**ANNOUNCEMENTS**

**ADJOURNMENT**

**File Attachments for Item:**

1. Presentation from TRPC Executive Director Marc Daily.

# Thurston Regional Planning Council I-5 and Ongoing Work in South County

**Marc Daily, Executive Director  
Thurston Regional Planning Council**

# Who We Are

# What We Do

- **Invest federal highway and transit dollars locally**
- **Develop regional transportation, land use, and environmental plans to preserve the Thurston Region's quality of life**
- **Develop regional statistics and forecasts for the future (population, housing, jobs, etc.)**

# Rural Community Support Program

The main image is an aerial photograph of a street intersection. A red rectangular area highlights a section of the road. An inset image in the top left shows a street-level view of the same road, with a white arrow pointing from the red area to the inset. Labels include 'Hodgden St' on the left, 'City Hall' and 'U.S. Post Office' on the right, and a 'North' arrow pointing downwards. A semi-transparent box in the upper right contains a list of funding priorities.

**Funding Priorities**

- Safety
- Maintenance and Preservation
- Multimodal and System Efficiency
- Active Transportation

**RCSP Proposal #3**  
**North Hodgden Street Improvements**  
Applicant: City of Tenino  
Grant Request: \$137,500  
Match: \$10,624  
Total Cost: \$148,124  
Phase: Design and Construction  
Project Date: 2022 or 2023

# Rural Mobility Study

Staff Lead: Aidan Dixon, [dixona@TRPC.org](mailto:dixona@TRPC.org)

- Intended to improve multi-modal connections between rural Thurston County and the urban centers. Considering roadways like Old Highway 99, 507, and 510
- Currently evaluating existing conditions on these roadways – traffic volumes, safety, configurations, constraints
- Next steps include projecting future conditions, identifying performance measures, and strategies to improve mobility
- This project is in the early stages and will continue into early 2023

# Rural Transit Improvements

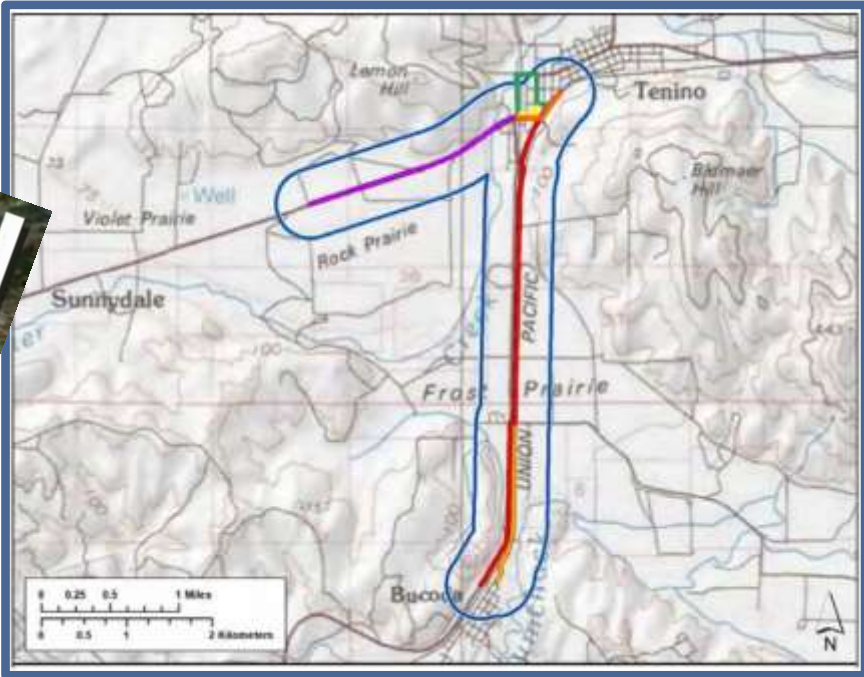

- Postcard mailout to all addresses adjacent to rT routes with the intent to inform people of the service, that it's fare-free, and to send them to the website for additional information
- Interactive map that allows users to see the route and pick-up times, but also to demonstrate the deviated fixed route
- All routes updated within Google Transit.
- New Rider Guide developed and translated into Spanish

