GENERAL NOTES

- Flags attached to signs where shown are REQUIRED.
- All traffic control devices illustrated are REQUIRED, except those denoted with the triangle symbol may be omitted when stated elsewhere in the plans, or for routine maintenance work, when approved by the Engineer.
- The CW3-4 "BE PREPARED TO STOP" sign may be installed after the CW20-4D "ONE LANE ROAD AHEAD" sign, but proper sign spacing shall be maintained.
- Sign spacing may be increased or an additional CW20-10 "ROAD WORK AHEAD" sign may be used if advance warning ahead of the flagger or R1-2 "YIELD" sign is less than 1500 feet.
- A Shadow Vehicle with a TMA should be used anytime it can be positioned 30 to 100 feet in advance of the area of crew exposure without adversely affecting the performance or quality of the work. If workers are no longer present but road or work conditions require the traffic control to remain in place, Type 3 Barricades or other channelizing devices may be substituted for the Shadow Vehicle and TMA.
- Additional Shadow Vehicles with TMAs may be positioned off the paved surface, next to those shown in order to protect wider work spaces.

TCP (1-2a)

- R1-2 "YIELD" sign traffic control may be used on projects with approaches that have adequate sight distance. For projects in urban areas, work spaces should be no longer than one half city block. In rural areas on roadways with less than 2000 ADT, work spaces should be no longer than 400 feet.
- R1-2 "YIELD" sign with R1-2aP "TO ONCOMING TRAFFIC" plaque shall be placed on a support at a 7 foot minimum mounting height.

TCP (1-2b)

- Flaggers should use two-way radios or other methods of communication to control traffic.
- Length of work space should be based on the ability of flaggers to communicate.
- If the work space is located near a horizontal or vertical curve, the buffer distances should be increased in order to maintain adequate stopping sight distance to the flagger and a queue of stopped vehicles (see table above).
- Channelizing devices on the center-line may be omitted when a pilot car is leading traffic and approved by the Engineer.
- Flaggers should use 24" STOP/SLOW paddles to control traffic. Flags should be limited to emergency situations.

Property Address: 37729 Mito Ln, Brookshire, TX 77423

Calculations: Proposed 3 Bedroom <2,500SF Mobile Home = 240 Gallons per Day

1. An OSSF permit must be granted by the permitting authority in which the property lies, before any construction takes place.
 - a. Installation must be completed by a licensed TCEQ OSSF Installer II.
 - b. Installer must obtain an inspection approval from the permitting authority before the system is backfilled.
 - c. A maintenance contract must be kept active on the system for the entirety of its operation. Maintenance reports must be submitted to the governing authority, per TCEQ Rules.

3. Chlorinator must be ANSI/NSF Approved.
4. High Water Alarm (HWA) is required and must be installed on a separate circuit from the pump.
 - a. Battery powered alarms shall not be used.
 - b. Alarm shall have a light and audible speaker.
5. Spray area must be cleared of all debris prior to installation.
6. The maximum inlet pressure for sprinklers shall be 40 psi. Low angle nozzles (15 degrees or less in trajectory) shall be used in the sprinklers to keep spray stream low and reduce aerosols. A Bypass in the pump tank is to be installed to regulate the pressure.

9. All electrical components shall be installed using only N.E.M.A. approved outdoor electrical devices.
 - a. A quick pull disconnect must be installed within line of sight of electrical components on tanks.
 - b. All electrical connections for the pump(s) should be installed outside the pump tank or in a sealed/liquid tight junction box, inside the tank, with wire nuts.
 - c. All electrical connection for the compressor(s) should be wired directly inside the control panel. If the connection is made outside of the panel, wire nuts and a liquid tight junction box must be used.
10. The design is valid for one year from the date shown on the design.
11. If the site has been altered between the site evaluation and installation or if discrepancies exist between the design and actual layout of the property, the installer shall notify the designer prior to any work being completed.
12. Construction materials and methods shall be pursuant to state and county rules and policies, unless specifically noted that it has been approved by the permitting authority on this design.
13. Distribution area shall be seeded or sodded after it is backfilled.
 - a. Grading for tanks and distribution area shall be graded with positive runoff to avoid puddling or water formation around the OSSF area.
 - b. Spray heads shall not be within 10' of any trees.
 - i. Heads should not spray any trees producing any food whatsoever.

