Quality of L	ife	Staff Time	

#### **ISSUE SUMMARY**

Jodi Mallas and Jeni Maly will provide a brief overview of a new winter festival that they hope to bring to Waupun. This will require a dedication of some City resources to support and therefore the concept is coming before the council for consideration.

From an economic development perspective, the proposal would be beneficial to the business community as it is scheduled for the post-holiday season when traffic is normally slower for many businesses.

We would tentatively be seeking a Joint Effort Marketing (JEM) Grant through the WI Dept of Tourism to support the event.

# Ice Fest

# February 17-18, 2024

### **Overview of Ice Fest**

# Max from Art Below Zero Ice Artist

Max is a native of Venezuela and has an amazing talent of carving beautiful and interactive ice pieces that awe people of all ages. Max has toured parts of Waupun and is inspired by our statues, green spaces, and architecture of even our prisons. The small proceeds that would be raised by participation in this event would be used towards future sculptures being added to the City of Waupun. Ice Sculptures can last from 1 day to up to 3 weeks depending on temperatures and UV light. Viable time of the sculpture is not guaranteed.

# Sponsor participation/Volunteers **Open**

Sponsorships would be needed to fill the vital parts of this event, including by not limited to: insurance, signage and advertising. Volunteers would be needed in several areas to include assisting with ice sculpture set up, removal of snow from the green spaces, replacing batteries in the bases of the ice sculptures, take down and removal after the event. Event Staff to direct guests during the event. Help would be needed from the DPW for snow removal and set up.

#### Ice Sculpture Host

#### **Businesses/Individuals or Families**

An average Ice Sculpture will cost approx. \$500 (1 block). The sponsor of the sculpture would be able to select from approx. 400 creations on the list from Below Zero Art. Each sculpture can have a name plaque and be lighted as well. Several blocks can be used to make larger displays and items like Ice bars. Many of the works of art are interactive, photo opts, as well as beautiful in general. A break from the winter blues to the city of Waupun. Increase foot traffic in retail and restaurant type businesses. Give options for fundraising to local groups. Share the City of Sculpture with our neighboring communities. Our hope is that this event will grow and be repeated for years to come in our community.

PRESENTER:	Scott Louden, Police Chief	

TITLE: Ordinance for the Purpose of Sexting

DEPARMTENT GOAL(S) SUPPORTED (if applicable)	FISCAL IMPACT	

#### **ISSUE SUMMARY**

The police department is recommending the ordinance as the sharing of explicit images and related activities between minors represents a concern for the health, safety, welfare, peace and order to the citizens of the City of Waupun. The police department wishes to deter this behavior and by having an ordinance law enforcement could enforce a lesser but effective penalty. Currently we have to enforce these violations with a Possession of Child Pornography Referral to Juvenile Intake or a Criminal Charge to the District Attorney's Office depending on the age of the juvenile(s) involved. Often the Referrals or Charges may be too severe for the violation thus they may not be prosecuted and there is no deterrence. This ordinance will assist law enforcement's discretion of the appropriate enforcement needed when responding to these types of complaints.

#### **ISSUE SUMMARY**

WisDOT is providing local funding from the federal Bipartisan Infrastructure Law (BIL) for road improvements. The project would be scheduled for 2028.

The project involves three streets that are connected.

- The reconstruction of N. Grove between E. Franklin St. and Park St.
- The reconstruction of Roosevelt St. between N. Grove St. and STH 26
- The reconstruction of Park St. between N. Grove St. and STH 26

The streets are in a residential area. McCune Park is located along N. Grove St., which contains volleyball courts, a baseball/softball field and playground equipment. The existing pavement along the streets will be between 40 and 28 years old at the time of scheduled replacement. The streets are nearing the end of useful life. The existing roadways consists of 4" of blacktop, which is over a gravel base. The existing pavement has several areas of surface deterioration, failure, settling, rutting and edge raveling.

In addition to the condition of the existing roadway, the underground infrastructure (sanitary sewer and storm sewer) has reached the end of its useful life and needs replacing. The Waupun Utilities would replace existing sanitary sewer and water utilities (100% funded by the City) concurrently with this project. The storm sewer is clay pipe along with corrugated metal. There is a section of clay pipe that currently runs through private property that will be relocated to the City right-of-way.

