What is the Planning Commission?

The Tumwater Planning Commission is a citizen advisory commission that is appointed by and advisory to the City Council on the preparation and amendment of land use plans and implementing ordinances such as zoning. Actions by the Planning Commission are not final decisions; they are Commission recommendations to the City Council who must ultimately make the final decision. If you have any questions or suggestions on ways the Commission can serve you better, please contact the Community Development Department at (360) 754-4180.

TO: Planning Commission
FROM: Brad Medrud, Planning Manager
DATE: April 26, 2022
SUBJECT: Preliminary Docket for 2022 Annual Housekeeping Amendments

1) Recommended Action:

Staff recommends the Planning Commission review and be prepared to discuss the preliminary docket for 2022 annual development code housekeeping amendments.

2) Background:

TMC 18.60.025(A) establishes a process by which the preliminary docket of annual development code housekeeping amendments undergoes an initial review by the Planning Commission for recommendation to the City Council. The City Council will make the final determination on which of the proposed amendments will be included in the final docket in June 2022.

Once the docket becomes final, staff will review and analyze the proposed amendments as part of our long range planning work program and come back to the Planning Commission and City Council for the final review and recommendation process in September 2022.

The staff report contains summaries of the fifteen proposed amendments.

**2022 DEVELOPMENT CODE HOUSEKEEPING
PRELIMINARY DOCKET
STAFF REPORT
PLANNING COMMISSION BRIEFING**

Issue

During 2020 and 2021, staff gathered information on proposed minor housekeeping amendments to the Tumwater Municipal Code to be considered collectively in 2022. TMC 18.60.025(A) establishes a process for such amendments that is similar to the one the City follows for annual Comprehensive Plan amendments. A preliminary docket of proposed amendments will be reviewed in the spring for consideration as part of the final docket that would be reviewed by the Planning Commission and approved by the City Council in the fall.

Summary

The proposed amendments are intended make minor corrections to the City's development regulations.

Background

TMC 18.60.025(A) establishes a process by which the preliminary docket of annual development code housekeeping amendments undergoes an initial review by the Planning Commission for recommendation to the City Council. The City Council will

then make the final determination on which of the proposed amendments will be included in the final docket.

After the docket is final, staff will review and analyze the proposed amendments and come back to the Planning Commission with a draft ordinance to start the final review and recommendation process on September 13, 2022.

The amendments are a part of the approved 2022 Long Range Planning work program.

Development Code Housekeeping Preliminary Docket

The following is a summary of the proposed amendments that make up the development code housekeeping preliminary docket:

A. Accessory Dwelling Unit Entrances

Address accessory dwelling unit primary entrance language. Accessory dwelling unit shall be designed to maintain the appearance of the main building of the single-family residence. In some cases, it is not possible for the primary entrance to an accessory dwelling unit not to be visible from the yard on the same side of the lot on which the primary entrance to the primary single-family dwelling unit is located. The amendment would change this from a requirement to an option.

Consistent with Sections 1.A.1 *Purpose* and 1.A.2 *Administrative Procedures of the Citywide Design Guidelines*.

Code Section to be amended:

- TMC 18.42.010 – Accessory dwelling units – General Land Use Regulations

B. Adult Family Homes/Residential Care Facilities

Address consistency of adult family home and residential care facilities as permitted and conditional uses with state law and internally in TMC Title *Zoning* in individual zone districts and TMC 18.53 *Housing for the Functionally Disabled*.

RCW 70.128.140 states:

Compliance with local codes and state and local fire safety regulations.

(1) Each adult family home shall meet applicable local licensing, zoning, building, and housing codes, and state and local fire safety

regulations as they pertain to a single-family residence. It is the responsibility of the home to check with local authorities to ensure all local codes are met.

(2) An adult family home must be considered a residential use of property for zoning and public and private utility rate purposes. Adult family homes are a permitted use in all areas zoned for residential or commercial purposes, including areas zoned for single-family dwellings.

Code Section to be amended:

- TMC 18.07.010 – Residential zone districts permitted and conditional uses – Summary Tables of Uses
- TMC 18.07.030 – Industrial zone districts permitted and conditional uses – Summary Tables of Uses
- TMC 18.07.040 – Greenbelt/open space zone districts permitted and conditional uses – Summary Tables of Uses
- TMC 18.27.040 – Uses – BD Brewery District zone district
- TMC 18.30.030 – Permitted uses – GB Greenbelt zone district
- TMC 18.30.050 – Conditional uses – GB Greenbelt zone district
- TMC 18.31.020 – Permitted uses – OS Open Space zone district
- TMC 18.31.040 – Conditional uses – OS Open Space zone district
- TMC 18.49.020 – Permitted uses – MFP Manufactured Home Park zone district
- TMC 18.53.020 – Adult family home – Housing for the Functionally Disabled
- TMC 18.53.030 – Residential care facility – Housing for the Functionally Disabled

C. Bicycle Storage

Clarifying whether residential uses require one long-term bike storage spot per unit (TMC 18.50.120(C)(3)) or one per four units as shown in the table (TMC 18.50.120(A)) at the end of TMC 18.50 *Off-Street Parking*. TMC 18.50.120 *Required bicycle facilities* and TMC Figure 18.50.120(A) establish bicycle parking spaces requirements for both short-term (Class 2) bicycle facilities and long-term (Class 1) bicycle facilities.

Code Section to be amended:

- TMC 18.50.120 – Required bicycle facilities – Off-Street Parking

D. Capitol Boulevard Community – Multifamily Parking Requirements

Remove the 1.0 parking space per dwelling unit limit for multifamily dwellings in the Capitol Boulevard Community to relieve off-street parking impacts on adjacent neighborhoods.

Code Section to be amended:

- TMC 18.21.060 – Development Standards – CBC Capitol Boulevard Community Zone District

E. Car Washes

Adding “carwash” to General Commercial uses through an amendment to the Title 17 *Zoning* definitions, instead of a specifically listed use.

Code Section to be amended:

- TMC 18.04.010 – A definitions – Definitions

F. Mixed Use Overlay

Clarifying the intent of TMC 18.33 *MUO Mixed Use Overlay* to require commercial or office uses along primary roadways rather than 20% of every building.

Code Section to be amended:

- TMC 18.33.060 – Development standards – MUO Mixed Use overlay zone district

G. Nonconforming Signs

Addressing a conflict in nonconforming signs requirements in TMC 18.44.090 *Existing signs* in the TMC 18.44 *Signs*.

Code Section to be amended:

- TMC 18.44.090 – Existing signs – Signs

H. Optometry Clinics

Addressing the “optometry clinics” use, which does not fit well with either the existing “medical clinic” use or “professional services” use.

Creating new “optometry clinics” use with a new definition in TMC 18.04.150 and adding as a permitted use to the zone districts listed below.

Code Sections to be amended:

- TMC 18.04.150 – O Definitions – Definitions
- TMC 18.07.020 – Commercial zone districts permitted and conditional uses– Summary Tables of Uses
- TMC 18.07.030 – Industrial zone districts permitted and conditional uses– Summary Tables of Uses
- TMC 18.18.020 – Permitted Uses – NC Neighborhood Commercial zone district
- TMC 18.19.020 – Permitted Uses – CS Community Services zone district
- TMC 18.20.030 – Permitted Uses – MU Mixed Use zone district
- TMC 18.21.030 – Permitted Uses – CBC Capitol Boulevard Community zone district
- TMC 18.22.020 – Permitted Uses – GC General Commercial zone district
- TMC 18.23.020 – Permitted Uses – TC Town Center zone district
- TMC 18.24.020 – Permitted Uses – LI Light Industrial zone district
- TMC 18.26.020 – Permitted Uses – HC Historic Commercial zone district
- TMC 18.27.040 – Uses – BD Brewery District zone district
- TMC 18.34.020 – Permitted Uses – ARI Airport Related Industry zone district

I. Personal and Professional Services

For consistency and understanding, splitting “personal and professional services” into “personal services” and “professional services” and removing “personal and professional and services and sales” from the TMC 18.07.020 Table Commercial zone districts permitted and conditional uses – Summary Tables of Uses.

Code Sections to be amended:

- TMC 18.04.160 – P Definitions – Definitions
- TMC 18.07.020 – Commercial zone districts permitted and conditional uses – Summary Tables of Uses
- TMC 18.07.030 – Industrial zone districts permitted and conditional uses – Summary Tables of Uses
- TMC 18.19.020 – Permitted Uses – CS Community Services zone district
- TMC 18.23.020 – Permitted Uses – TC Town Center zone district
- TMC 18.24.020 – Permitted Uses – LI Light Industrial zone district
- TMC 18.26.020 – Permitted Uses – HC Historic Commercial zone district
- TMC 18.27.040 – Uses – BD Brewery District zone district
- TMC 18.34.020 – Permitted Uses – ARI Airport Related Industry zone district

J. Public Building Signs

Adding exemptions for the size and number of sign for public buildings located in residential zone districts.

Code Section to be amended:

- TMC 18.44.140 – Residential zone districts – Signs

K. Public Works Director

Updating the final plat Dedication Certificate language and changing references to “Public Works” to “Transportation & Engineering” Director

and Department throughout Titles 12 *Streets, Sidewalks and Public Spaces*, 17 *Land Division*, and 18 *Zoning*.

