Political signs, which by their content support or oppose any candidate for public office or any proposition to be voted upon at an election, or which make a political or ideological statement in the nature of constitutionally protected non-commercial free speech. Such signs:

- (1) Cannot have an effective area greater than 36 square feet;
- (2) Cannot be more than eight feet high;
- (3) Cannot be illuminated; and
- (4) Cannot have any moving elements.

(5) May be placed up to 60 days prior to a primary, runoff or general election and up to seven days after the primary, runoff or general election for which posted.

(F) Daily display signs - nonpermanent signs relating to the business conducted on the premises, placed out of door during business hours for display and returned indoors during off hours. Such signs:

- (1) Cannot be larger than six square feet;
- (2) No more than one such sign per business;
- (3) Must be located on the leased or rented premises of the business advertised; and
- (4) Placement cannot impede pedestrian or vehicular traffic or interfere with parking.

(G) No permit is required to repaint or otherwise repair an existing sign, provided that the area of the sign is not enlarged, the height of the sign is not increased, the location of the sign is not changed, and the content of the sign does not materially change. This provision does not apply to preexisting nonconforming signs.

(H) No permit is required to change the copy on a changeable copy sign.

(I) No permit is required for national, state, church, school flags or any other flag that constitutes protected non-commercial free speech.

(J) *Event signs - off site.* Signs giving directions to an occasional event at another location, other than a business event at an establishment, such as directions to a civic or other noncommercial ceremony, to an event for the members of an organization, or to an event at a residence such as a garage sale or private party may be placed only on private property and only with the consent of the owner of the property. No more than three such signs may be used to give directions to the same event. Such signs may not exceed three square feet each, and may not be placed more than 14 days prior to the event, and must be removed within one day after the conclusion of the event.

(K) *Event signs - on site.* A sign which is placed to advertise or mark the location of an occasional event on the same site other than a business event at an establishment, such as civic or other noncommercial ceremony, an event for the members of an organization, or an event at a residence such as a garage sale or private party. Such signs may not exceed an area of three square feet at a residence or 12 square feet at any other location. Such signs may not be placed more than 14 days prior to the event, and it must be removed within one day after the conclusion of the event. There shall be not more than three on-site event signs for any event.

(L) *Community service signs.* Community service signs may be erected only by a unit of government, school, chamber of commerce, religious organization or other non-profit agency. The area of a community service sign may not exceed six square feet in a residential area or 16 square feet in all other areas.

(M) A community service sign that promotes any particular event may not be erected more than 14 days prior to the event and all such signs must be removed by the responsible party not more than three days after the event.

(N) Community service signs that are street banners must conform to requirements established by the Texas Department of Transportation (TxDOT).

(O) Temporary decorations or displays, when they are clearly incidental to and are customarily and commonly associated with any national, local or religious holiday or celebration, and of a non-advertising nature; provided, that such decorations are maintained in an attractive condition, do not constitute a fire or traffic or pedestrian hazard, and are removed within a reasonable time after the event or celebration has occurred.

(P) Garage sale signs may be placed for no more than two days on the premises of the garage sale.

(Ord. 102-16, passed - -16)

§ 156.018 SIGNS REQUIRING A PERMIT.

The following signs shall require a permit, issued prior to construction:

(A) Signs on property in other than residential areas.

(1) *Single commercial building.* Signs shall be permitted as follows:

- (a) Attached or painted onto each side of a building. No single sign may be larger than 32 square feet.
- (b) One tree standing sign not larger than 24 square feet or taller than ten feet.
- (c) One projecting sign not to exceed 12 square feet.
- (d) The aggregate of all signs may not exceed 80 square feet.

(2) *Commercial complex.* Signs shall be permitted as follows:

(a) One free standing sign not larger than 64 square feet or taller than 12 feet.

1. A commercial complex with a land area of two acres or more may have one freestanding sign along each street which borders the complex for a distance of 200 feet.

2. If the structure of a free standing sign contains or supports more than one sign, then each sign shall be of the same construction, coloring, design, and style.

(b) Signs housed in the complex not to exceed 50% of the front wall space.

(3) *Flags.* No flagpole may be higher than 20 feet or extend beyond the maximum allowable building height limit as established in the city building regulations, whichever is shorter. At any establishment, the entire area of all flags shall be counted toward the aggregate for signs on the premises. Flags may only be illuminated in compliance with this chapter.

(4) *Illuminated signs.*

(a) Neon signs are prohibited except for signs no greater than 4.5 square feet located on or inside of a window of an establishment. No more than two such signs are permitted per business.

(b) No sign shall be lighted to such intensity or in such a manner as to cause glare or brightness to a degree that it constitutes a traffic hazard. Any such sign shall constitute a nuisance.

(c) Signs may not be illuminated by mercury arc or mercury vapor light sources.

(d) Illuminated signs may not be installed facing adjacent or adjoining residential areas.

(5) *Inflatable signs.* Business related inflatable signs with a volume greater than 27 cubic feet are prohibited.

(B) *Business or office signs located on property in residential areas (applicant should consider this section in conjunction with deed restrictions and property owners associations' covenants and bylaws).*

(1) Signs shall be permitted as follows:

- (a) One sign, no larger than 12 square feet, may be attached to or painted onto a building.
- (b) One free standing sign not larger than 3 square feet or taller than four feet.
- (c) The aggregate of both signs may not exceed 12 square feet.

(2) *Flags.* No flagpole may be higher than 20 feet or extend beyond the maximum allowable building height limit as established in the city building regulations, whichever is shorter.

(3) *Internally illuminated signs are prohibited.*

(C) *Banners.*

(1) *Street banners.*

(a) Street banners when they are clearly incidental to and are customarily and commonly associated with any national, local or religious holiday or celebration, and of a non-advertising nature; provided, that such decorations are maintained in an attractive condition, do not constitute a fire or traffic or pedestrian hazard, and are removed within a reasonable time after the event or celebration has occurred.

(b) Street banners must conform to Texas Department of Transportation rules and regulations.

(c) Street banners may be displayed only at approved city locations within the city limits and the city's extraterritorial jurisdiction.

(d) No more than six street banners may be in place at any one time within the city limits and the city's extraterritorial jurisdiction.

(2) All other banners are permitted as follows:

(a) Banners must be kept in good repair throughout the time of their display.

(b) No establishment may display more than two banners at any one time.

(c) Banners may not exceed eight square feet in a residential area or 24 square feet in all other areas.

(d) Banners may not be displayed for more than 31 days in succession, and they must be removed no more than three days following any event to which they relate.

(e) On-premise banners that announce the location or relocation of newly located or relocated businesses are permitted without payment of a permit fee. The banner may be exhibited during a period of no more than 45 days commencing at the time that the temporary banner permit is issued. Such banners may not exceed eight square feet in a residential area or 18 square feet in all other areas.

(f) Banners for commercial purposes may not face a residential area.

(Ord. 102-16, passed - -16; Am. Ord. 103-18, passed 5-15-18)

§ 156.019 PROHIBITED SIGN TYPES.

(A) Abandoned signs (See definition in § 156.003).

(B) *Beacons*. This includes any light with a beam directed into the atmosphere or directed at a point which is not on the same property as the light source, or a light with one or more beams that move.

(C) *Billboards*. This includes any sign which advertises or calls attention to any business, product, service, or other activity which is not located on the same premises as the sign.

(D) *Portable changeable copy signs*. This includes any sign or part of a sign on which content can be changed without altering the face or surface of the sign, and which sign is not permanently attached to the ground or to a permanent structure, or a sign designed to be transported, whether on attached wheels or otherwise.

(E) *Flashing signs*. Any sign with flashing, blinking, moving or traveling lights or with lights that change in color or intensity or a sign which uses lights to form traveling messages or messages which change more than once per day.

(F) *Moving signs*. Any sign or part of a sign which is animated or moves. This includes ribbons, streamers, spinners and other similar devices, whether such devices are intended to be temporary or permanent in nature.

(G) *Promotional signs*. Any generic sign promoting a product or service by brand name and which is not specific to the establishment displaying the sign.

(Ord. 102-16, passed - -16)

PERMITS AND MAINTENANCE

§ 156.030 SIGN PERMITS.

(A) *Permit and fee required*. Except as otherwise provided in this ordinance, no person may construct, reconstruct, place, install, repair, maintain, relocate any sign without first obtaining a sign permit from the city through its Permit Department. Each application for a sign permit must be accompanied by the appropriate fee established by the city. The fees established herein are as follows:

(1) All illuminated signs on premises (electric) - \$50.

(2) Non-illuminated signs on premises - \$20.

(3) Spinners, pennants and banners - no charge.

(B) *Expiration of permits*. Permits shall expire if substantial progress on the approved action has not been achieved within six months. Substantial progress shall include good faith initiation of construction of the sign or significant expenditures of funds toward sign construction.