In general, the proposed project would consist of the full reconstruction of the existing roadway with a new roadway cross-section involving 2 - 10' wide travel lanes, parking on one side of the street, 5' wide terrace and 4' wide sidewalk on both sides of the street. The project will also include full reconstruction of existing sanitary sewer (100% local funding), water (100% local funding) and storm sewer.

These 3 streets are in poor condition. The storm sewer is old clay pipe that is at end of life. We also have an old clay pipe the runs North and South through yards. We would have no way to service this line, so this project would address that by changing water flow and getting the new pipe moved to the right of way.

TITLE: Review Sponsorship and Naming Rights Policy

DEPARMTENT GOAL(S) SUPPORTED (if applicable)	FISCAL IMPACT	
Quality of Life	Staff Time	

#### **ISSUE SUMMARY**

Periodically staff are approached with a donation made by a local business or in memory of a Waupun resident.

While we have accepted donations, we have not had a formal policy to provide guidelines on those gifts.

Additionally, with the new Senior/Community Center coming online, we have opportunity for sponsorship / naming rights within the space.

This policy provides needed guidance for implementation of a fundraising plan for that building.

This is a first read.

Sponsorship and Naming Rights Policy

MOTIONS FOR CONSIDERATION:

# NAMING RIGHTS, DONATIONS, AND SPONSORSHIPS POLICY

ADOPTED BY COUNCIL:

## **Naming Rights and Donation Policy**

#### 1) Purpose

The purpose of the Naming Rights Policy is to establish the authority and processes for naming and renaming City of Waupun owned assets including buildings, as well as interior and exterior spaces associated with the city. Consistent with this policy the specific recognition given to donors may include named spaces such as rooms, furnishings or fixtures within buildings, land or green spaces owned by the city, placement on a donor wall, and other items that commemorate a gift.

The purpose of the Donation Policy is to establish a policy and procedure for the acceptance of monetary and non-monetary donations, devises, or bequests from private citizens, business groups or other organizations.

#### 2) Definitions

**City** means the City of Waupun, including any office, department, board, committee or other entity therein.

**Common Council** means the elected body of the City of Waupun.

**Donation** means a donation of property, goods (materials), or funds generally with no expectations of return.

**Donor** means a person who donates property, goods (materials), or funds voluntarily.

**Practical Use** means a use of a non-monetary donation to the city that balances how the city may use a donation, relative to any costs the city may incur to store, maintain, or use the non-monetary donation. This concept of practical use is intended to be a balancing test of the totality of all known factors relating to a potential donations usefulness to the city.

**Sponsor** means an external entity that provides the City with a sponsorship by entering into a sponsorship arrangement with the City in accordance to this policy.

#### 3) Authority

The Common Council has authority over Naming Rights. All Naming Rights proposals shall be submitted to and reviewed by the City Administrator. The City Administrator will refer Naming Rights proposals to the Common Council for their consideration and review.

The City Administrator has the authority to accept donations on the city's behalf. Department Heads are responsible for informing the City Administrator and Finance Director of all donations. The City Administrator will make a determination if a donation requires Common Council approval prior to acceptance.

#### 4) Use

Once a donation is accepted by the City Administrator the donation shall become City property, and the City shall have sole discretion as to how the donation is to be utilized regardless of any terms or conditions imposed on the receipt of the donation. The City shall make reasonable efforts to utilize the donation in a manner consistent with the donor's intent. The City shall assume ownership and maintenance requirements of the donated items. The City reserves the right to remove and/or relocate the donated item at any time.

#### 5) Duration of Names and Name Changes

Naming rights in honor of an individual or individuals, family or non-commercial entity are generally expected to last for the useful life of the building, interior/exterior space or program. If the individual, family or non-commercial entity chooses to change the name after it has been added or applied to a City owned asset it will be at the donor's expense to make the change after the request is approved by the Common Council.

Naming in honor of a commercial enterprise will have a set number of years attached to the naming, which will be determined on a case-by-case basis and included in a signed gift agreement associated with the naming opportunity. The duration of a commercial enterprise name shall normally remain the same notwithstanding future changes in the commercial enterprise name; provided however, in the event of a name change in the commercial enterprise, the Common Council may at their sole discretion elect to remove the established commercial enterprise name or to change the name, if either such action is determined to be in the best interest of the asset.

