#### EXHIBIT A AUTHORIZATION FOR ENGINEERING SERVICES NO. 2023-003 CITY OF TENINO, WASHINGTON

#### WWTP INFLUENT SCREEN REPLACEMENT ENGINEERING REPORT PER WAC 173-240-130

The Engineer is hereby authorized to perform Engineering Services for the Client as provided for in our General Agreement for Professional Engineering Services executed December 16, 2016, and extended by amendment on December 12, 2018, and as more fully described herein:

#### **PROJECT DESCRIPTION**

The Client desires to install new raw sewage influent screens at the WWTP headworks to replace existing influent screening units. The new screens will be rotary drum screens and may need to be located outside of the headworks room due to equipment size.

An engineering report prepared in accordance with WAC 173-240-130 will be prepared for review and approval by the Client and the Washington Department of Ecology (Ecology). This report will be the basis for subsequent design work that will occur once the report is approved.

#### **ASSUMPTIONS**

The following assumptions were utilized by Engineer in developing the scope of work and estimated budget:

- 1. Drawings and documents prepared by Engineer will be provided to the Client in .pdf and CAD format.
- 2. No field survey work will be performed by Engineer.

#### **INFORMATION TO BE PROVIDED BY CLIENT**

The Client will provide the following information to the Engineer for use on this project:

- Client's most recent 36-months of Wastewater Treatment Plant Daily Monitoring Reports (DMR's);
- Population projections for the sanitary sewer service area in 2044.

#### **SCOPE OF SERVICES:**

The Engineer shall perform the following services under this Agreement.

#### Task 1 - Project Management, Administration & Meetings:

The Engineer will perform day to day management activities including oversight of Engineer's work, scheduling, budgeting, invoicing and preparing monthly progress reports to Client. Project management will also include coordination and communication with Client and Ecology.

#### Kickoff Meeting:

The Engineer will conduct a project kickoff meeting with Client staff.

#### **Progress Meetings:**

The Engineer will conduct 2 progress meetings with the Client. The meetings will be 4-5 weeks apart.

Page 1 of 3

#### Meetings with Ecology and Tenino:

The Engineer will participate in up to 2 meetings with the Client and Ecology to review report elements prior to submission of the Engineering Report to Ecology.

#### Task 2 - Gather & Review of Available Information and Data

The Engineer will review Client provided information regarding the existing headworks layout and design.

#### Task 3 - Prepare an Engineering Report in Accordance with WAC 173-240-130

The Engineer will prepare an engineering report in accordance with WAC 173-240-130. The report will be sufficiently complete so that design plans and specifications can be developed from it without substantial changes.

The engineering report shall include the following information:

- a. Current flow and population served information.
- b. Influent flow, waste load and population served projections for a 20-year planning horizon;
- c. Current plant performance data and analyses.
- d. Basic design data and sizing calculations that impact the treatment units.
- e. A description of the existing treatment process and operation, including a flow diagram and hydraulic profile.
- f. All necessary maps and layout plan views, conceptual cross-sections/profiles, and figures as appropriate.
- g. A discussion of the various alternatives evaluated, recommended alternatives with design criteria and the reasons other alternatives evaluated are not preferred.
- h. An implementation schedule for final design, permitting and construction of recommended plant upgrades.
- i. A planning level opinion of total project cost for design, permitting, and construction of the recommended alternatives. This opinion of cost will include sales tax and an appropriate level of contingency.

The Engineering Report will be reviewed and approved by the Client and Ecology.

The Engineer will provide a draft of the report to the Client for review and comment in pdf format.

The Engineer will address Client review comments and will revise the draft Engineering Report as appropriate and will provide an updated draft Engineering Report to the Client for submittal to Ecology for their review and comment.

The Engineer will address Ecology review comments and will revise the draft Engineering Report as appropriate. The final Engineering Report will be reviewed with the Client and will then be submitted by the Client for final approval to Ecology.

All draft and final deliverables will be provided to the Client in pdf format.

#### Task 4 - Scoping for Final Design and Permitting

The Engineer will prepare a proposed scope of work, schedule and budget for final design and permitting for use in executing an Amendment to this Authorization for design engineering services at the completion of the engineering report phase.

#### Task 1.05 Park and Recreation Commission Review

RWD will help the Park and Recreation Commission review and become familiar with the Master Plan Options. RWD will discuss the Public Open Houses' goals, protocol, and intended outcomes with the Commission. Volunteers for Stations will be sought.

