CITY OF TOMBALL

Office of the City Manager

To: Honorable Mayor and Council

From: David Esquivel, Interim City Manager

Subject: Budget Memo – City Manager’s Proposed FY2022 Budget

Date: July 06, 2021

As required in Section 8.03 of the Tomball City Charter, please find attached the proposed budget for fiscal year 2021-2022 (FY22). The budget is a planning tool, providing guidance and direction for the upcoming budget year.

In the last fiscal year, the City experienced myriad challenges: multiple economic setbacks related to the COVID-19 pandemic, damaged infrastructure from Winter Storm Uri, and the sudden, tragic loss of our city manager. Under these difficult circumstances, our staff remained dedicated to their jobs, serving our residents and business community with passion, conviction and professionalism. Even during a pandemic and through an historic freeze, our City saw unprecedented growth that drove current year revenues past last year’s budgeted amounts. Property tax revenue, sales tax revenue, building permit fees, and new utility tap fees all exceeded our FY21 adopted budget.

City staff remains vigilant and conservative in our forecasting proposed revenues. Based on our estimates, it is anticipated that FY22 revenues will increase over year-end FY21. The FY22 budget allows us to continue to provide excellent service to our community, while increasing strong reserve balances that are well above our statutory requirement.

FY2022 Proposed Budget

Recommended budgeted expenditures for FY22, including capital projects, total \$52,393,690. This will leave us with a year-end fund balance (all funds) of \$62,723,264.

General Fund Overview

Revenues for FY21 are estimated to be approximately \$4 million more than originally budgeted. Meanwhile, expenditures for FY21 are over budget by \$241,972, largely due to repairs to facilities and infrastructure damaged during Uri. Some of this cost was mitigated by filing an

insurance claim, but there were significant costs realized. In spite of the setbacks, the proposed FY22 budget grows strong reserves.

The General Fund reserve dipped to 69% as a result of the pandemic, over 10% lower than FY20. However, FY21 revenue projections illustrate the growth in property tax, sales tax and building permit fee collection resulting in a current reserve of 84%. The recommendations in the FY22 budget call for maintaining a strong reserve of 81%, guided by the lessons learned over the last couple of years. Historically, with Council guidance, the City of Tomball has maintained reserves well above the 25% required by Charter. In an era of incredible growth, we must also recognize and prepare for the risks associated with expansion.

The proposed FY22 budget focuses on maintaining competitive salaries for recruiting and retaining exceptional personnel, park improvements, public space beautification, continuance of City operations, providing and updating critical equipment across all departments, and addressing facility needs and repairs. We are recommending a \$1,737,495 increase over FY 21 General Fund expenditures, recognizing that last year's budget saw reductions in training, travel, supplies and other core aspects of City operation.

The City's supplemental requests totaling \$1,342,016 address needs for effective public safety, improvement of public amenities, and enhancements to downtown.

Ad-valorem Tax Rate

Our Ad-valorem tax rate of .337862 per \$100 assessed value remains the same. Debt service tax rate remains at \$ 0.164279 per \$100 dollars of value, and our Maintenance & Operation rate remains at \$0.173583 per \$100 dollars of value.

Our tax rate calculation reduced the debt service rate but allowed for an increase in the maintenance and operation rate. The adopted tax rate yielded healthy revenue that is proving needed to address the explosive growth in residential construction.

Special Revenue Fund Overview

This fund includes Police Seizure, Child Safety, Court Security and Technology, and Hotel Occupancy. FY22 ending fund balance will be \$627,938.

Hotel Occupancy revenues dropped substantially last year, and projections for future revenues are less predictable with the loss of BJ Services and travel restrictions that impacted Baker Hughes corporate hotel usage. Proposed revenue projections for FY22 remain conservative at \$450,000, compared to pre-COVID revenues in this fund that were routinely over \$600K. The proposed budget allows the City to continue hosting all annual festivals, maintain current staffing levels in Marketing.