For individual, family, non-commercial and commercial named assets, a term expiration may be established depending on the useful life of the item. For example, if a memorialized bench needs to be replaced the naming rights for that bench may expire. If a building or area within a building is substantially renovated (providing new useful life equivalent to a new building), or if there is a significant addition to a building, it may be renamed, subject to the terms, conditions or restrictions set forth in any gift agreement related to prior naming action.

#### 6) Prohibited Commercial Activities

The above procedures notwithstanding, no naming rights shall be granted to support commercial activity associated with tobacco, alcohol, illegal drugs, or weapons; which contain vulgar and plainly offensive, obscene, or sexually explicit language, advocates the violation of law or City policy; advances any religious or political organization; promotes supporting or opposition of a candidate for elected office or a ballot measure; which associated with any company or individual whose actions are inconsistent with the City's mission and goals or community values; is libelous; inhibits the functioning of the city; or otherwise in violation of the law.

#### 7) Prior Procedures and Named Spaces

Building names or names of interior/exterior spaces in existence at the time of the adoption of this policy shall remain in effect, subject to future renaming consistent with this policy and subject to restrictions in any gift agreements related to prior naming action.

#### 8) Removal or Change of Name

Naming recognition is provided to individuals, families and entities that exemplify the attributes of integrity and civic leadership. If an individual, family, or entity for whom a naming commitment has been made violates these standards, the Common Council may elect to remove the individual, family, or entities name from the naming opportunity. Before taking such action, the Common Council shall undertake due diligence, including consultation with legal counsel, as to any legal ramifications that the City may have under any pre-existing agreement(s) related to naming opportunities or in regard to any other matter that may have legal bearing upon a proposed change in name. Any naming authorized by the Common Council can only be revoked by a majority vote of the Common Council.

Alternatively, unforeseen circumstances may make it impossible for a donor to complete a gift commitment after that commitment has been recognized by placing a name on a building, interior/exterior space or major program. The Common Council will make reasonable efforts to work with the donor to create a plan for completion of the commitment. However, in certain circumstances it may be necessary in the best interests of the City to remove the donor's name from the naming opportunity with the understanding that any donations received by the city would not be returned to the donor.

#### 9) Naming Rights Procedures

- 1. The potential sponsor shall complete the Naming Rights Request Form and present it to the City Administrator for consideration.
- 2. The request will be reviewed by the City Administrator according to this policy.
- 3. Upon review by the City Administrator, a recommendation shall be presented to the Common Council for approval of the request.
- 4. The recommendation from the Common Council shall include approval of the name, determination if the monetary donation equals the request for the named item, and a length of time for the duration of the naming right.
- 5. Once a name is approved by the Common Council, no changes shall occur without agreement of the Common Council.
- 6. In all cases, the Common Council has the right to accept or reject any Naming Rights request.
- 7. The City Administrator will contact the sponsor to provide them with the action of the Common Council and provide them with additional information. An agreement may need to be drafted prior to the acceptance of the request.
- 8. The City Clerk shall maintain a record of all named facilities and assets and to be able to provide a copy if requested.

#### **10)** Donation Procedures

- 1. The potential donor should contact a Department Head or City Administrator to notify them of their desire to make a donation.
- 2. The request will be reviewed by the Department Head or City Administrator according to this policy.
- 3. Department Heads are responsible for informing the City Administrator of all donations and of their intended use.
- 4. Some donations may need to be approved by the Common Council.
- 5. In all cases, the City has the right to accept or reject any donations.

#### **11) Conflicts of Interest**

The Mayor, Common Council, City Administrator, or employee of the city shall not accept any donation which creates a conflict of interest, is given in return for financial favors, business with the City, or other City-business-related benefit to donor, or which reasonably creates an appearance of impropriety. If these individuals have a question as to whether a donation creates a conflict of interest or may create an appearance of impropriety, the City Administrator shall consult with the City's attorney for a determination.