Station 1 is the introductory station whereby the park planning process and schedule will be explained. Stations 2, 3, and 4 will be where the Master Plan Options are explained by the Park Commissioners. For each Master Plan Option Station, 2 boards will be produced. The first board will show the Design Survey, aerial photo, and the Master Plan Option lays out onto the site. The second board will illustrate photo images (Image Board) of some of the major park features. The colored and rendered boards will measure 36" by 48" and mounted on foam core board. The Park Commissioners will describe the advantages and disadvantages of the Master Plan Option at these Stations. Staff and RWD will "roam" and help the Public with understanding the Master Plan Options. Public participants will be given one green dot sticker serving as their one vote for their preferred plan. The Public will be given the opportunity to write down their comments on their preferences and opinions for each Master Plan option and selected Master Plan features. No public presentation is included.

#### Task 1.07 Park and Recreation Commission Review

The Commission will discuss and evaluate each option through the lens of the Decision Matrix and select the Preferred Master Plan.

## Task 1.08Preferred Master Plan Option Refinement, Phased Master Plan & Master Plan Cost per<br/>Phase

Based upon the Owner's written direction, RWD will revise the Preferred Master Plan graphic and capital cost. Owner and RWD will determine the phasing of the Preferred Master Plan. The City of Tenino is an optional code city, and is required to format, adopt and implement an operating budget under the Revised Code of Washington (RCW), Chapter 35A. The City, as is required by statute, operates under cash basis accounting principles. What this means is that revenues are recognized when received, and expenditures are recognized when paid (with the sole exception of a 20-day period after the close of any fiscal year in which expenditures are appropriately accounted for in the previous year). Revenues and expenditures, as appropriated, will determine the level of service provided by each department within the City.

Annual appropriated budgets for the City of Tenino are adopted by fund, and expenditures may not exceed the appropriations. The budget constitutes the legal authority for the expenditure of funds. These appropriations lapse at the end of each fiscal year and cannot be carried forward, except within the Capital accounts. This necessitates the adoption of a new budget for each year.

## **GOVERNMENTAL STRUCTURE**

139

v

Incorporated on July 19, 1906, Tenino operated under the laws applicable to a Fourth Class City until July 29, 1990. At that time, the Town of Tenino became a Non-Charter Code City. This was accomplished by adopting Ordinance 479 following the proper referendum measures. As such, the City of Tenino functions under RCW, Chapter 35A.

The City of Tenino has a Mayor/Council form of municipal government. This means the Mayor is the Chief Executive of the City, and the Council, comprised of five positions at large, is the legislative arm of the City Government. In this form of government, policy and administration is separated. All legislative and policy-making powers are vested in the Council. The administrative authority, including a veto power, is vested in the Mayor. Council elects a Council member to serve as Mayor Pro-Tempore in the event the Mayor is unavailable. The following is a short description of the responsibilities of these elected officials.

**Mayor:** In the City of Tenino, the Mayor does not have regular working hours. To keep abreast of City business, the Mayor makes regular contact with the department heads: the Clerk-Treasurer, the Public Works Director, and the Police Chief.

The Mayor is the authorized signatory for the City for many purposes, including: checks, ordinances, minutes, resolutions, proclamations, and contractual agreements of any kind. The Mayor is responsible for the conduct of all regular and special meetings, executive sessions, and sometimes administering oaths of office. With proper written notice, the Mayor may call a special council meeting.

The Mayor is also responsible for ensuring departmental compliance with all statutes, ordinances, resolutions, and policies adopted by the City. At the discretion of the Mayor, all or some of these duties can be delegated to the appropriate department head. All city employees who are not protected by Civil Service guidelines are considered "at will", and work at the pleasure of the Chief Executive, the Mayor.

The Mayor is the official representative of the City for various groups, committees and associations. A representative from the Council may be appointed by the Mayor to serve in his/her place in these various organizations.

**Mayor Pro-Tempore:** Each January, the Council elects one member from their number to serve as Mayor Pro-Tempore in the event the Mayor is not available. The Mayor Pro-Tempore presides at meetings of the council, administers oaths, and signs instruments in the absence of the Mayor. A council member acting as Mayor Pro-Tempore generally retains his/her council member vote. The Mayor Pro-Tempore generally serves only in a bona fide emergency situation, or when the Mayor's absence is known beforehand and will be temporary. If a vacancy in the office of the Mayor occurs, a Temporary Mayor would be appointed by the council.