Debt Service Fund Overview

The FY22 ending fund balance in the Debt Service Fund (also known as Interest & Sinking Fund) is budgeted to be \$7,724,696 and represents a 100% reserve of proposed debt service expenditures. Our high reserve levels give us flexibility to issue debt to facilitate projects

proposed in the Capital Improvement Plan, and bonding agencies find this favorable in retaining our excellent bond rating.

Current bond ratings represent the second highest ratings assigned to a bond issuer:

- Standard & Poor's rating of AA+
- Moody's rating of Aa3

Enterprise Fund Overview

Expenditures for FY21 will be approximately \$3,162,944 more than budgeted. The bulk of this overage consists of payment for gas purchased during Winter Storm Uri (\$2.7 million), ancillary electric fees (\$128K), and winter storm repairs to water and sewer infrastructure. However, we estimate revenues for FY21 to increase \$2,966,216, above the FY21 adopted budget, offsetting these unforeseen expenditures.

We estimate revenues for FY22 to remain healthy and stable when compared to historic data, and expenditures will decrease substantially. Our ending fund balance in FY22 will be \$9,264,280 equating to a reserve of 68%, an increase from FY21's projected reserve of 64%.

During FY21, fees paid to North Harris County Regional Water Authority increased from \$4.25 to \$4.60.

Fleet Replacement Fund Overview

This is an internal service fund utilized to purchase specific capital assets such as vehicles and equipment costing \$20,000 dollars or more. Ending fund balance will be \$1,367,685.

Health Insurance Trust Fund

This is an internal service fund utilized to fund health, dental, and vision insurance. Ending fund balance will be \$2,644,834.

Water Capital Recovery Fund

This is an internal service fund utilized to fund water utility expansion. Ending fund balance will be \$6,035,855.

Sewer Capital Recovery Fund

This is an internal service fund utilized to fund sewer utility expansion. Ending fund balance will be \$5,540,379.

Personnel

Although a 3% COLA is typically adopted to help cover the cost of living increases per year, the FY22 Budget proposes a four percent (4%) COLA. Last year due to COVID, a 2% COLA was adopted and delayed to ensure revenues did not fall drastically. Once revenues proved to be stable and stronger than anticipated, the 2% COLA was implemented. The proposed budget recommends a 4% COLA to cover the prior year's 1% reduction and 3% for FY22.

Additionally, the City contracts with a salary survey company to monitor and recommend salary adjustments based on job duties, market analysis, and comparable cities. Our goal is to stay at or near the 85% marker for salaries when compared against similar local cities. We are falling short of this goal. Currently, 70 of our 207 employees (34%) are making below the 85% marker for surrounding cities. 76 of 91 different Tomball job classifications (84%) need adjustment to meet the 85% marker.

In order to best attract and retain excellent employees, while adhering to the city standard of maintaining job positions at the 85th percentile of the midpoint of comparable cities, this budget recommends \$481,281 additional funds for salary survey adjustments. Doing this will also reduce the "catching-up" necessary during subsequent years in order to remain competitive from a municipal marketplace (salary survey) standpoint.

The total amount recommended in the FY22 budget for the COLA and Salary Survey adjustments is \$1,097,806.

Supplemental Items

During the budget preparation process, a variety of supplemental projects were identified as priorities and incorporated into the budget document. The proposed expenditures are projected in the budget document and include park improvements, technology upgrades, public safety enhancements, drainage extensions, and utility system refinements. The total for supplemental items in the General Fund this fiscal year is \$1,342,016; Enterprise Fund \$1,041,623; Court Technology Fund is \$18,000; Court Security Fund is \$160,000, and Water Capital Recovery Fund is \$225,000.