(C) *Modifications*. After a sign permit has been issued by the city, it shall be unlawful to deviate from the terms and conditions of the permit without prior approval by the Building Inspector.

(Ord. 102-16, passed - -16)

§ 156.031 SIGN MAINTENANCE AND NUISANCES.

(A) All signs and sign structures must be maintained in a structurally safe condition, and in good repair, and shall not be allowed to become a dilapidated sign, as defined by this chapter. A sign or sign structure shall constitute a nuisance if it injures or threatens to injure the public health, peace or comfort and is a nuisance per se or at common law or is otherwise declared to be a nuisance or dilapidated sign pursuant to this chapter. The city shall notify, by certified mail, the responsible party for any sign that or sign structure constitutes a nuisance determination within ten days of receipt of the notice. If the

responsible party chooses not to take the instructed action or institute an appeal, the city may repair or remove the sign or sign structure, to the extent necessary to abate the nuisance. The city may charge to the responsible party all costs associated with the sign's repair or removal. An appeal of a nuisance determination shall be to the City Council. Item 2.

(B) *Imminent hazard.* Any sign or sign structure which in the judgment of the Building Inspector has become an imminent hazard to public safety shall be repaired or removed by the responsible party without delay. Notice of the existence of the hazard shall specify the maximum time which may be allowed for repairs or removal, and the notice may be served upon the responsible party by any means available. A sign or sign structure which constitutes an imminent hazard and is not repaired or removed within the time specified in the notice shall be removed by the city and the cost of such removal shall be charged to the responsible party. If a sign or sign structure has been removed by the city as a hazardous sign and the sign remains unclaimed for a period of more than 30 days, the city may destroy, sell, or otherwise dispose of the sign. A sign or sign structure presents an imminent hazard when it constitutes a nuisance and necessitates immediate action to avoid harm to the public health or safety.

(C) *Removal of sign structure.* If there is no sign on a sign structure for a period of 180 consecutive days, the sign structure must be removed by the owner of the premises on which the sign is located.

(Ord. 102-16, passed - -16)

PREEXISTING EXCEPTIONS, VARIANCES, AND CONSTRUCTION

§ 156.045 PREEXISTING NON-CONFORMING SIGNS.

(A) All signs which have been installed, and were lawful at the time of installation, and are in existence as of the effective date of this chapter, which do not conform to this chapter shall be known as "preexisting non-conforming signs." Such preexisting non-conforming signs need not comply with the provisions of this chapter except as follows:

(1) Any changes to a preexisting non-conforming sign, other than routine repair or maintenance, require that said sign be brought into compliance with all applicable city ordinances.

(2) When a preexisting non-conforming sign becomes an abandoned sign, its status as a preexisting non-conforming sign shall terminate.

(B) The lighting of a preexisting non-conforming illuminated sign shall be brought into conformity with this chapter.

(C) *Removal of destroyed signs.* A preexisting non-conforming sign shall be considered destroyed if the cost of repairing the sign, after a part of it has been destroyed or dismantled, is more than 60% of the cost of erecting a new sign of the same type at the same location. A destroyed sign must be removed by the responsible party without compensation by the city and within 30 days of the damage, destruction or dismantling. A preexisting non-conforming sign that has been destroyed may not be replaced or rebuilt except by a sign which is in full conformity with this subchapter.

(Ord. 102-16, passed - -16)

§ 156.046 VARIANCES.

(A) *Application and fee required.* A variance is written approval to depart from the strict application of the provisions of this chapter. Any person, business or other organization desiring to continue to construct, reconstruct, place, install, repair, maintain, relocate, alter or use any sign which does not conform to the provisions of this article may make application to the City Council for a variance to the provisions of this subchapter. The application shall be filed with the City Manager, accompanied by the appropriate fees established by the city, which are set out in the city's fee schedule for each application for variance.

(B) *Standards for variances.* The City Council may approve a variance only if it makes affirmative findings, reflected in the minutes of the City Council's proceedings, as to all of the followings:

- (1) The variance will not authorize a type of sign which is specifically prohibited by this subchapter;
- (2) The variance is not contrary to the goals and objectives outlined by the City of Sweeny's comprehensive plan;
- (3) The variance is not contrary to the public interest; and

(4) Due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship. Ordinarily, hardship that is self-induced or that is common to other similarly classified properties will not satisfy this requirement. Financial or economic hardship alone will not ordinarily satisfy this requirement.

- (5) The spirit and purpose of the ordinance will be observed, and substantial justice will be done.

(C) *Conditions of variances.* The City Council may impose such conditions or requirements in a variance as are necessary in the City Council's judgment to achieve the fundamental purposes of this article. A violation of such conditions or requirements shall constitute a violation of this subchapter. A variance, if granted, shall be for a specific event, use or other application of a business and shall not continue with the property. If a variance is granted and the activity authorized is not substantially underway within six months of the date of approval of the variance, the variance shall lapse and become of no force or effect.

(Ord. 102-16, passed - -16; Am. Ord. 101-21, passed 3-16-21)

Cross-reference:

Fee schedule, see § 38.01

Item 2.

§ 156.047 CONSTRUCTION.

This subchapter shall not be construed to require or allow any act which is prohibited under the code. This subchapter is specifically subordinate to any other code provisions of the city pertaining to safety or building standards.

(Ord. 102-16, passed - -16)

§ 156.999 PENALTY.

Failure to observe and obey the chapter adopted above shall constitute a misdemeanor, and shall be punishable by a fine not to exceed \$500, constituting a separate offense.

(Ord. 102-16, passed - -16)

AGENDA MEMO

Business of the City Council

City of Sweeny, Texas

Executive Summary

The Transportation Alternatives call for projects through the Texas Department of Transportation requires a 20% funding match from the City with a reimbursement for engineering and construction costs of 80%. Project costs are required to be in place before construction lets. The idea is to take out a short-term loan for the cost of the project and pay it back with the fund balance of the Sidewalk Fund – approximate fund balance of \$270,000 and with the 80% TxDOT reimbursement.

Wade Thompson with Government Capital will provide the documents for Council’s review and consideration at the meeting. Documents were not fully prepared before the agenda packet was published.

Recommended Action

Staff recommends approval.

Executive Summary

Per the March 21, 2023 Council Meeting, the item was tabled for two months to consider severing ties.

Prior information submitted: The City of Sweeny contributes utilities to the Bennett Outlar Park that include City water, wastewater, refuse, and electrical services. This item has been requested by Council Member Brooks to discuss and act upon the current in-kind services provided by the City of Sweeny.

Donated services to include water, sewer, trash, and electric. Organizations include Bennett-Outlar Park, Sweeny Cemetery, Girl Scout House, Boy Scout House, and Marsh Vet Clinic.

These services were discussed June 15, 2021; minutes attached.

**MINUTES OF A REGULAR MEETING
OF THE SWEENEY CITY COUNCIL
TUESDAY, JUNE 15, 2021
6:00 PM**

A regular meeting of the City Council was held at Sweeny City Hall on Tuesday, June 15, 2021, at 6:00 p.m.

CALL TO ORDER

Mayor Jeff Farley called the meeting to order at 6:00 p.m.

1. ROLL CALL

Council Position 1. Sandra Blaine
Council Position 2. Bill Hayes
Council Position 3. Brian Brooks
Council Position 4. John Rambo
Council Position 5. Tim Pettigrew was absent.

STAFF

Reese Cook, City Manager
Reatta Minshew, City Secretary
Charlie Stevenson, City Attorney.

2. PLEDGE OF ALLEGIANCE

American Flag

Texas Flag

The pledge was led by Councilman Brian Brooks.

INVOCATION

The invocation was given by Charlie Stevenson.

3. VISTORS COMMENTS

Neal Bess Jr. addressed council about moving a city pump from Cedar Street (that was removing water from a resident's ditch) to the cemetery to remove water there. Also Mr. Bess was concerned about the contractor that is installing the new water line.

Pat Ritter introduced himself. Mr. Ritter is running for judge for Brazoria County.

5. PRESENTAIONS:

A. Commendations

B. Proclamation

C. Fire Department Report – Chief Roger Barton gave the report.

D. City Manager Report – Reese Cook

Mr. Cook stated that the library rehab has started. Estimated time is about 6 weeks. With the grant received the library will have new furnishings and new façade.

Mr. Cook also stated that phase 4 of the water project has started, Camellia, Azalea, Forest Park Ct. City workers have been cleaning out culverts for better drainage said Mr. Cook and finally road repair will start soon with the \$190,000.00 Brazoria County Interlocal Agreement.

E. SEDC Report – Michelle Medina gave the report.

6. CONSENT AGENDA

A. Bills in the amount of \$42,547.53

B. Minutes from Regular Session:

a. May 18, 2021

Sandra Blaine made a motion to approve the bills in the amount of \$42,547.53. The minutes from May 18,2021. John Rambo seconded. All were in favor. Motion carried.

