MEMORANDUM TO THE MAYOR AND CITY COUNCIL

Meeting: July 1, 2024 Committee of the Whole
Subject: Resolutions related to Municipal Electric Aggregation

Summary

State law allows municipalities to secure an electricity price for residents and small businesses as a single or aggregated purchasing pool from retail electric suppliers on the open market, a process called Municipal Electric Aggregation (MEA). Residents and small businesses may opt out of aggregation, should they wish to remain on the Ameren Illinois default supply service or choose their own retail electric supplier.

The City executed a 22-month contract on October 4, 2022 with Energy Harbor to supply electricity to homes and small businesses through the City's Municipal Electric Aggregation program. This contract runs from the February 2023 meter read through the December 2024 meter read.

In order to participate in a bid for electric supply for another term of municipal electric aggregation when the current agreement expires at the end of December 2024, the City Council needs to authorize execution of a new agreement with our energy consultant and an electricity supply agreement for the municipal electric aggregation program.

Staff recently discussed this program at City Council looking for Council direction for if/when the City should enter into an MEA agreement based on bid results from energy suppliers, as the market has grown more unpredictable in recent years. This is time-sensitive, because our consultant anticipates soliciting bids in July, and there are limited opportunities for obtaining Council authorization in July. Staff is still looking for clear direction from Council, but need to at least bring forward a resolution providing general authorization (similar to how it has been done for the past 12 years) in the event that Council wants to take advantage of bids solicited in July.

Benefits From Aggregation

- a. **Lower prices.** By competitively bidding the purchase of electricity as a large group, a lower per kilowatt hour (kWh) price of electricity may be achieved. Lower cost is always the goal, but the default electricity price we compare against changes from time to time.
- b. **Price stability.** All or a significant portion of the price of electricity is fixed throughout the term of the aggregation agreement and will not fluctuate due to regulatory or market

activities. In the most recent term, we took the capacity charge as it fluctuated and benefitted from doing so.

- c. **Green power.** A municipally led aggregation can incorporate the purchase of renewable energy credits (RECs). With aggregation, the cost to purchase REC's is incorporated into the per kWh price that accounts within the aggregation group pay. This has been the most significant single action lowering our community greenhouse emissions.

Consultant

Our current consultant, Good Energy, provides bid specifications and procurement services, opt-out services, renewable energy credit procurement services, document preparation, monthly opt-out letters to offer aggregation prices to households that change addresses, and experience and contacts with the Illinois Commerce Commission and retail electric suppliers. By agreement, Good Energy charges a consulting fee of \$0.00125 / kWh that is to be paid by the supplier as part of our contract with a supplier, if one is selected. Good Energy also provides bidding services for City facilities gas and electric supply.

Participation

Residents and small businesses are mailed an opt-out letter at the beginning of each aggregation agreement allowing them to remove themselves from the aggregation group and use the Ameren Illinois utility electric service or a retail electric supplier. Residents and small businesses need not take any action in order to be included in the aggregation group.