Capital Projects Fund

Capital projects funded by the City of Tomball in FY22 include:

- Matheson Park \$100,000
- Drainage Improvement Planning \$50,000
- Alley Improvement Project \$350,000
- SCADA \$75,000
- Sensus Fixed-Based Metering System \$320,000
- SWWTP Preliminary Design and Permit \$50,000

Fleet Replacement

Based on the staff review of maintenance, condition of the vehicle/equipment, and the vehicle replacement schedule, eleven (11) vehicles and one (1) piece of equipment are proposed to be replaced at a cost of \$628,400. The general fund accounts for \$419,400, and the enterprise fund \$209,000. The ending fund balance for the vehicle replacement fund is \$1,367,685.

Conclusion

The City of Tomball continues to receive annual recognition from the State Comptroller's Office for our high levels of transparency. The Finance Department has also recently received the Government Finance Officers Association Distinguished Budget Award for FY2020-2021. The entire staff appreciates the time and effort Council has taken to review the proposed budget document. This is a guiding document that will assist us in ensuring that we provide exceptional service to our community. The staff involved in the preparation of the budget has done an excellent job, led by Finance Director Glenn Windsor. The entire City team is dedicated to providing the highest levels of customer service to the citizens of Tomball, and we pledge our efforts to that end.

Respectfully submitted,

David Esquivel, PE
Interim City Manager

Fund Description

The General Special Revenue fund accounts for Police forfeiture funds and Child Safety fees. Forfeiture funds are awards of monies or property by the courts related to cases that involve the Tomball Police Department. According to Chapter 59, Article 6, Paragraph (d) of the Code of Criminal Procedure, "Proceeds awarded under this chapter to a law enforcement agency may be spent by the agency after a budget for the expenditures of the proceeds has been submitted to the governing body of the municipality." Child Safety Fees are received through the Harris County Tax Assessor/Collector. These fees represent a portion of each citation written by the Tomball Police Department. The State of Texas allocates a percentage of each court fee to the Child Safety Program and is remitted back to the municipality to be used for educational material for children, coloring books, pencils, goody bags, etc and are distributed at various community events each year.

Fund Description

In prior years, the General Fund accounted for the City's court building security fees. In order to more accurately account for these funds, in FY 2006-07, the City created the Municipal Court Building Security Fee fund. These fees are generated from court fines. By law, these funds can only be spent on the City's municipal court.

The Hotel Occupancy Tax Fund accounts for revenues received from hotel occupancy taxes. By state statute, cities with populations of less than 125,000 must spend at least 1% of hotel tax revenues on advertising, no more than 15% on the encouragement, promotion, improvement, and application of the arts and a maximum of 50% on historical preservation. Hotels submit quarterly to the City an occupancy tax based upon 7% of total room receipts. Compliance with the provisions of the state statutes is monitored by the City administration on a continuing basis.

Automated red light photo enforcement cameras were setup during FY 2008. Four intersections were selected for this initiative with a goal of reducing the number of injury accidents caused by "red light running". By law, the use of the revenues is limited to traffic safety programs, including pedestrian safety programs, public safety programs, intersection improvements, and traffic enforcement.

Teresa S. Terry

Dear Mayor Fagan:

As required by Texas Tax Code Sec. 26.01(e), we have prepared an estimate of taxable value for the above taxing jurisdiction for 2021. While this estimate is based on information currently available to us, some of the data needed for accuracy is not yet available. For example, in the area of business and industrial personal property, the extended date for property owners to file their annual renditions is May 17, and some will delay their filing until the good cause deadline of June 1. Due to COVID-19, there may be additional factors that influence values after the estimates have been established.

While we have taken our best estimate of potential hearing loss into account, protests for 2021 are in the process of being received and reductions made in the ARB protest hearing process during the next several months could cause a further reduction in value. Also, if fewer protests are filed, your value could possibly be higher.

Your final taxable value will also be impacted by late-filed exemption applications, late applications for productivity valuation, correction motions under Tax Code Sec. 25.25, and possible post-ARB appeals through binding arbitration, appeals to district court, or appeals to the State Office of Administrative Hearings.