February 1, 2024

Affordable Care Act Reporting and Tracking Service (ARTS) Renewal Information

The Texas Association of Counties Health and Employee Benefits Pool (TAC HEBP) has begun the renewal process for those counties and districts participating in the Affordable Care Act Reporting and Tracking Service (ARTS). Renewal will enable your entity to produce the forms required by IRS Sections 6055/6056 for calendar year 2024, assuming this reporting continues to be a requirement. Reporting will consist of Form 1095C, which must be provided both to employees and the IRS (plus transmittal Form 1094C, filed with IRS). Current law requires all employers with 50 or more full-time equivalent employees to file these forms. ARTS will provide measurement period tracking for 2024 and beyond (to determine whether an employee must be offered health coverage), as well as affordability testing for groups that require employee contributions toward the cost of their own health coverage.

As your county or district provides health benefits through TAC HEBP, ARTS will continue to be available at NO COST in 2024, assuming program deadlines are met.

Your entity will need to continue sending employee, payroll, and unpaid leave of absence files to TAC HEBP in order to utilize this service for the 2024 reports. **Payroll data must be provided for each payroll cycle. Employee files must be provided, at a minimum, once per quarter. LOA files may be provided if and when applicable.** The information provided will be used to determine:

- 1) whether individuals are eligible for a federal premium subsidy or tax credit; and
- 2) whether your entity is subject to penalties under the ACA employer mandate.

Some payroll vendors have worked with TAC to produce these files for you. You will be responsible for the completion of required information in your payroll system and submission to TAC, but this eliminates the need for manually producing additional spreadsheets.

If you use a payroll system that will produce the required IRS forms, and you determine that your entity does not need measurement period tracking or affordability monitoring, you may not need ARTS. It is a service offered by TAC and is completely optional.

Enclosed is the **2024 ARTS Renewal Confirmation Program Agreement** on page 1. Please return a signed copy (initials on pages 1 and 2, signature on page 3) to your Employee Benefits Consultant or email to ARTS@county.org no later than **3/31/2024** if your entity wishes to continue its participation in the program. If you have any questions, please contact your Employee Benefits Consultant at (800) 456-5974.

Program Services

The ARTS program includes the following services:

Program Requirements

- 1) Participants agree to provide employer, payroll, employee and unpaid leave of absence (LOA) files related to the group's Health Benefits Plan in the file format designated by TAC HEBP (ARTS Data File Guide attached):
 - **Payroll data files must be provided for each payroll cycle, and should be submitted at least once per calendar month.**
 - **Employee data files must be provided, at a minimum, once per quarter.**

Enrollment and Data Submission Deadlines

- Please refer to the enclosed "2024 Deadlines for ARTS Files" document for details.
- Groups who wish to participate in the ARTS program must return the signed documents to TAC HEBP no later than **March 31, 2024** in order to participate.
- Data file transmission to TAC HEBP must begin no later than August 5, 2024, to avoid late fees, however, **we recommend that you continue sending your files after each payroll or at least monthly** to avoid getting backlogged.

MEMORANDUM

To: Honorable Commissioners' Court

Item: Kuciemba Annex Generator Design Costs

Date: February 20, 2024

Background

Judge/Commissioners

You have requested that SEDALCO and I price the cost of moving the existing old Courthouse natural gas Generator to the Kuciemba Annex. While there would be no cost for the generator, the work involved is somewhat complicated and requires electrical design and engineering assistance before further pricing can be completed.

I have uncovered the following information that you should be aware of:

- Due to the age of the Gen Set, it does not meet the new Energy Codes. It cannot be permanently mounded, it must be placed on a trailer that is placed on a new concrete slab. We can use an existing County trailer if available, or purchase a used/new one.
- Natural Gas Generators are generally not used in a portable situation.
- Because the Gen Set is considered portable, the natural gas connection also cannot be permanent, so it will need a disconnect.
- A new larger gas line may need to be run.
- The electrical will also need a disconnect and automatic transfer switch.
- I would recommend that we fence in this Gen Set, and that will require a gate.
- We will need to build a concrete pad, on the other side of the drive, across from the power pole, on the South side of the building.