Code Titles to be amended:

- TMC Title 12 – Streets, Sidewalks and Public Spaces
- TMC Title 17 – Land Division
- TMC Title 18 – Zoning

Code Sections to be amended:

- TMC 12.04.020 – Filing petition with public works department – Fee – Street and Alley Vacations
- TMC 12.04.030 – Presentation of petition to public works department – Street and Alley Vacations
- TMC 12.04.050 – Notice of hearing where vacation initiated by council – Objections – Street and Alley Vacations

- TMC 18.44.070 – Exemptions – Signs
- TMC 18.50.060 – Off-street parking areas – Design requirements – Off-Street Parking
- TMC 18.50.080 – On-street parking credit – Off-Street Parking

L. Residential Mechanical Equipment in Setbacks

Allowing “residential mechanical equipment” in the three single-family zone districts rear setbacks.

Code Sections to be amended:

- TMC 18.08.050 – Development standards – RSR Residential/ Sensitive Resource zone district
- TMC 18.10.050 – Development standards – SFL Single-Family Low Density Residential zone district
- TMC 18.12.050 – Development standards – SFM Single-Family Medium Density Residential zone district

M. Residential Storage Sheds – Gravel Access

Addressing driveway surface for residential storage sheds. Currently, if a residential property owner wants to build a detached storage shed on a

property having a gravel driveway, TMC 18.50.020(A)(1) requires compliance with the current parking regulations. In this case, TMC 18.50.030(B) requires residential property owner to convert the driveway to a hard surface.

Code Section to be amended:

- TMC 18.50.020 – Parking, loading and bicycle facility general regulations – Off-Street Parking

N. Sidewalks – Obstructions, Maintenance, and Repair

At the request of City staff, address short-term and long-term sidewalk maintenance. The intent would be to clarify which owners are responsible for maintenance of sidewalks. Currently the Tumwater Municipal Code or Tumwater Development Guide does not address this issue.

New Code Sections to be created:

- TMC 12.08.035 – Removal of sidewalk obstructions – Street and Side Obstructions
- TMC 12.12.070 – Sidewalk maintenance and repair – Construction of Curbs and Sidewalks

O. Staff Reports for Hearing Examiner - Schedule

Review when a staff report is needed for a hearing examiner hearing. The hearing examiner has asked that the date when staff reports have to be available be changed from the current five working days prior to the public hearing to seven days.

Code Section to be amended:

- TMC 2.58.110 – Distribution of information – Hearing Examiner

P. Subdivision Dedication Code Language Update

Update the subdivision dedication code language update to change “men” to “persons.”

Code Section to be amended:

- TMC 17.24.030(D)(2) – Format and content of application – Final Land Divisions

Public Approval Process

Consistent with TMC 18.60.025, the Planning Commission will hold a briefing on the preliminary docket on April 26, 2022 and a worksession on May 10, 2022. At the end of the worksession, the Planning Commission will send a recommendation to the General Government Committee on the items to go forward to the final docket for more review.

The General Government Committee will discuss the Planning Commission's recommendation on the items to go forward to the final docket for more review at their June 8, 2022 meeting and is expected to recommend that the preliminary docket be placed on the City Council's consent agenda for their June 21, 2022 meeting; and

An Environmental Checklist for a non-project action will be prepared in August 2022 under the State Environmental Policy Act (Chapter 43.21C RCW), pursuant to Chapter 197-11 WAC, and a Determination of Non-Significance will be issued later in August 2022.

The ordinance will be sent to the Washington State Department of Commerce in August 2022 for the required 60-day review before the proposed text amendments were adopted, in accordance with RCW 36.70A.106.

The Planning Commission is expected to receive a briefing on the final docket of proposed code amendments on September 13, 2022 and hold a worksession on the final docket September 27, 2022.

A Notice of Public Hearing for the Planning Commission is expected to be issued on September 30, 2022 prior to a public hearing. The notice will be posted, published as a press release, distributed to interested individuals and entities that have requested such notices, and published in *The Olympian*.

The Planning Commission is expected to hold a public hearing for the proposed amendments on October 11, 2022. Following the public hearing and deliberations, the Planning Commission will make a recommendation that Council on the proposed amendments.

The Public Works Committee is expected to hold a briefing on the proposed amendments to the Tumwater Development Guide on November 17, 2022.

The General Government Committee is scheduled to review the proposed amendments in a briefing on November 9, 2022 and recommend that the ordinance be discussed at a City Council worksession. The City Council is scheduled to review

2022 DEVELOPMENT CODE HOUSEKEEPING PRELIMINARY DOCKET

the amendments at a worksession on November 22, 2022 and consider the amendments on December 6, 2022.

Public Notification

A Notice of Public Hearing for October 11, 2022 for the Planning Commission is expected to be issued, posted, mailed to interested parties, and published in *The Olympian* on September 30, 2022, after the Planning Commission is expected to set the public hearing date on September 27, 2022.

Staff Conclusions

1. The proposed text amendments will need to be consistent with the goals of the Washington State Growth Management Act.

- a. This ordinance will need to be consistent with Goal 7 of the Growth Management Act which states:

“Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.”

The Ordinance establishes concise requirements for the application, review process, and approval of planned unit developments.

2. The proposed amendments will need to be consistent with the Economic Development Plan because the proposed amendments improve the clarity and specificity of the regulations for submittal, review, and approval of planned unit developments.

- a. Goal #1 of the Economic Development Plan states:

“Establish a development climate that stimulates economic activity and desirable investment.”

- b. The text of the Economic Development Plan states that one of the ways to support Goal #1 is:

“...by making ongoing improvements to existing development regulations, systems, and processes.”

- c. Action item 1.D. of the Economic Development Plan states:

“Ensure a predictable and efficient experience for business owners and developers seeking to invest in Tumwater.”

This Ordinance will need to be improve the existing regulations for the application, review process, and approval of planned unit developments.

3. Based on the above review and analysis, staff will need to conclude that the proposed text amendments are consistent with the requirements of the

Washington State Growth Management Act and the Tumwater Comprehensive Plan.

Staff Recommendation

Staff recommends that the Planning Commission forward a recommendation to the General Government Committee that all the items in the 2022 development code housekeeping preliminary docket go forward for review as part of the final docket.

Effects of the Proposed Amendments

The proposed text amendments would necessitate changes to the Tumwater Municipal Code.

SUBJECT: Ordinance No. O2022-006, Planned Unit Development

1) Recommended Action:

Read materials and be prepared to discuss as part of a briefing on the ordinance.

2) Background:

The City's current regulations for planned unit developments in TMC 18.36 PUD Planned Unit Development Overlay have not been substantially updated since 2000. To date, planned unit developments in the City have provided a benefit to developers in the form of flexibility with existing regulations such as setbacks, maximum land coverage, and private streets, but have provided no quantifiable benefit to the City or the public.

Planned unit developments in other jurisdictions typically provide a quantifiable public benefit in exchange for flexibility in addressing existing regulations. The amendments to TMC Chapter 18.36 PUD Planned Unit Development Overlay provide developers flexibility in addressing existing regulations in exchange for requiring that new developments provide quantifiable public benefits.

In addition, TMC Chapter 18.36 PUD Planned Unit Development Overlay does not clearly address the requirements for private streets as part of planned unit developments. The amendments to the planned unit development chapter will provide more specificity in regards to when and how private streets are allowed. The definition of a private street in TMC Title 17 Land Division is not consistent with the definition in the Tumwater Development Guide. The proposed amendments will amend the definition of a private street in the Tumwater Municipal Code so it is consistent the Tumwater Development Guide and amend the sections of the Tumwater Development Guide that addresses private streets as needed.

Summary

The proposed amendments are intended to establish clear requirements for the type of development that can utilize a planned unit development, an updated list of submittal requirements for a planned unit development application, and updated criteria and process for review and approval of a planned unit development.

Background

Planned unit developments are intended to allow for flexibility in addressing existing development regulations in exchange for a quantifiable public benefit to allow for superior development than would be allowed under the zoning code or development of sites that may be challenging because of critical areas or other constraints.

The amendments are a part of the approved 2022 Long Range Planning work program.

Planned Unit Development Amendments

The following is a summary of the proposed amendments related to planned unit developments found in Ordinance No. O2022-006:

1. Private Streets
 - a. Amended the definition of private street in TMC 17.04.385 to read:

“Private street” means a privately owned and maintained vehicular access serving property, which is provided for by an access tract, easement, or other legal means.
 - b. Amendments to the Tumwater Development Guide (See Attachment C *Development Guide Amendments Staff Report*).
2. Permitted uses for planned unit development:
 - a. Added “planned unit developments” as a permitted use in the Manufactured Home Park (MHP) zone district.
 - b. Removed Single-family detached dwellings as part of a planned unit development as a permitted use from the Multifamily Family Medium (MFM) zone district.
 - c. Removed “Single-family detached dwellings and duplexes are permitted only as part of a PUD planned unit development overlay as regulated by

PLANNED UNIT DEVELOPMENTS (O2022-006)

TMC Chapter 18.36 if the site to be developed has more than one zone district” as a permitted use from the Multifamily Family High (MFH) zone district.

- d. Added “planned unit developments not including residential uses” as a permitted use in the Airport Related Industry (ARI) zone district.
3. Substantially revised TMC 18.36 *PUD Planned Unit Development Overlay*. Amendments included the following:
 - a. Changed the name of the chapter from *PUD Planned Unit Development Overlay* to *PUD Planned Unit Development*.
 - b. Updated the intent section to establish a clear list of tangible benefits to be provided by a planned unit development to the City and the public in exchange for flexibility addressing in zoning regulations.

The updated section reads as follows:

18.36.010 Intent.

The intent of a planned unit development is to offer flexibility to the applicant in exchange for tangible benefits to the city and the public.

A. Through the planned unit development process, the applicant is given flexibility in regard to site design, placement of buildings, use of required open spaces, setbacks, lot sizes and dimensions, and otherwise better utilize the potential of sites characterized by special features, such as geography, topography, size or shape.