Forthcoming Aggregation Bid Solicitation

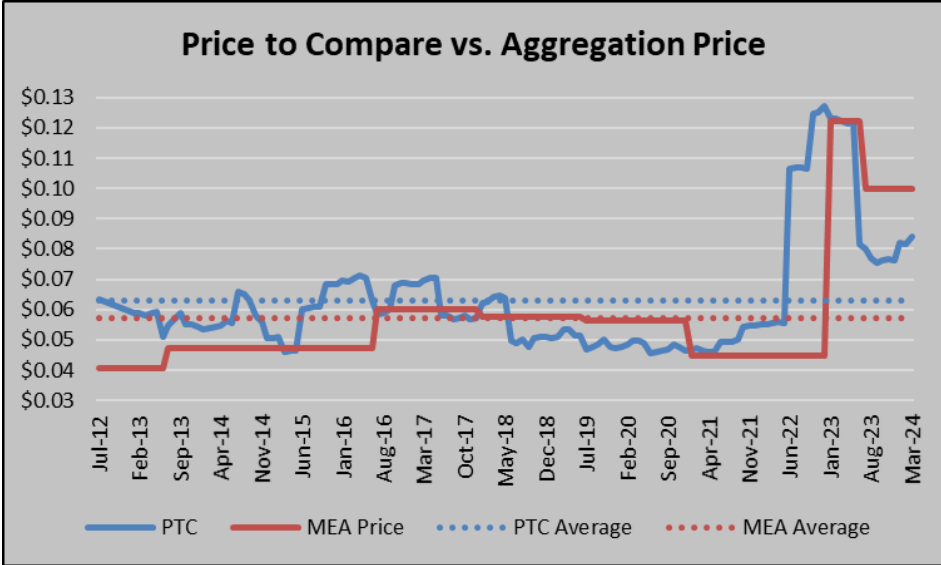

The next aggregation request for bids is expected to occur in the third quarter of the year. The second aggregation bid group will be approximately 35,000 homes and small businesses representing more than 15 cities and counties. By joining a larger group, we should avoid any market penalty for our high rate of customer churn in a university town and the fact that our households use relatively less power than many cities, because we have so many apartment dwellers. The prices offered by suppliers are typically good until the end of the day. Hence, the Mayor and City Administrator would need to be authorized by City Council to execute an agreement ahead of time.

Renewable Energy Credits (RECs)

As part of the first aggregation bid price, many cities, including Urbana, opted to procure Renewable Energy Credits (RECs) to offset the greenhouse gas pollution generated from the production of electricity the aggregation group uses. No other funding source for purchase of RECs has been identified, if the City chooses not to participate in aggregation. The annual purchase of RECs contributes significantly to the City's greenhouse gas reduction goals.

City Fee

In addition to the MEA supply price, the City may elect to have the electricity supplier collect and remit a fee to the city. The amount of the fee is set by the City upon acceptance of an electric supply bid on the basis of savings provided by that price. The City has used a \$0.0010 fee in the past, generating approximately \$80,000 per year in revenue. In the current contract, the fee is set to zero in an effort to maintain a savings as compared to the Ameren Price to Compare.

Recommendation

Staff recommends that the City undertake the following actions:

- a. **Consultant services.** In order to be included in a large multi-city aggregation pool, the City Council must pass the resolution titled “A RESOLUTION APPROVING A

PROFESSIONAL ENERGY CONSULTING SERVICES AGREEMENT WITH GOOD ENERGY, L.P.”

- b. **Retail electric supplier agreement.** In order to expeditiously accept a bid for municipal electric aggregation, the City Council must pass the resolution titled “A RESOLUTION AUTHORIZING EXECUTION OF A SERVICE AGREEMENT WITH THE LOWEST RESPONSIBLE BIDDER FOR THE SUPPLY OF ELECTRICITY FOR RESIDENTIAL AND SMALL COMMERCIAL CUSTOMERS”

RESOLUTION NO. _____

**A RESOLUTION AUTHORIZING EXECUTION OF A SERVICE AGREEMENT
WITH THE RESPONSIBLE BIDDER FOR THE SUPPLY OF ELECTRICITY FOR
RESIDENTIAL AND SMALL COMMERCIAL RETAIL CUSTOMERS**

WHEREAS, Section 1-92 of the Illinois Power Agency Act, 20 ILCS 3855/1-92, permits a municipality, if authorized by referendum, to adopt an ordinance by which it may operate a program to solicit bids and enter into service agreements for the sale and purchase of electricity and related services and equipment to residential and small commercial customers who do not opt-out of such a program; and

WHEREAS, the City of Urbana (“City”), in a referendum held on March 20, 2012, submitted the public question of whether it should operate the program as an opt-out program; and

WHEREAS, the referendum passed by a majority vote of the qualified electors voting on the question; and

WHEREAS, the City Council finds that the City may be well served by entering into an agreement with the lowest responsible bidder, pursuant to 20 ILCS 3855/1-92, to aggregate the residential and small commercial retail electric loads located within the City and to arrange for competitive electric supply to these retail electrical accounts; and

WHEREAS, because electricity is a commodity for which supply bids typically are made each morning and expire the same day at the close of business, the City must act promptly to accept any such desired bid in order to contractually guarantee a per kilowatt hour electric rate for its residential and small commercial customers.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Urbana, Champaign County, Illinois, as follows:

Section 1.

