

ARCHITECTURAL REVIEW BOARD WORK SESSION

Thursday, June 15, 2023 at 6:15 PM

AGENDA

WORK SESSION:

The property owner at 101 Winchester Street is proposing to replace the existing, deteriorated cedar shingle roof of the 19th century smokehouse with black galvanized metal roofing. The existing roof has reached the end of its useless life and currently contains metal patching where cedar shingles have fallen off or have deteriorated beyond repair. The ARB and Staff will meet on-site to discuss the proposal for the change in roofing material.