B. In exchange, the applicant shall provide at least two points from the following list of tangible benefits to the city and the public:

- 1. 0.5 points: Provide superior useable parks and open space. Both the applicant and the city shall agree upon the location, size, and extent of the superior useable parks and open space;*
- 2. 0.5 to 1.0 point: Significant public facilities or other public amenities that could not be required by the city for development of the subject property without a planned unit development. Both the applicant and the city shall agree upon the type of significant public facility or amenity, the size, location, and other pertinent aspects, as well as the number of points for the significant public facility or other public amenity. Significant public facilities or other public amenities shall not include the minimum public facilities and public improvements already required of the development;*
- 3. 1.0 point: Going significantly beyond the minimum requirements for critical area protections to preserve, enhance, or rehabilitate critical areas and buffers. Both the applicant and the*

PLANNED UNIT DEVELOPMENTS (O2022-006)

city shall agree upon the location, size, and extent of the additional protection, enhancement, or rehabilitation;

4. 1.0 point: Dedication of a site containing a historic landmark to the city or a qualifying nonprofit organization capable of restoring and/or maintaining the premises to standards set by Washington State Office of Archaeology and Historic Preservation;

5. 1.0 point: Incorporation of energy systems, as defined in TMC 18.04.050, that produce energy from nondepletable energy sources will result in at least fifty percent of the energy needs for the development being met. Both the applicant and the city shall agree upon the type and conditions for the energy systems provided;

6. 1.5 points: The provision of at least twenty percent of the total dwelling units as permanently affordable housing consistent with TMC 18.42.140(D)-(K); and

7. 0.5 to 1.5 points: Any other public facility, feature, item, project, or amenity proposed by the applicant that the City agrees meets the intent of this section. Both the applicant and the city shall agree upon the type of other public facility, feature, item, project, or amenity, the size, location, and other pertinent aspects.

C. For tangible benefits that have a range of potential points, both the applicant and the city shall agree upon the number of points assigned.

- c. Updated the section to establish where planned units would be allowed, which modified the list in the current section, amended the current code language about the effect of a planned unit development approval on existing zone district regulations, and establishes a minimum size for a planned unit development, which does not currently exist.

The updated and new section reads as follows:

18.36.020 Planned unit development and zoning.

A. Planned unit developments are permitted in all zone districts except greenbelt (GB), open space (OS), residential/sensitive resource (RSR) due to the extreme sensitivity of the areas to environmental disturbance, and historic commercial (HC).

B. The approval of a final planned unit development shall modify and supersede the regulations of the underlying zone district, as outlined in this chapter, in accordance with the requirements and allowances of the Tumwater municipal code.

C. The minimum project size for a planned unit development is one gross acre. Planned unit developments must still meet applicable development requirements such as minimum density, parking

PLANNED UNIT DEVELOPMENTS (O2022-006)

standards, land coverage limits, and stormwater regulations, subject to the requirements and allowances of this chapter.

- d. Updated the section to about who can initiate an application and moved the application process to an updated section TMC 18.36.040.

The updated section reads as follows:

18.36.030 Initiation.

A preliminary planned unit development may be initiated by any owner or group of owners of property acting jointly, or as a developer authorized to act as agent for an owner or group of owners.

- e. Updated the section to establish the items that need to be included in a planned unit development application.

The updated section reads as follows:

18.36.040 Application.

Applications for a preliminary planned unit development shall be made on the forms provided by the community development department.

Applications shall include all the items on the application checklist, together with an application fee as established by resolution of the city council, no part of which is refundable. Additions or deletions to the contents of the application may be made by the community development director. The application for a preliminary planned unit development shall also include and address all these items:

A. A description of how the development meets the requirements of TMC 18.36.010;

B. How the planned unit development relates to the surrounding area. This would include a description of any existing adjacent development and address how the proposed development would be consistent with existing adjacent development. If the existing adjacent development is not consistent with the existing comprehensive plan designations and zone districts then a comparison of the proposed development with the intent of the adjacent comprehensive plan designations and zone districts is acceptable;

C. If there is more than one underlying zone district then the application must include:

- 1. A map showing the existing zone district locations, sizes, and densities within the planned unit development. This can be augmented with a table or description in addition to a map; and*
- 2. A map showing the proposed locations of the zone districts within the planned unit development. The borders, areas with sizes*

PLANNED UNIT DEVELOPMENTS (O2022-006)

in acres, and proposed locations of the zone districts shall be shown graphically on the site plan. The borders shall follow the proposed tract or lot lines and the centerlines of streets and alleys of the planned unit development in a balanced, cohesive, and interrelated manner that does not create irregular areas.

a. The planned unit development process cannot modify the sizes of the original comprehensive plan designations on the comprehensive plan land use designation map or the zone districts on the zoning map without an amendment approved by the process in TMC 18.60.

b. The planned unit development process cannot modify the densities of the original comprehensive plan designations and zone districts without an amendment approved by the process in TMC 18.60;

D. How the planned unit development is being accessed and how internal circulation will be addressed. This shall include multimodal considerations;

E. The location and size of critical areas and their buffers on or within 300 feet of the project site. Protection measures shall be described or shown on a map;

F. The location and size of open space, parks, and landscaped areas and how they serve the development;

G. The location of stormwater facilities;

H. SEPA environmental review;

I. Covenants for ongoing maintenance of common areas and stormwater facilities;

J. If the planned unit development will be phased, a map of the proposed phasing, a description of the proposed phasing timeline, and the general type and location of the development to occur in each phase consistent with TMC 18.36.090;

K. How the planned unit development relates to adjacent properties under similar ownership. This can include future development plans, if known; and

L. How the planned unit development allows for future development or redevelopment of neighboring properties. This should address, but it is not limited to, access, circulation, sizing and location of utilities, type and locations of stormwater facilities, and locations of structures.

PLANNED UNIT DEVELOPMENTS (O2022-006)

- f. Created a new section to explain that a planned unit development application cannot modify requirements in TMC Title 16 *Environment*.

The new section reads as follows:

18.36.050 Environment.

The provisions of TMC Title 16 may not be modified by a planned unit development, except modifications consistent with TMC 18.36.010(B)(3).

- g. Created a new section to explain that if a planned unit development application involves the creation of new lots, it would need to follow the requirements in TMC Title 17 *Land Division*.

The new section reads as follows:

18.36.060 Land division and review process.

If a planned unit development involves land division then it shall be subject to the platting and procedural requirements of TMC Title 17 and the restrictions and allowances of this chapter.

- h. Moved from TMC 18.36.080 and updated the section to establish what development requirements in TMC Title 12 and 18 can be modified by a planned unit development and what cannot be modified.

The updated section reads as follows:

18.36.070 Modification of development requirements.

A planned unit development may only modify the development requirements of TMC Title 12 and TMC Title 18 consistent with this section. If a development requirement is not addressed in this section, it shall not be modified by a planned unit development.

A. Zone Districts.

1. The type and size of the underlying zone districts designated by the zoning map shall not be modified by a planned unit development.

2. Some individual development standards of the underlying zone districts may be modified by this section.

B. Planned unit developments with multiple underlying zone districts.

1. A planned unit development may move the location of underlying zone districts as part of the planned unit development process, but the type and size of each of the underlying zone districts shall remain the same and follow the requirements of TMC 18.36.040(C).

2. *Some individual development standards of the underlying zone districts may be modified by this section.*

C. *Densities. Densities established by the underlying zone districts shall not be altered by a planned unit development.*

D. *Uses.*

1. *A planned unit development is limited to the permitted, accessory, or conditional uses established by the underlying zone districts.*

2. *If a proposed use in a planned unit development requires a conditional use permit, a separate conditional use permit shall be obtained consistent with the process in TMC 18.56.*

E. *Setbacks.*

1. *Setbacks established by the underlying zone districts shall prevail on the perimeter boundary lines of a planned unit development.*

2. *A planned unit development may modify internal setbacks within the planned unit development.*

F. *Lot sizes. Lot sizes as specified by the underlying zone districts may be modified by up to twenty-five percent by a planned unit development, either larger or smaller, provided the densities of the underlying zone district are met.*

G. *Land Coverage. Maximum land coverage as established by the underlying zone districts may be exceeded by no more than twenty-five percent by a planned unit development.*

H. *Structure height. Structure height requirements as established by the underlying zone districts may be modified up to twenty-five percent by a planned unit development.*

I. *Yards. Yards as specified by the underlying zone districts may be reduced by up to twenty-five percent by a planned unit development, provided the land coverage requirements of the underlying zone district are met.*

J. *Parks and open space area. In addition to the park and open space dedication requirements of TMC 17.12.210 or TMC 18.42.130, as applicable, the planned unit development may provide additional park and open space areas consistent with TMC 18.36.010.*

K. *Parking. Parking requirements shall not be modified by a planned unit development.*

PLANNED UNIT DEVELOPMENTS (O2022-006)

L. Landscaping. Landscaping requirements shall not be modified by a planned unit development.

M. Citywide design guidelines. Citywide design guidelines shall not be modified by a planned unit development.

N. Tumwater development guide. Requirements of the Tumwater development guide shall not be modified by a planned unit development, except as noted in TMC 18.36.080.

O. Signage. Signage requirements shall not be modified by a planned unit development.

P. Stormwater. Stormwater requirements shall not be modified by a planned unit development.

Q. Provisions of this chapter. The requirements of this chapter shall not be modified by a planned unit development.

R. Procedural requirements. Procedural requirements shall not be modified by a planned unit development.

- i. Created a new section to establish the process for when public or private streets can be used in a planned unit development.

