APPEARANCE BY VISITORS

AGENDA

There are no action items to address

ADJOURNMENT

Upon reasonable notice, efforts will be made to accommodate disabled individuals through appropriate aids and services. For additional information, contact the General Manager at 920-324-7920.

Minutes of a Regular Meeting of the Waupun Utilities Commission Monday, February 14, 2022

The meeting was called to order by President Heeringa at 4:00 p.m.

Commissioners Bishop, Daane, Heeringa, Homan, Kaczmarski, Thurmer and Vanderkin were present.

Motion made by Vanderkin, seconded by Daane and unanimously carried, to approve minutes from the December 13, 2021 meeting. Motion made by Thurmer, seconded by Homan and unanimously carried, to approve minutes from the December 20, 2021 special meeting.

On motion by Bishop, seconded by Homan and unanimously carried, bills for months of December 2021 and January 2022 were approved as presented.

On motion by Bishop, seconded by Thurmer and unanimously carried, year-to-date financial reports through December 2021 were approved as presented. Electric operating income was \$505,700 or \$321,500 above budget from higher than budgeted PCAC pass-through revenues and lower overall expenses / customer work. Water operating income was \$786,900 or \$168,300 above budget from lower than budgeted operating expenses. Sewer operating income (loss) was (\$141,600) or (\$378,600) below budget largely due to decrease in public authority consumption related to COVID-19 operational changes and increased expenses incurred during WWTP construction.

General Manager Brooks reported on a scheduled outage and routine electric work being completed. Electric crew is halfway complete with the annual line clearance program which helps to ensure continued reliability. Forster Engineering has submitted a proposal to complete a study of our electric distribution system which is needed due to added distribution lines and customers, voltage conversion work and potential load growth. The study will help identify areas in need and projects to address in future. Waupun Utilities recently received news that we earned the 2022 Reliable Public Power (RP3) Platinum designation by the American Public Power Association. The RP3 designation recognizes community-owned, not-for-profit public power utilities that exhibit operational excellence and demonstrate high proficiency in Reliability, Safety, Workforce Development and System Improvement.

Treatment Facilities and Operations Superintendent Schramm reported level 1 & 2 bleeders have been turned on due to cold weather and frost levels. Water/wastewater treatment facilities staff have been doing a great job weekly with operational changes at the treatment facility due to construction phasing for the WWTP ABNR construction project. Distribution/collection system crew repaired 2 water main breaks and have been focusing on large customer meter testing ranging in meter sizes from 1.5" to 6" using a portable test meter. A picture slideshow was presented of the progress being made on the ABNR construction project.

Utilities' Senior Energy Services Manager Eric Kostecki met virtually with the commission highlighting 2021 Energy Services provided and plans for 2022 Energy Services. Waupun Utilities customers received \$48,000 in Focus on Energy incentives during 2021, which comes out to 877,000 kWh savings per year. Plans for 2022 are to continue to work with commercial customers towards efficiency goals through our enhanced business incentive program, community relations, promotion of online customer tool MyAccount, and local scholarships. Residential customers will be receiving a Home Energy Report (HER) in the mail comparing the customer understand and manage energy and water costs now and in the future.

On motion by Bishop, seconded by Daane and unanimously carried, meeting was adjourned at 5:13 p.m.

The next regular commission meeting is scheduled on March 14, 2022, at 4:00 p.m.

Jen Benson Office & Customer Service Supervisor

TO: Waupun Utilities CommissionersFROM: Jeff Stanek, CPA, Finance DirectorDATE: March 14, 2022SUBJECT: January 2022 Financial Report

CONSTRUCTION AND PLANT ADDITIONS

Construction for all three utilities was minimal as is typical for the winter months. The water and sewer utilities upgraded their SCADA software and hardware systems at each of the treatment facilities. Construction at the WWTP continues with monthly Disbursement Requests being processed through the USDA.

MONTHLY OPERATING RESULTS – January 2022 Monthly and Year-To-Date (YTD)

Sales

<u>Electric</u>

- Monthly kWh sales were 5.8% <u>above</u> budget & 6.9% <u>higher</u> than January 2021 on higher sales to Residential, General Service and Industrial Power customers.
- > YTD kWh sales were **5.8%** above budget & **6.9%** higher than January 2021 YTD actual sales.

Water

- Monthly sales units of 100 cubic feet were 7.7% <u>above</u> budget & 6.2% <u>higher</u> than January 2021 sales on higher sales to Commercial and Industrial customers.
- > YTD water sales were 7.7% <u>above</u> budget & 6.2% <u>higher</u> than January 2021 YTD actual sales.

Sewer

- Monthly sales units of 100 cubic feet were 12.7% <u>below</u> budget & 13.2% <u>lower</u> than January 2021 sales due to lower public authority volume. Sales to public authority customers continue to remain affected by the onset of COVID beginning in the spring of 2021 and have not returned to historical averages.
- > YTD sewer sales were **12.7%** <u>below</u> budget & **13.2%** <u>lower</u> than January 2021 YTD actual sales.

Income Statement

<u>Electric</u>

- Operating revenues and purchased power expense were <u>above</u> budget \$122,100 and \$112,400, respectively, due to servicing new Residential and General Service customers.
- Gross margin was \$9,800 <u>above</u> budget.
- Operating expenses were \$23,400 <u>below</u> budget primarily due to crews conducting line maintenance and clearance which doesn't require use of materials & equipment that construction activity does.
- Operating income was \$107,800 or \$101,900 <u>above</u> budget from lower operating costs and the annual billing for joint pole attachments to communication companies which occurs in January of every year which totaled \$76,500.

• Net income was \$102,100 or \$99,600 *above* budget primarily from the joint pole attachment billings to communications companies during the month.

Water

- Operating revenues were \$5,600 <u>above</u> budget due to overall slightly higher consumption for commercial and industrial customers for the month.
- Operating expenses were \$28,800 <u>below</u> budget due to less maintenance and chemical-related costs from fewer main breaks experienced compared to prior years. The decrease is attributed to the water crew's leak detection and prevention program that has ramped up in recent years.
- Operating income was \$76,300 or \$35,300 <u>above</u> budget from lower than budgeted operating expenses.
- Net income was \$62,400 or \$35,500 above budget.

<u>Sewer</u>

- Operating revenues were \$2,000 <u>above</u> budget despite lower consumption from the Department
 of Corrections facilities from changes in operations due to COVID-19. High-strength treatment
 charges for the DOC facilities lead to the slight increase in revenues.
- Operating expenses were \$14,700 <u>below</u> budget due to fewer maintenance-related costs at the WWTF during the ABNR upgrade construction.
- Operating income was 9,100 or 17,400 above budget.
- Net (loss) was (\$19,200) or \$13,000 <u>above</u> budget largely due to the increase in high-strength revenues from the DOC facilities.

Balance Sheets

<u>Electric</u>

- Balance sheet *increased* \$23,800 from December 2021 as a result of an increase in sales and related receivables from new customers.
- Unrestricted cash *increased* \$165,600 from the prior month largely due to an increase in collections from higher January 2021 billings and receivable balances.
- Net position *increased* \$102,100 from December 2021 from the lower receivables balances associated with higher revenues in the prior month.

<u>Water</u>

- Balance sheet *increased* \$14,300 from December 2021 largely due to a decrease in outstanding payables paid in December 2021.
- Total unrestricted and restricted cash *increased* \$42,900 from monthly restricted cash transfers set aside for the March 1, 2022 principal and interest debt payments.
- Accounts payable *decreased* \$52,700 from a decrease in year-end payables associated with the Rock & Newton street reconstruction project which was closed at the end of 2021.
- Net position *increased* by \$62,400 primarily due to the decrease in outstanding payables at the end of the month.

Sewer

- Balance sheet *decreased* \$868,600 from December 2021 as a result of month-to-month fluctuations in payables associated with construction work in progress at the WWTF offset by Disbursement Reimbursements from the USDA (classified as debt).
- Unrestricted cash *increased* \$67,900 primarily from a *decrease* in year-end payables associated with the Rock & Newton street reconstruction project which was closed at the end of 2021.
- Advance to the City of Waupun was reduced \$36,500 from the receipt of the annual principal & interest payment during the month.
- Long-term debt *increased* \$1,643,300 from the receipt of funds from you USDA for Disbursement Request #9 for the WWTF upgrade.
- Net position *decreased* \$4,300 from a net of cash payments related to capital improvements & operating expenses.

Cash and Investments

The monthly metrics dashboard for cash and investments provide a monthly comparison of cash and investment balances, and graphs that present long-term investments by maturity, type, and rating.

- Total cash and investments *increased* \$292,700 or **3.2%** from December 2021 primarily from increases in electric receipts from higher sales, electric pole contact revenue and receipt of the annual installment payment on the advance of funds to the City of Waupun.
- Received interest and distributions of \$4,600 and recorded an unrealized *negative* market adjustment of (\$21,300), along with \$500 in management fees, resulting in a net portfolio *loss* of (\$17,200) for the month.
- Total interest and investment income earned (lost) on all accounts for the month was (\$10,700) and (\$10,700) year-to-date.