7. UNFINISHED BUSINESS:

A.

8. NEW BUSINESS

A. Discuss/ Take Action BTEL Expansion in Sweeny

Dennis Payne with BTEL talked to council about expanding in Sweeny. BTEL has split up our town in little “fiber-hoods”. BTEL has mailed each resident a mailer with the information where they can sign up for service if they are interested in fiber network.

No Action

B. Discuss/ Take Action on Mary Susan Salyer: Replat 5 acers out of 50+ acers on County Road 409 in Rainbow Ridge Subdivision in Sweeny ETJ.

Brian Brooks made a motion to table for next month. John Rambo seconded. All were in favor. Motion carried.

C. Discuss/ Take Action from Mary Lou Nairn: Open/cleanout easement behind home at 102 N. Francis for drainage.

Ms. Nairn was not present at the time of her agenda item. (She arrived at 6:50 pm). Mr. Cook stated he has given this request to code enforcement to address a fence that is in the easement. Once code enforcement gets approval to remove the fence back then public works can remove the restrictions such as leaves vines and rubbish which will help with drainage.

No Action

D. Discuss/ Take Action from Milton R. Burrell: Requesting variance to sign ordinance, pertaining to size.

Mr. Burrell with Sweeny Head Start Program addressed council asking for a sign variance. They are upgrading Sweeny Head Start and are replacing the existing wooden sign with a new larger (5 x 8) electronic sign. This sign is a little larger than our ordinance allows.

Brian Brooks made a motion to approve the variance to the sign ordinance as presented. Bill

Hayes seconded. All were in favor. Motion carried.

E. Discuss/ Take Action from Neal Bess Jr.: Share the plans for the \$4,020,000.00 CO 2019 balance for the new water line.

Mr. Bess addressed council and stated that he called several on council and asked them questions about the water line going in on the southside of Ashley Wilson Rd instead of the northside. He did not get any answers so he would like to know the plan. Mr. Cook explained to him the original plan was to go on the northside. The reason we went on the southside is on the northside we currently have the new sewer line (from 2 years ago), the old (abandon in place) sewer lines, the current water line we are replacing and 3 gas lines. City Manager Mr. Cook got with our engineer at Strand and the contractor, and they all decided to go on the southside.

NO ACTION

F. Discuss/ Take Action on from Sweeny EDC: 2021-2022 EDC Budget

Nina Christie presented the Sweeny EDC Budget.

Brian Brooks made a motion to approve the EDC 2021-2022 Budget as presented. Bill Hayes seconded. All were in favor. Motion carried.

G. Discuss/ Take Action Sweeny EDC: Chapter 93, Section 93.01 Variance for fireworks for 4th of July on the 4th of July at Sweeny Elementary School and trial run to verify viewing capacity weekend of June 18th.

Wayman Hutchings addressed the council and stated the same plan is in place as was for the Pride Day Fireworks plan. Dr. Hill is on board for them to go off at the Sweeny Elementary School with the safety radiance in place. Mr. Hutchings would like to have a trial run on Thursday or this coming weekend to make sure you can see the fireworks from Backyard Park. Brian Brooks made a motion to approve the variance for fireworks on the 4th of July and trial run the weekend of June 18th. Sandra Blaine seconded. All were in favor. Motion carried.

H. Discuss/ Take Action from Sweeny EDC: Block grant for Business Revitalization.

Nina Christie addressed the council about a \$50,000.00 block grant (from EDC) for businesses on Main Street. This grant would be for exterior only, such as painting, landscaping, new signage etc. With council's approval Sweeny EDC will start applications for businesses. EDC would like to give \$10,000.00 to five businesses or 10 businesses at \$5000.00. Michelle Medina stated there are specifics that our ordinance addresses such as exterior colors.

Brian Brooks made a motion to approve the block grant as presented. Bill Hayes seconded. All were in favor. Motion carried.

6:50 pm

Ms. Mary Lou Nairn arrived. Mr. Cook took a few minutes to update her on what council talked about.

I. Discuss/ Take Action on Building Code adoption for the city of Sweeny.

Mr. Cook addressed council and stated that at some point the 2015-16 time frame the adoption of the 2015 building and residential code was put into effect, however there was never a decision

made by council to adopt the new code. Currently our ordinance states we adopt the 2000 international building code. What was adopted was the fire code was adopted to always automatically adopt the most current code that comes out, from our Fire Marshall Devin Lemon. Mr. Cook feels like that request kind of bleed over the other codes such as building, electrical, plumbing, residential, etc. but that is not what our ordinance states. So, this agenda item is to officially adopt the requirements to the 2015 international building code, plumbing code, mechanical code, energy code and fuel gas code. Also, the 2014 international electrical code. Brian Brooks made a motion to adopt the minimum requirements for the 2015 international building code, plumbing code, mechanical code, energy code and fuel gas code and the 2014 international electrical code. John Rambo seconded. All were in favor. Motion carried.

J. Discuss/ Take Action Cleaning Requirements for Sweeny Senior Center.

Mr. Cook reiterated to council that we had closed the Senior Center during Covid. Then we opened it to only to Seniors in the morning and voted to clean it every day due to Covid regulations. Then we reopened to all organizations to use with no restrictions. The cleaning service is finding it difficult to clean everyday now and would like direction on when to clean. Mr. Cooks recommendation is once a week, with funds adjusted to how many cleanings. Councilman Rambo suggested two times a week nonconsecutive. Brian Books made a motion to update the Sweeny Senior Center cleaning contract to two times a week nonconsecutive. Bill Hayes seconded. All were in favor. Motion carried.

K. Discus/ Take Action July 4th holiday change from July 2nd to July 5th for City Personnel and City Hall closure.

Brian Brooks made a motion to approve the 4th of July holiday from July 2nd to July 5th. Sandra Blaine seconded. All were in favor. Motion carried.

L. Discuss Take Action on donated services for the City of Sweeny

Mr. Cook explained to council that he has found in his year and half here as City Manager that there are several “verbal agreements” on some donated services. Mr. Cook wants the council to be aware of them and seeks council’s approval if he is to continue or to stop. He would like to have contracts made for each donated service. Currently the donated services are: 1) Water, sewer and electricity to two power poles at the Bennet-Outlar Ball Park. 2). Two water meters at the Sweeny Cemetery. 3). Water and Sewer at the Girl Scout House. 4). Water and Sewer at the Boy Scout House. 5). A dumpster at Marsh Vet (in exchange for euthanizing cats and dogs). These services totals are approximately \$13,000.00 a year for donated services. Attorney Charlie Stevenson stated the city cannot donate services to a private property. However, we can if it is for public purpose. Most of these are for public purpose.

Brain Brooks made a motion to have city manager make agreements for Babe Ruth, Bennett Outlar, two cemetery accounts and Marsh Veterinary Clinic. John Rambo seconded. All were in favor. Motion carried.

Close Regular Session: 7:26 pm

**EXECUTIVE SESSION IN ACCORDANCE WITH THE TEXAS GOVERNMENT
CODE SECTION §551.071, §511.072 AND §551.074:**

A. To Discuss: Sweeny Chief of Police Appointment

RECONVENE TO REGULAR SESSION: 7:55 pm

No Action

9. ITEMS OF COMMUNITY INTEREST

10. ADJOURNMENT:7:57 pm

PASSED AND APPROVED THIS 20 DAY OF July 2021.

Reatta Minshew, City Secretary

Executive Summary

Sweeny EDC is seeking approval for financing for the Industrial Park road and utility expansion and improvements.

Recommended Action

Approve financing to move forward with road and utility expansion and improvement at Sweeny EDC Industrial Park.

Attn: Mr. Colby Lowrie

May 9, 2023

Ref: Sweeny EDC Industrial Park Improvements Project

SGS Job Estimate Number: 23.032 **REV 2**

Southern Gulf Solutions, LLC is pleased to submit our proposal for the above referenced project. Southern Gulf Solutions, LLC proposes to furnish all Supervision, Labor, Material, Equipment, and Insurance for the “**Lump Sum**” pricing below:

Sweeny Industrial Park Improvements	
Underground Piping	\$255,929.31
Clear & Grub	\$12,288.47
Cut at Pond 750 CYDS	\$9,858.52
200' Limestone Well Road	\$8,530.27
Ditches	\$48,521.72
Remove Berm	\$9,454.03
Sub Grade	\$132,754.63
8" Concrete Road	\$431,307.64
TOTAL	\$908,644.59

SCOPE

1. Grub work area to remove all vegetation.
2. Install underground piping and hydrants.
3. Cut 750 cy pond.
4. Install 200' limestone well road.
5. Cut ditches and build up roadbed, install and compact crushed concrete road base.
6. Install 8" thick concrete with #4 Rebar on 2' O.C.