The new section reads as follows:

18.36.080 Public and private streets.

A. Public streets shall be required in a planned unit development except as allowed in TMC 18.36.080(B).

B. Private streets.

1. A private street may only serve four or fewer residential dwelling units, unless all of the dwelling units meet the federal definition of low income, then the private street may serve up to nine detached single family dwellings or up to thirty-five attached single family or multifamily dwelling units.

2. A private street may serve up to four businesses on separate parcels, or up to four businesses situated on one parcel.

3. The private street must meet the minimum design standards and requirements for private streets in the Tumwater development guide.

- j. Created a new section to establish the process for phasing a planned unit development.

The new section reads as follows:

18.36.090 Phasing of planned unit developments.

PLANNED UNIT DEVELOPMENTS (O2022-006)

A. Planned unit developments containing more than one hundred dwelling units or commercial or industrial planned unit developments covering more than twenty acres are eligible to attain preliminary planned unit development approval in phases. Phased approval of preliminary planned unit developments is limited to developments with at least two but not more than four phases.

B. The application shall show the number of phases, the area each phase encompasses, and the sequence for development of the various phases. A submittal for a phased development shall demonstrate how transportation, access, traffic, stormwater, parks and open space, critical areas, and utilities will be addressed for all phases of the development.

C. Hearing examiner review.

1. Upon receipt of the recommendation from the development review committee, the hearing examiner shall review the phased preliminary planned unit development in accordance with this section as part of a consolidated hearing according to TMC 18.36.100(B).

2. At the hearing, the hearing examiner shall consider and may alter any part of the proposed phased development.

3. The hearing examiner may approve, approve with conditions, or disapprove the phasing plan in a decision as part a consolidated hearing according to TMC 18.36.100(B).

D. The period between the date of the preliminary approval of the phased planned unit development by the hearing examiner and the date of filing for final approval for the first phase shall be consistent with TMC 18.36.170.

E. Construction plans for each phase of a phased development shall include transportation, utilities, and stormwater management facilities that comply with all state and local requirements in effect at the beginning of the period allotted for that phase.

F. Applications for approval for each successive phase must be submitted within three years of the submittal for final approval on the previous phase and within the other timelines as established by the Tumwater municipal code and TMC 18.36.170.

- k. Moved from TMC 18.36.050 and updated the section describing the hearing examiner approval process.

The updated section reads as follows:

PLANNED UNIT DEVELOPMENTS (O2022-006)

18.36.100. Public hearing – Preliminary planned unit development

A. Upon receipt of the recommendation from the development review committee, a public hearing shall be set before the hearing examiner on the preliminary planned unit development. At the conclusion of the public hearing, the hearing examiner may approve, approve with conditions, deny, or continue the matter. A preliminary planned unit development shall only be approved if it meets the criteria in TMC 18.36.110.

B. If a project with a preliminary planned unit development requires a public hearing for phasing according to TMC 18.36.090, a land division approval, a conditional use permit, a variance, and/or another action that requires a hearing, the hearings should be consolidated.

- l. Moved from TMC 18.36.050 and updated the section describing the criteria the hearing examiner would use to approve or deny an application.

The updated section reads as follows:

18.36.110 Public hearing – Criteria for decision.

In determining whether to approve or disapprove the proposed preliminary planned unit development project, the hearing examiner shall determine if the preliminary planned unit development provides for and meets all these criteria:

A. Substantial conformance to the Tumwater comprehensive plan;

B. Conformance to the Tumwater municipal code and Tumwater development guide;

C. The quantifiable public benefits required by TMC 18.36.010;

D. The public health, safety, and general welfare;

E. The adequacy of the size of the proposed planned unit development to accommodate the contemplated developments;

F. Adequate access to the project site for all users of the project including the public, if applicable;

G. Appropriate access for public safety such as fire protection and police services; and

H. Adequate mitigation measures for impacts associated with the physical characteristics of the site such as groundwater, stormwater, floodplains, critical areas, steep slopes, and critical habitat.

- m. Moved from TMC 18.36.050 and updated the section about the appeal process for a planned unit development.

PLANNED UNIT DEVELOPMENTS (O2022-006)

The updated section reads as follows:

18.36.120 Appeal.

The decision of the hearing examiner shall be final unless appealed to superior court in accordance with the provisions of TMC 2.58.150.

- n. Created a new section to establish how a final planned unit development approval is achieved.

The new section reads as follows:

18.36.130 Final planned unit development approval.

Final approval of the planned unit development will not be issued until all requirements listed in the hearing examiner decision have been met. Certificate(s) of occupancy shall not be issued until final approval unless the community development director, or their designee, determines it is in the best interest of the city. The city and the applicants must agree on a reasonable deadline for obtaining final approval for the planned unit development. Failure of the applicants to obtain final approval prior to the agreed upon date shall result in revocation of the certificate(s) of occupancy.

- o. Created a new section to establish the process for minor modifications to a planned unit development.

The new section reads as follows:

18.36.140 Minor modifications.

Minor modifications to a planned unit development may be administratively approved provided they meet all these conditions:

A. The modification will not have the effect of reducing required landscaped area, or reducing or encroaching into required buffer areas or reducing the amount of required open space or parks in the planned unit development;

B. The modification will not have the effect of increasing the residential density of the planned unit development;

C. The modification will not have the effect of increasing the area devoted to nonresidential uses in the planned unit development; and

D. The modification will not increase any adverse impacts or undesirable effects of the project, or that the modification in no way significantly alters the project.

- p. Created a new section to establish the process for major modifications to a planned unit development.

The new section reads as follows:

18.36.150 Major Modifications.

A. *Modifications to planned unit developments that do not meet the all the conditions of TMC 18.36.140 shall be considered major modifications.*

B. *A public hearing shall be required before the hearing examiner and follow the requirements of TMC 18.36.100 and TMC 18.36.110.*

- q. Created a new section to establish the process for how planned unit development applications vest.

The new section reads as follows:

18.36.160 Vesting of planned unit developments.

A. *Planned unit developments that involve land division are vested when a complete land division application has been submitted to the community development department.*

B. *Planned unit developments that do not involve land division vest when a complete building permit application has been submitted to the community development department after preliminary planned unit development approval is granted consistent with TMC 18.36.100.*

- r. Created a new section to establish how long an approved preliminary approval for a planned unit development is valid.

The new section reads as follows:

18.36.170 Duration of approval for planned unit developments.

A. *Preliminary approval of a planned unit development by the hearing examiner is valid for a period of five years.*

B. *An initial one-year extension, which has been filed at least thirty days prior to the expiration of the period of approval, may be granted by the community development director or his/her designee upon a finding that the applicant has attempted in good faith to complete the final planned unit development within the period of approval. Submittal of complete engineering plans for the project and the start of construction prior to the expiration of the approval period time limit shall constitute a good faith effort.*

C. *Two additional one-year extensions may be administratively granted, which shall be reviewed for compliance with these criteria:*

1. *The applicant has pursued submitting the final land division in good faith. Submittal of complete engineering plans and the start of construction for the project prior to the expiration of the approval period time limit shall constitute a good faith effort on the part of the applicant;*

2. *There have been no amendments to the comprehensive plan, zoning ordinance, development standards or other applicable codes which are inconsistent with the approved preliminary planned unit development, unless such amendments can be incorporated into the existing preliminary planned unit development without significantly altering the project as originally approved by the hearing examiner; and*
 3. *There are no other significant changed conditions that would render the planned unit development contrary to the public health, safety, or general welfare.*
- s. Moved from TMC 18.36.070 and updates the section on the standards for bonding required facilities for a planned unit development.

The updated section reads as follows:

18.36.180 Standards – Bond.

A. Planned unit development projects shall be complete developments and may be required to include facilities such as, but not limited to, streets, curbs, sidewalks, street lights, drainage, open space, sanitary sewer, underground power and telephone lines, landscaping, screening, signs, and off-street parking in conformance with the requirements and allowances of the hearing examiner.

B. The applicant shall furnish the city with a performance bond or other acceptable surety approved by the city attorney, guaranteeing installation of specified public improvements and landscaping.

Public Approval Process

The Planning Commission will hold a briefing on the proposed amendments on April 26, 2022 and a worksession on May 10, 2022.

An Environmental Checklist for a non-project action was prepared on April 5, 2022 under the State Environmental Policy Act (Chapter 43.21C RCW), pursuant to Chapter 197-11 WAC, and a Determination of Non-Significance will be issued later in April 2022.

The ordinance was sent to the Washington State Department of Commerce on April 5, 2022 for the required 60-day review before the proposed text amendments were adopted, in accordance with RCW 36.70A.106.

A Notice of Public Hearing for the Planning Commission is expected to be issued on May 13, 2022 prior to a public hearing. The notice will be posted, published as a press release, distributed to interested individuals and entities that have requested such notices, and published in *The Olympian*.

PLANNED UNIT DEVELOPMENTS (O2022-006)

The Planning Commission is expected to hold a public hearing for the proposed amendments on May 24, 2022. Following the public hearing and deliberations, the Planning Commission will make a recommendation that Council on the proposed amendments.

The Public Works Committee is expected to hold a briefing on the proposed amendments to the Tumwater Development Guide on June 9, 2022.

The General Government Committee is scheduled to review the proposed amendments in a briefing on June 8, 2022 and recommend that the ordinance be discussed at a City Council worksession. The City Council is scheduled to review the amendments at a worksession on June 28, 2022 and consider the amendments on July 19, 2022.

Public Notification

A Notice of Public Hearing for the Planning Commission is expected to be issued, posted, mailed to interested parties, and published in *The Olympian* on May 13, 2022, after the Planning Commission is expected to set the public hearing date on May 10 2022.

