Submitted By: Planning and Zoning

Mayor O'Connor Connor introduced item.

Mr. Leon further introduced application CPA-2022-01 submitted by applicant Minto PBLH, LLC., noting that the application is consistent with the provisions of Chapter 163.3184 and 163.3187 of the Florida Statutes concerning the processing of a small -scale future language map amendment to the Comprehensive plan as well as providing all applicable data and analysis to support the amendment. Mr. Leon acknowledged that based upon the facts and findings, the planning and zoning department recommends approval of the request.

Ms. Tarah Duhay of Lewis, Longman and Walker on behalf of Minto PBLH, LLC, presented a PowerPoint presentation on the small-scale comprehensive plan amendment and rezoning for application CPA-2022-01. Ms. Duhay displayed and explained the subject site and request. Ms. Duhay noted that the subject site was spotted for civic uses and while the downtown area is mixed use and allows for civic use and a variety of other non-residential use such as retail, commercial and office. Ms. Duhay further explained the site location being adjacent to the medical district which is a portion of the downtown.

Ms. Duhay noted that the plan amendment and rezoning are requested for this 9.13-acre parcel to allow for the potential development of office and other commercial uses. She continued, noting, that it will offset the development of 13 acres of civic uses in the existing downtown, rebalancing the City's downtown to be consistent with the mix of uses prescribed in Plan Policy FLU 1.1.15.

Ms. Duhay explained that the proposed Plan amendment and rezoning do not call for any development not already contemplated by the City's Plan, and it is consistent with the data and analysis supporting the Plan regarding public facilities. She continued, noting that no particular use for the site is proposed at this time, however the changes are sought now to attract additional, taxable, nonresidential uses to the City and a detailed site plan will be brought before the City for approval at the time a specific use is proposed. Ms. Duhay added that buffering, site conditions, and public facilities will be addressed by the City through the site plan process, as required by the LDRs.

Ms. Duhay noted again that the application is consistent with all provisions of the City's Plan, including the underlying data and analysis, city land development regulations, applicable state laws and it was noted that City Staff recommends approval.

WHEREAS, this ordinance is intended to preserve the residential character of the City of Westlake by controlling size, location and use of signs in all zoning districts within the City. It is further intended to address the maximum number of sign faces allowed for residential pod entry monument sign, the maximum size of copy area for wall sign for ground floor uses with separate entrances at ground level, additional requirements for monument sign location and;

WHEREAS, the regulations of this chapter shall apply to all signs within the City except vehicular use signage, which will be governed by the Manual on Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration.

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY FOR THE CITY OF WESTLAKE, FLORIDA, as follows:

Section 1. Incorporation: The above recitals are confirmed, adopted and are incorporated herein and made a part hereof by this reference.

Section 2. Signs. The Code of ordinances for the City of Westlake shall contain a chapter entitled “Signs” which code shall contain the provisions as specifically set forth herein.

CHAPTER 6 SIGNS

Section 1: General Provisions

Section 6.1 Application. The regulations of this chapter shall apply to all signs within the city, except vehicular use signage, which will be governed by the Manual on Uniform Traffic Control Devices (MUTCD) issued by the Federal Highway Administration.

Section 6.2 Purpose and Intent. The purpose of this division is to create the legal framework for a comprehensive and balanced system of signage to facilitate the effective use of signs as a means of communication in the city and to avoid the visual clutter that reduces traffic and pedestrian safety, property values, business opportunities, and community appearance. With these purposes in mind, it is the intent of this division to enable the fair and consistent enforcement of these sign regulations and to promote the implementation of the city's comprehensive future land use plan. Additionally, it is the intent of this division to provide regulations which achieve the following:

- A. Property value protection.** Signs should not create a nuisance to the occupancy or use of other properties as a result of their size, height, brightness, or movement. Signs shall be in harmony and compatible with the buildings, uses, and other conforming signs in the zoning district.
- B. Communication.** Signs shall not deny other persons the use of sight lines on public rights-of-way, shall not obscure important public messages, and shall not overwhelm or distract the traveling public.
- C. Preservation of community's beauty.** The City of Westlake shall include numerous planned developments with large landscaping buffers consisting of small and large office, retail, residential, and industrial uses, and relies heavily on its natural surroundings and beautification efforts to retain the city's economic viability. This concern is reflected by the active and objective regulation of the appearance and design of signs.
- D. Protection of the public health, safety, and welfare.** It is the specific intent of this division to provide objective, content-neutral regulations of time, place, and manner for signage in the City of Westlake in order to preserve and protect the public health, safety, and welfare.
- E. Regulations Strictly Enforced.** It shall be unlawful for any persons to post, display, change, or erect a sign or sign structure that requires a permit without first having obtained a permit in accordance with city's regulations. Signs or sign structures erected without a valid permit shall be deemed in violation of this chapter, and it shall be mandatory to obtain the applicable permit or remove the sign or sign structure immediately.
- F. Severability where less speech results.** The city council specifically intends that severability shall be applied to these sign regulations even if the result would be to allow less speech in the city, whether by subjecting currently exempt signs to permitting or by some other means. Severability shall apply to Prohibited Signs and Prohibited Sign Locations so that each of the prohibited signs types listed in that section shall continue to apply to be prohibited irrespective of whether another sign prohibition is declared unconstitutional or

invalid. Severability shall also apply to Off-Premises signs should a court of competent jurisdiction declare any provision of the unconstitutional or invalid.