The Mayor and the City Administrator of the City of Urbana, Illinois, be and the same are hereby authorized to execute and the City Clerk of the City of Urbana, Illinois, be and the same is hereby authorized to attest to said execution of a service agreement for the supply of electricity for residential and small commercial retail customers who do not opt out of such a program, said execution and attestation to take place within the applicable time constraints required by the bidder; provided, however, that the energy price to be paid per kilowatt hour pursuant to the agreement is predicted to result in savings for the City’s residential and small commercial retail customers over the term of the agreement.

Section 2.

The Mayor and the City Administrator of the City of Urbana, Illinois, be and the same are hereby authorized to execute and the City Clerk of the City of Urbana, Illinois, be and the same is hereby authorized to attest to said execution of an agreement for purchase of Renewable Energy Credits.

MEMORANDUM TO THE MAYOR AND CITY COUNCIL

Meeting: July 1, 2024 Committee of the Whole
Subject: A Resolution Approving a Right-of-Way License Agreement with **Experience Champaign - Urbana** (an Interpretive Sign adjacent to 120 W. Main Street)

Summary

Action Requested

City Council is being asked to pass the attached resolution that would authorize the Mayor to execute a license agreement, allowing **Experience Champaign - Urbana** to construct, maintain, operate, and repair an above-ground interpretive sign within the public right-of-way (W. Main Street) adjacent to 120 W. Main Street (Cinema Gallery).

Brief Background

Experience Champaign - Urbana proposes to add an above-ground interpretive sign between the public sidewalk and the street near the northwest corner of W. Main Street and Crane Alley (north side of W. Main Street halfway between N. Broadway Avenue and N. Race Street). This area is within the public right-of-way known as W. Main Street. This proposed interpretive sign would commemorate the history of African Americans in this area as part of the Champaign County African American Heritage Trail (<https://ccafricanamericanheritage.org/>).

Relationship to City Services and Priorities

Impact on Core Services N/A

Strategic Goals & Plans N/A

Previous Council Actions N/A

Discussion

Fiscal and Budget Impact

The annual license fee would normally cost \$64.40 per year (70 square feet of right-of-way at the current rate of \$0.92 per square foot). However, since the African American Heritage Trail is expected to provide a benefit to the community, staff recommends waiving any right-of-way license or permit fees as part of this agreement.

Recommendation

City Council is asked to pass the attached resolution that would authorize the Mayor to execute a license agreement, allowing **Experience Champaign - Urbana** to construct, maintain, operate, and repair an above-ground interpretive sign within the public right-of-way (W. Main Street) adjacent to 120 W. Main Street.

Next Steps

If the attached resolution is passed, the Mayor will execute the license agreement, City staff will record the agreement with the Champaign County Recorder, and **Experience Champaign - Urbana** will proceed with construction of the interpretive sign.

RIGHT-OF-WAY LICENSE AGREEMENT

Experience Champaign - Urbana

Champaign, IL 61820

RIGHT-OF-WAY LICENSE AGREEMENT

This agreement is made between **Experience Champaign - Urbana**, an Illinois non-profit organization, (“Licensee”) and the **City of Urbana**, an Illinois municipal corporation (“City”), each a “party” and together the “parties,” and is effective on the last date signed by a party hereto. The Licensee and the City agree as follows:

1. **Grant of license.** The City hereby grants and the Licensee hereby accepts a nonexclusive, nontransferable, nonassignable, and revocable license to construct, maintain, and repair an **African American Heritage Trail** interpretive sign, (“Facility”) within the public right-of-way (“Licensed Property”). For purposes of this Agreement, the Licensed Property shall be the property described in Exhibit A.

