MEMO

DPW – Street/Solid Waste

To: Alderperson Davis and Public Safety & Welfare Committee

From: Stacy Winkelman

Date: March 26, 2025

Subject: Agenda Item

Background

I received a request for a pedestrian crossing sign from Keri Klein who owns The Katherine Holle House at the corner of N. Church Street and O’Connell Street. She is very concerned about the safety of pedestrians in this area as she has seen many close calls. Keri is asking that the city install a pedestrian crossing sign with a solar powered flashing light there. She has also offered to ask businesses to donate to the purchase of this sign to offset some of the cost. I looked at this intersection and there is a standard pedestrian crossing sign for northbound traffic, however there is no pedestrian crossing sign of any kind for southbound traffic.

Budget Goal

The cost of the sign would come from the Street Division Signs & Markings Supplies & Expense Account #01-54-41-18. Labor would be covered from the Street Division payroll account #01-54-31-10

Financial Impact

The current cost of the solar powered flashing pedestrian sign is \$1,099.99. This is the same sign we installed on Boughton Street; it was \$999.90 at that time.

Recommendation

At the very least a pedestrian sign of some sort should be installed for the southbound lane. We could cover the cost of the solar powered sign at this point, if its partial cost, even better.

2025 Operational Goals

The purpose of our operational goals is to identify, prior to the budgeting process, what work the city intends to achieve in 2025. The goals should align with our mission. Not only will the operational goals inform budget prioritization, but they will also guide the creation of the 2025 Department Work Plans.

Present a budget that (in no particular order):

1. Invests in the strategic planning and maintenance of our city buildings
2. Proactively maintains and improves our parks and infrastructure to ensure safety, quality, and equity
3. Supports employee retention and growth, while also evaluating operations and the associated staffing
4. Fosters community growth by assessing opportunities, stakeholder input, environmental needs, and modern code and policy priorities
5. Maintains a safe and healthy community, with an eye toward future needs and trends

Subject: Crosswalk question

Section 4, Item B.

Hi there, I live on the corner of Church and O'Connell. People are constantly racing up and down the street in front of my house. There is a marked crosswalk across Church Street, but several times a week I see near-misses when a pedestrian starts to cross and almost gets hit by a car (my husband included).

I have seen cities with the flashing crosswalk signs, and I've looked into them a bit. They look like they are about \$1000 each. How would I go about requesting one?

I want to ask a few community groups to maybe provide a grant or help with the cost, but I'm not sure what the Street Department says about them.

Please let me know your thoughts.

Subject: Re: Crosswalk question

Ok.

I am requesting information on how we can increase the safety of pedestrians at the corner of North Church Street and O'Connell Street. Several times a week, especially in summer, I see people narrowly miss getting hit by vehicles trying to cross that intersection. With the elementary school nearby, it worries me when the kids are trying to cross. Sometimes if I am outside, I will literally stop traffic to let them cross.

I would love to see a solar paneled flashing crosswalk sign placed there. I think it would really help the speeding on Church Street, and help people to realize they need to stop for pedestrians.

I would like to know if it is legally allowed to place one of these signs on the corner, and if so, I am willing to reach out to businesses or community groups to help fund the sign. I have only done a bit of research, but I believe each sign is approximately \$1,000. Our Bed and Breakfast is willing to help pay for this as well.

Thank you for considering this.

WATERTOWN POLICE DEPARTMENT

David Brower, Chief of Police

To: Public Safety and Welfare Committee

From: Assistant Chief Ben Olsen

Subject: Update on Police Calls to Walmart and Response Measures

Dear Committee Members,

I would like to bring your attention to a matter raised in a recent article from the *Daily Times* regarding the reported "incident surge" at Walmart, citing an average of 7 calls every 10 days in 2024. The article highlighted this as a significant increase, but it did not provide context by comparing these numbers to previous years, nor was data from 2023 or 2022 provided to allow for a comprehensive analysis or to draw conclusions.

Upon reviewing the relevant data, I can report that while theft-related calls have fluctuated over the past few years, the overall trend for calls to Walmart has been one of decrease. Specifically, there were 78 theft-related calls in 2024, 121 in 2023, and 107 in 2022. Despite these theft-related calls, the total number of police calls to Walmart in 2024 (262 calls) decreased from the previous year (329 calls in 2023). For a more detailed breakdown of calls for service each year, a complete listing is attached to this memo for your review.

In response to the growing concern over theft, the Watertown Police Department has implemented several measures to streamline the response process. Historically, officers would spend considerable time at Walmart waiting for loss prevention staff to gather and prepare necessary evidence, which created inefficiencies. To address this, we have worked closely with Walmart and other major retailers to ensure documentation is prepared in advance, allowing officers to reduce their on-site time and return to more pressing duties.

Additionally, Walmart has been a valuable partner in addressing these challenges. For the past few years, Walmart has funded a Flock Camera at the main exit of their property, which has significantly improved our ability to resolve cases more quickly and efficiently. This camera has been in place for a couple of years now and has helped the police department gather valuable evidence, leading to faster resolutions of theft-related incidents and enhancing public safety.

While theft—especially with the rise of self-checkout kiosks—continues to be a challenge for Walmart, the department is actively exploring new solutions to mitigate its impact on both Walmart and the police department.

WATERTOWN POLICE DEPARTMENT

It's important to note that while these calls to Walmart are notable, they are not outside the scope of what can be expected given the high volume of business conducted at the store. If the Public Safety & Welfare Committee feels that further measures should be taken to manage Walmart's use of department resources more effectively, we could consider potential policy changes or new procedures. For example, similar to how we handle low-level crimes like bad checks, we may be able to set thresholds that trigger an investigation only when certain criteria are met, such as a minimum threshold of loss.

Thank you for your attention to this matter.

Sincerely,

Ben Olsen
Assistant Chief
