PUBLIC DISCUSSION OPEN

Craig Gately, 10 Polo Club Drive – Mr. Gately inquired when the municipal building will be opened to the public. Mr. Fallon replied that all of the necessary safety protections for employees and residents have been put in place but with the recent increases in the coronavirus cases we are concerned about reopening at this time. We continue to provide all the services but in a different way. Mr. Gately commented that with the recreational and decriminalization of marijuana question recently voted and approved during the General Election, what happens if a person is found to possess a small amount of marijuana? Ms. Buckley replied the marijuana law does not go into effect until January

2021 and asked Mr. Starkey to respond. Mr. Starkey explained that the laws criminalizing marijuana possession are still on the books and in effect. The Police can still arrest and charge under the law. Mr. Starkey stated that the law will change when the Senate adopts legislation and then must be signed by the Governor. This week the Senate introduce such a bill to accomplish that with many steps before approval and signature by the Governor. In the meantime, enforcement of the laws is under the jurisdiction of the Attorney General. The Attorney General will be issuing guidelines to law enforcement authorities, police, and prosecutors during this interim period. Mr. Gately responded stating the police department is employed by the taxpayers, without them there is no police department, and they work at the will of the residents and the Council who can make requests. Mr. Starkey stated Council has no authority over the police department's enforcement of State laws. In law enforcement matters the police and prosecutors are under the jurisdiction of the Attorney General. Mr. Stakey stated that Council has no jurisdiction to tell the police how to do their job. He suggested Mr. Gately contact the legislators, Attorney General and Governors offices to make his opinion known on this topic.

Michele Simon, 71 Madison Court – Ms. Simon asked if the Planning Board agenda was posted on the Borough's website regarding the Shafto Road warehouse application? Ms. Buckley directed Ms. Simon to the website page in question. Ms. Simon also wanted to know what was meant by "oversized". Mr. Nesci explained oversized referred to fact that the building will need variances because it is over the size allowed for that property. Ms. Simon expressed her displeasure that the Planning Board meetings have not been hybrid and that they are not easily available to the public during this pandemic.

There being no further comments from the public, Mr. Manginelli offered a motion to close the Public Discussion, seconded by Mr. Siebert.
