Journey asked about code that could kickstart open space requirements for SD23-01. Larsen explained that SDCs is the tradeoff to credit off if open space is proposed and that it pays for capital improvements. Journey proposed a change in the code to require parks per net acreage to prevent a large subdivision to develop without a park. Wood and Parker agreed. Clegg reminded the Commissioners of recommending conditions of approval above and beyond what staff recommends based on criteria and staff report. Staff will research other communities with park land requirements and compare with current code and land development requirements.