CLARIFICATIONS / QUALIFICATIONS

1. SGS Proposal includes 2,125. Tons of crushed concrete.
2. SGS Proposal has included 4 Fire Monitors.
3. The breakdown of our pricing is strictly limited to allocation of costs for the Customer's accounting purposes.
4. It is assumed that the Customer is furnishing all necessary permits and SWPPP requirements for construction of the facilities.

5. Quoted prices are subject to escalation after **30 days**.
6. Bid excludes Soil and Concrete Testing.
7. Should additional obstructions be encountered, the removal of these additional obstructions is extra to this Proposal. Proposal is based on excavated materials being disposed of on site. If Client requires offsite disposal, then disposal will be made on time & material basis and Southern Gulf Solutions must be provided with written confirmation that all materials are free of hazardous substance prior to disposal off site.
8. The proposed workweek is 50 hours per week, 5 days per week, Monday through Friday, 10 hours per day. Saturday and Sunday may be used as make-up days for bad weather. Any extended work times, at the request of the Customer, would be considered extra to this Proposal. Southern Gulf Solutions may, however, elect to work extended times to take advantage of good weather with prior approval of the Customer.
9. Bid excludes sales tax.
10. Southern Gulf Solutions payment terms are net 30 days.

Southern Gulf Solutions, LLC will complete the work per the above referenced bid clarifications, qualifications.

Please do not hesitate to contact me at (979)798-0520 if you have any questions.

Regards,

Tim Whitt

Subject	Discussion and possible action on water intrusion at ground level at Sweeny Community Library and proposed budget amendment.		
Attachments	Proposal from Brazos Commercial Roofing		
Financial Information	Expenditure Required:	\$28,500.00	
	Amount Budgeted:	\$0	
	Account Number:		
	Additional Appropriation Required:	Budget amendment required to approve work.	
	Additional Account Number:		

Executive Summary

The City of Sweeny has received continuous complaints from the library staff at the Sweeny Community Library concerning a wet carpeted area in the children's book section that was believed to water intrusion from the roof.

The roof weather proofing portion of the exterior upgrades to the Library and Community Center Building is complete, and contractor has determined the water intrusion is from the exterior weep holes at the ground level. The water intrusion happens during heavy rain events.

Brazos Commercial Roofing has prepared a proposal utilizing the Choice Partners purchasing cooperative interlocal agreement for best negotiated pricing for removing the brick, drying, weatherproofing, and sealing the full length of the base of the building so that no water can intrude in future rain events up to 1' above ground level.

If the City Council chooses to approve the work, the proposed method of payment is to transfer from the General Fund balance. If the City Council does not approve the work, the Council has the option to include this project as a CIP project in the FY24 budget.

Recommended Action

No recommended action.

Financial Information	Expenditure Required:	N/A	
	Amount Budgeted:	N/A	
	Account Number:		
	Additional Appropriation Required:		
	Additional Account Number:		

Executive Summary

City staff received complaints from tenants concerning an unpleasant smell from inside the City-owned building at 111 W. 3rd Street, leased by Sweeny Economic Development Corporation, Sweeny Chamber of Commerce, and Brazoria County Appraisal District Tax Office.

On April 25, 2023, the City hired an environmental hygienist from IAQ Environmental to conduct mold tests and ambient air tests. The results provided the building interior has elevated levels of humidity and Cladosporium spores. The cost to remediate mold in this building is costly, according to J. Mat, Indoor Air Quality Investigator, who conducted the testing. No cost estimates to remediate the mold have been obtained, however, Mr. Mat said it could be more than \$100k to properly remediate the entire building.

Currently, the City has lease agreements with Brazoria County Appraisal District, SEDC, and Sweeny Chamber of Commerce (SEDC and Chamber agreements attached). The Chamber lease agreement ends on September 5, 2023, and the SEDC agreement end on September 10, 2023. Confirmation on ending date for Tax Office lease pending. Both confirmed lease agreements provide that a 30-day notice is required prior to the lease expiring, otherwise the lease is automatically renewed for one year.

Neither lease contains language that obligates the City to provide alternative locations in the event the building at 111 W. 3rd St cannot be used by the tenant(s).

Recommended Action

Staff requests guidance from City Council on how to proceed.

Inspector: Jack Matut IEP, MAC

Texas License Mold Assessment Consultant: MAC1904

Per your request, IAQ Environmental (Jack Matut) has collected all appropriate information **subject to the property and has successfully prepared and finalized a mold report. The assessment of the property was conducted which included a visual assessment along with air o cell spore trap sampling, and direct fungal examination.**

Respectfully Submitted,

Jack Matut

Purpose:

The purpose of the mold assessment was to determine the presence and extent of microbial growth and/or unusual moisture conditions in the building. The conclusions contained in this report are based on information obtained during the mold assessment, which included:

- ▶ Interviews of property representatives
- ▶ Visual observations
- ▶ A moisture survey
- ▶ Measurement of temperature and relative humidity
- ▶ Collection and laboratory analysis of Spore Trap Sampling: 2 indoor samples, 1 outdoor background sample, and 2 direct swab samples for 1 from the air return, and 1 air register located in the lobby entry.

Client Name: The City of Sweeny

Inspector: Jack Matut, MAC-Texas Mold Assessment Consultant License MAC-1904

Location Address: 111 W Third St Sweeny, TX 77480

Contact: Lindsay Koskiniemi

Submitted Via Email: citymanager@sweenytx.gov

Date: 04/25/2023

Time of Inspection: 1:00 PM

Outside Temperature: 79°

Outside Humidity: 64%

Outside Conditions: Clear

Indoor Temperature: 77°

Indoor Humidity: 62%

of direct samples taken: 2

of air samples taken: 2 Indoors-1 Outdoor Background

Interview

Personel left the office complaining of headaches. The building has a history of flooding.

Conclusion

The initial investigation, and assessment concludes. The interior relative humidity is elevated. The optimum RH should be between 50-55%.

There appears to be water intrusion located at the front door (see photo)

Evidence of Roof leaks damaged ceiling tiles in several areas of the building.

There is panel wall finishing throughout the building. Paneling acts as an insulator that can cause condensation.

Attached separately is the laboratory results, and chain of custody.

*More investigation is necessary to check for mold problems behind the walls, drilling a small hole in the wall may be necessary to test areas by way of inserting a tube to sample the wall cavity.

Lab Manager Review: Magzoub Ismail Date: 04/25/2023

Thank you for using SEEML laboratories. We strive to provide superior quality and service. SEEML laboratories are accredited through AIHA LAP, LLC (EMLAP #232339) for the analysis of Spore Traps and Surface/Bulk Samples and licensed by the Texas Department of Licensing and Regulation (LAB1016).

The data within this report is reliable to three significant figures. The third significant figure is technically unjustified. In this instance, the third figure is reported as an estimate to facilitate the interpretation by the customer.

Confidentiality Notice:

The document(s) contained herein are confidential and privileged information, intended for the exclusive use of the individual or entity named above. If the reader of this message is not the intended recipient, or the employee or agent responsible for delivering it to the intended recipient, you are hereby notified that any dissemination, distribution or copying of the document(s) is strictly prohibited. If you have received this document in error, please immediately notify us by telephone to arrange for its return. Thank you.

Guidelines for Interpretation:

No accepted quantitative regulatory standards currently exist by which to assess the health risks related to mold and bacterial exposure. Molds and bacteria have been associated with a variety of health effects and sensitivity varies from person to person.

Several organizations, including: the American Conference of Government Industrial Hygienists (ACGIH); the American Industrial Hygiene Association (AIHA); the Indoor Air Quality Association (IAQA); the United States Environmental Protection Agency (USEPA); the Centers for Disease Control (CDC), as well as the California Department of Health Services (CADHS), have all published guidelines for assessment and interpretation of mold resulting from water intrusion in buildings.

Interpretation of the data and information within this document is left to the company, consultant, and/or persons who conducted the fieldwork.

Comments:

Spore types listed without a count or data entry were not detected during the course of the analysis for the respective sample, indicating a raw count of <1 spore. The analytical sensitivity is the spores/m³ divided by the raw count, expressed in spores/m³. The limit of detection is the analytical sensitivity (in spores/m³) multiplied by the sample volume (in liters) divided by 1000 liters.

*Colorless, other Brown are spores without a distinctive morphology on spore traps and non-viable surface samples.

**Background debris is the amount of particulate matter present on the slide and is graded from 1-5 with 1 = very light, 2 = Light, 3 = Medium, 4 = Heavy, 5 = Very Heavy. The higher the rating the more likelihood spores may be underestimated. A rating of 5 should be interpreted as minimal counts and may actually be higher than reported.

***Ulocladium has been recognized by the International Mycological Association to be equal to Alternaria and so they are reported as one

Disclaimer: The sample results are determined by the sample volume, which is provided by the customer.

This report relates only to the samples tested as they were received.