- A. The license granted herein gives the Licensee permission to use the Licensed Property for the limited purposes and pursuant to the terms and conditions stated in this agreement. The license is not a warranty of title and does not convey any right, title, or interest in the Licensed Property.
- B. The license granted herein is subject to the rights of any public utility or other person or entity currently having rights, licenses, franchises, or easements in and about the Licensed Property.
- C. The Licensee shall fully and faithfully perform and comply with all terms, conditions, and covenants contained in this agreement. If the Licensee fails to perform or comply with any term, condition, or covenant in this agreement, the City may revoke the license after giving the Licensee a period in which to cure such failure as set forth in this agreement.
- D. The Licensee shall not transfer or assign the license granted herein.
- E. The license granted herein is nonexclusive and at all times subordinate to the City's and the public's use of the Licensed Property for purposes normally associated with a public right-of-way. Accordingly, if necessary to accommodate repair, maintenance, or construction of City utilities or improvements to the Licensed Property, the Licensee shall, at its sole cost, relocate or remove all or any portion of the Facility not more than 90 days after the City's Public Works Director (“Director”) directs such relocation or removal in writing.
- F. The Licensee shall use its best efforts to maintain contractors on any work project involving the Right-of-way and to work toward its timely completion, barring inclement weather or other situations determined to be beyond the Licensee's control.

2. **Term; termination.** The initial term of this agreement is 20 years from the effective date. Upon expiration of this initial term or any renewal term, this agreement automatically

renews for a subsequent term of five years, unless, no fewer than 90 days before the scheduled expiration of the current term, either party provides written notice to the other party of the intent not to renew. The parties may terminate this agreement at any time by mutual written consent. Either party may terminate this agreement for cause by giving written notice to the other party at least 45 days before the proposed termination. Such party shall specify the reason or reasons for such termination in the written notice and shall specifically state that such termination will become effective on a date at least 45 days after the date thereof if the other party does not completely cure the reason or reasons for such notice of termination.

3. **Fee.** The Licensee is not subject to payment of any license or right-of-way permit fees under this agreement in lieu of the financial and community benefits to the city as a result of the addition of the proposed Facility.

4. **Installation.** The Licensee warrants that installation of the Facility will be done and completed in a good and competent manner, in accordance with all requirements of law, and at no expense to the City. Special provisions regarding the Facility's design and construction are included in Exhibit B.

5. **Plan submission.** The Licensee shall provide design plans to the City for review prior to construction.

6. **Maintenance.** The Licensee shall maintain the Facility in good and safe condition and in a manner that complies with all applicable laws.

7. **Repair.** After doing any work within the Licensed Property, the Licensee at its sole cost and expense shall promptly repair and restore to the extent practicable any portion of the right-of-way disturbed by the Licensee, including without limitation all sidewalks, parkways, or pavements, to their original condition or better in accordance with the specifications of the City.

- A. If any such sidewalk, parkway, or pavement becomes uneven, unsettled, or otherwise requires repairing, because of such disturbance by the Licensee, the Licensee, as soon as climatic conditions reasonably permit, shall promptly, and no more than 15 days from receipt of notice from the City to do so, cause such sidewalk, parkway, or pavement to be repaired or restored. The Licensee shall complete such restoration no more than 10 days after the date of commencement of such restoration work. If the Licensee fails to commence and complete the restoration work in the manner and within the times prescribed in this section, the City may perform such work, and the Licensee shall pay any costs and expenses the City incurs upon written demand by the City.
- B. If such right-of-way or improvement cannot be so repaired, replaced, or restored, the Licensee shall compensate the City for the cost or reasonable value of such improvements in an amount estimated by an independent architect, engineer, or contractor selected by the City.

- C. The Licensee shall promptly repair and restore at its sole cost all damage it causes to any other utility, including but not limited to storm and sanitary sewers and their services, street lighting, traffic signals, field tiles or facilities from any other utility company.
- D. The provisions in this section 7 will survive the termination of this agreement.