Given these limitations, the estimated 2021 taxable value for the taxing unit identified above is:

\$2,283,847,330

The enclosed summary report gives a breakdown of this estimate by property category.

Please do not hesitate to contact your HCAD jurisdiction coordinator or my office if you have questions regarding this estimate or other matters affecting appraisal district operations.

Sincerely,

Roland Altinger
Chief Appraiser

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller For 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do use this form but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

STEP 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Rate Activity	Amount/Rate
1.	2019 total taxable value. Enter the amount of 2019 taxable value on the 2019 tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (will deduct taxes in Line 17).[1]	\$1,871,367,103
2.	2019 tax ceilings. Counties, cities and junior college districts. Enter 2019 total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision in 2019 or a prior year for homeowners age 65 or older or disabled, use this step.[2]	\$0

If the taxing unit increased an original exemption, use the difference between the original exempted amount and the increased exempted amount. Do not include value lost due to freeport, goods-in-transit, temporary disaster exemptions. Note that lowering the amount or percentage of an existing exemption in 2020 does not create a new exemption or reduce taxable value.

	A. 2020 taxable value of properties under protest The chief appraiser certifies a list of properties still under ARB protest. The list shows the appraisal district's value and the taxpayer's claimed value, if any, or an estimate of the value if the taxpayer wins. STEP 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

1. Maintenance and Operations (M&O) Tax Rate: The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.

2. Debt Rate: The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

Line	Voter Approval Tax Rate Activity	Amount/Rate
28.	2019 M&O tax rate. Enter the 2019 M&O tax rate.	\$.111455
29.	2019 taxable value, adjusted for actual and potential court-ordered adjustments. Enter the amount in Line 8 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	2,052,065,609
30.	Total 2019 M&O levy. Multiply Line 28 by Line 29 and divide by 100.	2,287,129
31.	Adjusted 2019 levy for calculating NNR M&O rate.	
	A. 2019 sales tax specifically to reduce property taxes. For cities, counties and hospital districts, enter the amount of additional sales tax collected and spent on M&O expenses in 2019, if any. Other taxing units, enter 0. Counties must exclude any amount that was spent for economic development grants from the amount of sales tax spent.	3,983,558
	B. M&O taxes refunded for years preceding tax year 2019. Enter the amount of M&O taxes refunded in the preceding year for taxes before that year. Types of refunds include court decisions, Tax Code Section 25.25(b) and (c) corrections and Tax Code Section 31.11 payment errors. Do not include refunds for tax year 2019. This line applies only to tax years preceding tax year 2019.	19,152
	C. 2019 taxes in TIF: Enter the amount of taxes paid into the tax increment fund for a reinvestment zone as agreed by the taxing unit. If the taxing unit has no 2020 captured appraised value in Line 18D, enter 0.	0
	D. 2019 transferred function: If discontinuing all of a department, function or activity and transferring it to another taxing unit by written contract, enter the amount spent by the taxing unit discontinuing the function in the 12 months preceding the month of this calculation. If the taxing unit did not operate this function for this 12-month period, use the amount spent in the last full fiscal year in which the taxing unit operated the function. The taxing unit discontinuing the function will subtract this amount in E below. The taxing unit receiving the function will add this amount in E below. Other taxing units enter 0.	0

STEP 3 NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales tAx to Reduce Property Taxes		

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

STEP 4: Additional Rollback Protection for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O Funds to pay for a facility, device or method for the control of air, water or land pollution.

STEP 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate before the unused increment rate for the prior three years [39]. In a year where a special taxing unit adopts a rate above the voter-approval tax rate by applying any portion of the unused increment rate, the unused increment rate for that year would be zero.

For each tax year before 2020, the difference between the adopted tax rate and voter-approval rate is considered zero, therefore the unused increment rate for 2020 is zero.[40]

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit. [41]

STEP 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.[42]

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit. [43]
