## PUBLIC INPUT

The City of Urbana welcomes Public Input during open meetings of the City Council, the City Council's Committee of the Whole, City Boards and Commissions, and other City-sponsored meetings. Our goal is to foster respect for the meeting process, and respect for all people participating as members of the public body, city staff, and the general public. The City is required to conduct all business during public meetings. The presiding officer is responsible for conducting those meetings in an orderly and efficient manner. Public Input will be taken in the following ways:

### Email Input

Public comments must be received prior to the closing of the meeting record (at the time of adjournment unless otherwise noted) at the following: [citycouncil@urbanail.gov](mailto:citycouncil@urbanail.gov). The subject line of the email must include the words "PUBLIC INPUT" and the meeting date. Your email will be sent to all City Council members, the Mayor, City Administrator, and City Clerk. Emailed public comments labeled as such will be incorporated into the public meeting record, with personal identifying information redacted. Copies of emails will be posted after the meeting minutes have been approved.

### Written Input

Any member of the public may submit their comments addressed to the members of the public body in writing. If a person wishes their written comments to be included in the record of Public Input for the meeting, the writing should so state. Written comments must be received prior to the closing of the meeting record (at the time of adjournment unless otherwise noted).

### Verbal Input

Protocol for Public Input is one of respect for the process of addressing the business of the City. Obscene or profane language, or other conduct that threatens to impede the orderly progress of the business conducted at the meeting is unacceptable.

Public comment shall be limited to no more than five (5) minutes per person. The Public Input portion of the meeting shall total no more than two (2) hours, unless otherwise shortened or extended by majority vote of the public body members present. The presiding officer or the city clerk or their designee, shall monitor each speaker's use of time and shall notify the speaker when the allotted time has expired. A person may participate and provide Public Input once during a meeting and may not cede time to another person, or split their time if Public Input is held at two (2) or more different times during a meeting. The presiding officer may give priority to those persons who indicate they wish to speak on an agenda item upon which a vote will be taken.

The presiding officer or public body members shall not enter into a dialogue with citizens. Questions from the public body members shall be for clarification purposes only. Public Input shall not be used as a time for problem solving or reacting to comments made but, rather, for hearing citizens for informational purposes only.

In order to maintain the efficient and orderly conduct and progress of the public meeting, the presiding officer of the meeting shall have the authority to raise a point of order and provide a verbal warning to a speaker who engages in the conduct or behavior proscribed under "Verbal Input". Any member of the public body participating in the meeting may also raise a point of order with the presiding officer and request that they provide a verbal warning to a speaker. If the speaker refuses to cease such conduct or

behavior after being warned by the presiding officer, the presiding officer shall have the authority to mute the speaker's microphone and/or video presence at the meeting. The presiding officer will inform the speaker that they may send the remainder of their remarks via e-mail to the public body for inclusion in the meeting record.

## MEMORANDUM TO THE MAYOR AND CITY COUNCIL

**Meeting:** April 21, 2025, Committee of the Whole  
**Subject:** An Ordinance Amending Urbana City Code Chapter 14, Section 14-7, Regarding the Schedule of Fees

---

### Summary

#### *Action Requested*

Forward the Ordinance and fee schedule to the City Council meeting on May 27, 2025 for action then.

#### *Brief Background*

Staff reviews license, permit, and service fees annually to keep pace with the cost of providing the services, which primarily consists of personnel costs. The Urbana City Code requires the proposed Schedule of Fees to be reviewed by the City Council and put on file with the City Clerk's Office at least thirty (30) days prior to final action by the City Council. During that time, the Schedule of Fees is available for public inspection and comment at the City Clerk's Office and our website. A notice that the schedule is available for review will be published in *The News-Gazette*.

### Relationship to City Services and Priorities

#### *Impact on Core Services*

Providing core services requires significant financial resources. Charging fees allows the City to recover some of the costs associated with providing these services. This ensures that the burden of funding these services is distributed among those who directly benefit from them. Overall, charging fees for core services is a practical and necessary approach for the City to ensure the sustainability of services.

#### *Strategic Goals & Plans*

Fee revenue is used to support the Capital Improvement Plan and a variety of other City services.

#### *Previous Council Actions*

On May 27, 2024, the City Council adopted [An Ordinance Amending Urbana City Code Chapter 14, Section 14-7, Regarding the Schedule of Fees](#).

## Discussion

### *Additional Background Information*

This year, Finance staff proposes a 4.82% increase to the majority of license, permit, and service fees. These increases will help cover personnel-related expenses, including cost of living, longevity, and step increases. Increases to fees will also cover increases related to the supplies and resources used to provide these services. These increases are also in line with the 4.82% fee increase incorporated into the five-year financial forecast presented to Council in February 2025.

Finance staff is recommending a standard increase practice beginning with the Fiscal Year 2026 fee schedule. The method for increasing fees will multiply the previous year's fee times the percentage increase, and round that number to the next five-dollar increment. Because this methodology will have a more prominent increase on fees under 50 dollars, Finance staff will only increase those fees biennially. Staff believes this methodology will result in greater consistency for fee increases across departments.

Notable increases above the recommended methodology include the stormwater utility fee increase of 7% as part of the [Urbana Stormwater Asset Management Plan](#) presented to Council on August 28, 2023. No increases are recommended for hourly parking meters, impound and tow fees, food handler licenses, and some smaller miscellaneous fees in Community Development.

Liquor license fees are presented in a separate fee schedule. Given there have been no fee increases for any liquor licenses since 2020, staff recommends increases to liquor licenses with current classification holders of 4% to better align with service costs while maintaining fairness. No increases to fees are recommended for liquor licenses with no active holders, gaming hall fees, rider fees, or late and miscellaneous fees. Staff feels these recommendations ensure that fee adjustments are reasonable, reflect the cost of providing services, and maintain competitiveness with surrounding areas.

The proposed Fee Schedules are attached to the Ordinance, highlighting all proposed adjustments in red.

### *Fiscal and Budget Impact*

Revision of the fee schedule allows the City to keep pace with the costs of providing the services related to the fees (e.g., inspections, enforcement, administrative costs, and sewer maintenance). If these fees are not periodically increased for inflation, the City may be forced to raise property taxes or other revenue sources to compensate. These fee increases, if approved, will generate approximately \$67,022 for the General Operating Fund, \$65,510 for the Sanitary Sewer Fund, \$157,919 for the Stormwater Utility Fund, and \$20,756 for the Parking Fund, for a total of roughly \$311,277 annually.

*Community Impact*

When the City increases fees in line with inflationary increases, the impact on the community is expected to be minimal. This modest adjustment ensures that the financial burden remains proportionate to changes in economic conditions, thereby mitigating any significant strain on residents' budgets. The stability and predictability of fee adjustments foster an environment of transparency and accountability, allowing residents to plan and budget accordingly. Additionally, these incremental fee increases enable the City to maintain the quality and reliability of core services without imposing undue hardship on its residents. Overall, by aligning fee adjustments with inflation, the City is committed to responsible governance while sustaining essential services vital to the community's well-being.

*Recommendation*

Forward the Ordinance and amended fee schedule to the City Council meeting on May 27, 2025, as presented with no changes, for action then.

*Next Steps*

Following approval of the fee schedule, staff will make appropriate adjustments to update fee information in financial systems and on the City's website.