8. **Removal.**

- A. The City may remove and dispose of the Facility, or any portion thereof, upon occurrence of any of the following:
 - (1) an emergency that presents imminent peril to person or property;
 - (2) the Licensee's non-compliance with any term, provision, or covenant that is not cured within the time provided for in this agreement following notice of such non-compliance tendered to the Licensee;
 - (3) the Director or other responsible City official, in good faith, deems the procedure in section 7 impracticable under the circumstances present;
 - (4) termination of this agreement for any reason;
 - (5) the Licensee's abandonment of the Facility in accordance with the provisions in section 9 of this agreement; or
 - (6) expiration of this agreement in the absence of any renewal thereof.
- B. The Licensee shall bear all costs and expenses incurred in the removal and disposal of the Facility and the restoration of the Licensed Property.
- C. If the Licensee fails in any way to make timely payment to the City for such costs and expenses, the Licensee shall pay, in addition to any amount so owed, the City's reasonable attorneys' fees and court costs incurred in the collection of such amount. This provision will survive the termination of this agreement.

9. **Lapse and termination.** The license granted in this agreement is limited to the construction, maintenance, operation, repair, and removal of the Facility. Any additional use other than that specifically named in this agreement, without the further express written consent of the City, is a violation of this agreement. Upon cessation of such use, as determined by the Director, this agreement immediately and automatically will lapse and terminate. If the Director believes the Licensee is no longer using the Facility or that it otherwise has been abandoned, he or she shall notify the Licensee in writing that the City is asserting its right to declare this agreement lapsed and terminated. Such notice will state that the Licensee has 30 days to reassert its rights under this agreement and demonstrate that it has not in fact abandoned the Facility and thereby the license granted by this agreement. If the

Licensee demonstrates within the 30-day period that it has not abandoned the Facility, this agreement will remain in force and effect according to its terms. If the Licensee does not demonstrate within the 30-day period that it has not abandoned the Facility, this agreement will be deemed lapsed, terminated, and no longer in effect.

10. **Indemnification.** To the extent permitted by law, the Licensee shall protect, indemnify, and defend the City against any and all losses, claims, demands, costs, causes, expenses and fees, including reasonable attorney's fees and the reasonable value of any suit or any other claim or demand for injury or damages in connection with this agreement, including the construction and maintenance of the Facility and Licensed Property, unless such claim, suit, or cause of action was based solely upon the negligence of the City, its employees, agents or contractors. This section will survive the termination of this agreement.

11. **Insurance.** The Licensee represents that it may lawfully provide insurance coverage to the City in connection with the obligations as set forth in this agreement without such obligations being subject to the availability of funds, which may be lawfully applied thereto. Such insurance will be kept in force at all times while the Facility continues to exist at the location described. The Licensee accordingly agrees to provide to the City, upon execution of this agreement, a certificate of insurance evidencing the commercial general liability policy of the Licensee insuring the City as an additional insured for purposes of this agreement with coverage in the minimum amount of \$1,000,000 per occurrence and \$2,000,000 in the aggregate.

12. **Entire agreement; amendment.** This agreement, together with its attachment, constitutes the entire agreement between the parties, supersedes all other agreements or understandings between them pertaining to the matter of this agreement, and may not be amended except by a writing signed by both parties and recorded in the Office of the Champaign County Recorder of Deeds.

13. **Notices.** The parties shall give all notices required or permitted by this agreement in writing. All notices will be deemed given when personally delivered; deposited in the U.S. mail, postage prepaid, first class; or delivered to a commercial courier service (e.g., FedEx or UPS). A notice delivered by email will be deemed given when the recipient acknowledges having received the email by an email sent to the sender's email address, as stated in this section, or by a notice delivered by another method in accordance with this section. An automatic "read receipt" will not constitute acknowledgment of an email for purposes of this section. Each party's address is stated below and may be changed to such other address as the party may hereafter designate by notice.

14. **Non-waiver.** Either party's failure to enforce any provision of this agreement will not be deemed a waiver of future enforcement of that or any other provision. A waiver of any provision of this agreement is valid only if in writing and signed by the parties.

15. **Severability.** The parties intend this agreement to be enforced to the fullest extent as allowed by law. If any provision of this agreement is found to be unenforceable by any court or agency of competent jurisdiction, the remaining provisions will remain in full force and effect.