### Sponsorship

#### 1) Purpose

The purpose of this policy and procedure is to establish criteria by which the City may accept sponsors that further the City's mission by providing monetary or in-kind support for the City's programs or services. The City permits private sponsorship of government programs or services in limited circumstances as a means to generate funds for improving or expanding those programs and services. The City exercises sole discretion over who is eligible to become a sponsor according to the terms of this policy.

#### 2) Definitions

**City** means the City of Waupun, including any office, department, board, committee or other entity therein.

Common Council means the elected body of the City of Waupun.

**Donation** means a donation of property, goods (materials), or funds generally with no expectations of return.

**Donor** means a person who donates property, goods (materials), or funds voluntarily.

**Sponsor** means an external entity that provides the City with a sponsorship by entering into a sponsorship arrangement with the City in accordance to this policy.

**Sponsorship** means the opportunity for an external entity (for-profit or not-for-profit) to associate its name, products, or services with the City's programs, services, or name. Sponsorship is a business relationship in which the City and the external entity exchange goods and services for the public display of a message on City property acknowledging external entity support.

#### 3) Authority

The City Administrator may accept, condition, deny or refuse sponsorships for approved special events and programs recognized as fundraising activities. Any accepted sponsorship shall not suggest in any way an endorsement of the sponsor's goods, services, or proprietary interest of the sponsor.

#### 4) Sponsorship Procedures

- 1. Proposed Sponsorships must be delivered in writing, either electronically or hardcopy to the City Administrator.
- 2. The proposed Sponsorship should apply to a City-budgeted expenditure.
- 3. City Administrator will review the sponsorship request and will make a determination on the request.
- 4. Depending on the level of sponsorship, the City may request to enter into a Sponsorship Agreement.
- 5. At the discretion of the City Administrator, any proposed sponsorship may be referred to the Common Council for review and approval.

#### 5) Sponsorship Recognition

The City reserves its rights and discretion to exercise full editorial control over the placement, content, appearance, and wording of sponsorship messages. Sponsorship recognition messages may identify sponsor, but should not promote or endorse the organization or its products or services. Statements that advocate, contain price information or an indication of associated savings or value, request a response, or contain comparative or qualitative descriptions of products, services, or organizations will not be accepted.

#### 6) Privileges and Consent

By agreeing to a sponsorship, a sponsor consents to the City's use of photos, videos, or other media to memorialize the event or program, including the City's use of photos, videos, or other media to memorialize the sponsor, the sponsor's goods, services, logos, or other identifying features. Providing a sponsorship shall not allow, permit, enable, impose, oblige, or entitle a sponsor to any special privileges other than those stated in the sponsorship agreement.

#### 7) Unexpected cancelation of sponsorship

If a benefit of the sponsorship becomes unavailable (event is canceled), the City Administrator will try to identify an alternative benefit. If the sponsor accepts the alternative benefit and, if a sponsorship agreement is in place, an amended sponsorship agreement must be developed and signed before the alternative benefit can be provided.

#### 8) Termination

The City may terminate any sponsorship agreement at any time for any reason if the sponsorship is determined in the City's sole discretion not to be in the best interests of the City. If the City elects to terminate a sponsorship agreement, it will give written notice to the sponsor. A prorated amount of funds or services based on the amount of unused sponsorship benefits, including any remaining or any unused materials or services, will be refunded, returned or cancelled by the City.

Waupun Utilities' last electric rate adjustment was September 2016. Motion by Westphal, seconded by Kunz and unanimously carried, to approve proposed test year 2023 electric rate study as presented. Following commission approval, rate application will be filed with the PSC for review. The PSC will determine final retail rates.

Treatment Facilities and Operations Superintendent Schramm presented a review of the 2022 Compliance Maintenance Annual Report (CMAR). The CMAR is an annual self-evaluation reporting requirement for publicly/privately owned wastewater treatment facilities, and its' purpose is to evaluate the system for problems or deficiencies. Plant received a 3.76 GPA, which is a testament to the great job staff does with preventative maintenance, meeting and exceeding limits and making necessary adjustments throughout the ABNR construction process. Motion by Siebers, seconded by Homan and unanimously carried, 2022 CMAR approved as presented.

General Manager Brooks presented proposed addition to the Waupun Utilities employee handbook of adding a volunteer policy in efforts to encourage staff to give back to our community through involvement in community organizations and events. Discussion held between commissioners and management, ultimately agreeing that it is a creative way to reward employees who do volunteer and in the end, does not affect the approved budget. On motion by Homan, seconded by Kunz and unanimously carried, approval made for revision of employment manual to include employee volunteer involvement in community organization and events policy. Policy being sent for review by labor attorney for recommended legal edits of wording.

General Manager Brooks provided commission an outlook on future employment operations plan and current job market. Based on discussion held of current job market and multiple job openings industry wide, commission and GM Brooks think it best to obtain a new compensation study, which will also help with succession planning. Previous compensation study based on market results from July 2021, implemented January 2022. To be progressive, commissioners would like to have compensation study completed/reviewed every two years. On motion by Siebers, seconded by Thurmer and unanimously carried, to move forward with a one-time only employment compensation study not to exceed \$15,000. Discussion held regarding July meeting. Commission agreement, no July commission meeting unless time sensitive agenda items arise. In event of no agenda items, next commission meeting will be August 14, 2023.

Discussion held regarding General Manager Brooks' annual performance review. GM Brooks provided an update on previous and upcoming goals. Commission requested moving forward a working document of goals/projects to establish a record, and then receive quarterly updates on progress of goals. In June of each year, the commission will review the documents and results for annual performance review of GM Brooks. Motion by Westphal, seconded by Siebers and unanimously carried, commission consensus of positive performance review for past year of General Manager Brooks.

On motion by Kunz, seconded by Homan and unanimously carried, meeting adjourned at 6:09 p.m.

The next regular commission meeting is scheduled on August 14, 2023, at 4:00 p.m.

#### Administrative Report for June 2023

Prepared by K Schlieve, 7/5/23

#### Personnel

- Recruitment process remains open as we seek to hire an 18<sup>th</sup> police officer training position as approved through council action. Unfortunately, Officer Gile resigned effective July 1, 2023. The Police Dept is now actively recruiting for two positions. An exit interview was completed with Officer Gile.
- Dept Heads are wrapping up performance evaluations and succession plans in June and early July.

#### Planning:

- Interviews with townships and data analysis in process with PAA on fire staffing study. Community survey and communications plan finalized and will launch during the month of July.
- Joined Dodge County municipalities and county staff to restart focus on tourism. Discover Dodge has disbanded in recent years and there is no coordinated effort to market the region at this time. Discussion is underway with county staff to seek a Joint Effort Marketing (JEM) grant from the State of WI to work on rebranding and creation of a plan to market Dodge County as a destination.

#### **Grants Work:**

- Senior Center bid awarded to SMA Construction Services. Working to coordinate schedules for ground-breaking ceremony during the month of August.
- Vibrant Spaces grant award announced through WEDC for a food truck alley in the downtown. Work underway with MSA to coordinate design with bidding and construction planned for 2024.
- Pending grants: BIL grant for Wilcox St \$100K; Knowles-Nelson Stewardship Grant \$209K.

#### **Community/Economic Development:**

- UW Extension has secured Design WI to complete a charrette (placemaking project) in downtown Waupun. Dates of the event are September 18 & 19, 2023.
- Joint Review Board (JRB) Annual Meeting and report filings completed.
- Attended Envision Greater Fond du Lac's Business and Education Roundtable with Mayor Bishop. There is a strong focus on improving coordination of education and business to meet the needs of the local labor market.
- Working with WisDOT on finalizing access permits for new Wilson/Shaler extension at STH26. We have been working with a team from WisDOT for 2 years on the proposed design and submitted permit application in February of 2023 based on feedback that group provided. We have since been sitting in queue. We are escalating our request for review to meet our development timelines.

#### Administration:

- Work continues on negotiating terms for a near-site clinic as part of our total health insurance benefit offered to staff. This will be in partnership with Waupun Area School District.
- Overall employee benefit package is being reviewed to identify areas to improve benefits that support an employer of choice strategy.
- Staff completed a strategic planning session with USI, our health insurance broker. We are pending renewal information from Dean Health for 2024.
- The State has adopted the 2023-2025 Biennium Budget with significant changes to Shared Revenue. The City's increased allocation of shared revenue is \$620K. Working to understand rules and maintenance of effort requirements tied to this funding.
