Ritchie Piltz was present to explain this proposal which is to reconstruct the S. First Street parking lot this summer. It will be changed from a 1-entrance exit to a dedicated entrance and an exit. The number of stalls would remain the same. Permeable pavers would be installed down the center, there would be additional storm sewer installed as well. Parks will be removing the tree this week. 2 lights will be added with the ramp construction – one at the top and one at the bottom.

Maas Brothers Constructors would install an ADA-complaint concrete ramp from the Plaza down into the parking lot.

The following was presented by staff:

Building:	A building permit for the ramp and an electric permit for the lights will be required. If signs are added, a sign permit will be required. Since this is a city project all permit fees will be waived.