16. **Compliance with governmental requirements.**

A. **Right-of-way permit.**

- (1) Except in an emergency as provided in this agreement, the Licensee shall obtain a right-of-way permit from the City before constructing, installing, extending, removing, or otherwise changing the Facility. The permit will indicate the time, manner, and place of the work to be performed. The Licensee shall comply with all conditions of any permits issued to it.
- (2) Along with each application for a permit, the Licensee shall provide the following: prints, plans and maps showing the proposed location and design of the Facility to be constructed; and
- (3) In an emergency that the Licensee believes poses a threat of immediate harm to the public or to any of the Licensee's facilities, the Licensee may access the public way to mitigate the threatened harm without the benefit of a permit. In this case, the Licensee shall advise the City of the emergency at the earliest reasonable opportunity and seek a proper permit within a reasonable period of time thereafter and in the manner as stated in this agreement.

B. **Applicable law.** The Licensee shall comply with all applicable laws, ordinances, regulations, and requirements of federal, state, county, and local regulatory authorities, including without limitation the applicable provisions of the Urbana City Code regarding rights-of-way and their uses, all of which as may be amended from time to time.

17. **No presumption.** Each party hereto acknowledges that this agreement is the product of good faith negotiations by and between the parties hereto and, as such, neither party may seek to have this agreement strictly construed against the other party as drafter of this agreement.

18. **Recording.** The City will record this agreement in the Office of the Champaign County Recorder of Deeds at the Licensee's expense.

19. **Counterparts.** The parties may sign this agreement in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument. BLACK BUSINESSES IN URBANA

Image Credit: Shelton Laundry. Retrieved from *Through the Years: African-American History in Champaign County*, Spring/Summer 2000.

Image Credit: Albert Shelton at Shelton Laundry. Retrieved from *In All My Years: Portraits of Older Blacks in Champaign-Urbana* by Raymond Bial (Champaign County Historical Museum)

Generations of Black entrepreneurs ran successful businesses in the Champaign-Urbana area. One of the earliest examples is General Cass Lee, who in 1885 owned a six-chair barbershop at 127 Main Street where he served judges, lawyers, and others who frequented the county courthouse. Over the following decades, and up to today, many other Black business owners would find success in this community. One of the most notable success stories is that of Shelton Laundry.

During the Great Depression, many residents, including the family of Merritt and Arah Mae Shelton in Urbana, relied on government rations to survive. Searching for a better way to support her family, Arah Mae began taking in laundry from neighborhood families in 1934. The children picked up and delivered the laundry, and Arah Mae washed it on the family's back porch with a scrub board and water heated over fire in a black kettle. Over time, this humble family operation became a multi-million dollar enterprise.

As business grew, it changed locations before finally settling at 1104 N. Goodwin in Urbana with 75 employees of many races, ethnicities, and backgrounds. The Shelton Laundry's customers included University of Illinois fraternities and sororities, the Illini Union, McKinley Hospital, Chanute Air Force Base, the U.S. Army's Fort Benjamin Harrison near Indianapolis, and many others. The Sheltons' son, Albert, purchased the business from his parents in 1972 and oversaw many business enhancements, such as computerized equipment and a fleet of trucks to deliver laundry. Shelton Laundry eventually closed in 1986, but not before Albert was named the Illinois Small Business Person of the Year. Despite his family's enormous success, Albert kept a scrub board and black kettle in his office as a reminder of how it all began.

MEMORANDUM TO THE MAYOR AND CITY COUNCIL

Meeting: July 1, 2024 Committee of the Whole
Subject: An Ordinance Amending Schedule H of Section 23-93 of the Urbana Local Traffic Code Requiring Stop Signs at a Certain Intersection (Melissa Lane at Marc Trail)

Summary

Action Requested

City Council is being asked to pass the attached ordinance that would require northbound traffic on Melissa Lane to stop before entering the intersection at Melissa Lane and Marc Trail.