# Regional Trails Plan Update

- First major update since 2007
- Comprehensive look at current trail system, areas for improvement, and future trail needs
- Will include the Tenino to Bucoda, West Tenino, and Southwest Thurston County Trail spurs of the regional trail system

# I-5 at Risk

1957

1990

1997

2016

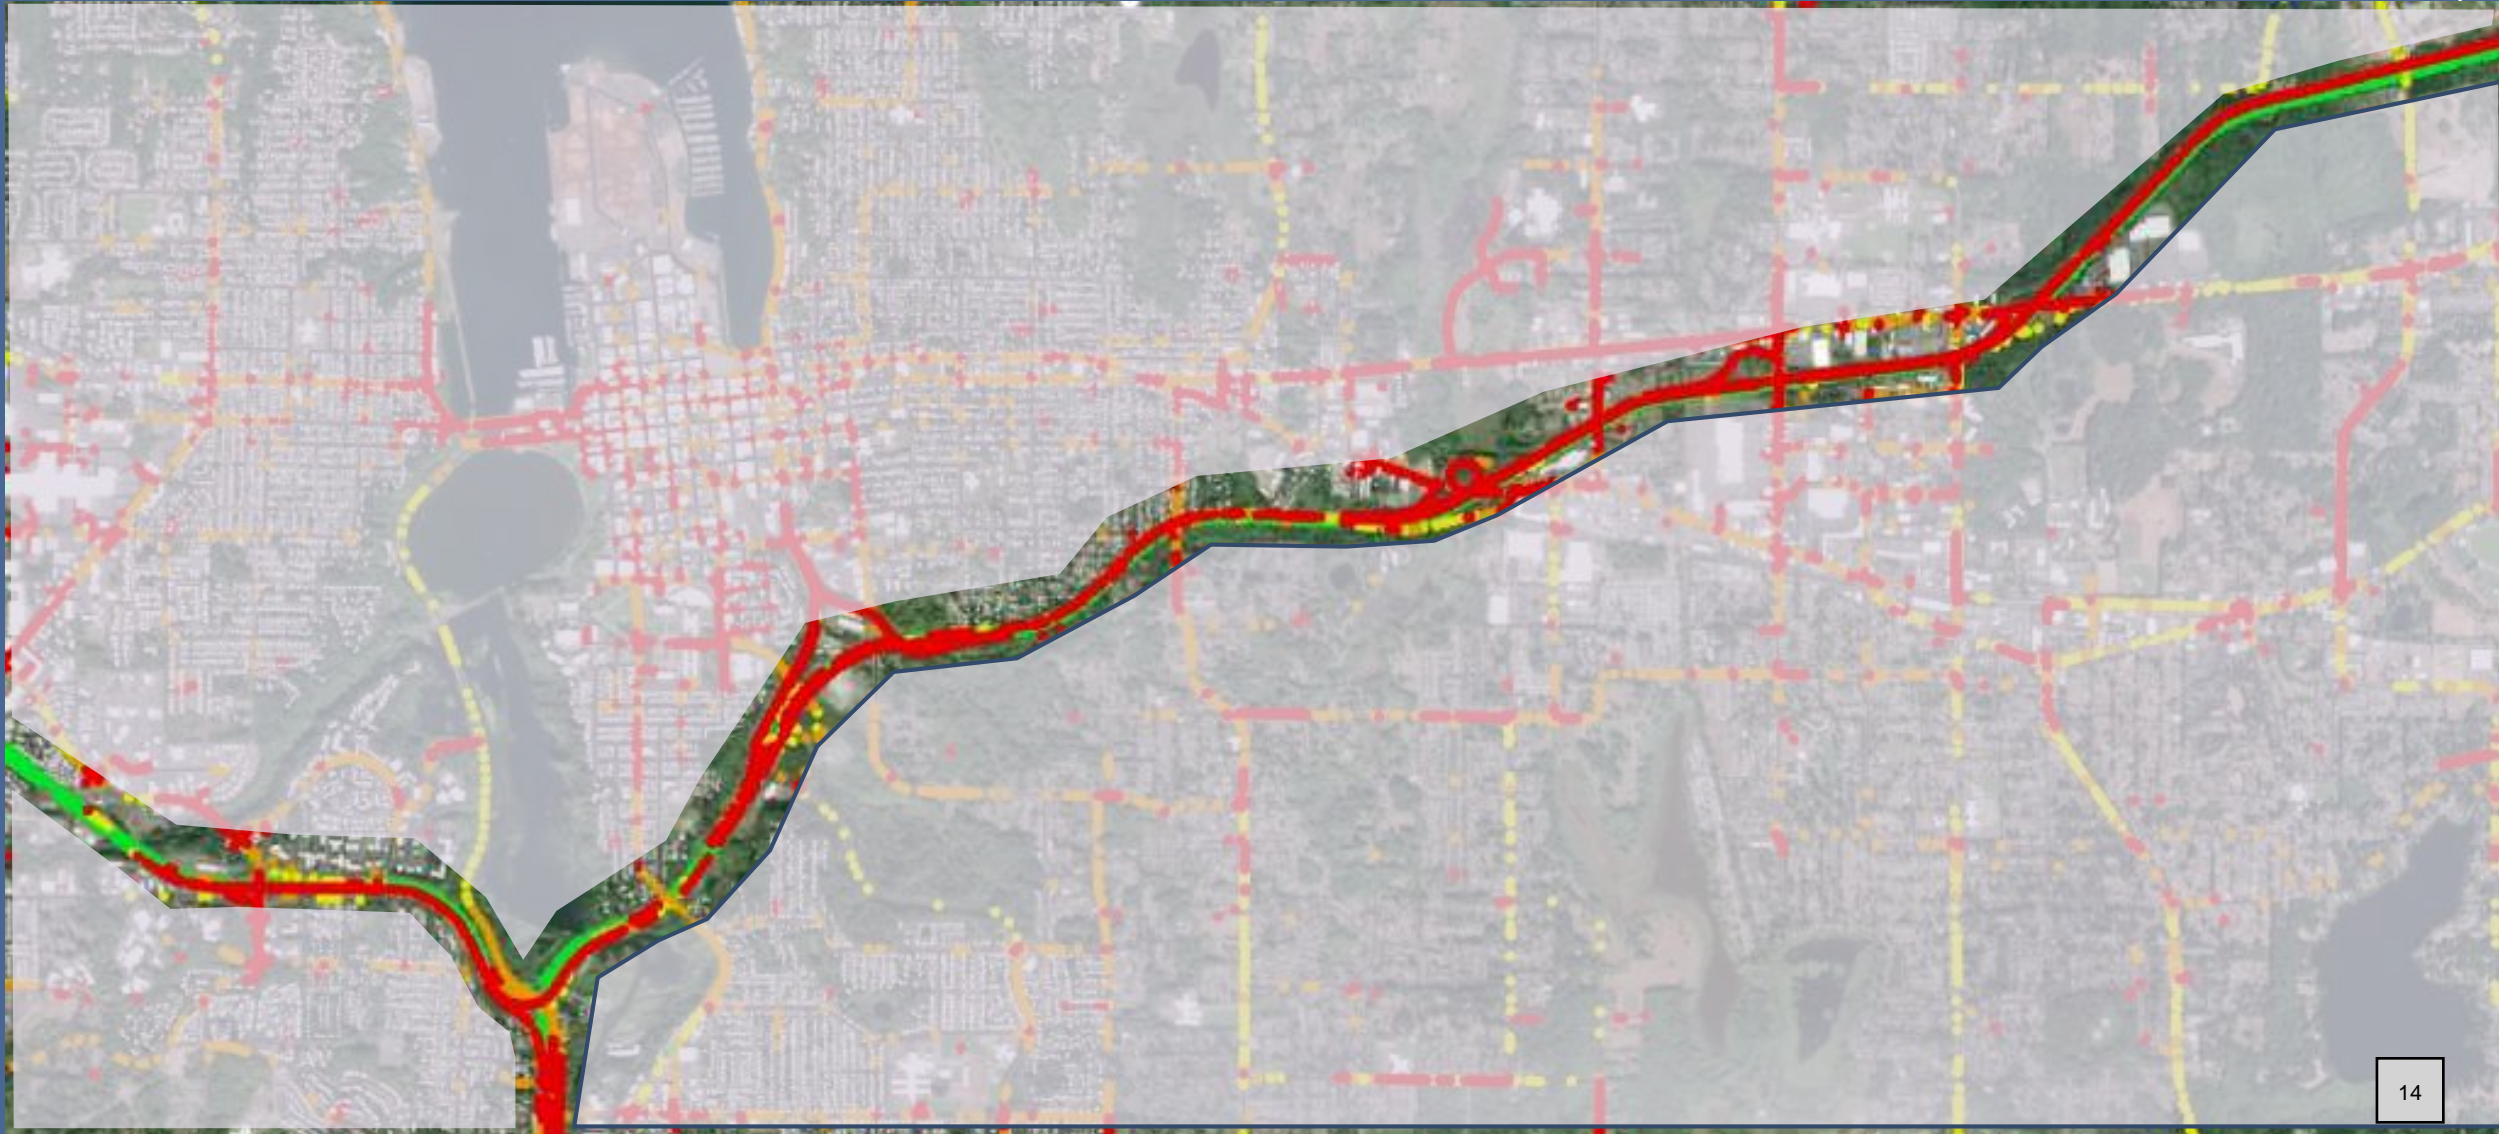

I-5 Creates a Dam Across Nisqually Delta

