Building Inspector and Clerk attended webinar training on September 17, 2021, on Prioritizing ECCNYS Enforcement for Commercial Bldgs Part 1 and Part 2 as well as Battery Energy Storage for First Responders

Monies collected by this office from September 1, 2021, to September 30, 2021, are \$3125.90

Respectfully,

Jim P Crowley, Building Inspector

JPC/js

Assessor

During the month of September, the normal calls from school tax bill mailing were amplified by the seemingly poor delivery of the bills. Personally, I only received two of my four bills and, to date, the others have never shown up. Many people called about this, and most likely even more now have late bills as they did not think about not receiving it. Deeds seem to be steadily coming in for property sales. I was not able to attend the Sullivan County Assessors' meeting for September.

Upper Delaware Council

Presentation: Heather Jacksey updated the Council on the improvement of the Highland River Access via the LWRP grant program.

UDC and UDC Committees

Project Review: Approved Tusten's revised TAG grant application for \$4,700, moving it to the full Council for approval, which was granted at this monthly meeting. The approval is contingent on NPS approval, but the Town can take its next appropriate actions without further delays.

Water Use/Resource Mgmt (WURM):

Evan Padua has reported on the dangerous condition of the Railroad culvert in Hancock area, which contributed to previous derailment, and the Railroad has been unresponsive. There is also concern about creosote treated railroad ties accumulation as new ties are put in. Efforts to get a response will continue and Evan can answer questions you may have .

Roundup Spraying by DPW. Towns can opt-out. Does Tusten allow RoundUp Spraying along highways?

I expressed our Town's gratitude for NPS removal of extensive debris piled up against the Tusten Stone Arch Bridge.

Operations Committee and Misc.

The UDC is very sad to lose Shannon Cilento, our Land Use/Resource specialist. She has accepted a position with Sullivan Renaissance, and will continue to be working with Tusten as a member of that organization. Until our outreach efforts gets results, the Council approved using Tom Shepstone to review projects.

The UDC continues to pursue funding from PA and NY, and there have been positive developments. At Dec 2 UDC meeting, the consultant we were able to hire to create a business plan for the UDC will present his findings.

Broadband Access in NY State; " Gov. Hochul announces launch of mapping survey, examining quality and availability of Broadband across the state." According to recently published data, only 1% of Sullivan County lacks access. We know this is inaccurate, and look forward a public comment. To follow this, google the above quote and get the press release.

Delaware Watershed Conservation Fund announces that via US Fish and Wildlife Service 32 new or continuing conservation and restoration grants totaling \$9.52 million were awarded. A list of these grants are available from UDC. They are generally matching grants.

Skinnners Falls/Milanville Bridge status; PennDot's consultant AECOM held its second meeting on September 23, 2021 via Zoom. This meeting was not open to the public. Public Comments to the consultant, and/or to PennDot are still being accepted. I can send a more complete update with links to comment. Just email me suesul1941@gmail.com.

Energy Committee

Tusten Energy Committee Report October 2021

HORSE

1. DEC Grant/Administration:
 - a. Jennifer followed-up and completed with the town bookkeeper regarding final payment for the HORSE needed to submit to DEC. The payment comes from our fully funded grant.
2. Upcoming conferences: Jennifer attending/presenting for Tusten
 - a. October 23rd 1PM: [NYSACC Conference](#)
 - b. October 27th NJ Composting Council Organics Summit @ Rutgers EcoComplex
3. Ramp up of food waste drop offs:
 - a. The Botanist and the Heron are bringing food scraps to the HORSE on designated days and times; rubber bands and fruit stickers should be removed; corn husks should not be included. We have collected 100 pounds a week of food scraps that has been fed to the HORSE.

Town of Tusten

Town Board Meeting

- b. The Blue Fox has been added to the program and was given 8 buckets for food scrap collection. All 3 restaurants have HORSE Participant stickers on their establishment windows. The slow roll-out is continuing gradually.
4. Probiotic plant food marketing:
 - a. Brandi discussed interest in the plant food product with The Blue Fox. As contributors to the HORSE, they will be given the liquid fertilizer for their vegetable garden for the restaurant for free initially for the 1st year.
5. RIT/SUNY Sullivan updates:
 - a. RIT case study moving forward; no new update.
 - b. SUNY Sullivan is interested in learning more about the HORSE and will plan a trip to visit soon.

Soft Plastic collection is now at 11,000 pounds! The Tusten Library has received their 2nd bench to be used in The Beth Peck Memorial Garden in the spring.

LED Streetlights

Brandi emailed NYPA to get the status of completing the install on Main St with pendant light fixtures, in the bank parking lot and around town. They say that within a month they will all be installed. In addition, there was an issue with the Smart Nodes causing them to go out at night. That was corrected and now all are working fine.

Grants

- Town of Tusten has been awarded the TAG from the UDC in the amount of \$4,700.0
- The New York State Water Infrastructure Improvement Act grant program could provide up to \$3 million in funding at most

2. PUBLIC COMMENT

Comments were heard from the following individuals:
