AGENDA SECTION: Consideration/Action

PRESENTER: Public
Works Director
Daane

DEPARMTENT GOAL(S) SUPPORTED <i>(if applicable)</i>	FISCAL IMPACT
Sustainability	\$ 10,920

ISSUE SUMMARY

We have been in communication with the Railroad on possible repairs to the Lincoln St. crossing. There is currently a dead ended track and one active track. The railroad may have some time this fall. They are also waiting on funding for future projects. The railroad would like to partner with the City on a repair here similar to what was just done at the Main St. crossing. The railroad would remove the old blacktop along with the dead ended track. They would replace some of the bad timbers along the active track. They would like the City to hire the asphalt contractor and pay for that portion of the work. We have received two quotes one from Kartechner Brothers and the second from Northeast Asphalt.

STAFF RECOMMENDATION:

Recommend quote from Northeast Asphalt

ATTACHMENTS:

Kartechner Bothers quote
Northeast Asphalt quote

RECOMMENDED MOTION:

Motion to recommend to the Common Council the low quote from Northeast Asphalt in the amount of \$10,920 to complete paving in the area surrounding the railroad crossing on Lincoln Street. It is understood that final work is contingent on the railroad obtaining approval and funding to complete the railroad crossing repair.

STANDARD TERMS AND CONDITIONS

Changed Conditions: Any changed condition of the job specifications involving extra costs will be performed only upon submission of a written change order, and Owner/Contractor will be required to pay to Northeast Asphalt, Inc. an extra charge over and above the original contract price for performance of the requested change order.

Subgrade/Aggregate Base: The Owner/Contractor is responsible to furnish Northeast Asphalt, Inc. a suitable subgrade/aggregate base having the ability to support the maximum axle loads transmitted from the heaviest Construction and/or vehicle traffic anticipated as not to cause any deformation to the subgrade/aggregate base. All subgrade must be rough graded by Owner/Contractor to within ±0.1' of the proposed plan subgrade elevations.

Cold Weather Paving: Per section 450.3.2.1.1 and 450.3.2.1.2 in the Wisconsin DOT Standard Specifications, if Northeast Asphalt, Inc. is directed to place any asphaltic mixtures outside of WDOT specified date range, Northeast Asphalt, Inc., will not be responsible for damage or defects attributed to temperature or other weather conditions. Replacement or repairs will be done on a time and material basis.

Liquidated Damages: It is understood and agreed that the Owner/Contractor will not assess liquidated damages against Northeast Asphalt, Inc. prior to meeting with and providing Northeast Asphalt, Inc. with documentation demonstrating that Northeast Asphalt, Inc. failed to complete their portion of work within the time agreed upon in the contract or within such extra time as may have been allowed by extensions. Any arbitrary assessment will be subject to a 1.5% per month service charge.

Insurance/Indemnification: This Quotation is contingent upon the express agreement that indemnification, defense, additional insured status and waivers of subrogation, if required by the Owner/Contractor, shall be provided by Northeast Asphalt, Inc., but only to the extent of Northeast Asphalt, Inc.'s negligent acts or omissions in the performance of its work. Owner/Contractor to carry any necessary property insurance on the Work. Northeast Asphalt, Inc.'s workers are fully covered by Workers' Compensation Insurance. Northeast Asphalt, Inc. will meet insurance limits of liability by using a combination of primary insurance policies and umbrella/excess policies.

Incorporation: If any other agreement is entered into between the parties, the terms of this agreement shall be incorporated into any such agreement and shall supersede any conflicting terms contained therein.

Payment: Northeast Asphalt, Inc. proposes to furnish material and labor - complete in accordance with above specifications and prices. Northeast Asphalt, Inc. is entitled to final payment upon substantial completion of the "Work" required herein. Terms of payment shall be net on receipt of invoice. A 1.5% per month service charge shall be charged on all outstanding balances. Upon receipt of payment in full, Northeast Asphalt, Inc. will provide a lien waiver required by Owner/Contractor.

Acceptance of Quotation - The above prices, specifications and terms and conditions are satisfactory and are hereby accepted. Northeast Asphalt, Inc. is authorized by Owner/Contractor to do the Work as specified. Payment will be made to Northeast Asphalt, Inc. by Owner as outlined above. If separate bids or alternate bids are indicated, acknowledge acceptance by initialing those prices which you hereby accept.