Staff Conclusions

1. The proposed text amendments are consistent with the goals of the Washington State Growth Management Act.
 - a. This ordinance is consistent with Goal 7 of the Growth Management Act which states:

“Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.”

The Ordinance establishes concise requirements for the application, review process, and approval of planned unit developments.
2. The proposed amendments are consistent with the Economic Development Plan because the proposed amendments improve the clarity and specificity of the regulations for submittal, review, and approval of planned unit developments.
 - a. Goal #1 of the Economic Development Plan states:

“Establish a development climate that stimulates economic activity and desirable investment.”
 - b. The text of the Economic Development Plan states that one of the ways to support Goal #1 is:

PLANNED UNIT DEVELOPMENTS (O2022-006)

“...by making ongoing improvements to existing development regulations, systems, and processes.”

c. Action item 1.D. of the Economic Development Plan states:

“Ensure a predictable and efficient experience for business owners and developers seeking to invest in Tumwater.”

This Ordinance improves the existing regulations for the application, review process, and approval of planned unit developments.

3. Based on the above review and analysis, staff concludes that the proposed text amendments are consistent with the requirements of the Washington State Growth Management Act and the Tumwater Comprehensive Plan.

Staff Recommendation

Staff recommends approval of the proposed amendments as shown in Ordinance No. O2022-006.

Effects of the Proposed Amendments

The proposed text amendments would necessitate changes to the Tumwater Municipal Code as shown in Ordinance No. O2022-006.

(1) “Bed and breakfasts” with only one guest room are a permitted use, but are subject to the notice of application requirements in TMC Chapter 14.06 to allow for public notice for neighbors and an appeal of the administrative decision to the hearing examiner.

(2) “Duplexes” are allowed in the residential/sensitive resource (RSR) and single-family low density residential (SFL) zone districts. Such uses shall not occupy more than twenty percent of the total lots in a new short plat or subdivision, which was legally established after April 15, 2021. In such cases, the community development director shall have the discretion to alter the percentage in order to allow the new

short plat or subdivision to meet minimum required densities due to topography or other special conditions related to the site, such as critical areas.

(3) “Duplexes” are allowed in the single-family medium density residential (SFM) zone district. Such uses shall not occupy more than thirty percent of the total lots in a new short plat or subdivision, which was legally established after April 15, 2021. In such cases, the community development director shall have the discretion to alter the percentage in order to allow the new short plat or subdivision to meet minimum required densities due to topography or other special conditions related to the site, such as critical areas.

(4) Single-family detached dwellings constructed after April 15, 2021, are not allowed in the multifamily medium density residential (MFM) zone district, ~~except as part of a PUD planned unit development overlay as regulated by TMC Chapter 18.36 if the site to be developed has more than one zone district.~~

~~(5) Single family detached dwellings and duplexes are not allowed in the multifamily high density residential (MFH) zone district, except as part of a PUD planned unit development overlay as regulated by TMC Chapter 18.36 if the site to be developed has more than one zone district.~~

(56) “Townhouses and rowhouses” are allowed within a residential planned unit development in the single family medium density residential (SFM) zone district.

Section 8. Chapter 18.36 of the Tumwater Municipal Code is hereby amended to read as follows:

Chapter 18.36

PUD PLANNED UNIT DEVELOPMENT ~~OVERLAY~~

18.36.010 Intent.

A.—The intent of ~~the a~~ planned unit development (~~PUD~~) ~~overlay zoning district~~ is to offer flexibility to the applicant in exchange for tangible benefits to the city and the public.

A. Through the planned unit development process, the applicant is given flexibility in regard to site design, placement of buildings, use of required open spaces, setbacks, lot sizes and dimensions, and otherwise better utilize the potential of sites characterized by special features, such as geography, topography, size or shape.

B. In exchange, the applicant shall provide at least two points from the following list of tangible benefits to the city and the public:

1. 0.5 points: Provide superior useable parks and open space. Both the applicant and the city shall agree upon the location, size, and extent of the superior useable parks and open space;
2. 0.5 to 1.0 point: Significant public facilities or other public amenities that could not be required by the city for development of the subject property without a planned unit development. Both the applicant and the city shall agree upon the type of significant public facility or amenity, the size, location, and other pertinent aspects, as well as the number of points for the significant public facility or other public amenity. Significant public facilities or other public amenities shall not include the minimum public facilities and public improvements already required of the development;

3. 1.0 point: Going significantly beyond the minimum requirements for critical area protections to preserve, enhance, or rehabilitate critical areas and buffers. Both the applicant and the city shall agree upon the location, size, and extent of the additional protection, enhancement, or rehabilitation;

4. 1.0 point: Dedication of a site containing a historic landmark to the city or a qualifying nonprofit organization capable of restoring and/or maintaining the premises to standards set by Washington State Office of Archaeology and Historic Preservation;

5. 1.0 point: Incorporation of energy systems, as defined in TMC 18.04.050, that produce energy from nondepletable energy sources will result in at least fifty percent of the energy needs for the development being met. Both the applicant and the city shall agree upon the type and conditions for the energy systems provided;

6. 1.5 points: The provision of at least twenty percent of the total dwelling units as permanently affordable housing consistent with TMC 18.42.140(D)-(K); and

7. 0.5 to 1.5 points: Any other public facility, feature, item, project, or amenity proposed by the applicant that the City agrees meets the intent of this section. Both the applicant and the city shall agree upon the type of other public facility, feature, item, project, or amenity, the size, location, and other pertinent aspects.

C. For tangible benefits that have a range of potential points, both the applicant and the city shall agree upon the number of points assigned.

~~encourage new development not limited by the strict application of this title. The hearing examiner may approve, disapprove or modify the proposal submitted by an applicant.~~

~~B. More specifically, it is the purpose of this chapter to:~~

~~1. Encourage flexibility in design and development that will result in a more efficient and desirable use of land;~~

~~2. Permit flexibility of design, placement of buildings, use of required open spaces, circulation facilities, off-street parking areas, and otherwise better utilize the potential of sites characterized by special features, such as geography, topography, size or shape;~~

~~3. Provide for maximum efficiency in layout of streets, utility networks, and other public improvements;~~

~~4. Produce an integrated or balanced development of mutually supportive uses that might otherwise be inharmonious or incongruous; and~~

~~5. Provide a guide for developers and city officials who review and approve developments meeting the standards and purposes of this chapter.~~

(Ord. O2000-004, Amended, 07/18/2000; Ord. O95-035, Amended, 12/19/1995; Ord. 883, Added, 05/06/1984)

18.36.020 ~~Overlay Planned unit development and zoning.~~

~~Planned unit development, approved in accordance with the procedures of this chapter, shall be an overlay zone and the uses are limited to those which are allowed in the underlying zone district. Planned unit developments shall be required where this overlay zone appears on the Tumwater zoning map.~~

A. Planned unit developments ~~also~~ are permitted in all ~~zon~~ing districts except greenbelt (GB), open space (OS), residential/sensitive resource (RSR) ~~due to the extreme sensitivity of the areas to environmental disturbance, and~~ historic commercial (HC), ~~and airport related industry (ARI).~~

B. The approval of a ~~final~~ planned unit development shall modify and supersede the regulations of the underlying zone district, ~~as outlined in this chapter, in accordance with the requirements and allowances of the Tumwater municipal code, except in the case of allowable uses.~~

C. The minimum project size for a planned unit development is one gross acre. Planned unit developments must still meet applicable development requirements such as minimum density, parking standards, land coverage limits, and stormwater regulations, subject to the requirements and allowances of this chapter.

18.36.030 ~~Procedure for Initiation—Application—Fee.~~

A ~~preliminary p~~Planned unit development ~~projects~~ may be initiated by any owner or group of owners of property acting jointly, or as a developer authorized to act as agent for an owner or group of owners. ~~Such application shall be made on the forms provided by the community development department, together with a filing fee as established by resolution of the city council, no part of which is refundable.~~

(Ord. O2011-002, Amended, 03/01/2011; Ord. O2000-004, Amended, 07/18/2000; Ord. O95-035, Amended, 12/19/1995; Ord. 1147, Amended, 12/15/1987; Ord. 883, Added, 05/06/1984)

18.36.040 ~~Application—Supporting documentation~~Application.

Applications for a preliminary planned unit development shall be made on the forms provided by the community development department. Applications shall include all the items on the application checklist, together with an application fee as established by resolution of the city council, no part of which is refundable. Additions or deletions to the contents of the application may be made by the community development director. The application for a preliminary planned unit development shall also include and address all these items:

A. A description of how the development meets the requirements of TMC 18.36.010;

B. How the planned unit development relates to the surrounding area. This would include a description of any existing adjacent development and address how the proposed development would be consistent with existing adjacent development. If the existing adjacent development is not consistent with the existing comprehensive plan designations and zone districts then a comparison of the proposed development with the intent of the adjacent comprehensive plan designations and zone districts is acceptable;

C. If there is more than one underlying zone district then the application must include:

1. A map showing the existing zone district locations, sizes, and densities within the planned unit development. This can be augmented with a table or description in addition to a map; and

2. A map showing the proposed locations of the zone districts within the planned unit development. The borders, areas with sizes in acres, and proposed locations of the zone districts shall be shown graphically on the site plan. The borders shall follow the proposed tract or lot lines and the centerlines of streets and alleys of the planned unit development in a balanced, cohesive, and interrelated manner that does not create irregular areas.

a. The planned unit development process cannot modify the sizes of the original comprehensive plan designations on the comprehensive plan land use designation map or the zone districts on the zoning map without an amendment approved by the process in TMC 18.60.

b. The planned unit development process cannot modify the densities of the original comprehensive plan designations and zone districts without an amendment approved by the process in TMC 18.60;

D. How the planned unit development is being accessed and how internal circulation will be addressed. This shall include multimodal considerations;

E. The location and size of critical areas and their buffers on or within 300 feet of the project site. Protection measures shall be described or shown on a map;

F. The location and size of open space, parks, and landscaped areas and how they serve the development;

G. The location of stormwater facilities;

H. SEPA environmental review;

I. Covenants for ongoing maintenance of common areas and stormwater facilities;

J. If the planned unit development will be phased, a map of the proposed phasing, a description of the proposed phasing timeline, and the general type and location of the development to occur in each phase consistent with TMC 18.36.090;

K. How the planned unit development relates to adjacent properties under similar ownership. This can include future development plans, if known; and

L. How the planned unit development allows for future development or redevelopment of neighboring properties. This should address, but it is not limited to, access, circulation, sizing and location of utilities, type and locations of stormwater facilities, and locations of structures.