 Ulocladium has been recognized by the International Mycological Association to be equal to Alternaria and so they are reported as one.
 Quantification of fungal growth is done by semi-quantitative grading using the following ranges:

Scattered Spores = 1-20 fungal spores
 VL = 21-100 fungal spores L = 101-1,000 fungal spores M = 1,001-10,000 fungal spores H = >10,000 fungal spores
 ND = No Fungal Spores Detected

Fungal Descriptions

Alternaria sp.

Aw - 0.89. Conidia dimensions: 18-83 x 7-18 microns. A very common allergen with an IgE mediated response. It is often found in carpets, textiles and on horizontal surfaces in building interiors. Often found on window frames. Outdoors it may be isolated from samples of soil, seeds and plants. It is commonly found in outdoor samples. The large spore size, 20 - 200 microns in length and 7 - 18 microns in sizes, suggests that the spores from these fungi will be deposited in the nose, mouth and upper respiratory tract. It may be related to bakers' asthma. It has been associated with hypersensitivity pneumonitis. The species *Alternaria alternata* can produce tenuazonic acid and other toxic metabolites that may be associated with disease in humans or animals. Common cause of extrinsic asthma (immediate-type hypersensitivity: type I). Acute symptoms include edema and bronchospasms; chronic cases may develop pulmonary emphysema.

Ascospore

A spore borne in a special cell called an ascus. Spores of this type are reported to be allergenic. All ascomycetes, members of a group of fungi called Ascomycotina, have this type of spore. The minute black dots on rotting wood and leaves or the little cups on lichens are examples of ascomycetes; another is the "truffle" mushroom.

Aspergillus/Penicillium

These are two of the most commonly found allergenic fungi in problem buildings. *Aspergillus* comes in many varieties (species). Many of the varieties produce toxic substances. It may be associated with symptoms such as sinusitis, allergic bronchopulmonary aspergillosis, and other allergic symptoms. *Penicillium* is a variety of mold that is very common indoors and is found in increased numbers in problem buildings. It also has many varieties, some of which produce toxic substances. The symptoms are allergic reactions, mucous membrane irritation, headaches, vomiting, and diarrhea. Due to the morphological similarity of *Aspergillus* and *Penicillium*, they are not differentiated by microscopic analysis and are reported together.

Aspergillus sp.

Aw 0.75 - 0.82. Reported to be allergenic. Members of this genus are reported to cause ear infections. Many species produce mycotoxins that may be associated with disease in humans and other animals. Toxin production is dependent on the species or a strain within a species and on the food source for the fungus. Some of these toxins have been found to be carcinogenic in animal species. Several toxins are considered potential human carcinogens. Common cause of extrinsic asthma (immediate-type hypersensitivity: type I). Acute symptoms include edema and bronchospasms; chronic cases may develop pulmonary emphysema; may also be associated with sinusitis, allergic bronchopulmonary aspergillosis, and other allergic symptoms.

Basidiospore

Spore from basidiomycetes. Many varieties are reported to be allergenic.

Bipolaris sp.

A fungus with large spores that could be expected to be deposited in the upper respiratory tract. This fungus can produce the mycotoxin - sterigmatocystin, which has been shown to produce liver and kidney damage when ingested by laboratory animals.

Botrytis sp.

Aw 0.93. Conidia dimensions: 7-14 x 5-9 microns. It is parasitic on plants and soft fruits. Found in soil and on house plants and vegetables, it is also known as "gray mold". It causes leaf rot on grapes, strawberries, lettuce, etc. It is a well-known allergen, producing asthma type symptoms in greenhouse workers and "wine grower's lung".

Cercaspora

Common outdoors in agricultural areas, especially during harvest. Parasite of higher plants, causing leaf spot. Commonly found as parasites on higher plants.

Chaetomium sp.

large ascomycetous fungus producing perithecia. It is found on a variety of substrates containing cellulose, including paper and plant compost. It has been found on paper in sheetrock. It can produce an *Acremonium*-like state on fungal media. Varieties are considered allergenic and have been associated with peritonitis, cutaneous lesions, and system mycosis.

Cladosporium sp.

Aw 0.88; Aw 0.84. Most commonly identified outdoor fungus. The outdoor numbers are reduced in the winter. The numbers are often high in the summer. Often found indoors in numbers less than outdoor numbers. It is a common allergen. Indoor *Cladosporium* sp. may be different than the species identified outdoors. It is commonly found on the surface of fiberglass duct liners in the interior of supply ducts. A wide variety of plants are food sources for this fungus. It is found on dead plants, woody plants, food, straw, soil, paint, and textiles. Produces greater than 10 antigens. Antigens in commercial extracts are of variable quality and may degrade within weeks of preparation. Common cause of extrinsic asthma (immediate-type hypersensitivity: type I). Acute symptoms include skin lesions, eye ulceration, mycosis (including onychomycosis, an infection of the nails of the feet or hands) edema and bronchospasms; chronic cases may develop pulmonary emphysema.

Curvularia sp.

Reported to be allergenic and has been associated with allergic fungal sinusitis. It may cause corneal infections, mycetoma, and infections in immune compromised hosts.

Dreschlera sp.

Conidia dimensions: 40-120 x 17-28 microns. Found on grasses, grains and decaying food. It can occasionally cause a corneal infection of the eye.

Epicoccum sp.

Conidia dimensions: 15-25 microns. A common allergen. It is found in plants, soil, grains, textiles and paper products.

Fusarium sp.

Aw 0.90. A common soil fungus. It is found on a wide range of plants. It is often found in humidifiers. Several species in this genus can produce potent trichothecene toxins. The trichothecene (scirpene) toxin targets the following systems: circulatory, alimentary, skin, and nervous. Produces vomitoxin on grains during unusually damp growing conditions. Symptoms may occur either through ingestion of contaminated grains or possibly inhalation of spores. The genera can produce hemorrhagic syndrome in humans (alimentary toxic aleukia). This is characterized by nausea, vomiting, diarrhea, dermatitis, and extensive internal bleeding. Reported to be allergenic. Frequently involved in eye, skin, and nail infections.

Myxomycetes

Members of a group of fungi that is included in the category of "slime molds". They're occasionally found indoors, but mainly reside in forested regions on decaying logs, stumps, and dead leaves. Myxomycetes display characteristics of fungi *and* protozoans. In favorable (wet) conditions they exhibit motile, amoeba-like cells, usually bounded only by a plasma membrane, that are variable in size and form. During dry spells, they form a resting body (sclerotium) with dry, airborne spores. These fungi are not known to produce toxins but can cause hay fever and asthma.

Memnoniella

Contaminant found most often with *Stachybotrys* on wet cellulose. Forms in chains, but it are very similar to *Stachybotrys* and sometimes is considered to be in the *Stachybotrys* family. Certain species do produce toxins very similar to the ones produced by *Stachybotrys chartarum* and many consider the IAQ importance of *Memnoniella* to be on par with *Stachybotrys*. Allergenic and infectious properties are not well studied.

Nigrospora sp.

Commonly found in warm climates, this mold may be responsible for allergic reactions such as hay fever and asthma. It is found on decaying plant material and in the soil. It is not often found indoors.

Oidium sp.

The asexual phase of *Erysiphe* sp. It is a plant pathogen causing powdery mildews. It is very common on the leaf's stems, and flowers of plants. The health effects and allergenicity have not been studied. It does not grow on non-living surfaces such as wood or drywall.

Penicillium sp.

Aw 0.78 - 0.88. A wide number of organisms have been placed in this genus. Identification to species is difficult. Often found in aerosol samples. Commonly found in soil, food, cellulose and grains. It is also found in paint and compost piles. It may cause hypersensitivity pneumonitis, allergic alveolitis in susceptible individuals. It is reported to be allergenic (skin). It is commonly found in carpet, wallpaper, and in interior fiberglass duct insulation. Some species can produce mycotoxins. Common cause of extrinsic asthma (immediate-type hypersensitivity: type I). Acute symptoms include edema and bronchospasms; chronic cases may develop pulmonary emphysema. It may also cause headaches, vomiting, and diarrhea.

Periconia sp.

Periconia sp. are found in soil, blackened and dead herbaceous stems leaf spots, grasses, rushes, and sedges. Almost always associated with other fungi. Rarely found growing indoors. Reportedly associated with a rare case of mycotic keratitis.

Pithomyces sp.

A common mold found on dead leaves, plants, soil and especially grasses. Causes facial eczema in ruminants. It exhibits distinctive multi-celled brown conidia. It is not known to be a human allergen or pathogen. It is rarely found indoors, although it can grow on paper.

Rusts/Smuts

These fungi are associated with plant diseases. In the classification scheme of the fungi, the smuts have much in common with the rusts, and they are frequently discussed together. Both groups produce wind-borne, resistant teliospores that serve as the basis for their classification and their means of spread. Rusts usually attack vegetative regions (i.e., leaves and stems) of plants; smuts usually are associated with the reproductive structures (seeds). They can cause hay fever and asthma.