Costs:

- \$8,269.35 (This is just electrical engineering design cost)

Source of Funds:

-

Staff Recommendation

Please approve design cost for moving Generator.

PROJECT NUMBER: 22523.

DESCRIPTION: Generator Relocation from Courthouse to Swing Space
Due to the persistent power outages at the swing space, the county has requested design pricing for the relocation of the existing natural gas generator currently positioned at the old courthouse. Additionally, they are seeking pricing for the installation of a docking station at the new annex building (swing space) to facilitate the integration of the generator, effectively addressing and mitigating the power outage issue.

MEMORANDUM

To: Honorable Commissioners' Court

Item: CC@L2 Judges Bench

Date: February 20, 2024

Background

Judge/Commissioners

CC@L2 is requesting a permanent judges bench at the South end of the Commissioners Courtroom. The attached sketch was created in a meeting with Judge Mathis. I apologize for it's crudeness; however, Martinez Millwork is requesting that the cost be approved before he spends the time on a detailed shop drawing, which would then be again submitted for final approval to the Court and Judge Mathis.

The materials will be the same as your Dias desks. The Bench will not be on wheels, it will placed along the South wall and only moved if necessary.

**Interlocal Cooperation Contract
Failure to Appear Program**

State of Texas

County of Waller

I. PARTIES AND AUTHORITY

This Interlocal Cooperation Contract (Contract) is entered into between the Department of Public Safety of the State of Texas (DPS), an agency of the State of Texas and the County Court of the [~~City or~~ County] of Waller (Court), a political subdivision of the State of Texas, referred to collectively in this Contract as the Parties, under the authority granted in Tex. Transp. Code Chapter 706 and Tex. Gov't Code Chapter 791 (the Interlocal Cooperation Act).

II. BACKGROUND

A peace officer authorized to issue citations within the jurisdiction of the Court must issue a written warning to each person to whom the officer issues a citation for a traffic law violation. This warning must be provided in addition to any other warnings required by law. The warning must state in substance that if the person fails to appear in court for the prosecution of the offense or if the person fails to pay or satisfy a judgment ordering the payment of a fine and cost in the manner ordered by the Court, the person may be denied renewal of the person's driver license.

As permitted under Tex. Transp. Code § 706.008, DPS contracts with a private vendor (Vendor) to provide and establish an automated Failure to Appear (FTA) system that accurately stores information regarding violators subject to the provisions of Tex. Transp. Code Chapter 706. DPS uses the FTA system to properly deny renewal of a driver license to a person who is the subject of an FTA system entry generated from an FTA Report.

An FTA Report is a notice sent by Court requesting a person be denied renewal of a driver's license in accordance with this Contract. The Court may submit an FTA Report to DPS's Vendor if a person fails to appear or fails to pay or satisfy a judgment as required by law. There is no requirement that a criminal warrant be issued in response to the person's failure to appear.

III. PURPOSE

This Contract applies to each FTA Report submitted by the Court to DPS or its Vendor and accepted by DPS or its Vendor.

IV. PERIOD OF PERFORMANCE

This Contract will be effective on the date of execution and terminate five years from that execution date unless terminated earlier in accordance with Section VII.C, *General Terms and Conditions, Termination*.

V. COURT RESPONSIBILITIES

A. FTA Report

For a matter involving any offense which a Court has jurisdiction of under Tex. Code Crim. Proc. Chapter 4, where a person fails to appear for a complaint or citation or fails to pay or

satisfy a judgment ordering payment of a fine and cost in the manner ordered by the Court, the Court will supply DPS, through its Vendor, an FTA report including the information that is necessary to deny renewal of the driver license of that person. The Court must make reasonable efforts to ensure that all FTA Reports are accurate, complete, and non-duplicative. The FTA Report must include the following information:

1. the jurisdiction in which the alleged offense occurred;
2. the name of the court submitting the report;
3. the name, date of birth, and Texas driver license number of the person who failed to appear or failed to pay or satisfy a judgment;
4. the date of the alleged violation;
5. a brief description of the alleged violation;
6. a statement that the person failed to appear or failed to pay or satisfy a judgment as required by law;
7. the date that the person failed to appear or failed to pay or satisfy a judgment; and
8. any other information required by DPS.