OTHER FINANCIAL MATTERS

WWTP Upgrade – Construction Update and Progress

Listed below is a summary of the costs incurred and paid for with USDA loan proceeds requested to date:

| Total Project Budget (As of 4/14/2021): | \$ | 36,008,000 |
|---|----------|--------------------------|
| Total Project Costs to Date (<i>Thru 3/9/2022</i>): Loan Draws – Project to Date: (<i>Thru 12/8/2021</i>): | | 20,997,699 19,391,429 |
| Disburse Request #12 – Requested (3/7/2022): Disburse Request #11 – Paid (2/17/2022): | \$ \$ | 1,437,393 442,345 |

Electric Disconnection Moratorium Ends April 15, 2022

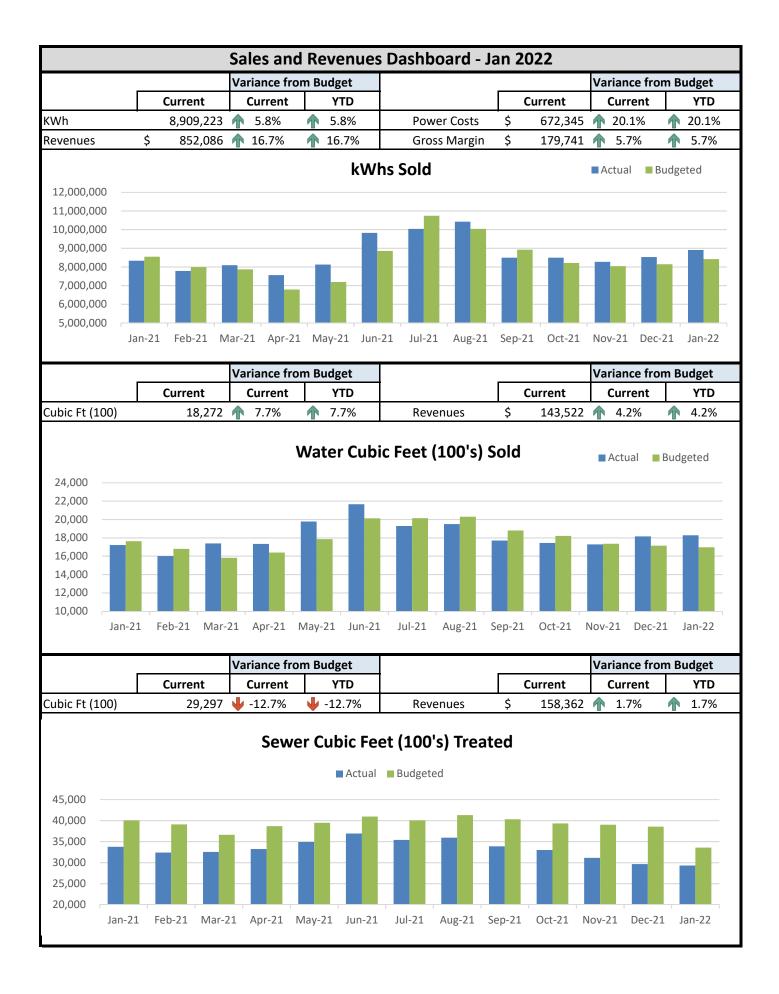

The electric utility is permitted to resume electric service disconnections effective April 15, 2022 per Wisconsin State Statutes and PSCW operating rules. Any customers meeting the disconnection criteria could be disconnected as of April 20, 2022.

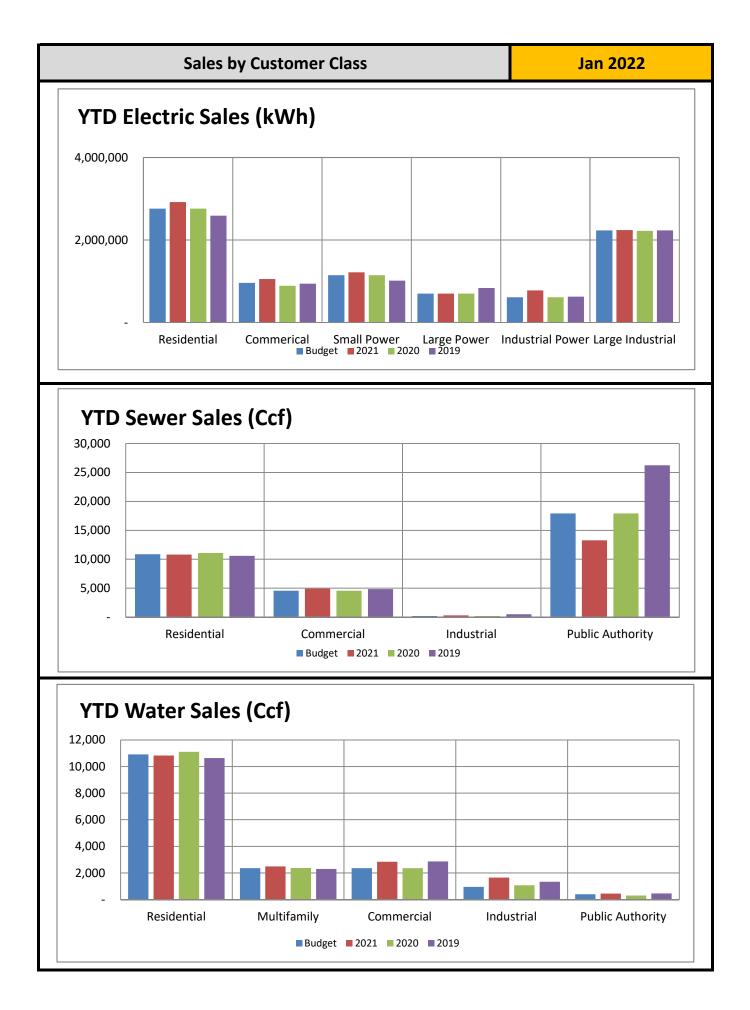

PSCW Rate Design and Construction Financing Presentation

An overview of the PSCW rate design, rate of return and its effect on project financing will be presented to provide an understanding of capital and project planning for the Commission members.

This concludes my report. Please do not hesitate to contact me at 324-7920 or jstanek@waupunutilities.org with any questions or comments.

Note 1 - Electric rates increased September 2016.

Definitions

Rate of Return - Return on investment in capital infrastructure. Should be near authorized rate of return. **Current Ratio** - measure of liquidity or ability to pay obligations. Should be > 1.

Months of Unrestricted Cash on Hand - measure of reserves. Should be at least 2-3 months.

Equity vs Debt - Percent of infrastucture financed by operations. 50% is a good benchmark.

Asset Utilization - Illustrates the relative age of the system. Ratio of 1 indicates a system at full life expectancy. **Debt Coverage** - Earnings coverage of annual debt service. Must exceed 1.25

Note 1 - Water rates increased May 2012.

Definitions

Rate of Return - Return on investment in capital infrastructure. Should be near authorized rate of return.

Current Ratio - measure of liquidity or ability to pay obligations. Should be > 1.

Months of Unrestricted Cash on Hand - measure of reserves. Should be at least 2-3 months.

Equity vs Debt - Percent of infrastucture financed by operations. 50% is a good benchmark.

Asset Utilization - Illustrates the relative age of the system. Ratio of 1 indicates a system at full life expectancy.

| Minimum Required Coverage | | 1.20 | 1.20 | 1.20 |

Note 1 - Sewer rates increased April 2021.

Definitions

Rate of Return - Return on investment in capital infrastructure.

Current Ratio - measure of liquidity or ability to pay obligations. Should be > 1.

Months of Unrestricted Cash on Hand - measure of reserves. Should be at least 2-3 months.

Equity vs Debt - Percent of infrastucture financed by operations. 50% is a good benchmark.

Asset Utilization - Illustrates the relative age of the system. Ratio of 1 indicates a system at full life expectancy.

Debt Coverage - Earnings coverage of annual debt service. Must exceed 1.20

TO:Waupun Utilities CommissionersFROM:Steve Brooks, General ManagerDATE:March 14, 2022SUBJECT:General Manager Report

Electric Department Update:

Power Outages

• No power outages to report.

Line Clearance Maintenance

• Line clearance work will be complete before the end of March. With the ground frozen and little snow on the ground, the conditions were favorable to complete line clearance work in the back yard right-of-ways. Work is ahead of schedule.

Substation Testing / Maintenance

- A.C. Engineering Company recently completed maintenance on circuit breakers and relays at the South, West, and Prison Substations. Each relay was cleaned, re-lubricated, and tested according to their set protective settings. Each relay picked up near or at the pickups and all tripped within the time allowed for their respective trip curves.
- The Main and Comtech Substation equipment is scheduled for maintenance in 2023.