~~An application for a planned unit development shall be accompanied by the following:~~

~~(Note: See TMC Chapter 15.44 for complete information on vesting of development rights.)~~

~~A. A vicinity sketch showing location of the site and its relationship to surrounding areas, including existing streets, driveways, major physiographic features such as railroads, lakes, streams, shorelines, schools, parks and other prominent features;~~

~~B. A map or maps of the site at a scale not smaller than one hundred feet to the inch, showing at least, but not limited to, the following items:~~

- ~~1. Site boundaries,~~
- ~~2. Streets bounding or abutting the site,~~
- ~~3. Proposed buildings, including dimensions, identification of types, and the number of dwelling units in each residential type,~~
- ~~4. Location and dimension of all common open space,~~
- ~~5. Location, dimension and design of off-street parking facilities showing points of ingress to and egress from the site,~~
- ~~6. Existing buildings and indication of future use or disposition,~~
- ~~7. Landscaping plans, and~~
- ~~8. Proposed land use and densities;~~

~~C. A written statement for development setting out detailed information concerning the following subjects as they may be involved in the development, including, but not limited to, the following items:~~

- ~~1. Proposed ownership method,~~
- ~~2. Proposed operation and maintenance of the development and landscaping,~~
- ~~3. General timetable for development,~~
- ~~4. Provisions to assure permanence and maintenance of common open space through homes association formation, condominium development, or other means acceptable to the city.~~

(Amended during 2011 reformat; O95-035, Amended, 12/19/1995; Ord. 883, Added, 05/06/1984)

18.36.050 ~~Public hearing~~—Criteria for decisionEnvironment.

The provisions of TMC Title 16 may not be modified by a planned unit development, except modifications consistent with TMC 18.36.010(B)(3).

~~The application for a planned unit development shall be heard before the hearing examiner of the city at a duly published public meeting. The hearing examiner's decision to approve or deny the development shall be based on at least, but not limited to, the following criteria:~~

~~A. Substantial conformance to the Tumwater comprehensive plan;~~

~~B. The proposal's harmony with the surrounding area or its potential future use; and~~

~~C. The adequacy of the size of the proposed overlay to accommodate the contemplated developments.~~

(Ord. O95-035, Amended, 12/19/1995; Ord. 1259, Amended, 11/06/1990; Ord. 883, Added, 05/06/1984)

18.36.060 Appeal Land division and review process.

If a planned unit development involves land division then it shall be subject to the platting and procedural requirements of TMC Title 17 and the restrictions and allowances of this chapter.

~~The decision of the hearing examiner shall be final unless appealed to superior court in accordance with the provisions of TMC 2.58.150.~~

(Ord. O2014-018, Amended, 12/16/2014; Ord. O95-035, Amended, 12/19/1995; Ord. 1259, Added, 11/06/1990)

18.36.070 Standards—Bond Modification of development requirements.

A planned unit development may only modify the development requirements of TMC Title 12 and TMC Title 18 consistent with this section. If a development requirement is not addressed in this section, it shall not be modified by a planned unit development.

A. Zone Districts.

1. The type and size of the underlying zone districts designated by the zoning map shall not be modified by a planned unit development.

2. Some individual development standards of the underlying zone districts may be modified by this section.

B. Planned unit developments with multiple underlying zone districts.

1. A planned unit development may move the location of underlying zone districts as part of the planned unit development process, but the type and size of each of the underlying zone districts shall remain the same and follow the requirements of TMC 18.36.040(C).

2. Some individual development standards of the underlying zone districts may be modified by this section.

C. Densities. Densities established by the underlying zone districts shall not be altered by a planned unit development.

D. Uses.

1. A planned unit development is limited to the permitted, accessory, or conditional uses established by the underlying zone districts.
2. If a proposed use in a planned unit development requires a conditional use permit, a separate conditional use permit shall be obtained consistent with the process in TMC 18.56.

E. Setbacks.

1. Setbacks established by the underlying zone districts shall prevail on the perimeter boundary lines of a planned unit development.
2. A planned unit development may modify internal setbacks within the planned unit development.

F. Lot sizes. Lot sizes as specified by the underlying zone districts may be modified by up to twenty-five percent by a planned unit development, either larger or smaller, provided the densities of the underlying zone district are met.

G. Land Coverage. Maximum land coverage as established by the underlying zone districts may be exceeded by no more than twenty-five percent by a planned unit development.

H. Structure height. Structure height requirements as established by the underlying zone districts may be modified up to twenty-five percent by a planned unit development.

I. Yards. Yards as specified by the underlying zone districts may be reduced by up to twenty-five percent by a planned unit development, provided the land coverage requirements of the underlying zone district are met.

J. Parks and open space area. In addition to the park and open space dedication requirements of TMC 17.12.210 or TMC 18.42.130, as applicable, the planned unit development may provide additional park and open space areas consistent with TMC 18.36.010.

K. Parking. Parking requirements shall not be modified by a planned unit development.

L. Landscaping. Landscaping requirements shall not be modified by a planned unit development.

M. Citywide design guidelines. Citywide design guidelines shall not be modified by a planned unit development.

N. Tumwater development guide. Requirements of the Tumwater development guide shall not be modified by a planned unit development, except as noted in TMC 18.36.080.

O. Signage. Signage requirements shall not be modified by a planned unit development.

P. Stormwater. Stormwater requirements shall not be modified by a planned unit development.

Q. Provisions of this chapter. The requirements of this chapter shall not be modified by a planned unit development.

R. Procedural requirements. Procedural requirements shall not be modified by a planned unit development.

~~A.—The developer shall bear the responsibility of creating a perimeter transition sufficient to protect the interests of the surrounding property owners, the neighborhood, and the city as a whole, in a manner and to a degree as specified by the hearing examiner.~~

~~B.—Planned unit development projects shall be complete developments and may be required to include facilities such as paved streets, curbs, sidewalks, street lights, drainage, open space, sanitary sewer, underground power and telephone lines, landscaping, screening, signs, and off-street parking in conformance with the requirements and allowances of the hearing examiner.~~

~~C.—The applicant shall furnish the city with a performance bond or other acceptable surety approved by the city attorney, guaranteeing installation of specified public improvements and landscaping.~~

(Ord. O95-035, Amended, 12/19/1995; Ord. 1259, Amended, 11/06/1990; Ord. 883, Added, 05/06/1984)

18.36.080 ~~Exemption from zoning requirements~~Public and private streets.

A. Public streets shall be required in a planned unit development except as allowed in TMC 18.36.080(B).

B. Private streets.

1. A private street may only serve four or fewer residential dwelling units, unless all of the dwelling units meet the federal definition of low income, then the private street may serve up to nine detached single family dwellings or up to thirty-five attached single family or multifamily dwelling units.

2. A private street may serve up to four businesses on separate parcels, or up to four businesses situated on one parcel.

3. The private street must meet the minimum design standards and requirements for private streets in the Tumwater development guide.

~~A planned unit development shall be exempt from the minimum zoning ordinance requirements, except as provided for below:~~

~~A.—Minimum Project Size. There is no minimum project size for a planned unit development.~~

~~B.—Project Densities. Densities established by the underlying zone district shall prevail.~~

~~C.—Setbacks. Project setbacks as required by the underlying zoning district shall prevail on all perimeter boundary lines.~~

~~D.—Land Coverage. Maximum land coverage as established by the underlying zone district may be exceeded by no more than twenty-five percent.~~

~~E.—Uses Allowed. The use of the development shall be limited to those allowed either as permitted, accessory, or conditional uses in the underlying zones.~~

~~F.—Open Space/Park. The open space/park dedication requirements of the underlying zoning district shall prevail.~~

~~G.—Design Review Guidelines. The design review guideline requirements shall prevail.~~

(Ord. O2019-007, Amended, 09/03/2019; Ord. O96-021, Amended, 12/02/1997; Ord. O96-022, Amended, 12/19/1996; Ord. O95-035, Amended, 12/19/1995; Ord. 883, Added, 05/06/1984)

18.36.090 ~~Exemption from subdivision requirements~~ Phasing of planned unit developments.

A. Planned unit developments containing more than one hundred dwelling units or commercial or industrial planned unit developments covering more than twenty acres are eligible to attain preliminary planned unit development approval in phases. Phased approval of preliminary planned unit developments is limited to developments with at least two but not more than four phases.

B. The application shall show the number of phases, the area each phase encompasses, and the sequence for development of the various phases. A submittal for a phased development shall demonstrate how transportation, access, traffic, stormwater, parks and open space, critical areas, and utilities will be addressed for all phases of the development.