TERMS & CONDITIONS

- Unless otherwise specified, the warranty period for all new residential personal driveway paving projects (single-family home for single-family duplex) will be two (2) years on materials and workmanship from the date of completion. Invoice must be paid in full before any warranty will be considered
- Unless otherwise specified, the warranty period for all new commercial paving projects (includes farm, multi-unit, condo assns., apartments, and shared drives) will be one (1) year on materials and workmanship from the date of completion.
- **Warranty will be null and void if payment in full is not received within ten (10) days of invoice date. Warranty WILL NOT be honored on an open invoice unless alternate payment arrangements have been made and adhered to with the Contractor.
- **Execution of contract requires contractor to utilize heavy equipment and requires reasonable access for equipment to cross adjoining surfaces for the performance of the contracted work. Contractor WILL NOT be responsible for cracking or failure of concrete or any other impervious surface failures that are incidental to the execution of the site prep and paving. (This includes, but is not limited to. aprons, sidewalks, garage floors, curb and gutter, road/street edges, pavers, patio blocks, etc.)
- When resurfacing (overlying) asphalt, brick or concrete pavements, Contractor is not responsible for the reproduction of cracks or ponding which may occur. No warranty applies to such applications.
- **Due to severely cold winter temperatures in our service area, it is not uncommon for frost heave or cracking to occur in the asphalt and shall not be construed as a warrantable failure in materials or workmanship. Also due to the hot temperatures in our region, tire marks may occur in the asphalt. There is no warranty for such occurrences.
- **Vegetation can grow through new asphalt. Contractor will attempt to remove any surface vegetation prior to pave. However, weed control is the customers responsibility, and Kartechner Brothers LLC will not be held liable for weed growth should it occur. It is recommended that customer applies a weed killer as well as a pre-emergent prior to work being commenced. Should vegetation happen to grow through, Contractor recommends that the customer apply a contact herbicide.
- Contractor is not responsible for damage to unmarked underground wires. We do make one call to Digger's Hotline. It is the responsibility of the homeowner to mark all private lines (includes: Underground fencing, propane lines, yard or parking lot lights, buried electrical lines from house to out buildings, etc.). It is the responsibility of the utility companies to properly mark all utility lines.
- Contractor is not responsible for failed asphalt if the base work is performed by others.
- Surface textures may change when hand raking is required, hand raking is necessary in the normal operations of paving, any texture inconsistencies due to hand raking are not subject to warranty or repair.
- Contractor strongly recommends that no material be placed on wet, unstable or frozen sub grade. Contracting pavement to be placed over unsuitable sub grade will result in loss of warranty provisions.
- Finished grade may be governed by various control points. If surface contour allows less than a minimum grade of 2%, it is understood that water ponding may occur and that no warranty attaches to the work as to satisfactory surface drainage.
- Any claim for property damage is conclusively waived unless presented to Contractor in writing within seven (7) days of the occurrence.
- The liability of Contractor for maintenance or nonperformance is limited to the amounts due hereunder. Owner to carry fire, tornado and other necessary insurance. Our employees are fully covered by Workers Compensation Insurance.
- All agreements are contingent upon strikes, accidents or delays beyond our control.
- "In the event it is necessary that Kartechner Brothers LLC Commence a claim or suit for payment from the customer; customer agrees to pay all costs of collection including reasonable attorney fees."
- "As required by the Wisconsin Construction Lien Law, builder (contractor) hereby notifies owner that persons or companies furnishing labor or materials for the construction on owner's land may have lien rights on owner's land and buildings if not paid. Those entitled to lien rights, in addition to the undersigned builder (contractor), are those who contract directly with the owner or those who give the owner notice within 60 days after they first furnish labor or materials for the construction. Accordingly, owner probably will receive notices from those who furnish labor or materials for the construction and should give a copy of each notice received to his mortgage lender, if any. Builder agrees to cooperate with the owner and his lender, if any, to see that all potential lien claimants are duly paid."
- Indemnity. Land Owner shall protect, indemnify, and save Kartechner Brothers LLC, its affiliates, managers, officers, agents, employees, assigns and their affiliates harmless against any and all claims, losses, damages, costs, demands, and causes of action of every kind and character whatsoever, including attorney's fees and other expenses of litigation, penalties or fines to the extent arising directly out of or in connection with Kartechner Brothers LLC or any of its subcontractors' or suppliers' performance of this agreement, and to which Kartechner Brothers LLC or any of its affiliates, officers, agents, employees, assigns or their affiliates may be subject to by reason of Land Owner's failure to obtain any required permits or other governmental approvals.
- Any damage from leachate to asphaltic surface or base beneath, around, or adjacent to asphaltic surface resulting in damage, cave-in, sink holes, etc. of asphaltic service shall not be subject to warranty.

AGENDA SECTION: Consideration/Action

PRESENTER: Public
Works Director
Daane

DEPARMTENT GOAL(S) SUPPORTED <i>(if applicable)</i>	FISCAL IMPACT
Sustainability	Not to Exceed \$30,000

ISSUE SUMMARY

A few weeks back one of our flatbed trucks that has a rear dump hoist was involved in an accident. The truck has been totaled by the insurance company. The City truck was traveling down N. Madison St. when it was struck by another vehicle crossing N. Madison St. This is not a budgeted replacement vehicle. The insurance company is giving us \$12,674.75 for the replacement cost of the vehicle. We have started looking at replacement vehicles and any vehicles we have tried to look at sell very quickly. The other issue we are finding is most replacement vehicles that are in decent shape are selling for more than the replacement amount from the insurance company. Our vehicle was older (2006), but was well maintained and the last thing we want is to replace with something we need to stick a bunch of money into. I do have a price from Homan Auto on a new vehicle and we would then need to purchase a new dump bed and install that. The lead time on a new truck like this would be about four months and then would need to be setup in our shop. So we would be out a vehicle for an extended time. New vehicle price with the bed would be the \$55,000 to \$60,000 to replace and this is not feasible given budget constraints. Without prior authorization, negotiation on a used vehicle replacement is extremely difficult and unlikely to be successful as they sell quickly. I am seeking approval to authorize a spend of up to \$30,000 for a used vehicle, if we can find once of acceptable quality and price. We would then have a couple weeks of labor and parts to fit and install the dump bed, hitch and lights. I have attached a quote from Homan Auto for a Chevrolet truck and last year's quote for a bed (to get an actual cost on the bed I would need to have the vehicle selected so they can get the proper unit built). I would say the number is close but would think we would see at least a 3% increase.

STAFF RECOMMENDATION:

Recommend to the council the purchase of a quality used vehicle replacement and authorize funding not to exceed \$30,000 to support negotiation.