Commission Recommendation

During its May 7, 2024 meeting, the Traffic Commission unanimously voted to recommend the stop sign on Melissa Lane as proposed in the attached ordinance. The unapproved minutes from this meeting are attached, along with a location map for illustration. Following Traffic Commission approval, the stop sign on Melissa Lane was installed on May 15, 2024, as a temporary regulation allowed by Section 23-22 of City Code.

Relationship to City Services and Priorities

Impact on Core Services

Traffic control at the intersection of streets is a core service provided by the City, as stated in Section 23-21 of City Code: “It shall be the general duty of the city traffic engineer to determine the installation and proper timing and maintenance of traffic-control devices, ... to plan the operation of traffic on the streets and highways of this city.”

Strategic Goals & Plans N/A

Previous Council Actions N/A

Discussion

Additional Background Information

The intersection at Melissa Lane and Marc Trail is currently uncontrolled, with no stop signs on any leg. A stop sign was added to the south end of Melissa Lane in October 2023 in response to the road being fully built out. The addition of a stop sign at the north end of Melissa Lane would indicate right-of-way at this intersection and be consistent with the signage pattern throughout this subdivision.

Recommendation

City Council is asked to pass the attached ordinance that would require northbound traffic on Melissa Lane to stop before entering the intersection at Melissa Lane and Marc Trail.

Next Steps

If the attached ordinance is passed, staff will update Schedule H of Section 23-93 accordingly.

MEMORANDUM OR REPORT FOR THE MAYOR AND CITY COUNCIL

Meeting: July 1, 2024 Committee of the Whole
Subject: An Ordinance Amending Schedule M of Section 23-190 of the Urbana Local Traffic Code - Tow Away Zones (Gregory Street north of Fairview Avenue)

Summary

Action Requested

City Council is being asked to pass the attached ordinance that would prohibit parking and allow for towing vehicles within the cul-de-sac on Gregory Street, located between 475 feet and 500 feet north of the centerline of Fairview Avenue.

Brief Background / Statement of the Issue

North of Fairview Avenue, Gregory Street terminates at the south boundary of King Park. Currently, there are no parking restrictions in place on Gregory Street. This northern end of Gregory Street is a Y-shaped cul-de-sac, which allows vehicles to turn around with a three-point turn. If a vehicle parks within the cul-de-sac, then other vehicles cannot use the cul-de-sac as intended. Following concurrence between the City Engineer and Deputy Chief of Police Rich Surles, three “No Parking – Tow Away Zone” signs were installed on June 3, 2024, as a temporary regulation allowed by Section 23-22 of City Code.

Relationship to City Services and Priorities

Impact on Core Services

Traffic control on streets is a core service provided by the City, as stated in Section 23-21 of City Code: “It shall be the general duty of the city traffic engineer to determine the installation and proper timing and maintenance of traffic-control devices, ... to plan the operation of traffic on the streets and highways of this city.”

Discussion

Additional Background Information

Harvey Street, which is located immediately west of Gregory Street, also has a Y-shaped cul-de-sac adjacent to King Park, but it has a tow-away zone within the limits of the Y-shaped cul-de-sac.

Operations Impact

The attached ordinance would allow the Police Department to have vehicles, which are parked within the cul-de-sac on Gregory Street, north of Fairview Avenue, towed and impounded at the owner's expense. The proposed parking prohibitions would not impact access to the adjacent properties.

Community Impact

On May 7, 2024, one resident on Gregory Street contacted Urbana Public Works with a concern about vehicles parking in the subject cul-de-sac and requested that this end of Gregory Street be turned into a tow-away zone similar to the end of Harvey Street. The Urbana Park District has voiced their support for the requested parking restriction on Gregory Street, because cars parked in the cul-de-sac also inhibit access to King Park by Park District maintenance vehicles.

Recommendation

City Council is asked to pass the attached ordinance that would prohibit parking and allow for towing vehicles within the cul-de-sac on Gregory Street, located between 475 feet and 500 feet north of the centerline of Fairview Avenue.

Next Steps

If the attached ordinance is passed, staff will update Schedule M of Section 23-190 accordingly.