C. Hearing examiner review.

1. Upon receipt of the recommendation from the development review committee, the hearing examiner shall review the phased preliminary planned unit development in accordance with this section as part of a consolidated hearing according to TMC 18.36.100(B).

2. At the hearing, the hearing examiner shall consider and may alter any part of the proposed phased development.

3. The hearing examiner may approve, approve with conditions, or disapprove the phasing plan in a decision as part a consolidated hearing according to TMC 18.36.100(B).

D. The period between the date of the preliminary approval of the phased planned unit development by the hearing examiner and the date of filing for final approval for the first phase shall be consistent with TMC 18.36.170.

E. Construction plans for each phase of a phased development shall include transportation, utilities, and stormwater management facilities that comply with all state and local requirements in effect at the beginning of the period allotted for that phase.

F. Applications for approval for each successive phase must be submitted within three years of the submittal for final approval on the previous phase and within the other timelines as established by the Tumwater municipal code and TMC 18.36.170.

~~A planned unit development shall be exempt from the platting and procedural requirements of the subdivision ordinance, except that when the planned unit development is a part of a larger ownership and is intended for individual ownership, sale or public dedication, or if any parcel of land within a planned unit development is intended for individual ownership, sale or public dedication, the platting and procedural requirements of the subdivision ordinance and applicable state laws pertaining to the subdivision, and conveyance of land and the preparation of maps shall be followed.~~

(Ord. O98-009, Amended, 10/20/1998; Ord. O95-035, Amended, 12/19/1995; Ord. 883, Added, 05/06/1984)

18.36.100. Public hearing – Preliminary planned unit development

A. Upon receipt of the recommendation from the development review committee, a public hearing shall be set before the hearing examiner on the preliminary planned unit development. At the conclusion of the public hearing, the hearing examiner may approve, approve with conditions, deny, or continue the matter. A preliminary planned unit development shall only be approved if it meets the criteria in TMC 18.36.110.

B. If a project with a preliminary planned unit development requires a public hearing for phasing according to TMC 18.36.090, a land division approval, a conditional use permit, a variance, and/or another action that requires a hearing, the hearings should be consolidated.

18.36.110 Public hearing – Criteria for decision.

In determining whether to approve or disapprove the proposed preliminary planned unit development project, the hearing examiner shall determine if the preliminary planned unit development provides for and meets all these criteria:

A. Substantial conformance to the Tumwater comprehensive plan;

B. Conformance to the Tumwater municipal code and Tumwater development guide;

C. The quantifiable public benefits required by TMC 18.36.010;

D. The public health, safety, and general welfare;

E. The adequacy of the size of the proposed planned unit development to accommodate the contemplated developments;

F. Adequate access to the project site for all users of the project including the public, if applicable;

G. Appropriate access for public safety such as fire protection and police services; and

H. Adequate mitigation measures for impacts associated with the physical characteristics of the site such as groundwater, stormwater, floodplains, critical areas, steep slopes, and critical habitat.

18.36.120 Appeal.

The decision of the hearing examiner shall be final unless appealed to superior court in accordance with the provisions of TMC 2.58.150.

18.36.130 Final planned unit development approval.

Final approval of the planned unit development will not be issued until all requirements listed in the hearing examiner decision have been met. Certificate(s) of occupancy shall not be issued until final approval unless the community development director, or their designee, determines it is in the best interest of the city. The city and the applicants must agree on a reasonable deadline for obtaining final approval for the planned unit development. Failure of the applicants to obtain final approval prior to the agreed upon date shall result in revocation of the certificate(s) of occupancy.

18.36.140 Minor modifications.

Minor modifications to a planned unit development may be administratively approved provided they meet all these conditions:

A. The modification will not have the effect of reducing required landscaped area, or reducing or encroaching into required buffer areas or reducing the amount of required open space or parks in the planned unit development;

B. The modification will not have the effect of increasing the residential density of the planned unit development;

C. The modification will not have the effect of increasing the area devoted to nonresidential uses in the planned unit development; and

D. The modification will not increase any adverse impacts or undesirable effects of the project, or that the modification in no way significantly alters the project.

18.36.150 Major Modifications.

A. Modifications to planned unit developments that do not meet the all the conditions of TMC 18.36.140 shall be considered major modifications.

B. A public hearing shall be required before the hearing examiner and follow the requirements of TMC 18.36.100 and TMC 18.36.110.

18.36.160 Vesting of planned unit developments.

A. Planned unit developments that involve land division are vested when a complete land division application has been submitted to the community development department.

B. Planned unit developments that do not involve land division vest when a complete building permit application has been submitted to the community development department after preliminary planned unit development approval is granted consistent with TMC 18.36.100.

18.36.170 Duration of approval for planned unit developments.

A. Preliminary approval of a planned unit development by the hearing examiner is valid for a period of five years.

B. An initial one-year extension, which has been filed at least thirty days prior to the expiration of the period of approval, may be granted by the community development director or his/her designee upon a finding that the applicant has attempted in good faith to complete the final planned unit development within the period of approval. Submittal of complete engineering plans for the project and the start of construction prior to the expiration of the approval period time limit shall constitute a good faith effort.

C. Two additional one-year extensions may be administratively granted, which shall be reviewed for compliance with these criteria:

1. The applicant has pursued submitting the final land division in good faith. Submittal of complete engineering plans and the start of construction for the project prior to the expiration of the approval period time limit shall constitute a good faith effort on the part of the applicant;

2. There have been no amendments to the comprehensive plan, zoning ordinance, development standards or other applicable codes which are inconsistent with the approved preliminary planned unit development, unless such amendments can be incorporated into the existing preliminary planned unit development without significantly altering the project as originally approved by the hearing examiner; and

3. There are no other significant changed conditions that would render the planned unit development contrary to the public health, safety, or general welfare.

18.36.180 Standards – Bond.

A. Planned unit development projects shall be complete developments and may be required to include facilities such as, but not limited to, streets, curbs, sidewalks, street lights, drainage, open space, sanitary sewer, underground power and telephone lines, landscaping, screening, signs, and off-street parking in conformance with the requirements and allowances of the hearing examiner.

B. The applicant shall furnish the city with a performance bond or other acceptable surety approved by the city attorney, guaranteeing installation of specified public improvements and landscaping.

Section 9. Section 18.49.020 of the Tumwater Municipal Code is hereby amended to read as follows:

18.49.020 Permitted uses.

Permitted uses within the MHP zone district are as follows:

- A. Manufactured home parks in accordance with the provisions of TMC Chapter 18.48;
- B. Designated manufactured homes on existing single lots of record, in accordance with the provisions of TMC Chapter 18.48;
- C. Mobile home parks, which were legally established prior to July 1, 2008;
- D. One single-family detached dwelling per existing single lot of record;
- E. Parks, trails, open space areas, and other related recreation facilities;
- F. Support facilities;
- G. Family child care home; child mini-day care center, subject to review by the community development director, the building official, and the fire chief;

H. Planned unit developments.

(Ord. O2011-002, Amended, 03/01/2011; Ord. O2008-009, Added, 02/17/2009)

Section 10. Corrections. The City Clerk and codifiers of this ordinance are authorized to make necessary corrections to this ordinance including, but not limited to, the correction of scrivener/clerical errors, references, ordinance numbering, section/subsection numbers and any references thereto.

Section 11. Ratification. Any act consistent with the authority and prior to the effective date of this ordinance is hereby ratified and affirmed.

Section 12. Severability. The provisions of this ordinance are declared separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, or portion of this ordinance or the invalidity of the application thereof to any person or circumstance, shall not affect the validity of the remainder of the ordinance, or the validity of its application to other persons or circumstances.

Section 13. Effective Date. This ordinance shall become effective thirty (30) days after passage, approval, and publication as provided by law.

**PLANNED UNIT DEVELOPMENT AMENDMENTS
 (ORDINANCE NO. O2022-006)
 DEVELOPMENT GUIDE AMENDMENTS – PRIVATE STREETS
 STAFF REPORT
 PLANNING COMMISSION BRIEFING – APRIL 26, 2022**

Issue

The City's current regulations for planned unit developments have not been substantially updated since 2000. The regulations in TMC 18.36 *Planned Unit Development Overlay* are being amended by Ordinance No. O2022-006 and portions of the Tumwater Development Guide related to private streets will be amended at the same time.

The Public Works Committee of the City Council will be meeting June 9, 2022 to review, discuss, and send a recommendation to the City Council for discussion at a worksession on June 28, 2022 and consideration on July 19, 2022.

Summary

The proposed amendments are intended to update the requirements for private streets and to be consistent with the amendments to TMC 18.36 *Planned Unit Development Overlay* proposed by Ordinance No. O2022-006.

Background

Planned unit developments are intended to provide a benefit to developers in the form of flexibility with existing regulations such as setbacks, maximum land coverage, and private streets in exchange for providing quantifiable public benefits. As currently written, TMC Chapter 18.36 *Planned Unit Development Overlay* provides a benefit to developers in the form of flexibility with existing regulations such as setbacks, maximum land coverage, and private streets, but has provided no quantifiable benefit to the public.

The amendments to TMC Chapter 18.36 *Planned Unit Development Overlay* provide developers flexibility in addressing existing regulations in exchange for requiring that new developments provide quantifiable public benefits.

TMC Chapter 18.36 *Planned Unit Development Overlay* does not clearly address the requirements for private streets as part of planned unit developments and the amendments will provide more specificity in regards to when and how private streets are allowed. TMC Title 17 *Land Division* has a definition of a private street that is not consistent with the definition in the Tumwater Development Guide and the amendments amend the definition of a private street in the Tumwater Municipal Code so it is consistent with the Tumwater Development Guide.