Spegazzinia

Spegazzinia species comprise a very small proportion of the fungal biota. This genus is somewhat related to other lobed or ornamented genera such as *Candelabrum*. No information is available regarding health effects or toxicity. Allergenicity has not been studied. Usually identified on spore trap samples where it is seen every few weeks. (Spores have very distinctive morphology.) May also be found in air by culturable (Andersen) samples if a long enough incubation period is provided so that sporulation occurs. Our laboratory has never found this organism growing on indoor environmental surfaces. Natural habitat includes soil and many kinds of trees and plants.

Stachybotrys sp.

Aw - 0.94, optimum Aw >0.98. Several strains of this fungus (*S. atra*, *S. chartarum* and *S. alternans* are synonymous) may produce a trichothecene mycotoxin- Satratoxin H - which is poisonous by inhalation. The toxins are present on the fungal spores. This is a slow growing fungus on media. It does not compete well with other rapidly growing fungi. The dark colored fungus grows on building material with high cellulose content and low nitrogen content. Areas with a relative humidity above 55%, and are subject to temperature fluctuations, are ideal for toxin production. Individuals with chronic exposure to the toxin produced by this fungus reported cold and flu symptoms, sore throats, diarrhea, headaches, fatigue, dermatitis, intermittent local hair loss and generalized malaise. Other symptoms include coughs, rhinitis, nosebleed, a burning sensation in the nasal passages, throat, and lungs, and fever. The toxins produced by this fungus will suppress the immune system affecting the lymphoid tissue and the bone marrow. Animals injected with the toxin from this fungus exhibited the following symptoms: necrosis and hemorrhage within the brain, thymus, spleen, intestine, lung, heart, lymph node, liver, and kidney. Affects by absorption of the toxin in the human lung are known as pneumomycosis.

This organism is rarely found in outdoor samples. It is usually difficult to find in indoor air samples unless it is physically disturbed (or possibly -this is speculation- a drop in the relative humidity). The spores are in a gelatinous mass. Appropriate media for the growth of this organism will have high cellulose content and low nitrogen content. The spores will die readily after release. The dead spores are still allergenic and toxigenic. Percutaneous absorption has caused mild symptoms.

Stemphylium sp.

Reported to be allergenic. Isolated from dead plants and cellulose materials.

Torula sp.

Found outdoors in air, soil, on dead vegetation, wood, and grasses. Also found indoors on cellulose materials. Reported to be allergenic and may cause hay fever and asthma.

Tetraploa

Tetraploa species comprise a very small proportion of the fungal biota. This genus is somewhat related to *Triposporium* and *Diplocladiella*. The only reported human infections are two cases of keratitis (1970, 1980) and one case of subcutaneous infection of the knee (1990). No information is available regarding other health effects or toxicity. Allergenicity has not been studied. Usually identified on spore trap samples where it is seen every few weeks. (Spores have very distinctive morphology.) Our laboratory has never found this organism growing on indoor environmental surfaces. Natural habitat includes leaf bases and stems just above the soil on many kinds of plants and trees.

Zygomycetes

Zygomycetes are one of the four major groups of fungi, the others being the Oomycetes, the Ascomycetes, and the Basidiomycetes. Zygomycetes are common, fast growing, and often overgrow and/or inhibit other fungi nearby. *Rhizopus* and *Mucor* are two of the most common Zygomycetes seen in the indoor environment. However, others are seen as well, including *Syncephalastrum*, *Circinella*, *Mortierella*, *Mycotypha*, *Cunninghamella*, and *Choanephora*. For further information, please see descriptions of these individual genera.

The following table lists mycotoxins that are produced by certain types of fungi:

Fungi	Mycotoxin
<i>Acremonium crotonigenum</i>	Crotocin
<i>Aspergillus favus</i>	Alfatoxin B, cyclopiazonic acid
<i>Aspergillus fumigatus</i>	Fumagilin, gliotoxin
<i>Aspergillus carneus</i>	Citrinin
<i>Aspergillus clavatus</i>	Cytochalasin, patulin
<i>Aspergillus Parasiticus</i>	Alfatoxin B
<i>Aspergillus nomius</i>	Alfatoxin B
<i>Aspergillus niger</i>	Ochratoxin A, malformin, oxalic acid
<i>Acremonium crotonigenum</i>	Crotocin
<i>Aspergillus nidulans</i>	Sterigmatocystin
<i>Aspergillus ochraceus</i>	Ochratoxin A, penicillic acid
<i>Aspergillus versicolor</i>	Sterigmatocystin, 5 ethoxysterigmatocystin
<i>Aspergillus ustus</i>	Ausdiol, austamide, austocystin, brevianamide
<i>Aspergillus terreus</i>	Citreoviridin
<i>Alternaria</i>	Alternariol, altertoxin, altenuene, altenusin, tenuazonic acid
<i>Arthrinium</i>	Nitropropionic acid
<i>Bioploaris</i>	Cytochalasin, sporidesmin, sterigmatocystin
<i>Chaetomium</i>	Chaetoglobosin A,B,C. Sterigmatocystin
<i>Cladosporium</i>	Cladosporic acid
<i>Clavipes purpurea</i>	Ergotism
<i>Cylindrocoryn</i>	Trichothecene
<i>Diplodia</i>	Diplodiatoxin
<i>Fusarium</i>	Trichothecene, zearalenone
<i>Fusarium moniliforme</i>	Fumonisin
<i>Emericella nidulans</i>	Sterigmatocystin
<i>Gliocladium</i>	Gliotoxin
<i>Memnoniella</i>	Griseofulvin, dechlorogriseofulvin, epidechlorogriseofulvin, trichodermin, trichodermol
<i>Myrothecium</i>	Trichothecene
<i>Paecilomyces</i>	Patulin, viriditoxin
<i>Penicillium aurantiocandidum</i>	Penicillic acid
<i>Penicillium aurantiogriseum</i>	Penicillic acid
<i>Penicillium brasilianum</i>	Penicillic acid
<i>Penicillium brevicompactum</i>	Mycophenolic acid
<i>Penicillium camemberti</i>	Cyclopiazonic acid
<i>Penicillium carneum</i>	Mycophenolic acid, Roquefortine C
<i>Penicillium crateriforme</i>	Rubratocin

Fungi	Mycotoxin
<i>Penicillium citrinum</i>	Citrinin
<i>Penicillium commune</i>	Cyclopiazonic acid
<i>Penicillium crustosum</i>	Roquefortine C
<i>Penicillium chrysogenum</i>	Roquefortine C
<i>Penicillium discolor</i>	Chaetoglobosin C
<i>Penicillium expansum</i>	Citrinin, Roquefortine C
<i>Penicillium griseofulvum</i>	Roquefortine C, cyclopiazonic acid, griseofulvin
<i>Penicillium hirsutum</i>	Roquefortine C
<i>Penicillium hordei</i>	Roquefortine C
<i>Penicillium nordicum</i>	Ochratoxin A
<i>Penicillium paneum</i>	Roquefortine C
<i>Penicillium palitans</i>	Cyclopiazonic acid
<i>Penicillium polonicum</i>	Penicillic acid
<i>Penicillium roqueforti</i>	Roquefortine C, Mycophenolic acid
<i>Penicillium veridicatum</i>	Penicillic acid
<i>Penicillium verrucosum</i>	Citrinin, ochratoxin A
<i>Penicillium/ Aspergillus</i>	Patulin
<i>Penicillium/ Aspergillus/Alternaria</i>	Glitoxin
<i>Phomopsis</i>	Macrocyclic trichothecenes
<i>Phoma</i>	Brefeldin, cytochalasin, secalonic acid, tenuazonic acid
<i>Pithomyces</i>	Sporidesmin
<i>Rhizoctonia</i>	Slaframine
<i>Rhizopus</i>	Rhizonin
<i>Sclerotinia</i>	Furanocoumarins
<i>Stachybotrys chartarum</i>	Iso-satratoxin F, roridin E, L-2, satratoxin G & H, trichodermin, trichodermol, trichothecene
<i>Torula</i>	Cytotoxins
<i>Trichoderma</i>	Trichodermin, trichodermol, gliotoxin
<i>Trichothecium</i>	Trichothecene
<i>Wallemia</i>	Walleminol
<i>Zygosporium</i>	Cytochalasin

General terms

Allergen

An allergen is a substance that elicits an IgE antibody response and is responsible for producing allergic reactions. Chemicals are released when IgE on certain cells contact an allergen. These chemicals can cause injury to surrounding tissue - the visible signs of an allergy. Only a few fungal allergens have been characterized but all fungi are thought to be potentially allergenic. Fungal allergens are proteins found in either the mycelium or spores

"Black mold"

A poorly defined term. Black mold or toxic black mold has usually been associated with the mold *Stachybotrys chartarum*. While there are only a few molds that are truly black, there are many that can appear black. Not all molds that appear to be black are *Stachybotrys*.

