Memo

To: Vivian Payne, Village Administrator

From: Simone Jackon, Treasurer

cc: Maxine Reynolds, Village President
Arlette Frye

Date: 8/25/2025

Re: Tax Increment Finance Administrator Designation

Hello Vivian,

After consultation with Arlette, I'd like to propose that the Treasurer be the Village's TIF Administrator as opposed to the Village President to ensure streamlined administration and timely communication with the Comptroller's office.

I understand the Village President has traditionally been the Administrator because the Treasurer was not a full-time position and unable to effectively manage communications with the state in a timely manner; however, the Treasurer is the one responsible for preparing the annual TIF report, which often requires coordination with the Comptroller's office. Should the Village President remain the Administrator, such communications and more between the Comptroller's office and the Treasurer would require continued facilitation from the Village President that I am happy to alleviate now that the role is a full-time position.

Your thoughts on the matter are appreciated.

Best,

Simone Jackson

Hey Dan,

Thanks for the call this morning, attached is the updated quote. We can still do the trade in promo for orders in Sept. as well.

As you indicated, there is no current state bid for the Toughbooks (they rescinded the last one and haven't put it back out yet). That said, we do have these on national contracts with Sourcewell and Omnia. Here's some resources:

Sourcewell Law Enforcement Contract Toughbooks #090122-PNA

Pricing and reseller list: <https://na.panasonic.com/us/government-contracts/sourcewell-contract>

Here is the link showing that Village of Thornton is a participating agency, for example:

<https://www.sourcewell-mn.gov/participating-agency/204673>

You can look up other participants here: <https://www.sourcewell-mn.gov/lookup>

Omnia Toughbook Contract #226017-02

Pricing and reseller list: <https://www.omniapartners.com/suppliers/panasonic/public-sector/contract-documents#c12793>

For both contracts the pricing structure is the same: 13% off semi rugged (the FZ-55's), 11% off accessories, and 0% off warranties, so you can see on the updated quote I added the list price and discount off list and we're coming in well below those contract costs for you, plus the trade in credit.

Let me know if you have additional questions or need anything else!

Have a good weekend,

Mark Gottlieb

Well, you are correct on all accounts. It's still let me build a 25 so I thought we were OK. you are correct. The price increase isn't that much over 26 for a 25, so I will leave the bid the same for 2026. And if you notice it doesn't even put the year of the vehicle on my bid sheet do you want me to hand write in 2026 because without a stock number it did not save anything there.

Amber,

Thank you for putting this together. I just got off the phone with one of the other dealerships where I requested a bid and they were telling me that they were no longer able to place orders for 2025 models but only 2026. That is preferable to me but Chevy's website would not let me build a 2026. I am sure that if that is the case the pricing is going to be different. I just want to be sure that I am comparing apples to apples on these bids and will not have a surprise later next week after our board approval when we look to move forward with an order.

Thank you,
Adam

Re: ISATT Budget Line-Item Transfer Request 9/2/2025 board meeting

This is a request to approve the following line item transfer to the Village's FYE 4/30/2026 operating budget:

Account 15-67-7075 Sworn Law Enforcement (\$200,000.00)

Account 15-67-8063 Vehicles Acquisitions 200,000.00

This is not an adjustment to the SOS 6/30/2026 budget.

This line item request is being made in order that the SOS program can update its vehicle fleet.

Any questions may be addressed to me or Director Broshous.