Limits fresh/salt water mixing area critical for young salmon

# 2045 – I-5 at U.S. 101 Interchange

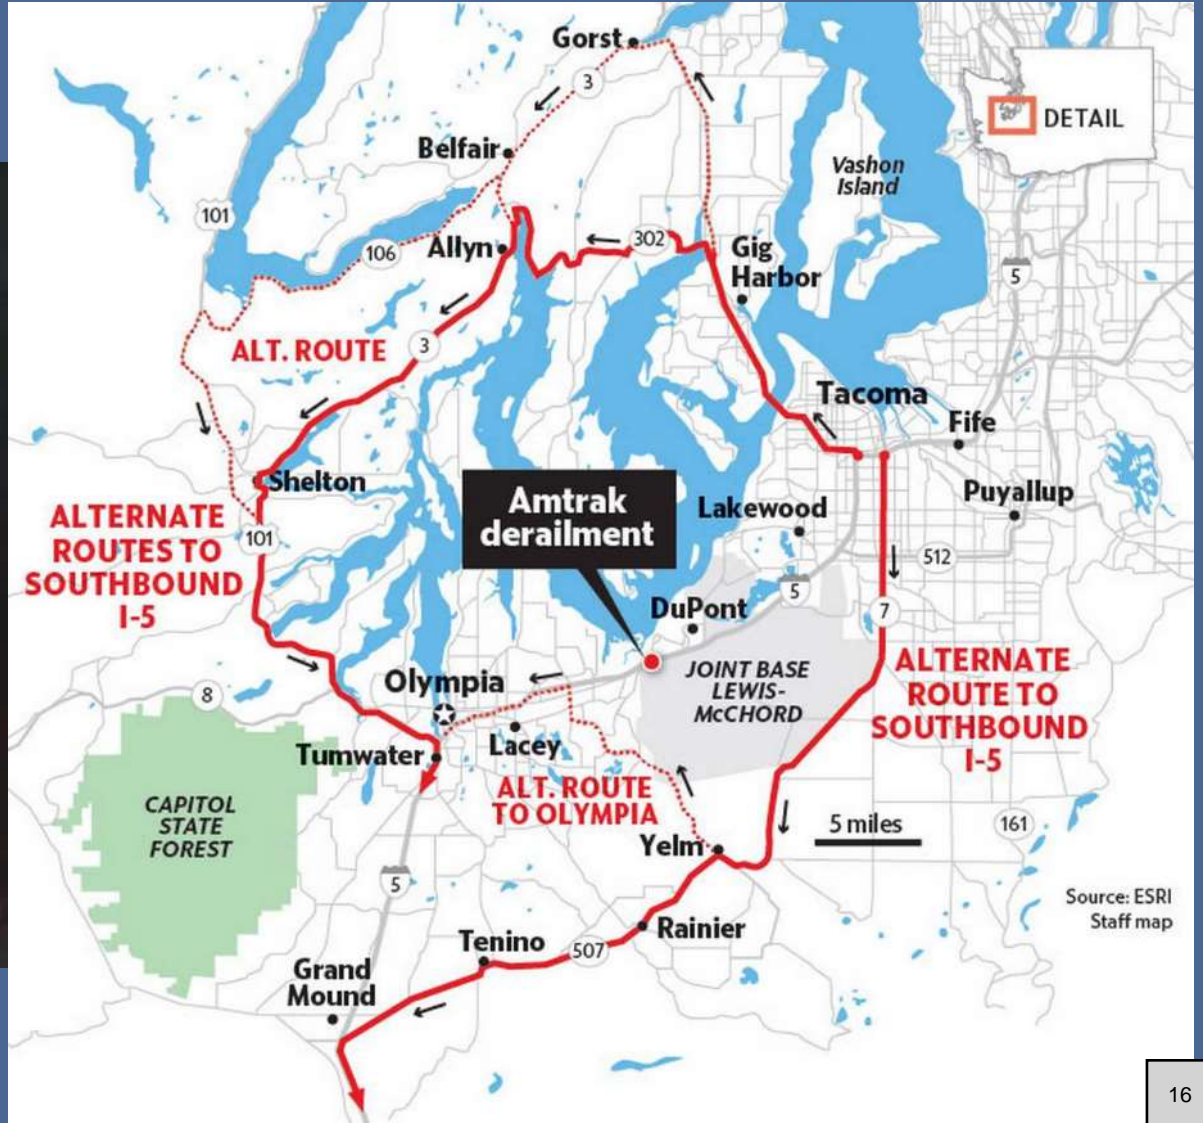

# 2045 - North of Mounts Road

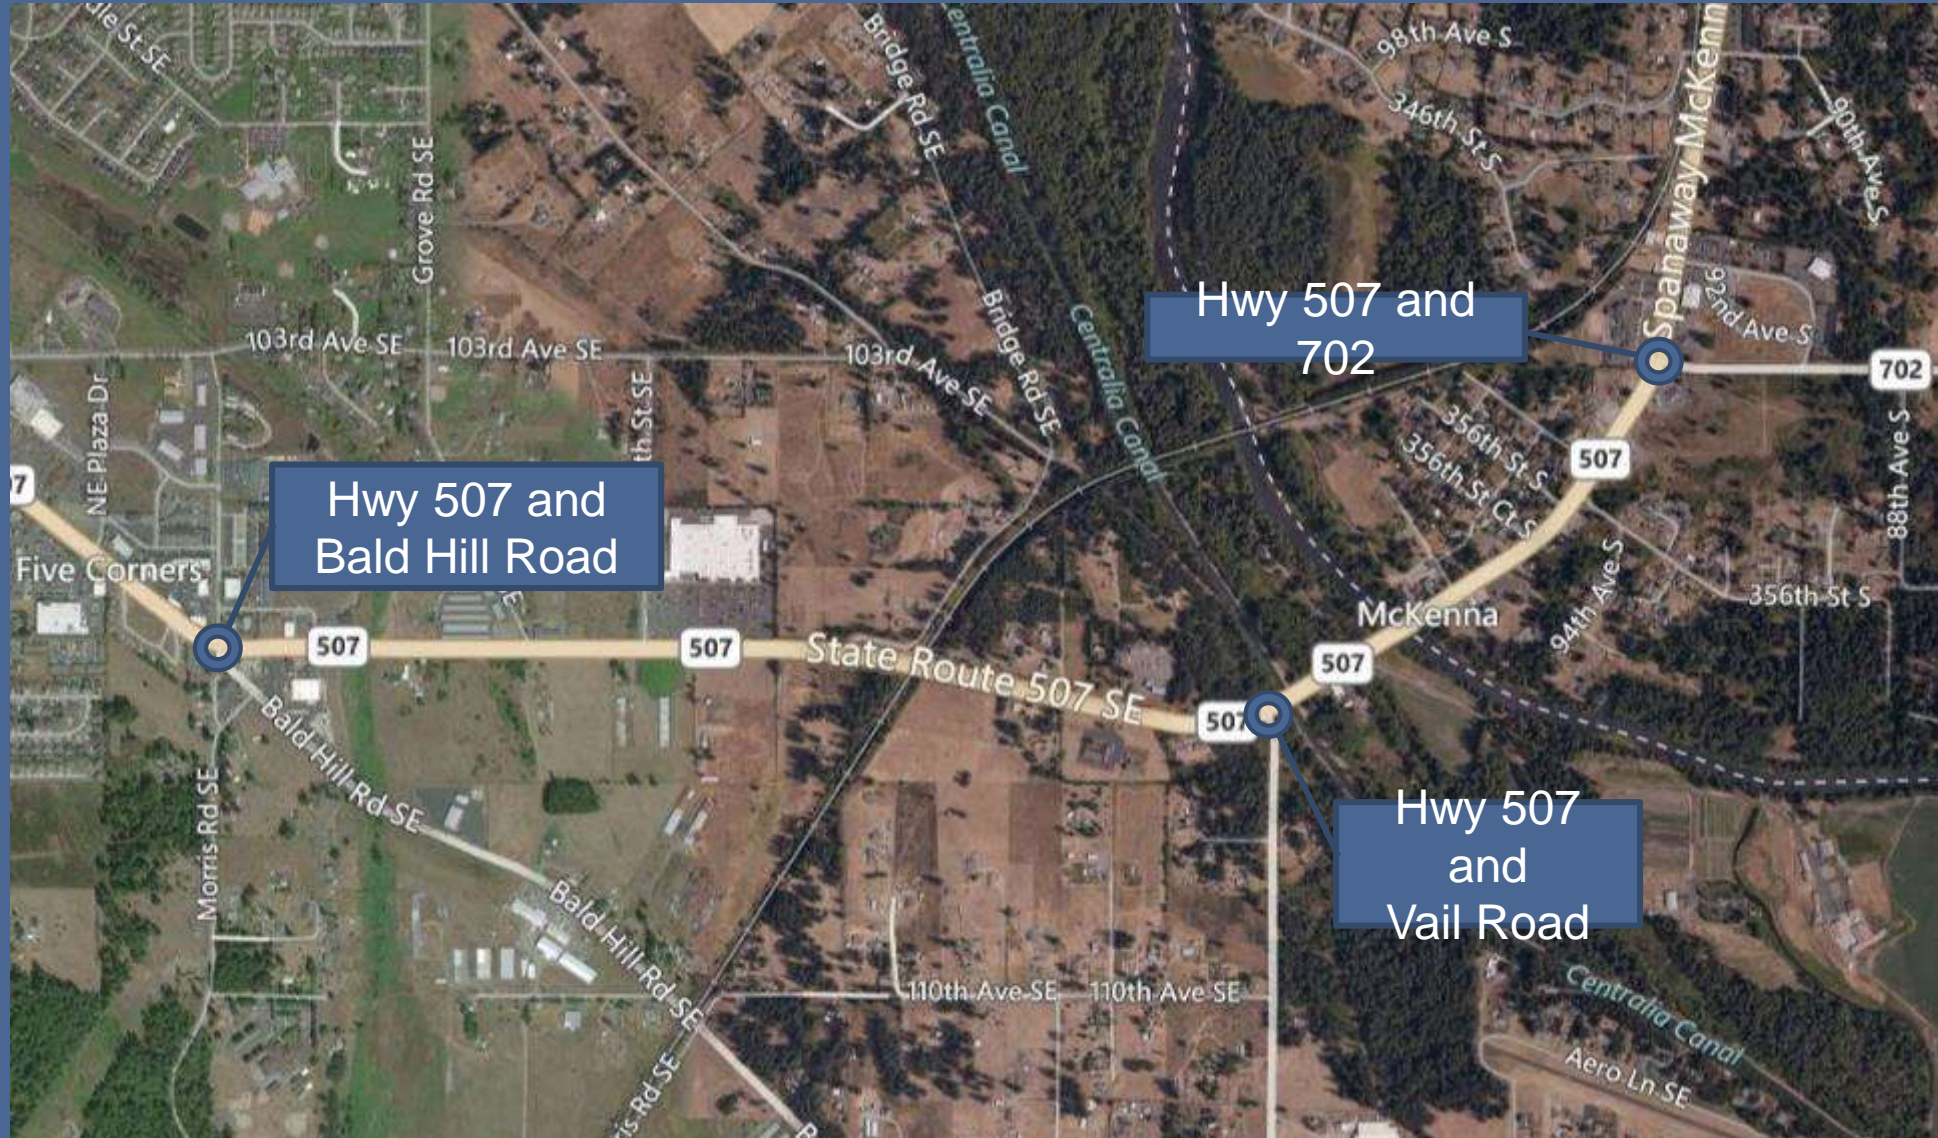

# Limited Alternatives to I-5

# 1. Alternate Route – Highway 507 Roundabouts Near Yelm

# High Capacity Transportation Study

- \$250K with report on expected deliverables due to legislature by December 2022
- Consultant hired by autumn 2022