Fungi

Fungi are neither animals nor plants and are classified in a kingdom of their own. The Kingdom of Fungi. Fungi include a very large group of organisms, including molds, yeasts, mushrooms and puffballs. There are >100,000 accepted fungal species but current estimates range to 1.5 million species. Mycologists (people who study fungi) have grouped fungi into four large groups according to their method of reproduction.

Hidden mold

This refers to visible mold growth on building structures that is not easily seen, including the areas above drop ceilings, within a wall cavity (the space between the inner and outer structure of a wall), inside air handlers, or within the ducting of a heating/ventilation system.

Microbial Volatile Organic Compounds (MVOCs)

Fungi produce chemicals as a result of their metabolism. Some of these chemicals, MVOCs, are responsible for the characteristic moldy, musty, or earthy smell of fungi, whether mushrooms or molds. Some MVOCs are considered offensive or annoying. Specific MVOCs are thought to be characteristic of wood rot and mold growth on building materials. The human nose is very sensitive to mold odors and sometimes more so than current analytical instruments.

Mold

Molds are a group of organisms that belong to the Kingdom of Fungi (see Fungi). Even though the terms mold and fungi had been commonly referred to interchangeably, all molds are fungi, but not all fungi are molds.

Mycotoxin

Mycotoxins are compounds produced by some fungi that are toxic to humans or animals. By convention, the term? Mycotoxin. Excludes mushroom toxins. Fungi that produce mycotoxins are called "toxigenic fungi."

Spore

General term for a reproductive structure in fungi, bacteria and some plants. In fungi, the spore is the structure which may be used for dissemination and may be resistant to adverse environmental conditions.

Toxic mold

The term "toxic mold" has no scientific meaning since the mold itself is not toxic. The metabolic byproducts of some molds may be toxic (see mycotoxin).

Hypha (plural, hyphae)

An individual fungal thread or filament of connected cells; the thread that represents the individual parts of the fungal body.

CONSUMER MOLD INFORMATION SHEET

State rules require licensed mold assessors and remediators to give a copy of this Consumer Mold Information Sheet to each client and to the property owner, if not the same person, before starting any mold-related activity [16 TAC 78.70].

How does Texas regulate businesses that do testing for mold or that do mold cleanup?

The Department of Licensing and Regulation (TDLR) regulates such businesses in accordance with the [Texas Occupations Code, Chapter 1958](#). Under the **Texas Mold Assessment and Remediation Rules (rules)** ([16 Tex. Admin. Code, Chapter 78](#)), all companies and individuals who perform mold-related activities in Texas must be licensed by TDLR unless exempt. (See Page 2 regarding owner exemptions.) Individuals must meet certain qualifications, have required training, and pass a state exam and criminal history background check in order to be issued a license. Applicants for a mold remediation worker registration must have training and pass a criminal history background in order to be registered by TDLR. Laboratories that analyze mold samples must also be licensed and meet certain qualifications. The rules set minimum work practices and procedures and also require licensees to follow a code of ethics. To prevent conflicts of interest, the rules also prohibit a licensee from conducting both mold assessment and mold remediation on the same project. While the rules regulate the activities of mold licensees when they are doing mold-related activities, the rules do not require any property owner or occupant to clean up mold or to have it cleaned up.

How can I know if someone is licensed?

A licensed individual is required to carry a current TDLR license certificate with the license number on it. A search tool and listings of currently licensed companies and individuals can be found at: <https://www.tdlr.texas.gov/LicenseSearch/>.

What is “mold assessment?”

Mold assessment is an inspection of a building by a **mold assessment consultant** or **technician** to evaluate whether mold growth is present and to what extent. Samples may be taken to determine the amount and types of mold that are present; however, sampling is not necessary in many cases. When

mold cleanup is necessary a licensed mold assessment consultant can provide you with a **mold remediation protocol**. A protocol must specify the estimated quantities and locations of materials to be remediated, methods to be used and clearance criteria that must be met.

What is meant by “clearance criteria?”

Clearance criteria refer to the level of “cleanliness” that must be achieved by the persons conducting the mold cleanup. It is important to understand and agree with the mold assessment consultant prior to starting the project as to what an acceptable clearance level will be, including what will be acceptable results for any air sampling or surface sampling for mold. There are no national or state standards for a “safe” level of mold. Mold spores are a natural part of the environment and are always present at some level in the air and on surfaces all around us.

What is “mold remediation?”

Mold remediation is the cleanup and removal of mold growth from surfaces and/or contents in a building. It also refers to actions taken to prevent mold from growing back. Licensed **mold remediation contractors** must follow a mold remediation protocol as described above and their own **mold remediation work plan** that provides specific instructions and/or standard operating procedures for how the project will be done.

Before a remediation project can be deemed successful, a mold assessment consultant must conduct a **post-remediation assessment**. This is an inspection to ensure that the work area is free from all visible mold and wood rot, the project was completed in compliance with the remediation protocol and remediation work plan, and that it meets all clearance criteria that were specified in the protocol. The assessment consultant must give you a **passed clearance report** documenting the results of this inspection. If the project fails clearance,

further remediation as prescribed by a consultant will be necessary.

What is a Certificate of Mold Damage Remediation?

No later than the 10th day after a mold remediation project stop date, the remediation contractor must sign and give you a **Certificate of Mold Damage Remediation**. The licensed mold assessment consultant who conducted the post-remediation assessment must also sign the certificate. The consultant must truthfully state on the certificate that the mold contamination identified for the project has been remediated and whether the underlying cause of the mold has been corrected. (That work may involve other types of professional services that are not regulated by the mold rules, such as plumbing or carpentry.) Receiving a certificate documenting that the underlying cause of the mold was remediated is an advantage for a homeowner. It prevents an insurer from making an underwriting decision on the residential property based on previous mold damage or previous claims for mold damage. If you sell your property, the law requires that you provide the buyer a copy of all certificates you have received for that property within the preceding five years.

How is a property owner protected if a mold assessor or remediator does a poor job or damages the property?

The rules require licensees to have commercial general liability insurance in the amount of at least \$1 million, or to be self-insured, to cover any damage to your property. Before hiring anyone, you should ask for proof of such insurance coverage. You may wish to inquire if the company carries additional insurance, such as professional liability/errors and omissions (for consultants) or pollution insurance (for contractors), that would provide additional recourse to you should the company fail to perform properly.

How is my confidentiality protected if I provide personal information about myself with a company?

Item 8.

Under the code of ethics in the rules, to the extent required by law, licensees must keep confidential any personal information about a client (including medical conditions) obtained during the course of a mold-related activity. Further, you may be able to negotiate a contract to include language that other personal information be kept confidential unless disclosure "is required by law." However, licensees are required to identify dates and addresses of projects and other details that can become public information.

How do I file a complaint about a company?

Anyone who believes a company or individual has violated the rules can file a complaint with TDLR. For information on this process, call 1-800-803-9202, or complete the online complaint form at <https://www.tdlr.texas.gov/complaints/>.

Can property owners do mold assessment or remediation on their own property without being licensed?

Yes. A homeowner can take samples for mold or clean it up in the home without a license. An owner, or a managing agent or employee of an owner of a residential property is not required to be licensed, **unless** the property has 10 or more residential dwelling units. For non-residential properties, an owner or tenant, or a managing agent or employee of an owner or tenant, is not required to be licensed to do mold assessment or remediation on property owned or leased by the owner or tenant, **unless** the mold contamination affects a total surface area of 25 contiguous square feet or more. Please refer to 16 TAC §78.30 for further details on exceptions and exemptions to licensing requirements.

LEASE AGREEMENT

This LEASE AGREEMENT is made this 5th day of September, 2018, between THE CITY OF SWEENY, a Texas municipality (Landlord) and the SWEENY CHAMBER OF COMMERCE (Tenant):

In consideration of the covenants and conditions hereinafter contained, Landlord does hereby lease unto Tenant the following described premises (Leased Premises) located in Sweeny, Brazoria County, Texas:

Office space consisting of approximately 182 square feet known as the Chamber office in Landlord's office building located at 111 W. Third St., Sweeny, Texas, and jointly with the Sweeny Economic Development Corporation of the boardroom space of 850 square feet.

(1) This lease shall be for an initial period of five (5) years beginning the 1st day of October, 2018.

(2) Tenant shall pay as rent for the leased premises the sum of SEVENTY-FIVE AND NO/100'S DOLLARS (\$75.00) per month on the 1st day of each month beginning the beginning date of the lease specified in paragraph (1) above, delivered to the Sweeny City Hall, 102 W. Ashley Wilson Road, Sweeny, Texas 77480. If Tenant fails to pay said rent by the 5th day of the month Tenant will be in default of this lease and Landlord may immediately terminate this lease.

(3) Landlord shall be responsible for the repair, maintenance and upkeep of the leased premises.