B. Clearance Reports

The Court that files the FTA Report has a continuing obligation to review the FTA Report and promptly submit appropriate additional information or reports to the Vendor. The clearance report must identify the person, state whether or not a fee was required, and advise DPS to lift the denial of renewal and state the grounds for the action. All clearance reports must be submitted immediately, but no later than two business days from the time and date that the Court receives appropriate payment or other information that satisfies the person's obligation to that Court.

To the extent that a Court uses the FTA system by submitting an FTA Report, the Court must collect the statutorily required \$10.00 reimbursement fee from the person who failed to appear, pay or satisfy a judgment ordering payment of a fine and cost in the manner ordered by the Court. If the person is acquitted of the underlying offense for which the original FTA Report was filed or found indigent by the court, the Court will not require payment of the reimbursement fee.

Court must submit a clearance report for the following circumstances:

1. the perfection of an appeal of the case for which the warrant of arrest was issued or judgment arose;
2. the dismissal of the charge for which the warrant of arrest was issued or judgment arose;
3. the posting of a bond or the giving of other security to reinstate the charge for which the warrant was issued;
4. the payment or discharge of the fine and cost owed on an outstanding judgment of the Court; or
5. other suitable arrangement to satisfy the fine and cost within the Court's discretion.

After termination of the Contract, the Court has a continuing obligation to report dispositions and collect fees for all violators in the FTA system at the time of termination. Failure to comply with the continuing obligation to report will result in the removal of all outstanding entries of the Court in the FTA Report, resulting in the lifting of any denied driver license renewal status from DPS.

C. Quarterly Reports and Audits

Court must submit quarterly reports to DPS in a format established by DPS.

Court is subject to audit and inspection at any time during normal business hours and at a mutually agreed upon location by the state auditor, DPS, and any other department or agency, responsible for determining that the Parties have complied with the applicable laws. Court must provide all reasonable facilities and assistance for the safe and convenient performance of any audit or inspection.

Court must correct any non-conforming transactions performed by the Court, at its own cost, until acceptable to DPS.

Court must keep all records and documents regarding this Contract for the term of this Contract and for seven years after the termination of this Contract, or until DPS or the State Auditor's Office (SAO) is satisfied that all audit and litigation matters are resolved, whichever period is longer.

D. Accounting Procedures

Court must keep separate, accurate, and complete records of the funds collected and disbursed and must deposit the funds in the appropriate municipal or county treasury. Court may deposit such fees in an interest-bearing account and retain the interest earned on such accounts for the Court.

Court will allocate \$6.00 of each \$10.00 reimbursement fee received for payment to the Vendor and \$4.00 for credit to the general fund of the municipal or county treasury.

E. Non-Waiver of Fees

Court will not waive the \$10.00 reimbursement fee for any person that has been submitted on an FTA Report, unless any of the requirements in Tex. Trans. Code § 706.006(a) or §706.006(d) are met.

Failure to comply with this section will result in: (i) termination of this Contract for cause; and (ii) the removal of all outstanding entries of the Court in the FTA Report, resulting in the lifting of any denied driver license renewal status from DPS.

F. Litigation Notice

The Court must make a good-faith attempt to immediately notify DPS in the event that the Court becomes aware of litigation in which this Contract or Tex. Transp. Code Chapter 706 is subject to constitutional, statutory, or common-law challenge, or is struck down by judicial decision.

VI. DPS's RESPONSIBILITIES

DPS will not continue to deny renewal of the person's driver license after receiving notice from the Court that the FTA Report was submitted in error or has been destroyed in accordance with the Court's record retention policy.

VII. PAYMENTS TO VENDOR

Court must pay the Vendor a fee of \$6.00 per person for each violation that has been reported to the Vendor and for which the Court has subsequently collected the statutorily required \$10.00 reimbursement fee. In the event that the fee has been waived by Tex. Trans. Code § 706.006(a) or § 706.006(d), no payment will be made to the Vendor.

Court agrees that payment will be made to the Vendor no later than the last day of the month following the close of the calendar quarter in which the payment was received by the Court.

DPS will not pay Vendor for any fees that should have been submitted by a Court.

VIII. GENERAL TERMS AND CONDITIONS

The Court understands and agrees that it will comply with all local, state, and federal laws in the performance of this Contract, including administrative rules adopted by DPS.