- Will consider many modes (expanded express bus service, enhanced vanpools, commuter rail, light rail, other?)
- Will account for potential ultra high speed rail (\$150M in Move Ahead Washington)
- Will consider ridership potential, construction and operational costs, funding options and costs for households, and potential timelines for developing different options
- Will not result include specific siting or alignment analysis or identify a preferred high capacity transportation option

# Thanks!

Marc Daily, Executive Director  
daily@trpc.org

## Council Meeting April 26 2022

Good Evening Council and Mayor, sorry that I'm not attending council meeting tonight. There is not a lot to report on from the last council meeting.

WWTP: Ruben, our new WWTP operator is doing an awesome job. He has gotten our plant running great. The goal is to get the EQ basin empty and that is going well, the plant is taking about 20,000 gallons per day from the EQ basin to the WWTP. Right now, the EQ basin is holding 600,000 gallons of liquid at 20,000 gallons a day going back into the plant. It will take 30 days to empty the basin. That is perfect timing to start the dewatering of the sludge pond. The water from the belt press will be put into the EQ basin then slowly put into the Plant.

Collection System: There was a check valve that went bad in the station behind the Sandstone café parking lot. The guys worked on that Monday and finished Tuesday.

Park: Met with the Playground installers last week to move and install the old Toys across from Parkside elementary. They will be here next week to get started moving the Play structure, Play dome, and the swings.

Thanks,

Troy, Public Works Director