**Council:** The Council is comprised of five members at large, who are elected by the constituents of the City of Tenino. As such, they are the legislative body of the City. It is

9.

the duty of the Council to gather information, discuss and make decisions regarding official City policy and law (ordinance). Regular meetings are held twice a month on the second and fourth Tuesdays. This schedule exceeds the state statutory requirements of a minimum of one meeting per month. Public hearings required by RCW 35A.33.070 are conducted by the Council and officiated by the mayor. Council also adopts ordinances; passes resolutions; sets utility rates, user fees, license and permit fees, and ad valorem taxes; sets staffing levels and employee salaries; and authorizes the mayor to enter into contractual agreements. Council adopts the annual budget and reviews the annual report. All final decisions regarding annexations, zoning amendments, subdivisions, comprehensive plan amendments, and street vacations are made by Council. Payment of all vouchers is approved by Council. A majority vote of the Council, along with proper public notice, may call a special meeting or an executive session.

The City of Tenino is a general-purpose government that provides public safety, street improvements, parks and recreation, health and social services, and general administrative services. The City owns and operates both a water and a sewer utility system.

The accounts of the City are organized based on funds, each of which is considered a separate accounting entity, that identify the City's assets, liabilities, fund equity, revenues (income) and expenditures (expenses), as appropriate. The City resources are allocated to, and accounted for, in these individual funds, depending on their intended purpose. Governmental fund operating statements focus on measuring changes in financial position, rather than net income. They present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets (cash).

Staffed and operated through volunteer members of the South Thurston County Historical Society (S.T.C.H.S), the Tenino Depot Museum is housed in the former Northern Pacific Train Depot, which was acquired by the City and relocated to its present location within the Tenino City Park. The Museum is constructed of Tenino Sandstone, and has been placed adjacent to the old, Prairie Line. This abandoned rail spur was purchased by the Thurston County Parks and Recreation Department in 1994 to be used as part of the Yelm to Tenino Rails-to-Trails program.

In 2002, the STCHS organization received a donation of a building that served as the Ticknor School from Thurston County Fire District #12. The West end of The City Park is the site of the former Tenino Stone Company. The only remnants of which are the Quarry House Community Center and the Quarry Swimming Pool.

In 2010 the land above the Quarry Pool was acquired from Weyerhaeuser to protect the forest and hillside behind the pool. This acquisition is the result of a multiyear project working with Weyerhaeuser; funding was provided by State and Federal Grants and fundraising activities of local volunteers.

In 2023 an additional 60 Acres was acquired by the City to expand the City Parks trail system. This was made possible by a donation from Angela J. Bowen Conservancy Foundation.

There are also four ball fields, picnic/play areas, primitive overnight camping facilities, and the multi-user concession/bathroom facilities that were completed during 1994.

Salaries, wages, and personnel-related benefits are largely paid from the General Fund, although cost-allocation policies require that some staffing costs are borne by the fund that is receiving the staff support. Regardless of which fund is being supported, the City has a single Salary Schedule that is approved by the City Council and is adopted along with this budget.

The eastern end of the quarry has been filled and developed into a wading pool and splash pad area, which qualifies as a swimming pool by the health department standards, including chlorinated water. The quarry remains in its natural state and is available for swimming during the operating hours of the pool. When a lifeguard is on Duty. Portions of it are approximately 70 feet deep, and still contain the quarrying equipment that was abandoned when the aquifer was struck. **Note:** The State Auditor requires that all "Special Revenue Funds" be "rolled up" and reported as part of the General Fund. So, even though Funds 002, 003, 101, 102, and 109 are managed on a day-to-day basis as separate funds, at the end of the year, the amounts in these funds are reported as part of the General Fund (001) as shown on the City's Annual Financial Report.

## Fund 631 – Municipal Court Trust Fund

The Court Trust Fund is a fiduciary type of fund that is used to account for assets held by the City as an agent of the State Court System.

Whenever the Tenino Municipal Court imposes a fine or fee, the City collects those fines or fees from the defendant and deposits those monies into the City's Court Trust Fund. Once a month, this fund is reconciled with the agencies in whose name the City is holding those funds in trust. Approximately 2/3's of these funds are then released to those agencies and approximately 1/3 is then disbursed to the City of Tenino General Fund.