(4) Tenant will be responsible for furnishing housekeeping/janitorial services for the leased premises.

(5) Tenant may not make any modifications to the leased premises, except as approved in writing by the Landlord.

(6) Landlord shall be responsible for the payment of all taxes on the leased premises.

(7) Landlord shall be responsible for the payment of all utilities on the leased premises.

(8) Tenant shall, at Tenant's expense, fully insure its property located in the leased premises against fire and other casualty and shall maintain comprehensive general liability insurance insuring Landlord and Tenant against any liability arising out of ownership, use, occupancy or maintenance of the leased premises and all areas appurtenant thereto, with limits of liability of at least \$1,000,000.00 for each occurrence for Bodily Injury and \$1,000,000.00 general aggregate for Bodily Injury and Property Damage combined with the endorsement of comprehensive general liability. Tenant shall cause Landlord to be named as an additional

insured under such policies and shall furnish Landlord with certificates of insurance with loss payable clauses satisfactory to Landlord (a) as soon as practicable after the execution of this lease and (b) prior to the commencement of the renewal of the lease pursuant to the option provided in paragraph (10) of this lease agreement. The limit of such insurance shall not, however, limit the liability of Tenant hereunder. Tenant may carry such insurance under a blanket policy, provided such insurance has a Landlord's protective liability endorsement attached thereto. No policy shall be cancelled or subject to reduction of coverage except after (3) days prior written notice to Landlord.

(9) Tenant shall not assign this lease without the prior consent of Landlord.

(10) The lease term shall be automatically renewed for successive one (1) year terms, upon the same terms and conditions stated herein, unless one party hereto provides written notice of termination to the other party at least thirty (30) days prior to the expiration of the then current lease term.

(11) This lease represents the entire agreement of the parties and may not be amended except by written, mutual agreement signed by both parties.

(12) This lease shall be construed under and in accordance with the laws of the State of Texas.

LEASE AGREEMENT

This LEASE AGREEMENT is made this 10 day of September, 2018, between THE CITY OF SWEENY, a Texas municipality (Landlord) and the SWEENY ECONOMIC DEVELOPMENT CORPORATION (Tenant):

In consideration of the covenants and conditions hereinafter contained, Landlord does hereby lease unto Tenant the following described premises (Leased Premises) located in Sweeny, Brazoria County, Texas:

Office space consisting of approximately 234 square feet known as the SEDC office in Landlord's office building located at 111 W. Third St., Sweeny, Texas, and jointly with the Sweeny Chamber of Commerce of the boardroom space of 850 square feet.

(1) This lease shall be for an initial period of five (5) years beginning the 1st day of October, 2018.

(2) Tenant shall pay as rent for the leased premises the sum of SEVENTY-FIVE AND NO/100'S DOLLARS (\$75.00) per month on the 1st day of each month beginning the beginning date of the lease specified in paragraph (1) above, delivered to the Sweeny City Hall, 102 W. Ashley Wilson Road, Sweeny, Texas 77480. If Tenant fails to pay said rent by the 5th day of the month Tenant will be in default of this lease and Landlord may immediately terminate this lease.

(3) Landlord shall be responsible for the repair, maintenance and upkeep of the leased premises.

(4) Tenant will be responsible for furnishing housekeeping/janitorial services for the leased premises.

(5) Tenant may not make any modifications to the leased premises, except as approved in writing by the Landlord.

(6) Landlord shall be responsible for the payment of all taxes on the leased premises.

(7) Landlord shall be responsible for the payment of all utilities on the leased premises.

(8) Tenant shall, at Tenant's expense, fully insure its property located in the leased premises against fire and other casualty and shall maintain comprehensive general liability insurance insuring Landlord and Tenant against any liability arising out of ownership, use, occupancy or maintenance of the leased premises and all areas appurtenant thereto, with limits of liability of at least \$1,000,000.00 for each occurrence for Bodily Injury and \$1,000,000.00 general aggregate for Bodily Injury and Property Damage combined with the endorsement of comprehensive general liability. Tenant shall cause Landlord to be named as an additional insured under such policies and shall furnish Landlord with certificates of insurance with loss

payable clauses satisfactory to Landlord (a) as soon as practicable after the execution of this lease and (b) prior to the commencement of the renewal of the lease pursuant to the option provided in paragraph (10) of this lease agreement. The limit of such insurance shall not, however, limit the liability of Tenant hereunder. Tenant may carry such insurance under a blanket policy, provided such insurance has a Landlord's protective liability endorsement attached thereto. No policy shall be cancelled or subject to reduction of coverage except after (3) days prior written notice to Landlord.

(9) Tenant shall not assign this lease without the prior consent of Landlord.

(10) The lease term shall be automatically renewed for successive one (1) year terms, upon the same terms and conditions stated herein, unless one party hereto provides written notice of termination to the other party at lease thirty (30) days prior to the expiration of the then current lease term.

(11) This lease represents the entire agreement of the parties and may not be amended except by written, mutual agreement signed by both parties.

(12) This lease shall be construed under and in accordance with the laws of the State of Texas.

	Additional Account Number:		

Executive Summary

Per the City’s Code, events on City property with alcohol require police security. This ordinance proposes that Sweeny police will be hired as security for these events. Requests for police security will be made in writing to the Chief of Police, and if the Sweeny Police Department is unable to provide the requested security, the requested can then, and only then, seek police security from other agencies.

Recommended Action

Staff recommends approval.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SWEENY, TEXAS, APPROVING THE POLICE DEPARTMENT POLICY MEMORANDUM DATED APRIL 20, 2023, RELATING TO POLICE PROVIDING SECURITY FOR EVENTS WITHIN THE CITY

WHEREAS, the City of Sweeny and the Sweeny Police Department recognize the necessity to have a standard policy within the city relating to the provision of security for events held within the City; and

WHEREAS, the provision of security is especially important at events where alcoholic beverages are sold, distributed, possessed or consumed at events on City property; and

WHEREAS, all security for hire for events where alcoholic beverages are sold, distributed, possessed or consumed at events on City property will be provided by Sweeny Police:

NOW THEREFORE, BE IT RESOLVE BY THE CITY COUNCIL OF THE CITY OF SWEENY, TEXAS:

Section 1:

The findings of fact stated herein are found to be true and correct.

Section 2:

The City Council hereby approves and adopts as City of Sweeny policy the policy memorandum dated April 20, 2023, signed by the Chief of Police, which provides regulations for the provision of police security at events on City of Sweeny property, where alcoholic beverages are sold, distributed, possessed or consumed. A copy of the memorandum is attached hereto.

APPROVED AND ADOPTED _____, 2023.

DUSTY HOPKINS, Mayor of the City of Sweeny

ATTEST:

KAYDI SMITH, City Secretary

Sweeny Police Department

Est. 1909 † Home of the Unknown Soldier
123 N. Oak Street † Sweeny, Texas 77480
Dispatch | 979-548-3111 † Office | 979-548-3112
Brad Caudle, Chief of Police

Item 9.

04/20/2023

To: All Sweeny City Departments, appointed Boards and Commissions

Ref: Any Entity Directly or Indirectly responsible for Events Requiring Police Security as it Relates to the Sell, Distribution, Possession or Consumption of Alcoholic Beverages on any City of Sweeny Property.

The Sweeny Police Department **MUST** be contacted for security on all events held within the city limits of Sweeny, excluding Sweeny ISD events. The Sweeny Police Department will provide security at these events, and in any case the department is unable to provide security then the Chief's designee will contact outside agencies for assistance.

Only the Chief of Police can authorize any deviation from this memorandum. If approved by the Chief of Police, any security used from outside agencies must be Texas Peace Officers (licensed by TCOLE and commissioned) and must be present for the duration of the event.

Events held at the Community Center must have officer credentials given to City Hall no later than 72 hours prior to the event date, regardless of the agency used. Security, whether provided by the Sweeny Police Department or approved outside agencies will have absolute discretion to shut down any event for drunkenness, out of control, dangerous, or unruly behavior.

If any criminal offense was attempted or committed, it would ultimately fall under the responsibility of the City of Sweeny Police Department due to jurisdiction and would require the Sweeny Police Department to arrest offenders without a warrant in every case the officer is authorized by law and has good reason to believe there has been a violation of the penal law committed.

If there are any questions about this policy, please feel free to contact me.

Sincerely,

Brad Caudle
Chief of Police
Sweeny Police Department
bbcaudle@sweenytx.gov

Executive Summary

Board Membership and Terms of Service information:

State law requires participating departments to establish and maintain a six-member Local Board to administer the retirement program (3 firefighters, 1 from the governmental entity, and 2 from the community).

Trustees of a Local Board must serve staggered two-year terms. A vacancy on a local board is filled for the remainder of the unexpired term by the same procedure by which the position was originally filled.

Recommended Action

Appointment of a liaison for the Fire Department Pension Board