Electric Distribution System Study / Long Range Plan

We have decided to work with Forster Engineering to provide a system study and long range plan. It
will provide updated information to help our staff prioritize and budget for needed improvements to the
distribution system. We are working to provide detailed system information such as: relay settings,
conductor sizes, transformer sizes, fault currents, feeder loads, capacitor sizes, and substation
switching procedures.

General Manager Update:

Home Energy Report

 The Home Energy Report (HER) has been mailed to residential customers and should be hitting their mailboxes this week. The HER includes each customer's total electric and water usage for the past year in comparison of usage to a similar sized home. The intent is to help each customer understand and manage their electric and water usage/costs promoting smarter energy use and water conservation efforts. APPA Legislative Rally

- Mayor Julie Nickel and I attended the APPA Legislative Rally in Washington DC. We had the
 opportunity to meet in person with Senator Ron Johnson, Congressman Glenn Grothman, and Senator
 Joe Manchin who also serves as Chairman on the Senate Energy and Natural Resources Committee.
 Some of the key messages we discussed were:
 - Public Power is reducing its CO2 emissions to address Climate Change
 - Electric Grid Equipment Supply Chain Delays
 - Reinstating the advance refunding of Municipal Bonds
 - Support Smart Investments in Energy Infrastructure
 - Maintain Local Control Over Public Power Poles
 - Strengthen Partnerships for a Secure Grid. The electric sector, including public power utilities, has strong mandatory and enforceable cyber and physical security standards currently in place.

Staff Training

- The Waupun Public Library offers Gale Courses that are free online trainings to any member that has a library card. Office staff have signed up for some Microsoft courses and will be completing the selected courses over the next six weeks.
- Customer Service & Customer Billing Representatives attended NorthStar and EnergyIP (metering) training held at WPPI.

This concludes my report for March 2022. Please contact me at 324-7920 or sbrooks@waupunutilities.org with any questions or concerns.

TO:Waupun Utilities CommissionersFROM:Steve SchrammDATE:March 9, 2022SUBJECT:Monthly Operation Report

Water Treatment Facility:

There are no call-ins to report this month.

Municipal Well and Pump completed their annual inspections of all wells. No deficiencies were identified during these inspections. This is a direct result of the ongoing preventative maintenance performed by the operators.

Wastewater Treatment Facility:

There were two call-ins to report this month. Both were related to main breaker trip, which dropped power to the entire wastewater treatment facility. These events occurred at the same time of day, but on random days. Further investigation staff identified energizing of exterior lighting coincided with each outage. To confirm staff changed the time (normal work hours) of exterior lighting and the main breaker trip followed. After further investigation, a contractor damaged underground wiring, which was causing a ground fault. This section of exterior lighting has been disconnected and will be replaced by the contractor.

Distribution/Collection System Crew:

There are no call-ins to report this month.

Staff has completed large meter verification for 2022. All meters are within accuracy parameters, as set forth by the PSC.

Staff has completed televising sanitary Basin H and Basin I. Televising sanitary basins is the most effective methods to inspect the internal condition of a sanitary sewer. The main purpose of these inspections is to determine the condition of the pipe and if any blockages are present that may require cleaning, replacement or a repair may be necessary.

Wastewater Treatment Facility ABNR Update:

Filter and Dewatering (Building 60) -

- PLC (process logic controller) installation is delayed due to extended lead time.
- Removal of post aeration and backwash blowers is completed.

ABNR Mix Tank (Building 62) -

• Tank aluminum cover has been installed.

ABNR Pump Station (Building 63) -

- Exterior brick and steel panel installation has been completed.
- Equipment pads poured.
- Electrical and HVAC installation is ongoing.

ABNR CO2 Storage Tank (Building 64) -

- Concreate base and containment is poured.
- Tank set in place.

ABNR Green House (Building 65) -

- All exterior wall panels/sheets are installed.
- All exterior exhaust fans are installed.
- Racking and glass continues to be installed, approximately 80% complete.
- Pigging assemblies continues to be installed, approximately 50% complete.
- Electrical and gas piping continue to be installed.

ABNR Process (Building 68) -

- Exterior brick and steel has been completed.
- Exterior translucent panels are 80% installed.
- Interior concrete floor and equipment pads are completed.

Biosolids Storage Building (Building 83) -

• The mechanical conveyor equipment has been delivered, installed, and completed start-up.

This concludes my report. Please do not hesitate to contact me with your questions or concerns at 324-7920 or sschramm@waupunutilities.org.