The amendments are a part of the approved 2022 Long Range Planning work program.

CHAPTER THREE

Section 3.4.A (Page 3-4)

GENERAL ENGINEERING CONSIDERATIONS

3.4 Definitions and Terms

[...]

"PRIVATE STREET" - A privately owned and maintained vehicular access serving property, which is provided for by an access tract, easement, or other legal means~~Private vehicular access provided for by an access tract, easement, or other legal means, to serve property that is privately owned and maintained.~~

[...]

Staff Notes: *The definition in Section 3.4 of the Tumwater Development Guide for “private street” is amended to be consistent with the amended definition of “private street” in TMC 17.04.385 Private Street.*

Section 3.9 (Page 3-8)

GENERAL ENGINEERING CONSIDERATIONS

3.9 Construction Control and Inspection

Work performed for the construction or improvement of public or private roads and utilities, whether by or for a private developer, by City staff, or by a City contractor, shall be done in accordance with approved plans. It is emphasized that no work shall be started until such plans are approved. Any revision to such plans shall be approved by the City before being implemented. Failure to receive the City's approval can result in removal or modification of construction at the contractor's or developer's expense to bring it into conformance with approved plans.

Staff Notes: *No amendments are proposed to this section.*

Section 3.18 (Page 3-15 and 3-16)**GENERAL ENGINEERING CONSIDERATIONS****3.18 Utility Extension**

- A. Anyone who wishes to extend any City utility should contact the Development Services Department for an Extension/Connection Fee Estimate and any special extension requirements.
- B. Utility mains shall be required to be extended to and along all frontages, including private roads, any property being developed for loop closures and/or future development as determined by the City. Size shall be as shown on comprehensive plans or as required to serve future development but not less than the minimums required elsewhere in this document.
- C. In the case of a property being developed and, upon the determination of the Development Services Director, not being required to connect to the city utility for reasons typically associated with the property's lack of proximity to existing utilities or location outside city limits, the owner may be allowed the option, at the discretion of the Development Services Director, of paying a fee in lieu of actual installation of the otherwise required extensions. The fee in lieu payment will be equal to 50% of the estimated cost for the city to install the extensions.
- D. For utility extensions outside the City limits, all infrastructure improvements should be made at the more restrictive jurisdictional requirements.
- E. For more specific information regarding utilities, please refer to the appropriate chapter in this Guide.

Staff Notes: *No amendments are proposed to this section.*

MINIMUM STREET STANDARDS				CITY OF TUMWATER				ENGINEERING DEPARTMENT		STANDARD PLAN	UPDATED 05-04-2020	

1. Principal arterial should be a minimum width of four lanes

2. Landscaped medians may be required upon review and approval of the Public Works Director

3. See detail ST-01, ST-02

4. See detail ST-03, ST-04

5. Minimum structural sections shall be used absent a site specific AASHTO structural roadway design utilizing a field verified "R" value. A site specific AASHTO structural roadway design will be required where poor soil characteristics exist

6. Roadways within developments estimated to create less than 500 ADT, with single access, no thru, and no potential for thru street will not be required to have sidewalks on one side

7. 7' bike lanes consist of 5' of pavement plus a 2' buffer stripe

8. Bike lanes include gutter (City may reduce bike lane width to 5' at its sole discretion)

9. For designated truck routes the section shall be 0.67' of HMA, 0.20' of CSTC, and 1.50' of CSBC. Truck routes include those shown in City of Tumwater Municipal Code 10.20.050, additional road segments designated by the City since the last update to applicable sections of the Tumwater Municipal Code, and additional road segments the City determines need to meet designated truck route requirements as a result of the proponent's development activity

10. At the discretion of the City, improvements and right-of-way widths may be reduced where there exists conditions of topography, access, location, shape, size, drainage or other physical features of the site or other adjacent development. The City may also consider use of this provision for narrow infill sites where it is unlikely redevelopment of other properties in the vicinity will occur. This provision should not be considered the preferred alternative

Section 4.5 Naming (Page 4-5)**STREETS****4.5 Naming**

Streets and roads shall be named according to specific criteria. All streets lying west of Capitol Boulevard are designated Southwest (SW). Streets lying east of Capitol Boulevard are designated Southeast (SE). "Avenues" run east-west and are numbered with the exception of certain long-standing historical names. "Streets" run north-south and are named. "Drives" are irregular or diagonal streets over two grid blocks in length not conforming to the grid pattern. "Places" shall be a north-south street, parallel to but between streets. "Ways" shall be an east-west street parallel to but between avenues. "Courts" shall be a cul-de-sac which cannot be extended. Courts are to be named or numbered and carry the number of the preceding street or avenue. "Loops" shall be small loop-type streets to carry the name of the street from which they originate. "Lanes" shall be private streets.

An address number will be assigned to all new buildings at the time the building permit is issued. It is then the owner's responsibility to see that the house numbers are placed clearly and visibly on the structure at the main entrance to the residence or place of business and/or at the principal place of ingress.

New development projects must check with the Building Official regarding the naming of streets within proposed developments. This should be done at the time the preliminary plat is submitted and again upon approval of the final plat. The Building Official will insure that the name assigned to a new street is consistent with policies of the City and is not in conflict with existing street names within the county and other cities. The City has final authority for designation of street names.

Staff Notes: *No amendments are proposed to this section. Private streets will continue to be called "Lanes".*

Section 4.8 Private Streets (Pages 4-6 and 4-7)**STREETS****4.8 Private Streets**

See definition of private street in Section 3.4.

A. Private streets may be allowed under the following conditions:

1. ~~A private street may be p~~Permanently established by tract or easement ~~to provide~~ing legal access to serve no more than four dwelling units. ~~If all of the dwelling units in a development meet the federal definition of low income, then the private street may serve up to nine detached single family dwellings or up to thirty-five attached single family or multifamily dwelling units. A private street may serve up to four businesses on separate parcels, or four businesses situated on one parcel, or businesses on four separate parcels, or unlimited dwelling units or businesses situated on one parcel and sufficient to accommodate required improvements, to include provisions for future use by adjacent property owners when applicable.~~ The four parcel restriction does not apply to ~~private streets in the~~ Port of Olympia ~~Air~~ustrial Park ~~private roads~~New Market Industrial Center due to Federal Aviation Administration requirements. ~~In addition, private streets may be allowed as part of an approved PUD, if conditions 2-5, below, are met.~~
2. ~~In addition, private streets may be allowed as part of an approved PUD, if conditions 2-5, below, are met.~~ Meet the minimum design standards for private streets in ~~Table 1~~the Street Section Design table in Section 4.4.
3. Accessible at all times for emergency and public service vehicle use.
4. -Will not result in landlocking of present or future parcels nor obstruct public street circulation.
5. Covenants have been approved, recorded, and verified with the City, which provide for maintenance of the private streets and associated parking areas by the owner or homeowners association or other legal entity.
6. Private streets must include provisions for future use by adjacent property owners when applicable.
- 5-7. Private streets may be allowed as part of an approved planned unit development, if the requirements of TMC 18.36.100(B) are met.

B. Acceptance as Public Streets.

Acceptance of private streets as public streets will be considered only if the street(s) meet all applicable public street standards, including right-of-way widths. The developers engineer shall provide as built designs and testing to confirm proper construction standards.

Staff Notes: Amendments to this section match proposed amendments to the Planned Unit Development Chapter in TMC 18.36.

Section 4.10 Cul-de-sac (Pages 4-8)**STREETS****4.10 Cul-de-sac**

Streets designed to have one end permanently closed shall be no longer than 500 feet. At the closed end, there shall be a widened "bulb" having a minimum paved traveled radius as shown in the Minimum Street Design Standards Table. A "Y" or "T" which allows for comparable ease in turning for emergency vehicles may be allowed on private streets.

Staff Notes: No amendments are proposed to this section.

Staff Conclusions

1. The proposed text amendments are consistent with the goals of the Washington State Growth Management Act.
 - a. The amendments in Ordinance No. O2022-006 and to the Tumwater Development Guide are consistent with Goal 7 of the Growth Management Act which states:

“Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.”

The amendments establish concise requirements for the application, review process, and approval of planned unit developments.
2. The proposed amendments are consistent with the Economic Development Plan because the proposed amendments improve the clarity and specificity of the regulations for submittal, review, and approval of planned unit developments.
 - a. Goal #1 of the Economic Development Plan states:

“Establish a development climate that stimulates economic activity and desirable investment.”
 - b. The text of the Economic Development Plan states that one of the ways to support Goal #1 is:

“...by making ongoing improvements to existing development regulations, systems, and processes.”
 - c. Action item 1.D. of the Economic Development Plan states:

“Ensure a predictable and efficient experience for business owners and developers seeking to invest in Tumwater.”

- The amendments improve the existing regulations for the application, review process, and approval of planned unit developments.
3. The proposed amendments are consistent with the Land Use Element because it clarifies and refines the process for reviewing and approving planned unit developments.
 - a. Implementation Policy 11 of Section 3.3 of the Land Use Element states:

“Modify the land use regulatory review, permitting, and approval system for consistency with the Growth Management Act and adopted plans to ensure predictability and allow processing of development permits in a timely and fair manner.”
 4. Based on the above review and analysis, staff concludes that the proposed text amendments are consistent with the requirements of the Washington State Growth Management Act and the Tumwater Comprehensive Plan.

Staff Recommendation

Staff recommends approval of the proposed amendments to the Tumwater Development Guide as shown in this memorandum.

Effects of the Proposed Amendments

The proposed text amendments would necessitate changes to the Tumwater Municipal Code as shown in Ordinance No. O2022-006 and to the Tumwater Development Guide.
